Mudslide kills 175 in Colombia

Associated Press

MEDELLIN, Colombia -An avalanche of red mud and rock killed at least 175 people, including 43 children, when it thundered down a mountain-side and onto a slum area, officials said Monday.

Some residents estimated up to 500 people were missing in the scores of buried shacks.

At least seven of the children killed were attending first Holy Communion parties when buried under the landslide Sunday in Villa Tina, an impoverished area of the industrial city of Medellin.

"We heard the noise that sounded like an explosion and soon afterward a huge mass of rocks and mud descended upon us," said Mary Mosquera, who lost three daughters in the avalanche. "They were trapped by huge rocks and we couldn't do anything to rescue them."

Mayor William Jaramillo Gomez told the radio chain Todelar that about 200 people were injured.

A few survivors were pulled from the mud Sunday afternoon, but no one was found alive in the mud Sunday night or Monday morning, he said.

Exhausted workers dug through 20 feet of mud Monday but found no survivors - just bodies. Slum dwellers wandered through the area searching for dead or missing relatives. Other residents tried to

find belongings lost in the mudslide.

Rescue workers said they were guided in recovering many bodies by dogs howling at the spots where their owners were buried.

By nightfall, 175 bodies had been recovered, some buried under more than 36 feet of mud, the Fire Department said.

Jaramillo Gomez suspended work later Monday as torrential rains for the fourth consecutive day threatened to send more mud tumbling on top of workers, according to Caracol, Colombia's largest radio network.

There were several small mudslides during the night on Sugar Loaf Mountain, overlooking Villa Tina, but they caused no new casualties and little damage, he said.

Jaramillo Gomez told Caracol he had ordered that all victims, many of them unidentified, be interred immediately to prevent any outbreak of disease.

At least 50 people were buried in a mass grave, while the remaining bodies were to be buried Tuesday, he said.

A funeral service was held in a sports coliseum in Medellin, Caracol reported.

Jaramillo Gomez said it would be impossible to calculate the number of people not accounted for without taking a census. The victims' names were not released.

ND Office one of 90 to receive new grant

By KENDRA MORRILL
Senior Staff Reporter

The Office of Student Affairs was one of 90 recipients nationwide of a special \$94,000 grant from the U.S. Department of Education to establish an Office of Alcohol and Drug Education, according to Ann Firth, director of Residence Life.

The grant proposal was a joint effort between the Office of Student Affairs and the University Counseling Center, Firth said. It was co-authored by Firth and Christine Conway and Sally Coleman, both of the University Counseling Center, she said.

Firth said over 500 grant proposals were submitted to the Department of Education.

"The proposals are designed to be models for other colleges and universities," Firth said.

The new office intends to promote a deepened awareness of the problems associated with the use of alcohol and drugs, according to a press release.

The office will also sponsor a variety of programs and activities designed to change the attitudes of the Notre Dame community regarding the use of these substances, the press release stated.

The office will be dedicated to the memory of the members

Students urged to 'take the Plunge': register tomorrow

By CATHY STACY
Assistant News Editor

Approximately 250 Notre Dame and Saint Mary's students are expected to participate in this year's Urban Plunge - a 48 hour immersion into the kind of life that most students have never seen before, said Urban Plunge Co-

ordinator Dan Keusal.

The Plunge, sponsored by the Center for Social Concerns, is not meant to be a service project, but an eye-opening experience to the questions of inner-city poverty and injustice, he said.

Participants also receive a one-hour credit for the plunge. "Prior to the Plunge," wrote

David Lucke after his experience in Milwaukee, "poverty was something I read about, and I was aware of its significance. . .but I did not really know what it was or how it felt to be poor."

"(The) Urban Plunge made me question 'Why,'" Cathleen Crinieri wrote about her plunge in Columbus. "Why do so few

people really care enough to do anything about it?"

Registration for the upcoming Urban Plunge begins tomorrow and runs until Oct. 9 at the CSC and Saint Mary's Office of Justice Education.

Students who register will receive Plunge Learning Agreements which contain a sample schedule of the two-day

experience and list more than 40 possible plunge sites.

Social services and religious leaders host student groups during the week of Jan. 2-9 and participate with them in scheduled activities.

"We try to get (inner-city) contacts who have some expe-

Angry air passengers victims of violence

Associated Press

MIAMI -Angry passengers accused of storming an Eastern Airlines ticket counter after their flight to New York was cancelled complained Monday that they were pushed around by police and treated like "criminals or terrorists."

"I've never seen so much violence in my life," said passenger Edlemira Rios.

"Eastern didn't handle it

properly, and the police were brutalizing the passengers," said John Smythe, vice president of Shearson Lehman Brothers in New York City.

Police denied that the seven officers used excessive force Sunday at Miami International Airport but said complaints from the crowd of nearly 200 would be investigated.

Senate survey to poll students

By GREG LUCAS
Senior Staff Reporter

A preliminary draft of a 50 question student survey was presented to the Senate last night by student senator Brian Holst.

According to Holst, the survey will be sent to approximately 2,000 random students in the next few weeks. Holst said that he hopes to receive responses from at least 1,500.

The first part of the survey is for demographic purposes

and contains many personal questions on subjects such as sexuality, alcohol and drug abuse and birth control.

The goal is to use the same demographic questions year after year to construct a way of measuring the evolution in the moral practices and beliefs of the student body, Holst said. He added that responses will be completely anonymous.

The second portion of the survey contains questions about current issues of controversy.

This section of the survey will

change from year to year as it is designed to measure student response to issues of the day, said Holst.

Members of the Senate each completed a copy of the survey and discussed its general effectiveness and improvements that could be made in specific questions.

Senate members, who were able to complete the questions in approximately seven minutes, said they felt the sur-

U.S.-Iran relations might have been bettered before

Associated Press

WASHINGTON -U.S. officials passed up a chance in 1985 to talk directly to a high Iranian official eager to improve relations, instead strengthening the hand of Iranian radicals through arms sales, a former White House consultant contended in Iran-Contra testimony released Monday.

Michael Ledeen, a former

consultant on terrorism who took part in early discussions with Israel about the Iran arms sales, said the Iranian official "believed it possible to, in essence, change the nature of the Iranian regime through peaceful, parliamentary methods."

In his testimony, given privately in March, June and September to House and Senate investigators, Ledeen said the official believed the changes could lead to Iran's abandon-

ment of terrorism and to better relations with the West.

The official, who is not named, is said to have been eager to cooperate with the United States, asking only for small arms to protect himself and his allies inside Iran and for secure communications equipment to stay privately in touch with the United States, Ledeen said.

He said the official strongly opposed large-scale sales of

U.S.-made weapons to Iran because that strengthened his powerful opponents who were resisting any tendency towards moderation.

Ledeen said that after talking to the official he briefed then-National Security Adviser Robert McFarlane and later William Casey, then-director of the Central Intelligence Agency.

At one point, he said, he urged Casey to tell President

Reagan "that pursuing the hostages was backwards and it was permitting the tail to wag

the dog and that we should instead pursue the political matter."

On the other hand, some in the administration have criticized Ledeen, saying his terrorism expertise was minimal and that he could not be trusted to keep secrets.

Gorbachev unseen lately; absence puzzles Soviets

Associated Press

MOSCOW -The Soviet capital is puzzling over the seven-week absence of Communist Party leader Mikhail Gorbachev.

The energetic, 56-year-old leader has constantly been in the public eye since he took charge of the Kremlin in March 1985 following the deaths in the previous 2 years of Leonid Brezhnev, Yuri Andropov and Konstantin Chernenko.

Soviet officials insist nothing is wrong.

His absence is a main topic of conversation among foreigners and their Soviet contacts, and journalists who live along a major route often used by Kremlin leaders keep watch for Gorbachev's motorcade.

Pyotr Starchik, one of the publishers of the Express-Chronicle, an unofficial journal of dissident activities, said

Monday that if Gorbachev's absence meant a change of leadership, it would mean trouble for dissidents.

"If (Yegor) Ligachev takes over, everything will be different," he said, referring to the Politburo member who generally is regarded as the Kremlin's No. 2 man.

But there has been no evidence of a power struggle in the Kremlin.

Foreign news reports have offered possible explanations including an attack of food poisoning and complications from appendix surgery for Gorbachev's wife, Raisa.

Foreign Ministry spokesman Boris Pyadyshev told reporters last week that the Soviet leader "is on vacation and that he is in good health -excellent health."

Capping off the first two years

Sister JoAnne Widerquist conducts the 'capping' ceremony at Saint Mary's College last Friday. The proceedings were part of a tradition for junior

nursing majors. The 'capping' draws attention to the students' reaching the halfway point in their quest to be nurses.

SMC Board reveals Fall Fest

By MIMI TUOHY
Staff Reporter

The Saint Mary's Board of Governance, in a combined meeting Monday night with the Programming Board, announced the events for Fall Fest scheduled for this Wednesday and Thursday, Sept. 30 and Oct. 1.

The activities on Wednesday

will be held at Haggar College Center.

The cost of a \$1.00 fee includes a showing of "Crocodile Dundee" at 8 p.m., entertainment by John Kennedy from 8-10 in the Chameleon Room and "The Hit Man", a local disc jockey, will be featured on the Haggar Terrace from 8-11:30.

Comic relief from comedian Steven Kimbrough will begin at 10 p.m.

There will also be a "Midnight Madness Sale" in the Shaheen Book Store, food specials in the snack bar, and the Student Activities Board will hold an open house all night in the third floor office.

"We want Haggar College Center to be seen as the student center that it really is," said Smith Hashagen, vice president of Student Affairs.

Festivities will continue Thursday night with the annual Fall Fest Beer Gardens. The admission price will be \$1.00, and each beer will cost 50 cents.

Two pieces of legal identification are required for admission.

In other business, the student government unanimously voted to join the Justice Education Commission in sponsoring a project designed to aid the people of Chile affected by the recent poll tax required for voting registration.

Mary Ann White, a student representative of the Justice Education Commission, said that the week would include a slide show explaining the situation, a showing of the film "Missing," and a mass.

"The whole purpose of this is to educate the Saint Mary's students on this unjust situation in Chile. I feel it is very important to have the student government's support," said Eileen Hetterich, student council president.

Before adjourning, the Board of Governance unanimously approved the formation of the English Club as a new organization on campus.

UNIVERSITY OF NOTRE DAME FOREIGN STUDY PROGRAM IN CAIRO, EGYPT

INFORMATION MEETING
TUESDAY, SEPTEMBER 29, 1987
ROOM 103 O'SHAUGHNESSY
6:30 P.M.

ALL ARE WELCOME!

University president Father Edward Malloy meets with Renee Gau on coordinating a Crop walk with the South Bend community. Gau, the services

concerns commissioner of student government is hoping for a student turnout of over 200. See story at right.

'Monk' helps CROP walk; participants sought

Special to The Observer

Organizers of the CROP walk have begun recruiting participants for this year's event.

As many as 200 Notre Dame students are expected to participate in this year's CROP walk.

The fifth annual event, a 10 kilometer, or approximately 6 mile walk, will take place Oct. 11.

More than 1,000 people are expected to participate in the walk which benefits overseas and local community service projects.

"Our goal is to get at least 200 students to walk," said Renee Gau, services concerns commissioner of student government.

She said 100 students from Notre Dame's ROTC program will participate, and she hopes to enlist at least 10 students from each dorm on campus.

The walk is "one way in which the community rallies together to deal with the problem of world hunger," said University President Father Edward Malloy, who is helping to publicize this year's event.

The event is primarily a community event, rather than a Notre Dame-initiated project. "We want to show Notre Dame's support for the community," Gau said.

The walk will begin at 2 p.m. and end at 5 p.m. at St. Joseph High School. Members of more than 75 local organizations are expected to participate.

The walk's organizers said they hope to raise \$30,000 for a variety of global and local concerns.

Last year, \$18,000 was raised.

Eighty percent of this year's proceeds will be donated to overseas projects, and 20 percent will be devoted to two local relief projects, the Michiana Food Bank and the United Religious Community's winter shelter at the Maranatha Temple.

Members of Notre Dame Glee Club will sing during the registration period at St. Joseph High School beginning at 1 p.m. Sunday.

CROP is an acronym for the Christian Rural Overseas Project of the Church World Service Community Appeals organization.

Plunge

continued from page 1

rience with justice and an awareness for social concerns," said Keusal. "The Plunge is also raising the awareness of alums who have helped set up plunge sites in their cities."

Keusal attributes his current interest in social justice and poverty to the Plunge he made in 1982. "I don't believe everyone will become a theology and justice major after the experience, but it is a real eye-opener and inspires others to go on to do more," he said.

The Urban Plunge is described in an information pamphlet as one way that Notre Dame seeks to address the issues of Catholic social teaching and sensitize students to the need for social action in the world.

"Students are faced with the contrast between the lifestyles they have known and those they see on their Plunges, and they are challenged to analyze the causes of the conditions they see," the pamphlet explains.

In the late 1960's, Father Don McNeill and John Egan, an inner-city pastor, began the first Plunge experience in Chicago with two groups of 24 students.

In 1977, members of the student group CILA (Community for the International Lay Apostolate) took on the Urban Plunge as a group project.

The project has continued to grow, and contacts in new cities emerge each year.

"The difference between (before taking the Plunge) and now," wrote Lucke, "is that I can connect poverty and other social problems with the people they touch."

Survey

continued from page 1

vey's length was appropriate.

Diane Fitzgibbon, senior class president, said she thought the personal and direct nature of some of the questions might tend to put students on the defensive when responding.

In other business, Laurie Bink, student body vice president, presented models and diagrams of the renovations currently underway on North Dining Hall.

Major changes will include an upper and lower level of seating by the windows looking out on North Quad.

According to Pat Cooke, student body president, the construction, which is slated for completion by October of 1988, should increase the dining capacity by 500 seats.

In other news, Holst reported

that William Hickey, director of food services, has been responsive to the Senate and Hall President's Council's offer to volunteer to work a shift in the dining hall as a good will gesture to the recent food riot.

"Hickey's real concern is that students don't respect the workers," said Holst.

The Senate agreed to work the dinner shift on Thursday, Oct. 8. The Senate members will identify themselves by wearing T-shirts during their shift.

"We have to identify ourselves as student leaders," said Cooke.

The Senate also followed up on a discussion from last week regarding off campus crime.

Cooke said that he and his committee decided that drafting a letter to Charles Hurley, South Bend's chief of police, would not serve to create a positive interaction between stu-

dent government and the South Bend police.

Cooke said that he hoped to get Hurley to contribute to an informational packet that is being sent to all off campus students, and participate in an orientation program for interested students.

Office

continued from page 1

of the Notre Dame community who have lost their lives to drug and alcohol related accidents, said Firth.

The proposed opening date of the new office is Nov. 1, 1987, but this depends on whether the Director of Education and Outreach is found by then, Firth said. The director will develop the programs and make sure the needs of the community are being met by the office.

Revolt

continued from page 1

"Undoubtedly, our officers encountered a situation where if it got out of hand, some people would have been hurt," said Metro-Dade police spokesman Rey Valdes.

But passengers said people were merely complaining and that there was no excuse for the violent encounter with the police officers.

Passengers said police beat some people, pushed others around and were verbally abusive.

Smythe said the passengers hadn't done anything when police jumped on one man and started choking him.

"He was turning blue in the face," he said. "His wife started screaming. Everyone started screaming. The police were beating this guy."

Smythe called the officers "very inflammatory and very violent," and said one officer attacked an elderly man who said "Boo!"

Indy frat serves up alcohol at parties but tests for drunks

Associated Press

INDIANAPOLIS - People who attend parties sponsored by Delta Sigma Pi have to pass Breathalyzer tests before they can drive home, according to the fraternity's president.

Jim Spencer, who heads the professional fraternity at Indiana University-Purdue University at Indianapolis, said his group decided to impose the policy after a few members were charged with driving while intoxicated after leaving parties. A few also had been involved in alcohol-related traffic accidents.

"We thought it's just a matter of time before something else happens, and we wanted to avoid it," said Spencer. "We've been talking about it for a couple of months."

Although Delta Sigma Pi is not a social fraternity, it has many social events where alcohol is served, Spencer said.

"It was just a general agreement by everyone that it was a good idea," he said.

The fraternity bought a Breathalyzer device for \$119 earlier this month, and have already used it at one party.

"No one really seemed to object to it," Spencer said. "They didn't give too much resistance. I think they understood what we were doing was for their protection and for the protection of others on the road."

Under the fraternity's new policy, partygoers are asked to give up their car keys when they arrive. To get the keys back, they must pass the breath tests when they are ready to leave.

Those whose alcohol level exceeds the legal limit are given the option of riding home with a sober driver or of staying overnight at the fraternity.

Under Indiana law, a person can be charged with drunken driving if his blood-alcohol level measures 0.10 percent or higher.

Lane Dunagin was one of three fraternity members who flunked the test at the first party. He ended up staying overnight.

"Without the Breathalyzer, some people may not realize exactly how drunk they are," said Dunagin. "I realized I should have stayed."

New B-1B long-range bomber crashes in Colorado

Associated Press

LA JUNTA, Colo. -A B-1B bomber with six people aboard crashed Monday in a ball of orange flame in the Colorado prairie, but three crew members parachuted to safety, authorities said.

The fate of the other crew members was not immediately disclosed. It was the first crash of a regular production model of the B-1B, the nation's newest long-range strategic bomber.

The survivors were flown to a hospital at Peterson Air Force Base east of Colorado Springs, said base spokesman Sgt. Warren Wright. Authorities withheld information

on them pending notification of relatives.

The bomber, attached to the 96th Bombardment Wing, left Dyess Air Force Base in Abilene, Texas, early Monday.

It was headed for the Strategic Training Range Complex near La Junta, about 60 miles southeast of Pueblo, the Strategic Air Command said.

The plane went down two miles south of La Junta at 9:34 a.m., said Capt. Dave Thurston of SAC command headquarters in Omaha, Neb.

Greg Ricken, who lives on a dairy farm 20 miles east of La Junta, said he watched the plane come out of the northeast and "I knew something was wrong - it was in trouble."

"I watched it burn and smoke came out the back end of it until it dipped a little bit to the right and went over the horizon and just crashed. And I just saw a big fireball plume up after that," Ricken said.

"It sounded like a sonic boom," he said. "It was really bright. It hung up in the air for a long time. It was brilliant orange."

Bud Quick of La Junta said he "felt a thud," saw a ball of fire behind some hills and saw three parachutes floating to the ground.

The plane was not carrying any bombs, the Air Force said.

The cause of the crash was to be investigated by a board of officers.

At the training range near La Junta, crew members simulate bomb drops and are scored electronically by personnel on the ground. In October 1981, a B-52 crashed at the range, killing all eight crew members.

Wright said the B-1B is designed to carry four crew members, but there were six on board because it was a training mission. Two people on board probably were "evaluators," Wright said.

The Air Force said Monday it was unclear at what altitude the bomber was flying when trouble developed. Ricken estimated the plane was flying at 1,500 to 2,000 feet when he saw it.

A prototype of the bomber crashed in August 1984 in California's Mojave Desert, killing one man and injuring two others seriously.

The B-1B, a strategic bomber and missile platform, is manufactured by Rockwell International's North American Aerospace Operations in El Segundo, Calif. It has a maximum speed of about 1,000 mph and a range of more than 7,000 miles when fully fueled.

It is the first new long-range strategic bomber produced in the United States in more than 25 years.

The first of the 100 B-1B's being purchased by the Air Force were activated in October 1986 at Dyess.

Number of collegians increases

Associated Press

INDIANAPOLIS - Indiana college and university officials are puzzled by increased enrollments this fall from what was expected to be a smaller pool of college-bound students.

"It's an odd phenomenon . . . It wouldn't be so mysterious if it were happening in one or two schools, but there has been this across-the-board, across-geography increase," said Polly Coddington, associate director of admissions at DePauw University, where enrollment is up this semester.

Six of Indiana's seven public institutions of higher education also have experienced increased enrollments this fall, with record highs at Purdue and Indiana universities.

Only Indiana State University showed a decrease and that was only by about 50 students.

No one is sure why this has happened, but there are theories.

National annual projections by the U.S. Department of Education predicted a slight decline in enrollments this fall due to an expected decrease in college-age students, said Rosa Fernandez, a statistician at the department's Center for Education Statistics.

A smaller study by the center, however, showed a 1 percent increase in enrollments based on a sample, she added.

Indiana University's total full- and part-time enrollment reached 82,627 students this fall -2,511 more than last fall, registrar Sara McNabb said.

Purdue's record high is 931 more full- and part-time students than last year, with the preliminary figure totalling 32,243, said Dr. Barbara Stahura, Purdue research assistant.

Stephen Bushouse, Butler University's dean of admissions and financial aid, suggested national studies indicating

the next school year, 1988-89, might have been one year off.

"Maybe we got the blip a year earlier," he said.

If census figures correctly indicate a shrinking pool of college-age adults this fall, the rise in enrollments could indicate that a greater percentage of that pool is pursuing higher education, said William Dubois, executive director of the State Student Assistance Commission of Indiana.

Clyde Ingle, the state's higher education commissioner, said labeling the increase as a trend would be premature.

Some of the increase could be attributed to efforts by state government, business and educators working toward greater emphasis on higher education in Indiana, said William Osmon, associate vice president for academic affairs for Indiana State.

Appalling realities in Nicaragua

Time and time again, Communism has been called "The god that failed." Why? Just take a look at the basket-case economies and complete repression in every Communist country. Yet, every few years or so, a new "revolution" seems to capture the imaginations of the system's admirers, who sing a chorus of, "This revolution won't be like all the others. It's new and improved Communism!" Fidel Castro was a darling of the U.S. Media for his first two years in power, a time in which he was still denying any "Communist leanings" (while simultaneously proving them back in Cuba.) The VC and Ho Chi Minh were pretty popular among 60's "peace" demonstrators as well. So, in the 1980's, along comes Nicaragua, with another "new and improved" brand of Communism, one which today's trendy "liberation" theologians like to say promotes, in a twisted usage of the term, "Social Justice." The Sandinista Communists have effectively hoodwinked the whole U.S. liberal spectrum into believing that Nicaragua actually has a sweet and humane government and system. The reality is quite different.

Glenn Fogarty

guest column

Like any Communist government, the Sandinistas have systematically wrecked their nation's economy within 7 years of power. Inflation now stands at 600%, and the state-controlled "food" agency provides little to no food for the starving populace (Most of the food is allocated to the Sandinista Popular Army, which, by the way, is larger than all the armies of Central America combined.) Most businesses have been forced to shut down, and by and large, property confiscation has forced the middle class to flee. Labor unions are practically outlawed, and their leaders are in Sandinista prisons. In addition, Nicaragua's once fairly productive agriculture system is now floundering, thanks to mandatory collectivization a few years back; peasants' farms were confiscated, and the peasants were forced to migrate to the cities. In and around Managua, over 100,000 of these former farmers now reside in cardboard shacks as squatters (due to the government's commitment to social justice, I guess.) Former Sandinistas say that the government's plan

is to "let the city deteriorate to the point" where the squatters will decide to move back to the countryside. Consequently, Managua's public works, public health, and transportation systems are now in ruins.

In consolidating their revolution, the Sandinistas have treated their people with the type of tender loving care normally associated with Communists. The Puebla Institute, an inter-American human rights organization, reports that Sandinista troops have regularly attacked villagers, their homes, and farms "indiscriminately and without warning", dropping grenades and shooting rockets out of helicopters and airplanes. In the past year and a half, Sandinista troops have also raided 50 Miskito Indian villages, with subsequent hanging, burning, shooting, and live burial of the inhabitants.

To counter what one Sandinista soldier described as "much support for the Contras among the people," since 1984 the Sandinistas have largely depopulated northern Nicaragua, removing more than 70,000 peasants, razing their villages and placing them in "reeducation camps", fenced in with little shelter and food. According to the N.Y. Times, in the past few months the Sandinista army has rounded up more than 6,000 civilians living in southern Nicaragua as well, forcibly removing them to the same crowded detention centers, with reports that a Sandinista Colonel raped a 15-year old girl in the process.

There has been a complete suspension of civil rights for several years. The State Department's '87 report on Nicaragua states, "churchmen, businessmen, dissident writers, and former Sandinistas are routinely harassed, arrested, interrogated, tortured, and occasionally killed." There is mass conscription into the army, and most soldiers are forced to take indoctrination courses. One test used on occasion is as Atheism Quotient. Recruits are given 3 chances to relinquish their faith, and are subjected to further indoctrination, torture, or imprisonment. Some refusers have been killed.

The Church has been hard-hit. The Catholic press and radio station have been forcibly closed, and Masses are frequently interrupted by Sandinista-backed mobs. The Cardinal and his priests are regularly harassed, and a good number of priests and bishops

have been deported. A farmer and lay Protestant preacher, Prudencio Baldodano, was tied to a tree, bludgeoned with rifle butts, stabbed with bayonets, and had his ears cut off by a cadre of Sandinista troops mocking his faith. Similar stories occasionally leak out of Nicaragua.

The Sandinistas' PR blitz in the U.S. and deliberate deception have prevented much of this information from being exposed here. A secret Special Investigations Commission set up by Interior Minister Tomas Borge, ostensibly to investigate missing-persons claims was really designed to create plausible-sounding denials of atrocities, illegal arrests, and political murder. The Commission's director, Alvaro Baldizon, who defected to the U.S., admitted to the systematic slaughter of the Miskito Indians and numerous other villagers, incidents which were staged by Sandinista troops

to look like "Contra" atrocities. Many "peace" groups swallowed this commission's reports whole.

All of this social Justice is supported by Catholic "Peace" groups across the U.S. Quixote Center, a Catholic relief agency, has channeled \$40 million in aid to Nicaragua in the past year. Misguided "Peace Witness" groups unwittingly spread Sandinista propaganda as well.

In a Gallup Poll, 71% of Hondurans and 85% of Costa Ricans said that the Sandinistas treated their own people with little to no justice. (These people hear about reality from the 200,000 refugees that have fled Nicaragua already.) Reality is the fact that the only thing about Social Justice that exists in Nicaragua is the flagrant lack of it.

Glenn Fogarty is enrolled in the Freshman Year of Studies.

P.O. Box Q

AIDS policy needs to be extended

Dear Editor:

We were delighted to read the article in last Monday's Observer concerning the AIDS policy which has been adopted at St. Mary's. As described in the article, the policy shows a tremendous sensitivity to students who develop the disease and also to the entire university community. The administration of St. Mary's is to be commended for its handling of this concern in such a forthright, unbiased and caring manner.

We are concerned, however, that the policy seems to apply only to students. What about faculty or staff members

who may contract AIDS? Would the same services be available to them, and would they have job security? We urge the administration of St. Mary's to address the needs of these members of the university community as well.

We also wonder what steps are being taken at Notre Dame to address this same concern. St. Mary's has shown us the sensitive, just and caring manner in which this can be handled. We hope that the administration of Notre Dame will take notice and begin steps to develop an AIDS policy which applies to the students, faculty and staff of Notre Dame.

The Observer

P.O. Box Q, Notre Dame, IN 46556 (219) 239-5303

The Observer is the independent newspaper published by the students of the University of Notre Dame du Lac and Saint Mary's College. It does not necessarily reflect the policies of the administration of either institution. The news is reported as accurately and objectively as possible. Unsigned editorials represent the opinion of the majority of the Editorial Board. Commentaries, letters and the Inside Column present the views of their authors. Column space is available to all members of the community and the free expression of varying opinions on campus, through letters, is encouraged.

Julia,

Rugby Club improving, takes third in tourney

The Rugby Club prepared for Saturday's showdown with Marquette by placing third in the Indiana-Kentucky Union tourney in Indianapolis last weekend.

The Irish defeated Indiana State, 19-0, in the first round before losing to Purdue, 7-6, in the semifinals. They came back to down Indiana, 3-0, in the consolation game to improve their season record to 4-1.

"I was pleased with the way the team played," Club President Tim O'Connell said. "Defensively, we played really well. We had a couple of opportunities to win against Purdue. It was our second game of the day, and they had a bye into the second round. I think we played well considering the circumstances."

Notre Dame placed five players on the all-tourney team. O'Connell, Sean Evers, Bill Young, Jack McLaughlin and Francis Camillo received that honor. O'Connell also credited Andy Shea, Matt Senecal and Jim Lammers with contributing to the third-place finish.

In earlier games this season, the Irish downed Michigan, 20-12, and Western Illinois, 19-3.

"The season is going great so far," O'Connell said. "A lot of the younger guys are catching on to

a basically unfamiliar game, and they're pretty dedicated to it."

The game against Marquette will begin Saturday at 1:30 on the rugby field behind Stepan Center.

✻ ✻ ✻

The Sailing Club raced some of the toughest competition in the country in the Danmark Regatta at the Coast Guard Academy last weekend and came

Greg Guffey Club Corner

away with a 15th-place finish in the 18-team field.

One big handicap that hurt the Irish was that all of the other teams compete on the varsity level, while they sail on the club level.

"They had all of the best sailors," racing captain Pete Wall said. "We sailed pretty well. We didn't do anything wrong. They know more about making a boat go."

"If another midwest school had been there, they

wouldn't have done as well as we did. We learned how to make a boat go faster off the start and how to use the rules more to our advantage."

The Irish will travel to the University of Michigan to compete in the Cary-Price Regatta this weekend.

✻ ✻ ✻

After a 2-0 loss to Saint Mary's earlier in the week, the Women's Soccer Club rebounded for a 1-0 victory over Purdue Saturday.

Teresa Sheppard scored the lone goal on a penalty shot in the first half, while goalie Helen Gilboy recorded the shutout.

"The defensive play was very good," Club President Kate Titterton said. "Helen Gilboy played a fantastic game; she was very impressive. We really played well together." The Irish, now 2-3-1, play at Saint Mary's today at 4:30. They host Hope College Thursday at 4 p.m. and then travel to Miami of Ohio Saturday for a 2 p.m. contest.

✻ ✻ ✻

The Women's Golf Club did not compete in its scheduled tourney at Purdue last week. The team will be back in action next Monday with a match at Evansville.

Twins clinch

Blue Jays, Tigers both lose

Associated Press

TORONTO -Dale Sveum's three-run double capped a four-run fifth inning that lifted the Milwaukee Brewers to a 6-4 victory over the first-place Toronto Blue Jays Monday night.

Despite the loss, the Blue Jays remained two-and-a-half games ahead of second-place Detroit in the American League East race because the Tigers lost to Baltimore 3-0.

Milwaukee sent 10 batters to the plate in the fifth, chasing starter Mike Flanagan and reliever Duane Ward before Mark Eichhorn ended the rally.

Bill Wegman, 11-11, allowed four hits and two runs in 6 1-3 innings before giving way to Paul Mirabella, who allowed one hit in two innings. Mark Clear got the last two outs for his sixth save despite his throwing error that allowed two runs to score.

Flanagan, 6-8, was the loser, allowing four runs on seven hits in 4 1-3 innings.

Orlones 3, Tigers 0

DETROIT -John Habyan pitched a five-hitter for 8 1-3 innings and Pete Stanicek had

an RBI single and scored two runs Monday night as the Baltimore Orioles beat the Detroit Tigers 3-0.

Jack Morris, 18-11, gave up eight hits in eight innings and lost his third straight start. He walked five and struck out 10.

Twice the Tigers bailed Morris out with inning-ending double plays, but he allowed the leadoff man to reach base five times in the first seven innings.

Yankees 9, Red Sox 7

NEW YORK -Pinch-hitter Mike Easler's two-run homer capped a six-run, ninth-inning rally Monday night that gave the New York Yankees a 9-7 victory over the Boston Red Sox.

Easler's fourth homer of the season came off Calvin Schiraldi, the fourth Red Sox reliever in the ninth, after pinch-hitter Jerry Royster hit a two-run single off loser Joe Sambito, 2-6.

Mariners 5, Royals 1

KANSAS CITY -Lee Guetterman pitched a four-hitter for six innings and Phil Bradley drove in two runs as the Seattle

Mariners beat Kansas City 5-1 Monday night.

Guetterman, 10-4, made his first start since Aug. 15 when Mark Langston was rested because of the flu. Jerry Reed, who relieved at the start of the seventh, allowed two hits over three innings for his sixth save.

Twins 5, Rangers 3

ARLINGTON -Light-hitting Steve Lombardozzi knocked in four runs with a homer and a single Monday night, giving the Minnesota Twins a 5-3 victory over the Texas Rangers and their first American League Western division title since 1970.

Irish

continued from page 12

"Everything possible did go wrong," said Grace. "But I felt good about the way we played. We did everything we needed to do to win."

Everything clicked for the Irish in the 5-0 drubbing of Boston College. McCourt and midfielder Joe Sternberg each recorded two goals, and Paul LaVigne, playing forward for the first time, scored his first goal of the season with less than a minute to play. Morris had two of the assists.

IRISH ITEMS - Indiana, on the strength of wins over Akron (1-0) and St. Louis (3-1), leapfrogged to first place in this week's Great Lakes region poll. Akron dropped to second and Notre Dame, the only undefeated team in the region, held at third. Bowling Green is fourth and Evansville is fifth. McCourt was named the MVP on offense for the tournament. The injury list from the weekend had Roemer, McCourt, Guignon and Steve Lowney each missing part of the two games because of injuries. They should all be ready for tonight's game. Both senior keeper Tim Hartigan and senior midfielder Paul Gluckow are expected to begin practicing this week after missing a month each with knee injuries.

Domer Runs results

Special to The Observer

The Domer Runs were held Saturday. The event is sponsored by NVA.

In the three-mile competition, Mike Regan finished ahead of Joe Brink to capture the men's undergraduate championship. Nancy Laughlin won the women's undergraduate championship with Jennifer Brennan taking second.

G. Bassham took the men's graduate title, with Timothy Shannon grabbing second. LeAnne Morris won the women's graduate division.

Prashant Kanat captured the men's faculty and administration crown.

In the six-mile competi-

tion, Paul DeLave finished ahead of Tim Weber and Dave Flickingen to win the men's undergraduate division.

Beth Mirko won the women's undergraduate title with Lisa Jilk taking second. It was Devadatta Utmoni taking the men's graduate division, and Scott Hardek taking second.

Christina Amatrudi took the women's graduate title.

James Morningstan won the men's faculty and administration division, with Patrick Gaffney taking second.

Anita Domingo took the women's faculty and administration division, and Sheila Carty took second.

ARMY RESERVE OFFICERS' TRAINING CORPS

SMC tennis takes fourth place, gains experience in tourney

By HEATHER ATKINSON
Sports Writer

The Saint Mary's tennis team placed fourth this weekend in the tournament held at Leeper Park. The tournament did not affect the regular season standings so the Belles remain undefeated with a record of 9-0.

There were eight teams in the competition, which was an individually-flighted tournament with a feed-in consolation, meaning that all equally seeded players were in a draw together and must be defeated twice to be out.

Each player played four or five matches each day. This tested the endurance and tennis ability of the players.

"The tournament is a really good opportunity to play the NCAA division I schools in preparation for the district tournament in October," said coach Debbie Lauverie. "All of the schools we played were NCAA, except for Saint Frances, and I think to finish fourth as the only non-scholarship school is excellent."

Dr. Jo-Ann Nester, who is basically administrative, ran the

tournament for Saint Mary's allowing Lauverie to devote her total concentration on the coaching of the team.

Many Saint Mary's players turned in outstanding performances.

Freshman Sarah Mayer finished in third place with impressive wins. Mayer beat a Saint Frances College player, the Belles biggest rival, and also a Butler player.

"I was very impressed with Sarah's performance," said Lauverie. "She showed a lot of heart as well as talent."

Mary Turk, also a freshman, finished in third place as well. She beat a senior player from Toledo University.

"At the beginning of the year, I knew she (Turk) had a lot of talent but her improvement has really impressed me," Lauverie said. "She's become a major contributing factor for our team."

Turk also teamed up with Jane Schnell to defeat Toledo in the final consolation for third place in the doubles competition.

Also victorious in the doubles category were Charlene Szajko and Mayer who defeated

Xavier University in a long match.

The tournament provided an excellent opportunity to determine the full potential of each girls' tennis talent.

"We've been playing a lot of schools our size up until now and I knew going into the tournament that it would be a real telltale sign of how good we really were," said coach Lauverie. "I was very happy with how they played against the NCAA schools."

Toward the end of the tournament the Belles won three important matches because of their strong endurance that outlasted the opponents'. Some players' confidence levels were low, however, and they were defeated.

"A few players lost really close matches. I feel they were just as good as the big schools' players but our girls didn't believe they were," said Lauverie. "But all in all, after three years of coaching, this year's team is by far the best team I've ever coached. I'm very impressed with them."

The next match for the Belles will be October 2 against Taylor University.

The Observer / Susy Hernandez

The Saint Mary's soccer team tied Purdue Saturday. Molly McNeill details the game below.

SMC ties Purdue, misses opportunities

By MOLLY MCNEILL
Sports Writer

The Saint Mary's soccer team combined strong offense and sharp defense to hold the Boilermakers to a 1-1 tie Saturday at Purdue.

Head Coach Tom Van Meter said he felt his team passed up some promising opportunities. "Early in the game, K.C. Chandler had a strong kick from outside that just missed, hitting the left post," he said.

Van Meter was pleased with his team's consistent pressure on the Boilers and felt his defense was key.

The visitors put the first point

on the scoreboard. Five minutes into the second half, Mollie Meehan scored an unassisted goal from the corner.

The Belles posed another threat later in the half when three SMC forwards surrounded the goal, only to have the ball blocked by a Boiler defender.

With a mere three minutes left in the game, the Boilers caught the Belles off guard and evened the score at one apiece.

"We played well at times," said Van Meter, "but it was our sloppy play at the end of the game that hurt us."

The Belles take on Notre Dame at home today at 4:30 p.m.

The Observer / Trey Raymond

The Saint Mary's volleyball team lost the first game against Siena Heights College, but came back strong to take the match. Lisa Jusick has the details below.

Saint Mary's comeback beats Siena

By LISA JUSICK
Sports Writer

The Saint Mary's volleyball team added another win to its record. The Belles defeated Siena Heights College last Friday, 5-15, 15-12, 15-7, 15-12.

Their record now stands at 7-3.

Despite the loss in the first game, the Belles fought back and won the next three games.

The Belles served 10 aces to aid them in their victory. Margaret Feldman had 19 kills and Mary McCarthy chipped in 39 setting assists for the kills that were taken.

The Belles will travel to Bethel College for a match today.

NL roundup

Mets beat Phils

Associated Press

PHILADELPHIA - Howard Johnson doubled home the game's only run in the second inning and John Candelaria and two relievers combined on a seven-hitter as the New York Mets beat the Philadelphia Phillies 1-0 Monday night.

The victory moved the Mets within two games of the idle National League East - leading St. Louis Cardinals.

Candelaria won his second game without a loss since being acquired Sept. 15 from the California Angels. Candelaria, 8-6 in the American League, worked five innings, allowed four hits, struck out three and walked one.

Astros 11, Dodgers 5

HOUSTON - Terry Puhl hit a grand slam home run and Glenn Davis also knocked in four runs to lead the Houston Astros to an 11-5 victory over the Los Angeles Dodgers Monday night.

Puhl had four hits and Davis three, including a three-run homer, in the Houston attack.

Jim Deshaies, 11-6, was the winner with relief help from Jeff Heathcock, who pitched the final four innings for his first save. Deshaies gave up five runs on seven hits before leaving in the sixth.

Reds 6, Braves 5

CINCINNATI - Homers by Buddy Bell and Barry Larkin highlighted a six-run fourth inning that carried Cincinnati to a 6-5 victory over the Atlanta Braves Monday night, preserving the Reds' slim chance in the National League West.

The Reds overcame a 5-0 deficit to temporarily avoid giving the division title to the San Francisco Giants, who needed just one victory or a loss by Cincinnati to clinch their first division championship since 1971.

Gerald Perry hit a three-run homer in the Braves' four-run first inning off Ted Power, and scored again in the third on Ken Oberkfell's groundout.

ND takes second

Special to The Observer

The Notre Dame golf team used a strong second round to post a second-place finish at the Indiana Intercollegiate held at the Golf Club on Indiana in Zionsville.

After the first round of 18, the Irish were fourth in the field of 15. They came back with a round of 313 to finish with a combined 329 -18 shots behind champion Ball State which finished with rounds of 304 and 307 (611 total).

Doug Giergio was the top finisher for Notre Dame with rounds of 76 and 77 (153 total) - good for fifth in a field of 175. Dick Connolly finished at 157 (81-76) to place in the top 10.

Pat Mohan shot a 159 (81-78), while Paul Nota finished at 161 (79-82) and Terry Berland at 166 (80-86).

The Irish finished one shot ahead of Indianapolis, which shot a team total 630 (312-318), on a course rated number-two in the state of Indiana.

Irish linebacker

Pritchett plays with abandon

By THERESA KELLY
Sports Writer

"He likes to put the hurt on an opponent."

So says Irish defensive coordinator Foge Fazio about inside linebacker Wes Pritchett.

A senior, Pritchett makes the most of his playing time with a style that is aggressive, to say the least.

"I see myself as someone who gives 100 percent," says Pritchett. "To be successful in football, you have to give everything, even if it means you get a bit out-of-control."

Pritchett tries to downplay the intense effort he gives by making it sound commonplace.

"It's a full speed contact game. You have to sacrifice your body to make or have an effect on the play," he says.

"When Wes plays, he takes no prisoners," says Fazio. "He takes pleasure in playing hard and tough."

Pritchett takes those type of comments as compliments.

"What I do gets the job done," he says. "I'm glad when people say things like that. It's not a negative at all."

Pritchett split time with Ron Weissenhofer last year and took over his inside linebacker spot as a starter this season. He says the label No-Name defense did not bother him.

"We were called the No-Names because we had eight new starters, but I never thought we were sacrificing anything over last year," he says. "We've proven we can play, and play well. We weren't expected to do much, but we can."

Pritchett plays an important in this year's defense, which has proven itself against three tough opponents.

"He's the leader, the quarterback of the defense. He sets up the defense," says Fazio. "He's intense and always aware of the game situation."

"Wes is a real intelligent football player. He sets high standards for himself and everyone else."

Pritchett says he enjoys the position he plays and the responsibilities he has on defense.

"I always want to be in the middle of the action," he says. "I want to be right in the thick of things, where the plays are happening."

Defensive coordinator and inside linebacker coach Fazio has had a big effect on Pritchett in the coach's two years at Notre Dame.

"Coach Fazio has really influenced my game and myself," says Pritchett. "He really stressed the fundamen-

expected. He has all the important qualities: size, quickness, ability and he's a hitter. "All I had to do was work with him on some technique and fundamentals."

Life on the defensive side was not always so promising. As a freshman, Pritchett considered leaving Notre Dame.

"In football, or for any freshman, there's a big adjustment. I was a long way from home and not getting playing time."

"I had my doubts, thought about leaving and playing somewhere else. I stayed because I knew no matter what else, I'd get a great education."

For Pritchett, the decision turned out to be the right one.

"The playing time eventually came around," he says. "I'm glad I stayed. It's an honor to play for Notre Dame. It's a special place to be and especially to play football."

Pritchett, from Atlanta, injured his knee against Michigan State, and the time he was out of play hurt more than the knee.

"It affected me a bit (against Purdue). I was not as quick as usual, but what hurt most was not getting into practice until Thursday. I don't want to sit and watch."

So Pritchett will throw his best efforts, and himself, if necessary, at the opposing offenses.

"I don't want to be too out-of-control," he says. "But I will always hustle, be aggressive, and give everything I can to the game."

Wes Pritchett

tals and the responsibilities I have as a linebacker.

"He calls us to the sidelines during the game and goes over game situations--tells us what we can expect from the other team."

Fazio returns the compliments to his linebacker.

"A new coach can only judge by what he sees," says Fazio. "But I will say this, Wes was well-coached before I got here."

"Wes is a very, very aggressive person--he has a tough style of play. He has had some injury trouble, but that's to be

Soccer team to face Falcons after season's first 'non-win'

By PETE GEGEN
Assistant Sports Editor

The 9-0-1 Irish soccer team returns home tonight to host a key 7:30 p.m. regional match against Bowling Green.

The 6-0-1 Falcons are ranked fourth in the Great Lakes region, having lost only to Indiana. Last year Bowling Green was the key match in a three-game slump which hurt the Irish in the region.

"The next two games will determine how the rest of the season will go," said Irish head coach Dennis Grace. "We're coming off two games in a row, the last one going to overtime in a very emotional game, so we really have to be ready for them."

Grace gave the team Monday off to recover from the weekend Wright State tournament. Saturday, the Irish thrashed Boston College 5-0 before Wright State, the 9th-ranked team in the region, handed Notre Dame its only non-win on the season thus far with a 1-1 tie Sunday. Penalty kicks then decided the tournament champion as the Raiders won that competition 4-3.

Deja vu struck Notre Dame as the team tried to defend its tournament title. Two seasons ago the Irish finished second in this tournament when they tied Miami (Ohio) in the final game, but total goal differential for the two games was used to declare a winner and Miami was declared the champion.

This time Notre Dame held the edge in goal differential, but the title was decided on penalty kicks. The situation wouldn't have been so bad if Notre Dame had been informed of the change before the tournament. Instead the team learned of the change from the public address announcer in the overtime period.

"They didn't tell us anything," said Grace. "Winning the tournament was not as important as winning the game, but the way the situation was handled was terrible."

Grace was also upset with the officiating. Notre Dame scored five goals in the 1-1 tie—an own-goal to give the Raiders an early lead, a goal by Bruce "Tiger" McCourt to tie the game and three goals which were called back by the referee.

Notre Dame gave up the own goal in the first half when forward Danny Stebbins slipped as he tried to clear a centering pass. McCourt answered with a goal at the 64:36 mark on an assist from wingback Paul LaVigne.

Forward Randy Morris was whistled for a off-sides call on the first of those three goals. Then Grace said he felt the referee was too quick with the whistle when McCourt was smashed on a head ball by a defender. Morris took the loose ball and scored, but the play was called back and Notre Dame was given a free kick from 40 yards away, clearly taking away the advantage.

Stopper Steve LaVigne put in the last of the three non-goals with a header off a corner. But the referee called forward Pat Murphy for obstructing the keeper.

After a scoreless overtime, the teams went to penalty kicks despite Grace's protests. Kurt Roemer, Johnny Guignon and Mike Drury connected, but Murphy and Rolfe Behrje missed the mark as Wright State took the title.

The Notre Dame soccer team plays host to Bowling Green tonight. Pete Gegen previews the match and details the team's weekend action at left.

Tennis team performs well as Bayliss takes over

By SCOTT BRUTOCAO
Sports Writer

The men's varsity tennis team, under the new leadership of Bob Bayliss, competed in its first tournament of the year last weekend. Bayliss, the new head coach, is an 18-year veteran who has taught tennis at the Massachusetts Institute of Technology and the U.S. Naval Academy.

The Irish travelled to Annapolis, Maryland where they competed with players from

Penn State, West Virginia, Temple, Old Dominion, Bloomsburg, Swathmore and the Navy. The tournament, hosted by the Navy, was a flighted competition in which no team stats were kept.

Not only was this the first action that Bayliss had coached through, but it took place at the Naval Academy, where he coached for 15 years.

"It was important to me," said the 42-year-old Bayliss, who brought the Navy men's tennis teams to a 248-80 record

over 15 seasons, "I know the field and I know the team."

"The tournament served as a nice barometer," he said. "It showed me what I needed to know."

The individual performances of the players were impressive. Five Irish players advanced to the semifinals. Brian Kalbas went in A-flight, Brian Wenger in B-flight, Dan Walsh and Paul Daggs in C-flight, and Sean O'Brien in D-flight. Kalbas, in the semifinals in the most competitive flight, lost to Paul Man-

cini from West Virginia. Mancini eventually won the tournament.

Notre Dame was second only to West Virginia in total number of matches won. West Vir-

ginia is one of the best Eastern teams, according to Bayliss.

"I always thought we had a very deep team," said Bayliss, "and this tournament proves it."

Bayliss comes to Notre Dame after Tom Fallon retired from coaching men's tennis

last year, ending a 31-year dynasty.

"I'm excited to be here," he said, "I've come at the best possible time. With the new Eck Pavillion just being built, it will be easier to bring in new prospects."

Next weekend the Irish will play host for an invitational, which will be attended by Purdue, Cornell, and Notre Dame. The tournament was changed in name from the Irish Invitational to the Tom Fallon Invitational in honor of the recently-retired head coach.

The Observer / Bob Jones

The field hockey team lost to Purdue Saturday, but came back to defeat Olivet Monday. Katie Cronin has the details at right.

ND rebounds from drubbing to dominate Olivet, 5-1

By KATIE CRONIN
Sports Writer

While the sun was hot Saturday afternoon in West Lafayette, the Irish field hockey team faced the heat in an early morning game as they were shut out by the Boilermakers 5-0.

"They were a much quicker, more talented team than us," said Head Coach Jill Lindenfeld. "The defense held them off until the last minutes of the first half, then they just kept coming at us with speed and fast breaks. We broke down. And their coach felt it was their best game yet."

Purdue player Kate Foley scored with 1:14 left in the first half. She continued to hit for the Boilermakers scoring another goal in the second half and assisting on two more—both penalty corner hits put in the cage by Leah Finkbinder. The fifth and final Purdue goal was scored by Karen Andrews

in the last thirty seconds of the second half.

Notre Dame managed only one shot on goal each half, by forward Ann McGlinn and link Benet DeBerry. Purdue took a total of 26 shots on the Irish goal

Jill Lindenfeld

and had 16 penalty corner hits to Notre Dame's none. Irish goalie M.J. Beetel had 18 goalkeeping saves against this heavy pressure.

"M.J. still played a great game," said Lindenfeld.

The Irish faced Olivet away in Michigan yesterday afternoon and played their own 'best game yet' and won, 5-1.

"It wasn't an easy game. They were a big strong team," said co-captain M.J. Beetel. "They scored first on a penalty stroke and played aggressive. Our offense came through, everything came together."

Olivet took 10 shots on the Irish goal but Notre Dame had a total of 37 shots on Olivet's goal. The first Irish goal was scored by Caroline Berezny assisted by Benet DeBerry off a corner hit taken by Janet Budnick. Christine Gregory put the ball in the cage with an assist from DeBerry. Gregory also assisted on one of two goals scored by Debbie Charlesworth.

Charlesworth's other goal was assisted by Mindy Breen. Freshman Amy Bundens scored on an assist from fellow rookie Mary Beth Petriella to complete the Irish scoring.
