This Exhibit is "an 'anti-God display' of more than 2500 books, pamphlets, magazines, handbills, and other propaganda material used by Communists and German Nazis to attack religion and democratic government... It took more than three years to assemble... Its purpose is to show American citizens of all creeds the magnitude of the anti-religious and anti-democratic campaign being conducted by 'totalitarian murder regimes'...."

- N.Y. Herald Tribune

"The exhibit barely scratches the surface of God-baiting propaganda throughout the world."

- Rev. Paul B. Ward, C.S.P.
