The Alumni Association

University of Notre Dame

Dear Notre Dame Alumnus:

Harvey G. Foster, '39, President 202 U. S. Court House El Paso, Texas

Dec. 4, 1952

I would like with this letter to further acquaint you with the selection of the members of the Board of Directors of your Alumni Association. As you are aware the Board is composed of 12 Directors. Each year in the Fall four new members are elected and are seated at the January meeting of the Board. With the seating of the four new members the four members who were elected three years previously retire from the Board.

With regard to the selection of the new members, early each year the Club Presidents all over the country are asked to nominate outstanding Alumni. The names of those nominated by the Club Presidents are in turn furnished to a nominating committee composed of members of the Board of Directors. This committee after careful consultation selects eight candidates. Among factors considered in this selection, are geographical distribution of, and participation in Alumni activities of the candidates.

The slate of eight candidates are presented to the membership of the Notre Dame Alumni Association for a vote in the late Fall, as you are aware, the ballots already being in your hands. Inasmuch as the Board of Directors speaks for your Association and for you in Alumni matters I urge you to give careful consideration to this slate in order that the vote may be most representative.

Sincerely,

/s/ HARVEY G. FOSTER

ELMORE C. SMITH

Recreation Center Bequest Left by Grad Killed in Korea

A 23-year-old Marine lieutentant killed in action in Korea, has left a portion of his estate to the school he loved. The bequest of Lieutenant Elmore Charles Smith, a 1950 Notre Dame graduate from Bronxville, New York, will be used to help establish a new student recreation center on the campus of his alma mater.

In a letter advising the University of his son's \$1,115 bequest, Mr. V. Weaver Smith wrote: "Notre Dame had a great deal to do with the wonderful life that Elmore had. Both Mrs. Smith and I are very happy that he was thoughtful enough to show his appreciation to Notre Dame in this way."

Lieutenant Smith was the third of four Notre Dame graduates who have been killed in Korea. He was commissioned a second lieutenant in the Marine Corps Resereve upon graduation from Notre Dame in 1950. Smith was called to active duty the following October at Quantico, Virginia, and joined the Second Marine Division at Camp LeJeune, North Carolina, a few months later. While at Camp Le-Jeune, according to Marine Corps Headquarters' records, he requested a combat assignment. His request was granted, and he was assigned to the First Marine Division for duty in Ko-

Lieutenant Smith died on September 16, 1951, after only two days in action at Songae-Dong on the Central Korean front. He was buried in the military cemetary at Tanggok, Korea.

Fisher Hall Dedicated Nov. 29

Fisher Hall, the newest of fourteen student residence buildings on the Notre Dame campus, was formally dedicated November 29, at ceremonies conducted by the Rev. Theodore M. Hesburgh, C.S.C., President of the University. The \$750,000 building, which is a tasteful combination of modern functional architecture and collegiate Gothic, is a gift of the late Mrs. Fred J. Fisher in memory of her husband, co-founder and first president of the Fisher Body Company, Detroit.

In the chapel of the hall which bears their name, Father Hesburgh offered a Solemn Requiem Mass for Mr. and Mrs. Fisher who had long been friends of Notre Dame. Fisher, one of the pioneers of America's great auto industry, served as a member of the University's Associate Board of Lay Trustees for more than twenty years until his death in 1941.

Following the Mass, Miss Anne Markley, a niece of Mr. and Mrs. Fisher, formally presented the building to the University. Father Hesburgh and Thomas Reedy, president of the Student Senate, responded with brief talks of acceptance and appreciation. The ceremonies closed with the unveiling of a memorial plaque in the lobby of the hall and the blessing of the building.

Designed by Holabird, Root and Burgee of Chicago, and built by Peter Schumacher and Sons, Mishawaka, Indiana, Fisher Hall provides attractive campus living accommodations for 150 Notre Dame students. A chapel, which is a center of spiritual life in each of Notre Dame's residence halls, is strikingly done in modern liturgical simplicity. Students may receive visitors in the glass enclosed reception room adjacent to the lobby.

Fisher Hall is only one of three major gifts presented to Notre Dame by the Fisher family. In 1949 Mrs. Fisher provided \$250,000 to be used as a revolving cash fund for the purpose of making loans to Notre Dame students who were working their way through school. At that time, Mrs. Fisher expressed a conviction, which she shared with her husband, that the young people of America need "more opportunities and fewer subsidies" if we are to adhere to the principles upon which our country was founded.

In 1951, Mrs. Fisher presented seventeen rare paintings and three tapestries to Notre Dame's Wightman Art Gallery. Included were masterpieces by Bartolomeo Veneto, Antonio Pollaiuolo, George Romney and Francois Boucher.

THE LATE MR. AND MRS. FRED J. FISHER

Editorial Comments from the Alumni Secretary

(Note: The occasional appearance of these comments will not bring you actual editorials, or official pronouncements on great issues. But it seems to me that from time to time we happen upon many things that do not lend themselves to story treatment, things that should not be lost in Club or Class columns, but things of general alumni interest and appeal. It is upon these things that I should like to make occasional comment.—I.E.A.)

ADDRESSES OF FATHER JOHN W. CAVANAUGH

Alumni of the forty years between 1890 and 1935 will welcome, with their own personal embellishments, the collection of the sermons and addresses of the late Rev. John W. Cavanaugh, C.S.C., president of Notre Dame from 1905 to 1919, edited by Rev. John A. O'Brien, with a biographical preface under the familiar title, "The Conquest of Life." Father Cavanaugh's eloquence and personality brought Notre Dame, ahead of its time, to a position of pre-eminence among the Catholic institutions of higher learning. Had his prime coincided with the microphone and the television camera, speculation is pressed to measure his impact.

THINGS ARE LOOKING 'U?'

Here's just a little group of facts, gleaned from our last Alumni Board meeting (Nov. 7-8-9), which brings home the point that we have grown, both extensively and intensively. Sometimes I wonder (as you may) what keeps me busy. We tend to take too many revolutionary changes for granted.

For example, in 1952 we have almost twice as many alumni as we had in 1942—and that doesn't seem very long ago, does it?

We have 124 Local Alumni Clubs, as against only 68 in 1932. And the Clubs are more active. Whereas, in 1932, 27 Clubs reported Universal Notre Dame Night meetings in the following ALUMNUS, in 1952 we had 75 Clubs reporting.

And many Clubs are having many meetings within the year, weekly luncheons, and a wide variety of events ranging from Cana Conferences to theatre parties and football trips.

The Class Notes, which in 1932 were filling 5 pages in the ALUMNUS, from 10 Class Secretaries, now, in 1952, are filling 17 pages, from 26 Secretaries.

And in 1941, we struggled valiantly to get \$5 annual dues from 2,500 members of the Association to raise some \$12,500. As of October, 1952, without counting a half million dollar gift from an honorary alumnus, the 10th Annual Alumni Fund lists \$199,101.26 from 5,367 alumni contributions, and \$160,565.92 from 1,029 non-alumni friends, many of them secured through the activity of alumni in the Notre Dame Foundation.

Hang on-it's only the beginning!

WE'RE DOIN' OUR BEST

There are three great areas of potential unhappiness in the modern American campus possessed of the common denominators of character, fixed capacity and athletics. These areas are (1) discipline (2) enrollment and (3) tickets.

I would just like to call to your attention, whether you are alumni of the 50-Year Club or alumni of the '50, '51 or '52 Classes, that in the light of volume, and analysis of activities, the present policies that prevail in (a) the administration of student welfare (b) the admission of students and (c) the distribution of tickets, obviously and primarily football, are neither perfect in conception nor flawless in execution. But they are the careful evolution of more than 100 years experience in admission and discipline, and more than 65 years experience in the vagaries of intercollegiate athletic competition.

I call this to your attention, because whereas you can probably cite case histories of mutual regret, the basic administration is by men of good will, and the net results have kept Notre Dame in an enviable position in all three areas.

HOW ABOUT YOU?

In an era of tensions, it seems to me we frequently tend to identify things by their tensions, frequently losing their true perspectives and doing irreparable damage.

For example, the Local Alumni Clubs and the campus Geographical Clubs have much in common, and much to gain from close cooperation. If the initiative on either side is slow in forthcoming, it should be stimulated persistently by the more active group—not resented and made the signal for another iron curtain.

Or, when Notre Dame captures the public eye with something of national significance which may not meet with your personal views, do you consistently temper your reaction that the place is going to hell with the more constructive thought that if Notre Dame had not advanced (and with it you, as an alumnus) in age, wisdom and stature, it would not command either the action or the reaction?

More Than 50 Clubs Host Faculty Speakers Observing Universal ND Communion Sunday

Notre Dame alumni in more than fifty cities from coast-to-coast gathered on Sunday, December 7th for the 15th annual observance of Universal Notre Dame Communion Sunday. The traditional pattern of observance, which stresses the importance of religion to good citizenship, includes group attendance at Mass followed by a Communion breakfast.

The Rev. Theodore M. Hesburgh, C.S.C., President of Notre Dame, headed a list of University officials and representatives who spoke in the various cities. Father Hesburgh was principal speaker at the Communion breakfast in New York City. It was the New York alumni club which founded Universal Notre Dame Communion Sunday in 1938.

"Universal Notre Dame Communion Sunday is observed each year on the Sunday closest to the feast of the Immaculate Conception, patroness of the United States," James E. Armstrong, Secretary of the Notre Dame Alumni Association, explained. "This year the observance coincided with the anniversary of Pearl Harbor," Armstrong added, "and alumni everywhere were especially mindful of the 334 Notre Dame men who gave their lives in World War II, and the four alumni who have died in Korea."

Members of the Notre Dame faculty and administration who spoke in the following cities: Chicago - Rev. Edmund P. Joyce, C.S.C., executive vicepresident; Newark - Rev. John H. Murphy, vice-president in charge of public relations; Detroit—Rev. Charles E. Sheedy, C.S.C., Dean of the College of Arts and Letters; Joliet—Rev. It is designed to present material of interest and importance to students of engineering. Dean Karl E. Schoenherr, of the College of Engineering, is faculty advisor of the publication.

Mediaeval Institute Head

The Reverend Astrik L. Gabriel, Canon of Premontre, has been appointed director of Notre Dame's Mediaeval Institute, it was announced recently by the Rev. Theodore H. Hesburgh, C.S.C., University President. The Reverend Joseph N. Garvin, C.S.C., was named assistant director.

Father Gabriel, a native of Hungary, joined the faculty of the Mediaeval Institute at Notre Dame in 1948. The following year he was named by Joseph Cardinal Mindszenty, now a prisoner of the Communists, to represent Hungary on the International Catholic Coordinating Committee, the Vatican's liaison office for the United Nations Educational, Scientific and Cultural Organization (UNESCO). The primary aim of this committee is to give necessary information to UNESCO about the international Catholic organizations through delegates appointed by the hierarchy of the Church.

Notre Dame's Advisory Council for Science and Engineering convened on the campus in October to review the accomplishments of the past year and to lay plans for future scientific research and development at the University. Arthur J. Schmitt, president of the American Phenolic Corporation of

Chicago, Illinois, is chairman of the twenty-one man group which advises Notre Dame on its science and engineering research programs.

During their two-day session, members of the Council inspected the \$2,500,000 Nieuwland Science Hall which is being occupied for the first time this Fall. Another highlight of the meetings was a panel discussion on the topic "The New Transistor to Replace the Vacuum Tube." The panel will be composed of William H. Halligan, president of the Hallicrafter Company, Edward A. Coomes, professor of physics at Notre Dame and Chairman Schmitt.

Twelve midwestern universities and colleges were represented at the annual regional meeting of the Association of Collegiate Schools of Architecture at the University of Notre Dame on October 31 and November 1. It was the first time that the group has met on the Notre Dame campus.

The two-day meeting exchanged ideas on architectural education, the integration of architecture in the college curriculum and the relationship of architectural work and design. An exhibition of work by student architects at Notre Dame was also featured.

Prof. Studies in Vatican

Boleslaw Szczesniak, assistant professor of history at the University of Notre Dame, is studying in the Vatican archives, making copies of manuscripts of Athanasius Kircher and Michael Boym, famous Jesuit missionaries to China.

GENE PASZKIET, '50, is the new trainer of Irish athletic teams.

Professor Szczesniak, who was educated in Warsaw and in Canada, is gathering material on the far East. He visited archives in Lisbon and Paris, taught in Japanese universities before the war and is working on a book based on his studies there and in the archives he is now visiting.

First in Medical History

Doctor Charles A. Hufnagel, an eminent heart surgeon and 1937 Notre Dame graduate, has for the first time in medical history successfully fitted a patient with an artificial aortic valve.

According to a story in a recent TIME magazine, the pioneering surgery performed by Dr. Hufnagel and his associates transformed a desperately ill young woman into a vigorous hopeful person free from the anginal pain she had suffered for months.

Rheumatic fever, which Doctor Hufnagel's patient had contracted years ago, had damaged her heart's aortic valve.

According to Dr. Hufnagel there are thousands of cases of aorta damage in the United States each year. Doctor Hufnagel is hopeful that this new operation will help many of them.

Dr. Hufnagel, who now resides in Falls Church, Virginia, is a native of Richmond, Indiana. A former instructor in surgery at the Harvard Medical School, he now is professor of surgical research at the Georgetown University Medical School. Dr. Hufnagel was honored as one of the nation's ten outstanding young men of 1948 by the United States Junior Chamber of Commerce.

University Transforming Old Science Building Into Campus Recreation Center for Students

Notre Dame will soon have a new recreation center to facilitate increasing student activities when the old Science Building on the campus is finally reconstructed and redecorated for use early next semester, according to Rev. Theodore M. Hesburgh, C.S.C., president of the University.

Reconstruction work will begin as soon as moving crews have finished transferring the department's scientific laboratory apparati, and the fossils, old books, and other accruements of the science museum to the new Nieuwland Science Center.

Facilities to be incorporated in the planning of the building include administrative offices to be used by executives of the University, and a series of group participation rooms, while the basement of the building will be occupied by the Geology Department.

Provisions are being made for offices for the Vice President in Charge of Student Affairs, a secretary's room and ante-room; a conference room, which will contain a conference table and seating capacity of 12; a Student Senate office; building manager's space; a Blue Circle Honorary Society office; and Graduate School, NFCCS, and YCS accommodations.

The group participation area will house a film projection room, in which accommodations for television presentation is also included; a game room; a music library and listening room similar to that in the Harvard University Library; and a room insulated with acoustic tile for use of the debate team and other lecturers. Two club meeting rooms, which will have a seating ca-

pacity of 50 students, and two other 30-seat chambers will be prepared out of the old classrooms on the second and third floors.

Main feature of the general rooms will be the lounge area, which was formerly occupied by the Science Museum. It will serve as a lobby, sufficient in size to accommodate 100 couples and orchestra space. Television will be set up in the lounge area also, with furniture grouping to permit a small viewing audience. Supplementary lounge areas will be provided for smaller groups and smaller dances, possibly on the balcony level. A special room is also being designed for photographic supplies and developing equipment.

A bookstore, for books of literary and supplementary interest, a reading room adjacent to the bookstore, and a coffee bar and kitchen are also being planned for the new recreation center.

Facilities to be constructed are left up to the students working through the Student Senate and the Hall Council System.

The Department of Architecture is handling the designing problem, and has already inaugurated a design contest wherein students of that department are competing for prizes of \$50, \$35, and \$15 respectively. Layouts are to be in accordance with the University's allotted budget. The administration then reserves the right to incorporate the better features of all three prize-winning designs, as well as those suggested by other students, into the final plans.

The Old Science Building is scheduled to be a Student Recreation Center.

10th Alumni Fund Needs Support of ALL N.D. Men

Board of Directors Meets on Campus

Notre Dame alumni will have contributed more than \$700,000 to their alma mater during 1952, it was announced recently at the Fall meeting of the directors of the University's national Alumni Association on the campus. Harvey Foster of El Paso, Texas, alumni president, revealed that 5,367 graduates had contributed a total of \$699,101.26 to the University thus far this year. The total amount which includes one large capital gift, is slightly greater than the total of alumni contributions on the same date a year ago, Foster said. All alumni are urged to participate in the Alumni Fund regardless of amount they give.

"Alumni of Notre Dame continue to respond magnificently to the needs of the University," Foster declared. "Without the generosity of Notre Dame's alumni and friends, the University's progress could not be maintained. The tuition of its 5,100 students does not begin to meet the University's \$10,000,000 annual buget, let alone provide for future expansion," Foster added.

The Alumni Board of Directors also reviewed the progress of Notre Dame alumni clubs from coast-to-coast. James E. Armstrong, executive secretary of the Alumni Association, reported that Notre Dame's 124 alumni clubs "have nearly doubled in number since 1932 and thirty new clubs have been activated in the past ten years."

William R. Dooley, placement director at Notre Dame, reported to the alumni directors that the number of employers interviewing students on the campus is 50 per cent greater this year. Some 183 business and industrial organizations regularly send representatives to the campus to conduct student interviews, Dooley said. The Alumni Board also heard committee reports on enrollment, job counseling and citizenship. It also reviewed the operation of "The Alumnus" whose columns are filled with news of Notre Dame's 22,000 graduates. The Board recommended that the fifty class secretaries be convened on the campus for their second meeting in June, 1953.

The Alumni Board of Directors will meet again in January.

FOOTBALL IN REVIEW — 1952

By BILL LONDO, '53

Winning seven against some of the strongest foes in the nation, losing two and tieing one, establishes this year's Notre Dame eleven as the "upset team" of 1952—and one of the greatest and gamest squads ever to wear the blue and gold.

Opening with two rugged foes, Pennsylvania and Texas, Notre Dame managed to come through with one victory and one tie. The deadlock started the year in Philadelphia's Franklin Field where over 74,000 spectators watched Penn score a lightning-like 65-yard aerial TD to match Notre Dame's first period 89-yard scoring march. For the most part, it was a defensive battle.

The next week in Austin, Texas, the Irish pulled the first of their '52 upsets by downing the Texas Longhorns with a whirlwind second half rally, 14-3. Notre Dame trailed 3-0 at half time and had not ventured into Texan territory during the first 30 minutes.

Pittsburgh ruined the home opening and any hopes for an unblemished record when the Panthers edged to a 22-19 win the following Saturday. Irish halfback Joe Heap electrified the crowd with a 92-yard punt return for a touchdown, but the glory went to Pitt, led by halfback Bill Reynolds, as they scored their first victory over the Irish since 1937.

Notre Dame then won four games in a row, the last being the heart-tingling 27-21 upset of Oklahoma. Purdue fell 26-14 in a battle of fumbles, North Carolina was beaten for the first home win of the season, 34-14, and Navy was defeated in Cleveland 17-7. Then came the Oklahoma contest.

The game with Oklahoma was one of the greatest ever seen in the Notre Dame stadium. The Irish matched the Sooner's Billy Vessels, touchdown for touchdown, and then scored one of their own to win the nationally televised contest. Vessels scored all three Oklahoma TD's on long runs, but it was a smashing tackle by ND linebacker Dan Shannon that was the play of the day. Shannon roared into Sooner halfback Larry Grigg on the kickoff following the third Irish touchdown,

with a tackle that jarred the ball from his grasp to be recovered by Notre Dame and set up the winning score.

Michigan State ended the Notre Dame streak, won their 23rd consecutive game, and probably clinched the national championship by beating the Irish 21-3 the next week. Fumbles again played a major part in the game. The Spartans recovered all seven of Notre Dame's bobbles, two of them setting up TD's, while the lone Irish field goal came after a recovery in the third period. Despite defeat, however, the defensive play of the underdog Notre Dame was a truly marvelous performance.

Iowa was defeated 27-0 on their home field. The Irish, playing without the services of Coach Frank Leahy, who was ill, came through in comparatively easy fashion.

One of the biggests upsets of the year was the defeat of Southern California, 9-0, in the season's finale in the Notre Dame Stadium. The Trojans, bidding for a No. 1 national rating, were undefeated and untied and had been selected to represent the West in the Rose Bowl classic.

DON PENZA ELECTED 1953 IRISH FOOTBALL CAPTAIN

Donald Francis Penza, end, was elected captain of the 1953 Fighting Irish football team. Don is from Kenosha, Wisc., and played for St. Catherine's High School in Racine. He has been outstanding in the ND line and is a worthy successor to Jack Alessandrini, '52 leader.

Basketball Team Starts Card With Four Veteran Players

Three first stringers from 1951-52 Notre Dame team have departed, but Coach Johnny Jordan still believes that the current edition of Fighting Irish basketball will at least match the 16 won, 10 lost record of last year's squad which was riddled by both ineligibles and injuries.

On the brighter side, there is the fact that four of the leading scorers from a year ago do return. Heading the list is Captain Norbert (Gooch) Lewinski, senior center, who tallied 213 points last winter. Others, and their point totals are: Dick Rosenthal, junior center-forward, 329; Joe Bertrand. junior forward, 293, and Jerry Mc-Closkey, senior guard, 139. Bertrand broke his hand in a brief fling at football and may not be in top shape for the opener with Creighton, at home, Dec. 3. Jack Stephens, speedy sophomore guard, was also out for football and has not been able to practice full time with the cage squad. Jim Gibbons, senior guard who is an excellent playmaker, is another returning monogram winner. Johnny Lattner, star football halfback, who played in the final four games a year ago, was expected to join the squad at the conclusion of the gridiron campaign.

Aurora

The general membership meeting of the Notre Dame Club of Aurora was held at the K. of C. Hall on the 17th of July. After the customary preliminary bull session, the meeting was called to order. A motion was made, upon the recommendation of WILLIAM CHAWGO, '31, to send \$500 to the Notre Dame Alumni Association this year to be held in trust by the University until which time the Aurora Club designates its proper usc. The board of trustees elected to follow this motion and ordered the treasurer to send a check to the University. The University is encouraging its many alumni clubs to follow this procedure in order that it may gain the interest on the several hundred thousand dollars donated to it.

Upon the reading of the treasurer's report, we found that we were still very solvent. Election of officers was then held and the following men are now pledged to further support of our program: LEN FREIT, '25, President; CLARENCE RUDDY, '27, Vice-President; DICK REEDY, '44, Secretary; BOB KEARNS, '43, Treasurer.

Len has lined up some interesting programs for the year, and while we are a small club, we continue to be an active one. A football raffle was conducted as part of our program to raise money for our scholarship fund. We gave four tickets to the Oklahoma game and \$50.00 expense money to the lucky winner. The raffle raised approximately \$500.00.

Boston

This past September the Sisters of the Holy Cross expanded their facilities here in Boston by opening the Archbishop Cushing College. The college is located at 535 Boylston Street, Brookline, on the same beautiful estate where the Sisters' Academy of the Holy Cross is located. The good Sisters have made a lasting impression on all Bostonians with whom they have come in contact.

Understand from President JOHN T. BURKE, '29, that the basketball team will stay at the Hotel Lennox when here in Boston January 4, 1933, to play Holy Cross College. John is planning on a party prior to the game to honor the team, and he has made arrangements to have a block of tickets available for the graduates in this area.

The Notre Dame Club of Boston lost two of its most faithful members when Lt. Col. JOSEPH F. O'MARA, '30, moved to Baltimore, and R. A. SCHMIDT, '36, moved to Cleveland.

While in Philadelphia for the Penn game ran into FATHER CORNELIUS DONOVAN, '09; JACK SAUNDERS, '31; BILL McCARTY, '41, HEALYS, '44; the JAMES McCARTHYS, '25, and with his father and mother; the JOE O'REILLYS, '48; the JACK NYE DUFFEYS, '35; the BILL the PHIL McCARTINS, '50.

JOSEPH PRAUGHT, JR., '50, has returned from Bermuda with his lovely bride, the former Ann Hennessey. The wedding took place at the Holy Name Church, West Roxbury, on September 20. The bride and groom have moved into a new home in the Oak Hill section of Newton.

Just found out that JOSEPH H. CLANCY, '50, was married last May and that he and his bride are living in Arlington.

Another wedding is that of JOSEPH CHENEY, '48, to the former Betty Lorraine Pierpont on Oct. 25 in Norwood. Joe and Betty plan on making their home in North Easton so that Joe will be handy to Stonehill College, where he is Athletic Director.

The Class of 1938 (South Bend contingent, that is) honored classmate Ray Meyer, DePaul basketball coach, at a dinner recently. This youthful looking (not to mention acting) bunch celebrates their 15th Reunion on June 12, 13, 14 in 1953.

The Notre Dame Alumni Wives, Buffalo chapter, installed new officers: Mrs. J. Francis Hanssel (seated), president; Mrs. Michael M. Sheedy, Jr. (left), vice-president; Mrs. Donald E. Colgrove, corresponding secretary.

New joy has been brought to THOMAS F. KINNEALLY, '37, as his wife presented him with a baby boy, Joseph, born July 21, 1952. Both mother and son are doing wonderfully.

Buffalo

An exceptionally larger group of the boys turned out for our first monthly meeting after the Summer season. Plans for the coming year were discussed, and the enthusiasm shown by all bespeaks a very active season. Highlights of the 1951 football season were shown, and refreshments served. The Most Reverend JOHN FRANCIS O'HARA.

The Most Reverend JOHN FRANCIS O'HARA, C.S.C., Archbishop of Philadelphia and former president of the University, was in Buffalo on Sept. 24 for the elevation of two local priests to the office of bishop. We took this occasion to the office in the hotel Statler. TONY BRICK, '36, club President, presided at the ceremony, which was attended by many alumni and local eelebrities.

CHARLIE HANNAH, '09, was Chairman of our

to Cleveland for the Navy game. The profit we realized from this venture went into our scholarship fund so that some deserving local boy can enjoy four years on the campus.

Our next monthly meeting was for the "Old Timers." This is an occasion originated two years ago, the purpose of which is to get all the older graduates out to meet the younger crowd. It has gained very quickly in popularity here, and certainly has improved the comradeship of the club.

Approximately 350 guests attended the first Scholarship party given by the Chicago club at the Blackstone hotel on October 4. An event of more than social import was held September 9 — the annual Freshman Reception tendered by the club to ingoing first-year men. Here's a report by the chairman, RAY DURST:

"An unusually interesting program and a new high in attendance, plus the unforeseen but happy presence of REVEREND THEODORE M. HESBURGH, C.S.C., new president of the University, marked the Notre Dame Club of Chicago's Annual Freshman Reception.

"The event was chairmanned by RAYMOND W. DURST, '26, assisted by VERNE KELLEY, '50. Locale of the reception was the Crystal Ballroom of the Chicago Athletic Association on the evening of September 9, 1952. REVEREND LOUIS J. THORNTON, C.S.C., Director of Admissions, introduced by Co-Chairman Verne Kelley, gave the principal address and represented the University. His presentation highlighted the University. versity's aims in education and gave the incoming students a keen insight of the educational and students a keen insight of the educational and spiritual atmosphere into which they were moving. PAUL E. KAMSCHULTE, JR., Waukegan, an incoming freshman, set forth his reasons for selecting the University as his Alma Mater; RICHARD BEEMAN, River Forest, Illinois, Sophomore, interestingly told his experiences as a freshman; JOSEPH R. "In addition, two 10-minute movies depicting

campus activities were shown.

"By reason of his presence in the city to attend a luncheon given in his honor by the Union League Club at noon on the same day, Reverend Theodore M. Hesburgh, C.S.C., President of the University, introduced by LUKE TIERNAN, President of the club, graciously stayed over for our event and made a very fine and much appreciated talk. This was a real surprise and afforded the new students and their fathers the pleasant opportunity of making his acquaintance.

"The event was concluded with coffee and doughnuts and a good "rag chew." Approximately 350 were in attendance. All guests were presented by the Club with a set of 50 bookplates imprinted with their names. The Governors and Officers of the Club attended as hosts to the guests and contributed a great deal by introducing guests to

each other, ready identification being created by name badges for incoming student guests and Officer and Governor hosts, and imparting inforconcerning the University to the new students."

The appearance of Father Hesburgh at the Union League club, mentioned in the last paragraph of Ray's report, was a marked success. Club members were heard to comment that the luncheon was better attended than any similar event in a long time. Father Hesburgh's talk was well received by the audience.

A 15-minute color film entitled "What Makes Us Tick?" prepared by the New York Stock Exchange preceded Bill's tour and talk on "What Makes a Broker's Office Tick?" The evening proved highly informative, particularly to our members who are investors or would-be investors.

Four graduates of the '52 class are with us now. They are JOSEPH BYRNE, ROBERT MAZIAR, RUDOLPH STONISCH and RICHARD VOLLMER, while JACK COURTNEY, '50, is back after two years as a Marine Corps officer. We would like to take this opportunity to invite our new alumni to participate in all Dearborn Club activities. Let's have more older grads out toe.

LOU MALONE, '28, President of the Serra Club of Detroit, presided at its recent banquet. Lou follows BILL RILEY, '28, as president. The Notre Dame Club of Fort Lauderdale, Florida, held a meeting October 9, in the Orchid Dining Room of the Governors' Club Hotel. Many members of the club and their guests attended, and indeed a good time was had by all.

Our guest of honor was Colette Evert, the new Bride of our President, JAMES EVERT, '48. Not only was Mrs. Evert toasted by the entire club, hut Jim was heartily congratulated for such a successful Summer tour up North. The club needed only to meet Mrs. Evert to fully realize how lucky and how fortunate our President was this past Summer. His wife is certainly a charmand wonderful addition to our club.

Since it was strictly a social meeting, no business was conducted.

The following is a brief synopsis of the regular meeting of the Notre Dame Club of Fort Lauderdale, which was held on the evening of November 13th last. This was a regular monthly meeting at which guests were invited, and it was attended by many members and gracious guests. In addi-tion to having a wonderful dinner, the only order of business attended to was the selection of the donor of the year to receive our annual football trip to a Notre Dame game. As last year, this award was an all-expense trip for two to the Southern California game, and the donor that was chosen was Mr. J. A. Dow of 617 S. W. 9th Street, Fort Lauderdale

Two Fall activities of the Notre Dame Club of Harrisburg, Pa., have been concluded successfully. First came the well-filled train which carried club members and their guests to the Notre Dame-Penn game in Philadelphia. And secondly was the annual football raffle for the benefit of the parochial athletic program of the Harrisburg diocese, which was a great success and helped the kids and their well-coached program.

A group of club members attended a retreat at Mount St. Mary's in Emmitsburg, Maryland, the early part of August. A pienic was held on June 29 at Willow Mills. All members, their wives, and friends attended. Mrs. William Moore was chairman of the affair.

parents.
On Dec. 28, the club will hold a Christmas party for students home on vacation from ND prospective students who are now in high school. It will be held at the Knights of Columbus Hall. Parents of prospective ND students may attend. BOB JOHNSTON, club vice-president, will try to get movies on ND football games and campus life.

The Ladies Auxiliary of the Notre Dame Club of Harrisburg are putting on this Christmas party and Miss Leona Kedel is in charge. It might be noted that JOHNNY SINKOWITZ,

head football coach at York Catholic High School, is doing well his first year as coach. JOHN Mc-MAHON, coach at Delone High School, is having a fair season of football.

BILL MOORE stopped at ND on a recent trip through the Midwest. JOE FARRELL attended the Oklahoma game and said the boys looked good.

Houston

A visit to Texas by a Notre Dame football team is pretty rare, and thus we took the recent encounter with Texas on Oct. 4 as an excuse to "whoop" it up a bit. The week preceding the game we held a joint luncheon with the Texas alumni, with pre-game ribbing coming from both sides. Of course Notre Dame being a touchdown underdog, we did more ribbing the week after than we dared to the week before. The club also sponsored a number of chartered busses to Austin for the game. They were open to all interested and the results were successful, as it afforded us an opportunity to increase our small treasury. A local travel agency handled all the details on a profit-sharing basis, as we had to utilize their experience and office accommodations.

We are now drawing up a plan to notify our members of events to come for the next six months, such as a communion breakfast, luncheon, etc. This is so that each may lay his plans accordingly, and we hope it will make for better attendance.

Idaho

We're making plans for Universal Notre Dame Sunday, Dec. 7, 1952. There will be a Mass at St. John's Cathedral followed by a Holy Com-munion Breakfast at the Hotel Boise. All Notre Dame men in the area will attend with their families and friends.

The Club is also undertaking a community project to encourage Catholic education, both high school and college. We are placing Notre Dame catalogues in all of the libraries in the city and will arrange programs at Catholic high schools in the state on Notre Dame with the hope of encouraging good students to apply for attendance at the University.

Because of our geographic problem here in Idaho, club President PAUL KOHOUT, '25, has recommended that a separate club be organized in Idaho Falls, and that alumni living from Lewiston north belong to the Spokane club. The Boise group of which he is head can draw the members from the Southcentral, and Southwestern parts of Idaho and Eastern Oregon. Paul believes that this breakdown will give all alumni in the area a better opportunity for participation in club activities.

Our Friday luncheon meetings continue at the Mode Ltd., and all Notre Dame men travelling through this area are welcome to attend.

Los Angeles

A trophy which will be awarded to the winner the annual Notre Dame-Southern Cal football game was unveiled for the first time at the Sports Dinner of the Notre Dame Club of Los Angeles

November 5.

JOHN WALLACE, '27, acted as Chairman for the festivities, which were attended by USC Athletic Director Willis Hunter and Coach Jess Hill, the USC coaching staff, and captains of Southern Cal teams since 1926, when the series began, as well as by many former Irish players, sports writers from the Los Angeles area and members of the club.

The dinner was held at the Nikabob, and was enjoyed by everyone who attended the unveiling. On the 3rd of September the Los Angeles Club threw its second annual Sendoff for students and incoming freshmen to Notre Dame. JOE SCOTT, '52, and ALEC SHELLOGG, '29, served as Chairmen for the affair, at which refreshments were served and movies depicting scenes of campus life were shown.

Mid-Hudson Valley

The club held its September meeting at the Pine Tree Inn, just North of Newburgh, and that was our "kickoff" for the coming season. It was the usual "business-dinner" type and the most important item on the agenda was the possibility of having the ND Glee Club in this area during the Easter holidays. The club is again lending a helping hand to the New York City ND Club in

their scholarship fund drive.

The club held its October meeting at Judies, in Kingston, at which time the members decided to continue "Operation Scholastic." Rochester

On August 31, under the competent direction of JACK HEAGNEY, '44, the Rochester Club held its annual picnic for alumni, their families, and This year, as a new feature, pective students and their families were also invited to attend as guests of the club... sad to relate, but in the traditional softball game, despite a valiant 10-run rally in the final inning, the alumni were vanquished by the younger generation, 19-15.

Regular monthly meetings commenced on Sept. 29. (Meetings are held on the last Monday of the month at 8:30 p.m. at the Sheraton Hotel. Any visiting alumnus is invited to attend.) After the regular business had been disposed of, leaders of the local Christopher Movement gave a talk ex-plaining the aims of their group. The Christo-pher movie, "Government Is Your Business," was shown. A question and answer period followed.

Oct. 13 was Notre Dame Day at the local Touchdown Club, which honors a different school each week. A good crowd was on hand to enjoy the luncheon and film, "Highlights of 1951," in spite of the Salvation Army meeting in the next room, complete with a sixty-piece band which insisted on playing "Whiter Than the Snow" instead of the "Victory March."

On Nov. 19 the Women's Auxiliary had a fashion show at the Sheraton Hotel, under the direction of Ruth Flynn, wife of JOE FLYNN, '16. The proceeds were donated to the scholar-ship fund of the Rochester Club, whose coffers need refilling.

Plans are now complete for the annual Retreat, Dec. 5-7 at the Notre Dame (sorry, no relation) Retreat House. Chairman HAL MILLER, '34, is busy drumming up a big attendance to surpass last year's turnout.

Family Communion Sunday will be held in conjunction with the Retreat's final day. Families of all Notre Dame men in the area will receive Communion and have a breakfast at the Retreat House on Sunday, Dec. 7, last day of the retreat.

Club's annual Christmas Formal will be held this year at Locust Hill Country Club on Dec. 27, 10 p.m. 'til 2 a.m. This is the big event of the social year for local alumni and other Intelligentsia.

Rock River Valley

The Notre Dame Club of Rock River Valley held its annual picnic on August 24 at the lodge of club President JOSEPH BITTORF, '33, in Sterling, Illinois. Sixty-eight members were present, representing Rockford, Dixon, Freeport, Rochelle, Amboy and Sterling. The activities throughout the day included trap shooting, boating, marksmanship on the pistol range and cards. Lieutenant Governor SHERWOOD DIXON, '20, Democratic nominee for governor of Illinois, present for the day.

On October 19 the club attended Mass at St. Anne's Church, Dixon, in memory of the late DR. DAVID MURPHY, '23. Dr. Murphy was for many years an outstanding physician and sur-geon in this area. He was one of the members instrumental in establishing this club's scholarship fund.

The St. Joseph Valley Club's latest venture -Tuesday Noon Quarterback Club Luncheons — proved to be a rousing success. Each of the six luncheons, which were held after every away game, had a capacity crowd in attendance. "In-

CHUCK SWEENEY, '38, was general chairman and was ably assisted by PAUL NEVILLE, '42, and PAUL FERGUS, '35.

Another recent, football-flavored activity was the Oklahoma-Notre Danie Pre-game Smoker at the Rotary Room on Nov. 7, to which ladies were invited this year.

Forthcoming activities include the annual Foot-ball Testimonial Banquet at the University Dining Hall on December 4; the President's night at the Morris Inn in February; the Rockne Communion Breakfast on March 29; and the Annual Dinner and installation of officers on Universal Notre Dame Night, April 13.

South Jersey

At our meeting on October 16, the Notre Dan Club of South Jersey voted to set aside \$400 as the first installment fund. An agreement is being drawn up with the First Camden National Bank and Trust Company to handle the fund. It is expected that the fund will give about a 4 per cent return. Obviously the fund cannot carry,

cent return. Obviously the fund cannot carry, or help carry, anyone through Notre Dame. However, we hope that we won't have to wait too many years before it can.

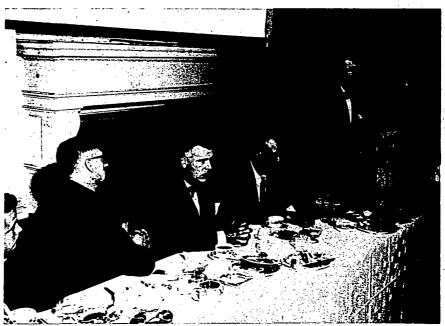

As of October 3, the club became a non-profit organization in the state of New Jersey. This step immediately began proving its worth, since the scholarship fund could not have been set up

A \$100 check has been given to the Notre
Dame Foundation by the South Jersey Club. This has been made possible through the proceeds of our recent football raffle.

Since our last writing, Vice-President JIM WEBB, '48, has succeeded to the club presidency. Able ex-president BILL McCORMICK, '47, resigned as of August 22 because he was expecting to leave the local area. We want to thank him very much for all of his efforts on behalf of the and wish him the very best in all of his future endeavors.

The club would like to welcome the following new members: ROBERT KAMPS, '52, RICHARD NICHIEL, '52, and JOHN J. McGRATH, '52. All three are presently working for RCA Victor, Camden. Bob and Dick are in electrical engineering the best of the company of the compan neering and John in personnel work. Best of luck, fellers! For those who might be interested, Bob and Dick were the master minds behind the super-duper, prize-winning gambling wheel at the 1952 Mardi Gras on campus. Stick around, guys, we might need your talents!

First social event for the club this season was a "huddle" for the Oklahoma game on Nov. 8.

It was held at Kenney's in Camden. A Communion breakfast is being planned for Dec. 7 and a Christmas dance for during the holidays.

Regular club meetings are held on the third Thursday of every month at Kenney's in Camden at 8:30 p.m. Notices are sent out every month to members in the area. If your name should be missing from our list, please notify the club at 646 Bellevue Avenue, Hammonton, N. J.

Toledo

On Sunday, September 7, the Notre Dame Club of Toledo initiated a new activity; a football clinic for the youths of Toledo. By virtue of the suc-cess achieved in this first venture, it is now contemplated to be an annual affair.

This was to be an all-Notre Dame project, hence, in procuring the coaches for the clinic, a search was made for area coaches who were graduates of Notre Dame. The search proved that in the immediate area there were but three which would be insufficient, and accordcoaches. ingly plans were inaugurated to provide further assistants for this nucleus of three. The first attempt was to procure a group of varsity players, but as fall practice had just commenced, and was to be very limited this year, we were forced to settle for only the boys from Toledo who were on the varsity. This gave us two more coaches. The next idea was to contact HUGH BURNS, former trainer who is now trainer for the Detroit Lions. Hughie cooperated to the fullest, and talked JIM MARTIN, LEON HART, and GUS CIFELLI into attending, but again we were symied as the coach of the Lions ordered a drill for the team on that day. In spite of setbacks, we proceeded to recruit coaches, other than Notre Dame grads from the area, and found them only too happy to cooperate.

The clinic was held in one of the city parks, and the Recreation Department provided a stage and a loud-speaker system. Coach PAT Mc-CARTY, '38, brought his Central High varsity over to demonstrate offensive and defensive for-mations. The clinic was publicized in all of the local newspapers, and, through FRANK VENNER, '49, we were able to receive publicity for the three days preceding the clinic on all three radio stations as well as on TV. As a last precaution, for publicity, we notified all the grammar schools Toledo and had the clinic announced in the churches on the day that it was to be held.

The first turn of luck came when we had a beautiful day for the clinic, the result being the turnout of about 1000 youths and about 25 coaches from the grade school and CYO leagues of the

The idea for the clinic was formulated by Club President JIM MURTAGH, '48, and the promotional work was done by co-chairmen JOHN "MOGUS" MULLEN, '47, and JOHN "OLLIE" CELUSTA, '50.

The clinic was followed by a Send-Off Smoker, which gave the men entering Notre Dame for the first time a chance to meet the present students Arrangements were handled by GEORGE GORHUMEL, '49.

Then came the Notre Dame-Navy Game in Cleveland, November 1. The Notre Dame Club together with the Junior Chamber of Commerce of Toledo co-sponsored a special train and according to VIC BECK, '38, General Chairman, it was a very successful event.

Just one final word—the Alumni Association is organized by the alumni, it is designed to achieve the greatest mutual benefits for Notre Dame men and Notre Dame. Your expressions, whether direct, or through the Board of Directors, or your Club or Class officers, are always sincerely welcomed. There is no clique of age, or College, of money or profession, running or desiring to run our affairs. The only clique we have is that of loyalty and interest. And you are welcome.

This issue's column starts off with a letter of reminiscence from FATHER GEORGE FISCHER, 22, at the Holy Cross Mission House, Tucker Road, North Dartmouth, Mass. The letter follows:

NOSTALGIA THE GOLDEN DAYS AT ND

"Thirty-one of us gone to date! Than the kids of today who are too many, don't but . . . life goes on.)"

Men of '22 who scanned the obituary column of the last ALUMNUS must have been severely

iolted when they read the very sad news of the passing of CHARLES HIRSCHBUHL of Portland, Oregon, who died July 28 after being confined to bed by a 10-month illness. The news was received just as the ALUMNUS was going to press, and consequently no comment was made other than the bare announcement of Charlie's death. It is no exaggeration to say that many of our classmates believe they have lost their finest friend. A person just couldn't know Charlie Hirschbuhl and not love him. For he was our idea of the very finest in Catholic manhood—a wonderful credit to his family, his Church and his school. Charlie was intensely loyal to all of these, and extremely proud of them. In the Class of 1922, nobody can take Charlie's place. Our sympathy and prayers to other than the bare announcement of Charlie's Charlie's place. Our sympathy and prayers to the widow—Mrs. Pat Hirschbuhl; to a sister, Katherine Hirschbuhl; two daughters, Mrs. Don-ald Drake of Portland, and Mrs. Bradley Quinn of Fresno, California.

Our good friend, Charlie Hirschbuhl, was president of the Monarch Forge and Machine Works of Portland, and prominent in industrial, social and educational circles in his hometown of Portland. In recent years he served as a member of the Associate Board of Lay Trustees of the University of Portland, operated by the Holy

Cross Order. We tender We tender our special sympathy to BILL SCHMITT, '10, of Portland. Bill was an inseparable friend of Charlie's. Many expressions of sorrow were received from Charlie's classmates. Here are a few:

"I am certainly grieved to learn about Charlie Hirschbuhl's death. He was one of the grandest fellows I ever knew."—JACK HUETHER.

"He was a fine friend both of us, of our class and to Notre Dame."—JOHN PAUL CULLEN.
"About Charlie: when I look down the list of our deceased of '22, I think of the warm ones... I mean the ones who were always ready with time, money, effort and knowhow for anything that was for the good of ND or our class and its prestige. . . and I know that Charlie stands out as one of the most generous of us all! And

"Again it is my sad duty to notify our classmates of the loss of another classmate. According to word received in the Alumni Office, FRANK ESCH died at Houston, Texas, on September 6, 1952. We have sent his widow the class sympathy and arranged for a Mass for him.

"By this time you have no doubt received a letter which the Alumni Office reproduced and mailed for your Secretary and as you noted most of the information contained in that letter came from BILL DOOLEY. As a matter of fact, some of the dope he sent me was saved over to be used in this column.

"Bill reports seeing CHARLEY MASON and JOE QUINLAN when they visited the Placement Bureau to recruit for the Indiana Bell Telephone. Bill also reports having bumped into WINK Bureau to recruit for the Indiana Bell Telephone. Bill also reports having bumped into WINK KINGERTER in Washington last spring and learning from Wink of DAN O'NEILL's marriage. Wink is now located in Washington still with Electric Motor Division of General Motors. On the Washington trip, Bill also saw WALTER TROMAN. TROHAN.

"Bill, also in his trips around the country, was the principal speaker at Toledo UND night where ART SUDER was toastmaster. Art is still making Toledo smell pretty with his flowers. In September, Bill had dinner with TED WROCK-LEGE in Cincinnati where Ted is manager of Bulk Sales for Proctor and Gamble and also another of the '26 grandfathers.

"The next issue of this column I hope will be furnished by someone or many 'someones' with as much information as BILL DOOLEY has sent. Please send the dope to me at the address shown."

This large number of prospective reunionists nearly equals the number of Twenty-Eighters who attended our 20th-year rendezvous in 1948. It is safe to say that at least 225 Classmates will rally at ND in 53.

ARTHUR T. McMANMON

Graduating with the Class of 1931, Art McManmon traveled to the Coast with other members of that year's team to make the picture "The Spirit of Notre Dame." He was an outstanding gridiron participant on the ND varsity. During the remainder of that year he did promotional work for Universal Pictures. For the next two years Art attended Harvard Business School where he received a Master's Degree.

In June of 1934, he joined the Donnelly Organization in their Portland, Maine, Branch Office and became Manager there. Later he moved to Worcester as Branch Manager and then into Boston as General Manager of Donnelly's. Donnelly and Sons is one of the leading companies in the outdoor advertising business in the United States.

During World War II, under the direction of Art McManmon, Donnelly set up a model shop and built the original enclosures for many of the radar installations, the "Mechanical Brain" and even part of the first Atomic Bomb. During the post-war period Donnelly's moved into the field of television fabricating and became a substantial factor in furnishing metal parts for this industry. Under Mc-Manmon's leadership the company has become the largest contractor of sheet metal in the entire area and recently received commendation from the Boston Chamber of Commerce for the excellent job achieved in developing a new industry in that section.

Also, I sensed the fact that going to ND would be for them a financial struggle.

"From conversation on the grapevine around the country, I had heard that there was some thought by members of the '28 class of inviting Mrs. McMahon and the two boys to ND for the 25th Reunion on June 12, 13, 14, of 1953. So indirectly I sounded out Mrs. McMahon to see whether or not she could and would come to the Reunion if invited. She stated that she would make every effort to be there if invited.

"If the '28 Class decides to invite them, perhaps they could ride out to ND with someone going out from Pittsburgh.

"Now, here I've stuck my big nose into business not officially mine. Perhaps my train of thought has revealed my own thinking. Knowing you as I do, and Mac as I did, I felt I should convey these ideas. Rest assured, I have no wish to usurp the powers of officials or committees of the '28 Class. However, I must say that I enjoy doing some things far more than the routine of business which I get paid for doing.

"I haven't been in Allentown for three or four years or I would have called you. My family has years or I would have called you. My family has kept me busy. This summer, my brother and I missed the annual summer picnic of the Buffalo Club on July 12, as my oldest daughter was married on that morning. Her husband, Jim Fischer, is in the Army, now stationed at Aberdeen Proving Gr., Aberdeen, Maryland. My oldest son, Eddie, has been in the Marines since last New Years. "By this time you will think Jenkins, quit bragging.' However, I was a teacher in depres-sion years and did a lot of youth promotion work. And I feel the same toward any good timber.

Our unofficial Roving Ambassador, "Gus" JEN-KINS, who sometimes surprises his good wife by hanging his hat in his own home in Williamsville, N. Y., pens another interesting letter as follows:

"About three weeks ago I made a trip to St. Louis via Columbus where I saw JOE CANTY, '28—Law '29. Joe has two small daughters. Joe has had some hard luck too. He was married years ago after he left school. His first wife died suddenly six weeks after their marriage. However, Joe is doing well in Columbus. He told me our old friend JIM SHOCKNESSY, '28, is Gov. Lausche's right arm. Jim has proved an able lawyer and a good politician. Joe says the Cannon brothers, Jack and Dan, do well in their flower business. They have a beautiful shop in downtown Columbus. Joe told me an interesting story of Ralph Guglielmi. It seems the boy's father was an M.D. who spent years in the Navy, later died. As a result the boy was entitled to a scholarship as the son of a deceased veteran. Despite many offers from other schools he decided to use his scholarship at ND. Joe says Ohio State is really a football university—football is always first in Columbus. If the coach can't win—fire him. (After seeing Joe I went "About three weeks ago I made a trip to can't win-fire him. (After seeing Joe I went over to the Deshler-Wallack Hotel and slept till noon next day. I should have called Joe up and invited him over to lunch.)

"So I went on to Springfield, where I saw AL TEHAN, '28. His oldest boy Al Jr. is awaiting draft call, age 20. His next boy Roger is going on 18 and also expects to go into service. soon. Al told me' that his sister, Helen, who was at St. Mary's when we were in school, had undergone a serious operation a few months ago, but had recovered.

"Next evening I went out North Meridian St. in Indianapolis to see BOB KIRBY, '28. Kirby has every reason in the world to call me a louse, has every reason in the world to call me a louse, for of all the times I've been in the Indiana capitol, I had never called him. As I approached the architectural splendor of the Kirby Mortician's mansion, I chuckled and thought how surprised he would be. No luck! The attendant advised me that Mr. Kirby was out—gone for the day. But believe me—dying can be a treat and a pleasure if you can see in advance what brother Kirby has in store for you. From coast to coast I defy anyone in the business to rival the Kirby touch. He is a past master at the art. And I'll bet the people of Indianapolis love him for it.

"I went on to my business in St. Louis. It being 95 degrees there I decided to get out fast and go home. On the way I stopped at ND to get some tickets for the Navy game. As I walked into the Athletic Office Mr. Leahy approached into the Athletic Office Mr. Leany approached looking as calm and serene as if the season were over and he had won every game. Do you read that column he writes? Maybe it isn't in Prof. Philipps' best style. But he must have some damgood ball players. There is a story out that Tug Wilson spoke to Mr. Krause about what some of the ND players were doing in the way of prothe ND players were doing in the way of pre-season practice. A 28-day spring training limit had been mutually agreed on. So Krause said, "All right, Tug, do you want to see our movies of what the Big Ten players were doing?" So Mr. Wilson agreed to call it quits.

"Saw SAM PRINGI, '27, recently. Sam is build-ig a section of the New York Thruway east of Buffalo for his concern—Chapman, Drake and Piper. Sam used to be catcher on the high school team, and later the town team we played on in Avon. Sam would like to hear from his old friends in the Engineering School. His home address is Elwood City, Pa.

"Also I learned recently that HAROLD "CAP" WELCH, '27, is working for the Railway Signal Co., Rochester, N. Y.

"What has become of MICKEY FLANAGAN, JOE McGLYNN, PAUL CANNON, BUDDIE SCHULL, MAURICE McMENAMIN?

"Also JOE CANTY would like to hear from ART CANTY and TOM CANTY.

W. H. STUEVE

For W. H. Stueve, graduation exercises at Oklahoma A&M this past Summer brought honors that were a fitting climax to 44 years of service in the realm of engineering. Mr. Stueve was awarded a professional degree in mechanical engineering, one of the highest conferred by the Oklahoma Institute of Technology. Now a consulting engineer in Oklahoma City for several major oil and pipeline companies, he is retired after serving as chief power consultant and executive assistant for the Oklahoma Gas and Electric Com-

Mr. Stueve is a fellow of the American Society of Mechanical Engineers and acted as chief electrical engineer during the construction and operation of the "Big Inch" and "Little Big Inch" pipelines in 1942-43.

"I'd like to find somebody who could and would donate a new library building to ND. Some months back, I saw where Hon Joseph Kennedy, Boston, donated a million to a Sisters' organization in Chicago. There must be some potential Jos. Kennedys around.

"I haven't much Buffalo news. The club is very active with a going program. The big excursion is to Cleveland to the Navy game next week. I'm going over Thursday and stay for the weekend. TONY BRICK, Pres. of the Buffalo Club, gets out a good newsy letter. The Alumni-Wives are going like a house afree. are going like a house afire.

"My oldest son, Eddie, is home till Nov. 3, from San Diego. Then he goes to Camp Le Jeune as a member of the Second Marine Division. My

oldest daughter, Margaret, was married this summer. Her husband is at Aberdeen Proving Grounds. So you see what you are coming to. However, both boys are doing well in the service—should make first class citizens. My younger children have great interest in hearing all the stories, details, etc.
"During the next few weeks I expect to be in

Detroit, Chicago and surrounding territory. Some of my wife's family have moved out to Cape Cod, so I'll probably have to go out there and to Boston sooner or later.

Boston sooner or later.

"At any rate if I find anything other than the casual news, I'll put it in the mail to you.

"With all best wishes to your family and you, I am sincerely yours."

Our able Vice-President for the South, Jack Canizaro, has contacted all Twenty-Eighters in the Southland and has received heartening assur-

ances from many of them:

FATHER ANDY MULREANY, C.S.C.: "I expect to be at ND next year for the reunion.

Of course, in this business one never knows what

may happen. But with the help of the Lord, I'll see all of you in '53."

GEORGE J. SARGUS: "I'll be there for the 25th Reunion. I saw HENRY DAVIS of West Virginia and he plans on going."

J. HARVEY DALY: "By April or May of next year, I'll know whether or not I can make it . . . one item of minor interest is that I'm lecturing in the graduate school of the American University (D. C.) in Personnel Management."

Our old friend "Art," ARTHUR L. DENCH-FIELD, JR., who hangs his chapeau at Recife, C Postal 21, Brazil, avers that he'll attend our 25-year reunion: "There isn't much I can tell you except that for the last seven years I've been General Manager of the Singer Sewing Machine

General Manager of the Singer Sewing Machine Company for North and Northeast Brazil. I have four fine boys and have been married 11 years last June 13. I expect to be at Notre Dame for the 25th Reunion, which I trust will bring most of the Class together."

Writes Barrister "BILL" JONES, President

Louie's faithful friend:

"I have your recent note concerning the Silver "I have your recent note concerning the Silver Anniversary reunion of our class next June. I note where you have the reunion listed for June 4, 5 and 6 while Lou has it down for June 12, 13 and 14. I am not sure whether you are starting early and going to carry through for more than a week or whether Lou Buckley is getting there too late.

"I certainly intend to be present at the reunion.
am also trying to interest others, particularly lawyers who are members of the class of '28, who received their law degrees in years other than 1928 and 1929. This I am doing by request of Buck."

JOHN B. BUSCHMEYER informs Vice-President Canizaro that he will be on hand as follows: "I certainly plan to attend the reunion in June. TOM TRAUGHER and I expect to go up together, and we are both anticipating the best reunion ever."

A breath of Texas' golden air in the form of a letter from LAURENCE WINGERTER, Vice-President and General Manager of the San Antonio Transit Company, to Jack Canizaro:

"I congratulate you upon your fine job as Vice-President of the South and for doing some forward thinking about our 25th Reunion, now only one year away.

"I've been living in San Antonio for more than eight years and am a confirmed Texan complete with ten-gallon hat and fancy boots. There is an active Notre Dame Club here, but not many from our class. RALPH GARBA from Saltillo, Mexico, drops in now and then for a chat. The purpose of his last visit was to find an electric motor to run a cotton gin. He has gone in for cotton-raising in a big way, and is doing very well at it.

"FRANK GALARDY and his wife stopped in while on an extended tour of Texas and Mexico. Frank is a majordomo of the Automatic Telephone Company in New York City. I saw GEORGE SARGUS on a recent visit to my old town of Wheeling, W. Va. George is still in the dry goods business with side interests in soft-drink bottling and coal mining.

"Ever since graduation I've attempted to send Christmas cards to the electrical engineers of the

'28 class. But as the years roll by, addresses change and names vanish from my list. But last change and names vanish from my list. But last Christmas I was very happy to get cards from JAMES F. BERRY in Stanley, N. Y., JOE BRAUNSDORF in South Bend, FRANK DU-QUETTE in Mount Kisco, N. Y., Frank Galardy, Ralph Garaza, JOE HORAN in Fort Wayne, and JOHN LARSEN in Geneva, N. Y. "Sure hope I can make the 25th Reunion. I had to pass up the 20th because of labor negotiations and an impending bus strike. If the

President Lou Buckley contributes his usual sprightly and interesting column. It follows:

"I noted our Secretary's inquiry in his excellent "I noted our Secretary's inquiry in his excellent column dedicated to Dr. Cooney in the last issue of the ALUMNUS as to the whereabouts of journalist RICHARD A. GREENE. A few days later I was in Muncie, Ind., and noted in the Muncie Star a column by Dick Greene carrying his picture. I immediately got in touch with Dick and had a most enjoyable time talking over old Sophomore Hall days. You will recall that Dick left Notre Dame in 1927 because of illness. He is married and has been in newspaper and He is married and has been in newspaper and personnel work for a number of years in Muncie. Dick is now an editorial writer on the Muncie Star and writes a daily column of human interest Star and writes a daily column of human interest news. He had an article in "The Sign" in June, 1945 entitled "Experience in Middletown." Dick completed an application for membership in the Alumni Amssociation before I left him and he assured me he would return for our 25-year reunion next June.

"The first step I would like to suggest in preparation for our reunion next June is for each of you to contact someone who was in our class and did not complete his work at Notre Dame and invite him to join the Alumni Association. Either write to me or to the Alumni Office for an application for membership to be filled out and returned to the Alumni Office. Your cooperation on adding as many old students as possible to our class roster prior to June 1953 will be appre-ciated. Let me hear from you on this matter at 1253 North Central Avenue, Chicago 51, Illinois."

The presentation was delivered in Washington before the Congressional dinner of the Wisconsin State Chamber, of Wisconsin, at the Shoreham Hotel on April 29. Bill, who recently spent a year farming in Iowa, has returned to the legal department of Allis-Chalmers Manufacturing Company in Milwaukee.

GEORGE COURY visited us recently. He has been spending a considerable amount of time in Chicago as President of Eicor Inc., a manufacturer of electrical machinery. George indicated that he was resigning as President and would serve only as Chairman of the Board. This will serve only as Chairman of the Board. This will enable him to spend most of his time at his home in Florida with his wife and two children. George mentioned that OSKAR RUST is in the department store business in Greensburg, Ind., and has six children, one of whom is at Notre Dame.

I have seen FATHER MARK FITZGERALD, C.S.C., several times recently as he is Chairman of the Program Committee and I am Chairman of the Local Arrangements Committee for the of the Local Arrangements Committee for the Annual Meeting of the Catholic Economic Association. Father Mark, who received his Ph.D. from Chicago University last year, is teaching at Notre Dame in the Department of Economics. He had an article on "U. S. Labor-Management Teams Help Europe" in "America" on May 24, 1952.

At the suggestion of my old Corby Hall roommate, DENNY DALY, I am re-reading "H. M. Pulham, Esquire" by John P. Marquand in preparation for our 25-year reunion. I also read "The Life and Opinions of a College Class" by C. DuBois and C. Murphy. I would like to see a study made of the Class of 1928 for our reunion part Line Any squareers. next June. Any volunteers?

In accordance with TOM TRAUGHBER's suggestion, I am designating the lobby of the Com-merce Building as the meeting place for '28 men at home games. How about meeting there at 11 a.m. before the home games as proposed by Tom?

My daughter, Paula, was married on May 31. She will complete her college work at Loyola University this summer. Am I the first '28er to

FATHER CHRISTOPHER O'TOOLE, Superior General, was present at the Oct. 19 dedication of the Fatima Shrine, east of the Dixie Highway opposite the entrance to St. Mary's. He attended the faculty pot-luck on the preceding Tuesday. Had you been there, you'd assuredly have enjoyed the skit presented by Prof. ANDY SMITHBERGER and his Squires and Dolls. The four couples of squaredancers were faculty men. The dolls' foursome rivalled in beauty, grace and beef the chorus of the Monogram Absurdities.

PAUL BARTHOLOMEW will again conduct the annual trip to Washington, D.C., Williamsburg, Va., etc., for ND and Sr. Mary's students Jan. 29 to Feb. 4. From all reports the arrangements and itinerary of the trip are tops. He sees WALTER TROHAN, GAYLORD HAAS and others of the Washington Club. Paul, Agnes, and the two boys toured the West this past summer.

JIM GALLAGHER has been serving as supervising director of the Baseball for Boys, Inc., a non-profit subsidiary of the Chicago Cubs which helps youth organizations through profits accrued from the annual White Sox-Cubs exhibition game.

HELP WANTED

Assistant regional secretaries needed to increase coverage on '31 news. Your letter listing experience, qualifications and recommendations from classmates and other items of interest should be sent to Jim Doyle, 6457 N. Bell Ave., Chicago, Ill.

The response to postcards requesting news has been very gratifying. Remember, all replies are of interest regardless of when they are received, so those of you who have the card reposing in your file of good intentions should make a note on their calendar pads to dictate a letter. I would like to hear from anyone attending the home Notre Dame games with news of classmates they may have seen around the campus.

JOHN KUHN came through with a fine letter. I hope that soon he may make that long-awaited trip to the west as there are many in Chicago who would like to see him.

Dear Jim:

When your card arrived some time ago, it was like a delightful breath out of the past. It seems that my four years at Notre Dame are so long gone as to be almost uncertain, whether they really ever happened or whether I imagined it all, and there never were such people as BILL LEAHY, WALT CAHILL, FRANK HOLLAND, PHIL ANGSTEN, JOE BLANEY, the fabulous O'BRIEN twins, and JIM DOYLE. I think you will admit that 21 years is a very long time. As it is, one of my greatest regrets is the unfortunate distance that separates me from men that I lived with and grew fond of. I often wonder what all

SPOTLIGHT ALUMNUS

REV. JOHN E. DUFFY

Father Duffy was recently elected National Chaplain of the American Legion. He is a member of the Notre Dame graduating Class of 1923.

Serving as a Regular Army Chaplain for 14 years, Father Duffy was wounded six times in action in the defense of Bataan and Corregidor. He retired as a result of enemy inflicted disability and held the rank of Colonel.

During the infamous Death March, Father Duffy was bayoneted by the enemy. In 1947 General Wainwright, in a speech made in New York, gave credit to Father Duffy for major guidance in the decisions the General made in Bataan.

Since the war he has been pastor of Our Lady of Lourdes Church, New London, Ohio, where he rebuilt the Church in memory of the "Men of Bataan."

of you are doing, how you are, what do you all look like and so on. Well, perhaps this may be a good beginning. I'll tell you a bit about me, and you can use it as you see fit, then perhaps one or more of the boys will drop me a line and friendships may be renewed that never should have lapsed in the first place.

I am Vice-President in charge of programs for two radio stations, one here in Poughkeepsie, and one 15 miles down the Hudson at Newburgh. In 1945, I was most fortunate in finding a wonderful young lady who agreed to put up with my vagaries for the rest of our natural lives, so the deed was done on June 30th of that year. On Sept. 2, 1946, we were blessed with a son, now five, who, if he continues as he is now heading, will make an excellent halfback at Notre Dame. Two years ago, Peter, our son, found himself with a baby sister, subsequently christened Mary Anne, who by now has us all thoroughly under her spell: I am her personal slave. So now we are four, and happy as jay-birds.

A few years ago we organized a Mid-Hudson

Notre Dame Club which includes men from Newburgh, Kingston, Poughkeepsie, Beacon, Sangerties and communities up and down the river. We are still small, but we do enjoy our monthly meetings, and next year we hope to sponsor a Notre Dame Glee Club Concert in Newburgh. And so we grow.

and next year we hope to sponsor a Notre Dame Glee Club Concert in Newburgh. And so we grow. So much has happened since 1931, that it would be quite impossible to report in an intelligible manner. There was the war. I was a T/Sgt., and of course the depression. For many years I managed the family jewelry business, and then I joined the staff of the New York State Tax Commission in 1935 and am still with them as well as my present endeavors in the field of radio, which is in my blood to the extent that I believe I will stick.

I will stick.

In person, I could do better, but at letter writing I am not so hot. Give my best to any of the boys you see and keep my best regards for yourself. As I remember you, you were a wee bit on the plump side. How goes it now? You may recall I was not too fat in those days, whereas I am now referred to at times, and unkindly, too, as hefty. I am completely white on the upper end, what there is left of it. It has been a real pleasure, Jim, to hear from you and I do hope the day is not too far distant when we may have a small reunion of our own in Chicago, my second home. Lots of luck, and I'll be looking forward to reading the column in the ALUMNUS.

EDDIE RYAN called last week to tell me that BILL CLEARY died of a heart attack last August. I will write FATHER BOURKE MOTSETT and ask him to say a Mass for the repose of his soul. Please remember him in your prayers. FRANK HOLLAND recently returned from a trip to Florida to see his brother, Jerry. With the snow we had today Frank's suntan is a real contrast. I see RED O'CONNELL occasionally at Frank's home as they are neighbors in Skokie, Illinois. I met BILL KEARNEY and BERT KORZEN the other night and they informed me that JIM KEARNEY would be in town for a few days.

TOM ASHE is with the Howard Hughes Tool Co., and recently moved to 715 Avalon Road, Whittier, California. It was a real pleasure to hear from Tom and I hope that his next trip to Chicago will get him in at a reasonable hour. Tom writes:

Dear Jim:

I was cleaning out my desk yesterday (a procedure which I follow each quarter so that things will not pile up too much), and found your postcard of June 25 requesting some news about the Class of '31. Incidentally, that card was sent to my old address in South Gate, and I hope you will change your records.

I really did intend to answer your card when it arrived because you have done such an excellent job as class secretary, that you deserve the cooperation of everyone. I was traveling a good bit of the summer and it was just one of those cases where I put off the things that should be done.

Although we have an extremely active Notre Dame Club of Los Angeles, there are relatively few in the class of '31 and there is not much I can give you in the way of news. About the only one with whom I have any regular correspondence is JOE LAUERMAN who was mentioned on your card. It is always interesting however, to read about the fellows who were in our class (a short 21 years ago) and whenever I see pictures in the ALUMNUS I always recognize the faces despite the time that has elapsed.

I stopped briefly in Chicago on two occasions early in September while changing planes. It was early in the morning so I did not give you a ring, but whenever I get to Chicago again, I will certainly look you up. With kindest personal regards.

GEORGE COSTELLO called recently to comment on the column in the last issue of the ALUMNUS. He was wondering if anyone has any trace of MAURICE BRANIGAN, originally from Columbus, Nebraska. In the last issue of the ALUMNUS there was a slight mixup in the listing of HASKELL ASKEW's letter and while some may have recognized the writer I am including it again for those who wondered how

JOHN HICKEY got down to spend so much

Dear lime

Many thanks for your nice card. I was away when it arrived so this letter will probably reach you late, but since there is nothing much important in it, nothing will be lost. I guess I can cover the main facts since graduation in 1931 without a lot of detail. For three years, '31 to '34, I worked on the arson squad, investigating and prosecuting arsonists, and there were plenty of them in the depression years. During that time I made up my mind to engage in the insur-ance adjustment business so I went to the Uni-versity of Oklahoma in 1934 and 1935 to get the legal education I would need for this work. then I have been in the insurance adjustment business under the name of the Askew Adjustbusiness under the name of the Askew Adjust-ment Co., except for three years in the Navy, Instrument Division NATTC, Chicago, Illinois, most of which was spent as Officer in Charge. So you might say I am an "Okie" by way of Chicago and South Bend.

I have been married since 1935 and we have two boys and a girl, the youngest is 9, and he is quite a ball player. It looks like he should be ready for Notre Dame before many more be ready for Notre Dame before many more seasons. There are no other '31ers in this city,

but we do have an active Notre Dame Club going now, thanks to BOB McFARLAND. We are looking forward to the Oklahoma-Notre Dame game at South Bend this fall. This Oklahoma team plays a fine game of football, they have a spectacular offense, and Wilkinson is coach in the Rockne spirit of fair play.

ARCHBISHOP O'HARA was here for UND ARCHBISHOP O'HARA was here for UND night and it was wonderful to see him again. He is just the same, fighting for what is good and against what is bad. In men like him lies the hope of the world. Nothing much else, Jim. I do help the kids with Junior "Y" baseball, which is a big and fine training program for youngsters in this area. I have served as president of the Obligation of Indonesia. dent of the Oklahoma Association of Independent Insurance Adjusters, and at present, am vice-president of Blue Goose, International, which is an association of State Managers for Fire Insurance Companies. We all help in the Parish Church and with the Catholic Charities. We have a Catas-trophe Crew of 15 adjusters who assist in any catastrophe area in the United States, so we get around when the hurricanes, explosions and hail-storms strike. Trouble is we are so darned busy I never get to look up the Notre Dame men in the area.

Although we are a long way from South Bend,

it seems Notre Dame is always very close. I guess it's because Our Lady is always close to those who love her. I would sure like to hear from my old roomie, JOE MEITZLER. You are from my old roomie, John doing a fine job for our class.

Last summer I ran into TED HUEBSCH at the People's Gas, Light and Coke Co., in Chicago. Ted was asking about many of our class-mates. He is now living in Brookfield, Illinois. While in St. Louis recently I had the pleasure of seeing PAUL FEHLIG and his wife. They are the proud parents of six children so I could understand why Paul might be a bit late with a letter.

While in St. Louis this summer I called JOE GOLABOWSKI and BROTHER ED ROHRBACH at Coyle High School, but could not find them in. This summer my wife and I took a trip to the west coast and in San Francisco I talked with PAUL CUSHING. He has been covering a lot of the world and should have lots of news for the next ALUMNUS. Paul had recently returned from Brazil and was about to depart for a week in Anchorage. I had hoped to meet him for a few hours in Seattle, but at midnight he still had not checked in at his hotel. Paul had been on the campus recently and has a son who is a senior at ND. He mentioned that PAUL ENRIGHT is now in Guatemala. In Seattle we visited with BERNIE LENOUE and his wife who also had DICK NEESON and his wife over to their house. I was unable to make a luncheon date previously with Bernie and FATHER PHILLIP DUFFY of our class who is now in charge of the Chancery Offive in Seattle. Unfortunately we were unable to get hold of ROY BAILLIE for the evening. Bernie mentioned their very active Notre Dame group and promised to come through with a letter. Alderman NICK BOHLING's annual golf party was held August 6 at Lincolnshire C. C.

CHARLES CUNNINGHAM, brother of BOB "NIGGER" CUNNINGHAM, called a few minutes ago to tell me that Bob passed away this afternoon in the hospital. It is quite a shock as I called Bob upon my return and talked to his Mother. He had a virus infection and she suggested I call back in a week or so. He had been suffering from multiple sclerosis for the past three or four years. Those who attended the re-union in 1951 will remember him getting around in his "Cadillac" whelchair. Please remember him in your prayers.

JIM McQUAID was in Chicago recently and then sent the following letter upon his return to Vincennes, Indiana:

Dear Jim:

Why don't you stay home now and then? Marie and I were in Chicago last week-end, and tried to call you Sunday afternoon (a bad time, I'll admit) but found no one home. We had gone up for a wedding and with all the confusion and things that go on that was our first oppor-tunity to call. Sorry to miss saying hello. How are things with you and your family? Sure enjoyed reading the nice long news letter in the last ALUMNUS.

Hope to go up for the Oklahoma game on November 8, perhaps we can meet and have a drink on the campus now that the Inn is open. Marie joins in sending our best wishes.

-JIM McQUAID

I would like to suggest that with the holiday season coming we should remember Jim with any gift subscriptions for any magazine published. It would be an excellent idea to send your renewals and office subscriptions to him.

Bill, remembering his time as glee club president on the campus, suggests that the old glee clubbers get together for some practice before the next reunion. That is putting it kindly, in the opinion of some of the others who heard them last June. He suggests meeting in the Morris Inn after the Southern Cal game for a few numbers.

20 YEAR **REUNION** JUNE 12-13-14

Joseph D. McCabe, Sec'y. 652 Forest Ave. River Forest, Ill.

Dear '33's:

Forgive me if I become boresome, but from now on I'm going to concentrate on the BIG now on I'm going to concentrate on the BIG 20-year reunion coming up in June. The class of '32 put on a fine show, and we want our gettogether to be at least as good. So talk it up when you meet classmates. Get as many of your friends down as you can. It will be five years until there's another one, and since Stalin may have another variety of five-year plan up his blouse, maybe we'd better enjoy this one.

I know you're as tired of reading my reminders to drop a line as I am of writing them. However with as his an event as this on the docket.

ever, with as big an event as this on the docket, maybe youse guys could bestir yourselves if you get a good idea about the reunion and put it in the mail. If you forget my name and address, send it to JIM ARMSTRONG at school. He'll see that it gets to the right spot.

Football is in the air now, and in every community where there is a club of any size, there will probably be meetings, informal at least, to listen to the games. While you're at a meeting like that, talk up the reunion again. I promise you, it will be worth all the time and money you have to expend to get there. Anyone who attended the past June reunions will fervently attest to that.

And don't forget about giving with those ideas, men. Any thought you have on entertainment, gimmicks, or events of any kind, send 'em in. There'll be a class committee working hard arrangements and they'll need all the help they can get.

Guys I have seen recently . . . JOHN O'SHAUGHNESSY . . . MAURY LEE . . . JOE KIRINCICH . . . DON WISE . . . and lots of chums who weren't '33's, at the recent scholarship dance held by the Chicago club on the night of the Texas game. TOM "KITTY" GORMAN is now regional sales promotional manager of the Great Lakes Region.

JOHN T. CLARK is now associated with Boyle, Flagg & Seasan, general insurance, 166 W. Jackson, Chicago.

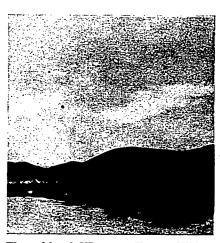

Macy has finally told Gimbel, and the left hand knoweth what the right doeth. My good friend and ALUMNUS neighbor -- he conducts the 1934 apple stand on the next corner - ED MANS-

apple stand on the next corner—ED MANS-FIELD, out of the benign goodness and immeas-urable charity of his heart, has sent your humble bellwether a long, fine letter. Fire away, Ed: "Here's one line that involves a '33 man, I believe. JOHN DEEB, '51 lawyer, introduced me in the Law Building to JOE DEEB, his Grand Rapids brother, at the Pitt game. I remember Joe well, although he was ahead of me. Believe he was one of your guys.

"Another idea that may provide a paragraph and do the school some good: the new Inn would make a great stop-spot for alumni who travel, who go through South Bend on vacations or visits, and who look for locations of an interesting nature for sales and business meetings.

"EDWARD HUNT, the veteran hotelman who manages the Inn, isn't able to advertise commercially because of ND's tax status, of course, but he is trying hard to get word around that they have a wonderful set-up for personal and business visits. I stay there all the time on my Indiana travels for C-Z, and I've never found a finer spot. "Mr. Hunt could furnish any literature your

in the '35 report would inform your readers that alumni and non-alumni are welcome. Football week-ends this year have been sold for some months, of course.
"Golf facilities and lockers, dining room, and

private room layouts for meetings are quite an addition to the usual hotel accommodations.

"Nice to see you at the scholarship dance."
Pardners, it's only fair, if you hear anything about '34's of the old school tie who are outstanding, or even if they have only done such a standing, or even it they have only done such a commonplace act of heroism as move, please help the undersigned to repay by dropping Ed a note. His address is Nata Products Company, 105 West Adams, Chicago 3, Ill.

And while I'm mentioning the '34's, let me remind you that our reunion comes the year BEFORE their big 20-year get-together. Come down to the Bend this June, and you'll be in

the right class.

I hope that sudden fortune doesn't go to my head, but here's another letter the old hermit got recently. It's concerning a suggested event
AFTER our reunion—you know, that's the 20year reunion, this June, Notre Dame, remember? The letter was from DICK QUINLAN, '28, and is so nobly self-explanatory, I'm going to quote it: "Some of the members of the class of 1928

"Some of the members of the class of 1928 have suggested that it sponsor a retreat, open to all alumni, immediately following the reunion weekend in June. It was thought that a number of returning alumni would wish to stay over for two days for this purpose. The retreat could open Sunday evening and close Tuesday evening or Wednesday morning. Wednesday morning.

"We should very much appreciate receiving an expression of your views with regard to the desirability of having such a retreat. It occurred to us also that you may wish to inquire of the members of your Class concerning their attendance at the proposed retreat."

That letter sort of noses me into the regular ponderous pondering of matters spiritual. I'd like to ask all who have some special devotion to our Blessed Mother to say an earnest additional prayer for what to me is one of the more depressing scandals of our times: the perverted cult of Mariolatry allegedly current among followers of the unfrocked Boston Jesuit, Father Feeney. Name-calling is not the intention of this reference to these misled cultists. But devotion to Mary is so necessary for an increase in grace and spiritual growth in general, it is stark tragedy to see this devotion abused. A coldness toward the Virgin and suspicion toward ail veneration of the Mother of God are non-Catholic characteristics; if I remember correctly, so illustrious a convert as Car-dinal Newman spoke with some aversion concerning Catholic Mariology before his conversion. Now this band of misguided zealots are quoted as callthis band of misguided zealots are quoted as call-ing on Mary to destroy those disagreeing with them, including prelates and members of the Church so conspicuously dedicated to Mary. Un-questionably God rights all wrongs and heals all wounds in His own time; but let us who love Mary make an extra effort through prayer to urge Him to hasten His 'own time' in this tragedy

It's time for a little public confession. After all my hand-wringing about not getting mail, I go and forget to mention a faithful card-sender. GEORGE ROHRS has frequently taken time out from his preoccupation in the affairs of the New York Giants (football, that is) to send a kind word.

It is swell to hear from you, George—keep up the good work! And here's hoping you don't feel too badly about that 24-23 loss to the Cardinals. After all, JOE KUHARICH is another nice ND guy out to earn that buck. And if beating the Giants in a game like that one wasn't earning it. it, I'll go on relief.

Well, gang, this time we have something to report! Three communiques arrived from the field and from different parts of the country. We wonder if this means a return to the old days when we filled a page in each issue of the when we is ALUMNUS.

Our first message came from ED KILMURRY which notified us of his release from active duty with the Army-Judge Advocate General's Corps. He has returned to the general practice of law at 2057 Douglas Avenue in Racine, Wisconsin, as of September 25.

We are happy for Ed that he has served his stint and is now back in "civvies." And while we are in the Kilmurry file, we want to note, though belatedly, the birth of Kathleen Rita last January in Milwaukee. On the heir our congratulations, and our apology for the delay in reporting her arrival.

Along about the middle of September, we received a very interesting Anniversary booklet called "Around the Bend to Another 50 Years." Attached was VIC KURZWEG's card as president of the Consolidated Companies, Inc., New Orleans.

The document told a fabulous tale of the growth of Consolidated Companies through fifty years from 1901 when Victor Kurzweg, Sr. was bookkeeper and shipping clerk for Sherburne-Schlater & Company in Plaquemine, Louisiana, to 1951 when Senior was found serving as Chairman of the Board of Consolidated and our classmate, Junior, was President of the Company. This is the story of a wholesale grocery business from the "Mud Sled" to the diesel-driven stern wheel packet. Our own Vic has been President since

On the Anniversay, on the booklet and on his sixth year as President, we congratulate Vic. It is good to learn of the progress of our crowd. How about more of you letting us in on your achievements?

The last release came from BOB SHIELDS the other day. Bob, living at 1822 Grand Avenue, Kalamazoo, Michigan, is still dairying—here is his message:

"First, many thanks for your effort in maintaining the '35 column, which I've enjoyed so

"Now, some material for you.

"Going East on our vacation this past August, "Going East on our vacation this past August, we stopped in Barkerton, Ohio, and contacted BILL BERNARD and VIC WEIGAND. Had a nice visit with Bill. He has not noticeably changed since I saw him 12 years ago. He is obviously an important part of the Bernard Construction Company and is still a bachelor. Bill located Vic and I had a pleasant phone conversation with him. He married Bill's sister and they have three children. I was sorry to hear Vic's father had died earlier the same week. He is associated with his father's Buick agency. We tried to get out to the house to see agency. We tried to get out to the house to see Vic and his family, but our schedule dictated otherwise.

"Last month, at the Dairy Convention in Chicago I met BARNEY ENGLISH of Toledo, Ohio. He is a partner in the Napoleon Creamery, which among other things does a large butter business. We found, that while we do no direct business, we apparently deal with mutual friends.

"Also, met JIM O'MEARA, formerly of West Bend, now of Milwaukee, Wisconsin. He is a vice-president of the W. M. Sprenkman Corporavice-president of the W. M. Shiraman conjoin-tion, a manufacturer and distributor of dairy equipment. Jim and I were both amazed that we immediately recognized each other at such a chance meeting after 17 years.

"I looked for JIM KEOUGH of Duluth, Minnesota (formerly of St. Paul) but was not sur-prised that I did not find him in the 25,000 plus registered. Could not determine if he was there.

"For the past few months I've had the pleasure of lunch with JOE LYNCH as he makes his trips through Kalamazoo for O'Brien Paints. It gives us a fine chance to discuss the old and new.

"As the letterhead indicates, I'm still in the milk, married, with three daughters."

It was good to hear from you, Bob! We certainly appreciate the word on our strays around the country. We have no way of branding them unless our range riders send in a "hot iron" every so often.

While in Buffalo over a recent weekend, we picked up a program which listed a number of Exhibitors at a Diocesan Teachers' Institute. There, under the American Seating Company at 923 West Genesie Street, Syracuse 4, New York, was NORMAN E. WIETIG's name. We have watched the '34 column these many years for word of our former classmates in Prep School back in Buffalo. (Class of '34 please copy.)

ARTHUR L. CONRAD visited Notre Dame last summer in his position as president of the Heritage Foundation of Chicago. Art delivered the stage Foundation of Chicago. 138 15 YEAR REUNION JUNE 12-13-14

Charles Callahan, Sec'y. Sports Publicity Dept. Notre Dame, Indiana

General Chairman of the 15-year reunion in June will be DON FISHER, insurance man and the most active '38er in South Bend. Don has been motivating force behind four well-attended dinners of our class among those still residing close to school with the result that the Notre Dame Class of '38, South Bend Chapter, is a

going organization.

At the last meeting of the South Bend Chapter, there was a dual purpose of the gathering. The first was to honor the guest of honor, RAY MEYER, outstanding coach of the DePaul University basketball team, who, as you all know, was the hoop captain our junior and senior years. The other reason was to discuss ways and means of making the 15th reunion the best ever . . . and if all the suggestions made during the evening come into reality, there never will be another reunion quite like the forthcoming one of ours. There will be more details on the affair in the next issue of the ALUMNUS, but be assured that Fisher and his committees intend to make the gathering one that will be long remembered.

TOM MULLIGAN (about to finish his second hitch in the Navy) was home in his native Cleveland for the Navy and hosted a party of Notre Damers, most of whom were from '38 or in school at about the same time as ourselves. SCOTT REARDON expected to make the Pittsburgh game, but at the last minute had to cancel out.

I should mention that in most instances those greeted at the football games were with the Mrs. . . .

ANOTHER YEAR This issue brings to an end another year of work and of accomplishment. Accomplishment be-

cause the class has grown that much stronger. has expanded, and has a concrete organizational staff—ready for the hard work ahead. This issue brings the beginning of a renewed effort to collect dues, gather news, lay plans, and in gen-eral, to work harder toward the culmination of the real objective of this whole thing — the 10-year reunion, now only some two dozen months away.

Your secretary wants to thank those men of the class who have made the work easier by voluntarily submitting information throughout the year, and also thanks to the many who answered in-quiries and circulars that were sent out. To those who did not answer, or who did not write, the reminder should be sufficient that without help this column cannot exist; and without strength the class can certainly not survive. So cooperate, and blease answer my questionnaires or inquiries. They please answer my questionnaires or inquiries. They cost money and effort. Don't let us spend both

This issue brings each man of the class, his family, and his friends heartfelt wishes for a truly Season full of the true spirit of comradeship and friendliness. May the New Year bring full happiness and contentment to each of you.

LETTERS FROM DEPARTMENT

DAVE CARTWRIGHT: "Greetings!! I just laid aside the August-September issue of the ALUMNUS and enjoyed, as always, your mention

"Guess what? We have a new baby at our house. Candis Ann, born August 10. I think you know we have four kids now. There are David (4 years), Thomas (3 years) Roberta (11/2 years), and Candis (2 months). My wife, Marilyn, is back on her feet now and we sort of run meals, naps, baths, etc., on a 1-2-3-4 quick-schedule basis. Why did we sleep in time-study classes, Al?

"I've been in Akron since January of this year, working for the DeBartolo Construction Company of Youngstown, Ohio (EDWARD J. DeBARTOLO 732, president). The company exclusively builds shopping centers in Ohio. Right now I'm busy on one in Cugahoga Falls. It's 1000 feet long with 25 stores. Along with the parking field, the center occupies over 20 acres of ground. I hope to have it finished by February of next year. just finished a center in June on the West side of Akron, Ohio. Certainly consider myself very fortunate having such a wonderful opportunity being in the nucleus of a trend which is changing our whole system of retailing. We have five of

these large centers under construction at present.

"I'm anxious to get news on some of the old gang — WILLIE WRAPE, CHUCK SARTORE, WARREN CARTIER, ED BALL, AL WRAPE, and so many of the old ROTC'ers from Walsh Hall. I've been out of touch with practically everyone for about a year.

"And Al, under separate cover I'm sending my \$1.00 dues to RAY BADDOUR. See you in '55, and best regards." (Thanks a great deal for the kind words, Dave. Sure is a pleasure hearing from one of the mainstays and original "charter" members. Congratulations on that wonderful family of yours. I am certainly envious of you. Will certainly be looking forward to that '55 date. Good luck, and congratulations again.) Dave's new address is 428 Louisa Street, Akron, Ohio. From RAY BADDOUR: "Enclosed are the forms

which I have obtained from the bank for our Class account. Would you please fill them out and return them to me. The money is beginning to come in. So far I have received six returns, counting yours. Incidentally, this is the beginning of the term for M.I.T., and I am swamped with work. Next week, though, I anticipate being able to set up the necessary book work for keeping complete records of payments deposited to the class account, along with other interesting information and comments which are included with the checks I receive. Best regards to all." work, Ray, and I hope that the six checks will grow into something more representative of our class spirit without our having to spend most of the money to get some "stragglers" to send theirs in. One dollar is not too much, and it will mean everything to the class effort. Hope to hear from you soon. Good luck.) Ray's address for those of the class who have neglected to send theid \$1,00 dues is Department of Chemical Engineering, Massachusetts Institute of Technology, Cambridge, Mass.

WANTED: VINCE CUSHING!!

Every once in a while your secretary gets a shock. That's part of the joy of the job. The latest shock has been the "unclaimed" mail re-

turned from Vince Cushing. Rushed correspondence to the Alumni Office brought forth the answer that their records showed no address for Vince either since their mail was returned "unclaimed" also. Now, how does one of the most popular fellows of the class get to become "lost." Vince is one of the "charter" members who helped to start the class off toward reorganization at the reunion in 1950, and this secretary certainly does not intend to lose him. So wherever you are, Vince, you better write immediately, if only a postcard, giving me your address. If you're hiding out so you won't have to pay the dollar dues, take another guess because we'll track you down. Your last known address was 1400 Lake Shore Drive, Chicago 10, Illinois. We'll take the hunt up from there, and we'll find you!! Someone must know your address. One of the class may spy on you. Let that be warning enough. Besides, you're too prominent a member of the class to lose interest now. Write soon. Please.

A NEW YEAR'S RESOLUTION Please make up your mind that you are going to cooperate with us, that you are going to send in information about yourself, your family, and any of the classmates you may know. Above all, please make that New Year's resolution that you are going to send in the \$1.00 dues right away. Please don't make a project out of it. And don't let it bother you, unless it's financially a strain.

If that is the case, by all means don't send any money. We only want it from those who can afford it in stride. Don't prolong it. Send it

It was a bright, sunny Saturday, and everything breathed the joy of living. The sun's paternal rays penetrated everywhere, suggesting the all-embracing love of the Son.

I had just returned from our weekly exam at Fort Knox's clerical school. But now, excitement reigned supreme; orders from 2nd Army Hq were on their way to us. I had just flipped my notebook on the bed when someone told me mine were on the bulletin board. I hustled towards the door and to the "Spot"—barely a hundred

was stunned. Many thoughts entered my mind and various conflicting emotions warred within my being. But then I stopped still. Among other why being. God had blessed me with the Faith and a Notre Dame education. Several times I had pointed out to my barracks buddles that we believe each one's life has a purpose (raison d'etre, if you want to get technical) governed by Provi-dence. It dawned on me that they would watch to see if I lived what I claimed to believe. It

wouldn't be easy.

Time passed; the sun warmed the air while the Son's love was thawing out my chilled fears. I looked up at the sky and glanced beyond it to our common Creator. The shadows faded and peace resumed its sway. Now, I returned to the peace resumed its sway. Now, I returned to the barracks and some teased me about my new assignment. However, the fellow who bunked next to me asked about it. "My best Friend arranged it," I said, struggling for a smile.

Now, I'm not the only guy who has or will receive such orders and I know others will be more resigned. Yet, I hope this will show:

Notre Dame men can win over all.

"Conquest of Life" Wins Praise

Enthusiastic Comments Expressed by Alumni, Faculty Members

FATHER JOHN A. O'BRIEN

"It was a pleasant and moving experience to read *The Conquest of Life*, the recently published volume containing the choice addresses of Father John W. Cavanaugh, C.S.C., together with a biographical sketch prepared by Father John A. O'Brien." Thus spoke Frank C. Walker '09, Chairman of the Associate Board of Lay Trustees, in an informal talk to the priests at Corby Hall on a recent visit."

"Reading the book," he continued, "brought back fond memories of my student days when Father Cavanaugh was in his prime as an orator. I could see him again, standing in the pulpit, his melodious voice filling Sacred Heart Church as with the music of a mighty organ.

"His diction was polished and his delivery was natural and graceful. Uplifting and inspring thoughts found utterance in beautiful language, enabling him to achieve an eloquence unsurpassed among the educators of his day.

"I heard him give many of the great addresses which are reproduced in *The Conquest of Life* and the reading of that volume will bring Father Cavanaugh back to life for all the old students who knew him."

Similar was the enthusiastic com-

ment of Joseph B. McGlynn '12, regarding this book as expressed on a recent visit. "Since my student days," remarked Mr. McGlynn, "I have carried a vivid memory of the gracious and kindly priest who presided over Notre Dame and who had a friendly smile and a word of encouragement for every student on the campus.

"To the students of that day, Father Cavanaugh was the greatest orator in the land. To listen to him was like attending a class in public speaking, English literature, philosophy and religion.

"Still echoing in my ear," went on Mr. McGlynn, "are some of his favorite sayings: 'The soul of culture is culture of the soul.' 'Comfort is an enemy of scholarship.' 'A diet of even the best fiction is an enemy of scholarship.' 'The kingdom of knowledge suffereth patience and the patient bear it away.'

"To the old students," Mr. Mc-Glynn concluded, "Father Cavanaugh is linked with Notre Dame as the soul is linked with the body. He is still a part of Notre Dame—a part of its tradition, its legends, its heart, its spirit, so undefinable and yet so all-pervasive. Something of the fragrance of his memory hovers like a benediction over the campus that he loved. The music of his life has ended but its melody, unique, distinctive, unforgettable, lingers on in this remarkable book, The Conquest of Life, which has recaptured his spirit and personality so accurately."

Father Joseph A. Maguire, C.S.C., is among the dwindling number of contemporaries of Father Cavanaugh left at Notre Dame. After reading in this book the biographical sketch of his old confrere, he said: "It is indeed remarkable how Father O'Brien has brought the old President of Notre Dame back to life. His big-hearted character, his warm friendliness and deep personal interest in each student are vividly depicted in this book.

"His wit, eloquence and wisdom," he continued, "are thus perpetuated

and brought through the medium of the printed page to a still larger audience. Father Cavanaugh is part of the imperishable traditions of Notre Dame and he must be smiling as he looks down from Heaven upon his old students reading the addresses he preached so often to them from the pulpit of the Sacred Heart Church and from the stage of Washington Hall."

To all who neither heard Father Cavanaugh speak nor knew him personally, this volume will bring something of his friendly and engaging personality, his radiant smile, his warm handclasp, his ready wit, his high idealism, his wide sympathy and his deeply spiritual and Christlike character. Thus will he be enabled to continue his ministry of education, counsel, help and inspiration to young and old alike.

The Conquest of Life in the course of a few months has climbed to the position of a best seller and has elicited praise from critics far and near. To the large and far-flung family of Notre Dame Alumni the book will bring several hours of pure joy and inspiration, and it will make them the heirs of the knowledge and wisdom of one of the most beloved priests ever to step upon the campus of Our Lady's university.
