Dear John:

This is a letter inviting you back for the opening practice in September.

There were times last Spring when I was very optimistic about your playing and times when I forgot my optimism. However, in the last game your playing was so good that I believe you are going to come through this fall. You were one of the two best Freshman guards out there at the end of Spring practice.

I find that you are the kind of a fellow who can come through in competition and that is what I want. We will certainly have plenty of competition this year with a terrifically hard schedule. We will need six guards who can go in there and deliver -- men who can stand the gaff -- men who can take interference and that sort of thing.

I believe you are a little weak on the last two points. On your pulling out you still have a lot of improvement to do this fall but I know you can do it, in fact, I am counting on you.

With every good wish for a pleasant summer and looking forward to seeing you in the fall, I am

Yours cordially,

Knute E. Rocke
Director of Athletics
