Take your bar exam next summer

It's the Marine Corps' test for the man who wants responsibility and leadership from the start, not at some obscure point in his future. And there isn't a tougher test you could take—for the Marines don't choose their new officers lightly. Two six week sessions at Quantico—or one ten week session—will tell them *and you* if you've got all it takes to lead some of the world's best fighting men. If you do, you'll pin on your lieutenant's bars after college graduation, and carry new weight on your shoulders from that moment on.

Take your bar exam next summer

It's the Marine Corps' test for the man who wants responsibility and leadership from the start, not at some obscure point in his future. And there isn't a tougher test you could take—for the Marines don't choose their new officers lightly. Two six week sessions at Quantico—or one ten week session—will tell them *and you* if you've got all it takes to lead some of the world's best fighting men. If you do, you'll pin on your lieutenant's bars after college graduation, and carry new weight on your shoulders from that moment on.
