Yesterday's Bulletin carrying the announcement of Jack Winte's '40 death went to press just before a letter arrived from Ed Tracy '40 of Joliet saying that Jack lived long enough after the train accident to receive the Last Sacraments. It was first reported that Jack was killed instantly. . Tomorrow is the anniversary of the death of the mother of Bill Snyder (Wal).

Novena of Gratitude and Petition Starts Monday.

On November 26, one hundred years to the day will have passed since the coming of Father Sorin and six Holy Cross Brothers to Notre Dame. You are now sharing the fruits of a century of God's blessing on the University. God and Our Blessed Lady deserve infinite gratitude for the temporal and spiritual favors they have bestowed upon every student. Moreover, this will be a season of grace for obtaining blessings for future students. A Novena of Gratitude and Petition will be a fitting way for the student body to participate in the Centenary Program.

The Novena will begin Monday. It will consist of Mass and Communion in the morning, and Benediction and Rosary in the evening at 7:00 in the Church. In no way will your other intentions be excluded from the Novena. Continue to pray for the Poor Souls, peace, success in classes, spiritual and temporal protection when called to the Armed Forces.

Prayer Of A Young Man.

Dear Lord Jesus Christ, help me to be a good man, to be strong and willing in your service, neither too cold, too fearful, or too lazy to do what You want. Help me to face the crowds with a cheerful smile, whether I am suffering or whether I possess Your peace. Don't let me become "pious" with eyes rolled to heaven and sad appearance. Don't let me forget that I owe much to my fellow-men, while remembering that I owe all to You. Let me be neither proud or boastful at the success You allow me, nor cowardly and fainting at the slightest sign of adversity. Make me strong and brave.

If I am to be a husband, let me be a good husband, remembering that I am charged with the responsibility of another soul and another body, which, with mine, I must preserve whole and intact.

If I am to be a father, let me be one with a knowledge that my wife and I together are building a little body and passing on a part of our life to it, while You are breathing into it a soul. Fill me with wisdom to teach these, my children, by word and example to know and love You, to surpass that toward which I have striven - and to become under my care and Your guidance, children of whom both You and I can be proud.

Keep me in the path of virtue always. Bless and protect those whom I offer to you as my own. Please God, don't ever let me build a selfish world around myself.
