SUNDAY MASS

The Seniors and their week-end guests will attend the 10:00 o'clock Mass in Sacred Heart Church on Sunday. So, those who are not entertaining this week-end might try to attend an earlier or later Mass, helping thereby to distribute the crowd a bit.

NOVENA CARDS

If you haven't yet sent off the Mother's Day Novena card, do so tonight. They were distributed in the halls on Wednesday. Off-campus students may pick up a card in the vestibule of Dillon Chapel or in the Pamphlet Room in Dillon.

THE GROTTA

Nature's beauty is more radiant than ever these days. But nowhere on campus will you find this beauty more concentrated than at the Grotto. If you haven't yet been down there, make it a point to be on hand this evening at 6:00 or 6:30 for devotions in honor of Our Lady.

CONFESSION

Those who have been planning to make a general confession before the end of the schoolyear should take advantage of the opportunity tomorrow evening in Sacred Heart Church. The confessors will be there from 6:00 until 8:30. Perhaps there's someone you know hasn't been to confession for quite a while. Bring him along with you.

DISASTER

For the second time in recent weeks, the center of Holy Cross Foreign Mission activity, Dacca, in East Pakistan, has been hit by cyclones and tidal waves. Early reports indicate that scores died and some 3000 houses were swept out to sea. In the storm a few weeks ago, one of our mission churches outside Dacca was completely destroyed. It will be a while before it is known how much havoc was wrought by the latest storm. In the hundred years that our priests have labored in East Pakistan, physical growth has been so very slow. And no one is more conscious of this than Archbishop Lawrence Graner, C.S.C.. Aid him and his priests and people by your prayers and good works.

DRIVING?

If you're driving this week-end, make sure that you don't become a statistic in Indiana's traffic accident records. Speed and carelessness are the cause of most accidents. Both suggest a lack of consideration for the other driver.

IN YOUR CHARITY

Please pray for the following: Deceased: Father of Bill Murphy of Pangborn; friend of Martin Crystal of Sorin. Ill: Cousin of Jim Mikacich of Morrissey; nephew of Del Singleton of the Ave Maria staff. Three special intentions.

AN OPEN LETTER TO "GIDGET"

Your family and friends call you Patricia. But his friends call you "Gidget", and they're amazed at how you're able to keep him on his best behavior whenever you're around. Tonight he plans to escort you to the Senior Ball. And while the Navy Drill Hall isn't the most romantic spot on campus, he couldn't care less. You're here and he's here, and the weatherman is on his good behavior. He may be seen to take flight from time to time this evening, but rest assured the cause is elation.

His elation stems from the realization that he is a very fortunate young man. And in this he is like many others around here. He and they are walking contradictions of the statement by Mr. K that America's young people are "good for nothing bums". And if the needs of our country demand more proof of this, you may be sure that the proof will be forthcoming.

Like another student here, he isn't above answering a prof who asks for the most outstanding result of chemistry in the last thousand years by saying: Blondes! But all the while he is aware of the tremendous strides in

science in his time.

And he knows well the role it will play in his future. But all the while, too, he appreciates the importance of recognizing always the role the Author of science has in all man's endeavors.

So, this evening, when you take his arm, do so knowing that here is a man you can have confidence in. For he and all the others here who are like him are not faced with having to say that

spring brings out the best in us
