Dear Jethro:

You may remember me as one of the old alums who thoroughly enjoyed your guided tour of the Sports Memorabilia section of the library during the recent reunion week-end.

You may also remember that I mentioned having an old banner commemorating our 1947 National Championship which was collecting dust in the basement and rapidly approaching deterioration. I believe your response was "I think it belongs here".

I fully agree with your sentiments in this regard. Therefore, please find enclosed said banner, duct tape reinforcement included.

I trust you find it not too badly damaged and that it may be of some value to your growing collection.

My best wishes for continued success in your project.

Kindest regards

Jack Murphy
