

# Notre Dame Daily

VOL. 2. NO. 1

UNIVERSITY OF NOTRE DAME, NOTRE DAME, INDIANA, SUNDAY, SEPTEMBER 23, 1923

PRICE 4 CENTS

## PLAN NEW HALL FOR THE FROSH AT UNIVERSITY

### May House All of Them on the Campus; Soph Hall Built

A new hall for freshmen will be built next spring, according to Rev. Matthew Walsh, president of the University. The hall will be built in an effort to make accommodations on the campus for all freshmen. The site under consideration is in the vicinity of the Lemonier library. Another hall, it is said, may be built near the gymnasium.

Erected during the summer to help relieve congestion, Sophomore hall, a two-story structure, is now on the campus. It houses 186 men in its 93 rooms.

Construction was begun last July by Thomas Hickey, contractor, of South Bend, and the rooms were ready for occupancy early this month.

Hot and cold running water is provided in each room. The ceilings and corridors have been painted white, the woodwork is finished in light oak. The exterior is of Kellystone. A heavy layer of laths and tar paper gives protection from wintry blasts.

Rev. Frederick Gassensmith is prefect.

## S. A. C. WILL MEET TODAY

### New Members To Be Present at First Business Meeting of Year

The Student Activities Committee, under the direction of Chairman Swift, will meet at 10:30 this morning in the Brownson room of the Library. This will be the first actual business meeting, although two preliminary conferences have already been held.

The Senior members of the S. A. C. this year are James Swift, chairman; Tim Rauh, treasurer; Mark Nolan, William Greavy, Charles Molz, Norm Smith, Matthew Rothert, James Egan, Ray Brady and Don Gallagher, president of the Senior class. The Junior members are George Bischoff, secretary of the S. A. C.; John Moran, Ed. Hintsinger, Jack Sheehan and Don Miller. The Sophomore class is represented by Robert Cahill, Mark Mooney and Nicholas Smith. The president of the Freshman class will also be a member.

The S. A. C. is at present making plans for Homecoming. The solution of the traffic problem at Notre Dame also confronts the organization. Data for a student football trip is being gathered, but no decision has yet been reached. The S. A. C. is doing all in its power to organize the band and orchestra and assures proper financial backing to these organizations.

## Announce Statistics On Students at N. D.

This year's enrollment figures disclose a gain of 282 students over last year's figures. The total number of registrations in all the colleges to date is 1863, while last year at this time the registration totaled 1581. The new Sophomore Hall has provided accommodations for 194 more men on the campus this year. Approximately 500 students are residing in the city.

The number of Day Students at the University are less this year. They numbered about 700 last year. University officials are making efforts to put all the men on the campus.

## First Issue of Scholastic to Appear Oct. 10

The first issue of the Notre Dame Scholastic will be published about October 10, according to Professor George N. Schuster, who is in charge of the publication. The circulation is expected to reach the 2,000 mark.

The Scholastic will be a monthly publication instead of a weekly, owing to the development of the DAILY. It will be strictly a literary magazine and will be the organ of the Scribblers Club. The staff is composed of the following men: H. A. McGuire, Ray Cunningham, James Armstrong, James Hayes, Dennis O'Neil, Richard Lightfoot, Gerald Holland, John Brennan, Charles Molz, Francis Kolars, Charles De Barry, Robert O'Riordan and Edward Reilly, C.S.C.

## FORMER DEAN NOW COUNSEL

### Judge Vurpillat Appointed by Mayor Dever; Built Up Law School

Judge Francis J. Vurpillat, former dean of the College of Law at the University, has been chosen assistant to the Corporation Counsel of Chicago by William E. Dever, mayor of Chicago, a notice from Chicago announces. The mayor, in making the appointment, said that Judge Vurpillat had been selected because he knew him to be capable of handling litigation in public utilities.

Judge Vurpillat succeeded Colonel William Hoynes as dean of the Law School in 1914. The enrollment in the school was small at that time, but it grew to 400 before he left last year. The 1923 Dome was dedicated to him. In 1892 Judge Vurpillat was admitted to the bar and began practice of law. From 1896 to 1902 he held the office of prosecuting attorney. In 1908 he was elected judge of the Circuit Court of Indiana, and was re-elected in 1914.

## Scribblers Will Meet Tomorrow

The first meeting of the Scribblers will be held at 7:45 Monday evening in the library.

Professor George N. Shuster will outline the plan by which the Monthly Scholastic becomes the official organ of the club. The Scholastic, however, remains under the original editorship of the student body.

The seven vacancies caused by graduation will be filled at this time by vote of the active members. Applications for membership must be in the hands of Harry McGuire, president of the club, 238 Walsh, or Jack Scallan, secretary, Box. 82, by Monday noon. Membership is limited to twenty and does not include freshmen.

## Over Hundred Boys Enroll at Seminary

One-hundred and twenty-six boys were present at the opening of Holy Cross Seminary on September 5. During the summer, students of the seminary obtained 950 subscriptions for the Bengalese, the official publication of the Bengal Mission.

Students of the seminary go through their calisthenics near the lake. A new pier is now under construction, which will be used by the smaller boys, a shallow strip of beach having been discovered. The pier when finished will extend 100 feet over the water.

The Rev. Andrew Schreyer, formerly of St. Edwards College, Austin, Texas, is an addition to the faculty of Holy Cross Seminary.

## DAY STUDENTS

An effort is being made to have newsboy service for Day Students. To continue this the DAILY must have your support 100 per cent.

Subscribe NOW at the Off-Campus Office or with the DAILY solicitors.

Every man living in town must be on the subscription lists this week if newsboy service is to continue.

Complaints of non-delivery and changes of address should be left at the Off-Campus Office immediately.

Watch the DAILY for further information.

## MUSICAL CLUBS UNDER NEW MAN

### Dr. J. Lewis Browne, of Chicago, to Call Orchestra and Glee Club Soon

Dr. J. Lewis Browne, noted composer, organist, choirmaster and Gregorian scholar, has been engaged to lead the Glee Club and Orchestra. Dr. Browne succeeds Prof. J. J. Becker, who will devote his time to other duties.

The famous St. Patrick's choir of Chicago with its 150-voices has become nationally known under the directorship of Dr. Browne. His many compositions, including "La Corsicana," have won for him the membership in the Royal Philharmonic Society, Rome, Italy.

Triquets for membership in the Glee Club will be held this week. Officers for the coming year are: President, Thomas Hodgson, '24; vice-president, Frank Howland, '25; secretary-treasurer and assistant director, Joseph Cassananta, '23; business manager, George Koch, '24. These, with John Kevill, Vernon Richard and Thomas O'Connor, comprise the governing board.

## DOMES QUERIES LAST YEAR MEN

### Photographers on the Job First of Month Say Editors

Questionnaires have been issued to members of the graduating class by the officers of the 1924 Dome. The officers say that additional questionnaires can be obtained at the off-campus office and from the dean of the Law School. Return of the questionnaires to Box 82 or to 303 Walsh hall is asked for immediately.

Space on the questionnaires is left for the seniors to indicate their activities and honors in scholarship, sport and campus life.

Photographers from the Russell Studio, of Chicago, will begin to take senior and other pictures October 9. Those who are to be photographed will be notified, and if they fail to appear within the time set, no allowance will be made. The same studio made scenery photographs during the spring for the 1924 Dome. The pictures are said to be the best ever taken at the University.

Meetings of the editorial, business and art staffs are being held regularly. Rev. Bernard Lange, who has been away from the University for the past year, has returned, and will assist in the art work. The art staff of this year appears to be unusually large and capable.

The printing contract will be let within the week, it is said. Engraving work for the annual was awarded to the Pontiac Engraving company of Chicago last spring.

Circulation figures already exceed those of any previous year.

## Play Army Game At Ebbet's Field Says Dame Rumor

The Notre Dame-Army game is to be fought out on October 13, as scheduled, but just where this contest shall take place still remains a mystery.

Much has been said about playing the game at Stagg Field, Chicago, because it would give the Conference fans a chance to see both teams in action. But the City Series baseball games have been overlooked by those who make these predictions. There is a great possibility that these baseball games would detract greatly from the interest of the Notre Dame-Army fray.

A rumor received late last evening, however, seems to carry some weight. It is that the National League Ball Grounds, at Ebbet's Field, Brooklyn, N. Y., is now being considered seriously for the battle ground.

## STRICT RULES FOR CLASS CUTS

### Must Wait Fifteen Minutes for Prof Only Certain Number of Cuts Permitted

Regulations in regard to absences from classes, as announced by the Department of Discipline, are more strict this year than last. Only those "cuts" which a student accumulates while absent in the common interest of the University may be canceled. Absences "in the common interest of the University," it is said, will include absences for athletic contests, debating, and the likes.

Students going home for vacation must not leave before the specified time, and must return for classes immediately after the recess or they will be penalized. Any absence on the last day before, or the first day after, Christmas, Easter or Thanksgiving vacations will be penalized by a double "cut."

Three tardinesses, or one tardiness of fifteen minutes or more, will constitute a "cut." Classes are automatically dismissed if the instructor does not report within fifteen minutes after the time for opening the class.

The number of cuts allowed is three times the number of hours in the course. Thus a student may absent himself from classes for three weeks. Any "cuts" beyond this limit, however, makes it necessary for him to drop the course.

## Father Nieuwland Elected to Office

Rev. Julius Nieuwland, dean of the College of Science and inventor of Lewisite gas, has been elected secretary-treasurer of the Organic Division of the American Chemical Society. He was elected at the last meeting of the society which was held in Milwaukee, September 10 to 15. The society has a membership of over 15,000.

## NEW EQUIPMENT.

Rev. Wenniger, dean of the College of Science, announces that ten additional microscopes have been secured for the department of Zoology.

## Brother Florian Reported Seriously Ill

Brother Florian, former rector of St. Joseph's Hall and guest manager for the University for several years, is very ill at the Community House. His condition is serious.

His long residence at Notre Dame has brought him into contact with many men, and he is one of the best liked and most known men of the community.

## FATHER WALSH WELCOMES MEN TO UNIVERSITY

### Solemn Opening of School Year Includes Academic Procession

The solemn religious opening of the scholastic year will be officially celebrated with a pontifical high mass and an academic procession in the Church of Our Lady of the Sacred Heart, at 8:15 today.

The Rt. Rev. Coruna, Bishop of Porto Rico, will be the celebrant, while Rev. Thomas Irving and Rev. William Carey will officiate as deacon and sub-deacon, respectively. Rev. Joseph Burke will be the assistant, and the Rev. Charles Milner and the Rev. Patrick Haggerty will be honorary deacons. Rev. Francis Wenniger will be master of ceremonies.

In accordance with the custom, Rev. Mathey J. Walsh will deliver the sermon of welcome, "The Place of the Academic Procession of the Faculty of the University will form in the University parlors, under the direction of Prof. William Benitz, marshal of the procession, and will then proceed to the Church.

Rev. Walter O'Donnell, organist, and the Moreau Seminarians have arranged a special program.

## 2 MOREAU MEN LEAVE FOR ROME

### Thomas J. Brennan and Frank E. Drummey Go This Year

Two men, graduates of the University of Notre Dame, will leave Moreau Seminary today to go to Rome. They are Thomas J. Brennan, C. S. C., and Frank E. Drummey, C. S. C., both of whom were members of the class of '23. They will enter the Home of the Congregation of the Holy Cross, the Holy Cross Procure, in that city, where they will remain for six years.

Mr. Brennan, who is from Peru, Ind., in addition to being an athlete, was secretary of the St. Thomas's Philosophical Society. Mr. Drummey, formerly of Madison, Wis., now of South Bend, came to Notre Dame from the University of Wisconsin as a junior. He was a member of the Notre Dame debating team. Both will sail on Wednesday from New York.

During the last two years, Moreau Seminary has sent five men to Rome. William Robertson, Arthur Hope, Thomas Duffy, William Harvey and Stanley Lisewski, who obtained the degree of Ph. D., left previous to this year.

Seminarians of the graduating class of last year went to the Holy Cross College at Washington, D. C. Their period of residence there, which will be for four years, will be occupied in theological studies.

The Rev. Michael Mulcaire, a member of the faculty at the University of Notre Dame, is expected to arrive at Moreau Seminary within a few days. Father Mulcaire, who is returning from a trip made to Ireland, has been teaching at the college for fourteen years. He went abroad to visit his native home. He will teach Economics when he returns.

## NOW IN BUSINESS.

Two professors of the College of Science have accepted professional positions this year. Mr. P. Byrne, formerly of the Chemistry department, is now with an electrical concern in South Bend, and Dr. Charles Rudmann, also of the Chemistry department, is with an industrial concern.

# NOTRE DAME DAILY

University of Notre Dame official daily paper, published every morning except Monday, Wednesday and Friday during the academic year by the Notre Dame Daily Company, Notre Dame, Indiana.

Entered as second class matter at the post office at Notre Dame, Ind.

Subscription rate, \$4.00 per year. Single copies, four cents.

## BOARD OF CONTROL

## OLD FRIENDS AND NEW

Perhaps it is presumptuous for the youthful NOTRE DAME DAILY to voice a welcome to the student body at the beginning of the new school year, for it is itself a newcomer. Yet, to those returning upper classmen who assisted so loyally in the test publication last spring, and to the many freshmen whose support is essential for the continuation of the paper, the DAILY wishes to express its pleasure in the renewal and the formation of acquaintance. Unexpected delays in the initial publication of the year have made this greeting of the DAILY somewhat tardy, but they have not detracted from its sincerity.

Because of the fact that subscriptions have failed to fulfil expectations, the DAILY will be issued on four days only instead of on five days, as was originally intended. It is hoped, however, that an increased circulation in the near future will make possible the publication of an additional issue each week.

Regardless of the number of issues, the DAILY desires to place itself at the service of its friends old and new, and to express the hope that its readers will find it worthy of their support. There is every reason to believe that during the coming year a daily newspaper can do much for Notre Dame, providing that it has the co-operation of the student body. And it is with confidence that the DAILY will have that co-operation that the members of the staff have begun their work for the year.

## Over Hundred Begin Work at St. Edward's

One hundred and fourteen minors are registered at St. Edward's hall this year, and will be instructed by the Sisters of the Holy Cross. About 20 more boys are expected.

Football practice has begun under Eugene Oberst, varsity football and track man. Interclass contests are preparing the boys for the later interscholastic events.

### MR. PAYTON GONE.

Mr. Eugene Payton, until recently a member of the staff of the College of Commerce, is now with the legal department of the Union Trust company, of Cleveland.

## Through the Looking Glass

The young man stood on the side walk. He had been standing there for exactly one hour and forty minutes. It was Hooda!

Hooda was in a dilemma. Away up to the neck in a nice big one. He had dropped a half dollar and stood gazing at the sacred little spot where it rested between his feet—which were enclosed in something almost like shoes. From time to time he almost stooped to pick it up.

Hooda was afraid of a rip. Nothing to do with the late Mr. Van Winkle. Mr. Winkle, we are informed, is, to the contrary, Hooda's idol.

But for all that, Hooda was afraid of a rip. That horrible, tearing sound so dreaded by all men and so dear to the ears of a tailor. That awful, sickening rending that makes stronger men than Hooda seek haven. The appalling, sneaking "snick" that tells of good cloth gone wrong. That—but wait! His mind was made up. He stooped—

Hooda: "And what are the costs, please?"

Tailor: "We had to take eight stitches. One dollar, please."

But Hooda must be excused. He was standing on the wrong street when he committed his perfidy. It has since been suggested that it never would have happened on South Bend's street of logic, Col-fax.

### ROTTEN RHYMES.

"Oh, Mr. Gallagher! Oh, Mr. Gallagher! There was a freshman came to Notre Dame, I hear.

And they say he's very bright; that he lies awake all night, Making fruity plans to spike a big career."

"Oh, Mr. Shean! Oh, Mr. Shean! It's he that ran for that perfect job you mean.

He smoked on the M. B. steps, while lecturing on his pep."  
"Did they run him, Mr. Gallagher?"  
"He's still going, Mr. Shean."

# SCHOLARSHIP DANCES BEGIN

**Twelve Scholarships Given by South Bend Women Last Year.**

The first Scholarship dance of the year, one of a series to be given by the Scholarship club, was held in the ball room of the Tribune building Friday evening.

The Scholarship club was organized to assist worthy men to obtain an education at the University, and also to provide entertainment for the students during the school year. The club membership is composed of 30 women of South Bend and Mishawaka.

Money realized at the dances will be spent for scholarships given to "deserving young men, who come to the University highly recommended by their former instructors, and who, as well as the professional and business men of their home towns, are still interested in them."

The club was organized two years ago, and plans other dances for this year. The young women invited are from representative families of South Bend and Mishawaka.

Two scholarships were awarded the first year; ten, the second, and twelve this year.

The officers are:  
Mrs. D. L. Guilfoyle, president;  
Mrs. J. L. Worden, first vice-president; Mrs. Alexander Coquillard, second vice-president; Mrs. R. S. Hollowell, recording secretary; Mrs. Catherine Twomey, corresponding secretary; Mrs. H. J. Weber, treasurer.

The board of directors are:  
Dr. Alta Boram, Mrs. Regis Roy, Mrs. Caroline McNamara, and Mrs. D. L. Guilfoyle.

### CLANCY-PARENT.

John Newman Clancy, Ph. B., 1921, married Miss Grace Parent, of Dowagiac, Mich., in the Sacred Heart church, September 6. Clancy will make his home in Rexton, Mich.

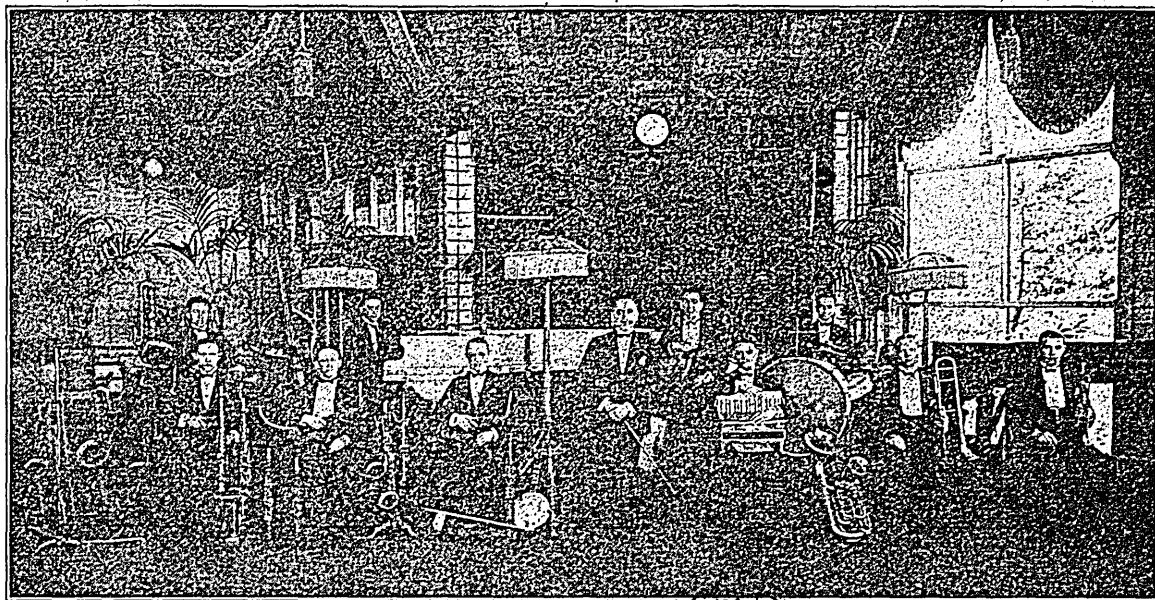

### From Off Stage

The past week has been notable for the quality of attractions which have been shown in South Bend theatres. Lois Wilson and Elliott Dexter at the Orpheum in "Only Thirty-Eight" made as engaging a pair of middle-aged lovers as you have ever seen. The performance at the Palace was much as usual. One thing, however, is worthy of mention, that is the work of Snitz Edward and of Walter Long who played in the supporting cast of Colleen Moore's picture, "The Huntress," which was billed for the first half of the week. Their cleverness did much to account for whatever success the film attained.

At the La Salle, the gorgeous Gloria Swanson did the best she could with a role which was meant for Ina Claire, that of "Bluebird's Eighth Wife." "Brown's Saxophone Six" at the Blackstone proved an attraction which appealed to those who enjoy the eccentricities of the most eccentric of musical instruments. "If Winter Comes," the current attraction at the Oliver, is a picture well worth seeing, and one which brings much credit to Harry Millarde, the director, and to Percy Marmont, who plays Mark Sabre. Mr. Marmont is a hard working, intelligent actor of far more than ordinary ability, who, for the first time in years is receiving his due. It is hoped that "If Winter Comes" will do for Marmont what "The Four Horsemen of the Apocalypse" did for one much less worthy.

### FUNERAL HELD.

The funeral of Rev. James Burns's mother was held in Michigan City, Ind., Thursday. Mrs. Burns was 93 years of age at the time of her death. The funeral service was conducted by Father Burns, formerly president of the University, and the sermon was preached by Rev. Thomas Lahey. Many of the faculty attended the services.

**A BIG PEN to see you through a BIG four years**

This is a great pen for college men and women! It is made by the makers of Eversharp pencil. It has a huge ink capacity! And the Wahl filling device fills it plumb full every time. It's a big pen. But it is so nicely balanced and proportioned that it fits into the fist most comfortably. The Wahl Signature Pen writes the instant the point touches paper. The ink begins to flow evenly—always enough, never too much. The patented comb feed makes shaking unnecessary.

The everlasting nib is a wonder. Experts say it is the ultimate in nib-making. It suits itself to any hand—to any style. It is extra heavy. The 14-karat gold is tipped with the hardest and finest grade of iridium that money can buy. The patented construction of the cap makes it impossible for the pen to leak in the pocket. The cap cannot split, for it is strengthened by the plain gold band. There are two sizes of the Wahl Signature Pen—one at \$5 for women, and one at \$7 for men! Other Wahl Pens, \$2.50 up!

# VARSITY MAUL FROSH ELEVEN

Irish Show Form in Open Scrimmage; Castner at Game at Cartier Field

The Irish met Irish and brother met brother in the annual Varsity-Freshman football clash on Cartier field yesterday afternoon, which informally opened the 1923 grid season at Notre Dame.

The yearlings, playing together for the first time, displayed remarkable ability at judging and breaking up plays, knocking down passes and general defense work. Bielli, a product of Danny Coughlin's from Duluth, looked good at tackle for the Fresh. Murrin, an All-Star center from Parkersburg, W. Va., played an aggressive game at that position. Chet Wynne and George Vergara were both well represented by younger brothers on the Freshman squad.

In the last half of the game, Keogan, the Freshman coach, sent Edwards into the fray at quarter. Edwards, who comes from Weston, Va., played a good offensive and defensive game, and showed up well on knocking down passes.

The varsity first string, starting the game brought back to life the echoes of last year's brilliant campaign.

Harvey Brown, the fighting captain and Kizer at the guards, smashed thru the Frosh line almost at will and smothered the green-jerseyed backs before they could get started. Walsh at center, Stange, Oberst and "Rip" Miller at the tackles, Vergara and Mayl on the wings, slashed through the Freshman defense with ease.

Don Miller got away for long runs and scooped in some nice passes. Crowley, Livergood, Carney, Bergman and Maher displayed their usual snappy brand football. Harry Stuhldrehr, "the little general," beginning his second year

with the Irish warriors, proved a master at all times.

James, Layden, Regan and Magnevey were unable to get into the game because of minor injuries.

A large delegation of South Bend rooters were in the stands to witness the opening fray. Paul Castner, triple threat fullback on last year's aggregation, was also present.

## Infirmiry Treats Football Injures

Francis "Judge" McGuigan, of Trenton, N. J., and Edmund Callahan, of Chicago, are in the hospital suffering from injuries received while practicing football with the Brownson hall squad. McGuigan's right leg was broken and Callahan suffered a torn ligament in his shoulder. McGuigan is secretary of the Sophomore class and was a candidate for the Varsity earlier in the season.

Henry "Spike" McAdams, of Rochester, Henry Walters, of Evansville, Ind., and Thomas Ruckelshaus, of Indianapolis, are in the infirmary doctoring colds.

Lee Scheider, of Pittsburg, is confined there with a broken arm which he received in the gymnasium.

## ADLER BROTHERS

Smart Clothes Mean  
Correct Cut

A suit may be loose and louny or slightly fitted, two or three button, single or double breasted—it's smart if it's correctly cut, and not otherwise. The reputation of Society Brand is simply this; their cut is unapproachable.

An extensive showing of smart models in Top Coats and two-trouser suits—Fall styles that most college men prefer.
