Color Movie 'Notre Dame' Proves Box Office Smash

Film Center Swamped With Club, School And Television Bookings

The slogan "Movies are better than ever" became a Hollywood commonplace when television began to make terrifying inroads with the motion picture audience. It seemed to assume reality as filmed presentations captured an ever-increasing share of television programming. But a real proof that movies are better, or at least more effective, than ever is the extraordinary success of a half-hour color film entitled, simply, "Notre Dame."

The movie was in production for the greater part of 1956. Its campus premiere was tied in with local premieres in more than fifty cities as alumni clubs observed the 34th annual Universal Notre Dame Night in April. Shortly thereafter it was made available for use by television stations and interested organizations all over the country.

"Notre Dame" is narrated by Joe Boland, '27, nationally known sportscaster, with an assist from Dr. William M. Burke, Director of the University's Office of Student Advisor. The film opens with an exciting football sequence, interrupted at "halftime" by a colorful tour of Notre Dame. In sweeping scenes it depicts the intellectual, spiritual and social life of the University as seen in its classrooms, laboratories and libraries, its church, chapels and shrines, its residence halls, athletic fields and recreational centers, and as exemplified in the hundreds of students and faculty members shown.

Produced by Owen Murphy Productions, Inc., of New York City, "Notre Dame" was filmed entirely on campus under the personal supervision of Owen Murphy of the Class of 1915. It is in Eastman color, the print is by Technicolor Corp. of Los Angeles, and it features the music of the Notre Dame Band and Glee Club and the Moreau Seminary Choir.

Immediately after its release the film was lauded by motion picture trade publications as truly portraying the excitement, beauty and academic seriousness of the University of Notre Dame.

But the most striking thing about the film is the enthusiasm of its reception by alumni clubs, schools, civic and service organizations, corporations, "subway alumni" and televiewers across the nation. By early September it had been viewed by more than sixty alumni clubs and dozens of other organizations with a total attendance estimated at somewhere between ten and twenty thousand alumni and friends. This is remarkable if one considers that the typical audience consists of less than a hundred viewers.

The TV figures are even more striking. By the first week in September the movie had been over more than fifty television stations in 43 cities. The television audience has been conservatively estimated at upwards of three million people. Another group of stations has been invited to televise the picture this fall, and special eve-of-game telecasts are scheduled in many cities where the Notre Dame football team will appear.

There has been a great demand for showings among Holy Name, NCCM, CYO and other Catholic action groups, as well as Parent-Teachers, educators' and Boy Scout meetings. Some corporations have shown it to all executives or sales personnel, while small communities have had multi-group screenings in civic auditoriums. The Lions and other service clubs have been enthusiastic.

High schools and prep schools, originally considered only as a by-product of club showings, are emerging as a major market for the film, which may be instrumental in recruiting thousands of future Notre Dame students. Many alumni clubs now consider the film a "must" for all prospective freshmen.

Since there are permanent prints of the movie in most major city clubs in the U. S., plus several in constant demand at the Foundation Office, "Notre Dame" may some day rank as an academic "Gone With the Wind."

6,000 Students Begin Fall Term Classes

Sermon Preached by Father Hesburgh At Formal Opening of School; Orientation For Freshmen During Six-Day Period

More than 6,000 students are enrolled in Notre Dame's undergraduate and graduate courses during the Fall semester. The University began its 116th academic year with a Solemn High Mass in Sacred Heart Church, attended by the student body and faculty. Rev. Theodore M. Hesburgh, C.S.C., president, preached the sermon at the formal opening. Two new student residences, Keenan and Stanford Halls, and a new dining hall are the latest campus facilities available to undergraduates. These buildings mark the completion of a \$4,000,000 expansion program begun last year. The two dorms will house a total of 600 students while the dining hall will serve approximately 2,000 students.

Approximately 1,500 freshmen underwent an intensive orientation program including a battery of tests and a spiritual retreat or mission prior to the registration for classes.

A new graduate program in gnotobiotics is being offered this Fall for the first time at Notre Dame's Lobund Institute. Prof. Thomas Stritch has been named head of the newly created Department of Communication Arts. The 1957-58 school term will mark the 75th anniversary of Notre Dame's Laetare Medal, the 90th birthday of the Notre Dame Alumni Association, the 10th anniversary of the Notre Dame Foundation, and the 70th year that the University has participated in intercollegiate football.

In his sermon to the students and faculty, Father Hesburgh said that man must not allow himself to be "seduced by the material benefits of science to the exclusion of the deep spiritual val-

ues that he cherished long before the advent of modern science and its accompanying technology."

A man that is well-fed, well-clothed and well-housed can be ignorant, prejudiced and immoral, too," the Notre Dame president pointed out. "A healthy man can be as unjust as an unhealthy man. A long life is not necessarily good or fruitful. Vastly expanded communications devices do not guarantee that much worthwhile is being communicated, and a world brought close together is not necessarily a world at peace. Simplified house-keeping does not guarantee happy marriages; easily accessible amusement cannot banish the boredom of a point-

FASHION NOTE

Beginning this semester all students eating in campus dining halls will be required by the University to wear dress shirts, neckties and coats at evening meals and at all Sunday meals. The announcement of this ruling coincided with similar announcements in several Ivy League schools. The regulation has been contemplated for some time, according to Rev. Leonard A. Collins, C.S.C., Dean of Students, but was made possible only recently by the construction of additional dining hall facilities.

less life; and vitamins are no substitute for virtues," he said.

Father Hesburgh, a member of the National Science Board, stressed the difficulty of the University's task "in a world that is essentially ecularistic and scientifically oriented in its forward march."

Recently appointed Vatican City delegate to the new International Atomic Energy Agency, Father Hesburgh deplored the lack of communication among specialists in the various arts and sciences. He lamented that theologians and physicists, for example, "have not been on speaking terms for centuries—so much so that they no longer speak the same language." He cited evidence, however, that the climate has now begun to change—and on both sides. "The time is ripe," he urged, "to take up a fruitful conversation left aside centuries ago."

Father Norton addresses orientation group.

Editorial Comments from your Alumni Secretary

We have outgrown the corduroy mind and the hob-nailed tongue.

I hope you will read beyond this first sentence, because what I have to say in this issue is essentially complimentary to every Notre Dame alumnus.

James E. Armstrong

Only the minority of you, at this writing, remember the days when it was sartorially correct to wear corduroy pants that often could stand alone, and to suppress, in the exchange of student opinions, any indication of being affected by the academic environment was the tradition.

Those of us who do remember, also remember that from these rough exteriors were ultimately extracted hearts of gold and minds of precious mettle.

As the years have passed, there has been a surface improvement in the appearance of Notre Dame students. Possibly the armed forces wore out the myth that Alger had created—that rags were a means to riches. Possibly unsung sergeants, demanding shine and polish and creases, made a contribution. Perhaps the maturing of personal and social customs outmoded the old cult that virility was in inverse ratio to personal appearance.

My hoped for point in this little appeal is that while the surface has changed, we still have among Notre Dame men the lingering tradition that a confession of serious thought, or an expression of the application of a trained mind to a problem, somehow removes the guilty party from the fraternity of Notre Dame men.

Here in the Alumni Office, where the paths of opinion from many sources cross, we hear from many sides that alumni do not reflect the purpose of higher education in training scholars. We hear that the investment of society in higher education has not been repaid by the leadership the investors may rightly anticipate.

We hear that alumni are still preoccupied with the social and recreational aspects of alumni life — the

football games, the picnics, the dances, the smokers.

We are aware of the published charges of a lack of Catholic intellectual leadership in particular, and the readiness of many administrators and faculty members to subscribe to the charges.

No — this is not the prelude to a new movement, or the preliminary pitch for the Great Books.

I just have a feeling that Notre Dame alumni are no less educated, no less intellectually curious, no less professionally competent, than the corresponding groups of alumni from other colleges and universities.

I know of course that the charges levelled above are general for all alumni, and not just for Notre Dame men.

But the added feeling that I have, from the knowledge of so many case histories of competence, is that Notre Dame men can, and should, refute a lot of these generalities.

This is where the old tradition seems to me to be still lingering under the new surface.

Notre Dame men are reluctant to participate in intellectual groups. They hesitate to assume leadership in intellectual or cultural activities. They are most damagingly reluctant to admit personal interests or accomplishments in these fields.

I think this stems from the older era when there was an assumed stigma attaching to the reflection of a higher education in its most important channels — a feeling that somehow this great and deliberate system of colleges and universities in our democracy was denied by evidence of success, — that the college man tended to create a caste.

But I must confess that when I am faced with the charges, I can only bristle like a defense attorney without evidence, and fall back on speculation and appeals to the jury that sometimes are unconvincing.

Three things would help Notre Dame greatly in pointing with pride to an alumni group that I am convinced justifies it:

1. Get that lamp of learning out from under any present bushels.

2. Stir up a little thinking storm in your Club. If the majority are not too receptive, the minority can still function, and it won't be long before national stimulus is going to make this a majority trend.

3. Start reacting a little bit to the experiments that will be increasingly offered to you. A few ideas have been started at Reunion time. A few more will be continued. The Clubs have been asked to initiate ideas locally. And many fine intellectual and cultural programs outside the Notre Dame sphere of influence are seeking minds trained and privileged as yours are.

People don't expect athletes to remain in full activity very far beyond their campus life; your golf and tennis and swimming may reach a fairly early period of modification; your dancing and social life may call for more careful budgeting after a few years; but your competitive values in the intellectual and cultural areas grow with the years, and can sustain you long after exercise and diet have still slowed down everything else.

Keep thinking.

—Jim Armstrong

LT. COL. MERKLE, '39 ASSIGNED TO AFROTC

The appointment of Lt. Colonel Matthew H. Merkle, '39, as Commanding officer of Notre Dame's Air Force ROTC unit and as professor of air

science and tactics has been announced by Air Force Headquarters and the Rev. Theodore M. Hesburgh, C.S.C., university president.

Lt. Col. Merkle

Col. Merkle has been serving as a logistics officer at Headquarters of the U. S. Air Forces in Europe, Wiesbaden, Germany. He holds the rating of senior pilot in the Air Force and overseas tours of duty include New Guinea, the Philippines and Hawaii from 1944 to 1947 and Germany for the past three years. Col. Merkle is married to the former Louise M. Gerwels of Tacoma. They have two sons and two daughters.

(Ed. Note: This is the first of a series featuring the Notre Dame faculty. Alumni will have an opportunity of "meeting" the Deans, Department Heads and members of each Department as the series progresses.)

REV. CHARLES E. SHEEDY, C.S.C.

Dean of the College of Arts and Letters

Father Sheedy was appointed dean of Arts and Letters at Notre Dame on June 27, 1952. Formerly he had served as head of the Department of Religion at the University since 1950.

Born in Pittsburgh, Pennsylvania, Father Sheedy entered the novitiate of the Congregation of Holy Cross on February 2, 1937, and was ordained to the priesthood in Sacred Heart Church, Notre Dame, on June 24, 1942 by the

Most Rev. John F. Noll, Bishop of Fort Wayne.

Previously he had received his Bachelor of Arts degree at Notre Dame in 1933 and three years later an LL.B degree from the University of Pittsburgh. He studied at Holy Cross College and the Catholic University of America, receiving his Licentiate in Sacred Theology in 1945 and his doctorate a year later.

Father Sheedy's published works include *Eucharistic Controversy of the Eleventh Century*, 1947; *The Christian Virtues*, 1950, a textbook used in the teaching of courses in Catholic Morals, and several articles.

In 1954, as dean of Arts and Letters, Father Sheedy presided over the first major curriculum change the college had seen in more than thirty years. This revision of the liberal arts program evolved in part from recommendations in *The Curriculum of a Catholic Liberal College*, the report of a self-study committee made possible by a grant from the Ford Foundation's Fund for the Advancement of Education. The new liberal arts curriculum calls for a simultaneous compression and intensification of basic studies and a close collaboration between instructors of varying specialties in dealing with the students' problems.

Father Sheedy is well known to post-war alumni as a dedicated golfer, a genial prefect of Sorin and rector of Dillon and Farley Halls.

FACULTY PROFILES

DR. JAMES W. CULLITON

Dean of the College of Commerce

Appointed dean on October 11, 1955, Dr. Culliton succeeded James E. McCarthy, who was designated dean emeritus in charge of the college's development program.

As head of Notre Dame's largest undergraduate college Dr. Culliton directs the academic work of more than 1,500 students and coordinates the teaching and research of thirty faculty members. Under his general supervision are the departments of Accounting, Business Administration, Finance and Marketing as well as the Program for Administrators.

A former faculty member (1937-41, 1944-51) at Harvard University, where he received his master's and doctor's degrees, Dean Culliton joined the Notre Dame faculty in 1951 as a visiting professor and the following year was instrumental in founding the Program for Administrators, of which he was the first director. The new program, while providing a liberal education, stresses the development of administrative skills and the talent for human relations in the business executive.

Dr. Culliton was born in Buffalo, N. Y., and was graduated from Canisius College in 1932. He studied for advanced degrees and did research at the Harvard Graduate School of Business Administration. Receiving his doctorate in 1941, he served for a year as head of the department of management at Boston College. From 1942 to 1944 he was executive director of the Post War Readjustment Committee of Massachusetts. For the next seven years he was an associate professor on the Harvard faculty and an associate editor of the *Harvard Business Review*.

Author of several publications, including *Writing Business Cases*, *The Management of Marketing Costs*, *The Use and Disposition of Ships and Shipyards at the End of World War II* and *Make or Buy*, Dean Culliton has also written many articles.

DR. KARL E. SCHOENHERR

Dean of the College of Engineering

A native of Karlsruhe, Germany, Dr. Schoenherr came to Notre Dame as dean of Engineering in 1945 after twenty-three years of service as a naval architect and marine engineer.

Dr. Schoenherr was born December 29, 1893, and educated in German gymnasias. He went to sea at fifteen and sailed for nine years in steamers along the Atlantic coast and Gulf of Mexico. At the end of World War I he entered the United States and secured his citizenship in 1921.

From 1918 to 1922 Dr. Schoenherr attended the Massachusetts Institute of Technology, receiving a Bachelor of Science degree in Naval Architecture. During the following eight years he pursued post-graduate studies at the U. S. Bureau of Standards, George Washington University and Johns Hopkins University. He received a Master of Arts degree in Physics from George Washington in 1930 and a Doctor of Engineering degree from Johns Hopkins in 1932.

In the service of the U. S. Navy at the David Taylor Model Basin, now at Carderock, Maryland, Dr. Schoenherr rose rapidly from junior engineer through various grades to the position

of principal naval architect. He became chief of the Hydro-Mechanics Division at the model basin in 1942 and was awarded the Distinguished Civilian

Service Medal for his work there during World War II.

A propeller designed by Dr. Schoenherr in 1951 was chosen to power the largest tank ship ever constructed at that date. He is the author of several papers and co-author of a book on naval engineering principles. At Notre Dame he directed the College of Engineering while it underwent a great expansion. It was under his direction that the first night courses in engineering were offered in 1953. In 1955 he received a citation from the American Society of Mechanical Engineers.

the campus today... NOTRE DAME, INDIANA

250 in Summer Commencement

The University awarded approximately two hundred graduate degrees and fifty undergraduate diplomas at its summer commencement exercises in the University Drill Hall, August 6.

Prof. Walter M. Langford, head of the department of modern languages, delivered the commencement address. Rev. Edmund P. Joyce, C.S.C., Notre Dame executive vice president, presided at the ceremonies and conferred the degrees. Music for the convocation was provided by the University Summer Orchestra conducted by Prof. Charles Biondo.

The majority of the students receiving advanced degrees were nuns, most of whom have studied at Notre Dame during five summer sessions. Virtually all the nuns are teachers in Catholic colleges, high schools and elementary schools throughout the country.

Prof. Langford has been a member of the Notre Dame faculty since 1931. A specialist in Spanish and Portuguese, he was educated at Notre Dame and at the National University of Mexico. He is a member of the Modern Language Association and is a former Indiana chapter president of the American Association of Teachers of Spanish and Portuguese.

Father Collins Named Dean of Students

Rev. A. Leonard Collins, C.S.C., has been appointed prefect of discipline at Notre Dame, according to an announcement by Rev. Theodore M. Herburgh, C.S.C., and the title of the office has been changed to "dean of students."

Father Collins succeeds the Rev. Charles I. McCarragher, C.S.C., who recently was appointed to the Provincial Council of the Holy Cross Fathers Indiana Province. Rev. William McAuliffe, C.S.C., had been serving as the acting disciplinary officer for several months.

During the 1956-57 school year Father Collins was rector of Morrissey Hall. He was superior of Moreau Seminary from 1946 to 1949 and headed Holy Cross Seminary from 1949 to 1952. He has also served as chaplain at St. Edward High School, Lakewood, Ohio, and as director of Andre House at Notre Dame. For several years he has been director of the annual summer Institute of Spirituality at Notre Dame.

A native of Revere, Mass., Father Collins entered the novitiate of the Holy Cross Fathers in 1934 and was graduated from Notre Dame in 1938. He was ordained to the priesthood by the late Archbishop Noll of Fort Wayne on June 24, 1942.

NSF, AEC Award Grants to Faculty

Grants from the National Science Foundation and the U. S. Atomic Energy Commission totaling \$8,061 have been awarded to four Notre Dame faculty members, according to an announcement by F. X. Bradley, Jr., assistant dean for research of the Graduate School.

Rev. Eman McMullin, a specialist in the philosophy of science, has received a \$3,400 NSF grant to carry on studies on "The Implications of the Quantum Principle of Uncertainty," principally at Yale University. An Irish priest, Father McMullin began teaching at Notre Dame in 1954. He holds degrees from Maynooth College in Ireland and a doctorate from the University of Louvain in Belgium.

A grant of \$3,000 has been awarded to Dr. Guiseppe Parravano, associate professor of chemical engineering, in support of his research on "Zone Melting Techniques in Fractional Crystallization." Prior to joining the Notre Dame faculty in 1955 Professor Parravano served for seven years as a research associate at Princeton University. He holds doctorates in chemistry and engineering from Rome University, Italy.

A third NSF grant of \$1,000 will support research on "Vapor Phase Chromatography" under the direction of Dr. G. F. D'Alelio, head of Notre Dame's chemistry department. Professor D'Alelio, an authority in the field of polymer chemistry, formerly was vice president and manager of research for Koppers Co., Inc., Pittsburgh.

Dr. James P. Kohn, assistant professor of chemical engineering, attended the Summer Nuclear Engineering Institute at Iowa State University, Ames, on a grant of \$661 provided by the Atomic Energy Commission. A specialist in phase equilibrium, he holds degrees from Notre Dame, the University of Michigan and the University of Kansas.

Graduate Receives Fulbright Award

John Louis Heineman, a 1957 Notre Dame graduate, has been awarded a Fulbright grant for graduate study abroad during the 1957-58 school year, according to Rev. Paul E. Beichner, C.S.C., Dean of the Graduate School.

Heineman is the son of Mr. and Mrs. George Heineman, 1224 Central Ave., Connersville, Ind. He will study German history at the Free University of Berlin. He is the sixth Notre Dame student to receive a Fulbright award in recent weeks.

Heineman comes from a prominent Notre Dame family, counting his grandfather, father and uncle among N. D. Alumni. His grandfather,

John L. Heineman, '88, founded the Connersville Scholarship here in 1926.

Previously announced Notre Dame Fulbright grant recipients for 1957-58 include William Slavick, Shelby Center, Tenn.; Douglas Cole, Forest Hills, N. Y.; Martin B. Tierney, Fort Wayne, Ind.; Bernard G. Browne, Tuckahoe, N. Y.; and Paul N. Clemens, Washington, D. C.

Theologian Scores Catholic Scholarship

American Catholics have not produced their share of intellectuals because of their "obsession with the apologetic defense of Catholic positions," according to Rev. Gustave Weigel, S.J., professor of ecclesiology at Woodstock College, Woodstock, Maryland.

Due to this "defense mentality," the Jesuit scholar contends, philosophy and the disciplines are often used at Catholic schools "not as opportunities for the calm contemplation of truth but rather as occasions to defend theological orthodoxy." As a result, he argues, "a debating defender of Catholic causes is produced rather than a novice in scholarship."

Father Weigel has expressed his views in an article entitled "American Catholic Intellectualism—A Theologian's Reflections" in a recent issue of Notre Dame's REVIEW OF POLITICS. A faculty member at Woodstock since 1952, Father Weigel served as dean of the theology faculty at the Catholic University of Chile from 1942 to 1948.

Christian Brothers 'House of Studies'

The Brothers of the Christian Schools have established a graduate house of studies at Notre Dame, it was announced jointly by Brother I. Philip, F.S.C., provincial of their St. Louis province, and Rev. Paul E. Beichner, C.S.C., Dean of the Graduate School.

The project is a joint undertaking of the Christian Brothers' six provinces in the United States. Brothers from this country and Canada who are assigned to Notre Dame for graduate study will reside at Andre House, a large home situated on the campus near the stadium.

Religious Play Written by Nun

A cloistered nun is the author of "La Madre," a play presented by summer drama students at Notre Dame.

Sister Mary Francis, P.C., of Our Lady of Guadalupe Monastery, Roswell, New Mexico, has written the religious drama which depicts the climactic years in the life of St. Teresa of Avila. Perhaps best known for her book, *A Right to be Merry*, Sister Mary Francis also wrote "Domitille," a play produced by Notre Dame's speech department during the 1955 summer session.

"La Madre" is the seventh religious play to be produced at Notre Dame during the past five years. Natalie E. White, author of three of the previous productions, directed a cast made up predominantly of nuns studying for advanced degrees in drama at the University.

Leonard Sommer, acting head of the department of speech, was the producer of "La Madre" and several other theatrical events presented at Notre Dame in the summer.

Father Hughes Made Monsignor

Rev. Philip Hughes, the noted English historian of the Church and professor of history at Notre Dame, has been elevated by Pope Pius XII to the rank of domestic prelate with the title of Right Reverend Monsignor.

Monsignor Hughes received word of his appointment from the Most Rev. George A. Beck, Bishop of the Diocese of Salford in England, of which he is a member.

An authority on the history of the Church and the English Reformation, Monsignor Hughes joined the Notre Dame faculty in 1955. He currently is writing the fourth volume of his church history series dealing with the period "From Luther to Jansenius." He received an honorary Doctor of Literature degree from Villanova University, June 3rd.

C. S. C. Brothers Staff African School

Four American Brothers of the Congregation of Holy Cross will leave this fall for West Africa to staff St. John's Secondary School, Sekondi, Ghana. Brother Donatus Schmitz, C.S.C., Provincial of the Brothers Midwest Province, has named Brother Rex Hennel, C.S.C., Assistant Headmaster, Notre Dame International School, Rome, Italy, as superior of the newly acquired mission in Ghana. Brother Rex will be assisted by Brother Eduardo Michalik, C.S.C., St. Edward High School, Cleveland (Lakewood), Ohio, and Brother Donald Allen, C.S.C., St. Gregory's High School, Dacca, East Pakistan.

The Holy Cross Brothers, who work on four continents and in ten nations, are entering the Mission Field of the newly established nation of Ghana at the invitation of the Most Rev. William T. Porter, S.M.A., Archbishop of Cape Coast.

Seminar Probes Intergroup Relations

A three week Seminar in Intergroup Relations was held at Notre Dame during the summer conducted by Dr. Gordon W. Lovejoy, national program consultant of the NCCJ and Dr. John J. Kane, head of the Notre Dame sociology department.

Approximately twenty-five priests, Sisters, lay teachers and persons engaged in social work participated in the sessions which were sponsored by the University in cooperation with the National Conference of Christians and Jews.

The seminar analyzed contemporary racial, ethnic and religious relationships in the United States and considered what has been accomplished in recent years to improve these relationships. Special emphasis was given to the techniques of teaching good intergroup relations in the schools.

CFM Convenes on Campus

More than 500 married couples and 200 priest-chaplains attended the national convention of the Christian Family Movement here August 23-25.

Auxiliary Bishop Leo R. Smith of Buffalo headed the list of speakers who addressed the three-day sessions. The New York prelate spoke on August 24th at the Grotto of Our Lady of Lourdes following a candlelight procession of CFM members to the campus shrine.

News of the NOTRE DAME LAW SCHOOL

Bar President to Speak

Mr. Charles S. Rhyne, President of the American Bar Association, will be the featured speaker at the Law Honor Banquet next spring. Mr. Rhyne is the youngest man ever to head the American Bar Association. The Law Honor Banquet, held each year under the auspices of the Student Law Association, serves the dual purpose of saying bon voyage to the members of the graduating class and recognizing the achievements of the School's student leaders. At the Law Honor Banquet held last spring, the featured speaker was Mr. Justice Reed of the Supreme Court of the United States.

Notre Dame Leads

Thomas S. Calder, who received his LL.B. last June, placed first on the recent Ohio Bar Examination. Calder is serving a one-year appointment as law clerk for Judge Potter Stewart of the United States Court of Appeals for the Sixth Circuit.

Vernon O. Teofan, who was graduated with Calder, placed second on the recent Texas Bar Examination. Teofan is now serving a tour of duty in the United States Air Force. He is Assist-

ant Staff Judge Advocate of Elington Air Force Base in Texas.

New Judges

Two graduates of the Notre Dame Law School have been appointed to the federal bench. Honorable Clifford O'Sullivan, L'20, recently entered upon his duties as a member of the United States District Court for the Eastern District of Michigan. Judge O'Sullivan formerly practiced law in Port Huron as a member of the firm of Walsh, O'Sullivan, Stommel & Sharp.

Honorable Robert A. Grant, L'30, was sworn in as a member of the United States District Court for the Northern District of Indiana on September 24. Judge Grant formerly practiced law in South Bend as a member of the firm of Voor, Jackson, Grant & McMichael.

Honors for Wagner

Professor W. J. Wagner's recently completed book, entitled *The Federal States and Their Judiciary*, has been accepted for publication by Mouton & Company of The Hague. Professor Wagner has been invited to read a paper at the annual meeting of the Association of American Law Schools in December on the use of comparative-law materials in the teaching of torts.

New Faculty Member

Assistant Professor Edward J. Murphy, recently appointed to the Law Faculty, assumed his duties on August 1. Professor Murphy received a B.S. from the University of Illinois in 1949. In 1951 he was awarded an LL.B. by the University of Illinois College of Law. He served as a member of the board of student editors of the University of Illinois Law Forum for three years, during two of which he was one of its officers. He was the winner of the moot court competition at Illinois in 1950, and served as president of the Junior Bar Association there. Upon being admitted to the Illinois bar in 1951, Professor Murphy became associated with the firm of Graham & Graham in Springfield. He practiced with that firm until 1954 when he became law clerk to Justice Harry B. Hershey of the Supreme Court of Illinois, a position he held at the time of appointment to the Notre Dame faculty. Professor Murphy will serve as assistant to the Dean and will have primary responsibility for placement and for recruitment in secular universities.

Natural Law Forum

Professor Joseph P. Witherspoon of the University of Texas School of Law has been appointed an associate editor of the *Natural Law Forum*, published annually under the auspices of the Notre Dame Law School. Professor Arthur L. Goodhart, Editor of the *Law Quarterly Review*, the leading English legal periodical, has accepted appointment as an advisory editor.

The Editorial Board of the *Forum* has been meeting twice yearly, each fall and spring. The meeting last spring was held at Boston College Law School on invitation of its dean, Rev. Robert F. Drinan, S.J. A cordial invitation to hold the next meeting at the Yale Law School has been accepted and the meeting will be held there early in October.

Law Scholarships Honor Brennan

The creation of three Notre Dame Law School scholarships honoring Supreme Court Justice William J. Brennan has been announced by Dean Joseph O'Meara. The Brennan scholarships have been established jointly by the University and The Notre Dame Law Association.

The first two recipients of the Brennan scholarships are Roy F. Barnitt, Jr., Jersey City, N. J., and Lawrence J. Bradley, Albany, N. Y.

The Brennan scholarships, valued at nearly \$5,000 each, provide full tuition plus a cash award of \$750 annually for three years. Candidates must be graduates of an American Catholic college or university and must be nominated for the honor by their dean or pre-law adviser. They also must rank in the top 10 per cent of their class and have a minimum score of 600 on the Law School Admission Test.

Barnitt has been an instructor at Regis High School, New York City, during the past year. He majored in English literature and was graduated from St. Peter's College, Jersey City, in 1954. He received a Fulbright grant and studied seventeenth century literature and French phonetics at the University of Paris the following year. As an undergraduate, Barnitt was active in debating, dramatics and writing for school publications.

Bradley was graduated from Siena College, Loudonville, N. Y., last June. A history major, he was a member of the varsity debating team and has participated in several other extra-curricular activities including dramatics.

Dr. Hufnagel, '37 Graduate, Famed as Heart Surgeon

Artificial Valve Pioneer Leads Busy Life

At 40, when most physicians are struggling to build a reputation, Dr. Charles A. Hufnagel, '37, is internationally known as a top heart surgeon. From all over the world men, women and children have come to Georgetown Hospital, Washington, D. C., for his operations.

Dr. Hufnagel, a medium-sized, quiet man with a string of medical school and hospital titles after his name, originated the technique for inserting a plastic valve into a damaged artery.

The valve, which opens and shuts by means of a plastic ball, lets blood flow into and out of the heart as it does through a normal artery. After designing the valve and perfecting the operation on dogs, Dr. Hufnagel first performed the valve surgery on a human in 1952. Since then, about 150 persons have had the treatment, with Dr. Hufnagel performing the operation in most cases. The majority of them, who would otherwise have died or lived short, semi-invalid lives, have been restored to health.

A young woman in Germany lives on with a plastic valve in her chest, thanks to Dr. Hufnagel. An Egyptian woman came to Georgetown in 1955 for the same operation and returned home to live a normal life.

An average day for Dr. Hufnagel

begins about 7:30 a.m. when he arrives at his Georgetown Hospital office. He usually spends mornings in the operating room, performing delicate heart, lung or chest surgery. Students, resident doctors and visiting foreign surgeons are often on hand to watch him work. In the afternoons Dr. Hufnagel checks pre- and post-operative patients, lectures at Georgetown University Medical School—he is professor of surgical research and associate professor of surgery—and works in his laboratory, a small building on the Medical School grounds. There Dr. Hufnagel, with dogs as his patients, perfects new surgical techniques.

Dr. Hufnagel's late afternoons and evenings are usually taken up by consultations with other physicians—he is a consultant to the National Naval Medical Center at Bethesda, Mount Alto Veterans Hospital and the National Institutes of Health. Besides his Georgetown work, he sometimes operates at Providence, District General and Emergency Hospitals.

Kentucky-born, Dr. Hufnagel was educated at both Notre Dame and Harvard Medical School. He practiced privately in Indiana for a time, then returned to Harvard in 1948 as an in-

(Continued on page 15.)

Alumnus Joins Staff

John F. Laughlin, '48, South Bend, Indiana, has been appointed Editorial Assistant in the Notre Dame Alumni

office effective August 15. He has had extensive and varied experience as editor of the *Record* (local Democrat weekly), member of the South Bend

John F. Laughlin

Tribune news staff and editor of a union publication for the Bendix Aviation Corporation. John served as publicity and public relations chairman for the first St. Joseph County Industrial Exposition in 1954 and has been active on the United Fund Public Information Committee for St. Joseph County during the past three years.

During World War II, he was stationed at Great Lakes, and in the V-12 program at Bucknell University and the University of Pennsylvania. John graduated in 1948, cum laude, with an A.B. degree in Journalism. His studies were continued at Notre Dame during 1950, in the Department of English. John is married to the former Miss Dorothy Koches, of South Bend, and they are the parents of four children, Thomas, Maureen, Sheila and Patricia.

Dr. Charles Hufnagel, '37, and family.

FORMER ALUMNI PRESIDENT DIES

William E. Cotter, Sr., '13, a former President of the Alumni Association, 1937-38, and Counsel for Union Carbide Corporation, died August 15 after a brief illness. His son, W. E. Jr., '41, is a member of the Board of Directors of the Alumni Association.

Mr. Cotter was graduated from Notre Dame with a degree of LL.B. in 1913. In addition, he held honorary degrees of Doctor of Commercial Science awarded to him by Holy Cross

WILLIAM E. COTTER, SR., '13

College in 1950, LL.D. by St. Michael's College in 1954, and LL.D. by St. Mary's College, Notre Dame, Indiana, in 1956.

During World War II, Mr. Cotter was active in War Bond Drives, serving as Chairman of the Greater New York Victory Loan, and as a member of the New York State War Finance Committee.

Mr. Cotter received Papal decorations as a Knight Commander, with Star and Grand Cross of the Order of the Holy Sepulchre of Jerusalem, and as a Knight Sovereign of the Military Order of Malta.

In addition to his widow, Evarista Brady Cotter and son, Mr. Cotter is survived by two daughters Mrs. Evarista Ruth Kane and Mrs. Mary Camille Millard, both of Larchmont, New York.

Activities Aplenty for First Vetville Reunion

By Lou Wynne

Former residents of Vetville gathered on campus for their first reunion during the July 4th week end. Alumni and wives came from distant points and nearby cities and all of them departed after the three-day program much enthused over the series of events. Speeches were held to a minimum, while a mixture of spiritual and social activities helped form a perfect agenda for the returning couples. The occasion was highlighted by the presence of Father "Ted" Hesburgh, who was Vetville's first chaplain, following the erection of this special housing project immediately after World War II.

The committee who planned and worked so diligently for the success of the Reunion consisted of John and Agnes Murphy, Terre Haute, Indiana; William and Helen O'Connor, Hammond, Ind.; Jim and Mary Rice, Chicago, Ill.; and, Tim and Betty Bradley, South Bend, Ind.

The entire group had kept in contact through *The Word*, a semi-annual

publication of family news originated and formerly edited by Helen and Bill O'Connor, later written by John and Barbara Fead, Cincinnati, O., and now edited by Paul and Jean Shirmeyer, Ft. Wayne, Ind.

Activities began Friday afternoon with checking in at Cavanaugh Hall, followed by dinner at Sunny Italy. Vic (one of Vetville's pioneer mayors) Gulyassy, Cleveland, O., was elected honorary mayor of the reunion. From Rosie's, the group returned to Cavanaugh Rec and enjoyed an old-fashioned song-fest which yielded only to the birdies of the early morn.

Saturday's rising sun found Eva Clair Ohlmeyer, Chicago, Ill., conducting calisthenics with a 100% attendance. Husband Don amused himself by reminding everyone of how much they had aged the past 10 years.

A private Mass in Cavanaugh Chapel was said by Father "Ted" followed by his eloquent message on "Thanksgiving." Chuck and Marian Perrin, Peoria, Ill., received much deserved congratulations from all on their

appointment as representatives to the Catholic Family Movement Conference to be held soon at the Vatican. Breakfast at the Huddle and a look around brought the universal comment, "We never had it so good."

The picnic in the afternoon at Tower Hill was good for many a laugh and several fond memories. Craig (The Veep) Whittaker, Kansas City, Mo., turned out to be the "big noise" of the week end, even with fireworks illegal in Indiana. "Black John" and AG Murphy acted as life guards for the day. Wonder where Frank Romano got those ermine trimmed swim trunks.

The Morris Inn's Mahogany Room was the scene of Saturday night's "formal" event with a cocktail hour and dinner followed by Father Ted's review of remarks he made ten years earlier at a Cana Conference for this same group. The group presented Father with a gift and a scrapbook (compiled by Helen O'Connor, with artwork by Zeke Zuchowsky, and consisting primarily of snapshots of Vetville families) as a small token of appreciation for his inspirational guidance throughout the years. Following the dinner, the group thoroughly enjoyed the showing of the new film *Noire Dame*.

Upon returning that night to Cavanaugh (Continued on page 15.)

Left to right, first row: Mrs. James Rice, Mrs. Craig Whitaker, Mrs. Leo Zuckowsky, Mrs. Bill O'Connor; second row: James Rice, Mrs. John Anderton, Mrs. John Simon, Mrs. John Murphy, Mrs. Lou Wynne, Mrs. Vic Gulyassy, Mrs. Jack Barry, Mrs. Chuck Perrin, Mrs. Don Ohlmeyer, Mrs. Bill Stapleton; third row: Father Pelton, C.S.C., Craig Whitaker, Vic Gulyassy, Jack Barry, John Anderton, John Simon, John Murphy, Father Hesburgh, C.S.C., Lon Wynne, Don Ohlmeyer, Frank Romano, Bill Stapleton, Bill O'Connor. Others present but not in picture: Frank Quinns, Chuck Goldens, Harry Williams, Byron Hayes, Hugh Roaches, Joe Donlans, Paul Schirmeyers, Bruce Bishops, Dick Balfes.

CAPTAIN MORSE NAMED NEW NROTC SKIPPER

Capt. Leonard T. Morse, naval attache at the American embassy in Moscow since 1955, has been appointed commanding officer of the Navy ROTC unit and professor of naval science at Notre Dame. Morse assumed his new duties on September 3 and succeeds Capt. Thomas L. Greene who is retiring after 30 years service in the Navy.

A native of Portland, Me., and a 1929 Annapolis graduate, Capt. Morse has been decorated for his service during World War II and the Korean conflict. He was navigator and air officer aboard the aircraft carrier "Hornet" during 1943-44 and later served as staff plans officer for Navy air units on Guam and with the Pacific fleet. In Korea, where he was senior naval liaison officer, he was cited for "skillfully coordinating the operations of naval aircraft with those of the Fifth Air Force . . ."

Capt. Morse has been a naval aviator since 1932. His tours of duty during the past 25 years have included assignments with Navy air units and commands of ships and bases serving the Navy's air mission. In Moscow he held the dual posts of naval attache and naval attache for air. His decorations include the Bronze Star Medal with Gold Star in lieu of the second award.

Sister Mary Aquinas, '42, of Green Bay, Wis., a member of the Franciscan Sisters of Christian Charity, receives the Air Force Association Citation of honor for "contributions to air age education" from Mrs. Carl A. Spaatz, wife of the first Air Force Chief of Staff, Washington, D. C.

'Flying Nun,' Graduate of 1942 Class, Honored by Air Force Association

The winner of the Air Force Association citation of honor for "contributions to air age education" gives Notre Dame much of the credit for her unique achievements.

Sister Mary Aquinas, O.S.F., '42, the famous "flying nun" who was the subject of the award-winning television play, "The Pilot," is a veteran of eight summers at the university, two in pre-graduate work and six in obtaining her M.S. degree in electronics.

During her Notre Dame years Sister Aquinas was a teaching fellow in the physics department, introducing a class of Sisters to that abstruse field of study. She helped with work on the university's first atom smasher, cleaning the rings and "activating silver dollars." She also took photography and used her own photographs to illustrate her thesis. Much of what she learned she was able to transmit to high school, adult education and college classes in science and aeronautics during the crucial war years.

Her laboratory technique, so valu-

able in preparing young Americans all over the country for work in science and aviation, was learned in the experimental laboratory of Dr. Edward Coomes of the physics department. Dr. Coomes, Sister says, was "way ahead of his time in developing electronics labs at N.D."

Sister Aquinas had her first flying experience at the St. Joseph County Airport. Most of her class of nuns flew that summer as part of their class work. She won her license in Wisconsin after she received her degree in 1942.

She was at Notre Dame during the first influx of German professors fleeing from Hitler and shared the object of their superior wrath toward "dumb" Americans.

In her present educational work, as Supervisor of Education for the Green Bay, Wis., Diocese, Sister Aquinas often meets other nuns who trained at N.D. and always enjoys a reunion with fellow alumnae.

Frank Lewis Receives First Loyola Award

Frank J. Lewis, 90, an honorary alumnus and benefactor of Notre Dame, was the recipient of Loyola University's first annual Damen Award in August. Mr. Lewis, who received an honorary LL.D. degree at Notre Dame in 1954, received the award as the first of a series of outstanding Americans honored for their dedication "to God, to society and to the nation."

Mr. Lewis is remembered at Notre Dame for having donated the Lewis Bus Terminal, completed in 1953, which stands at the east end of the Circle near the university entrance from Notre Dame Avenue. He is famed in Chicago for having founded and endowed hospitals and chapels and aided several Chicago area universities and colleges.

Father Hesburgh, Dr. Collins Talk At Physics Meet

Rev. Theodore M. Hesburgh, C.S.C., addressed more than 200 physicists attending the American Physical Society's eastern summer meeting at Notre Dame. He is a member of the National Science Board and recently was appointed permanent Vatican City representative to the new International Atomic Energy Agency. Dr. George B. Collins, of the Brookhaven National Laboratory, Upton, N. Y., and former N. D. faculty member, also spoke at the banquet in the University Dining Hall.

Physicists, the Notre Dame president said, seem "to sense a broader responsibility for the world of nuclear fission and fusion that they have introduced to the brink of great good or great evil." Possibly there is an impression among scientists, he said, "that science indeed has occasioned problems that science alone cannot answer."

Soviets Possess High Energy Accelerator

"First-rate theologians and scientists haven't been on speaking terms for centuries," Father Hesburgh observed. "They don't even speak the same language any more. But almost unconsciously, there have been some tentative attempts at bridge building from both sides of the divide."

He described science and theology as "two strengths that can obviously be more meaningful to America, and to man generally, if they are working together, each in its own way, for the good of mankind, and not at cross purposes." The great power of science, he said, "will be most meaningful if it is directed toward man's ultimate perfection and destiny."

Doctor Collins stated that Russia now has the highest energy accelerator in the world operating at ten billion electron volts and indicated that a twenty-five billion electron volt machine is now under construction at the Brookhaven National Laboratory. Scheduled for completion in 1960, the machine's 240 six-ton magnet sections are arranged in a circle one-half mile in circumference, he said. The entire magnet is located in a concrete tunnel covered with ten feet of earth to absorb the radiation produced.

Alumnus Aids Restoration of Korea's Economic Program

UN, ICA Hire Chemist for Insect Control

A Notre Dame alumnus played the leading role in one of the more interesting stories just released, describing a problem of great magnitude in the war-ravaged country of Korea.

Dr. Hugh S. Carroll, '18, an agriculture chemist from Milwaukee, Wisconsin, and San Rafael, California, has been serving in Korea for six years with the United Nations Command, and was recently sent to the Philippines by the International Corporation Administration to help that country deal with an infestation of beetles now damaging its copra crop.

In 1953, Dr. Carroll, who also received a master's degree at Notre Dame, helped save millions of dollars in Korea by combating weevils which had infested cereals and other food crops—threatening to wipe out 300,000 tons of grain which had been imported by the United Nations Command to hold off starvation in the rear of the front line troops.

The U. S. Army was not equipped to take on a problem of such magnitude on short notice. There wasn't enough time to replace the grain before the traditional hunger months of Korea just ahead of the spring harvest.

Dr. Carroll knew of only one lethal chemical with a gas heavy enough to penetrate stored grain and not present a fire hazard. This was methyl bromide, known to kill humans as well as weevils. It had never before been used on a nationwide scale by untrained people to cope with such a threatening disaster.

As a safety precaution, he designed a lamp from available local materials, which burned green or blue in the presence of the menacing gas. By mid-February, 1954, he had perfected the lamp, had it manufactured, and was training Korean technicians in its use.

These men moved into action, using plastic sheets to cover the large piles of grain, with gas masks, lamps and cylinders of methyl bromide. They carried out what amounted to a blitzkrieg on the hungry weevils, fumigating grain in warehouses and under canvas in the cold winter weather.

"Not a single illness or death resulted from this nation-wide campaign and the grain saved was worth millions of dollars," reported Burlin Hamer, the Director of the Office of Agriculture at ICA headquarters. The report from the Koreans was written on the faces of better fed children and grateful refugees, and the weevils have not posed a serious threat to Korea's stored crops since that day.

The story of this combination of inspiration and practical action prompted the Philippines to request Carroll's

(Continued on page 15.)

The John Herron Art Institute in Indianapolis has just acquired two sculptures for its permanent collection, according to David G. Carter, Curator at the Museum. Both are the work of Rev. Anthony Lauck, C.S.C., of the Art Department at Notre Dame and include "The Visitation" (photo shown here), a terra cotta group, and "Christus Sepultus," a bas-relief in beaten copper. "The Visitation" was on exhibitions at St. Mary's College and in the Annual Ceramic Exhibition at the South Bend Art Center.

J. R. Record, '04, Marks 50th Anniversary on Texas Paper

On August 25 Jim Record celebrated his golden anniversary with the *Fort Worth Star-Telegram*.

During all those 50 years on the Texas daily, as reporter, city editor, managing editor and now associate editor,

James R. Record, '04

his hobby has been weather. In Texas weather is always big news. Only once, during the floods last spring, has Mr. Record admitted he's had enough rain. At his direction the *Star-Telegram* put rain gauges all over Fort Worth and in strategic locations in West Texas, and measurements are published each day in all seven editions.

He blames a railroad engineer for starting his newspaper career. He had always wanted to be a professional baseball player. The engineer, a baseball fan, parked his locomotive next to the field during a semi-pro game and blew his whistle just as Mr. Record was about to catch a long fly to left field. "I was unnerved and dropped the ball," he recalls. "It was my last ball game."

Star-Telegram staffers find the story hard to believe. They consider him a man with no nerves to unnerve. In his own meteorological terms, he's always "fair and mild."

At 71 Jim Record is at the office every day and drops by on Sunday after Mass. He used to work a 75-hour week. Among the honors he has received are a Papal Knighthood of St. Gregory the Great, conferred by Pope Pius XII; a Brotherhood Award bestowed by the National Conference of Christians and Jews, and a warm tribute in *Editor and Publisher*.

Born in Paris, Texas, he took his first job with the *Paris Advocate*, switched to the *Courier* in Texarkana and came to the *Star-Telegram* in 1907. Mr. Record lives in Fort Worth with his wife, the former Alabell Brown.

REV. JOHN WALSH NAMED DEPT. HEAD

Rev. John E. Walsh, C.S.C., has been appointed head of the Department of Education at Notre Dame. Father Walsh, a specialist in the philosophy of education, succeeds Dr. Ber-

BULLETIN FROM THE FBI

Donald F. Graz, wanted by the Federal Bureau of Investigation for interstate transportation of stolen property, has been cashing checks purported to have been received from the Notre Dame Alumni Association. Much of his activity has centered in the Southwest. Graz uses numerous aliases such as Carl Anderson, Michael Dow, James M. Haney, Robert M. Henderson, Robert Gary Woods and others. Frequently Graz victimizes merchants by making a purchase for an amount less than the check, requesting the balance in cash and having the merchandise delivered to a fictitious address. He is 26 years old, white, 6'3" in height, weighs 180 pounds and has a two-inch scar on his right cheek. Graz reportedly has suicidal tendencies. Any information on this criminal should be given to the nearest FBI division office.

nard J. Kohlbrenner who has headed the department since 1949. Kohlbrenner, who has taught at Notre Dame from 1929 to 1933 and since 1945, will now give all his time to teaching and research.

A 34-year-old native of Jackson, Nebraska, Father Walsh received a doctorate from Yale University in 1953 and has been a Notre Dame faculty member since that time. Father Walsh entered the novitiate of the Holy Cross Fathers in 1942 and was graduated from Notre Dame in 1945. After four years of theological studies at Holy Cross College, Washington, D. C., he was ordained to the priesthood on June 8, 1949, by the late Archbishop John F. Noll of Fort Wayne. He received a master's degree at Notre Dame the following year. Father Walsh is a member of the Comparative Education Society and is president of the Chicago region of the Philosophy of Education Society.

Dr. Kohlbrenner, a native of Syracuse, N. Y., has specialized in the history of education. He holds degrees from Syracuse University and Harvard which awarded him a doctorate in 1942. Prior to re-joining the Notre Dame faculty in 1945, he was head of the department of education at the College of New Rochelle, N. Y. From 1933 to 1940 he taught at St. Louis (Mo.) University. He is the author of more than 30 articles in professional journals and is a member of the National Education Association and the National Catholic Educational Association.

RAVE FROM ROME

Vatican City, July 17, 1957

Very Reverend and Dear Father Hesburgh,

It gives me much pleasure to inform you that His Holiness has received from the Very Reverend Father O'Toole, C.S.C., the documentary film on Notre Dame University which you have wished to forward for his acceptance.

The Holy Father, who is so well aware of the praiseworthy work being accomplished by Notre Dame University and of its valuable contribution to the cause of Catholic Education, was greatly pleased to receive this film and to learn of the completion of the new buildings which will enable the entire undergraduate student body to live on the campus. He bids me assure you of his gratitude for this presentation, and he prayerfully beseeches Almighty God to continue to bless and prosper the university's meritorious work.

In pledge of that heavenly favor and in further token of his paternal interest and benevolence, the Pontiff cordially imparts to you and to the staff and student body of the University of Notre Dame his paternal Apostolic Benediction.

Gladly do I assure you of my high esteem and cordial regard, and I remain,

Yours sincerely in Christ,

MONSIGNOR ANGELO DELL'ACQUA,
Substitute Secretary of State
for Vatican City

Dr. Hufnagel

(Continued from page 9.)

structor in surgery. In 1950 he came to Georgetown.

Dr. Hufnagel and his wife, the former Katherine Moulton, reside in Washington with their two daughters, Katherine, 11, and Judith Ann, 7. The surgeon finds relaxation in his few at-home hours with ceramics, sculpture and painting. "He's good at anything with his hands," says a friend.

The best evidence that Dr. Hufnagel is "good with his hands" is the fact that hundreds of persons are living who, but for his creative research and operative skill, would probably now be dead. But, unimpressed by his fame, Dr. Hufnagel continues to work, seeking methods to correct still-puzzling heart and chest ailments. "As long as disease exists," he says, "doctors must find a way to cure it. What has already been done really just points the way to what can be done."

Korea's Economic Program

(Continued from page 13.)

services in helping to deal with the infestation of beetles now damaging its copra, which is the dried meat of coconuts. Constituting one of the country's major exports, copra is extremely important to the Philippines.

An avid student of the latest trends in his field, Carroll is quick to point out new developments that "impinge on agriculture"—a favorite phrase of his. This has led him to seek new ways and means of attacking perennial problems, such as putting to use the newer drugs and chemicals along with old established formulas. Among these new

drugs now being used in ancient Korea, whose farming goes back thousands of years, are such antibiotics as aureomycin which is mixed with livestock feed to give greater vigor to farm animals.

Dr. Carroll and his wife, who is with him in the Far East, have five children: John, William, Mrs. Mary McDonald, Patrick, and Bernard. In addition to receiving academic degrees from Notre Dame, he has worked as a Research Chemist at the University of California.

Vetville Reunion

(Continued from page 11.)

naugh Rec, even greater talent than we realized in the Vetville days of yore was disclosed. Betty Quinn, Jewett City, Conn., surpassed our greatest expectations. Frank sat idly by wondering if a 10% agents' fee wouldn't be more lucrative than a good law practice. But let's not forget that Betty did have excellent competition in Mary Rice. Awards were again in the offing. Ann Wynne, Allentown, Pennsylvania, was named the "Mother of the Most-est" which only spoiled Lou's week end in reminding him that the rest of the summer would be spent in rounding them all up again. Phoebe Stapleton, Ludington, Mich., was a close second in this award. Mary Roach, Kalamazoo, Mich., won the "lady of quickest decision" prize. After deciding at the last minute to come, it only took her 30 minutes to dress and pack. Zeke Zuchowsky, South Bend, Ind., was the

"official photographer" for the Reunion and did a swell job. The Williams family of South Bend really cleaned up with Harry winning in the "quiet man" division and Bernadine being appointed campus arboriculturist for the week end.

On Sunday morning we all realized that there were kiddies at home and jobs awaiting. Our Mass, including a renewal of the marriage vows; receiving Holy Communion; breakfast; and last minute pictures climaxed a wonderful Reunion Week End. Everyone is looking forward to next get-together in 1962.

Former N.D. Professor Directed Symposium

Dr. Alexander R. Troiano, former head of the Metallurgy Department at Notre Dame and now a member of the Case Institute faculty, directed a two-day International Symposium in Cleveland recently.

Invitations were issued to 150 of the top steel specialists in 17 countries throughout the world. Experts from six nations delivered a dozen papers on annealing processes of steel during the five general sessions.

An internationally known expert on heat treatment of steels, particularly in the field of alloy steels, Dr. Troiano is famed for his research in high strength steels, and in 1956 received the Howe Medal from the ASM for his outstanding research in metallurgy during 1955.

ATHLETICS

National Champs on ND 1957-58 Cage Schedule

Coach Jordan's Squad Clashes With Nations Outstanding Teams During Difficult Twenty-Six Game Season

North Carolina, last year's national champions and winners of the N.C.A.A. Tournament, and Bradley, victors in the N.I.T. tourney, are among the teams to be encountered on the 26-game 1957-58 Notre Dame basketball schedule which was announced recently by Athletic Director Edward W. Krause.

Both the North Carolina and Bradley games will be in Chicago Stadium. It will be the first basketball meeting

between the Irish and North Carolina. Bradley and Notre Dame have met six times in the past with the Irish showing four victories.

The Air Force Academy will join North Carolina as a first-time Notre Dame basketball opponent with the game taking place on the N.D. court. Two other "firsts" pertain to Canisius and Holy Cross. Both will play at Notre Dame for the initial time. Thirteen previous games have been played with Canisius, in Buffalo, Notre Dame winning 10. Holy Cross and Notre Dame have met six times in Boston, and once in the Sugar Bowl, in New Orleans, with the Irish having a five-two edge.

After an absence from the collegiate basketball scene of six years, the Hoosier Classic will again be held in the Butler Fieldhouse, in Indianapolis, during the Christmas holidays. As in the past, the four competing schools will be Indiana, Purdue, Notre Dame and Butler.

A total of nine intersectional games and six with Big Ten opponents are included in the schedule. Also, home and home games will be played with Marquette, Butler, DePaul, and Louisville. The annual eastern trip, in February, will see the Irish playing New York University, at Madison Square Garden, and Navy, at Annapolis.

It will be the seventh season for Johnny Jordan as Notre Dame's basketball coach. In the past three years, he has three times, including last sea-

son, brought his team to the quarter-finals of the N.C.A.A. tournament. After the 1953-54 season, he was chosen "Coach of the Year" by the New York Basketball Writers' Association.

Four regulars return from the 1956-57 Notre Dame team which won 20 and lost eight. They are: Co-Captain John McCarthy, senior forward; Co-Captain Bobby Devine, senior guard; Tom Hawkins, junior forward, and Gene Duffy, junior guard. Hawkins, as a soph, set a one-season Notre Dame scoring record of 576 points. On the negative side, however, Jordan admits he does not have an outstanding candidate for center to replace John Smyth, last year's captain.

Basketball

| 22 | Navy at Annapolis |
| 28 | Holy Cross at N.D. |
| Mar. 1 | Detroit at Detroit |
| 4 | DePaul at Chicago |

Football Co-Captains

Ed Sullivan, 200-pound center from McKeesport, Pennsylvania, and Dick Prendergast, 215-pound left end from Chicago, were chosen by their teammates as co-captains of the 1957 football team shortly before the season opener against Purdue.

The pre-season selection is the first in recent years by a Notre Dame team. The next season's captain has been elected at the close of the previous season since 1946, but a change in the procedure was made last season.

The new co-captains are veterans in the Irish line. Sullivan, speedy and a fiery linebacker, played tackle in his sophomore season, alternating with Capt. Ray Lemek. He switched to center last season and although hampered by occasional injuries was the standout N.D. lineman as well as defensive signal-caller.

Prendergast began his high school competition at Chicago's Mount Carmel under Irish coach Terry Brennan and came to N.D. in 1954 when Brennan became head coach.

Varsity Alphabetical Roster

No.	NAME	POS.	AGE	HT.	WT.	HOME TOWN	HIGH SCHOOL	CLASS
67	Adamson, Kenneth	G	19	6-2	200	Atlanta, Ga.	Marist	So.

FOURTH QUARTER RALLY FOR THE 15th ANNUAL ALUMNI FUND

MOREAU SEMINARY

It's the '4th quarter' and a contribution from each and every alumnus is necessary if the University is going to sponsor one-third of the cost of the new \$3,000,000 Moreau Seminary.

Your gift, in any amount, will be credited to:

- ★ **15th Annual Alumni Fund**
(including football ticket preference for 1958)
- ★ **Moreau Seminary**
- ★ **Faculty Development Fund**
- ★ **Notre Dame Foundation**
- ★ **Your Graduating Class**
- ★ **Your Alumni Club**

Contributions should be made payable to the University of Notre Dame and mailed to the Alumni Office, Notre Dame, Indiana.

ALUMNI CLUBS

Akron

The Club held a general meeting on August 13, 1957. Plans were set in motion for a "Freshman Night" party as a send-off for local students beginning their freshman year this fall. These students and their fathers were the guests of the Club at a buffet dinner on Tuesday, Sept. 10: JAMES D. BURDEN, JAMES D. DETTLING, JAMES P. EVANS, ROBERT B. FRASER, BERNARD E. HOGAN, JR., MICHAEL E. KILLIAN, JOSEPH G. O'GURCHAK, WILLIAM T. PARKER, CHRIS A. VANDEVERE and FREDERICK J. WEIGAND. Guest speaker was Mr. PAT CANNY, our Alumni Association President. The party included a showing of the beautiful new full-color film, "Notre Dame." Co-chairmen GEORGE DEKANY and FRANK STEEL handled all the arrangements.

Under President GERRY KLEIN the Club has staged a football excursion to the Campus for the Pittsburgh game on October 26. A block of tickets was secured and charter transportation a la Greyhound was provided at a nominal cost. The committee, chaired by Vice Pres. BOB KAPISH included: GEORGE DEKANY, HUGH COLOPY, FRANK STEEL, BILL O'NEILL, JACK FERRICK, TOM WEIGAND, LARRY SUTTER, GERRY McDERMOTT, DAN MOTZ, BOB KOLB, JOHN KEEHNER, JACK HUMMEL, JOHN DARAGO, TOM BOTZUM, TOM REYMAN, CHARLIE GREEN, STEVE SITKO, JIM WALTER, BILL LAMMERS and BOB HUD-
DLESTON.

—DAN MOTZ, '54, Secy.

Baltimore

The Baltimore Club sponsored a Universal Notre Dame Night with a dance and get-together at the Knights of Columbus Ballroom in Baltimore. The affair was very well attended.

At that time the following officers were inaugurated for the coming year:

FRANK M. SANDERA, '34, President.
DR. BRYCE SMITH, '45, Vice-President.
FRANCIS HERB, '37, Treasurer.
JOSEPH DUKERT, '51, Secretary.

DON KELLETT, of the Baltimore Colts, was the guest speaker at the first fall meeting of the Notre Dame Club of Baltimore. At the same meeting, plans were discussed for the special train to the Notre Dame-Army game in Philadelphia.

PAT PUTNAM has been transferred from Baltimore to the Washington office of the FBI, but a new member was added to the local club in the person of JERRY SULLIVAN, '41, who has moved here from New York.

MURRAY WIEMAN, the club's 1956-57 president, was welcomed back after being hospitalized for about four months following an auto accident.

—JOSEPH M. DUKERT, Secy.

Boston

Our Annual Picnic Outing was held on June 30 at CHARLIE CROWLEY's ('22) beautiful estate in Millis and was a huge success. CHUCK POWERS, '45, was Chairman of this affair and was ably assisted by BILL DACEY, '49, BOB SAYERS, '50, JACK CONNELL, '53, LOU DIGIOVANNI, '49, and BILL STEWART, '43. The principal reason for the big success of this annual outing is the generosity of the Crowleys, not only for the use of their grounds and home, but also for their unselfish attention and time devoted to making it a happy day for all there. The swimming pool was the main center of attraction, although some of the men, boys, and a few girls managed to get out in the field and play a softball game. HARRY MARR, '37, was almost bombed off the mound by the sound hitting of the opponents although we must admit his support was weak. Bill Dacey at

third, played like MALZONE did last year. JOE GARGAN, '53, made two excellent "Jim Piersall" catches for the opponents which didn't help our side either. Needless to say, we all had a lot of laughs and noticed that we surely slowed down since Notre Dame days.

Charlie got his tractor out, hitched an open cart to it, and took all the children for a scenic ride around his estate.

A scholarship fund drive has been under way and closed Oct. 1. BILL McCORMICK, '47, was Chairman of this Campaign and was ably supported by a host of Alumni. We are quite happy about this drive, even though it is the first "Campaign" effort ever conducted by our Club.

The Annual Freshman Dinner was held on Sept. 5 at the Fresh Pond Restaurant in Cambridge. Charlie Murphy, '49, was Chairman of this affair. We had Artie Gore, former National League umpire, and Father Frank Gartland, Editor of "Catholic Boy" Magazine, as guest speakers. The new "Notre Dame" film was shown, and the new freshmen were introduced to Jim Brennan, president of the undergrad New England Club.

The Annual Victory Dance was held on Oct. 26 as we went to press, at the M.I.T. Faculty Club in Cambridge. Joe Clancy, '50, is Chairman of this Dance which was very successful last year.

On Dec. 8 we will hold our Annual Communion Breakfast with John Hickey, '44, acting as Chairman. We are tentatively planning on following this up in January with a retreat, details of which will follow later.

Last, but not least, my wife, Joyce, gave birth to a lovely baby girl, Peggy Kathleen, on June 19, which now gives us three cheer leaders and a basketball prospect.

—DICK HYLAND, '50, Secy.

Buffalo

After its usual summer hiatus, the Notre Dame Club of Buffalo's first fall meeting was September 5. President FRANK GAGLIONE reported to the directors on the events that took place during the summer. Namely, the Golf Party championship, won by DAN SHEEDY for the second consecutive year. Dan received the Mary A. Quinn Memorial Trophy. MAURY QUINN, who finished second, had a tough break playing the wrong ball. He was given a two-stroke penalty, otherwise the match would have ended in a tie. Chairman of

Club Calendar

Regularly scheduled club meetings that have been reported to the Alumni Office are as follows:

BUFFALO—First Tuesday of every month at 8:30 p.m., Hotel Sheraton, 715 Delaware Ave., Buffalo, N. Y. In addition, a table marked "Notre Dame Alumni Club of Buffalo" is reserved for lunch at K. of C., 506 Delaware Ave., Buffalo, on each First Friday at 12 noon.

CENTRAL OHIO—First Monday (night) of every month, Junior Rose Room, Virginia Hotel, Columbus, Ohio.

CENTRAL NEW JERSEY—First Wednesday (night) of each month at Knights of Columbus, High Street, Perth Amboy, N. J.

CHICAGO—First Monday of each month, luncheon, at 12:15 p.m., Western Society of Engineers Club, 84 E. Randolph, Chicago.

ERIE—First Friday dinner meeting with wives, Antler's Restaurant, 7:00 p.m., Sept. thru June, Erie, Pa.

FORT LAUDERDALE—Second Thursday of each month, dinner, at 7:30 p.m., Governor's Club Hotel, Ft. Lauderdale, Fla.

NEW JERSEY—Informal monthly luncheon at Kelly's Seafood Restaurant in downtown Newark, first Friday of each month.

OKLAHOMA CITY—First Monday of each month, night, check McFarland's Drive-In Theatre, Oklahoma City, Okla., for details.

PHILADELPHIA—Second Tuesday of each month (night) at the Philopatrian Club, Philadelphia, Pa.

PITTSBURGH—Weekly luncheon at the Variety Club, Thursday, in the Penn-Sheraton Hotel, Pittsburgh, Pa., at 12 noon.

ROCHESTER—Monthly luncheon, first Monday, at 12:00 noon, 38, Powers Hotel, Rochester, N. Y. (If this is a holiday, meeting is held on second Monday.)

ST. LOUIS—Monthly luncheon, stag, 12 noon, Key Club in Hotel Jefferson, St. Louis, Mo., second Monday of each month.

WASHINGTON—Weekly luncheon, each Tuesday, 12 noon, Touchdown Club, 1414 I Street N.W., Washington, D. C.

the Golf Party was BUZ PHEIL. The Stag Outing was held at Cook's Paradise Grove last July. A merry time was had by all. Chairmen were DICK KLEE and AL KEMNITZER.

Notre Dame Varsity Head Basketball Coach JOHN JORDAN helped inaugurate our first fall meeting which honored new Notre Dame students and their fathers, as well as undergraduates. On September 12, FATHER JOHN CAVANAUGH was in Buffalo to meet with the Foundation Drive representatives. A dinner and reception is being planned.

Chairmen for the Notre Dame-Army football excursion, as announced by General Chairman TONY ROCCO: Game Tickets, FRANK GAGLIONE; Publicity, JOHN DOERR; Advertising, JOSEPH WATSON; Railroad Coordinator, MAURY QUINN; Game Ticket Deposits, JOHN BOLAND; Hotel Accommodations, JACK LEVIGNE. A complete weekend in New York, highlighted by the football game, was offered to alumni and friends of Notre Dame from Western New York.

Club members are behind this event 100 per cent which it will help sustain the Notre Dame Club of Buffalo's Scholarship Fund at Notre Dame.

—TONY ROCCO, '49, Secy.

Calumet Region

The club held a Golf Stag Tuesday, August 13, at the Cressmoor Country Club, Hobart, Indiana. Calumet clubbers and guests golfed from noon right up to dinner.

Chicago

The Notre Dame Club of Chicago held its annual golf tournament and dinner Monday, Sept. 9, at the Elmhurst Country Club. THOMAS D. NASH, JR., was chairman of the event, which featured a steak dinner for Notre Dame men and guests, free greens fees, courtesy of FRED SNITE,

SR., and free liquid refreshment, courtesy of JACK MORLEY, '35.

Central New Jersey

The Notre Dame Club of Central New Jersey held its observance of Universal Notre Dame Night on May 4 at the Knights of Columbus Home in Perth Amboy. TONY GIUFFRE as chairman did a bang-up job with the assistance of JACK REAGER and GIL AUGUSTINE. W. BERNARD HARRINGTON was toastmaster and introduced FATHER THOMAS CUNNINGHAM of Seton Hall University, who delivered an inspiring talk and pointed out the need for leadership by our Catholic university alumni. The 150 alumni, wives and friends who attended concluded the evening with dancing and a buffet supper.

Since this was the first such affair in this area in ten years its success was most encouraging and foretells increasing activity on the part of the alumni in Central New Jersey.

The annual Freshman Welcome was held September 4 at the Knights of Columbus Home in Perth Amboy.

—JOHN J. DOYLE, Secy.

Central New York

A record number of students leaving for the 1957-58 term at the University were principals at the annual student sendoff party September 11 sponsored by Notre Dame alumni in the area. The party offered a chance for students and their fathers to meet with alumni just prior to departure.

This year's affair was held at the Bellevue Country Club and included a golf party in the afternoon and a roast beef dinner in the evening. The new sound and color film, "Notre Dame," narrated by Joe Boland, was shown.

Notre Dame has accepted 262 freshmen from

New York State this fall. This is almost double the 133 New York graduates of last June. The Central New York area is represented by 29 freshmen and 35 upper classmen.

DAN KELLEY of Fayetteville and H. PHILIP SHEAN of DeWitt, club president, were in charge of reservations for the event.

The Central New York Club also arranged a chartered bus tour to the Notre Dame-Army football game in Philadelphia. PAUL HICKEY of Syracuse was chairman of the tour.

Cincinnati

At the regular meeting of June 12, 1957, the following new officers were elected:

RAY GUDMENS, '47, President.
STEVE HECKIN, '50, Vice-President.
JOHN MCCORMICK, '48, Secretary.
ROCKNE MORRISSEY, '54, Treasurer.

At the meeting held at the Wiedemann Roof Garden, the graduating seniors from the Cincinnati area were welcomed into the club.

On Saturday, June 1, the new Notre Dame color movie was shown on Cincinnati Television Station WLW-TV and received a fine response from all members and friends.

An executive meeting, held July 2, 1957, was attended by officers, the board of directors and the scholarship committee. AL CASTELLINI gave a report of the June meeting of Scholarship Directors held at the University.

A picnic meeting was held September 10 at Pine Ridge Lodge, Mt. Airy Forest. All new freshmen from the greater Cincinnati area and their fathers were honor guests.

The club sponsored a raffle of two expense-paid trips to the Army game with a week-end in New York City. The drawing was held at the regular meeting of October 1, held at the Vernon Manor Hotel.

President Ray Gudmens has named Steve Heckin to be general chairman of the 12th Annual Scholarship Ball to be held Christmas week at the Netherland Hilton.

—JOHN F. MCCORMICK, Secy.

Cleveland

The comfortably air-conditioned Hotel Cleveland was the site of the summer dance, the evening of July 13. With LEO BURBY as chairman, and the students cooperating fully, the event was a grand success. It is hoped that an annual affair will result.

The golf party at Elyria Country Club on August 29 again proved to be a good day for all. DICK PEJEAN and JERRY McGRATH are taking care of the arrangements, assisted by JOHN CHAPLA.

We again wish to remind club members of the First Friday Club. Members (and friends) attend noon Mass (12:10) at St. John's Cathedral and meet for an informal lunch afterward. This project started slowly in June and has been gaining in enthusiasm monthly.

IGNATIUS "IGGY" MCINTYRE has organized a Parent-Student Committee with the aim of encouraging the parents of students to participate in local activities. The interest generated in the summer dance proved very gratifying.

MARRIED: KARL MARTERSTECK, JR., and Terry Hanlon; JOHN REIDY and Carol Van Rooy; TOM CORRIGAN and Peggy Nauman; MATT WEY and Rose Marie DeFranco.

A few of the class of 1957 who have started on promising business careers and of whom we are aware are: PHIL HEIL with Ernst and Ernst; RAY L. MILLER with Chevrolet, Cleveland; BILL JOLLY with Republic Steel, BERNIE SCHORLE with Monsanto Chemical, Dayton. JIM EGGERS and TOM O'MALLY will start Medical School at Loyola University, Chicago.

We believe it noteworthy that DENNIS J. O'NEILL, SR., delivered the commencement address at St. Mary's of the Woods, Terre Haute, this past June.

—TOM McHALE, Secy.

Dallas

The Notre Dame Women's Auxiliary held a barbecue supper at the Casa Linda Lodge July 20. A pleasant evening was had by the 40 couples who attended. Mrs. JAKE REICHENSTEIN was in charge of the affair.

LANK SMITH, '50, has left the District Attorney's office and is now with one of Dallas' most prominent law firms, Turner, White, Atwood,

BOSTON—Jim O'Dea, '44, was honored by the Boston alumni with a reception and dinner after his election as District Attorney of Middlesex County. Seated at the table are Jim, left, and Senator John Kennedy of Massachusetts. Standing, left to right: John Moran, '30, Bill O'Brien, '44, and Neil Fowler, '47.

CENTRAL NEW JERSEY—The speakers' table for the observance of UND Night included, left to right: (standing) John Doyle, secretary; William Dunham, vice-president; W. Harrington, toastmaster; Father Cunningham; Gilbert Augustine, club president; James Coleman, vice-president; (seated) Mrs. John Doyle, Mrs. W. Harrington, Mrs. Gilbert Augustine and Mrs. James Coleman.

McLane and Francis. We feel sure Lank will be adding his name to that list very shortly.

ERVIN T. FLEMING, '25, vice-president of Fleming & Sons, passed away in July. His loss will be deeply felt not only by the members of the family but by the community and club as well.

RICHARD J. BAKER, '35, president of W. A. Green Company, recently spoke to the North Texas Chapter of the American Marketing Association on trading stamp premiums as a marketing tool. He graduated from the Notre Dame School of Commerce.

PETE WACKS, '30, resigned as assistant to the president of Chance Vaught to accept a very promising position with Bell Aircraft in Buffalo.

JOHN MORAN, '36, is no longer with Watson Associates, but has formed his own public relations firm with offices in the National Bank Building. John has been very active in all club activities and has done a very competent job on all our publicity needs.

Our club Chaplain, **RT. REV. MSGR. WILLIAM F. O'BRIEN**, celebrated his 40th anniversary to the priesthood on June 2.

TIM KELLEY, '48, prominent local attorney, was chairman of the arrangements for the Red Mass said in Fort Worth during the Bar Association's annual meeting. Bishop Nold of Galveston was celebrant. Tim will also play host to the State Junior Bar Association of Texas on the weekend of the SMU-Notre Dame game.

FRANK FINN, '49, was recently elected secretary to the Dallas Junior Bar Association. Frank was a well known debater at Notre Dame and, like Tim Kelley, is currently with Thompson, Knight, Wright and Simmons.

WALTER FLEMING, '40, past president of the club and well known industrialist, took his daughter to Mayo's last spring for a major operation. Prayers for the recovery of his daughter, Carolyn, will be greatly appreciated. The club is having Mass said at Holy Trinity Church, 8:00 a.m., August 20.

—HENRY NEUHOFF III, Secy.

Dearborn

A general meeting of the Notre Dame Club of Dearborn was held August 16 at the home of

CLEM CONSTANTINE. There was a short business meeting, followed by a showing of the new campus movie. A social hour followed.

The club gathered August 23 at the Buresh Funeral home to recite the Rosary for Jim Sarb, departed brother of Past President **JERRY SARB**.

Detroit

Fifty-one couples have pleasant memories of the Club's Swimming and Beer Picnic-Songfest held August 1. This was the second of the Club's four "low-cost extra" affairs to be held this year in addition to the regular ten sponsored by the Club.

President **EDWARD GAGE** and the Club's Board of Directors appointed a committee of five Directors and one 1957 graduate to plan these four activities aimed at the Post-War graduates and also to act as a liaison committee with the Detroit student club on the campus.

The committee is co-headed by **DAN BRADLEY** and **BILL ANHUT** and includes **PETE KERNAN**, **ED RONEY, JR.**, and **TOM VERBEIST**. The 1957 graduate is in the process of being chosen.

This committee's next affair was a "Hard Times" Halloween Barn Dance Oct. 19, while the Club's regular activities in early Fall included the "Friendly Foes Kick-Off Party" in September and two football trips in October and November.

—LOU CONROY, Secy.

The Annual Notre Dame Golf Stag Party took place June 18 and was the biggest, grandest golfing excursion yet in the history of the Notre Dame Club of Detroit. Out of 145 who attended golfing and dinner, all but six were awarded a gift, either golfing trophy or door prize.

TOM SHEEHAN and **JOHN PANELLI** shot in the 70's. The annual golf award went to **TOM MARTIN** for an even 80 gross. (Sheehan and Panelli had won trophies prior to this year and could not repeat themselves.)

The guest speakers were Father Tom O'Donnell, **ED KRAUSE**, and Coach **JACK ZILLY**.

A grand time was had by all. The perpetual golfing cup remains in the hands of Mr. Martin till the next golfing season.

Thirty-five graduating seniors from the Detroit area were guests of the club at the function.

—JOHN PANELLI

Evansville

The Notre Dame Club of Evansville adopted the following program of affairs for this year:

1. Pre-football season Smoker, held on September 19, 1957.

2. Breakfast on Our Lady's Sunday, December 8, 1957.

3. Annual Holiday Party on January 11, 1958.

4. Universal Notre Dame Night, April 14, 1958.

At a general membership meeting of the club held on July 18 it was decided that it would be desirable to have an Executive Committee to provide a continuity of direction for the club. After discussing this matter it was determined that the past four presidents of the club should serve in this capacity. Consequently the past four presidents who are **BOB HARGRAVE**, **BILL HENNESSEY**, **ED MATTHEWS** and **FRED DEWES** were selected as the members of the Executive Committee for the current year.

—R. E. JOHNSON, Secy.-Treas.

Fort Lauderdale

The Notre Dame Club of Fort Lauderdale met on July 11, 1957, at the Governors' Club Hotel for its regular monthly meeting. Five new associate members were elected to membership and three Notre Dame graduates became members upon application. The members elected were **BOB VAN DORPE**, **BUD HUFFMAN**, **ROGER McGRATH**, **ROY GORE** and **JOE BURKE**. Notre Dame graduate: admitted to membership upon application were **FRANK CAREY**, **DR. JACKSON** and **TOM WALKER**.

This meeting was a closed meeting for men only. A steak dinner with Pinot Noir wine was enjoyed by all.

—GEORGE GORE, Secy.

Fort Wayne

The Annual Stag Picnic of the Fort Wayne Club took place September 11 at the Robinson Park Pavilion, Fort Wayne. The order of the day included plenty of athletics, cards and refreshments, all free.

CHICAGO—This was the gathering at the first Annual Testimonial Dinner given for the retiring officers and board members of the Notre Dame Club of Chicago by the new officers and board. It was held in the headquarters of the Chicago Athletic Association.

The Club arranged a showing of the new Notre Dame color film Sept. 7 on Station WKJG-TV.

Houston

The following duly elected officers of the Club have taken office for the 1957-59 term:

President, LEIGHTON F. YOUNG, '37.
Vice-President, HUGH J. RAFFERTY, '49.
Secretary, LEO E. LINBECK, JR., '56.
Treasurer, EDWARD J. POWERS, '43.
Current directors of the Club are:
To 1960—THOMAS F. GREEN, JR., '27.
To 1959—LAWRENCE J. KELLEY, '42.
To 1958—R. CONROY SCOGGINS, '24.

—DONALD F. O'BRIEN, Immediate Past Pres.

Indianapolis

TOM MATEY, '53, retired the club's P. C. REILLY Memorial Trophy with his third victory in the annual club golf tournament at Hillcrest Country Club July 25. Second-place honors and the FRANK LEAHY Trophy went to LARRY SEXTON, '33.

Some 115 members and their guests played golf, with 35 more joining them for dinner. Guests included Archbishop Paul C. Schulte of Indianapolis, MOOSE KRAUSE, BERNIE CRIMMINS and representatives of the Athletic Departments at Butler, Indiana and Purdue Universities. GEORGE USHER, '45, was chairman.

DICK McNAMARA, '54, chairmaned the club beer bust June 26 at McNamara's Two Gaits Farm. About 125 club members attended.

Arranging the family picnic was JACK ELDER, '30. It was scheduled for September 1.

—JOE HERRINGTON, '50

Kansas City

Although summer is usually a time for rest and relaxation, the Kansas City Club has been hard at it in preparation of coming events and also has held different events through the summer.

On May 18, the Club sponsored the showing of the film "Notre Dame," a new technicolor

film showing the Notre Dame campus and student life. The film was shown on a local TV station, WDAF-TV. Announcements were made through the various newspapers so that all high school and grade school students could take this opportunity to see Notre Dame life.

On June 8, the student-sponsored picnic was held at the Nigro farm outside of Kansas City. This event was attended by approximately 100, with students, alumni, and their friends taking part.

On July 1, the final selection of the William Rockhill Nelson Scholarship winner was made. Preceding the final interviews, the club officers met and had dinner with the three judges at the Kansas City Club. The three judges are: MR. H. GAVIN LEERY, President, Federal Reserve Bank, Kansas City; MR. E. P. MITCHELL, Lawyer, and DR. JOHN H. MAYER, JR.

The interviews were held at the general offices of the Whitaker Cable Corporation in North Kansas City. Four finalists were selected from a field of twenty-six applicants, and winner announced is RAYMOND T. HURLEY, JR., of Kansas City, who plans to enter the College of Engineering.

The summer highlight of the Clubs activities was held on Monday evening, August 5, when the annual Alumni picnic was held. The event was held this year at the Red Barn Restaurant. With approximately 100 people present, they feasted on barbecued ham, beef, and all the trimmings, as well as a sufficient supply of beer. A singing bartender, helped out by a stalwart chorus of alumni, added enjoyment to the evening's festivities.

Perhaps the greatest effort put forth during the summer in the manual labor department was that of the students on the weekend of August 3, when a fleet of trucks and drivers, made up almost entirely of students, canvassed the city in search of scrap paper. Although this was the first undertaking of this type ever sponsored by the students, it met with success. Postcards had been sent out some weeks earlier warning residents that they should not get rid of their papers, but to keep them. Although at this writing we don't have a financial statement as to the profit made, we are sure that it was a success.

On September 5, approximately 100 students and alumni gathered for the Club's annual "Freshman Send-off Dinner." The event was held in Wolfer-

man's Empire Room on the Country Club Plaza. HERB ZIEGLER and BUD MASSMAN co-chairmaned the affair, which was highlighted by the showing of the film "Notre Dame" and "Football Highlights of 1956." The Scholarship winner, Ray Hurley, was also introduced, and all the new incoming freshmen and their fathers as well. In all, there are about 18 new freshmen from the Kansas City area this year. Words of wisdom and advice were passed along to the new men by the Alumni Club president, ED AYLWARD, and the Campus Club president, BOB MASSMAN. Plans were also announced for the annual football trip, this year to the Navy game. RUSS FARRELL and BOB METZLER are running the affair, which should be a big success.

Other plans in the making of the Kansas City Club include the annual Christmas Dance and the Universal Notre Dame Communion Sunday, both of which are to be held in December.

—JOHN T. MASSMAN, Secy.

Kentucky

The Notre Dame Club of Kentucky sponsored a Retreat at the Abbey of Gethsemani, Gethsemani, Ky., on May 18, 1957. FRANK BLOEMER gave a report to the Club, describing the Retreat and the attendance. All felt the Retreat was very successful.

The quarterly Communion Sunday was held on June 9, 1957, at St. Mary Magdalene Church. The attendance of students and alumni was very gratifying. Our pastor, FATHER HOMMERICH, was transferred and has been replaced by FATHER ROBIN.

Our annual Dinner Meeting was held at the Richmond Boat Club on June 20, 1957. Special guests included FATHERS LUBBERS and CAR-RICO. Chairman RON MAZZOLI is to be congratulated on such a fine affair.

On June 23 the Corpus Christi Procession was held at Churchill Downs. The Club marched as a group under our banner.

JOE HARMON, JR., Chairman of the Notre Dame-Xavier Alumni Club Summer Outing, July 13, said he had many favorable comments on the enjoyable time had by all at the outing.

FATHER BOB GRAY was welcomed to the

Club at the July meeting. He was made the Club's official chaplain.

OTTO MILETI has been transferred to Houston, Texas. Our loss is the Houston Club's gain. Good luck, Otto!

On September 1 we sponsored our third Quarterly Communion Breakfast at St. Mary Magdalene Church. Father Gray said the Mass.

—JOE BOWLING, Secy.

Los Angeles

The Annual Club Picnic was held again this year at the St. Vincent de Paul Summer Camp. As usual it was a family affair. There was fun for all at the playgrounds, picnic benches, swimming pool, baseball diamond, etc.

The Annual Retreat took place September 6, 7 and 8 at the Manresa Retreat House in Azusa.

Many alumni signed up for an organized trip to the Notre Dame-Army game in Philadelphia. The excursion was of more than two weeks duration and took in several attractions across the U. S.

Lehigh Valley

The Notre Dame Club of the Lehigh Valley was most honored to have Mr. and Mrs. WILLIAM WALSH of the Notre Dame Coaching Staff as their dinner guests on June 22 and Bill's review of the football team given at the meeting that followed was enjoyed by all. The Club was also pleased to have several other guests at the meeting that evening, consisting of local celebrities and future students of the University.

The annual Family Picnic for the Club was held on August 24 and a good time was had by all. DAVE LANGLEY (Chairman), BOB STRAUB, JOHN SIMITZ and TOM LENNON served as the Picnic Committee and our thanks to them for an excellent job. Incidentally, the recent Alumni and Students did not fare any better this year than last in the annual ball game with the Veteran Alumni.

The Club is very pleased with its accomplishments to date, particularly since it has only been active again for a period of one year. Several major events have been sponsored, including a group trip to the Army-Notre Dame Game. Although many have contributed to the success of these activities, we are particularly proud of our President, DR. LOUIS T. GABRIEL, and appreciate his outstanding leadership to date.

—LOU WYNNE, Secy.

DES MOINES—Presentation of the "Man of the Year" award was a highlight of the Des Moines Club's first UND Night. Club President R. M. Cannon and Rev. Edmund P. Joyce, C.S.C., look on as Man of the Year Arthur T. Gormley reads the inscription on his plaque.

Manila

We had a lovely gathering of the Notre Dame Alumni last July 11 in which there were twenty-five (25) old and young alumni in our get-together dinner at the Swiss Inn here in Manila. It was really a renewal of acquaintances between the young and the old ranging from the graduates of 1922 to the graduates of 1957. We had the elections after the dinner and the result is the following: President, MR. JOHN GOTUACO, '24; Vice-President, MR. MARCOS B. ROCES; Secretary-Treasurer, MR. CONRADO SANCHEZ, JR., and the chaplain is yours truly. I did not know that there were four (4) priests who graduated from Notre Dame and so I was not the lone candidate for the chaplaincy. The induction of officers which was at the same time a farewell party for the new students at Notre Dame, took place in the middle of August. This was a bigger affair, attended by friends of the Notre Dame alumni. We shall be interested in any work which is at present being recommended to the alumni association.

—(MSGR.) OSMONDO A. CALIP, Chaplain

Miami

The Annual Notre Dame Picnic was held August 10 at Crandon Park Cabanas. The family affair featured barbecued ribs, hamburgers and hot dogs on the menu, plus plenty of beer and soft drinks. There were a record number of collapses on the ball diamond, proving that the N.D. Club of Greater Miami needs younger ball players or more physicians.

Michigan City

On Thursday, August 8, 1957, our club held our annual "Irish Greens Party." The event was held at the Municipal course and was well attended.

Chairman DR. ROBERT FROST, '40, again was able to secure the services of Mr. Michael Joseph, the rotund chief of the \$64,000 Question fame. You may remember that Mr. Joseph completed the \$16,000 plateau, his category being diets.

The dinner was far from food prescribed for any diet. The menu included delicious barbecued chicken, wild rice and chef's salad with tasty apple pie for dessert.

Although the duffers outnumbered the golfers, the prizes were to be distributed in a fair drawing. After it was over there was some doubt. Here's what happened.

The first prize of 48 cans of beer went to MR. SALLY KROL, a guest who also happens to own a local liquor store. Second prize of golf balls was awarded to BILL PRIEBE, '53, a non-golfer, while the third prize of \$1.00 was given to DR. C. W. KOLANCZYK, '33, who had previously stated that he was actually donating his entry fee without anticipation of winning.

The club's fall program included a football train trip to the Purdue game. JOHN A. KELLY, JR., '25, was in charge of arrangements.

—DONALD F. WENTLAND, '51, Secy.

Milwaukee

The Milwaukee Club's first big activity, under the direction of its new officers headed by DR. JAMES BYRNE, '40, was a very successful golf stag outing held at the Port Washington Country Club on August 8. Vice-President RAY SULLIVAN, '50, served as chairman of the event with the very capable help of RAY DWYER and WALT SCHNEIDER. For the second year in a row, Duffer BOB ROLF copped the Notre Dame Club Traveling Trophy with his low score of 85. WALT SCHNEIDER and BOB McLAUGHLIN pocketed the closest-to-pin prizes. HAROLD GOTTSACKER was awarded the prize for the longest drive of the day; he was quite proud of his 41 score for the front nine. Winner of Blind Bogey prizes were JOHN SCHWINN, ED MCCARTHY, ROGER PAULSEN, BILL WISE, BOB SCHACHT, and PAUL VANDENBERG. Bob McLaughlin proved to be the worst estimator of his golfing ability and thereby was given the Blind Bogey "booby prize." Many attractive door prizes were presented by City Foundation Chairman, JIM CASPER and club secretary, JOHN MANION.

Through the efforts of Chairman JOE MESEK, a very successful family picnic was held in Milwaukee's beautiful Greenfield Park on Sunday, September 1. Games for the many children in attendance were enthusiastically enjoyed and quite a few of the "old grads" proved their physical prowess.

—JOHN F. MANION, Secy.

New Jersey

The new officers of the club, as elected at the Golf and Dinner at the Glen Ridge Country Club June 18, are as follows:

President, RAYMOND TROY.
Vice-President, JOHN F. KELLY.
Secretary, WILLIAM KIRCHNER.
Treasurer, PHIL SANDMAIER.
Directors (2), PHILIP SHERIDAN and JOHN SAND.

As one means of maintaining the high degree of interest and activity generated under last year's excellent club leadership, a program of monthly Executive Committee meetings, attended by officers and directors, has been instituted by president RAY TROY, '34. It is hoped that these informal gatherings will provide an opportunity for the interchange of ideas and suggestions for future club activities and that they will serve as a more workable means of handling the preliminary planning which is required for such affairs.

Meetings of this character were held on July 18 and August 13, the first devoted largely to familiarizing the Executive Committee members with all aspects of the Association's business and the establishment of an agenda for the year.

The first activity for the new year was the annual Freshman Welcome, held on Tuesday, September 10, in the Ballroom of Newark's Robert Treat Hotel at 8 p.m. JOHN FAGIN, chairman, and JACK BARRY, co-chairman, made the evening both enjoyable and helpful for the approximately 100 new freshmen from New Jersey and their guests. The highlight of the evening was the appearance of JIM ARMSTRONG, '25, National Secretary, and the latest film on Notre Dame. Refreshments were served.

At the suggestion of JOHN KELLY, '40, the club has inaugurated an informal monthly luncheon gathering for members who care to and are able to get together. The luncheons, presently scheduled for noon on first Fridays at Kelly's (no relation, we're assured!) Seafood Restaurant in downtown Newark has thus far proved successful and well-received.

The club secretary has been instructed to pursue the possibility of compiling a state alumni directory which, it is felt, might be useful to the members.

This year the annual football excursion was to Philadelphia on October 12 for the Army game.

—W. L. KIRCHNER, JR., Secy.

New Mexico

The Notre Dame Club of New Mexico held its election meeting Monday, July 15, at the Newman Center, University of New Mexico. The newly elected officers of the club are:

President, GEORGE (SKIP) SCHREIBER, '41.
Vice-President, JOHN FORD, '47.
Treasurer, RONALD HARRON, '57.
Elected to three-year terms as trustees were: THOMAS FOY, '38.
ANTHONY POTENZIANI, '40.
RICHARD KISGEN, '43.

The membership of the club wishes to express its sincere appreciation to LOUIS LUJAN, '24, for his capable leadership during the past two years, and to the outgoing officers for a job well done.

—G. J. LOMBARDI, '44, Secy.

New York City

WESTCHESTER DIVISION

The Westchester Division of the Notre Dame Club of New York held their first Annual Golf Outing at the world famous Wykagul Country Club in New Rochelle on June 4. Over one hundred duffers gave exhibitions on how golf should and should not be played. TOM LANTRY and DONN DUFFY were Co-chairmen ably assisted by GEORGE O'NEIL, TONY DIARI, JIM SHAY, FRED CARIDEO, JOHN MARBACH and FRANK SPIEGEL. Our thanks to all the above for making it an outstanding outing.

ANNUAL BASEBALL OUTING

On July 16, 1957, the stands of Ebbets Field, the home of the Brooklyn Dodgers rang with the cheers of over one hundred Notre Dame men celebrating their fifth Annual Notre Dame Night in Ebbets Field. Prior to the game, DON JOST and BOB HAYDEN organized an excellent dinner that was held at Michel's Restaurant on Flatbush Avenue in Brooklyn. The best part of the evening was that the Dodgers beat St. Louis.

LONG ISLAND DIVISION

On Sunday, July 14, 1957, the Long Island Division of the Notre Dame Club of New York held their Family Beach Party at the Gilgo Beach under the Chairmanship of JIM KELLY. A great day was had by all.

The Long Island Golf Outing was held on August 29, at the Huntington Crescent Club. JOHN DUFFY and DON HANRAHAN led the Long Island duffers over hill and dale with the able assistance of GORDON FORRESTER, RAY BUSHEY, TONY EARLEY and GEORGE OLIVANY, just to mention a few.

FRESHMAN SMOKER

On September 4, 1957, the Notre Dame Club of New York held their Annual Freshman Smoker at the New York Athletic Club at which over 250 incoming freshmen and their parents gathered to be introduced to Notre Dame. FATHER RICHARD MURPHY, Director of Admissions for the University, and student representatives from each of the colleges were on hand to discuss the different phases of campus life. This is one activity that our Club is very proud of, and we have been advised that it is considered one of the most worthwhile endeavors by the University. Congratulations are in order to MIKE MALLARDI for organizing a great function.

SCHEDULE OF COMING EVENTS

November 13, 1957—Annual Business Meeting.

December 8, 1957—Universal Notre Dame Communion Sunday. Mass at St. Patrick's Cathedral with a brunch at the Park Lane Hotel.

January 15, 1957—The Trust Fund drawing, and election of officers for the ensuing year.

MISSION DINNER

On October 9 club members attended a dinner and reception at the Commodore Hotel for 15 Holy Cross priests and Brothers who left New York Oct. 10 to do Our Lady's work in Pakistan.

SCHOLARSHIP FUND DRIVE

The Club's annual Scholarship Fund Drive got under way on September 1. This year the Club is going to raffie off a 1958 Ford Country Squire Stationwagon. A second raffie will be held for the sellers of chance books. The prize for this raffie is a selection of one of the following:

1. A mink stole.
2. A two weeks cruise to the Caribbean.
3. A Crosby fiberglass motor boat.
4. \$1,000.00 United States "E" Bond.
5. A complete wardrobe of Cecil Chapman Originals.

Last year's scholarship fund drive was the most

successful undertaken by the Club. This year we hope to surpass it.

—BUD MULVEY, Secy.

The annual kickoff meeting, a warm-up stag for the 1957 football season, was held September 11 at the tap room of Ruppert's Brewery. Besides free pretzels and popcorn, music and, of course, beer, the affair featured these distinguished guests: as master of ceremonies, JACK LAVELLE, football scout and raconteur extraordinaire; representing the University, JIM ARMSTRONG, national alumni secretary; representing the United States Military Academy, LT. COL. FRANCIS ROBERTS, manager of athletics, and REV. ROBERT MCCORMICK, Catholic chaplain at West Point.

Northwestern Ohio

N.D. comradeship is flourishing anew down here in the Best Location in the Nation between Willoughby and Conneaut, Ohio. On May 22, 13 men from widely scattered locations met at the Parrish House, Ashtabula, for dinner and a gabfest. The following notes are pertinent:

CONNEAUT

RAY ROACH, '31, reports his son, David, is a sophomore at Notre Dame. Ray is with Union Cathbide and is Chemist for the City of Conneaut.

JERRY CAMPBELL, ex '34, is with the Conneaut News Herald, but still maintains his residence in Grove City, Pa. Jerry is single.

BEN KLEPEK, '52, coaches Conneaut Rowe High School football and has two children. We hope to see him at the next meeting as he was unable to attend.

JACK PHIPPS, ex '46, is with the Conneaut Rubber and Plastics Co., a thriving, relatively new plant in Conneaut. John was in Detroit, and unable to attend. He has three boys.

STEVE STOFFKO, '56, writes that he is attending Navigators Program at Harlingen A.F.B., Texas. The N.D. men there get together when possible. Steve graduated in June.

WILLOUGHBY

DAN SAMMON, '25, has a son whom LEO LARDIE, '44, interviewed at Case Tech for an

DETROIT—Officers and guests at the annual Notre Dame golf stag party at Plum Hollow included, from left to right: Ernest J. Gar-garo, club treasurer; Edgar Hayes Detroit sports writer; Ed Krause, Notre Dame athletic director; Ed Gage, club president; John Panelli, chairman; Coach Jack Zilly, and Rev. Thomas J. O'Donnell, C.S.C.

FLINT—Anthony DeLorenzo, Vice-President of Public Relations of General Motors Corp. (center), receives a scroll proclaiming him Notre Dame "Man of the Year" from Flint Club President Raymond J. Kelly, Jr., as Father Edmund Joyce, C.S.C., guest speaker, looks on approvingly.

engineering position with Union Carbide. Dan is an attorney and broker, and looks as if he could line up at end on the team right now. Of interest to men of the Cleveland area: Dan and four other men formed the Cleveland N.D. Club in the school library while still students back in Four Horsemen days. MONSIGNOR JOSEPH DALEY, now deceased, was the first President. It seems that only one of the five knew how to dance, so he was made chairman of the first Cleveland Club dance.

GEORGE E. THOMAS, '27, is another one of those fellows who looks fit enough to be taking a post-graduate course at school. He is with the C.E.I., and his son, George C., '53, is in the service in Oklahoma. George, Sr.'s one daughter attends St. Mary's.

PAT SILLISANO, '38, is in the bar and restaurant business. He has three children.

PAINESVILLE

JOE STRAUSS, '34, is Export Manager for White Motor Co., in Cleveland, and will make arrangements for our next meeting September 4 at Holtriage's. Any additional N.D. men in the areas should contact Joe. His number is Painesville Elmwood 22513. He and his wife live at 18 Fairfield Road.

ASHTABULA

GERALD CANDELA, '53, won't be back to the States from Northern Canada until Christmas. He

has been working on the St. Lawrence Seaway project. He is single.

EDMUND FITZGERALD, ex '26, is a Government man, and single. He was probably the most enthusiastic participant at our meeting.

JOE GARDEWINE, '31, is with the Spring Wood Co., manufacturing pallets and wood products. He has five children, and was one of the fortunate ones attending his 25th class reunion last year.

THOMAS KILKER, '32, has his own store, has four boys and one girl. His oldest is a star junior quarterback on the St. John's football team with high hopes of attending N.D. At 180 pounds and 6 feet he should be a fine prospect in another year.

LEO LARDIE, '44, is assistant superintendent for Union Carbide's power plant in Ashtabula. With three boys and three girls, he copped the paternity award. He is present Grand Knight of the K. of C.

I personally am also with Union Carbide, have four daughters, and am trying to help on N.D. Foundation work.

We met RAY MARGRETT, '35, to find that he is moving soon back to his old home town of Rochester, N. Y. He is with Associate Discount and has four children. His boy's health is the principal reason for leaving this damp climate.

CHARLES MONAGHAN, '38, is single and with U. S. Industrial Chemicals.

JAMES MONGELLO, '35, is single and with the Marines in the Pacific.

JOHN MAHONEY, '38, is an attorney and single. He is a lieutenant colonel in the National Guard.

JOHN ZABACH, '31, has a son Jack a junior at N.D. He also has a daughter and younger son. John is Ashtabula's leading funeral director, and as Exalted Ruler of the Elks was instrumental in having the Notre Dame band play a concert a while back. He is now a District Deputy of the Elks.

—JOHN E. LYNCH, '38

Ohio Valley

On Monday, Aug. 19, the Notre Dame Club of the Ohio Valley sponsored a "send-off" picnic for new students entering Notre Dame this fall. Approximately 36 people attended.

ROBERT R. SINCAVICH, president, was in charge of the meeting. Plans were discussed for the fall and winter months, and it was decided to hold a Notre Dame TV cocktail party on the day of this season's televised Notre Dame football game.

Fresh, broiled corn, hot dogs, coffee, and soft drinks provided the bill of fare, and members were entertained with movies—the new Notre Dame movie and "Grid Highlights of 1956."

Attending were Mr. and Mrs. JAMES DAILER,

FORT WAYNE—An enthusiastic and representative group attended the Fort Wayne alumni club's annual Day of Recollection this year.

RUSSELL RICKUS, ED SARGUS, JAMES HARANZO, DICK HARVEY, BOB DUFFY, W. N. HOGAN, JR., JOHN SCHUETZ, WILLIAM MITSCH, and RAY JORDAN.

Also Miss MAGDALENE RICKUS, Mr. AL GHAPHERY and guest, MIKE CASEY and guest, BOB SCHUETZ and guest, RAY KEYS, JOE SARGUS, GEORGE and JUDY SARGUS, ROBERT SINCAVICH, JOHN ROBINSON, ALEX DUNN, and BILL DENNING.

Notre Dame football tickets were awarded at the Sept. 30 meeting. Co-chairmen were ROBERT DUFFY and RAY KEYS, who were assisted by ALEX DUNN and WILLIAM HOGAN, JR.

—R. R. SINCAVICH

prize, to be drawn for Nov. 12, is an all-expense-paid week end in South Bend for the Southern California game and \$250 in spending money. The drawing is the club's most successful venture each year.

FATHER MARTIN J. McDONOUGH of the Society for the Propagation of the Faith will speak at the annual Communion Breakfast Dec. 8 at the Barclay Hotel.

Tentative plans have been made for a Christmas dance at the Merion Tribute House Dec. 30.

Any member of the alumni in the Philadelphia area who is not registered with the club should contact GERRY VOIT, 5803 Charles St., Philadelphia, Pa., and have his name and address in the new club directory being prepared.

the first division of Point Judith Country Club's member-guest four ball tournament while MIKE MONTI, JR., was a finalist in the State Junior Championship. JIM MURPHY and JIM McMULLEN played a match for the amateur championship of the club, but scores were withheld for reasons never announced.

PAUL HOFFLER, ANDY McMAHON and REV. ROBERT NEWBOLD organized the annual going-away party for students and the big Army game weekend, and it would appear that the R.I.-S.E. Mass. Club has begun one of its most active years.

—JOHN J. CURTIN, Secy.

Philadelphia

The Second Annual Stag Golf Outing of the Philly Club took place at the Whitmarsh Valley Country Club. JOE CATTIE was chairman. No budding Sam Snead was uncovered, but everyone did have an hilarious time. A wonderful roast beef dinner was served.

The Back to Campus Party at the September meeting at Philo's featured many guests from the world of sport. Among them were BOB WILLIAMS, former All-American quarterback at the University, "BUD" DUDLEY, now Villanova's athletic director, and BOB DEVINE, captain-elect of the 1957-58 basketball team at N.D. The new campus film was shown, and the area's "lads" got a fine send-off.

The club had its pep rally for the Army game Oct. 11 at the Warwick hotel, which was also the site of a cocktail party immediately following the game.

WALT RIDLEY and CHARLIE CONLEY were co-chairmen of this year's football raffle. First

Pittsburgh

The 1957 Pittsburgh Club golf tournament and dinner were reported to be the best yet held. The Butler Country Club course is one of the finest in Pennsylvania, and the steaks were delicious. Guests of honor were MOOSE KRAUSE, N.D. Athletic Director, and CAPTAIN TOM HAMILTON, Athletic Director of the University of Pittsburgh. GENE COYNE was chairman of the event, and a raffle drawing for the Notre Dame-Pitt trip was held at the dinner. Several fairway and door prizes were awarded.

Rhode Island—S.E. Mass.

CARLETON G. MacDOUGALD who was pictured in the August-September Alumnus receiving a gift from the Class of 1938 is Rhode Island's "Notre Dame Man of the Year."

On the golfing front, JUDGE JOHN S. McKIERNAN and his partner were the winners of

Rochester

The Summer in Rochester began with a dance at the Ridgmont Country Club. Mr. and Mrs. ERIC SCOTT and Mr. and Mrs. JIM DOYLE served as Co-Chairmen. A large turnout enjoyed the annual affair.

Golf plays a big part in the life of Notre Dame alumni in Rochester. The golf tournament was held in mid-July at the Oak Hill Country Club, scene of the 1956 National Open Championship. The local duffers struggled over the course with JACK HEDGES and JACK HEAGNEY sharing honors for low gross and low net respectively. An excellent dinner followed the tournament. Later in July BILL BELL distinguished himself with a hole in one at Lake Shore Club.

The family picnic snared the spotlight for August activities. A large turnout was assured by the chairmanship of VIC DeSIMON. JOE FLOOD and family defended the many titles which they won in the competition of last year's event.

The incoming freshmen were given an orientation to Notre Dame life by the present students and several alumni in a meeting in late August. This annual affair is designed to aid the new student in preparing himself for Notre Dame life. The close co-operation between the campus club and

the Rochester alumni chapter provided an excellent program. WALT HUURMAN, a senior at Notre Dame, and BILL DEMPSEY were co-chairmen.

The Rochester Club also engaged in a fund raising drive for an all expense trip to the Notre Dame-Army game in Philadelphia. All club members worked hard under TOM HIGGINS, who headed the campaign.

We mourn the death of JAMES (SCOOP) MURPHY of Livonia, N. Y. BOB WORTHINGTON took the big step on August 24. The wedding bells chimed for Bob and his bride, the former Miss Marilyn Koch.

The Ladies' Auxiliary began the fall season with a luncheon at Brooklea Country Club. Mrs. Tom Higgins, the new president, outlined plans for the coming year.

—BILL DEMPSEY, Secy.

Rome

Following a very successful Universal Notre Dame Night, we received the "good news" from Jim Armstrong that the Alumni Board had officially welcomed the Rome Club into the roster of bona fide N.D. Clubs. Come the fall, we look forward to the first election of officers.

It is evident that much of the Rome Club's activities will have to do with welcoming and assisting visiting alumni and friends who pilgrimage to Rome: Knowing how much this is appreciated, we wish to extend a warm welcome to all comers. The following are arrivals during the past four months:

JERRY ASHLEY, '33, of Detroit, with his wife, Dorothy and children, to become Romans for a year or more, with the lads attending Notre Dame International School, and the lass, Marymount. Jerry is already "Mr. Fireball" in the Rome Club. The Ashley family has also enjoyed the privilege of a private audience with His Holiness, Pius XII (Honorary Alumnus, '36). Alongside Jerry, as a fellow Detroit and "subway" alumnus, is HAROLD "MUDDY" RUEL of the Detroit Tigers, who with his family will reside here a year assisting Italian baseball efforts: The two Ruel sons will be at Notre Dame International, too.

Others passing through Rome: HUGH FITZGERALD, '34, JOSEPH TURK, '53, JOHN R. MADDEN, '53, Mr. and Mrs. ROBERT L. BRAND, grandparents of ROBERT LEE BRAND, '59; N.D. faculty members, FATHERS PHILIP S. MOORE, JOSEPH N. GARVIN, ROBERT W. WOODWARD; Mr. JOHN F. BEGGY and his son, John P., representing their DANIEL J. BEGGY, '57; HUGH BALL of '32 with his wife, the former FLORENCE BRETT of St. Mary's, '34, and their two sons, Hugh, Jr., a pre-med at N.D. and a younger brother attending St. Edward's High (C.S.C.), Lakewood, Ohio. JIM McQUAID, '31, and his wife, Jim doing Lourdes and Rome in a wheelchair, sponsored by the Notre Dame Men's Retreat League, and winding up with a special audience with His Holiness. TOM CURRY, '14, his wife, Angela, St. Mary's, '14, and their son, FATHER FRED CURRY, chaplain of the Newman Club at the University of Arizona: On Tom Curry's side there have been two generations of ND-goers; on Mrs. Curry's side, four generations—Tom's brother, John, '04, and Tom's sons, Tom, Jr., '50, and David, '55. Mrs. Curry's great uncles were FATHER PATRICK DILLON, President of Notre Dame, and FATHER JAMES DILLON, Vice-President. SISTER M. ANGELA, C.S.C., a sister of Mrs. Curry, is stationed now in South Bend.

Two daughters of the late FRED MILLER of Milwaukee, Loretta and Robin, with their aunt KATE KANALEY, old Roman neighbors of yesterday, came back for two weeks. JOHN KRUEGER, '49, formerly of Rome, is down from Paris with his new Roman wife on a delayed honeymoon. LEONARD J. DUNN, '32, came to Rome to give several talks in connection with meetings of The International Academy of Trial Lawyers, an organization limited to 500 members, and to which Mr. Leonard has been elected. Brothers IVO REGAN, C.S.C., '41, and VINCENTIUS BALOG, C.S.C., '47, accompanied 13 students from Gilmore Academy, Gates Mills, Ohio: They were doing the tour at an N.D. pace, 7 countries in 65 days.

Many of the aforementioned visitors became involved in typical Rome Club spontaneous N.D. get-togethers: We held a testimonial dinner for Jim McQuaid at N.D.'s favorite Rome restaurant, The Scoglio Di Frisio, where the orchestra is trained to launch into the Victory March at the drop of a hat: Likewise at The Scoglio we enjoyed a wedding anniversary (16th) dinner for the Ashleys. At Jerry's home, on another occasion N.D. guests gath-

ered for a soiree. As many as possible we have brought to visit the General Headquarters of the Congregation of Holy Cross as well as Notre Dame International School, especially the new site where excavations are underway for the new N.D.I.

—VINCE McALOON

St. Joseph Valley

BILL EARLEY, former Irish assistant grid coach, is serving as chairman of the annual Quarterback Club luncheons sponsored by St. Joseph Valley alumni. A total of five meetings has been arranged, all to be toastmastered by JOE BOLAND. Celebrities on the college coaching level, famed professional stars and former Irish football "greats" are included on the speaking programs.

Plans are progressing for the Civic Testimonial Banquet, honoring the 1937 squad, to be held in December after the close of the Notre Dame schedule.

St. Louis

The St. Louis Club started its summer activities rolling with its annual picnic, held July 11. Our original picnic date in June had to be cancelled because of rain but thanks to the efforts of MAL DOOLEY and TOM McGUIRE and their committee the re-scheduled event was a howling success.

The picnic was a family affair with an attendance of somewhere in the neighborhood of 100 adults and an unofficial count of several hundred children (some people, however, say the count of children looked more like several thousand).

Swimming was one of the highlights of the day's

activities. For those who wanted the drier form of exercise we had volleyball, horseshoes, and a very heated softball contest between the alumni and students. There has been no official account of the outcome of the game and both students and alumni are claiming victory.

Following the picnic we held our annual stag Golf Tournament at Norwood Country Club. GENE FEHLIG, GEORGE DESLOGE and LOU FEHLIG handled details for the July 30 event.

ED "MOOSE" KRAUSE was on hand for the day's activities, and even took home a prize for his golfing ability by winning one of the blind bogies. Another blind bogey winner was FATHER JOSEPH DWYER. The low score winner was LOU FEHLIG. A special trophy was presented to RALP ZITZ-MANN for the day's high total.

The golfers teed off at noon and were joined later in the day by the less ambitious members of the Club who arrived in time for cocktails and dinner which followed the fairway competition.

Among the special guests on hand for dinner was BOB BURNS, St. Louis sportswriter and caster and a long time booster of Notre Dame (despite the fact that he's surrounded by daughters).

The next regular affair on our calendar was the Club's annual luncheon in honor of the new freshman who entered the University this fall as the class of '61. The new students and their fathers were guests of the Club at the luncheon September 5. DAVE MAX, BOB TORRENCE and their committee handled details for the affair.

The Club's Annual Scholarship Fund Football Trip this year took us to the Pittsburgh game at South Bend. The Notre Dame Special left St. Louis Friday evening, October 25, arriving in South Bend the next morning in plenty of time for

KANKAKEE VALLEY—Retiring President Maynard Bissonnette presents Father John Cavanaugh, C.S.C., with a \$500 check for the University, to be used towards a scholarship for a boy from the Kankakee Valley area.

campus touring and visiting before the kick-off. Accommodations included a Saturday night stop-over in Chicago before the return to St. Louis Sunday night. DON DOHNEY and GEORGE CONVEY were in charge of this year's trip.

Our monthly luncheons are still being held the second Monday of the month at the Key Club of the Sheraton-Jefferson Hotel. Drop in and join us if you're in town.

—J. DONALD RATCHFORD, Secy.

Salina

The Salina N.D. Club had a great party Saturday night, August 10. We took the wives and gals to the old Brookville Hotel and really filled up on chicken and the trimmings.

TOM KENNEDY, '51, and JOE SCHAEFER, '55, were the co-chairmen. Joe, incidentally, begins his second year of medical school at Kansas U. this fall. They did a great job. Brookville is 16 miles west of Salina, so they had the gang board a bus and all go out together. The bus naturally was complete with bar and libations.

JOHN BROWNE, '51, from Clay Center, was so anxious to make the party that he brought his wife and four children. took a suite complete with baby sitter at the Holiday Inn and proceeded to have a time for himself.

We made it a farewell party for LT. JOHN GUSTAINIS, who was discharged August 12, and Lt. and Mrs. DAVE DeWEESE, who were to leave (discharge) August 24. Gustainis is marrying a Laredo, Texas, girl sometime very soon.

Also present at the party were: Mr. and Mrs.

JOE COLE, Mr. and Mrs. JIM FOLEY, Mr. and Mrs. BOB McAULIFFE, Mr. and Mrs. JOHN CARLIN, Dr. and Mrs. FRED GANS, Mr. and Mrs. AL SCHWARTZ, NORB SKELLEY, TOM FOOTE and Mr. and Mrs. CLEO MELCHER. The last-named couple have just moved here from Wichita. He's manager of the Pittsburgh Plate Glass Co. here.

—AL SCHWARTZ, '37, Secy.-Treas.

San Diego

Colleges and universities are competing as keenly for good students as for any athlete. JIM ARMSTRONG, '25, secretary of the Notre Dame Alumni Association, said July 6 at the Town and Country Hotel.

"While most schools have more applications than they can handle, they still are encouraging their alumni to contact outstanding high school student leaders with a view to insuring a high caliber—as well as capacity—freshman class every year," Armstrong said.

Jim, traveling with his wife and three of his five sons, was in San Diego to confer with the officers of the Irish alumni group here which is headed by HOWARD BEILSTEIN, '47, of El Cajon.

—HARRY MONAHAN

Scranton

The club had a very successful affair, thanks largely to the presence of BILL WALSH, '49, TERRY BRENNAN's veteran line coach, as a guest.

(Ed. Note: MIKE COMERFORD is the subject of a "Spotlight Alumnus" feature in this issue.)

Southern Cook County

Mr. and Mrs. DOMINIC CALACCI, '32, were parents of a baby girl June 26, 1957.

JOSEPH PEROZZI, '32, will finish his army career as of September 20, 1957.

ROBERT GAFFARELLI is ably assisting State Representative Anthony Scariano in his law office.

Our club held a dinner meeting at "Joe's" restaurant to correspond with the installation of the new officers.

Mr. and Mrs. JOHN ZARANTE are proud parents of another baby girl.

Mr. and Mrs. TONY PERRY, '54, expecting the stork early in November.

New club officers for the current fiscal year are: President, THOMAS O'GRADY, '50.

Vice-President, BENJAMIN DAMIANI, '51.

Treasurer, JOSEPH COSTELLO, '52.

Secretary, TONY PERRY, '54.

Directors, RICHARD WEILER, '52, and JULIAN ATWATER, '43.

Our club suffered a small financial deficit on the spring dance, but we are forging ahead with a full schedule of events including a summer family picnic, fall dance, and corporate Communion. Universal Notre Dame night will also be observed although no plans have been set for the affair.

—TONY PERRY, '54

Southeastern Wisconsin

Our annual picnic was held on August 18 at Forest Park on the Racine-Kenosha County Line. Since it rained twice, only the hardy members arrived. WALT and KITTY McDERMOTT and the six little McDermotts won the prize for the largest family. They were given close competition by DON and MARIE KOTZ who have five pups. The JIM SPENCERS, VERN HECHTS, JOHN WARDS, GROVER MILLERS, and DICK MURPHY's also had a grand time swapping food, telling stories and keeping track of all their children. It was so much fun that another picnic was planned for the near future.

—RICHARD WM. MURPHY, '50, Secy.-Treas.

Terre Haute

The Notre Dame Club of Terre Haute held its annual summer picnic on September 15 at PETE VARDAS, SR.'s summer place north of Clinton. A gala time was had by all club members and their families in attendance. Games for both children and adults were featured, and a highlight of the day was a softball game between the ladies and the gents, the men having to bat left-handed and hop on one leg during their half of the inning. On defense they were obliged to catch and throw the ball in unaccustomed fashion, as well. To top off the day MILTON FOX, a newcomer to our club from Chicagoland and general manager of the Terre Haute Brewery, donated a generous supply of that favorite nectar, Champagne Velvet.

By the way, a new twist this year was that the committee was in the capable hands of the ladies. Mesdames DICK KELLY, FRANK PROX and JOHN MURPHY headed up their efforts.

The first regular meeting of the new year took place in early October.

—JOHN MURPHY, '44, Pres.

Toledo

The Notre Dame Club of Toledo recently held its election of officers for the 1957-58 term. FRANCIS (BUD) MALONE, '45, was elected president; GEORGE KORHUMEL, '49, vice-president; JACK BECKHAM, '50, secretary; JIM BRITT, '52, treasurer. DICK DONOGHUE, past president, moves to the board of directors, together with VIC BECK, UBAN GRADEL, DICK KOPF, JOE HILLEBRAND, JIM MURTAUGH and TERRY O'LOUGHLIN.

Plans are being made for a football train special for the Navy or Michigan State football game for Notre Dame Alumni and friends.

NEW YORK CITY—On behalf of the alumni club, President William H. Fallon (center) presents academic scholarships of \$2,000 apiece to outstanding students Ramon J. Vales, Jr. (left), of Rye, N. Y., and Lawrence T. Brekka, Tarrytown, N. Y. Both have enrolled in Notre Dame's College of Engineering.

WASHINGTON, D. C.—Left to right, the Honorable Paul Butler, toastmaster, Rev. John Cavanaugh, C.S.C., guest of honor, and Senator John F. Kennedy, main speaker, admire the plaque presented to Dr. Matthew Sullivan, outgoing president of the Washington Club, during a UND Night observance.

First meeting of this fall season was at the Hillcrest Tower Room to honor new students entering Notre Dame and for those returning for the fall semester.

—JACK BECKHAM, '50, Secy.

Tulsa

MAN OF YEAR

During the last Universal Notre Dame night festivities, BOB SHEEHAN was presented with an award as the club's "Man of the Year." Bob is in his second year as club president and has been outstanding in Notre Dame affairs for several years.

BREAKFAST

Another Communion Breakfast took place on September 8. The meeting was held at Danner's and attendance reached a high level. New students entering Notre Dame this fall were special guests and fathers and sons of club members were also on hand. After breakfast a business meeting was held at which time plans for the coming year were announced.

FOOTBALL TRIP

The Oklahoma-Notre Dame game is at Norman this year and arrangements have been completed for a package trip open to the general public. All proceeds from this trip will go to the club's scholarship fund and at the present time local interest in the game is very keen.

NEW STUDENTS

There are eleven new Freshmen from Tulsa or vicinity attending Notre Dame this fall. This is a good indication of the acceptance which Notre Dame has in the Tulsa area and we hope that these young men will go on to graduate and become members of the local club.

NEW MEMBER

JOHN T. McCARTHY has recently become a club member and a hearty welcome is extended to him.

—BOB MANNIX, Secy.

Washington, D. C.

The club had its annual golf party Monday, July 22, at the Kenwood Country Club, with an impressive number of foursomes in attendance. The annual family picnic took place August 24 at the Dowling farm, Olney, Maryland. Hot dogs and liquid refreshment were provided, and families also brought home-cooked food for a supper later in the day. Activities included supervised swimming, volleyball, horseshoe pitching contests, children's events and a student-alumni softball game. VINCE HANRAHAN was general chairman of the event.

Notre Dame Director of Athletics ED KRAUSE was in town September 3 as guest at a luncheon for the boys who are freshmen this year at the University. Alumni and guests gathered at Bonat's Restaurant to say hello to Ed and get the lowdown on this year's football team. The club ran a package special to the Army game, providing tickets and transportation for D. C. alumni.

Here is an incomplete list of future club activities: the Fall Hoedown dance (BYOB), November 9; a Communion Breakfast (stag) Sunday, Dec. 8, at Holy Cross College; a raffle Friday, December 13 (date picked for good luck); the Holiday Dance (black tie) December 31 (DR. WALTER BRENNAN, chairman, plus a committee of alumni wives); movies of the Notre Dame football season (good or bad) at the general meeting, January 23, 1958; a Notre Dame Forum (panel discussion) featuring prominent Washingtonians February 19; a St. Patrick's Party (wives invited) after the general meeting March 17; a Day of Recollection or Family

Communion Breakfast sometime in Lent, perhaps Laetare Sunday, and finally a gala UND Night sometime in April.

Western Washington

JIM ARMSTRONG, our illustrious and renowned Alumni Secretary, was guest at a luncheon on July 23, 1957, at the Washington Athletic Club, Room 400. Sixth and Union, Seattle, Washington.

Mrs. Armstrong and sons Greg and Doug accompanied Jim, so alumni had their wives and/or sweethearts as guests too. This event was held in lieu of a picnic this summer, and there was a gratifying turnout. It was Jim's first visit in Seattle.

Wilkes-Barre

RAYMOND J. SOBOTA, '49, a local attorney, was recently named president of the Notre Dame Alumni of Wilkes-Barre. Ray returned from a tour in the service, succeeds JOSEPH A. McHUGH, '30, as president of the organization.

Williamsport

First annual mid-summer club picnic held at cottage of FRANK LUNDY's family on Sunday, Aug. 18, with approximately 40 members and their wives, sons, daughters, etc., in attendance. Delightful occasion with swimming and boating. Frank's father, RICHARD H. LUNDY, presided at charcoal fireplace and his mother made everyone at home on the terrace. Frank parked the cars.

Plans were discussed for individual trips to Philadelphia to see the Army game, and Mr. Lundy and FRANK C. HAYES were nominated to attend an alumni meeting there that week-end.

—JACK WILLMANN, Secy.

ALUMNI CLASSES

Engagements

Miss Suzanne Alfrie Wilson and THOMAS J. SHEEHAN, '51.
Miss Geraldine Mary Sullivan and DONALD J. FAGER, '52.
Miss Loretta White and WILLIAM GUILFOILE, '54.
Miss Mary Elizabeth O'Halloran and JOHN T. NOLAN, '54.
Miss Nancy Elizabeth Ellsworth and EDWARD WALSH, '54.
Miss Suzanne Vanderbosch and THOMAS E. DINAN, '57.
Miss Jeannine Richter and THOMAS J. GUILFOILE, '57.

Marriages

Miss Judith Matis and AUSTIN BOYLE, '31, Notre Dame, Ind., June 13.
Miss Mary Fidelis Todd and JOHN A. BISBEE, '46, North Hollywood, Calif., August 24.
Miss Dorothy Theresa O'Connor and JOHN R. MURPHY, '48, South Orange, N. J., August 24.
Miss Donna Van Risseghem and HUGH A. HENRY, JR., '51, Onamia, Minnesota.
Miss Sharon Jeanene Miller and JOSEPH H. HARRISON, '52, Evansville, Ind., June 29.
Miss Theresa M. Torok and GEORGE T. MOORE, '52, South Bend, Ind., June 15.
Miss Christine Barnes and LOUIS E. RIEG, '52, Lawrence, Mass., December 29, 1956.
Miss Donna O'Dea and JACK CONNELL, '53, Lowell, Mass., July 28.
Miss Joyce Marie Cosgrove and GEORGE J. DOLAK III, '54, Minneapolis, Minn., June 8.
Miss Mary Katherine Sahn and J. LEONARD DURY, '54, Mishawaka, Ind., August 10.
Miss Hope Hughes and PAUL E. FORSMAN, JR., '54, Larchmont, N. Y., June 8.
Miss Genevieve Patricia Somers and ROBERT P. GORMAN, '54, South Orange, N. J., June 8.
Miss Mary Anne Bruner and CARL H. GUNDERSON, '54, South Bend, Ind., September 7.
Miss Donna Marie Schiappacasse and JOSEPH B. JOYCE, '54, Notre Dame, Ind., July 6.
Miss Eileen Elizabeth McCarthy and THOMAS M. McKEONE, '54, Notre Dame, Ind.
Miss Carrie Ethel Neher and JOHN T. QUEENAN, '54, Greenwich, Conn., June 15.
Miss Lucy Burke Connolly and DAVID R. COHEN, '55, Notre Dame, Ind., July 6.
Miss Helen Lorraine O'Keefe and THOMAS J. MILLER, '55, Crystal, No. Dak., August 26.
Miss Geraldine F. Simmons and CHARLES H. MINGES, '55, Notre Dame, Ind., July 20.
Miss Regina Frances Costello and JAMES F. NORTON, '55, Jersey City, N. J., August 17.
Miss Maureen Anne Butler and LT. JAMES P. O'MALLEY, '55, Notre Dame, Ind., August 27.
Miss Ann Marie Kenny and CHARLES A. SULIVAN, JR., '55, Suffern, N. Y., August 24.
Miss Mary Carey and JOSEPH P. SWIFT, '55, Oak Park, Ill., July 20.
Miss Tamy Marietta and MARK TOLLE, '55, Dallas, Texas, September 14.
Miss Sallie Carol Costa and PAUL J. INEICH, '56, Springfield, Ill., June 8.
Miss Mary Ann Grittani and JOHN F. MANION, '56, Mishawaka, Ind., September 7.
Miss Rita Andreas and JAMES E. MILAS, '56, Chicago, Ill., June 12.
Miss Kay Roberts and HENRY NEUHOFF III, '56, Deadwood, So. Dak., October 12.
Miss Jane Powers and JOSEPH S. O'CONNOR, '56, Chicago, Ill., June 29.

Miss Sandra Jean DeVries and DONALD A. GLENTON, '57, Notre Dame, Ind., June 15.
Miss Ila May Martin and JAMES M. MEEHAN, '57, South Bend, Ind., July 27.
Miss Josephine Marie Sergio and GENE H. MUHLHERR, '57, Notre Dame, Ind., September 14.
Miss Geraldine Bratina and JOSEPH R. VAN DYCK, '57, South Bend, Ind., September 7.

Births

Mr. and Mrs. RAYMOND A. GEIGER, '32, a son, Michael Terence, July 7.
Mr. and Mrs. ERNEST MAURIN, JR., '38, a son, July 7.
Mr. and Mrs. GEORGE A. UHL, '42, a son, David Robert, July 7.
Mr. and Mrs. OLIVER H. HUNTER, '43, a son, Terence Patrick, June 15.
Mr. and Mrs. J. FRANK CARVER, '44, a daughter, Brigid Louise, February 3.
Mr. and Mrs. EUGENE FREIENSTEIN, '46, a daughter, Mary Lynn, October 26, 1956.
Mr. and Mrs. JOHN F. LAUGHLIN, '48, a daughter, Patricia Marie, July 17.
Mr. and Mrs. CARROLL J. O'CONNOR, '48, a daughter, Mary Margaret, July 6.
Mr. and Mrs. JOHN P. CARROLL, '49, a daughter, Rose Ann, June 19.
Mr. and Mrs. ROBERT KANE, '49, a daughter, Denise Judith, May 23.
Mr. and Mrs. JOSEPH G. NAUMAN, '49, a daughter, Carolyn Elizabeth, July 29.
Mr. and Mrs. GEORGE H. STUHR, JR., '49, a daughter, Donna Ellen, August 14.
Dr. and Mrs. JOHN A. GARIEPY, '50, a daughter, Lynn Ann, August 20.
Mr. and Mrs. RICHARD P. HYLAND, '50, a daughter, Peggy Kathleen, June 19.
Mr. and Mrs. FRED A. JOYCE, JR., '50, a son, Michael McFarland, June 21.
Mr. and Mrs. DONALD ZEHNDER, '50, a daughter, Gail Robin, August 23.
Mr. and Mrs. DANIEL J. BRENNAN, '51, a daughter, Maura Eileen, February 9.
Mr. and Mrs. ROBERT T. PELLER, '52, a son, Matthew, June 23.
Mr. and Mrs. H. P. WOOD, '52, a daughter, Lauren Ann, June 7.
Mr. and Mrs. THOMAS E. BAKER, '53, a son, William Roger III, May 28.
Mr. and Mrs. WILLIAM BERRY, '53, a daughter, Elizabeth Mara, June 25.
Mr. and Mrs. EDWARD F. CONDON, '53, a son, Edward Francis, July 18.
Mr. and Mrs. JAMES KEOGH, '53, a son, Kevin Rodden, July 2.
Mr. and Mrs. ROBERT G. STRALEY, '53, a daughter, Donna Marie, December 4, 1956.
Mr. and Mrs. MICHAEL SCANLON, '54, a son, Michael Court, Jr., August 29.
Lt. and Mrs. T. N. PATTON, JR., '55, a daughter, Martha Mary, Sept. 4.
Mr. and Mrs. GEORGE PEZDIRTZ II, '55, a son, George III, April 28.
Mr. and Mrs. JOHN J. NEVIN, '56, a daughter, Martha Anne, June 15.

Sympathy

BERNARD J. VOLL, '17, on the death of his wife, August 26.
HAROLD F. HAYNES, '23, on the death of his mother, July 19.
WILLIAM B. CHAWGO, '31, and LOUIS E. CHAWGO, '33, on the death of their father, August 3.

EUGENE CONNELLY, '32, on the death of his mother, July, 1957.
JOSEPH HILLEBRAND, '41, on the death of his father, July 3.
JERRY SARB, '48, on the death of his brother, August 21.
E. G. OLWELL, '49, on the death of his father, August 2.
RICHARD HYLAND, '50, on the death of his brother.
ROBERT E. HOKE, '52, on the death of his daughter, August 28.
PROF. JAMES A. MCCARTHY, Department of Civil Engineering, on the death of his wife.
L. W. NORMAN, '28, on the death of his mother, August, 1957.
JOHN SENNETT, '55, on the death of his father, August 27.

Deaths

DR. JOHN P. NAUGHTON, '88, retired Los Angeles physician and surgeon, died at his home on August 7. He attended medical school in Austria, and was a graduate of Notre Dame, the University of Maryland and Bellevue Medical College. Dr. Naughton was the oldest living former N.D. football player. He is survived by his widow, a sister, and several nephews and nieces.
HON. HENRY J. KICK, '94, died in Denver, Colo., on July 2 according to information recently received in the Alumni Office.
FREDERICK J. O'BRIEN, '94, died on September 5, 1955. At the time of his death, Mr. O'Brien was residing in Los Angeles, Calif.
MARTIN J. COSTELLO, '97, retired auditor of the Interlake Iron Corp., died June 11 in South Shore Hospital, Chicago. Mr. Costello is survived by a son and a daughter. The funeral was held in Our Lady of Peace Church and burial took place in St. Mary's cemetery.
JOHN C. HESSE, '99, Fort Madison, Iowa, died recently according to information received in the Alumni Office.
HARRY E. POULIN, SR., '00, South Bend, Ind., died July 7 in St. Joseph Hospital after an illness of two months. Mr. Poulin, a retired salesman, was a member of the Knights of Columbus, the Elks, the St. Joseph Valley Alumni Club and the Holy Name Society. He is survived by his widow; two sons, Harry, Jr., '37, and Roland, '31; two grandchildren; two brothers, and one sister. The funeral was held in St. Joseph Church.
THOMAS J. KENNY, '06, Pittsburgh, Pa., died January 20 according to information just received in the Alumni Office.
REV. WENDELL P. CORCORAN, C.S.C., '07, widely-known Holy Cross priest, died on August 22. He was a former pastor of Christ the King, St. Joseph's and St. Patrick's Churches in South Bend and also served as chaplain of Columbia Hall, campus residence for Brothers of the Congregation. He was a missionary for many years and had traveled extensively throughout the United States from his ordination in 1911 until 1934. Father Corcoran is credited with the liquidation of St. Joseph's Church debt of \$127,000 while being assigned there. After graduating from Notre Dame, he studied at Holy Cross College, Washington, D. C. Father Corcoran is survived by a sister-in-law, and several nieces and nephews.
ROBERT J. MCGILL, '12, Indianapolis, Ind., died on February 9.
WALTER J. MAGUIRE, '12, died on June 26, 1955, according to information just received in the Alumni Office. Mr. Maguire was a resident of St. Johns, Virgin Islands, at the time of his death.
DR. JOHN M. CULLIGAN, '15, died on August 7 in St. Paul, Minnesota. He had been active in the N.D. Foundation program since its beginning in 1947, and currently was serving as Foundation Governor for Minnesota. Among the survivors is a son, Robert, '51.
REV. THOMAS J. MACKIN, '15, died July 19. Father Mackin was stationed in Charleston, South Carolina, at the time of his death.
HERBERT E. WALSH, '20, Ardmore, Pa., died on July 7, according to information received by the Alumni Office.

ERVIN T. FLEMING, '25, Dallas, Texas, died in July according to information received in the Alumni Office.

AL FOOS, '25, Norwalk, Ohio, died of a heart attack on July 31. He is survived by his wife, Catherine, and two children. Requiem Mass was held at St. Paul's Church.

HOWARD J. SPENCER, '25, Chicago, Ill., died on April 19 according to information recently received in the Alumni Office.

MICHAEL J. CURRY, '26, died May 11. Survivors include his widow who resides in Alexandria, South Dakota.

JAMES V. MAHER, '26, New York, N. Y., died suddenly on July 1.

FREDERICK J. HENNEGHAN, '32, Joliet, Ill., died on August 14. Prior to graduating from Notre Dame in 1932, he had been a Holy Cross seminarian for seven years. He was an active member of the Notre Dame Alumni Club in Joliet and served as an officer of that organization. Survivors include his widow, a son, John F.; and two sisters.

REV. MICHAEL A. JEDNAKOWSKI, C.S.C., '32, died July 23 in St. Mary's Hospital, Chicago. Father Jednakowski had served as assistant pastor of Holy Trinity Church, Chicago, and St. Hedwige's Church, South Bend, and chaplain of Gibault School for Boys, Terre Haute, Ind., and Msgr. Coyle High School in Taunton, Mass. He is survived by a brother. Funeral services were conducted in Chicago and burial was in the Community Cemetery on campus.

MALCOM V. SAXON, '36, Memphis, Tenn., died June 18 after a 10-week illness. Survivors include his widow; two sons; a daughter; his mother; and two brothers, David, '29, and George, '43.

PETER ARBOIT, '40, Van Nuys, Calif., died of a heart attack on July 17. Survivors include his wife who resides at 7021 LaSaine, Van Nuys, Calif. The funeral was held at St. Catherine Sienna Church, Reseda, Calif. He was a former football player at Notre Dame and was a member of the Monogram Club.

LT. (j.g.) THOMAS A. BLIND, '34, was killed in the crash of a Navy jet fighter, on July 25, at Atsugi Naval Air Station in Japan. He was attempting an emergency landing after the plane's engine flamed out. Lt. Blind was attached to an air group aboard the carrier Lexington, docked at nearby Yokosuka Naval Base. His home was in Casper, Wyo., and he was married to the former Miss Helen Bilinsky, of Vista, Manitoba, Canada. Other survivors include his mother; a sister; and two brothers, William C., '32, and Robert J.

1903

REV. STANISLAUS A. GRUZA, C.S.C., recently celebrated a solemn Mass of thanksgiving in Holy Trinity Church, Chicago, on the occasion of his golden jubilee of priesthood. He is presently assistant pastor and superior of the house at the Chicago church. A native of Poland who came to South Bend with his parents in his boyhood, Father Gruza served as pastor of St. Hedwige's Church in South Bend from 1925 to 1934 and from 1940 to 1946. He also founded South Bend Catholic High School, which existed from 1928 to 1933 and preceded the present St. Joseph High School as the first Catholic co-educational high school in South Bend. Several Chicago pastors assisted at the jubilee Mass, and Rev. Stanislaus F. Lisewski, C.S.C., D.D., pastor of Holy Trinity, gave the jubilee sermon. After Mass there was a jubilee banquet in the Holy Trinity cafeteria, at which the principal speaker was Rev. Theodore Mehling, C.S.C., provincial of the Congregation of Holy Cross.

From the Alumni office:

FRANK J. BARRY, San Clemente, Calif., recently visited the campus for the first time since 1929. He was accompanied by his daughter and grandchildren. He had missed seeing PAT McDONOUGH when he was in New York through having an old address and being there on a weekend.—J.E.A.

1904

HARRY G. HOGAN, retired banker (but NOT retired lawyer, lumberman, tool and die maker, elder statesman of Fort Wayne, and consultant to the Foundation) had a summer trip to the Northwest cut short by hospitalization but is in shape to cheer the Brennan renaissance from the Stadium at the home games this Fall.

1907

From BILL DRAPER in Chicago:

"I had every intention of attending this year's reunion, but the problem of properly adjusting to the life of retirement hindered my being on hand. "After retirement March 1, 1956, Mrs. Draper and I started a leisurely drive to the West Coast, returning home early in May.

"I loafed around Evanston until I was afraid I would be picked up for loitering, so I opened a Chicago office—on a more or less half-time basis—for a friend of mine. The nature of the work is Market Research. . . .

"It so happened I had to be in Minneapolis from

June 5 to June 14. That is why I was unable to enjoy the many pleasures so prevalent at Notre Dame during Commencement and Reunion time."

1909

PAUL MARTIN-DILLON wrote expressing his sorrow at the recent deaths among Holy Cross priests although FATHER MOLONEY was the only one he knew personally. Paul writes:

"I checked over the list of Holy Cross priests now at Notre Dame as this is printed in the Official Catholic Directory. Names familiar to me are few indeed. But I am happy that FATHER JOE MAGUIRE is still on the scene and apparently active. When I was a young boy in prep school I served his Mass every morning in the convent chapel. At that time Father Joe himself looked like a boy in his teens. . . . Occasionally I receive a letter from FATHER MATT WALSH and within the last year or so have heard from FATHER CARROLL. . . . I had a wonderful visit with his folks in Limerick—the mother and brother of May Carroll whom you may remember as a nurse in the Student Infirmary at Notre Dame. In the sitting room of the Carroll home (the house in which Father Pat was born) there was a big photo of May just as she looked when she was graduated from nurses' school."

Paul is the author of four published books and one still in manuscript, tentatively titled "Gold, Blue and Emerald Green."

1911 Fred L. Steers
105 S. LaSalle St.
Chicago 3, Illinois

1912 B. J. Kaiser
521 Bellaire Avenue
Pittsburgh 26, Pennsylvania

Your self-reinstated secretary was somewhat disappointed at the small turnout for our 45th reunion. The correct list of those who responded to the call of their Alma Mater is: B. J. KAISER, WILLIAM J. PARISH, DONNELLY P. McDONALD, F. L. MENDEZ, PHILIP J. PHILIP and EDWARD J. WEEKS.

You will note that in the last issue of Notre Dame ALUMNUS there are ten faces in the picture of the 1912 Class. To save face we invited four guests to pose with us. This they agreed to do for a free dinner. Thank you very much HARRY MILLER, '10, and ED FIGEL, '11, and you other two gentlemen who shall remain anonymous.

Have a good look at the picture and see how many of the remaining six you can name. If you are interested to know drop me a line and I will give you the line-up.

In my pre-reunion letter I stated that of the 68 graduates of the 1912 Class 26 were known to be dead. I have since learned that WALTER J. MAGUIRE, M.E., died June 26, 1955, and ROBERT J. MCGILL, E.E., died February 9, 1957. I also learned that LEO J. CONDON, E.E., 1224 South Fair Ave., Pana, Ill., has been an invalid for the past 23 years. Please send him a "cheer-up" note.

WALTER DUNCAN and THOMAS A. J. DOCKWEILER sent me their "sorry-can't-be-with-you-notes" also their best wishes to all of you. They promised to show up for our GOLDEN JUBILEE just five short years hence. JOHN MURPHY was out of the country, otherwise he would have been with us.

Please send me news about yourself for the next issue of the ALUMNUS and do not forget the current Alumni Fund. The Class of 1912 does not look too good in the report in the last issue of the ALUMNUS, only five contributors and \$665.00 as of June 30. Let us make it 50 contributors and at least \$5000.00.

KENTUCKY—At the Notre Dame Club of Kentucky testimonial dinner for Paul Hornung were, left to right: Terry Brennan, Rog Huter, Paul Hornung, Harry Stuhldreher, and Moose Krause.

PHILADELPHIA—Walt Grothaus, president of the Philadelphia Club and Bill Whiteside present a set of Lactare Sunday vestments to Father Lamond of Saint Augustine's parish.

- 1916** Grover F. Miller
612 Wisconsin Avenue
Racine, Wisconsin

RALPH J. LATHROP is Vice President of Marsh and McLennan and writes that he has been married 40 years; July 4 he will be 65 and will retire as of August 1.

BILL BRADBURY has never been back for a 1916 reunion but promises to make it in 1961; he practices law in Robinson, Illinois; has had a very full life; is now a Director of the Notre Dame Law Association.

RAY HUMPHREYS is Chief Investigator at the District Attorney's Office, Denver, Colorado; Ray had such a wonderful time at our reunion last year that he returned this year to join the Class of 1917.

From the Alumni Office:

TOM O'CONNOR, Rochester's Man of the Year, has been more than 33 years with the Catholic Press, eight with the Rochester "Echo"

and 25 with the "Catholic Courier Journal," of which he is News Editor.

- 1917** Edward J. McOsker
2205 Briarwood Road
Cleveland Heights 18, Ohio

From the Alumni Office:

JAMES D. HAYES received a warm "well done" this year as one of 35 who have helped select more than 100,000 District of Columbia residents for the armed forces. He was honored in Washington for 15 years of unpaid volunteer service with District draft boards.

Jim, now chief of the Disability Insurance Claims Division of the Veterans Administration, said, "It's one thing I've done that I feel proud of."

During the war Jim was chairman of Local Board No. 9, called the "President's board" because in 1942 Hayes himself registered President Franklin D. Roosevelt.

"I registered the President on April 28, 1942," Jim says. "It was my biggest day as a draft man."

He was very funny all the time I was registering him. I had already filled in his weight and height on the back of the card, and he told me that I had been reading his mail.

"When it came to the question of who will always know your address, he said, 'Who but Eleanor?'"

Jim also registered such men as J. Edgar Hoover, Sumner Welles, Harry Hopkins and Harold Ickes.

DANIEL E. HULGARTNER, JR., recently celebrated 40 years with the Chicago Tribune. Dan is want ad editor of the classified advertising department. Coming to the newspaper in 1917, he started his career as a classified advertising salesman. He headed the Loop want ad office and the out-of-town division of classified before he became want ad editor in 1948.

Looking forward to another 40 years, Dan hopes "they will be as fascinating as the past 40 years on the classified merry-go-round."

Dan is a past president of the Alumni Association and of the Notre Dame Club of Chicago. He is a football enthusiast and enjoys lawn bowling.

- 1918** George E. Harbert
500 Rock Island Bank Bldg.
Rock Island, Illinois

From the Alumni office:

CHARLES W. CALL, manager of the Directory Division of Fairchild Publications, Inc., has retired under the company's pension plan Oct. 1, slightly ahead of normal retirement age.

Charlie joined the editorial staff of Fairchild in 1919 after service as an officer in World War I. Most of his editorial work was in the clothing industry. For many years he conducted a column called "Broadway & Seventh Avenue" in Women's Wear Daily.

After Pearl Harbor Charlie volunteered for active service as a naval officer and served nearly four years. He was Port Director at Granville, France, during the invasion and later was on duty in Bremerhaven, Germany, at the surrender of the German forces.

In 1945 Charlie returned to Fairchild to expand the Directory Division. He is a commander in the Naval Reserve and a member of the Retail Associated Group, the Notre Dame Club of New York and the Sons of the American Revolution. He has plenty of hobbies to occupy his time and believes travel and other things should be enjoyed when one is "relatively young."

JAMES G. WALLACE has submitted an interesting footnote on the recent "Notre Dame Big Leaguers" article. Jim's postscript, fully substantiated by local historians, follows:

"I did not see the name of PAT MURRAY, '19, included. Pat pitched for the N.D. varsity in '17 and '19. He joined the Philadelphia Nationals in June, '19, and was with them for the remainder of that year, participating in quite a few games. Ever hear of Davey Bancroft, famous shortstop? Well, he was Pat's roomie and taught Pat to chew tobacco—or so the legend goes. Pat was also with the Phillies for a time early in 1920."

"More about those N.D. Big Leaguers. In '16 and '17, when I was in good old Brownson, a lanky moundsman named ADRIAN LYNCH dished up the Brownson pitches in the Inter-Hall League. Not very peppy or spirited, but good just the same. To the best of my knowledge he never tried out for the varsity—capably served in those days by SWEDE EDGREN, GEORGE MURPHY, PAT MURRAY and others."

"Imagine my surprise some years later—probably '19, '20 or '21 — when, cying the baseball summaries of the New York Times, I came across the choice morsel "LYNCH WINS FOR BROWNS." The Lynch was Adrian Lynch, and the Browns were the St. Louis Browns. Furthermore he was from Notre Dame—so the article said. Yep, it just had to be our old Brownson Haller. He apparently was with the Browns that one season and, as I recall, won several games. In later years I watched carefully but never heard or read of him again. Maybe FRANK MILES (. . . "Ranc" is the one I mean) or better still JAKE KLINE, varsity infielders of those days, could set the record straight on "Slim" Lynch (Adrian, that is). Also on Pat Murray (now principal of the high school at Williamson, N. Y., I believe).

"Best of luck, and keep that ALUMNUS coming. It tells us all that's new and flatters us old timers with opportunities to test our memories—even, in cases such as this, to 'write the Editor.'"

REUNION ECHOES

Each reunion in the series of five-year reunions celebrated by our class has been a memorable one and quite distinctive. All who attended our 35th Anniversary Reunion seemed highly pleased with it and returned home more certain than ever that time has not been unkind to the men of '22. The old spirit and drive are still a part of the men who assembled on the campus and one feels highly honored to be a member of such a class. We are deeply indebted to JIM ARMSTRONG and to JOHN CACKLEY of the alumni Association for their splendid arrangements, also to our reunion chairman FRANK RANGY MILES for superb direction and to Rangy's very capable assistants: AARON HUGUENARD, HAROLD WEBER, FRED DRESSSEL, GENE SMOGOR, BERNIE McCAFFERY, PAUL PADEN and the other South Benders of '22. Our successful reunion gatherings are always the result of hard work by the men of South Bend.—Long distance traveling honors were captured by GENE KENNEDY of Los Angeles, and EDDIE BYRNE of Natchez, Mississippi, was runner-up.—The Monogram men were strongly represented with HUNK ANDERSON, DANNY COUGHLIN, CHUCK CROWLEY, CHET GRANT, VINCE HANRAHAN, JOHN HUETHER, GENE KENNEDY, BOB PHELAN, RANGY MILES, CHET WYNN and others.—Our fine medics: Doctors ATKINSON, WEIS and SEXTON were not able to appear due to conflicting engagements about the same time.—FATHER GEORGE FISCHER, C.S.C., performed admirably as acting chaplain.—Our class dinner in Morris Inn on Friday night was a grand success and so was an unscheduled class breakfast at the same place on Saturday morning when '22 men appeared simultaneously from all directions with empty stomachs to form a group almost as large as the dinner group the previous night.—Attorney JAMES VINCENT JONES clarified some legal points for his brother attorney JEROME F. DIXON.—It is regretted that all '22 men in attendance were not present for the class group picture; a two-bit fine should be imposed upon such absentees as HUNK ANDERSON, CHUCK CROWLEY, GERALD BRUBAKER, PAT MANION, PAUL PADEN, PAUL PFOHL, BOB PHELAN, WALTER SHILTS, MARK STOREN, HAROLD WEBER and CHET WYNN.—MORGAN SHEEDY looks about the same as in his undergraduate days.—JOHN PAUL CULLEN was tops in poise at the special ceremony wherein he presented a collection of Sherwood Anderson papers to Father Hesburgh for the University Library, and many '22 men were present to lend moral support.—The Mass on Saturday morning for deceased members of our class was well attended. Celebrant was FATHER GEORGE FISCHER, C.S.C.—Clerks are still trying to tally the number of Saturday noon box lunches eaten by EDDIE GOTTRY, BRUCE HOLMBERG and JIM SHAW. Several have asked how come Bruce Holmberg attends '22 reunions when actually he was graduated in '23? Big Bruce is the proud holder of one of the few honorary social degrees conferred by our class.—Many compliments were directed at Frank "Rangy" Miles and his smooth running staff for leaving absolutely nothing undone to make our reunion a huge success.—Many recalled, too, the countless kindnesses arranged by HAROLD WEBER and wife Lucile for us in '32 at Diamond Lake.—Clevelanders GEORGE KERVER and PETE CHAMPION were holding their own, also ex-Clevelanders JOHN "TUFFY" HART now of Cincinnati.—EDDIE PFEIFFER and FRANK BLOEMER were filled with the spirit of Louisville.—Downtown Indians RAY KEARNS and PHIL KILEY attended, also, upstater MARK STOREN.—The Chicago delegation was smaller than expected but the old reliables JERRY DIXON, TOM McCABE, PAUL PFOHL and CHET WYNN showed.—RALPH CORYN, BOB GALLOWAY, JOHN HUETHER and OLLIE SCHELL were comparatively hazy about everything.—South Benders TOM "SARGE" OWENS, LEO LOVETT, PAUL SCHWERTLY and WALTER SHILTS seemed mighty proud, and rightly so, of their own work and that of their reunion boss, Local Chair-

SPOTLIGHT ALUMNUS

WILLIAM FRANCIS FOX, JR., '20

William Francis Fox, Jr., who, according to Father Tom Burke, "spent four years at Notre Dame crabbing about marks he didn't get for classes he never attended," has been sports editor of *The Indianapolis News* since 1939 and with it since 1920.

Bill has a radio program on Station WIBC called "The Fox's Den," in continuous operation since Jan. 2, 1945. For 19 years he has conducted the Downtown Quarterbacks Club, a popular luncheon meeting. His wit as toastmaster has enlivened meetings of the South Bend Quarterbacks, and he was M.C. at a banquet several years ago for the N. D. football team.

In 1930 he married Mary Alice MacManus of Bloomfield Hills, Mich. They have four children: Peter Damian, a member of the Society of Jesus; Michael Joseph, N.D. '55, and William F. III, Purdue '57, both in the army; and Mary Sheila, a student at Purdue.

While writing four columns for *The News* and doing six radio programs a week, Bill has managed to author several national magazine articles treating sports as lightly as possible.

He is proud that he has been accused of being a graduate of almost all the twenty or so colleges and universities in Indiana; that he was named Notre Dame Man of the Year, by Indianapolis alumni, a few years ago; and that his wife's father, Theodore F. MacManus and his own father, were named Knights of St. Gregory by the Holy Father.

man Rangy Miles.—Your secretary was flabbergasted no end when he was called upon to be the recipient of an "appreciation" plaque from his classmates for services rendered his class in the office of class secretary. Be assured that I do question that I have rightfully merited such an honor, but I do greatly appreciate the thoughtful appreciation of a wonderful group of classmates for whom it has been my pleasure to engage in secretarial duties for many years. Let us not forget, however, that your present secretary has not held that position since we were graduated in 1922. From that year until 1927 your class secretary was our good friend FRANK BLASIUS who served with credit and distinction.—Here are letters from DOCTOR DANIEL SEXTON of St. Louis and JERRY JONES written under heading of Counsel's Office, Twelfth Naval District, San Bruno, Calif. We greatly regret both were unable to attend our reunion:

Dear Kid:

It looks very much as though I will not be able to attend the reunion. I get home June 6th after being away 10 days and it is just impossible for me to turn around and leave for the week-end. I regret very much that I cannot be with you and enjoy the fine reunion I know you will have. We have our American Medical Association meeting that same week in New York City and other specialty meetings that are held at the same time and it is imperative that I attend.

I hope everything is going along nicely with you. If you can arrange to get down St. Louis way as long as you are in Chicago and South Bend we would like very much to have a visit from you. While we do not have plans set for the summer I do not think we will be back to Minnesota. The three girls are going to camp up there this year but they are going just the last four weeks so they will hardly be away before they will be thinking about returning home. I am glad to relate to you that we are all fine and had a splendid winter. Mother is reasonably well and going along satisfactorily.

Please remember me to all of my good friends and express my regret in not being present.

Sincerely yours,

Daniel L. Sexton, M.D.

Dear 'Kid' and Gang:

I certainly am very sorry that I can't be with you for our 35th. Gaad, has it been that long? However, this time I am many more miles removed from N.D. than for our former reunions. Also, the Navy seems to require that its attorneys be on the job, or subject to call, at all times. I am employed as attorney for the District Public Works Officer of the 12th Naval District and am kept rather busy. The work is very interesting and the compensation is sufficient even if not in the bracket where I need worry about where to invest.

We have been out here for about a year and a half and enjoy the California living conditions extremely. Our move was necessitated by family health conditions, including my own. I have been exceptionally well since the move and am well pleased. Marion has had some heart flareups which required hospitalization recently but she is now fairly well and will probably be O.K. if she continues to realize her physical limitations. Both girls are fine. Enough about me and mine.

Buck Shaw is the only member of our class in this area and I have only seen him a few times. He is fine and apparently well pleased with his assignment as coach for the new Air Force Academy. He spends about six months here and the others in Colorado.

I had to make a trip back to Washington (DC) early in May and I have been wishing it could have been delayed a month so as to let me make the stopover at N.D. for this week-end. But, no luck; the Navy had set it up differently. I flew over the Dome on May 15th and had a few bad minutes.

Say 'Hello' to all the fellows for me and assure them I am really upset at missing. I had been trying to "plan it that way" but it just didn't work out. Also, if you see my brother Herb, or my brother-in-law Bob Cahill let them know you heard from me. Have fun, lift a few for me and remember us in your more sober moments.

As ever,

Jerry Jones

In accordance with Alumni Association recommendations, '22 class elections were held in conjunction with our reunion. We thankfully salute the outgoing officers and bid the new ones welcome.

For your ready reference, here is the list of the old and new officers:

OUTGOING: Honorary president: Charles J. Hirschbuhl, Daniel H. Young; president: Aaron Huguenard; vice-president: Hon. James Murphy (East), A. Harold Weber (Midwest), Edwin J. Byrne (South), Hon. Al Scott (West); treasurer: Fred Dressel; secretary: no change.

INCOMING: President: J. Ralph Coryn; vice-president: Vincent Hanrahan (East), Chester A. Wynne (Midwest), Frank B. Bloemer, Jr. (South), Eugene M. Kennedy (West); treasurer: Dr. Matt Weis.

Our deep sympathy is extended to DANIEL H. YOUNG on the death of his brother Charles H. who died June 30 at St. Joseph's Hospital, St. Paul, Minn. Mr. Charles Young was very recently retired from business, having served as vice-president of the Walsh Construction Company of New York and general manager of the Walsh Canadian Construction Company. He supervised construction of Camp Meade, Maryland, also air force bases in France and Spain, and was given a U. S. Navy citation for construction of invasion boats. Further he was an authority on the location of geological deposits of concrete aggregates. We direct our sympathy, also, to the widow, sons and daughter of the deceased.

Mrs. Charles J. (Pat) Hirschbuhl has been touring Europe this spring. Vince Hanrahan's sister, Jane, is visiting the European continent this summer while his sister, Ursula, sees Ireland. Vince thought the very best trip he could take was the one to our 35th reunion and so he made it, and was very happy in his choice.

1923 Louis V. Bruggner 2165 Riverside Drive South Bend, Indiana

Here is the first effort in our concerted drive to bring together for the 35th Reunion of the Class of 1923 as large a turnout as we possibly can, in what we expect to be the largest 35th Class Reunion Notre Dame has ever seen.

I don't mean to dwell overmuch on the inevitability of death, but cold logic and simple arithmetic and mortality tables tell us that none of us (and we're all of us 35 to 60 years old) can afford to miss this one. You can't afford to come? You can't afford not to. News has reached this desk of two more deaths in our ranks: THOMAS A. WALSH and FATHER JAMES F. NOLAN. To refresh your memory. Tom worked in his undergraduate days in the cubbyhole in the Main Building which went by the name of the book store. Father Nolan left Notre Dame to go to St. Michael's College and St. Augustine's Seminary in Toronto. He was ordained a priest May 25, 1929, and was in recent years a parish priest in a poverty-stricken area of Pennsylvania.

FRED STEELE was a welcome visitor to South Bend over the Memorial Day weekend. Fred, you may remember, has been in enforced retirement for the past five years or so, due to an onset of multiple sclerosis. He may be reached by mail at 744 East Nevada Avenue, St. Paul 6, Minn.

Two interesting notes were received from FATHER JOHN E. DUFFY, Col. USA Ret., now pastor of Our Lady of Lourdes Church, New London, Ohio.

JOHN MONTAGUE contributed a helpful letter in June. Excerpt: "You can add another grandchild to my record. A baby girl arrived a week ago. Another one due in August." (Different parents, John?)

FATHER JOHN CAVANAUGH, Director of the N.D. Foundation, reported: "Your class letter of May is a dinger. Because of it, I have resolved to make it a date in 1958." Well, Father, I'll be there also. That leaves only 299 to go.

JACK NORTON, class president, has been bombarding me with instructions on the Reunion. He has appointed a national committee, headed by himself, to whip up enthusiasm. A local committee, headed by JOE NYIKOS, has also been formed. A start of a sort was made at the last reunion weekend. I enjoyed visiting with Jack, DICK NASH, ED SHEA and men of other classes. For a list of '23 registrants last June see the class notes in the last ALUMNUS. The committee: National, JACK NORTON, Chairman, VINCE BROWN, MERLIN ROWLING, TOM LEF, ED SHEA, FRANCIS WALLACE, LINUS GLOTZBACH, JOHN CHAPLA, WILLIAM VOSS, HENRY LAUERMAN, EDWARD D. KELLY, DICK NASH and LOUIS DeSMET; Local, JOE NYIKOS, Chairman, FR. JOHN CAVANAUGH, ART DIEDRICH, ED KREIMER, LEO RIEDER and CLIFF WARD. I forgot to mention that ART DIEDRICH had a slight heart attack recently. He is out of danger, and we feel sure he'll be available for committee.

In the last ALUMNUS men of '23 were mentioned or pictured not less than nine times: Mrs. PATRICK C. DORAN, ELMER B. JOHNSTON (misnamed Johnson), CLIFFORD WARD, FATHER JOSEPH McALLISTER, FATHER THOMAS J. BRENNAN, FATHER JOHN CAVANAUGH, JOHN BRILEY, etc.

From the Alumni office:

HARRY FLANNERY, television and radio coordinator for the AFL-CIO, has been a prominent by-line twice in the Ave Maria in recent issues, once with an article on General Gruenther, and once with an interview with Robert Kennedy of the McClellan Committee.

GEORGE J. HAHN, for 30 years vice-president in charge of sales and merchandising for Colonial Woolen Mills, Cleveland, has organized the firm of George J. Hahn and Sons, which will be exclusive national fabric sales representatives for the Colonial Co. George has four sons, two daughters and two granddaughters. George, Jr., is a junior at Notre Dame this year, and the second oldest son, John Nicholas, is a freshman. George also has ties with

KANSAS CITY—New Auxiliary officers are, from left to right: Mrs. Philip Kirwan, corresponding secretary; Mrs. Bryce Eck, vice president; Mrs. Thomas Reardon, president; Mrs. Bernard Finucane, recording secretary; Mrs. George McLiney, treasurer; and Mrs. William Robertson, auditor.

the class of '25 through his good friend and brother-in-law, JOHN HURLEY, of Toledo.

1924 James R. Mechan
329 So. Lafayette Blvd.
South Bend 10, Indiana

FATHER TOM KELLEY was a welcome part of a very pleasant evening the visiting Armstrongs spent at the University of Portland in July. The former Class Secretary seems to be retaining all his youth and enthusiasm in the coeducational and progressive atmosphere of the growing Northwest college.

JOE RYAN, professor of composition in the Notre Dame English department, left after summer school to visit the West Coast, including VERNON "TEX" RICKARD in Hollywood.

1925 John P. Hurley
2085 Brookdale Road
Toledo 6, Ohio

When you go to a Notre Dame graduation these days you are bound to meet some '25ers whose sons are getting their sheepskins. I happened to be around because a nephew of mine, John Hammett, graduated. I also picked up my daughter, who will be a senior at St. Mary's. BILL BELL was there as his son was in the class of '57, as was HANK WURZER, whose son "Buzz" got his degree. LEO GRACE's boy, Chuck, got his sheepskin too, so we had quite a reunion of '25ers.

At the St. Mary's Parent Weekend this Spring, I saw GEORGE LUDWIG, GEORGE BISCHOFF, JOHN DROEGE, and ED O'TOOLE. TOM GREEN (class of '27) is still full of pep and southern twang and the father of eight children. PAT CANNY and TOM BYRNE also have daughters there but Pat and Tom were also at N.D. a few years after us.

PAUL SAGSTETER, whom I wrote about in the last issue of the Alumnus, died in June. I didn't learn the details but I knew that Paul was going into the hospital for a check-up. He hadn't been feeling well, but the notice of his death was a terrific shock to me because he looked fine. Please remember Paul in your prayers. Paul gave me a check for our Mass Fund. Little did he know he would be the next one to participate in that Fund.

On my return from Florida, I received a letter from JOE TOOLEN, from Indianatland, Florida (I had been in his town only a week before, but I didn't know Joe was there.)

Joe's note . . . "Just learned today of the death of HOWARD SPENCER last Friday, April 19. Don't know any of the details but thought I'd write you so you could get it in the ALUMNUS. Howard had not been well for a number of years. I know his many friends in the class of '25 will remember him in their prayers.

"I was shocked to hear of RAY CUNNINGHAM's death and of the others also. We're all walking toward the sunset, a little faster now than a few years ago. Regards, Joe Toolen."

Thanks, Joe, and you can be sure the boys will pray for "Howie." I've advised HANK WURZER and a High Mass will be said for him. Since writing this about "Howie," I was in Chicago and called his mother. He had been ill quite a long time. Mrs. Spencer is going to have a memorial in the new Holy Cross Seminary for Howie. So be sure to remember these fellows in your Masses and prayers.

Howard's mother is Mrs. R. M. Spencer, 4036 North Avers Ave., in Chicago. If any of you fellows pass through please give her a call. She will be glad to hear from you.

A note from Armstrong advised me that J. FRED SALLOWS of 3719 South Carroll St., South Bend 14, Ind., died on March 10 of this year.

As Joe says, "We are walking a little faster toward the sunset," so let's keep those greenbacks coming to Hank Wurzer for the Mass Fund.

To get on a happier note, I received a nice letter on "U. S. Department of Agriculture Farmers Home Administration" stationery, Box 64, Hot Springs, South Dakota, from KARL V. CONNELL.

"My wife Eleanor has been prodding me to get this letter off as I see by the ALUMNUS I had left Minneapolis some time ago . . . about fifteen years ago.

"I was transferred here as a Unit Manager of this three-county unit a year ago, and we love the Black Hills. I would like to have any of the

SPOTLIGHT ALUMNUS

JOHN T. BURKE, '29

John T. Burke of Boston and Clinton, Mass., was named this year by Massachusetts Governor Foster Furcolo to the post of State Commissioner of Commerce out of a field of 100 top business and industrial leaders. He has given up his position as Vice-President of the prosperous John C. Dowd Advertising Agency.

Before entering the Navy for four years as a Commander in World War II John conducted his own advertising and business promotion agency. He has also been Vice-President of Chambers and Wiswall Advertising Agency from 1946 to 1950; President and Treasurer of Burke Advertising Associates, Inc., from 1950 to 1952 and Vice-President of the Dowd Agency with headquarters in Boston and New York since 1932.

John is the brother of the Very Rev. Cyril W. Burke, O.P., Vicar General of the Dominican Order, just returned from two years of service in Japan.

A product of Clinton schools and the Boston University School of Law after Notre Dame, he has been President of the Boston N. D. Club, which elected him "Man of the Year" in 1955. He has served as Chairman of the March of Dimes, Multiple Sclerosis and Salvation Army Campaigns and is a member of the Naval Reserve Officers Club, Navy Club, Wardroom Club, Corinthian Yacht Club and Engineers Club.

gang who are vacationing out here to give us a ring.

"Sure enjoy reading about the '25ers in the ALUMNUS. Do you hear from PAUL DUFAUD? Is VINCE FAGAN still in Chicago? Hope to see the Minneapolis fellows this summer.

"We had plans all made for the last class reunion and they threw a State Conference which I couldn't get out of. Sure hope to make the next one or get down for a game. Best regards to all the fellows and I am sure they appreciate, as I do, the good job you are doing as our class secretary."

ED BAKER of 3602 Kirkway Ct., Fort Wayne, is a Controller and Corporation Secretary. Ed has a wife, Christine, a son, David, 16 and a student at Marmion Military Academy, and a daughter, Jo Ann, 19, at St. Teresa's College at Winona, Minn. He would like to hear from PAUL DUFAUD, last address—Tucson, Arizona.

Well Paul, let's hear from you! That's two pals in a row who want to know about you.

WILLIAM R. BELL, Division Sales Manager, Taylor Instrument Co., has a son, Billy, 20, who is a Senior at N.D., Maureen, 13, and David, 10. He would like to hear from EDDIE WELSH in Vista, Calif. "My son is the senior trainer for the varsity . . . Pat Canny's old job," he says.

PETER PAUL DUPAY, 54 Washington Ave., Baske Ridge, N. J., is an architect. He writes, "I am at present with Brother Cajetan V. B. Baumann, O.F.M., Architect, also some private work."

LEN HESS, of 200 Linda Drive, San Antonio, Texas, thought that his old classmate and friend JOHN HURLEY threw him a curve last fall when he ordered tickets for the Oklahoma game, because our reunion was at the Michigan State game.

JOSEPH P. BURKE writes that he has seen ANSE MILLER, JOHN P. KENNA (deceased), DAN O'NEILL, "BUGS" WALTHER and GEORGE VERGARA through the years.

He has been employed by U. S. Social Security Administration in New York area office for the past eight years. Prior to that he was in with another U. S. Government service and private law practice.

It was fine hearing from you and thanks for the Mass Fund money.

VERG FAGAN writes: "I certainly did enjoy the nice long reports on so many of our old classmates in the current ALUMNUS.

"It seems your request for information must have been almost as successful as the Student Foundation Drive on the Campus, which hit a mere 99.5 per cent response.

"I wonder if in any of your letters you have received any word from, or about, SANTIAGO (MIKE) VELASCO. As I recall, Mike was from Manila, and I believe his family was connected with a department store or some similar business. He was one of the Walsh Hall gang who happened to be a good friend of mine on the campus.

"I was much interested to read your note that you will be getting up to Maryknoll occasionally. It so happens that I was there myself for a Sunday High Mass at the seminary about a month ago. One of my young nephews is there and is anxiously looking forward to his foreign missionary service.

"Three other couples with whom we play bridge regularly and Dorothy and myself have already made plans to attend the Navy game, Nov. 2."

Verg, it's all right to bring your friends to the Navy game reunion of our class on Nov. 2. We have the same Mahogany room lined up . . . at the Morris Inn.

I only hope this is published before the game starts as I missed the deadline, due to my last-minute rush of road work before the Furniture Market.

From the Alumnus office:

GEORGE E. LUDWIG, general manager of Michigan Consolidated Gas Company's Muskegon District, was recently elected president of the Michigan Gas Association, according to MAL KNAUS, '26.

1926 Rudolph A. Goepfrich
1109 N. Cleveland Ave.
South Bend 28, Ind.

(Ed. Note: In between deadlines, Rudy went to Europe on business for his employer, the Bendix Corp. Mrs. K. accompanied him.—J.C.)

As may be deducted from the amount of class news in the last issue of the ALUMNUS, the

response to the questionnaire I sent out was quite good. Some replies came in after the deadline for the last issue and these are being presented here. There are still a goodly number from whom I have not heard but am hoping that they will come across shortly.

REV. HOWARD J. KENNA is now president of the University of Portland. He was born on October 16, 1901, and came to Notre Dame from Jamestown, N. D. He received his A.B. at Notre Dame in 1926, M.S. in 1932 and Litt.D. (Hon.) in 1953. In addition, Father Kenna attended Catholic University of America 1927-29 and Johns Hopkins University 1933-36. In 1956 he received an honorary Sc.D. from Universidad Catolica de Chile, Santiago. He is a member of the Governor's Committee on Education beyond High School, of the State of Oregon, and on the Board of Directors of the Association of Independent Colleges of Oregon. Some of the important posts which he has held in the past are: Superior, Moreau Seminary, Notre Dame, 1937-43; Director of Studies, University of Notre Dame, 1944-49; Vice-President, Academic Affairs, University of Notre Dame, 1949-50; Assistant Superior General, Congregation of Holy Cross, 1950-53; Rector, Holy Cross College, Washington, D. C., 1942-53; President, University of Portland, 1953—. He is a member of the Knights of Columbus, 4th degree; Elks, University Club of Portland. (We can all be proud of these great accomplishments of a classmate of ours. There is a good picture of Father Kenna on page 52 of the Aug.-Sept. '57 issue of the ALUMNUS.)

JOSEPH R. WAGNER lists his address as New Clark Hotel, 426 South Hill St., Los Angeles 13.

Calif. Joe was born November 7, 1902, came to N.D. from Tiffin, Ohio, and received his BCS degree in '26. He is doing office work with Handy Spot, Inc., Los Angeles, Calif.

MICHAEL B. REDDINGTON after receiving his AB at Notre Dame, returned to his home town of Indianapolis, Ind., where he is practicing law in his own office. His specific job is Corporation Counsel, head Department of Law, City of Indianapolis. On several occasions he has served as Acting Mayor of Indianapolis. Mike is unmarried. Some of the offices he has held: Deputy Prosecutor, Marion County, Ind.; City Attorney and Corporation Counsel, City of Indianapolis; Attorney for Insurance Department, State of Indiana; member, Knights of Columbus, past advocate, Indianapolis Council; Head, Municipal Division, Indianapolis Red Cross Drive 1957; American, State and Indianapolis Bar Associations. In 1938 he published an article: "Municipalities in Action" in National Institute Municipal Law Officers. Mike would like to hear from JOHN E. RYAN and LYMAN CLARK. For news about classmates he writes: "CLAUDE PITZENBERGER, real estate man whose daughter is being married this month (May); CHARLEY MASON, about top engineer, Indianapolis Division, Indiana Bell Telephone; JOE QUINLAN, Plant Expansion Engineer, same Indiana Bell; BOB GAVIN, Accounting Division, Indiana Bell; STANLEY BOYLE, Purchasing Agent, Reilly Enterprises, Indianapolis."

ALLEN RUSSELL TRAVIS, originally from LaPorte, Indiana, is now living in Santa Monica, Calif. He was born on January 12, 1902, received an LL.B. at Notre Dame, then a Bachelor of Arts

degree from Southern California in 1947-50. Al is in the Department of Public Works in Los Angeles, Calif. He was married on September 19, 1933; they have no children. From 1942-44 he was a Staff Sergeant in the U. S. Army. He is a Master Mason. Al would like to hear from HAROLD ROBERTSON and EDWARD DUGGAN. He hears occasionally from PETER M. LaCAVA, Mishawaka, Ind., and Lake Wawasee.

AUSTIN K. HALL sent me a nice letter to gether with his questionnaire. In it he said: "I am ready for the '61 reunion. The last one was a grand experience and, God willing, I'll be there for the others." (Thanks, Austin; hope it's catching.) Austin was born on October 6, 1903, came to N.D. from Memphis, Tenn., and received a B.S. in Architectural Engineering. Now he is back in Memphis and a partner in the architectural firm, Hall and Norton. He lists real estate as his secondary business. Austin was married on June 9, 1939, to Eleanor Elizabeth Forester and they have two girls and a boy: Eleanor Elizabeth 12, Austin K., Jr., 11, and Ann Miller, 9. Offices held: Secretary, Tennessee Chapter, American Institute of Architects, 1941-2; Advocate, Knights of Columbus No. 616, 1944; Director, St. Dominic School for Boys (Private Dominican School), 1956-7; President, Village Civic Club, 1949. Austin says he is the last living member of his college; however, he would like to hear from TONY ROXAS, Philippines—"old bridge and 500 partner against EDWARD ROWLEY and FRENCHY DOHOGNE. To the question: "List the classmates whom you see or hear from regularly or occasionally." Austin writes: "The particular ones I used to correspond

John S. Gleason, '36, prominent Chicago banker (second from left), smiles at the crowd which has just elected him National Commander of the American Legion in Atlantic City's Convention Hall. By his side are his wife Mary Jane and sons Richard, Daniel, John S. III and Thomas.

SPOTLIGHT ALUMNUS

JOHN J. WINBERRY, '28

A tireless worker for the Notre Dame Foundation whose efforts have contributed greatly to the welfare of the University is John J. Winberry.

After Notre Dame John went to Fordham University Law School and is presently an attorney and counsellor-at-law with offices in Rutherford, New Jersey. He was a captain in the U. S. Marine Corps during World War II.

As former counsel to the congressional committee investigating executive agencies and as New Jersey's assistant attorney general in 1947 John received recognition for outstanding service. He was also a special consultant to the Kefauver Committee investigating organized crime in inter-state commerce.

In 1939 John was president of the Notre Dame Club of New Jersey, and he has been New Jersey governor of the Notre Dame Foundation since 1953.

John lives at 34 Noll Terrace, Clifton, N. J., with his wife and four young children.

with, WILBUR McELROY and CLAUDE JOHNSON, are deceased. Used to hear from FRED LINK, but not for several years. Last time I saw Fred was in New Orleans during the Notre Dame Dance and Rally before the last Tulane game in that city. Have not heard from GERALD TIMMONS since the early thirties. As for other class years, I see Theodore (Frenchy) Dohogne quite often; he represents electrical equipment manufacturers." (Note from secy.—Gerry Timmons is on our "missing" list. Anyone knowing of his whereabouts, please give me his address.)

HAROLD WILLIAM CAREY, M.D., from Ar-

gyle, Wisconsin, now has his home and business in Lancaster, Wisconsin. He was born on November 4, 1902, attended Notre Dame from 1922 to 1925, then got his B.S. and M.D. degrees from Loyola Medical in 1930. He is a practicing physician and surgeon. Harold was married on August 28, 1929, and has four children and two grandchildren. Children: Terrence 23, Dennis 23, Sheila 18, and Cathleen 12. Grandchildren: Terrence, Jr. 16 mo. and Mary 2 mo. Terrence graduated from Notre Dame in 1952. Dennis spent one year at N.D. in 1952 but is now at Marquette Dental. Terrence is working for Blythe and Company, Chicago. Harold was President of the Grant County Medical Society in 1945-6 and since that time has been Secretary-Treasurer of this same organization; he is a member of the Knights of Columbus and the Elks.

ANTONIO ROXAS' home address is 54 Del Pan, Pasay City, Philippines. His business address is: Roxas y Compania, Edificio Soriano, Plaza Cervantes, Manila. Tony was born on April 5, 1906. At Notre Dame he received a Bachelor of Philosophy in Foreign Commerce degree. Today he is the managing partner of Roxas y Compania and President of Central Azucarera Don Pedro. He has many secondary business or professional interests, viz: 1—Vice Chairman of the Board of La Fabrica de Cerveza de San Miguel—San Miguel Brewery; 2—Member of the Board and Executive Committee of the Commonwealth Insurance Company; 3—Member of the Board of Bilig Bay Lumber Company; 4—Vice Chairman of the Board of A. Soriano and Company; 5—Member of the Board of Industrial Textile Manufacturing Company of the Philippines; 6—Member of the Board of the Philippine Oil Development Company; 7—Member of the Board of Sherwin-Williams Phils., Inc.; 8—Member of the Board of San Miguel, Fabrica de Cerveza y Matta, S. A., Lerida, Spain. Tony was married on July 26, 1937 and has two children—Maria del Carmen, 18, and Antonio Jose, 15. Until 1953, Tony was a member of the Board of Trustees and of the Executive Committee of the Philippine Sugar Association. From 1950 to 1956, member of the Board of Directors of the "Camara de Comercio Espanola." Since 1955, President of the Sociedad Espanola de Beneficencia. Tony's roommates were JACOBO ZOBEL, ALFONSO ZOBEL, ESTEBAN R. DePOMBO and JOSE TORIELLO and he would like to hear from all of them as well as other classmates.

JOHN J. RYAN, our general class president, was born on September 9, 1904, and came to Notre Dame from Rushville, Indiana. Before becoming president, he was your Class Secretary and wrote many a breezy column for the ALUMNUS. John received a Ph.B. in Commerce and is now assistant manager of George M. Coale Company in Chicago. I have had a number of pleasant visits with him there. John served with the U. S. Army Engineers from 1943 to 1946. He started as a captain, ended as a major and recently retired from the Army Reserve as a Lt. Colonel. John was married on November 3, 1926. He and his wife Ona have Dennis J., 29, and Sheila Ryan Wiley, 26. Also five grandchildren—Michael Ryan 5, Patrick Ryan 4, Timothy Ryan 2, Frank Wiley 3 and Catherine Wiley 1. (He says: "Ask in August for the next Wiley.") Dennis graduated from Northwestern in 1951 and is now with Farnsworth in Fort Wayne, Ind. Sheila graduated in 1954 from Loyola, Chicago, and is now with her husband, Norbert, at Vetville, Notre Dame. Some years ago John was president (also treasurer) of the Notre Dame Club of Pittsburgh. John and Ona have just returned from a three-week vacation trip. They visited in Miami, Fla., flew to Jamaica for a week, then to Pittsburgh. Since returning he has talked to GEORGE HARTNETT who is now feeling fine.

REV. LEO W. GORMAN, from Merrill, Wis., received an A.B. degree in our Class of '26. Afterwards he attended Catholic University of America, 1926-31; received S.T.B. in 1929 and M.A. in 1931. Presently he is assistant master of novices and professor of Latin in the Bennington Catholic High School, Bennington, Vt.

WALTER TROHAN is now Bureau Chief of the Chicago Tribune Press Service in Washington, D. C. I had the opportunity to visit Walter and had lunch with him while on a business trip to Washington in May. Walter is looking and feeling fine and takes a trip to Europe quite often, mostly to Spain. He came to Notre Dame from Chicago and after graduating A.B., worked some years on the Tribune in Chicago. "Radio commentating" is a secondary business with Walter. On March 17, 1929, he married Carol Rowland and they have Carol 25, Walter, Jr. 23, and Nancy 18 and grandchildren Thomas Glover, 2, and Laurie Glover, 2 weeks. Carol graduated from the University

SPOTLIGHT ALUMNUS

THOMAS B. KENEDY, '42

This year the coveted Thomas More Associated Medal, presented for the outstanding Catholic publication of 1956, went to P. J. Kenedy & Sons, New York, the oldest Catholic publishing house in the U. S., for its four-volume edition of *Butler's Lives of the Saints*, edited by Donald Attwater. Accepting the award on behalf of the firm was Thomas B. Kenedy, Vice-President and Publisher-Editor in charge of trade books.

After his graduation from Notre Dame Tom Kenedy entered the Navy. From 1942 to 1946 he served as Naval Communications Officer in the Armed Guard and was discharged with the rank of Lieutenant.

In 1946 Tom joined the family publishing firm, established by his great-grandfather in 1826. In addition to his role of Vice-President and Publisher he is Editor of *The Official Catholic Directory*, a publication issued annually since 1822.

Tom succeeds his father as the only Catholic representative to The Association of Statisticians of American Religious Bodies. He is Secretary of The Catholic Poetry Society of America and a Director of The U. S. Catholic Historical Society.

He was married in 1945 to the former Rita Cuzzi. They live in Pelham Manor, N. Y., and have four children, Patricia Joan, Elizabeth Ann, Paul John and Carmela Therese.

These eight beaming faces all belong to grandchildren of Alonzo Finnup, '20, Garden City, Kansas. The eight little Finnups, the oldest of whom just reached the age of eight, are: front row (left to right), Stephen Alonzo, Mary Therese, Elizabeth Anne, Cecilia Marie, and Kathleen Jeanne; back row (left to right), Christopher, Michael and Gerard Joseph.

of Arizona in 1953, Phi Beta Kappa and many honors and activities. She is married. Walter, Jr., received an A.B. at Notre Dame in 1956 and is now attending Georgetown Law School. Nancy is attending St. Mary's College. Walter has held various titles in newspaper organizations, member Arts and Letters Advisory Board at N.D.; member of various advisory boards at other schools, largely in Civil War field. His publications are too numerous to list. While visiting with Walter, we tried to locate ALFRED J. CONNOLLY at the address which we have on our class roster; however, we were unable to do so. When I returned home I had a questionnaire from Al, postmarked the same day I was visiting Walter in Washington.

ALFRED J. CONNOLLY now lives at 3141 Highland Place, N.W., Washington, D. C. He is a Recreation Consultant in the Recreation Department of the Government of the District of Columbia. Al was born on October 13, 1898, and came to Notre Dame from Boston, Mass. He received a certificate in Boy Guidance in 1926. Before that he attended Boston College 1919-20, George Washington University 1920-22 and Georgetown University 1923-24. His military record—A.E.F., 1917-19 (101st U. S. Engineers, 26th Div.), 1st Lt., Morale Dept., U. S. Army, 1941-42 (medical discharge), captain, retired. He is on the membership committee, Society of American Military Engineers.

VICTOR F. LEMMER is the agent for the Gogebic Industrial Bureau (composed of the iron ore mining industry); he conducts public and educational relations. He was born on June 18, 1898, and came to Notre Dame from Escanaba, Michigan. In addition to his studies at N.D. he also had short courses at the University of Wisconsin and Harding College at Searcy, Arkansas. As a secondary business, Vic and his wife own and operate the Victor F. Lemmer Agency (general insurance) in Ironwood, Mich., where he now lives. Vic was married on August 22, 1928 and has a family of four children: William P., Marianne Lemmer Rose, Helen B. and Marguerite Lemmer Desotelle. They are all married, except Helen, who teaches at Ely, Minnesota. There are three grandchildren, Catherine and Steven Lose and Marie C. Lemmer—all under five years of age. All four children are college graduates—William

from Villanova University and Marquette University (law); Marianne from Marquette University (B.S. in nursing); Helen from St. Catherine's College, St. Paul (B.S. in physical education) and Marguerite from Mount Mary College, Milwaukee (B.S. in occupational therapy). In 1939, Vic was coordinator of the Michigan State Welfare Department at the State Capital, Lansing. He is the agent of the University of Notre Dame Gillen Foundation of Michigan. From 1931 to 1939 he was auditor for Gogebic County; then became agent of the Gogebic Industrial Bureau. He was president of the Historical Society of the State of Michigan in 1956. Held offices in Fourth Degree, K. of C.; Rotary Club, etc. On various state educational study commissions and committees. (See Catholic "Who's Who in America.") Vic is a contributor to the Chicago Tribune "Wake of the News" for over 25 years and does free-lance newspaper and magazine writing as a hobby. He also does a great deal of public speaking on history and economic subjects.

MAURICE J. COUGHLIN is back in his old home town of Erie, Pa., practicing law. He was born on February 21, 1902, and attended Notre Dame from 1921 through 1928. He received degrees in 1926 and 1928. As a secondary business, Maurice lists: City Solicitor Office, Erie, Pa. On June 4, 1943, he married Frances E. Tefft. They have no children. He was chairman of the Erie County Democratic Committee 1938-9 and 1944-5 and a member of the Board of Governors of the University Club for twelve years.

HERBERT A. EGGERT, B.S.M.E., was born on May 31, 1904, came to Notre Dame from Chicago, Ill., and now lives and works in Oak Park, Ill. Herb is with Husky Products, Inc., and is Application Engineer, support systems for power cables. He was married on June 15, 1929 and has three children: Jean 25, Mary Ann 22 and James 18. Jean graduated from Iowa State College in 1953 and is now a refrigerator-freezer specialist with Hot Point Institute, Chicago. Mary Ann is a secretary-accountant with the United Wall Paper Company. James is now at N.D.—Class of '60. Herb has had various articles published in coal and heating magazines in the '30's. He mentions that JOHN TUOHY is in real estate and insurance in Oak Park, Ill. BOB LaFOLLETTE is in Interna-

tional Harvester Engineering and ANDY CONLIN is Vice President, Crear Clinch Coal Co.

ROMAN C. FELDPAUSCH was born June 4, 1903, came to N.D. from Hastings, Mich. After receiving a Ph.B. in Commerce, he returned to Hastings where he is now living and is president and general manager of the Feldpausch Food Center Stores. He is also president of the Grand Rapids Wholesale Grocers and Director of Muller-Grocer Baking Co. His first wife, Margaret Parker Feldpausch, died on October 15, 1953, and he married Lenoir Spreen on May 16, 1955. Children: R. K., 27, N.D. Class of '51, who is now secretary-treasurer of Feldpausch Food Center; P. Tom, 25, Class of '53, is now vice-president; Mrs. Anne Hubert, 23, attended St. Mary's '52 and '53 and is now a housewife. (That's quite a family business you have there, Roman.) There are seven grandchildren: Mark Feldpausch 6; Bill Feldpausch 4, Jim Feldpausch 6 mo.; Mike Hubert, Bob Hubert 4; Peggy 1½ and Kimberly Anne, 9 mo. Roman was president of the Holy Name Society, 1927-32; president, Hastings Chamber of Commerce, 1939-40; president, Hastings Rotary Club, 1946-47; and president, Grand Rapids Produce, Inc., 1949-56. He would like to hear from CHARLES HEINTZ. He hears from ROBERT DOLEZAL of Carroll, Iowa.

JAMES A. RONAN is an attorney in Chicago, his home city when he was at Notre Dame. He was born on July 2, 1904. After receiving his A.B. at N.D., he attended Loyola University (Chicago) Law School where he received his J.D. in 1931. Jim's secondary business is real estate. He married Margaret M. Maloney on July 2 (his birthday), 1929, and they have a daughter and three sons. The daughter, Mrs. Margaret M. Healy, 27, graduated from Mount Mary College, Milwaukee, in 1952 and is now a housewife; Dr. James A. Ronan, Jr., M.D., 26 (B.S. in Pre-Med.—N.D. 1953), is now an interne at St. Luke's Hospital, Chicago; John E., 24 (B.S. Arch. Eng. N.D. '56), is now an architectural engineer in Dallas, Texas; Martin T., 17, will enter N.D. engineering in 1957. Jim has one grandchild, Susan Healy, 1, and says two more grandchildren are expected during the next few months. Among the offices which Jim has held are: State Chairman, Democratic Party of Illinois, 1951 to present; Knights of Columbus, various offices since 1931; Fourth Degree, K. of C.; LaSalle General Assembly (Chicago), various offices since 1932; Faithful Navigator 1948-54; presently Faithful Admiral. Jim would like to hear from PAUL FLEMING, FRANK BON and a number of others who did not attend our 25th or 30th reunions. Jim also says: "I see most of the 1926 members who are in and around Chicago. I promise to write at more length about them one of these days—at least my intentions in that direction are good." (I'm looking forward to this, Jim.)

FRANCIS A. MEKUS attended Notre Dame from September, '21, to June, '24, and then from September, '25, to June, '26, when he received a Bachelor of Philosophy in Foreign Commerce degree. Fran was born on December 7, 1903, and came to Notre Dame from Jewell, Ohio. He now lives in Fremont, Ohio, and is executive vice-president of the Croghan Colonial Bank in that city. He was married July 30, 1931; they have no children. Fran says offices held are "too numerous to list." He would like to hear from BOB DIXON and ERNEST LANDRY.

JOSEPH A. NAVARRE is commissioner of insurance, State of Michigan; secondary business, lawyer. While at Notre Dame, Joe's home city was Monroe, Mich. His home is now in Jackson, Mich., and he shows his business address as Lansing, Mich. Joe was born on January 22, 1904. He received his A.B. at N.D., then attended University of Michigan Law School, where he got his LL.B. in 1930. On September 24, 1930, he married Ruth Howlett. They have the following children: Joseph A. III, who graduated from Michigan State University in 1954 and is now sales supervisor, Armour & Company, Jackson, Mich.; Robert Ward Navarre graduated from Notre Dame in 1955 and is now with the U. S. Army in Germany; James Richard; Mary Louise (now Sister Ruth Joseph); William F., attending John Carroll University; Christopher. There is one grandson, Joseph A. Navarre IV. Among the offices Joe has held are: Monroe County Prosecutor and Circuit Court Commissioner (2 terms); Democratic Party Chairman of Monroe County; President, Monroe Kiwanis Club; Fourth Degree, K. of C.; presently, president, National Association of Insurance Commissioners. He has had articles published in the Insurance Law Journal, Best's Insurance News, National Underwriter and other insurance periodicals.

SPOTLIGHT ALUMNUS

VICTOR G. YAWMAN was born on December 30, 1904, and came to Notre Dame from Rochester, N. Y. He received a Ph.B. in Commerce degree. He is now back in Rochester, where he is owner and manager of the Yawman Metal Products, Inc., which makes sheet metal stampings on a production basis. Vic became a widower in 1938 and remarried in 1940. His children are: Victor G., Jr., 29; Joan Y. Tucker 27; Virginia Y. Hogg 24; and Judith A., 14. Victor G., Jr., graduated from Notre Dame in 1950, Joan from Newton College of the Sacred Heart in 1952 and Virginia from the same college in 1954. Victor is at Eastman Kodak Company and Joan and Virginia are housewives. There are four grandchildren: David Tucker 4, Virginia Tucker 1, Gregory Yawman 3, and Thomas Yawman 1. Although Vic didn't have any current news, he noted the following: "RAY DOWNS, Rochester Ordnance; GIL SCHAEFFER, Ford dealer in Detroit; LARRY GRODEN, New York State Employment Service, Batavia, N. Y.; DENNIS O'NEILL, D'Arcy Advertising Agency, Cleveland; JOE SHEA, Statler Hotels, New York City."

ELROY E. HABERT is back in his home town of Cleveland, Ohio, where he is staff auditor, Petroleum Manufacturing and Sales, Standard Oil Company of Ohio. Elroy was born on May 22, 1904. He got a B.A. degree from Notre Dame. He was married on September 18, 1929, and has two children, Nanette Rita 27, and Donna Marie 23, and one granddaughter, Deborah Ann, 14 months. Nanette Rita graduated from Western Reserve University with a B.S. in nursing. She is now a 1st Lt. in the Army Nursing Corps. Elroy is currently Lt. Governor, 14th Division (Ohio) of Kiwanis International.

RAY DURST writes that Bob Cummins of Missoula, Mont., visited him in Chicago. Bob was en route East on a buying trip; he also expected to visit his close friend, Bishop John O'Hara.

Bob through Ray also advised that **MICHAEL J. CURRY**, Ph.B.C., '26, died on May 11, 1957. Mike was originally from Mitchell, S. D., but now lived in Alexandria, S. D. I have written his wife Gertrude, offering the condolences of the Class and advising her that we have arranged to have a Mass said for the repose of his soul.

THOMAS A. FARRELL, SR., is owner of Farrell Oil Company, a retail fuel oil business. This is in South Orange, New Jersey. Born February 9, 1904, Tom came to N.D. from East Orange, N. J., and received an A.B. degree. He was married March 2, 1935. Thomas A., Jr., is 21 and in the Class of '58 at N.D. Francis K., 17, will enter N.D. this fall. Tom reports that he sees **JERRY HAYES** occasionally; that "WINK" WINGERTER is just getting over a hernia operation; that he sees "DOC" GELSON, **JOE HYLAND** and **BOB SMITH**; that **JIM WALDRON** can't play bridge for a hoot; that **ED BURKE** is leading the life of Reilly and that **EDDIE DUGGAN** is practicing law for a "fare thee well." He also sends his best wishes to **FRANK DETTLE**.

BERT DUNNE is the proud daddy of Mike, who made the sport page of the San Francisco Examiner. In an article on the Midget Baseball League, it was said that the evening's top slugger was Mike Dunne; he hit two homers, a triple and a single. Bert writes: "... put that in the '26 class notes—and ask any of them if they have a boy that young who is as good a hitter. Mike will go into the seventh grade this fall. He expects to enter Bellarmine Prep in the fall of '59—and ND in the fall of '63. Mike is a fair student, but he is a good altar boy! If he can't make N.D. we can always send him to some place like MIT!"

JOHN B. LENIHAN came to Notre Dame from Cheyenne Wells, Colorado, and received his LL.B. degree. Previously he had attended Colorado University in 1920 and 1921. His birth date is December 18, 1899. John now lives in Houston, Texas, and is attorney, Internal Revenue Service, Estate Tax Division, in that city. His children are Mrs. Jack (captain) Roche, 26; Mrs. Tom Dashiell 25; and John Michael 23. John Michael is a senior at St. Thomas University, Houston. Occasionally John sees **GEORGE "CHUNKY" MURRIN**, who practices law in Houston.

MICHAEL B. COMERFORD, '43

Masterminding much of his state's phenomenal resurgence in business and industrial activity is Michael Bernard Comerford, of Scranton, Pennsylvania, who heads the Northeast Regional Office of the Pennsylvania Department of Commerce.

Mike was appointed regional representative early this year by Pennsylvania Governor George Leader and State Secretary of Commerce William R. Davlin. He manages an office covering the eighteen counties of the Quaker state's northeastern quadrant, assisting local groups in promoting community improvement and local industrial development.

A native of Scranton, Mike returned to real estate in his home town after graduating cum laude from Notre Dame and serving as a navy ensign and lieutenant in World War II. He was vice-president in charge of real estate and labor relations with the Meco Realty Co. and a real estate broker with the Hinerfield Realty Co. before accepting the commerce appointment.

He is married to the former Miss Joan Conway and they have seven little Comerfords. Two brothers, Tom, '42, and Bill, '49, are also N.D. alumni in Scranton. Mike is very active as a director of the Notre Dame Club of Scranton, of which brother Bill is treasurer. For interested readers, Pennsylvania is still in the market for new industries and welcomes any and all inquiries from manufacturers.

Continuation of the class column will be in charge of **CLARENCE RUDDY** who has accepted the job. We are pleased to have Clarence assume the correspondent's duties for '27, and hope that each of you will find time to send him information about yourself and your classmates.—J.C.)

It is fitting that your new Class Secretary makes his debut shortly following the 30-year Class Reunion, for this Reunion marked the end of one period, and the beginning of another. The weekend in June spent at Notre Dame brought back a good number of classmates. Some were there who had not been back since graduation. They had never seen the new Athletic Field, the new Law School, the Commerce Building or the new dormitories. Thirty years now seems a short time, but it has been long enough to bring us all beyond the age of 50, and to bring children of many of us to maturity—not mine, because I preserved the illusion of youth by not marrying until I was almost 35.

It was pleasant to gather back of Howard Hall, on a mild Saturday afternoon, and after eating fried chicken, listen to **BILL CATE** strum "Somebody Stole My Gal" on his banjo. It made us all feel very gay and very young—until a moment later I happened to hear someone tell about the exploits of his grandson. Everyone who attended the Reunion appeared to be in good health. After the first momentary doubt of the identity of various classmates, everyone could see that really no one had changed much in appearance—a little balder, a little stouter perhaps, but the same characteristics, the same personalities are there. It was disturbing to know that more than 50 of our classmates have passed from this world to the next, but it was comforting to have a Mass said for them by another classmate, **FATHER HARRY RYAN**, assisted by still another classmate, **FATHER JIM MORAN**.

The most solemn event affecting our class took place at the Alumni banquet on Saturday night. On that occasion, Father Hesburgh, with a few solemn remarks, presented **VAN WALLACE** with a Degree from the University. I for one, will not soon forget the sight of Van's mother and his sister looking down from the balcony as they saw Van take the rolled parchment and heard him say, through a loud speaker from his portable cot: "I am the first of my class to retire, and the last to receive a Degree."

You have all seen the picture of those in attendance at the Reunion, and have seen their names in the Class Notes for the summer issue of this magazine. There were some who could not come. **MARC FIEHRER** of Hamilton, Ohio, for instance, was not present, so what is probably the country's shortest lived law firm was specially created to put in a call to him. Since the call was person to person, and he wasn't there, the name of the caller had to be given. The name was "**REIDY, DAILEY, COYNE** (or was it **BUTLER?**) & **RUDDY**." Very properly the call was made collect, but since we couldn't reach Marc, we had to abandon that idea, pay for the call ourselves, and talk to a member of his family. This naturally resulted in an assessment among the partners, and the firm was quickly dissolved. Marc had a pretty good reason for not coming to Notre Dame. I understand he had been to St. Mary's to see his daughter a week earlier, and distance to the South Bend area is a little too great for commuting.

One of the most enjoyable features of the Reunion was the Class dinner on Friday evening. We were completely by ourselves, and could really catch up on news of the past few years. One of those at the dinner was **PAUL BUTLER**. I remember the last time I attended a banquet with him cost me \$100.00, but that was for the Democratic Party. Fortunately, the Reunion dinner was cheaper.

I shall not try to detail the Reunion activities. They have been well covered elsewhere. You who were there will cherish the memory; you who were not will be glad to know that the Class flourishes. All of us can be proud that the little segment of Notre Dame's history that is entrusted to us is being faithfully preserved.

MIKE SWYGERT (Hon. Luther M. to everyone else), could not get to the Reunion, but I did see him a few days ago. **ED McKEOWN** of the Class of '28 invited another '28 man, **HOWARD PHALIN**, and myself, with our families, to his lake shore residence at Dune Acres, and asked Mike, his neighbor, to take time out from his judicial duties and come over too. Mike has been seriously considered recently for a promotion to the Circuit

32 South River Street
Aurora, Illinois

Ed. Note: The ALUMNUS staff is appreciative of the cooperation and efforts put forth by retiring Secretary Steve Ronay during the past five years.

Court of Appeals. At the risk of intruding upon LOU BUCKLEY's prerogatives, let me say that Ed is practicing law very successfully in Chicago, and Howard appears to be selling the World Book Encyclopedia to practically everybody.

A word about the future. I know from my own personal experience that everybody in the Class likes to learn about his classmates, but very few—and I am as guilty as anybody else—take the time to drop a line about their own activities. Let's begin a new era. STEVE RONAY deserves a lot of thanks for keeping on the job so steadily. If this column is to serve its purpose, I will have to get a lot of mail. HERB BRAUN and TED WIEST are my only classmates in Aurora, so I don't see many of you often. I will be glad to give what news I get, but I want plenty of help.

From the Alumni office:

FRANK HAGENBARTH was on the campus in August for the first time in many years. He visited ART HALEY over a weekend. Business brought Frank to Chicago, and he came down to see "the wonderful changes and growth that have taken place here."

HERB JONES and AL DOYLE were happily reunited August 24 by an auspicious occasion, a wedding uniting Herb's son, James R. Jones, and Al's daughter Carol. The Doyle-Jones nuptials were a highlight of this year's vacation. Herb, as everyone knows, is Athletic Business Manager at Notre Dame, and Al is in his second term as Mayor of Mishawaka, Indiana.

135 Bluehills Parkway
Milton 86, Massachusetts

Your Class Secretary was transferred from Chicago to the Boston Regional office of the U. S. Department of Labor on September 1. I will serve as Deputy Regional Director of the Bureau of Employment Security in the New England Region. My office address is U. S. Dept. of Labor, 18 Oliver Street, Boston 10, Massachusetts. My home address is given above.

I wish to extend our sympathy to JOHN HERBERT on the death of his father in December and to MIKE McGEORGHEGAN whose father died in July. Mike is Assistant Deputy Commissioner, Bureau of Public Debt, U. S. Treasury Department, in Chicago.

FATHER JIM McSHANE, S.J., visited me in Chicago this summer. Father Jim is still at Sacred Heart Church, 2760 Larimer Street, Denver 5, Colorado. Jim sees ELMER WYNNE regularly in Denver. Elmer represents Safeway in negotiating wage contracts. Father Jim mentioned that he talked to T. VINCENT MCINTYRE of Zanesville, Ohio, when he visited Denver this summer. Vince is president of Toastmasters' International. We are hoping that Father McShane will be present for our 30-year reunion to offer Mass as he did last year.

While at Miami Beach attending a meeting of the International Association of Personnel in Employment Security, I talked to F. X. JAMES O'BRIEN who is a stock broker in Miami. Jim hopes to return for our 30-year reunion in June. Unfortunately, GEORGE COURY was away when I was in Miami.

FATHER ANDY MULREANY, C.S.C., formerly of St. Mary's Cathedral, Austin, Texas, has been named assistant at St. Patrick's Church in South Bend, Indiana. I am sorry, Father Andy, that I am leaving the midwest just when you are moving here. Father Andy offered a Mass for the living members of the Class on June 9. He will offer a Mass for the deceased classmates on the last Sunday of November.

JACK WINGERTER who is Vice-President and General Manager of Louis de Rochemont Associates, Inc., motion picture producers, completed a very unique six-months trip in June. Jack's company chartered a square-rigger sailing ship in Nor-

way and sailed from Oslo with their technical crew. They made the crossing from Madeira to Puerto Rico in 17 days and all of the time under sail. Later, they hit the American and British Virgin Islands, Trinidad, Venezuela, Curacao and finally Key West and Miami in the States before hitting New York. Jack met HOWIE PHELAN at the Caribe Hilton in San Juan where they had a grand reunion. Jack advised that he is looking forward to our reunion in June, 1958.

BERNIE GARBER called my attention to the June 3, 1957, issue of Time which carried a picture of GENE FARRELL and an article quoting him on page 42. Gene was referred to as the "able Editor" of the Jersey Journal.

FATHER MARK J. FITZGERALD, C.S.C., had an excellent article in the May 25, 1957, issue of America entitled "Girding for Atomic Power."

JOE HILGER is a partner owner of the department store called The White House in Columbus, Indiana. Joe has four children. One daughter was graduated from St. Mary's, N.D., last year and another is a junior there. Joe's son is a freshman at N.D. Joe, who is director of the Indiana Hospital Association, reports that JOHN BUSHMEYER, administrator of the Louisville General Hospital, was made a Fellow of the American College of Hospital Associations. Joe is President of the Columbus Retail Merchants Association and is Director of the Columbus Chamber of Commerce.

I hope that the Class of '28 cocktail party which will be held at the Morris Inn in the Mahogany Room following the Pitt game on October 26 will be well attended and as successful as was our cocktail party last year. Your wives and friends are also invited to accompany you to the party. JOE MORRISSEY, who did such a great job last year getting the gang away from cocktails long enough for a group picture, promises to be on hand again this year. Two of Joe's sons were married this year. His daughter was graduated from Our Lady of Cincinnati College. He has a son entering N.D. this year.

I stopped at St. Patrick's parish house in South Bend to see FATHER ANDY MULREANY, C.S.C., in August prior to his arrival there. I did see another classmate, FATHER NORMAN JOHNSON, C.S.C., who was helping out there at the

time. Father Norm has been very ill for some time, but looked as young and well as he did the last time I saw him some 29 years ago. Father Johnson has served as a chaplain in the air force from 1942 to 1946 and was recalled in 1952. A few years ago he wrote texts and set up "Living for Leadership" program which is a required course in the training of rated personnel, U.S.A.F. He was editor of the "Bengalese" from 1946 to 1952.

JIM CANIZARO, our Vice-President for the South, replied to my S.O.S. for news as follows: "I was in Washington recently on business and came in contact with BERNIE LOUSHBAUGH, who is now Director of the Central Housing Bureau in Washington. Bernie returned several months ago from India where he was stationed about three years with the Ford Foundation. He is still connected with the Ford Foundation in a consulting capacity. If any of our class is interested in building, particularly housing, it would be well to call on him in Washington."

"TROY BONNER is president of the Municipal Golf Association here, and his picture was in the paper a few days ago awarding the championship. FREDDIE EVANS in Vicksburg is still with his father and doing fine. Freddie's father was named after the Fourth Degree Knights of Columbus class a few weeks ago."

"BRIGADIER GENERAL C. D. JONES, Class of '30, has just arrived from Norway to visit his mother. He has been stationed in Oslo, Norway, for the past three years and is now stationed in Washington, D. C."

"I am glad to announce that my son, Robert, is starting his first year at Notre Dame this fall in the School of Architecture. I expect to go to most of the games there this fall and I will be at the LaSalle Hotel, in case you think I can be of any help to you."

BERNIE GARBER, who never fails me on an urgent request for news, dashed off the following on his way to a vacation at Cape Cod: "I sat with JACK WINGERTER on the train from Spring Lake, one July Monday morning and learned of his travels on the square-rigger "Christian Radich" during the filming of the new DeRochemont "Cinematic Adventure." He slept in a hammock, had herring for breakfast, and gained weight! He was

ST. LOUIS—William Klasner (right) is the winner of this year's scholarship awarded by the St. Louis Club. Donald A. Doheny, former club president, makes the presentation as Joseph T. Golabowski, chairman of the scholarship committee, looks on. This winner of the annual award was selected from twenty nominees in the Metropolitan St. Louis area.

aboard about six months, handling the business end of the filming. In San Juan he met HOWARD PHELAN, there on a sales conference.

"Jack sees few classmates, excepting ROGER BRESLIN, brother-in-law, who has a son in the junior class at N.D. and another son at Holy Cross; and, at intervals, LOU CARR, also living in Spring Lake. A year or so ago, Jack had seen HERB McCABE of Allenhurst, v.p. of Guaranty Trust.

"At lunch one day, Jim MacDevitt, '34, related that after working late some evenings and stopping to buy small gifts for his three boys he had met BOB HAMILTON on a similar errand. Both live in the same L.I. town. Jim remarked about the great amount of work Bob has done for the N.D. Club of N.Y. during his years here. Invite Bob to transfer his efforts to our 30th reunion.

"The Garbers picnicked with the LARRY CULLINEY family this summer. The youngest of Larry's five children, a daughter, was born in March, 1956."

LARRY CULLINEY also came through with the following newsy letter: "Welcome to New England! From time to time I am on a bank examination in the Boston area. I shall certainly be glad to see you.

"Three weeks ago our family of seven joined with the BERNIE GARBER family of seven at Lake Wauremog, where the blond, sunburned ever-youthful advertising man owns lake front property. The lake is about fifty miles from his residence and mine. Our kids are old friends and enjoyed themselves diving and swimming off the concrete dock, followed by a cook-out. My John and Bernie's Brady, both 15, are taller and huskier than their fathers. Tempus fugit!

"The only other classmate I have been in touch with recently was BILL CROWIN whom I chatted with over the telephone. I do not believe any '28ers live in the greater New Haven area, but I frequently see some graduates of the '30ies, JOE BURNS, 100 yards down the road. AL LAWTON, nearby and also in our parish, JACK WARNER, former varsity lineman who looks as if he could still make the team, as well as GEORGE BYRNE's brother Ed who heads our small New Haven Club."

CHRISTIE FLANNAGAN reports that he attended the '27 reunion and saw PAT CANNY, JOHN WALLACE, RED SMITH, and many others. He made the trip with LORING GREEN from Houston and met TOM WALSH and JOE DELLA MARIA from Chicago. Christie also mentioned that he visited with DON MILLER.

The following letter from BOB HAMILTON indicates the enthusiasm with which he anticipates our 30-year reunion: "Needless to say (God willing) I'll be at the '28 class reunion next June. I won't forget the date either—on account of June 8 is my birthday. And, as for your column, I'll be glad to do anything I can to help encourage attendance at the 30th. Possibly as a "roving delegate." I don't set long in any one place on account my job as System Supply Manager for Pan American World Airway keeps me moving around the globe. As you know, we serve 81 countries around the world—and run Patrick Air Force Base (our Guided Missiles Range Division) from whence the first earth satellite will be launched in the near future. Aside from inventory control problems my job encompasses a few additional chores as noted on the attached business card. I regret to say that since nearly half my time is spent on the road I lose a lot of family life—which becomes more and more important as the years go by. My oldest girl, Kathleen, will graduate from Queens College with a teaching degree in about a year and a half—and she is engaged to a fine young man—a graduate of Fordham Law School. The next in line, Betty Jo, is a senior in St. Mary's High, Manhasset, and the youngest, Mary, is in St. Mary's elementary school. Yesterday my wife and I celebrated our 21st wedding anniversary and I can't help but think how lucky I was to get her. . . . Guess Notre Dame looks after her own, one way or another, good or bad. Occasionally run into classmates in strange places—but only fleetingly. Attend N.D. Club meetings whenever scheduled permits, which isn't as often as I like. JACK HOYT and the N.Y. Club are continuing their splendid scholarship fund work which I had to forego because of extended absences.

"Will do anything I can to encourage attendance."

Our Vice-President for the midwest, JOHN IGOE, reports from Columbus as follows: "The last deadline I missed haunts me and I had fully intended to write you a note asking your pardon for what I am sure you felt was typical Igoe negligence.

SPOTLIGHT ALUMNUS

GEORGE A. GOEPFRICH, '33

George Goepfrich has been Vice-President in charge of Engineering and Quality Control of the Skinner Chuck Company and Skinner Electric Valve Division of New Britain, Conn., since April, 1956.

A native of South Bend, George started working after graduation for the Bendix Products Division of Bendix Aviation Corp. He was Assistant Chief Engineer of the Aircraft Armament Engineering department at Bendix in 1945 when he joined the Allied Control Valve Co., Norwalk, Conn., as Chief Engineer. He retained the position when Allied was purchased by the Skinner Chuck Company in 1947, and in 1955 he was named Director of Engineering and Development of the Skinner Chuck Co. and its Valve Division.

Like his recently Spotlighted uncle, Rudolph A. Goepfrich, George holds numerous patents on automatic gun controls and firing equipment, automotive brakes, hydraulic devices, pressure switches and electrically operated valves.

George is married and has two children, Carol Ann, 13, and George, 20, a student at St. Bonaventure University. The Goepfrichs reside at 55 Recano Road and attend St. Francis of Assisi Church in New Britain, Conn.

George is a member of the American Society of Tool Engineers and a member of the valve rating committee of the National Fluid Power Association.

ligence. But, Louie, the contracting business and its subjugation to the whims of the weather and my endless obligations to school groups, parish groups and diocesan groups have taken so much of my time and energy that I scarcely had a reasonable portion for my own family. Now, however, I have made some revisions in my schedule and can almost promise not to miss any more deadlines.

"As you know, we lost our good Bishop, Michael J. Ready, in May. He was certainly a fine friend of Notre Dame and so proud of his own affiliation with the University. He always endeavored to say the Mass or speak to the Notre Dame Club at the annual family Communion Sunday. Last year his talk was a classic in phrase and in theme pointing out why we should be proud of and grateful for the privilege of being Notre Dame men. His death was a serious loss for our Church and for our community and I would like to urge the '28ers to say a short prayer for the repose of his soul.

"I met BILL O'NEILL at the Bishop's funeral but had little chance to do more than exchange amenities. Bill is back in Cleveland and certainly carries his years with the same élan he manifested in 1928. His wife Dorothy is the most gracious girl—and lovely.

"JIM SHOCKNESSY has been in the hospital a couple of times but when last I saw him he had recuperated fully and was his old energetic self. Presently he is involved in a rather complicated court case in which he and some associates are trying to buy a local bank. Another bidder for the bank, reputedly "fronting" for Nation-wide Insurance, is ALEX DOMBEY (Dombrowski) who was with us as a freshman and sophomore. Notre Dame men buying banks—isn't it wonderful. Jim is still Chairman of the Ohio Turnpike Commission and the increase in toll revenue is evidence that he is doing a bang-up job.

"JOHN MURPHY had an arduous session in the hospital, involving some surgery. But John is up and at 'em again and when last I visited him he was smiling and gay—apparently fully recovered from his ailment.

"Once a month I have dinner with JOHN FONTANA at a meeting of an investment club we support. John's wonderful sense of humor makes even the drab business of stocks and bonds a matter of laughter, and I feel the Wall Street Journal is missing a bet when it does not publish his comments. John is feeling fine and planning to be on hand for our next reunion.

"TOM HART is now a dyed-in-the-wool Columbian. Tom recently resigned his position with Employers' Group and is going to start an agency of his own. Ohio may some day abandon industrial insurance coverage by the State itself and when that happens Tom wants to be on hand to fill the gap. He knows we all wish him well. Tom is also secretary of our Serra Club and doing the chore with an aplomb that is a '28 heritage.

"JOE KINSEAR, our Foundation Chairman, is improving in his jousts with FONTANA. When those two guys get together the repartee is devastating, but there are occasions now when Joe, after years of training, can deliver the knock-out quip. Several months ago we had Father John Cavanaugh in Columbus and Joe did a masterful job of lining up some worthwhile contacts for Father John. Too, we had a fine dinner at Scioto that must have given Father a new insight to the Class of '28.

"NORR SEIDENSTICKER is still on the rise at Chillicothe. He is associated with Chillicothe Paper Company in an executive (Secy-Treas.) capacity, and still maintains an executive touch with his golf clubs.

"And that, Louie, brings me down to the end of the line. I am hopeful that I can make some of the get-togethers at the football games this year. May I use your column to send my best wishes to all my classmates and to express fond hope that I may see some of them this Fall. Good luck."

I had a good session with our Class President, FRANK CREADON, before I left Chicago, concerning plans for our 30-year reunion on June 6, 7, and 8, 1958. We would like to have as many as possible of the committee members who did such a great job on our 25-year reunion serve again this year. FRANK CREADON appointed JIM ALLAN to serve as chairman of the nominating committee to select a slate of class officers for the next five years. We would like to have your suggestions for new projects for our reunion.

ROBERT GRANT was nominated by President Eisenhower to serve as U. S. District Court Judge for Northern Indiana. Bob, former GOP Congressman from Indiana, has been practicing law in South Bend and Washington, D. C. Congratula-

It is easy to see why the family of Richard de Golian, '40, was recently judged "All-American Georgia Family" in the first nationwide All-American Family Search. They are (left to right) Mrs. de Golian; Dick, Jr., Letitia, Martha, Natalie and Dick, Sr., currently president of the Notre Dame Club of Atlanta, Ga.

tions, Bob, and best wishes for every success in your judicial career.

A last-minute letter from ED QUINN, head of the Department of Guidance at Notre Dame: "Your card, asking me to gather up some news for the '28 ALUNUS column, arrived when I was on vacation in the West. I'm sorry that I had no time to write to classmates before the deadline. I can provide a few notes about the '28 men I see from time to time in the South Bend area, however; and these may help.

"WILLARD WAGNER, our congenial and efficient dispenser of all things good, mixed or otherwise, is still in South Bend and lives only a few blocks away from me on McKinley Avenue. I see him quite regularly in the corner drugstore on Sundays after Mass. He is still a Manufacturer's Agent and still as prosperous as ever. He will no doubt be present for our 30th reunion next year. If he isn't we shall all be disappointed.

"GEORGE SCHEUER, of the South Bend Tribune staff, helped as a member of the St. Joseph's Parish team in the solicitation of pledges for the new Holy Cross Seminary this Spring. George is very active in the Boy Scouts in that parish, also, and recently received the St. George medal for his splendid leadership qualities in Scouting. He continues to contribute articles on Aviation and Transportation for the Tribune. Last year he was Secretary of the Catholic Forum in South Bend.

"Although I haven't seen BOB GRESSER for too long, I have learned that he is now a grandfather also. His daughter married a Notre Dame man who is now in the Navy as an officer. Bob is still with the bank in Mishawaka and doing very well for himself there, too.

"It was announced in Church Sunday last that RON RICH's son Daniel is soon to be married. Daniel is marrying a local girl after his graduation from College this past June. Ron is looking good after his serious illness of the recent past, and is

still teaching at Notre Dame, where he is Head of the Chemical Engineering Department.

"Although I'm on the same campus as ANDY BOYLE, I seldom see him because our work keeps us separated by several buildings and thousands of details. Andy is the Business Manager for the College of Science and teaches also in Chemistry.

"PAT CANNY did a very fine job of presenting the Alumni Association Presidential address at this year's reunion banquet. Only two other '28 men were registered for the reunion this year. And I didn't get to meet either one of them! Will have to do much better next year—at the 30th.

"I saw FATHER FITZGERALD on the campus the other day; but he was too far away from me to exchange greetings. And besides, he was in a hurry to get somewhere with books under his arms. He probably wouldn't have appreciated being stopped at that moment.

"We in the Middle West are very sorry to learn that you have been transferred to Boston, Lou. But we certainly do rejoice with you in the fine promotion you received, and hope that you will be very happy in your new position. Chicago's loss is Boston's gain, for sure.

"Our fifth grandchild, a son, was born to Edward Jr. and his wife in July. He looks like a pretty good prospect for the backfield in '74 or '75, I would say.

"This Spring I saw PETE GALLAGHER, his wife and their two fine sons for a few brief minutes. Pete and his wife were here for the eldest son's graduation from the College of Commerce. The younger son will enroll at Notre Dame soon, I understand.

"I'm sorry I can't think of anything else to report right now. Hope this will help a little."

From the Alumni Office:

LOUIS BUCKLEY was elected chairman of the Board of Directors of the National Catholic Social

Action Conference at the third annual national meeting in Chicago on August 25. Father Mark Fitzgerald, C.S.C., will serve as the chairman of the conference committee which will make plans for holding the annual meeting at Notre Dame in September, 1938.

Father Mark Fitzgerald, C.S.C., gave the sermon at the Labor Day Mass in Washington, D. C., on September 2.

JOHN P. CAVANAUGH has been appointed special petroleum representative in the Eastern Region of the Goodyear Tire & Rubber Company. With Goodyear for more than 13 years, John resides with his wife at Freeport, L. I., New York.

ALBERT F. DAVIS, a 28-year veteran with General Motors, was promoted in August to general manager of the corporation's Diesel Equipment Division in Grand Rapids.

WALTER J. PALTZ, Linden, N. J., has been named an engineering associate in the chemicals development division of the Esso Research and Engineering Company. In twenty years with Esso Research he has worked with synthetic rubber, detergents, lube oil, additives and other petrochemicals.

1929 Lawrence F. Stauder
Electrical Engineering Dept.
Box 1413
University of Notre Dame
Notre Dame, Indiana

(Ed. Note: Prof. Larry Stauder has agreed to fill the 1929 Class Secretaryship vacated by the death of revered Prof. Don Plunkett. Larry will appreciate all the cooperation he can get, and the best cooperation consists of frequent news from you about yourself and your classmates.)

HUGH J. McMANIGAL, still a contractor in

Miami, Fla., proudly announces that his son Hugh, Jr., is entering Notre Dame's College of Commerce this year as a freshman.

BERNARD E. LOSBROUGH, who has been living in Washington, was recently appointed the first Executive Director of Pittsburgh's Allegheny Council to Improve Our Neighborhoods-Housing, Inc.

ACTION-Housing, Inc., is a new organization to coordinate planning and action of all community organizations to eliminate slums and blighted areas in Allegheny County over the next 20 years. Bernie, who has worked in all phases of the housing movement, is currently General Manager of the National Housing Center, education and research headquarters of the National Association of Home Builders in Washington. He has also been administrator of the Connecticut State Housing Authority, Housing Director of the National Security Resources Board and has been in India with the U. S. Technical Cooperation Administration and the Ford Foundation.

The rest of this report is from **JOE WHALEN** in Des Moines:

"Sorry I missed the trip to the campus at reunion time in June but Ruth and I were vacationing in Florida. I hope to see a number of the gang from the East at the Army game in Philadelphia.

"**MARK WONDERLIN** is the other '29er living in Des Moines. He is Chief of the Claims Division of the Aetna Casualty and Surety Company office here.

"**H. A. 'HUB' SCHIMBERG** is in Des Moines frequently on business trips. Hub has a fine dry cleaning establishment in Cedar Rapids, Iowa, and is the immediate past president of the Iowa State Cleaners and Dyers Association.

"**MARK WALSH**, long a resident of Beatrice, Nebraska, moved to California with his family a few years ago and continued in the hotel business there. He has recently made a new connection and is general manager of a hotel chain on the West Coast. I have misplaced his last letter so, if he reads this, he will understand why I failed to answer it. [See "Spotlight Alumnus."—Ed.]

"We were honored by a short visit from **JOE LENIHAN** a few months ago. He stopped over on a business trip to the west coast.

"Have seen or heard from a number of the '29ers recently, and among them—**EMMETT McCABE**, San Diego; **AL WELZENBACH**, Los Angeles; **LARRY STAUDER**, Notre Dame; **MICKEY McMAHON**, New Orleans; **GEORGE MONROE**, Freeport, Illinois."

A last-minute arrival from **MICKEY McMAHON** in New Orleans:

"I know all members of our Class were as shocked as I was to hear of the sudden death of our Class Secretary, **DON PLUNKETT**. He was a fine Catholic gentleman and I know he will be missed by his host of friends throughout the country. Please ask all to remember him in their prayers.

"I received a newsy letter from **FRANCIS CUSHING** last month, giving me the details of his proposed trip to Lourdes. Also have heard from **TOM FERRITER** (Yes, Tommy, I found my tickets). Also had letters from **JOHN REAGER** and **BILL DOWDALL**. Bill reports that he sees **HANK BURNS** frequently and visited the campus recently. Had notes from **TONY KOPECKY**, **JOHN DORGAN**, **PHIL WALSH**, **LOUIS NIEZER**, **BILL KRIEG** and a long letter from **HUB SCHIMBERG** saying 'Hello, Mick! Hub is so busy dry-cleaning in Cedar Rapids, Iowa, that he holds his correspondence to a minimum.

"Had a nice letter from **FRANK O'BRIEN**. (Frank, CYP SPORL sends his regards and is the one you met in Rochester sometime back). Had a brief note from **FRED WAGNER**, the Tiffin Tycoon and although he didn't say so, I am sure he is tuning in to get together with **TOM FERRITER**, **TONY KOPECKY** and others in 1939.

"**HAROLD BAER** writes from Fresno, California, that he just returned from vacationing in Laredo, Texas, and Mexico City and **BOB VOGLEWEDE** reports that he was recently transferred to the Detroit Office of Peat, Marwick, Mitchell and Company from Seattle and that he recently saw **BOB TROTTER** and **CARL MARTERSTECK**. Had a brief note from **FRANK DOAN** from Wilmette, Illinois, and was also very pleased to receive **HARLEY McDEVITT**'s regards. **JUDGE RAY DRYMALSKI** reports that all is going well on the bench in Chicago and as have many others, **JOE LENIHAN** is already plugging for the 30th reunion in '59.

SPOTLIGHT ALUMNUS

DR. FRANCIS T. MCGUIRE, '35

Having managed John & Company's Materials Engineering Department since 1949, Dr. Francis McGuire is now Works Manager of the Deere Harvester Works in East Moline, Ill.

Frank has B.S., M.S., and Ph.D. degrees in Mechanical Engineering and Metallurgy from Notre Dame and has done additional work at Harvard. He held an Associate Professorship at the University of Kentucky from 1941 to 1943, was Laboratory Director at Republic Steel Corp., Chicago, from 1943 to 1946, and prior to joining Deere & Co. was Plant Manager at the Sibley Machine & Foundry Co. in South Bend.

Active in the American Society of Metallurgists, Frank is on the Metals Handbook Committee and a past chairman of the Publication Committee. He is also a member of A.I.M.E., S.A.E., A.S.A.E., the British Iron and Steel Institute, the Institute for Metals and the A.F.S.

He is also active in ordnance for the Defense Department, serving on the Advisory Committee for Armor Piercing Projectiles and Defense Research.

Frank and his wife Bernice have two children, Patricia, 13, and Mike, 12.

"**BOB McVETY** (Remington-Rand, New York) reports that **ED McMAHON** has been transferred to New York from Syracuse (Bob and Ed—Next time I am in New York we will have a three-way reunion at **GENE CONNELLY**'s). **CARL MARTERSTECK** also wrote me recently as did **RED LEACH**. Red threatens to write me soon, bringing me up-to-date on things and I am looking forward

to that. It will probably wind up with Red bringing me up-to-date when I see him in June two years hence. Received brief notes from **NORR BERGHOFF**, **BERNIE KEARNS**, **CLYDE BUNKER** and **RED CURRY**. Hope Red is as photogenic as he was three years ago so I can be snapped with him again. It has been a sensation!

"**LOU REAGEN** wrote me from Minneapolis which brought back many happy memories of the days when we lived not too far from Lou and his fine wife, Fran, in Minneapolis. **DAN VERRILLI** and **TOM JORDAN** both checked in as did **JOE NASH**. Joe hoped that I was enjoying the summer but questioned whether it was possible to do so in the heat of New Orleans. Air conditioning does wonders, Joe, and I will take that any time in preference to shoveling snow.

"Had a nice letter from **BILL CROTTY** and also one from **FRANCIS JONES**.

"From time to time, have heard from **LARRY STAUDER**, **JOHNNY MEAGHER**, **HUGH McMANIGAL**, **ALBIE GRIFFIN**, **FRANCIS MEYER**, **ANGIE GALDABINI**, **GEORGE AITKEN**, **SY JONES**, **ED GERAGHTY**, **LYMAN HILL**, **ED MEDLAND**, **JOHN KEARNS**, **BUD MARKEY**, **CHARLIE HASKELL**, **DON ALEXANDER**, **JIM GALLAGHER** and **DR. GEORGE McDONNELL**.

"This is all for now but please ask the fellows to keep in touch with me as it was mighty nice to hear from all of them."

Even in these months of summer vacation we often sense the void left by the death of **DON PLUNKETT**. With the opening of classes many of his associates will often recall this gentleman with many friends.

In mid-August Sacred Heart Church on the campus celebrated the seventieth anniversary of its consecration. Father **LOU THORNTON**, '29, was celebrant of the Mass. In not too many years we will have made our freshman mission with **FATHER FRENCH** at the "half-life" point of that beloved church. Looking back, that makes **FATHER THOMAS STEINER**, '99, who was on Corby Hall porch that morning, a real pioneer to us and more so to the sons of '29ers now on the campus.

ED DeBAENE writes from Detroit that son Ted will return to the campus in September, a sophomore in Civil Engineering. Ed's brother **WALLY** (Class of '31) recently underwent a serious throat operation which, we are sorry to learn, has left him with the handicap of a speech impairment. Ed has been a friend indeed to the faculty and students of the Electrical Engineering Department. Through his efforts and the efforts of other friends and loyal alumni like **JOE SIMONIN**, '28, **KEN FALK**, '47, a number of gifts and favors have facilitated the design and construction by your class secretary and several graduate students of a Protective Relay Demonstrative Board and an A-C Network Analyzer for use of both graduate and undergraduate students.

1930 Devere Plunkett
O'Shaughnessy Hall
Notre Dame, Indiana

1931 James T. Doyle
902 Oakton Street
Evanston, Illinois

The main activity of the summer for the class of 1931 has been the trip to the Grotto of Our Lady of Lourdes made by the **JIM McQUAIDS** of Vincennes, Indiana. Jim and Marie have been planning on this trip ever since the Lay Retreat of 1956 which was so helpful in making it possible. A contribution was made from our class fund to help defray the expenses which seem to pop up at the last minute despite the best attempts to figure in everything. Our prayers and best wishes have always gone to the McQuaids and they remembered all Jim's classmates in their prayers at Lourdes. Their letter of July 14th highlights their trip:

"It was good to talk to you while we were on our way to Lourdes, and we fully intended to call you on our return . . . but we came in earlier due to a change of plans of a visit in Mass. and when we arrived in Chicago, Jim was pretty tired, and it was a letdown . . . so we didn't tarry long, but came on home.

"The entire trip was a magnificent one . . . and the highlight, of course, was our audience with the Holy Father on June 18, at 11:15 a.m. and arranged by a member of the Class of '31 (a great class, believe me) **FATHER BERNARD RANSING!**

There were only 10 people other than ourselves . . . and it was a thrill from beginning to end. We arrived in Rome at 11:00 p.m. Sunday and you can well imagine our surprise when a TWA official boarded the plane and said "Mr. McQuaid, we have a reception committee waiting for you." I was at the door of the plane by that time and the flash cameras started popping, and there was VINCE MALOON, with FATHER ZIMMERMAN, two Holy Cross brothers and several alumni all waiting at the bottom of the steps to welcome us. A regular Hollywood reception, believe me!

"Vince showed us every courtesy, and between him and Brother Alexis, S.C., a friend of ours, and the Holy Cross Fathers and Brothers and the Christian Brothers we had a glorious time and did not miss very much in Rome.

"We called on FATHER RANSING to give our personal thanks for the Audience and were shown their lovely place outside of Rome . . . on Wednesday night of our visit Vince planned an N.D. party . . . at Scoglio di Frisio . . . and we were met at the door with the musicians striking up the N.D. Victory March . . . it was a most thrilling occasion and in the true N.D. style, Vince had left not a stone unturned. Father Ransing was there, also a Mrs. Gleason (whose husband is a member of the Class of '34 and on Naval duty in Naples), FATHER ENGLE, BROTHER REX and several others. . . . Believe me, even tho we were in a private dining room, everyone in the large cafe knew there was a group of N.D. people there . . . we sang the Irish songs and were wishing for all of you to be there with us.

"On Thursday when we left for Paris . . . Vince and one of the Brothers drove us to the Airport and saw that we were put on the plane in true N.D. style and it was with deep regret that we left them. If any of the N.D.'ers are contemplating a trip to Rome . . . Vince said to be sure and let him know. They are enlarging the school and hope to soon have facilities for taking care of some 500 students. We hope to write up our trip . . . and if you wish will send you a mimeographed copy . . .

"Thank you Jim, and all the members of that great Class of '31, for your great assistance in helping make this pilgrimage possible . . . we are truly grateful . . . and even more so now that since our trip to Lourdes we feel very fortunate and grateful to Our Lady that Jim is as he is . . . and not like some of the pilgrims we met in Lourdes . . . he is fortunate, believe me!

"Jim joins me in sending you and your wife our best wishes . . . and perhaps we can meet this fall at a game.

"P.S.: We arrived in Chicago the day Irene Jordan passed away . . . and I called on John at the Funeral Home. It must have been a shock to Johnny, but he realizes that the Good Lord was good to Irene, and she is no longer suffering . . . Irene had multiple sclerosis, but was much worse than Jim, I understand."

Contacts around the Windy City have been scarce this summer. GIL SEAMAN has taken his annual leave of the hay fever season and has gone to Wisconsin where he may run into EDDIE RYAN who generally spends August there. RED O'CONNELL has recently moved to Wilmette so his regular visits to the HOLLAND menage will be more of an effort in the future. GEORGE COSTELLO phoned to comment on the last '31 column in the Alumnus and promised to write MAURICE GOODEVE for news. He last saw HARRY KENNEDY about three years ago, but has had no news of him for some time. I saw what I thought was the smiling face of SPIKE SULLIVAN in Dave Garroway's telecasts from Oklahoma City during their Exposition last June. I wrote Spike but it turned out to be someone else. He and TOM MONAHAN manage to see each other frequently. While in South Bend during June he saw ED MURRAY and HANK CHAMBERS. I ran into VINCE BUSCH and his wife, the former Marion Tully of St. Mary's at St. Charles C. C. where we were guests of RAY HARCMBE and his wife, the former Olive Geis of St. Mary's. This summer I got a little news on MOON MULLINS from a Davenport friend of his, CACK LUNDY. Larry has a son, Larry Jr., who is a Carmelite and is studying at the North American College in Rome for four years. NICK BOHLING, 7th Ward Alderman, was on WTTM-TV recently and did a very commendable job. He is one of the most respected members of the City Council in Chicago. This same station carried a half hour program on Notre Dame July 4th. Ably narrated by JOE BOLAND, it told the story of N.D. academically, athletically

SPOTLIGHT ALUMNUS

VICTOR HILTON FALL, '27

Montanans were not surprised when Judge Victor Hilton Fall was re-elected by a thumping 25% plurality to the district bench of Montana's First Judicial District (Lewis & Clark and Broadwater Counties) last November, for Victor Fall has a long record of effective public service and private practice in the state of Montana.

A westerner only by adoption, Vic is a native Hoosier, born in Wabash County, Indiana. After graduation from the Notre Dame Law School he was a casualty adjuster in Chicago until he was admitted to the Indiana Bar. He practiced law about three years before he heeded Horace Greeley and headed for Montana.

Vic took an M. A. in Political Science and History in 1934 at the University of Montana, Missoula, Mont. He was admitted to the Montana Bar and became an attorney with the Montana State Water Conservation Board. From 1937 to 1940 he was in general practice of law at Boulder, Mont. He practiced in Helena, Mont., serving two years as deputy county attorney, from 1940 to 1943, when he went into the U. S. Navy.

Back in 1945, Vic was appointed general counsel for the Montana State Unemployment Compensation Commission. In the 1952 spring election he filed for District Judge. Elected in the fall he has held office ever since.

Vic is married, has a daughter and two grandchildren.

and spiritually. This film, I understand, is available for showing by local N.D. Clubs throughout the country. The sympathy of the class is extended to BILL CHAWGO in the recent loss of his father.

FR. JIM DONNELLY, '33, telephoned last month from the Harcombe's while traveling around the country. His parish is St. Mary's Mission which was devastated in the flood which swept through Lampassas, Texas, last spring. TONY WEITZEL in the Chicago Daily News devoted his entire column to him recently.

With the football season just around the corner, I am hopeful of greater cooperation and more news for the next ALUMNUS. The Notre Dame Club of Chicago holds its annual Golf Outing at Elmhurst Country Club September 9th and I expect to see a representative group of '31ers in attendance.

From the Alumni Office:

ALVIN G. KOISKI, 27 South Shoreland, Lake Zurich, Illinois, has been promoted to assistant claim manager of the Midwest Zone, Allstate Insurance Company. Al will supervise claim activity in the Detroit, Indianapolis and Milwaukee Regional offices for Allstate.

1932 James K. Collins
3336 Kenmore Road
Shaker Heights, Ohio

(Ed. Note: Jim Collins, who served as your class secretary for the past five years, has done an excellent job of keeping the ALUMNUS magazine informed about the Men of '32. We are highly grateful to Jim for a consistent presentation of interesting class news. This is his 'wind-up' column.—Nappy Napolitano takes over as the new secretary and would appreciate your continued cooperation.—JC).

From JIM COLLINS:

The title of Monsignor and the rank of Papal Chamberlain has been conferred on MSGR. PAUL J. HALLINAN by His Holiness Pope Pius XII. The announcement was made by Archbishop Edward F. Hoban of Cleveland on June 18.

Msgr. Paul, who went into the seminary some time after graduating with our class, has been extremely active in the National Newman Club Federation, and is a former national chaplain of the organization. He is now director of the Newman Clubs for the Archdiocese of Cleveland along with his other work.

JIM WARD has organized a new company, called James J. Ward and Company, to serve the aircraft and missile fields as sales consultants and manufacturers representatives. The office is located in the Stamford Trust Company Building in Stamford, Conn., with a branch in Washington. Jim was formerly with the Consolidated Diesel Electric Corporation where he was vice president and a director. He was made sales manager in 1949 when the company's annual sales were approximately \$1,000,000, and in eight years this was increased to \$25,000,000 annual volume. Jim is married and has one daughter, Mary Anne, who is a student at Trinity College in Washington.

HUGH BALL has been touring Europe this summer with his wife, Florence, and the two older of his three sons. They flew over on June 12 and expected to be gone three months, visiting twelve countries on this trip.

TED HALPIN has been transferred to Milwaukee by DuPont, and expects to be situated there early in September. His son, Cary, is entering Creighton University this fall.

We were extremely sorry to hear of the death of Fred Heneghan on August 14. A Mass was said for him by the REV. THOMAS J. O'DONNELL, C.S.C., on September 7 at the University. The family residence is at 511 Mack Street, Joliet, Illinois.

It is a little late to report on the reunion but we had a wonderful turnout and a fine time as evidenced by the roster and pictures in the last issue of the ALUMNUS. HERB GIORGIO was re-elected president of the class, NAPPY NAPOLITANO was elected secretary, and the writer treasurer. Many were back for the first time in 25 years and it was good to see them. RAY PFEIFFER had plenty of samples and was the host at his private bar. Among other things I heard: LEO FAGAN is planning a real spread in Tulsa for the Oklahoma game, JOHN KRAMER was kept away because of minor surgery but is fine now, MURRAY BOOTH has retired and is living on Cape Cod, OLLIE POWERS' son Tom has been appointed to Annapolis and started this sum-

mer, DICK FABRYCKI was counting up his capital gains from the sale of his oil business in South Bend, GEORGE MAYWALT is president of Moore & Company in Worcester, BILL VAN ROOY's daughter was recently married to JOHN REIDY, '54, and PORKY LAVELLE has entirely recovered from the accident.

From the Alumni Office:

GERALD F. CONWAY was appointed Director of Public Relations of Pacific Ocean Park, Inc. He will direct publicity and advertising programs of the multi-million dollar amusement park to be built at Ocean Park Pier in Santa Monica, California, owned jointly by the Los Angeles Turf Club and the Columbia Broadcasting System. Gerald has been in the Press Information Department of CBS Television for six years, previously having served as a captain in the army and in various publicity, advertising and hotel management jobs.

1933 Joseph A. McCabe
632 Forest Avenue
River Forest, Illinois

Dear '33's:

Whoever coined the saying "No news is good news" never tried to fill a column in the ALUMNUS! With this somewhat dour commentary, we'll contemplate what we hope will be the Golden

Future when our next mailing goes out . . . and brings back a staggering load of checks and news notes.

Because we ARE going to make another mailing in the near future . . . the impetus of the first mailing has died down. The response of the first appeal was quite good but not nearly enough to stand for any kind of a class gift. It amounted to roughly \$1,000. We didn't foresee that it would be high enough for a gift anyway, and are pleased that it went as high as it did. But this time we hope the contributions will come in from you other hundreds of '33's who didn't give the first time. So . . . when the letter comes, DONATE . . . and put in a few news items, too—if it's only to tell how many children (or grandchildren—we have to face it!) you have.

As to what the gift will be, we're not exactly decided yet. We've had a number of suggestions as to what form it should take. (One of them is discussed very cogently by FATHER JIM DONNELLY in his letter below.) It has also been suggested that we take a poll on this—which we may do.

One of our '33's played a large part in the activation of the world's first "Boiling Water Nuclear Plant" at Lemont, Ill. As Director of Engineering and Construction for the USAEC, DAN CASEY administered and supervised the construction of the plant. Congratulations, Dan—just see that the thing doesn't blow up before the reunion—it would probably take the Dome with it!

Also had a nice card from CHUCK HAFNER, who assisted Curley Lambeau, Hank Anderson and other All-Star coaches to get Paul Hornung, et al., ready for their hassle with the New York Giants in Chicago's Soldier Field on August 10. The boys didn't win but put up a good struggle until the rains came in the second half. Congratulations, Chuck—I'm sure you had a big share in getting the lads ready.

Now here's Father Jim Donnelly's letter:

Dear Joe:

It was good to see you when I visited Chicago. The 1933 column in the ALUMNUS is splendid. Dr. Bob Donovan's suggestion to make our donation in honor of The Most Rev. John F. O'Hara, C.S.C., is excellent. Not a single one of us was untouched by his influence. The men who were inspired and encouraged by him will make whatever sacrifices are necessary to insure that the gift of the 1933 class in his honor will be a suitable one. No project is of greater importance, none of greater significance, than the new Seminary to be built at Notre Dame. I am the only priest in this entire county, so I know, Joe, something of the great need for priests in our times. If each member of the 1933 class goes all out to provide a fitting memorial for the new Moreau Seminary, many of the sons of the 1933 men will be encouraged, by that fact alone, to think more seriously of the Holy Priesthood as a vocation. Let everyone speak his piece now or hold his peace forever more. I've spoken mine: something for the Seminary in honor of "the pope."

Your grateful friend in Christ,

Jim

From JOHN A. HOYT, Reunion Co-Chairman:

With not too much time to make the August 25th deadline, I thought it best to send some 1933 Class Reunion comments direct.

Sometime back GEORGE ROHRS, President of the Class of 1933, with the approval of the Regional Vice Presidents, appointed JOHN O'SHAUGHNESSY and myself as Co-Chairmen of our 25th Class Reunion.

I was in the west in June and on the way home I stopped over in Chicago to visit with John O'Shaughnessy and JOE McCABE. We had several conferences on Reunion plans at the Evanston Country Club as guests of the O'Shaughnessy

TOLEDO—Jack Solon, retiring Foundation city chairman, presents Father Glenn Boarman, C.S.C., with a check for \$1,000, the club's 1937 contribution to the University, at the annual Communion Breakfast. Looking on are (left) Richard Donoghue, alumni club president, and Frank H. May, Jr., newly appointed Foundation chairman. Father Boarman, assistant professor of philosophy, spoke to alumni families and friends following the breakfast.

family. It was decided to send out a second class news letter which should reach class members later in the summer.

The original class letter went out under John O'Shaughnessy's very apt by-line—"Let's Communicate For '59." John has now amended the by-line to read "Let's Communicate—and Donate For '58." A class questionnaire—not quite so elaborate as the famous 1928 Questionnaire—is in preparation and after it is co-ordinated it will be sent out. We hope it will be returned promptly—as we will be guided by the suggestions and answers in our Reunion activity plans.

Those who contribute to our 1933 Class Reunion Fund will be given credit at the University. John O'Shaughnessy is to send a cumulative list to Jim Armstrong advising him of the individual class contributions.

Joe McCabe's 1933 Class notes in the August-September edition of the ALUMNUS contained considerable news and several helpful Reunion suggestions. The one I liked best was DOG BOB DONOVAN's (Arlington, Mass.) suggestion that "state lieutenants" be appointed to "whoop things up." I am sending Bob a list of New Englanders 1933—Maine to Massachusetts—so he can keep in touch with them through the winter. I am sure the Fords of Massachusetts have talent that Bob can call upon to get out an occasional note to the "down easterners." We would welcome state lieutenants in other areas—I will send you a list.

"PREXIE" GEORGE ROHRS has been vacationing up Saratoga way.

JIM SHEA who lives close by in Tuckahoe, New York, has been giving much of his time and talents to affairs of the Notre Dame Club of New York.

ED ECKERT (Albany)—New York State's leading "plumber" has himself a new airplane to get around from job to job. Can you imagine what his bills look like now?

MARSHALL McAVENEY (River Edge, N. J.)—recently spent several months setting up the Hungarian Refugee Program for the Justice Department. He should write a book—with royalties to Class of 1933.

BILL LYNCH—dean of Yonkers, keeps in touch with MARTY LINSKEY who has just moved east. Bill's latest problem is late commuting trains which don't get him home in time to take care of his flower garden.

From the Alumni Office:

TIGHE WOODS, Washington realtor and former director of rent control, housing and price stabilization

tion for the federal government, has been elected president of the Kiwanis Club of Northwest Washington, D. C.

1934 T. Edward Carey 18843 Inglewood Avenue Rocky River, Ohio

ANTHONY F. ANZLOVAR, mentioned in the February-March ALUMNUS as assistant general manager of Mercast Manufacturing Corporation, LaVerne, California, has been named vice-president and general manager of the firm, which produces precision castings by a special frozen mercury process for the aircraft, electronics and missile industries. Prior to the formation of Mercast in 1955 Tony was special assistant to EVERARD F. KOHL, Class of '25, inventor of the frozen mercury process, and assisted in the organization of Kolcast Industries and Industrial Metal Castings Co., Mercast's ancestors. A former army captain, Tony is married to the former Eileen Hennessy and has six children.

1935 Franklyn C. Hochreiter 702 Scarlett Drive Baltimore 4, Maryland

From the Alumni office:

CAMILLE F. GRAVEL, JR., Democratic National Committeeman for Louisiana, reports on the whereabouts of JOSEPH L. FITZMAURICE, who was in the Class of '35 but didn't get his degree until February of '36. Joe is with the Civil Aeronautics Board and has been in Camille's home town of Alexandria, La., for several weeks conducting airline hearings.

G. ALBERT LAWTON was named president of Bankers Security Life Insurance Society in September. He was president of Security-Connecticut Life and its two affiliates, Security Insurance Company and Connecticut Indemnity Company before joining Banker's Security.

1936 Robert F. Ervin 1329 Kensington Road Grosse Pointe Park, Michigan

Your secretary is sad to report that it is necessary to resign a position and take a new one in

order to hear from any of his classmates. As some of you may have noted, I am now with Parke, Davis and Company in Detroit and a number of you have been kind in sending congratulatory notes and best wishes relative to my new job. Included in this group were HERM GREEN, PAUL DOYLE, JACK BRAY, BILL BAYER, and TOM TREACY. To all of you I extend my sincere thanks and hope you will make sure to give me a ring whenever you pass this way.

Recently you received from your secretary a letter urging greater participation in our Annual Alumni Fund during 1957 in view of the great need for enlarging the seminary facilities at Notre Dame. I hope that our class will be well represented in this most worthy cause.

HANK POJMAN who is President and founder of the Metropolitan Savings and Loan Association in Broadview, Illinois, writes: "We have just passed a milestone today by receiving notice of insurance accounts in our little association and should be well on our way." This sounds good, Hank, and we all wish you continued success.

LARRY PALKOVIC, who is one of our most consistent correspondents, writes, in part, "Received your letter regarding a gift donation for a new seminary building at Notre Dame to which I hope to contribute very shortly along with my regular Alumni dues. Nothing new from an old Alumnus from this part of the country. I am the only living grad here from the class of '36 and as a consequence don't get to see anyone except once in a great while I see NICK TANGREDI who lives in Mechanicsville which is near Saratoga Springs and visit SAL COMISSA who lives in North Newark. I visit Sal every chance I get when I go to Jersey where we visit my wife's people in Orange. By the way, the ALUMNUS does not have Sal's mailing address which I will give you. Sal's address is 40 Eastern Parkway, Newark, N. J. Wish more of the gang could stop off and visit here as I live only four miles from the New York State Thru-Way. I imagine some must travel that way from N. Y. to Buffalo or vice-versa. Put a note in the ALUMNUS to get off stop 28 Fultonville and come to Johnstown. Would be glad to have anyone stop and due to the fact we run a variety store, we have plenty to eat and drink and our place is easy to find as everyone around knows of our store. Wish I had more news in this regard except I have written to BILL SAFFA so much and hardly get a card from him. Wish he would write a few lines."

WOODY STILLWAGON who is with The Continental Can Co. in Mt. Vernon, Ohio, writes: "Living in Mt. Vernon and not having occasion to do much in the way of travel, my N.D. contacts are limited to MIKE MCGUIRE ('30) and ROBERT OVERMEYER ('42), both chemists with C.C.C.—I'm still working as Industrial Relation Supervisor for the Plant and holding up quite well—likewise my family. Recently visited with my brother Richard, who is a Lt. Col. in the Air Force stationed at Barksdale, La. He spent the year of 1936-37 at N.D." Thanks for the letter, Woody, and let us hear from you again before long.

NORB CASPER and his wife sent me a very enticing card from the British West Indies where they obviously had a wonderful vacation. LEE MOORMAN who is an attorney here in Detroit handled the legal details on our new home in Grosse Pointe and I would like to recommend him for any other classmates who are about to move into this area. JOHN BURNS of the Class of '34, is employed with the Ford Motor Company and we had a very nice get-together the other day at lunch.

That's about all for this issue but I hope the fact that some of you have gotten the writing urge will stimulate more letters from the rest. Remember that JOHN CACKLEY has guaranteed the Class of '36 plenty of column space to make up for the lean years. (Ed. note: Why don't ALL of you fellows write to Bob . . . now that he doesn't have much to do since leaving the busy confines of Lobund for the "outside world."—JC)

1937 Paul Foley, Vice-President McCann-Erickson, Inc. 3546 Penobscot Bldg. Detroit 26, Michigan

EDWARD J. HOYT, Export Credit Manager, U. S. Rubber International, was elected chairman of the Hardware, Automotive and Allied Trades Group of the Foreign Credit Interchange Bureau at the group's June luncheon meeting in New York.

ROME—Pope Pius XII granted a private audience for the family of Jerry Ashley, class of '33, on the Feast of the Sacred Heart, June 28. Beside His Holiness, left to right, are Jerry, daughter Mary Camille, son Paul, Mrs. Ashley and son Thomas.

Ed is well recognized in the field of international credits and finance.

THOMAS P. CARNEY, a vice-president of Eli Lilly & Co., has been appointed a consultant to Health, Education and Welfare Secretary Marion B. Folsom in Washington. Tom will be asked to advise Secretary Folsom on the status and future needs of medical research and education.

LLOYD R. STOLICH of Salinas, California, a member of Sacred Heart parish there, has been named a Papal Knight of St. Gregory by His Holiness Pope Pius XII.

The U. S. Army's most decorated chaplain, **LIEUT. COL. FRANCIS L. SAMPSON** of the airborne divisions in Europe and Korea, was the subject of a true drama on the "Crossroads" television series recently. Father Frank was portrayed by Donald Woods as he trained with the 101st Airborne before embarking for D-Day in World War II. He made combat jumps in Normandy, Holland and Korea.

1938 Charles M. Callahan
Sports Publicity Dept.
Notre Dame, Indiana

Hal Williams
307 Cedarcroft Road
Baltimore 12, Maryland

(Ed. Note: Now is the time to start planning to be at your 20th Reunion celebration next June 6, 7, 8. We have two "powerful and persistent" scribes who will relay information to you via the class column beginning with this issue. Charlie Callahan, busier than ever during the Fall as Notre Dame's Sports Publicity Director, will do the "promotional" blurbs while Hal Williams writes the "build-up" columns. With these two guys handling the chores you should have at least 100 per cent class representation come next June. They'll appreciate your ideas—many of which will be outlined by Hal in future issues.—J.C.)

From CHARLIE CALLAHAN:

A postcard was received from **NICK LAMBERTO**, from Rome. Nick has now been a reporter on the Des Moines Register Tribune for many years, and as for his being in Europe—he was on a Naval news-gathering junket with several other American newsmen.

JACK ANTON was a recent campus visitor. He is now a vice-president of the Boothe Leasing Corporation, a San Francisco outfit, and he still works out of his native Chicago, with an office at 228 N. LaSalle St. His work demands a once-or-twice-a-year visit to San Francisco, and he told of seeing **NEVIN (BUNNY) MCCORMICK**, on his last jaunt.

Four years ago, when we held our 15th reunion, classmate **JACK SCOTT** was the mayor of South Bend. Now as we approach our 20th, it can still be said that the class continues to hold power within the inner circles of South Bend executives as **CHUCK BOROWSKI** is now a lieutenant on the S. B. police force.

CHARLEY DUKE, for many years manager of the South Bend Municipal Airport, is now the assistant director of aviation, Moisant International Airport, New Orleans, La. Preceding his departure there was a big farewell party by the large South Bend '38 contingent.

WALT DUNCAN, who has been living in Oklahoma City for several years, is looking forward to the Oklahoma game, being played at Norman, Okla., this fall, and is hopeful the result will be as satisfactory as when the Irish went to Norman in 1953.

DON FISHER, the insurance tycoon, is the busiest of all South Bend members of the class at the moment—at least from the Notre Dame standpoint. He is the president this year of the Notre Dame Club of St. Joseph Valley. He has succeeded another classmate, **BILL GIBBONS**, in this assignment.

An unusual reunion of alumni and sometime classmates transpired at hearings of the Civil Aeronautics Board of Alexandria, Louisiana, recently. Here Joe Fitzmaurice (left), a CAB attorney, swears in Democratic National Committeeman Camille Gravel, who testified as to the need for additional airline service in Alexandria.

Where Walt Duncan is looking forward to the Oklahoma game, at Norman, **ED HAGGAR**, the pants man, is doing the same with reference to the Southern Methodist contest, to be played at Dallas, Dec. 7. Both Walt and Ed have become avid football fans, as I see both at two or three games every year.

DR. TOM HUGHES and **PAUL LEAHY** were at the N.C.A.A. tournament basketball game in Columbus last March, when Notre Dame defeated Miami University of Ohio.

The **HUBERT KIRCHMANS**, of Bay City, Mich., visited the **BILL COSTELLO**s, now of Chicago, this spring, and the result was an evening phone call to South Bend. (I see Hub and his cousin Frank at every Michigan State football game.)

TOM JORDAN is a frequent visitor at home basketball games, and at those played in Chicago . . . which is understandable with his brother **JOHNNY** being the head coach. Other old '38 basketball players who visited with Jordan (Johnny, that is) were **PAUL NOWAK**, at the Madison Square Garden Christmas tourney, and **JOHNNY O'CONNOR** and **JIM CARSON**, at the Butler game, in Indianapolis. And of course **RAY MEYER** is always present when DePaul is the opponent.

More basketball. . . . At the quarter-finals of the N.C.A.A. tournament games, in Lexington, Ky., **FRANK (BUB) CROWLEY**, now a Lexington druggist, was in the audience . . . at the time of the Christmas tourney, in New York. I bumped into **CLIFF TALLMAN**, in the Commodore Hotel lobby . . . at the Holy Cross game, in Boston. I had a short visit with **JOHN KELLEY** and his wife . . . and at the Butler game, in Indianapolis, with **JERRY SHINE**.

Around graduation time, I bumped into **ED KAVANAUGH**, at the South Bend airport. He had been in town with his family for a wedding.

DR. JACK LUNDGREN, once of Sioux City, but now of California, Long Beach, I believe, made a quick visit to the campus in the company of Vice President Nixon, last fall while the presidential campaign was going on. He was Nixon's physician on a part of the campaign tour.

MAJOR DAN MONAGHAN, temporarily of the Army Medical Corps, should be winding up his European military tour and returning to his native Denver as plain Doctor Monaghan about this time.

TOM MULLIGAN, Cleveland barrister, was co-chairman of an alumni Knut Rockne Communion Breakfast, in his home city, this spring.

JACK THULIS and **BILL COSTELLO** live a block from each other in the Beverly section, on the far south side of Chicago.

PAUL F. EBLE has been appointed to the faculty of Tri-State College of Engineering and Commerce, Angola, Indiana. Paul has previously been a dealer in farm equipment, an engineer with the electric company and the army engineers, and a radio officer in the army signal corps, serving overseas in India and China.

EDWARD W. SNELL has been appointed a project engineer in the Engine Division of Caterpillar Tractor Company, Peoria, Illinois.

From HAL WILLIAMS:

In July, during a blazing heat spell and what must have been a moment of irrationality, I volunteered to assist with this column until we meet on campus next June at the 20th Reunion of our class.

By August 10 the contract of **CHARLIE** ("I've got enough troubles") **CALLAHAN** had been bought up for three half-filled books of green stamps, I had been sworn in, and questionnaires had been sent to the 498 still carried on the class list. By August 23 more than 100 questionnaires and letters had poured in. There was also a long-distance telephone call from **HAL LANGTON**, now in the athletic equipment supply business in New Jersey. He wants to sell the reunion committee—now I'm not quite sure of this because we had a bad connection, but I think it was something to do with 498 pith helmets and/or some pink and purple t-shirts, a surplus item from a reunion of Y.M.C.A. night school students in South Jersey, which he was willing to let us have at a special price.

But to get back to those questionnaires. They came rolling in from such points as Seattle, Brooklyn, Sioux Falls, S. D., Pasadena, Calif., Chicago, Fort Wayne, Elkhart, New Albany, South Bend, even Mishawaka, Ind. (Yes, some of our classmates have settled there.) One came from a monastery, another from a Bishop, one from the Harvard School of Business Administration—**ED WRAPP** is a professor there—another from a state prison. Don't get excited, the classmate is on the staff, not behind bars. Many replies came in expensive, water-marked envelopes. Two arrived with postage due.

I think three generalizations can be drawn from the questionnaires. There is no doubt whatsoever that we are getting old. Item one, JAMES M. SWEEDYK, who is chief engineer for the Rudy Manufacturing Company, Dowagiac, Mich., reports that the oldest of his four children is in the seminary. Item two, JOHN M. LEADBETTER, an electrical contractor specializing in heavy industry and commercial projects in and around Marquette, Mich., says that he has registered his oldest son Jack to enter Notre Dame next year. Item three, and this is going to make you shake that balding head, GEORGE McDERMOTT, manager of the Oklahoma City branch of Wiles and Company, investment bankers, is a grandfather. If this is any consolation, George thinks he is the first one.

Second generalization: the class has produced a great many successful business and professional men. A surprising number are presidents of their companies, a great many more hold such titles as works manager, chief engineer, comptroller, etc.

Thirdly, and this made the most impression on me, a great many stress the role that religion plays in their lives. DR. DANIEL E. BOYLE expressed it better than anyone else. Finishing an uncompleted sentence in the questionnaire he wrote, "I'm glad that I had a lot of graces and favors bestowed on us to beget, raise and keep healthy our tribe."

Speaking of tribes—I must say that this is a productive class. On the basis of present information DR. THOMAS M. HUGHES and "CHUCK" SWEENEY are tied for the lead with nine children each. Tom, who is practicing medicine in Columbus, Ohio, writes that their tenth child was born in December, 1956. (One child died.) His address is 1975 Arlington Ave. "Chuck," manager of the South Bend branch of the Sinclair Oil Co., has six girls and three boys. He says that he has lost 10 pounds and has gray hair. That's understandable.

Four classmates among those reporting are tied in the family sweepstakes with eight apiece. DANNY BOYLE has five boys and three girls. He is on the medical staff of the New Jersey State Prison at Trenton and has a private practice in neurology and psychiatry. CARL JANSKY, who lives in Ferdi, Montana, and is in business for himself in oil production and drilling, has six girls and two boys. JOHN F. CLIFFORD, one of the Clifford boys, has six boys and two girls. He is a manufacturer's agent, living in St. Paul. Incidentally, he reports that his brother, JOE, is a dentist in New Haven, Conn., their home town.

OWEN KANE, that old Nebraska boy, has five girls and three boys. He lives in Aurora, Ill., is president of the Kane Ford Sales, Inc., and is also president of the Notre Dame Club of Aurora. Another with eight children is "SWEDE" BAUER, who owns and operates the Lindsay Soft Water Co. and a lawn sprinkler company—can't make out the name, "Swede"—in South Bend. The Bauers have six girls and two boys. "Swede" writes, "Saw WALT DUNCAN last June at the Serra national convention in Los Angeles where I drove the entire family. Saw 'BUNNY' McCORMICK on a similar trip three years ago. See TOM BOHEN in St. Paul every year on my trip back to Minnesota. The Bohens, with five kids, are probably getting tired of putting up our whole family every time we go through St. Paul, but they still keep asking us, 'Swede,' as you probably know, is the founder of the Christian Family Movement (CFM) in the United States. The tenth anniversary of the founding was celebrated in South Bend on St. Patrick's Day. Busy Bauer is also chairman of the board of Fides Publishing, a Chicago concern.

To get back to the family sweepstakes, JOHN L. JEHL, president of the Alton Plumbing and Heating Corp., of Alton, Ill., has five girls and two boys. He writes, "I've had a peaceful existence."

Four of those reporting are tied with six. EDMOND R. "TEX" HAGGAR, of Dallas, has four boys and two girls. He is president of the Hagggar Company. With characteristic modesty he adds, "We draw for titles out of the hat." RAY LONGSTRETH, partner in the Roseville Charcoal and Mfg. Co., of Zanesville, Ohio, has five girls and one boy. He says that he has seen RICHARD GERL, JOHN JOHANNES and talked to LEON LANCASTER. R. N. "NICK" LAMBERTO, one of the stars of the Des Moines Register, has three girls and three boys. Nick writes, "The questionnaires caught up with me on vacation at Grand Beach, Mich., where my wife's folks have a summer home. Had a pretty good year. I had the one big story of '57 in Des Moines so far—the wild flyer who terrorized the city for four hours. Also took an overnight cruise aboard the Nautilus in May (saw JIM MCGOLDRICK in New York) and accompanied a Strategic Air Command wing over-

SPOTLIGHT ALUMNUS

JOHN B. CARON, '45

The Board of Directors of Caron Spinning Co., Rochelle, Ill., has announced the election of John B. Caron as President of the company. The former President and Founder, O. J. Caron, who has been a member of the Notre Dame Advisory Council for the College of Commerce for many years, was elected to the newly created post of Chairman of the Board.

John has served as Treasurer of the company for the past ten years. A Chemical Engineering graduate, he is President of Woolknit Associates, a trade organization, and a member of the American Association of Textile Technologists.

During World War II, John served as an officer in the U. S. Navy. He was married last November to Ann Fitzgerald.

The Caron Spinning Company, manufacturing worsted and synthetic yarns, operates plants in Rochelle, Ill., and Robeson, Pa., with subsidiaries in Rochelle and Prairie du Chien, Wis.

The company was founded by the elder Caron in 1916.

seas. Flew a 3,000-mile mission in a B-47 and got to Germany, France and Italy. Saw the Pope." BOB HOLTZ, treasurer of the Martin Band Instrument Co. in Elkhart, has three girls and three boys. He also is president of the South Bend chapter of the National Association of Accountants.

Four classmates have five children each. JOHN D. THOMAS, who lives in Evanston and is director of labor relations for the United Biscuit Company of America, has five boys. The youngest is three

ment Co. in Elkhart, has three girls and three physician practicing in Brooklyn, has three girls and two boys. The Smiths are expecting their sixth. Gene is president of the Flatbush Medical Society. GEORGE H. SCHIRMER, JR., a lawyer with the firm of Burt and Schirmer in Freeport, Ill., has four boys and one girl. George made a hole in one recently. GEORGE "HOOK" KERWIN, manager of retail men's wear for Kerwin's, Inc., in Waverly, Iowa, has three boys and two girls.

Then come the following with four: JIM LAHEY, president and general manager of Eckler Lumber Co. in South Bend, has three boys, one girl. He reports that he has built a cottage at Diamond Lake between LOUIS ANDERSON, RAY ROY, '41, and DEWEY LAYTON, '39, who are more commonly referred to as "Water Skings, Inc." EDDIE KILRAIN, who is directory production manager for the Indiana Bell Telephone Co. in Indianapolis, has two boys and two girls. He says that he is proud to report that he is still able to play football and basketball with the neighborhood high school boys. GENE VASLETT, who was SCHOLASTIC editor our senior year, has three girls and one boy. Gene is in Los Angeles working as media account supervisor for Foote, Cone and Belding, a national advertising agency. JOHN SCHWARTZEL, state manager for Renfield Importers Ltd. in Kentucky and Tennessee, has four girls. Jack lives in New Albany, Ind. He wants to get in touch with JOE MANNEBACK, BILL SIXSMITH and DAN MURPHY. ERNIE MAURIN, sales manager for the West Point Oil Co. in Los Angeles has two girls and two boys. He lives in Pasadena. TOM MULLIGAN is living in Shaker Heights, Ohio, with his three boys and one girl. Tom is a partner in the Cleveland law firm of Jones, Day, Cockley and Reairs. Tom reports, "I just learned that BOB MAZANEC, widower, father of six, is to marry a widow mother of three." DON HICKEY, our South Bend correspondent, confirms that. Congratulations, Bob. Good luck from all of us. WILLIAM SIXSMITH, a pretty good golfer as I recall it, is an attorney with the Rockwell Manufacturing Co. in Pittsburgh. He has three boys and one girl.

Two Bethesda, Md., boys also are fathers of four. JOHNNY BRADDOCK, one of the stars of JAKE KLINE's baseball team, has three boys and a girl. He is a staff assistant with the Washington Gas Light Co. In a very nice letter, he says that he has finally quit playing baseball and is now an umpire. He saw DENNY EMANUEL at a medical convention in Washington. GEORGE HOWARD is president and proprietor of a general insurance agency in Washington. Everyone reports that he is one of the richest men in Washington. He has three girls, one boy. His home address is 3210 Edgemore Lane, Bethesda. JIM REGAN, with the cattle buying and feeding firm of Regan-Regan and Hess in Omaha, has two boys and two girls. He says he can still beat his oldest son, 16, at golf.

Now to vary the topic and report on the religious members of our class. The bishop referred to is the MOST REV. BERNARD J. TOPEL, bishop of Spokane. His excellency, who obtained a Ph.D. in 1938, writes, "I was in charge of religious vocations in the diocese of Helena, Montana, before coming to Spokane." FATHER "GUS" SIDLER is a monk in the Portsmouth Priory in Portsmouth, R. I. He is treasurer of the community. FATHER ANTHONY GOMEZ is an assistant at Santo Christo parish in Fall River, Mass. FATHER JOSEPH CIECKA, a member of the Holy Cross order, is assistant pastor at St. Casimir's parish in South Bend. FATHER THOMAS CLEARY writes from Freeville, N. Y., "I am a secular priest of the Diocese of Rochester and pastor of the Dryden Catholic Mission and chaplain of the George Junior Republic in Freeville. I was ordained to the holy priesthood in 1942. After leaving Notre Dame I completed my studies at St. Bernard's Seminary in Rochester." FATHER ADRIAN JOE RACE is assistant pastor of St. Barbara's parish in Milwaukee (2069 South 32nd Street). He writes, "I'm still a curate but moving closer to the day of my first pastoral appointment. After close to 13 years in one parish I was transferred to St. Barbara's." BROTHER REGINALD, C.S.C., is principal of St. Joseph's High school in South Bend.

Now, taking the questionnaires off the pile, one by one: TOM FLYNN is staff assistant to the Secretary of the Interior on public land matters. Tom, who lives in Bethesda, Md., adds with pride, "I haven't gained any weight since I left N.D." But that's not what DON CURRIER reports. Don, who is president of the Currier Lumber Company in Detroit, writes in a fine letter, "The suggestions

The Dore of the Detroit-Dearborn area are making history in the life insurance industry. Edward J. Dore, flanked by sons Edward, Jr., '43, left, and Thomas, '49, right, have distinguished themselves with an unprecedented accomplishment. Theirs is the first case of a father and two sons all qualifying for membership in the Million Dollar Round Table in the same year. The three Dore each put into effect at least \$1,000,000 of life insurance protection among families and businesses in the area during 1956.

in the questionnaire were provocative. In fact after glancing them over this old timer dusted off the '38 Dome, looked up his graduation 'portrait' and compared it with the 'spectacle' in the mirror and stammered, "How can it be?" . . . At last count I weighed 215 pounds, against 135 in 1938." Don, who has one son, lives in Grosse Point Farms. He adds that he has been teaching high school seniors moral philosophy, scriptures, etc., for six years in lay apostolate work. "I learned a lot from them," he says. PAT CAREY, writing from that legendary Indiana metropolis, Kokomo, reports that he is with Kingston Products Corp., which manufactures sidewalk roller skates. Sudden thought: Why don't we have Pat furnish roller skates for everyone at the reunion. Along about 4 o'clock some morning we'll put them on and race into South Bend to see what's doing. The richest man in the class could put up some prizes. Pat mentions that JACK ANTON "free loaded one night while on an expense account." Jack is the most "picked on" man in the class. In his questionnaire DON HICKEY notes that he bumped into ANTON not long ago, adding "how could I miss him at 275 pounds." BOB LEONARD passes along the news that he is now in Kinston, North Carolina. He's chief supervisor of manufacturing of DuPont's new Daeron plant. He has two boys and a girl. RUSS LONGDON, another classmate who has done very well, lives in Dearborn, Mich. He is comptroller of DeSoto Division of Chrysler. He has two boys and two girls. SCOTTY REARDON, certainly one of the most popular men in the class, is back in Sioux Falls, S. D., where he is assistant general manager of the Dakota Iron Store. He has two girls and a boy. Another one of the popular fellows was MIKE CROWE who now makes his home in San Gabriel, Calif., where he teaches history and serves as basketball and baseball coach for Old San Gabriel Mission High School. He says that "BUNNY" McCORMICK has left coaching for business. He adds that JOHN LUNGREN is a

Long Beach, Calif., doctor and that RAY MEYER "is still the same fine guy." Mike has two girls, one boy. WALT MONACELLI recently resigned from Koppers company in Pittsburgh where he was manager of the patent department for seven years. He is now practicing as a patent attorney in Cleveland and living in Shaker Heights. Walt was too modest to mention but someone else passed along the word that he has four degrees. He also has two girls.

BILL KAVENY is the proprietor of the Palmyra Farm Supply Co. in Palmyra, N. Y. He is also president of the Palmyra Community Center and a coach in Babe Ruth baseball. He says that JOHN TROSKOSKY, also of Palmyra, is "baldier than a billiard ball and so am I." TOM GARVEY is chief research engineer of carbon bar products for United States Steel in McKeesport, Pa. He has a boy and a girl. TOM ROONEY is Western Division Sales manager for Narragansett Gymnasium Equipment Co. He moved to Sherman Oaks, Calif., in June from Columbia, Mo. He has two girls and a boy. JACK SOLON, or, to give him his full name, FAUSTIN J. SOLON, JR., is a partner in the firm of Degnan, Solon and Cook, public relations counsel, in Toledo. He says that he has bumped into JIM BURGESS, a major in the Army, VIC BECK, BOB SCHRAMM, and JOHN HURST. He has two girls and a boy. JOHN R. KELLEY, who was bald when he was a sophomore, is back in Medford, Mass. He is credit and accounts receivable supervisor of a General Foods Corp. division. John, who has two children, has been president of his parish Holy Name Society for two years. DICK GERL is in business for himself in the lumber business in Manitowoc, Wis. FRANK WINTER is division director, Minnesota and Iowa division, of Green Giant Co. in LeSueur, Minn. He has two boys, two girls. JOE LUDWIG is assistant principal of Herbert Hoover Junior High School in San Francisco. He has one daughter.

From CHUCK SWEENEY:

"A few months back, I sent a letter to all members of the class, telling of the misfortunes of one of our classmates, CARLETON MacDOUGALD, who a couple of years ago, while riding with his wife, had had a serious accident. Their car was hit by a hurricane. Mac suffered two broken legs, a broken arm, lost much blood, and today, two years later, is still confined to a wheel chair. His wife suffered a broken leg and a concussion. Fortunately, their three young children were not with them at the time of the accident. Nevertheless, the doctor and hospital bills were enormous—somewhere around \$30,000. I asked for help from everybody in the class, and the response was wonderful. The first check I sent to Mac was for \$2,223.50. After this had been mailed, an additional \$275 was received, which was sent on to Mac. Altogether then, the class contributed \$2,498.50.

"It had been my original intention to list the contributors, and the amounts given, in this column. But after a chat with Jim Armstrong, our Alumni Secretary, I changed my mind.

"Jim stated to me: 'I would suggest just making the gift from the class as a whole. Possibly, one or two of Mac's close friends didn't contribute—for varying reasons, such as having had a change of address and not receiving your letter. He might feel bad on that. Also, the listing of amounts given is not always a good idea. You know that everyone gave to the best of their individual abilities, and with no thought of seeking credit.'

"So, fellows, on Jim's advice, and he certainly has had more experience with such things than any of us, there will be no listing of contributors. All of your letters have been forwarded to MacDougald, and I know he appreciated receiving same.

"This therefore is the letter of acknowledgment to all contributors. And as a result of the wonderful response, I want to say I'm most happy to be a member of the class of 1938.

Signed: Charles Sweeney

Letter from Carleton MacDougald

Dear Class of 1938:

The generous and unexpected contribution from you has made me and my family very happy.

I am still on crutches, wearing a brace, and my wife occasionally suffers still some lapse of memory. My major problem now is the post-accident osteomyelitis, which we are fighting.

But as you saw from the picture, my wife and I are together with our youngsters, and I am pursuing as much business activity as I can, and making headway.

Because of these blessings, we had not sought or hoped for generosity such as yours. We appreciate it sincerely as an extra favor from Our Lady, and we hope that you who contributed materially or by prayer will also some day know some similar favor.

Yours in Notre Dame,

Carleton "Mac" MacDougald

CHARLIE OSBORN, one of the stars of the Wranglers, is now a partner with the distinguished Seattle firm of Bogle, Bogle and Gates (if anyone wants to cable Charlie the cable address is "Bogle Seattle). Charlie specializes in tax law. He also is Notre Dame Foundation governor for the State of Washington. He has two boys and a girl. In the same mail came the questionnaire of JERRY KANE, also in Seattle. Jerry is assistant manager of commercial sales for the 707 jet transports, working for Boeing Airplane Co. Jerry, who has three girls and a boy, says that he has taken his wife to Havana and Madrid on sales trips, celebrated his 17th wedding anniversary and gained 10 pounds.

DR. EDWARD S. McCABE, 512 Anthwyn Road, Merion, Pa., is an internist practicing in and around Philadelphia. Ed was selected as a consultant in medicine by the Surgeon General of the United States Army and toured Europe for two months on an inspection trip for the S.G. He is a fellow of the Philadelphia College of Physicians and the American College of Physicians. Ed also is an assistant professor of Medicine at Temple University School of Medicine and has published some 30 articles in medical literature. He has two girls and a boy. He reports that DR. JACK LUNGREN is the personal physician to Vice President Robert Nixon.

BOB O'BRIEN, a partner in O'Brien & Sanderson Insurance Agency, Fort Wayne, says that he

is proud to admit that he is "married, served four years overseas in the army, adopted three children, founded and helped build the largest insurance agency in Fort Wayne and saw all Notre Dame home football games." And, he adds, "suffered like heck last year."

JOHNNY PLOUFF is special sales representative for Sinclair Refining Co. in Milwaukee and has two boys and two girls. **BILL TOBIN** is sales representative for Jeffreys-Spaulling Mfg. Co. He lives in Birmingham, Mich., and has two children. **JOHN P. MAHONEY** is an attorney practicing in Ashtabula, Ohio. He is not married. On the back of his questionnaire, he writes, "We are in the process of starting a club here in Northwestern Ohio. At the first meeting two classmates were there—**JOHN E. LYNCH**, 1738 46th St., Ashtabula, and **PAT STILLISANO** who lives in Willoughby, Ohio. I have often wondered what became of **JOHN HEAD**, **ED SNEEL**, "TINK" **CUTHERSON**, **DAN RYAN**, **JOE O'BRIEN** and **VINCE DUGGAN**." If you fellows would drop John a line he'd probably be the happiest man in Ashtabula.

FRANK KESICKE lives in Yonkers and is loan officer for the Ninth Federal Savings and Loan Assn. of N. Y. C. He says he is ashamed to admit that he has gotten fat but proud to admit that he has been able to meet his mortgage payments. "God has been good to me," he concludes. He has two boys. **C. R. WEBSTER** is manager of plastics quality control for the Dow Chemical Co. in Midland, Mich. He has two boys. Bob says that he is proud to admit that he "has survived." A great many of the classmates made much the same statement. **JIM DRISLANE**, another lawyer in private practice lives in Albany, N. Y. He has a five-year-old girl.

Now, before **JOHN CACKLEY** slams that deadline in my face, just a few more fast paragraphs. In case anyone is wondering what I do—I'm still with "The Sunpapers" in Baltimore. After serving in Europe as a foreign correspondent in 1949 and 1950, I came back to Baltimore, worked on the Evening Sun city desk and our executive news department. For the last three years I've been editor of the Sunday Sun. I have written three books and have just begun work on another. We have three daughters and the youngest, 2½, is willing to eat—and often does—anything that I write.

Since I started writing this column for the September issue a great many more questionnaires have arrived. I'll hold them over until the next issue when I'll also render a report on suggestions made for the 20th reunion in June and nominations for the Spotlight Alumnus feature. Incidentally, at least four of the boys suggested themselves as Spotlight subjects. One was kidding, but I'm not sure about the others.

And, now, as the deadline falls with a thud, my final words—If you want another column packed with names and so long that it pushes the younger classes 'way back among the Book Store's ads for Notre Dame drinking glasses, just keep those questionnaires and letters rolling in. That means you, too, **CHARLIE CALLAHAN**, wherever you are.

From Alumni Office:

Appointment of **DR. A. O. ZOSS** as manager of manufacturing administration, chemical products group, has been announced by Minnesota Mining & Manufacturing Co. Dr. Zoss received B.S., M.S. and Ph.D. degrees in chemistry from Notre Dame.

1939 James N. Motschall
Singer-Motschall Corp.
10090 W. Chicago
Detroit 4, Michigan

WALTER H. JOHNSON, JR., vice-president in charge of passenger sales for American Airlines, the world's largest passenger airline, was the subject of a very complimentary profile in the New York World Telegram & Sun recently. The article told how Walt, a history major when he was at Notre Dame, is really wrapped up in his job as an airline exec. Walt lives in Ossining, N. Y., with his wife and four children.

1940 James G. Brown

New York, New York

Just before starting this column I was thumbing thru the last issue of the ALUMNUS and noticed the spotlight on **BILL O'BRIEN**. I haven't seen

SPOTLIGHT-ALUMNUS

JOSEPH M. HUGHES, '37

Having advanced rapidly from Assistant Engineer, through Supervisor, Transmission Maintenance Engineer, Supervising Engineer and Service Foreman, to District and Division Plant Manager, Joe Hughes has recently been appointed Assistant Vice President of Indiana Bell Telephone Company.

Joe graduated in Electrical Engineering, and received an M.S. in Physics at Notre Dame in 1939. He joined Indiana Bell in Indianapolis and has been there ever since.

In 1940 Joe married Kathryn Louise Stauder, whose brother Lawrence is an Associate Professor of Electrical Engineering at Notre Dame. The Hughes' have five children, Patty, 16, Michael, 11, Thomas, 8, Kathleen, 4, and Mary Beth, three months.

Joe says he spends most of his spare time "entertaining the kids" or pursuing his hobby, sailing, on a reservoir a few miles from Indianapolis.

Bill in about two or three years but it is good to see that the men of '40 are moving ahead in different fields. Have received a couple of fine letters which will help for this issue: **BILL COLEMAN** writes from Cleveland where he is living with wife Liz and family of eight, the youngest just about a year old. As I mentioned to you, Bill has been very active during the past year as national president of the Young Presidents Organization. It is interesting to note that '40 has three members in the organization: **JOHN HENEBRY** and **JIM CLEARY** are the other two. Also as previously suggested it is now confirmed that **TOM HOSTY** is with Sincere & Co. members of the Chicago Board of Trade and is very active in the grain

market. Bill mentions that Tom is real sharp in this field so if you Chicago men are looking for someone to handle your commodity account give Tom a call.

Next we have a fine, long letter from **DOUG BANGERT**. You have no idea how grateful I am for these letters of a couple of pages with plenty of names and news. Thank you Lt. Col. Douglas A. Bangert, USMC. As you can see from the rank and the service, Doug has been with the Marines since the war and is presently the Senior Marine Officer on the staff of the Chief of Naval Air Technical Training. Looks like Doug has been all thru squadron flight duty, instructor duty at staff school and attendance at Air Command and Staff college. Having been thru the major portion of the V-5 flight training program myself I can appreciate some of the duties of laying out a program for the training of the Corp's flight personnel. It was and probably still is a tremendous program academically and physically. Doug is married, has three children and, of course, has been all over the country and a good part of the Pacific in his travels and mentions that he and the family have thoroughly enjoyed the moving about. Most of the Air Stations are good duty and when things are pressing a hop is always convenient. Doug wishes to apologize for not having been at the reunions since graduation but he has been in the Pacific, in Korea and at a Presidential demonstration each time we had the reunions. Perhaps, by 1960 things will work out better. Another regular in service is **JOHN MCINTYRE**. I had John located out in California but Bangert has recently seen him in Jacksonville. Chances are he was in both places at different times. John is a Commander and a flyer. Doug also mentions **PAUL LENIHAN** whom he met recently in N.Y. I bumped into Paul a few years ago on Lexington Ave. here in the city, but he is now married, has children and is living up in Connecticut. Another regular in service is **LOU REILLY** and was last seen by Doug in Alameda, California. Lou is also with the Navy... Supply Corps; is married with a family and just as cheerful as he was years ago. Looks like all our '40 men were smart and stayed with the Navy (Marines being a subdivision thereof). This last statement should get a rise from **CIOLINO** who, I'm sure, is with the regular Army someplace and should have some rebuttal. Anyone else who is with the doggies and wants to reply will also be welcome. My thanks to Doug for a fine letter.

Played golf recently with **GERRY SEXTON** and then had a 19th holer with **GERRY SAEGERT**. Not much new with either of them although I did see Marion and **ED McLAUGHLIN** recently and mentioned that it would be an excellent idea if I could get a picture of the families. Sexton has five girls, McLaughlin has five boys. Finally, Sextons had a boy so I will keep you posted on any new developments. It looks as tho there has been a change in the equinox. Speaking of pictures nobody has responded to the family album idea. This is the summertime, outdoor time, snapshot time. You wives: send me a snapshot of the brood that keeps you so tied up all week. Have a note here that **ELDRED E. YOUNG** has been transferred to the Shell Oil Co.'s Emeryville Research Center. El is a senior technologist with Shell and is living in Concord, California. He has his master's and doctorate from N.D. in Organic Chemistry.

One of the most gratifying experiences I have enjoyed in many moons has been the expressions of appreciation by correspondents for the column. It really is only a small contribution in the overall Alumni picture, but if you all will participate in this flattery it WILL get you some place... right in the magazine and be sure to include the names of all men of '40 whom you have seen, talked about, heard about, and don't forget those vacation postcards.

1941 James F. Spellman
James F. Spellman Co.
7 East 42nd St.
New York 17, N. Y.

Once again it is time to compile the various letters; notes and assorted data that I have received from classmates who heed the call of the secretary. To you who have not sent in any information about yourselves and/or your alumni brothers, a further plea that you will help this poor "reporter" keep alive the '41 column in the ALUMNUS.

One of our class who likes to read about our activities is **BERNIE LIENHARD**, a regular Navy

man, who didn't indicate his rank but sent one of the most complete letters I have received. Bernie's letter, dated June 2, indicates his address at 302 W. Myrtle, Alexandria, Va., and his present assignment, The Pentagon. It was because of the "extensive notes," as Bernie puts it, in the May-June ALUMNUS that prompted him to write his letter. Please take note, other alumni!

Bernie is ex '41, having joined the navy in 1940, the V-7 program. He had intended to come back and graduate with the class, but it was not to be. He was on the USS Shaw, in drydock at Pearl Harbor on December 7, 1941, but came out unscathed; saw service in the Guadalcanal and New Guinea campaigns; was an instructor at the Naval Tng. Center, Miami, Fla., for a year; at the war's end he was executive officer on a destroyer transport in Tokyo Bay. Successively, in September, 1945, he was C.O. of the USS Sims, which became the HG for the Strategic Bombing Survey, a survey of the atomic bomb damage to Hiroshima. After bringing this ship back to the States to join the mothball fleet, he was appointed executive officer of the USS Catamount, a landing ship dock. On this ship he visited Trinidad, Port de France, Martinique, Puerto Rico, Labrador and many east coast ports of the U. S. In 1950, Bernie was ordered to the Amphibious Tng. Command, Atlantic Fleet, as Chief of Staff for Logistics. From 1952 to 1954, he was in command of the destroyer Sigourney on which he saw much travel. From the Caribbean through the Panama Canal to San Diego, Honolulu, Midway and Japan. Then after a long time in Far Eastern waters, he returned to the States by way of the Suez Canal. Stopped at Hong Kong, Singapore (went to Mass there on Christmas Day, 1953), Ceylon (where he celebrated New Year's Eve!), Aden, Naples, Cannes, Gibraltar and Lisbon where he visited Fatima; returned to Norfolk, Feb., 1954, and in June took the mid-shipmen on their annual cruise to Europe. On this latter trip, he visited Spain, LeHavre and Paris. He notes that he made trips to the Shrine of Santiago del Compostello in Vego, Spain, and to the Little Flower of Lisieux.

Bernie is waiting for an assignment to foreign shore duty. He may have received it by this time. His wife and two children enjoy the travel as much as he does.

Bernie remembers when he was to be roommate with that notoriously poor letter-writer, PAUL PUGLIA, for the senior year in Walsh. Ah, those were the best days of all, Bernie!

Near the end of his letter, Bernie notes that he used to see FRED HOLL occasionally in Norfolk. Fred was a Lt. Cmdr. in the Naval Supply Corps. Thanks, Bernie, for the most interesting recount of your activity. Don't forget to drop me a line from your next place of duty.

ARTIE HUMBY has changed the name of his Comptometer Operators Business Service to Temporary Help, Inc. He is located at 1674 Broadway, N. Y. C. Lives with his wife and four children in a new house "out in the six" on Jeanne Court, Stamford, Conn. Is a fellow AF Reservist in the 9212th AFRes. Sq., at 346 Broadway. Artie reports on the following:

WALT O'MEARA—lives in Darien, Conn. Has five children; teaches at Stamford High School. Is in Artie's parish.

AL PERRINE, formerly with United Cerebral Palsy, Inc., is now with American Cancer Society.

JOHN KANE, who was at the Reunion in 1956 is a Senior Project Engineer with Underwriter Labs. in New York City. John and his wife and three children live at 29 Oregon Drive, Huntington, L. I. John reports—

GENE DUCKWORTH is manager of the Cathode Ray Tube Planning section of RCA at Harrison, N. J. Gene lives at 9 Western Ave., Chatham, N. J. (Gene—the mayor of Chatham is a friend of mine). JIM TEAGARDEN is in the food business in Oak Harbor, Ohio. JACK LANDRY communicated with him at Christmas. Jack is married and has two children. JACK SCHAFFANSKY lives in Oak Park, Ill., and recently sent a birth announcement.

John told me about HUB SCHLAFELY who is with Teleprompter Corp. in N. Y. C. I called Hub and he invited me to lunch only last week. Hub is Vice-Pres. in charge of Engineering. He went with Gen'l Electric after graduation. In 1947 GE loaned him to 20th Century Fox where he was Director of TV Research, in N. Y. He is a Fellow of the Society of Motion Picture and TV Engineers. In 1951, Hub and two others conceived the idea of Teleprompter, and formed a corporation. Needless to say, the business has been a wonderful success. (As you noticed in

SPOTLIGHT-ALUMNUS

JAMES D. McCANN, '32

Jim McCann has been named by Heidelberg Eastern, Inc., distributor of automatic printing presses, as General Sales Manager for the firm's four divisions east of the Mississippi.

After graduation Jim entered the field of real estate brokerage and management with his father, making, a success of it despite the depressed state of business. In 1938 he married Vivian Wentz, a graduate of the College of New Rochelle in the home town.

Volunteering in 1942, Jim rose to the rank of major in the Army. His father having died, he returned to New Rochelle with another real estate firm as a vice-President and sales manager. Jim started with Heidelberg Eastern as a sales representative and quickly advanced to the post of Regional Manager, opening the first Middle West branch office in Columbus in 1952, thence to the top sales job.

Heidelberg Eastern distributes presses manufactured in Heidelberg, Germany. They are the only printing presses produced entirely by assembly line, and 80,000 are in use throughout the world.

An authority on printing, Jim belongs to such trade organizations as the International Association of Printing House Craftsmen and the Printing Arts Association.

Jim and Vivian have three children, Kevin James, 9, Valerie Joan, 7, and Marilyn Claire, 5.

the papers, recently, Sugar Ray Robinson insisted that Teleprompter Corp. be the outfit to TV the fight with Basilio). Hub showed me the various items of equipment and their function. Hub was interested in finding DON CASSIDY, so I showed him Don's letter that was quoted in an earlier ALUMNUS. Hub treated me to a delicious lunch, after which he had to leave as he is a very busy man. His home is in Hollis, L. I.

BERT KELLY is assistant to the merchandising manager at Altman's on Fifth Avenue. I met Bert in Mid-July. He reports that he saw JOE GILLESPIE and wife in town during May, this year. Bert reasons that Joe must really be in the chips—he had tickets to "My Fair Lady." How come those "foreigners" can get to shows us natives can't? Another alumnus who decided to write after reading about his classmates is WALT BRENNAN, M.D., 706 Duke St., Alexandria, Va. Walt writes that since leaving N.D., he went to med. school, after which he spent two years interning, then in the army, part of which he spent in Europe. Went to Walter Reed Hospital for residency training in psychiatry. Was married somewhere in between these periods of activity. In 1953, after being at Ft. Lee, Va., he was released from the service. Started his civilian practice immediately thereafter. He and his wife have three children, ages 8, 7 and 3. Walt admits to a laxity in not being at N.D. Club meetings in the past; but indicates he intends to be more active now. Let me know if you see any of our class, Walt, and many thanks for the letter.

A card from BILL STURM announces that Haskins & Sells has admitted Bill as a member of the firm. Congratulations, Bill. Our class has also LOU MACKENZIE and LARRY WALSH as members of the same accounting firm. How about some news from you, upper level accountants? A notice in the June 3 issue of the NY Times caught my eye. It announced that JAMES H. SHEILS, N.D. '33, had been admitted to the firm of McManus & Walker, members of the NY Stock Exchange. Jim used to be Commissioner of Investigation for the City of NY. Later he was a partner with JIM MCGOLDRICK and ED FALLON in a law partnership. Both Jims are past presidents of the N.D. Club of NY. Our very best wishes to Jim Sheils in his new endeavor.

That is the end of the current data. Hope you readers send me more material for the next deadline. I'll be at the Army game on October 12 with pad and pencil; so if you are going to attend, bring your data with you and unload it on me. It is a pleasure to write about you and your activities, so don't hesitate too long.

1942 William Mark Hickey
3333 West 47th Place
Chicago 32, Illinois

(Ed. Note: Since the Reunion Bill Hickey has been appointed the new 1942 Class Secretary and official ALUMNUS correspondent. Our thanks to "Scoop" Scanlon for a fine job in the past, and best wishes to the new secretary, who counts on you to insure his success by contributing news about yourself and classmates.)

Received an interesting letter from MAURY KELLY who is now with the Aluminum Co. of America in Pittsburgh, which I quote as follows:

"I visited with GEORGE and JANE BLATT and their six children in Cleveland. They are expecting another young one soon. George is very busy in the activities of the Cleveland alumni group, and I believe, was a co-chairman of their recent summer dance.

"PAUL KELLEY is prospering as a real estate agent in Dewitt, New York, which is just adjacent to his native Syracuse. He and his lovely wife Sally had a summer place in July up on Lake Ontario. The Kelleys have a little girl and boy. Paul has been doing a lot of golfing in and around central New York, playing frequently with such stalwart Notre Dame alumni as his cousin DAN KELLEY ('41), JACK TERRY ('44), JACK BARRY ('42) and TOM FARMER ('43).

"I hear that JOHN MORIARTY is a space selling representative for the publisher of a sports magazine. John is living in Crystal Lake, Illinois.

"BILL FALLON is still in the Navy and is currently residing near New York where he is stationed. Bill is married and has four young typical Irish youngsters, one of whom is my godchild.

"EMMETT GRIFFIN is continuing his studies in chemistry here in Pittsburgh. Emmett is aiming toward a Ph.D. in that subject and expects to achieve same very soon.

"PHIL LOES has a beautiful home in a suburb of Buffalo where he and his wife Dorothy (an alumna of Nazareth College, Kalamazoo) are leading the good, quiet life. Phil has been very successful in the field of sales engineering. He joined a manufacturers representative agency shortly after World War II and about a year or so ago was made a partner. I believe that their chief interest is in the field of industrial air conditioning.

"As an afterthought, I might say that TOM DILLON, after over 15 years of indebtedness to me, finally paid off in cigarettes. I think I kept him smoking for his first two years in school—at the reunion amidst great ceremony he presented me with a pack of Chesterfields.

"Several of us bachelors from the class of '42 were going to unite and form our own group, fearing contamination from all of the married lads. We took a poll and discovered that the single fellows are those who during our school days, spent all of their time in study, leaving the social life to those who preferred the company of the ladies of St. Mary's."

1943 John L. Wiggins
4800 Fairlawn Drive
LaCanada, California

The big 15-year Reunion is the important news of the column from now on in. We hope to have a record representation at the gala affair, but we will need the help of everyone in the class. First of all, I would like to start begging for help from some rather specialized quarters. During the coming period before the Reunion weekend we will put into the mails some three or four reminders to stimulate attendance. We will need the services of someone in the graphic arts industry to help us along here. Our press runs will probably run in the neighborhood of 700. They will be simple—probably short letters—that could be easily run off. Since we have no treasury, I hope that some printer(s) will volunteer a little press time and material gratis to implement our advertising the 15-year Reunion. You may remember the phenomenal 25-year turnout LOU BUCKLEY achieved at the time of our 10-year get-together. His advertising was the big spark, and he got the needed assistance right in his own class. So, please, any of you printers, artists, etc., please, please step forward immediately. Send me an Air Mail note today; we really need your help. Thanks.

Now for the second matter on the reunion—send me a snapshot of your family so it can be posted on the bulletin board in the residence hall we will occupy. Please send one you can spare, because like they say in TV ads, they will not be returned. Most important: jot your name on the back of the snapshot so it can be identified for other members of the class.

Arrangements are under way for the spot where we will hold the Friday night dinner. We are also appointing a local South Bend chairman who can coordinate with Jim Armstrong and John Cackley in the Alumni Office. The responses from our questionnaire indicate a very large turnout.

The following information completes the dope gathered on the questionnaire. Some of the sheets continue to trickle in. If you have set yours aside, please get to it since the well has run dry on Class info.

HERB MELTON is practicing law in Paducah, Ky., where he is also United States Commissioner for the Western District of Kentucky. He has two children, a boy and girl. On a trip to Denver he saw JACK RYAN and TOM MITCHELL. Herb's senior year roommate, DON POTTER, is employed by the Stewart Warner Corp. South Wind Div. in Indianapolis, Ind. Don has five kids. ART HIEGEL has three children, lives in Weatherfield, Conn., and works for Pratt & Whitney Aircraft.

FATHER VINCENT (VIC) G. CULLEN, S.J., writes from San Miguel Church, Linabao, Malaybalay, Bukidnon, Philippine Islands—and, as Father Vic says, a rather long address for a little place.

Jim McQuaid, '31 (seated), and Mrs. McQuaid (standing, far right) were members of a private audience with Pope Pius XII. Jim made a pilgrimage to Lourdes this past summer. The McQuaids live in Vincennes, Ind.

He says: "My working hours are a bit irregular, as my job is visiting mountain villages in the area, about 30 of them. I can get to some of them by Jeep, but I walk to most of them, which assures me a lot of sunshine and exercise. Apart from saying Mass and administering the sacraments, I supervise the teaching of catechism, and act as local doctor and whatnot in the small villages. My roommate in Zahn was JIM PURCELL, now living in Searsdale with nine children—works in New York—insurance. I saw LEN RAMSEY, another one-year alumnus, on my way out here in '55; he is living in Denver; also saw HOWIE FAHEY who is living in White Plains, New York. I doubt if I will be able to make any reunions in the near future as my assignment to the P.I. is indefinite. If I run across any mountain boys that look like good football material, I'll send them over—you may need them." (Sery. note—Father Vic is a prophet! He wrote that last statement in the summer of '56 before the 2-8 season.)

JOE KEUSCH writes from Muskegon, Mich., that he has a daughter, and that he is an employee of Standard Oil Co. BOB MURPHY is an Aero Engineer employed by Radioplane Co., Van Nuys, Calif. He has three children. His senior year roommate, RENZO PESAVENTO, works for a Chicago engineering firm. Bob would like to hear from some of the other Aero Engineers. JOHN M. GREENE sells building materials to contractors in the northern Illinois and Indiana areas for the Delta Co. He has five kids. He wonders if HARRY FLORENCE is still in the Marines? FATHER JOHN R. QUINN is Director of the Catholic Communications Center for the Diocese of Kansas City-St. Joseph. He would like to hear from FATHER TOM ATKINS.

Old Number 9—TONY GIROLAMI—represents the City of Chicago as Corporation Counsel. Look for him at the 15-year Reunion. JACK BREHMER most assuredly will be at the Reunion. He is still a South Bend worker for the South Bend Foundry

Co. He has a daughter. BOB CARVER teaches Sociology at Cleveland's John Carroll University. TOM WELCH sells and manages real estate (also insurance) in Indianapolis. He has seven children. Another Hoosier, JACK MORRISON, is employed by the Visking Corp. in Terre Haute. BLAIR MCGOWAN writes from Jackson, Mich., that he can be reached at the Electric Wholesale Supply Co. Blair is the father of six kids. HAROLD HOFSTETTER is the proprietor of Hofstetter Rexall Drug in Toledo (Tribby), Ohio. He is the immediate past president of the Tribby Chamber of Commerce.

FRED GOUSEN is employed by the Navios Corp. in Nassau, Bahama Islands. He has two sons. He would like to hear from FRANK (MOE) HERBERT, Atlantic Monthly's circulation manager. Fred's senior year roommate, BILL JOHNSON, is doing a great job for the Grand Union Company in East Paterson, New Jersey. Bill hastens to let us know that GU is the eighth largest food chain in the country. Bill was married last April. He will be at the 15-year reunion. If you want the car with the swept-wing look check with JOHN BOSAK at Bosak Motors, Gary, Indiana. Bachelor John will be at the 15-year reunion sporting a Chrysler Imperial. I'm sure.

BOB PADESKY writes the sad news that his twin brother DICK has been stricken with polio and is at present in Warm Springs, Ga. Bob is connected with Electric Auto Lite. He has four children. BOB THINES is practicing dentistry in East Aurora, N. Y. He has three children. JOE TRACY writes that he is practicing law at 70 Pine St., New York. He has three children. His brother Bill managed a six-week vacation last year to tour Europe. Joe says that DICK POWERS is about nine months away from ordination in the Jesuits. Dick is at Woodstock College, Woodstock, Md. Joe said that he used to see Dick occasionally with FRANK KUNKEL. Frank, an East Side cliff dweller, teaches English at St. John's U. Joe got together with JIM DOWNEY when he visited

Florida on vacation. Jim practices law in West Palm Beach.

FRANK PACHIN, father of four sons, works for the A. L. Pachin & Sons, Inc., Dayton, Ohio. Frank's roommate, **BOB GILLETTE**, is a G.E. sales engineer in the New Jersey area. **TOM MILLER** is an attorney in the Legal Dept. of DuPont, Wilmington, Delaware. His senior year roommate, **JOHN DOERR**, father of seven, practices law in Buffalo where with Bill Lawless, '41, he has formed a partnership. **JACK HARRIGAN** is engaged in engineering work for AirResearch in Los Angeles. Jack recently moved to Encino, Cal. **BROTHER NORMAN HEAD**, C.S.C., teaches at Gibault School for Boys, Terre Haute, Ind. **JIM POINSATTE** has six children. He works for the Anthony Motor Parts Corp., Fort Wayne, Ind. **FRED KELLER** writes from Crystal Lake, Ill., that he is connected with P & H Diesel Engine Co. He has two sons and a daughter.

MIKE COMERFORD, former Scranton, Pa., rector, has been appointed by the Pennsylvania State Secretary of Commerce as regional representative of an 18-county area in Northeast Pennsylvania. Mike will assist local groups in promoting community improvement and industrial development projects. Mike has seven children. **AL MUENCH** is a partner in Neenah, Wis., Winnebago Sporting Goods Co. He also manages Muench's Recreation Center (bowling and beer). He would like to hear from **DON McGRANN** (whatever happened to that Canadian?). Al is active in civic organizations. He has three children. **LOUIS SCHIRM** has five kids running around his Burbank home. He is employed by Magnasynic Mfg. Co., North Hollywood. **JACK TOBIN** is a sports columnist for the Los Angeles Mirror-News. He has a son. Jack hopes to make the long trek back for the reunion. **HARRY McKNIGHT** is on the sales force of the Norfolk office of Graybar Electric; Harry has three children. **JOE JACOBS** is employed by the Torrington Mfg. Co., Torrington, Conn. He has four children. Joe belongs to a whole host of civic organizations; his roommate, **JOHN ANDRES**, is an architect with the firm of Nappe & Johnson, New York City. **BILL O'BRIEN** checks in daily at Radio Station WCAN, Burlington, Vt.

DR. LOU SPAGNUOLO is an osteopathic surgeon in Detroit, Mich. He has two boys and two girls. **JOHN SCHERER** audits for Gauger & Diehl, Peoria, Ill., C.P.A.'s. John is the father of three. He is a director of the Creve Coeur Club. **BILL HERZOG** is associated with IBM Customer Engineering School in San Jose, Calif. He lives in good wine country, Los Gatos, Calif. Bill has four children. I suppose he runs into **JAY GIBSON** who manages Schwabacher's investment agency in San Jose, Calif. Bill's roommate, **BOB BROOKS**, is a Cleveland, Ohio, M.D. **GENE FEHLIG** works for the Master Builders Co. in St. Louis. Gene has two sons and two daughters. **LEIGH SULLIVAN** is an osteopath practicing in Grand Junction, Colo. Leigh specializes in internal medicine. He has adopted three children. **TOM FARMER** is a consulting engineer in Dewitt, N. Y. He has three children. **ED CALLAHAN** is New England sales rep for Dodge, Inc., "world's largest trophy manufacturer." Ed is the father of three. He hopes to get together at the Army game with many of the classmates. **TOM MOORE** is a partner in Clisby-Moore, Inc., Birmingham, Ala., manufacturers agents. Tom has a son and a daughter. **TOM COURTNEY** is associated with Northern Illinois Corp., DeKalb, Ill. He is the father of four. Tom's roommate, **JIM MURPHY**, is ranching in Emigrant, Mont.

MEL RUMIEL is on Staff Engineering at Lockheed's Georgia Div. in Marietta. He has two sons. Mel will make the Reunion and would like to see several of the Aero Engineers there. **BOB NENNO** is Assistant Director Dept. of Psychiatry at Georgetown Univ. Medical Center where he teaches medical students and residents. Bob is married and the father of seven daughters. Georgetown, incidentally operates the only fully accredited training program for psychiatrists in a Catholic institution in the U.S. Bob sees **BILL MIDDENDORF**, **JACK EDWARDS** and **ART KARTHEISER**. He understands that **BILL BRADY** is with the Washington (D.C.) Post & Times Herald. **MARK PFALLER** heads Mark Pfaller Associates, Architects in Milwaukee, Wis. Mark has four sons. His roommate, **ED HOLLAND**, is engaged in architecture in Pennsylvania. **IRV ROSENBAUM** is associated with Rosenbaum's in South Bend. He is the father of two daughters. He will be on hand for the 15-year Reunion. **BILL MIDDENDORF** is selling ecclesiastical candles in the Washington, D. C., and Baltimore area. Bill has five daughters and two sons. Bill will be on hand

SPOTLIGHT ALUMNUS

MARK J. WALSH, '36

Upon joining the Lee Hotels Co. organization early this year Mark Walsh was elected Treasurer and a member of the Board of Directors of the Southern California chain with five hotels in the Los Angeles-Hollywood area.

Mark began his hotel career at fifteen under his father, James W. Walsh, working after school and during vacations in Illinois and Nebraska hotels.

He has been a hotel executive in Nebraska and California, most recently as manager of the Casa de Vallejo, Vallejo, Calif., as well as an officer of several hotel associations.

Before Notre Dame where he graduated "magna cum laude," Mark attended parochial schools in Nebraska and Illinois and St. Mary's and St. Benedict's Colleges in Kansas. In 1936 he married Katherine Bernice Kiler, and the Walshes have four sons: Robert K. and John Craig, aged 15 and 6, at home; Mark, Jr., 20, and Gregory O., 18, attending Notre Dame, where Greg has a Burns scholarship and a first year average of 93.5.

Mark has been active in the Knights of Columbus, Rotary Club, Chamber of Commerce and various civic and charitable organizations.

The Walshes live at 1188 Somera Road, West Los Angeles.

for the Reunion. **BERNIE TURNOCK** is working in South Bend in the Accounting Machine Sales of IBM. He has four children. **STAN MURRAY** has located in Winter Park, Florida, where he works at the office of Dr. N. Covalt, Physiatrist. Stan is the father of three children. **LOU LA JOIE** is a Major stationed at Tinker AFB where he is in the Industrial Medicine Division. He has been overseas for about six of the last ten years. He did manage the 10-year Reunion and hopes to hit the 15-year get-together since it was only at the 10-year Reunion that he saw any classmates.

FRANK SHORTSLEEVE has been appointed Assistant Director of Research of the Metals Research Laboratories of the Electro Metallurgical Co., Div. Union Carbide & Carbide Corp. Frank received his Master's at N.D. in 1947 and his Doctorate at Case Institute in 1953. He is the author or co-author of several papers on metallurgical subjects.

Here are the results of the informal questionnaire mailed to 653 persons on the Class of '43 mailing list—this is the little "poop sheet" mailed about one year ago. There were 206 replies, for which the old scribe is grateful indeed. Here are the results: Married men, 180; single, 9; religious, 15; widowed, 2.

The 180 married classmates reported a total of 545 children, an impressive average of three per reporting person. Of the 545 children there were 295 boys and 250 girls. As for occupations, there might be a slight discrepancy in the total numbers because it was at times difficult to ascertain the exact nature of the business in which the reporting individual was engaged, however, here are the results on that facet: Manufacturing, 73; law, 16; retail, 19; medicine, 14; insurance, banking, accounting, 17; government, 5; education, 5; utilities, 4; construction and architecture, 7; consulting engineering, 5; journalism, 2; entertainment (includes radio and TV), 3; athletics, 3; dentistry, 2; morticians, 2; advertising, 1; agriculture, 1.

We hope to include a more comprehensive report on the Class at the 15-year Reunion based upon your response to the anonymous questionnaire which has been put in the mails. Please cooperate with us by mailing the forms to me immediately. We will have an idea of just what we look like 15 years after graduation.

1944 George A. Bariscillo, Jr.
515 Fifth Avenue
Bradley Beach, N. J.

JOE FARRELL checked in from Westport, Conn., with an interesting account of his doings since graduation. "My travels," writes Joe, "have brought me to Oak Ridge, M.I.T., two years teaching at N.D., more school but this time at Cornell, a four-year stint at M. W. Kellogg in Jersey City, and finally to my present location in the Commercial Development Division, American Machine & Foundry Co., Springfield, Conn. While at Cornell, I married Winifred Sieger of N. Y. C., and we now have four children, three boys and a girl." Joe reports meeting **JOE LANE** (Fairfield, Conn.) at a local social gathering, seeing **TOM SWEENEY** at Ransburg Electrocoating Corp. on a trip to Indianapolis, and while with Kellogg in N. J. seeing quite a bit of **JOE BRENNAN**, **EARL ENGLERT**, **JIM FINNERAN** and **DAVE BALANTINE**. Brennan is now in Montreal with the Canadian branch of A. T. & T. and Englert has returned to his native Louisville where he is in charge of catalyst sales for the Girdler Corp. Finneran is still with Kellogg in their Petrochemical Dept. and Ballantine is now at Brookhaven on Long Island.

Joe concludes his welcome note by saying that he has "pretty much lost track of the '44 Ch.E. class members, except that recently I heard, through a mutual friend, that **BILL O'CONNELL** is working in a research capacity for Du Pont in Buffalo. Perhaps my note will stir them into breaking down and sending a news note once in a while." (Ed. note: I sure hope so!)

BOB SCHRAMM has moved from Kansas City to Mamaroneck, N. Y., and is located in the NYC headquarters of Carbide and Carbon. He reports talking occasionally with **RAY SMITH**, who is Chief Engineer for the Texas City plant of Union Carbide Chemicals. Bob also brings us up to date on **FATHER WILLIAM GRAHAM**, C.S.C., who is teaching chemistry and chemical engineering in the new Notre Dame College in East Pakistan, where most of the students are Moslem. Father Graham is assistant prefect of studies in addition to teaching all the chemistry classes and overseeing all the labs. Bob also reports that **LEO LARDY**

is now Asst. Superintendent for Power at the Ash-tabula plant of Electro Met., and that FRANK ECK is still living in Kansas City, working for Spencer Chemical Company in plastic sales.

JACK CRAHAN, who operates a dry goods and floor covering emporium and is the father of three boys and a girl in Napoleon, Ohio, recently set a record on the local golf course when he played the par 3, 167-yard sixth hole in three strokes—that is, a total of three strokes in two rounds. According to a clipping from the local paper, Crahan sent a 6-iron shot zooming right into the cup for a hole in one the first time around and on the next nine he laid the same 6-iron up to within 8 feet of the pin and knocked in his birdie putt. He'll be a tough man to beat on the N.D. course during our golf tournament in connection with our 15th reunion a year from next June. (The column would be interested in hearing from any other '44 men who have joined the famous Hole-in-One Club).

During a visit to Rochester, N. Y., last fall Crahan reunited with JACK HEAGNEY, DICK MILLER and DICK KLEE.

HERB CLARK has now left Park Ridge, Ill., and the Chicago area to take a position with the text-leather division of the General Tire and Rubber Company in Toledo as product manager in charge of sales to bookbinders and publishers. He's the father of two candidates for St. Mary's, aged 10 and 6, and a future N.D. man, aged two. Herb was sorry, as we all were, to hear of the untimely death of Father JOHN J. BURKE, C.S.C., and Father MUCKENTHALER, C.S.C., both this past winter.

OTTO J. MILETI, JR., who was formerly laboratory supervisor of the Schaefer Varnish Co. in Louisville, has joined Napko Corp. as technical director of that paint and varnish firm in their new plant in Houston, Texas.

BILL TALBOT, ever-faithful contributor to this column, came through with a couple of news notes. On a recent American Nat'l. Theatre & Academy cruise up the Hudson Bill spotted LYLE JOYCE dancing with all the actresses. Also aboard was BILL "MYLES" KELLY who is in the aluminum awning business in Newburgh, N. Y.

BOB GALVIN's picture recently graced the pages of Sports Illustrated. Did you happen to see it?

We ran across BILL WALDRON and his wife the other evening. They were vacationing here at the Jersey shore with their five little ones.

And that about winds up the news for this trip. We plan to be at N.D. for the Pittsburgh and Navy games and will keep our eyes peeled for '44 men on tap.

From the Alumni Office:

JOSEPH D. O'KEEFE, a native of Chicago, will conduct the new Edsel agency in Kalamazoo, Michigan. The Edsel, designed by the Ford Motor Company to compete in the "middle price" automobile range, was introduced nationally the first week in September. Joe, formerly with the navy and Outdoor Advertising, Inc., lives in Kalamazoo with his wife and two children.

DR. ROBERT M. WITUCKI has been appointed to the engineering staff of Aerophysics Development Corporation, Santa Barbara, Calif., a subsidiary of Curtiss-Wright Corporation. Bob was previously a research chemist at Corning Glass Works and directed research projects at Pennsylvania State University.

1945 Al Lesmez
122 Tullamore Road
Garden City, N. Y.

ANYONE FOR PENCILS?

As class secretary, I have been sending out pencils of the "best" available quality and most usable type to some lucky members of the class, along with questionnaires to be filled out for ammunition for this column. These pencils are guaranteed to be over one inch long (although some become very questionable); a fairly high quantity of them even have points. Naturally, a few of the good members of the class seemed somewhat shocked at such an unexpectedly "fabulous" prize, but the point (Ed. note: Is that a pun, Mr. Secretary?) is that it does do the trick and in most cases the receivers use the STUB to fill in my questionnaire. So, with all apologies to the people who have received these pencils, but with many thanks to them for providing me with the news which this column gobbles up so easily, I continue on my merry class

SPOTLIGHT ALUMNUS

ROBERT J. LEANDER, '49

Almost since his birth into a printing business family 31 years ago, Bob Leander has been working in all phases of the business from jogging stock to running presses, from selling to the presidency. His advancement to President of Chicago Show Printing Company was recently announced by retiring President Russell J. Leander, who continues as a director of the firm.

Since graduation Bob has worked his way through advertising and sales promotion with the Chicago point-of-sale concern. He moved into the sales department covering accounts in Chicago, Milwaukee, New York and Philadelphia. For the past two years he has been Vice-President and General Manager.

In addition to his work at Chicago Show, where he is the third President in the firm's 57-year history, Bob is a director of the Colonial Bank & Trust Co. of Chicago, President of the Chicago Rod and Gun Club and a director of the Point of Purchase Advertising Institute. He is active in the Community Chest and the Northwest Manufacturing Association of Chicago.

Bob is married and has three girls and a boy.

reporting. When you finish this column, don't just put it down and say, "I'll wait till I get my pencil before I write to Al." What you should do is to write me and let me know what's new to you, help lighten my work, and give the rest of the class the news we need about you and your family.

1957 CLASS SECRETARIES' CONFERENCE

The good work of the Alumni Association Office continues on a very constructive basis. The Class Secretaries' Conferences which they have been having each year is scheduled for the week-end of December 14 and 15 this year. Since I will represent our class at this meeting, I should appreciate receiving word from any of you who have any strong feelings or suggestions concerning the ALUMNUS and the class columns, reunions and reunion programs, class officers and duties, and most important of all, a program of intellectual relations. This last aspect may take many forms, such as an intellectual program which the University would initiate, in which the whole class could participate—a retreat by class groups—or perhaps a refresher course of some sort to help guide our class members in local Catholic activities and leadership. So let's hear your ideas. I should like to go into this conference with constructive thoughts from '45 class members.

NEWS FROM HERE AND THERE

DAVE CHAMPION is the assistant to the president of the Champion Rivet Company of Cleveland, Ohio, and East Chicago, Indiana. He is living at 14201 Washington Blvd., University Heights, Cleveland 18, Ohio.

PHIL MARTIN is the proud daddy of Mark Dennis, born May 23, weighing 6 lbs. 9½ oz. Mom Kay was reported in excellent health, so congratulations to this swell California couple. They are at 4787 Lee Avenue, La Mesa, California.

DR. ROBERT HUGHES of 41 Chaminade Drive, St. Louis 24, Missouri, is having a most enjoyable reunion with his family. If anyone should feel ill during this reunion, one thing they will not be missing will be a doctor. The reunion will consist of the families of DR. PAT HUGHES, '48, DR. HENRY HUGHES, '41, DR. TOM HUGHES, '38, DR. JAMES HUGHES, '31, and of course, BOB HUGHES, '45. Bob writes that he went back to campus earlier this year but did not see anyone he remembered. He now sees BILL GILLESPIE quite often. Bob has six children: Kathy, 8; Bob, 6; Ginnie, 5; Jean, 3½; Beth, 2; and Dick, 10 months old.

GEORGE J. DESPOT writes from Shreveport that he is busy and well, happily married, president of the Columbia Minerals Corp. of Louisiana. (Ed. note: George is also president of Shreveport N.D. Club—JC). He and his wife, Pearl, have a little girl three years old by the name of Susan. George complains that he hasn't seen anyone from the class and I am the only one he has heard from in the past year. Every two years or so, he swaps letters with ERNIE RAUSCHER, but that's all the correspondence with '45 he does. Good luck from your old friend and class secretary, George, on your new venture with Columbia Minerals.

DID YOU KNOW THAT

Did you know that RICHARD BODIE of 664 Downer place is now a surgeon . . . that he and his wife, Jane, have eight children: Kathleen, 9; Eileen, 8; Richard, 7; Bob, 6; Mary, 5; Brian, 3; Beth, 18 months; and Creighton, 2 months . . . that DENNIS AYLWARD is now living at 3710 Eastham Drive, Dearborn, Mich. . . . that THOMAS BRUNDAGE now lives at 201 Gardenview, San Antonio, Texas . . . that RICHARD LEITE holds the title of Senior Engineer at Applied Research Inc. . . . that Richard is married and has a little boy named Mark Richard, age one . . . that his wife, Barbara, was very proud when she learned that her husband was awarded a Ph.D. (Aero) from the University of Michigan in February last year . . . that the Leites live at 413 S. Revena Blvd., Ann Arbor, Michigan . . . that the District Manager of the Logan Co. in Illinois is no other than HENRY PAYNE of 128 N. Monroe, Hinsdale . . . that he is happily married to Eudora . . . that his children, Lan, 9, and Tom, 7, are their pride and joy . . . that he goes back for the football season every year . . . that he attended U.N.D. night where he saw BUD GOTTA, MARK CRONN, JOHN MACK, JOHN LAVERY, and RUDY ANDERSON . . . that class president JAMES J. CLYNES, JR., is one of the busiest persons up at Ithaca way . . . that if you need an Attorney, you can reach him at No. 1 Savings Bank Bldg. or 221 N. Albany Street, Ithaca, New York . . . that when he went to see the Oklahoma game in 1956, he saw HARRY RYAN . . . that Jim is still living the grand life of a bachelor . . . that ALBERT CIZAUSKAS is now living at 3408 Gilden Drive, Alexandria, Va. . . . that JOHN CLARY lives at 3 Marion Lane, Huntington, N. Y. . . .

that WILLIAM KLEM moved to 19126 Summers Drive, South Bend, Indiana . . . that PAUL W. HURD is happily married to Betty, and has two children: Mary Margaret, 2½, and John Stephen, 1 month . . . that he is working for TWA as Manager-Overseas Taxes, and as such, he is in charge of all TWA tax obligations outside the U.S.A. for approximately 25 countries . . . that Paul went back to Notre Dame last year where he saw TONY EARLEY . . . that he went to U.N.D. night and saw ED O'CONNOR "across the crowded room" but didn't get a chance to talk with him . . . that Paul has his home at 5219 W. 69th Terrace, Prairie Village, Kansas . . . that JAMES HARRINGTON now lives at 315 Highland, Logansport, Indiana . . . that JOHN LAVERY is now living at 1701 Grilly Court, Chicago 14, Ill. . . . that CHARLIE LESLIE's new home address is 2615 Wood, Texarkana, Texas . . . that ROBERT DERMONT and his wife, Joyce, have four lovely children: Theresa, 11; Mary Ellen, 8; Robert, 5; and Joseph, 3 . . . that Robert is the Manager of Dermont's Super Market . . . that his home address is Box 408, Martin, Ky. . . . that DR. BROCK LYNCH is living at 51 Bacon Street, Winchester, Mass., a long way from TERRY WILSON of 735 South Harvard Blvd., Apt. 2, Los Angeles, California . . . that FREDERICK J. GOEBELER, JR., is now a Management Officer in the United States Army . . . that he is married, and he and his wife, Virginia, are very proud of their five children: Virginia, 10; Frederick J. III, 9; Thomas, 7; Gerard, 6; and Robert, 6 months old . . . that if you'd like to get in touch with Frederick, his address is Hq. U.S. Army Medical Training Center, Sam Houston, Texas . . . that ALBERT MICHELIS lives at 371 Northcliff Drive, Rocky River 16, Ohio . . . that THOMAS NOLAN is living in Chicago, Illinois, at 6456 N. Magnolia Ave. . . . that if you want to get in touch with ELMER F. GILLESPIE, you'd have to write to 2301 USAF Hospital, Eglin AFB, Florida . . . that he is now a Major in the USAF (MC) . . . that Elmer and his wife, Louise, are very happily married . . . that Elmer says he rarely has any contact with any Notre Dame men, but he did see JAMES CASSIDY at a medical meeting about a year ago.

LETTERS FROM DEPARTMENT

From Pat Usina, wife of J. D. USINA: "I write this in J. D.'s absence—he's at present aboard the U.S.S. Everett F. Larson (DDR) operating in the Far East. Don't know if he let you know we were blessed with a 7-lb. girl in March. I know he would like for you to know.

"He missed the birth by one week—a disappointment to us all. He returns in late August."

From J. D. USINA: "Just the usual few lines with some news of myself. Have been aboard the Larson for six months now as Operations Officer. We are in 'Westpac' and have seen a lot of new places—new to me since 1945 and 1950.

"There's another N.D. man aboard, HAL WILLENBORG, class of '55. He's Supply Officer, so generally we take care of the Notre Dame spirit in this part of the Pacific.

"Bigger news still is of the arrival of Teresa Ann on March 18 in Lakewood, Calif. Mother and daughter are fine, but were six days late, for we departed March 12 from Long Beach on this cruise. Expect to see a six-month-old daughter in late August. Michael David and Joseph Timothy—3 and 2 years, respectively—are thriving and much pleased with a baby sister.

"Always read the ALUMNUS and want to write friends so many letters. Promise to answer any to me at 447 Johanna Ave., Lakewood, Calif. "Pat and I always welcome N.D.'ers to look us up."

From JAMES J. CLYNES, JR.: "I am enclosing the completed questionnaire that you requested concerning the Class of 1945.

"Since graduating from the University, I have been back three times. I was there in 1954 at the Club Presidents' Convention. I was back in 1955 for my ten-year reunion, and I returned last fall to see the Oklahoma game. I played golf last year with T. R. HERBERT of Auburn and we had a fine time.

"Up here I do not run into many of the Class of 1945, however, PETE PESOLI of the Class of 1949 spent the summer here in Ithaca and we had many fine times. I miss the Notre Dame Club of New York and the many good times we had together.

"Unfortunately I will not be able to make the Army game trip because I am best man at a wedding in Hartford, Connecticut, on that same day.

SPOTLIGHT ALUMNUS

EDWARD J. DOWLING, '38

Some classmates may not remember Ed because he was only around for a year, the year Dizzy and Daffy Dean won the World Series in four games. During that period Ed was always on the run. In trying to work his entire way through Notre Dame he lived off-campus, held down two jobs, one at the LaSalle Hotel and one in the Chemistry Library, and lost forty pounds doing so. Even though he didn't have time to get acquainted with and enjoy the campus relationships of many of his classmates, Ed recalls that this was the best year of his life. He says there's no other place where you can get so much, for so little, as you can at Notre Dame.

Ed is a Corrective Action Representative for Lockheed Aircraft in Burbank, California, and sells insurance as a hobby. He and his wife Lora Faye have five children. The only boy is in the army and the oldest girl is married.

Ed has the happy distinction of being a grandfather at 42.

"Since returning to Ithaca I have been both City Prosecutor and I am the present Corporation Counsel. I ran for District Attorney last fall and was beaten on a county basis.

"Looking forward to seeing you some time in the fall."

Well, gang of '45, that's all the news we have this time. Send in your news contribution for this column, and your \$5.00 dues. S'long, Al.

From the Alumni office:
JOHN BURKE O'DONOGHUE has been appointed Field Sales Manager of the Cleveland Pneumatic Tool Company. He joined the company as a trainee in 1953, was appointed Manager of Airframe Company Sales in 1954. During World

War II John was an air force fighter pilot, and he served from 1948 to 1953 as a special agent with the FBI.

1946 Jack Tenge, Jr.
2025 West Six Mile Road
Detroit 3, Michigan

1947 Jack Miles
3218 Bentley Lane
South Bend, Indiana

This is only the second column since we took over this job a few months ago, and the response to our appeal for a dollar or two or more from some of the class who didn't attend the reunion has been staggering . . . it must be staggering badly, 'cause it hasn't even arrived yet!

We don't expect any absentees to help defray expenses of the reunion, but the principal need for funds is for Requiem Masses for the repose of the souls of our classmates who have died and who will die before 1962 rolls around. Please don't disappoint us; we're counting on you. And so are those men who will benefit from those Masses.

For some of you who didn't get back in June, there may have been no valid excuse, but two of our number—BROTHER IVAN DOLAN, C.S.C., and FATHER FRANCIS L. MCFARLAND, C.S.C.—offered gilt-edged alibis: They were, and are still, halfway around the world in Bandura, E. Pakistan.

Here are some excerpts from Brother Ivan's letter, dated May 17:

" . . . Father Frank and I are planning to have a little two-man celebration from June 7-9, even if it is only to play the Victory March on the phonograph each day. We're pretty far out in the jungle and swamps.

"I came over here in Nov. of '47 and Father Frank came a few years later. He is the assistant at Little Flower Seminary, which is attached to Holy Cross High School, of which I am headmaster.

"An idea has come into my head concerning the Class of '47; briefly it is this:

"We had the worst floods in the history of Bengal a couple of years ago during the monsoon seasons of '54 and '55. We were flooded for two months each year; had to close the school (1,100 kids from the nearby villages) for the duration; had more fish and snakes in the classrooms than students. With the high water, the white ants—which usually stay around ground level—took to the bamboo walls and wooden beams of the school buildings. They had a great feast and left my six school buildings in bad shape.

"I've been begging and begging from friends in the States, and last year raised enough money to replace one of the buildings—the worst one. I was hoping that I could replace one building each year over a six-year period, but the buildings are in such bad shape that I'll have to work faster than that or else they are all going to cave in at the same time and we will be back under the trees for classes just where we were 50 years ago.

"Do you think the members of the class of '47 would be interested in helping me out? I know they are always getting begging letters from this place and that, asking for money, but I'm sure they haven't been approached by one of their own classmates.

"I need between 8 and 10 thousand dollars; it's a lot of money, but even if I get only a part of it this year I can at least start the work. I've put in my 10 years since '47 over here in Bengal. And this being the 10th reunion, do you suppose the members of the class could each throw in a buck for each of those 10 years? If they could, why, it would be their mission then and not mine. It would be something we could all be proud of—the class of '47 rebuilds Holy Cross High School in the far-off Bengal Missions."

Here's a challenge to us from a servant of God who is storing up graces . . . but graces don't rebuild schools. If any of you want to extend helping hands across the seas to Brother Ivan, I'll be glad to forward your offerings.

RANDOM JOTTINGS: DR. W. B. (WALT) LABERGE, just 32 years old, is in charge of the development of the Navy's air-to-air SIDEWINDER guided missile in his capacity as head of the Missiles Development division at the Naval Ordnance Test Station at China Lake, Calif. Awarded a Ph.D. from Notre Dame in 1950 after having earned his B.S. in Physics in '47, Walt began work with the newly-conceived SIDEWINDER program that same year. He and his wife—the former

Patricia Sammon, a St. Mary's alumna—have two boys and a girl. They now live at 110 Esconyo Way in Menlo Park, Calif.

PHIL DELINCKE, doing a fine job in fighting back from the effects of a nasty siege of polio, recently was promoted to development engineer in the Research and Development department of the concern for which he works. As a sideline, he runs a magazine subscription agency at his home.

Currently serving as chairman of the Business Administration division at St. Edward's University, Austin, Texas, BROTHER LASALLE WOELFEL, C.S.C., garnered his Ph.D. in that field at the June commencement of the University of Texas. His major covered the areas of accounting, finance, and marketing, and his minor was in economics.

Another Ph.D. as of June is THURMAN L. COSS, who won the degree from Drew University in Madison, N. J. And JOHN DILLON just got an LL.B. from New York University.

A few cards are at hand: One is from FATHER HAROLD G. ZINK, C.S.C., who reports a change of residence to St. Mary's Cathedral, 209 E. 10th St. in Austin, Texas, and two have been delivered to Hoosierland from the wandering barrister, ELMER "MOOSE" MATTHEWS, who attended the recent A.B.A. conclave in London. He assures me he attended every session, though the cards were from Dublin and Paris!

The Alumni Office has sent a list of new addresses for the following: DR. JOHN A. ARCAD; TIMOTHY E. BABB; JAMES P. BAILEY; LT. WILLIAM BARRY; PETER M. BELMONT, JR.; HENRY A. DELACENSERIE; WILLIAM F. FLAHERTY, JR.; JOHN T. FORD, JR.; DR. WILLIAM H. GARNER, JR.; GEORGE T. GMITTER; WILLIAM J. GUALDERON; ROBERT E. HARRINGTON; LT. JAMES D. HEREFORD; MARTIN J. LAUGHLIN; JOHN M. McCABE; JOSEPH M. McNAMARA; WILLIAM C. MALONE; RAYMOND D. PEETS; WILLIAM A. PFISTER; CHARLES A. ROTH; HAROLD R. SOLOMON; DENNIS J. STARK; GEORGE H. WEISS, and LAWRENCE J. WINTER. Anyone who wants to be brought up to date on these and others, let him drop a line this way.

As a matter of fact, you needn't be in quest of information to scratch a line or two; your hard-working and unpaid secretary thrives on news items of all descriptions anent the men of '47, whether they be broadcast first- or second-hand. Keep in mind: Your secretary frets lest mail he gets!

1948 Herman A. Zitt
635 Belmont Park, No.
Dayton, Ohio

DRS. RICHARD L. MYERS and DANIEL W. SHEA have recently begun a joint medical practice in Green Bay, Wisconsin, specializing in pediatrics. Both previously trained at the Mayo Clinic in Rochester, Minn., receiving Masters degrees in Pediatrics from the University of Minnesota. The Myers now have four children, the Sheas five.

GEORGE T. MOBILLE has been made a partner in the Washington, D. C., firm of Cushman, Darby & Cushman. George will specialize in the fields of patents, trademarks, copyrights and anti-trust litigation.

DR. TOM DOOLEY passed through the U. S. recently on his way to the clinic of Dr. Albert Schweitzer in French Equatorial Africa. Tom is studying the famous missionary's medical practices for use in his "little hospital on stilts" in Laos.

HAL TEHAN has just been named vice-president for administration of the Haggard Company in Dallas, Texas.

1949 John Walker
826 Wing Street
Elgin, Illinois

Got the following letter from EVANS GERARD OLWELL, JR., now in Montreal, Quebec, Canada, with Dominion Dairies, Ltd.:

"We had a nice visit from Jim Armstrong re-

cently and your name came up in the conversation. I immediately wondered if it was the same JOHN-WALKER who so ably edited and wrote while at N.D., and who helped me in my young journalistic attempts.

"Here in Canada we recently formed the first University of Notre Dame Club of Canada. I have the privilege of being Director of Public Relations for the Club as well as a Director and Charter Member.

"Jim visited us to present us with the Charter and necessary papers and to address one of our dinner meetings.

"So much water has passed under the dam since 1949. There was a stint for me on a few newspapers; the old Brooklyn Eagle, Miami Daily News, and thence Esquire Magazine.

"We moved to Cincinnati, Ohio, a few years ago where I was associated with the Kroger Company and Crosley-Bendix, Divisions of AVCO.

"Over two years ago I received my present appointment and we like Canada very much.

"The Olwells now number four children, two boys and two girls, so we are in the thick of the battle.

"I've had some nice contacts with some people you may recall: MIKE WEINBERG, CON KINGREY, BOB HENEAL, JACK LANGLOIS, among others who were with you and me from 1943 to 1949.

"JACK LANGLOIS is with the Public Relations Department, DuPont Company of Canada Limited, also here in Montreal.

"BOB HENEAL is with the Industrial Relations Department, Steel Company of Canada Limited, also here in Montreal.

"If you are further interested in the activities of some of the men who were in the Class of '49, who I have met up with, I'd be happy to drop you the information. However, you probably have had more contact than I.

"It has been nice to see Jim Armstrong and to get something started for N.D. here in Canada. Hope you find time to drop me a line."

Two '49ers were in on the New York University commencement this year. JOHN J. EARLY, Forest Hills, N. Y., got an LL.B., and JOHN M. McGUIRE, Brooklyn, got an M.B.A.

The prayers of his classmates are requested for J. MURRAY WIEMAN, 1956 president of the Baltimore Club and a sports staffer of the Baltimore Evening Sun, who was in a tragic automobile accident in April. Murray's new car was totally demolished, and he wound up in the hospital with multiple fractures and a long coma. He is now fighting for recovery in Fort Howard Veterans' hospital.

DR. ALBERT W. BURGSTALLER became an assistant professor of chemistry at the University of Kansas, Lawrence, Kansas, Sept. 1. He was previously a research assistant and instructor there. After graduating magna cum laude at Notre Dame Dr. Burgstahler took an A.M. and Ph.D. at Harvard and held a National Science Foundation post-doctoral fellowship at the University of London. He was an instructor at Notre Dame and a research associate at the University of Wisconsin. His field is organic chemistry.

RICHARD S. SEYMOUR has been appointed to the faculty of the School of Business Administration of Duquesne University as an assistant professor in Commerce. He taught at Turner High school in Kansas and was a graduate assistant at Indiana University while working on a doctorate.

DR. WILLIAM I. STRYKER is finishing a two-year term of duty in the navy as a lieutenant in the medical corps. Married in 1953, he now has two daughters, age 3½ and 1 year. He is returning to Duke University Medical School to complete a three-year residency in psychiatry. His address will be Durham V. A. Hospital, Durham, North Carolina.

CAPT. C. R. WAGNER has moved from Hightstown, N. Y., to 8 Eliot Road, Bedford, Mass. The Air Force has sent him to Harvard for the next two years. He and his wife now have four children, Charles R. II, Barbara Ruth, Mary Jennifer and William George, 9, 7, 2½ and 1½ years respectively.

Two new LL.B.'s: JOHN CAEMMERER from St. John's University and EDWARD H. LOMBER from Syracuse University.

1950 Richard F. Hahn
6930 North Odell
Chicago 31, Illinois

JOHN PALMER has been appointed staff assistant in the credit department of the Central Soya Co., where he has been manager of the feeder finance department.

HAROLD V. ANTHONY has moved to Denver. BOB LALLY, in Cleveland, reports on DON DERIVAUX, who was retreat master for an N.D. group at Gethsemane, Kentucky: "Don and I roomed together for two years at Notre Dame. A finer product of Notre Dame I have yet to meet."

"Don, who was ordained to the priesthood in September, 1954, and who has taken the name of Francis of Assisi, left Notre Dame in the late summer of 1949 after having been so favorably impressed by the monastery during the previous Easter retreat.

"Pater Francis was originally from Vicksburg, Mississippi, 3030 Drummond Street, where his parents still reside. He has a brother Jerry who was graduated from Notre Dame in the class of 1952.

"I had the pleasure of attending his ordination, which was unique in that he was the only one ordained at the time, and I have never seen one so completely happy and devoted to his vocation as he."

RICHARD F. GORMAN has been promoted to advertising manager of Admiral Corporation. He was previously district sales manager for Studebaker Corporation. Dick lives in Arlington Heights, Ill.

THOMAS R. SHERIDAN has received the degree of Master of Electrical Engineering at the Polytechnic Institute of Brooklyn.

LAWRENCE E. LEROY of Mission, Kansas, recently passed the certified public accountant examination in Kansas.

RAYMOND T. THROCKMORTON is with Geologic Associates, Nashville, Tenn.

1951 Robert J. Klingenberg
2634 Marcy Lane
Ft. Wayne, Indiana

JOHN CORCORAN and his wife Mary Ann announced the birth of Nancy Ann on June 19. This makes a total of three girls and one boy. Congratulations, John and Mary Ann, and thanks for the announcement. Why don't all of you fellows send me a birth announcement when your children arrive?

MATTY O'DONNELL's mother wrote that Matt is a First Lieutenant in Army J.A.G. and stationed at Fort Polk, La. Also, that he married Margaret P. Delaney of Syracuse, N. Y., on November 14, 1955, and had a daughter, Patricia Mary on November 10, 1956. Thank you for the note, Mrs. O'Donnell. I imagine the old Irishman is too tied up with Law and the deep South to write.

JIM SHEERIN, 3629 Kingsley Dr., Indianapolis, Ind., writes that they have three children now, Mary Margaret, born on January 8, 1956, James Patrick, now 5 years old, and John Bennett, 2 years. Jim is a C.P.A. and still with Ernst and Ernst. Congratulations on the family and the C.P.A., Jim.

DAVE O'LEARY, c/o Foley Clothing Co., Manson, Iowa, writes that he had two girls up until May 14th, then twin sons Matt and Mark and all are in good health. Congratulations, Dave, and send a picture when you're able. Dave also writes, "In reading the column, I noticed that it doesn't include as many names as it used to. It occurred to me if all the boys were as lax as myself when it comes to writing, there would be no column." Well said, Dave, and I hope you other fellows aren't waiting 'til you have twins to write.

Dave also writes that CLIFF COLLINS flew into Manson from Offutt AFB for a Sunday visit not too long ago, and that he saw JIM McGUIRE in June. Jim is still in Holstein, Iowa, auctioneering with his father and has two girls.

Here's a story of a Chicago boy moving West...

GEORGE FOSTER, 10621 N.E. 14th St., Bellevue, Washington, writes that after being released from the Navy in June, '54, he started training with the F.B.I. and met BOB NEMES in D.C. In March of '55, he was sent to the Oklahoma office and 14 months later was sent to the Seattle office. George recently bought a home in Bellevue and the family, including wife, Rita, children Susan Mary, age 3, and Thomas John, age 7 months, moved in last June. Thanks for the note George and in answer to others of our class out there—I believe GERRY KEARNS is living some place around, but can't tell you where.

Sally and HANK MADDEN, 1014 Englewood, Chattanooga, Tenn., announced the birth of Mark Hanley on April 1. That gives Hank two girls and one boy. Thanks for the note, Sally, and Margaret and I send our best wishes.

BILL COONEY, who writes from Korea but will

Westinghouse Electric Corporation president and chairman Gwilym A. Price, left, offers his congratulations to J. J. Taylor during presentation ceremonies at Bettis Plant. Mr. Taylor is the recipient of the Westinghouse Order of Merit—highest honor conferred on Westinghouse employees.

be reassigned to 6th Army, J.A.G. Section at the Presidio in San Francisco in September of this year, says that his Korean tour is about up, he is still single, and will most probably return to D. C. after his release in May of '58. Bill, we're going to miss you in Philly this year for the game and Margaret is upset because you didn't say hello to her in the note.

IG SOISSON writes that after graduation he started to work for his master's at the Univ. of Pennsylvania but enlisted in the Navy prior to completing his work. After 3½ years seeing the Mediterranean and the Caribbean he joined Union Carbide as an accountant. In January, '56, he affiliated with their International Division location of National Carbon Co. (India) Ltd. and is now an assistant to the treasurer in Calcutta and enjoying it very much. He expects six months leave in the summer of '59. Ig's address is: National Carbon Co. (India) Ltd., P.O. Box 2170, Calcutta, 1, India.

WALT TURNER writes that he recently converted his three community newspapers in Chicago from photo-offset tabloids to newsmagazines with color covers, enamel stock and feature articles. Walt, the publisher of Turner Publications, 8110 South Racine Ave., Chicago 20, Ill., publishes the Highland Times, Brainerd Times and Auburn Park Times. Walt also writes that THOMAS KELLEGHAN recently passed the Illinois Bar and is presently with the U. S. F. & G. Insurance Co. as an adjuster in Wheaton, Ill. Also, while in D. C. recently, he saw JOE RUSSO who received his law degree from Georgetown and for the last five years has been on the staff of Senator Hennings (D-Mo.).

DAN BRENNAN received his master's in June from the South Dakota School of Mines.

LEO CORBO received his Doctor of Philosophy in Microbiology and Public Health from Michigan State University in June.

BILL FECHNER received his master of business administration in June from the University of Denver.

TOM LOGAN, 2009 Curdes, Fort Wayne, Ind.,

is marrying Carol Cusick in Connorsville, Ind., on September 14.

TOM CARROLL is still in Racine, Wisconsin, and heading up the Sales Department for Dumore Company.

TOM SHEEHAN of South Bend is marrying a local girl in the near future.

That's all the news for now and I sure would appreciate hearing from some of you lost souls, just a postcard and, if nothing else, put me on your Christmas list and attach a note to it.

From the Alumni office:

ROBERT M. AULD recently became a Bachelor of Laws at St. John's University.

DANIEL J. BRENNAN is a Ph.D. in Billings, Montana, with Shell Oil. He got a second daughter, Maura Eileen, this year.

WILLIAM J. CUSHMAN, a native of Rochester, has joined Corning Glass Works as a salesman in the Technical Products Division.

GEORGE J. JANSEN is now employed by the Battelle Memorial Institute in Columbus, Ohio.

PATRICK J. KINNEY and JOHN A. MAHER have both received Master of Arts degrees from New York University.

WILBERT ODEM is still with the California Company in New Orleans.

DAVID D. SMITH is a navy lieutenant teaching geology at Dartmouth.

1952 Harry L. Buch
986 National Road
Wheeling, West Virginia

From the Alumni office:

CHARLES T. FAHY has been ordained a priest of the Benedictine Order. He is the son of Judge and Mrs. Charles Fahy. Judge Fahy, a member of the Notre Dame Class of 1914, is a member of the United States Court of Appeals and a former Solicitor General of the United States. He is active in the St. Vincent de Paul Society and other

Catholic activities in Washington. After graduation from Notre Dame, magna cum laude, Father Fahy entered the Benedictines at St. Anselm's Priory in Washington. He has been studying for the past two years at Collegio Sant' Anselmo in Rome.

GERALD L. HANLEY has received the degree of Master of Electrical Engineering at the Polytechnic Institute of Brooklyn.

CHARLES WILLIAM MISNER has received a Ph.D. in physics at Princeton University.

TED PELLER, who recently acquired a son, is now employed by Minnesota Mining & Manufacturing in St. Paul as a statistician.

JOSEPH T. CONLON, Jr., has been awarded a Bachelor of Laws degree at Harvard University, while ROBERT RAYMOND JAY received a Master of Business Administration degree from the same university, with distinction.

KARL V. HOOVER has been promoted to head of the industrial minerals section, Ohio Geological Survey.

LOUIS E. RIEG expects to receive his Ph.D. from the University of Pittsburgh in February. He married Miss Christine Barnes December 29.

JOHN DAVID ENGELS and WILLIAM DAREL KRAMER received M.F.A. and M.A. degrees, respectively, from the State University of Iowa in August.

Janet Lee Hoke, four-year-old daughter of Mr. and Mrs. ROBERT E. HOKE, New Castle, Ind., died on August 28. She had been ill seven months with leukemia. She is also survived by three sisters, Susan, Linda and Valerie. REV. THOMAS T. McAVOY, C.S.C., of Notre Dame, and REV. BERNARD L. McAVOY, C.S.C., of Washington, D. C., are great uncles.

1953 Thomas W. Reedy
337 Wagner Road
Northfield, Illinois

BILL UNGER called while in town recently for the Furniture Show to report his marriage to a Minneapolis girl August 3. Bill says he is very busy in the family furniture firm and reports that JIM NOONAN is now the director of a county juvenile home of about 30 boys in Minnesota. Jim is married with one child and expecting another.

PAUL BALLING (PFC. USA) brings us up to date with the following: "After graduation I worked for my father 2½ years in the construction business at which time I was drafted. After basic I went to San Francisco to a Surveying company. Five months later I was shipped overseas to Africa where we are surveying the desert of Libya for the Corps of Engineers.

(And some guys think THEY got the bum deal!) Paul says he is quite single without any immediate prospects of marriage.

Received a very interesting letter from JACK FINK who set the column straight on his present status—that of Editor of the Family Digest and Associate Editor of Our Sunday Visitor. His duties consist of handling the complete editorial operations of the Family Digest and doing the makeup for the National Edition of Our Sunday Visitor. Jack and Marie (Waldron) were married in May, 1955, and have a 14-month-old daughter, Regina Marie—named incidentally in honor of the first feast of the Queenship of Mary—their marriage date—and are expecting another baby due about mid-September. Jack reports that JOHN CORRIGAN and his wife, who were married in June, 1955, had their second child born "either the latter part of April or the first part of May. I'm not sure which.

"BILL MOTZEL and Judy also have two children—Laura and Kathy. Bill is living in St. Louis and working part time for MacDonald Aircraft while he's studying for an M.S. degree in Engineering at St. Louis University. He was a philosophy major at N.D., but the Air Force decided to teach him electricity at Keesler AFB. He was an instructor down there and beginning in September he'll be teaching at St. Louis U. while studying for his degree.

"JOHN ELSON is now with the Detroit Bureau of Time Magazine.

"TOM FIELD is now at Oxford University studying law. I learned this from N.D.'s Father Putz during one of his recent visits to Our Sunday Visitor."

Jack concludes. "By the way, there's no law against reporting what you're doing now."

Thanks for the invitation, Jack, I'll take you up on it. Dede and I have been married 3½ years and live with our two children, Tom, age 2½, and Kathleen, age one, about 10 miles north of Chicago. I am manager of a Chicago air conditioning and refrigeration servicing and contracting business. I still can't get over the fact—and I'm sure I'm not alone in this—that come June we'll have been out of N.D. five years already.

Which quite naturally leads into a planted plug for our Five-Year Reunion. We're expecting everyone back for our first reunion get-together. From far and near—we want to see a real turnout. Only two of us have valid excuses—PAUL BALLING surveying the Libyan desert with the Army and LES HALSEMA exploring the Antarctic with the Navy—the rest we'll expect. At present we have no details as to dates and the program but will give full details as soon as possible. So keep the deck clear for the Big Blast and we have it on very good authority that permission has been asked and secured from Father Leahy for 1 a.m. sign ins!

LARRY SULLIVAN writes a long and interesting letter from the University of Michigan Med School where he is now studying for his Ph.D. in physiology, having obtained his M.S. in June, 1956. Larry writes that BRIAN KELLY is studying Law at the U. of Michigan Law school and that DICK O'CONNELL is a freshman medical student at Michigan. Larry reports that AL MARKS, DAN COLLINS, JOHN MADDEN, JIM PATTERSON, MIKE HUSSEY and some others all graduate from Loyola Medical school in Chicago this June. HARPO who is married and has a daughter, will intern next year at the County Hospital in New York City. JERRY MATORI is attending Medical school somewhere in Italy, while JOHN MASON and BOB STEISKAL graduated last June from Indiana and Creighton Med schools respectively."

Larry says he and his wife, Florence, have a son, Paul, born in June, 1956. He sends his address and promises a speedy answer to any letter received: Physiology Department, Medical School, University of Michigan, Ann Arbor, Mich.

Our deepest sympathy to DAN JAMES who recently lost his mother and to BILL SANTORO whose father died in August.

JACK COYNE brought us up with his highlights since graduating from N.D. law school in 1955. He passed the Ohio bar and practiced two years in a Cleveland law firm until Feb. 1 when the Army "grabbed me for six months." Jack has two children now, boy and a girl, and is just completing the Anti-Aircraft Artillery basic officer's course at Fort Bliss. With him at Fort Bliss are RAY HOFFMAN, GEORGE SUNKEL, JIM HIGGINS, GEORGE ZIMMERMAN and DAVE GRANGER.

"DICK MILLER is now at Camp Gordon, Ga., in the Military Police officer course and is due home in October. Dick has two children also.

"Last heard of HARRY SNYDER, by phone, last Christmas. He was practicing Law in Saratoga Springs, New York, where he is married with one child.

"JOHN HOUCK was due home from Korea where he served in the Army as a Lieutenant. John is married to Mary Dooley, daughter of the late Mr. Dooley of the N.D. placement staff, and they have a little boy. Heard that John will instruct at N.D. this coming fall.

"DAVE MCBRIDE is now in Chicago practicing law with a top notch Chicago firm, and is married to Rita O'Leary and has one child."

Thanks, Jack, for all the above.

Graduating from the Jefferson Medical College in Philadelphia this past June were MARTY BRENNAN and STEVE KENDRA.

ED DUGGAN writes: "I was reading the latest issue of the ALUMNUS magazine and it suddenly dawned on me that I could pass along some info to you on some of the guys I have seen recently." (This is the kind of sudden realization that keeps the column going and upon which we depend completely. I hope this strikes home and the column is flooded with letters like this.)

"JACK BARRY is married and has a little boy. He's working with an investment firm in New York and recently moved into a new home on the Jersey Shore.

"TOM O'CONNELL is taking the big step September 28. He's doing very well with IBM as a salesman in New York.

"BOB SEBOLD just had his first, a girl. Bob is working with Republic Aviation in Long Island.

"I ran into EDDIE ROBERTS in New York a few months ago and at that time he was working for Brown and Blauvelt.

"TOM KRUG is an IBM salesman in Patterson, New Jersey.

"Saw BUZZ WAGNER in Pittsburgh last weekend. He's married and has a child. He's with Koppers Coke in the Advertising Department. I also saw PAUL ABT who was at N.D. for two years."

Ed finishes by saying that he hopes to see a lot of the guys from '53 at the N.D.-Army game in Philly this fall.

BILL AHERN was married August 31 to Florence Bianchi in Patchogue, New York. Congratulations, Bill.

JOHN MACINNES writes that after graduation from N.D. he was employed by a fabric company and shortly thereafter joined the Army. He spent his whole tour at Fort Riley, Kansas, where he was Courts and Boards clerk. After the Army, John attended the University of Minnesota and did additional work in the field of Social Studies Education. Upon completion of this work, he attended the National Training School for Professional Leaders of Scouting at Mendham, New Jersey, and from there was appointed to the post of District Boy Scout executive in the Marquette-Alger County (Michigan) area.

John writes: "In closing I urge you to talk about the Foundation's campaign for the new Moreau Seminary. My brother, George, '56, spent four years at Moreau and from visiting him over the years, I know the urgent need for a new building. It would be disastrous, I believe, if we who have benefited so greatly from the priests who have studied at Moreau did not meet the future needs of the Holy Cross Fathers."

Well spoken, John.

That winds it up. We'll be looking forward to receiving your letters and cards about yourselves and the classmates you run into.

Incidentally, Jim Armstrong, 'Alumni Secretary, just sent a note to say that the Class of '53 Reunion dates are set: It's June 6, 7 and 8.

From the Alumni office:

DR. BERNARD C. LAWES has been appointed Associate Senior Chemist in the Research Division of Mead Johnson & Company. His previous practical scientific experience was gained as a research chemist for the Film Division of Olin Mathieson Chemical Corporation in New Haven, Conn., in 1954. Dr. Lawes is a native of New Britain, Conn. He is married and has a daughter, Jocelyn Ann, 1. The family lives at 1018 MacArthur Circle in Evansville.

PAUL C. RAYMOND is considering work on a doctor's degree—perhaps at the University of California—while GEORGE C. THOMAS plans to go for his master's. DAVID W. STEARNS was accepted at Rice Institute to work towards his Ph.D., and JOHN F. SULIK will get an M.S. from Arizona and go to work for the Texas Company.

BOB STRALEY had a second child, Donna Marie, in December. He is in the New Orleans area with Shell.

RICHARD F. ADLER just took an LL.B., while GEORGE B. BAILEY received an M.A., both at New York University.

RICHARD KAHMAN PERRY received the degree of Master of Business Administration at Harvard.

1954 George A. Pflaum, Jr.
4262 Catalpa Drive No. 2
Dayton 5, Ohio

I'm more than a little late this time in my deadline race with our good editors. I concede defeat to them and only hope that they hold the presses until I get this copy in form. I'm loaded with material for a change. It amazes me the number of replies one gets to his column merely by heading it with a picture of his own baby! If this magazine didn't come out four times a year, I might be able to keep the replies rolling in like this. Moving right into the mail I uncover a letter from GEORGE DOLAK which reads: "DICK HONINGFORD and I have managed to keep in touch since June 6, 1954. I just received an announcement from him to the effect that he is now the father of an eight-pound baby boy by the name of Ken. Dick is still stationed in France with the Air Force. He is due to get out in the not too far future. The last I heard of JOE D'ANTONI is that he is very happily settled as a home owner

FORT WAYNE, INDIANA—Joe Doyle, sports editor of the South Bend Tribune, and John Jordan, Notre Dame basketball coach, were among the guest speakers and participants attending the Fort Wayne Club's golf festival this year.

ROCKFORD—The scholarship committee of the Notre Dame Club of Rockford includes, left to right, Thomas A. Keegan, Joseph W. Borges, chairman, William McDonald and John W. Hitchcox. Missing from the picture is John J. McKinstra.

Cas got married last September and expects to be feeding one more mouth in October. **JOHN GLASGOW** (6185 Pershing Ave., St. Louis, Mo.), is working for McDonnell Aircraft. I saw **PAUL 'KILLER' SCHWEICKERT** (227 Holmes Dr., Chillacotti, Ill.), about three weeks ago. He was married in December of '55 and is now the proud papa of a five-month-old daughter. Paul was working for the Peoria office of the Army Engineers. His brother, Tom, has been working here in St. Louis since January for McDonnell Aircraft. Had a letter a couple of months ago from **FERNANDO DE' ROMANA** (Box 98, Arequipa, Peru), who is working on his father's plantation. The last address that I have for **BILL HARTNAGEL** is 1053½ Admiral Pl., Elmira, N. Y. He was with the Penn. RR. **DAVE BICKEL** is at Apt. 1-A, Riverview Manor, Harrisburg, Pa. **BILL TILL** is due to get out of the Navy about now. He has been enjoying the beauty of Japan. Home address —Box 321, Broughton, Pa. **VIC ROBLEZ** is living at 293W, 1200 N, Bountiful, Utah. **DICK LEONG**, 2438 Pauoa Road, Honolulu, Hawaii, is working as an assistant project engineer for Belt, Collins & Associates. In case some of the boys don't keep up with the Hawaii Club of N.D., Dick is treasurer of the club. **PETE SCHWENK** is stationed at Chanute AFB, Rantoul, Ill. **TONY MANDOLINI** is a C.P.A. in Chicago. Would like to hear from some of the boys. We have a letter going from one to the other of the civil engineers. Don't know where it is now but would like to have the addresses of the rest of the civils. Well, I guess that the end has arrived. Don't expect to get another one like this for awhile."

Long lost **MIKE LEVIS** can now be found at 2108 South Spring in St. Louis, Missouri. "All of you should enjoy his letter which reads, "Since leaving South Bend in 1954, I have become the proud possessor of a fine wife and a wonderful son and have successfully completed three years at the St. Louis U. School of Medicine. With me in school here are **MATT KULUZ** (and Matt, Jr., 13 mo. old) and **PHIL HIGGINS** (and Judy Higgins, 2 mo. old). This summer the last three eligible 'Cushing Brothers' will be recipients of the Matrimonial Graces. During June **TOM McKEON** and Eileen McCarthy will be married in South Bend. **DICK LOEFFLER** and Miss Frankie Leedle will be wed in Maybee, Michigan, during the same month. On or about August 14 **PAUL KELLEY** will plight his troth in Detroit, Michigan. Dick and Paul have completed three years of medical training, at Loyola and Michigan, respectively. Tom is currently going through an insurance training program in N.Y.C. and plans to enroll in Fordham Law School in the fall. At last report the **MULLANE** brothers, **JIM** and **JACK**, are both out of the service, married and living in Lockport, New York. Both are proud fathers. **KIM HEWSON** writes from Philadelphia that he has purchased a Renault sports car, and after three years at Jefferson Medical College he is planning to sail for Europe and tour the Continent this summer. Kim sends word that **JIM HAMLIN** is now out of service and is planning to attend Cornell Business School in the near future. Last fall I received word that **ROD DUFF** was living in Oakland, California, as a member of the Army Intelligence Unit there. He has his own apartment, wears civilian clothes and his work is confined to the campus of the U. of California. Rod seems to be enjoying the West. **BOB EITTELBICK**, his wife, Judy, and their two daughters are living in Joliet, Ill., where Bob is working for the O'Connor Construction Co. At the time of their last letter, about ten months ago, Peg and **JOHN LOGAN** were living in Denver, Colorado, where John was stationed. John plans to enter Law School in the fall. **GEORGE O'CONNELL** (of Badin Bog fame) is out of the service, as is **DAVE (SPOOK) MEAGHER**. George is adding to his already prolific educational background, while Dave and his wife are living in St. Cloud, Minnesota. **JIM MURRAY** writes that he is becoming firmly entrenched in the Michigan area. He's said goodbye to Bancroft, Iowa, and has taken a position with the Federal Court District in the Gary, Indiana, area."

Ens. **BILL CARSON** of 139 Treaty Elm Lane, Haddonfield, N. J., received a master's degree in mechanical engineering last June at Notre Dame. Since then the Navy and their shipyard at Brooklyn, N. Y., have benefited from his services. He will marry Miss Mary Guarneri, SMC '57, on November 9 in Warren, Ohio. Another recent wedding involved Miss Margaret Marie Middlebrook and **HERB HAILE, JR.** They tied the knot on June 29 at Holy Angels Cathedral in Gary, Ind., and now live near Chattanooga, Tenn., on Woconda Point Road, Harrison, Tenn.

in Natchez, Mississippi, and is working for Gulf Oil. As for myself, I have been more than very busy in the last several months. I started my terminal leave from the Army on June 1, got married in Minneapolis on June 8, took a two-week honeymoon in New York and Miami Beach, was separated from the Army on July 6 at Fort Sheridan, Ill., and got a job at Western Electric Company's Hawthorne Works in Chicago on July 9. I am embarking on a 16-month staff management training program there. Everything is now honky-dory except that we are having a tough time finding an apartment. Until then, I can always be reached by writing to 9645 S. California Ave., Evergreen Park 42, Illinois.

Lt. (j.g.) **BILL McCLURE** reports in from Pettaquamscutt Lake Shores, Saundertown, R. I., with the following: "Just a short note from here in the Quonset Point area to let you know all is going fine and that I will soon be joining you in the civilian ranks. Since this latest cut in obligated service for Reserve Officers came into effect, my release date moved up to November 9; however, I plan to be a true patriot and stay around until my original RAD of December 9. See **TOM LINDSEY** quite often as he is in VS-39 here at Quonset. He has found a home in the Navy and plans to make it a career. Tom and I are the only representatives of the class of '54 stationed here—most of our pre-flight class went to the West Coast. I saw **JOHN O'HARA** in Key West this past April; our squadron (VS-32) was there for a month of training and John popped in on a cross-country from Pensacola. John was looking great and had decided to get out of the Navy and work for a living too. Thank you, George, for offering—and asking our class to offer—prayers for **LARRY ASH**; Larry and I were in the same squadron when he was killed in the crash. I married Larry's sister, Lucille, on December 29 of last year and we all are so appreciative of the many sincere prayers said for Larry. On the happier side . . . Lucy and I are expecting our first little one in February . . . the first member of the N.D. class of '60. How about some help on a couple of addresses? Namely, **PAUL ROHMAN** and **JACK RIVA**. (Ed. Note: According to Alumni Office records, Paul is at 3255 Hollow Oak Drive, Grand Rapids, Mich., and Jack is at 410 East 89th St., New York 28, N. Y.—J.C.). My letter writing is on the poor side and I managed to lose contact with both of them."

Patti and **DAVE MEAGHER** sent along congratulations on our recent arrival and predict one in their family around the first of November. They

report all is well at 23 Wilson Avenue in St. Cloud, Minn. **LARRY ELLIS** reports the same from 2512 Creek Ridge Drive, Pittsburgh 35, Pa. Larry will receive a degree from the University of Pittsburgh School of Medicine next June. **JOHN SHEEDY** will graduate with him. Larry reports a beautiful daughter two years old and another family member on tap in December.

The one and only **TONY TRIGIANI**, presently residing at 417 Namahana St., Apt. 6, in Honolulu, Hawaii, sends the following message, "Finally I get to write to you and tell you what goes on with the 'Trig.' This project has been pending nigh onto four years, but for some reason we never got to it. At the present, my wife and I (the former Ida Bonicelli), are in Hawaii stationed with the Army in the world famous Schofield Barracks. They finally caught up to me; however, we should be leaving for the mainland in December or January. Duty here is great for me and everything is ideal. We are living in Waikiki and get to see many of the boys from N.D. **JOE BOVIN** lives about 15 blocks from us. He is with the Air Force. Occasionally we run into **PAT O'DONNELL**, '55, and a few others. **DAN MANION** was here and should be back on the mainland by this time. Before we came into the service, I worked with a securities investment firm in Allentown, Pa. Hope to get back to it and sundry other enterprises in the early part of '58."

A short note from **JOHN POIRIER** from the Physics Dept. in Stanford, Calif., reveals that he is finishing research and will receive his Ph.D. in Physics this coming year. Uncle Sam has been treating him to schooling on a National Science Fellowship. John asks for any news from **RAY ROSEDALE**.

From 4118a McPherson Avenue, St. Louis, Missouri, **BOB MILLER** sent a lengthy letter which I repeat in full: "Got the latest issue of the **ALUMNUS** Saturday and decided to blow the dust off of the typewriter and see if it still works. May as well get the local news out of the way first. I've been down here since last September working as a civilian with the Army Engineers. Before that I spent 13 months with the same organization in Chicago. Will finish up the training program this month. Saw **JIM WING** in Chi-town. He graduated from Loyola in June and is working for Automatic Electric Company. His address is 414 Ashland, Evanston, Ill. **CAS BRANDYS** (732 S. Loomis St., Chicago 7, Ill.), is running a survey party for the Illinois Division of Highways.

BOB ZEIS, JR., furnishes us with the following from 1444 Tamarac St., Denver 8, Colorado: "Upon graduation the wife and I decided we'd like to settle in Denver. I came out here cold and after two miserable weeks of pounding streets and doors finally landed a swell job in the advertising department of the Denver Post. Have spent two and a half happy years there now, and needless to say we're really in love with the great Southwest. I've progressed too in the family department—in fact I feel reasonably sure no classmate has caught up yet. The clan totals four now, three boys and a girl. Realize though that we had two before even leaving the campus. Am able to report on only one other '54 grad. See BOB INEICH at his stationing out at Lowery Air Force base. Do you ever hear from either LEN WELCH or KARL WIENEKE? Would like to get in touch with either or both of them."

LEN PETRILLO brought me up to date on Dupont and how they benefit from the Notre Dame class of '54. He informs me that JOE DIPINTO, RON SMITH, and BRUCE FOX all are associated with that company.

I know that anyone planning to go to the Army game will be interested in the following: "TOM CAMPBELL reporting from 2033 Barry St., Wilmington, Del. After 9 changes of address since graduation, I've decided I'm finally settled enough to write my first contribution for your ALUMNUS column. Following two years in the Marine Corps, spent mostly in Calif., I am now a member of the IBM sales force, currently attached to the Wilmington office. I was married last April in Indianapolis to Mary Ann Kramer of St. Mary's (sister of Phil Kramer, '56). ANDY BAUER and CHARLIE WEITZEL, along with their wives, were on hand for the celebration. Andy is still in the Marine Corps, and is just beginning a three-year duty in Augusta, Maine, following a transfer from the Brooklyn Navy Yard. Andy's wife, Claire, is expecting their third child in November. TOM FIELD's family has entertained us in Wilmington, and Tom is due home next year after two years' study at Oxford, mixed with frequent travel. DAVE BURRELL, C.S.C., writes us from Rome that he saw Tom there during Holy Week. That's all the news I know of the General Program graduates and their activities; I'll be hoping to read in your column soon about the rest. Mary Ann and I are

hoping to see lots of old friends at the N.D.-Army game in Philadelphia in Oct., so we're extending an invitation for all fans to look us up!"

JOHN SHEERIN is serving aboard the USS Saratoga as Legal Officer but release from active duty is pending in the fall. ED SWEENEY was recently married to the former Miss Mary Lou Patchel in Chicago. He is employed in the Chicago public schools as a teacher of high school English. Lt. (j.g.) JOHN O'HARA is presently stationed at Whiting Field in Florida as an instructor in aviation. He hopes, however, that the Navy will release him in Sept. in order that he may enter Medical School at the University of California to which he has been accepted. He can be reached at 1562 Wellesley Avenue, West Los Angeles 25, Calif. STEVE and Marilyn STECKBECK report the arrival of Stephanie Lyn on June 11. She joined their two-year-old, John Stephen, at 1429 East Pettit Avenue, Fort Wayne, Ind.

BOB EVELD brings us up to date with the following letter: "I thought I'd drop a line to briefly record some of my activities since 1954. At school I was in the commerce-law program so I received my law degree in 1955. I was admitted to the Indiana Bar shortly thereafter, and entered the Marine Corps where I have been Legal Officer for the Marine Corps Supply Forwarding Annex, 100 Harrison Street, San Francisco, Calif. I have likewise been associated with Melvin M. Belli, world famous trial lawyer of San Francisco, since early this year. I was admitted to the 9th Circuit Court of Appeals, and certified by Navy JAG. I had an article, "Counsel for the Party before a Physical Evaluation Board," published in the March 1957 JAG Journal, and received a letter of appreciation for it from Admiral Ward, the Judge Advocate General of the Navy. I've handled hundreds of Personal Injuries Actions before such boards here on the west coast. I'm married and have a 20-month-old son and we expect a second child next month. I should be out of the service next month and hope to practice law in Indiana."

JUD and Carol MORAN welcomed Mary Elizabeth on July 24 to 4305 Southeast Ash St., in Portland, Oregon.

Recent recipients of the Bachelor of Laws degree from Western Reserve University are DON KENNEDY and JOHN REIDY. JOE LEONETTI was also awarded a Master of Arts in Education there last spring. At the same time RICHARD EISENHAEUER received a Master of Education

degree from Bowling Green State University.

MSGR. OSMUNDO A. CALIP has been appointed director of the Sentinel, Manila's archdiocesan newspaper, which is circulated through much of the Philippines. Msgr. Calip replaces Msgr. Justino C. Ortiz, who was director of the newspaper for more than three years. Msgr. Calip, who studied in the United States at the University of Notre Dame, received his master's degree in education in 1954. When he got back to the Philippines, he was named superintendent of Catholic schools in the Archdiocese of Nueva Segovia and chancellor of the archdiocese. More recently he has been the Secretary of the Episcopal Commission on Social Action and National Director of Student Catholic Action. BROTHER RAYMOND FLECK, C.S.C., has become one of the youngest university heads in the country with his appointment as the new president of St. Edward's University. He is 30 years old. Brother Raymond studied at New York University and Manhattan College before joining the Brothers of the Congregation of Holy Cross and finishing his studies at Notre Dame, where he took his doctorate in 1954. He was awarded one of the first National Science Foundation Pre-doctoral Fellowships in national competition while at Notre Dame. DANIEL L. KENNEDY, 309 North William Street, Joliet, Ill., was recently appointed Legal Staff Officer for the 29th Air Division. As such, Dan is charged with the conduct of military legal matters for the Division which has its headquarters at Malmstrom and covers an area including Montana, Wyoming, and parts of North and South Dakota and Nebraska.

I've said more than enough now, thanks to all of you. Keep the good word pouring in and I'll try to keep everyone posted.

From the Alumni office:

KEITH W. CALDWELL, of Boise, Idaho, has been appointed agency instructor of the New York Life Idaho general office in Boise. Keith is a veteran of the U. S. Army, having served from 1947-1949. He and his wife, Joan, have two children: Lesli, age 2; and Chris, age 1.

JAMES R. LOONAM, electrical engineer, has joined the Electronic Instrumentation Division of The Ramo-Woolridge Corporation, Los Angeles. Loonam received his B.S.E.E. degree from the University of Notre Dame in 1954 and has had additional graduate work in the same field at the University of California at Los Angeles. He has experience in flight test instrumentation, missile tracking instrumentation analysis, radar modifications and telemetry data reduction, including two years at the White Sands Proving Ground, New Mexico. He is a member of the Institute of Radio Engineers.

DR. CHARLES J. HIMMELBERG has joined the staff of Midwest Research Institute in Kansas City, Missouri.

LEONA HOSINSKI, a woman graduate under the master's program of 1954, has entered the convent of the Sisters of St. Mary in St. Louis, Mo. She writes, "You can be assured of many prayers for all at Notre Dame. It is very dear to me and I hold many fond recollections of people and places that are Notre Dame. May I ask a remembrance in all of your prayers?"

JOSEPH ERNEST IMBRIACO and THOMAS JOSEPH GODFREY both received LL.B. degrees at Harvard. Tom graduated cum laude.

LAURENCE FRANCIS SOVIK got an LL.B. from Syracuse University.

CHARLES J. CAZEAU is working for Humble Oil in Midland, Texas.

At last report KENNETH A. SCHWARZ was still flying "roman candles" with the U.S.A.F.

TIM SOTTEK plans to attend the South Dakota School of Mines for a master's.

1955 Tom F. O'Malley
6738 Kenwood
Kansas City, Missouri

Every time that I start this column, it seems natural to say that it was just yesterday that I mailed the last one in. Actually, the time passes pretty fast, and it won't be long before we're gathering at South Bend for the first reunion. This is planning a little in advance, but when we start shaking hands in 1960, I hope that every member of the class can say that he contributed something to the class column at least once. A request seems necessary at this point. Don't wait that long to write. I need your news now. Speaking of news, I'll begin.

Dan Huntoon, '48, is the manager of Hertz Rent-a-Car Company's new office in central Philadelphia, Pa. The first customer was N.D. alumnus Paul H. Hockwalt, '35, Chevy-Chase, Md. (right), who shakes hands with William J. Jann, company executive.

These members of the family of the late Leo F. Welch, '15, of Indianapolis, were gathered at the 1957 Commencement for the most recent Welch graduation: (left to right) John R., '47; Mrs. Leo F. Welch; William P., '57; Mary Virginia; James C., '50, and Robert V., '50. Other Notre Dame Welches not present include brothers John A., '15, and Lawrence J., '17; and son Thomas A., '43.

Leo F., Jr., '38, was killed in World War II.

JOHN HOBBS and the former Miss Jacqueline Marie Buckley were married in Chicago on the 29th of June. John still has some obligated service with the Army. I received an interesting letter from CARL PETERS who is now living in La Jolla, California, with his wife, Maureen. Carl is working for Convair Astronautics and his work is primarily concerned with the Army's new inter-continental missile. An increase of 50 per cent is expected in the family during December. Congratulations to them both. Carl mentions that PAUL CARDINAL dropped by for a visit after being discharged from the Army. Paul is going to work for a company in the east. LEON RING is working for Convair during the summer. He received his M.S. from Notre Dame this spring and intends to start at Cornell this fall for his Doctor's degree in aerodynamics.

JOE HIGGINS helped the column along quite a bit by sending word from the U.S.S. Ranger (CVA-61), FPO N. Y. N. Y. Joe had been stationed on the U.S.S. Wasp since graduation and was fortunate enough to make a seven months cruise to Japan and the Western Pacific. Ah so, Boys-san. He is now stationed aboard the Ranger which was commissioned on August 10th and is the newest of the supercarriers. Joe has recently become engaged and will marry Miss Pat Lash of Cleveland next June. Congratulations and best wishes to them both. Joe sends the news that follows. GENE LUND has received his wings from the Navy and is living jets at Jacksonville, Fla. If you ever pass through NAS, Olathe, Gene, I'm only a short distance from there and I would enjoy hearing from you. PAUL MARBACH is still stationed with a squadron at the Naval Station, Quonset Point, R. I. JOHN KENNEDY is attending Navy communications school at Newport, R. I. He was recently married to a young lady from Philadelphia but I regret that I don't have her name. John expects to be transferred to Coronado, Calif., in the near future. JOHN O'MEARA has extended his stay in the Navy for another year and

is stationed on a submarine with Norfolk as his home port. Do you have that shut-in feeling, John? The Navy must get in the blood stream of some of our fellow graduates since JIM PHILLIPS has also extended another year and plans to see the sights of Europe aboard the cruiser Des Moines. FRANK CATALANO received his commission in the Navy recently and is stationed aboard an LST with Norfolk as home port. Frank married a Chicago girl about six months ago but I haven't got names or places.

DICK LANGE enlisted in the Army soon after graduation and is with the Finance Corps in Germany. He bought a foreign automobile and is managing to see some of Europe. BOB BREZENSKI is working as an engineer for Chrysler in Detroit. Word from MIKE COFFEY relates that he is working in the Bureau of Naval Personnel Office in Washington. Mike was previously stationed aboard the U.S.S. Wasp but was transferred from there to the Naval Academy and then to BuPers. He is now the assistant head of the Radio-TV-Movie Section of the bureau and extended his tour until July of '59 to get the job. If anybody needs free passes to the movies, contact Mike at Pers-B6332, Rm G-810, Bureau of Naval Personnel, Washington, D. C. Almost forgot, Mike is marrying Miss Ona Lee Clark of Galesburg, Ill., on the 5th of October. Congratulations and best wishes to them both. BILL "TIPPY" LARKIN is teaching physics at Xavier University in Cincinnati and married the former Miss Sarah Jane Love of that city in August. JERRY BRANSFIELD finished two years on the U.S.S. Chilton and was one of the unfortunate thousands to be released from the Navy. Tough luck, Jerry. Will JOHN SLAVICK and BILL BYRNE please contact Mike Coffey at the above address? You have been left thousands in the will of your late gardener and you have not been heard from for some time. Write, and preserve the estate.

STEVE PREVOZNIK sent a letter which was a class column in itself and I want to thank him

again for being such a great help. Steve's address is 232 E. Third St., Media, Pa., and the news that follows is from his letter. DICK CAPKA, who is vacationing with the Marines, returned from Okinawa in late April and is now stationed in North Carolina. PETE CAMPBELL is working with IBM in Wilmington, Del. FORST BROWN and the former Miss Joan Sandmann were married on June 29th in Louisville, Ky. Best of luck to them both. Forst and his wife will live in Boston where he will begin his third year at Harvard Medical School. CARROLL DOWDEN was in the wedding party and is working in Louisville. ELLIS JOSEPH is working on his Doctorate in Education at Notre Dame. JIM SCHERER is brushing up on his Latin and Logic and plans to enter the diocesan seminary at Cincinnati in September. Good luck, Jim, our loss is the priesthood's gain.

BILL TUNELL will enter his third year of Med School at Cornell this fall. WARREN GIDDENS is attending Loyola Medical School as are JOHN RYAN, DON GALLAGHER, AMEEL RASCHID, and DON SANTSCHI. JERRY MILLER married the former Miss Helen Lorraine O'Keefe in Crystal, North Dakota on the 26th of August. MIKE KELLY writes of his adventures in Germany with the Air Force and it sounds like a good time is being had by all. He is stationed with a guided missile group and has been given the job as transportation officer for the detachment. Chicago will seem pretty dull after this tour, Mike. TOM GALLAGHER is stationed at Balmholder, Germany, and is due back in the States soon. TOM "TUCK" MCCOY has been stationed in Frankfurt and is also scheduled to return to the home of the free and the Braves (Milwaukee) very soon. LEO KEENAN is stationed northwest of Frankfurt, and FRANK FONTE is in Berlin. A previous report has been confirmed. PETE RITTEN IS IN PARIS. We all can't have the breaks. JIM BIGELOW is spending his time in Mainz, Germany. DICK COOK and Miss Maureen Tafel became engaged

recently. Congratulations. **JOHN HARTIGAN** is still attending Northwestern Law School in Chicago.

The big news story of the year breaks as we learn that **LARRY BREHL** does NOT, I repeat, NOT, plan to make the Navy his career. By the time that this column is run through the presses, he will be in the process of having his civilian clothes altered. That Navy "chow" will do it every time. Come to think of it, "chow" is a species of dog. Could there be a connection? Larry and his wife plan to settle in Pittsburgh and he will work for an advertising or public relations firm. Thanks for the news, Larry, and keep up the good work. **DON CAVEIT** is stationed aboard the U.S.S. Roy O. Hale and is engaged in radar picket patrols. Sounds exciting. **BOB BURNS** is in the insurance business in his home town up in Vermont. **BILL RICHARDSON** writes from the U.S.S. Forrestal that things are going smoothly for him and that he has thoroughly enjoyed the Med cruise just completed. Bill's wife takes the land route while he goes it on the foamy. A nice arrangement to say the least. On the home front, Bill and his wife share an apartment building with **JIM HESBURGH** and his wife. **CHARLIE REAGAN** recently married the former Miss Marjorie Varnau. Congratulations and best wishes are again in order. Charlie is stationed at Bunker Hill AFB. **HUGH SCHAEFER** again does his part to keep me supplied with news as he sends greetings from the thriving city of Tulsa. Hugh had attended the festivities in Chicago when **FRANK FOLLE** married the former Miss Diane Purcell. He mentions seeing an old classmate of ours who didn't finish with us but sends his regards, **TOM MURRAY**. **PHIL SHERIDAN** was seen at the punch bowl and was muttering something about Navy life never being like this. I'm not hinting, Phil, but remember that a retired Navy man can still take advantage of Navy Exchange prices. Write

to your local procurement office. **MIKE HEGARTY** was also seen threading his way through the wedding group. Hugh returned to South Bend and ran into **RON SMITH** and **JOHN MARCHAL** who are still attending Law School there. Hugh's new address in Tulsa is 1384 E. 26th St. If any of you visit, just walk in. Since the last party, there hasn't been a door.

PHIL STUMP is another one that I have to thank for his regular correspondence. It's always good to hear from you, Phil. He enclosed a picture of Joanne, his seven-month-old daughter, and she's pretty as a picture. If the Gerber Foods people got a look at her, their trade mark baby would be sent back for a face lifting. Here's to many more just like her, Phil. He and his wife are living in Au Sable, Mich., and Phil is stationed at Wurtsmith Air Force Base. He would like to hear from **JOE FONTANA**, **JIM PORCARI**, **JOHN JAHODA**, and **JIM VACHRIS**. His address is 1st Lt. John P. Stump, 412 Fighter Group (DM), WAFB, Oscoda, Mich.

JIM GIBBONS is working for an insurance firm in Dallas. From the land of palm trees and grass skirts, a message floated in on the last cool breeze. (Judging from the weather here in Kansas City this summer, this will be the last cool thing our way until the glacier starts to move again.) Back to the column! The message was from **JOHN LOCHTEFELD** who is stationed with the Army and his wife in Honolulu. He plans to be released from the Army this fall but has requested a life career with his wife, the former Miss Judith Robinson of Pontiac, Mich. John and Judith are the proud parents of James Gregor, born on the 22nd of April. Train him early, John, and he can earn some spending money painting election posters for the campus politicians. By the time that he's released from the Army, John will have completed his Master's Degree in Fine Arts from the University of Hawaii. He included some tidbits in his

letter. **PETE WALSH** is stationed with the Army on the island of Eniwetok but is released to the outside world for rest and recreation whenever he needs it. **DICK CONNELLY** and his wife are stationed at Barksdale Air Force Base in Louisiana. They have a daughter, Kathleen, who was a year old in June. **DICK SCHERPEREEL** is stationed at Dyer Air Force Base in Texas. **GORDON GOETEMANN** is at the Romano School of Art in Gloucester, Mass., for the summer and has been at the University of Iowa for the last three semesters working on a Master's Degree. **PHALEN THOMPSON** is an officer in the Navy and is stationed aboard a ship with Pearl Harbor as home port. **JOHN RUSSO** is still at Columbia Law School and plans to be married this September. **GUY PIERCE** has been released from the Navy and has returned to his home in Wisconsin with his wife Pat and their young newborn.

Bringing back memories of our monastic days in the catacombs of Badin Hall, **DON DIXON** wrote from Toledo and brought me up to date on his activities since graduation. He was drafted into the Army in August of '55 and spent the greater part of his tour in Germany. Don is engaged to Miss Judith Blow and they plan to be married October 5 in Birmingham, Mich. Don will be working with the Toledo Automotive Parts Corp. in that city. Another letter from **DAVE MIETZ** has found its way into my hands but, alas, I'm afraid that it will be the last until I write him again. Sorry that this has been a one-way operation, Dave, but if I'm not the world's worst, I'm close to it. He's still stationed aboard the Hornet with an intelligence group and spent some time in Iwa Kuni with an intelligent group. "Ah, so . . . now we proceed to play five card draw." You're smart, Dave. Just watch and don't play. As reported previously, Dave plans to be married in September out California way. **JACK PINTER** and **BILL KREPPS** are also spending time in the land of the rising sun. **JIM CARROL** is flying B-26's for the Air Force at Atami, Japan. **FRANK CLELAND**, now a 1st Lt. in the Marines is stationed at Iwa Kuni, Japan, and is due to go to flight school soon. Looks like a few more years for Frank. **TOM WELLY** is stationed aboard a destroyer escort and will soon depart for a station in Pearl Harbor. Tom and his wife expect their first in July and I hope that all has gone well by the time that this column appears. **HAL WILLENBORG** is still stationed aboard the U.S.S. Larson and wedded bliss things are shaping up for him also. **JIM VACHRIS** was passing through Kansas City on his way back to the Air Force Base at Salina, Kansas, and he took time to give me a ring. It was greatly appreciated, Jim, and it was good to hear from you. (I might mention here that if any of you are passing through, even for a few short minutes, get in touch and we'll chin for awhile.) Jim is flying tankers and says that he enjoys it almost as much as he does flying airplanes. He is being sent to Europe for several months with his squadron and his wife and family have returned to the east to stay until he arrives back in the states. Another welcome letter from **PAUL FULLMER** tells of his trials and tribulations at Fort Leonard Wood where he has been taking basic training. He was fortunate enough to get in under the six-month program and should be released sometime in October. When I received his letter, he was bound for Ft. Sam Houston, Texas, and was anxious to get in touch with some of the '55'ers in the area. Paul will be attached to the Medical Training Center there so look him up.

DAVE COHEN married the former Miss Lucy Burke Connolly on July 6 in Our Lady's Chapel at Sacred Heart Church, Notre Dame. Congratulations and best wishes to Dave and his wife. **WALLY GUGLIELMO** called as he was passing through Kansas City the other night but unfortunately I wasn't home and didn't get a chance to talk with him. Sorry I missed you, Wally, but be sure to call again if you get down my way.

I was very glad to receive word from **DICK O'ROURKE** as I had lost track of him since Navy school in Athens, Ga. Dick has been stationed at the Naval Air Station, Memphis, Tenn., since September of '55 and will remain there until he's discharged in December. He and his wife, the former Miss Carolyn Linnig, are now sporting a third member of the family. He was born on April 7, Richard Michael, and, in this corner, weighed in at 7 lbs. 5 oz. with no trunks on. Congratulations Dick and Carolyn. Dick mentions seeing **JACK STEPHENS** and his wife. Jack is stationed at Mallory Air Force Base. They have a son, Jeffery, born December 3, 1956. I received a call from **JIM BROUGHTON** the other night as he was passing through Kansas City on his way

Notre Dame football coach Terry Brennan diagrams a play for (left to right) Jimmy Walsh, "Sonny" Fox, and Joan Terrace, stars of the CBS-TV show "Let's Take a Trip," which originated from the campus September 8. Rev. Theodore M. Hesburgh, C.S.C. (extreme left), Notre Dame president, also appeared on the program, which was seen over more than one hundred stations from coast to coast.

home to Detroit. Jim has been officially released from the Army after spending many months in Korea. We had a few K. C. cool ones together and enjoyed being civilians again. HARRY EDELSTEIN and the former Miss Rose Marie Hublou were married on the 22nd of June in Minneapolis. Congratulations and best wishes to them both.

CHUCK O'BRIEN writes that he has completed his training program with Allis-Chalmers and will be working in Milwaukee for the Systems and Procedures department of the company. Chuck helped a great deal by passing along some vital class news. GEORGE RIORDAN and his wife are stationed with the Navy in Hawaii and have set another place at the table for young Kevin. No, not a visiting relative, this one really belongs. JACK McMAHON is presently stationed at Fort Belvoir, Va. He and Miss Carole Harnist were married in Minneapolis during the month of August. JIM CENNAME is working for Sun Oil Co. in Marcus Hook, Pa. MARK HEALY is due to finish his two-year stay with the troops and will start with Allis-Chalmers sometime in the fall.

BILL WEBB wrote and described his adventures since graduation but I'm afraid that they are too numerous to mention. Anyone interested can get the whole thing in a nutshell by attending the showing of "Around the World in Eighty Days" at your neighborhood theatre. Summing up, Bill is now in the Marines and is spending his time on the golf links at Parris Island Country Club. Bill has met and become engaged to the future Mrs. Webb, Jean Redmond, and they plan to be married when Bill is paroled from the Marines next August. He mentions seeing DON YECKEL, FRANK WHITE, BERNIE SMITH, and GENERAL PATE teeing up at the 19th hole.

I gathered together the pages of a letter that had fluttered down from 35,000 feet above and discovered that JERRY HUGHES had just passed through town. Jerry is, what is referred to in the trade as, a "zoomie." He's stationed at Webb Air Force Base in Big Springs, Texas, and spends his time flying as an instructor in the T-33. Not to be confused with the Ford sports model. He seems very happy with the work but mentions that he misses the excitement of the Student Senate meetings on Monday night. I guess it just gets in our blood, Jerry. The next items are from his letter. JIM PORCARI and WALT ZOTTER are stationed at Tyndall Air Force Base in Florida. TOM ARMSTRONG is stationed with his wife at Laredo Air Force Base, Texas. DICK BURKE, "El Presidente," sends greetings from the Windy City and passes along many items of welcome news. My only objection is that Dick never includes news of himself so I'll have to assume that he is still attending Chicago University Law School. C'mon, Dick, sing out. JOE SWIFT and the former Miss Mary Carey were married on August 20. Again, a round of congratulations and best wishes is in order. JOE DALEY is still attending Yale Law School. JIM DWYER will start his second year at Seton Hall Med School. JIM GRIFFIN and his wife, Bunny, are expecting a tax exemption in the near future. Congratulations. JIM NORTON married the former Miss Regina Costello on August 17th in Jersey City. DON PETERS married the former Miss Kathy Burke around the first of August.

From the Alumni Office:

A miniature Notre Dame reunion, spiced by some good-natured raillery, took place at Brooke Army Medical Center, Fort Sam Houston, Texas, in August.

P.F.G. JOE MADIGAN, Shaker Heights, Ohio, and PRIVATE PAUL FULLMER, Elmhurst, Illinois, both 1953 Journalism grads, met for the first time since graduation. Their civilian lives had run a parallel course. Both had taken up sports writing, Madigan as a staff writer for the Cleveland News, Fullmer as assistant sports editor of the Aurora (Ill.) Beacon-News.

Joe was inducted in November, 1956, after 17 months with the News, while Paul entered the service in April after 22 months with the Beacon-News. Their military commitments are different. Joe must serve for two years. Paul ended a six-month obligation in September.

At Notre Dame Paul was associate and sports editor of the Scholastic with Joe as one of his staff assistants. Thus when the pair met, Madigan immediately pointed to his stripe and jokingly reminded Paul of the difference in rank. Joe is assigned to the Public Information office, while Paul was a medical trainee. Joe took it upon himself to write a feature story about Paul for distribution in Elmhurst and Aurora.

Rev. Henry Bolger, C.S.C. (standing extreme left), head of the University of Notre Dame physics department, welcomes three visiting scientists to the summer meeting of The American Physical Society held on campus. They are (left to right) J. B. Johnson, The Thomas Edison Laboratory, West Orange, N. J.; L. Marton, National Bureau of Standards, Washington, D. C.; and R. J. Maurer, University of Illinois, Champaign. Approximately 200 physicists attended the sessions.

JOHN M. NICKNISH got his master's degree from South Dakota School of Mines and is now attending the University of Arizona on a teaching fellowship working toward his Ph.D.

A few comments, gentlemen, before I close for another time. If the word "congratulations" seems over-worked in this column, it's because it is. What else can one say, to one. If you have any suggestions, please enclose them on a postcard and send them to me. All entries will be judged on the basis of originality and neatness. In the case of a tie, I'll continue to use the word "congratulations."

A few parting thoughts for this column. Last year, 40,000 people in this country died from gas. One thousand inhaled it, five hundred put a lighted match to it, and 38,500 stepped on it.

Keep smiling, and everyone will wonder what you've been up to!

Devon, Mass. . . . Tom's roomie, PETE FOY, married Janet O'Neill and they are now living in Karlsruhe, Germany (136th T Co. (Medtrk) APO 164, c/o Postmaster, New York, N. Y.).

ENS. DAVE DAVIN reports from Jacksonville, Florida, of being commissioned last March along with LARRY O'CONNOR, TIM MURPHY and DAN LIDDY. . . . At Fort Chaffee, Ark., stands BOB RUHL while TOM BENNETT is stationed at Great Lakes, Illinois. . . . Dave also mentioned he took the walk down the aisle and met Kay Griffin last December. Congratulations, Dave!!!

GEORGE KREMBS is awaiting his September wedding to Shirley Rostal after completing work on a Master's in EE from Stanford. . . . SID WILKIN sends best wishes from Tongu, Korea, about 25 miles from Seoul and as yet hasn't bumped into any '56 Classmates. . . . FRANK CAPPELINO is in Field Radio Repair School at Ft. Monmouth, N. J., after he and Nancy Walpole became engaged last New Year's Eve.

TOM CLAUSSEN is tinkering with the latest of jet engines at the El Segundo Division of Douglas Aircraft. . . . COS TAYLOR and wife, Polly, are the proud parents of Dave Edward as of March 27. . . . The stork also dropped in on TOM and Toni CAPLET this summer, leaving Tommy, Jr., earlier than expected, but all are doing well, as Tom returned to I.B.M. after his release from the Air Force. . . .

JOHN "CY" CYWINSKI is keeping tab on the future M.D.'s reports that he and BOB GULDE, ROGER EWALD, VINCE EILERS and ANDY McROBERTS all enjoyed various degrees of academic success at St. Louis University Med School. During the Easter vacation he compared notes with JERRY KENNY, TOM MURPHY, LOU BONNUCCI and PHIL BOHNET who are studying at Northwestern Med School. . . . From Loyola Med School good reports have been heard about FRANK DWAN, DICK HENDRICKS, ANGE CAPOZZI and JOE (MOOSE) O'CONNOR who married the lovely Jane Powers this summer. . . .

THOMAS KIERNAN is with the 3rd Combat Surgical Hospital, Fort Meade, Maryland. It seems that Tom is using his leisure time to write a novel. Hope your CO doesn't hear about this, Tom. . . .

JOHN MANION and Mary Ann Grittani were-

1956 John Deasy
5697 North Lincoln Avenue
Chicago 45, Illinois

Please note that this column comes your way under the direction of a new correspondent. . . . Please bear with me while our Class secretary AL VITT serves his time with the Navy. On behalf of Al, I sincerely ask your help in keeping up the good work of dropping a line or two now and then informing the column of where you are and what you are doing. . . .

Word comes from JIM O'BRIEN who will begin his theological studies at St. Mary's Seminary in Baltimore, as a candidate for the priesthood for the Rockford, Illinois, diocese; that PAUL KEARNEY has wed Mary Dahm (St. Mary's '56). The Kearneys will be living in Norfolk, Va., subject to the whim of the Navy.

An interesting letter from LT. TOM WAGEMAN now in Thule, Greenland, tells of STEVE ROGERS attending Harvard Graduate School. . . . MARTIN CODY has been assigned to an Army post on Okinawa. . . . BILL MALLOY is teaching English at Gilmore Academy. . . . JOHN CURRY married Pat Blessington last October and is stationed at Ft. Monmouth, N. J. . . . MIKE HOGAN is on active duty with the Army at Fort

married in St. Joseph's Church, Mishawaka, September 7. John is completing his training program at the Chain Belt Co. in Milwaukee while successfully pulling for the Braves between trips to the breweries. . . .

The Class of 1956 is asked to remember in their prayers the father of LT. MASON SULLIVAN who passed away August 18. Mason flew home from Frankfurt, Germany, for the services of the former Judge of the Municipal Court of Chicago. . . .

The latest word on ENS. GENE BRENNAN stationed at Correy Field, Pensacola, is that as a result of one little scrimmage on a summer's afternoon, Gene ended up with one broken clavicle. Looks like the Navy is a bit rougher than the days of Dillon v. Sorin. . . .

Back on campus working for those Masters are PETE CANNON who spent the summer with Minneapolis-Honeywell and PAT POYNTON who stayed on for intensive research. Understand that both Pete and Pat enjoyed teaching an EE lab course and giving GEORGE BROUCEK a pink slip. George has recovered, however, well enough to slip Marge Smith (St. Mary's '57) a miniature. . . .

PAT CRADDOCK, now engaged to Arlene Philip, is busy working on his Master's in Labor Relations while being employed at the Cities Service Oil Co. in downtown Chicago. . . .

CHARLEY "MONK" MILLIGAN was last seen heading toward the BILL HARPER residence in Iowa to view the Harpers' second addition, born early this summer. . . .

DON COSTELLO is currently writing copy for Montgomery Ward & Co.'s Advertising Dept. "Squeeze" can be seen driving around in his new red convertible occasionally stopping to pick up a stranger. . . .

Witnessed the JOHN KEGALY-Peg Lomasny (St. Mary's) wedding this summer and ran into ENS. JIM MACK, stationed in Ogden, Utah, BILL KEARNEY who has since been enrolled at Ft. Leonard Wood. JOHN DWYER, studying medicine at Loyola and JOHN GAFFNEY, looking as good as ever. . . .

Thru the grapevine comes the following:

JOE BURKE is on the high seas sailing out of Norfolk, Va., and DON LOGAR and BOB BURKE are enjoying their stay at Pensacola. . . . Mr. and Mrs. DAN QUIGLEY are busy taking care of a new August arrival called Patricia (?). . . . Congratulations are in order for LT. TOM DONOVAN and Pat Murphy, married as of May 11. Both are in Fort Hood, Texas, enjoying the tumbleweed after MIKE MOONEY "from Indianapolis" showed up. Incidentally, Mike, where are you now?

BOB CARRANE just returned from Europe and is well on his way towards an LL.B. from DePaul U. College of Law. Bob informs me that PHIL WHITE is writing his thesis at Iowa State and upon completion will soon make arrangements for a wedding with Miss Ann Sexton. . . .

Manley, Iowa's PETE HANSEN is enjoying his hitch with the Navy, stationed in Chicago. . . .

TOM POWERS, my Alumni Hall mate, spent the summer gathering material for his Master's in Labor Relations in a Madison, Illinois, steel plant. Tom, shoveling a blast furnace, wrote wondering why he had to use his back instead of his "brains". . . .

ROGER EWALD is married and living in St. Louis.

ALVIN DUBOIS VITT, EUGENE E. FLOWER, JERROLD L. McPARTLIN, JOSEPH A. FLORES and MALCOLM WILLIAM BURNETT, JR., graduated from the Navy's officer candidate school of the naval station, Newport, R. I., and were commissioned ensigns.

STEPHEN JOSEPH ROGERS received an A.M. from Harvard.

JOHN DROEGE got married this past summer. DON BRENNAN is training with jets in Texas.

JAMES MILAS is a marine second lieutenant training in Quantico, Va. He was married in the summer.

The column would appreciate hearing from you people, so drop a postcard or two as soon as possible. How about some news from JIM GAMMON, TOAD RYAN, MIKE FIELD, DAVE THOMPSON, MIKE MULROONEY, RON CASEY, LEO O'DONNELL and both JOHN DONNELLYS.

From Alumni Office:

ALFRED HEALY received an M.A. degree from the State University of Iowa in August.

BURTON E. TOEPP II has joined the staff of the Whiting Research Laboratories of the Standard Oil Company (Indiana).

1957 Charles P. Williamson P.O. Box 605 Mt. Vernon, Illinois

Never have so many people scattered so fast as they have in the past few months. It seems we just can't get away from N.D. even though we have graduated so recently. Personally speaking, in my barracks here at Quantico, every morning I awake to find DICK SWIFT and PAUL FLATTERY asleep after first call (incidentally, they have a new nickname for Paul—"Barney Bedsores," because he spends so much time asleep), and BOB HAVERKAMP is usually present, though usually the last one in bed due to his nocturnal meanderings.

To go through a roster of the troops here at Quantico, it almost reads like a portion of the class roster of N.D.'s 1957 products. We are pretty well populated with about 30 of our brand new Alumni stationed at Officer's Basic School here.

In the following paragraphs very little attempt will be made at coherence, but rather a great deal of effort expended to get out a lot of news about our class and friends.

To begin with, JACK KUHN was married on the 15th of June to the former Jean Hudack. Jack is presently employed by Haskins and Sells Accounting firm in Baltimore, Maryland. His ex-roommate, JACK KIRCHNER, also followed that same path, and was married June 8 in Washington, D. C. His bride is the former Shirley Lewis. Jack is among the "ground pounders" here at Quantico, but lives off the base in Arlington, Va.

Also in the Washington area are to be found DAVE NOON and GAYLORD HAAS who were, at last word, employed at the Patent Office.

Other people seen recently in the East were DOCTOR AARON ABELL and his family who stopped to visit LT. JOE CARBONI, USMCR at his home in Philadelphia.

RAY MILLER of Fairview Park, Ohio, is at present employed in Cleveland, Ohio, by the Chevrolet Division of General Motors. Ray is expected to go on active duty with the Air Force as a 2nd Lt. on the 23rd of Jan.

JOE PETRAZZELLI was married Aug. 17 to the former Claudette Butler. Joe is going to teach high school this coming year in Cranford, N. J.

JIM ULRICH is working in Wisc. . . . could not find out where, but he plans to be married the 28th of Dec. In the interim, Jim is planning to enter the Marine Officers Candidate Course at Quantico as are LARRY HENNESSEY, CHUCK CONNORS, and GREG SULLIVAN.

MIKE GLYNN, 2nd Lt., USMCR, is presently at Pensacola in flight school, and we expect to have a few more joining him soon.

What a crew they must have at Ft. Leonard Wood, Mo., with this group—CHUCK GRACE, GERRY BECKERT, BILL MCGOWAN, and DON MACMANAMON—who are all enduring the Army for six months. Also in for six months, we know not where, are JOE ROHS and BILL BARTLING.

Also taking a large group from our class is Naval Officers Candidate School at Newport, R. I. DIXIE LEWIS is presently there, and entering soon will be: MOORE McDONOUGH (Galveston gangster), MARK MALEY, JACK CROWLEY, ED CHOTT, NICK CONLON, TERRY CROWLEY, and TOM GUNNING.

JACK CASEY is to be found working (?) in Chicago. Along with him is BOB DUNSEATH who finds work to be excellent at Firestone. PAUL HEER is also in the Windy City working for Arthur Anderson and Co. doing accounting work. MIKE COLLINS is representing Thor Power Tools in Chicago.

MATT WEISS and GUS LUEPKKE are to be found this fall at St. Louis Univ. Law School. Also to be found in Law school this fall will be ED DEAN at Fordham, who is now working for Eric R.R. at Montclair, N. J. JACK MOYNAHAN will be at N.D. Law this fall, and is presently working for Metropolitan Life Insurance Co. in Chicago.

Ens. HAL BLAKESLEE undoubtedly has the softest touch in the Navy, being stationed at Great Lakes, almost at home.

JIM CUSACK is bound for Loyola Med. in Chicago, while ARTHUR "SKIP" JOHNSON, also of Peoria, is heading for Northwestern.

TOM NICNISH is looking forward to Georgetown Med.

Also to Graduate school in the Fall:

HARRY HEYL to Northwestern Grad. in English. LARRY HAMMILL to MIT, presently employed at Grumman.

TOM BERG to N.D. on Fellowship in aeronautical engineering, spent the summer with Bendix Aviation in South Bend.

BOB SASSEEN to the Univ. of Chicago on a Danforth Scholarship in Political Science. He was married to Jane Moran in New York the third weekend in August, with HARRY HEYL and ED KEENAN attending.

It appears four years of life at N.D. have precipitated many marriages—among them:

JOHN SLEVIN was married in Peoria on July 6. The list of guests from Notre Dame in attendance is amazing. Those present were: BOB BERSCHINSKI, PAT SNYDER, BUZZ WARNER, DENNY BRITT, LARRY BEDFORD, JACK CROWLEY, BILL BARTLING, TERRY CONWAY, BOB MARCO, BILL MOONEY, BILL MCGOWAN, DON MACMANAMON, CHUCK GRACE, TOM DOYLE, SKIP JOHNSON, JIM CUSACK, ABE SEELMAN, ex '57, TONY BUSHNELL, ex '57, BILL FORTIER, ex '57, GENE KEETS, BUD SCHLEUBER, JACK MOYNAHAN, K. J. PHELAN, JOHN FEELEY and CARY SCHULTEN.

ED MURPHY wed to Sheila Ryan in Phoenix, Ariz., on June 8. He is presently on six months duty with the National Guard in San Antonio.

JOHN WOLFF married in June at Chicago—now also at Quantico.

JACK CRUTCHER to Maggie Wilde in Peoria, Ill., in June. Jack is working at the National Security Agency in Washington.

JOHN LUCEY married to Mary Brazovich August 30, in Whiting, Ind., with TERRY CROWLEY as best man. He is stationed aboard the USS Alamo in San Diego.

ED KEENAN to be married Nov. 30 in Bronxville, N. Y., to Ellie Thulin. JOE MANZO will serve as best man. Both Joe and Ed are stationed at Quantico.

JAKE KEIVER was married to Barbara Sippel after graduation and is working for Allegheny Steel in Pittsburgh.

BOB WEINER to Mary Susce in LaPorte, Ind., in June. Bob is working for Naval Research in Washington on new atomic powered vessels.

AL REICHERT will marry Marilyn Coddens at Notre Dame in Sept. Air Force will get him as a 2nd Lt. before too long.

WILLIE LENNON to wed Sally McGrath at Niagara Falls, N. Y., Sept. 7.

VINCE DOOLEY, another of the Quantico crowd, to marry Barbara Barker of Munster, Ind., the 28th of Dec. TOM GUNNING, MIKE BOYLE, JACK O'DROBINAK, and TOM McNULTY are expected guests.

DON MACHENBERG, also at Quantico, married to Mary Needler August 31, at Fort Wayne, Ind. Mary is a '57 St. Mary's Grad—Don was known also as quite a Dixie Highway fan, having crossed it many, many times. JERRY HORNBACK to be best man, and BOB HAVERKAMP in attendance.

GREG CARRIGAN was married in June and is at Parris Island with the USMC.

While on my way to St. Pat's in Washington a few weeks ago, I met Tom McMURTRY also bound for church. After we got to St. Pat's we met FATHER DEAN, our Sophomore Class Chaplain, who asked to be remembered to the class. Tom is working for the USN Bureau of Personnel in Wash., but will be leaving in Sept. to enter flight school at Pensacola. Tom was in custody of JOE REICH's car, as Joe is now in the Mediterranean with the USN on maneuvers.

Also to flight school: TOM MULCAHY as an Air Cadet, and DICK BROWN from Cicero.

JOHN FEELEY is working for Caterpillar in Peoria. DAN BEGGIE is taking summer courses at Pitt. LENNIE DIGIACOMO is working in the Big City, N. Y. JIM DRISCOLL is working in Chicago and living at home. DICK GORMAN is working for Associates Investments in Miami. JACK FOLKS was employed by the Nassau-Suffolk Lumber Co. of Long Island. TOM WALSH is working for the Ill. Toll Road Commission, and expects to join the Army Oct. 20. MIKE McCARTHY is employed by Touch-Nevin Accounting firm. BOB KUHN is working for McCann-Erickson Advertising in N. Y. JIM HIGGINS is in Rochester, Minn., with IBM. DICK CUNNING-

HAM is giving his multitudinous talents to the N. Y. State Highway Dept. as a Civil Engineer. GREG CONRON is employed at Norden Laboratories in N. Y. TOM SHEAHAN is a Jr. executive for the Shell Corp.—definitely a bright rising store—to whom I still owe a book. MIKE HIGHLAN and PETE MARWICK for Mitchell Accounting firm. BUZZ WURZER is giving his all to the Chicago Trib. doing advertising work.

ENS. JIM CUMMINGS, USN, must be elated about his assignment to Balboa in the Canal Zone. All the class will be envious of this.

LT. DON TIMM, US Army, last heard from in Indianapolis in Disbursing—quite a contrast to Jim Cummings—wait'll I get sent to Okinawa.

ENS. JOHN REARDON and PAUL O'CONNOR last seen at Quonset Pt., R. I., will be bound for Pensacola to fly.

ENS. TOM BETTERTON, married since graduation, and BILL ALLEN are headed to Jacksonville.

DON MURRAY to Dental School at Loyola. This you must bear with me on—LT. ROY DEBELLIS, USAF, and his wife Diane plus their daughter, Gina, are on their way to Castle Air Force Base in Calif. Gina is as cute as she could be—I'm slightly prejudiced—she's my god-daughter.

SAM RIZZO is selling cars in Liberty, Texas, and plans to be married Oct. 26.

AL LUM and GROVER KAM plus their parents took a continental tour and hit every big city in the U. S. When they arrived in Texas, GEORGE STRAKE took them all for their first horseback ride.

The last letter from GEORGE STRAKE disclosed that DICK BARRY, BUD FRIEDHEIM, JOHN LUCEY, JIM MILOTA, TOM HUGHES, and BIND CARLING were all in Naval Amphibious School at Coronado, Calif.

MIKE BOYLE is on a Destroyer Escort in San Diego.

George (Strake) is on the LST Rice County last heard of heading for amphibious operations in the Pacific (Hawaiian) area.

TOM JEWELL is presently employed by Firestone in Cleveland and plans to leave Sept. 19 to join the U.S. Marine Corps.

PAUL CLEMENS is on his way to Europe to fulfill his Fulbright scholarship in France.

J. E. MARYANSKI is on the coating technical service staff of the Dow Chemical Co., of Midland, Mich., while R. J. WOODS is on the plastics technical service staff of the same organization.

PIERRE LAPEYREIS is a member of the engineering dept. of Monsanto Chemical at Texas City, Texas. BERNIE SCHORLE is also employed by Monsanto at Dayton, Ohio, in the research and engineering staff.

DON FLINN to grad school, we know not where. GARLAND DEVER hoping to join the IGY expedition to Antarctica—if not, then the Army for a short stay—then the Geophysical Service Co.

ED HEALY—another married—to two years with the US Army, going to Fort Sill, Oklahoma, for artillery.

DICK MEINER was married Aug. 29. GENE MUHLHERR to be married Sept. 14, and working for Geophysical Service Inc. of Dallas. TOM SHROEDER has a grad assistantship at Wash. Univ. in St. Louis. JOHN TRECKMAN doing field work in the west for Shell Development Co., and will go to grad school at the Univ. of Colorado. ED ZILLIKEN is working for the Humble Oil Co. in Wichita Falls, Texas, and plans to attend St. Louis U. grad in the fall.

BARRY CORONA is playing the role as dockhand of the New Jersey waterfront. . . . RAY MILLER of Tulsa is attending Univ. of Oregon's field camp in geology, and will then roughneck till school starts.

Also in the foothills of Virginia—Lts.—ART GUETERDING, JOE MANZE, JOE MOCARSKI, JERRY HORNBACK, CONNIE LANE, JACK COGAN, DICK COLEMAN, JACK BUCKLEY, DICK SWIFT, PAUL FLATTERY, BOB HAVERKAMP, TOM KANE, FRANK BROPHY, JIM SWEENEY of Florida, and JIM SWEENEY of Chicago. MARV HOFFMAN, DICK WOODS, RAY ROTH, and yours truly.

And last, but not the least in importance—BILL LLOYD broke his neck water skiing, and prayers are requested for his speedy and healthful recovery. Also, a note to Bill would help cheer up some rather tough and trying days.

ED LYNCH dropped a note the other day, and he is entering the seminary shortly. He will be at St. Charles Borromeo in Philadelphia.

RAY (RA) DeSUTTER entered the Trappists June 16. Ray was one of the happiest people who ever walked the N.D. campus with our class of '57—and a fine all-round fellow. He may receive mail, but cannot answer, so if anyone wishes to write, please send their letters to his home in Attica, Ind. Just the name and town are sufficient address.

JOHN F. WINDOLPH is working in the U. S. National Museum in Washington as a paleontologic comparator.

JOHN H. JUERLING and EDWARD JAMES SORENSON graduated from the Navy's officer candidate school of the naval station, Newport, R. I., and were commissioned ensigns, USNR.

LAWRENCE V. HAMMEL is working for a master's degree in civil engineering at M.I.T.

Cummins Engine Company, Inc., Columbus, Indiana, has recently announced the employment of JOHN D. DURBIN, JAMES R. WILSON and STEPHEN D. PENNY, JR. Durbin and Wilson are beginning as trainees in the sales division and Penny in the manufacturing division until given a division assignment with the Cummins organization. All three will reside in Columbus. Jim Wilson is married. He and Mrs. Wilson have two children, Richard, age 3, and Pamela, 20 months.

DR. RICHARD E. STANTON, an instructor at Catholic University in Washington, has been appointed Assistant Professor of Chemistry at Canisius College. Dick was a teaching fellow for two years at Notre Dame.

JOHN L. O'BRIEN, of Oakville, Ontario, has been engaged in summer work as a research assistant for the Metals Research Laboratories in Niagara Falls, New York. John has entered Harvard University this fall to study for his Ph.D. degree in metallurgical engineering.

And in closing—finally—I've just about run out. All this news that is here is thru the courtesy of a few people—mostly by word of mouth. Consequently, inaccuracies may have developed. So please, in the near future take just five minutes and drop a card to me at either of the below addresses. Right now I'm stationed at Quantico, and run into a great many N.D. men, but soon I may be in Okinawa or in the Canal Zone with JIM CUMMINGS—one never knows. Just a few lines with some information about yourself and your friends would be greatly appreciated.

1957 LAW SCHOOL CLASS NEWS

Paul Kraus
1730 W. Bancroft St.
Toledo 6, Ohio

Well, gang, here goes the first one. It seems like ages since all of us left the stadium after graduation. No doubt many cram courses and bar exams have been taken by this time. I know that the six of us who took the Ohio Bar are glad that it's over. As of this date, I have learned that I passed the exam along with TOM S(P)KE CALDER who attained the highest grade in the Ohio Exam. Just like N.D. Congratulations, Tom! In addition, Christ the King Church in hometown Worcester, Mass., was the scene of Tom's marriage to Patricia Anne Coffey on August 17. After their honeymoon, Tom will begin his duties as clerk for the Honorable Potter Stewart in the Federal Court for the Sixth Circuit in Cincinnati.

Word comes from central Indiana that TOM BEELER has joined the Army Reserve and is a member of a Counter Intelligence unit assigned to Indianapolis. He left for his six months active duty training on August 17 and went to Ft. Leonard Wood, Mo. His most recent letter stated that ZEKE ZANARDI had joined the National Guard in Iron Mountain, Mich., and was planning to attend Ft. Leonard Wood for training sometime in October. As you may recall, Zeke was issued part of his uniform (fatigue jacket) while he was still under the Dome. The only adjustment necessary was the sewing of his name on the breast pocket.

RON MOTTI also joined the Guard in his native Parma in an administrative position. He told me in Columbus what it was, but all I can remember is that it had something to do with a certain political party. He planned to work in a few innings of relief for the Ft. Knox Indians if the supply of strawberry ice cream held out.

VERN TEOFAN, the well-liked, former proprietor of "Mother Teofan's Coffee Lounge," is presently holding forth as a legal officer at Box 44, Ellington AFB, Houston, Texas. He took the Texas Bar, but as of August 14, he had not learned

of the results. He is doing a great deal of trial work for the AF, mostly on the defense. He credits his knowledge of ancient Grecian trial tactics and his ability to get carried away easily for his success in holding several sentences down to 25 years. In a more serious vein, he does feel that he is gaining much valuable experience.

RON SMITH reports from the land of the sky-blue water that he and ED, THE OX, FOX graciously accepted the hospitality of Texas when they attended the wedding of JOHN ROGERS and Therese Messina in Dallas on June 15. John was somewhat discommoded when he suffered an emergency attack of appendicitis on the evening before the wedding. However, being the tough Texan that he is (N.B., MARIO CISNEROS), the church bells tolled as scheduled the next morning. John and "Dippy" are presently at Quantico, Va., where John is attending justice school with the U.S.M.C. RON SMITH also had a slight brush with the hospital as a result of an auto accident, but it was not serious enough to prevent his taking the Minnesota Bar on July 15 along with DAVE NAUGHTIN.

JIM BOOTH wrote me from 136 South Main St., Tipton, Indiana, and reports that school had its advantages though he enjoys his work in the law office of Floyd Harper. The Indiana Bar will be coming up for him and DOC BLUME in October. Jim visited Barbara and LARRY KANE in Cincinnati during the Fourth of July weekend and found Larry somewhat recovered from the ordeal of the Bar. By the way, Larry will celebrate his birthday on September 27 and TOM MEGARGLE's is on the 25th of September. Each of them would no doubt appreciate a card.

Congratulations to KARL GOETHEL for his success on the Wisconsin Bar and also to TED WERNER who passed both the Iowa and Wisconsin Bars. BOB GORMAN is due to wind up his work in Chicago and he and Genevieve, his bride of June 8, will head for Washington where he will serve as clerk for Mr. Justice Tom Clark. Unfortunately, the "Newsweek" article concerning Supreme Court clerks was published a little early, but considering Bob's editing abilities, he will no doubt be able to bring about a revision of the article.

Yours truly is a PV-1 in the Army Reserve attached to the 779th Engineering Field Maintenance Company as its clerk. I was able to get a clerkship after all. I'm pretty well "squared away" into the pattern of weekly meetings. Six months of ADT with the initial assignment at Fort Knox, Ky., is due to begin about the middle of September. Any and all mail from you will be welcomed and can be forwarded when I leave to serve Uncle Sam.

YOU CAN HELP NOTRE DAME

BY

Sending a personal contribution

Submitting names of friends interested in the university

Advising N.D. Foundation Office if your company has a 'plan of giving'

Informing University of your corporation's 'areas of interest'

Remembering the University in your Will or Bequest

Contributing gifts other than money (i.e. paintings, equipment, books, etc.)

Naming the University as a beneficiary in your insurance policy

Listing names and addresses of Foundations in your community

UNIVERSITY OF NOTRE DAME
FOUNDATION,
NOTRE DAME, INDIANA

Office of the President

The University of Notre Dame

Alumni Association

Cleveland, Ohio
Oct. 15, 1957

Fellow Alumni:

Having been blessed with Irish ancestry, naturally I am often reminiscent and recall some twenty-nine years ago when I would walk to my room in the old gymnasium from dinner in the then new dining hall. I was invariably moved by a deep embracing sense of gratitude for the privilege of being a Notre Dame man. As you know, I never claimed to be either poet or minstrel, but, nevertheless, my Gaelic heart was always filled with song for my University.

Today that song is still there, muted a bit because of age, but just as melodious, just as sincere and now re-scored a bit with some new notes of appreciation for the great honor you have bestowed upon me by choosing me as your President.

It is not an enviable assignment, to follow a man so capable, forceful and energetic as my predecessor, Joe O'Neill, nor is it easy to fill the pattern set by his predecessors, but I have counted heavily on my zeal and gratitude to do a commendable job for my University and you.

The Alumni Board has been keenly interested in every activity of the University. You know about the move to increase and round out our faculty and of the expansion of the physical properties of our campus. The rising cost of educating students today, the increasing number of applicants for admission, our athletic situation and many other problems and circumstances have had our full consideration. They were resolved for the prime purpose of a greater Notre Dame.

At our meetings we have had the advice and counsel of many of our good priests, especially Father Hesburgh, Father Joyce and the ever young Father John Cavanaugh. Of course, I would be remiss in my duties if I failed to give due recognition to and acknowledge the almost infallible guidance of our esteemed Secretary, Jim Armstrong. Without him we could not function. While we have not always been in accord on the subjects or issues at hand, we have been mutually agreed on our premise—to help unselfishly our University.

I believe all our Notre Dame men have been recipients of many benefits, tangible and intangible, due to the simple fact that they are Notre Dame men. I also believe that as a result of these benefits we have incurred certain obligations to our Alma Mater, especially if we expect her to remain one of our great Universities. The most vital need of Notre Dame right now is the building of the new Moreau Seminary in which young men, who have been called to serve God with our dedicated priests, will receive their training.

The building of this new seminary is an immediate necessity as the present outmoded seminary is grossly inadequate and crowded to over double its capacity. Room must be made for these young men who are willing to make every sacrifice and ask so little in return. I am confident that all you loyal alumni will respond generously with your prayers and financial assistance.

Our Notre Dame is a great school—we have as fine a faculty as can be procured. We have a magnificent and beautiful campus alive with young exemplary Notre Dame men. We have our dedicated Fathers and Brothers of Holy Cross—we have that great indefinable spirit that thrilled me thirty years ago and still makes me grateful for being a Notre Dame man.

Sincerely,

"Pat" Canny

J. PATRICK CANNY,
President
