## Allies pound Baghdad as Iraq halts sales of fuel

DIJLAH, Saudi Arabia (AP) — Allied warplanes and the USS Missouri's mighty guns shattered the morning peace from Baghdad to Kuwait's embattled shores Tuesday. Hard-pressed Iraq banned sales of heating oil and other fuel to its citizens, who grew ever more desperate under a mid-winter siege.

Baghdad said 428 civilians have been killed thus far in what the official radio condemned as "savage" bombing.

Up on the desert war front, the Syrian contingent in Operation Desert Storm clashed with the Iraqis for the first time.

The Saudi military said Syrian

artillery drove 30 intruders back into Kuwait after they crossed into Saudi Arabia. But a news pool report from the front said U.S. Marine officers gave a different account: Iraqi troops struck twice across the border, overrunning a Syrian position in one attack, being pushed back in the second.

Behind the scenes in Mideast capitals, meanwhile, diplomats and government leaders conferred on Monday's bid by Iranian President Hashemi Rafsanjani to mediate a Persian Gulf peace.

The Soviets and Turks signaled support for Iran's initia-

ive. In Washington, however, President Bush said he had seen no Iranian peace plan and saw nothing to negotiate with

Iraqi President Saddam Hussein.

"He's got to say, 'I'm going to get out of Kuwait,' now, fast," Bush said.

The U.S. chief executive said he was sending the Pentagon's top leadership — Defense Secretary Dick Cheney and Gen. Colin L. Powell — to the war zone this week to assess how the U.S.-led offensive, now 20 days old, is progressing.

The U.S. command reported another 2,000-sortie day in the Desert Storm air war, and said American warplanes took special aim again at the dug-in Republican Guard, backbone of

the Iraqi defense of Kuwait.

Giant Air Force B-52 bombers struck Republican Guard positions in six raids, the command said.

It said U.S. warplanes also continued focusing on resupply lines to the Iraqi troops in Kuwait and southern Iraq, striking a 25-truck convoy in one instance late Monday. British officers reported strikes on an ammunition storage site south of Baghdad, and a railway junction and rail bridge in southeast Iraq, among other targets.

They said one-third of the key bridges in Iraq have been destroyed.

A guitar player shares his talent at a charismatic prayer service.

## Pope greets Walesa promising that church will defend freedom

VATICAN CITY (AP) — In a meeting of Poland's two favorite sons, Pope John Paul II greeted Lech Walesa on Tuesday and told him the church stands ready to defend Poland's new-found freedom.

Walesa, who first met with John Paul a decade ago as head of the fledgling Solidarity labor union, returned in a state visit as the country's newly elected president.

Walesa said he wanted to thank the pope and the church for support in the struggle against the former communist regime and that it was "not by chance" that he chose the Vatican for his first state visit.

John Paul, visibly pleased during an exchange of speeches, described the visit as the "pilgrimage of the president

of a Christian nation at the beginning of its history."

He hailed the role of Walesa and Solidarity, which was the first free labor movement in the Soviet bloc.

"The world must not forget that it was the workers who played the principal role in overthrowing a system that was supposed to have defended them and identified with their interests," John Paul said.

John Paul also raised the issue of abortion now being debated in Poland, telling Walesa that the church defends human rights "from the moment of conception until natural death."

Abortion was permitted and widely practiced under the communists. But the Senate has passed a law that would permit abortions only in cases when a woman's life is in danger or

when pregnancy is the result of rape or incest.

Walesa has said he would sign the bill into law. It is now before the lower house, with a vote expected in April.

Walesa met in the evening with Italian Prime Minister Giulio Andreotti, and both urged leaders in the Soviet Union's Baltic republics to move cautiously in their quest for independence.

Andreotti said the independence movement "must move in tune" with that of the international political scene "in order not to put into a crisis" the policies of Soviet President Mikhail Gorbachev.

Walesa added the Baltic countries "must express themselves during these crises wisely and with gradualness."

## Moscow's Popov speaks at ND on Soviet condition

By BETSY PUNSALAN  
News Writer

Soviet President Gorbachev should ally himself and his Rightist Center Coalition with democratic forces, Moscow City Council Chairman Gavriil Popov said last night in Stepan Center.

The lecture, titled "What's Really Going on in the Soviet Union," was part of Notre Dame's Student Government lecture series.

Contradicting publicity circulating on Notre Dame's campus, Popov explained that "I am not the 'mayor' of Moscow—'mayors' do not exist in my country. I am the Chairman of City Council."

Popov, Russia's leading liberal free-market economist, and his interpreter, prominent Soviet journalist Boris Notkin, are in the U.S. for a twofold purpose, he said.

"I'd like to give America a fuller notion of what happens in my country," Popov said, explaining that America's mass media does not give a "many-sided view of our President's actions. That's why some events in my country seem unexpected and inexplicable."

Popov also came to discuss some of Moscow's problems with American authorities such as Secretary of State James Baker, former Secretary of State Henry Kissinger, and the mayors of New York City and Los Angeles, he said. He also conducted business talks to learn about the U.S. Medicare system and to discuss building industrial plants in Moscow.

Popov noted that his country has been led by the Rightist Center Coalition, headed by Mikhail Gorbachev, since 1985 and through the summer of 1990. "At first, (Gorbachev) agreed with our (democratic forces)... but in September, it turned out that his conservatives didn't want to make any concessions. Gorbachev yielded to pressure and cancelled his plans and tried to restore the Rightist Center Coalition."

"Though many issues have been solved (under Gorbachev's leadership)... this coalition has failed to solve all of our problems," Popov said.

Popov illustrated five principle differences between his own democratic policies and those of Gorbachev and his conservatives.

The first issue centers on

Gavriil Popov gives background on the political situation in the USSR with Boris Notkin interpreting at Stepan center.

The Observer/J. Rock

what problems to resolve during Perestroika. According to the pro-democratic Popov, Gorbachev and his conservatives want to create a new socialism which would "make an-

other experiment on a country which for the past 70 years has gotten very tired of experiments."

Secondly, Popov explained the differing approaches to chang-

ing Soviet economy. According to Popov, Gorbachev is tolerant of a "variety of kinds of property, but (feels) the main and dominant kind should be the state one," adding that Gor-

# Best valentine is good enough to eat

Early '80s men and women knew how to woo a valentine.

Elaborate plans were devised to make sure the flowers arrived on February 14 at precisely 8 a.m., before that "significant other" heads off to school or the office. Dinner reservations were made for 7:30 p.m. (you plan to show up fashionably at 7:45) in the most socially correct restaurant in town. The evening was capped off with a little dancing, perhaps a bottle of champagne with fresh strawberries (they're expensive this time of year and low-cal too), and some sort of jewelry (preferably rubies).

What could be more perfect? Yes, we really had it together in those carefree days of up-turned polo collars, Tom Selleck mustaches and Love Connection.

Where's the romance in all of this? Are these things really signs of our undying love and burning desire? Probably not, but if you don't give your honey something, you can be sure you will not have another SYR date as long as you live.

Fear not, brave Romeos and Juliets. This is the '90s, and highly scientific studies conducted by frustrated graduate students have revealed what all valentines far and wide have always longed for.

The one and only thing everyone desires for Valentine's Day comes in three varieties: milk, semi-sweet and dark. ("White chocolate" does not even deserve its name and is not worth its weight in lard.)

It has long been thought that chocolate is nothing more than a substitute for affection, but this myth has been ill-conceived. According to Sandra Boynton: "...it is not the lovelorn sufferer who seeks solace in chocolate, but rather the chocolate-deprived individual who, desperate, seeks in mere love a pale approximation of bittersweet euphoria" (Chocolate the Consuming Passion, 1982). Chocolate was meant to be shared (how about that for romantic?)

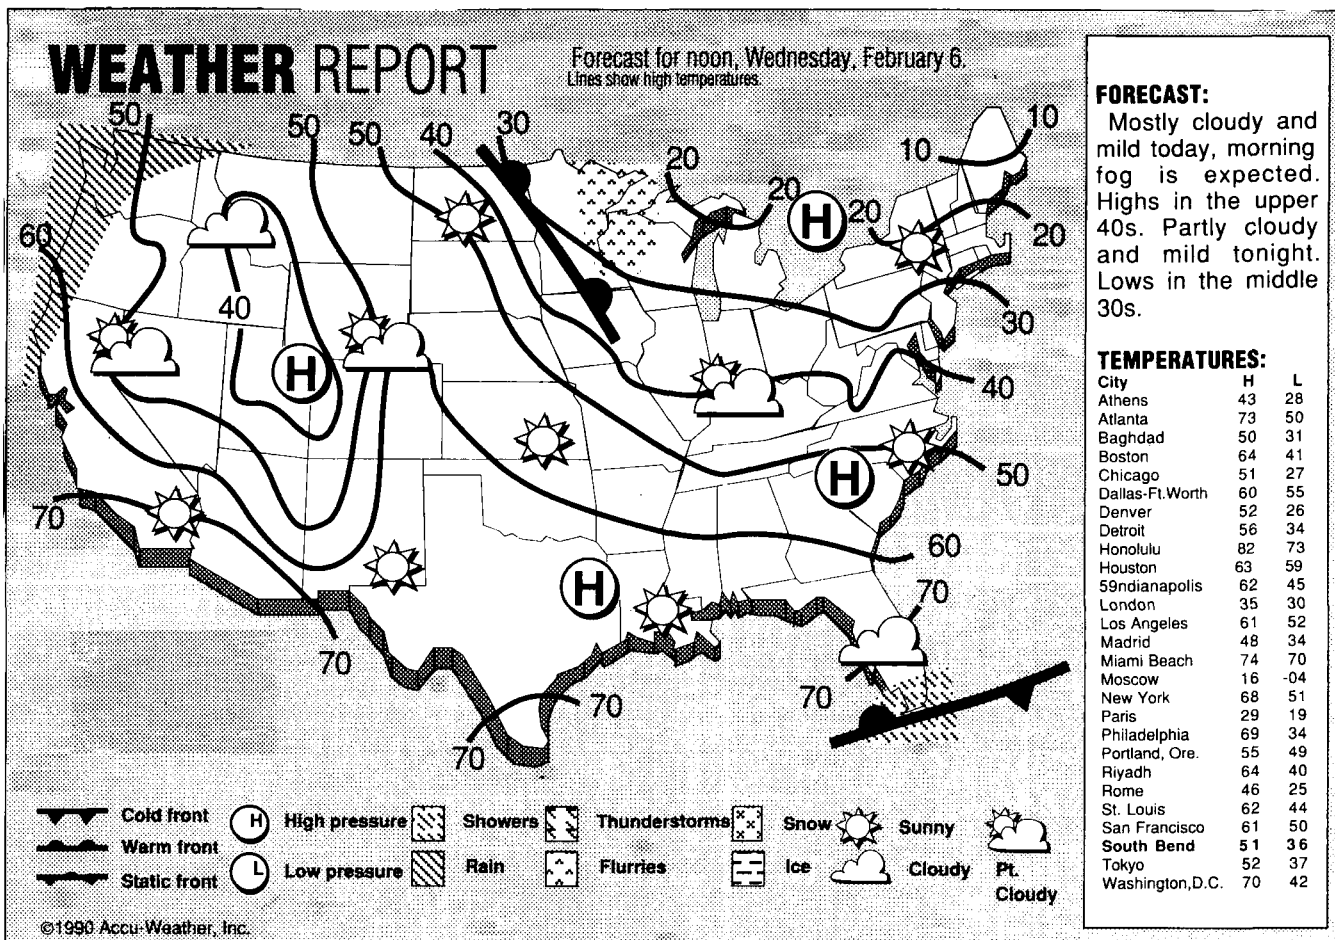

Some may fear giving the gift of chocolate because it is fattening and just plain bad for you. These myths are obviously rooted in that early '80s overly health-conscious oat bran mentality. In fact, nothing is more physically and mentally soothing than a simple Hershey's Kiss. There is no room for stress when the body is filled with Toblerone. Besides, there are 520 mg of calcium in an eight ounce chocolate bar.

Rumor has it that those involved in the S&L debacle had previously been involved in a chocolate-deprivation experiment in college, the effects of which are now widely observed. I even understand Saddam Hussein has never hummed a few bars of Nestle Crunch. The Swiss, however, have the world's highest GNC (Greatest National Chocolate)—and when was the last time they went to war?

And what if your Valentine is one of those freaks of nature who eat vanilla ice cream and angel food cake? Get them chocolate and show them the error of their ways.

## TODAY AT A GLANCE

### WORLD

#### African bloc opposes apartheid

**HARARE, Zimbabwe** — Leaders of a seven-nation African bloc opposed to white-led South Africa arrived Tuesday for a meeting to consider new strategies following Pretoria's pledge of radical political reforms. Zimbabwe's president, Robert Mugabe, a leading crusader against South Africa's racial policy of apartheid, is scheduled to open a one-day summit Wednesday of the so-called Frontline States. Besides South Africa, the group will review recent diplomatic efforts toward peace between the governments of the former Portuguese colonies of Angola and Mozambique and the guerrilla armies waging war against them. Organizers said the group will also discuss the economic impact of the Persian Gulf War on the region.

#### Hijackers released from prison

**GENOA, Italy** — Two Palestinians convicted of helping the hijackers of the Achille Lauro cruise ship have been released from prison early and expelled from Italy, their lawyer said Tuesday. The two are Mohammed Issa Abbas, a cousin of fugitive Palestine Liberation Front leader Mohammed (Abul) Abbas, and Youssuf Sa'ad, said Genoa attorney Gianfranco Pagano. Pagano said both benefitted from an Italian law allowing a reduction of two years for eligible convicts at Christmas time. They were released from prison on Christmas Eve and ordered to leave Italy within 15 days, he said. The two departed for Algeria about two weeks later, Pagano said. A wheelchair-bound American who was a passenger on the

Italian liner, Leon Klinghoffer, was shot to death by a hijacker and his body dumped into the Mediterranean during the October 1985 hijacking.

### NATIONAL

#### Child dies as prayer healing fails

**REDDING, Calif.** — Police are investigating the death of a 4 1/2-month-old boy who died of meningitis after his parents tried to heal him by prayer instead of taking him to a doctor. Police say Jordan Cory Northrup died Thursday after the parents and members of their church attempted through six days of illness to heal him by laying on hands and praying.

#### Religious garb banned in schools

**PHILADELPHIA** — Principals of the city's public schools have been told they can fire teachers who come to work wearing Christian crosses, Muslim head scarves, Jewish yarmulkes or other religious garb. A federal appeals court last year upheld the Philadelphia School District's decision to prohibit a Muslim teacher from wearing a head scarf to school. The district said its aim was to preserve "an atmosphere of religious neutrality," and on Jan. 9 sent a memo telling principals they could take action against teachers who wear religious garb. This was defined as "any garment, headwear or accessory which is identifiable as religious in nature." Some teachers were angered by the policy, which they say violates their First Amendment rights.

### OF INTEREST

**ATTENTION ALL SENIORS:** Are you interested in doing a year of volunteer work? If so come meet Ken Kinley of Christian Appalachia to discuss the many options available to you. Mr. Kinley will be in the library course from 10 a.m.-12 p.m. and in the CSC from 1-5 p.m. today, Wednesday, February 6.

**THE STUDENT BODY PRESIDENT/VICE PRESIDENT DEBATE** will take place on Wed., February 6, 7:00 p.m., in the Notre Dame room on the second floor of LaFortune. This is your chance to question the candidates.

**SAINT MARY'S WOMEN FOR ENVIRONMENT** will meet tonight at 7:30 p.m. in the Holy Cross Parlor. If there

are any questions, please call Teresa Lynch at 284-5403.

**AN INTRODUCTION TO RESUME EXPERT** presentation will be given today from 3:30 to 4:30 p.m. in the Career and Placement Services Conference Room. The computerized resume preparation system will be described and detailed instructions given on how to use the program to prepare and enhance your resume.

**YEAR OF THE WOMAN COMMITTEE** and the Law School are sponsoring a lecture, "Sexual harassment at Work and What to do About it," by Barbara Fick, Associate Professor of Law, at the CSC Coffee House at 12:15 p.m. Soup and bread lunch will be served.

### ON THIS DAY IN HISTORY

- In 1895:** Baseball legend Babe Ruth was born in Baltimore.
- In 1933:** The 20th Amendment to the Constitution — the "lame duck" amendment — was declared in effect.
- In 1952:** Britain's King George VI died; he was succeeded to the throne by his daughter, Elizabeth II.
- In 1987:** Reporter Gerald Seib of The Wall Street Journal was released after being detained six days in Tehran and accused of spying for Israel.
- Ten years ago:** The Labor Department reported the nation's unemployment rate for January 1981 remained unchanged from the month before, at 7.4 percent.

# Three professors discuss issue of women and film

The Observer/ J. Rock

"Women and Film" was the subject of a lecture yesterday. Professors, Hilary Radner, Ava Collins and James Collins spoke about women and film through the ages.

By **CLAIRE ROBINSON**

News Writer

Society's constantly changing view of women is cultural and not necessarily natural, according to Ava Collins, a professor in Notre Dame's department of communication and theater.

Movies provide a much more complicated view of women, and an array of possibilities of femininity, none of which should be taken for granted, added Hilary Radner, also a communication and theater professor at Notre Dame.

Radner and Collins spoke Tuesday along with James Collins of the same department in a panel discussion titled "Women and Film." Taking an historical approach, they addressed two key issues; the essentialism of how femininity is defined, and the extent to which movies provided contradictions in this definition.

Radner discussed films of the early 1900s, stating that because there was a large immigrant audience at this time, films emphasized "immigrant women battling the New World... with urbanity as the antagonist." "In the 1920s, we became a society organized

around consumerism," she said. Femininity thus became defined in the woman's ability to consume, with films providing a "veritable handbook" of what to buy in terms of fashion.

Ava Collins next discussed films of the 1930s and 40s. During this period, she said, the "maternal melodrama" became popular. These melodramas dealt with problems defined as female, such as domesticity and family life.

Ava Collins focused upon films containing mother-child relationships and scenarios of separation. "These films make it evident that being a mother doesn't come naturally at all," she said.

Lastly, James Collins discussed films made from the 1950s to the present. He said that the 50s involved both a "presentation of the hyper-feminine woman," and the American nuclear family, "still together, but coming apart at the seams."

With the 60s came the emergence of the countercultural film, in which women were "either insignificant, or monitors of male sexual liberation," Collins said. "This made the liberation process of the 60s a decidedly one-sided affair," he added.

In films of the 1970s, confident women faced situations which would have formerly destroyed them, said James Collins. However, "feminist messages were cloaked in such a way as they were not directly threatening to male audiences," he noted.

Women were no longer a targeted audience for film-makers in the early 1980s, as the focus shifted to teen flicks, said James Collins. But women have returned as a target audience. Movies now include old images being reproduced, Collins said. He asked, "Can ironic rearticulation of the image be that which diffuses the power of the image?"

He concluded by observing that there is no homogeneity or uniformity of women's images, and that women must juggle them, possibly processing or manipulating them to their own needs.

The discussion was sponsored by the Friends of the Library.

## Senate passes resolution on gender

By KATE MANUEL  
News Writer

The Faculty Senate, at its Tuesday meeting, passed a resolution recommending that it be the policy of the University to use respectful and gender-inclusive language in its communications.

The recommendation, which also called on all members of the University community to use gender-inclusive language in their work and social life, had been sent to the Faculty Senate Ad Hoc Committee on Inclusive Language from a university-wide committee on women chaired by Kathleen Cannon. The recommendation will now return to this university-wide committee for further discussion.

Ellen Weaver, Professional Specialist in Theology and chairperson of the Ad Hoc Committee on Inclusive Lan-

guage, said, "We were given something to work on, and we realized we had to put an orange and a cactus in the same resolution."

Gender presents a problem in our language that is very different from that which it presents in other languages, and this problem is inherited with our language, said Weaver.

Nouns in other languages have a specific gender; English nouns have no gender but are often viewed as being male, she said.

"We're 10-15 years behind the others (other universities) in making this resolution," said Paul Conway, Associate Professor of Finance and chairperson of the Faculty Senate.

"If we cannot agree on a statement this simple, then maybe we should not be passing a resolution about the use of

language," said Leo Despres, professor of Anthropology.

The Faculty Senate also discussed the resolution for including a date/acquaintance rape policy in Du Lac that the Campus Life Council sent to Patricia O'Hara, Vice President of Student Affairs.

"O'Hara committed herself to those issues raised (by the Campus Life Council resolution)" said Sandra Harmatiuk, Director of the Basic Learning Skills Program and co-chairperson of the Faculty Senate Student Affairs Committee.

The resolution, which addresses Administration insensitivity to rape, the lack of communication with rape victims about support services, and making rape statistics more public, could be complicated by a new security act concerning the reporting of campus crimes, said Harmatiuk.

## Popov

continued from page 1

bachev sees private property as an "inevitable evil."

Popov said his democratic forces agree both state and private property can co-exist, but "the basic property should be a private one."

The third issue Popov discussed concerned the destatization in the Soviet Union. Gorbachev feels that privatization should occur at the expense of the people. Conversely, Popov believes "human beings who have worked for the state for decades have the right to get their share for free."

Fourth is the issue of changing state machinery. According to Popov, it is not enough for Gorbachev and conservatives merely to "proclaim" a multi-party system; "We should confiscate Communist Party property and distribute it equally among all parties."

The last issue involved the conflicting views over the ethnic construction of the Soviet Union. Popov said conservatives are willing to "preserve (the union) at any cost even if force is to be used," while he and his democratic forces feel the "union of nations should be preserved, but only if it is voluntary."

Popov went on to discuss three alternative scenarios that could occur in his country in response to the current Soviet regime.

First is the possibility of each republic disintegrating and seceding from the union, said Popov. Some individual republics might solve their problems on their own, he said, but most republics believe that acting jointly would be in all the

republics' best interests. Popov said this possibility would occur only under serious agitation in the Soviet Union.

A second possibility could occur if present conservative forces fail in their attempts,

said Popov. This would result in some turning to military dictatorship, while others would join the democratic forces proposed by Popov.

A final alternative is a parallel center of leadership between

the conservative and the democratic forces.

Student Body President Rob Pasin, acting for South Bend Mayor Joe Kernan, presented Popov with a key to the city of South Bend, and gave Notre

Dame sweatshirts to both Popov and his interpreter Notkin.

The lecture series is sponsored by the Advisory Councils of the Colleges of Arts and Letters and Business Administration.

**This series of reflections, from a perspective of faith, addresses some of the principal ethical dimensions of war and peace.**

**These thirty-minute presentations, co-sponsored by Campus Ministry and the Center for Social Concerns, will be followed by informal discussion and dialogue.**

On January 30, 1991 an item in the Of Interest column incorrectly stated the University Counseling Center needed volunteers for counseling. It should have stated they need volunteers for Counselors. The Observer regrets the error.

Yesterday's article covering Spike Lee's lecture stated the film "Do the Right Thing" was released by Paramount Pictures. It should have stated Paramount Pictures was supposed to release the film but did not after Lee refused to change the film's ending. Universal Pictures did release the film. The Observer regrets the error.

## Vacation area films to be shown to cope with cold

By **DANNIKA SIMPSON**  
News Writer

Anyone looking for a way to escape winter in South Bend during February and March can go to the Center for Continuing Education on Thursdays during lunch.

Educational Media is sponsoring Travel Videos at Noon in an attempt to help students, faculty, and staff escape the winter doldrums. Sister Elaine DesRosiers, director of the series, says videos of well known vacation spots will be shown.

DesRosiers said the program was started by several Educational Media employees who had been on trips to these places. They purchased professional tapes

and thought showing them "would be great for cold winter days."

During the month of February, one can visit The Grand Canyon, The Great Smokey Mountains, Yellow Stone National Park, and Sea World.

The films, which are free and open to the public, can be seen in Room 14 of the Center for Continuing Education on Thursday's at about 12:05. A brown bag lunch is suggested.

DesRosiers also said that during March anyone can bring in videos to be shown, provided they are commercial tapes. If anyone is interested they should contact Carla Linhoff at 239-5465 to scheduling a showing. "(This is) just a chance for people to do something different," she said.

## Senior says 'be informed' on war

By **ANNA MARIE TABOR**  
Assistant Saint Mary's Editor

"I think that it is essential to look at all sides (of this war). But don't let the National Enquirer be your bible," senior Peggy Abood said of the importance that students remain accurately informed of the events in the Gulf.

At the second Peace Support Group meeting at Saint Mary's, Abood shared some different views in that she doesn't "feel called to protest" but does "feel the need to be informed," which is the sole objective of the group.

The meeting revolved around the discussion of the article "Why We Are Stuck in the Sand," letters from servicepeople, and personal opinions of the war. An immediate consensus was reached that the well-written article proves how little most Americans know about the war.

Senior Sarah Carroll singled out the last paragraph as an excellent summary of the Gulf War. "An earlier regional player, Benjamin Disraeli, once sarcastically remarked that you could tell a weak government by its eagerness to resort to strong measures. The Bush administration uses strong measures to ensure weak government abroad and has enfeebled democratic government at home. The reasoned objection must be that this is a dangerous and dishonorable pursuit, in which the wealthy gamblers have become much too accustomed to paying their bad debts with the blood of others." The statement was from the article by Chris Hitchens.

Having a Lebanese back-

ground, Abood said that she has some concept of the war but that her family will not say they are for or against the war. She would like to see the "United States play the role of a mediator. The Middle East needs a non-Arab (nation) as a mediator. We're there because what Iraq did is wrong. (But) should the United States be the world police?"

On the topic of the termination of Saddam, Elizabeth Noel, professor of English, said that "if we get rid of Saddam and liberate Kuwait, other countries will unite (against the Allies) and we'll have another problem. We'll never get out of there. Once we set ourselves up to play this role (of the world police), it's hard to get out."

Ann Clark, professor of philosophy, is concerned that "Americans are naive. We think that we're special and have special moral insight." Mary Turgi, assistant director of Campus Ministry, added "we have the illusion that we're controlling all this by our tilts and nods. But we're really playing the fool."

To substantiate these comments, Carroll reminded the group of Bush's statement: "We're on schedule," yet he cannot tell the public when the war will be over. In addition, one of the letters from the servicemen said that he is still unclear about why he is there.

According to Clark, "(Americans) are terrified of land battle. The Pentagon never tells the truth during a war. We have the habit of believing (what we are told) but the Pentagon can't tell the truth because they think it's a threat to national security."

The group felt that most people are for military control of the press so that the public does not get upset. The military doesn't want to tell families

what it's really like, was the general idea. However, headlines such as "Showdown in the Gulf" can be dangerous, said Carroll.

Noel has experienced some desensitization to the war, possibly due to the media coverage. "When listening to (some) men talking, they treat it as a substitute for football. They're almost exhilarated. It's like a game," she said.

Tamsin Bomar, professor of English, stated that a motive of the United States in the war is simply "American honor. The United States has lost ground and (we are trying to get) reestablished as a world power. We need military superiority as a mediator."

Ideally, this is a good concept, Clark said. "We ought to be mediating, but when I listen to actual people, I'm not hearing that we want to have people feel secure in their homeland and with their neighbors. It sounds like all we can do well is make guns."

Bomar made reference to recent announcement of the possibility of using nuclear weapons and the fact that every weapon that has ever been made is used. "Does the threat of nuking Iraq scare you?" she asked. "(It would be) a nice, quick end."

The Peace Support Group will be showing "Faces of the Enemy" on Monday at 8 p.m. in Stapleton Lounge and the next meeting will be on Tuesday at 5 p.m. in room 11 in Holy Cross Hall.

Future sessions will include two more scheduled films, lectures on Middle East History, Press and Authoritative Opinion, the Draft, Baghdad Bombing, the UN's Involvement, Economic Issues in the US and World, Linguistic Terminology, Peace Protestors Myths, and a debate.

# Judge bans 'suicide machine'

PONTIAC, Mich. (AP) — A judge said Tuesday Dr. Jack Kevorkian was more interested in getting publicity than in helping the terminally ill, and she banned him from again using his drug-injecting "suicide machine."

Oakland County Circuit Judge Alice Gilbert made permanent her earlier order that Kevorkian refrain from assisting anyone with suicide.

On June 4, Kevorkian helped Janet Adkins, 54, of Portland, Ore., use his machine to inject herself with a fatal drug dose. Adkins suffered from Alzheimer's disease.

"As a physician, Dr. Kevorkian was morally, ethically, professionally and legally obligated to adhere to the current standards of medical practice," Gilbert wrote. Doctor-assisted suicides clearly violate those standards, she said.

In a scathing opinion, Gilbert said Kevorkian showed a pattern of seeking recognition through "bizarre behavior" and showed "unabashed disregard and disrespect for his profession."

"His real goal is self-service, rather than patient service," she said.

"The reasons why Dr. Kevorkian has been unable to find employment in any accredited hospital are made patently clear to the court."

Kevorkian, 62, a retired pathologist from Royal Oak who last worked at a hospital in 1982, was charged in December with first-degree murder in Adkins' death. Clarkston District Judge Gerald McNally dismissed the charge, saying Michigan has no law against assisted suicide.

Tuesday's ruling was on a civil suit brought by prosecutors to prevent Kevorkian from using the machine again or building another one.

"Boy, do I feel terrible," Kevorkian said after hearing Gilbert's ruling. He said he would abide by her order not to help anyone else commit suicide.

But, "I can still speak out and promulgate the idea," he said. "There's still free speech, isn't there?"

Kevorkian's attorney, Geoffrey Fieger, said he would appeal the decision promptly, either to U.S. District Court or the Michigan Court of Appeals.

"She's out of the dark ages," Fieger said. "A judge in this state has no right to grant injunctions on moral issues."

He also said he would seek return of Kevorkian's suicide machine from the prosecution under a January order by McNally. Kevorkian has said before the ruling he planned to donate it to a museum.

County Prosecutor Richard Thompson said his office would return the machine to Kevorkian now that the case was over, with the clear understanding he was banned from using it again.

Thompson said the thoroughness of Gilbert's 34-page ruling would make it easy to defend on appeal.

"It reiterates the interest of the state in preventing suicide and the sanctity of life," Thompson said. "It returns some sanity to the issue."

Gilbert issued a preliminary injunction against Kevorkian four days after Adkins' death. She presided over a civil trial in early January.

As a pathologist, Kevorkian lacked the training to treat an Alzheimer's victim, the judge said.

## Man accused of killing neighbor with spiked Coke

BARTOW, Fla. (AP) — Eight years of arguments over loud music, yelping dogs and other aggravations escalated into murder when a man tried to commit "the perfect crime" by poisoning his neighbors' Coca-Cola, a prosecutor said.

Jurors were to receive final instructions from Circuit Judge Dennis Maloney today before deliberating charges against George Trepal of first-degree murder, six counts of attempted first-degree murder and product tampering.

Trepal, a 42-year-old computer programmer and MENSA high-IQ club member, is accused of spiking an eight-pack

of Coca-Cola bottles in October 1988 with thallium nitrate — a highly toxic heavy metal — and secreting them into his neighbors' kitchen.

Peggy Carr, 41, lapsed into a three-month coma and died after sipping the soft drink. Four other members of her family were poisoned, though not fatally.

If Trepal is convicted, prosecutors intend to seek the death penalty.

"What we have here is a man who thought he was so smart he could commit the perfect crime," prosecutor John Aguero said in closing arguments Monday.

Happy Zoo Day Tom!

# Pledges from allies to aid in containing U.S. spending

Missouri Gov. John Ashcroft, (from left) President Bush, Washington Gov. Booth Gardner and White House Chief of Staff John Sununu attend the winter meeting of the national Governor's Association Monday at the White House. Bush announced "we are going to have to fight together" to win congressional approval to transfer billions of dollars to domestic programs to the states.

## Gorbachev orders referendum

MOSCOW (AP) — Mikhail Gorbachev stepped up his war of words with Lithuanian leaders on Tuesday by rejecting their independence poll set for Saturday and ordering instead a Kremlin-controlled referendum.

Lithuanian President Vytautas Landsbergis insisted the non-binding ballot would be held as planned.

"Lithuania is in observance of law ... and views the president's decree as impermissible political interference in the matters of the sovereign Lithuanian

state," he said in a statement read by spokeswoman Rita Dapkus.

The decree was sure to increase tension in the republic in the days leading up to the vote, which is to occur four weeks after Soviet troops stormed several buildings in a crackdown that left 14 people dead.

The decree followed Gorbachev's order for new talks with the Baltics and seemed a clear attempt to force Lithuanians to seek independence only on the Kremlin's terms. The de-

cree, however, did not threaten any action if the poll was held, indicating only that the Kremlin would not accept its results.

"The poll and the attempt to call it a 'plebiscite on the future of the Lithuania state' (are) legally invalid," his decree said, according to the state news agency Tass.

The poll "cannot be seen as anything other than an attempt to block ... the holding of a national referendum on the question of preserving the Soviet Union," said Gorbachev.

WASHINGTON (AP) — President Bush said Tuesday that \$51 billion in pledges from allied countries should enable the United States to contain its own spending for the first months of the Persian Gulf War to \$15 billion.

But on Capitol Hill, Democrats complained that the United States has received little of the promised monetary help and pressed the administration to aggressively collect it and seek more.

White House budget chief Richard Darman told Congress that he was confident the money would arrive and said Bush's campaign for the assistance has gone better than anticipated.

Darman visited the Senate Budget Committee, where he testified on the \$1.45 trillion fiscal 1992 budget Bush unveiled on Monday. He talked of the president's plan to shift some spending within Medicare, education and other programs to poorer beneficiaries from those better able to pay, but spent much of his time parrying questions about war costs.

"We have extraordinary contributions, way more than people had expected," Darman told the budget panel.

Questions over the adequacy of foreign assistance have been simmering in Congress for weeks. Lawmakers have in particular asked whether Japan and Germany, which boast two of the world's burgeoning economies, have contributed enough. Germany has pledged \$6.6 billion and Japan has promised \$9 billion, Darman noted.

At the White House, Bush told reporters that when combined with the \$15 billion for the war included in his budget, the \$51 billion in promised foreign help should be sufficient.

"I am confident that what we have in there will take care of it," he said.

Darman provided the budget panel with updated cost figures for the war. He said the price tag for the troop deployment through Dec. 31 was \$11.1 billion, up from an earlier \$10 billion estimate.

For that period, he said the allies have pledged \$9.74 billion, of which \$5.32 billion in cash and \$1.3 billion worth of supplies and services have been

received. Nations that have promised contributions include Saudi Arabia, Kuwait, Japan, Germany, South Korea, and the United Arab Emirates.

He said that for the first three months of 1991, the allies have promised \$41.78 billion.

"Most people would say \$41.8 billion for a quarter is going to turn out to be a very, very substantial portion of the actual costs incurred," Darman said.

He also said that American officials have told contributing countries that the United States will seek additional aid if the fighting extends beyond March 31.

Some Democrats said, however, that some allies were still not doing their share. Budget Chairman James Sasser, D-Tenn., specifically cited Japan.

"This is a very sound investment for them," Sasser said. "If they can protect their oil supply for \$9 billion and no loss of Japanese lives, I'd say that's one of the greatest bargains in the history of mankind."

Bush's budget for the fiscal year beginning Oct. 1 received mostly mild criticism from the lawmakers, who in past years have been more hostile to administration spending plans.

A major reason for the muted response is that Bush and lawmakers agreed to spending limits in last fall's five-year deficit-reduction deal. For the most part, the only questions left are over how to divide the money up.

Sasser complained that the document did little to combat the recession or to boost social services, and promised to rearrange some of its priorities in the coming weeks.

Another lawmaker, Sen. Kent Conrad, D-N.D., called the spending plan's proposal to reduce farm aid "an assault on rural America."

Darman touted the budget's plan to limit many benefits for the well-to-do and make more money available for the poor. For example, support would be eliminated for farmers earning more than \$125,000 annually, and more education grants would be shifted to students with the greatest financial needs.

"Don't take poor people and start them out in life with an enormous burden of debt," Darman said.

### Israeli Planes Hit PLO Positions

### Iraqis overrun Syrian troops in first battle

NORTHERN SAUDI ARABIA (AP) — Iraqi troops overran a Syrian position and fired artillery at another in the first battle between forces of the two nations, U.S. Marine officers said Tuesday.

A Marine spokesman said the Iraqis apparently occupied the Syrian position in a surprise push Monday night into the Syrian sector in northeastern Saudi Arabia, but the Syrians turned back the second assault.

Only sketchy details were available, and it was not known whether Americans or other allied troops responded to the Iraqi attack.

Syria generally has been more sympathetic to Baghdad than have other Arab nations in the U.S. led coalition. It has said, for instance, that it would not participate in direct attacks against Iraq.

The Syrians have 19,000 soldiers in Saudi Arabia, including an armored division with about 270 T-62 tanks.

## Iraq cuts off sale of fuel to citizens, reports radio

BAGHDAD, Iraq (AP) — Iraq said Tuesday that it had cut off the sale of fuel to its citizens, already suffering since the war's beginning from a critical scarcity of heating oil, cooking gas and gasoline.

In announcing the suspension of fuel supplies by the Iraqi Oil Ministry, official Baghdad radio said: "For organizational purposes, it will suspend the provision of fuel to citizens as of 4th February until further notice."

The suspension covered oil for heat, gasoline and other fuels, the radio report said. It apparently allowed residents no chance to stock up against the winter cold. Temperatures have been in the 50s during the day, and routinely dip into the low 30s at night.

Residents in Baghdad also are living without electricity and with only sporadic water service. Private cars already had been limited to about four gallons of fuel every two weeks, making horsedrawn carts a prized means of transport to ferry goods and shoppers to market.

Radio reports also reported the continuing allied bombardment of Baghdad, President Saddam Hussein's hometown of Tikrit, and 35 other sites.

Iraqi radio said Tuesday night that Iraq had struck back, firing its Al-Hussein missiles, a modification of the Soviet-designed Scud, on Dhahran, Saudi Arabia.

"In retaliation for the U.S. administration's crimes ... our heroic missile forces this evening dealt a destructive strike with Al-Hussein missiles at the Dhahran base, the symbol of violation and disdain of the sanctity of the holy land," the statement said.

Associated Press reporters in Dhahran, however, said the sirens that warn of incoming missiles never sounded Tuesday.

Iraqi Foreign Minister Tariq Aziz said 108 civilians had been killed and 249 wounded in air raids on residential areas of Iraq between Jan. 26 and Sunday. That would raise the total number of civilians killed in the allied attacks to 428 and the number of wounded to more than 650, according to official

Iraqi figures.

The bombing Monday night and early Tuesday forced residents from their beds into public and private shelters and sent columns of fire and smoke into the air.

Witnesses living on the outskirts of the capital reported two large explosions at 12:35 and 12:40 a.m. One witness, who refused to be identified, reported seeing a pink flash in the sky. "A second later, I heard the explosion," he said.

Local residents said the second explosion apparently was at a military site in the area. According to security and military regulations, the exact site could not be reported.

Explosions echoed across the capital, and blasts were heard in many sections of the city. Some people said at least four missiles fell during the night.

A resident of the western part of the city said the explosions shattered the windows of his house. "My house was deeply shaken," he said.

Travelers arriving from Tikrit, the president's hometown about 95 miles north of Baghdad, said it took intensive fire Monday night and early Tuesday, as it has since the war began.

Those coming from the southern city of Basra said it was heavily shelled Monday. Columns of smoke and fire were seen in many parts of the city, which is Iraq's main port and a supply center.

The civilian casualty figures were contained in a letter Aziz wrote to Iraqi newspapers. The previous casualty figures, 320 killed and more than 400 wounded, were in a Jan. 27 letter to U.N. Secretary-General Javier Perez de Cuellar.

In his letter, Aziz said 37 civilian areas and towns were hit. Targets included television and radio stations in Baghdad and the provinces, government buildings in the capital, an irrigation dam in western Iraq 170 miles west of Baghdad, communication centers, commercial areas, homes, and trucks and cars on highways, he said.

Allied commanders have said they are not targeting civilian sites.

### Selling Saddam

Indians of New Delhi line up to buy posters of Iraqi President Saddam Hussein in a predominantly Muslim neighborhood in the old city on Monday.

AP Photo

## Increased allied bombing weakens ground troops

EASTERN SAUDI ARABIA (AP) — Increasingly heavy allied bombing has cut the effectiveness of some of Saddam Hussein's ground troops by more than half, and even harsher punishment is planned in the days ahead, a senior U.S. Air Force officer said Tuesday.

The relentless U.S.-led bombing also is cutting supply lines to Iraqi troops at "a pretty fantastic rate," said Col. John McBroom, commander of the First Tactical Fighter Wing.

In an interview with The Associated Press and two other news organizations, McBroom said more bombing runs are being aimed at Saddam's troops each day. The allies are able to concentrate on the troops because they are easing up on earlier targets, including Iraq's nuclear and chemical facilities, he said.

"Most of our sorties now are geared toward attriting out the people in Kuwait," McBroom said, using the military euphemism for killing. "We're taking a very heavy toll on the troops. ... (The) Republican Guard south through Kuwait, most of the packages are going in that area."

But in Washington, another U.S. military commander emphasized that bombing of earlier priority targets like nuclear and chemical sites will continue as allies try to cripple Iraq from the air.

"Obviously, we don't think we've gone far enough because we continue to pound his logistics, we continue to pound his forces that are in contact, we continue to pound the Republican Guards and we continue to revisit NBC sites — nuclear, biological and chemical — and other strategic targets that need to be attacked," Lt. Gen. Thomas Kelly told reporters, when asked about McBroom's

comments.

McBroom, whose wing flies F-15 escorts for allied bombers, said the success of air attacks on Iraqi troops had convinced him that any plans for an allied ground assault should be put on hold.

"The air war is absolutely getting to him," McBroom said. "He's getting pounded. ... I would hope we do not go in on the ground until we have almost completely obliterated him from the air."

As McBroom spoke, several of his F-15s were scrambled from a major air base in Saudi Arabia, presumably in response to Iraqi air activity. McBroom said Iraq's air force has been flying infrequently since the war began and that such scrambles were uncommon.

McBroom said allied warplanes "rule the skies very easily" and are beginning to inflict heavy damage on Saddam's ground forces, including elite Republican Guard divisions.

On Monday, another Air Force officer, Maj. Bob Baltzer, said in the days before a ground war the air campaign would be almost solely focused on attacking ground forces, with the goal to cut their fighting power at least in half. He said the battlefield would be mapped in boxes to help prevent allied bombing in sectors being heavily traveled by allied ground forces.

"We have a very good idea of what the targets are and where they are," Baltzer said.

McBroom, too, said pilots have detailed information on Iraqi targets. He wouldn't say if the allies want to cut Iraq's effectiveness by half before attacking.

Still, he said: "We're headed in that direction for sure. There

## Israelis arrest 10 Israeli Arabs on charges of spying for Iraq

JERUSALEM (AP) — Israeli security forces have arrested 10 Israeli Arabs on charges of spying for Iraq, police said Tuesday. It was the second case of Israel detaining Arabs on spy charges since the war began.

The Arabs, from the northern Israeli town of Acre and three villages in the Galilee, were arrested over the last two weeks, police said in a statement. More arrests are expected, police said.

"The members of the spy ring are suspected of being recruited by an activist from the Palestine Liberation Organization's mainstream Fatah group, a former Israeli Arab linked with Iraqi intelligence now living in Iraq and Egypt," the statement said.

It did not give the name of the alleged recruiter or of any of the suspects. They were to be brought before a judge for ar-

raignment within a few days.

Last week, Sari Nusseibeh, a 41-year-old university professor and leading Palestinian activist in the occupied West Bank, was jailed under "administrative detention" for three months.

The latest suspects were accused of photographing strategic and military installations and forwarding information to Baghdad on where Iraqi missiles have struck in Israel.

Iraq has fired dozens of missiles at Israel since the Gulf War began Jan. 17 and at least four Israelis have died in the attacks.

Israel has censored journalists' reports on the location of missile explosions to avoid helping Iraq fine tune its aim.

The statement said the suspects also were instructed to buy journals and magazines pertaining to Israeli military and security facilities and send

them to Baghdad with an agent.

A police spokesman said that acquiring published material was not a crime, but "points to hostile intent," and supports the espionage charge.

The statement said the Arabs will be charged with belonging to a hostile organization, contact with a foreign agent and spying.

Nusseibeh was accused of "collecting security information for Iraqi intelligence, especially after the missile attacks on Israel."

Administrative detention allows authorities to incarcerate suspects deemed dangerous to state security without bringing them to trial.

Nusseibeh's jailing drew an appeal for his release from Amnesty International and other human rights groups. A judge has reduced Nusseibeh's detention from six to three months.

### Final Check

Air Force pilot Captain David Meinhart, of Plattsburgh, NY, leaps up for a pre-flight inspection of the engine of his KC-135 tanker on Monday afternoon at an air base in central Saudi Arabia. The tankers are being used to refuel fighters for Operation Desert Storm.

AP Photo

### Injured Iraqi

AP Photo

This photo, received from a local Jordanian newspaper in Amman, reportedly shows an Iraqi woman allegedly injured in one of the allied air attacks on Baghdad recently.

## Leftist guerrillas dynamite car killing three people

LIMA, Peru (AP) — Leftist guerrillas on Tuesday dynamited a car outside a security company contracted by the U.S. Embassy in Lima, Peru, killing three people and seriously injuring seven, police said.

Police said they found leaflets at the scene signed by the pro-Cuban Tupac Amaru Revolutionary Movement condemning the United States for its role in the Persian Gulf War.

Also Tuesday, a bomb exploded outside a bank in Beirut, Lebanon, in the 14th bombing in the Lebanese capital linked by police to the Gulf War. And in Saudi Arabia, police arrested an undisclosed number of suspects in a sniper attack on U.S. military personnel.

In Lima, a U.S. Embassy

spokesman reached by telephone confirmed the attack was against the office of Pesavisa, the Peruvian subsidiary of a U.S. security company, Wackenhurst. Pesavisa is under contract to provide security for both the U.S. and Canadian embassies, the spokesman said.

Three security guards died when rebels drove by and threw at least 22 pounds of dynamite and fired machine gun bursts at three diplomat's cars parked in front of the company, police said.

Police said the explosion, which took place at 1:15 p.m., blew out windows and destroyed several cars and a state bus outside the company office, located in the commercial district of Miraflores.

## Bush admits that ground war may be necessary

WASHINGTON (AP) — President Bush said Tuesday he doubts Iraq's army can be expelled from Kuwait without a ground war and announced he is sending Defense Secretary Dick Cheney and Gen. Colin Powell to the Persian Gulf for a "firsthand status report."

Bush, at a news conference, said "it would be a lot easier to see a successful conclusion" if Saddam Hussein were ousted or killed, but he stressed that the U.S. objective was still simply to drive Saddam's forces from Kuwait. Any other world leader would have yielded by now rather than submit his country to relentless bombings and missile attacks, Bush said.

Spelling out rigid conditions for any cease-fire, Bush said Saddam would have to undertake "a credible, visible, totally convincing withdrawal" and return Kuwait's exiled leadership to power.

"He's got to say, I'm going to get out of Kuwait, now, fast."

Twenty days into the war, Bush portrayed himself as being at peace with himself, comfortable with the momentous

decisions of sending American troops into battle. "I'm sleeping quite well, as a matter of fact."

Bush said, "I know what I've got to do," but he added, "I can't tell you I don't shed a tear for families and for those that might be lost in combat."

Unequivocally, Bush said he would not reinstate the draft. And he said he did not intend to propose an income surtax to help pay for the war.

He said the \$15 billion in his new budget, when combined with \$51 billion in promised foreign help, "will take care of it."

Declaring himself pleased with the conduct of the war, Bush said, "I don't believe it's going to be long and drawn out."

The war dominated the 36-minute news conference. The only other question was whether President Mikhail Gorbachev still holds the reins of power in the Soviet Union. Bush said Gorbachev "is still in charge" and that the United States will continue to deal with him.

He said the Soviet Union "will never go back, no matter what happens, to the totalitarian, closed society days of the Cold War."

The decision on starting a ground war is probably the biggest question facing Bush as commander in chief. It raises the specter of a bloody conflict with well-equipped, battle-hardened Iraqi troops and the risk of a sharp increase in American casualties.

Many in Congress — Republicans and Democrats alike — say Bush should wait a few months to give the air war more time to work.

Bush said Cheney and Powell, the chairman of the Joint Chiefs of Staff, would go to Saudi Arabia late this week to confer with Gen. Norman Schwarzkopf, the commander of allied forces.

Pentagon spokesman Pete Williams said Cheney was "not going over to give Gen. Schwarzkopf some instructions. ... They're interested in the opinion firsthand from Gen. Schwarzkopf and his staff on

how things are going, on what the future course of events might be."

Bush said he looked forward to hearing their views on whether air power alone would defeat Saddam. "My own view is I'm somewhat skeptical that it would," the president said.

The Cheney-Powell trip will be the first top-level mission to the gulf since the war began Jan. 17 with the bombing of Iraq. Bush said the mission did not signal a ground war was about to be launched.

The only ground battle so far — the fighting in Khafji last week — was "a humiliating defeat" for Saddam, the president said. "There were devastating losses on the Iraqi side, no question about the amounts of armor that were killed, and regrettably the loss of life."

Eleven U.S. Marines were killed in fighting touched off by the Iraqi attacks across the Kuwait-Saudi Arabia border, seven of them by a missile from an American warplane. Allied military officials say Iraqi casualties were heavy but have refused to be more specific.

Bush said he will rely on Cheney, Powell and Schwarzkopf for advice about a ground war but that "I would bear the full responsibility for that very difficult decision."

He warned the Iraqi leader to consider "very, very carefully" the retribution he would face if chemical weapons were used against the allies.

Bush said the U.S.-led allies were going to unprecedented lengths to spare civilian casualties and damage to holy places. "We do not seek Iraq's destruction, nor do we seek to punish the Iraqi people for the decisions and policies of their leaders."

He accused Saddam of relocating military functions such as command and control headquarters into schools and other civilian areas for protection.

Bush brushed aside an offer from Iran to mediate the war. But he took pains to praise that nation, which has declared itself neutral and claims to have impounded some 100 Iraqi warplanes that have sought safe haven.

The Observer is the independent newspaper published by the students of the University of Notre Dame du Lac and Saint Mary's College. It does not necessarily reflect the policies of the administration of either institution. The news is reported as accurately and objectively as possible. Unsigned editorials represent the opinion of the majority of the Editor-in-Chief, Managing Editor, News Editor, Viewpoint Editor, Accent Editor, Photo Editor, and Saint Mary's Editor. Commentaries, letters and Inside Column present the views of the authors. Column space is available to all members of the community and the free expression of varying opinions on campus through letters, is encouraged.

### LETTERS TO THE EDITOR

## Student faces reality in summer project

Dear Editor:

The heat of the summer can be a very troublesome time for students. Some are searching for an internship that will catapult their chances of landing an incredible job when they graduate. Perhaps some are getting more and more depressed over the fact that they are not sure what they are supposed to be doing in life. Last year, around this time, I was weighing my options as well. I decided to do a Summer Service Project. It was definitely an experience that has affected every facet of my life.

I volunteered eight weeks of my summer to work with adolescents at a drug and alcohol rehabilitation center. I entered the summer with the attitude that I was going to help these children. In the past, I have had my share of problems and confronted my share of peer pressure, yet I have never taken a drug in my life. I guess I wanted to show them that it was cool to "Just Say No!" But when I started to witness and talk with these children, I

understood that it wasn't simply a matter of "yes" and "no."

The problems of these children far surpassed their problems with drugs. They were all extremely poor. Most of them came from broken homes. Most had serious crime problems. Though they were between the ages of 13 and 17, it was hard for me to keep in mind that they were only children. They experienced things that I would consider very adult issues. Some were taking heroin intensely by the time they were six. Many had their first sexual experience at the age of eight. Most had been arrested by the time they were nine.

It is easy for a person to forget about the reality of the problems that exist in society when they don't have to deal with them everyday. It is easy to not really understand the concepts of loving parents, warm clothes and financial security. The best way for me to describe my experience is "Eye-opening." I finally awoke to view reality. I read the

newspapers and I saw the statistics.

I thought I understood the hardships of adolescent drug users and homeless and abused women and children. But last summer these numbers became faces. I became aware of things that I had always taken for granted—my family, my education, my opportunities. Last summer I became aware of how insignificant my problems were compared to problems of these children. Last summer, I felt the heat of humanity as I escaped from myself for eight weeks.

I'm not sure if these children received anything from me. But I know that I received so very much from them. I believe that experiencing hardships first hand through a Summer Service Project will undoubtedly change the way you view many things. The deadline for sign-ups is Feb. 7 at the Center for Social Concerns.

## Tutoring program really makes a difference

Dear Editor:

Most of us have been blessed with incredible educational opportunities, the ability to take advantage of these opportunities and tremendous familial support. There are hundreds of children in the South Bend area that lack one or all of these crucial assets, and they are calling out for our help. There are so many ways to offer that help, and the Neighborhood Study Help Program is one such way.

NSHP is a program that offers tutoring to children in first

through twelfth grades. As a tutor, you have the chance to really make a difference. All it takes is three hours a week, a caring and sharing heart and a little patience.

The children in this program need your academic, social and emotional support. NSHP has tutoring centers at 18 schools and after-school centers all over South Bend, but there are still many, many children that we aren't able to reach. In order to expand the program, we need your help. It is a two

day a week commitment, and the program provides transportation. Some things are worth making the time for. When you see these children and how their faces light up when you enter the room, you will know this is one of those things. If you are interested in participating in the program, call Patty at 283-4570.

## Non-Catholics have right to express opposing views

Dear Editor:

As a non-Catholic attending Notre Dame, I was insulted and angered by Jon Beane's narrow interpretation of this university's academic mission (The Observer, Jan. 22). I can only say I am glad the Administration does not share Mr. Beane's anti-intellectual views, for if it did I would not be here.

This University is not a cloister. Many who attend Notre Dame and many who teach here are not part of the Catholic Church. Those who come here, Catholic and non-Catholic alike, must be prepared to accept discussion of views with which they may not agree. In addition, because this University intentionally attracts students of all faiths, it has an obligation to provide an open academic forum beyond the dogma of the Catholic Church. To do otherwise is effectively to disenfranchise non-Catholics who consider themselves part of the church although they may not agree with all of her teachings.

Mr. Beane's narrow definition of "academic freedom" is simply not freedom at all. To say that at a Catholic university "many points are already

known to be true" ignores the fact that many people at Notre Dame disagree with this truth, and they have every right to do so. Mr. Beane seems to say that non-Catholics and their ideas should not be welcome at Notre Dame. If he is truly calling for the expulsion of myself and other non-Catholics because of our heretical views, let him say so. I do not think most students or faculty members would agree with him.

There are many ways for Notre Dame to emphasize its status as a Catholic university without resorting to the draconian censorship Mr. Beane proposes. Statements such as those made by Mr. Beane only serve to make non-Catholics feel as if they are second class citizens at Notre Dame. We all, Catholic and non-Catholic alike, have the right to be here and the right to express our views. Upholding the "Catholicness" of this university at the cost of free and open academic discussion would only cause the University to fail in its mission of teaching.

'No man can fight another like the man who fights himself. If you deal with the enemy within, then no enemy without can stand a chance.'

Bob Dylan

## LETTERS TO THE EDITOR

## Upcoming GCAG blood drive symbolizes union with war victims

Dear Editor:

The Gulf Crisis Action Group has repeatedly stressed its support for the soldiers in the Gulf war. We have taken the stance that the best support we could possibly give is to do all we can to have the President stop the war and bring the troops home safely to their families. We recognize and respect the sacrifice of those who are called to serve in the militaries, but reinforce our committed support for and solidarity with all the people suffering in the war zone.

Accordingly, on Feb. 13, Ash Wednesday, we are sponsoring a blood drive in solidarity with all victims of the war, to be overseen and run by the South Bend Medical Foundation's Central Blood Bank, an affiliate of the American Association of Blood Banks. The drive will take place in Theodore's in LaFortune from 8 a.m. until 4 p.m., with one hour off for

lunch. Sign up sheets are situated in the Center for Social Concerns and at tables in dining halls and the library. We encourage people to sign up early because only about 12 people per hour can be handled, so there will be room for approximately only 84 donors in the whole day.

At 7 p.m. the same day we will hold a public educational forum centered on the issue of victims of the war.

Before anyone questions our sincerity in this action, we want to take this opportunity to share with readers exactly why our group has decided to organize a blood drive, and what exactly it is to entail. From a representative of the South Bend Central Blood Bank we have learned the following information regarding blood donations and the war in the Gulf:

1) At the present time, 1000 units of blood per week are being sent from the U.S. to Allied

forces in the Gulf.

2) The local South Bend Blood Bank has not sent any blood out. It is on a waiting list and will be called on if necessary. At present, the Bank stresses to donors that donated blood will be used to keep up the regular local volunteer reserves of blood, and that is all until they are told otherwise.

3) It is a policy of all the blood bank organizations in this country that no designated blood is to be sent to the Gulf. This means that donors cannot dictate how their blood will be used. No one can ever know where, or even if, his or her blood has been sent.

Because it is highly unlikely that the blood will be used anywhere but in the U.S., we, as a group, see this drive primarily as a symbolic act of solidarity with all victims of the war, combatants and non-combatants, Kuwaiti,

American, Iraqi, British, Israeli, French or of other nationalities. Practically speaking, the blood will probably be used to help those in need in this county, and that can only be a good thing. In giving blood we are giving life; the action is a general support for human life.

We in the Gulf Crisis Action Group wish to stress that we do not intend this particular action to be a protest against or an endorsement of the war effort or any side in the war. For that reason we ask that no political signs or slogans appear near the location of the blood drive, in respect both to those who are suffering in the war and to those who wish to donate blood.

We are fully aware that others who might want to participate in this kind of event may not agree with us or our particular reasons for holding it. This does not matter to us

and should not matter to them. In fact, we encourage those who oppose our principles to join us, for our own reasons, in this one action that reveals our common ground. If this is indeed a time to show unity, then let us do so on this campus. We have our differences and are free to air them, but we can act together.

Many, many human beings are losing their blood right now in this war. We call on the students of Notre Dame, whatever their reasons, to take an appropriate stand this Ash Wednesday, to remember those bleeding in the Gulf and to act in fellowship with their suffering.

Vienna Colucci  
David Cortright  
Allan Crosbie  
Pan Smith  
David Palumbo  
Notre Dame Gulf Crisis Action Group

## ND students display hypocritical support

Dear Editor:

When we visited Notre Dame last year, we were told a lot of things about what this school was like. We knew that Notre Dame had one of the finest athletic programs in the country, and were told that the students show great support for the teams that represent them: "Just wait until football season; the students here just love their teams." Unfortunately, what we have seen to this point is not true support but, instead, a distorted and hypocritical version of it.

One thing our coaches always told us was that things always go well when you're winning. It's when you lose that your true character will surface. We think the student body should ask, "How well do you deal with adversity?"

In the Stanford football game, we lost to an unranked, unheralded team. However, upsets happen in every sport, especially football. It was appalling the way so many stu-

dents badmouthed Ricky Watters for dropping a punt. Where did the critics go after the Tennessee game? As if this wasn't enough, a few weeks later, after the Penn State loss, we actually heard people saying Lou Holtz doesn't know what he's doing. It always amazes us how ignorant some people can be about sports, thinking they understand a game they have never played, thinking they know more than a coach whose teams have lost four games in the last three years.

However, the thing which made us write is what has been going on at the last few basketball games. For those of you who may not have been to these games, our student body is showing its "basketball knowledge" by booing Digger Phelps, the Head Coach.

Yes, the team is not having a great year, but when you lose Monty Williams for the season, Tim Singleton gets hurt, and LaPhonso Ellis is declared academically ineligible, it's hard to

have a great year. A team which had questionable depth to begin with was not helped by these unfortunate occurrences.

Digger Phelps and the team are doing the best they can, considering the extremely tough 32 game schedule they play, which includes just six games against teams currently with a losing record. Coming into this season, Phelps' winning percentage at Notre Dame was 68%. Compare this to Mike Krzyzewski at Duke (69%), and Dale Brown at LSU (63%). These fine coaches certainly aren't booed as they are introduced at their home games.

We suggest that if you are going to boo Phelps, don't bother coming to the games. Stay home and do something productive.

## Facing aggression requires love

Dear Editor:

I agree with President Bush. We are in the Persian Gulf to stand up to lawless aggression. I do not agree with standing up to aggression and violence with aggression and violence. As we are witnessing, violence only escalates hatred, terrorism and killing. We have lowered ourselves to Saddam Hussein's level. We are called instead, to stand up to lawless aggression with a spirit of love, reconciliation, forgiveness and a shield of faith.

I believe economic sanctions meet this criteria. I also believe, given 18-24 months, economic sanctions could work, as Iraq's economy is almost totally dependent on exporting oil and importing consumer and military goods to survive. A ceasefire now, followed by continued economic sanctions,

would meet the U.N. goal of freeing Kuwait without further bloodshed.

As God's children, we are challenged to love—not kill—our enemies; to suffer, rather than cause suffering; to be merciful rather than revengeful. For though we live in the world, we are not to wage war as the world does, nor fight with worldly weapons (2 Corinthians 10:3-4).

Peacemakers who sow peace, not war, raise a harvest of righteousness and hold the possibility of winning over their enemies to a new way of thinking and living. Jesus asks us to go out into the world and make disciples of all nations. How are we to do this if we are killing them?

Julie Hart

## Attending candidates' debate insures student involvement

Dear Editor:

During our Administration, some of our decisions have been met with controversy. We understand that that is a normal part of any Administration. However, one comment which particularly bothered us was, "you made the decision without consulting the student body." It is impossible for the Student Body President and Vice President to consult the student body on every decision they make.

However, you may best insure that your voice will be heard by

voting for students who represent your beliefs. Attending the Student Body President/Vice President debate will provide you with the best means for determining the candidates' positions on the important issues. We urge you to come and question the candidates tonight at 7 p.m. in the Notre Dame Room on the second floor of LaFortune.

Robert F. Pasin  
Student Body President  
Fred Tombar III  
Student Body Vice-President

## U.S. armed forces deserve unconditional support

Dear Editor:

In response to Mr. Crossen's letter (The Observer, Feb. 1), I take issue with his statements. He states that in supporting war, one supports killing. I grant him this point, as it does seem rather axiomatic. But he goes one step further and states that if we support the men and women of the armed forces, we support killing. This statement is as flawed as it is reprehensible.

The men and women of our armed forces are the

instruments of our democratically-elected government. They, as we, are bound by the decisions of that government. If we do not like those decisions we certainly have the right to protest, but we are not less bound by a law we consider unjust than by one we consider just. Our soldiers understand that it is not their job to make policy—that is to be left to the government.

It takes no courage to protest government policy or to write a

letter to a newspaper. It takes tremendous courage to face death every minute in a war zone. Those who possess such courage will always have my unconditional support and gratitude. If Mr. Crossen has a disagreement with U.S. policy, I suggest that he take it up with those who make that policy, not those who fight and die as a result.

## Sophomore Literary Festival draws diverse authors

By ROBYN SIMMONS  
Assistant Accent Editor

Ever since 1967, when one sophomore began the tradition by single-handedly organizing a campus event celebrating the life and works of William Faulkner, the annual Sophomore Literary Festival has brought to the University of Notre Dame campus some of contemporary literature's finest authors and poets. They have included Kurt Vonnegut, Arthur Miller, Tennessee Williams, John Irving, and Ken Kesey, to name but a few.

This year the festival, in its twenty-fourth year, brings seven writers to campus between Feb. 10 (Sunday) and Feb. 15 (Friday) to read from their work and to share their insights and visions. Workshops conducted by the authors will take place the day following their readings at noon in the Hesburgh Library Lounge.

Leading off the festival is Larry Brown, the author of two collections of short stories and a novel, *Dirty Work*. Brown will read from his work at 8 p.m. on Feb. 10 (Sunday) in the Hesburgh Library Auditorium.

Before starting his writing career, Brown was the captain of the fire department in his hometown of Oxford, Mississippi. Brown's short stories have been published in several literary journals and *The Best American Short Stories* and *New Stories from the South* anthologies.

Brown published his first collection of short stories, *Facing the Music*, in 1988 and received the Mississippi Institute of Arts and Letters 1989 Award for Literature. Last fall Brown published a second collection of short stories, entitled *Big Bad Love*.

David Huddle, a poet and short story writer from the University of Vermont, will read from one of his works on Feb. 11 (Monday) at 8 p.m. in the Library Auditorium.

Huddle published his first book of short stories, *A Dream with No Stump Roots in It*, in 1975. Since then he has published four more collections of poetry and short stories: *Paper Boy*, *Only the Little Bone*, *Stopping by Home*, and *The High Spirits*. Two more works are scheduled for publication in the spring of 1992.

A native of Ivanhoe, Va., Huddle served in the U.S. Army in Germany and Vietnam from 1964 - 1967. He has degrees from the University of Virginia, Hollins College and Columbia University. Huddle is also the recipient of two creative writing fellowships from the National Endowment for the Arts.

Reginald McKnight, an African American short story writer, and Diane Wakoski, a distinguished poet, will make presentations on Feb. 12 (Tuesday) at 8 p.m. in the Library Auditorium.

McKnight recently won recognition with his story "The Kind of Light that Shines on Texas," which was included in *The Best American Short Stories* and *The O. Henry Award Winners*. In 1988 McKnight won the Drew

Heinz Literature Prize at the University of Pittsburgh for *Moustapha's Eclipse*.

McKnight was born in West Germany to a military family. After receiving his bachelor's degree from Colorado State in 1981, he taught English in Dakar, Senegal, for a year. McKnight received a master's degree in English from the University of Denver in 1987 and currently is an assistant professor of English in the writing program at the University of Pittsburgh.

Wakoski has published a large number of poetry collections since her first book, *Coins and Coffins*, in 1962. Selections from her various collections were translated in Romanian in 1982. Wakoski's most recent collections include *The Rings of Saturn* (1987), *Emerald Ice* (1988), and *Medea the Sorceress* (1990).

Wakoski's fellowships and grants include a USIA tour of Romania, Yugoslavia and Hungary, and a Fulbright for Writers to Yugoslavia in the fall of 1984. Since 1976 Wakoski has been writer-in-residence at Michigan State University and in 1990 she was designated university distinguished professor.

Wakoski was also a participant in the Sophomore Literary Festival in 1974.

Barry Hannah, known for his unique style in both stories and novels, will give a presentation of his work on Feb. 13 (Wednesday) at 8 p.m. in Washington Hall.

Critics have praised Hannah for having the lyrical style of William Faulkner. Hannah's first book, *Geronimo Rex* (1972), was nominated for the National Book Award and won the William Faulkner Prize. His latest novel is scheduled for publication in April.

Hannah was born in Clinton, Mississippi, in 1942 and currently teaches at the University of Mississippi. He has written seven books, and his articles have appeared in *Esquire*, *Harper's*, *Rolling Stone* and *The Southern Review*.

Greg Delanty, a visiting professor at St. Michael's College in Vermont, will read from his poetry on Feb. 14 (Thursday) at 8 p.m. in the Library Auditorium.

Selections from Delanty's poetry include "A Wake on Lake Champlain," "The Emigrant's Apology," "Observations by a Pond at Dusk in Gainesville, Florida with a Thank You," and "Setting the Type."

Delanty is originally from Ireland and his poetry is well respected in Ireland and in the United States. Delanty has already published one collection of his poems, *Cast in the Fire*. Another collection, *Southward*, is forthcoming.

The festival will close with a reading by Jaimy Gordon on Feb. 15 (Friday) at 8 p.m. in the Library Auditorium.

Gordon published her first novel, *Shamp of the City Solo*, in 1974. She recently won acclaim for her second novel, *She Drove Without Stopping*, which was published last year. Her most recent effort, *Lost Weddings*, is a translation of a German novel by Maria Beig.

Gordon was born in Baltimore, Maryland, and has degrees from Antioch College and Brown University. Currently she is an associate professor in the English department at Western Michigan University. She has received three creative writing fellowships from the National Endowment for the Arts and numerous awards for her works.

## Notre Dame student elections: a battle of 'intellects'

Choosing a college can be tricky. I'm surely not alone in deciding on Notre Dame largely based on the regular room cleaning and free laundry service that was so lauded by the upperclassmen who showed me around campus. Needless to say, I was disappointed last fall when I found two cleaning fluid bottles and an advertisement from Martin's cleaners had replaced those services. I felt like a highly-recruited athlete who found out the coach was leaving the day after he signed with his first-choice school.

I related that story recently during a heated discussion in La Fortune with John Phillips and Patrick Mitchell, a freshman and a junior running for Student Body President.

"But," John insisted, "I'll keep my campaign promises." "Do you have any credentials?" "I was on the Prom Committee in high school."

Great. "And I was secretary of the Honors Society."

Even so, aren't you being kind of ambitious? You don't even have a running mate like Pat's buddy Neil O'Hara.

"Yeah," said Patrick. "Doesn't that make it hard to have a clear stance on all of the issues?"

"And Neil does?" he retorted. "He thought Lunchfast meant you didn't have to wait in line."

"So what? I mean... he was right, wasn't he?"

All right, John, can't you run for some sort of Freshman post?

"No, they don't have real elections. That's one thing I want to change. At least we had the pretense of voting in high school."

O.K., so you have a right to run. But what's your platform?

"I want to privatize the dining halls. Sell 'em to Vic's Subs maybe. And replace the bookstore 'on the campus' with a Bookmobile. We can use the building as a multi-cultural center and for classroom space."

"You've got to be kidding," said Patrick.

"No, really. And I want to make Domino's deliver to the door (people think they're getting cocky), and I want to make the Towers co-ed by section and the ushers wear American flag

Chuck Young

Fresh Perspective

patches during basketball games. And the alcohol policy has to be changed. If you want to have a responsible party you have to charge people to get in just to cover the fines. That's not right, people shouldn't have to pay to drink at Notre Dame, it's just not right..."

Hang on a minute. What are your positions, Pat?

"I see this man as a real threat to everything we cherish at ND. That's why Neil and I are entering the race, even though we don't have experience in Student Government. We're willing to contribute some of our valuable time—time that we could spend garnering credentials that will help us get jobs—to help ND 'stay the course'."

So what's your platform?

"Well, we don't want to make any wild campaign promises we can't fulfill. Like most students here, we see Notre Dame being

exactly the same in 2050. Except for tuition, of course. There are some things you just can't fight."

So you don't have any positions?

"Oh, of course. They're just not so liberal. We strongly support holding An Tostal again this year and continuing the Bookstore Basketball tournament. We also unequivocally believe St. Michael's should be rebuilt as soon as possible. Not to mention our groundbreaking ideas on how to encourage students to attend football games. And we consider it especially important that Notre Dame continue its role as one of America's leading Catholic Universities."

Sounds ambitious. Well, does your campaign include anything innovative?

"One thousand sharp looking two color posters. And it's about time."

I mean, like new ideas for meeting the needs of the student body.

"Oh. Well, if elected, we will try to get ROTC units patrol Rape Road with M-16's, how's that? We're looking out for the

safety of the community."

"That's it," said John, "what about serious issues that we can actually affect, like integration?"

"Hey, just because most universities put Arts & Letters and Science in the same college doesn't mean we should. How can you be so backwards?"

"Chuck, I give up," John grabbed her books. "Do you think you can write a political column and get my name out there? Just once?"

"And make sure you mention me, too," said Patrick. "As you know, I'm serious about understanding and supporting freshmen. It's the middle of winter, the basketball team is struggling, they've got midnight parietals over JPW... Maybe we can't solve those problems, but at least we'll be defending the campus from people like him that want to change it for the worse."

*The preceding column was humor. Any similarities to real people or their opinions is solely the result of Chuck's bad luck.*

# Kansas State surprises No. 23 Oklahoma with 95-70 win

MANHATTAN, Kan. (AP) — Jean Derouillere triggered a quick getaway and then delivered two key baskets in the second half Tuesday night as underdog Kansas State cruised past No. 23 Oklahoma 95-70, the Sooners' most lopsided loss of the season.

After missing the game's first shot, Kansas State (12-8 overall, 2-5 Big Eight) hit 10 straight and seized a 21-8 lead.

The Sooners (15-7, 4-4) were trailing 67-49 when they made their only move. Bryan Sallier hit a pair of free throws and Mike Harris and Terry Evans dropped in two straight buckets over Kansas State's zone defense.

Keke Hicks, following Keith Amerson's turnover, hit a free

throw and then added a 3-point basket to make it 67-60.

But Derouillere, a 6-5 senior, sank two straight buckets, Jeff Wires hit a follow shot and Maurice Brittian tipped in Wires' miss, giving the Wildcats a 75-61 lead with 6:44 to play.

Oklahoma, which was ranked No. 3 last year when Kansas State carved out a 66-51 victory in Manhattan, failed to take advantage of a sudden Wildcat

cold spell beginning the second half. First Brittian, then Amerson each missed two straight free throws and Brittian muffed a layup.

But Oklahoma missed on three straight possessions in the meantime, and then Derouillere and Wires broke the drought with unanswered buckets.

A moment later, Brittian blocked a shot by Oklahoma freshman Jeff Webster and Amerson converted it into a

basket. The Sooners did not score in the second half until Sallier's three-point play with 16:51 left made it 55-39.

Derouillere led Kansas State with 23 points while Wires had 21 and Brittian 20. Sallier had 17 of his 18 points in the second half and Webster had 14, all in the first half.

Oklahoma's worse previous loss this year was a 22-point setback to No. 2 Arkansas.

Fun in the sun on the beach in our  
NEW Flamingo Inn. Rated  
AAA excellent. Call now 1-904-  
252-1412.

Dearest Cynthia,  
Still thy name eludes me, although  
methinks/ I have found thee out./  
Why your heart shrinks/ From self-  
revelation I do not know-/ Thy  
stated fear is that I would forego/  
The love thy heart bears for me if  
thy name/ Were revealed to me.  
Could it me shame/ That  
encourages silence? I cannot make/  
Love to a sonnet. I ask thee take/  
My quite humble and simply-versed  
rhyme/ (If rhyming be not now a  
terrible crime)/ As a sign of faith;  
of games I tire./ So this answer:  
Have you in Star Trek attire/ Been?  
I await your response. -Colin

Typical N.D. guy who happens  
to be gay, seeks same for  
friendship. I have roommates  
too, so discretion is  
important. Thanks! MARK,

# Morris and Hurst become next \$3 million men

NEW YORK (AP) — Jack Morris and Bruce Hurst became the 12th and 13th \$3 million pitchers in baseball on Tuesday when Morris signed with the Minnesota Twins and Hurst got a two-year extension from the San Diego Padres.

Morris, the winningest pitcher of the 1980s, rejected a \$9.3 million, three-year offer that would have kept him in Detroit and signed a one-year, \$3 million contract with the Twins. The pitcher has options for 1992 and 1993 at \$2 million a season.

If Morris pitches 240 innings and makes 34 starts in each of the next two seasons, the con-

tract would be worth \$11 million over three years.

"He brings us 240 quality innings," Twins manager Tom Kelly said. "That gives us somebody to look at if things are going bad — 'Let Jack pick us up tonight.' It helps the bullpen. It gives our young pitchers someone to look up to."

Minnesota spurned Morris after the 1986 season, when owners boycotted free agents. He was a new-look free agent this winter as part of the \$280 million collusion settlement, and this time he was able to change teams.

"It took four years and three free agencies to get him there,

but he's there now," said Morris' agent, Richard Moss.

Ten new-look free agents switched teams, three remained with their clubs for more money and two kept their old contracts. The 13 players with new deals signed for \$84.5 million over 33 years, an average of \$2.56 million a season.

Hurst, the most highly sought free agent two winters ago, got an extension though 1993 for \$6.4 million.

"Bruce Hurst is a very significant player and person in the Padres' plans for the foreseeable future," Padres general manager Joe McIlvaine said in a statement. "We are delighted to

be able to come to terms with him on this extension. We look for many good outings from Bruce over the next few years."

Hurst, who will make \$1.75 million in 1991 in the final season of his three-year, \$5.25 million contract, gets a \$500,000 signing bonus as part of the extension and salaries of \$2.75 million in 1992 and 1993.

San Diego has an option for 1994 at \$3 million or must pay a \$400,000 buyout.

Three players in arbitration agreed to contracts Tuesday, reducing the remaining players to 79.

Left-hander Norm Charlton, who made \$175,000 last year,

tripled his salary when he settled with the Reds at \$625,000.

Center fielder Daryl Boston and the New York Mets settled at \$750,000, a raise of \$440,000, while shortstop Luis Rivera agreed with Boston at \$565,000, a raise of \$255,000.

The first arbitration cases are scheduled for Wednesday in Los Angeles. San Diego catcher Benito Santiago and Montreal first-baseman outfielder Mike Aldrete both are scheduled for hearings.

Cubs pitcher Steve Wilson, who is not eligible for arbitration, signed for \$230,000, a raise of \$85,000.

# Cleveland makes Belichick NFL's youngest coach

CLEVELAND (AP) — The Cleveland Browns made Bill Belichick the NFL's youngest coach on Tuesday, hiring the New York Giants defensive coordinator to resurrect the Browns from the rubble of last season.

The 38-year-old Belichick was given a five-year contract to replace Bud Carson, who was fired Nov. 5 after the Browns lost seven of their first nine games.

"It gives me a great deal of pride and pleasure to be a part of this organization," Belichick said. "I'm tremendously proud to be here. The interest here is tremendous, as it is with the team I was with, the New York Giants."

Former offensive coordinator

Jim Shofner finished the season as interim coach but took his name out of the running because he was unable to halt the team's slide.

Cleveland's 3-13 mark was the worst in the franchise's 41-year NFL history, a shocking turnaround from five straight trips to the playoffs. Injuries and retirements depleted the offensive line while contract problems wrecked morale on the defense.

Belichick's prospects of becoming a head coach were enhanced by the Giants' defensive performance last season, including their 20-19 Super Bowl win over the Buffalo Bills on Jan. 27. He also was a candidate for the Tampa Bay vacancy, which went to former

Bucs assistant Richard Williamson on Monday.

Browns owner Art Modell chose Belichick over several other candidates, including Los Angeles Raiders quarterbacks coach Mike White, former Los Angeles Rams defensive coordinator Fritz Shurmur, Seattle special teams coach Rusty Tillman and Kansas City defensive coordinator Bill Cowher.

"Prior to taking this job I had very lengthy discussions with Art and other front office members," Belichick said. "I feel very comfortable with Art and how the organization works and I feel we can win with it."

"I want to be involved in all facets. I've coached offense, I've coached defense, and I've coached special teams."

Everybody is going to work together and we are going to get it done. I want an aggressive, hustling team with a good work ethic."

Modell described Belichick as a coach who reminds him of Don Shula. At age 60, Shula has coached 28 consecutive NFL seasons, the last 21 with the Miami Dolphins.

"I've been disappointed before, but I don't expect to be disappointed this time," Modell said. "We're not a 3-13 team, nor are we a 13-3 team. I think we are a competitive team. I will not give him nor myself a time frame. I tried that before and it doesn't work."

A native of Nashville, Tenn., Belichick is the son of Steve Belichick, a former fullback

with the Detroit Lions and a long-time assistant coach at the U.S. Naval Academy. The elder Belichick played football at Western Reserve University in Cleveland and coached at nearby Hiram.

The younger Belichick, who attended Wesleyan University, began his NFL coaching career as an assistant with Baltimore in 1975. He moved to Detroit as an assistant in 1976, then went to Denver in 1978 before joining the Giants under Ray Perkins in 1979. He remained in New York when Bill Parcells took over as the Giants' head coach in 1983.

Belichick is the eighth head coach in Browns' history, not counting two interim coaches.

Last year, the Raiders' Art Shell, 44, was the youngest coach in the NFL.

## STUDENT BODY PRESIDENTIAL DEBATES

## Pistons down 76ers, Wolves upset Jazz

AUBURN HILLS, Mich. (AP) — Mark Aguirre came off the bench to score 10 of his 21 points in the fourth quarter as the Detroit Pistons rallied to beat the slumping Philadelphia 76ers 107-98 Tuesday night.

Vinnie Johnson, starting for the injured Isiah Thomas, also had 21 points. Joe Dumars added 19 points as the Pistons won for the sixth time in seven games since Thomas was injured.

Charles Barkley, playing despite a sprained left ankle, had 23 points to lead the 76ers, losers in seven of their last nine games. Armon Gilliam added 22 points.

The lead see-sawed until John Salley blocked Barkley's attempt at an easy banker. Bill Laimbeer then sank his third 3-pointer with 36.4 seconds left to seal the victory.

### Hawks 118, Cavs 114

ATLANTA — Dominique Wilkins scored 14 of his 40 points in the final 7:50 as Atlanta snapped a six-game losing streak and won its 15th straight home game by beating woeful Cleveland.

The Hawks blew a 19-point second-quarter lead when the Cavs fought back to gain ties of 77-77, 83-83 and 87-87. Duane Ferrell's driving layup with 8:25 remaining broke the final tie and gave Atlanta a lead it never relinquished.

Wilkins, who also had 13 rebounds, stretched the lead to 91-87 with a one-handed slam dunk on a rebound and later added two three-point plays to stretch the lead to 103-96.

It was the fourth road loss in a row and 22nd in 27 games overall for Cleveland, which got 28 points from Darnell Valentine, 23 from Henry James and 19 from Larry Nance. Glenn Rivers added 19 points for Atlanta.

### Magic 118, Knicks 116

ORLANDO, Fla. — Scott Skiles sparked a 16-6 fourth-quarter burst and Greg Kite hit a layup with 37 seconds remaining as Orlando won for the third time in four games.

Skiles scored 23 points and Dennis Scott 20 as the second-year Magic swept the season series 2-0 to hold a lifetime 4-2 advantage over the Knicks. New York lost for the fifth time in seven games.

The Knicks overcame an eight-point deficit to tie the game at 116 with 1:01 left. But Jerry Reynolds slipped a pass to Kite, who hit the decisive shot from the left baseline with time running out on the shot clock.

New York, which got 28 points from Kiki Vandeweghe and 21 from Patrick Ewing, had two opportunities to tie. Ewing, who sat for more than four minutes with foul trouble, missed a turnaround jumper with 28 seconds remaining, and Maurice Cheeks' off-balance jumper bounced off the rim at the buzzer.

### Wolves 94, Jazz 93

MINNEAPOLIS — Sam Mitchell's 15-foot jumper with 11.4 seconds left capped a 22-point performance, giving him 87 points in three games and the Minnesota Timberwolves their first victory ever over the Utah Jazz, 94-93 Tuesday night.

The second-year Timberwolves beat teams with winning records in successive games for the first time. They are 3-20 against winning teams this season.

Tyrone Corbin had 18 points and Tod Murphy 15 rebounds for Minnesota, which was coming off a double-overtime victory over Philadelphia.

Thurl Bailey missed a 20-

footer at the buzzer for Utah, which lost for the first time in eight games against Minnesota while its three-game winning streak ended. Karl Malone scored 29 points and Blue Edwards a career-high 25 for the Jazz. John Stockton added 14 points and 17 assists.

Malone scored eight points during a 12-3 surge that gave the Jazz a 93-90 lead with one minute left. After Tony Campbell made a jumper to cut the deficit to a point, Corbin blocked Darrell Griffith's long jumper and the Jazz turned the ball over on a 24-second violation.

Corbin missed a drive, but the rebound was knocked back to Mitchell, who hit from the foul line. Mitchell was the hero for the second straight game. He had 37 points in 58 minutes and put the Timberwolves ahead for good in their victory over Philadelphia.

Stockton's pass was deflected out of bounds with 2.5 seconds left before Bailey missed from the right baseline.

### Mavs 114, Pacers 109

DALLAS — Derek Harper scored 24 points and had a key steal and offensive rebound in the last 30 seconds Tuesday night as the Dallas Mavericks rallied in the second half to beat the Indiana Pacers 114-109.

The Mavericks took the lead for the first time late in the third quarter with a 19-6 run, fueled by Herb Williams, who scored 14 of his 16 points after halftime.

Indiana closed to 101-100 on Greg Dreiling's follow dunk with 2:59 left. Rolando Blackman, who had 22 points, sank a jumper and two free throws to put Dallas ahead 109-106 with 27 seconds left.

## Top recruits say they'll play at ND

Special to the Observer

The nation's fastest high school football player is one of two Texans who have verbally committed to attending Notre Dame next year.

Mike Miller, a 5-7, 155-pound wide receiver from Sugarland, Texas, has run the 100 meters in 10.1 seconds and is being widely touted as an eventual replacement for junior flanker Raghib Ismail, who plans to enter the NFL draft this year.

Miller ran for 635 yards and eight touchdowns this season, while catching 35 passes for six touchdowns. The senior, who chose the Irish over Miami and Texas, also returned five of 10 punts and kickoffs for touchdowns.

Chicago-based recruiting analyst Tom Lemming said Miller was "a big catch for Notre Dame, perhaps its biggest catch for a long time."

The Irish also received a verbal commitment from one of Texas' best defensive players, Hunter Bakich, and Pennsylvania quarterback Paul Failla.

Bakich recorded 194 tackles and nine quarterback sacks his

senior year. The 6-3, 210-pound linebacker has been clocked at 4.4 in the 40-yard dash and bench presses 320 pounds. Bakich chose Notre Dame over Miami, Texas, Colorado and Texas A&M.

Failla, a 6-3, 185-pound quarterback, connected on 63 of 118 passes for 1,028 yards this year. The Wexford, Penn., native ran for 11 touchdowns while throwing for 14. Failla, who runs the 40 in 4.6, is also a top baseball prospect and is expected to be drafted.

Today is official signing day. The Irish are still waiting for commitments from Lee Beckton, a top running back from North Carolina, and lineman Peter Kendall from Massachusetts.

## LaSalle

continued from page 20

Woods (46 pts) and Overton (45 pts) combined to set an NCAA record with 91 points between them.

And, if an opponent concentrates on Woods and Overton too much, 6-6 swingman Jack Hurd (17.3 ppg) has the ability to beat them, especially with the trifecta.

Irish coach Digger Phelps knows his Irish will have their hands full with the trio.

"You're going to find Overton, Hurd and Woods really coming after the shooting," said Phelps. "Those kids are really active shooting threes."

Phelps also cited penetration of the lane by Overton and Woods as key points of concern for the Irish.

Notre Dame needs a strong game from its big men, especially from center Keith Tower. Milko Lieverst, the Explorers' import from the Netherlands, is LaSalle's leading rebounder (8.6 rpg), but stands only 6-9. The only other Explorer regular taller than 6-6 is reserve forward/center Bron Holland, who is 6-8.

Phelps thinks the Irish have to use their height advantage to beat the Explorers on the inside.

"We're going to have to do a

job on the boards," said Phelps. "We've got to try to get the ball inside and score our points that way."

The Explorers are coached by Bill "Speedy" Morris, the first Division I coach to go from coaching a women's team (at LaSalle) to a men's squad. Morris is one of only three coaches ever to win 100 games in his first four seasons.

Morris has the Explorers playing an uptempo style, as evidenced by their 68-point first-half outburst at Loyola Marymount, and 66-point second-half effort against Villanova.

"They've really adjusted well without Simmons, to play this type of game now, where obviously they want to run, push the ball, shoot it," said Phelps. "And I think the thing we're going to have to control is their perimeter-shooting game."

The Explorers had their 27-game Metro Atlantic Athletic Conference win streak snapped earlier this season against Iona, but they jumped right back in the saddle and currently are riding a seven-game win streak, and are shooting for their fourth straight MAAC Championship and the NCAA berth that goes with it.

The Irish are playing their fourth game in eight days and will have played five games in 11 days when they play Syracuse on Saturday.

**Research saves lives.**

**swatch+**

**FREE TUITION SHOOTOUT**

**HOOPS UPSIDE YOUR HEAD**

We want to bounce this one off you:

How would you like Swatch to pay part of your tuition bill for next semester?

To have a shot at this, just go to the next "Swatch Free Tuition Shootout" game:

Wednesday, February 6, 1991  
Notre Dame v. LaSalle

(you must fill out an entry form at the Gate 10 Entrance to be eligible)

If you're chosen, you'll be summoned to court during halftime to take the shortest test of your life. You'll have 30 seconds to make the following three shots: (1) One Lay-up, (2) One Free Throw, (3) One 3-Pointer. If you make all three before the clock runs out, you'll have netted yourself a partial tuition payment from Swatch. The only other requirement to win is that you're a full time undergraduate student. So support the Fighting Irish this semester! And Swatch might end up supporting you next semester!

SPORTS BRIEFS

**THE ND CRICKET CLUB** will have practice today at 11 p.m. in Loftus. All students and faculty are encouraged to attend and bring equipment. For information, call Marko x3419 or Tim x1556.

**BODY FAT TESTING** will be held today from 7-9 p.m. in the football auditorium of the JACC, free of charge, sponsored by Non-Varsity Athletics.

**ATTENTION CREW MEMBERS:** meeting this Thursday, Feb. 7 at 7:30 p.m. in 118 Nieuwland. \$40 dues must be in. The erg race will be discussed and issue sweats will be distributed. For those who have not paid, sweatshirts are \$25 and sweats are \$19. Bring your checkbooks.

**COME SEE THE IRISH WRESTLING TEAM** take on No. 5 Nebraska at 7:30 p.m. on Thursday, Feb. 8 in the JACC. Gift certificates to Macri's Deli will be given away.

**OFF-CAMPUS LACROSSE** - Anyone interested in planning call Mike or Pete at 287-2218, no talent necessary.

**THE HAPKIDO CLUB** meets Tuesday and Thursday at 7:30 p.m. in Rm. 219 Rockne. Learn self-defense and sparring techniques. Beginners welcome. For more information, call Ron at x3504.

**STUDENTS INTERESTED** in 1991 Bengal Bouts promotions should attend at meeting at 7 p.m. on Wednesday, Feb. 13 in the Boxing Room at the JACC.

**THE ND/SMC WOMEN'S LACROSSE TEAM** will have a meeting on Tuesday, Feb. 12 at 7 p.m. at Angela Athletic Facility. For more information, call Cathy at 284-4456.

# Bruins beat Oilers in OT, 6-5

BOSTON (AP) — Ken Hodge completed the first hat trick of his NHL career by scoring with eight seconds remaining in overtime to lift the Boston Bruins to a 6-5 victory over the Edmonton Oilers Tuesday on Tuesday night.

Petr Klima scored three goals for the second time in four games for the Oilers and Craig Simpson had the other two goals for Edmonton, which led 4-1 early in the second period before Hodge led Boston's comeback.

The victory gave the Bruins a 15-2-2 record against the Oilers in regular-season games at the Boston Garden. The Oilers are 4-0 in playoff games at Boston.

It was the ninth victory in 11 games for the surging Bruins, who tied Chicago for the lead in the overall NHL standings with 72 points. Boston outshot the Oilers 39-24 while snapping Edmonton's four-game winning streak.

## Kings 3, Flyers 2

PHILADELPHIA — Luc Robitaille's 30th goal of the season snapped a third-period tie and lifted the Los Angeles Kings past the Philadelphia Flyers 3-2

on Tuesday night.

Robitaille, who broke a tie late in the third period of the Kings' win Monday night in Detroit, took a pass from defenseman Bob Halkidis and beat Ron Hextall to the far side with a slap shot from the right circle at 7:53. It was Robitaille's 21st goal in his last 30 games.

The win was the Kings' fifth in their last six games and moved them six points ahead of second-place Calgary in the Smythe Division. The Flyers have lost two straight home games and three of their last four overall.

LA's Wayne Gretzky, playing in his 900th NHL game, was held pointless for only the fifth time in 53 games this season.

Los Angeles tied the game 2-2 at 10:09 of the second period. Steve Duchesne collected his 15th goal of the season when he picked up a loose puck in the slot and knocked it under Hextall's leg. Dave Taylor's assist on the goal gave him his 1,000th NHL point.

Philadelphia had taken a 2-1 lead 87 seconds earlier when Norman Lacombe scored on a penalty shot at 8:42. Los Ange-

les defenseman Rob Blake threw his stick at Lacombe after colliding with teammate Brian Benning. Lacombe's slap shot beat Kelly Hrudey over his left shoulder for the Flyers' second penalty-shot goal this season.

## Capitals 5, Canucks 3

LANDOVER, Md. — Dino Ciccarelli scored his 400th career goal early in the third period to ignite a four-goal rally that lifted the Washington Capitals past Vancouver 5-3 Tuesday night, extending the Canucks' winless streak to seven games.

Ciccarelli, Al Iafrate and Dale Hunter scored in an 8:27 span as Washington overcame a 3-1 deficit to hand Canucks coach Pat Quinn his second loss without a victory since taking over for Bob McCammon on Jan. 31.

Mike Ridley added an empty-net goal with 13 seconds left as Washington scored more than two goals in a period for the first time since Dec. 7.

Michal Pivonka had three assists for the Capitals, who had two shorthanded goals and ended a 1-for-39 power-play drought on Hunter's game-winner with 6:28 left.

# Canseco's wife wants hearings moved

MIAMI (AP) — The wife of Oakland A's right fielder Jose Canseco is seeking to move the couple's divorce proceedings to California.

Canseco filed for divorce in Florida on Jan. 16. In the divorce papers, Canseco said his marriage to Esther was "irrevocably broken."

Miami attorney Luis Delgado said Canseco was attempting to take advantage of Florida divorce laws.

"Jose Canseco would stand to benefit greatly if the divorce proceedings were held in Florida," Delgado said in a news release on Tuesday.

Delgado said the Cansecos

have not been residents of the state of Florida since April 1988.

"They live in California, work in California, pay resident taxes, have checking and savings and investment accounts there," Delgado said.

In California, community property is split 50-50 in divorce proceedings.

Canseco, 26, won a \$10,000 bet with teammate Dave Stewart in 1988 by getting married before a Nov. 5 deadline.

He married Esther Haddad of Miami in a civil ceremony in Coral Gables on Oct. 25, 1988.

The Canseco's own two vaca-

tion homes in Coral Gables, where they spent time during the offseason, Delgado said.

"My client simply wants what she is legally entitled to," Delgado said.

Mrs. Canseco made headlines last October for criticizing Oakland Manager Tony La Russa, who benched an injured Canseco for Game 4 of the World Series.

"He's a punk," Mrs. Canseco said of La Russa at the time. "Let them (the Reds) sweep us. I should have worn a red dress."

Canseco, bothered by a sore back, played poorly in Cincinnati's four-game sweep of the A's last October.

# Fencing

continued from page 20

losing a maximum of three bouts against any one foe.

"The epee squad was the most consistent team this weekend," said women's coach Yves Auriol.

Though the men's foil team did lose one team match for the weekend, the team performed well overall, garnering a 7-1 record.

The squad's only loss, to North Carolina, came at the end of a long day of fencing.

Sophomore star Noel Young, who was absent from the Irish lineup the previous week with

illness, was 19-5, and senior captain Phil Leary also foiled well, with a 16-4 record.

The Irish women's team was also undefeated for the weekend, as Heidi Piper was a spotless 29-0. Captain Lynn Kadri fenced a strong 23-6, and Anne Barreda, Rebecca Haugh, Kelly Haugh and Margaret Connor all brought in winning records for Notre Dame.

This success, however, did not come as easily as it may seem, as the Irish survived two key injuries incurred Saturday.

"We were struggling because Rebecca Haugh sprained her ankle, and Anne Barreda hit her head," said Auriol.

The Notre Dame women now have a 17-0 record, which includes a convincing victory over defending national champion Wayne State last month.

But despite the teams' excellent performances this weekend, Auriol maintains that the NCAA tournament will not be as easy.

"This weekend was some improvement, but we have a long way to go," he said.

Both teams will compete in Detroit this weekend.

## Ditka, Bears sign three-year contract

LAKE FOREST, Ill. (AP) — Mike Ditka will be prowling the Chicago Bears' sidelines for the next three years after agreeing to a new contract on Tuesday.

"We worked it out in a matter of minutes," team president Mike McCaskey said of the new deal, worth an average of about \$1 million a year according to a report on WBBM-TV. "We don't believe in agents. We worked it out man-to-man and face-to-face."

"There was never much of a doubt in my mind that Mike wouldn't be coaching for us," McCaskey said. "We talked a number of times and it wasn't so much about the contract. It was more reflecting on the past season and things we did well and things we didn't do so well. I think we came up with some good ideas."

Ditka was absent for the announcement. He was on his way to Palm Springs, Calif., for a golfing vacation.

McCaskey said Ditka is the

personification of Bears football.

"He has done an excellent job coaching the Bears. He helps us take the field and play football the way the Chicago Bears should," McCaskey said. "We are one of the teams in the NFL that have a distinctive personality. We play tough, hard-nosed football on defense, and a lot of it stems from Mike Ditka."

Ditka has coached the Bears since 1982. He was named coach of the year in 1988 when the club went 12-4 although he missed a month in the middle of the season due to a mild heart attack.

In 1989, the Bears slumped to 6-10, but came back this past season to win the division with an 11-5 record and defeated New Orleans in the first round of the playoffs before losing to the New York Giants 31-3 in the NFC semifinals.

McCaskey said the Bears' collapse in 1989 had triggered

doubts in Ditka's mind over whether he wanted to continue coaching.

"We all are aware the year before had not been a very pleasant or enjoyable one for Mike Ditka or for any of the Bears," he said. "I think during that time, there was a question in his mind whether he wanted to continue with football and if it was fun and enjoyment enough to offset the aggravation that necessarily comes with being so public and so heavily scrutinized."

He also said money was not a problem.

"At this point in his career, money is not the most important thing for Mike," McCaskey said. "He does have extraordinary opportunities being in Chicago."

"We've already turned our attention to getting to the Super Bowl, planning for the NFL draft and getting the coaching staff all geared into acting as one."

## SMC basketball faces tough rivals

By CHRIS BACON  
Saint Mary's Sports Editor

The Saint Mary's basketball team will look for victory tonight in a rematch with the University of Chicago.

At the Saint Mary's Roundball Classic, Chicago beat the Belles (8-6), 85-73. Coming off of Saturday's loss to Olivet College, 64-74, the Belles know they need to make changes.

"We've started behind in the last three games," explained Belles head coach Marv Wood. "We have to get started. We can't give up 10 to 20 points early and expect to beat them."

The next three opponents for the Belles are the strongest on the schedule. After facing Chicago tonight, the Belles host Division III National

Champions Hope College and then Rosary College. The Belles lost to Hope earlier this season in a close contest, 62-59.

Tonight, the Belles are keeping their eyes on three players. Guard Chris Maschka scored 16 points in the last matchup.

Catherine Fitzgerald, point guard, scored 14 points. Forward Ebony Howard led Chicago in its victory by tallying 22 points.

"We weren't doing the job on boards against Howard," added Wood. "We'll have take some of their strong perimeter shots away. It's not going to be easy, but it can be done if we pay the price."

"We already played them and we should know what to do to beat them," added junior forward Janet Libbing. "We got some things to show ourselves and to our coaches. I think we can do it."

## Wuss

continued from page 20

has a hall formal Friday, but her fiancée has other obligations. "I wanted to go to the dance, but I didn't want to break his heart," she says.

Guess what dorm her fiancée lives in?

"Wuss Hockey comes before all else," says Mike Burk, shrugging his shoulders as if he had no choice between Wuss Hockey and a Walsh formal.

Scarmack, Burk's roommate, never had skated in his life before coming to Notre Dame and, since he'd been here, never had mastered the craft.

Scarmack's "coach," Chet Milensky, is also a senior in Dillon who sees Scarmack's situation as completely regular.

"The ice is a universal handicap," says Milensky, who is not playing Wuss Hockey because he doesn't wish to injure himself and endanger his participation in another sport, car racing. "Nobody skating out there on Wuss Hockey has mastered the ice. The ice is a handicap."

"Yeah," says Scarmack. "And I'm utterly disabled."

Although Scarmack's level of play—even though it has improved—is a bit below the norm, it really does not matter how bad you are at the sport. This makes it uniquely charming.

"It's a sport where you get praised for being the worst," says Mike Morin. "You don't have to worry if you stink."

Be that as it may, Wuss Hockey enables Dillonites to vent their anxiety on the ice—in a sporty way.

"You can go totally out to kill your roommate and not worry about hurting them," says Kraemer.

This is because everybody is so blatantly bad at the sport that no one can deliver any real harm on anyone else. But some would dispute that claim.

"It is the most painful (sport) I've played at Notre Dame," says Scarmack, whose hips and knees have seen many a bruising. "But it's extremely fun. It's male bonding at its most absurd."

Our undergraduate officer commissioning program gives you the opportunity to get more than a B.A. or B.S. It gives you a chance to get a career started plus:

- Earn \$100 a month during the school year
- As a freshman or sophomore, lets you complete your basic training during two six-week summer sessions
- Lets you get in line for one of our graduate programs as a junior

### Earn a degree in leadership.

■ Lets you take civilian flying lessons

So, if you're looking for a chance to lead, check out the Marine Corps undergraduate officer program. You could start off making more than \$20,000 a year from the start.

We're looking for a few good men.

## Women down Loyola 81-61, up record to 16-3

The Observer/David Lee

Karen Robinson was one of five Notre Dame players to score in double digits Tuesday night, adding 13 points.

## Davis scores 1000th point, Knapp leads Irish with 21

By RENE FERRAN  
Sports Writer

After weeks of quizzes, the Notre Dame women's basketball team awaits its biggest mid-term exam of the regular season.

The 20th-ranked Irish passed its final test last night with flying colors, cruising to an 81-61 victory over Loyola University. Notre Dame is off until Saturday evening when the team travels to Knoxville to face fifth-ranked Tennessee.

The Irish had a balanced scoring attack against the Ramblers, with five players in double figures. Freshman Kristin Knapp scored a career-high 21 points and pulled down nine rebounds to lead all scorers.

"Coach (Muffet) McGraw has always known that I can score, but she's been asking me to do more rebounding and defensive work on the blocks, and I've been trying to up that part of my game," Knapp said. "I can rebound the way I did tonight all the time, but it's just a matter of doing it."

Junior Margaret Nowlin added 16 points and 11

rebounds before fouling out with 4:30 remaining. Karen Robinson tallied 13 points and eight assists, Krissi Davis 11, and Sara Liebscher, 10.

"We've had that kind of balance all year, but not so much in one game. It's a great sign to have a couple of people in double figures," McGraw said.

Stephanie Schink led Loyola with 20 points and seven rebounds, and Cindy Pruim added 10 points. Sherry Metz, the Ramblers' leading scorer coming in to the game, was held to only five points on the night.

Both teams played sloppily in the early going as the Ramblers committed seven turnovers and the Irish six in the first seven minutes of the game. Notre Dame was down four quickly, but ran off 17 unanswered points to take a 21-8 lead with 11:17 to go in the first half.

Knapp scored eight of Notre Dame's next 12 points as the Irish extended their lead to 15 with 5:26 remaining before settling on a 37-25 halftime advantage.

Notre Dame came out red-hot to start the second half, going on a 23-2 run in the first six minutes to put the game out of reach. The Irish led 60-27 with

13:45 remaining, and coasted from there.

"We didn't play up to our potential on defense," Schink said. "We can play a lot better than we did tonight."

Davis had nine points during the spurt, including her 1,000th career point on a free throw with 19:08 to go. She is only the eighth player in Irish history to accomplish that feat.

For the game, Notre Dame shot 50 percent from the field, while holding Loyola to only 40.3 percent. The Irish also outrebounded the Ramblers 45-31.

Turnovers once again plagued Notre Dame. The Irish had 26 overall—18 in the first half—while also forcing 25 from Loyola. It is one of the areas of concern for Notre Dame as it looks ahead to Saturday.

"In the beginning of the season, we were a running team. We ran the ball all the time, but at the same time, we were playing smart and protecting the ball," Knapp said. "But in the past few games, we've been running a little bit, but we've had more turnovers. We need to work on little things like that and mentally prepare for Tennessee."

## Fencers maintain perfect record

By ROLANDO DE AGUIAR  
Sports Writer

Undefeated and unchallenged, Notre Dame's fencing teams traveled to Princeton last weekend to face their toughest competition of the regular season.

Though both the men's and women's teams faced stiffer challenges in New Jersey than they had against Midwestern foes, their records escaped unscathed.

The Irish men (20-0) rolled to victories over eight opponents, and won all but one event over the weekend.

The Irish sabre team, led by Leszek Nowosielski, went undefeated at Princeton, downing Brown, Cornell, Duke, North Carolina, North Carolina State, New York University, Princeton and St. John's by a combined score of 60-12.

Nowosielski was 15-0 in the tournament. Other Irish standouts included Chris Baguer and

James Taliaferro, who brought in identical 12-3 records, while Ed Baguer was 8-1 for the Irish.

Notre Dame's epee squad won all eight of its matches as well, taking 53 of 72 bouts. David Calderhead won 21 bouts for the Irish, while losing only three. Junior Jubba Beshin was 15-3, and freshman Grzegorz Wozniak went 15-7 for the weekend. The epee team did not falter against any opponent,

see FENCING / page 17

## ND ready for LaSalle challenge

By RICH KURZ  
Sports Writer

A basketball team which loses a consensus Player of the Year, the school-record holder in nine categories, including most points and most games played, can usually be expected to experience some rough times when that star leaves.

For the LaSalle Explorers, that hasn't happened. Despite the graduation of Lionel "The L-Train" Simmons, the Explorers have been able to keep up their excellent level of play, notching a 14-3 record so far this season.

Notre Dame coach Digger Phelps is wary of the Simmons-less Explorers, who roll into the Joyce ACC tonight at 8 p.m. to take on the Irish (8-13). Notre Dame will be looking to avenge last year's 86-78 loss at LaSalle's hands.

"With Simmons out, everybody thought that this LaSalle team may not be as strong, but I think they're very good. It's obvious. Their record shows it," Phelps said.

LaSalle's strength clearly rests in its backcourt, which is led by 6-3 point guard Doug Overton, an All-American candidate. Overton is among the leading scorers in the country, averaging 25.7 points per game

The Observer/Scott McCann

The Irish will depend on Keith Tower tonight when 14-3 LaSalle comes to the JACC at 8 p.m.

and 4.82 assists. He tied with Simmons for high-point honors against the Irish last year in Philadelphia with 27.

Overton is joined in the backcourt by Randy Woods, like Overton a product of Philadel-

phia's Public League. Woods is also an explosive scorer, accounting for 22.1 points a game. Against Loyola Marymount earlier this season,

see LASALLE / page 16

## Dillonites like to fall for 'Wuss' Hockey

Delicately placing the blades of his skates onto the ice, Mark Scarmack abandons the security of the ice rink's handrail and stands, tentatively, on the slick surface. He holds a hockey stick in his gloved hands, wears a helmet and probably has either knee pads or elbow pads at his disposal.

Inching his way down the rink, the 6-foot-4, 250-pound specimen is passed by several speeding skaters, all wielding sticks and wearing helmets. Scarmack looks one way, then another, dazzled by the whirl of oncoming bodies.

He resumes his steady pace.

Before he knows it, a referee sounds a whistle, and a puck is inserted into the middle of the rink. Suddenly Scarmack is watching people handle the puck with consummate inexperience.

The puck comes close to him and his defensive position obligates him to stop advancing intruders from scoring a goal. He turns quickly, quite unlike he is accustomed to doing while still retaining his balance, and falls to the ice with a resounding thud.

Chuckling, tittering and full-blown laughing ensues from the gallery.

Where are we?

We're at the Joyce Athletic and Convocation Center ice rink, watching Dillon Hall's fabled Wuss Hockey league, a late-night demonstration of bumbling athletic prowess.

What is Wuss Hockey? It's a realistic name for a league comprised almost entirely of Dillon and former Dillon residents playing hockey, late at night, against each other. Of course, if you have previous hockey experience, you're not allowed to shoot at the goal, and if you're on the Notre Dame team, you can't play.

The dorm rents the JACC ice rink on weekend nights when most people in the South Bend community are busy sleeping, and charges each team a flat fee for ice time. For the cost, these Dillonites get to play five one-hour hockey games, broken up over about six weeks.

Aside from a few significant bumps and bruises, the players receive an ungodly amount of fun, too much fun to miss for a measly party on campus or a night at the bars. By the end of the game, the players are usually tired, exhilarated and in search of a shower.

"It's the most fun I've ever had playing a sport," says senior Dave Kraemer. His roommate, Pat McQuillan, sees the rare opportunity implicit in the sport.

"When are you going to get a chance to play hockey on a real rink with your friends, huh?" he asks, presumably rhetorically. "How often is that going to come up, huh?"

Others share in his evaluation. Lisa Datz, a senior in Walsh,

see WUSS / page 18

Scott Brutocao
