Singing at Grotto
after supper at
6:40.

South Bend Sue

Yesterday I went to see
N. D. University
And I met a boy who showed me all around;
We approached the grotto where
Several fellows stood in prayer
And my admiration for them was profound.

In a world of sham and bluff
One admires honest stuff,
And the fellow who is not afraid to pray
Will not be afraid to do
What his conscience tells him to
Even though the rabble runs the other way.

Such a boy will live his life
For his children and his wife
And the girl who gets him is a lucky lass;
When I'm looking for a spouse
I won't picket house by house
I'll just block the grotto path so he can't pass.
(T. E. B.)

Pink Slips and Frequent Communion.
(Student Comment)

"I can now put more time on my studies. Before I began the practice of frequent Communion my mind was distracted when I tried to study, usually by evil thoughts."
"The only time in my college career that I have been successful in all my examinations was when I made the only novena I have made before examinations."
"With the aid of frequent Communion I have passed all my examinations. And I believe that it has kept me out of automobile accidents; I always pray that I will have none."
"I was only a monthly communicant last year at a non-Catholic school, and my scholastic average was much lower."
"It leaves me in a fine mental condition and makes me think."
"It has caused me to deny myself the comfort of a good rest in the morning; and it has brought me closer to God and put me in a more favorable position to ask favors of Him."
"Holy Communion has been the answer to all my problems of life. Take your troubles to the Communion rail with you every morning and you will leave the church relieved."

May Adoration

The Adoration figures may interest you. A total of 1048 students signed up for 1532 periods of Adoration weekly. This is but part of the picture of the campus devotion to Our Lady and to her Son in the Blessed Sacrament. There are many unrecorded hours of Adoration made by the Sisters from the convent, the priests, members of the faculty and office personnel. The Adoration is a source of many blessings. No one should miss making at least one period of Adoration every week.

PRAYERS: (deceased) two brothers and sister of Dr. Desmond FitzGerald, former faculty member. (Ill) all those who have not made their Easter Duty.

BENEDICTION WED. 11:00

No Adoration Wednesday afternoon because of Admiral Nimitz convocation
