

Sudden death: father  
of Ted Ahearn (Al) and  
Dick, '43.

University of Notre Dame  
Religious Bulletin  
April 19, 1948

(Operations) Lou DiGiovanni  
(Bad), appendectomy; Bill  
Whitehouse (Far), bone set.

Thanks From Berlin

"Some time ago I got the good news that a Care Package ordered by you was waiting for me at the Care storehouse. You over there in the land of plenty can scarcely imagine what such a parcel means to us. It is good substantial food which is badly needed, since our rations are just enough to prevent people from starving to death. Besides items which are very scarce like fat and meat, it contains things which we do not get at all as milk, eggs, cocoa, chocolate, coffee and fruits.

"In order to give you an idea of the value of your gift I will try to explain further: If you wanted to get this extra food here, you would have to buy it in the blackmarket. There it would cost, according to a very low estimate, 1500 marks. To earn this amount of money a skilled workman, a carpenter e.g., would have to work 30 weeks. So you see how precious your gift is! Unfortunately, we can only say a hearty "Thank you." But be assured that we will not forget our benefactors in our prayers and Masses. He who said, "Amen I say to you, as long as you did it to one of these, my least brethren, you did it to me," will repay you a hundredfold. For He does not allow Himself to be outdone in generosity."

Daylight Time and Communion.

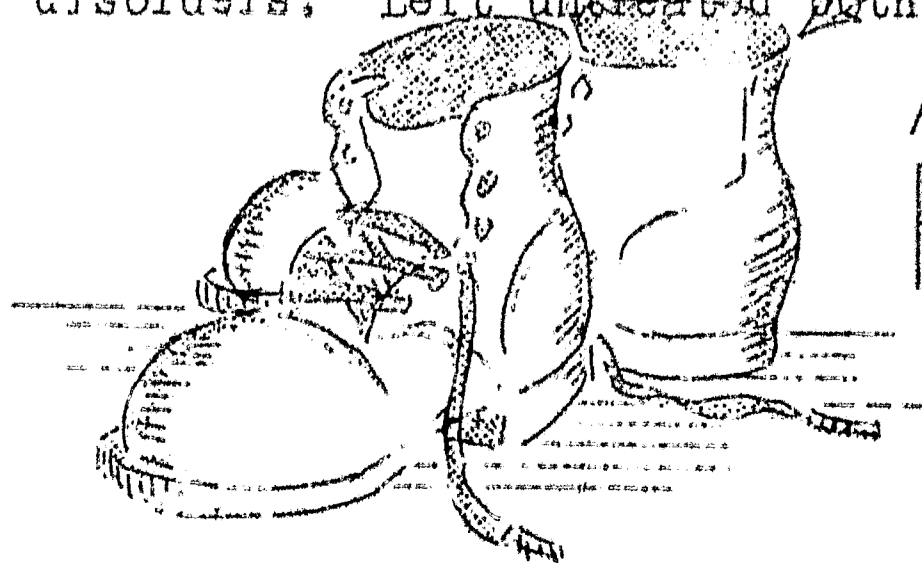

Fast time will go into effect soon, most likely next Sunday. With Daylight Saving Time comes an extension of the time regarding the Communion fast. The fast need not begin until 1:00 A.M. o'clock when Daylight Time is in effect.

Please observe that Daylight Time goes into effect at 2:00 A.M. Sunday morning. Therefore the extension will not be permitted on the Saturday preceding the first Sunday of Daylight Time.

A Public Expression of Thanks.

Sister Lucilla in the Students' Infirmary has often remarked of late that someone must be praying for the good health of the student body. So far this year, there has been no overflow crowd in the infirmary because of colds, nor an epidemic of any kind. Say an extra prayer tonight that Our Blessed Mother will keep serious sickness away from the campus.

It is encouraging to notice the same approach most students are taking towards sickness -- when ill they are going to the infirmary for a checkup. An ounce of prevention is worth a pound of cure. Don't take chances with a fever, nor stomach disorders. ~~Left untreated both can result in serious trouble.~~

ANY OLD SHOES  
FOR THE POOR?  
LEAVE THEM IN DILLON  
HALL PAMPHLET ROOM
