President of the University of Notre Dame.

## The Organization of the Alumni Association.

This number of the University Bulletin is dedicated to the important work of the organization of the Alumni Association. It is hoped in this way to quicken the interest of graduates in the work and to insure a large attendance at Notre Dame on June 17th. This bulletin will also be of interest as containing not only a complete list of the recipients of degrees, but also the beginning of a directory of graduates, with addresses, etc.

The movement to revive the Alumni Association of the University is the answer to a general demand that is found to exist among our graduates. From all parts of the country came requests in conversation and by letter for the beginning of the work. It fell in readily with the plans and policies of the University Administration and was promoted on all sides with enthusiasm and energy. Accordingly, on February 10th President Cavanaugh addressed the following call to such of the alumni as could be reached by him:

In response to a general demand for the organization of the Alumni of Notre Dame University I have decided to summon all the living graduates to assemble at Notre Dame, June 17, 1908, for the purpose of drafting a constitution and perfecting an organization.

The need of such an organization is as keenly felt by the University as it is by the alumni; and the educational work to which Alma Mater stands dedicated is sure to receive a great impetus from it.

This invitation will be restricted to graduates of those courses which at the present time demand the high school diploma or its equivalent as an entrance requirement. Under this ruling graduates of any course leading to the degree of bachelor or engineer are entitled to a seat in this first convention.

The Commencement exercises are fixed for the evening of Wednesday, June 17th, and the morning of Thursday, June 18th. For the benefit of those who may not be able to tarry long at the University the organization of the Alumni Association will take place on Wednesday morning at ten o'clock. The Alumni dinner will follow.

This movement means much to Alma Mater as well as to all her loyal sons. It is hoped that every alumnus of the University will be present, no matter what the inconvenience. So far as possible the former officers, teachers and prefects of the University will be in attendance.

I enclose postal card for reply. Be sure and add your present address.

The present whereabouts of a number of our graduates is not known to the officers of the University. A number of others have passed away. As will be seen from the classified list of living graduates on page 27, there still remain, however, a considerable number that have not acknowledged the invitation, not declaring their intentions with regard to the coming reunion. It is earnestly hoped that this Bulletin will provoke a reply from them and that the reply will be favorable.

Only a small number have sent declinations, and it is hoped that this number will be very much lessened by future good resolutions and the solicitation of friends who are to be present and who will miss the absentees.

Unusual importance attaches to the coming meeting, because it will give permanent form to the Alumni Association and largely determine its future character. It will also act upon the tentative constitution as suggested in this Bulletin, and decide questions regarding the constitution or the by-laws. As the efficiency of any organization depends very largely on the officers who furnish the initiative and the administration, the June meeting carries with it important consequences in that all the officers are to be elected at that convention. It is the wish of the college administration to make the obligations of membership as easy as possible so as to attract everybody to the annual meetings. It is the solid and united moral support of the Alumni that the University chiefly values and no graduate, however young, need hesitate to take an active part in the organization, since he may be able to render as great service as the older Alumnus through his alertness and enthusiasm.

One of the features of the Commencement exercises will be the Alumni banquet, at which the graduates of '08 will be formally inducted into the membership of the society. Toasts will be offered by favorite Alumni. There will also be a game of baseball between the baseball stars of the Alumni and the Varsity of this year.

The two oldest living graduates are Major General Robert W. Healy, now of Chattanooga, and the Hon. James O'Brien, of Caledonia, Minn. Both of them were members of the class of '59. Both have consented to be present.

Altogether it would seem from present indications that the success of the reunion is assured. There will be no lack of enthusiasm, but each graduate must feel obliged to encourage the movement by his presence

and by soliciting as many of his contemporaries as possible to come back and walk in the old paths for a day or two. The exercises of the Alumni Association have been crowded into one day in order that no one need lack the time to participate.

## The Notre Dame Club Idea.

It is a pleasure to announce that old students in many cities have formed Notre Dame Clubs for mutual pleasure and advancement, as well as to promote the interests of Alma Mater. This movement has not been pushed so vigorously as the alumni reunion, but it has taken hold in many cities, where preparations are now making for the foundation of a club. The following suggestions are submitted for the benefit of those who may be interested:

A Notre Dame Club may be formed in any city or town that counts from ten to twenty old students among its population or within easy distance of it.

The obligations of membership ought to be as few as possible. An annual dinner, with songs, speeches, stories and reminiscences would be a sufficient bond. More frequent meetings would be at the discretion of the members.

There need be no dues except the price of the annual dinner unless meetings are frequent.

The club would help individual members by making and conserving friendships. It would help the University by keeping the old students in touch with Alma Mater. Whenever individual members or clubs found it possible, gifts of money might be made for specific purposes. In all cases old students could serve the University by speaking favorably of it especially to prospective students, by sending an occasional book to the library, etc.

The Scholastic might serve as a medium of communication between such societies by reporting for all the activities of each.

The Notre Dame Clubs in various cities are intended to assemble all former students whether graduates or not, who care enough about Alma Mater to wish to be identified with her, and who wish to keep up friendly relations with other "old boys."

When the club is organized send names of officers to the President of the University for publication in the annual catalogue.

Already the following Clubs have been formed:

THE NOTRE DAME CLUB OF NEW YORK

Rev. Luke J. Evers, President, 20 City Hall Place  
 Charles A. Gorman, Vice President, 208 Hooper St., Brooklyn  
 Peter P. M. McElligott, Secretary, 112 Wall St.  
 Thomas Murray, Treasurer.

THE NOTRE DAME CLUB OF BOSTON

Dr. Francis E. Carroll, President, 217 Huntington Ave.  
 Hon. William P. Higgins, Vice President, 43 Tremont St.  
 Dr. John Fennessey, Secretary, Dorchester

THE NOTRE DAME CLUB OF PHILADELPHIA

James P. Fogarty, President, Betz Bldg.  
 Joseph D. Murphy, Vice President.  
 Andrew J. Hanhauser, Secretary, 27 N. 50 St.  
 John H. Neeson, Treasurer, 1701 Columbia Ave.

THE NOTRE DAME CLUB OF MILWAUKEE

Chauncey W. Yockey, President, Wells Bldg.  
 Frank P. Burke, Vice President, 900 Pabst Bldg.  
 George F. Ziegler, Secretary.  
 Louis E. Best, Treasurer.

THE NOTRE DAME CLUB OF DAYTON

John C. Shea, President.  
 Peter Kuntz, Vice President.  
 A. W. McFarland, Sec.-Treas.

THE NOTRE DAME CLUB OF PORTLAND

Hon. John M. Gearin, President, Portland Hotel  
 John F. Daly, Vice President.  
 F. J. Lonergan, Sec.-Treas., Columbia University

Immediate steps should be taken to organize similar clubs in Washington, D. C., Pittsburg, Chicago, San Francisco, St. Louis, Fort Wayne and South Bend. Old students who feel interested in this movement and feel that a Notre Dame Club could be organized in

their city are invited to open correspondence on the matter. Sometimes it may appear better to form a state club with headquarters at a central point convenient to most of the members.

## Tentative Constitution for the Alumni Association of the University of Notre Dame \*

ART. I.—This organization shall be known as the Alumni Association of the University of Notre Dame.

ART. II.—The officers shall consist of an honorary president and six honorary vice-presidents, a president, vice-president, secretary, treasurer, and an executive committee of four members. All the officers will be elected annually, except the members of the executive committee, who will be elected for two years in such wise as not to have all four members elected in any single year after the date of organization.

ART. III.—The Association shall meet Annually in connection with the Commencement Exercises of the University.

ART. IV.—The object of the Association shall be to promote friendly relations among the Alumni of the University and to further the interests of Alma Mater in such ways as may be considered best.

ART. V.—Any member of the faculty, any former member of the faculty, graduates in those courses which demand the high school diploma or its equivalent as its requirement, any former student who has since become an ordained clergyman and any former student who has received an honorary degree from the University, shall be eligible for membership in this association.

ART. VI.—The members of this association shall pay an annual fee of five dollars to defray the expenses of the yearly reunion.

ART. VII.—This constitution may be changed at any annual meeting by vote of two thirds of the members present at such meeting.

---

\* This Constitution is merely tentative and is suggested here in order to facilitate organization. In explanation of Art. V. it may be said that this paragraph was framed on the theory that an assured status of culture, together with actual experience of life at Notre Dame, may be considered to constitute a desirable member.
