## University of Notre Dame

702 Fidelity-Philadelphia Trust Bldg.  
Philadelphia, Penn.

November 15, 1953

Dear Men of Notre Dame:

As you all well know, Notre Dame is dedicated to the Blessed Virgin Mary. I wish to call your attention to the recent Encyclical of His Holiness Pope Pius XII in which he dedicated the year December 1953 to December 1954 to observing a Marian Year in commemoration of the centenary of the proclamation of the dogma of the Immaculate Conception.

Notre Dame, by its very name and stature as a Catholic University, should be the focal point of the celebration in America. It is equally true that Notre Dame men should likewise be the facets in the local programs, whether sponsored by your parish or the Notre Dame Club in your area.

You can honor the Blessed Virgin and direct attention to Notre Dame by participating in such programs.

One of the intentions for which the Pope suggested prayers should be offered to the Virgin Mary was the spiritual and moral welfare of the youth of the world and that domestic life "may be conspicuous for inviolate faithfulness, and that it may flourish through the proper and saintly education of its children." Such an intention is especially fitting for Notre Dame men.

I urge all Clubs to exert a particular effort to arrange a noteworthy Universal Communion Sunday program for December 6, 1953, so that Notre Dame men everywhere will begin the Marian Year with distinction.

Sincerely yours,

JOHN H. NEESON, JR., President

# The Distinguished Professors Program

## Solicit Corporation Support For Faculty

Corporations throughout the nation are being invited to underwrite the addition of forty-five distinguished professors to the Notre Dame faculty as a part of the new Faculty Development Fund announced by the Rev. John J. Cavanaugh, C.S.C., Director of the Notre Dame Foundation.

Father Cavanaugh outlined the program during recent campus meetings

FATHER CAVANAUGH

of the Alumni Association Board of Directors and the College of Commerce Advisory Council. He disclosed that Notre Dame has already tested this program in certain selected cities and the response from corporation executives has been "enthusiastic and encouraging." The plan which corporations are requested to sponsor will be known as the Distinguished Professors Program.

### Annual Cost of \$450,000

An annual minimum cost of \$450,000 will be necessary to insure the success of the new program. It is hoped that corporations owned or managed by alumni will be among the first to participate in this important project. Under existing laws corporations can take advantage of the five percent deduction provision for gifts to educational institutions.

"The Distinguished Professors Program in no way deprecates the splen-

did staff of teachers who now compose Notre Dame's 560-man faculty," Father Cavanaugh stated. "Our post-war enrollment was so sudden in its pressures that we now have a student body of 5,400—a 35 percent increase from prewar groups. In view of the nationwide teacher shortage, it has not been possible to insist upon or to secure the permanent faculty additions essential to the long-range development of the University," he said.

### Benefactors Generous to N. D.

Forty-five outstanding professors would permit an addition to each of the University's undergraduate departments. Father Cavanaugh stressed that "the University has been extremely fortunate in recent years in acquiring new buildings from generous benefactors. With the largest enrollment in Notre Dame's history, Father Hesburgh has urged that we concentrate on expanding and strengthening the faculty," Father Cavanaugh continued.

The Distinguished Professors Program, subsidized by corporation contributions, will only be a part of the overall plan known as the Faculty Development Fund. All unrestricted gifts from alumni and other friends during 1953 and 1954 will be used to provide continuing support for the present and future faculty. Unless otherwise specified gifts to this year's 11th Annual Alumni Fund will be allocated to the Faculty Development Fund.

### Students Pay 70% Education Cost

"Despite inflationary problems, Notre Dame still is able to give its students their education at approximately 30 percent below the actual per student cost of operating the University," Father Cavanaugh said. "This is possible because about one-fifth of the faculty are priests of the Congregation of Holy Cross who receive no salary. It is also possible because of gifts to Notre Dame from alumni and other friends, support from government and industrial grants and fellowships, and auxiliary enterprises, including athletics," he concluded.

## Alumni Clubs Observe 16th Communion Sunday

Notre Dame Alumni Clubs throughout the world will observe the 16th Annual Universal Notre Dame Communion Sunday on December 6th. This year the dedication will be for the success of the program of His Holiness Pope Pius XII (LL.D. '36) in establishing the Centenary Year of the Dogma of the Immaculate Conception (December 8, 1953 to December 8, 1954). Alumni have been asked to devote that Sunday to Mass, Communion and prayers for the Holy Father's program.

Universal Notre Dame Communion Sunday was originated in 1938, by the New York City club. It is considered a vital phase of the annual alumni club program and has been an outstanding event for many local clubs.

Club observances will center around attendance at Mass and Communion breakfasts with speakers from Notre Dame or the local area.

LUTHER M. SWYGERT, '27

Hon. Luther M. Swygert, '27, Judge of the Federal Court of Northern Indiana and former football monogram man, has been named a special lecturer in the College of Law and is presiding over Moot Court sessions. Judge Swygert is Second Vice-President of the Notre Dame Alumni Association.

## Reading

Only one thing bothered me about the great '28 Class Survey—the low book-reading indication. (Maybe it's just that, judging by the June Reunion, the Class is still in the age bracket for taking out the librarian instead of the book.)

In any event, I would like to urge all alumni to keep their intellectual claws sharpened on some book or other as the years go by. (The ALUMNUS at one time carried a delightful article on pleasant reading by Prof. Henry Staunton which, in my opinion, was a one-man one-time blueprint for adult education in attractive and practical form.)

You don't have to join a book club. You don't have to go to the library. You don't have to make a study of the lives of authors. You don't have to indulge in the classics.

You can enjoy substantial and pleasant reading without going outside the Notre Dame family. Several Notre Dame authors have come up with new books:

Richard Sullivan, '30, popular Notre Dame professor of English, and a favorite in the clean-and-mellow set of good writing, has a new novel, *311 Congress Court* (Holt, \$3). In one of his favorite settings, Baysweep, his characters are a German Catholic family "who in times of jubilation and distress alike turn simultaneously to alcohol and the priest. . . ." Dick, as his fans know well, has the art of writing a book that is Catholic without being the often avoided "Catholic book."

I mentioned last year a book, a first novel, by Vern Snider, A.B. '40, Monroe, Mich., *The Teahouse of the August Moon*, which was an entrancing and refreshing treatment of the occupation of Okinawa, which was at once realistic and poetic, historic and fictional. Vern has just published a second novel, *A Pail of Oysters* (G. P. Putnam, \$3.50) which is a grimmer picture of Formosa under the Nationalist regime. Yet the book still contains some of the insight into the characters and distinctiveness of the people and their problems which made his first book memorable.

VERNON J. SNEIDER, '40

Bob Blake, another A.B. '40, man, and ex-Marine, walked away from postwar law school to answer the call of the open road that led him, without benefit of purse, from his hometown, Canton, O., through the literary and historical highlights of the ancient capitals of Asia, Africa and the Near East. If you read Halliburton, you will enjoy Bob's *I'll Take the High Road* (Regnery, \$3.75). In fact, if you just don't like to sit still in job or classroom, you can reap a rich review of literature and ancient history from the Blake Odyssey.

Joe Breig, A.B. '28, Cleveland journalist on the *Universe Bulletin*, a columnist for the *Ave Maria* magazine, and author of several previous books, does another powerful job of apologetics and lay teaching in Catholic fundamentals with his new book, *A Halo For Father* (Bruce, \$2.50). As a father who is happy with a "hello," and despairing of a halo, Joe's picture of the ideal father is surprisingly pleasant and endowed with an in-reach quality. Joe's natural humor and spiritual strength blend to put St. Joseph a little more into the daily routine. If it doesn't give you an immediate halo, it will at least give you a pleasant glow. Let your wife read it, too. The tango is not all that requires two to.

If your wife is a St. Mary's girl, you have probably already read one of last year's highlights, *Family Portraits* (St.

Mary's Alumnae Association, \$4.) by Marion McCandless, bright star of the neighboring alumnae firmament, a lady D'Artagnan with the pen. And if your wife isn't a St. Mary's girl, you'll both enjoy this personalized history of the popular school across the road. For all you readers who matriculated at Notre Dame and majored in St. Mary's, it will be several evenings of enriched reading.

Fans of Lucile Hasley, wife of the Notre Dame professor, Louis Hasley, '30, will welcome her new volume, *The Mouse Hunter* (Sheed & Ward, \$2.75). Apostle of the literary what-comes-naturally, Lucile has done a much needed switch in modern writing by calling our daily lives to the attention of the Church — on the kaleidoscope of topics that can only happen to an ordinary household where ethics create problems and money is not always in abundance to solve them. So, whether for you, or for Christmas presents, here are some top treats.

## College Quiz Bowl Broadcast

On the night of Saturday, Dec. 12, four of Notre Dame's finest students will compete in a new "battle of the brains" broadcast over the entire facilities of the National Broadcasting Company. It's an intercollegiate quiz program in which leading universities and colleges across the country match wits for a \$500 prize. The show is called "The College Quiz Bowl." It's broadcast on NBC Saturday night at eight o'clock, EST.

Each week the winning team is awarded a \$500 gift to be administered by the college, and the winner returns the following week to meet a new opponent. The show started Oct. 10 and Northwestern University walked away with the winner's honors three weeks in a row.

Check your nearest NBC station for the program on Dec. 12.

# Lieutenants Herlihy and Butler Killed in Korea

## Supreme Sacrifice Made by '52 Class Men

Lieutenant Robert G. Herlihy, '52, United States Marine Corps, made the supreme sacrifice for God, Country and Notre Dame. He was killed in action on July 26th in Korea — the day that the armistice was signed.

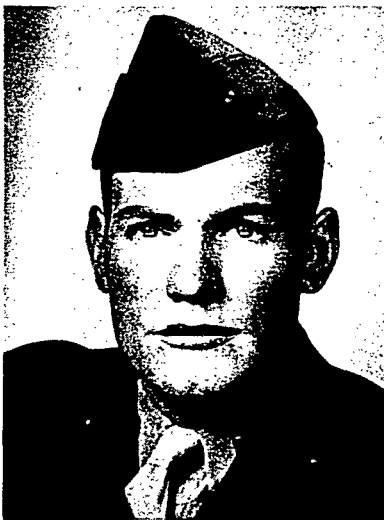

Bob attended elementary schools in Newport, R. I., Honolulu and graduated from Bulkely High School, Winchester, Mass., in 1948. He received basic training in the Platoon Leaders Class at Parris Island and Quantico, Virginia. After getting his commission at Quantico in January, 1953, Lieutenant Herlihy was transferred to the Third Marine Division in Camp Pendleton.

While at Notre Dame Bob participated in interhall sports and received his degree in Commerce. He is survived by his parents, Dr. and Mrs. John E. Herlihy, and a brother, Jack, 17 Hillside Ave., Winchester, Mass.

ROBERT G. HERLIHY, '52

The Marines dedicated a battalion camp in Korea to Lt. Wallace S. Butler, Jr., '52, who was killed in action on April 19. In the ceremony conducted by Major-General Randolph McPate, commander of the First Marine Division, the general stated:

WALLACE S. BUTLER, JR., '52

"Lieutenant Butler proved beyond doubt that his generation still contains that hard core of high courage upon which the United States is founded. And he proved himself a good Marine."

Bud Butler, a native of Grand Forks, N. D., prepared for his career in combat as a member of the N.R.O.T.C. on campus. He died leading a patrol which was evacuating casualties from a raid on Chinese positions. For his heroic action, Bud has been recommended posthumously for the Navy Cross, second highest U. S. military award, and the Silver Star. In one of his last letters home, he wrote, "Pray for me. Don't pray for my safety nearly as much as for the safety of my men. . . It's better to come home on one's shield than without it."

Lt. Butler is survived by his parents, Mr. and Mrs. W. S. Butler, 1506 Chestnut St., Grand Forks, N. D.

## Business Leaders Named To Advisory Council

The Reverend Theodore M. Hesburgh, C.S.C., president of Notre Dame, announced the appointment of eleven prominent executives as members of two of the University's Advisory Councils.

Named to the Advisory Council for Science and Engineering are W. R. Baker, vice-president in charge of electronics, General Electric Co., Syracuse, N. Y.; George E. Stoll, vice-president and general manager, Bendix Aviation Corp., South Bend, Ind.; Charles H. Cushwa, '31 president, Commercial Shearing and Stamping Co., Youngstown, Ohio; and Joseph Becker, research physicist, Bell Laboratories, Murray Hill, New Jersey.

Also Walter J. Murphy, editor, Chemical and Engineering News, Washington, D. C.; John P. Kiley, president, The Milwaukee Road, Chicago, Ill.; and R. S. Lynch, president, Atlantic Steel Co., Atlanta, Ga.

Newly appointed members of the Advisory Council for the College of Commerce include Clyde E. Broussard, '13, president; Beaumont Rice Mills, Beaumont, Texas; Jerome J. Crowley, '31, president, the O'Brien Corporation, South Bend, Ind.; Robert Sargent Shriver, Jr., the Merchandise Mart, Chicago, Ill.; and C. R. Smith, president, American Airlines, New York, N. Y.

The two groups meet on the campus semi-annually to consult with the University administration and the Deans and faculty members of the respective colleges.

## McCarthy Appointed To Senate Banking Group

Dean James E. McCarthy of Notre Dame's College of Commerce has been appointed an advisor to the Senate Committee on Banking and Currency by Senator Homer Capehart of Indiana, committee chairman. The Notre Dame educator will be a member of an advisory group which will assist the Senate committee in a recently authorized study of the operations of the Export-Import Bank and the International Bank for Reconstruction and Development.

## Lecture Series in Commerce

John T. Kirby, vice-president of W. R. Grace and Company until his retirement in 1952, gave a series of seven lectures recently in Notre Dame's College of Commerce. A representative of the Grace organization in Latin America for twenty years, Kirby discussed foreign trade with emphasis on United States commerce with South American nations.

Dean James E. McCarthy has announced that Kirby is the first in a series of guest lecturers who will speak at Notre Dame under the auspices of the University's College of Commerce Advisory Council. The Council is composed of thirty-two prominent business and industrial leaders from coast-to-coast.

## ND Receives Lilly Fellowship

Eli Lilly and Company, Indianapolis pharmaceutical house, has established a post-doctoral research fellowship in Notre Dame's department of chemistry for the coming year, according to the Rev. Paul E. Beichner, C.S.C., Dean of the University Graduate School. The Lilly fellowship provides funds for research on "New Approaches to the Synthesis of Folic Acid." The research will be conducted by T. L. V. Ulbricht of Bristol, England, under the direction of Dr. Charles C. Price of Notre Dame's chemistry department.

## Prof Writes New Book

The theory of history expounded by Giambattista Vico, eighteenth-century Italian philosopher, is presented in *Time and Idea*, a new book by Professor A. Robert Caponigri of Notre Dame's department of philosophy. The book was published on August 24th by Henry Regnery Company, Chicago. It was also released in England by Routledge and Kegan Paul, Ltd., of London, in mid-September.

## Priest on Dacca U. Faculty

A Catholic priest, educated at the University of Notre Dame, recently joined the faculty of a Mohammedan university in Pakistan. The Reverend Richard W. Timm, C.S.C., a native of Michigan City, Ind., is currently teaching biology and cataloging biological specimens at Dacca University, a predominantly Mohammedan institution operated by the Pakistan government.

Father Timm's work at Dacca University was made possible by a Fulbright fellowship which he received this Fall. Dacca University officials had requested that an American be assigned to the post. An American with just the right qualifications was the head of the science department at nearby St. Gregory's College in Dacca. The Holy Cross Fathers, who have engaged in missionary work in the area for more than a century, agreed to loan Father Timm to the Mohammedan university on a part-time basis.

While Father Timm is believed to be the first priest to teach at a Mohammedan university, he certainly is no stranger to the Pakistan students. Many Mohammedans are enrolled at St. Gregory's College and other schools where priests, Brothers and Sisters of the Congregation of Holy Cross serve as American "ambassadors" and disciples of Christianity more than 5,000 miles from home.

## Gurian Lectures in Europe

"General satisfaction with continuing and growing economic prosperity as well as fear of the vague, indefinite program of the Socialists prompted the overwhelming vote of confidence delivered to Chancellor Adenauer and the Christian Democrats in the recent German elections," Dr. Waldemar Gurian declared recently.

Gurian, who is professor of political science at the University, recently returned from Europe where he lectured at several universities and spoke at American Information Centers in

western Germany, Austria and Switzerland.

Unification of Germany continues to be Chancellor Adenauer's goal, but Dr. Gurian sees little possibility of this happening. "Russia will not permit free elections in East Germany for the Communists realize it would mean absolute defeat. Of course, without free elections unification is impossible," Gurian emphasized.

## New Fine Arts Teacher

A former fighting Marine whose fire-group led the patrol that planted the American flag atop Mount Suribachi on Iwo Jima has joined the faculty of Notre Dame's art department. Robert A. Leader, who witnessed the memorable World War II event but who does not appear in the historic photo, will lecture on the history of art and teach drawing and painting at the University.

Leader was just beneath the summit sealing off caves where Japanese snipers were entrenched when Associated Press cameraman Joe Rosenthal took perhaps the most dramatic photograph of the war. Leader recalls that the "flag pole" was a piece of zinc pipe which the Japanese had used to catch rain water on the arid island. The flag, he said, was sent up from an LST on the nearby beach.

"Within a few minutes after the summit was secured," Leader relates, "a Father Suva, a Marine chaplain, celebrated Mass and distributed Holy Communion to Marines knee-deep in rubble. Very few people realize," he said "that the Blessed Sacrament rested atop Mount Suribachi almost simultaneously with the American flag."

## Swedish Scientist on Campus

Dr. Lars Melander of Stockholm's Nobel Institute has presented a month's series of lectures at Nieuwland Science Hall on the University campus. The noted Swedish scientist, who has specialized in the use of isotopes as tracers in studying the mechanism of organic reactions, spoke on

the general subject of "The Use of Nuclides in the Investigation of Organic Chemical Reaction Mechanisms." Dr. Melander was here under the auspices of the P. C. Reilly Chemistry Lecture Series, established by the late P. C. Reilly, Indianapolis industrialist and former member of Notre Dame's Associate Board of Lay Trustees.

## Industries Give Fellowships

Three national industrial concerns have awarded fellowships to graduate scientists in Notre Dame's chemistry department, it was announced recently by the Rev. Paul E. Beichner, C.S.C., dean of the Graduate School.

The Sinclair Refining Company has renewed its support of a research program in which Henry L. Weisbecker, Pittsburgh, Pa., will study the reaction of excited hydrocarbon molecules.

The Monsanto Chemical Company is sponsoring research in the radiation chemistry and electrical discharge reactions of ethane. James Sturm, New Ulm, Minn., has received the Monsanto fellowship.

Olin Industries has made a fellowship available to M. P. Reddy, whose home is in India, for research in the radiation chemistry and electrical discharge reactions of ethylene.

## Vocations for German Youths

A former member of Hitler's Youth Corp is among forty-five new seminarians of college age studying for the priesthood at the University. Hans Rulke, who was subjected to four-and-a-half years of Nazi philosophy and military discipline, has commenced nine years of study and prayer which will lead to his ordination as a priest of the Congregation of Holy Cross.

The twenty-one-year-old native of Witten-Ruhr in west Germany was accompanied to this country by another German youth, Hubert Schwan, whose father was a Russian prisoner in Siberia for three years. The two young men decided to pursue their religious vocations at Notre Dame after meeting several Holy Cross priests in Rome. They are living on the campus at the Old College, one of the first buildings erected here more than a century ago.

## Father O'Brien's New Pamphlet

A new pamphlet, *How You Can Share Your Faith*, showing how laymen can both recruit prospects for instruction and win converts to Catholicism, has just been published by The Catechetical Guild, St. Paul, Minn. Written by the Reverend John A. O'Brien of the University of Notre Dame, a noted leader of the convert movement in America, the pamphlet features the stories of twenty convert makers in widely different walks of life.

## "Diplomacy in a Whirlpool"

A nation's bitter struggle for survival under two totalitarian masters is documented in *Diplomacy in a Whirlpool*, a new book by Stephen D. Kertesz, a former Hungarian Minister to Italy and now professor of political science at the University. Dr. Kertesz's book, published by the University of Notre Dame Press, dramatically presents the tragedy of Hungary plunged in the dark shadow of the Swastika and the Red Star. It is the eighth in a series of studies sponsored by Notre Dame's Committee on International Relations.

## Dooley Attends Conference

William R. Dooley, '26, placement director at the University, was one of twenty-five college representatives from coast-to-coast who attended a Conference of College Placement Offi-

cers at Schenectady, N. Y., under the sponsorship of the General Electric Company.

The conference considered many aspects of college placement including the placement of veterans, helping older alumni to find jobs, counselling and guidance of students, recruiting ethics and the proper use of placement facilities. Also on the agenda was a discussion of financial support for education by business and industry.

## Brother Sabinus Writes Book

*The Maid of Corinaldo*, a story of Saint Maria Goretti, an Italian girl who died in 1902 while defending her virtue, was published recently by the Dujarie Press. The simple story of the peasant maid who was canonized in 1950 by Pope Pius XII was written by Brother Sabinus Herbert, C.S.C.

The book is the latest in a series of juvenile works, principally lives of the saints, to be published by the Dujarie Press. The books have been written by various Brothers of Holy Cross under the direction of Brother Ernest Ryan, C.S.C., who is the author of more than forty titles for children, widely used in schools throughout the country.

Brother Sabinus, author of *The Maid of Corinaldo*, is both a writer and a printer. He is superintendent of printing at the Ave Maria Press on the Notre Dame campus and has lectured before trade groups. He wrote a syndicated article, "Will Irish Humor Too Decline?", and is a member of the Catholic Press Association.

Rev. Theodore M. Hesburgh, C.S.C., is installed as Honorary Chief of the Kiowa Tribe at the Notre Dame Rally in Municipal Auditorium, Oklahoma City, on Sept. 25—eve of Sooner-Irish clash. At right is Chief of the Kiowas.

# 1928 CLASS SURVEY

## Religious Influence at N. D. Reflected in Report

By LOUIS F. BUCKLEY

One of the many innovations introduced by the Class of 1928 on the occasion of its twenty-fifth year reunion was a report entitled "The Life and Opinions of the Notre Dame Class of 1928." The survey was based on 225 questionnaires (of a total of 502 sent out) and summarized replies to 101 questions. The magazine, *America*, commented that "the results of the survey do great credit to a great Catholic university."

A book published last year, *They Went to College* by Ernest Haveman and Patricia West, based on a survey made by *Time* magazine in 1947 of a national sample of college graduates is used for comparative purposes throughout this report.

### Religious and Family Life

The religious influence at Notre Dame was emphasized by the 1928 men as Notre Dame's most important contribution to their lives. Twelve percent of the class report they are daily communicants and 24% receive Holy Communion weekly. Almost half of the families of '28 men say the rosary together and 14% of the families have daily family rosary. More than half the class are active in parish affairs. The importance attached to religion by the class was reflected in the following '28 class events during the 25th reunion week-end: a class visit to the grotto, memorial services at the community cemetery, well-attended Class Masses each morning, with '28 glee club participation.

In *They Went to College*, authors Haveman and West set up a threefold criterion of matrimonial stability. This test required that the college graduates still be living with the girls they married, that they have at least three children, and that they own their homes. Forty-two percent of the '28 men meet these exacting requirements as com-

pared with 25% of the college men in the same age group in the *Time* survey. Surprisingly, 82% of the 1928 graduates own their homes in contrast to 68% of college graduates generally of a comparable age.

Slightly over half (53%) of us married girls who had attended college. Twenty-five percent of our wives achieved a bachelor's degree. A recent study of Cornell graduates indicated that 41% of the men married college graduates. Ninety-five percent of the wives of the Catholic members of the class are also Catholics.

The Population Reference Bureau reports that the Notre Dame Class of 1928 had the highest birth rate of any of the Alumni of colleges surveyed with a graduating class of over 100 members in 1928. Our rate is 2.59 children per alumnus compared with an average of 1.97 of all 1928 classes surveyed. We average 2.76 children per married alumnus, while the average for 1928 classes generally is 2.10.

The importance attached to the family by '28 men was also reflected in the collection of pictures of the '28 men and their families which was displayed at the reunion. The class expects to publish this collection of family pictures.

### Our Jobs and Economic Status

The '28 men as a whole tend to occupy jobs of greater importance and prestige than college graduates generally. Forty-six percent of the class of '28 are proprietors, managers and executives as compared with 33%, 34% and 26% respectively for the Jews, Protestants and Catholics in the *Time* cross-section of all American male college graduates. Only 10% of the '28 group are white collar and manual workers in contrast to 16%, 20% and 29% respectively for the Jews, Protestants and Catholics in the *Time* study. The median annual earned income for the 1928 Notre Dame graduate is

\$10,000 compared with \$6152 for all college men in our age group in the *Time* study made in 1947. These contrasts are of particular interest, since the Haveman and West study concluded that "Catholics, by and large, wind up in poorer jobs and make the least money."

The lowest earned income in the class was \$2800 and the highest, \$60,000. The largest median earned incomes were in law (\$15,000) and

LOUIS F. BUCKLEY, '28

medicine (\$12,000) and the lowest in education (\$6,000) and government (\$6,000). In addition, three out of every five classmates receive unearned incomes ranging from less than \$100 for seven and from \$25,000 to \$50,000 for six classmates.

### The Uses of Leisure

One out of three members of the class list outdoor sports and one of four give reading as the favorite way of spending their spare time. Since one-third of those who consider reading a favorite pastime had not read any books during the few months prior to the survey, it is evident that magazine reading is much more popular. The group reads regularly an average

of 3.2 magazines compared with 2.79 in the *Time* survey. The three most popular magazines are *Readers Digest* (37%), *The Saturday Evening Post* (32%) and *Time* (29%). Over half of the class (54%) indicated they had not read a book in the past few months compared to only 20% of the *Time* sample.

### Notre Dame

An overwhelming vote of confidence was given Notre Dame by the class in that 96% of us indicated we would attend Notre Dame if we had it to do over again in contrast to 84% who stated they would choose their alma mater in the *Time* study. Seventy percent of those with a son anticipate that he will attend Notre Dame. The main reasons given by most of those who answered in the negative or as undecided were (a) finances, (b) leave choice to son, (c) smaller college preferred and (d) grades and aptitude of son.

In addition to a valuable religious influence, the class considered Notre Dame's best contributions were a source of friendship and a good education. The most common complaints about Notre Dame of our college days in the order of importance are (1) lack of vocational guidance, (2) nature and extent of discipline, (3) too much leisure, and (4) too little social life.

Among the things the class likes best about Notre Dame of today are (1) the raising of academic standards, (2) developments in scientific research, (3) the building program, (4) public relations program, and (5) the expansion of the graduate school. Concern was expressed by a number of classmates over the increase in size of Notre Dame.

The study revealed the great interest of the class in the *ALUMNUS*. Ninety-four percent of us read it regularly and about half of our wives do likewise. The importance of the *ALUMNUS* as a media for keeping in touch with classmates was emphasized in that over half indicated they turn to class notes first. Typical of the comments made concerning the *ALUMNUS* is the following by a writer, "I think it is an exceptionally good job as it stands." A lawyer stated, "Believe it is now a fine, well-edited magazine."

### Vote for Eisenhower

Although two-thirds of our parents considered themselves to be Democrats, 37% of us classify ourselves as Democrats, 32% as Republicans and 30% as Independents. The *Time* national survey reveals by contrast that graduates generally are 38% Republicans, 23% Democrats and 38% Independents. Two out of every three members of the class voted for President Eisenhower. The class indicated they were most nearly in agreement with the policies of Eisenhower (43%), Stevenson (29%), and Taft (22%).

The class was asked to indicate whether they liked or disliked certain personalities. Among those liked by two-thirds of the class are: President Eisenhower, Cardinal Spellman, Secretary of State Dulles, former Governor Adlai Stevenson and former President Hoover. Those who proved to be the least popular among the '28 men were John L. Lewis, Dean Acheson and Eleanor Roosevelt.

### Views on Current Issues

There is considerable agreement (72%) on the advisability of continuing the present reciprocal trade policy. Over half (51%) of the class believe that future economic aid to Europe should be decreased. However, 55% favor additional American expenditures under the Point IV program.

Only half of the class feel that the participation of the United States in the United Nations has been worthwhile. Fifty-seven percent believe the United Nations should have the right to make conclusions which would bind members to a course of action in contrast to 78% of the graduates in the *Time* survey.

Three-fourths of the class believe that organization of workers into labor unions is a right and a necessity. A similar percent of the class favor amendments to the Taft-Hartley Act.

Approximately three out of five classmates oppose more federally subsidized public housing. Over half of the class (a) favor a constitutional amendment placing a limit on federal taxes to a fixed percent of personal incomes and (b) oppose continuance or increase of price supports to farmers.

Space does not permit a discussion of other aspects of the survey, such as

extracurricular activities, religious life, jobs and major subjects while attending Notre Dame, relationship between college grades and earned income today, graduate work, unemployment, attitude toward present jobs, life insurance, entertainment, social, civic and political activities and additional views on foreign and domestic issues and personalities. Data are available in the survey on subjects varying from the amount of time we spend with our children, the extent of drinking, and how often one takes his wife out to dinner to such serious subjects as the books recently read and attitudes on the Luther-Hobbes-Paine theory of government.

## Seven Depart For Pakistan Missions

Seven Holy Cross missionaries, prior to leaving for far-off Pakistan, participated in an impressive departure ceremony in Sacred Heart Church on the University of Notre Dame campus. Four priests, a Brother and two Sisters of the Congregation of Holy Cross renewed their foreign mission vows before the Very Rev. Christopher J. O'Toole, C.S.C., Superior General. The sermon was given by the Rev. Vincent J. McCauley, C.S.C., who spent many years in the foreign missions.

The missionaries left for Dacca in Bengal, East Pakistan, where the Congregation of Holy Cross, this year observes its centennial of missionary work among the natives. They will arrive in Pakistan in mid-November to join eighty-nine Holy Cross priests, Brothers and Sisters who staff the Dacca missions.

## Cuneo Loans Painting To Notre Dame Galleries

A valuable 13th century painting, recently identified as the work of Guido da Siena, has been loaned to the University of Notre Dame galleries by John F. Cuneo, prominent Chicago art collector and president of Cuneo Press, Incorporated.

"Virgin and Child Enthroned," believed to be the earliest Italian primitive painting in America, was recently purchased by Cuneo from an interior decorator for a modest sum. Subsequently, the painting was identified by Dr. Maurice Goldblatt, art authority and director of the Notre Dame galleries, as an authentic work of Guido, founder of the Sieneese school. Goldblatt estimated the value of the painting at \$250,000.

According to Goldblatt, only two other examples of Guido's work exist in the United States and neither is as important as the Cuneo painting as a milestone in early Italian art. The Sieneese school in Guido antedates the Florentine and thus can be credited as the first group to revive Italian painting after the Byzantine.

## Seventeen Former Lay Students Enter C.S.C.

Seventeen former lay students of the University have recently begun their studies on the way to the priesthood in the Congregation of Holy Cross.

Charles H. O'Brien, C.S.C., Green Bay, Wis., Nicholas R. Ayo, C.S.C., Elizabeth, N. J., and James D. Wing, C.S.C., Evanston, Ill., pronounced their temporary vows at the close of a year spent in Sacred Heart Novitiate, Jordan, Minn. Together with 18 other seminarians, these young men have returned to Moreau Seminary at Notre Dame where they will resume their philosophical and other university studies.

Daniel M. Boland, C.S.C., Hazelcrest, Ill., Aidan R. Gough, C.S.C., La Canada, Calif., Hugh R. Shine, C.S.C., Goldsboro, N. C., Dennis A. Gibson, C.S.C., Rochester, N. Y., Robert L. Mullen, C.S.C., Tampa, Fla., Joseph F. O'Donnell, C.S.C., Chicago, Ill., entered the Jordan Novitiate to begin a year's intensive spiritual preparation for the religious life. They will make their first vows next August.

Joseph F. Belfiore, Jr., Washington, D. C., John P. Bozzone, Sauquoit, N. Y., William B. Hund, St. Joseph, Mo., Donald F. Guertin, Upland, Calif., Joseph B. Simons, Pasadena, Calif., John F. O'Connell, Chicago, Ill., Paul D. Gabler, Chicago, returned to Notre Dame after the summer vacation to enter "Old College," the 112-year-old first building on the campus. This historic structure is headquarters for 44 young men (including the 7 from Notre Dame) who are preparing for the priesthood in the University's new program for college candidates. While living very much as do ordinary Notre Dame students, these seminarians-to-be will specialize in Latin and Philosophy. Their spiritual life will center around the Log Chapel where Mass, Holy Communion, meditation, rosary, spiritual reading, a monthly retreat and nocturnal adoration before each First Friday will help lay the foundation for their future lives as priests of Holy Cross.

The 44 candidates come from 17 states, the District of Columbia, and one foreign country. They range in age from 16 to 30. In addition to the 7 from Notre Dame, there are students from the following Universities: Detroit, Portland, Michigan, Marquette,

Kansas, Minnesota, Catholic University, Washington State, Western Michigan, and Santa Clara. The remainder are graduates of high schools from Massachusetts to California. A dozen are veterans of either World War II or of the Korean War.

In addition to these former Notre Dame students and other seminarians of college age, the high school department of Holy Cross Seminary on the University campus enrolled 66 new candidates, 47 of whom are in first year. Seventeen states are represented, with Illinois boasting the largest contingent, nineteen.

The total enrollment in high school in Holy Cross Seminary is 135. There are two Negro students (from Indianapolis) and one American Indian (from Milwaukee).

## Honor Students Receive New Class Privileges

More than 475 Notre Dame honor students may be absent from class an unlimited number of times, according to a new University regulation announced by the Rev. Philip S. Moore, C.S.C., vice-president in charge of academic affairs.

Undergraduates named on the Dean's Honor List as having academic averages of 88 percent or better may skip class without penalty, but will be held personally responsible for any class work or tests missed by being absent, Father Moore explained.

This policy of non-compulsory attendance at class has always pertained in the University's Graduate School and is now being extended to undergraduate honor students and to students in the College of Law. Until now, students lost credit for a course if they were absent more times than the number of semester hours credit given for the class. In effect, students forfeited credit for a course if they were absent, except when sick, more than three times in a semester.

"Our experience has shown that the good student, who is not under compulsion to go to class, never misses except for very serious reasons," Father Moore said. "We feel that the time has come for students to assume personal responsibility for their education."

# Alumni Clubs To Resume Job Help

Recognizing especially employment needs of an increasing number of alumni who are being discharged from the Armed Forces, the Board of Directors of the Alumni Association at its meeting at Notre Dame on October 23 recommended the reactivation, where necessary, of the placement function of the local clubs.

The Placement Bureau on the campus, directed by William R. Dooley, '26, will coordinate the club work in this regard.

Employment aid for alumni will, it is anticipated, soon be made available through special committees in at least a dozen of the country's largest centers of alumni population. In the smaller clubs, this aid will, for the present, be channeled through the club presidents, a listing of whom is found in each issue of the ALUMNUS. If and when placement committees are deemed necessary in some of the smaller clubs, they will be set up.

## Some Centers Already Functioning

The three largest centers of alumni population, New York City, Chicago and South Bend, are already served by functioning placement services for alumni. The Notre Dame Club of New York maintains a "Job Registry" directed by Frank Conforti, '43, of The Tuition Plan, 3347 Fifth Ave., New York City, where job seekers can register and receive aid. In conjunction with the "Job Registry," the New York Club also operates, in cooperation with the Carroll Club, a Career Planning Clinic, directed by Edward Beckman, '16. The Clinic meets each Thursday at 7 P. M. in the Carroll Club, 120 Madison Ave., New York City, except during July and August and holiday seasons. No reservation is needed at the Clinic; beginners are instructed each week. Attendance is open to all interested persons, Notre Dame and non-Notre Dame, men and women.

The Notre Dame Club of Chicago operates its placement activities through a Counseling Committee of 30 members directed by James R. Martin, '23. Each committee member represents a different field of work.

Pictured at a reception in the home of William J. Dunn, M.D., '47, honoring the visit of Dean L. H. Baldinger, are Notre Dame men currently in specialized training at the Mayo Clinic. Seated (L. to R.): Dean Baldinger, Rev. Daniel Kennerk, C.S.C., Dr. Wm. J. Dunn, '47, Dr. Ed Morgan, '44. Standing are Dr. Ed J. Sanders, '47, Dr. Wm. B. Helme, '33, Dr. Richard Myers, '47, Dr. James F. Cooney, '42, and Dr. Oliver Vreeland, '42.

Chicago alumni needing employment assistance are invited to register with the Notre Dame Club of Chicago office, Suite 649, 38 South Dearborn St., Chicago. From that point they will be referred to one of the members of the Counseling Committee for appropriate aid.

Alumni in the South Bend area are served directly through the Placement Bureau on the campus and are invited to register there.

## To be Coordinated with Campus Bureau

Club work in placement will increasingly be coordinated with the work of the Placement Bureau at Notre Dame, according to Mr. Dooley. "We in the Placement Bureau on the campus want to help alumni as well as students," Mr. Dooley said, "but because most alumni reside a considerable distance from the campus and usually want to work in their home area, we usually find it difficult, and frequently impossible, to give them any direct job aid. We can't function, for the most part, as a national employment agency, bringing the job opening and the job seeker together;

we can—and do—function as a counseling agency, advising the job seeker how to help himself, with the aid of his local Notre Dame Club."

## Must Be Prepared For Interview

Pending the enlargement of the club placement program and a more detailed announcement in the next issue of the ALUMNUS, alumni job seekers are asked to communicate with the Placement Bureau at Notre Dame, with their club president or with the Notre Dame Club office in Chicago or Frank Conforti in New York.

Alumni are reminded in this connection that an interview is a must in practically every job-getting procedure and that job-getting by mail only is virtually impossible. Alumni who are seeking employment in a distant part of the country should be prepared to travel there for job interviews. That is the uniform advice offered by Notre Dame clubs, especially on the Pacific Coast. They are entirely willing to help the Notre Dame job seeker but they need his presence for any interviews that can be arranged.

# Governor Joe Farrell of the Notre Dame Foundation

## *Successfully Directs Program in Pennsylvania*

To most everyone the state of Pennsylvania is famed for its natural resources, thriving agriculture and heavy industries among other things. And included in the category of "among other things" are the prodigious efforts put forth by Joseph R. Farrell, '15, in guiding Foundation destinies of the Keystone area. As Governor of the Notre Dame Foundation for Pennsylvania, Joe has done practically a one-man job, until last year, of stimulating participation in the annual alumni funds. The results are evident, encouraging for other states—it points the way that "it is being done."

Fifty percent of the alumni in Pennsylvania contributed to the University of Notre Dame in 1952. With some monetary assistance from various sections, this record may be excelled in 1953. But the success of the program there hasn't been without the usual detailed planning, organizing, and plain hard work which go into any successful venture—although Mr. Farrell would be the last to admit it's even remotely successful.

Each alumni club and all Foundation area chairmen in the state have received at least one visit from Governor Joe—in most instances he has been around the circuit twice and in some places three times. Often members of the campus staff have accompanied him. This past Summer John Nacson, president of the Alumni Association, and Alumni Secretary Jim Armstrong told the "Notre Dame story" along with Joe Farrell. For two consecutive years, the Governor and John Cackley have teamed on a 'get-acquainted tour' of alumni cities.

Joe has organized and re-organized—and even re-re-organized—Pennsylvania on a Foundation level so that the best possible results will be attained. His training for the past 38 years as a member of the General Electric Company has undoubtedly been a tremendous asset in getting things done for Notre Dame. His files bulge

with copies of communiques to his state chairmen and club presidents in directing their efforts toward a common objective — doing the finest job possible for Notre Dame. The campus office attests to the statement that the Governor is eager to 'get on with the work.'

JOSEPH R. FARRELL, '15

He is quick to offer constructive suggestions for the over-all program's betterment.

One of Farrell's most productive theories — which he has put into productive practice — is the use of the pledge card. In fact, he helped design this year's 'model' which went out nationally to non-contributing alumni in a Fund mailing piece last month. Joe's contention is that giving to Notre Dame on a monthly pledge basis — \$10, \$5, \$1 or whatever it may be — can be as habitual as paying the telephone bill.

He was instrumental in recommending that special recognition be given those alumni who had contributed to ten of the annual alumni funds. More than 40 Notre Dame men in Pennsylvania merited this honor last year. They have given a total of \$40,000 over the past decade.

In recent months he has divided the state into five districts with a 'District Governor' responsible for each. Farrell's Foundation target in 1953 is to get a minimum of 60% alumni participation for this year's 11th Annual Alumni Fund. With his ingenuity plus enthusiasm that figure isn't a remote possibility—Pennsylvania should probably surpass it.

Joe's initial capacity in the Foundation program was City Chairman of Harrisburg, his home town. After the untimely death of John McMahon, then governor of the state, there was only one *real*, logical choice for the position — and that was Joseph R. Farrell. He was appointed by Father John J. Cavanaugh, C.S.C., at that time president of Notre Dame, to assume a leading part in the Foundation's long-range program to get \$25,000,000 over a ten-year period.

"Don't let a year go by without sending Notre Dame something" has been the governor's slogan to his 'constituents.' Participation is the keynote to a successful alumni fund campaign. In 1952 the Notre Dame men of Pennsylvania, excluding \$100-an-up-givers, contributed an average gift of \$12.50. This is a considerable increase from the old \$5 "dues paying days."

One of Mr. Farrell's greatest assets as governor of the Foundation is his own personal conviction that the program is of paramount importance and his unlimited enthusiasm to make it work. In Joe's way of thinking, and also the University's, contributions made by the alumni are actually *repayments* to Notre Dame for a 'debt' incurred as students whether they be in the Class of '15 or '53. It costs the University a substantial sum to educate each student and statistics show that the student actually only pays about 70% of the amount necessary to turn him out as an alumnus. Joe says, "When we asked for help — and it took on many forms—Notre Dame gave it to us. Now that she needs help it's only

right for us to do what we can to help her."

Mr. Farrell resides in a pleasant suburban section of Harrisburg, known as Camp Hill, with his charming wife and three daughters.

The editor of the 1915 Dome wrote: "Here we have a most likable and enterprising representative of Macedon, N. Y. He delights to tell of his home town and always stands out as a prominent part of it." That capsule sketch of Joe Farrell was prophetic. The primary difference now is, instead of describing the virtues of Macedon, Joe waves the banner for Notre Dame.

## Scholarships for Superior Students

Superior scholastic performance, high character, welfare of the University, promise of leadership and financial need are the principal determinants in the awarding of scholarships to the University of Notre Dame. In addition to scholarships, there are available part-time employment and loans from the Student Aid program.

Scholarships in particular have been the means to an educational end for many successful Notre Dame men in business, industry and the professions. Material help from scholarships have often been the difference whether or not a worthy and deserving student continued his scholastic career.

Our Lady's University has various forms of scholarships which usually fall in three separate categories: Regional, Restricted and General. Notre Dame has been blessed with interested and sincere benefactors who have generously provided help for more than 100 students annually—regardless of race or creed. Endowed scholarships recently have totaled \$955,000 while the amount available yearly from earned income of this total equals \$60,000.

Scholarship grants to students usually range from \$200 to \$1,000. There are strict requirements for the scholarship holder at Notre Dame. He must maintain an 85 percent academic average, adhere to disciplinary regulations and meet any other stipulations which are pertinent to the particular scholarship. The late Mr. Augustus F. Mehan of Chattanooga, Tenn., left a

bequest which is being used for competitive scholarships, awarded to young men from the states of Alabama, Georgia, Kentucky, Tennessee, Texas, and Virginia. This is the regional type of scholarship. Each year six students receive \$1,000 apiece and it is possible for the student to enjoy the privileges of a Meehan Scholarship for four years of college.

Other regional scholarships include those sponsored by: Mr. and Mrs. E. M. Rowley, San Antonio, Texas, in memory of their deceased son Edwin Graves Rowley, Class of 1926; the Matthew J. Carney Memorial Scholarship founded in 1929 by the late Mr. Carney; and the Pangborn Scholarship which were established by Messrs.

Thomas W. and John C. Pangborn of Hagerstown, Md., in 1949.

Incoming freshmen may compete for the Rev. James A. Burns Memorial Scholarship, named in honor of the late Rev. Thomas Carroll, Oil City, Pa., who also contributed funds for a restricted scholarship. It is required that the applicant be studying for the priesthood and be originally from Oil City, Pa., or that diocese. Mr. O. J. Caron, president of the Caron Spinning Company, Rochelle, Ill., founded the O. J. Caron Scholarship for superior students in the Department of Chemical and/or Mechanical Engineering. ## Scholarships

(continued from page 13)

Shea Memorial Scholarship, in honor of the late Father Shea, was established by Mr. and Mrs. John L. Harrigan, Hollywood, Calif. Notre Dame's famous "Victory March" was written by Father Shea and his brother John F. Shea. The scholarship is restricted to a deserving student in the College of Engineering at the discretion of the president of the University.

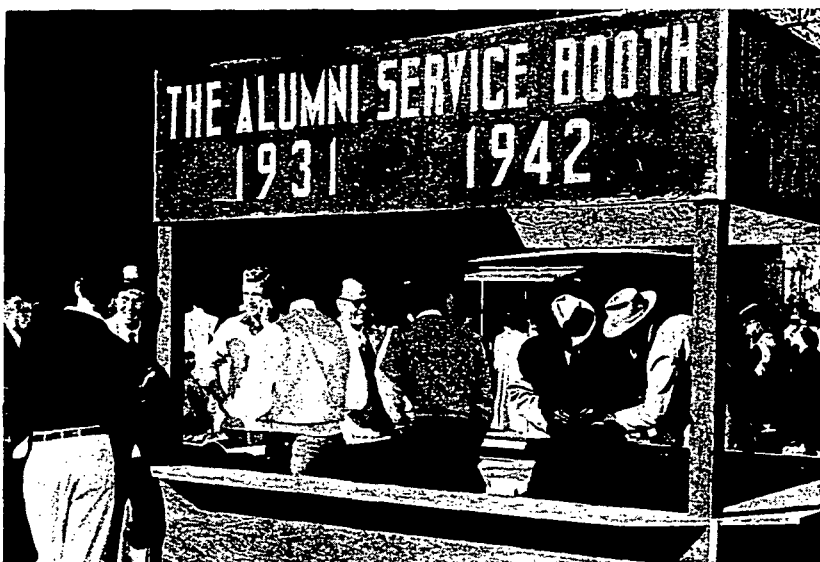

Notre Dame Alumni Clubs throughout the nation have been generous contributors to the scholarship fund. The Akron, Ohio, Club helps two boys, each with \$250 a semester, for four years. Cleveland alumni are aiding two boys this year with \$125 per semester while the Indianapolis Club is assisting two students with semester awards of \$240.

Although most alumni clubs give several small amount scholarships to various students, some, like the Denver organization, present a substantial award of \$700 to one person each year. The regional scholarships sponsored by the alumni clubs have been of immeasurable assistance to this over-all project and help immensely to stimulate interest in the University. At the present time, 19 alumni clubs are subsidizing their own individual scholarship program at Notre Dame.

Grants from the General Scholarship Fund are based on the certified financial need of students who have a high scholastic average. In 1917 the Catholic Order of Foresters established a scholarship in the form of a memorial to John J. Lauth, a former professor at the University of Notre Dame. The late Mr. Edvard Nash Hurley, Chicago, Ill., founded scholarships which bear his name and which, to be eligible, the student must be earning, through his own efforts, at least half of his University expenses.

Seven winners of Ford Scholarships, sponsored by the Ford Motor Company for sons of their employees, have selected Notre Dame for their higher education. The Ford Motor Company contributes \$500 to the University for each scholarship holder. The additional \$500 is an aid to the University in helping it to bridge the gap between what the student pays and what it actually costs the University to educate him.

—John Cackley

The Alumni Service Booth, in use for the first time this football season, is located just outside Gate 5 at the Notre Dame Stadium. Staffed by members of the Generation Club—campus organization composed of students whose fathers were alumni—the Booth has been a center for Notre Dame men meeting their classmates and other alumni. This facility was provided by the Alumni Office.

## THE ALUMNI PROGRAM

In the rapid passing of time, we often lose sight of fundamentals. The Survey of Recent Graduates just compiled criticized the Alumni Association for not making its "program" better known. We have avoided technical definitions of a program, but for the record, here it is:

1. To keep Notre Dame alive in the hearts of its alumni — the Spiritual!
2. To keep Notre Dame alive in the minds of its alumni — the Intellectual!
3. To keep Notre Dame alive in the families and friends of its alumni — the Fraternal!
4. To keep Notre Dame alive — the Financial!

From these basic objectives stem the hundreds of program activities that are better left without categorical labels—e.g. the Alumni Clubs, the ALUMNUS magazine, NOTRE DAME magazine, the Class Reunions, Universal Notre Dame Night, Universal Notre Dame Communion Sunday, the annual selection of directors, the reading lists, the alumni section in the stadium, the Annual Alumni Fund, the alumni placement service, etc.

## N. D. Men in Hall of Fame

Rockne, Gipp, Thomas and Layden. Four of the greatest names in Notre Dame's star-studded 65-year football history were recently elected to the National Football Hall of Fame. Three of the group, the late Knute Rockne, the late George Gipp and Elmer Layden were honored at half-time ceremonies in Notre Dame Stadium during the ND-Pitt game.

It was one of 16 award games throughout the country at which Hall of Fame plaques will be presented to

KNUTE K. ROCKNE, '14

those elected, or, if deceased, to a relative. The presentation at the Pitt game was made by Arch Ward, '23, Sports Editor of the Chicago Tribune, to: (1) Mrs. Knute K. Rockne, of South Bend, in behalf of her late famed husband; (2) Mrs. Paul Taylor of Kalamazoo, Mich., in behalf of her illustrious brother, George Gipp, and (3) Layden, who now resides in Kenilworth, Ill.

Rockne is not only the most famous name in Notre Dame football, but also is generally considered to have been the greatest personality to have been associated with our autumn

pastime. He played for the Irish from 1911 through 1913, and captained and played end in the latter year.

He was an assistant coach and a chemistry professor at his alma mater from 1914 through 1917. He became head football coach in 1918 and from that year through 1930 had almost unparalleled coaching success gaining a total of 105 wins, against but 12 losses and three ties. Rockne was killed, following the 1930 season, in a plane crash over Kansas. He was then 43 years of age.

Gipp, a halfback, was declared by Rockne to have been his greatest player. It is legendary, whether fact or fiction, how he was discovered on the campus as a freshman by Rockne, kicking a football 60 yards. It is factual, however, that in a frosh game he booted a 62-yard field goal. That he played four seasons for the varsity from 1917-20. That he was the first

Notre Damer to be selected for first team All-American honors, in 1920.

Gipp died of a streptococcal infection soon after his last game, as an entire campus knelt in prayer for his recovery.

FRANK THOMAS, '23

Rockne's teams for three years—1920 through 1922, received his award at the Alabama-Tennessee game in Birmingham. In 1947 a heart attack forced him to retire as head coach at Alabama, where he had compiled the amazing total of 115 victories, 24 defeats and seven ties in his 15 years at the helm.

Layden's fame as a player rivalled that of Gipp's, and if his coaching record at his alma mater, from 1934 to 1940, was a shade below that of Rockne's, it was still just about the best in the country for the seven-year period he was "head man"—47 wins, against but 13 defeats and three ties. But most of all the "Thin Man," as he was called, is remembered as the fullback in football's most famous backfield, the Four Horsemen.

Vice President: JOHN YOUNGEN, '34.

Secretary: JOHN RILEY, '44.

CLARENCE RUDDY, '22, spoke in behalf of the Scholarship Fund which is one of the club's projects. Neal Foster, professional magician, performed feats of magic. A question and answer session about professional football was conducted with BILL FISCHER, '49, JOHN PAN-ELLI, '49, BOB DOVE, '43, and Jack Jennings, present from the Chicago Cardinals grid team. Jennings played for Ohio State.

## Baltimore

DON RAMPALLA, '53, has returned to the calm of the Science Building to pick up a master's in physics. FRANK HOCHREITER, '35, must give a lot of rope to his kids because they came up with four skip-rope prizes at the annual outing. Refreshments, by the way, at this affair were just fair for CHARLEY KREIS, '51, who still will not have his taste satisfied until he gets a platter of ND chow hall potatoes. BOBBY WILLIAMS, '51, is still pitching pigskins locally, but is taking orders from a bearded quarterback at Bainbridge Naval Station, rather than the Colts. GREG HALPIN, '49, and CY WITTE, '47, confounded the innocent while teaching respective public relations and education courses at Loyola College this summer. DR. BRYCE SMITH has finished his army drilling to return to civilian life and pick up cudgels of molar mechanics, his chosen career. JOE PONS, '44, BERNIE CRONIN, '34, and FRANK O'CONNELL, '41, all came up with boys this summer. Future Notre Dame material, no doubt.

—J. MURRAY WIEMAN

## Buffalo

Through the generous arranging of our well-known Buffalo Club member, JIMMIE DUNNIGAN, '34, owner of the Buffalo Raceway in the neighboring village of Hamburg, the Notre Dame Alumni Club of Buffalo sponsored a 'Nite at the Races'. This took place June 16th. The seventh race was designated the ND Trot and as an introduction to Post Call, the Notre Dame Victory March by our Glee Club resounded across the oval in inspiring fashion. After a spectacular finish, JAMES T. CLAUS, '44, president of the local club, DONALD J. JACOBI, '34, treasurer, and James J. Dunnigan, all accompanied by the owner of the winning horse, proceeded out on

the track. In conjunction with the presentation to the victor of a proper blue and gold cooler, a check in the amount of one thousand dollars (\$1,000) was presented by Jimmie Dunnigan to the Scholarship Fund of the Notre Dame Alumni Club of Buffalo. Again the strains of the Victory March were heard as a fine group of ND friends in attendance showed their appreciation for so noble a gesture.

## Canton

Seventy-five alumni, their families and guests were present at the fourth annual family picnic of the Notre Dame Club of Canton. Featured were refreshments and activities for both young and old.

The picnic committee consisted of BOB O'BRIEN, '47, and JOE VIGNOS, '49, as co-chairmen, assisted by BUD ZINK, '48, DR. FRANK SCHIRACK, '46, EMIL OTT, '37, NORM CONLEY, '36, and JACK KENNEDY, '49.

—JOE VIGNOS

## Carolina

The new Carolina Notre Dame Club has been founded by the Notre Dame alumni of that vicinity. Future activities of the club were discussed at the initial meeting and it is the hope that the club may include the alumni of both the Carolinas. A get-together prior to and at the Notre Dame-North Carolina game at Chapel Hill this fall has been planned.

Officers of the newly organized club include:

President: ROBERT H. PERCIVAL, '48.

Vice President: JOSEPH JACOBS, JR., '46.

Treasurer: JAMES A. MALCOLM, '33.

Secretary: G. G. URBAN, '48.

Comm. Chair.: JOHN MACCLEMENTS, '43.

Chaplain: FATHER GREGORY.

## Chicago

The Notre Dame Club of Chicago's Annual Golf Tournament was again held at Elmhurst Country Club on July 20th. Despite foreboding skies and early morning showers, the day was an outstanding success. About 225 played golf and approximately 300 were on hand for an excellent steak dinner. As a result of the prize solicitation drive, enough prizes and funds were contributed to enable almost everyone to take home a prize. In addition, Notre Dame ashtrays were distributed. ART ARQUILLA, '50, won the golf championship and one leg on the cup with a gross 72. Other low net winners in order were: FRANK E. McLAUGHLIN, '33, AL McGUFF, '34, JOHN BECKER, '51, JOHN E. WALSH, '43, HOBIE MURNANE, '44, JOSEPH H. NASH, '29, JOHN J. WALSH, '49, and WALTER McGUIRE, '50. Free Pabst beer was donated through the courtesy of JACK MORLEY, '35, and FRED SNITE, SR., again donated greens fees for the day. JIM DOYLE, '31, Chairman, again wishes to thank those who generously supported the mail campaign for prizes.

## Cincinnati

A financially and socially successful dance was recently held by the Notre Dame Club of Cincinnati. Approximately 115 couples were in attendance at the affair held at the Maketewah Country Club. The credit for this success belongs to JOHN CRONIN, '48, who was the very able chairman.

A picnic was held early this fall with club members, present students and incoming freshmen

attending. BOB LEONARD, '41, JOHN FEAD, '48, ROBERT BOMKAMP, '34, JOHN CRONIN, '48, and RAY GUDMENS, '47, were in charge of the successful affair.

An excursion to the ND-Purdue game was sponsored by the club. WALT NIENABER, '37, served as chairman for the trip.

The annual Christmas dance will be held on December 29 in the Pavilion Caprice of the Netherland Plaza Hotel. Eight hundred to 900 people are expected for this social highlight of the holiday season. Proceeds are used for the scholarship fund.

## Cleveland

The Annual Family Picnic held on the grounds of Gilmour Academy this year was chairmanned by JOHN LEVICKI, '37, and attended by JERRY LINN, '32, and STAN LECHOWICK, '27, and their families. It should be added that many others were present, but with Jerry and Stan, their wives and children, we already had 26 in attendance. Jerry brought his nine boys and three girls and Stan brought his seven boys and three girls. Needless to say many of the contest prizes went home with these families.

CREIGHTON MILLER, '44, was the winner of the new FATHER MIKE MORIARTY Memorial Trophy at the golf party held July 23rd at the beautiful Elyria Country Club. General Chairman HUGH BALL, '32, was assisted by JOHN CHAPLA, '23, who handled the prizes. ED "MOOSE" KRAUSE, Notre Dame athletic director helped swell the crowd to over 100 golfers.

Our fall activities were kicked-off by Jack Clowser, veteran sports writer for the Cleveland Press, whose account of last year's ND-Oklahoma game was reprinted in its entirety in the '53 Dome. Jack, who had just finished visiting ND and the 'Big Ten' schools, spoke at our gathering Sept. 17th at Rohrs Restaurant.

The ND football highlights of '52, complete with sound track, along with beer and prizes, filled out the evening. Among those present were FRED SLACKFORD, '18, roommate of GEORGE GIPP; alumni from Penn State, Ohio State and John Carroll and out-of-towners from Erie, Akron and Elyria. FRED FRIEND, '50, general chairman, certainly extended himself.

Oct. 15th saw another of those \$1.00 (for refreshments) get-togethers at which time the winner of the all-expense-paid-trip to ND for the Georgia Tech game was drawn. BOB STACK, '41, was chairman of the raffle, and the proceeds went to the Scholarship Fund.

It is reported that 41 students from the Cleveland area are enrolled as freshmen at ND for the fall semester.

Chairman JIM COLLARAN, '35, is in the process of making arrangements for the Family Communion Breakfast on December 15th. FATHER JOYCE will be guest-speaker. Co-chairmen BOB LALY, '52, and RAY MILLER, JR., '51, are also getting things rolling for the annual Christmas Dance which will be held on December 26.

We wish to extend our deepest sympathy to KARL MARTERSTECK, '29, on the death of his mother, late in September. We humbly ask that you remember her in your prayers.

—VIN DeCRANE, Secy.

## Columbus

The big event of the summer for the Notre Dame Club of Columbus was a family picnic to which all the prospective students and their parents were invited. It was a grand outing with about 160 in attendance. A volley ball game involving the old timers and youngsters saw ED CANTWELL, '24, DR. TOM HUGHES, '38, and JOHN IGOE, '28, competing with Ralph Guglielmi, Chuck Bentz and Jeff Diggs. The game worked up ravenous appetites for the heaps of fried chicken, potato salad, and melons. The work of planning this affair was turned over to the ladies and they did an excellent job.

The Columbus Club is very proud of its scholarship winner, Jefferson Diggs. Here is a young

colored boy who found his own way into our Faith, led his brothers and sisters after him and has his parents under instructions now. He left public high school to enroll at Rosary High under the guidance of Monsignor Mattingly and displayed an enviable scholastic acumen. Arrangements for his taking the scholarship exam were made and he came through in top-flight fashion to win the Burns Scholarship.

—JOHN IGOE, Pres.

## Dearborn

The Notre Dame Club of Dearborn recently enjoyed its annual family picnic. Games were enjoyed by all age groups. The affair was expertly handled by chairman JOHN SCHAEFER, '49.

A recent meeting was held in the home of GENE RHEAUME, '29, on September 26, the day of the Notre Dame-Oklahoma game. The day's game was discussed and plans were made for the trip to South Bend for the Georgia Tech game. A group of 78 enjoyed this one-day tour.

—PETER J. KERNAN, JR.

## Detroit

The Notre Dame Club of Detroit ran special tours to both the Notre Dame-Georgia Tech game on October 24th, and the Notre Dame-Navy game on October 31st. Both trips were extremely successful and the Detroiters seemed happy to see the Irish in action again.

The Detroit Club staged a beer and pretzel party on September 9th with 375 persons in attendance. ED RONEY chairmanned the affair. Don Wattrick, sportscaster of WXYZ, was master of ceremonies. The program was unique and interesting and concerned the approaching football season. ED KRAUSE represented the University. Roney corresponded with each alumni office of Notre Dame's 1953 opponents with the result that a speaker representing each opponent school was on the program for a four-minute talk. Present students and incoming freshmen with their fathers were also invited. Sports writers and radio men answered questions about the '53 season generally.

## Evansville

The Notre Dame Club of Evansville's officers for the year 1953 are as follows:

President: EDWARD F. HALLER, '42.

Vice President: WILLIAM R. HENNESSEY, '47.

Treasurer: E. FRED THEIS, '36.

Secretary: THOMAS G. SCHEITLIN, '47.

The annual barbecue was held at the West Haven Gun Club on September 10. The buffet style barbecue chicken dinner was followed by mixer games.

PAUL C. THOLE, '35, the chairman of the entertainment committee, thoroughly confused the crowd with Indian rope tricks. Dancing for all completed the evening's activities until the wonderful crowd had dissipated to their abodes awaiting the next activity of the Notre Dame Club.

A local store is going to sponsor the broadcasts of all the Notre Dame football games in 1953.

—T. G. SCHEITLIN

Connelly is past Vice President of the Hudson County Branch of the American Newspaper Guild. While at ND he was on the football squad for two years, though he admits "no one knew it but myself."

His son, Richard J., is currently a junior at Notre Dame.

## Green Bay

HUGH DEVORE, Head Football Coach of the University of Notre Dame in '45, is now an assistant coach with the Green Bay Packers. Hughie accepted the Packer position when NYU decided to drop out of the football picture.

TOM HEARDEN, class of 1925, former coach of St. Norbert College football, is now freshman coach at University of Wisconsin.

—JACK VAINISI, Secy.

## Hutchinson

The University recently received a contribution of \$63.70 from the Notre Dame Club of Hutchinson, Kansas, a newly-organized alumni group.

## Idaho

Mr. and Mrs. JOSEPH NETTLETON, '29, of Murphy, Idaho, entertained members of the Notre Dame Club of Boise at an outdoor steak fry on Sunday, August 2.

The cook-out was held at Silver City, famed Idaho ghost town of yesteryear, and perennial summer attraction. Alumni and their families drove into Silver City Sunday morning after early Mass, and following a delicious meal of filets and New York Cut steaks, supplied by the Nettletons and cooked to perfection by Club V-P FRANCIS NETTZEL, '23, they toured the old silver and gold mining town. Historical statements appear on each of the buildings and it was interesting to read when the places were erected and what purposes they served.

Alumni had a wonderful day in the clear air of 7,000 feet elevation, surrounded by the beauty of the Owyhee mountains and the kind hospitality of the Nettletons.

The Notre Dame Club of Idaho is making plans to bring the University Glee Club to Boise for a winter concert. If the Concert is arranged the Gleemen will be sponsored by the Boise Council of the Knights of Columbus.

ALAN J. POWERS, representative of the University of Notre Dame Foundation was the guest of the Notre Dame Club of Idaho, at a luncheon meeting held Oct. 13 at the Valencia Dining Room in Boise. T. J. JONES, JR., Idaho Foundation Governor was in charge of arrangements.

Wally Butts, head coach of football at Georgia, conducted a coaches' clinic here in August. Mr. Butts was invited to luncheon with ND Alumni, but was unable to make it, appreciating the invitation. Coach Leahy held a similar clinic here three years ago.

Weekly luncheon meetings continue to be held each Friday, at the Valencia Dining room, 612 Idaho St., Boise. Traveling alumni are invited to attend.

—PHIL SHEA, Secy.

## Indianapolis

Rain killed one of the events planned by the Notre Dame Club of Indianapolis this summer. It dampened the other event but failed to keep it from being a huge success.

Attempts to inaugurate an annual family picnic for club members and their families failed again this year when Sept. 19 turned up dark, rainy and cold. DAVE FOX, '40, took care of all of the arrangements, except the rain, for the second straight year.

Many of the golfers in the annual golf tourney at the Highland Golf and Country Club called it quits at the end of nine holes when the rains came here July 21, but several finished the full route. PAUL SCHRENKER, '36, posted a low score of 76; LARRY SEXTON, '33, came in with a 77 for the second spot and JACK KIRBY, '42, took third with a 78. Johnny Druze, Notre Dame end coach, bested his boss, Head Coach FRANK LEAHY, by four strokes when he came in with an 82. Maybe the rain had something to do with it but BERNIE CRIMMINS used 111 assorted strokes to finish the 18 holes. Incidentally, it was at the golf banquet after the tourney that Leahy glumly predicted that the Irish "would be lucky to make a first down this season."

LEO BARNHORST, '43, has signed with the Baltimore Bullets to play professional basketball this year.

## Kansas

A new member was added to the list of alumni clubs this past summer when a group of Notre Dame men got together to form the Notre Dame Club of Kansas. The club will centralize its activities in and around Salina.

Officers elected were:

J. E. FOLEY, '40, president.

DR. F. A. GANS, '43, vice-pres.

R. A. McAULIFFE, '36, secy-treas.

## Kansas City

The Notre Dame Club of Kansas City recently elected new officers for the coming year. The results were as follows:

President: ROBERT METZLER, '44.

Vice President: RUSSELL FARRELL, '48.

Secretary: JIM DOLAN, '51.

Treasurer: EUGENE VANDENBOOM, '50.

The club announced that they will sponsor the William Rockhill Nelson Scholarship for attendance of a local boy at the University. Mr. Nelson was a very distinguished newspaper man and for many years was the editor and manager of the Kansas City Star.

JAMES ARMSTRONG, '25, was the honored guest at the celebration of Universal Notre Dame Night. He presented DICK BOWES, '38, with the "Man of the Year" award. Dick, by the way, will be leaving Kansas City soon for the locale of Los Angeles.

—ED AYLWARD

Hard working Bob Metzler, president of the club, really swung into action during August and September. First get-together was the Annual Picnic held at the Nigro Farm. About 100 alumni and friends were in attendance to watch the softball game, enjoy the barbecue, soft lights, talk of Notre Dame football and songs provided by recent graduates. GEORGE HIGGINS, '53, GENE MEUNIER, '53, BUNKY CONNOR, '53, and older hands CHUCK FRIZZELL, '50, JOHN SEE, '51, and JIM DOLAN, '50. Under the shadows with a party of friends were DICK PREZEBEL, '35, JOE VAN DYKE, '44, and BILL DUNN, '46. Around the coolers leading in songs and comedy were DAVE CROOKS, '38, BERNIE FINUCANE, BOB PENDERGAST, '35, BOB OWENS, JOHN TROUP, '43, DICK BOWES, '38, and ED AYLWARD, '48. Standing on the sidelines talking over the Oklahoma-Notre Dame football game were DOC NIGRO, '42, JOE SHAUGHNESSY, '22, JOHN DAW, '52, and CARL ERFFMEYER, '51. Club Treasurer GENE VANDENBOOM, '50, was unable to attend at the last minute due to a pressing engagement at home which later ended at the hospital with the arrival of Mary Christine, a seven-pound girl.

The night of the picnic Bob Metzler kept the club in pace by announcing the Notre Dame Club of Kansas City would sponsor a Special Train to the Oklahoma-Notre Dame game with proceeds going to the Scholarship Fund. Six weeks later Bob and his committee headed a Kansas City Alumni cheering squad of 300 people in 18 Pullman cars for the big game. The trip sold out fast but arrangements and details kept a crew of spirited Alumni busy for weeks.

"He's a Notre Dame man" for former president Dick Bowes, Joe Van Dyke and Bernie Finucane for their work on special arrangements for the Oklahoma trip.

The winner of the raffle was Mrs. Pauline Elliott. The local Notre Dame Club Women's Auxiliary worked for the Scholarship Fund this fall with a luncheon at the Twin Oaks Dining Room. The affair was headed by Mrs. Gladys O'Malley, President. Also on the schedule was a rummage sale of clothing in the last week of October. Mrs. Norman Bowes was Chairman and said there was a grand turnout.

The next Communion Breakfast is scheduled for the Notre Dame De Sion School the Sunday nearest December 8th in honor of the Feast of the Immaculate Conception.

Following the Christmas Spirit everything is set up for another wow of a time at the Annual Christmas Dance. The same arrangements as last

An essay contest for graduating high school seniors was recently held by the Notre Dame Club of Kentucky, entitled "Why—a Catholic College Education?" Winners of solid gold key medals were Don Merkley and John Cunningham. The judging committee of this contest consisted of Father Allgeier of the Archbishop's staff, Brother Mark, John M. Hennessy, BILL BOSLER, '41, President of the Notre Dame Club of Kentucky, and JOE DONALDSON, '23, chairman of the contest committee.

## Little Rock

The Notre Dame men down Arkansas way have organized a new club to be known as the Notre Dame Club of Little Rock. At the first meeting the following officers were elected:

President: JAMES E. MADIGAN, '45.

Vice President: KIRWIN J. WILLIAMS, '28.

Secy.-Treas.: WILLIAM V. O'BRIEN, '38.

—KIRWIN "TEX" WILLIAMS

## Los Angeles

The Notre Dame Club of Los Angeles held its annual retreat late this summer at the Jesuit Retreat House in Azusa, Calif. A large percentage of the club participated.

On Sept. 4th the club held its student "send-off" party. The twenty boys coming on the campus for the first time and their families greatly appreciated meeting and becoming acquainted with the members of the Alumni group.

Your prayers are requested for the repose of the soul of Leo Quinalon who passed away recently, and for GEORGE BEARDSLEE, '00, who has been ill.

## Mexico City

A meeting was held at the headquarters of the National Association of Movie Distributors by the Notre Dame Club of Mexico City on September 7th. President P. TELMO de LANDERO, '37, presided at the meeting and SAM ADELO, '47, gave a short talk on "Recent Developments at Notre Dame—The Plans for Buildings in the Near Future."

Four movie shorts were also shown: Lobund; A Day in the Life of the Student; Historical Sketch on ND; and Scientific Research Techniques at ND, along with "Football Highlights of 1952." A buffet dinner was held after the meeting with approximately 30 people in attendance, ranging in class years all the way from 1916 to 1953.

—ABDALLAH SAMUEL ADELO

## Miami

It seems attendance records of all kinds were broken at meetings of the Notre Dame Club of Miami this last summer. Keep up the good work boys. Of course with parties like the one at SADOWSKI'S Key Motel it shouldn't be too hard to lure in members. It seems Dick really threw a real one, at which JONES and PLOWATY won prizes for smallest and largest fish caught, respectively.

The annual Notre Dame Club picnic was held later in the summer. It turned out to be a great success with activities held for those so inclined.

One fact that has all the members talking is the possibility of theater television of all the Irish home games. Jack Shay, one of the officials at WTVJ, and also an associate member of the Notre Dame club, was appointed chairman of a committee to follow this affair. Hope the committee can accomplish this amazing feat.

## Mid-Hudson Valley

The club recently held its annual Summer picnic at Mirror Lake. The outing was a great success, and of course no danger could prevail with TONY BUONO, '43, and BOB DEEGAN, '46, acting as life guards. It seems ED CONGER, '42, HENRY FISHER, JOE RORICK, '42, and JOHN DRUMGOULD, '40, were very upset over the cold drink situation, which they immediately remedied.

The first Fall meeting was held at the Exchange Club at Saugerties, New York, on September 23rd. All future meetings of the club will be held on the first and third Thursdays of the month and will be dinner meetings. The club voted to continue its program of mailing the Scholastic to the local high schools and also discussed plans for giving six Pennsylvania tickets in order to raise money for the scholarship fund.

—JOE MCGABE, Secy.

## Mississippi

A small, yet enthusiastic, delegation of Mississippi Notre Dame men and their wives met in Jackson on October 9th and organized the Notre

Dame Alumni Association of Mississippi. The group was composed of men who came from all over the state to attend this initial meeting.

BILL MILLER, '30, newly appointed Notre Dame Foundation governor of the state acted as master of ceremonies and it was chiefly through his efforts, with the help of JIM FRICK, University representative, that the meeting was possible—and successful.

Newly elected officers are: JIM DOUGHERTY, '51, president; BILL CONDON, '39, DR. VITO CANIZARO, '29, PAT BURNS, '33, vice presidents; and JERRY DERIVAUX, '52, secretary-treasurer.

The festivities began with a cocktail party in the afternoon. Following this, the group went to the ranch home of JAMES T. CANIZARO, '28, and had the business meeting, saw the Notre Dame football highlights of 1952 on film, and ended the evening with a delicious shrimp feast.

All present were eager to cooperate to put our club on a solid footing. The next meeting is tentatively planned for the early part of January.

—JERRY DERIVAUX

## New Jersey

JOE BYRNE, '47, was responsible for the success of our first annual club event, the Freshman Welcome, which was held at the Robert Treat Hotel in Newark on September 9th. Each year a preliminary meeting is held between Alumni and present New Jersey students to establish closer contact between the Alumni group and the New Jersey Campus Club. Then both groups greet the incoming Freshmen and their fathers who are invited to meet with the Club prior to leaving for Notre Dame. The program consisted of a short welcoming speech and some words of instruction by present students, followed by motion pictures of the University. Joe Byrne's diligent efforts resulted in the attendance of 38 of the new students and their fathers.

REV. JOHN CAVANAUGH, G.S.C., and Archbishop Thomas Boland of the Newark Archdiocese have already accepted invitations to be guests of honor at our Annual Communion Breakfast, December 6th. The Montclair Golf Club has been engaged for the Breakfast following eight o'clock Mass at Immaculate Conception Church in Montclair. The ladies are invited this year and a large turnout is expected so reservations are being requested at an early date. A member of the Club in your immediate area will call you to answer any questions that may arise. Two other surprise guests will be announced.

President CLARK REYNOLDS, '38, has devised and presented to the Board of Directors, an operation procurement whereby prospective Notre Dame students will be contacted and given an opportunity to learn what the University has to offer them. The organization will be permanent

## New Mexico

A new alumni group, the Notre Dame Club of New Mexico, was recently organized. At the initial meeting the following men were named as officers:

President: CECIL E. JORDAN, '40.  
Vice Pres.: ANTHONY F. POTENZIANI, '40.  
Secretary: WILLIAM J. SCHULTHEIS, '53.  
Treasurer: RALPH G. GLASER, '52.

Plans to attend the Notre Dame-Oklahoma game were discussed, and a plan to set aside a fifteen-minute period at each meeting for discussion of previously prepared religious questions will be carried out.

## New Orleans

We have been informed by LEO HAPPEL, '37, that new officers have been elected for the Notre Dame Club of New Orleans. The results of that election are as follows:

President: BILL JOHNSTON, '44.  
Vice President: PETE L. HILBERT, '50.  
Secretary: BILL REDMANN, '49.

Leo, by the way, is the retiring club president.

## New York

A fairly busy summer was had by the Notre Dame Club of New York and things don't look to be slowing down much for the fall. Three big events during the summer made that season a success, while the coming highlight will be a trip to Philadelphia for the Penn game in November.

The first big event of the summer was a dance at the end of May in honor of the ladies of Notre Dame men. Approximately 125 couples were in attendance, and all had a wonderful time. HERB GIORGIO, '33, BILL JOHNSON, '43, and TONY EARLEY, '44, were co-chairmen of this affair.

Next was a Notre Dame Night held at Ebbets Field, Brooklyn, prior to and during a double-header between the Dodgers and Cubs. The affair was open to wives, children, friends, and business acquaintances of the alumni, and chair-

men "BUD" MULVEY, JOHN DUFFY, '44, and JIM CLYNES, JR., '45, obtained the facilities of the Dodgers' Private Dining Rooms and a fine selection of seats for the occasion.

The third event was the Divot Diggers' 263rd Annual Meeting. This was a combination golf match-banquet, held at the Lewood Country Club in Tuckahoe, N. Y., with 69 members in attendance. They were even permitted 12 divots or two square yards of turf per man this year, depending on which came first.

The Club is now in the process of holding its annual Trust Fund Drive. It was announced in August that Harry E. Smith of Staten Island, a graduate of St. Peter's High School, Staten Island, had been awarded the 1953 Trust Fund Scholarship. Harry was graduated at the top of his class with a 90.7 percent average.

Chairman TIM O'ROURKE, '30, meanwhile, is completing his plans for the annual football trip to the Penn game in November.

HARRY STUHLREHER, '25, quarterback of the Four Horsemen, was the guest speaker at our September Kick-Off Meeting. He recounted several of his numerous experiences both as a player and a coach. He proved to be an excellent speaker, and one that the Club thoroughly enjoyed having as its guest.

The Club was fortunate in having JIM BRITT, ARTHUR "RED" PATTERSON and JACKIE FARRELL give their observations on the World Series, which opened the next day in New York. Mr. Britt gave a short but inspiring talk on the values of a Notre Dame education. The Club is deeply grateful to these men for having taken the time away from the opening of the Yankee Press Room for the series to be with us on that occasion.

## Northern California

ROBERT F. ERVIN, '36, Business Administrator of Lobund at Notre Dame and first assistant to PROFESSOR REYNIERS, met with the Notre Dame Club of Northern California while he was in San Francisco for a convention during August. A luncheon was held for him at the St. Francis Hotel, where Ervin gave an extremely interesting talk concerning germ-free life and the scientific experiments now being conducted in Lobund's laboratories.

Dues of the club were reduced at a recent meeting from \$3.00 to \$2.00 in the hope of including all the members in the club and plans were drawn up for a barbecue in September to get the list of fall events rolling.

Radio and TV broadcasts you will want to hear and see: Each Saturday over KYA the

broadcasts of Notre Dame football games. Each Sunday afternoon a telecast of the Notre Dame game played the previous day. These broadcasts are sponsored by the Chevrolet dealers in San Francisco and Oakland. A fifteen minute interview before the game telecast on Sunday with FRANK LEAHY can be sponsored by a Notre Dame man who wishes to identify himself and his business in a very effective way at a reasonable price. For details regarding the sponsorship please contact Mr. J. Grill at KGO-TV, 420 Taylor Street, San Francisco.

## Oklahoma City

The Zebra Room of the Municipal Auditorium was reserved for the night of September 25, the night before the Notre Dame-Oklahoma game, for a huge rally dance. A local dance band was obtained and alumni from Clubs in Denver, San Antonio, Dallas, Houston, Kansas City, St. Louis, Chicago, and South Bend, who ran special trains for the game, attended. It was a successful event that preceded another successful appearance of the Irish on the gridiron.

## Philadelphia

Philadelphia is anxiously awaiting the Penn game Nov. 7th. The Club has everything set for another gala weekend, and will start things off Friday night Nov. 6th with a Rally and Notre Dame get-together at the Warwick Hotel. Anyone who is in Phila. that night can expect

Pictured at meeting of the Interstate Oil Compact Commission, New Orleans, La., are L. to R.: Robert E. Sullivan, ND law professor and Indiana representative on the Commission; Hon. Edward F. Arn, Governor of Kansas and Chairman of Commission; Doxie Moore, Indiana Conservation Director; and Earl Foster, Executive Secretary of the Commission.

to meet his old friends, classmates, etc., at this affair. Immediately following the game there will be a Cocktail Party at the same Warwick Hotel. Because of the great response a year ago and expecting even greater things this year, like a clear-cut victory, the Club has reserved every available bit of space at the Warwick.

It seems **BUD DUDLEY**, '43, has done it again. No doubt all have read of his great promotional effort as Athletic Director of Villanova College. The 98,000 fans who watched Villanova's opener with Georgia comprised the largest opening day football crowd in history. Bud's name is on the lips of all fans hereabouts, and his papers are already heralding him as another **Tex Rickard**.

**BOB WHIESLER**, '51, became the proud father of a baby daughter in July. Despite his status as a married man and now a father, Bob still has a way with the little woman, Nancy, and manages at least a round of golf a week.

**BILL WHITESIDE**, '51, and fiancée Eileen Ferry have set their date, February 27, 1954. Bill is presently in his last year of law school at Penn.

**WALT GROTHAUS**, '50, center of that great team in '49, will take the center aisle trip next Spring. Seems he met his fiancée last April at the wedding of our Presy, **JACK DEMPSEY**. Speaking of Jack, I understand he soon will become a father.

At our last meeting, "gourmets" **JOE CATTIE**, '41, and **CLIFF PRODEHL**, '32, exchanged recipes. Besides being an "amateur chef," Cliff also finds time to be a gentleman farmer, and further, assists **JOE FARRELL**, '15, the Pa. Governor of the Notre Dame Foundation.

## Pittsburgh

A golf tournament and dinner was held by the Notre Dame Club of Pittsburgh early in September under the chairmanship of **GENE COYNE**, '33. There were numerous prizes for both experts and duffers but **CHARLES TOTTEN**, '28, went home with the low gross trophy. The after-dinner entertainment featured Highlights of the Notre Dame 1952 Football Season on film. Special guests at the event were the officers of the campus club and the recent 1953 graduates.

A drawing was also held on raffle books for the Scholarship Fund. The prize: an all-expense-paid weekend trip for two people to the Notre Dame-Pitt game on October 17th, with lodgings in the Morris Inn. The seller of the winning ticket received the same prize. **Seve Srsic** was the winner on a ticket sold by **RAY SRIC**, '48.

The day after the golf party, the alumni and campus clubs joined in a get-acquainted luncheon for new students just entering Notre Dame.

Earlier in the summer a garden party was held

at the home of Mr. and Mrs. Dana to welcome **JOHN NEESON**, '35, Alumni Association President, **JIM ARMSTRONG**, '25, Alumni Association Secretary and **JOE FARRELL**, '15, Foundation Governor of Pennsylvania. **FATHER VINCENT BRENNAN**, '32, the Club's Chaplain, was Chairman of the event, and with the assistance of Mrs. Dana, **FRANK ZAPPALA**, '49, **EDDIE FAY**, '49, and **ALEX LESKO**, '49, provided an enjoyable party. Farrell announced that **JACK MONTEVERDE**, '38, past President of the club, had been appointed as Lieutenant-Governor of the Foundation Fund for Southwestern Pennsylvania. The climax of the evening's festivities was the presentation of a huge birthday cake to Father Brennan.

## Rochester (N.Y.)

A Summer-Fall Ball was held recently by the Notre Dame Club of Rochester at the University Club. The affair was to inaugurate the "pogskin season" and a good time was reportedly enjoyed by all.

Plans are being formulated for the annual retreat on December 4, 5 and 6 at the Notre Dame Retreat House in Rochester. It will begin on Friday evening and close after the family communion breakfast on Sunday morning. Plans are also underway for the annual Christmas Formal, which will be held on Saturday, December 26.

Alumni residing in or near Rochester, who are not on the mailing list, are urged to contact **DON BOOTH**, '49, at 509 Cedarwood Terrace, Rochester 9, N. Y.

## Rock River Valley (Ill.)

The winner of the 1953 Scholarship awarded by the Notre Dame Club of the Rock River Valley is **Joseph Norton**, a recent graduate of St. Thomas High School, Rockford, Illinois, it has been announced.

The club's annual summer picnic was held at the Bittorf Lodge, Sterling, Illinois, towards the end of the summer. Sixty-nine alumni and students attended, representing Sterling, Dixon, Rock Falls, Amboy, Rockford, Rochelle, Chicago, and Richmond, Indiana. Refreshments, games, and a picnic dinner were enjoyed by those present and the winner of a 12-day all-expense trip to the Southern California game was announced as a climax to the scholarship fund raising campaign. He is **BILL (CHICAGO BEAR) WIGHTKIN**, '50.

## San Antonio

drawing was two tickets to the Oklahoma game in Norman, along with two round-trip railroad and pullman tickets and \$50 traveling expenses. Three pullman cars plus some private cars were also hired to take members of the club and their friends to the game.

The club held its annual picnic the first part of September in the Lone Star Gardens.

## San Diego

**JACK MCCLAREN**, '29, is the new president of the Notre Dame Club of San Diego as the result of recent elections. **UGO D. ROSSI**, '42, was elected vice-president in addition to being chosen "Notre Dame Man of the Year" for that area, while **PHILIP P. MARTIN, JR.**, '45, is the new secretary-treasurer.

**HOWARD F. BEILSTEIN**, '47, and **WALTER GEUDTNER**, '50, were elected to the board of directors, whose other members include the officers, the retiring president, **WIN DAY**, '36, and **RT. REV. MSGR. FRANCIS C. OTT**, '18, chaplain.

The Club held its annual picnic on September 20th with a good turnout. **Walt Geudtner** was chairman of the committee in charge. His wife, Eileen, and her assistants provided a delicious picnic lunch. A softball game was the highlight of the day, and was enjoyed by all, but it ended when the ball was caught in the trees.

Those attending with their families were: **PAUL DALLMAN**, '49, **ED REDMOND**, '30, **G. R. BILL**, '29, **FRANCIS DAVIS**, '48, **WIN DAY**, '36, **HOWARD BEILSTEIN**, '47, **UGO ROSSI**, '42, **Walt Geudtner** and **ERNIE KLING**, '39.

The club president, **Jack McClaren**, attended with his son, but his wife and three girls couldn't make it as the youngest in the McClaren family is just four days old.

## Southern Colorado

The Notre Dame Club of Southern Colorado recently held their second monthly luncheon in Colorado Springs, Colorado. Present at the meeting were **REV. JEROME J. HEALY**, **WILLIAM J. DONELAN, JR.**, '32, **ALBERT J. THOMAS**, '49, **DR. JAMES A. JOHNSON**, **LT. COL. E. J. THEISEN**, **USAF. CAPT. J. P. GAUGHAN**, **USAF. DON ALEXANDER, JR.**, '29, **CAPT. C. V. A later meeting was held at the Top of the Town restaurant in Pueblo. An impressive number of members and wives was present, thanks to some who traveled as far as seventy-five miles to attend. A social gathering and a delicious dinner preceded the meeting. There was nomination and approval of five honorary members. These were: **John R. Blunt**, Mayor of Colorado Springs; **Father Holland**, Representative of the Bishop of Pueblo; **Monsignor Walsh**, Pueblo, Colorado; **Monsignor Kerr**, La Junta, Colorado; **George Strake**, member of the Lay Trustees of Notre Dame, and part-time resident of Colorado Springs.

## South Jersey

Club activity picked up sharply, as might be expected, with the coming of September and football season. In erect centered around the Penn-Notre Dame game to be played in Philadelphia on November 7th and the annual raffle of football tickets.

The Club was able to finance the purchase of a block of Penn tickets by obtaining a loan from the local bank. Rules for their distribution and resale were set up at the August meeting and application forms were mailed out to all names on the Club roster. Needless to say, the tickets went like wildfire. Proceeds of the ticket sale, as well as the raffle, are slated for the Club's Scholarship Fund.

An official club roster in booklet form was sent to all members during the month of August. Everyone seemed very pleased with its format,

Notre Dame men of the Toledo vicinity who instructed youths in the fundamentals of football. The group includes ND grads who are coaching in Toledo and also present members of the Irish squad.

but what really took the cake is that it did not cost the Club a cent to put out. In fact, a small amount of profit was made on it. The returns from several ads which appeared in the booklet more than defrayed the expense of putting it out. It is hoped the issuing of a roster will be made an annual affair as it contributes strongly towards binding a club together.

Plans are underway for the annual Communion breakfast to be held in December. Why not start thinking now about attending it? This is the one truly spiritual get-together of the Club. Don't miss it!

—MATT J. CAMPANELLA, '49, Secy.-Treas.

## St. Louis

St. Louis is extremely proud of its contingent of 25 freshmen at the University, largest in the city's history. A splendid luncheon for them and their fathers, together with the present students, our officers and board of directors and scholarship committee was given early in September. GEORGE CONVEY, '43, very ably served as chairman, and wonderful talks were given by PHIL HIGGINS, JACK GRIFFIN, '39, and FATHER REEVES, '20, Club chaplain. A very entertaining picnic was recently staged with DAN REARDON, '52, and JOHN HIGGINS acting as co-chairmen. JOE GOLABOWSKI, '31, VINCENT FEHLIG, '34, and JACK SULLIVAN, '39, all past presides, masterminded the Georgia Tech-Notre Dame football trip and deserve recognition of everyone in the Club.

—WARD DRISCOLL

## Tidewater

The Notre Dame Club of Tidewater threw a party for one of Notre Dame's NROTC units this past summer. Refreshments were served and

the welcome was readily received by the unit stationed at Norfolk.

The club has also planned a "football special" to be run to the Notre Dame-North Carolina game. At press time some one hundred tickets had been sold, so the event was undoubtedly a huge success.

The regularly scheduled monthly meeting was held Sept. 8th in the Pinecrest Hotel. Most of the evening was spent discussing the above mentioned "football special." After all of the formal business was handled, however, the members adjourned to a little "social hour" to talk over things in general.

—HARRY McKNIGHT, Secy.

## Toledo

This fall in conjunction with the CYO of Toledo, the Notre Dame Club sponsored a Football Clinic for the youths of the city. Coaches PAT McCARTY and DAN MODAK of Central Catholic High, along with four members of this year's squad, namely, DICK KELLER, DON BUCCI, DICK SZYMANSKI and TOM McHUGH, presented fundamentals of the game to the children. JOHN O. CELUSTA, '50, was chairman of the Notre Dame group.

The Toledo Club also sponsored a trip to South Bend for the Georgia Tech game on October 24th. BILL MURTAGH, '49, was chairman of the event, and he said there were five hundred strong from the city that made the trip.

Earlier in the fall a smoker, under the chairmanship of THOMAS KIRSCHNER, '49, was held at the Hillcrest, with the new students and their fathers as guests of the Alumni.

—JOHN O. CELUSTA, '50

## Tulsa

The special train project to the Oklahoma game in Norman, Okla., was successfully completed by the Notre Dame Club of Tulsa. DON FLYNN, '47, was instrumental in handling the detailed and difficult job of accommodating over 600 persons on the train.

Although the final figures are not in, the Scholarship Fund is expected to be enriched enough for a year's expenditures and possibly a little more. The club is planning a picnic sometime in October, and preparations are being made for the annual Christmas Dance on December 26.

—W. N. SHEEHAN, Secy.

## Wabash Valley

Eighty-six members and guests of the Notre Dame Club of the Wabash Valley attended the annual Universal Notre Dame Night party. It seems MOE FERRITER, '50, and his committee staged one of the finest UND night parties in the history of the club. JOHNNY JORDAN, '35, and CHARLEY CALLAHAN, '38, were featured on the program. BOB MOHLMAN, '28, and GEORGE O'CONNOR, '41, also played key roles in making the night a success.

TED MacDONALD, '42, informs us if someone doesn't claim that handsome Notre Dame banner left at the party mentioned above it will soon adorn the west wall of his little boy's room. Seems it isn't too soon to start working on the class of '73.

The regular monthly lunch was held October 7th in the Blue Room of the Bohemia Restaurant in the Lahr Hotel.

## Washington, D. C.

The Notre Dame Club of Washington, D. C., this summer held their annual retreat at Holy Cross College, Washington, D. C. Retreat Master was FATHER REGIS O'NEILL, '34, and a fine percentage of the club participated in the event.

At their first fall meeting, held at the Sheraton-Carlton Hotel, the club had as their eminent honored guest of the evening Senator Joseph McCarthy. An evening of chatter and refreshments was enjoyed by the group.

The Irish Green Party turned out to be a fine affair. Dubbed the "fearless foursome" Vice-President Nixon, FRANK LEAHY, MOOSE KRAUSE and JOE LaFORTUNE informed us they had a delightful time. The affair was neatly handled by chairman WILLIAM DENNING, '50, and his committee VAL DEALE, '39, HOWIE SCHOLLENBERG, SEVERIN BECK, '16, and GAY HAAS, '29. The affair was attended by over seventy-five persons and doubly enjoyed as an outing for the golfers and the non-golfers alike.

The family picnic was also enjoyed this past summer. Games ranging from sack races to volley-ball were included.

At the meeting of Oct. 8th, the club held its annual Football Drawing.

—JAMES M. CORCORAN, M.D., Pres.

## Western Washington

The Notre Dame Club of Western Washington recently enjoyed a theatre party at which they attended the comedy hit "Miranda," presented by the University of Washington School of Drama. The entire theatre was reserved and many members and their guests attended the delightful production.

## Williamsport

The Williamsport ND Club has re-elected WILLIAM R. DOWNS, '10, of Jersey Shore, as president. Now a retired master mechanic with the New York Central Railroad, Mr. Downs was a football and baseball luminary at Notre Dame after the turn of the century. JACK WILLMANN, '40, continues to be overburdened as secretary-treasurer, and HARRY J. KRIMM, '28, is the vice president.

Plans now are being made for the second annual Christmas party at which the local ND students are guests of the club. Last year the event, addressed by the REV. W. R. LYONS, '44, was highly successful.

This club also is promoting the chance sale of six tickets for the Penn game, and it is hoped that the results will enable the club to make another gift to the University Foundation. A new member has been added to the club with the transfer of Leo Nolan, of Sayre, to this city.

During the summer President Downs headed a four-man delegation to a joint meeting of Central Pennsylvania ND Clubs at Wilkes-Barre where President JOHN H. NEESON, '35, and JIM ARMSTRONG, '25, were guest speakers. Making the trip from Williamsport were Jack Willmann and Joe Orso, Jr., a senior law student at ND, and Jim Gibbons, a sophomore.

MARK B. FALVEY, '12, died this past summer in Kokomo, Ind.

WALTER D. ROWLANDS, '15, Governor of the Notre Dame Foundation in Florida, died October 20th in St. Francis Hospital, Miami Beach. We offer our sympathy to those of our class who have lost parents by death in the recent past, and we ask you to review the listings in the "Sympathy" column for the names of the deceased. Eternal rest grant unto them, O Lord.

Sunday, June 14, was a grand and glorious day in South Bend for our class. On that particular day, two priest-sons of '22 men were privileged to celebrate their first Solemn Masses—**FATHER JAMES L. SHILTS, C.S.C., '49**, and Father Bernard J. Mahoney. We surely do tender our congratulations and best wishes to these priests and we felicitate the proud parents—**MR. AND MRS. WALTER SHILTS** of South Bend and **MRS. JULIA MAHONEY** of Austin, Texas. **LEO MAHONEY**, parent father, died in 1935. **FATHER MAHONEY'S** Mass was in St. Patrick's Church and **FATHER SHILTS'** first Solemn Mass was in St. Joseph's Church. Since the Masses were said almost concurrently, it was not possible to be present for both Masses in their entirety. The Masses were very well attended by scores of friends from the South Bend area, and by schoolmates and classmates of the parents of the new priests, including **GENE SMOGAR** and wife, **PAUL PFOHL**, **GEORGE WENEGHAN** and wife, and **JIM MARTIN** of Chicago, **PAUL CASTNER** of St. Paul, and **RALPH CORYN** of Moline, Ill. **WALTER SHILTS**, parent of **FATHER SHILTS**, has been on the Notre Dame faculty for 30 years and presently is in charge of the department of Civil Engineering.

Twin brothers **W. F. and W. D. STUHL-DREHER**, sons of our good classmate friend **WALTER**, were graduated with B.S. degrees in Commerce from Notre Dame in June. Both have been commissioned in the Navy, one now assigned to a destroyer based at Norfolk and the other attending Naval Supply School at Bayonne, New Jersey. Right now we can bring you up to date on the rest of the Stuhldreher children by mentioning that the youngest boy (weighing about 200) is now a Freshman at ND. Last fall, he was regular center on the Cathedral High city championship football team in Indianapolis. Two Stuhldreher daughters are married, and living in Indianapolis. One is married to an ND boy—**BOB KESSING, '49**.

Some years back, BILL DOOLEY suggested that I take on the job of Class Secretary. It is a good thing he backs up his original idea for if it weren't for news from him this column would be skimpy in this issue.

A recent card from Bill reads "Noticed some familiar '26 names in the June Commencement program this year. Here they are: JAMES A. RONAN, Chicago, JAMES F. FLAHERTY, Hartford, Conn., GEORGE H. FERGUSON, Lorain, Ohio, PARKER T. FELDPAUSCH, Hastings, Mich., EDWARD J. DUGGAN, South Orange, N. J., JOHN F. GELSON, Summit, N. J., PAUL J. HARRINGTON, JR., Mountinside, N. J. No doubt there were some other '26ers with sons finishing in 1953 but my aging eyes missed them in the (comparatively) small print. TERENCE M. CAREY, Lancaster, Wis., is scheduled to finish in August, at end of summer school."

Your secretary bumped into FRED FORHAN who has returned to Chicago and the Home Office of the Continental Insurance Company. In spite of being in the same building with him, I haven't seen him since then. Also bumped into JOHN GRIFFIN who told me that GEORGE DOLMAGE was moving his office from Phoenix to some other town in Arizona or New Mexico.

Passed JIM KELLEGHAN in the middle of LaSalle Street a week or so ago but haven't checked with Jim to find out if he knew who the guy in uniform was. The Army had me back on duty for a couple of weeks as is usual each year.

WALTER TROHAN and his wife were injured in an auto accident near Youngstown, Ohio, on September 22. Trohan, who is Washington correspondent for the Chicago Tribune, and his wife were returning from South Bend where they had just enrolled their son as a sophomore at Notre Dame.

Hope that at some of the football games this fall, we will see some '26ers and thus get a little news for the next issue.

John J. Lyons, '29, has been appointed a member of the Illinois Parole Board by Governor Stratton. He is the only Chicago representative on the five-man board.

Since 1947 John has served as Assistant Judge of the Probate Court. He was admitted to the practice of law in Illinois in 1930 and also holds membership in the Chicago and American Bar Associations. In the 1948 primary election in Chicago he was unopposed as candidate for Committeeman of the 37th Ward and was elected again in April of 1952. John attended Loyola University for his pre-law training, and then graduated from the Notre Dame Law School. He is married and has one son, Ronald, nine years old. John has just been elected Superior Court Judge in Illinois.

Louis F. Buckley  
1253 N. Central Ave.  
Chicago, Ill.

Masses have been said for GEORGE G. O'BRIEN and TOM J. GRIFFIN whose deaths were reported in my September newsletter.

The sister of LEO G. PAUL of Syracuse advised me that Leo has been confined in a mental institution since February, 1940. The doctors diagnosed Paul's case as dementia praecox and his prognosis has not been favorable since he was committed. I assured Paul's sister that his many friends in the class would pray for his recovery.

BOB GRANT and his wife, Margaret, made a trip into the Middle East immediately following our reunion at the request of the American Christian Palestine Committee to see at first hand the conflict there. They visited the refugee camps both in the Arab lands and in the new state of Israel. Both had a very pleasant stop in Rome, including the privilege of a special audience with the Holy Father, with another stop-over in Istanbul before they got into the real problem itself in their visits in Lebanon, Syria, Jordan and Israel. Since his return Bob has had several speaking engagements to relate the story of the problem over there.

HENRY DAVIS wrote from St. Mary's, W. Va., telling me how much he regretted missing the reunion. He is with the Sterling Oil Division there. He has a daughter who is in nurses' training. Henry mentioned that my old roommate, JIM SEXTON, is still in Texas. Henry sees GEORGE SARGUS occasionally. He expressed great interest in the class family picture and sent me a picture of his daughter.

DR. DAVE SOLOMON also expressed his regrets at being unable to attend the reunion in a letter from Johnstown, Pa., where he specializes in gynecology and obstetrics. Dave has four children with the oldest in college this year. He mentioned how much he would like to have seen a number of the fellows, such as MIKE RICKS, BUD CALLAGY and PETE BEEMSTERBOER.

After waiting for a number of years, I was pleasantly surprised to receive a letter from DICK TRANT from Tucson, Ariz., where he is with the Mulcahy Lumber Co. As the result of an auto accident in which his wife was seriously injured, and his mother's death in Nebraska recently, it was impossible for Dick to return to the reunion as planned. Dick has one son, age sixteen, who hopes to attend Notre Dame. He sees ELMER BESTON in Tucson. Dick inquired about BILL LEAHY and JIM CONMEY who were back for the reunion.

It was also good to hear from BOB CAPESIUS who lives in Chicago and is with the W. L. Stensgaard & Associates here. Bob's name should be added to the list of classmates with five children—four boys and one girl. I hope Bob will be with us for the 30th reunion.

We were all pleased to see BOB STRICKEL at the reunion since we had not heard from him in a number of years. Bob lives at 4912 40th Pl., Hyattsville, Md. Bob is with the Sun Life Insurance Co., but due to a heart condition does not work full time. Bob mentioned how much he enjoyed the reunion.

I had the good fortune to visit the following classmates and their families during the summer: VINCE WALSH in Monticello, Ill.; JOHN CARROLL in Springfield, Ill.; JOE HILGER in Columbus, Ind., and FRANK DONOVAN in Muskegon, Mich. I also see our new President FRANK CREADON and WILLARD WAGNER regularly. We viewed some excellent reunion pictures with VINCE WALSH, his wife and son. Vince has given these pictures to the class and they are being combined with those from ART DENCHFIELD and others into a reunion reel by FRANK CREADON. The college graduations of his son and daughter interfered with JOHN CARROLL'S attendance at the reunion. John has four children, including a son who was graduated from Notre Dame last year. John is in the construction business in Springfield. We talked over the reunion with JOE HILGER and his wife in Columbus where Joe and his brother operate a very attractive department store. Joe also has four children. His son was preparing to attend the Boy Scout Jamboree in California at the time we were in Columbus. We had a good session with FRANK DONOVAN and his family in Muskegon, Mich., where Frank is President of the Kaydon Engineering Corporation. Frank's son, who was graduated from Notre Dame two years ago, is with Anaconda Copper Co. in Muskegon. His daughter was at St. Mary's last year and his youngest son is at Notre Dame this year. Frank had the flu at the time of the reunion and regretted very much his inability to attend. He will be on hand in 1958.

Our Vice President for the East, BILL CROBIN, reports that he has lunch with GEORGE CRONGEYER often. George is Administrative Assistant at the home office of the Metropolitan Life Insurance Co. in New York. George is still a bachelor. Bill mentioned that it broke George's

heart to miss the reunion. Bill also advised that **ADRIAN LOPEZ** is still a rabid and enthusiastic member of the Class of '28. Adrian has a magazine publishing business of his own in New York. Bill advised that **HAROLD P. REYNOLDS** of Chicago was appointed General Counsel of the Petroleum Administration within the Federal Government and is now in Washington. He also added that Harold was married in August. Bill sees **DR. JOHN FRANKLIN** regularly. John informed Bill that **ED TULLY** has been in maritime work and at sea most of the time. Ed told John and Bill some interesting stories about running the Murmansk Blockade during the war. Ed is married. I trust the men to whom Bill wrote in September for news will respond immediately if they have not done so to date.

**JACK CANIZARO**, our Vice-President for the south, reports that he is waiting for replies to letters he wrote to the men in his territory from whom we have not had news in some time. I trust you will send Jack some news for the next issue.

A sister of **VINCE WALSH's**, Sister M. Edna, O.P., told me that she was entertained with a group of other nuns by **JACK CANIZARO** at his farm near Jackson, Miss., where he raises prize cattle. Sister mentioned the fine job done by Jack in designing St. Dominic's Hospital in Jackson.

Our ex-Treasurer, **BERNIE GARBER**, contributed the following report for the benefit of our generous classmates:

"I hate to admit what seems to be failure but after the 25th reunion I found our class had a balance of \$256.78 which I turned over to our new treasurer, **JACK SHEEDY**. By modern standards I should have left a deficit!

"In approximately two years I collected \$1180.30. Of this \$15 went to Masses for the deceased and \$908.52 to mailings, etc., promoting the reunion.

"Services and materials worth three to four times the latter amount were donated however by a few members of the class and friends of theirs. Let me thank each person who contributed money or services and express the hope they will do as well by my successor.

"Everyone attending the reunion enjoyed it, I think. I had letters from **DICK PARRISH** and **DICK GREENE** telling me they were glad they did so. Late in July I met **JACK WINGERTER** on the beach at Sea Girt and he was enthusiastic in expressing his enjoyment of the reunion—particularly about meeting his old roommate, **GUY LORANGER**. Jack is now building a new home in Spring Lake, N. J.

"**LARRY CULLINEY** wrote inviting all the Garbers to visit his new home at 46 Vineyard Rd., North Haven, Conn. If Larry's larder can provide for us he must be prospering! Dorothy and I met **FRANK DUQUETTE** recently at Mount Kisco's summer theater. Frank was sorry that too much business-traveling kept him from the reunion; he was to go into the hospital soon for repairs on a knee cartilage. Expects it will improve his game about ten strokes."

Thanks, Bernie, for a job well done for the class, not only as treasurer, but as Chairman of Publicity for our reunion. I trust all of you have written our new treasurer, **JACK SHEEDY**, at 1118 Farmers Bank Bldg., Pittsburgh 22, Pa. Jack advised me that he is receiving excellent response from the class to his plea for funds. Jack has a son at Notre Dame this year and a daughter at Dunbarton in Washington, D. C.

**LARRY WINGERTER**, President of the San Antonio Transit Co., will serve as President of the American Transit Association for the coming year. This organization, with headquarters in New York City, is the national trade association for all the city street car and bus companies in the U. S. and Canada. Congratulations, Larry! Since this new job should require considerable travel, I trust you will keep me posted on the classmates you meet.

I noticed in the Minneapolis paper where **JACK DOYLE** did a great job as Chairman of the Holy Name rally held in June. **JOHN LYONS** is a Republican candidate for Superior Court Judge in Illinois. John became Republican Ward Committeeman in Chicago in 1948, has been a candidate for the Municipal court and recently has served as an assistant judge of

George Roger Cahaney, a 1949 graduate, has been named new Executive Secretary of the Catholic Press Association. He was introduced to the Association members at the national convention in Atlantic City last summer.

In announcing the selection for the post, Father Meehan, President of the Association, said, "We are greatly pleased to have a man with such an excellent background for the important post of Executive Secretary. The choice was difficult because of the many qualified candidates. We are certain Mr. Cahaney will make many valuable contributions to the Catholic Press Association."

George was previously associated with the Fuller, Smith and Ross Advertising Agency in Cleveland, and served as a member of the sales promotion staff of the General Electric Company.

During the last war he served overseas with the Ninth Air Force Headquarters and is a native of Dennison, Ohio.

**HOWIE PHALEN** and his wife attended a wedding of the daughter of **JOE MURPHY**, '27. Howie reports that after the wedding **AUGIE**

**GRAMS** had a party for them at the Grams' summer home some ten miles north of LaCrosse. Howie recommended it as a wonderful place for a class reunion.

I had a note from **VINCE CARNEY** this summer from Mexico. Vince's family spent the summer there going to school.

**ART CANTY**, Vice-President for the West, will be in the French Bar of the Biltmore Hotel in Los Angeles, which is a small room just off the Biltmore Bowl, to greet members of the Class of '28 on Friday afternoon and evening before the Southern California game and after the game. Arrangements will be made to register the stopping place of the '28 men so they can get in touch with each other.

My last newsletter prompted **JUDGE JOHN CULLINAN** to dash off a note extending his regrets at being unable to attend the silver "Jamboree." He expressed the hope he will be able to join us five years hence. John, as you know, is a judge of the Superior Court, State of Connecticut.

**ED McKEOWN** tells me that **TOM (MICKY) QUALTERS** is located near Chicago with the Inland Steel Co. in labor relations work. You will recall that Mickey was bodyguard for President Roosevelt for a number of years. I saw Mickey in Boston a few years ago and encouraged him to write a book on his experiences with F.D.R. **JOHN HERBERT** and I had a most interesting session with him at that time.

I am looking forward to hearing a talk by **FATHER MARK J. FITZGERALD, G.S.C.**, Associate Professor of Economics at Notre Dame, on "Observations on Labor and Industry in Europe," at an Institute on the Notre Dame campus sponsored by the Indiana Chapter of the International Association of Personnel in Employment Security. I am also to speak at the institute. **FATHER FITZGERALD**, as you know, missed the reunion as he was in Europe this summer studying labor conditions.

Your Class Secretary is entering a busy period now as I begin teaching an evening graduate class at Loyola University in addition to my regular work as Employment Security Representative with the U. S. Dept. of Labor. I am also resuming my teaching at the Shell School of Social Studies and the adult labor classes sponsored by the Catholic Labor Alliance. I had to give up the latter teaching last year so I could devote more time to the reunion activities. I mention this so that you will be aware that I will not have the time available to solicit news for this column such as I have done during the past few months by sending out over eighty personal notes requesting news. PLEASE come to my assistance by voluntarily submitting class notes.

It is a pleasure to give you below an interesting letter from our Vice President for the Midwest, **JOHN IGOE**. John wrote from Columbus, Ohio, as follows:

"It seems a shame to keep you waiting until the last minute for this copy but reporters are generally depicted as disheveled, fog smoking hat wearers glancing furtively at clocks and typing wildly to make the 'deadline.' Mary lists me as disheveled so all I need is a Camel to make like a newspaper man. Sorry, Louie, and here is my assurance that I will improve.

"All reports I have had from our classmates were full of praise for our Reunion. No doubt that topic will be fresh as a conversation piece until the '28ers are long bearded and doddering. It was a wonderful reunion and our Class has set a pattern that others may find it difficult to emulate.

"First off after my return to the chore of making a living was a chain letter from **CHRISTY FLANAGAN**. I sent my contribution to one of the farm owning Headleys of Lexington, Kentucky, suh, and after a studied contemplation of my 'sucker' list mailed the chain to **MARTIN RINI**, **TOM LAVELLE**, **'DOC' FORGE**, **BOB KIRBY**, and **JACK CANIZARO**. The net result was not a great increase in the Igoe bank roll but some welcome letters and notes from the 'victims.'

"**MARTIN RINI** writes: 'Ever since receiving your letter I've been debating whether or not to carry out the chain but it is contrary to postal regulations and I'm under oath to uphold the law so— Really enjoyed the reunion—'

"BOB KIRBY writes: 'I must be a very responsible business executive for yours is the seventh chain letter I've received in the past month. Good to hear from you and I have repeatedly stated our reunion week-end was the most enjoyable I have experienced. You reformed sots can't appreciate this but it now takes me two weeks to get over one week-end and I must confess our reunion conclave was worth every hung over minute.'

"TOM LAVELLE writes: 'Allow me to thank you for permitting me to be included in your promising chain venture. Believe me, I have been very choosy in selecting the recipients of my five letters, have picked upstanding citizens, men of good judgment, men who will be eager as you and I and Flanagan, bless him, to make a fat profit from this charitable and worthy venture—BILL KIRWAN, JOHN DAVIS, JOHN LEITZINGER, JACK CANIZARO and that sterling freeholder PHIL CENEDELLA. My wife feels this thing will pay off and has started some lusty charge accounts at the local stores. If it fails proper suits will be filed in Columbus, Ohio, and Port Arthur, Texas.'

"JACK CANIZARO writes: 'Boy, am I a popular sucker. Yours is the third chain this week. Wasn't our reunion a wonderful affair! Regards.'

"A letter, too, from TOM TRAUGHBER expressing thanks to the committees who made our reunion such a 'memorable affair,' and telling me that he and Buschmeyer were in fine fettle.

"On a recent visit to Cleveland I stopped in for a chat with CHET RICE. Our wives were no doubt bored by our lengthy recalling of incidents, names and doings of the '28 class but Chet and I braved through the flow of icy stares and got everything wrapped up satisfactorily. ART DENCHFIELD had Mrs. Denchfield in the Cleveland Clinic before returning to his South American chores and he and Chet spent some wonderful hours reminiscing and singing the praises of the '28 reunion. Am glad to report that Mrs. Denchfield's ailment did not prove to be serious.

"At a highway letting the other day I bumped into TOM HART who is now a resident of Columbus. He has just moved down from Minneapolis to be the local manager of the Employers Group Insurance Co., and promises to be an active member of the Columbus Club.

"JOHN FONTANA broke into the local news recently, as legal counsel for the U. S. Trotting Association, by coming up with a restraining order on the running of The Little Brown Jug event at Delaware. John is feeling fine now and is still the affable classmate you know.

"Our buddy, JOE KINNEARY, is moving South—South Columbus, that is. He may profess vigorously that the presence of the Igoo kids on the street he is leaving is not the raison d'etre for his move but Fontana chides me with lowering the standards of the neighborhood, and now I am wondering if buddy Joe may not be slipping away from the toy-strewn lawn and walk and driveway of his classmate—your correspondent. Joe is doing well in Columbus and is today the same pleasant fellow he was in school.

"JAMES SHOCKNESSY is doing a wonderful job as Chairman of the Ohio Turnpike Commission. Approximately 45 percent of the contracts for the work have been let and before long there will be a stretch of deluxe highway across the face of our state, that will in a sense be a tribute to the talents of our Jim.

"BILL KONOP stopped off in Columbus for a few minutes about a month ago. He has been transferred by his A. T. & T. employers from Indianapolis to New York and seems enthused about the new responsibilities.

"And now before I close let me thank you classmates for the honor of being elected Vice-President for the Midwest. While I scarcely merit this privilege I will try to execute all the duties of the office in a fashion that will preclude any regrets for your choice. Thank you. Oh yes, how did the chain letters come out? Cost me \$2.00."

It's much easier to grab a phone and call. However, here goes: Married 16 years to Magdalene Raeder and have two children—Marilyn, 11, and James, 8. Started with Bell Telephone Co. immediately after graduation and have been with them ever since, except for a short time during the depression. Am now in charge of the Toll Circuit Layout group. I talk to ROCCO PERONE periodically when the A. T. & T. gets in my hair (or what's left of it). I saw WALTER MASON the year before he was killed. We had quite a visit and his death the following year was quite a shock to me. I've met and seen some of the '29 men but for the life of me I can't remember their names at this moment. When I get a chance to visit with you at the reunion I'll probably think of them."

REV. JOHN MOLTER, C.S.C., Ph.D., informs us he is now Dean of Science at the University of Portland. He has not seen nor heard from any of the '29ers since going to Portland in 1945, but assures us that he will be at the '54 reunion if teaching commitments permit.

He regrets that there are no sons to send to ND, but is doing the next best thing by sending daughters Susan, 20, and Joan, 17, to St. Mary's College and says that prospects seem likely that there will be a son-in-law from one of the more recent ND classes. Will he be at the reunion? Yes."

James T. Doyle  
6457 N. Bell Ave.  
Chicago 45, Ill.

The installation of new presses at the Ave Maria Press and resumption of regular publication of the ALUMINUS is about to end my vacation as class secretary. My last notes were sent in March and since that time some of the diligent and faithful '31ers have sent letters.

Scenes from the Houston Club family picnic. At left, some of the "old sacks" (L. to R.): Jim Donnelly, Tommy Schexnayder, Hugh Rafferty, Jim Young, Larry Kelley, Leighton Young, find out how out of shape they are. In the middle photo are a quintet of future candidates for Coach Leahy's gridders (L. to R.), Kevin Rafferty, Tommy Standish, Michael Rafferty, Johnny Garrett, Richard Standish. At right, a group photo of the whole, tired-out bunch.

There is no charge for publication so get busy with notes for the next issue.

Judging from the Oklahoma-ND game last Saturday this is going to be an interesting and successful season for the team. I hope that any '31ers attending the game remembered to check in with SPIKE SULLIVAN at Tulsa before going out to Norman. Spike, please send me a note on your tea party and any of the boys who stopped.

I attended the Class Secretaries' Conference and 1953 Reunion last June. The new reunion setup is perfect and should make for a successful 25-year reunion of our class in 1956. After what the class of 1928 did this year we really have something to aim for. I would suggest reading the 1928 notes for an accounting of one of the most successful reunions ever held at Notre Dame. At the Alumni Banquet I sat across from a man from Sturgis, Michigan, and my first inquiry was about BOB NEYDON. He mentioned that Bob had been taken to the hospital the day before suffering from a recurrence of cancer. I wrote Mrs. Neydon and received the following letter from her:

Dear Mr. Doyle:

"Your grand letter arrived the first of July and although Bob was very ill at that time he was very pleased to know that you had written. I told him I had received a letter from you inquiring about his condition and that you said you were remembering him in your prayers. He wanted me to thank you for him. As you have probably heard, he died July 10th. He was beautifully prepared and his complete acceptance of God's will in his regard was an example to all of us who were privileged to be near him those last weeks. His faith and courage were a source of strength to all of us. The children and I will stay in Sturgis a few years anyway. The three older children are in the Catholic school here and I have a wonderful little girl who has been with us almost four years who will take care of the two younger children while I teach kindergarten. I am sure God and Bob will take care of us. Sincerely, Mrs. Betty Bruce Neydon." Her address is R. R. 1, Sturgis, Michigan, in the event any of you wish to write her. Please remember Bob in your prayers.

At the reunion I met LUCIO MUNIAN from Mexico City and suggest that '31ers from that area contact him for details on the new reunion setup. Sunday morning on my return to Chicago I stopped to see FATHER JOHN MARGRAF, who is pastor of a small parish, St. Mary's, 431 S. Taylor St. He looks well and asked about the Howard Hall boys he had back in 1927-1928. VINCE PONIC keeps in touch with him. Father John would enjoy seeing any of his boys when they are in South Bend.

CLAY ADAMS, ND '31½, sent a fine letter with pictures and NBC Press Releases from which I have taken the liberty of lifting excerpts for the column. He is living in Larchmont, New York, and has a son, Michael. With most of his campus life spent with the class of '31 I am hoping he will plan to make our 25-year reunion in 1956.

Dear Jim:

"Thank you for your kind note of February 23rd with its complimentary remarks about 'Victory at Sea.' My compliments to you and CARL CRONIN for spotting my name on the show and remembering me from the ND Class of 1931. That's pretty good sleuthing considering that you have only been able to see two or three of the episodes and particularly if I am not formally listed as a member of the Class of 1931. Technically, I suppose I'm of the Class of 1931½ having lost some time by transferring out of the Engineering School following my freshman year.

"Rather than write you about my present activities, as you suggest, I will attach herewith some of NBC's press handouts regarding the show. If they will serve your purposes for the ALUMNUS, you may feel free to use them in any way you choose.

"My contacts with classmates in this area have been rather infrequent during the past several years. This past weekend, however, I had the pleasure of renewing acquaintances with a number of ND men during a retreat at the Bishop Malley Retreat House, Jamaica, Long Island. ED ELLSWORTH and HERB GIORGIO did a

wonderful job organizing the sixty-odd Notre Dame men who participated in this retreat.

"It was a pleasure to hear from you, Jim. Thank you again for taking the trouble to write."

Sincerely,

"M. CLAY ADAMS of Goldens Bridge, New York, former writer-producer-director for Twentieth Century-Fox and RKO-Pathé Studios in Hollywood, is currently helping to build one of the most outstanding programs since the beginning of television: 'Victory at Sea,' a television history of naval operations since 1939, being produced by the National Broadcasting Company.

"Adams is film director for Henry Salomon, distinguished young naval historian who is producing 'Victory at Sea' for NBC in conjunction with the U. S. Navy. Adams has been in the motion picture industry for over 15 years. From 1935-41 he was associated with 20th Century-Fox studios in Hollywood serving variously as screen writer, story editor and assistant producer. In 1941 he joined Pathe News, where he was manager of the West Coast office and also producer-director of short subjects. During World War II he served in the U. S. Navy as a producer-director of training and special purpose films. He was put on inactive duty as a Lieut. Commander in 1946 and returned to RKO-Pathé to help organize the commercial film department there. In 1949 he was appointed manager of the firm's Commercial Film and Television Department and also produced the feature length color film 'Strategic Attack' for the U. S. Air Force.

"'Victory at Sea' received an unprecedented Grand Award as 'the greatest program on television' at the second annual Sylvania Television Awards dinner in New York, December 11, 1952. In addition Clay Adams received the Sylvania Certificate of Merit for his directing of this program."

JIM McQUAID, Vincennes, Indiana, magazine dealer, phones when he is in Chicago and sends an occasional note. Jim has set up the McQuaid award at Vincennes University on an annual basis as special recognition for ability, sportsmanship, scholarship and mental attitude. Co-Captain Ed Cantwell was the winner this year. Jim received a note and subscription from MIKE KINNEY, who is Judge of the Circuit Court at Edwardsville, Illinois. Jim sends the following letter:

Dear Jim:

"Sure enjoyed the Old Timers' game last Saturday. Sorry you did not make it, or did you? The day was rather chilly for May but we had a good time. Saw FRANK LEAHY for a minute before the game, and also MOOSE KRAUSE. Had a short visit with JOHN JORDAN in the cafeteria; he is most enthusiastic about his team for next year. My hope is that he will come

through and beat St. Louis as I have happened to see St. Louis take these past two years, so good luck this next season.

"I was sorry to miss you when I called you last Sunday. Marie and I went on to Chicago Saturday after the game and called just to say hello. Was quite surprised the other day when JIM BOSCO, from Dayton, stopped in the shop to see me. He was quarterbacking in our day and graduated in 1932. Remember we used to call him 'Boake.' He looked fine and was on his way to Robinson, Illinois, on business.

"Guess my next trip to ND will be for the retreat in August. Wish you could make it for I am sure it would be a wonderful three days for you. Marie joins me in sending our best wishes."

/s/ JIM McQUAID

After receiving the last ALUMNUS Jim sent another note saying how much he enjoyed reading about the '31ers. He and his wife attended the Old Timers game and are planning on attending the Georgia Tech game. When you renew or make gift subscriptions for business or home remember Jim as he can use the business. His address is: Mac's Magazine Rack, 28 N. Fifth St., Vincennes, Indiana.

EARL BRIEGER sent an announcement of the opening of his new law office under the name of Parker, Evashwick & Brieger, 1502 Frick Bldg., Pittsburgh, Pa.:

Dear Jim:

"I have intended writing you on numerous occasions since receipt of your letter of last December which you sent to me by way of our mutual friend, Dr. Thomas Sabow. Appreciated very much your note to me and while you stated you were happy to get all the information on me, rest assured that I learned from Tom all about you. I also understand from Tom that you and his brother-in-law have quite an operation going and are enjoying real success which I am certainly happy to learn.

"I note in the ALUMNUS that you are offering a reward for a letter of current news about all of the 1931 graduates, and I promise you that some day soon, I shall forward to you all the information that I have regarding any members of our class. In your letter, you promised that you would look me up on your next trip to Pittsburgh and I shall look forward to your keeping this promise.

"With best regards to you and your family, I remain."

Sincerely,

EARL

While in Chicago July 7th MYRON HERSH-FIELD stopped at the office, but I was out buying prizes for the Chicago Club Golf Tournament and missed him. TOM ASHE phoned between

flights last June, but I missed him for the same reason. His new address is 715 Avalon Road, Whittier, Calif. I had the pleasure of spending some time with his brother, Gerald, who is secretary of the class of 1922 (I suggest you read his column in the July-August ALUMNUS). Tom writes:

Dear Jim:

"Thanks very much for your nice letter of June 30th which finally caught up with me after two trips to California. I was very sorry that I missed talking to you in Chicago, and on my next trip I hope to stay more than a half hour so that we can sit down and compare notes on the class of '31.

"I wish I could help you out with news for your column in the ALUMNUS, but despite the sort of nomadic existence which I have been leading for the past few months I am short of information. I can, however, tell you that since April I have seen HASKELL ASKEW many times, his charming wife, Josephine, and his nine-year-old shortstop-to-be, Jay. The Askews are the sort of people who help build up that great tradition of friendliness so typical of that part of the country.

"Haskell is a neighbor of JIM BURKE, '30, who has been very successful in Oklahoma City real estate circles, and with his lovely wife, Ann, has been also successful in raising a fine family.

"I was accompanied on my latest trip by my wife, Kathie, and needless to say because of the aforementioned Notre Dammers and their wives, we had a most pleasant week in Oklahoma City. From there we went to Rochester by way of Chicago (tried to call you), and in Rochester had no luck at all trying to get hold of JOHN-NY DORSCHER. Three days in the old home town, then to New York City for a week, a day in Houston, and then to Los Angeles, suburb of Whittier. It was the first time that Kathie had ever been away from our three-year-old twins, and though we had a wonderful trip the plane did not go quite fast enough from Houston to LA.

"After writing that last paragraph I had a

phone call from GENE CALHOUN, '32, prominent as a Local Loan Company manager and ND Booster. Gene knows everybody around Los Angeles and he just phoned to say that he had some TV tickets which I needed for visitors. He asked me to say 'Hello.'

"I recall BOB NEYDON very well, and was very sorry to learn of his serious illness. Needless to say, I have remembered him in my prayers and will continue to do so.

"You mentioned MATT CULLINAN, and that elusive gentleman is one I have not seen in eighteen months. He called around at the plant one day when I was out of town, and I have not heard from him since then.

"I hope to be in Oklahoma City on the 26th of September and will try very hard to make the remaining fourteen miles to Norman. Any chance of seeing you there?"

Sincerely,

TOM ASHE

EDDIE RYAN reported seeing BEN OAKES on Boul Mich. I saw NED KELLEY at the Tournament. AL STEPAN had a visit from DAN HALPIN and in Florida saw BOB GORE, Florida Swamp-bug enthusiast, JOHN SULLIVAN and BILL BURGHART. Bob's brothers, Fitz and Fred, were early golfers July 20th. BERT MALONEY put in an appearance at Elmhurst too. Other '31 golfers were PAUL DUNCAN, JIM MULVANEY, AL STEPAN, GIL SEAMAN, TOM COUGHLIN, RAY COLLINS, FRANK HOLLAND and JIM DOYLE. MARTIN DOWNEY, on hand for dinner, had quite a bit to do with the marble statues and art work in the new St. Peter's Church at 110 W. Madison Street. HENRY G. (RED) O'CONNELL is remarried and now has seven children to keep him busy. FRANK DITTOE responded with JOE DUNNE's address. It is P.O. Box 270, Deming, New Mexico. I have written Joe and hope to have a note for the next issue. While in Cincinnati last May I phoned BILL CASSADY. Bill had planned on making the 1951 reunion, but a new arrival at that time required his presence at home. He is planning to be on hand in 1956. I also talked to RED LONEY who

has twin boys and a girl. He mentioned having seen DEON SUTTON in Church somewhere in France during the war. CHARLEY POWERS came through with a fine letter:

Dear Jim:

"Your letter arrived at a time when I was beset with troubles. Hence, I was unable to make the deadline you requested. My wife was critically ill from complications connected with childbirth which resulted in the loss of the baby. Thanks be to God, my wife is now on the road to recovery.

"I have greatly enjoyed the '31 column in the ALUMNUS and want to congratulate you on an excellent job. The news is indeed welcome as I have had but little contact with Notre Dame men in this area. After leaving Notre Dame I spent a while at Georgia Tech and then embarked on an engineering career that took me on jobs throughout the Southeast. I did manage to get up to New York each Fall for the ND-Army game and there I would see ED FLYNN, BUD TOUHY, AL GALL, JOHN BURNS, DICK DONOGHUE and many others. In 1936 I received a commission as Second Lieutenant in the Corps of Engineer Reserves and in September 1941 was called to active duty. The next four and a half years I served with various Topographic Units both in the United States and the ETO. While stationed at the Engineer Board in Washington I ran into AL STEPAN and 'BUS' RICH. Later in Paris I had a short reunion with CLIFF FISHER at a Red Cross Club. Since my release from active duty I have remained active in the Reserve and now command an Engineer Combat Group which necessitates my attendance at Summer Camp and precludes my appearances at class reunions.

"While in the service I married a charming young lady from Raleigh, N. C., and upon my release from active duty decided to end my roaming and settle down. As a result I have deserted the engineering field for the wholesale baking industry.

"In the Fall of 1951 I assisted the local council of the Knights of Columbus in staging a Rally the night prior to the Notre Dame-North Caro-

lina game. It was an outstanding success thanks to the appearance of FATHER HESBURGH, ED KRAUSE, ARCH WARD and HERB JONES plus a like representation from North Carolina as well as our political leaders. The Class of '31 was represented by FREDDIE RAHAIM up from Jacksonville, Fla. At the game I saw the Simon Legree of my Freshman Manager days—PAT CANNY. I had a short, but delightful talk with Pat who hasn't lost any of his old zip. This Fall we again hope to stage a Rally and if any of our class are in the vicinity, I hope they will look me up. The news of the deaths of BOB CUNNINGHAM, BILL CLEARY and JOE LAUERMAN is certainly shocking and points out the necessity of attending our class reunions as our ranks are thinning. So I have every intention of attending our 1956 Reunion, God willing. With best personal regards, I remain."

Sincerely yours,

/s/ CHARLIE POWERS

From Grand Rapids, Michigan, famous for hardwood and hardheads, home of several '31 men, comes the following note:

Interesting and newsy, to say the least.

I met WALT KELLEY last June and he asked about the following: TED HUEBSCH, RED MCCARTHY, MIKE KINNEY, RED O'CONNELL, PHIL ANGSTEN and JIM RICH, who is now City Attorney for Crystal Lake, Ill. I had lunch with Jim and his wife about two months ago. TOM GOLDEN sent a note in April. His present address is Box 1412, Anaconda, Montana.

Dear Jim:

"Just a few lines from the Wild West to bring things up to date. I am still considered totally disabled, but I shall have a job for the summer at Yellowstone Park. If I can save a few dollars this summer I plan on going to Ireland in the Fall. I plan on staying a year or two if I like it as I have a lot of relatives there and then I want to go to Australia. I have a lot of friends in Australia whom I met during the three years I spent there.

"With the devaluation of the English and Australian pounds, I can live there nicely on my compensation.

"There is a young Notre Dame Law School graduate in Anaconda named BOB BOYD. He is Deputy County Attorney and graduated, I believe, in 1951. Another Notre Dame man is back in town from the Montana State Hospital where he made a very successful victory over tuberculosis. He spent two or three years in the hospital and is looking fine now. His name is TOM KELLY. I think his class was '38 or '39.

"When I read your column in the last ALUMNUS it was like old home week reading the names of so many fellows for whom I have a deep affection and I would like nothing better than to see them all again."

Keep the Faith,

/s/ TOM GOLDEN

Our world traveler, MATT CULLINAN, was in the states last June and sent a few words:

"Once again, a little letter from one of those 'missing persons' for whom you have a reward posted for some information. Since my last letter to you just prior to my departure for Japan, I've been doing considerable traveling on construction work. The last trip, from which I have but recently returned, was to French Morocco. I had intended making a stopover in Chicago—this was in July, 1951—but at the last moment plans were changed and I made the through flight from San Francisco to New York and on to Paris, Geneva, Rome, Palestine and doubled back to Casablanca.

"Upon my return, I took at long last, and the first restful trip in a long, long time, a return trip from New York to San Francisco by train, via New Orleans. It looks as though, ere long, I'll be leaving for either Sumatra or Manila, and will in all probability be working both projects. Although no engineering graduate, I've done nothing else for years—it comes under the heading of 'Coordinator' which means, regardless of how Webster defines it—in my book—as a chap with a desk between two, or more, darn good expeditors.

"I saw HARLEY McDEVITT in New York. He is rapidly becoming a guiding genius for National Geographic Society. I was terribly sorry to hear of JOE LAUERMAN'S death. He, TOM ASHE and AUSTIN BOYLE used to live across from me in Walsh Hall. Joe was a fine chap. Tom Ashe is now Vice President of E. M. Smith Tool Co., in, or near, Los Angeles, Calif.

"I had a wonderful trip returning from Paris. I became well acquainted with a French General there, or rather in Casablanca. He was transferred to Paris, and insisted I stay with him and see Paris enroute to the States. He 'took care' of the Air France Line and when I arrived at Orly Field, Paris, I was met by the staff car. Next day I was called upon by an Air France

representative and was told I was to be paid 10,000 francs a day for every day I was 'off toaded' and that the General told them I would be his guest for 30 days. In other words at 350 francs per \$1.00, the sum of \$28.00 per day, for being a guest. As it turned out: my money was no good while being a guest. They could put me up for life on that basis, in Paris, or in Timbucto, for that matter. This is just a short note, I happened to see an ALUMNUS in my Dad's office and thought of you. I don't take it because it would never catch up with me. Let me hear from you. I'll be here for a couple of weeks anyway. How is AL STEFAN, GENE COYLE, EDDIE RYAN and BOURKE MOTSETT? Ever hear of VINCE PONIC or RED MEAGHER of Mankato, Minn. My very best, Jim."

MATT I. CULLINAN

While going through the local K. of C. weekly, I saw a picture of REV. C. B. MOTSETT, Chaplain of Danville Council, attending the state convention. Needless to say, Bourke looks wonderful. I sent TOM MONAHAN a golf announcement this summer and received the following note:

Dear Jim:

"Received your card regarding the Notre Dame Club of Chicago golf party at Elmhurst. Sure appreciate your thinking of me and inviting me. However, I cannot get away at this time. Maybe next year I can make it.

"We are keeping rather busy in broom corn, though we are taking off for two weeks in August; going back to Holland, Michigan. Was down in south Texas in late June and spent a very pleasant afternoon and evening visiting with our old friend, BILL BERNING, in Beeville, Texas. Bill is now one of the big beer distributors of south Texas and handles Schlitz for all the s'tate below San Antonio. Had a very pleasant visit, and rehearsed old times.

"I would recommend the Berning type of southern hospitality if you are ever down that way. Thanks a lot for the card, Jim, and will see you one of these days in Chicago. Best regards."

TOM

JOSEPH B. KIRBY, Manager of WKRS, Waukegan, Ill., was the commentator at Memorial Day ceremonies at Ascension Cemetery. FRANCIS and VERA HENNEBERGER, together with their charming daughter, Nancy, were in Chicago in August. Henne looks fine, but right now is worried about losing some weight. He is in the ice business at Princeton, Indiana. His co-partner in crime of Walsh Hall fame, PAUL GRANT, and his wife were in town after registering their son, Bill, as a freshman at ND.

I wrote MATT GARRIGAN about Bob Neydon and received the following:

Dear Jim:

"My apologies for delaying a reply to your letter. The information you gave me on BOB NEYDON was no surprise as I had been appraised of his condition by Mrs. Neydon's brother who lives in Detroit and is a neighbor of a friend of mine. However, the coincidence of your letter and Bob's death within a short time was disturbing. I was out of town at the time of the funeral and can give you no particulars.

"Bob had known for well over a year the seriousness of his illness and with Divine courage faced the situation. The stories brought to me by his family made me feel proud to have known him and an inspiration to meet certainly less demanding problems in this life. His last year was spent in complete resignation to the Will and Love of God, and if Notre Dame means anything to us we need look no further than the life of Bob Neydon. It seems to me the prayers for the Dead should be reversed and that Bob pray for us to receive the graces he must have had from the good Lord and his Blessed Mother so that we may be as he was, ready and anxious to meet Them.

"There is little of great moment here in the Motor City, but I do meet with MARTY WIDER and JOE CAREY, '32, several times a month. Last summer Mart was having his NINTH (Leahy hasn't won the title yet) baptized and the affair almost turned into an ND rally. BOB RUPPE came on from Chicago to be godfather, JOE CAREY and I went to the church for the ride, but lo and behold who was having his third son also baptized but ERNIE GARGARO, '33. And here is the box score of progeny among ND men present: Wider (9), Ruppe (6), Carey (4), Gargaro (3).

"Visited with HARRY MERDZINSKI of Grand Rapids during the National Convention of the Catholic War Veterans held in Detroit last June. Talked on the phone with CLARENCE DURBIN who lives in the Southfield area, suburban Detroit, that is, Clarence was helping the local Lions sponsor a talk by our PAT MANION, author, lecturer and former dean of the law school.

"I have a nephew at Maryknoll who says a

Father Baskerville from Joliet, Ill., a medical doctor before becoming a priest is on his way to Africa. I wonder if he could be a brother of BOB BASKERVILLE of our class. Bob hails from Joliet.

"Put in for tickets to see the Pitt, Georgia Tech and Navy games. Maybe I will see you at gates 4 and 5 after the games. So long for a while, Jim; nice to hear from you."

MATT GARRIGAN

Matt, Father Baskerville you mention is a cousin of BOB BASKERVILLE of our class. At ND in June I met FATHER CLEMENT KANE of our class. He had just returned to the campus from Portland. Also seen were JERRY CROWLEY, FRANCIS FUTTER, TOM COUGHLIN, JOE DEEB and JACK SAUNDERS. I got a fine report on BILL KARL from some of his Washington friends.

While near Waukegan recently I stopped to see FRANK BUTORAC at his Dresden Art Products Co., which he operates with his wife. Frank sends his best and asks that the fellows stop in when in the vicinity. F. X. MURPHY, JR., has written twice: "The July-August issue of the ALUMNUS arrived the other day. You are doing a fine job, Jim, congratulations. I know that I've read every word of it three times. It is nice to learn that ARTIE BIEBEL and NORB CHRISTMAN are doing so well. It would appear that Johnnie and I got out of the north country in time! Arnie with three children, and Norb, the glutton, with five. We, as you know, have four: Mike, Jill, Marcia and Dick. They range from 6 to 19 and keep me busy. Johnnie and I planned to be in Juarez on UND night, but didn't make it—maybe we will the next time. We are really looking forward to 1956 and you can bet we'll make every effort to be on deck. I am sorry to learn that Red's wife died, but am glad to learn that he had the good sense to get married again so that his kids have a mother. Seven is quite a brood but the more the merrier. I'll bet their place is like a county fair and every bit as much fun. The three we have around here and their friends keep us jumping. We also have a couple of boys from Walker Air Base who make this their headquarters. Johnnie and I enjoy your chatter and letters in the ALUMNUS—we look forward to it—you are doing a fine job, keep it up."

THOMAS F. McMAHON, '29

The new Vice-President of C. A. Spurl & Co., Insurance Brokers and Average Adjusters, New Orleans, is Thomas F. McMahon of the class of 1929.

Tom hails from Corning, New York, and became associated with the Insurance Company of North America upon graduation. He recently resigned as New Orleans Manager of this company after 23 years' service to take over his new position.

He is a past President of the Notre Dame Alumni Club of New Orleans and at present is a member of the Pickwick Club and of the International House in New Orleans, and is a director of the Family Service Society.

The McMahons have a fine family of two daughters and one son. The latter, Thomas, attended Notre Dame for a year and a half before being inducted into the Army.

Daniel P. Higgins, Jr. (right), Vice-Chairman of the Notre Dame Scholarship Committee of New York, presents the 1953 Academic Scholarship Award to Harry E. Smith in ceremonies at Hotel Commodore. Looking on at left is John A. Hoyt, Jr., past president of the Club and current Chairman of the New York City Club's Trust Fund.

I hope that many of you have made a good contribution to the Notre Dame Foundation in response to the reminder sent out by JACK SAUNDERS in late July. If not, there is still time to participate in the 1953 foundation drive.

Again I ask your help with notes for the 1931 column. It can continue to be interesting only with your cooperation. If your conscience bothers you, get it off your chest with a letter, PROMPTLY. Let me know about the people you may see at football games this fall. As this will probably be my last copy before Christmas pub-

JOHN W. BRENNAN, '27

The appointment of John W. Brennan, '27, as Vice President-Engineering was announced by the American Blower Corporation, Detroit, recently.

Brennan joined American Blower in 1928, where he worked as a Sales Engineer at several district offices until 1945. During that year he became Manager of the Corporation's Hydraulic Coupling Division with headquarters in Detroit. He remained in that capacity until 1951 when he was made Chief Engineer, a position he held until his latest appointment.

He is a past chairman of the Detroit Section, American Society of Mechanical Engineers; a member of the Engineering Society of Detroit; and past president and director of the Notre Dame Club of Detroit.

A son, James H. graduated from Notre Dame in 1952, while John W. is a member of the '56 class at N.D.

for a few months than to try filling in the large void with the personal pronoun, first person, singular. We must, however, apologize to MITCH SALEH and ED KILMURRAY for not transmitting their news in the interim. We shall get to it presently.

The old typewriter starts grinding now because we are two years away from a twenty-year reunion and we must start somewhere to begin planning. Last June we attended the Class Secretaries' Conference on the campus and heard some amazing stories about reunions, and saw even more amazing things for real. The turnouts were fantastic—but it took two years of bombardment to bring the men back.

For months now the '35 class has been dead as far as news is concerned. We could write nothing because we had nothing to write about. The days of having a pile of letters which had to be boiled down to make the news fit the space allotted to us have long passed away. If the '35 spirit is measured by what has come across our desk—that spirit breathed its last and has been duly, if dully interred. But, maybe with a shot of the new wonder drugs and a large dose of plutonium and hydrogen we can witness such an explosion that the dead will come to life. We pray it may be so!

Let's start with our class officers! We do have a president, four vice-presidents and a treasurer in addition to the type pusher. There are two more years to R-Day, boys! What do you say to lighting the candle in the window and bringing about that rebirth? If you will look back into your files you should find a list of men in your territory and your college. How about digging it out and starting a campaign of interest? If R-Day is to be a successful invasion of Notre Dame by '35 men, then we have to start to work NOW!

We have a few weeks until our next deadline for the ALUMNUS—the deadline is December 1. That means that we must have all of your material not later than November 23 so that we can do our own work on it. Let's start a battle of letters across the country. If we can build this column back to where it was a year or two ago, we'll have a successful R-Day. But ALL OF YOU will make it possible. Without your help we can do nothing.

It's been years since we heard from MITCH SALEH, but a few months ago he wrote us from Washington. Here is Mitch's letter:

"Hold on to your hat! I'm checking in again with a little news after all these months (or has it been years?).

"Last year I was involuntarily recalled to active duty in the Navy, and have been stationed here in the Bureau of Ordnance, Navy Department, Washington, D. C. It was quite a blow to pull up stakes again and return to the service, but we have tried to make the best of it. 'We' means Del and Helen Marie, our 14-month-old daughter and myself. (She's past 2 now!)

"I expect to be released later this year and we plan to return to the home town of Tyler, Deep in the Heart of Texas.

"Del and I made the Notre Dame-Penn game last season via the Notre Dame Club Special to Philadelphia. I was hoping that you and Dr. Scholz would board the train when we stopped in Baltimore to pick up a few more passengers."

It was good to hear from you, Mitch. You see we did receive the letter, but we hope you understand why it was delayed in transmission. Incidentally, why didn't you ever make that 40-mile trip to Baltimore in two years? Delighted to hear about that rank, Lt. Commander!

ED KILMURRAY and his good wife welcomed the birth of Maureen Ann back last July. To him we send our very best congratulations.

While we were at Notre Dame in June we spent a good deal of time with JIM DOYLE of Chicago. On our return Jim wrote us a word about GEORGE MENARD which he thought would be of interest to all of you. It seems that George (you all remember that voice in the Glee Club) is doing big things in TV out Chicago way. He got quite a blow for his "George Menard's Farm Town U.S.A." program in the "Chicago Tribune" TV Column. Our best, George!

And so that's it! We sit and we wait! Will the '35ers come through?

# '39 15 YEAR REUNION

## JUNE 11-12-13

### 1939

Vince DeCoursey  
1917 Elizabeth  
Kansas City 2, Kansas

If it wasn't for the football team making an occasional excursion into this part of the country, it would almost be impossible to keep track of some of the boys.

The game at Norman, Oklahoma, brought out most of the Kansas, Oklahoma, Texas contingent and I had the good fortune to see a few of them. Had a chance to shake hands with **PHIL NORTH** before the game; **TEX HAGGAR** was up from Dallas with his brother; **TOM FOY** in from New Mexico. Incidentally the game was just fine, although I imagine the players felt a little parboiled.

Have word from **FRANK O'LAUGHLIN**, first time in years. He has been awarded a Fulbright Scholarship for a year's study in Naples, Italy, and sailed September 4 with his family (wife and six-year-old son) from New York. Frank is a faculty member of Hobart University, Geneva, New York.

If **NORM JANDOLI** sees this I hope he understands that sometimes printing schedules and other things delayed his now two-month-old letter from seeing publication. Hope this gives some sort of redress. Norm goes into a long period of reminiscence about football, Saturday steaks, and of all things the movies at Washington Hall. (It seems he saw most of them again during the war—and has probably seen them again over television.) Norm wants to know what has happened to **JOHN McDONOUGH** and **TOM MCINTYRE**—so would I.

Norm was with a lumber company until he accepted a position with the 11th Airborne Division and after travels through the islands of the Pacific and a sojourn in Japan, returned to the states and is now in the insurance business at Newark. He lives at 485 Linden Place, Orange, New Jersey.

That's about all the news. But it is not too early to put down a remembrance date—the fifteenth (Gad!) reunion is scheduled for June of 1954. Those who were at the reunion in 1949

will long remember the fine time experienced, and this one should be even finer. More plans later.

**ALFRED O. KIEFER** has opened his own pharmacy at 201 South Seventh Street, Dade City, Florida.

**HARVEY G. FOSTER** is the new special agent in charge of the Federal Bureau of Investigation office in Cincinnati.

**WILLIAM G. O'HARE, JR.**, has moved to 4515 Russell Dr., Austin, Texas, to take over as Dean of the College of Commerce at St. Edward's University. Bill now has two young sons, William G., III, 3, and Gregory, 1.

**JOHN E. DEMOSS** has left the Notre Dame faculty to take over as Chief Metallurgist for the Keystone Carbon Company, Inc., of St. Mary's, Pennsylvania.

**DAVID BERNARD** has been in General Hospital, Los Angeles, for several months with polio.

At the recent Notre Dame-Oklahoma football game the only classmate I saw was **BILL EARLEY**, who was helping Coach Leahy run the victorious Irish against the Sooners on a 94-degree afternoon. At the pep rally the night before the game I saw **MIKE CARR** and his wife, in from Indianapolis for the big game. At the rally Father Hesburgh was made an honorary Indian Chief and presented with a ceremonial head dress—probably the fanciest biretta he now owns!

While Notre Dame was operating in Norman, Oklahoma, **BUD DUDLEY**, new Athletic Director at Villanova (and recently-elected President of the 1943 Class) had his team in Austin, Texas' 96-degree heat facing the University of Texas. Bud has received far-flung publicity for his exceptional job of rebuilding Villanova's football fortunes. He recently, on the season opener, drew about 95,000 fans by selling a block of 60,000 tickets to a local supermarket. He recently gave a talk to the New York Football Writers' Association to explain the methods of his high-powered operation.

The last issue of the **ALUMNUS** contained the names of the Reunion registrants. For those of you who could not attend we will briefly explain what took place over the BIG week-end. Registrations began on Friday morning and several of the arrivals from the East began to appear. For the first time, the Alumni Office decided to try a single fee registration that covered the complete cost of the week-end. For a fee of \$20 the registrant received his meals, lodging, greens fees, class cap, etc. This plan was met with complete approval, and probably will be continued in the future. The Classes of 1943 and 1948 were lodged in Dillon Hall; the Rec Room was converted into a beer hall and began operating at 10 a.m. Friday. Sandwiches were available at noontime. Since most reunioners arrived late Friday the opening event was scheduled for Friday evening. Rosie's served a spaghetti and meat ball dinner in the Vet Rec Hall. It was at this affair that the Blue and Gold tickets for Class Officers were announced and elected. The new administration was NOT responsible for the meat balls on Friday despite any claims that might be made. It so happened that the Congregation had just finished a retreat and had a special dispensation, applicable to the entire Notre Dame area, which allowed meat on Friday. It has been the Alumni Associa-

By a slim margin the Blues were awarded the decision. And, in the balloting, FRANK KAISER out-Eisenhowered the General's Minnesota primary performance by polling an astonishing number of write-in votes, just a few shy of the majority. For this reason the Class of 1943 has instructed the Alumni Office that the office of Ambassador of Good Will has been created and the first officer is FRANK KAISER. With Frank's unbounded loyalty to the University, I am sure that he will hold the office perpetually.

After Friday's dinner the group moved back to the Rec Hall at Dillon. It seemed that this particular Reunion was better than the 5-Year Reunion in that all of the activity was centered on campus and the group was held together for the entire week-end.

Saturday morning FATHER JOHN LYNCH, Prefect of Religion in our campus days, read the Class Mass in remembrance of the living and deceased members of the Class. After the Gospel Father read the list of the deceased. This list is the most accurate we have at this time, and I would appreciate your writing either to me or to the Alumni Office to make modifications.

Immediately after the Class Mass the Class Picture was snapped on the Library Steps. This picture was published in the last issue of the ALUMNUS. At noon a box lunch was served in the Rec Hall, and due to the exceptionally fine weather prevailing over the week-end most of the lunches and refreshments were consumed in the courtyards between Alumni and Dillon Halls. Later in the afternoon there was golf and softball. In the golf department the class of 1943 did quite well. BOB ROGERS was the 36-hole champion and BILL EARLEY was runner-up in the 18-hole gross championship. In baseball a scrub match was taken 11-5 by the MUELLMANS over the MORG GREENS. Many of the men walked around the campus to inspect the

new buildings, particularly the exceptional O'Shaughnessy Liberal Arts Building and the Newland Science Hall. On Saturday evening the traditional banquet was held at which Father Hesburgh was the principal speaker. It was at this dinner that the 25-Year Reunion class entered in spectacular fashion led by a brass band.

And that was the program, as on Sunday everyone left for home. There is no need to dwell on names since you have seen them published in the last issue. Suffice to say they are all doing well—and each and everyone there made you feel as if you were the closest of friends.

A couple of recent marriages to report are those of BILL UNGASHICK and of ED HANRAHAN.

FRANK STUART is now with Dolan Steel Company of Bridgeport, Conn. His new address is 11 Beechwood Terrace, Wellesley, Mass.

The Alumni Office is going to attempt an Alumni gathering after the football games this year. An announcement will be made during the games designating a gate at which various class groups will meet. So, listen for that announcement.

REV. WILLIAM CURTIS is the new chaplain at Lowry Air Force Base in Denver, Colorado.

JOHN R. BATY, LL.B., has terminated his association with the Office of the Attorney of the State of Missouri and opened an office for the general practice of law at 509 Scarritt Building, Kansas City 6, Mo.

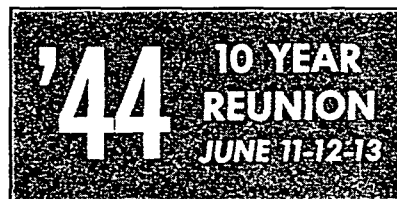

WILLIAM L. HERZOG has been transferred to Long Beach, California, by IBM and is now residing at 5547 St. Irmo Walk with wife Marilyn, daughter Susan, 4, and son Mark Edward, 1. He ran across BILL WALDNER, who was straightening out a hospital air conditioning system out there.

## 1944

George Bariscillo,  
515 5th Ave.

Bradley Beach, N. J.

The bold type at the head of this column announces the fact that our long-awaited ten-year

reunion is now only a matter of months away! It is to be hoped that the preliminary arrangements and plans are being made now by each of our classmates so that we'll have a record turnout at ND next June 11, 12 and 13. Your secretary was privileged to attend the Second Class Secretaries' Conference on the campus this past June and had an opportunity at that time to observe this year's crop of reunionites. They seemed literally to be having the GREATEST time of their lives; that may be a slight overstatement, but only slightly so! Those who were able to make our 5-year reunion will immediately recall the unforgettable weekend. We're sure they'll all be back; and we do hope that those who weren't able to be at the reunion back in '49 will show at this coming get-together. You're getting plenty of advance "warning," so be thinking about it, circle the dates on your '54 calendar and, like Christmas shopping, make your plans to attend EARLY so there won't be last-minute disappointments and regrets.

Class "Prexy" DICK DOERMER came over to ND from Fort Wayne last June and we spent some time discussing plans for the reunion. JOHN LYNCH, who is now Managing Editor of the Ave Maria has consented to be local contact for us as arrangements take shape. We hope to have City Chairmen, or "recruiters," in the larger cities to help round up the gang (any volunteers?). More on this later.

Reports were filed from New York, Ohio, Michigan and California, so into the news on your secretary's desk:

FRANK CARVER (Altona, N. Y.) heartily endorses BILL TALBOT's suggestion of a '44 Dome, recently reported in this column. "Back in February, 1944," says Frank, "I plugged for a little recognition for our class at that commencement time. I suggested that at least a picture of each graduate appear with the story in the Scholastic. What we got was a cover picture of TOMMY SHELLWORTH, myself and RAOUL DEMAMBAY departing from campus. So I hope that something very worthwhile results from the new plan." Frank, who is a salesman for Electrolux, married Mary Herman of Carnegie (Pittsburgh), Pa., on November 25, 1950; they have two sons, Michael and Mark, and expect a third at Christmas-time. He sends his best to his brother Knights of Columbus of '44 and is looking forward to the reunion with the "old-timers" come June.

"TOMMY" KERRIGAN (110 Bouquet Ave., Youngstown, Ohio), is another '44er who reports he'll be on hand in June. He recalls that the gang who played basketball at the "Rock" pledged to have a repeat game at the 10-year reunion. Following take note: MIKE KELLEY, DAN CASEY, GENE PILAWSKI, LEO LARDIE, FRANK VIGNOLA, STRATTE COORLAS, BOB BURKE and JIM PLATT. Tom was up at Olean, N. Y., recently and ran into NICK AMATO who is teaching History at St. Bonaventure, and he reports seeing GRIFF ALLEN regularly at the Youngstown Notre Dame Club weekly lunches.

JIM DANAHER, who is with Ford at Dearborn, Michigan, checked in with another of his welcome reports. Jim is no longer with the advertising agency of Brooke, Smith, French and Dorrance, but is now associated with "Radio and Television Relations," a new department of the Ford Motor Company. He's engaged in contact work with radio and TV station managers and news editors throughout the country; consequently, much travel duty. He has three offspring and is expecting a fourth in October. (Sounds like a likely candidate for "the most fathered man" of the class. Title to be conferred on the winner at the reunion!) Jim extends an invitation to any of the boys who may be in the Detroit area to drop in at the Ford Rotunda, look him up, and take a tour of the Ford assembly line, which is quite something.

BILL SCHEUCH (708 36th Street, Manhattan Beach, California), is still another who hopes to be on tap in June. Bill is with North American Aviation in the Guided Missile Division, Test Laboratory, and has two children, Mike (for J. MICHAEL MALLOY) and Patty Lou. "Believe the last classmate I saw," writes Bill, "was JIM PLATT. He had just been married and was at Camp Pendleton awaiting orders for Korea. He served a good hitch in World War II

Group photo of the Canton Club's annual picnic.

(Navy), went back to Northwestern for a law degree, found the Naval Reserve too dull and joined the Marine Reserve!! This is probably old news to many Chicagoans—which brings me to wonder at what happened to GENE PILAWSKI? Also would like to hear some news of RED BURKE, MIKE MALLOY, JOE FIEWEGGER, BILL JOHNSTON—we used to exchange Christmas cards but even that I guess became too much of a chore!!!" (We agree, Bill, it's a shame to lose contact with the gang, but thanks to our reunions—though only once every five years—we are able to renew those wonderful friendships, relive those unforgettable days beneath the Golden Dome, and exchange personal experiences and events that have taken place with all of us in the intervening years.)

Bill endorses Talbot's suggestion of a '44 DOME, and we agree it is a very excellent idea. It's difficult, however, setting up the details for such a project through our ALUMNUS column, so a full discussion of the plan should be had at the reunion. In the meantime, if any would care to contact BILL TALBOT direct on his suggestion, his address is 300 Main Street, White Plains, N. Y.

Received an announcement from DR. DANIEL J. ROURKE who has opened his office for the practice of Internal Medicine at 1339 Union Street, Schenectady, New York. . . . We were saddened to learn of the passing of JIM McDONOUGH's father. (Jim was one of four sons to graduate from ND).

WALLACE P. CHRISTMAN won the annual Green Bay-Brown County Golf Tournament on September 5, 6, 7, 1953.

F. R. BEAUDINE has been appointed manager of the industrial engineering department of the Ball-Band Plant of Mishawaka, Ind. He now resides at 1101 Rose St., South Bend.

Air Force Capt. FREDERICK E. LOESCHER, class of '44, has been assigned as squadron commander of the 2843rd Depot Wing at Olmsted Air Force Base. He had formerly been stationed at Camp Stoneman, Calif.

Now before closing, and without fear of being criticized, redundant, and repetitions, we say again: PLAN NOW TO ATTEND OUR 10-YEAR REUNION NEXT JUNE!!!!

### THERE ARE ALWAYS THE SLOW:

Our class treasury is growing pretty fast, thanks to those who remembered to send in their dues. However, we still have quite a few who are a little slow, and who have not gotten around to doing what they would like—to send in their dues, and get this pest Al off their backs!! We want to extend our thanks to the following men who, in addition to those men whose names were

printed in the last two issues of the ALUMNUS, have sent in their dues:

RUDOLPH ANDERSON, THOMAS BRUNDAGE, JOHN CARON, BILL CASTLE, DAVE CHAMPION, TOM CLIFFORD, JIM CLYNES, GERRY COSGROVE, CLARK FISHER, CHARLES FITZGIBBONS, JOHN FLEAKA, EDWARD FORTIER, PAT FILLEY, BOB GRIF-FEN, JOHN GUTHERIE, JOHN HERRIGAN, JOHN JOHNSON, JOHN KEARNY, RAYMOND KOPITUK, JAMES LAMB, JOHN LAWSON, LOUIS LAUTH, FRANK LUKAS, ROBERT MCCARTHY, BILL McNEIL, FRANCIS MALONE, CLIFF MARKS, PAT MAZZA, JOHN MEYER, RAYMOND MICHOIS, THOMAS NOLAN, JIM O'CONNOR, JOHN O'ROURKE, FARRE "TEX" PEQUIGNY, ERNIE RAUSCHER, ROBERT REARDON, OLINDO ROSONELLI, LEO RUOF, JOHN RYAN, DICK SADOWSKI, BERNIE SCHOO, JIM SCHWEICKERT, BOB SCHIEL, JACK TREACY, JOSEPH "JD" USINA and DICK WHITING.

### NROTC PLEASE TAKE SPECIAL NOTE:

Unlike 1950, the next reunion of the NROTC '45 group will be held in conjunction with the rest of the '45 class, in June of 1955. Plans are already underway for the gala reunion, with special events such as a smoker or a dinner solely for NROTC men. The reunion will be for ALL men of the '45 class—and no one better stay home!! Here are some of the early letters on the subject:

From J. D. USINA:

"Thanks for your letter. I have been much on the hop here what with the fleet—IOWA and four destroyers in Oslo for a few days and then the normal run of things. That might help explain a slight delay in answering.

"I feel the NROTC should combine with the regular reunion from here on and be with the rest of the '45ers—perhaps with a few functions just for the NROTC. To my knowledge there are no plans underway or anticipated by the NROTCers for any reunions in the future.

"I am completely out of touch with the class at present and so I am not even sure of Father Carey's whereabouts, but I think he would still have his interest as before. As for an NROTC aide, I would suggest a note to BILL KLEM at 528 Manchester Drive, South Bend, Indiana, saying I had suggested him as a class contact and he might be able to help you in the planning and organization.

"If I am in the States come reunion time and can make it, you bet your life I will be there. If there is anything more I can do from long range would be happy to try. Do try Bill Klem as he is the best one I know of at

Dearborn Club Communion Breakfast. Left to right: Father Tom O'Donnell, '41, Pete Kernan, '49, Pres., Jerry Sarb, '48, Past President.

FRANK X. O'NEIL, '30, Long Beach, Calif., has been in the employ of Standard Oil Co., since graduation.

the moment. My best regards to all the class."

From BILL KLEM: "I know you have been receiving plenty of excuses over the last few weeks so I have no intention of adding mine to your long list. Your letter of recent date arrived and I see that J. D. USINA still remembers his old friends even though he is in Oslo, Norway. In accordance with his wishes and yours, I will be glad to be the coordinator for the NROTC in the 1955 reunion, but I must warn J. D. to remain out of the country or risk being on a committee; that is a promise!!

"This note is intended only to be my acceptance of the job—a job I accept with pleasure, Al, and I will write you later for details after the reunion plans become more firm. Best of luck to you and all in the class."

From JIM CLYNES: "I received your latest communication regarding our reunion. I think it is an excellent idea to combine with the NROTC members of our class.

"I would be only too happy to aid in any way in connection with the reunion. I see by your letter that you have not received much cooperation dues-wise from the members of the class. This does not amaze me since I received the same lack of cooperation from the members of the Notre Dame Club of New York."

CONCLUSION: It's going to be a swell reunion with the WHOLE class—NROTC—civvies, graduates, fellows who didn't make it, and those who aren't sure—attending en masse. With a few real helpful hands integrating the work ahead, we'll sail in!!!

Mrs. George Hughes (seated center) with her Notre Dame "medical" family of Columbus, O. All five sons are doctors and all received bachelor of science degrees from ND.

L. to R.: Joseph, '31; Robert, '45; Martha, daughter; Thomas, '38; Mrs. Bergman, daughter; Patrick, '48; Henry, '41.

#### LETTERS FROM DEPARTMENT:

From CLARKSON S. FISHER: "Sorry to be so late in sending my dues but because of the notices and letters being sent to my old address, I learned of them being due only yesterday. My new address is 23 E. Highland Avenue, Atlantic Heights, New Jersey. Thanks for your patience."

From JOSEPH M. SYLVESTER: "I surrender as a result of your latest edition. Here's my dues. Best regards."

From CLIFF MARKS: "Contrary to what you say, I am always the last to leave a party but I always try to out-fumble when the check arrives. You have caught me—enclosed find one buck.

"By the way, I'm still out at MAC and I have run into John Parchem and Dan O'Rourke recently. Hank Payne lives a couple of blocks away. Have you ever heard from Ken Schultz?" (Cliff, we got word from Ken back in February, 1951, but nothing more since. He'll write very soon now since I just got a note off to him. As for JOHNNY PARCHEM, if you see him, tell him I'd love to hear from him, and what he's doing, along with news of how Dottie, his wife, and his little girls are doing. Best of luck to you, Al.)

From WILLIAM J. McNEIL: "Herein please find the \$1 for my dues. Sorry I forgot about it this long. Do hope that the other fellows of the class have had the good luck and are as happy as I have been with my field of architecture." (Bill's in the Kahl Building, Davenport, Iowa.)

From RAY NICHOLS: "I don't believe that we had ever met before, but I would like to congratulate you upon the fine work which you have done in regard to the class of 1945. I left Notre Dame in February of 1945, got my medical degree at George Washington, have spent a few years in the Air Force, and currently am specializing in orthopedic surgery. I am scheduled to go to Shreveport, Louisiana, in December where I will do a year of crippled children's work. In the meantime, I have become married and have two children.

"I am happy to enclose a check for one dollar, and please keep me on your mailing list. I would like to extend my regards to all my old classmates, and especially RAY BADDOUR, with whom I shared the ardours of biochemistry."

From RICHARD L. WHITING: "Sure don't want to be known as a 'party pooper,' so please accept the enclosed check to bring me up to date. Keep up the good work and extend my best wishes to the rest of the fellows."

From LOU LAUTH: "I sincerely regret that I have not had time to send in the dues. I have been so busy organizing my new store and being father to five kids, that it has slipped my mind.

"Since campus days I've really been bouncing around. Started out with a grocery chain and eventually headed the purchasing department . . . spent a couple of months in an advertising agency as sales manager . . . then took over the sales management of a local auto dealer . . . finally I counted noses and finding that by now we had five children (Connie, Patrick, Kathy, Irene, and Mike) I decided I'd better buy baby things wholesale, so I opened the KIDDIE KORNER on July 2, 1953. We're going great guns, so far. I have to keep my own books, etc., etc., so Notre Dame stood me well. If any of the fellows are ever out this way, please tell them to stop and see me." (Dear Lou, hope you have enough clothes left over to sell after outfitting your wonderful family. Congratulations, and good luck in everything. Regards, Al.)

From JIM SCHAEFFER: "Very effective, Al."

From PATRICK A. MAZZA: "I'm one of your many classmates who has attempted to grey you prematurely. I've been busy but not too busy that I can't jot a few words and send a small check. Your last appeal certainly got me off my dead you-know-what. (Ed. Note: Can't guess—WHAT is it?)

"Just a little past history on one long lost member of '45. I entered Jefferson Medical Center of Philadelphia in '46, graduating in 1950. I interned at St. Joseph's Hospital in Reading, Pa., and then spent two years in the Air Force. I was separated in July of this year. I opened my offices for the practice of General Medicine in August of this year, and as could be expected, things are slow but I'm not discouraged yet.

"I was married in April of '51 to Marguerite Davy, a graduate of St. Mary's of the Woods in Terre Haute. We have one son, 11 months old,

who looks like a fullback already. I hope this news fills in a bit. Concerning the class reunion, if at all possible, I'll be there with bells on. I'm looking forward to seeing the old gang with eager anticipation." (Good luck, Pat, on your new venture into general practice. Your office at 522 North Tenth Street, Reading, Pa., would be my calling place everytime I get a headache, if it weren't so far from New York. Don't forget that the first year is always the hardest. Keep up the good work. Al.)

From BERNIE SCHOO: "During my vacation my wife and I spent three days in New York with Earl Englert and his family. We visited many honky tonks, restaurants, etc., and had dinner one evening with BILL TALBOT. Earl appears very happy with his wife, four children, and a new home. Bill is still wandering around socially giving all the girls a break.

"From New York we visited Quebec, Montreal, Syracuse, Niagara Falls, and Cleveland. Had a fine two weeks motoring, and leaving our three children home with a baby sitter. Best regards."

From FRANK PENDARVIS: "Enclosed please find my long-overdue class dues and apologies for being so late. I'm not sure whether I'll make the reunion (it's a long way to South Bend from here), but your efforts as class secretary have been appreciated.

"After leaving ND in 1945, I put in a short period of sea duty with the Navy before settling down in my home town of Houston, working with an oil company. After working in various parts of South Texas, and getting married in the process, I was moved to California about two years ago, and have divided my time between upholding the name of Texas and of Notre Dame. Best regards to the class of '45."

From PAT FILLEY: "Sorry to keep you waiting. I just plum forgot about it. Thanks for the reminder. Football season is upon us and naturally we're keeping busy." (Pat's address is c/o Cornell University, Athletic Association, Ithaca, New York.)

From MRS. FRANK MILLER: "I am enclosing the dues for Frank who is on a naval cruise right now. I notice that you work at Sperry Gyroscope Company. Until last year I'm afraid I didn't even know what a gyroscope was, but now it is pretty important to us. Everytime it goes out of commission it means the '880' doesn't have to leave on another trip, so of course we all root that they are not able to fix it. Unfortunately, they usually do.

"I'm flying to Norfolk tomorrow to spend twelve days with Frank before he leaves for Africa. I might add for your class column that we have a little girl Molly—age 3."

From JOHN F. LAWSON: "I enjoy reading your column in the ALUMNUS. I plan to attend the next reunion and am willing to volunteer for any assistance the officers may need at that time."

From FRANCIS FITZGIBBONS: "I have a little information on some of the class members which I will pass on for whatever it may be worth. BOB O'TOOLE is now working in an executive capacity in the Pullman Bank of Chicago. Bob's wife is from Fort Dodge, Iowa, and we see Bob and his wife when they come out to Iowa. We just enjoyed a nice weekend with them at our famous Iowa Great Lakes. Bob's wife and mine were childhood friends at Fort Dodge.

"BOB SINKLE finished Harvard Law School and is now associated with his father in the contracting business in Youngstown, Ohio. I usually hear from Bob around Christmas time but have not seen him since 1946.

"BOB MORRISSEY was ordained a priest in the Benedictine order this past May and is now known as Father Dunstan Morrissey. After our graduation in 1945 Bob and I roomed together in Washington, D. C. Bob was then attending the Foreign Service School of the State Department and I was attending night school at Georgetown University Law School and working for the Federal Power Commission. Bob became a Vice-Consul, and was sent to Alexandria, Egypt. Bob resigned from the State Department after several months and traveled in Europe for about a year before entering the seminary at St. Bede Abbey in Peru, Illinois. I understand that Bob is very happy and I know he will make an excellent priest. Mr. T. Bowyer Campbell who was my excellent world history professor at Notre Dame

## SPOTLIGHT ALUMNUS

FRANK L. LINTON, '34

Frank L. Linton, '34, has recently been appointed Comptroller of the Allied Chemical and Dye Corporation, New York City. He joined Allied in 1946, immediately after the Second World War, and has held various positions in the Accounting Department since that time.

Commissioned in the summer of 1941, Frank was a finance officer with the 33rd Infantry Division. Subsequently, he was transferred to Wright Field, Ohio, and served as a contracting officer administering advance payments until discharge in 1946 as Lieutenant Colonel.

Prior to the war he worked in the industrial engineering department at Armour and Company in the Chicago stockyards in time study and labor cost control work. In 1951 Frank received his LL.B. from Fordham.

is also at St. Bede's teaching history and is an Oblate Novice in the order.

"I frequently see Notre Dame graduates in this area but we do not have a Notre Dame Club in the immediate area. EARL D. BAGAN of the class of '40 owns an excellent men's clothing store in Estherville and JIM KENNEDY of '49 also practices law in Estherville.

"As stated above, after graduation I went to Washington, D. C., for two years and then returned to Iowa and entered the University of Iowa Law School. I received my law degree in the spring of 1949 and have been associated in the practice with my brother Leo since that date. I married Evelyn Murray and we now have two

boys and a girl. Our oldest boy is three today. Evie attended St. Mary's while I was at Notre Dame and finished at Iowa University. Best personal regards."

From JIM O'CONNOR: "Would you please change my address to 1242 Northlawn Drive, Fort Wayne, Indiana. I'm sorry to be so late with this dollar but I've been located at several other places before I finally settled for good here in Fort Wayne, and my mail hasn't always followed me. I'm looking forward to attending the reunion in '55. I'll see you then."

From DAVE CHAMPION: "I have just received your letter subject 'party-pooper' and I am sorry to be arrers in my dues. I don't have any of that U.S.A. green stuff but am enclosing a ten peso note which is worth slightly more than a buck. At the present rate of exchange, you will pick up approximately 15 cents for interest and your troubles. (Note: Dave's note came from Mexico City, where he is Executive Vice President of Soldaduras Y Equipos de Mexico, S. A.)

"I have been in Mexico since the first of the year working for an outfit which is a subsidiary of our company in the States. As you can appreciate, my mail and everything else gets pretty well fouled up. This is the fourth city we have lived in since our marriage six years ago and we are getting used to the confusion of our change of address. Should you have any correspondence for me, I would suggest you write it in care of the company on the letterhead.

"Our setup here is that we have a plant making welding rods in Mexico City and we sell them along with all sorts of accessory items throughout the Republic. We hope to use this plant as an export plant to Central and South America as time goes on. We came very well equipped for this move, my wife and I having had no Spanish in school. We are getting along fine now but when we get stumped we ask one of our three kids what does such and such mean in English and they straighten us out. The youngest says very little, but whatever it is, it's in Spanish.

"I hope to be back in the United States in time for the reunion, but if not, I wish you every success for a swell affair. You can't go too far wrong knowing some of the members of that class!! If any of the class are coming this way, tell them to look us up. We have become pretty good guides and know our way around some of the better saloons."

From BOB RIORDAN: "Sorry I'm so tardy! I will do better. Best regards."

From JOHN FLEAKA: "Your stimulating reminder has brought another stray sheep to the fold. May I apologize and submit my humble dollar. There was and is no excuse for my not writing. Now for a little past history of this stray sheep that almost strayed too far.

"On April 27, 1932, I was married to Miss Sophie Opris of Struthers, Ohio. I am expecting to become a father in January. I am employed in the Accounting Department of the United States Steel Company in this city (Youngstown, Ohio). Every once in a while I see Herbie Coleman; he is located in Canton, Ohio, and is Sales Manager for a Lincoln-Mercury dealer in that city. Herbie goes around at about 285 pounds.

"I can just feel the anticipation mounting for the 1955 reunion, and I am waiting most eagerly for this affair to become a reality."

From JACK TREACY: "Just now got your much-traveled letter. I was just seeing how long I would remain 'lost' now that I am back teaching at Notre Dame. Since '45 my affairs have gone something like this: 1946, back to ND for masters in Chemical Engineering. . . . 1947, off to Wisconsin for a Ph.D. . . . 1950, back to ND to teach. . . . 1951, married to Mary Ann Owens. . . . 1952, Eileen arrived. . . . 1953, 'Kathleen' expected momentarily. Well, enclosed is the dues. Maybe I can be of some help in the reunion plans—if my boys stop asking questions long enough to let me do something in that line. Best regards."

RAYMOND J. KELLY, '15

President Eisenhower recently appointed Raymond J. Kelly, '15, as the new chairman of the Railroad Retirement Board in Chicago. He is a former Detroit lawyer and former national commander of the American Legion.

Kelly, a colonel in the Coast Artillery Reserve, is a veteran of both World Wars and during the Second World War commanded an anti-aircraft battalion in the Pacific area. In the early 1930's he served as counsel for Detroit's municipally-owned street railway system. He is past president of Detroit Lawyer's Club, Michigan Association of City Attorneys, and National Institute of Municipal Law Officers.

even though, contrary to postal regs., you are sending explosives through the mails.

"As for suggestions, one thing which will be obvious to you, is a large group dinner together somewhere. Personally, I'd also like to have one of the present University 'wheels' give us a pep talk on Morally Responsible LEADERS.

"I'll volunteer (horrid word) to help you in any way I can. Wonderful to hear mention of J. D. Usina and NROTC. I'm lucky to claim NROTC as my school frat."

FINIS:

Well, men. I guess that is more than enough for this issue, so I'll save most of the stuff for the next issue??? Keep in touch with me. Best of luck to all. S'long for now. . . . Al.

The deadline for this issue is still a few days away and unaccustomed as I am to meeting deadlines, I'm hard at the notes already. It's not because I've decided to go easy on the Editor for a change, but because the deadline for our second child is up at the same time. So, it's do it now or do it without my re-write secretary, chief cook, and bottle-washer. Then you really would suffer.

Well, here we go after a long, silent summer. **GERRY RAMSBERGER** writes that he is back at ND doing a little graduate work in education. We were wondering if anyone had seen AL CAMPOMENOSI lately. Now that the Yankees have done it again (won the A.L. championship that is; this is being written during the fifth game) even without the "Big Stick," (DiMag, natch) we'll bet he's really on a cloud. Received a letter from LT. PAUL M. SCHAEFER, AO 2224616, 45th Tac. Rec. Sqdn., APO 970, c/o Postmaster, San Francisco, Cal.

"Since I've been in Korea (arrived 27 April) I've run into a couple ND grads. First one was RUSS (JAKE) SKALL, who was my roommate a couple years there. We both graduated in '50. He's with the Eighth Army special services division not far from me—a few miles from Seoul. He had a tape recorder with him and a tape containing JACK (SPARKY) THORNTON'S voice—first time I'd heard it since '50.

The second was LEROY LESLIE, the basketballer, class of '52, who is stationed on this base in Special Services. He'll be here a year depending on the war. Says he's married and has a child.

Leslie says he talked to DICK WARD '51 at another Korean base, where Dick flies F-86s. I was in flying school with Dick at Bryan AFB, Tex., where, incidentally, FATHER NORMAN JOHNSON is Wing Chaplain. Father Johnson is a C.S.C., formerly in the ND English department.

And on my way to Korea, I ran into BOB SANFORD, '50, at Alameda NAS. He was called back into the Navy and is a j.g. He was ready to leave then for Japan.

That's about all, except the fact that I'm flying F-80s here and have 25 missions—75 to go. Hope you can use the above info."

## 1953

Thomas W. Reedy,  
511 Monroe Ave.  
River Forest, Ill.

I am sure you will all be as shocked and as saddened as I was to learn of the sudden deaths of two of our former classmates.

**JOE CONWELL** died of heat exhaustion while engaged in Marine Officer training at Quantico, Virginia, on July 24, 1953.

**JIM MORATH** was killed in an auto accident on August 15, 1953.

Our heartfelt sympathy and prayers are extended to the parents of Jim and Joe—the first deceased of the Class of '53.

I am sure that their parents would appreciate a letter of condolence from those who knew the boys well. Letters should be addressed to:

Mr. and Mrs. Joseph J. Conwell, Sr.  
939 Summit Avenue  
Greensburg, Pennsylvania

and

Mr. and Mrs. James R. Morath, Sr.  
256 North Main St.  
Herkimer, New York

Trying to keep posted on the marriages I am finding to be quite a task. Had the good fortune to attend **TOM LORSON'S** wedding soon after Graduation on June 9. Tom married Anita Campmann, graduate of St. Mary's of Notre Dame at Hammond, Indiana. The Lorsems are now living in Pensacola, Florida, where Tom is taking Naval flight instruction. The wedding party was composed of **TONY CARNEVALE**, **JOHN "TEX" WILKERSON** (best man), **MICKEY DOLAN** and **BOB SCHAFER**. Among the guests was **DICK FALTER**, from Columbus, Ohio, who many will remember before he left school at the end of sophomore year.

**TOM MURPHY** ("big Tom"), married Pat Savage June 13 in Chicago. Tom is awaiting his Air Force orders, which have been postponed, and at the present is living in New Bedford, Indiana, where he is in the executive training program of GM's Alumi-Craft plant.

**BILL GAUDREAU** was married to Mary Kelly in Des Moines, Iowa, on June 13 and at last report was also awaiting Air Force duty orders.

Entering the Holy Cross Seminary at Notre Dame this Sept. 20 to start on the road to ordination are: **AL DECRANE**, **BOB MULLEN** and **PAUL GABLER**. All who know Al, Bob, and Paul know what wonderful priests they will make. We wish them all the luck in the world.

**MARTY WEHNER** spent the summer in Pittsburgh where he was being trained for an engineering sales position with Westinghouse.

At a party at **JERRY O'CONNOR'S** house earlier in the summer, I saw **DICK LOLLA**, **JACK HORAN** and **DICK WEINACHT** just before they embarked for their long-planned journey to Hawaii. While in Hawaii they planned to stay at the home of **HARVEY LUNG** who lives in Honolulu. Jack plans to mix a Chem. Eng. background with Law. He's attending Columbia Law school this fall. Dick Weinacht is entering the Civil Engineers Corps (Navy), and Dick Lolla has just commenced the fall term at Loyola Dental School. Jerry O'Connor plans to journey to Seattle to take a position with BuShips (Navy) for the summer. He hopes to land a commission sometime in October.

**JACK VARNEY**, **JIMMY CELANO** and **TOM**

**QUINLAN** are all enrolled at Georgetown University this fall term where each will work on his Master's degree.

Received a letter from **JIM ROGERS** who is employed at present by the Minnesota Mutual Life Insurance Company (Victor-Winter Agency, First National Bank Bldg., St. Paul, I). He writes: "My official title is a Life Insurance Agent, and I like the job very well. I have also secured the title of husband and also like that task very much. We have a very nice apartment now and everything seems to be running smoothly." Jim informs me that he will be very happy to serve any member of the Class desiring Life Insurance. Free plug.

**DAVE AHLERING**, who left Notre Dame at the end of his Junior year, again resumes his Dental studies at Loyola. He informs me that **TOM SCHAUB**, who transferred from ND at the end of his Junior year to MIT has decided to enter the Priesthood. He will go to Loras College in Dubuque, Iowa, to study Latin for a year and will then enter the Dominican Seminary at Winona, Minn.

**JERRY SMITH**, '53-'54, Grand Knight of the local ND Keycees returned to his Law studies on campus this fall.

**ERNIE BARTELL** spent a month in Hawaii with his parents this summer and finished up the summer working for Bartell Pontiac in Chicago. Ernie is enrolled at the University of Chicago where he will do advanced work in Economics.

**BOBBY BERNER** made the AP wires 3 weeks ago when on his trip to Europe. Seems he was set to sail the next day for New York when somehow or other he lost his wallet containing his liner ticket, passport, and visa. The report didn't say HOW he had lost them. Bob enters Harvard Law School this fall.

**JIM WILCON**, "WHISK" SHEEHAN and **ED BUCKIEWICZ** spent the summer at Fort Lewis, Washington, hoping to become GI medics.

"One of the highlights of the Painesville social season was the marriage of Miss Marilyn Joughlin, popular and attractive daughter of Mr. and Mrs. John Joughlin to Mr. JOSEPH C. COSTANZO of the Lewis Run, Pennsylvania, Costanzos," reports the social correspondent, Louella Fulton. The wedding took place Sept. 5 and was ushered by **LEN LEROSE**—now working for his father and awaiting induction into the Army sometime after Nov. 1—and **RALPH ARGEN**—now enrolled at Georgetown Med School. **GENE GORSKI**, who sang at the wedding, is now doing graduate work in music at ND and expects to get his master's after 3 more semesters. Also among

those attending was, of course, the ever popular and extremely handsome Mr. **KERWIN FULTON** who is now on relief. Kerwin enters Columbia Law school where he starts work on his law degree this fall.

Among the many planning to attend the Navy OCS school at Newport are **JOHN DWYER**, **DICK TROSSET**, **JOE BUCKHEIT**, **HAMPTON LYNES** and **BILL REIDY**.

**JOHN PECK** and his bride, Dolores, are living in South Bend where John sells used cars.

**JOHN MADDEN** will soon enter Loyola Med School in Chicago.

A card from **LARRY TARPEY** informs us that he is entering Indiana University where he is to start working on his master's degree in Business.

Reports from Toledo: **DAN NOE** is now engaged and **JIM BRITT** was married soon after graduation and is now working in Toledo.

**BILL KERWIN** married Roberta Hoffman of Long Island on August 29.

Received a letter recently from Father Al Croce, Holy Cross Priest who is now in Pakistan doing missionary work. Father Croce corresponds with many of the class and informed me that:

"**VIC RILEY** married Marilyn Anne Fellrath at Dearborn, Michigan, on August 8. The Rileys were living in Buffalo until Vic was drafted on Sept. 23.

"**GEARY BECKER** is working for his Dad and is getting some of his music published in between office hours. Geary, you'll remember, wrote the music to the Student Musical. He has given an ND miniature to a certain Chicago girl.

"**TOM KRUG** is to report to Fort Hayes, Columbus, Ohio, on Sept. 30. From there he will report to Fort Meade, Md., where he'll get his training.

"**GEORGE McCOURT** is working for American Seating in Grand Rapids and planning to marry a Grand Rapids girl named Wavajean in November.

"**VICTOR TALLARIDA** recently married a Rochester girl.

"**SYL SCHULTE** is also engaged to a Toledo girl."

Many thanks, Father.

**DAVE McELVAIN**, who has just completed Navy ROTC training in Long Beach, California, and is now at USN Supply School at Bayonne, N. J., sent through a whole raft of guys he's come across in the Met area: "ENS. **WALT STUHLREHER** reports aboard the USS Haven (hospital ship) after his graduation from the USN Supply School. He expects to spend about six months in Japan. ENS. **TOM BAKER** is to report to the USS Botec Cannon (Destroyer tender) which is now stationed in Sasebo, Japan. Received a nice letter from BOB STRALEY who is stationed with the Navy aboard the USS Maury. His address is: USS Maury, AGS-16; c/o FPO, NY, NY. He writes: "I saw BRIAN DUFF on a bus in Norfolk and met GEORGE THOMAS recently at the officers club in Norfolk. I suggest that the ND gobs make the Breezy Point Officers Club their meeting place. I put a sign up there and perhaps we can pass along any pertinent dope by that method."

Word has it that ED CONDON, LARRY EATON and JACK POWERS enter the Navy OCS at Newport this fall.

Just as you enjoyed reading about the activities of the handful of classmates we mentioned here, so too would they like to read about what YOU are doing. Drop me a letter or even a postcard and let us know about yourself and the ND grads you might have run across.
