A NEW KIND OF PLAY HOUSE

(See "Patterns for Survival: Living with the Atom")

MEDIATION — a new dimension in higher education. Keep that word in your thinking. It may well be the key to the destiny of Notre Dame.

As the echoes of the intensive Challenge Program in 1961 begin to subside, we must turn our attention to the real goals of the University that dictated that campaign (and the ultimate success it must achieve).

" . . . Catholic higher education can, in our time, perform an important mediatorial function. Catholic higher education stands for something definite, definable, and, I trust, something true, good, beautiful, and timeless. The world is disjointed today in so many ways, fragmented into so many disparate parts, that one might look far to find a more inspiring, more important, or more central task for the

This concept has not been adequate. It is from this inadequacy that higher education and the world outside the campus have finally met in a feeling that the pool of higher educational resources — whether faculty, or facilities, or alumni — has been largely untapped, as crises have multiplied in areas

indeed, in any way that the present-day needs of mankind demand and in whatever areas where we might serve as men committed to Christian wisdom. . . . "

Destiny will not be achieved in complacency. It will not thrive on the all-for-one and one-for-all tradition. It

Mediation ' . . . the Exalted Work '

Catholic higher learning than the exalted work of mediation in our times. . . . "

These are words spoken by Father Theodore Hesburgh to the National Catholic Educational Association in April, 1961. He has spoken in similar vein to alumni.

In the ensuing months it has been my good fortune to talk with many representatives from campuses all over the country — state, private, large, small, men's, women's, co-educational.

The feeling is general that there is a gap between our system of higher education and the problems it presumably was established to solve — one of the greatest being the area of public responsibility.

Historically, colleges and universities were set up to preserve knowledge, to transmit knowledge, and — primarily in basic research — to expand knowledge.

But in all of these segments, the campus retained an objectivity, a detachment from its contemporary world.

If, in preserved or transmitted or new knowledge, there might be solutions to contemporary problems, it was the responsibility of the world outside to adapt them.

where only trained leadership can contribute enlightenment.

Into this realization, almost as it dawns, Father Hesburgh has injected the dynamic new concept in the practical new dimension of mediation.

Through his participation in national and international areas of crisis, as an educator and a priest, he has grasped the significance of the opportunity that is knocking at the door of all higher education, and the even greater opportunity that knocks at the door of the Catholic university.

If the University of Notre Dame can implement his concept, it may well become the number one University of the world. In his words:

" . . . The University has always been the critical mass in society. Today one may not simply criticize: the problems are too enormous. The modern university must begin to commit its resources to solutions. I can visualize the Notre Dame of tomorrow operating in South America and in Africa. I can see Notre Dame leading the way at home and on the world scene, too — in the ecumenical movement, in civil rights, in the philosophy of science, in bridging the gaps between diverse world cultures, in atoms-for-peace —

will require the intellectual application of alumni and students as never before.

But in the absence of this initiative, in our failure to throw our strength into today's crises, weakness begets weakness.

Perhaps the most vivid realization of this decline lies in the fact that Catholics are pitted against Catholics in problems of civil rights, in problems of labor and management, in problems of political philosophy, even in problems of population control.

The world we live in, certainly the academic world we live in, will, within the few years just ahead, recognize this new dimension and mobilize the increasing resources of higher education to its implementation. The alternative would seem to be a growing failure of function, with accompanying disillusion and detachment of support by the society that in its earlier vision and conviction built our schools.

Notre Dame, through its President, has defined the challenge and the opportunity.

It remains for all of the strength behind Father Hesburgh to determine whether this definition becomes a milestone in destiny.

CHALLENGE NOW IN THE STRETCH WITH ONLY \$4.3 MILLION TO GO!

From July 1, 1960, to the present, the University has received approximately \$13,700,000 in gifts and pledges toward the \$18 million Challenge Appeal Goal, or about 76 per cent.

Of this total nearly 15,000 alumni have given or pledged more than \$3.6 million, \$2,102,000 of which came in gifts or pledges of less than \$500. The total to date indicates participation by less than half of Notre Dame's 30,000 active alumni, but thousands more are expected to contribute toward the goal of greatness before the June 30, 1963, deadline set by the Ford Foundation. Pledges turned into cash by that date will be matched by the Ford Foundation at a ratio of 1 for 2 up to \$6 million, which the University needs for many necessary projects not covered by the appeal.

More than \$4,300,000 in additional gifts are required by the deadline to meet Notre Dame's minimum need in the Program for the Future. Only sixteen months remain in which to accomplish the task, but alumni have already demonstrated that they will do more than their share.

William Mahoney Elected to Head Alumni; Carroll, Huter, Mehre to Assist President

WILLIAM P. MAHONEY, JR., '38, Phoenix, Ariz., attorney, was elected president of the Notre Dame Alumni Association by its board of directors January 19. He succeeds Walter Fleming, Jr., '40, Dallas, Tex., industrialist, as head of Notre Dame's 30,000-member alumni organization. Fleming remains on the board as honorary president.

Elected vice-presidents were Maurice Carroll, '19, St. Louis, Mo., architect (Class); Roger Huter, '40, president of Huter-Quest and Co., Louisville, Ky. (Clubs); and Harry Mehre, president of Sunny Isles, Inc., Atlanta, Ga., soft drink firm (Fund). James E. Armstrong, '25, South Bend, Ind., was re-elected executive secretary of the Association.

Bill Mahoney received a law degree from the University in 1940. He was captain of the 1938 track team and served as track coach from 1938 to 1940. He was a naval officer during World War II. From 1946 to 1948

he was assistant attorney general for Arizona, and he was prosecutor of Maricopa County (Ariz.) from 1953 to 1957. Bill was chairman of the Arizona delegation to the 1960 Democratic convention, supporting the presidential candidacy of John F. Kennedy. He and his wife have seven children, four boys and three girls.

Installed for three-year terms on the board were Albert D. Castellini, '24, Cincinnati attorney; Philip J. Facenda, '51, president of the Midwest Container Co., Inc., Chicago; Peter J. Kernan, '49, college recruiting coordinator, The Ford Motor Co., Dearborn, Mich.; and Adam J. Walsh, '25, Brunswick, Me., a U. S. Marshal and former collegiate and professional football coach.

The newly elected directors of Notre Dame's alumni organization took office at the winter meeting of the board January 18-20 on the campus. The next meeting will be held with Eastern representatives of Notre Dame Clubs and Classes in May.

I. Living with the Atom

JOHAN DASEK of South Bend, Indiana, is an architect and former resident of Milwaukee. Inducted into the Air Force in his senior year at Notre Dame, he applied for elected membership in his original Class of 1954 before returning for a degree in 1959. His wife Sue is attractive enough to have been named Queen of the Town & Country Shopping Center at its recent opening near their home.

On November 18, 1961, the Daseks and two of their young children emerged after 116½ hours in a temporary "home" — a steel fallout shelter at the same shopping center — and returned to their permanent abode in time to hear the Notre Dame-Syracuse football thriller on the radio.

"Really nothing to it," said John of their ordeal, and Mrs. Dasek agreed: "We were surprised. We thought it would be much worse."

Architect and Family Hibernated For Civil Defense Experiments

With Life in a Fallout Shelter

It was their first look at the outside world since they entered the shelter on Monday afternoon, November 13, to begin a shelter living experiment under conditions ap-

The electrical fires weren't as bad as the after-effects. "It took a long time to get the smoke out of the place," John says.

Exercise and recreation were severely limited in the cramped quarters, 12 feet long, 10 feet wide, and barely high enough in the center for the adults to stand erect. To pass the time there were only a few children's games and a transistor radio which functioned properly only early in the morning and late at night when traffic and

other interference were at a minimum outside. The family didn't mind the lack of television; their set at home had broken down a week before their adventure.

The routine included daily reports to the South Bend Tribune over their telephone line. The reports included first-hand observations on fallout shelter life which suggest, beside their value to Civil Defense, an excellent check list for future shelter builders. Some of the suggestions follow:

1. *A floor drain and dry well to eliminate human waste, dishwater, etc.* The Daseks had a 20-gallon can in which were deposited garbage, water and the sealed disposable bags with which the toilet was equipped. It met their needs, but they believe a dry well would be preferable for a longer shelter stay.

2. *An organized system of storage with small shelves for every purpose.* The Dasek dwelling had shelves all along the walls. The resulting clutter, they believe, would have been alleviated by separate shelves for food, water, cooking equipment, tools, first aid supplies, and other items.

3. *Plenty of cooking utensils.* The Daseks had a lot of equipment, but Sue found she could have used a long cooking fork, a ladle, extra pots and skillets.

4. *Small cans of food and liquids in great variety.* The Daseks had to throw out food for lack of refrigeration when they were unable to eat the entire contents of large cans. There was plenty of food left over, John reported, since appetites were curtailed by the lack of normal activities.

5. *Condiments, spices, appetizers, to brighten the menu.* The Daseks suffered from a lack of mustard, ketchup, etc. Cheese spreads were found best for shelter eating, since they could be used on crackers with little preparation, waste or cleaning up.

7. *Decoration to brighten drab surroundings.* The Daseks suggested that painting walls, adding drapes, curtains and other decoration would help to relieve the "jail cell" atmosphere.

8. *Recreational materials* like books, playing cards, games for adults as well as children. "We might have gone stir crazy," said Sue, without the Monopoly game she played nearly every day; these sessions were fun, even though her husband did win all but three of the 14 games they played.

All in all, the Daseks enjoyed their experiment and were proud to have played a part in research on living with the atom.

MR. AND MRS. JOHN J. DASEK, '54, stand before the "home" they occupied for five days with the children: (l.-r.) John, 2; Christin, 1; and Catherine, 4. The baby did not accompany the rest of the family into the shelter.

proved by local Civil Defense authorities.

They were greeted by the fifth member of the Dasek family, 11-month-old Christin, who stayed with friends during the family's five-day confinement. The youngest of the shelter dwellers, two-year-old John, climbed back into the structure until his father explained that they wouldn't have to stay there any more. Four-year-old Catherine seemed almost sad to be leaving her "play house."

Excitement and drama were provided by two fires that broke out in the wiring during the Daseks' stay. A wire pulled loose the first night when workmen covered the shelter to keep out the cold. Sparks flew about until a call on an unlisted emergency phone summoned a maintenance man from the shopping center, who turned off the electricity at an outside power control box while John spliced the broken wire. Sparks sputtered again early Saturday morning when the splice pulled apart, and John had to make repairs in the same roundabout way.

INFLATED ECHO SATELLITE, its 100-foot diameter dwarfing figures in foreground, requires 40,000 pounds of air on the ground but only a few pounds of gas to inflate in orbit. Its micro-thin plastic film skin, coated with aluminum, reseals after meteorite punctures, weighs less than 200 pounds, with equipment and metal container. It can function at 1,000-mile altitude as a reflector for intercontinental communication or soar moonward as a visually trackable lunar probe.

Echo I Still Circles in Space, But for Designer Bill O'Sullivan, '37, It's 'Back to the Drawing Board'

A FEW WEEKS ago a Thor rocket took off from Cape Canaveral, Florida, just before dawn. It contained a giant (135 ft. diameter) Echo A12 satellite, an experimental successor to the famous Echo I, packed in a small metal cannister. Released by explosive bolts, the vehicle inflated quickly before a rip appeared in its silvery surface. Scientists — including Echo creator William J. Sullivan, Jr. — watched on television while a camera in the rocket recorded the disintegration. The too quick inflation had been caused by a tiny amount of residual air; O'Sullivan and colleagues of Operation Echo went back to their drawing boards.

In 1957, when the ALUMNUS first described the scientist's experiments with inflatable vehicles for radio-reflection, no one could guess that three years later a huge aluminized plastic balloon with a skin

half as thick as cellophane would be seen crossing the sky like a new star — and would remain in orbit to this day.

National Aeronautics and Space Administration's medal for exceptional scientific achievement was presented to O'Sullivan last October 27 during an awards ceremony at NASA Headquarters in Washington, D. C.

Head of the Space Vehicle Group at NASA Langley Research Center, he was recognized for his concept of inflatable vehicles as instruments for obtaining valuable information on space and for his exceptional scientific achievement in directing the design and development of Echo I — the world's first passive communications satellite which has been orbiting the earth since August 12, 1960.

This is the second award Bill has received for his space research activities. He won the 1961 Astronautics Engineer Achieve-

ment Award last March 16 at the annual Dinner sponsored by the National Rocket Club.

Bill has been a research scientist at Langley since November 1938. He also serves as an assistant to the chief of Langley's Applied Materials and Physics Division (AMPD).

During his two decades of service at Langley, Bill has specialized in a number of fields of research concerned with flight — including aerodynamics, fluid mechanics, heat transfer, the physics of the atmosphere, rocket ballistics and propulsion, metallurgy, and the design and development of space vehicles.

He is credited with the conception of a research program using extremely lightweight satellites to study characteristics of the upper atmosphere and outer space. The micro-thin satellites are made of plastic coated with aluminum foil and are designed to be rocketed into orbit in a deflated condition, then inflated by an attached nitrogen cartridge after they are ejected from the powerplant. Satellites of ever greater diameter have been built in connection with the space research program.

Bill, a native of Louisville, Kentucky, graduated from Notre Dame as an aeronautical engineer and entered duty at Langley near Hampton, Virginia, a year later.

O'Sullivan is active in a number of scientific organizations concerned with space. He is a member of the U. S. International Geophysical Year Technical Panel on Rocketry, and serves on the Committee on Geodesy of the Space Board of the National Academy of Sciences. A number of technical papers on research activities at Langley have been prepared by him for publication by NASA and for presentation to scientific societies.

He is married to the former Myrtis Genevieve Hall of Shanghai, Virginia. With their five children, they make their home at 4015 Monitor Drive, Hampton, Virginia. Bill has been active with the Boy Scouts of America for many years. At present, he is Chairman of the Explorer Scout Post 24 Committee of St. Rose of Lima Church in Hampton.

The Student Slant

By Terry McCarthy
Secretary, Notre Dame Class
of 1962

A NEW FRONTIER?

AS THE ERA of the new frontier sweeps the United States what changes, if any, find their way to the campus of Notre Dame. If a student on campus were asked what concerns him most, most likely the answer will include a brief discourse touching on regulations, campus feelings, what to do after graduation or even just plain food, and assuredly the student would ask, did you see our new library being built on Cartier Field? Let us briefly investigate these topics to see if a new frontier is present at Notre Dame.

On campus physical expansion is climbing toward an apex. The old Navy Drill Hall has been torn down, and on the north end of the campus the new student activities building will be completed by February. The construction of the new library is the focal point of an \$18 million building program, which will also include two graduate resident halls, an increase of \$2 million for the student aid fund, faculty salary increases, research allotment, and aid in other designated fields. The physical growth is only one external manifestation of the inner growth of our University. Notre Dame grows so that she may continue to establish herself rightly as a leading institution of learning. Thus there will be even greater opportunities for students to realize their potential in an atmosphere of education of the whole man. Now let us move on to regulations, which put a new look into campus life.

New Discipline

This year a change in disciplinary policy greeted the students, a change which is the result of years of discussion, planning and study. The most obvious innovations are the abandonment of restricted study time and morning checks along with the installation of hall chaplains. This appears to be a promising tendency away from an externally imposed substitute for community spirit of living among the students. The section on regulations in the student guide no longer carries the explicit specifications of "grave" and "more grave" penalties, and it has been trimmed down to eight general rules. In relation to the disciplinary changes, Rev. Charles I. McCarragher, C.S.C., Vice-President for Student Affairs, has said, the old regulations were created for a smaller school than that of the present. With enrollment now at 6,500, the need for decentralization of discipline and greater student responsibility was felt. It is felt that self-discipline can mold character much better than enforced discipline.

The students now make the decision as to the time for retiring and awakening. Lights no longer are turned off and on. Morning check, often justified as an aid to morning Mass attendance and as a discipline

builder, has been discarded. Instead of morning check a more intensive religious program under the direction of the hall chaplain has been instituted. This year, the freshmen are granted unlimited midnights and are distinguished from upperclassmen only in that they have a midnight instead of a 12:30 (seniors 12:45) curfew on Saturday nights.

Student Apathy?

There is no nostalgia among most students for the old discipline, and the trend toward self-discipline appears to be accepted with a calm feeling of self-assurance and conscientious responsibility. If we were to project current student feelings into the future, we would find a confidence to rise to any occasion and the ability to accept leadership. Certainly time will tell whether these prognostications are correct.

In line with the new responsibilities placed upon the student body the charge of *Faire-Neantism* (student apathy) makes its appearance. The men elected to class offices and positions have not let *faire-neantism* affect them. Each class has initiated vigorous class plans that have been running smoothly to date. As an example of these programs let us take a look at senior plans.

Academically, the senior class is sponsoring a lecture series with discussions centered on such practical matters as military obligations for non-ROTC students, and in the future, job interviews, income tax statements and insurance policies. This is only an example of what is represented on each class council under the direction of academic commissioners. Other phases of student life that are represented on class councils are the religious, social and athletic aspects.

Since 1954 the senior class has chosen a "Patriot of the Year" in conjunction with the traditional Washington Day Exercises. Apathy? Well, the vote this year broke all existing records, both in ballots cast (818) and percentage of turnout. Over 85% of on-campus seniors voted, as did better than 30% of the off-campus seniors. Perhaps these are isolated examples but I believe that the general feeling on campus is, *Faire-neantism*, no!

Something of particular interest to the senior is job opportunities for the 1962 graduate. The engineering or science graduate has a particularly bright outlook, and the commerce and arts and letters graduate has, if not as bright, still a promising outlook. It is interesting to note, however, that the present trend is for the graduating senior to continue in graduate school.

In recent years Notre Dame has been one of the leading Midwestern schools in the winning of Woodrow Wilson fellowships;

Fulbright and Rhodes scholarships also are not foreign to the Notre Dame student. When these awards are added to the list of other fellowships and scholarships that are won it is easy to see why conservative estimates say over 50% of the graduating seniors attend graduate school. Thus in senior discussions grad school is an eminent topic no matter where the place of discussion.

The graduate school desire is somewhat reflected in the present interest of 550 seniors in taking the 1961-1962 edition of the graduate records examination and 300 more desiring to take the law, business and medical board examinations. These are not exact figures, but they serve well as a general estimate in depicting the number of seniors with the ambition to continue their formal education.

One topic of interest to all Notre Dame students, no matter what their plans for the future, is the food served at the dining halls. Last spring a dining hall questionnaire was circulated, with the hope for improvement in the everyday routine; at present the only major change is the allowing of unlimited milk at meals. Last year's students favored fewer servings of potatoes. Also soups and "closed" cold cut sandwiches were high in demand. Items vetoed in the questionnaire were the suggestion to eliminate meat at the first meal to allow more quality in the last two and the proposal of dropping choice meats for a greater selection of other dishes. On a more general level the questionnaire revealed that just 58% of the men eating at the South Dining Hall thought meals were reasonable. At the North Hall 68% expressed this opinion.

A new frontier on campus? Probably not. The interests of today's students remain similar to those of their predecessors. Whenever the world situation changes then the interests of the student are molded in new forms, but still with the basic intention of preparing the student to be a better man in all respects: a man who is able to adjust to the many frontiers of life.

HELP WANTED

Applications sought with a view to immediate consideration for a permanent administrative position in alumni relations at the University. Business and public relations experience would be extremely helpful. Applicants should include a resume when writing to the Executive Secretary, University of Notre Dame Alumni Association, Box 555, Notre Dame, Indiana.

Father Hesburgh, Reamer Honored

Last October Father Hesburgh was awarded the ribbon of honor of the Catholic Austrian Student Association, "Alpenland." Thus he became the first person from a non-German-speaking University to be so honored. Our president was in Vienna as a permanent Vatican representative to the International Atomic Energy Agency. At the candle-lighted ancient ceremony were: Dr. Julius Raab, former Chancellor, now president of the Republic of Austria; Prof. Rehrl, pro-rector of the National Agricultural College; Prof. Johann Kosnetter, dean of the University of Vienna Theology Faculty, and numerous officers and representatives of Austrian Catholic Academic Societies.

Telegrams of congratulations were received from Dr. Leopold Figel, former chancellor, presently chairman of the National Assembly; Dr. Kalubka, chairman of the People's (Christian Democrat) Party; Cardinal-Archbishop Koenig, and Msgr. Friedrich, Papal Nuncio.

In the awarding ceremony, Prof. Adolph Geiger cited Father Hesburgh for his untiring efforts to put to peaceful uses a force of nature heretofore used only for destruction and demolition. Dr. Peter Veith, senior (president) of "Alpenland" added the hope that a bridge would be built between Notre Dame and "Alpenland" that would be frequently crossed in the future. Mr. Karl Gump, philister senior (alumni president) spoke of a new era of co-operation between Catholic academicians in the whole world. Americans present were Mr. Frank M. Folsom, former chairman of R.C.A., Papal Chamberlain and chief Vatican delegate to the I.A.E.E. and Richard S. Reamer, Jr., a Notre Dame alumnus ('55), senior medical student in Vienna and first foreigner to be made a regular member in the Catholic Austrian Student Association "Alpenland."

Father Hesburgh and Dick Reamer scored a "double first" for Notre Dame: first full-fledged membership for a foreigner and first foreigner to be awarded the ribbon of honor.

Major Gift by Tavares, '27

A gift of \$500,000 from Mr. and Mrs. Carlos Tavares '27, of La Jolla, California, was announced in January. Mr. Tavares, a 1927 Notre Dame civil engineering graduate, is president of the Tavares Construction Company, Inc., in La Jolla. He is a member of the University's Advisory Council for Science and Engineering.

Father Hesburgh said the half-million dollar Tavares gift is "one of the largest received to date" in Notre Dame's \$18,000,000 Challenge Program, a nationwide fund raising effort. He described Mr. and Mrs. Tavares' generosity as "truly magnificent" and said their gift would be used to help finance the thirteen-story Notre Dame Memorial Library currently under construction.

Nearing completion is the \$350,000 Stepan Student Activities Center, gift of Mr. and Mrs. Alfred C. Stepan, Jr., Chicago.

As a direct result of Mr. and Mrs. Tavares' philanthropy, the Ford Foundation will award the University an additional \$250,000. The Foundation is committed to match on a one-for-two basis every gift which Notre Dame receives for non-governmental sources up to June 30, 1963. Notre Dame is one of six American universities benefitting from the matching-gift provision of the Foundation's "Special Program in Education." Objectives of Notre Dame's current \$18,000,000 development program include the Notre Dame Memorial Library, \$8,000,000; two graduate residence halls, \$4,000,000; faculty development, \$3,500,000; student scholarships and fellowships, \$2,000,000; and a retirement program for non-academic employees, \$500,000. Additional projects underway are a \$3 million computer center and a \$1 million radiation chemistry laboratory.

Father Steiner, Mestrovic Dead

Since the forms were locked up on the Class Notes section a distinguished member of Notre Dame's 50-year Club, Father Thomas A. Steiner, C.S.C., '99, has passed to his reward. Father Steiner, a faculty colleague and roommate of the late Cardinal O'Hara even before both were called to the Holy Cross priesthood, died January 1 in South Bend. He was beloved by generations of Notre Dame men as a teacher, dean of engineering, rector, prefect and spiritual advisor. His most recent assignments were as advisor to the president on University construction and earlier as pro-

vincial superior of Holy Cross Fathers in the U.S. A civil engineer and teacher for 15 years before he began studies for the priesthood, he was a close companion to Cardinal O'Hara until the latter's death in 1960.

The obituary section was closed before the death of Ivan Mestrovic, internationally celebrated sculptor and professor at the University, on January 16. Born in Croatia and educated in Vienna, he was revered in Yugoslavia as a patriot as well as an artist, a leader in the fight against both Fascist and Communist invaders. Prof. Mestrovic, who came to Notre Dame from Syracuse University, has several famous pieces of sculpture displayed on campus, including the seven-ton marble "Pieta," formerly at New York's Metropolitan Museum of Art and now in Sacred Heart Church. After a funeral on campus January 19 his body was returned to Yugoslavia for burial. His widow and two children survive.

Alumni Named Papal Knights

Several Notre Dame men—and women—have been approved and accepted as Knights and Ladies of the Equestrian Order of the Holy Sepulchre by Pope John XXIII.

Dr. Daniel J. Bradley, '28, of Amityville, N. Y., was invested last fall in ceremonies in St. Patrick's Cathedral, New York City, with Cardinal Spellman presiding. Mrs. Bradley was made a Lady of the Order in a separate decree.

Investiture ceremonies in Houston, Tex., at the annual meeting of the Western U. S. Lieutenancy, included several alumni and friends from St. Louis, Mo. Named Knights were Dr. Matthew W. Weis, '22; Vincent J. Fehlig, '34; and Harry S. Surkamp, father of Robert, '49, and Henry, '46. Mrs. Fehlig and Mrs. Surkamp were named Ladies of the Order.

WEARING CAP AND RIBBON of Honor of Vienna's "Alpenland" Austrian Catholic student society, Father Hesburgh is first non-Germanic scholar thus honored. At head table are (l.-r.): Msgr. Johann Kosnetter, dean of Catholic theology, University of Vienna (under flag); Richard S. Reamer, Jr., '55, senior medical student and first foreign member; Dr. Julius Raab, president and former chancellor of Austria; Father Hesburgh, and Dr. Peter Veith, senior (president) of Alpenland.

NOTRE DAME:

REMINISCENCES OF AN ERA

Nonfiction by Richard Sullivan, '30. Notre Dame: University of Notre Dame Press, 1962. Paperback (NDP-10), 259 pp., \$1.95.

Tenth in the paperback series of the Notre Dame Press, this is a new edition of a book originally published by Henry Holt in 1951. It was first described as "the story of a great university." This it is not, in the sense of being a complete chronological history. The author has described it as "a love song" and a "mystery" — ambiguous but curiously exact terms for a book that is more rhapsodic than scientific in concept and construction, part paean, part profile, part serious appreciation and part burlesque. A character sketch of an historical figure or a beloved professor stands beside an Orwellian satire on Lobund, an impressionistic vignette, or a personal reminiscence. Perhaps this is partly the secret of the book's durability, or the blurb's assertion of its "enduring fidelity . . . to that intangible something that bears the tag, the 'spirit' of Notre Dame." The revision consists principally of a short prologue and a longer epilogue, correcting a few mistakes, skimming quickly over developments of the past ten years, and containing a long eulogy to a departed friend and mentor, Rev. Leo L. Ward, C.S.C.

PRISONER OF LOST ISLAND

Teen fiction by Frank Kolars, '24, M.A. '25. Milwaukee: Bruce Publishing Company, 1961. Hard cover, 160 pp., \$2.95.

A sinister Communist plot to take over a lumber camp in Chile is the center of interest in this new book by journalism graduate Frank Kolars, now teaching creative writing on the English faculty of New York's Hunter College. A cryptic code message woven into an Indian blanket sends young Ben Nichols to the Chilean interior in search of his father, believed buried in a landslide. Characters in this engaging mystery include Ben's uncle, an intelligence officer turned missionary priest; a housemaid who turns out to be a spy before she is murdered; a weird teen hot-rodder who attempts a kidnapping, and a swarthy stranger who is also an espionage agent; a mountain of a monk whose appearance belies his academic stature, a Chilean police captain, and friendly Indians. The author has been writing for radio and television for 15 years, has written for various feature syndicates, and recently turned to writing Catholic fiction, features and verse.

REVOLUTION IN THE CITY

Nonfiction by Vincent J. Giese, M.A. '50. Notre Dame: Fides Publishers Assn., 1961. Hard cover, 123 pp., \$2.95.

"It is no solution to the problem of integration when communities are allowed to go from all-White to all-Negro. Somewhere we must strike a balance and achieve some stable, integrated communities, where no racial or cultural or ethnic group has a one-sided grasp on a community." So concludes the author after dispassionately documenting the history of a Chicago community that recently changed from White to Negro "almost overnight." His book talks about the attitudes of people, the breakdown of institutions, practices of real

NOTRE DAME BOOKS

estate speculators, the panic of Whites in face of Negro in-migration, problems of youth amidst change, and the role of community organizations and churches. Analyzing the rapid turnover of his neighborhood, Giese laments the fact that the decision to move, for the most part, was taken from the hands of the residents. "Here is a situation," he writes, "where one community becomes inundated by Negroes who quite naturally are in search of housing in one of the few areas in Chicagoland open to them. The fault cannot be placed on the Negroes. . . . Neither are the residents of the community to be blamed for the upheaval. Real estate speculators, absentee landlords (hiding behind trusts), mortgage bankers, petty criminals from outside the areas, building managers who unjustifiably raised rents — and society at large for closing off other parts of Chicago to Negroes — combined to create an almost impossible situation for the long-time residents to cope with. That such a situation could develop — and is developing over and over again — calls for a serious examination of the urban problem." Although dealing with a particular community in Chicago, *Revolution in the City* strikes a chord in every large city in the United States. "The contemporary city is in a fight for survival," writes James V. Cunningham ('44, M.A. '50) of Action-Housing, Inc., Pittsburgh, in the introduction. "One of the significant changes flows from racial upheaval: the sudden displacement of the white population in a neighborhood by Negroes. Such changes have been particularly dramatic in the in-migration cities, those Northern metropolises like Detroit, Chicago, and Cleveland, which through job opportunities and the layout of rail lines have experienced prodigious increases in Negro move-ins during the past two decades."

THE GROUND I WALKED ON

Autobiography by George N. Shuster, '15, A.M. '20. New York: Farrar, Straus & Cudahy, 1961. Hard cover, 256 pp., \$4.50.

Dr. Shuster relives his 20 years (1939-59) as president of New York's Hunter College before his return to Notre Dame as the 1960 Laetare Medalist. "But," says Msgr. John S. Kennedy, "this is far more than a rehearsal of the trials and tribulations of an educational executive. It is, as well, a review of tumultuous years of conflict, a recital of travels and services for the United States Government, a portrait gallery of celebrities, a discussion of education's aims and methods in America at mid-century. . . . It makes stimulating reading. Dr. Shuster's opinions, candidly and trenchantly stated, will not meet with universal agreement, and his espousal of causes which have stirred controversy will cause angry dissenters to call for proscription of his book. In fact, he argues his convictions with force and urbanity and merits a thoughtful hearing for what he has to say."

THIS IS THE ROSARY

Spiritual Reading by Rev. Francis Beuchesne Thornton, '31. Introduction by His Holiness Pope John XXIII. New York: Hawthorne Books, Inc., 1961. Hard cover, 190 pp., \$4.95.

This scholarly addition to the literature of the rosary begins with a discussion of the psychological basis for repetitive prayer in meditative religions, then traces the history of prayer patterns from "rounds" of stones or knotted cords to *paternosters* or *chapelets* or *coronas* before the *rosarium* (rose garden) of fifteen decades or even the Hail Mary as we know it took shape. Father Thornton goes on to tell how the rosary became a universal practice, analyzes its prayers and mysteries, and presents valuable aids to meditation. The author, who published two books of verse before he left Notre Dame, went on to Oxford University and a professorship of English at Duquesne, served as a chaplain with the Canadian Army in World War II, and has been an editor of the *Catholic Digest* and its book club for nearly 20 years.

THE SCIENTIFIC ART OF LOGIC

Philosophy text by Edward D. Simmons, M.A. '49, Ph.D. '52. Milwaukee: Bruce Publishing Company, 1961. Hard cover, 352 pp., \$4.80.

Dr. Simmons, an associate professor of philosophy at Marquette, has written the first book of a projected Christian Culture and Philosophy Series, designed to present the basic themes of Western thought in such a way as to elicit personal involvement, arouse philosophic wonder and provide access, according to the editor, "to the works of men such as Plato, Aristotle, Augustine, Aquinas, Kant, Bergson, Maritain — whose writings are, after all, more fecund than any text can hope to be." A complete study of formal and material logic, the volume will presumably be followed by others on natural theology, cosmology, ethics, metaphysics, philosophical history and philosophical psychology.

BEFORE I SLEEP

Biographic anthology, edited by James Monahan. New York: Farrar, Straus & Cudahy, 1961. Hard cover, 275 pp., \$4.50.

A trilogy by the late Dr. Thomas A. Dooley III, '48, (*Deliver Us from Evil*, *Edge of Tomorrow*, and *The Night They Burned the Mountain*) detailed his first Asian experiences as a Navy physician in Viet-Nam, his return to Asia to establish hospitals in Laos, and his fight to maintain those hospitals in spite of criticism, Communism and his own encroaching cancer. There remained untold the story of the months between the surgery he underwent in August, 1959, and his death in January, 1961. For this story editor Monahan used a title taken from a Robert Frost quotation Tom took as his motto: "The woods are lovely, dark and deep, But I have promises to keep, And miles to go before I sleep." The story had to be told in the assembled testimony of others, for there was little

time for diary keeping in those urgent months. Msgr. Kennedy writes in *Balancing the Books*: "Dr. Dooley well knew that his illness might be fatal, and he knew before others that it was in fact fatal. He did not abandon his efforts to bring medical care to the peoples of the East, and especially Laos, but persisted in working, traveling, lecturing, begging until almost the eve of his death. He kept his promises before he slept."

ARCHITECTS IN AMERICA

OF CATHOLIC TRADITION

Nonfiction by Francis W. Kervick, Rutland, Vt.: Charles E. Tuttle Co., 1962. Illustrated, \$10.00.

The author, former head of Notre Dame's architecture department, is an alumnus of the University of Pennsylvania, but his continued help and interest have merited a special elected membership in the N.D. Alumni Association. For many years Prof. Kervick spiced his architectural practice and pedagogy with research on American Catholic architects of the past, searching public records, early newspapers, diocesan archives, even cemeteries, since so little printed material on their accomplishments was available. Citing a great architect who had been forgotten in 50 years, he noted that "it seemed worthwhile to record, as far as possible, other men who might thus be forgotten." Hence this collection of brief biographical sketches profusely illustrated with the subjects' work, in which a tradition that flourished between the fall of Rome and the Reformation is traced in church, school and other public buildings designed by American Catholics of the past 150 years.

PATTERN FOR PEACE:

CATHOLIC STATEMENTS ON INTERNATIONAL ORDER

Anthology edited by Harry W. Flannery, '23. Westminster, Md.: The Newman Press, 1962. Hard cover, \$5.75.

The interest of the Popes in international affairs is well known, but there has not been a recent work providing all the specific recommendations and suggestions of the Holy See. Mr. Flannery, radio co-ordinator for the AFL-CIO, has gathered a completely indexed book of documents and commentaries on peace and international relations from Leo XIII through John XXIII, indicating his purpose in the preface: "Catholics have a responsibility to be familiar with and to try to apply the principles set forth in the encyclicals. . . . May this volume help them to know the principles for peace and not to be satisfied with good intentions, but to proceed courageously to put them into practice."

A FEW YEARS BACK the Democratic candidate for President, on losing the election, said, "A strange thing happened to me on my way to the White House." I take this occasion to paraphrase this and say, "A strange thing happened to me on my way to a Notre Dame meeting in Denver." I lost, too, but not any presidency. Just blood. And I must say I was disappointed in the color. I had been going through life thinking I was a blueblood. On that night in Denver it was a plain old washed-out looking red. That's the way it goes, as the French say. If they say it. I take this opportunity to report that any rumors of my death are premature. I'm happy to say it—and thankful to be alive.

I don't like to be personal; therefore I ask your pardon. I received so many wonderful cards and letters and flowers, that I, with gratitude, thank all who took time and trouble. I also received many promises of prayers. I don't want anybody to renege on the prayers just because I'm up and about. These I can use anytime. And, for those of you who had not heard of my stay in the mile-high city, I will bring you up-to-date. Again, I ask your kindness.

It was just one of those things. It has nothing to do with the job of raising money. But, I do want it known and for the record that I was in Denver to meet with our committee on money raising. The meeting went ahead as usual, but I did not get to it. Dick Bowes, our man from K.C., who handles the West, took care of the meeting. He took care of me first and got me to the hospital. At the hospital was a wonderful Notre Dame man with a long needle, Dr. Phil Clarke. We had our own private meeting—and as the saying goes, "it was for blood." This bleeding business or hemorrhage is not too bad. It does, however, ruin a room and does stain a carpet. But . . . the

MAN and the MOMENT

By Rev. Thomas J. O'Donnell, C.S.C., '41

secret is to stop bleeding on time. And for a fee (payable to the Notre Dame Foundation) I will reveal this secret.

About the hospital and the nuns who run it. The hospital is St. Joseph's. It is the oldest private hospital in Colorado. If I'm not mistaken it opened in 1873. It is an old place and big. They have about four hundred beds and are adding several hundred more at the cost of nine million dollars! They have to add—the night I was admitted, the only space left for a bed was on the O.B. Floor. I hasten to add that no medical history was achieved that night . . . so I was moved shortly thereafter.

The nuns at St. Joseph's Hospital are a great community. They are the Sisters of Charity of Leavenworth in Kansas. Most people think of Leavenworth because of the Federal Penitentiary. But these nuns are free, bound only in their devotion and love of God. They are most loyal and a credit to the Church. Their work at present is in the western part of the country. In these states they conduct hospitals and teach schools. If you want more information on them, I suggest you read "We Came North" by Sister Julian Gilmore, S.C.L., St. Mary College, Xavier, Kansas. It's a new book published in St. Meinrad's, Indiana.

A stay in a hospital gives a new view to suffering. It helps us to appreciate

those who devote themselves to the patients. The nuns, for example, are on the floor at seven in the morning and go all day until nine at night. They squeeze in time for prayers and meals. Yet, they show tireless endurance, as do the doctors, the nurses and the hospital help. Sometimes we think we put in long hours. Believe me—those who serve the sick must be very close to the heart of Our Lord.

Suffering is something we do not value properly until we join the group who suffer. Not that I suffered. And it's a good thing I didn't. I'd be very poor at it. To see the old and the young and to see so many varieties of suffering and pain . . . this is like a thirty-day retreat if we look at it as we should. And the only way to look upon it is as a blessing. This is not easy to do. I'm sure you have your share of suffering in your own home. Let these words of Sister Mary Helen, C.S.C., be a source of inspiration and of quiet meditation. . . .

"Why did You give me arms?
That I might draw
All things to me?
Or was it, Lord, that I
Might lift all things to Thee?"

"Why did You give me hands?
That I might clasp
Earth's empty dross?
Or was it, Lord, that I
Might stretch them on a cross?"

IN APRIL, 1924, Notre Dame was enjoying a peak national spotlight in the wake of the football success in 1923 and its accurately projected repetition in the ensuing fall.

University and alumni concern was for the proper perspective of the outside world regarding Notre Dame's academic and cultural achievements.

No—we are *not* thinking that in 1962 the reverse is true.

We are convinced—and pleased—that the academic and cultural accomplishments of Notre Dame have become far better and more widely known during these thirty-nine years.

But we feel that today there are new and different circumstances confronting Notre Dame and Notre Dame men. These provide a broader and deeper and more challenging opportunity for alumni everywhere.

By logical but still fortuitous development, Universal Notre Dame Night has been building in its themes toward the broader understanding and more effective articulation that modern conditions demand of the educated Catholic, or the alumnus graduated from a Catholic university.

Because this demand is expressed strongly and clearly on the eve of the Second Vatican Council in the magnificent Encyclical of John XXIII, "Mater et Magistra," we are looking no further for our 1962 Universal Notre Dame Night theme. It is true that we asked our Clubs to use this historic document as the theme for Universal Communion Sunday. But a reading of the Encyclical reveals that there is material in it for study and discussion and action for years to come.

The major factor in our pursuit of this theme is the obvious need for the enlistment of trained intelligence for the proper interpretation of the great truths the Encyclical contains. There have already been evidences of confusion in the adaptation of the ideas embodied, which stresses the part that the educated Catholic must play if the Encyclical is to achieve its maximum results.

**' . . . action . . . is a task
that belongs particularly
to Our sons, the laity . . . '**

Mater et Magistra

means used to achieve more effectively a higher end, that of facilitating and promoting the spiritual perfection of mankind, both in the natural and supernatural order. . . .

"Mater et Magistra" will challenge the minds of men for years to come. The above excerpts are a small part of its message. But they contain the implications that all who have enjoyed the privilege and power of a Notre Dame education must accept now a corollary obligation to repay that privilege and utilize that power for the proper advancement of a social order in spiritual turmoil.

Most of our Clubs are happily situated in communities in which there are Catholic institutions of learning, whose heads and teachers can present this theme to the Notre Dame family (alumni, friends, parents of students, and others).

The Catholic writers in our diocesan papers and national magazines are articulate students of this major contribution to the social thought of our time.

Many Catholic organizations are devoting the year 1962 to the study and discussion of the Encyclical.

The obligation to know the Encyclical is a direct and urgent one for every Notre Dame man. And each has the supplemental obligation to translate it for the benefit of his milieu to the best of his ability.

It is for this reason that the Alumni Board has chosen to continue the already familiar patterns of "Mater et Magistra" and "Personal Responsibility" through the "Individual Alumnus" and "The Notre Dame Family" as the theme for the 39th Annual Universal Notre Dame Night.

The traditional date in 1962 is Monday, April 30. In the newer tradition, to permit a broader benefit from top University personnel, dates for the observance may be set by the Clubs any time within the several weeks following Easter Sunday, which in 1962 falls on April 22.

ALUMNI CLUBS

Baltimore

On November 15, 1961, the Club held its first noon luncheon of the year at Marty's Park Plaza Restaurant. The guest speaker, Lt. Gen. Pedro A. del Valle, brought the experience of his 30-year military service from Haiti and Santo Domingo in 1916 through the campaigns of Guadalcanal, Guam and Okinawa as a division commander in World War II. He spoke on the topic, "Constitutional Crisis."

The annual Notre Dame Communion Breakfast followed Mass at the Cathedral of Mary Our Queen on December 10 at BERNIE LEE's Penn Hotel, Towson. The guest speaker was REV. JOHN JOSEPH GALLAGHER, consulting editor of the Catholic Review, discussing "The Printer's Devil in God's Service." JACK OWENS, BILL GAUDREAU, and BERNIE CRONIN were in charge of arrangements. Plans were formulated for a dance on Saturday, Feb. 17, at the National Guard Armory, Towson, Md. BILL KEARY is the dance chairman.

Boston

The Boston Club observed Universal Notre Dame Communion Sunday on December 10, 1961 by attending Mass at Holy Cross Cathedral. Our chaplain, RT. REV. CORNELIUS DONOVAN, '09, was celebrant. Breakfast at the Red Coach Grille followed the Mass, with MOST REV. BISHOP JAMES L. CONNELLY, D.D., Bishop of Fall River, delivering a talk on the recent encyclical of Pope John XXIII, "Mater et Magistra." We were fortunate in hearing baseball anecdotes as told by "HAL" GOODENOUGH, nationally famous humorist and former public relations director of the Milwaukee Braves. Other head table guests included REV. RICHARD H. SULLIVAN, C.S.C., '34, president of Stonehill College; REV. LOUIS PUTZ, C.S.C.; BROTHER COLEMAN, C.S.C.; CHARLES POWERS, '45, Club President, and WILLIAM E. DACEY, JR., '49, Club Foundation Drive Director. A word of thanks to Chairman CHARLES COLTON, '29, for a fine affair. The Victory Dance planned for November 11, 1961 had to be cancelled at the last moment because of the Blue Laws of the Commonwealth. The Officers and Directors hope that all will make every effort to attend Universal Notre Dame Night in the Spring.

The Scholarship award drawings were held at the University Club on November 13, 1961 under the direction of Chairman NEIL FOWLER, '47. The winners: 1st prize, \$250 cash in lieu of trip, Nora M. Hill, Worcester; 2nd prize, \$100, A. Diver, Dorchester; 3rd prize, BC-HC football tickets, Alpha Construction Company; 4th prize, patriot football tickets, C. J. Tougas, Brockton; 5th prize, shore dinner, F. J. Schuller; and 6th prize, N.D. car robe, E. C. Como, Framingham.

At this time Chairman BILL DACEY, '49, has

announced that the Club has reached 200% of its goal set for the drive. It is hoped that any who have not sent in their pledge cards, no matter how small, will do so in order that the Club will be able to have a 100% subscription. No gift will be overlooked no matter how small, and the University has facilities to record all large gifts.

CLARENCE J. TOUGAS, father of Club director ROGER TOUGAS, '58, died suddenly in New York recently. To the Tougas family our prayers and profound sorrow.

Buffalo

Our guests at the September 9th meeting were the young men embarking on their Notre Dame careers along with their fathers. Especially honored was LEONARD WILTBERGER of Cardinal Dougherty High School. Leonard was the year's winner of the Buffalo Club's annual Scholarship award. Chairman JACK LA VIGNE, President HARRY QUINN, JIM CLAUSSE, JACK CONSIDINE and GARY WEBSTER served on the scholarship committee.

About 300 alumni, their wives and friends, gathered at the Statler Hilton October 17th for the Foundation's "Challenge Rally." The evening began with cocktails at six, followed by dinner at seven. The turnout by the Buffalo Club was one of the five largest in a coast to coast meeting of 173 Alumni Clubs. WILLIAM B. LAWLESS, JR., Buffalo special gifts chairman, said that \$7500.00 had been raised locally. ANTHONY W. BRICK, JR., is General Solicitation Chairman. Before the beginning of the closed circuit telephone hookup, our Chaplain, REV. FRANCIS B. BARATTO, gave a very inspiring talk. HENRY W. BALLING, JR., was chairman of this most successful evening.

More than 250 Alumni members and their families celebrated our annual family communion breakfast on December 3rd. Our Chaplain, FATHER BARATTO, celebrated Holy Mass at 9:00 A.M. in Blessed Sacrament Chapel, attached to the new Cathedral on Delaware Avenue. A family style breakfast was served following the Mass at the Hotel Lenox. REV. JOSEPH F. MAGNER, assistant pastor of St. Mark's Church, was our speaker. As chairman, JIM CLAUSSE was responsible for this, our largest family turnout.

The Buffalo Club's excursion to the Syracuse vs. Notre Dame football game was a social success. Everyone in attendance had a most enjoyable weekend. In the true spirit of his fraternity, the chairman, banker BILL KANE, made a profit for the Club. It was \$9.36. GENE COYLE was the raffle winner of two free round trip tickets on this excursion.

Joan and BOB WEBER were chairmen of our annual Christmas Dance held in the Terrace Room of the Statler Hilton Hotel on Saturday evening, December 30th. JIM DONOUGHUE was ticket chairman.

MAURICE QUINN has announced that our annual retreat will be held on the second weekend in April, at the St. Columban's Retreat House in Derby, New York.

Calumet Region

Calumet's annual Notre Dame Family Communion Breakfast was held on Nov. 5, 1961 at Blessed Sacrament Church, Gary. Breakfast in the new school dining room followed Mass. FATHER JAMES CONROY of Our Sunday Visitor was guest speaker. Secretary BOB WELSH was chairman, assisted by TONY KUCHARICH, the officers and directors.

The Christmas Dinner Dance was held on December 27 at the famous Martinique Restaurant, Evergreen Park, Chicago.

President BEN DANKO, special gifts chairman TIMOTHY GALVIN, general appeal chairman

BILL TRAVIS, and city chairman **AUSTIN BOYLE** report a substantial portion of the Calumet quota achieved since the Challenge Rally at Woodmar Country Club, Hammond.

Canton

With our president **ED MACHUGA** leading the way, the Notre Dame Club of Canton and Stark County has made an all-out effort to get some of the Ford millions. The challenge rally was held for Monday, Oct. 16, in the meeting room of the North Canton branch of the First National Bank. **MAURICE F. ZINK**, local campaign chairman, said he would settle for nothing less than 100 per cent participation in this great endeavor. President **MACHUGA** said he hoped to muster a vigorous campaign to cover all possible prospects in short order. Solicitors were selected and briefed by Chairman **ZINK** and put to work.

Also on the minds of our president and his fellow officers last fall were plans for the annual Holiday Ball, held during the Christmas season. The scholarship fund has been growing each year with proceeds from this affair and its first beneficiary is expected to be named this spring.

Last fall's big affair for N.D. men here was the first annual summer stag which was appropriately named "The Shillelagh Swat." **JOHN AMAN** and **BOB RICHARD** were chairmen for the event which was initiated as the result of a preference poll of the club taken at the Universal Night dinner. John walked off with one trophy for the best gross score and **LARRY MOTTER** won the second for low net. The Elms Country Club near Massillon was the scene of this golf, gab and chow fest. Plans already are being made to make this event even bigger and better next year.

—JAMES WEBER

Central Florida

Through the initial efforts of **JIM MAHONEY**, our local Foundation Chairman, along with the leadership and hard work of two local "old timers," **DON SMYTH** and **ROY LAUGHLIN**, a local Notre Dame Alumni Club has been organized and is in operation. The Officers are: **DON SMYTH**, president; **ROY LAUGHLIN**, vice president; **W. H. RICKE**, secretary; and **LARRY DILLON**, treasurer.

Our first get-together was the October 17th Foundation rally at the Cherry Plaza Hotel in Orlando. We had a grand turnout. The name of the club is to be the **CENTRAL FLORIDA ALUMNI CLUB OF THE UNIVERSITY OF NOTRE DAME**.

October was a busy month with a big turnout at the Rally. Co-chairmen **WILLIAM HASSETT** and **THOMAS QUINLAN** of the Foundation Fund Drive report that the returns are good and that we should come close to 100% participation. Later in the month the annual raffle was held at Casey's Inn and two tickets to the N.D.-Syracuse game were won by **LOUIS TURRI**.

of Syracuse University, to speak. Coach Schwartzwalder talked among other things about games being won or lost on mistakes that are not made on the field. He was referring to the players — but he forgot to mention the officials!

In December we had a lively crowd of eighty parents and children at the Communion Breakfast run by **TOM STUBLER** and **CHUCK THEIS**. **REV. RICHARD McKEON, S.J.**, professor of industrial relations at Lemoyne College discussed the recent papal encyclical "Mater et Magistra."

Chicago

GEORGE CONNOR, former N.D. All-American and Chicago Bear captain, presented Rockne trophies to the top football players in the Catholic and public leagues. **Jim Grabowski**, who led Taft to the Public League title while copping all-state honors at fullback, and **Jim Burda**, who scored 96 points for Weber's unbeaten and untied Chicago champions, were the Rockne winners.

JOE SASSANO, '55, who coached Weber to the Chicago title, also appeared with halfback **Burda**. Last year's award winner, **Don Hogan** of St. Ignatius, also was present. He currently is a freshman at N.D.

Bishop Elko had previously celebrated the 11 o'clock Mass for us at St. John's Byzantine Church in Parma, Ohio. The breakfast followed immediately afterward in the school hall. Dayton

Dayton observed Universal Notre Dame Communion Sunday with a special Mass at the University of Dayton followed by breakfast in the Faculty Dining room. Some 20% of the club's 135 members turned out for the observance.

FATHER EDMUND LEIMKUHLER, S.M., of the University of Dayton, discussed Pope John's "Mater et Magistra" at the breakfast and gave a brief description of the procedure the Popes usually follow in writing their encyclicals. **LOU HALEY**, club president, was chairman of the breakfast.

The Communion Sunday observance marked the third successful gathering the Dayton Club had this past fall. More recently a committee headed by **TOM LANDGREN** was hard at work with a committee of Dayton graduates of Mount St. Joseph College — some of them are wives of N.D. men — on the annual midwinter dance in January.

This is the first time that the Dayton Club has gone in for a joint dance with a woman's college group, but it has such obvious advantages for a small group such as ours that both clubs adopted the idea with the hope that it will make the affair that much more successful.

Final reports are not yet in on the Challenge Drive. **ED SHEA**, Dayton City Chairman, says that reports indicate in indicate that the city quota will be met.

Dearborn

Two tickets to the N.D.-Syracuse game were awarded at a drawing last Nov. 3 as part of a meeting called at the home of **EMORY DAKOSKE** in Allen Park by President **JERRY KELLY**. The December meeting was held at the home of **JOE BYRNE** featuring refreshments and cards to top off the business.

Denver

Great success has been enjoyed by the new discussion group formed within the Club. The idea for this group is to continue the intellectual stimulus of the University among the alumni. The idea for the group was that of Club President **CARL EIBERGER**, and Vice-President **BOB ZEIS**, is in charge of it. This year there have been three outstanding meetings. The first dealt with the problem of speed reading so that one's work could be done faster through reading in a shorter time. The October meeting was conducted by Dr. Joseph Korbel, former official in the Czechoslovakian government, former ambassador and U.N. dignitary, and now Director of Denver University's Social Science Foundation. He lectured and moderated a discussion on "World Communism." The December

meeting featured Dr. Paul Fuller of the Martin plant at Denver, which produces inter-continental missiles. His subject was "Man into Space." Future meetings will discuss "The Appreciation of a Symphony," an evening devoted to "Poetry," and another on "Natural Law." These meetings are well attended by both husbands and wives. Generally, preparatory reading is required, although at other times the lecture movie form is used, depending on the subject.

The annual drawing for an all-expense trip to the Navy game was won by **CHARLES BAIER**, '51, '54, and his wife Joyce. The proceeds go to the Club's Scholarship Fund. In addition, the Club is co-sponsor of the Burlington Railroad Football Special to one game at Notre Dame each year. Under this arrangement and through joint publicity the Club is able to obtain a few dollars from each ticket sold. In this way about 90 per cent of this year's Scholarship Fund has been obtained. Second prize winner was **HARRY LAWRENCE**, '29; and two tickets to the game were won by **MIKE HALLIGAN**, '32, who sold the most tickets. The drive was handled by **DICK AMES**, '40; **JIM HILGER**, '56; and **CARL EIBERGER**, '52, '54.

Monthly luncheons are held at noon on the first Wednesday of each month in a private room of one of Denver's best restaurants. This activity has been very successful and there have been as many as 15 alumni and friends who have enjoyed these monthly meetings.

The annual Christmas Dance for the alumni and for the students at the school was held December 28 high above Denver at the beautiful exclusive Twenty-Six Club. Invitations were sent directly to the students at school, and there was a large attendance. The band was obtained from a local night club. **LARRY MCGRAW**, Colorado Club President on the Campus, and **CARL EIBERGER** of the Alumni Club made the arrangements. Many of the younger alumni turned out for this big affair after cocktail parties. The biggest one this year was given by Joyce Baier.

On February 8, 1962, a tour has been arranged with the Coors Brewery in Golden, Colorado. Actually this is a gala night because in addition to the tour there is dancing, free refreshments, a big buffet, movies and other entertainment in the deluxe reception room. All of this is free and a big turnout of the Club is expected.

In March the annual business and election meeting will be held, and it is hoped that the film on the highlights of last year's football season will be available.

A Special Gifts Committee under **DR. PHIL CLARKE**, '44, and the Alumni Committee headed by **GERRY SMITH**, '27, assisted by **BOB ZEIS**, '55, **CARL EIBERGER**, '52, and **MAURICE REIDY**, '53, are quite active on their respective fund raising activities. **FATHER THOMAS O'DONNELL** and **DICK BOWES** of the Foundation Staff were in Denver in December, and a meeting was held of the Alumni Committee at the Brown Palace Hotel. In addition, weekly luncheon meetings of

this Committee were also held. All of the alumni in this area will be contacted by the end of the year.

The Club sent **FATHER O'DONNELL**, many get well cards and spiritual bouquets during his illness here.

A new roster of the Club has been compiled by **Madeleine Eiberger**, mother of the President. Also beautiful three-color membership cards have been obtained.

Because of illness in the **ART GREGORY** family, **CARL EIBERGER** has taken over temporary chairman of the Scholarship Committee. Application forms, bulletins and letters concerning the Club Scholarship were recently sent to 40 Colorado high schools and pastors of 40 parishes. Publicity was, also, put in the local papers. This has resulted in quite a large number of applications for the Club Scholarship. **KEN ADAMSON** and **FRANK TRIPUCKA**, Notre Dame football greats, have been staying in the Denver area while playing for the Broncos professional football team.

Flint

On October 17 the Flint Club had its kick-off for the Notre Dame \$18 Million Program. LARRY SAXE appointed JIM PEARSON as chairman. As usual, Jim did a very good job in explaining the responsibility of the alumni to the university and advised they should encourage all of their friends to foster education and encourage boys to attend the school, and also to give their support to the university.

The film was shown by BILL MINARDO, in which FATHER HESBURGH did a wonderful job. The film was very well accepted. ROBERT SIBILSY, JIM HALLIGAN, DON McDONALD, MARTIN STASA, BUD SHERWOOD, PAUL HUGHES, FRED and TED MANSOUR, host JIM PEARSON, and BILL MINARDO were present. Coffee and dessert was served and everyone in attendance confirmed that Notre Dame in Flint will do its best.

On October 21st BILL MINARDO arranged for 100 tickets from BOB CAHILL and the Club filled three buses. The first half of the game was very enjoyable. The second half was not so lovely. However, everyone seemed to have a good time. FRED and TED MANSOUR, TED MANYAK, BILL MINARDO, LARRY SAXE, GERRY RANDALL and PAUL HUGHES attested to this fact. Everyone was very grateful to Bill Minardo for the fine way the trip was handled and I am sure we will have a donation for the Library from the Club as a result of the excursion.

Hawaii

We were happy to meet and talk with Coach JOE KUCHARICH at a luncheon on January 4 at Coco's in Waikiki. This is his second trip to the Islands to coach a team in our annual Hula Bowl. Everyone enjoyed hearing the latest news on developments at Notre Dame and felt closer to our University although an ocean separates us.

On December 10 we observed Universal Notre Dame Communion Sunday with High Mass at Chaminade College of Honolulu and breakfast at the beautiful Royal Hawaiian Hotel at Waikiki. The weather was perfect, and the view of rolling breakers breathtaking. (Hawaii Visitors Bureau take note!) Our speaker was REV. ROBERT MACKEY, S.M., president of Chaminade, our only Catholic college in the Islands. His introduction to and discussion of "Mater et Magistra" was enlightening and thought-provoking. He recommended a central council of Catholic university and college alumni clubs of Hawaii in order to make Catholic influence felt more strongly in our Hawaii — a very worthwhile challenge.

Indianapolis

The Scholarship Ball and drawing in October were a success in spite of conflicting events and many canceled reservations. Attendance and participation probably suffered from the Ball's proximity to the Challenge Rally (at which \$44,000 was pledged on the spot). MIKE FOX, DICK McNAMARA, and TOM BULGER worked hard on the dance, and PAT FITZGERALD ran the ticket drive. The fund drive, incidentally, proceeded at a slower pace after the kick-off, but BOB WELCH promised to go over the top.

JOHN R. WELCH, BEN KOEBEL, and ED McNAMARA were in charge of the Communion Breakfast on December 10. Mass in the Blessed Sacrament Chapel of Sts. Peter and Paul Cathedral, celebrated by MSGR. JAMES P. GALVIN, Archdiocesan Superintendent of Schools, was followed by breakfast in the Marble Room of the Marriott Hotel, at which Msgr. Galvin was the speaker. ARCH-BISHOP SCHULTE was among the dignitaries invited.

The annual Candlelight Formal Christmas Dance was held at the Indiana Roof Ballroom on December 29. Music was provided by the Vic Knight orchestra. Campus Club Chairman JERRY O'GRADY was assisted by Alumni Representative BILL MOONEY with the arrangements.

Kentucky

The Notre Dame Club of Kentucky gathered at Big Springs Golf Club to participate in the nationwide telephone hook-up to kick off the "Challenge Drive." Over 80 persons were on hand to watch FATHER HESBURGH's movie and help Chairman BUD WILLENBRINK start the ball rolling. It was good to see BILL OGBURN, JACK RAQUE, BILL REISERT and WILL DeCAMILLIS along with many others. Latest reports indicate that we are well on the way to meeting and exceeding our goal. Congratulations to BUD and JOE DONALDSON along with all those who gave their time and effort to this outstanding cause.

JOE BOWLING, '52, our religious chairman, was rewarded with a reasonable turnout for the family communion supper on December 8. All those who attended the event held at Pope Pius X Church were treated to an excellent meal followed by an outstanding talk by FR. WILLIAM HOGAN. Fr. Hogan spoke on "Personal Responsibility." JOE BOWLING deserves a "pat on the back" for his effort in making the Family Communion Supper a highlight of our religious and social year.

The officers of the Club made big preparations for the Notre Dame-University of Kentucky basketball game. Thanks to ROG HUTER, Club members had an opportunity to purchase choice duets for the event. This was a big night for the Notre Dame Club of Kentucky although the score was a disappointment.

The Hon. Robert Briscoe, Lord Mayor of Dublin, Ireland, was guest speaker at the annual Universal Notre Dame Communion Sunday observance, December 10 in Utica, N.Y.

About 110 attended Mass at St. John's Church, Utica, which was celebrated by **Msgr. DAVID J. DOOLING**, dean of Catholic clergymen in this area. Breakfast followed at the Hotel Utica. The ladies of the Club joined in the observance for the first time. The Milesians, a local Irish Catholic organization, also participated in the event.

ROBERT FLETCHER, '56, chairman of the event, said the Club dedicated this year's observance to **REV. JAMES J. DENN**, C.S.C., '58, ordained December 3 in Rome, Italy. **FATHER DENN**, brother of **EDWARD DENN**, '56, Minneapolis, is the first member of the club to join the Holy Cross Fathers. Harold Mullen, past president of the Milesians, served as toastmaster.

KENNETH MURPHY, '54, president of the Mohawk Valley Club, presented Briscoe with an engraved silver cigarette box on behalf of the club. **Michael McGuirl**, Sr., president of the Milesians and father of County Welfare Commissioner **MICHAEL MCGUIRL, JR.**, '49, presented Briscoe with a plaque on behalf of the Milesians.

GERALD BACHMAN, '52, was elected treasurer to fill the unexpired term of **THOMAS REAGAN**, '49, who has taken a position with a newspaper in Buffalo, N.Y. Other officers of the club are continuing in office until the completion of their two-year terms next fall.

Walter Sheridan, special assistant to Attorney General Robert Kennedy and a native Utican, was guest speaker at the Challenge Rally of the Notre Dame Alumni Club of the Mohawk Valley on October 17 at Twin Ponds Golf & Country Club. About 125 people were on hand to hear Sheridan and view **FR. HESBURGH**'s film on Notre Dame's \$18 million dollar challenge. **VINCENT FLETCHER**, '32, chairman of the fund drive in the area, was keynote speaker, while **EDWARD NOONAN**, '47, served as dinner chairman and master of ceremonies. **FRANK DONALTY**, '32, introduced Sheridan, investigator for the Senate Labor Rackets Investigating Committee when At-

torney General Kennedy was its chief counsel in 1957-60. Others at the head table included: KENNETH MURPHY, '54, club president; FATHER JOHN MADDEN, Canastota, class of '53; Frank M. Dulan, Mayor of the city of Utica; and Brother Hillary, CFX, principal of Notre Dame High School in Utica.

New Jersey

Activity in Northern New Jersey has been at a peak since the Challenge kickoff rally in Glen Ridge last Oct. 17. Committees have been paced by Foundation Governor JOHN PINDAR, area General Appeal Chairman BILL KIRCHNER, and Club President BRUCE DOLD.

New Mexico

The Club's annual group Communion was held on the evening of the Feast of the Immaculate Conception. Mass was heard at St. Charles Church in Albuquerque and immediately following a covered dish supper and meeting were held in the Church Hall. Club Vice-President DICK EVERROAD offered wife Mary's talents in arranging the supper and Dick kept a steady hand on the gavel for the meeting. A highlight of the evening came when FR. JOHNSON of the University of New Mexico Newman Center presented a perceptive view of the responsibilities of Catholic laymen in today's society.

New Orleans

Activities here in romantic old New Orleans have lessened temporarily in view of the marriage plans of our able and aggressive leader JOHN B. PETTIBON, '52. The very lovely lady is Brenda Mary Baehr, and the date of February 17, 1962, is being eagerly looked forward to by members of the New Orleans club. Incidentally, brother RICHIE PETTIBON, is a standout defensive back for the Chicago Bears. To date, the writer has been unable to establish any relationship between those bears and the New Orleans Baehrs.

Unlike Chicago, less than 1400 attended the Challenge rally here, expertly chairmanshiped by JIM SMITH, local Foundation leader, and JOE DROLLA, '37. However, with such couples in attendance as Helen and BILL (PINKY) CASSIDY, '29 (the first Louisiana football monogram winner); Marie and CHARLIE DERBES, parents of student Charles; Betty and JULES DE LA VERGNE, '33, Lynn and JOE DAVIE III; Carol Ann and TOM McMAHON, '55; Audrey and AL VITTER, '25, a classmate of the writer both in high school and at N.D.; and Jean and PETER HILBERT, '50. You come away with the idea that the local Club went in for beauty, as well as quality. Mary Healy and Peter Lind Hayes, are hopeful of attending the next get-together.

Last summer, JOE DROLLA, '37, hosted the

Club and their families at his Camp Oaklawn. This camp, located in the healthy ozone country some 30 to 40 miles from New Orleans, is a summer camp for young boys. An enjoyable time was had by all. Incidentally, "Buck Seebler," outstanding high school football coach at De La Salle in New Orleans, and winner of several state championships, directs the camp's activities.

In addition to being a Manresa retreat House captain for years, JOE DROLLA is giving further of himself by spearheading a drive to raise funds to build "Tranquillity House," a retreat center for high school boys — a greatly needed facility for Roman Catholic New Orleans.

On Saturday a second concert was held at Stepinac High School, White Plains, where a crowd of 900 attended. Both concerts were given before capacity crowds and all funds were for the benefit of our Scholarship Trust Fund. The Co-Chairmen were ED FITZPATRICK, '54, and GEORGE FRAZIER, '49, who both did a fine job in making these concerts a tremendous success.

On December 10, we joined Notre Dame Alumni throughout the world in observance of the annual Universal Communion Breakfast Sunday. Mass was celebrated in St. Patrick's Cathedral and the brunch followed at the Park Lane Hotel on Park Avenue & 48th Street. The Guest Speaker was MOST REV. JAMES H. JACK LAVELLE, a dear friend of the Notre Dame Club of New York, who received an award for the assistance she has given to the club before and since her husband JACK LAVELLE passed away; and GEORGE SOKOLSKY, Syndicated Columnist. ROBERT FINK, '52, was the Chairman and Master of Ceremonies who did a tremendous job in making the affair a most enjoyable success.

Almost 300 attended the Notre Dame Challenge Rally at the Biltmore on October 17th. BILL MURPHY, AL PERRINE, JIM SHEILS and PETER GRACE headed the affair. As National Chairman, PETER GRACE spoke over the telephone

hookup with the other clubs around the nation, followed by JIM SHEILS, our Area Chairman, who threatened to outdo Texas and the odds still look in our favor.

New arrivals in the New York Area include BOB GOLDSCHMIDT, '59, here from Cincinnati, Ohio. Bob and Karen (St. Mary's '60) were married at Notre Dame on June 10, 1961. JEROME ('47) and Peggy HENDEL announced a new addition, Gerard Henry, born October 27, 6 pounds, 2 ounces.

DIEBOLT, '49, Divisional Treasurer of Chrysler, recently moved here from Detroit and is living in Hicksville, Long Island.

IN PARADISUM DEDUCANT TE ANGELI — May the Angels lead thee into Paradise. (Requiem Mass.) O. PAUL BERETZ '27, passed away unexpectedly on October 4th, eight days after a major operation. PAUL B. BERETZ, '60, is on active duty in the Army. TOM ROME, '55, of Ardsley, N.Y., was killed instantly in a plane crash in California on November 19th.

Oklahoma City

We are happy to report the active participation of Oklahoma City Alumni Club in the Universal Notre Dame Communion Sunday, December 10, 1961. After attending Mass at Saint Eugene's, a local parish, 35 members and their families enjoyed breakfast at the Oklahoma City Golf and Country Club.

Msgr. C. E. Finn, Rector, Saint Francis Seminary, Oklahoma City, presented, after breakfast, a fine address entitled "The Role of the Catholic Layman in Society."

Orange County

New Faces dominated the Old Frontier look of the 4-year-old Orange County Club of Notre Dame. Faces with such zest, life and sparkle, we are certain that this will be our most successful year.

The sudsy cold-meat-and-cheese gathering met in the playroom at the home of LARRY KRAEMER, '56, in Placentia, to watch the N.D.-Oklahoma game on TV. Our shouts and yells were probably heard in nearby Anaheim and Fullerton. Although the turnout was less than anticipated, 27 men had a grand time. On hand to greet the "new year" were the officers of the Club: JACK DECOURSEY, '53, President, STEVE FINAN, '37, Vice-President, BOB COOK, '54, Treasurer, and this writer, BADEN POWELL, '32, Secretary. FATHER JOHN J. FEENEY of Pius V, Buena Park, Club Chaplain, was on hand as usual.

Among others whose voices were heard singing

SALINA—Members of the plucky little Central Kansas Club hosted the Bishop of Salina on Universal N.D. Communion Sunday: (seated, l.-r.) Tom Classen, Bishop Frederick W. Freking, Larry Wentz, and Albert Schwartz; (standing l.-r.) Tom Kennedy, Al McLean, James Foley, John Browne, Norbert Skelley, and John Carlin.

ST. JOSEPH VALLEY—Shillelachs were everywhere at South Bend's annual December testimonial dinner for the football team: (from left) Irish coach Joe Kuharich, '38, accepts the traveling Shillelagh trophy from Club Pres. Bob Cahill, '34, and defeated Purdue mentor Jack Mollenkopf, while athletic director Ed Krause, '34, exults in the background; on the right, captain-elect and fullback Mike Lind (center) accepts the cudgel of leadership from graduating co-captains and guards Norb Roy (left) and Nick Buoniconti.

the Victory March were ART PRICE, '44, Col. FRANK J. CAREY, '17, USA (Ret.), DICK MURPHY, '53, ex-past president, WALLY ANDREWS, '48, FRANK BURGE, '55, BOB MEISTER, '54, TOM ENGLEHART, '52, RALPH DIXON, '50, PAT CONWAY, '57, FRANK WALKER, '50, DAN GALLIVAN, ex-'50 (and he is always on hand), JOHN MCGRATH, '38, BOB SCHADE, '56, JOHN GLAAB, '47, RICH HOHMAN, '54, BOB KIERNAN, '36, ED STROOT, '45, TOM GETZINGER, '52, TOM TEDROSS, '47, DON KRAEMER, ex-'57, and of course, JOE HUARTE, our strongest associate member. Joe is the father of Dave, '59, and John, '64. We are all pulling for John to become the first all American from Orange County.

Our 4th annual Communion breakfast was observed Sunday, December 3 at St. Pius V Church in Buena Park with our Club Chaplain, FATHER JOHN FEENEY, celebrating Mass for his "adopted" flock. And what a flock there was! 92 alumni, their wives and their children were on hand for the gala occasion. The food was good too! "Hashers" for the Breakfast were LARRY KRAEMER, BOB MEISTER, RICH HOHMAN and BOB SCHADE, under the guidance of FRANK BURGE.

We're still trying to count noses but we think there was a tie for first place among families between Marlow and BOB TIERNAN, '39, and Joanne and DICK MURPHY, '53, with seven children each. Each took good advantage of the "fringe" benefits the Club offers by being able to feed their families on \$3.00. Regular prices were a buck for adults and 50 cents for kids . . . but no family could pay more than a total of \$3.00. RICH HOHMAN, '55; BOB BERNARD, '36; JOHN GLAAB, '42, also qualified for the "fringe" benefits. There must have been others as well.

STEVE FINAN, '39, our Foundation Chairman, reported that he expected our club of more than 800 alumni to be one of the first over the top in national participation. Steve and his committee have worked night and day to accomplish the wonderful record they have for Our Lady.

JACK DeCOURSEY, '53, president, remarked that this breakfast was one of the biggest turnouts he had seen in Orange County. He urged the attending alumni to get in touch with fellow alumni so that we can have 100% participation at future gatherings.

Upcoming dates include a get-together in February to nominate the new officers for the '62-'63 year and to discuss plans for the annual Universal Notre Dame Night dinner-dance. Club members will hear more about this as time drifts into spring.

In a special drawing, eight lucky members won two tickets apiece to the December 16 Liberty Bowl game promoted by BUD DUDLEY, '43.

Contributions were requested for a special Christmas gift for REV. JAMES A. DONNELLY, C.S.C., in his work among the Mexicans in Texas.

Five new board members were elected in January. Their names will be announced in the next issue, along with the officers to be installed on Universal Notre Dame Night.

Pioneer Valley

The October Challenge meeting was held at the Hotel Sheraton Kimball, Springfield, and was noted for its poor attendance; but, we stirred up some interest in the drive which showed a reasonably good return before the year's end.

The annual Communion was held at the Saint Michael's Cathedral, Springfield, Mass., with a breakfast following at the Sheraton Kimball Hotel. Attendance was better than the October meeting, and the members listened to JIM REGAN recount his version of the football games he witnessed this past fall.

Rome, Italy

Our seventh Universal Notre Dame Communion Sunday was celebrated on December 10th, as usual at Holy Cross International College. Participating in the regular seminary Solemn Mass, we received Communion from our Chaplain, REV. EDWARD L. HESTON, C.S.C., Procurator-Postulator of the Congregation of Holy Cross, who preached on this year's universal theme: The Encyclical of John XXIII, Mater et Magistra. Following Mass, with the traditional recessional "Notre Dame Our Mother" by the seminary choir, we gathered in the seminary Music Room for a Coffee-Get-Together with Fathers, Seminarians, and Brothers of Holy Cross.

Saddened by the news of the death of FATHER THEODORE J. MEHLING, C.S.C., Provincial of the Priests' Province of Indiana, a faithful visitor to the N.D. Club in Rome, we arranged a Mass to be offered for him in St. Peter's Basilica, R.I.P.

Gladdened by a visit from FATHER HESBURGH. His stop at the club's downtown hospitality center served ideally to round out the center's first year of Open House. Guest arrivals gauged by doorbell and telephone bell count bring our first annual total well over a thousand. But the more the merrier!

GLEASON, JR.**, '36, Administrator for Veterans Affairs, Washington, D.C., who signed register for his son, **JACK GLEASON**, '65.

Colorful Acquisitions: We are happily in receipt of two fine color pictures of a portrait of **FATHER PATRICK DILLON, C.S.C.**, recently painted for **PAUL R. MARTIN-DILLON**, '09, editor of The Evening Times, Cumberland, Md., by **STANLEY S. SESSLER** of the art department. One of these pictures is a detail of the head, the other shows the entire portrait which is of three-quarters length. Mr. Sessler made a study of every picture of Father Dillon known to be in existence. These include the painting which has hung in what is now the faculty lounge of the Administration Building for about 75 years; a portrait painted by order of his sister, Mrs. Margaret Cavanaugh, a St. Mary's alumna, is now in possession of Rt. Rev. Msgr. Frederick Connor of Aurora, Illinois; another is an old photograph of Father Dillon which was made in Rome about 1865.

Both **MONSIGNOR CONNOR** and **PAUL R. MARTIN-DILLON** are great-nephews of the illustrious priest who was the second president of Notre Dame and for whom Dillon Hall was named. His brother, **FATHER JAMES DILLON** was likewise a member of the Congregation of Holy Cross and distinguished himself as a chaplain of the "Irish Brigade" of the Union Army during the Civil War. It is coincidental that when these pictures reached the Notre Dame Club of Rome, Monsignor Connor should have been a guest there. He gave an interesting talk to those present on the Dillons of Notre Dame.

The Dillon portrait is the third Sessler painting in the collection of Paul Martin-Dillon. There is also "Notre Dame Gold and Blue" showing St. Mary's Lake on the N.D. campus. Finally there is "Dillon Castle" which was painted from a camera study made by Paul Martin-Dillon during a visit to the ancestral castle in 1954, where the castle, standing on the shores of Loch Ree, near Athlone, County Westmeath, is in a state of perfect preservation as the oldest Dillon stronghold in existence.

The Notre Dame Club of Spokane observed Universal Communion Sunday on December 3rd to avoid conflict with the Holy Name Society. After Mass in the Cathedral of Our Lady of Lourdes, breakfast was enjoyed in the Arcade Room of the Ridpath Hotel. The guest speaker was REV. RICHARD J. TWOHY, S.J., Head of Dept. of Political Science, Gonzaga University. He spoke on the application of the principles of "Mater et Magistra" to our daily lives and his thoughts were most inspiring. The discussion session which followed was lively and very interesting. Following Club members, their wives and guests, attended:

At Toledo's version of the telephone hookup CHARLES SCHIRA, president, announced the officers for 1962: TERRY O'LOUGHLIN, pres.; MIKE HOEFLINGER, v.-p.; CHARLES COMES, treas.; and JOE KALBAS, secretary.

A November meeting allowed our local alumni and friends to view the highlights of the 1949 undefeated season. BILL WIEDEMAN was on hand to handle the projector for us. The new officers were officially installed and a short business meeting held.

Our Christmas Dance was held on December 28th in the Great Lakes Room of the Toledo Club. MIKE HOEFLINGER chaired this function for us.

In a recent election JOHN PIETRYKOWSKI's wife, Carol, was elected to the School Board for the city of Toledo.

Tulsa

A champagne breakfast provided special opportunity for Tulsa Notre Dame men to honor their wives this summer. Corporate offering of Mass was followed by the buffet arranged by FARRIS SAFFA and ELMER FARINELLA.

The scholarship program which has assisted 16 local boys in attending the University during the last 12 years continues to receive strong Club attention. On September 21 the drawing of an Oklahoma-Notre Dame "all expense trip package" climaxed a month's raffle effort. TOM NEWHOUSE carried the major share of responsibility in this project to beef up the scholarship fund.

Moral and technical aspects of survival in the nuclear age was a topic that was kicked around following our November 19 Communion Breakfast. JOHN MORAN arranged for the club chaplain and local civilian defense director to lead the way in a matter of current concern.

JACK MOHATT, who has done so well in the sometimes thankless role of club president, is our latest casualty. A job transfer required his giving way to JOHN MADDEN who has us off and running to the Christmas Dance and February stag.

THE POLITICAL MATURITY OF AMERICAN CATHOLICS: AN INTRA-FAITH DIALOGUE

FRANK L. KEEGAN

In *Time* magazine before the 1960 presidential election, Reverend Gustave Weigel, S.J., professor of ecclesiology at Woodstock College, Maryland, answered certain questions on the American church-state problem, especially in relation to a Catholic president. Time's election issue contained a letter from Professor Frank L. Keegan of Notre Dame commenting on the remarks of Father Weigel.

One consequence of this brief exchange was a score of letters received by Professor Keegan. The letters, from Catholics and Protestants, revealed a variety of reactions to the spectacle of a Catholic criticizing his own church members. The term "dialogue" is often reserved for discourse between members of different faiths, but there is no reason for denying it to discourse between members of the same faith. One way to prove American Catholics hold diverse opinions is to show them disagreeing publicly. There is a new Catholic political literature being written and a good part of it will contain serious disagreement between Catholics on the issues confronting the nation.

This article consists of two parts, the first of which is the exchange between Father Weigel and Professor Keegan. Selections from the ensuing correspondence and Professor Keegan's replies form the second part.

Part I. The Original Exchange

Father Weigel's comments:

Would a Catholic President be likely to have Mass in the White House?

"He knows that this would be displeasing to many of the people in whose name and power he acts."

Would a Catholic statesman be unduly influenced by his confessor?

"The confessor's service would be exclusively private, moral and religious. He has no competence in political matters, which belong not to the order of morality and piety but to the order of law."

Would the Pope interfere with a Catholic President?

"The Pope does not meddle with the political activity of Adenauer or De Gaulle, nor would either man permit it. The Catholic President's comportment with the clergy of his church would be exactly like the comportment of a Protestant President with the clergy of his church."

What about lands where the church is established by law?

"It may be that such laws are good laws for those communities, maybe not. The American Catholic is not concerned. He only knows that the American law of religious freedom for all citizens is excellent law for his land."

Would a Catholic majority seek to restrict the religious rights of others?

"Officially and really American Catholics do not want now or in the future a law which would make Catholicism the favored religion of this land. They do not want the religious freedom of American non-Catholics to be curtailed in any way. They sincerely want the present First Amendment to be retained and become ever more effective. With a note of desperation, I ask, what more can we say?" (Italics added.)

Professor Keegan's letter:

As for Father Weigel's remarks, I do not share his optimism in the political maturity of American Catholics. Whenever I confront Catholic college students with the problems of the Catholic politician in a pluralist society, I find them speaking in the archaic voice of 13th century Europe.

I hope that more Catholics are as Father Weigel described them than as I describe them. As time runs out for American Catholics (*Time*, of course, would never run out on them), they must more and more assume a civic and social responsibility commensurate with their increasing numbers. Yet my experience leads me to conclude that too many of today's Catholics tend to view political opportunities as opportunities for the advancement of their church. Oftentimes, the more pious the Catholic, the less capable he is of seeing the civil rights of other Americans.

Fortunately, I think, we are not voting in this kind of Catholic majority if Senator Kennedy is voted in as President. Senator Kennedy's secular (not secularist) attitude is one of his greatest political assets. Today's Catholic minority, on the other hand, in its excessively dogmatic attitude toward social and political questions seems to me a major obstacle to the achievement of political wisdom by American Catholics.

Part II. Some Correspondence which Followed

From a Baptist minister:

Let me begin by expressing appreciation for your wholesome attitude as expressed in your letter. . . . Uncertain as to your relationship to the Roman Catholic Church, other than the connection which your present position discloses, I want to sincerely thank you for your spirit of self-examination and self-criticism.

I am one Baptist who has consistently argued against the prejudiced stand taken by the general run of Baptist preachers and denomination leadership. In fact, to the consternation of some of my members and fellow Baptist minister, I have consistently argued (especially during this political campaign) that there is an "American position" in modern Roman Catholicism. The article by Father Weigel along with some readings of a small journal, "Christianity and Crisis" had strengthened me in this interpretation of American Catholicism. . . .

From your vantage point (which is much better than mine), would you conclude that among the American Catholic clergy, the interpretation most often accepted is the "American position" or the position which your students would accept? (For, after all I would conclude that your students have been influenced by their clergy.)

I conclude by saying that I will continually argue that every individual, including John Kennedy, must be taken as an individual, and on his own merit. I hope I shall be given the Grace to avoid such categorization which would label all Catholics as "bad." I also hope, that among the communicants of the Roman Catholic Church there will be some who will not label all Baptists as "prejudiced" or "evil."

Professor Keegan's reply:

. . . As for your main question concerning the "American position" in modern Roman Catholicism, I think one must distinguish between the Catholic clergy and the Protestant in their interest in the church-state problem. (Incidentally, I would prefer "democratic solution to the church-state problem" to the phrase "American position.") Am I right in thinking that American Protestant clergymen are extremely sensitive to the presence of ecclesiastical power in a democratic society?

Dr. Keegan is assistant dean of the College of Arts and Letters and a former assistant professor in the General Program. He is a graduate of the University of Santa Clara, Calif., with master's and doctoral degrees from Notre Dame, and collaborated in *The Idea of Freedom* (Doubleday, 1953).

If so, they differ somewhat from their Roman Catholic brethren who do not think so much about this problem; those who do are the minority who teach in Catholic colleges and universities or who write in the Catholic press. Of course the Catholic clergy accept the "American position" practically, but many do not have a theoretical basis for it. I leave it to you to decide whether the Protestant clergy have a theoretical basis for their views.

On the other hand, the Catholic clergy are not likely to despise the "American solution." I think one can say that the average Roman Catholic priest is extremely busy with parish work, that he has little time for reflection on the church-state problem, that he has seen the great growth of the Church in America and he wants things to stay the way they are. In this sense, the Catholic clergy accept the "American position."

From a Catholic soldier:

I meet many Catholic young men fulfilling their service obligation these days and I can spot the ones from the pious homes at once. They are unquestionably the best and most dependable servicemen. Now, would you please tell me how and why time is running out for Catholics? I am one, you know, and have a right to know . . . and please explain this jewel of yours: "oftentimes (give me a sampling or frequency as I hate glib assertions or gratuitous assumptions or vague rank generalizing) the more pious the Catholic, the less capable he is of seeing the civil rights of other Americans." . . .

It seems to me that you have given aid and comfort to the enemies of the Church. The Oxmans, Blanshards, Pikes, *et al.* will now say: "See, just like Sughroe and Thomas P. Coffey, the name Keegan will be heralded as a courageous truth revealer about those intolerant, medieval, reactionaries." *Time* can prove it has been fair to Catholics. Why, a Notre Dame Professor says so!

Professor Keegan's reply:

Thank you for your letter. It is another sign that the Catholic mind in America is not the homogeneous thing which is sometimes described. And let us not be too fearful of Catholic controversy in public, nor too angry with magazines who print it. . . .

Where should one look for evidence of the "excessively dogmatic attitude toward social and political questions" mentioned in the *Time* letter? You can look anywhere there are Catholics in large numbers; look in the parish and in parish organizations, in Catholic schools and colleges (not so much in Catholic universities), in the army, navy or marine corps. How many such Catholics are there? Only a survey of attitudes would indicate the number. And when I speak of the "dogmatic attitude" I am not speaking theologically. No, it is the misapplication of dogmatic views to the social and political order which causes the difficulty. By *dogmatic*, I mean apodictic and assertive even though the grounds for their judgment is theological, especially moral theology.

Let me be more precise. Here is a list of questions divided into two parts. It is a random list drawn from my own experience. Anyone—Catholic or not—could draw up his own list. The first set of questions are "should" questions which involve a positive moral action. Non-Catholic Americans would give some of the same answers here, but several are specifically Catholic. The second set of questions are "can" questions which involve the omission of an action. These questions are specifically Catholic ones and all are answered in the negative.

Here then are questions relating to social and political problems which draw from many Catholics a too frequent, too quick and too dogmatic "yes" or "no."

A. *Should* Catholics put pressure on owners of theatres, halls or auditoriums to prevent the presentation of films or lectures on subjects held immoral by Catholics? (Yes)—*Should* Catholics support "decent literature" campaigns even to the point of an economic boycott of offending magazine peddlers? (Yes)—*Should* a Catholic nurse in a Catholic hospital call a priest to the bedside of a dying non-Catholic patient, if the patient has shown no repugnance to priests or to the Church? (Yes)—*Should* a Catholic mayor, upon his election, immediately close down the houses of prostitution in his city? (Yes)—*Should* Catholics refuse to support foreign aid for Communist or Communist-influenced countries? (Yes).

B. *Can* a Catholic doctor or layman serve on a hospital board which permits the use of contraceptives for non-Catholic patients who need or desire them? (No)—*Can* a Catholic defend the civil liberties of a secularist or an atheist? (No)—*Can* a Catholic vote *against* state legislation to approve gambling if his pastor urges him from the pulpit to vote *for* such legislation to protect the parish bingo games? (No)—*Can* a Catholic administer a hygiene program in the armed forces or to overseas populations which call for the use of contraceptives? (No)—*Can* a Catholic vote for state legislation compelling Catholic and other schools to pay taxes if his bishop urges him to vote *against* such legislation? (No).

Each of these questions is quite complicated. They involve—besides moral principles—professional ethics, international policy, constitutional and state law, not to speak of local customs and traditions. Above all, they call for prudence, that great, and neglected, virtue which directs the means to the end *here and now*. Without knowing circumstances, perhaps no safe affirmative or negative answer can be given.

Yet, many Catholics would give the answers noted above. Will *pious* Catholics give such answers? In my experience, they will oftentimes give them more readily than the less pious. Do the answers reflect an "excessively dogmatic attitude toward social and political questions?" Yes. Do these answers (e.g., regarding dying patients, book merchants, atheists, overseas pagans) involve the danger of "(not) seeing the civil rights" of others? Yes.

You and I know, however, that Catholics who are nurses and doctors, mayors and legislators, citizens or administrators do not in *practice* abide by these answers. One suspects, however, that they sometimes act with a guilty conscience, with a feeling that they do not practice what they preach. These schizoid moral feelings are really unnecessary, for the answers—pro or con—to the questions noted above are the subject of much responsible debate. Catholic professional persons have a responsibility to study these questions, to seek pastoral advice, but they should not think they are *clearly* right or *clearly* wrong however they answer these complicated questions. I trust you realize that I do not advocate the opposite of each of the answers given above. . . .

I did not mean to imply in my *Time* letter that American Catholics as a bloc want, in a positive or aggressive way, to unite Church and state in America. Yet some American Catholics convey this impression inadvertently. And surely you can see why there are no official spokesmen for what is a kind of instinctual response. What I wanted to point out is that Catholics haven't thought much about this problem. They are so used to giving direct, certain answers to matters of faith that they carry over the habit into public life where uncertainty is more often the rule than not. No, many Catholics have not thought much about social and political problems in a free society and the greatest thing about a Kennedy election victory will be that they will be forced to think about them. John Kennedy may well become the most influential Catholic educator of our century.

Mature Catholics must realize that dogmatic solutions cannot hurriedly be applied to the delicate fabric of the social and political order in American society, that prudence and wisdom must guide the judgments of men who live each day in different circumstances and each day under eternal standards. One can have the greatest hope for the development of mature Catholics in the decades ahead, among the clergy as well as the laity. The matter is urgent, for genuine dialogue with our fellow Christians, fellow Jews, fellow Muslims demands such Catholics. And with the increasing growth of American Catholicism, our strength and status as a world power may well be at stake.

From a Catholic teacher:

I would like to think that there is a sizeable group of Roman Catholics in this and other countries who are politically and economically liberal. I would like to think, too, that there is room in the Church for such free-thinkers and that as a result of their gentle agitation, dogma will gradually be modified. It seems to me that many Roman Catholics, who are characteristically liberal in both the secular and religious sense and perhaps politically and morally to the left, are caught up in the conflict of what is the right thing to do: leave the Church rather than practice a hypocrisy, or remain

steadfastly loyal in the hope that they may, in some small way, contribute to a liberalizing evolution.

I would very much like to know your view of this question.

Professor Keegan's reply:

Here is my view of the question raised in your recent letter to me. There is room in the Church for liberals because Christ entrusted His Church with the mission of saving souls — whether they be liberal or conservative ones. Because the Church stands above the partisan positions of liberal or conservative, dogma will not, as you say, gradually be modified through the "gentle agitation" of liberals. Nor, I might add, through the perhaps gentler agitation of conservatives.

Why is this so? Because the Church is not the monolithic structure depicted by some of its enemies . . . and by some of its friends. Enemies sometimes say that it imposes a Catholic social and moral order on the non-Catholic and friends sometimes say the Church has every right to do this. The friends of the Church fail to see that, while error has no rights, persons do have rights; the enemies fail to see that, while the Church is one in faith, it is many through the social and political views of its members. Catholic anarchists and revolutionaries co-exist with Catholic presidents and citizens. Such differences between Catholics are only rarely "Catholic" differences.

Let us then view the Church as it really is. It is not a stubborn, intractable medieval giant issuing unilateral commands to members and non-members alike, a voracious soul-saver gobbling up those whom it cannot convince. No, the Church is the Body of Christ, without spot or blemish, "a supernatural society, both divine and human, which unites in itself men as co-citizens of the Kingdom of God leading them to eternal life, already begun here below." The Church is the Body of Christ or, as Bossuet said, *le Christ répandu et communiqué*, Christ Himself diffused and communicated.

Amateur theologians confused things mightily when they link a particular political or social order with the awesome Body of Christ. Such was the error of Charles Maurras in recent French history.

On the other hand, one may expect that the Church will exercise its authority differently in different times. The Church today does not act publicly in a 13th century or a 16th century manner. And this is not because dogma is changing. It is rather because history is changing and men need to be saved in every period of history. The Church chooses the appropriate means for extending the Body of Christ in each age. In our time, it encourages laymen, versed in learning and rooted in faith and charity, to provide the haven for a new Christendom greater than anything seen before. For a vision of that new Christendom, I refer you to the writings of Jacques Maritain, especially his *True Humanism* and *Man and the State*, from which latter the quotation above was taken.

One final thing. There can be no real question of leaving the Church over a conflict between conservative and liberal elements in the Church. One must distinguish between the Church and its members. Remember, as Chesterton said, the greatest proof of the divinity of the Church is the mediocrity of its members. Let us make no mistake about it: when one leaves the Church, one leaves Christ Himself.

From a Catholic seminarian:

I do not entirely understand your letter to the editor of *Time* magazine.

One example of this misunderstanding is the matter of Catholics who view political opportunities as opportunities for their Church. I think Catholic politicians get in office to do good, and, therefore, it naturally leads to the advancement of the Church. If the overzealous "crusader" type Catholic gets into office, I think he kills himself off by trying to further the Church. Looking at your statement, I don't know what you meant. If I were a bigot I could take this any way I wanted to . . .

Professor Keegan's reply:

I do not believe you and I have a quarrel. If you examine the *Time* letter closely, you will note that I do not speak of Catholic politicians, but of Catholic political attitudes in general and in relation to Catholic college students.

Let me speak however of both groups, the Catholic politician and the Catholic student. I quite agree with you that

the overzealous politician is headed for a short public career. I would only add that he deserves one.

As for Catholic politicians who "get in office to do good, and therefore, naturally (advance their Church)," I wonder if there are as many as you suppose, especially in municipal government. Regardless, it remains true that a Catholic politician who seeks office to do good (the common good) does advance his Church in a natural, and thoroughly American, way. One of the best examples of this kind of Catholic politician is, I think, Senator Eugene McCarthy of Minnesota. However, you and I must be aware that the Catholic in politics is not as frequently judged according to the type of Senator McCarthy, as by men like Franco, and Boniface VIII. And the fact that our adversaries have a very unhistorical argument (even an un-American one, for we have our own breed of imperfect public officials) should give us little comfort. There are enough contemporary examples of medieval political thinking to support the vulgar, but effective, argument that the Church is what Catholics do.

What are some of these contemporary examples? Let me give ones among Catholic college students of your own age. Please remember that the force of these examples does not come from their number, but their quality. Anyone who has been a careful observer of American culture and a student of recent European (and Russian) history will recognize the attitudes reflected by these students. They are offered, therefore, not as evidence but as illustrations.

A student magazine crossed my desk just after the *Time* letter appeared. It contained a letter and an article on the recent Puerto Rican pastoral letter on Governor Marin. Let me give you an excerpt from each one: "We all know of the 2-cent Catholic who is all the way for birth control, believes in the separation of Church and state, and sits in the first row in Church on Sunday." . . . "Of course Catholic bishops would do the same in America (i.e., the same as the Puerto Rican bishops), but America is not a state where nine out of ten persons are Catholic. There is no danger of it ever happening as long as Americans accept and preserve the fact of a Catholic minority here."

The last sentence in the quotation above is not reassuring in light of the Catholic view on birth control, but this lad went on: "It is the duty of American citizens to avoid Communism and to admire democratic and Christian principles . . . because the only way we can keep this government of ours in operation is to eliminate persons who don't revere the same forms and ideals we do. It is a practical solution to a practical problem." (Italics added.)

These are the voices I hear, and have heard, from hundreds of Catholic students over the past ten years in Catholic and non-Catholic colleges. Can't you imagine that an American non-Catholic might be wondering with some uneasiness what the future holds for him if, as one Catholic prelate recently predicted, America will have a Catholic majority in the next hundred years?

Fortunately, I think there is now only a small minority of Catholics who hold an aggressively intolerant attitude toward their fellow Americans, including Catholic ones who disagree with them. But there is widespread Protestant feeling that this group is either larger than many American Catholics think or that it is capable of growing to be a serious social and political menace in the United States. For my part, I hope it is smaller than suspected and diminishing daily. But I do not know how large or small it really is. I draw the final conclusion that, whatever its size, it is too large.

Fortunately, too, there is another minority which is growing year by year. This minority is thoroughly Catholic and thoroughly American. It compromises neither faith nor political views, for it gives to Caesar what belongs to Caesar and to God what belongs to God. The great hope for the American Church lies with this second minority.

From an Australian Catholic:

As a Catholic who takes a fairly close interest in U.S. as well as Australian politics, I was very interested to read your letter in *Time*.

As you possibly know, the issue of religion in politics has been very much to the fore in Australia in the last few years. The Democratic Labour Party was formed as an offshoot from the Australian Labour Party in 1954, ostensibly on the issue of Communist infiltration in the A.L.P. and Trade

Union. Since then the D.L.P. has adopted a platform incorporating many Catholic principles, notably fierce opposition to the recent Commonwealth Divorce Act and support for aid for non-state (i.e., mainly denominational) schools.

Several Australian bishops (with the important exception of Cardinal Gilroy of Sydney) have publicly attacked the A.L.P. and supported the D.L.P. with varying degrees of fervour.

Despite the occasional pronouncements that the Church has a right and duty to engage in politics (by defining the moral issues involved and the teachings of the Church) but not partisan politics, some of the bishops seem to have gone rather far from this principle.

As I see it, if the Church claims to direct Catholic legislators how they shall vote, or censure them if they do not vote in accordance with the Church's attitude, on questions such as divorce, birth-control, aid to non-state education, etc., then we can hardly blame the majority of non-Catholics for refusing to elect Catholic legislators. If this is so, then what is the place of the Catholic politician in a Catholic minority such as exists in the U.S. or Australia?

Your letter seemed to me to hint that there is a modern practical solution to this question. I could be very grateful if you could possibly comment further on the matter.

Professor Keegan's reply:

Thank you for your letter. The phenomenon you describe is commonly observed on this side of the Pacific.

First, let me comment on the role of the Democratic Labour Party as you present it in your letter. If, as you say, this party's platform incorporates specific Catholic principles, it is not the proper instrument for a Catholic's participation in politics, at least in America. Let me explain this paradox. Our land has not seen religious divisions erected into political alternatives, an advance over the classical European political situation. American political divisions turn on state vs. federal jurisdiction or matters of economics and foreign policy. These quarrels are not religious but political. They make a Democrat or a Republican, not a Catholic or a Protestant.

The situation is healthy for the body politic, because it acknowledges the distinction between political and religious matters. The religious person who enters politics must be a politician, not an apologist for his prelate's social and political views. The absence of a religious-political party favors the development of men politically competent, not idealists who work at politics to advance their own denomination (incidentally, the system has worked so well in America that another danger has resulted: the phenomenon of the amoral or immoral politician who is, often enough, a religious person in private life).

To what values should the Catholic politician attach himself, since he should not, in a free society, conceive himself as an instrument of his Church? The Catholic politician must attach himself to genuine temporal goods: the alleviation of suffering and misery, equality of opportunity in business and social life, technical and cultural education and many other goods. These are worthy of the highest effort of a Catholic. He need not regret that temporal goods are not as high, absolutely speaking, as spiritual goods. Jacques Maritain distinguishes between the absolute common good and the common good in a given order, for example, the temporal order. This is a crucial distinction for the Catholic in American politics.

Maritain has also written on America's "secular faith," our faith in the moral law, the rights and dignity of man, the importance of freedom and the hope for the future. These are authentic values and a Catholic can easily give assent to them. To be sure, they are secular values which have built the modern world's philosophy of society. But they are not secularist: not relativist, not atheist, not materialist. However heterodox the version, the Gospel did enter temporal life in America in the 17th century and has remained a formative influence in our culture. When Americans took the stand that they would not take a stand on religion, they intended nothing irreligious. They reassigned the role of religion in the new republic; they decided neither to favor nor injure any of America's historic faiths. Several consequences followed: the individual was free to establish his own relationship with his Creator and the churches were given independence to assist

the individual. From this point of view, the Catholic Church is as free as any other church, as our great growth in America testifies. A second consequence of the disestablishment of religion was that this relationship, however conceived and practiced, affected in no way the individual's status as a citizen. By the 18th century the sacral age—an age in which the persistent ideal of unity made of temporal life chiefly an instrument for spiritual aims—was over.

Life in a pluralist society can constantly reveal to American Catholics that, however mixed with what we Catholics call error, there is much that is positive and valuable in American life. It can remind both clerical and lay Catholics that political instruments for serving their Church directly are not available to them. If one encounters a Catholic who thinks his greatest service to the Church is an effort to outlaw birth control or divorce or to introduce a diluted version of the Baltimore Catechism in the public school curriculum in a "moral and spiritual values" program, one is hearing the echoes of an archaic absolutism.

But the possible conflicts between the American political tradition and Catholic doctrine should not be exaggerated. The capable politician who knows the history and aspirations of his country will not find many conflicts. Secular values are human values because men exist in this world before existing in the next. The greatest Catholic thinkers have subscribed to the maxim: *homo sum; humani nihil a me alienum puto*. Areas of possible conflict are exaggerated from time to time, for example, in the presidential election. There is hardly an issue in federal or state matters which the Catholic, along with other men of good will, cannot endorse. And when he does disagree, the difference is political or social, only rarely religious. When one speaks of "the opposition of the Church," he often means only the opposition of this or that prelate. The Catholic politician must judge the political preferences of his bishops and priests with the same objectivity that he would demand of a Protestant or Jew in assessing the opinions of their religious leaders.

For many decades, American Catholics have been firm and untiring defenders of their faith. Today, while continuing to defend it, they must do something more. When a Catholic upholds his political tradition by granting to fellow citizens the right of association and the freedom to express his opinion, he should not think he is, by that fact, supporting the error which may issue from the exercise of this right and freedom. The Catholic faith must surely be defended, but only when it is under attack—and it is not under attack by the American political tradition. The eradication of evil is not the only, nor the first, attitude of a Christian facing an erroneous opinion. Behind every opinion there is a person, and Christian love goes out to persons. In no country should error have rights, but in some countries persons do. America's tradition of religious liberty should not be described as an inducement to error, but as an opportunity for choosing the truth. Above all, this state of affairs should not be regarded as a weakness in America's body politic, but a source of its very strength and life. Within a vivid awareness of the rights of an American citizen to express his own, sometimes heretical, views, the American Catholic should vigorously defend the truth of his own position while attempting to create "not a fellowship of beliefs, but the fellowship of men who believe."

50 Year Club

The obituary section above is swollen with the names of men who have been gone for months but whose deaths were only recently—and perhaps in some instances mistakenly—recorded in postal notices following the recent intensive fund mailings. The list shows a great depletion in the ranks of the Semicentenarians, and we ask you to say a prayer for departed comrades as we call the roll.

ARTHUR PERLEY, '82, died in December, mourned by several generations of political and business colleagues in the South Bend area. He had been a local realtor, banker, businessman and militant Democrat from early years when he drove a mule team and operated a sawmill. Only recently failing health forced his resignation as president of the Regular Democratic Club, but he realized his desire to vote the ticket in the 1960 national elections as he had for more than 70 years. Deepest sympathy to his wife Alice.

Other deaths reported in recent months: **NATHANIEL J. NEALIS**, '89, of Brooklyn, N.Y.; **A. W. MAJOR**, '93, of Laredo, Tex., former meat-packer and oil operator; **REV. ERNEST HAWLEY**, '94, Lacon, Ill.; **EDGAR CRILLY**, '95, Chicago, Ill.; **MICHAEL J. FLANNIGAN, SR.**, '96, Omaha,

Neb.; FRANK SEKINGER, '03, of Lancaster, Pa.; HON. FRANK J. LONERGAN, '04 (see below), of Portland, Ore., whose death was mentioned only briefly in a last minute caption under a picture of Notre Dame judges in the November issue; STEPHEN RIORDAN of the same Class, formerly an attorney and political leader in Chicago; CHARLES T. McDERMONT, '05, Santa Barbara, Calif.; LEROY J. KEACH, '08, Indianapolis, Ind.; CHARLES A. HANNAH of Buffalo, N.Y., and WALTER HEEKIN, SR., of Cincinnati, O., both members of the Class of '09; and WILLIAM A. DUFFY, '11, of Butler, Pa.

Notes on the late Judge Lonergan have been pouring in from all corners since his death in October. Notable tributes came from Semecentarians BILL SCHMITT, '10, of Portland's Schmitt Steel, and from special correspondent HARRY W. ZOLPER, '04, of Rapid City, S.D., who wrote: "... nowhere do I find a note on our loss of 'HAPPY' LONERGAN, '04, Law, Portland circuit judge. . . . I found this sad news in my Elks magazine. It devoted a page in front and its editorial page in back to his demise. . . . Frank J. Lonergan was one of our grandest national leaders of the Elks, a top hand in the Knights of Columbus, and a true Catholic in that Oregon school fight 20 years ago. I see by the Denver Register, now that Happy is gone, the natives are going to ask their Supreme Court to review that case. . . . Happy and I joined the South Bend K. of C. Council on May 29, 1904. Earlier, on Easter Monday evening, he and I shared a cab to haul our dates from South Bend (whom we had met through classmates just once before) to the first Easter ball ever held in the N.D. gym. We were sure a pair of tongue-tied Illinois hayseeds, he from Polo, I from Mendota; but that Irishman had the best gift of gab at that.

"Also, I remember Lonergan as our 1903 fast right halfback in that 0-0 Northwestern game; with LOU SALMAN at full, GEORGE NYERE the other half, NATE SILVER at quarter, and bow-legged, freckled, redheaded FRANK 'SHAG' SHAUGHNESSY at right end, from Amboy, Ill. . . . We lost one of our grandest classmates when we lost Frank J. Lonergan."

TOM MAGEE, '32, secretary of the Notre Dame Club of Portland, wrote that "the enclosed editorial from 'The Oregonian' (Oct. 6, 1961) gives a far better epitaph on Judge FRANK J. LONERGAN, '04, than anything I can say. Except perhaps that Notre Dame was long and loud on his lips. Our gatherings will be more drab for want of his colorful personality. This in an area where 35 years ago they tried to close Catholic schools!

"His Grace Archbishop Edward D. Howard, D.D., officiated at the Requiem Mass in St. Mary's Cathedral, where Frank had been an usher for 55 years. Celebrant was Frank's brother, Father Joseph M. Lonergan, and deacon was Frank's nephew, Father John P. McGrath, pastor of St. Patrick's Church,

Delmar, Iowa. Twenty fellow jurists, the 4th Degree Knights of Columbus, and over 300 people attended. U.S. District Court JUDGE JOHN F. KILKENNY, '26; Postmaster ALBERT M. "DUKE" HODLER, '23, and GENE MURPHY, '24, were among the active pallbearers. Judge Lonergan leaves no immediate family of his own, his wife having predeceased him many years. R.I.P."

The Oregonian editorial to which BILL SCHMITT, TOM MAGEE, and others referred, reads as follows: "FRANK J. LONERGAN, who died Wednesday at the age of 79, carried the courage and sportsmanship of competitive sports into the profession of law, into politics and government, and to the circuit court bench. He was a man who savored life to the full, who understood people and their actions and reactions, and was a fine lawyer and judge because of it.

"Judge Lonergan worked at the strategy and stratagems of politics, as a member of the Oregon Legislature and in many a Republican Party campaign away from it, as if he were planning a winning game for the bruising football teams of the Multnomah Club or his alma mater, Notre Dame, where he was a great player. His thousands of friends, in all employments and professions, delighted in his victories and cheered him in defeats, which were rare. He was immensely liked.

"It is not so much as a lawyer, legislator or judge that he will be remembered, but as a personality. He was the center of any gathering, and loved every minute of it, delivering his views on a vast variety of subjects with fluency and sharp discernment, but always in good humor. He will be greatly missed."

We are further indebted to the aforementioned HARRY ZOLPER for the 1903 Sorin football team picture on these pages. About it he wrote: "In my diary I read that the annual Sorin-Corby football game for 1903 occurred on Thursday morn. Nov. 5; score, Sorin 0, Corby 0. Once Corby held Sorin on the one-yard line. Sorin's DAN DILLON had his collarbone broken in the second half, and JOHN QUINLAN had his hand lacerated. ED REULBACH was ordered out of the game near the close of the second half. Corby's right end CHARLIE KANE had his right arm twisted out of joint, and their left halfback FRANK TORNEY lost six teeth. HARRY HOGAN and little Quinlan were Sorin's best ground gainers. Diary notes on the 1902 Corby-Sorin game are brief also. Score: Sorin 6, Corby 0. Hogan was captain and fullback. Corby Hall's BILL MULCRONE received the second half kickoff, made a fine return to Sorin's six-yard line where he decided that he was running toward the wrong goal, turned around and got to about the 20 before he was tackled by a teammate. Mul was so sure. Some 40 Corbyites charged two huskies and myself to take a bugle away from me which I was using to help our cheerleaders."

PAUL R. MARTIN-DILLON, '09, of The Eve-

ning Times, Cumberland, Md., contributes:

"It was with nostalgic interest that I read Harry Zolper's tribute to the memory of the late ED REULBACH in the November issue of the ALUMNUS. As a professional writer I cannot resist the temptation to accept the invitation to add more to the memories of those days. I could write a book on the subject of Notre Dame as I knew it as far back as 1898, but I will confine myself this time to comment on Ed Reulbach and his friend, JOE DOANE. The details concerning Ed which come to my mind at present seem to have been forgotten.

"Ed entered Notre Dame in the autumn of 1901. That was the beginning of my final year in the preparatory school. Like many upperclass preps I had a room in Corby Hall together with a considerable number of students who had collegiate status. My room was next to that of a freshman from Cincinnati named Joe Doane, who in a prep school in his home city had demonstrated his ability as a baseball pitcher. Joe and Ed Reulbach were great friends, and as Ed frequently visited Joe's room I got to know him much better than might have been the case otherwise.

"Joe, I want to say in passing, was a brilliant student and had been well prepared in the classics by the Jesuits. His favorite amusement during his leisure hours was translating current popular songs into Latin. I well remember his Latin version of 'Rip Van Winkle Was a Lucky Man'.

"Ed Reulbach was himself a fine student and came to Notre Dame with a good prep school reputation as both a football and baseball player. He immediately answered the call for football candidates (freshmen were permitted to participate in all varsity athletics in those days) and it is quite likely he would have made the team except for an accident. In just about the first practice scrimmage in which he took part, he broke his leg and football was definitely out for him. I don't believe he ever tried to make the varsity team again.

"However, to most of us baseball was just as important as football and we were sure Ed would be ready for the baseball team in the spring. But again Fate stepped in. FATHER STOEFFEL, a teacher of Greek at Notre Dame who was at the same time pastor of St. Joseph's Church in South Bend, died. The entire student body attended the funeral at the church and cemetery. Returning from the cemetery, Ed Reulbach (whose leg was in good shape by that time) decided to take a short cut instead of going around through the gate. He tried to leap over the fence that surrounded the cemetery but slipped and fell on the iron pickets. He was so badly injured that he could not try out for the baseball team.

"If Ed was able to attend any baseball games that Spring, he sat in the grandstand with the rest of us. HARRY HOGAN, BILL HIGGINS and JOE DOANE did the pitching and they were all top notchers. Notre Dame had a splendid season. The high spot—for the students—was during the

GOLDEN WEDDING ANNIVERSARY last fall united Mr. and Mrs. Thomas L. Hickey, Sr., (seated, center) with seven children plus their husbands and wives and a legion of grandchildren. Mr. Hickey, South Bend contractor and intimate friend of the late Knute Rockne, had six alumni sons: Tom, Jr., '35; Louis, '37 (deceased); Don, '38; Jerry, '41; John, '44; and Joe, '50.

pre-season period when the Chicago White Sox came to Notre Dame for a week of training and played the Notre Dame team every day. The Sox won all the games. The only Sox players that come to mind now are Clark Griffith and William (Frank) Isbell.

"The Notre Dame catcher that year was PHIL 'PEACHES' O'NEILL, then a Senior. For a short time after graduation he played with the Cincinnati Reds but returned to Anderson, Indiana, his home town, to practice law and he became one of that city's outstanding attorneys. I am sure that neither Hogan, Doane nor Higgins ever played professional baseball. Harry Hogan became a bank president in his native Fort Wayne, Doane went into his father's shoe business in Cincinnati, and I do not know what became of Bill Higgins. (Ed. Note: An attorney in Boston, he is now deceased. J.L.)

"ED REULBACH, as a sophomore, made the baseball team in the spring of 1903, as he did in 1904 and 1905. But as a college pitcher he was by no means sensational. All the other pitchers of the team were just as good as he was. There was a reason for this. Ed was a hot weather pitcher and the college season was not long enough for him to get warmed up. But the big league scouts evidently realized this and recognized his potentialities for in 1905 he was grabbed for the Chicago Cubs. The world knows what happened after that. He was a grand person and his death is a loss to Notre Dame."

Thanks to PAUL MARTIN-DILLON for this reminiscence and, finally, deepest sympathy to Col. and Mrs. R. OTTO PROBST, '11, of South Bend on the death of their son, Rudolph, Jr.

JAY L. "BIFFY" LEE (Lee Hills, Maple City, Mich.) was the first to REGISTER for the GOLDEN JUBILEE. Who will be the number 2? To make proper arrangements for the three-day reunion we must know well in advance how many of us will be there for our LAST FORMAL GATHERING. After that you all will automatically become members of the 50-YEAR CLUB wherein your identity is merged with the members of the previous classes, so this is your last chance to meet as a CLASS. Please let me know as soon as possible that you WILL BE THERE.

"BIFFY" is enjoying his retirement and says emphatically 'my wife and I consider the past ten years as the best of our lives.' I have been retired for the past three years, and I fully second his sentiments.

You have received from the Alumni Office a list of the 1912 CLASS members, live, missing and departed. See how many of the 22 MISSING members you can locate before the BIG EVENT.

Following are excerpts from Biffy Lee's earlier letter to JIM ARMSTRONG:

"I break in on another of your busy days, Jim, for two reasons: (First) this is my seventy-fifth birthday and (Second) while spending the month of August in a Traverse City hospital I heard that JESSE HARPER died at age seventy-seven recently.

"I hope and plan to attend the 50th reunion of my class of 1912 next spring and would like to make an early reservation. I have not been on the campus since we had lunch together in 1957. . . . If it is true that Jesse Harper has died then I am the only living member of the coaching (football) staff of 1916, I believe. Having attended Rockne's funeral, knowing that FATHER HUGH O'DONNELL passed on some years ago, I am under the impression that you told me in 1957 that FREEMAN FITZGERALD had also died. If that impression

is based on fact and Jesse is also gone then, since there were but five of us on the staff that year, I must constitute the remainder.

"The major job for Fitz and myself was with the freshmen plus part-time work with the varsity. Among other boys who made the varsity later was GEORGE GIPP; he made that 62-yard drop-kick for us at Kalamazoo as a freshman.

"Of interest to you, Jim, will be my receiving today a nice message from PAUL HOEFFLER. I recall that you and your wife had visited the Hoeflers in Providence early in 1957. If you haven't heard recently from Paul you will be pleased to learn that his wife is in good health at present and that his son has finished his army hitch and is connected with a fashion photographer in New York City. . . . My regards to Father John Cavanaugh and Moose Krause."

I have made contact with most of the members by means of personal Christmas Cards. So far only the one sent to EDWARD M. BRUCE, 7220 N. Keystone, Chicago 46, Ill., was returned as unclaimed.

ARTHUR A. KEYS informs me that his brother Albert, who has been on our "Unclaimed" list for some years, died in March, 1954. Please say a retroactive prayer for Al. Arthur also states that he will try to make the "Golden Jubilee."

TWOMEY M. CLIFFORD, once known as the oracle of Delphi (Ind.), is winding up his varied career by being elected Municipal Judge of Camden, Ark. For a time he once presided over the City Court of Indianapolis. An officer of the 14th Infantry division in World War I, he has been city attorney of Camden. In the early '30's he was a special agent of the F.B.I. in bank matters. He resigned recently as assistant counsel for the International Paper Company after 19 years of service, when his townsmen voted him into duty again.

JOE WALSH is enriching his days of retirement in Spokane by spearheading the Notre Dame Challenge campaign.

We note change of address for CECIL E. BIRD-ER. Sid now lives at 99 E. 54th St., Minneapolis 19, Minn. Also for REV. GEORGE STRASSNER, O.S.B., with a new address at New Subiaco Abbey, Subiaco, Ark. And for classmate F. R. CAVANAUGH, now at 214 Homewood, Warren, Ohio.

FRANK RYAN has just had a visit from his brother, ED, who finished in a later class. Frank now lives at 6721 S.E. 34 Avenue, Portland 2, Oregon. Ed, prior to visiting Frank, made a several weeks' trip to Ireland last summer.

We now present what we hope will be the first of a series of profiles-in-depth of colorful Fourteeners and their families:

MR. AND MRS. SIMEON T. FLANAGAN, '14

With mixed emotions one writes about a classmate forty-seven years after taking hand in writing a thumbnail sketch of him to accompany his youthful picture in the '14 Dome. But the intervening

career of SIMEON T. FLANAGAN, lawyer of New York City, has been so interesting and filled with worthwhile accomplishments that without an extension of remarks the record would be incomplete.

Sim didn't become a Tammany leader as suggested in class prophecies. But he appears to be outlasting the boys in the Hall. He still will maintain, however, that Champ Clark would have made a better nominee than Woodrow Wilson.

Beginning his career in law with the late PETER P. McELLIGOTT, another great Notre Dame man, Sim has made New York City his headquarters ever since. But he has handled more cases abroad than any lawyer we know and is at home in South America, the British Isles and continental Europe. Wherever he has gone both his beloved Notre Dame and New York have accompanied him, as passing years have mellowed and ripened him into the gentle elder whose windows now look out from the old Madison Square hotel.

It is a far cry from the room Sim once shared with the late J. P. McEVROY. The two starving cub reporters for the old News-Times would rejoice when they were assigned to cover a banquet.

In their apartment on the hotel's seventh floor Sim and his wife, Edith are gracious hosts. Devoutly Catholic, they spread good will about the place where linger memories of such notable occupants as P. T. Barnum and General John J. Pershing. The former neighboring Madison Square garden is now gone, but next door is the Manhattan club once built for his residence by the late Leonard Jerome (maternal grandfather of Sir Winston Churchill). The club has the reputation of being the point of origin of the Manhattan cocktail.

In the days when Rockne's team used to play the Army and Princeton one week apart, Sim's residence was a rendezvous for Notre Dame rooters. There you might have met the Currys of Hartford, HUGH O'DONNELL of the Times, LUKE KELLY, Congressman WILLIAM J. GRANDFIELD (Peaches), ED McHUGH of Cincinnati, and many others including the late JOE GARGAN, who was admitted to the New York bar from Sim's office.

Those of us who remain regard Sim as a rugged rear guard for the better things of a former day with a seasoned insight into the present.

In addition to Mrs. Flanagan, Sim's immediate family consists of one son, Vincent, who has chosen the Marine Corps as a career. On occasions of Vincent's visits one may at times hear the voice of this McCormick-like Irish tenor enriching the Madison Square.

From the Alumni Office:

If it hasn't been mentioned before, DR. JOHN B. O'DONAGHUE of Lake Forest, Ill., professor of surgery at Loyola's Stritch School of Medicine, was installed last September as second president-elect of the U.S. section of the International College of Surgeons. Dr. O'Donaghue had previously served as secretary of the organization and visited Russia last June on an official good will tour.

Last fall was a busy one for JOSEPH M. BYRNE, JR., of Newark, N.J. Out to the campus for Trustee meetings (and incidentally to participate in the Navy game rally), he also had an auspicious occasion in October—Friday the 13th—the 75th anniversary of Jos. M. Byrne Co., insurance and travel agency founded by his father Joseph, Sr., '79, of which he is now board chairman and his son, Joseph III, '47, president. (See picture in this issue)

Sympathy to the widow and son of RAYMOND J. SULLIVAN of the Law Class, who died in late November in New Hampton, Iowa, where he had been a trial attorney active in civic and religious affairs for more than 40 years.

(Ed. Note: You may have heard, via Chicago Tribune Press Service or Kup's Column in the Chicago Sun-Times, about Secretary JIM SANFORD's trip to Washington last fall to call the Russian bluff after Premier Khrushchev praised

the peace message of Pope John XXIII. Jim delivered a personal note to Russian Ambassador Mikhail Menshikov suggesting that the Russian government, through proper diplomatic channels, invite His Holiness to address the United Nations on peace. He received this reply from the ambassador's assistant Oleg Sokolov: "This is to acknowledge receipt of your letter . . . by the Ambassador who is currently leaving for New York. Your letter has been forwarded over to Moscow and we will be glad to inform you upon receiving a reply." So far no reply to this one-man solution to the Berlin crisis, disarmament, etc., but keep us posted, Jim. J.L.)

The following sorrowful intelligence from TIM-OTHY P. GALVIN, senior attorney of Galvin, Galvin & Leeney, Hammond, Indiana:

"It becomes my sad duty to report the passing of another member of the Class of 1916.

"HUGH E. CARROLL died at his home here in Hammond on December 11. He had been in seemingly good health and apparently his death was due to a heart attack.

"Hugh had practiced law in East Chicago and Hammond practically all of the time since his graduation in the Law Class. In recent years he devoted a great deal of attention to a manufacturing enterprise known as Redi-Bolt, Inc.

"PAT MALONEY and myself represented the Class at the Requiem Mass held at St. John Bosco Church in Hammond on December 13."

Thanks, Tim, and sympathy to Hugh's survivors, who have been told of a remembrance in a special Mass on the campus January 6.

This is not HUGH STANLEY CARROLL, also of our era, a research chemist last heard from at Bucknell University in Pennsylvania. There is also an unconfirmed report on the death of EDWARD J. BECKMAN of Syosset, N.Y., who had been at St. Ed's University in Texas.

To Tim, Pat and all the faithful who gathered last June—and to all who wish they had—Happy New Year.

Much appreciated letters have been received by your correspondent from classmates DANIEL E. HILGARTNER, JR., and EDWARD J. ROGERS. Also received a most welcome Christmas card from LEO BERNER and wife, Lula, of South Bend.

Danny now lives at Forest Springs, Harbert, Michigan, after many, many years as a resident of Chicago and a member of the Chicago Tribune organization. He advises that he has received a letter from MATT TRUDELL, who reports that Mr. and Mrs. BERNIE VOLL (B. and B.) relaxed during November in Phoenix, Arizona, where the Trudelles saw them frequently. Bernie recently moved up to board chairman of Sibley Machine & Foundry Corp., and his son Bill is now vice-president for sales.

THREE GENERATIONS of Joseph M. Byrnes show a portrait of the founder of Jos. M. Byrnes Co., New Jersey insurance and travel agency, which observed its 75th anniversary last fall. Joseph M. Byrnes, Jr., '15, is flanked by Joseph M. Byrnes III, '47, (right) and Joseph IV. (Newark News photo)

ED ROGERS is president and general manager of Layne-Northwest Company in Milwaukee, registered professional engineers. He had intended being at Notre Dame the weekend of November 17 and 18 for a meeting of the engineering and science council, but another commitment forced him to change his plans. Ed now has a home in Delray Beach, Florida.

Congratulations to HARRY BAUJAN on 40 years on the campus of the University of Dayton as a coach and recently as much beloved athletic director.

Attorney ELMER C. TOBIN, fellow townsman of your correspondent, and wife, Helen, made every home game at Notre Dame this fall. They weekendened on each occasion at the home of their son-in-law and daughter, Mr. and Mrs. Carl O. Talf, Jr., in Michigan City.

Incidentally MATT TRUDELL is in the pink and planning to attend the forty-fifth reunion in June. How about you, classmates?

JOHN J. VOELKERS, track team star, informs that he has given up on Florida in favor of the Chicago area. "Except for the climate I had little in common with Florida," he opines, adding "there is more to do and see up here," meaning Oak Park, Ill.

GEORGE WAAGE reports that he had a pleasant visit with BILL BRADBURY recently, at Robinson, Ill. The two Notre Dammers had not seen each other for 40 years, and they had a gala time conversationwise.

George has retired, as previously noted, and is enjoying his first automobile. He characterizes himself as a super-careful driver. He wasn't careful the night he ran a mile with one shoe torn

off the first quarter on that hard indoor dirt track when it was 12 laps prior to World War I.

Spent four days in Madrid in October, flying over for the bullfights, which thrilled and appalled me at the same time. Hope to greet some of the class who look me up in hibernation in Winter Haven, Fla. Happy New Year.

From the Alumni Office:

The New York Times last fall devoted a large part of its business section to JOHN E. KENNY, who spent a couple of years with the Class before going on to Carnegie Tech and eventually to the presidency of Foster Wheeler Corporation, one of the world's largest builders of plants for petroleum, chemicals and other industries. John and his wife Carolina (nee Green) have a daughter, Katherine, and live on Sutton Place in New York City, a short stroll from the Fifth Ave. headquarters of Foster Wheeler's prosperous operation.

In a note to FATHER HESBURGH, U.S. 7th Circuit Court of Appeals JUDGE ROGER KILEY wrote last October: "You'd have been proud of the Notre Dame representation at the 14-state conference of Federal Judges at Highland Park last week. BILL FOLEY, general counsel of the House Judiciary Committee in Washington, was a principal speaker. JUDGE CLIFF O'SULLIVAN of the 6th Circuit Court of Michigan, Judges LUTHER SWYGERT and Kiley of the 7th Circuit, Chicago, and JUDGE BOB GRANT of the District Court at South Bend, were present. Then the speaker of the evening was ROBERT KENNEDY, introduced among other things as a member of the Law School Advisory Council. A wag among the judges suggested that next year we bring a cheerleader."

Congratulations to DR. THOMAS N. SHEEN, chairman of the 1961 Christmas Seal campaign of the New York Tuberculosis and Health Association centering in Manhattan.

THOMAS J. GLYNN, who started with the Minims in '09 and left for W.W. I after his freshman year, was recently reported deceased by his brother James, '26. He died and was buried in Los Angeles after living many years in Los Angeles. Sincere sympathy to his daughter and other surviving relatives. No details have been confirmed on the re-

ported death of LEO J. MOMSEN in El Paso, Tex., where he was an officer in the export firm of Momen Dunnegan Ryan Co. and active in Notre Dame Club and Foundation affairs. Leo, Jr., was graduated in 1957.

From all indications great interest is developing among our classmates for the gala 40th Reunion carded for next June 8, 9 and 10 on the campus. Many are writing in to say that it is a "must" with them. That grand buckeye Daytonian, FRANKIE BLASIUS, even goes so far as to say that our class reunions are almost a part of his marriage contract, and that the pleasure of attending the 40th began as soon as the 35th was over.

Our deepest sympathy is extended to Mr. and Mrs. JAMES C. SHAW, 4160 Greenwood Drive, Des Moines, Iowa, in the death of their beloved daughter, Sheila, age 22, from cancer after an illness of eight months. Death occurred on September 10. Sheila was born in Des Moines, and attended Barat College, Lake Forest, Ill., Duchesne College, Omaha, and St. Mary's Academy, Notre Dame. Please do not forget Sheila in your prayers.

HON. A. A. SCOTT, judge of the Superior Court of California, writes from Los Angeles: "I know you will be happy to learn that our son, FATHER AL, is still located in Santa Barbara, and enjoying his work immensely. Likewise, our daughter, Mary Ellen, is very happily married to Wayne G. Anastasi last June 24 at San Pedro, California, by RT. REV. GEORGE SCOTT, brother of Judge Scott in the monsignor's own church—Mary, Star of the Sea.

"I have received all of the publicity concerning the class reunion next June, and have marked it down on my calendar. I sincerely hope that my health will continue to improve after my recent operations, and I definitely plan on being there if at all possible."

Mrs. AL SCOTT sends in her own little note to augment hubby's. She reports Al's illness covered a period of three months—critically ill, and undergoing two major operations in ten days. She informs us that Father Al's parish in Santa Barbara is that of our Lady of Guadalupe; also, that their son, Joseph, recently entered business for himself in the field of public relations. The newlyweds, Mr. and Mrs. W. G. Anastasi, are living at 691 Birch Ave., Hawthorne, Calif. We rejoice in Judge

Al's improved health, and pray that he can make the trip to the campus to attend our June symposium.

Mrs. EDWIN J. BYRNE (Irene) has a new address—2800 July St., Apt. 15, Baton Rouge, Louisiana. She is affiliated with the Quality Insurance Agency, 239 America St., in Baton Rouge.

JOSEPH A. SINGLER was reported deceased in Sandusky, O., by workers in the Notre Dame Challenge campaign.

Other new addresses are: JOHN P. CULLEN, 342 N. Water St., Milwaukee 2, Wisc.; HARRY J. MEHRE, 1121 Spring St., S.W., Atlanta 9, Ga.; DANIEL H. YOUNG, Aronominck Arms Apartments, Drexel Hill, Pa.; BERNARD J. DWYER, 926 N. Main St., Apt. 706, Peoria, Ill.; RALPH G. ITTENRACH, 4014 New Jersey St., Indianapolis 5, Ind.; RICHARD W. McCARTY, 120—36 St., N.E., Canton, Ohio.

A postcard from the JOHN P. CULLENs informs us that their youngest son, Peter, is a freshman at Notre Dame. The Cullen took in the Southern Cal and Navy football games. J.P. also reported a Chicago visit with JOE FARLEY.

Star reporter RAY GIRARDIN has been stellar as chief probation officer for Recorder's Court since the Detroit Times closed down in 1960. Ray's article in the Detroit Lawyer's December issue shows what an expert criminologist he is.

Happily, I have no more deaths to report, but some sickness and misfortune. To bring you more details on the death previously reported of GEORGE DEVER . . . pallbearers included our Classmates JAMES YOUNG, JOHN STEPHAN, LOUIS DESMET and JACK NORTON . . . George lived with his daughter in Glenview, Ill. He was editor of The Juggler in our time. Norton reported that George had willed his eyes to charity and George's sister reported to Norton that two people had already benefitted, since one person may receive only one eye in such a case. Our informant says DeSmet has already made similar arrangements for his death, and was probably influential in George's act, having talked to him previously about it. George had been ailing for two years.

MAURIE DACY is bearing a heavy cross. Following up my last letter concerning his wife's illness, I heard from Maurie himself that "everything is being done to keep her comfortable as possible."

Out of the blue from PLIN SWANSON came a handwritten note. In part: "perhaps some of our Classmates may recall that I live in Brentwood (Los Angeles) and wonder how we came through the disastrous fire . . . the enclosed chronicle is a copy of a letter I sent to relatives. . . I always look forward to your letters with interest." Enclosed was a report (forwarded to the Class in a newsletter) of his desperate, dangerous and ultimately

successful efforts to save his home in the midst of a devastated area.

From HARRY FLANNERY: Ruth and I have been spending several days at Key West . . . here for the AFL-CIO convention . . . while in Fort Wayne CLIFF WARD and I discussed GEORGE N. SHUSTER's new book and thought you might be able to offer autographed copies to members of the Class through your store . . . something a little personal if George would be willing to take time. Harry was referring to Dr. Shuster's book "The Ground I Walked On," recently published (Farrar, Straus & Cudahy \$4.50) and widely publicized, most recently as the cover story in Jubilee magazine, December issue (A.M.D.G. Publishing Co., 184 W. College Ave., St. Paul, Minn.) Far be it from me to fend off a volunteered buck or two, so I shall accept the proposal to get G.N.S.'s autograph on any copies you order from Bruggner's Book Store, 127 W. Washington, South Bend, Ind. (adv.) As a matter of fact, what with Dr. Shuster's wide travels since coming to N.D., and with my preoccupation with my matters commercial, I have failed (to my shame) to visit him. This would be the right opening for me, two birds with one stone, etc. The Shusters may be addressed at their home, 2809 York Road, South Bend 14, Indiana. The book referred to is the account of the genial doctor's years as president of Hunter College, New York City, but it has a number of references to personages such as Father John J. Cavanaugh, Father Nieuwland, Father Hesburgh et al., and it strikes a responsive chord in the mind of the Notre Dame reader. I'm about half way through it and recommend it.

This book review section would also not be complete if I did not mention "Pattern for Peace" edited by HARRY W. FLANNERY (Newman Press \$5.75), supposedly released for publication in December. Harry presents a completely indexed book of statements on peace and international life from Leo XIII through John XXIII, and indicates his purpose in his preface: "Catholics have a responsibility to be familiar with and to try to apply the principles set forth in the encyclicals. . . . May this volume help them to know . . . and not be satisfied with good intentions . . . but to put them into practice." We do not yet have "Patterns" in stock, but I shall be happy to get Harry's autograph on all copies ordered . . . takes a little doing but it can be done.

A Tarjeta Postal from Mexico, dated October 28, signed by KEVIN CURRAN, M.D., and a Correo Aereo letter from Acapulco, signed by the same, indicate that our otolaryngorhinologist classmate is enjoying life (as all bachelors do). His new and permanent address is Kansas City Club, Kansas City, Mo. His business address is 1805 Federal Reserve Bank Building, also in K.C.

HY HUNT wrote again prior to the Iowa game, "upset over death of GEORGE DEVER . . . had not seen him since graduation . . . did talk to him over phone at N.D.-Navy game in 1928. . . . He was one of those I wanted to see so much at the 1958 reunion. . . . P.S. If N.D. doesn't beat Iowa this year. . . ." (No later word. Has retired into seclusion.)

In the more than eight years since I was chosen Class secretary I have heard from many Classmates, have talked to many others, and have heard about still others who are unable or unwilling to write. It has been an altogether happy experience, dimmed only by the passing of friends among us.

CLASS OF 1928 party after the Northwestern game last fall lured masochists including (left) Geo. Kelly, Herb McCabe, Vince Walsh, Wm. H. Murphy, John Lahey, Ed Rafter, Joe Griffin, Bernie Garber, Ed. Dean, Joe Langton, Leo McIntyre; (right) Murphy, Bill Kirwan, Dick Quinlan, Mike Hogan, Bernie Schuh, McIntyre, Howie Phalin, Joe Morrissey, John P. Smith, Jim Allan, Joe Doran, Paul Brady, and Lou Buckley.

I have learned of successes and failures, good fortune and bad, bachelorhood and big families, enthusiasm and discouragement and even utter despair. But through it all I have sensed in all of us a steady grip on the maxims and admonitions of the Cavanaugh's, the Wenningers, the Fronings and Cooneys and McCarthys and Shusters and Hoynes of the years we spent on campus. Their voices intrude on us when we need them. We have a heritage we can't deny or disown. Neither Ivy League nor Opulent State U can bequeath that which we inherited at Notre Dame.

So that, in summary, we look back on almost 40 years of life since we parted, and we re-evaluate what it all amounts to. For myself, I shall not attempt to answer or even to phrase the questions of life in detail. I shall only point out that it behooves every one of us to resolve to come back on campus in June of 1963. "Martha, Martha," it was once said, "thou art anxious and troubled about many things; and yet only one thing is needful." The cost, the difficulty, the inconvenience of coming is secondary; we should all come, whether by air or rail or car or hand-car. The boys you knew in '23 will be coming, and regardless of how you have answered the questions I raise, you will be heartened by coming. Life should be better for your having come. Lay your plans now and let's make our attendance in '63 surpass that of '58 even though numbers have dwindled and our bones creak the louder.

A blessed and happy New Year to you all. (Ed. note: A solicited letter for Class funds included this unsolicited tribute to Secretary LOUIS BRUGGER by President JACK NORTON: "Brugger is the exception when it comes to a Class Secretary. There is nothing more delightful to him than to sit down at the typewriter and spin off a yarn—for he is always concerned with all of us—and in return he should have the co-operation of all of us. Louie will hate me for this, but I am of the belief—and so are you—that we have the best Secretary of Classes." Thanks, Jack, J. L.)

Your mail from Notre Dame has been heavy these past six months, and it is possible that the letter from your class officers and JIM ARMSTRONG might have escaped your attention so I will "re-cap" a bit. One of our Classmates "GIL" SCHAEFER of Detroit, has made a very generous and stimulating offer to the Class, and of course to the University. Gil has agreed to contribute \$20,000 in the three year Challenge for Notre Dame goal, if the Class of 1925 will raise an additional \$30,000. That is a Class goal of \$10,000 a year for three years. Gil has expressed the hope that the fund so constituted will become a Class of 1925 Loan Fund. Your Class Officers would like to ask the Class of 1925 to begin, now, the building of this Memorial Loan Fund in the name of the Class, so that for the next three years the gifts can become in addition, a source of the extra 50% matching and unrestricted gift of the

Ford Foundation. You can make your pledge in your local areas through the regular Foundation Committee channels. Your gift, unless otherwise restricted, will become a part of this class program.

Thanks to you, Gil Schaefer, for giving your Class the opportunity of having this wonderful Memorial Loan Fund of 1925 and the University will get a 50% matching "bonus" from the Ford Foundation. Your President, DON MILLER, feels that our class will go well over the objective if we really put some effort behind the drive. If you haven't given as yet . . . do it today. If you feel you can increase your pledge . . . please do, because I know you have felt that the Class of 1925 "is just a little bit better" . . . let us prove it to the University and to GIL SCHAEFER.

It is with a great deal of regret that I have to report the death of HAROLD C. WATSON of 2731 North Hackett Ave., Milwaukee, Wis. Harold, affectionately known as "SENATOR" WATSON in our campus days, died November 14th. Our deepest sympathy to Harold's wife and his three boys and I am sure you fellows will add Harold to your list of classmates for whom you are praying. As you know, an individual Mass will be said for Harold immediately and there is a Mass said each month on the campus for all the deceased members of the class of 1925. Let us not forget the Mass Fund.

JOHN TRAYNOR called me a few weeks ago. John is fine and a real loyal '25er. I note from John's stationery that he is Vice President for Mortgage Investment of The Mutual Life Insurance Co. of New York.

BILL BELL called me on his way through Toledo from the Syracuse game. Bill's from Rochester, N.Y., so he was especially happy about the way that game ended. Bill is doing a great job in the Rochester area on the Foundation Drive and he did a good job on himself. If others in the class are as enthusiastic as Bill, we will have no problem on the Class of 1925 Loan Fund quota.

From the Alumni Office:

In November the Dallas Council on World Affairs was addressed by FRANK J. STARZEL, former Midwestern newsmen who has been general manager of Associated Press in New York City since 1948. Frank gave an impassioned speech on the need for full, fair and factual reporting by the great wire services to combat a plethora of propaganda, oversimplification and ready-made opinion. To more than 7,000 A.P. outlets he pledged: "We will continue to be reporters of the news, and we think there is no higher calling."

In the same month Bob Seltzer's column in the Cleveland Press was devoted to a little-known but highly important facet of the many-sided career of DON C. MILLER, Class President, open field runner, coach, U.S. attorney, Bar Assn. official, senior partner of Miller & Barnett, and Kennedy candidate for the federal bench. Don's proudest activity is his five-year presidency of the Divot Diggers, business-professional group anonymously supporting several charities for orphans and underprivileged children. Besides five daughters and 11 grandchildren, Don and Mae have a son, Don, Jr., in his first year at N.D. Seltzer quotes Miller pere on Miller fils: "I'd rather see him on the golf or debate team than in football, though he starred at halfback for St. Ignatius High."

From a few notes made since the September 6th deadline—Had a very enjoyable golf outing with RUDY GOEPFRICH at Olympia Fields in September. Rudy later sent a letter that he had received from FATHER HOWARD J. KENNA, C.S.C. Father Kenna is the President of the University of Portland and had been away on retreat when Rudy stopped at the University on a trip to the coast.

JOHN PROBST was in town for the funeral of his nephew, son of COL. R. OTTO PROBST, '11. John is with the Wyandotte Chemical Co., Wyandotte, Michigan.

A note from HERB EGGERT—said his son, JIM graduated from Notre Dame in '60 and received his master's from N.Y.U. in '61 and is now working for Uncle Sam.

This fall I stopped at the Auto Specialties Co. in St. Joseph, Michigan and had a nice visit with LARRY KRIEGER.

Had a letter from JOHN RYAN. John said that he was in East Lansing for the baptism of his daughter's fifth child and he saw DAN KELLEY in the church.

DENNIS O'NEILL and wife, Dorothy, of Cleveland, are vacationing across the Atlantic. They have visited Ireland and plan to cross Europe and be in Rome for the Christmas season. Their son, DENNIS, '41, was married Sept. 9th.

Have passed on a few more checks to ART HALEY to swell the '26 Mass Fund. Latest beneficiary, according to sketchy information, appears to be MILES J. RYAN of Cleveland. Please pray for Miles while his death is being confirmed.

Part of a note from RAYMOND W. DURST to FATHER HESBURGH:

"Tonight, just on the eve of our departure for Rome by air tomorrow to attend the ordination of my nephew, Thomas G. Doran, on December 20th in St. Peters, I got the thrilling and happy news that Tommy will be assisted at his first Mass by none other than FATHER EDWARD HESTON, C.S.C., Procurator general, Congregation di Santa Cruce, in Rome. I know that you, too, will be happy to hear of this wonderful circumstance."

"With Father Heston's participation in this eventful Mass, Tommy's ordination out of North American College in Vatican City takes on all the more of a Notre Dame background. Tom's dad, BOB DORAN, '26, will be there with his daughter, Gretchen, who was named after her mother, my sister Gretchen Durst. Bob and Gret were members of our bridal party in 1928. Bob's sisters, the Misses Annette and Romanna, will also be there, as will my sister, Mrs. Paul Kamschulte, whose son, PAUL, graduated from N.D. in 1956. In addition, I just know that VINCE McALOON, the 'one man' Notre Dame Club of Rome, will be on the scene. Gosh, if Tommy had only attended N.D. rather than Loras!"

As I was sitting down to prepare these notes as one of my last acts of 1961, I received a telephone call conveying the information that PAUL BUTLER had just died. This was a shock to me of course, as it must have been, not only to members of our Class, but to thousands of other persons throughout the country. Paul was probably the most illustrious member of the Class. His years of service as Chairman of the Democratic National Committee brought lustre, not only to himself, but to his University. Commentators have mentioned that he was a controversial figure, and he was. Most men in public life who forge their way to the top are controversial. Paul never hesitated to take a definite position on both foreign and domestic political subjects. His manner was gentle but firm. He gave his party intelligent and purposeful leadership. His utterances were sometimes provocative, but they were seldom wrong. He led the party when it was out of power, but during the years of his chairmanship, it grew increasingly in strength and in stature. The culmination came when the 1960 Convention, over which he presided, nominated the candidate who won the Presidency a few months later. Certainly Paul Butler deserves commendation for molding the principles which led his party back to power. Members of the opposite political faith, and even members of some factions within his own party, will not agree that he was always right—and perhaps he wasn't. But everyone will admit that he was able, honest, forthright and sincere. His friends, and I am sure most of his classmates,

come within this category, believe that in addition he was right most of the time.

Within the past few months other members of our Class have been taken away. O. PAUL BERETZ died on October 4, and BILL COYNE died on October 9. During the same week therefore, we lost two respected members. Paul with his brother Chuck did a lot to enliven Badin Hall during their student years. I had not kept in close touch with Paul, but know he had a son also named Paul, who was graduated from Notre Dame in 1960.

BILL COYNE was probably more familiar to those who get to Notre Dame at more or less regular intervals. For one thing, after getting his Bachelor of Arts degree in our Class, he remained to take a law degree in 1929. After that he stayed at Notre Dame for many years teaching. More recently he was in Government service. In late years he had been with the Urban Renewal Administration in Washington. He was vigorous, forceful and personable. I am sure he will be missed by many.

To pass to more cheerful subjects, I received a newsy letter a few weeks ago from JACK REIDY of Cleveland. He mentions that JOHN BUTLER is now recognized as the leading criminal lawyer in Cleveland. I ran into John myself at Notre Dame in September. He has a son who will graduate in June. Both Jack and I are sure that John will be with us for our 35th Reunion, even though that will mean two weekends in succession on the Campus for him.

All of this brings me to the subject of our 35th Class Reunion, which will be held on June 8, 9, and 10th. The first part of these Notes must surely remind us of the increasing urgency of these opportunities to get together. I won't belabor the point, but hope you will all attend this one if you possibly can. Fortunately our Class President, FRANK MORAN, is right on the Campus. He and STEVE RONAY will act as the local committee. They have had a lot of experience handling previous reunions, and you can count on them to function officially again. By the time this is in print, you will have received a letter to ascertain your intentions. I hope the response will be favorable.

From the Alumni Office:

One happy item and a few sad ones as the Class of '27 begins the year of the 35th anniversary reunion. The joyful news was the recent swearing-in of LUTHER M. SWYGERT of Chesterton, Ind., as judge of the 7th U.S. Circuit Court of Appeals in Chicago. Judge Swygert was one of the stars of the federal bench with the U.S. District Court for Northern Indiana.

Leading the roll of distinguished classmates recently deceased was PAUL BUTLER, who died just before the turn of the year. Paul received tributes from President JOHN F. KENNEDY, LL.D. '50, whose election he helped to assure, and scores of national and international figures, for his career as a lawyer and political leader—one of the greatest, and certainly the fightingest, of national chairmen for the Democratic Party. One of the strongest statements of admiration came from the incumbent Republican chairman, REP. WILLIAM MILLER, '35. Classmates will wish to express sympathy and assure prayers to Anne Butler; PAUL, JR., '58; KEVIN, '61; Brian, still in school, and all the family.

O. PAUL BERETZ died suddenly in Kansas City last October. Sympathy to Paul's brother, CHUCK BERETZ, also of the Class; to his widow Marthe, and to sons PAUL, '60, and Robert. WILLIAM J. COYNE of Chevy Chase, Md., attorney-advisor in the legal division of the Urban Renewal Administration, died October 9 in Washington, D.C., after a long illness with Hodgkins disease. Bill spent 12 years on the N.D. faculty teaching economics and law and coaching debating. He held important legal positions with the National Labor Relations Board, Tennessee Valley Authority, Post Office Department and other federal agencies. Sympathy to his widow Eleanor and son Michael. There are no details on the reported death of EDWARD P. SLAVEN in Galesburg, Ill., or that of EDMUND D. CALLAHAN, other than a note from BILL O'KEEFE that "Cal was killed in an accident in Chicago on January 24, 1961." Prayers are requested for all.

Happily again, the report in November on the passing of PROF. FRANK MORAN was very much exaggerated. It was a misreading of a scribbled eulogy to PROF. TOM MADDEN, who died widely mourned last fall. There is a similarity in name and department (English) and esteem, but

reunionists can rejoice that FRANK MORAN is very much alive and ready to participate in the June festivities.

BILL O'HARA died in Manchester, Connecticut, on June 18, 1961, after a six-week illness. He is survived by his wife, a married daughter and a son who is in college. Bill worked at the time of his death as a financial analyst with the Connecticut Power Co. in Weatherfield, Connecticut. I visited Bill and his family several times in the past few years. He was very interested in the Class and had planned to attend our 35-year reunion. Bill had been active in civic affairs including the Kiwanis, the Knights of Columbus and Parent Teacher Association.

MIKE LAWLER died suddenly in Chicago on April 22, 1961, from a coronary occlusion. He is survived by his wife and three children, one of whom is a student at De Paul University. Mike was Office Manager with Tavern Liquors and Supplies. He formerly served as a member of the Illinois Boxing Commission. Mike was a regular attendant at our reunion.

STANLEY GRINAGER died on September 4, 1960, in Pomona, California after a long illness. He is survived by his wife and three children.

BILL JONES and I were pallbearers for BILL COYNE, '27, who died in Washington, D.C. on October 8, 1961 after a long illness. Bill is survived by his wife and a son who is a medical student at

Maryland University. Bill was an attorney with the Housing and Home Finance agency at the time of his death. Bill was always interested in the Class of '28 and attended our annual cocktail party a year ago.

The sympathy of the class is extended to GEORGE KELLEY on the death of his wife and to JACK WINTERGER on the death of his mother.

Our sixth annual '28 Class cocktail party following the Northwestern game on October 28 was a great success. We were particularly pleased to welcome the following Classmates who attended the cocktail party for the first time: PAUL BRADY, JOE BREIG, HENRY DAVIS, JOHN R. MURPHY, DUTCH RIEDER and CLIPPER SMITH. Others attending included JIM ALLAN, LOU BUCKLEY, ED DEAN, JERRY DE CLERCQ, JOE DORAN, BERN GARBER, JOE GRIFFIN, JOE HILGER, MIKE HOGAN, GEORGE KELLY, BILL KIRWAN, RED LAHEY, JOE LANGTON, HERB McCABE, LEO MCINTYRE, FRANCIS MEYER, JOE MORRISSEY, W. H. MURPHY, HOWIE PHELAN, DICK QUINLAN, ED RAFT-ER, JOHN RICKORD, BERNIE SCHUH and VINCE WALSH. You will find pictures of the party taken by JOE HILGER in this issue.

BERNIE GARBER and I joined JOHN BRENNAN, '27, for lunch following the Mass arranged by the Notre Dame Club of New York. John is with American Standard in their international operations. John has two sons who were graduated from Notre Dame and two daughters, one of whom is at Duchesne College. I also had lunch with TOM BOV on his return from sea as Chief Engineer on tankers of the Humble Oil & Refining Co. Tom gave me a very interesting account of his visit to Russia. At my father-in-law's wake in Mishawaka, I saw DR. ANDY BOYLE who now has a daughter at St. Mary's, FATHER MARK FITZGERALD, C.S.C., of Notre Dame and BOB GRESSER, who is with the West End Bank in Mishawaka. ANDY BOYLE mentioned that he had seen TONY BENNING who is with DuPont in Wilmington.

JOE LANGTON has done a great job in raising funds to finance a promotional program for our 35th reunion in 1963. Joe is Treasurer of the Automotive Wholesalers of Illinois and presided recently at their convention.

FATHER JIM McSHANE, S.J., attended the N.D. Club meeting in Panama while he was acting as Chaplain at the Albrook Air Force Base there. He saw BISHOP McGRATH, C.S.C. and FATHER MEHLING, C.S.C., there. Father Jim also wrote from Casa Curae, El Progreso, Yoro, Honduras, after he had returned to the excellent mission work he is doing there. Drop him a line.

DR. DAN BRADLEY did an excellent job discussing medical ethics on the famous T.V. program, At Your Beck and Call, where he was interviewed by Betty Furness. Your Class Secretary was on this program earlier this year. Dan was given a Knight of the Holy Sepulchre and met JIM SHOCKNESSY, who was being promoted in the Order. Marriage, the Benedictine publication from St. Meinrad's, carried a picture of Dan on the cover of the June issue and contained an article by DOUG ROCHE on "Good Old Doc Bradley." Dan mentioned that he had seen JOE KISSLING. Joe is still an attorney with the Grumman Aircraft Engineering Corp. in Bethpage, N.Y. He has a daughter at Trinity College, another finished there in 1959 and a third in high school.

BILL GRIFFIN called my attention to an error in this column in the Aug.-Sept. issue when he was referred to as being in charge of the Legal Department of Bethlehem Steel Co. Bill is Chief Patent Attorney for Bethlehem, where the Patent Department is distinct from Legal. The head of the Legal Department and Secretary of the Company is B. D. BROCHER, '30. Bill has sons at Harvard Law, Yale and Penn State and two more at home.

F. X. JAMES O'BRIEN sent me a newspaper story on how GEORGE COURY arranged for the construction of a school, named after George's father, in the little mountain village of Boxmaya. JIM O'BRIEN reminisced about his chance meeting during the war with the late JOHN CARROLL in the Philippines, BERNIE CROWLEY and the late VINCE DUCY. Jim would like to hear from DOC CROWLEY.

I talked to ADRIAN LOPEZ, who is in the publishing business in New York and to JOE CAIN. Joe has been doing a lot of travelling and met JOE KINNEARY in Dublin and GEORGE PALEMINO and RALPH GARZA in Mexico. VIC ZIMMERMAN is with the Viking Auto Rentals Corp. at 239 E. 47th Street in New York. BERNIE GARBER mentioned the outstanding job LEO Mc-

GEORGE COURY, '28, Florida financier, a frequent donor to Lebanese charities, was lately credited with building Mesk Coury School in the Lebanese mountain village of Boxmaya, his birthplace. The school is named for his father, who left Lebanon at the turn of the century to seek his fortune as a peddler in the U.S. His son rose to stock broker from bank messenger, served with the U.S. Navy, became the only person of Arab ancestry to join the New York Stock Exchange. George has also negotiated with Lebanese President Faud Chehab for an orphan center to be financed by the Lebanese-American community.

INTYRE is doing on the N.D. fund drive in Allentown, Pa.

BILL DWYER reported on a get-together at LARRY O'CONNOR'S home after the Purdue game attended by JIM ALLAN, MIKE RICKS, JOE HILGER, TOM MEDLAND, '30, and BOB EGGEMAN, '29. Both JIM ALLAN and BILL DWYER mentioned they had the pleasure of seeing FRANK DONOVAN at the Purdue game.

RAY MOCK reports that BOB FOGARTY received the outstanding award at St. Thomas College for his service as a faculty member for many years. I was pleased to note in the last Alumnus that AUGIE GRAMS was selected to receive the La Crosse N.D. Man of the Year Award.

Your Class President JIM ALLAN and I attended the opening of the McKeown-Phalin Chevrolet Inc. on October 28th in Wheaton-Glen Ellyn, Illinois. HOWIE PHALIN and ED MCKEOWN were on hand as was Ed's son who will be directly in charge of the fine new organization.

BILL KIRWAN visited us recently in New York. Bill is still in the furniture business with his son in Iowa City, Iowa. His daughter is a hostess on Northwestern Airlines. Bill's wife died over a year ago.

JIM ALLAN reports that plans have been made to hold our '28 annual cocktail party next year following the Michigan State game on October 20, 1962 in O'Shaughnessy Hall. Please note your calendar accordingly.

From the Alumni Office:

It was a shock to read of GEORGE W. GRONGEYER as a student at Princeton until it was noted that he attended a Metropolitan Insurance Co. advanced management program there.

WILLIAM B. JONES now heads a distinguished group in the upper atmosphere of Washington, D.C. Bill took office in November as president of the John Carroll Society, a Catholic intellectual honor organization.

GLENN M. HATCH has been elected vice-president by the directors of Keystone Portland Cement Co. Named in December, he had joined Keystone last April as an assistant to the president.

Secretary LOU BUCKLEY, named top Catholic layman of 1961 by N.C.S.A.C., achieved a new kind of prominence when he and New York Mayor Wagner shared the bill with rock'n'rollers Brenda Lee and Tina Robin on WABC's "Stay in School" Spectacular and the front pages of the Journal-American. His comments on the need for a high school diploma were also featured by Post columnist Sylvia Porter, a frequent quoter of Buckleyisms, and the Long Island Star-Journal. Lou was named a regent of St. Francis College, addressed a dozen groups and had an article on adult education and manpower printed in Adult Leadership.

REV. THEODORE J. MEHLING, C.S.C., '29, Provincial of the Indiana Province of the Congregation of Holy Cross, died November 14 in Santiago, Chile, following abdominal surgery. Father Mehling had been apparently well and active, making visitations in Central and South America until his seizure. The Class of '29 has previously expressed its sympathy to his family and repeat here a promise to remember him in our prayers. Father Mehling was present at our 25th Class Reunion; his responsibilities prevented his being with us for our thirtieth. He was a loyal and informal '29er as well as an illustrious one. His Excellency Bishop Pursley gave the eulogy at Sacred Heart Church November 17.

REV. CHRISTOPHER O'TOOLE, '29, Superior General who was at Notre Dame at the time, was celebrant of the Requiem Mass. Father O'Toole returned to Rome a few days later.

The Northwestern game brought back a somewhat smaller than usual number of '29ers. The post-game get-together in the Engineering Building immediately after the game was privileged to have THAD HEINLEIN; Helen, his wife; and daughters Nancy, 20, Joan, 15, and Kathy, 11, as newcomers.

CLASS OF 1929 party after last fall's Northwestern game featured scenes like these. On left are Mr. and Mrs. Thad Heinlein, Erie, Pa., with daughters Nancy, Joan and Sue. Unique drunk's eye view at right superimposes Frank and Mary Heupel on image of Joe Lenihan, wife Dolores and daughter Sharon.

They plan to return. This was their first visit since Thad's graduation. Thad is in business for himself in Erie, Pa. Thank our good friend FRANCIS MEYER, for the picture which tells more than would a hundred words about the handsome Heinleins. ORSON DAUSMAN and wife Sylvia of Indianapolis especially enjoyed visiting with the Heinleins as did the Stauders'. When three E.E.'s get together time stands still. GENE GALDIBINI of Indianapolis has been back for several games. ROCCO PERONE and friends of Cincinnati stopped in before and after the Southern California game. W. D. GILDER, 9219 Timber-side Drive, Houston, Texas, planned to be with us after the Northwestern game after attending the ASM Convention in Detroit. EDWARD FAHEY of Northwestern Bell in St. Paul and NORM MCLEOD of Gates Mills, Ohio, each found it necessary to call off his proposed visit for the same game. Norm is a founder of the new Cleveland Bulldogs Professional Football team. We missed JIM CURRY, one of our regulars.

Present as usual were JOHN DORGAN, DR. JAMES TOBIN and wife Margaret of Elgin, Illinois, DON and Mrs. SCHETTIG, '30, of Ebensburg, Pa., JOE NASH of Chicago, as well as Mary and FRANK HEUPPEL, whose new address is Philadelphia, Pa.

FATHER LOUIS THORNTON, C.S.C., who is by the way Chaplain of the Notre Dame Club of the St. Joseph Valley, added his genial presence to the get-together, as did our loyal vice-president, JOE LENIHAN, wife Dolores, and daughter Sharon. Sharon is a freshman at St. Mary's. JOSEPH O'BRYAN of Hiattville, Kansas, was back for the game and reunion.

Next year the Michigan State game is favored by most '29ers for an after-game reunion.

Others who planned to see the Northwestern game include: WILLARD CROTTY, LOU NIEZER, CLETE SCHNEIDER, FRED WAGNER and JOHN T. BURKE. BILL CRONIN was back for the Purdue game. Bill and wife Janet live in Diablo, California, with their family of Jennifer 17, Peter 15, Timothy 10, and Janet, Jr., age 4. Among those Bill has seen recently are BERNIE ABBOTT, PAUL CUSHING, MARCHIE SWARTZ, FRANK LEAHY and SKIP MADIGAN.

He attended a Notre Dame Day at the Races and Barbeque at the Concannon Vineyard in Livermore, California, which is one of the oldest and finest wineries in the state. One of the Concannon boys is a graduate of Notre Dame.

HERMAN J. OHLIGSCHLAGER, of duPont de Nemours, Louisville (since '40) is the fond grandfather of Michael, Lynn and Timothy Hagan. Besides daughter Joan (Hagan) he has a son James B., 22, a senior at Bellarmine College, Louisville, and a daughter Barabra, 21. Ollie claims to have just about as much hair as in '29. He makes no mention of his weight. His address is 3012 Aubert Ave., Louisville 6. Surprise him with a note.

DR. JOHN VAICHULIS now lives at 10132 South Park Avenue, Chicago. John, your friends would like to hear from you. The new address of

RAY A. MCKEON is 373 East Road, Bristol, Connecticut.

BOB VOGELWEDE was on the campus recently interviewing seniors for positions in his firm.

Sympathy to the widow and son of DR. EDWARD LYONS, who died last fall in Perkase, Pa. Ed was a well-known dentist and very active in the Philadelphia N.D. Club. No details have been received on the reported death of THOMAS F. MURPHY, Fairfield, Conn.

Congratulations to BERNARD D. Last year you have received your September copy of the ALUMNUS and read some accounts of a

highly successful reunion, although attended by a numerically modest group. Among the long distance attendants were **ED SHEERIN** from Long Beach, Calif.; **MAURICE GOODEVE**, Alberta, Canada; and **FRANK BUTORAC**, San Diego, Calif. To liven things up a bit, **FRANCIS HENNEBERGER** sent the movies taken at our 25th Reunion. These were shown after our class dinner at the Morris Inn. Henne expressed his regrets at being unable to attend but a graduation and marriage of another son in New Orleans kept him away. **JOHN WEIBLER**, 125 Clinton Avenue, Elmhurst, Illinois acted as the official photographer of the weekend festivities and has several interesting shots of '31ers gathered around the refreshment area of Howard Hall. I am sure he will be glad to furnish copies of his pictures to any who write him.

One of my faithful correspondents, **JIM MCQUAID**, received a letter from **BILL MAGARALL**, who is now living at 1800 Fifth Ave., Yuma, Arizona, where he is teaching the fifth grade at St. Francis of Assisi school. While Bill says he is another "Prof. Hines" of campus fame, as far as professional prowess goes he manages to get along well with his students. His only problem is being short, and the tall ones give him a rough time occasionally. Bill lost his wife in 1952 and has finally settled in Yuma where he thoroughly enjoys working with "his kids." I telephoned Jim and Marie McQuaid while in Vincennes in November and both are enjoying their work at Vincennes Univ. Francis and Vera Henneberger were in Chicago on business and phoned, but we were unable to get together. They do considerable commuting between Princeton and New Orleans since their boys went to Loyola of N. O.

Our congratulations go to our classmate, **ALFRED C. STEPAN, JR.**, and his wife, Mary Louise, on the announcement of their gift to the University of the Stepan Student Activities Center. Was Al's feeling about Washington Hall a factor in this gift? I met **PHIL ANGSTEN** in the loop recently and he sends his best to all. **HOWARD RANKER**, originally from Fremont, Ohio, and a Howard Haller, phoned while passing through town. He asked about **FRED SWINT**, **JOE HUGHES**, **VAL MARTIN**, **VINC EICHENLAUB**, **VERN KNOX** and the **BUSTAMANTE BROTHERS** from S. A. He is living at 3339 Monticello Blvd., Cleveland Heights 18, Ohio. Among those departing the Chicago area is **JOE BLANEY** who is now in Milwaukee, Wisc. Another who missed the reunion and sends his greetings is **VINC PONIC**, seen recently.

BILL BERNING wrote me last August from Austin, Texas, saying he had a wonderful visit with **EARL BRIEGER** who returned to visit his family. Apparently Earl gave Bill a ride in his new Mercedes-Benz sports car which he will long remember. He also sees **BERT MALONEY** from time to time who is now active in the securities business. Bill's address is 708 W. 32nd St., Austin.

I am temporarily in Los Angeles, California, and on the way out my wife and I stopped in Roswell, N.M., for a visit with **F. X. MURPHY** and his family. I had promised him years ago that if I ever came near his area I would be sure to stop. We had a wonderful time that evening and his comment that the weather changes every 20 minutes was borne out the next day when we got trapped in mountain snow. My best wishes to all for a happy and holy holiday season and do continue to send news for our column.

Professor **LOU BUCKLEY**, '28, while addressing the national convention of the Graphic Arts Assn. Executives in Pittsburgh, met a former student **WILLIAM B. HABING** of Indianapolis. Bill is executive secretary of the Printing Industries of Indiana.

Congrats to **JOHN E. MCINTYRE**, former vice and general manager of South Bend's Sibley Machine & Foundry Corp., elected president to replace **B. J. VOLL**, '17, who moves up to board chairman.

And to **AMBROSE M. STOEPLER**, named Director of Internal Revenue for Richmond, Virginia. He was formerly assistant director in Cleveland. Nephew John, '52, son of brother Bob, '28, has a fellowship to the Yale Law School.

Finally to **REV. FRANCIS BEAUCHESNE THORNTON**, long an editor of the Catholic Digest, for his book, "This is the Rosary," published recently by Hawthorn Books and article recently excerpted under the same title in the magazine St. Jude.

Old sea dog **CAPT. BOB LEE** sent a picture from Iceland, where he is legal officer at Headquarters, Iceland Defense Force, Navy 568, FPO New York. He. visiting fireman **CAPT. BILL HAWKES**, '33, and **ENS. LARRY SCHNEPP**, '61, are contemplating the formation of an N.D. Club of Iceland.

Congratulations to public relations man **JOSEPH PETRITZ**, now a vice-president of Chicago's Beveridge Organization, Inc. Also to **H. CLAY JOHNSON**, a New York insurance exec. who participated in a Republican sweep of New York's Westchester County in last fall's elections and was elected the new mayor of Rye City—in spite of an amusing controversy: it seems most of the Johnson home is in Port Chester, with only a corner in Rye City, so the candidate slept with his head in Rye and feet in Port Chester; his opponent and other Democrats tried in vain to convince the voters that this disqualified him to serve as a Rye official.

The office was only recently informed of the death of **THOMAS P. GALBRAITH** more than a year ago in Alexandria, Va. Sympathy to his widow and to Tom, Jr., scheduled to graduate in June, 1962, the 30th anniversary of his father's graduation. Sympathy and prayers also to the widow of **Richmond, Ind., druggist CHARLES QUIGLEY**, who died last August, and to the survivors of **GEORGE J. BODEN**, Merrick, N.Y., whose death was reported but not confirmed.

Dear Nineteen Thirty-three's: Hello again! Well, it was like this . . . Pres. **JOHN O'SHAUGHNESSY** got no volunteers for this highly-paid post. I therefore told John I would be happy to dash off a few lines until a successor is squared away.

One thing that makes it a little easier is the fact that we received word from the editor to keep our column down to last news notes. These I could write on my thumbnail!

However, I have a few names to refresh your memory of long-ago faces: Saw **RED KENNEDY**, who is running the "green pastures" for Local Loan in the loop and he told me that **ED GLEASON** is now an assistant to the Cook County state attorney.

Speaking of state attorneys, **JOHN O'S.** reports that the assistant state attorney for Will County, one **JOSEPH KIRINCICH**, whose handsome head of hair was the envy of all when we were off-campus roommates in law school, attended the Illinois state attorneys' annual meeting up here in December. Joe reports that another former roommate and lawyer, **DON WISE**, also of Joliet (as is Joe) is wiser and happier for having left his bachelorhood behind him. Don married the widow of classmate **JACK FINNERAN**. New addresses received: **BILL DEA**, 1701 W. 43rd, Apt. 308, Minneapolis, Minn.; **JOE KURTH**, P.O. Box 209, Edwardsburg, Mich.; **SYLVESTER L. RAPIER**, 509 W. Third, Delphos, O.; **JOHN E. PETER-SCHMIDT**, 42 Ramada Bldg., Tulsa, Okla.

We have further news for you in the surprise form of a letter. This was from **JIM UPRICHARD**, whose stationery informs one and all that he is Disbursements Accounting Manager for the Ohio Bell Telephone Company, so pay up your phone bills,

you Ohioans, and maybe Jim will have more money to disburse and more time to write letters like this real good example:

"The letterhead will establish my identity in case you have forgotten. The reason for the letter is that the picture gracing the column made you come alive to me and fanned the dying embers of class loyalty. Was it fair of you, though, to use your 'Dome' picture?"

"Further, I can't see how we can tolerate a change at this juncture in securities. If a sufficient number of us vow to write you at least six times a year would you reconsider? After all you steered us through the 15th, 20th and 25th so you can't drop us now."

"**CLEVE CAREY** was ordained a secular priest in Los Angeles in April, 1960. He is 3rd assistant at St. Barnabas in Long Beach, and is extremely happy."

"**DR. (BUDD) O'BRIEN** is very busy delivering babies and playing two handicap golf. **ED KILLEN** is trying to corner the market on all the parking lots in Cleveland and is also very active in helping Archbishop Hoban run the diocese."

"**TOM ENRIGHT** just concluded running a very successful raffle for the N.D. Club of Cleveland. **ART BECVAR** comes to Cleveland from his styling job with G.E. in Louisville, Ky., several times a year. He is a world traveler attending conventions and keeping up with design trends. **JIM BOURKE**, the pride of Cleveland's advertising set, and **ROGER BRENNAN**, the star of one of our finest law firms, still look as young as they did 28 years ago. **JOHN PENOTE** is making and selling trenching machines all over the world. **NORM GREENEY** is in and out of town so much he is hard to catch. Well that is just a few who come to mind readily. I have a son who is a struggling sophomore and may never become a jaunty junior. Please reconsider, Joe, and keep your picture up there."

Incidentally, our esteemed leader did get one suggestion as to a future 33 column space-man. Former president **GEORGE ROHRS** has suggested as a successor in piloting this craft that the wheel be put in the hands of **JACK HOYT**, who I believe has made a study of how the column should be run.

In the meantime, the happiest and best of New Years to all and keep your sights on '63.

Few organizations can match the various provinces of the Congregation of Holy Cross for non-communication. The office is seldom notified of a priest's or religious' change of address or death, but return mail from the Holy Cross Foreign Mission Seminary in Washington says that **BROTHER CORMAC WALSH, C.S.C.**, is deceased. Prayers are requested for Brother Cormac pending detailed word.

Sir Winston Churchill, who celebrated his 87th

birthday on Thursday, Nov. 30, sent birthday greetings and good wishes to an Irish-Greek Chicagoan who shared the birthday with him . . . the day of the month but not the year. Convinced that all men born on Nov. 30 like good steaks and cigars, **GEORGE DEMETRIO**, owner of Tynan's Restaurant and an ardent admirer of Churchill's since his Navy days in World War II, inquired through channels if he could send some prime Chicago steaks to the famous British statesman for their mutual birthday. The inquiries were relayed directly to Churchill who took time to send his personal felicitations to Demetrio through his private secretary, Anthony Montague Browne, from 28 Hyde Park Gate, London. Declining the offer of the steaks regretfully because "of the distance and other difficulties," Churchill said that, in lieu of them, he would "accept Mr. Demetrio's good wishes and reciprocate them for his 51st birthday."

GEORGE DEMETRIO, who lives in Evanston, Ill., is best known to the Class of 1935 as a student manager of the football team under Coach **ELMER LAYDEN**.

A telegram at press time reports the death of **FRANKLYN HOCHREITER's** wife, **Clara Ann**. To Hoch and his daughters goes immediate assurance of prayers and Masses.

SALVATORE A. BONTEMPO, '32, recently resigned as administrator of the Bureau of Security and Consular Affairs for the U.S. Department of State, his patience exhausted by months of political wrangling over his appointment. Sal had taken office last July 17 as President Kennedy's choice for State's top security job, with the rank of Assistant Secretary; promptly called for getting to work in the race with Russia, and launched a self-study of his department which recommended unbureaucratically that some duties be entrusted to other departments. Sal had spent 30 years as an administrator in New Jersey and the Air Force. He and wife Gloria have two sons, Thomas and Paul.

Recognition came in 1956 when he was elected President of the Notre Dame Alumni Association, and again in 1957 when he was appointed to the University's Board of Lay Trustees.

A native of Philadelphia, he began his business career there in 1938 with the E. I. du Pont Company. Since 1948 he has piled up success after success as an independent oil operator in Texas. Before entering the petroleum industry, Joe was sales manager for California's Van Waters & Rogers and served four years (1942-46) as a special agent and supervisor with the Federal Bureau of Investigation in San Francisco and Los Angeles.

Joe is a director of the Texas Mid-Continent Oil and Gas Association, the Texas Independent Producers and Royalty Owners Association, the Independent Petroleum Association of America, and several other financial institutions and charitable organizations.

The O'Neills—his wife is the former Catherine Cummings of Chicago—have a 17-year-old daughter, Helen Marie, and three sons; Joseph III, 16; Kevin Patrick, 14; and Michael Timothy, 9.

While Jerseyites **JOE QUINN** and **JOHN CACKLEY** devise fiendish ideas for the Silver Jubilee Reunion this coming June, we hope you've been studying your Reunion Roster, discrepancies and all,

like **EDWARD J. REARDON** of Kansas City, Mo. In spite of caution and double-checking the wrong address was typed for Ed—or rather the address from the wrong file card. Ed wrote: "My address is shown as 216 Porter Building. This is in error. . . . For your permanent records, my home address is 20 West 69th Street and my office address is Thomas McGee & Sons, 1002 Walnut Street, Kansas City 6, Mo.

"Was deeply shocked in reading the members of the Class of '37 who were deceased. I, of course, knew some of them, but am sure saddened by the numbers.

"I guess when you have been out of school for twenty-five years you can expect a mortality of this proportion.

"Will see you in June. . . ."

Thanks, Ed, for the correction and for one of the first reunion reservations.

About a year ago, *Amusement Business* magazine was born from a mating of *Billboard* and *Funspot* magazines. It is a leading trade mag of the entertainment industry in spite of competition from several amateurs in recent months (e.g., Hugh "Playboy" Hefner's glossy *Show Business Illustrated*), and one of its secrets is editor **JIM McHUGH**, former editor of both *Funspot* and the *Billboard* Show News Division. A journalism grad and former football manager, Jim has kicked all over the U.S. and Canada doing promotion and publicity for show business, both indoor and outdoor, since his early days as an amusement park and carnival hand. Three letters from three continents runneth over my Christmas stocking this year, alleluia, setting a record for volume, distance and enthusiasm that promises to make the Big Reunion in '63 something to plan for now.

Per Via Aerea from Beda College, 18 Viale San Paolo, Rome, Italy comes the following welcome letter: "Dear Swede: This morning at the church of St. Marcellus, Rome, Bishop Canestri ordained the 'Deacon' of the '38 class to a Deacon of the Church! A great day for me, for more reasons than one. The main one, of course, is the proximity to the priesthood. During the ordaining ceremonies I remembered all my classmates at N.D.; and will for the rest of my days. Notre Dame has played and is playing a big part in my life; I will say my first Mass at the Seminary of the Holy Cross Fathers here in Rome. A perfect ending for my training here. Have been in fair contact with N.D. and class affairs thanks to the Column; and to classmate visitors to Rome, the last being **CHUCK SWEENEY**—and the town is just getting back to normal. Also, thanks to **VINCE McALOON**, there is a fine Alumni Club here. Visits to the clan hdqtrs will be one of the things I will miss most when I return to the States for good. Joliet, Ill., looks very good, but wonderful memories of my four years in Rome and the N.D. Club will rate among the top.

"Before returning to Rome last fall I saw the Oklahoma game—first since '57—and sure enjoyed seeing the team win. Also saw some of my good friends like **FATHER CHARLES CAREY**, **PAT's** brother, and **JOHN CAREY**, '39; **JOHN 'HA' O'CONNOR**, **BOB WHITECOTTON**, the pride of New Ross, Ind.; and **PAT STILLISANO**. Talked to **CHARLIE CALLAHAN**.

"**DR. ED McCABE** and wife were visitors to Rome last year, as were **TED TREFSER** and wife.

"Tell the Class I will be ordained April 7th, 1962, at the Basilica of St. John Lateran and will say my first Mass at the Notre Dame Seminary April 8th. I'd love to see you all there. The entire Class will be remembered in a special way at that Mass. I will return to Joliet in July for assignment and will especially look forward to seeing you all at our 25th reunion. That will be a great occasion for me.

From the Alumni Office:

Congratulations to **THOMAS J. TREACY**, director of sales and marketing for the chemical division of Merck & Co., who celebrated 25 years with the company last October, including sales, marketing and purchasing managerial jobs in Los Angeles and St. Louis. Back at the Rahway, N.J., headquarters. Tom lives in Summit with Mrs. T. and five children.

JOSEPH I. O'NEILL, JR., Midland, Tex., independent oil and gas producer, is entitled to a comparatively relaxed 1962 after an extremely strenuous 1961. In a single autumn Joe was named: (1) general appeal chairman for Notre Dame's successful \$18 million Challenge Drive; (2) vice-president of the Texas Mid-Continent Oil & Gas Association for the Permian Basin district; and (3) a member of the Sports Illustrated Silver Anniversary All-America for 1961. Among the 25 men to make the roster were Green Bay Packers Coach Vince Lombardi and Oklahoma University's Bud Wilkinson, as well as many important business executives, educators, government and military leaders, two surgeons, a congressman and a scientist.

The winners in this unique All-America are selected by ballot among a panel of distinguished judges, which this year included two former N.D. Patriots of the Year, U.S. Attorney General **ROBERT F. KENNEDY** and former Vice President **RICHARD M. NIXON**. Sixty colleges and universities had offered candidates for the honor roll of 1961—ex-gridders who played their last collegiate games in 1936. The criteria were the quality of the candidates' records in their professions and their general effectiveness during the intervening 25 years since they played college football. This year Lombardi and Wilkinson are the only winners who pursued sports as a profession.

The stories of the 25 winners were told in the December 11th issue of *Sports Illustrated*. They received their trophies—in the shape of silver goal posts—at the National Football Hall of Fame Dinner in New York on December 5th, where President **JOHN F. KENNEDY** (L.D. '50) was keynote speaker. President Kennedy—then Senator Kennedy—was himself a judge for Sports Illustrated in the Silver Anniversary Awards of 1937. The President compared the N.D.-Syracuse squeak to his own narrow election victory—and refused to concede.

Joseph O'Neill was a lanky left-end and punting specialist for the "Fighting Irish" of 1935 and 1936 under **ELMER LAYDEN**. Since his graduation from the University's College of Commerce and law study at N.D. and Temple, he has, says Notre Dame's recommendation, "exemplified to an eminent degree the finest qualities of a Notre Dame man."

DICK ANTON, '39, and a pretty special guy to 'Uncle Deacon.' Am eager for any and all news of our classmates, also any news on **JOE DRUECKER** of '37—he was here in April with the Sweeneys. If I can be of any help to any of the boys (anything they might desire) just let them notify me by mail (address above). So long, and may God bless the Class of 1938 now and always. Sincerely, **JACK ANTON**." A wonderful letter, and wouldn't it be wonderful if we all could be at Jack's ordination in person?

REDMAN DUGGAN, "Sage of Sorin Sub." kept a promise he made two years ago to write from his American Consul General post, Dar es Salaam, Tanganyika (or Zanzibar, as you Kipling fans would like it). Red says there are few Notre Dame men there to write about but plenty of other wild life—like elephants, hyenas, gorillas, baboons, giraffes. It takes almost a week to get the N.D. football scores, he says, which at times unfortunately was too soon last fall. Redman, in charge of the newly established American Embassy, along with another N.D.-er via the honorary route, His Eminence **CARDINAL RUGAMBWA**, helped Prince Philip give Tanganyika its independence last Dec. 9th.

BOB MAZANEC, Cleveland's leading banker, was North America's man of letters sending a report of a trip he took west with his family. They stopped in South Bend to see **DON HICKEY** and wife Ann; at Aurora, Ill., for a visit with **OWEN KANE**, and on around the prairie states ending with the Serra Convention in Minneapolis, where the first man he met was **FRANK O'LAUGHLIN** from Chicago. Bob said he discovered there were such towns as **BOB GARTLAND'S** Boone, Iowa, and my old hometown of Good Thunder, Minnesota. On an earlier trip to Boston he spent a delightful evening with **JOHN R. KELLEY** and wife Roz. "The fat old owl is around fighting weight—for him," reports Bob. "In Cleveland I see **DAVE CONNORS**, **PETE SHEEHAN**, **TOM MULLIGAN** and **FRANK PAYNE** every now and then. Also went to (Prof.) **TOM MADDEN'S** wake but too early to see any of the school group."

SEEN AT THE FOOTBALL SCENE: **ED "TEX" HAGGAR** brought his sons Jim and Ed to the Syracuse game all the way from Dallas, where Tex is anything but slack in making slacks. **JOHN MONOHAN** said he saw **ED SLACK** from Chicago at the game. **LEN SKOGLUND** was sitting with his son next to **JIM LEAHY** and **BILL GIBBONS**, as were **DON FISHER**, **RAY MEYERS** and **CHUCK BOROWSKI**.

FATHER JOE RACE, now at 1754 Grand Ave. Racine, Wis., sat behind me and called most of plays (correctly—since we won) at the Southern Cal game. **FRANK O'LAUGHLIN** and **JIM CARSON**, were there. **BILL COSTELLO** left his RCA job in St. Louis to attend the Northwestern game. **WALT DUNCAN** followed his Oklahoma team here, where Callahan said he also saw **ED HOGAN**. Callahan also reports sitting **JOHN DENTON**, Morrissey sub vocalist with Sammy Kaye every night, who has a daughter a freshman at St. Mary's. At Purdue, Charley saw **JOHN PLOUFF** and **FRANK CUSHMAN** at Michigan State.

SECOND GENERATION: **GENE DOLAN'S** son came from Long Island to enter N.D. this year, and the son of **ARAM JARRETT**, the old radio pro now in Narragansett, Rhode Island, is also a freshman. **TOM WUKOVIT'S** son, Tom Jr., is a sophomore, and **TOM CAVANAUGH'S** son, Hayes, is a junior.

Many 38-ers are prominent in the present N.D. Foundation drive. **PAUL HUGHES** heads the General Appeal in Flint, Mich.; **JOE MOORE** in Grand Rapids; **BOB WEBSTER** in Midland; **BOB HOLTZ**, our Spotlights last month, in Elkhart; and **JOHN LYNCH**, Ashtabula, Ohio. Then there's **TEX HAGGAR** in Dallas, **JOHN COTTINGHAM** in Cincinnati; **TOM HUGHES** in Columbus, Ohio, and **JOHN JEHL** in Alton, Ill. Chairmen of Special Gifts in their cities are **CLEM McFARLANE**, Lansing; **CHARLES OSBORN**, Seattle; **JACK MONTEVERDE** in Pittsburgh, and **WALT DUNCAN** in Oklahoma City.

EDDIE KILRAIN has moved from Indianapolis to 1977 Parkwood Dr., Scotch Plains, N.J.; **JOE CALLAHAN** from Long Island to 32 Manfield St., Merrick, N.Y.; **PAUL LOCHER** from Washington, D.C., to 140 rue Perrenet Neuilly-sur-Seine, France; **DR. DAN MONAGHAN** (Lt. Col.) from Indianapolis to 1201 So. Scott No. 730, Arlington 4, Va.; **ART MAEHLER** from Cupertino to 1271 Oasis Dr., Escondido, Calif.; **PHIL KIRCH** from Racine, Wis., to 817 11th St., Santa Monica, Calif.; **JOHN FOLEY** from Watertown, S.D., to 1415 Wilmar Ave., Wilmar, Minn.

DR. FIRMIN J. KRIEGER, who got his Ph.D. in Physics with the Class and wrote "Behind the Sputniks" (published by Public Affairs Press, Washington, D.C., in 1958), represented the Rand Corp. in a panel on "The USSR and US Space Programs" with James Doolittle, Wernher von Braun, etc., at the American Rocket Society meetings in October.

FRANCIS H. MAY, JR., of Greenwich, Conn., spotlighted in 1960 as assistant vice-president for finance at Johns-Manville Corp., was elected vice-president for finance and a director of the company, effective January 1.

REV. THEODORE HESBURGH, C.S.C., wrote a supplementary note to last year's Civil Rights Commission report which was widely printed and editorially applauded. An example is the New York Times editorial, "A Credo for America," which concluded: "Father Hesburgh has done more than write a footnote to another Government report. He has pointed a glowing road toward human betterment and decency."

After 20 years, wife Helen has received her wish that the LeRoy six can sit at the table and have a meal together.

DARREL K. MOORE, JR., writes to me from Mishawaka, Ind., where he resides with his wife Mary Alice, daughter Mary Ann, 18, and son Timothy Joseph, 13. "Mike" is a research & development rubber chemist, also reg. pharmacist in Indiana. He would like to hear from **AL KIEFER**, **JOE McDONALD, JR.**, and **HENRY JOHANTGEN**.

VINCE DOLLARD is district sales manager in Western N.Y. for the Genesee Brewing Co. of Rochester, N.Y., where he lives with his wife and two boys, ages 12 and 14, and two girls, 11 and 8. Vince belongs to the Rochester Alumni Club. He writes that he has seen **FRANK GAGLIONE** while in Buffalo and they had some good laughs.

May I be the last to wish you a very Happy Prosperous 1962. Each year we should make a list of good intentions. I hope on the top of yours it will read, "Send copy promptly to our good old Class Secretary" . . . so he can continue to make our Class notes newswy.

From the Alumni Office:

The death last October of **THOMAS L. KENNEDY, JR.**, of Hazleton, Pa., head of the legal department for the anthracite districts of U.M.W.A., and the only son of the United Mine Workers' president, was mourned widely in Pennsylvania and union papers. Editorials praised his record as a lawyer and naval officer in World War II, and particularly his service with a dozen civic and welfare organizations. Sympathy to his widow Catherine and his three sons, Thomas III, William and James.

Congratulations to **JOHN J. DUNPHY**, named vice-president and director of the institutional sales department of Donaldson, Lufkin & Jenrette, Inc., member of the New York Stock Exchange. John, a Harvard M.B.A., had managed the research department of the investment firm of Cyrus J. Lawrence & Sons.

From the Alumni Office:

We are indebted to the **HON. MALCOLM E. TWOMBLEY**, '32, judge of the Municipal Court, of Mount Clemens, Mich., for a Detroit Free Press article on a colorful fellow townsman, **JAMES CAREW DANER**, former assistant prosecutor and W.W. II turret gunner in the Pacific, now a trial lawyer in the Perry Mason tradition. Jim, at the time of the profile, had compiled a courtroom record of 119 acquittals and one conviction, in fact, from 1946 to 1954 he defended clients in 68 consecutive criminal jury trials before he heard the words "guilty as charged" from the lips of a jury foreman, and it was the last time. The record has won him the title of "the poor man's Clarence Darrow."

Jim was chosen by the Michigan Bar Assn. as principal speaker at a recent annual convention and was commissioned to write an article on cross examination in the State Bar Journal. Now senior partner of Daner, Freeman & McKenzie, he is handling all the work incident to an \$8 million urban renewal project in the area.

J. E. WILSON was named general sales manager of Erie Foundry Co. in Erie, Pa., last fall. A veteran of 20 years in heavy machinery sales, he formerly sold locomotives for General Electric, and is now responsible for all sales of drop hammers, heavy presses and other forging equipment for Erie.

Congratulations to Commander **JOHN A. MCINTYRE, USN**, on his recent Air Force Commendation for outstanding service in air defense. John and his wife Annette live in Providence, R.I.

CMDR. JOHN A. MCINTYRE, '40, USN, (left) was presented the Air Force Commendation Medal last fall by Vice Admiral Riley, deputy Chief of Naval Operations, for outstanding service as operations officer of the New York Air Defense Sector. (Official U.S. Navy photo)

A recent report on the death of **EDWARD GEORGE MEANEY** in Portland, Ore., has not been confirmed. Please notify the Alumni Office of any details.

Men of '41!! Your secretary has now been promoted to "editor." Yep, yours truly has to edit this gossip column and keep it to a minimum. This drastic step is being carried out because of some plan to publish the ALUMNUS more often. I guess that means small reports more often. That's all I need to convince me to join the foreign legion. Anyway, we shall comply, reluctantly.

JOHN COPPINGER, at long last, writes from General Electric Co., 13430 North Black Canyon Highway, Phoenix, Arizona. Those reunion items in the last ALUMNUS really got to him. Glad it did, JC. And many thanks for your most welcome letter. John, a vet of both Army and Air Force, spent 5 years in the service. Shot down somewhere in Europe and was a PW for a year and a half. After the war, spent some time as a free-lance writer for radio and TV; got his M.A. and Ph.D. at Catholic Univ., and joined Johns Hopkins Univ. Taught at Catholic Univ. and Maryland U., did some work in psychological warfare, had a book published, titled "Operations Research for Management," Johns Hopkins Press, which has been translated into French and published in Europe. Joined GE, left the company and again rejoined same in Marketing Development field. Married Marie Louise Annette Nelson in 1947; had **VERN WITOWSKI** as best man; and has five children. Says to count on him for '66. With pleasure, sir.

DONALD C. TIEDEMANN, 159 Wilmot Road, Scarsdale, N.Y., has been named assistant general counsel with the New York Life Insurance Company. Don had been counsel since 1958. Our very best wishes to you, counselor. He is a graduate of the Harvard Graduate School of Business Administration and the Harvard Law School. (How did JFK miss him?!). Has been a member of the Board of Education of Eastchester for the past 11 years; also a member of the Board of Trustees of the Public Health Nursing Organization of the same town. Don and his lovely wife, Jean, have four children. You of the Glee Club culture will remember him as a warbler of some note. As a matter of fact, when the Glee Club sang at Stepinac High School last month, Don was there with bells on.

The concert was excellent, as all who attended will agree.

JOHN O'LOUGHLIN was in town either in November or October, called my office, didn't reach me, left no number, and as a result I missed seeing him. Please, alumni, leave a telephone number so I can call back. My office is at your service whenever you can make the big town. As for you, Mr. O'Loughlin, your dues is double!!

Well, classmates, this is all I can edit for this trip. Some of you latecomers send me some data like **JOHN COPPINGER**. Everybody likes to read of the other guy. So, give please.

I hope you all had a most holy and healthful Christmas and New Year.

From the Alumni Office:

Mr. and Mrs. **JEROME RYAN** and the eleven little Ryans look well and happy in their annual family portrait Christmas card. Jerry and family live in Hamilton, O.

Have a note from **MIKE CARR** of the Rytex Co. of Indianapolis, who travels the Midwest and sees some of our classmates. He recently visited **ED HACKETT** at his new lake home at Pontiac, Michigan. In a recent visit to Toledo, Ohio, he counted and verified that **DON MARTIN** has eleven wonderful children, but he believes that **FRAN QUINN** is the champion of our class with No. 13 expected any day now. Incidentally, to show you we are getting old, Fran's son is now a freshman at Notre Dame. The N.D. Club of Indianapolis had their annual Communion breakfast and members of our class who attended were **MIKE CARR**, **FRANK FOX**, **PAUL DEERY**, and **FRAN QUINN**. Mike is already talking up our Reunion in June, and reports **CHARLES LOHR** advises that he is coming from Dallas and **DON FIGEL** is planning to attend from his new town of Davenport. **GENE SCHUMACHER** also told Mike he is planning to attend. This is good news. **T. F. BANIGAN, JR.**, now lives at 4632 Mt. Putnam Court, San Diego 17, California. Having lived in northern California, he finds the life in San Diego wonderful. Tom is now with the Advanced Products Department of General Dynamics Corp. as head of Chemical Market Development, and he finds the work the best he has had in his chemistry experience. Tom will be traveling nationally for this company. He puts out the welcome mat for any classmates who visit San Diego, and inasmuch as he is traveling nationally, you can drop

him a note and he may be able to visit with some of us on his trips.

The October issue of Indiana Business and Industry featured an article on **JIM PURCELL**, who has been elected Vice President of Public Relations for Northern Indiana Public Service Co. In making the announcement, the Chairman and President of the company commented "The Board's action is in recognition of Purcell's outstanding achievement in guiding the many phases of NIPSCO's public relations and area development program. Mr. Purcell's professional approach to this important activity in our company is a credit to NIPSCO, the public relations profession, and to the nation's utility industry."

From the Alumni Office:

FRANK J. LAVELLE is now marketing manager of Sperry Microwave Electronics Company in Clearwater, Fla. With parent Sperry Rand since graduation when he started with Sperry Gyroscope, Long Island, N.Y., Frank has been assistant manager since 1958 and now directs all marketing, customer, sales, research and advertising activities.

Return mail reports grad school classmate **REV. THOMAS FRANCIS MAHER** deceased in Pelham Manor, N.Y. The report has not been confirmed.

Special Bulletin: In January the Family Life Bureau-NCWV named the second annual National Catholic Family of the Year, and the model family turned out to be **FRANK E. O'DOWD, JR.**, his wife Margaret (nee Dempsey of Oak Park) and their eight children in Wilmette, Ill. Frank and Peggy have been active in the Chicago area Cane and Christian Family Movements and have addressed the Notre Dame marriage institute. Frank, as most classmates know, was a much decorated submarine officer in W.W. II and followed his late father as an executive of Chicago's Hines Lumber Co. We hope we can get the widely distributed picture of the caroling O'Dowds for a future issue.

terial. We wish Frank much success in his endeavor and suggest that any alumnus interested in further details of the program, sample outlines, etc., should contact Frank. He also passes along the following personal notes . . . **JIM PLATT** had his ninth athlete recently, six girls and three boys in 11 years, which is some sort of record. **GENE PILAWSKI** is also busy populating the Chicago area. Platt is an attorney-engineer for the City of Chicago, examining contracts and construction for the new expansion of Chicago's O'Hare Airport. Also, Vignola reports a recent meeting with **WALLY ROGERS** and "**BLACK JOHN**" **MURPHY**, the conversation covering mostly the kids and Little League.

BILL TALBOT sent his final bachelor report in September and on November 4th, 1961, entered wedded bliss at Church of St. Ignatius Loyola in New York City. The bride is the former Marilyn Fagan and the newlyweds have set up housekeeping at 440 E. 81st Street, New York.

Good to hear from **TOM NOLAN** (2740 N.E. 8th Street, Pompano Beach, Florida) reporting on the Foundation Rally at the Palm Aire Country Club in Ft. Lauderdale. In the golf tournament he was paired with **DAN DOWNEY**, but no final scores were submitted. Tom has been living in Florida for seven years with his wife, Dorothy, and five children. He is engaged in the real estate business and he has just opened his own broker's office in the fast-growing town of Boca Raton.

Sympathy of the Class is extended to our eastern Vice President, **BILL WALDRON**, on the loss of his mother this past October. Bill reports that **JACK WHITLEY** was at his mother's Mass and that Jack is no longer with W. R. Grace, having switched to Amerace in New York City last June, and still travelling as much as ever but now mostly in the States. Bill further reports making the Duke game and was sitting near **JIM CROWLEY** and **FRANK STUMPE**.

It was good to see **DEAN PEDTKE** and the 1961 edition of the N.D. Glee Club in a recent performance at nearby Rumson, New Jersey. Those of our Class who were privileged to be members of the Club will be happy to learn that the current edition is continuing in the fine tradition of preceding aggregations.

The recent copy of the Perini News crossed our

desk the other day and Class Presy, **JOHN LYNCH**, is responsible for editing the publication.

A revamped deadline schedule is being worked out by the Alumnus Editor, which should result in a greater frequency of issues. This means if '44 Class News is to appear each time the magazine goes to press, your Secretary will be in constant need for column news. Please help!

SPOTLIGHT ALUMNUS

GEORGE A. SCHREIBER, '41
Motion by Company Seconded by Burglary

Any doubts that may have lingered about George "Skip" Schreiber's "arrival" after his election as executive vice-president of Albuquerque's Public Service Company of New

Mexico were dispelled recently when his wife announced the theft of her jewelry. Thus the Schreibers joined an exclusive "royalty" usually found in New York, Hollywood and Europe.

George Schreiber was born in Elwood City, Pennsylvania, but within a few years after his birth his family moved to Albuquerque, where he attended elementary and high school. Skip attended the University of New Mexico in Albuquerque in 1936 and 1937 before entering Notre Dame in 1938. Graduated with an A.B. in economics, he also attended the Harvard Business School and, during World War II, the U.S. Navy Supply Corps School.

He saw military service with the Navy's amphibious force in the North African and Italian campaigns and was discharged with the rank of lieutenant commander. He served with the U. S. Navy from April 1942, until January 1946.

Skip joined the Public Service Company of New Mexico in 1949, when his first job was connected with the establishment of a purchasing department. Since then he has held positions as dealer-coordinator, Albuquerque division manager, Albuquerque division vice-president, administrative vice-president and his present position, executive vice president, to which he was elected by the Board of Directors in early 1959.

He and the former Mary Cook of Princeton, New Jersey, were married in 1944. They and their three children, Peter F., Mary T., and George A., Jr., reside at 903 Loma Linda Place, S. E., Albuquerque.

From the Alumni Office:

JOHN H. MORRISON, JR., is now manager of field sales development for plastic films, Visking Co. division of Union Carbide. Now investigating markets and programs for polyethylene film, John has been with Visking since 1950. Married and the father of three, he now lives in Des Plaines, Ill.

Return mail lists **JOHN PATRICK GROGAN** of Coral Gables, Fla., and **HARMON NICHOLAS SPINA** of Chicago Heights, Ill., as deceased.

Congratulations to **JOHN McHALE** named president as well as general manager of the Milwaukee Braves last fall and now the youngest president in the major leagues.

It was good to hear from **FRANK VIGNOLA** (901 Park Drive, Melrose Park, Illinois) and to keep abreast of his activities in groups in the Chicago area interested in informing and educating the public and the military on the doctrine and philosophy of International Communism. Frank has been active in programing and setting up Speakers Bureaus, re-examining principles of our American Heritage, and at present is working on the establishment of such bureaus within each Notre Dame Alumni Club. We examined his recent brochure to Club Presidents which included sample outlines for such programs, lecture topics and related ma-

THE SMILING FACES shown above indicate the pleasant atmosphere of the very successful second annual Class of 1958 after-game reunion, held in the Hotel Hoffman on October 28, following the Northwestern game. Class Secretary Art Roule has announced plans to continue this well-attended event.

classmates to pass along their news. Here goes with what we have:

One of the former "head waiters" in the caf checked in from France, "GIL" GILLESPIE. "Gil" is now a Lt. colonel in the Air Force and has spent the last four Christmases in France. He and his wife, Rusty, have toured extensively through Europe and have only one major area yet to see. Scandinavia. This past summer they toured Italy and had an audience with Pope John. Gil will be returning to the States and Walter Reed Hospital in July for about a year's tour and a bit of refreshing in internal medicine. He hoped to see many of the old gang at the Navy game in Philly and has assured us that he plans to make our 20th in '65.

RUDY ANDERSON reports in from Merck & Co. where he is serving as associate patent counsel. He is delighted to be back in the counselor area after being in sales management with Johnson & Johnson. The fringe benefits are good too—a couple trips to Europe and one to Japan.

Rudy's brother-in-law and fellow classmate, DAN O'DONNELL, made an outstanding, although unsuccessful, bid for state senator for Mercer County, New Jersey. Rudy reports that BILL MOORE keeps busy as vice-president for sales of Research—Cottrell.

TOM MULHEARD has recently been named manager of a super duper Gimbels in the new shopping center in North Jersey. Congrats, Tom!

In checking the change of addresses of our classmates that come in from school, we see where BILL WADDINGTON is now an Easterner, having moved to Summit, New Jersey. He has been transferred to New York by Chain Store Age. Bill is a publisher of one of their trade journals. Welcome to God's country, Bill!

JOE HAGGAR reports in from Big D, where he is keeping busy at the Haggard Slacks Co. as V.P., is quite enthused with the N.D. Challenge Program and states "we are going to do our best to uphold our reputation" in the challenge the Dallas alumni have given to the New York boys.

Our illustrious class president, JIM RETTER, dropped us a line and also a phone call to advise us of the arrival of "the sixth" at the Retter home. Congrats, Pres. & Flo. Jim is starting on his annual sojourn recruiting chemists and chemical engineers from the colleges in New England for Union Carbide. He hopes to see RAY BADDOUR at M.I.T. on this tour. He recently ran into BROCK LYNCH, who is still a bachelor and looks like a college senior. That must be the answer, Jim.

A short note from the "land of sunshine," Ft. Lauderdale, Florida, reports that BILL FANIZZI has been in the practice of pediatrics there for five years. Bill and his wife, Lucy, are expecting their second child around Christmas. Lucy is the sister of JOHN BLACKWOOD, '52. The Fanizzi's would like to hear from any of the '45ers when they are in the Ft. Lauderdale area.

The busy barrister and former Green Banner reporter, JOHN POWER, checks in from the Windy City and is anxious to hear from JOE SULLIVAN,

BILL RAWLS, JOHN DOCKWEILER, JOE MCINTYRE, ED MAHONEY, JIM "DIPPER" EVANS and DICK MILLER. We are too, John. John and all our classmates were sorry to learn of FATHER MIKE O'CONNOR's untimely death. John sees GENE AUSTIN, JIM MANGAN and SAM ALONZI around Chicago.

I hope I will not be sued by John and his former Banner associate and also a member of the Bar, HARRY WALTERS, for reprinting one of their "choice" columns to send out with the Christmas message.

As for being '45 secretary, many of the boys from old St. Ed's are checking in now and then and commenting on my undernourished look. The last was GEORGE "THE BEAK" KEEGAN. George comes in with a good point, one brought up many times by AL LESMEZ, that to keep up with fellow classmates of our time it requires reading about classes over a six-year period. George would like to see a reunion for all the fellows that started in '42. "The Beak" is product manager for a Westinghouse International Company in New York. This is the export division and George has responsibility for television, radio, phonograph, and stereo for world markets. The Keegan's have three children, a daughter, 7, and two boys, 4 and 1. George lives a short distance from GENE DEAN, "The Genial One." Gene is with American Cyanamid in their labor relations department, and spends quite a bit of time on the road. George is wondering if BIG BILL MURRAY is as strong and shifty as he was in the scrimmages behind St. Ed's.

ERNIE RAUSCHER also lives in Upper Montclair with Keegan and Dean. Ernie is sales manager for American Colortype, Clifton, New Jersey and it is reported he drives a Lincoln a half block long and half as wide.

"The Springfield Rifle," ANGELO BERTELLI, KEEGAN, DEAN and LEO COSTELLO were instrumental in the Frank Tripucka Day at the Polo Grounds when the Denver Broncos played the Titans. Leo is a vice president of a savings and loan company in Paterson, New Jersey.

Another listing of dues paying classmates next issue. If you haven't sent your \$5.00 in yet, how about doing it now?

From the Alumni Office:

DR. OWEN W. DOYLE of Greensboro, N.C., was elected president of the North Carolina Radiological Society last fall. Owen got his M.D. at Yale Medical School, did his residency in radiology at the University of Michigan, and is now associate professor of radiology at Duke besides being one of the leading radiologists in North Carolina.

FRANK R. BEAUDINE is now executive vice-president of Indiana General Corp., Valparaiso, Ind., in charge of corporate operations for the magnetic equipment manufacturer. Frank is an old hand at industrial engineering and administration, formerly with U.S. Rubber, Montgomery Ward and McKinsey, management consultants. With wife Martha and four children he lives at Long Beach, Michigan City, Ind.

Mail and news from classmates has been very thin since the last issue of the ALUMNUS. Once again I would like to appeal to the Class of '46 to send in a few lines about yourselves. Fifteen years is a long time. This is your column so let's make it interesting and worth reading. You send me the information and I'll make sure it's passed on for print.

It was with deep regret and sorrow to learn of the death of LT. JAMES E. CASSIDY, BNS '46 and LLB '49, who was killed by a train on November 18, 1961. Sympathy to his family from the Class of '46.

Word has been received that DR. E. G. FORTIER, who has been practicing ophthalmology in Lombard, Illinois for five years, has written a book entitled "Eye Muscle Problems in Children." Dr. Fortier has written this book for parents and teachers of children with Strabismus and includes the opinions of leading authorities on this subject. It is well recommended and anyone desiring to order it can obtain a copy by writing to: Roselle Publishing Company, P.O. Box 41, Roselle, Illinois (Cost, \$7.50).

ELMER ANGSMAN was in New York recently renewing acquaintances with his many friends. Elmer has been doing T.V. work on football with A.B.C.

Until the next issue, best wishes to all the Class of '46 and let's have that mail coming in.

From the Alumni Office:

THOMAS J. SEEDORF, the p.r. man's p.r. man, was involved in a particularly interesting movement last fall with his publicity release for the Public Relations Society of America—a non-sectarian movement, espoused by the Public Relations Journal, to make St. Bernardine of Siena the official patron of the "communications professions," i.e., public relations and advertising. The article and release described the 15th century Franciscan preacher as a man who pioneered the mass media through his sermons to huge audiences.

JAMES F. MOLITOR is now associate director of the new products division of Johnson & Johnson, New Brunswick, N.J., responsible for developing new hospital and professional products. Jim and wife Dorothy live in Summit with children Tim, Margaret, and Jim.

A recent N.C. convert feature by Notre Dame's REV. JOHN A. O'BRIEN was a story in the words of CRAIG A. HEWETT about his conversion to the Faith through the example of '46-'47 buddies at the Groto when he was on campus in Navy ROTC. Craig's story names TOM LYONS, JOHN MURRAY, BILL YOUNG, and particu-

larly **BILL KAISER**, '47, who was his baptismal sponsor. He also credits the instruction of **REV. ROLAND SIMONITSCH, C.S.C.**

Dr. (Lt. Col.) JOSEPH L. HANNON is stationed in Hawaii as chief of general surgery at Tripler General Hospital, promoted to his present rank a year ago. Dr. and Mrs. Hannon were pleased to find an active N.D. Club in Honolulu and had a happy reunion with old buddy **DON MACHADO**.

FROM BED TO VERSE

(Written upon arising on a bitter cold winter day)

The countdown has begun
The 8th of June draws near
You can't have any fun
If you choose to absent yourself . . .

Who can be a John Donne so early in the day? Or even a Percy Bysshe Shelley? The sense of the quatrain remains: Miss the reunion only if you have graduated to the higher forms of asceticism and have eliminated enjoyment entirely from your existence.

Otherwise, be ye hedonist or merely apprentice ascetic, your presence is essential to the success of the third quinquennial comeback of the men of '47.

You've already received your first mailing on the event, and if you haven't already returned your card, please do so right away so we can the more intelligently and precisely lay the groundwork for the June gala.

BITS AND PIECES

Anne Marie and **CHARLIE POINSATTE** welcomed Laureen to the family Oct. 19, and Wanita and **ED BALL** collaborated on the birth of Margaret Sept. 14; that's two daughters and a son for both couples.

A note in the **PAKISTAN LETTER** published by the Holy Cross Mission Band reveals **BROTHER THOMAS MORE BEERE, C.S.C.**, former assistant principal at St. Gregory's High School in Dacca, has been transferred to St. Nicholas Institute near Nagari as headmaster.

BROTHER IVAN DOLAN, C.S.C., writes he spent Labor Day with 25 workmen dismantling the old school house and building a new one at Birodakuni; he also reports he stuck his hand into the tail of a scorpion . . . "at first I thought it was a snake . . . however, since I am still alive, I presume it was only a scorpion."

LARRY REISTER has been promoted to advanced underwriting assistant at the John Hancock Mutual Life Insurance Co. in Boston; he's in his 13th year with the concern.

FATHER MATT MICELI, C.S.C., has been transferred from Notre Dame to Portland University in Oregon.

And that distinguished Philadelphia lawyer, **BILL MEEHAN**, has written: "I would like very much to be listed in the 1947 . . . class and I will make every effort to return to the 1962 reunion with many of my friends." Don't believe we have reported the death of Bill's father, Austin Meehan, early this past fall; he was onetime sheriff of Philadelphia and a longtime GOP leader in the City of Brotherly Love. We're sorry to have to report that news, but pleased to welcome Philly back to his original class.

CHRISTMAS CARDS . . .

. . . were received, and thanks for them, from the **BILL PECKS**, the **ELMER MATTHEWS**, the **JOHN FITZHENRYS**, and **JIM MANSFIELD**.

We also heard from these classmates, with annotations added:

SPOTLIGHT ALUMNUS

JAMES P. DOYLE, '42

C-Day Chairman, C.P.A.-K.C.-C.C. Chief

Last October 17 at the Blackhawk Hotel, Davenport, Iowa, the initials C.P.A. temporarily signified "Challenge (rally) Public Address (system)" to Iowa's leading public accountant. For Jim Doyle, recently elected state president of his profession, was not only called upon to direct the Eastern Iowa "Program for the Future" campaign of the Notre Dame Foundation but also handled details of Davenport's Challenge-Day kickoff on the nationwide N.D. telephone network.

After a few years of working for others, Jim and 1942 classmate Emmett Keenan formed the C.P.A. firm of Doyle and Keenan in 1949. Now, with less than 12 years in business, Jim is 1961-62 president of the Iowa Society of Certified Public Accountants, after a year as vice-president and three years on the state board. A member of the Council of the American Institute of Certified Public Accountants, he's also past president of the Tri-City Chapter of the National Association of Accountants, having served 1960-61 as a national director.

Jim is an all-round operator in Davenport's civic, religious and social life (past president of the Davenport Kiwanis Club, past Deputy Grand Knight of the Loras Council 532 Knights of Columbus, currently serving three-year directorships with the Davenport Club and Chamber of Commerce), but he's been even more active in alumni affairs. A past president of the Tri-City Notre Dame Club (extending to Moline and Rock Island, Ill.), he has completed five years of service as Davenport-Bettendorf (Ia.) chairman for the Notre Dame Foundation. He was Notre Dame Man of the Year in 1958 — an honor awarded only twice in the history of the Notre Dame Club of the Tri-Cities.

At the time of the Keenan partnership Jim also made a matrimonial merger. The last audit showed four little DoYLES.

SAM ADELO — "Saludos y recuerdos de un amigo que te estima." Gracias, compadre, y lo mismo a usted.

Pat and **PAUL LIBASSI** — "Our 'backfield,' Mike, Mark, Dave, and Doug, will undoubtedly be added to in the spring, even though another cheerleader to keep Patti company would be a sweet surprise. . . ."

Doris and **BOB MULCAHY** — "I'm making every effort to be at that '47 reunion in June . . . I know I would really enjoy it. Do you think I should make reservations for a seat at the Oliver bar? Speaking of the reunion . . . can you guarantee me that I won't get 'campused'?"

JOHN THOMAS — "Hi, Jack! Been writing Christmas notes to a bunch of my old N.D. buddies re the '62 reunion. Hope I can rouse a little interest!"

USE YOUR ROSTERS

You have your class rosters, so why not use them to do as John Thomas and others are doing . . . fomenting interest in and enthusiasm for the June 8-10 doings?

There are some mistakes in the roster . . . many addresses are out of date already, but I'll be glad to furnish the correct ones instantaneously.

You'll notice **JAMES THOMAS CARLIN** and **ROBERT CHARLES SCHNEIDER** are counted among the deceased: in Jim's case, this is a gross error, for he is at last report selling insurance in Trenton, N.J., and we're still trying to verify the information on Bob. If any of you can furnish some, please do so.

Dayton 2, Ohio

From the Alumni Office:

"Heroism to the End" was the headline to the New York Times' notice on the publication of "Before I Sleep," which it described as an account of "the last days of **DR. THOMAS A. DOOLEY**, the medical crusader."

Sportscaster **JACK QUINLAN**, talked out of an attractive New York deal by the boss of Chicago's station WGN, has agreed to be the Voice of the Chicago Cubs baseball team for two more seasons.

WILLIAM H. VOLL was named vice-president in charge of sales last fall for Sibley Machine & Foundry Corp. of South Bend. Bill joined the company after school and Navy service. He has been sales manager and assistant to the vice-president.

On January 1 the South Bend firm of **Ferron R. Davis, Inc.**, changed its corporate name to **Ferron**

Davis, O'Brien & Co., Inc. The new ingredient is 1948's own **JOHN W. O'BRIEN**, who joined the investment company in 1959 after 11 years with St. Joseph Bank & Trust Co., South Bend, where he was vice-president of the commercial loan department. F.D.O.B., broker-dealer-investment advisor, is in its 19th year; the firm was incorporated in 1944, is registered with the S.E.C., the National Association of Securities Dealers, etc. The new partner is married to the former Nancy Henderson. They have five children: Kathleen, 14; Anne, 13; Patricia, 11; John J., 8; and George (Major), 5.

Another new partnership is Mahoney & Mahoney, attorneys-at-law, in Ashtabula, O., since **JOSEPH E. MAHONEY**, who implemented his Commerce degree with a combination course LL.B. in '49, joined brother **JOHN P. MAHONEY**, '38, in the general practice of law. Joe, who still feels ties to his original Class of '45 and was formerly with the New York office of the FBI, has settled in Ashtabula (1625 Ohio Ave.) with his wife and three sons. Brother **ROBERT J. MAHONEY**, A.B. '40, LL.B. '48, was elected a local president of the UAW-CIO when he was still in school and is now an assistant prosecutor for St. Joe County. Bob lives in South Bend with a considerable family of his own.

Lt. Col. **JOSEPH D. SPINELLI** finished a course in December at the Army Command and General Staff College, Ft. Leavenworth, Kan., hearing former president Harry Truman's commencement address. A grad school education major, Joe is assigned in the Caribbean.

The dozen-or-so televised bowl games that extended the past football season into spring practice were a fresh reminder that there's a real story in the radio-television talents of '48 football greats **GEORGE CONNOR** and **JOHN LUJACK** and such contemporaries as **ELMER ANGSMAN**, '46, **GEORGE RATTERMAN**, '49, etc.

The many TV chores of **GEORGE CONNOR** for CBS are a partial explanation of Moose's resignation from the N.D. Alumni Board. It looks as if he'll be covering the Chicago Bears with Red Grange and the bowls with Jim Gibbons for a long time.

A teammate of George's both with **FRANK LEAHY**'s Irish and George Halas' Chicago Bears. **JOHNNY LUJACK** did the bowl bit with Michigan's Tom Harmon again, besides emceeing the weekly pro football highlights for CBS. In Davenport, Ia., John has taken on quite a job, following the local Challenge appeal as chairman of a fund drive for the Davenport Diocese Papal Volunteers program. He'll head the "special gifts" campaign for the movement ordered by Pope John to train Catholics for service in Latin America, where the diocese has already sent a teacher and nurse. John is a partner in Lujack-Schierbrock Chevrolet Co. and a past leader of the March of Dimes, United Fund, Red Cross, Junior Achievement and the Chamber of Commerce. The Lujacks have three children.

P. H. WEYRAUCH has been elected assistant treasurer of Gulf Oil Corp., Houston, Tex., where he has been manager of domestic banking since last February. For a Sterling, Ill. native, Paul has been around, winning an M.B.A. at Michigan and serving in Gulf's treasury department in Pittsburgh, Pa., from 1953 until a year ago. Paul and wife Marion live in Houston with daughters, Elizabeth, Susan, and Nancy.

One-time classmate **JAMES P. KLEINHELT** is headquartered in Indianapolis as Indiana representative for Collier Books, Crowell-Collier's paperback department, having represented Warner Chilcott, Gerber Baby Foods, and Zonite.

Since last July **WILLIAM E. FITZHARRIS** has been public relations manager of AMF Pinspotters, Inc., headquartered in Westbury, N.Y. Formerly with the sporting goods division of U.S. Rubber, Bill now lives in Hampton, N.Y., with his wife and family. One of the nicer perquisites of the new job is shown in this issue's picture of Bill with Miss Long Island.

Sympathy to the family of a departed classmate from the grad school, **REV. FRANCIS J. CAHILL**, who served as a Maryknoll missionary among the Indians in Peru and, like his classmate **TOM DOOLEY**, died of cancer back in the States.

Journalism and law grad **VINCENT C. SCULLY, JR.**, of Highland Park, Ill., is a junior exec in the Kemper insurance group's Chicago office since last fall, serving as senior claim examiner for New England and electronics coordinator. Vince and wife Catherine have three sons (Vincent III, John, William) and four daughters (Mary Joan, Helene, Marian and Claire).

This solves at least one mystery for Prof. TOM

WILLIAM E. FITZHARRIS, '48, in his new capacity as public relations manager for AMF Pinspotters, Inc., has the pleasant task of helping Miss Long Island "have a ball" — bowling, that is — among prizes at the company's Long Island Fair exhibit.

STRITCH, who reported the following on '48 communicators from his occasional alumni survey: **JOHN BREHL**, staffer on the Toronto Star, has six kids; **BILL BROWN** is an unattached Chicago free lance; **JIM BUTLER**, with three, is a disc jockey-producer for CBS St. Louis outlet KMOX; **JOHN CASHMAN** collects taxes and dodges dames in San Jose, Calif.; **MARION CRANEY**, executive director of the Kansas Assn. for Mental Health in Topeka, has six youngsters; **NOEL DIGBY**, matching Scully with seven, is radio-TV writer-producer for Gardner Adv., St. Louis; **BILL HARRINGTON**, with New York's Young-Rubicam, has four in Darien, Conn.; **JERRY HEKKER**, associate editor of New York's Insurance Advocate, has a son and another on the way; **JOHN LAUGHLIN** edits these pages and has four siblings; **JOHN MALONEY** is married, has a child, and works in sales in Jersey City, N.J.; **TONY MARINO** teaches high school English in Frankfort, N.Y., has spouse and two; **JIM MCCARTHY** is married and a consulting engineer with Chicago's Alexander Proudfoot Co.; **JOHN MINZING** is executive secretary for the county mfrs. assn. in Joliet, Ill., has a wife and child; **PHIL MUNNING**, with five, is district mgr. for State Farm Insurance in Red Bank, N.J.; **JOHN NOONAN** is asst. zone mgr. for Pontiac division of G.M. in Los Angeles, has four children; **JOHN A. O'CONNOR** has three, edits *The Monitor* for the San Francisco Diocese; **HENRY PYNE**, with a wife and child, runs the library and reports for Worcester papers in Milford, Mass.; **JOE REILLY** has a wife, and five little ranchers out of Santa Rosa, N.M.; **JACK SLATTERY** is an unmarried public relations man with George Daly Associates in N.Y.C.; **PAUL THEIS** is the same for the Republican Congressional Committee in Washington, D.C.; and **DAVE WARNER**, with wife and two kids, is on the staff of the Rochester, N.Y., Democrat and Chronicle. There was no report from journalists **ELLSWORTH CORDESMAN**, **JIM DRONEY**, **DAN LEARY**, **JIM MAGUIRE**, **TOM MANGAN**, **LEO NOLAN**, **ED OMILIA**, **KARL SCHWEINFEST**, **VINCE SCULLY**, **STEVE VALETICH**, and **JOE CHENEY**.

From the Alumni Offices:

ALLAN J. (BUD) POWERS reports that the life of a vice-president in a girls' college is a very pleasant one. For those who missed the news, Buddy regrettably resigned from the N.D. Foundation staff last fall to accept the position of vice-president in charge of development at Detroit's Mercy College. He's there principally for his fund raising and public relations know-how and probably hopes the Sisters of Mercy don't learn of his speech and drama work at Columbia or the choreographic prowess he displayed in student shows. Bud and his wife Lynn are now the proud parents of two daughters, Christine and Elizabeth.

Brian, whose father was governor of Michigan, was quoted as saying: "First and foremost I feel that everyone should be well acquainted with the administration and background of his city, state and national government. No one has a right to gripe about the way things are run unless he is active in political matters and voted in every election. We wouldn't have any problems in government if every citizen was well informed."

Well! Ya can't win them all. Although our reunion party was held immediately after we presented our midshipmen friends with an early Christmas present of a 13-10 victory, I can still report that our 7½ yr. reunion was a gas. Abandoning the intelligent organized way, I didn't make a list of everyone I saw, so please accept my apologies if I miss anyone of you who were there. Here goes: Highlight of the weekend was viewing pictures of **BRIAN WRIGHT**, amazing son of Jane and **BOB WRIGHT**. Some of the Cincinnati crowd also at the party were **BILL BURKE** and his bride of 6 months, **Madeline** and **DICK CASTELLINI**, (Dick is attending law school and Madeline is expecting No. 5) and **PAUL KELLY**. By this writing, if he doesn't back out, Paul will have settled down and become a married (ha) man. Familiar faces from the Chicago area were **BILL MORLEY**, **TOM REYNOLDS**, **J. D. MADIGAN**, **BILL CAVANAUGH** (of Tonka Toy fame), **ED BROWN**, and **JOE MESEC**. Also spent many hours during the weekend with **BOB** and "**RO RO**" **RODEN** and Jane and **JIM BERNHART**. "The Bern" is with Motorola, managing sales in the area and consulting on the Irish football fortunes. **TOM MURPHY**, Indiana Ins. Co., Consolidated Bldg., Indianapolis, has written me since the party requesting that **BARRY (YAZZO CITY) REECE** be barred from future affairs. Smart thinking Tom! As you pointed out, Barry is rather ill-mannered and besides he drinks too much. Barry is working with **GEORGE PFLAUM** in Dayton, Ohio. (Ruth and **GEORGE PFLAUM** also made the scene.) Listing a few more familiar faces, in no particular order: **TOM DEMPSEY** (I think), **TOM GODFREY**, **PHIL DOELL**, **WALT DUSCHKA**, **GEORGE KOCH**, **LEE BAZANY**, **BILL DALY** (I think), and **JOE McGINN**. You must remember there was a lot of booze flowing, and things were not as clear as they might have been. **JERRY KEATING** (Sears Roebuck, Chicago) was at the game but couldn't make the party. Holding his own with the Martinis was **MARTY TUCH**. An old Navy buddy **DAN MUNSON** and his wife were

there. Also talked with **TOM SHORT**, **JIM HAMLIN**, **MAX PLANTE**, **CHARLIE ALLEN**, **WALT WAGNER**, **TOM REYNOLDS**, **JIM RICHARDS**, and I think I saw **ROCK MORRISSEY**. ED SEIM was there also, and without "**THE GROSS PIETSCHE**" things didn't seem the same. Elaine and **JACK PITTAS**—who were "waiting" in November, have been blessed with No. 5, Douglas, just before Thanksgiving. That makes 4 boys, 1 girl (and a dog). I made the trip with Mary Ann and **GEORGE HUBBARD**, who are among the class leaders as they expect their sixth child in August. Naturally the workhorse of the outfit, **DICK PILGER**, was there and reports that teaching at N.D. is really a wonderful experience. Oh! Last but definitely not least, there was **JAKE NOONAN**, looking tanned and fit. One last word on the party—If everyone who came had sent in their reservation we wouldn't have run out of liquor when we did. For 3c send me a postcard indicating your choice as to when we should do this again.

TOM J. CAMPBELL and spouse were blessed with the birth of Mary Kathryn on Aug. 15, and on Sept. 19 Pat and **FRANK RAITH** were blessed with Kerry Elizabeth.

From Mrs. **THOMAS LINDSAY**, 6513 Hanover Ave., Springfield, Virginia: Tom is presently a Lt., USN and married Marie on June 27, 1959. Prior to this stint in the navy Tom attended M.I.T., mastering in aeronautics and astronautics. Tom and Marie have one son, Richard, born on March 27, 1960.

JOHN A. POIRIER reports his marriage to Patricia O'Leary (Polish girl) on Nov. 11 in Berkeley. Last known address is 920 Hilldale Ave., Berkeley 8, California.

JOHN GLASGOW, 1562 Huxley Dr., Columbus 13, Ohio, penned me a letter bringing me up to date—John and wife have two boys, John, Jr., and Gregory. John is in the aircraft industry, having moved from St. Louis. He reports seeing **RAY KREBER**, **MIKE SCANLON**, **LARRY CORBITT** and **JOHN VESINTINE** in the Columbus area and talking to **BILL TILL** occasionally in Pittsburgh.

WALT STAUB reports the following autobiography: After graduation served two years with Uncle Sam during which he met and married Marion Greene. They have 3 boys, Mike 5, Bill 3, and Kevin 1. Walt is working in the engineering department of the Lock Joint Pipe Co. and is located at 725 W. 21st, Ada, Oklahoma. If Oklahoma City runs dry of water next summer blame Walt!

As advertised, an ole buddy, **JOHN "KID" MULVANEY**, married Marian in Long Beach, California (lost address, John, write!) I have another long letter from **BOB MILLER** which I'll save until next deadline. Thanks, Bob. With sincere regret we learned of the death of the wife of **JOE WESTER**. Remember her in your prayers. In case anyone is interested in locating an old buddy, write me, as I have many recent addresses. May I be one of the first to wish you a wild St. Patrick's Day? And lay off the green beer!

From **DICK PILGER**, another account of the Navy bash:

"The cocktail party after the Navy game was a roaring success (even though the game wasn't). About 135 persons attended, which was not only more than responded to the flyer but also more than **MILT BEAUDINE** and I estimated in our wildest flights of fancy. It was the consensus of all present that this should be an annual affair. THEREFORE: on OCTOBER 6, 1962, after the Purdue game, the men of '54 with their wives and friends will assemble in the lounge of O'Shaughnessy Hall for the 8½ Year Reunion. (The same deal—\$2.00 each, \$3.50 per couple.)

My record-keeping wasn't too good, but here is my list of the fellows who attended: **LEROY BAZANY**, **MILT BEAUDINE**, **ED BROWN**, **JOHN BIERBUSSE**, **BILL BURKE**, **DICK CASTELLINI**, **BILL CAVANAUGH**, **TOM CANNON**, **DICK CUNNINGHAM**, **JERRY CAMPBELL**, **BILL DALY**, **WALT DUSCHKA**, **PHIL DOELL**, **TOM DEMPSEY**, **DICK FOLEY**, **BOB FROLICHER**, **DAVE FOY**, **NED GRIFFIN**, **GEORGE HUBBARD**, **JIM HAMLIN**, **BOB INEICH**, **JOE JOYCE**, **GEORGE KOCH**, **BOB KROP**, **ROCKNE MORRISSEY**, **DAN MUNSON**, **JOE MESEC**, **DAN MURPHY**, **BILL MORLEY**, **JOE MADIGAN**, **JOE MCGINN**, **TOM MURPHY**, **LEO MICHUDA**, **DAN NOONAN**, **PAT O'MALLEY**, **TIM O'HARA**, **LEO PETELLE**, **DICK PILGER**, **GEORGE PFLAUM**, **MAX PLANTE**, **BOB PODEN**, **JOHN PITTAS**, **ART PETERSEN**, **BARRY REESE**, **BILL RICHARDS**, **BILL REYNOLDS**,

TOM REYNOLDS, NED SEIM, FATHER JOHN STEWART, JIM STUBEL, JOHN TRUCANO, BOB WRIGHT, and RONNIE ZANETTI. My apologies to those I've omitted.

"Many of the replies carried some news and some good excuses for not being present. For example: Capt. **VINCE FERNANDES** is with the infantry in Berlin; **NICK KRALL** was pacing the floor outside the maternity ward (fifth!) as was **CHARLIE ALLEN**; the **DICK KELCHES** were expecting in mid-October; Capt. **OTTO HILBERT** was on duty at the Air Force Academy; **DON LANDFRIED** is also in Germany; Capt. **ART HAESCHE, JR.**, was recalled to the Air Force; **Dr. BILL DWYER** is back in the Army; **Lt. JOHN SHEEDY, USN (MID)** wrote that the winters in Brunswick, Maine, aren't as bad as in South Bend and also reported that the family is now two boys and one girl; **PHIL (SCOTTY) SULLIVAN** has been recalled to the Army; **JOE D'ANTONI** claimed he was working hard at a new business; **DAVE DEWEESE** was to be in town as a guest of Drewry's and couldn't join us (I suppose Big D did have a larger supply than we did); **HERM KREIGSHAUSER** promised to make it next time, as did a number of others.

"**AL BRANIGAN** sent a real newsletter from Washington, where he is in the middle of law school. Al says we should expect some family news from the **BOB RAYMONDS**; he sees **FRAN ROMANCE**, who is working on a Ph.D. at Georgetown, and **BUD MEAGHER**, who works in Washington to support seven children. Al was worried about recall to service, too.

"We got new addresses from **BOB NANOVIC, JOE MEAD, TOM KING, JOHN NOLAN, ROBERT STANTON**, and **Dr. PAUL KELLY**. Milt will have an up-to-date list shortly if you want some addresses. **JIM BUCKENMYER** seems to be as disorganized as ever—he expected to move the week after he wrote, but didn't know the new address. Lastly, I finally bought a house near the campus (mail still reaches me in the Chemistry Dept., of course).

"A final reminder: we meet after the Purdue game on October 6, 1962; let's have twice as many come this year."

OK, take that ice pack off your balding head . . . New Year's is long gone! I can't deal with trivia any more according to the instructions from the Alumni Office because the columns must be shorter. (They even consider putting "Windy" above my middle name.)

So **JOE CHALHOUB** gets the "best letter of the cycle" award for his five page epistle. After graduation Joe joined the Internal Revenue Service and spent five years in South Bend. Recently he was transferred to the national office in Washington, where he works in the wage and excise branch of the technical planning division. Joe married the former **Jean McLaughlin** of Niles in 1957, and they have a girl and two boys. Last year Joe started classes at the Washington College of Law of American University. Incidentally, Joe's address is 1517 Crest Road, Silver Spring, Md.

Joe reports that **MIKE CARROLL**, who picked up a master's in aero engineering in 1957, was working in East Hartford at last count. Mike had two children the last time Joe saw him. Joe would like to hear from **DOUG MAGER, BOB BENSON** and **BILL O'CONNOR**. Joe also reports that **ED LIEVENS** moved from South Bend to Baltimore.

JOHN SMITH has a neat system. He turns the letter writing over to wife Kathi. She reports that John is teaching science and math at Carle Place High School in Westbury, N.Y. He picked up his master's degree at Hofstra. In line with our Commander-in-Chief's directive, John is keeping fit as freshman wrestling coach. John and Kathi were married in 1959 and they welcomed John II a year later. They were expecting another addition when Kathi wrote the letter. John and Kathi attended the September wedding of **JIM**

DWYER to the former Sandra Locke at Mountain Lakes, N.J. Also attending were **DICK NORTON, DAVE MCCARTHY, JOE SWIFT**, and **BILL TWOHY**. The Smith's address is 5 Foster Lane, Westbury, N.Y.

Received a letter from **BILL YARIO**, who passed along some information on fellow metallurgists. (I'm really bringing these scientists out into the open!) **BOB SWINDEMAN** is participating in a technical exchange program with the Australian Atomic Energy Commission. His address is 15 Carovia Ave., Cronulla, New South Wales, Australia. **GREG VASSIL** is working for **AVCO** (I don't know what it stands for either!) near Boston and has three children. My loyal correspondent, **Bill**, is working for General Electric in its nuclear materials and propulsion operation in Cincinnati. He is the "only one working in a family of five." He also would like **JOE TONINI** to answer his letter of the "late fifties."

I want to assure **BUD LaLONDE** and **NEIL NABER**, who both live in Boulder, Colo., that I haven't lost their letters. It seems that both letters arrived the day after I mailed the last column. Bud got married in 1958 and has a little daughter. He received his doctorate in business administration from Michigan State (I guess he wanted to be on the winning side for a change) last year. He currently is teaching marketing at the University of Colorado. While Bud is teaching, Neil is out making money at the National State Bank. He married Elizabeth Frederick in 1957, and they recently had their first child, Michael Joseph. Neil won first prize in one of the Denver Club's extravaganzas, and he and his wife returned to the campus for a football game.

Bouquets to the Department of Communication Arts (**TOM STRITCH**, Major Domo) for this report on the journalism majors. Here's the code system—* married, ***children. **TOM BOSSE** (* ***) is a stockbroker in Cleveland. **LARRY BREHL** (* *) is assistant editor of "The Westinghouse News" and lives in Pittsburgh. **ED CLARK** (* ***) is an advertising copywriter for General Electric at Schenectady. **DAVE COHEN** (* **), as reported last time, is a human relations officer for the City of Chicago. **JOE CONNOLLY** (the last of the gay bachelors) is managing editor of Ceramic Publications in Cleveland.

DICK CONNELLY (* **) was a reporter for the Memphis Commercial Appeal, but I believe he has moved to North Plainfield, N.J. How about a clarification, Dick? **TIM DEVEREAUX** (* **) is sales promotion manager for Bankers Life and Casualty Co. **CARROLL DOWDEN** (*), who was the brain of our little group, has been a financial columnist and assistant editor of the Louisville Courier Journal. According to a later bulletin, Carroll has moved to Fort Smith, Ark. I hope that he isn't one of our lucky reservists. Drop me a line, Carroll. **ART EGGERS** (*) has a closet of gray flannel suits and puts them to use for D'Arcy Advertising Co. in New York.

CHARLIE KLEE (* *) still is with Sandoz Pharmaceuticals in Dayton. **JOE MADIGAN** (*),

another competitor of mine, is in the public relations end of the Griswold-Eahelman agency in Cleveland. **DICK MANNION** (another guy who has managed to fight off the women) is managing editor of the Catholic Journalist in New York. **DAVE METZ** (* *) still is pounding out copy for the Eastman Kodak Co. in Rochester. **HARRY NIEMANN** (* **) who must be a frustrated cop, is a supervisor for Allstate in Valley Forge, Pa. **TOM QUINN** (who moves so fast that no woman could keep up with him) continues to flit around the islands as editor of Pacific Stars & Stripes.

PAT SHEEHAN (* **), another member of the Windy City clan does a lot of writing for Zurich-American Insurance Co. **JIM SHERER** has C.S.G. after his name these days and is studying at Holy Cross College in Washington. **JIM SIEGER** (no time for women while he was in Hollywood!) is back East as continuity director of **KDKA** in Pittsburgh. **MIKE WARD** (* ***) is attending law school while working with a public relations agency in Chicago. **TOM WELLY** (* ***) is getting fat as assistant sales manager of Owens-Corning Fiberglass Corp. in Toledo. **BOB ZEIS** (* ***) who just exhausted my supply of asterisks, is assistant personnel director of the Denver Post.

Our class seems to have a stranglehold on Chicago's high school football championship. **JOE SASSANO'S** Weber team won a thriller in Soldier's Field this past year after **TOM CAREY** and his Mount Carmel did the same in the 1960 game with the public league champ. **JACK STEPHENS**, who captained the Irish game team and played some good ball for the St. Louis Hawks, is assistant basketball coach at Chicago's Mount Carmel High School. **DAN SHANNON**, who attended Mount Carmel with Carey and Stephens, recently welcomed his fifth child.

FRANK LOLLI, who decided to forego his Marine career for the real estate business, is back in Chicago. Frank reports that he saw quite a few classmates on the campus after a football game. **GAVIN KING** is a lawyer in Tulsa. Another lawyer is **MIKE HAGGERTY** of Detroit. **JOE MCGRAW** also is an attorney in Tulsa and specializes in real estate. Big **TOM MURRAY** is vowing the women with his dulcet tones over a Toledo radio station. All of you Wisconsin residents who have been ducking a low-flying North Central plane will be glad (?) to know that **PAT O'DONNELL** is the pilot.

JIM GRIFFIN and wife, Bunni, had a bouncing baby boy, Martin, last fall. **ED KELLY**, who has two girls, is a chemicals salesman in the Chicago area. **JOHN RYAN**, who usually is attending to sick people, was knocked down himself but now is back in action. **JIM IRWIN** received the top grade in the recent Ohio bar examination, a real feather in his cap. Jim now is teaching law at Northwestern. He and his wife have a boy and a girl. After four little girls, **JACK GITS** finally got a baby boy.

I saw **ED FOX**, and the "Ox" has fallen in love with Los Angeles. He expects to stay there

with the Internal Revenue Service for at least two more years. **FRED ECKART**, my old buddy on the Scholastic, has decided to stick with the Navy. Currently he is a recruiting officer at Jacksonville, Fla. Hey, **BILL McLAIN**, did you really swing that ski trip in Europe?

MIKE WARD passed along the following information. **JOE HAYDEN**, who has two children, is a salesman in Philadelphia. **BILL ARNOLD** is a lawyer in Sterling, Ill. He has one child. Got a post card from **AL COWLES** in Hawaii where he and his wife, Betty, were living it up on the beach. What did you do, Al, rob a bank?

BILL WALSH writes to say that he is serving as aide to Rear Admiral William A. Dolan at Puget Sound Naval Shipyard. His address is Lt. Wm. A. Walsh, U.S.N., Qtrs. 133, PSNS, Bremerton, Wash. Bill married Joan Kennedy and they have three children. Bill is career Navy along with **JIM PHILLIPS** and **PAUL KRIENKE**. Bill reports that **ROD CYRIER** married Nancy Karcher last September. Rod works for A. O. Smith in Kankakee. Bill would like to hear from **JIM PHILLIPS** and **JOE SMITH**.

Our world traveler, **WALT CLEMENS**, reports in from the University of California at Santa Barbara. He is teaching there and is associate editor of a book on Soviet foreign relations. Walt attended Moscow University in 1938-39. During 1939-60 he did research on disarmament at Stanford and Columbia. Walt married the former Diane Shaver of Cincinnati, and they have a baby girl, who was born in Honolulu while Walt was chairman of the language department at a prep school. He got his Ph.D. in international and Soviet affairs from Columbia in 1961.

Please remember **TOM ROME** in your prayers. He died Nov. 19. Also our condolences to **TOM DORWIN**, whose brother, Jim, was killed in a snow avalanche.

From the Alumni Office:

Erstwhile classmate **PAUL FIGEL** left the Davenport, Iowa, office of National Life Insurance Co. of Vermont to attend a course in the home office, Montpelier, Vt. Paul is associated with the Davenport general agent, his brother **DON FIGEL**, '42. Their father is **EDWARD FIGEL**, '11.

WILBUR VAN SCOIK made C.P.A. and is now living at 4918 Town-Country Blvd., Tampa 3, Fla. Ph.D. **EMIL BANAS** is now senior project physicist at American Oil's Whiting research labs. He's also made the American Catholic Who's Who.

ROBERT T. BARBOUR, JR., has moved from Kansas City to 20798 Erie Road, Rocky River 16, O. Bob is now with C.I.T. Corp. in Cleveland. His father bought his K.C. home and is now living there.

Another erstwhile classmate, **HAROLD RAYMOND THIELEN**, has possibly resigned as Brother Harold, since he's listed as having received an M.A. from Western Reserve. Other academic news from Ohio has **ELLIS A. JOSEPH** of Windsor, N.C., named an instructor at the University of Dayton. With an M.A. in '56, Ellis is now an N.D. doctoral candidate.

TOM CAREY'S successor as head football coach at Chicago's Mount Carmel High is **GEORGE WILSON**, '56, while **JACK (JUNIOR) STEPHENS** is assistant basketball coach. Jack is a Mount Carmel grad, an All-American as captain of the '55 Irish, drafted by the St. Louis Hawks and named most valuable player in the Globetrotter-All Star Basketball series.

From the Alumni Office:

GENE O'CONNOR, says Buffalo's Catholic Union and Echo, is the only football coach who ever resigned while his team was undefeated and apparently headed for a league championship. When Gene resigned as Bishop Timon High's gridiron mentor to accept an appointment as assistant U.S. attorney, says sports writer Ed Feinen, "he left an indelible mark on the sport." His success began when an injury forced him to coach interhall at N.D., but football was always secondary to his legal ambitions. Gene's 15-year-old brother Joe started playing for Bishop Timon just as he left.

Another classmate, **GEORGE WILSON**, has put in his first season as head football coach of Chicago's Mount Carmel High, succeeding **TOM CAREY**, '55.

And another classmate was lured to the law. **RICHARD D. DOYLE** of South Bend has become an associate in law practice with the firm of Jones, Obenchain, Johnson, Ford & Pankow. He has an L.L.B. from DePaul in Chicago and belongs to both the Illinois and Indiana Bars. Dick is married to the former Nancy Berg, and the Doyles have five children.

A Ph.D. classmate, **DR. J. FRANK GILLESPIE**, has been promoted from research chemist to supervisor of monomer research for Crown Zellerbach's central research division in Camas, Wash. Frank came to N.D. from the U. of Alberta, went on to Chicago for post-doctoral work. And a pre-med of the class, now **DR. EDWARD J. YAROLIN**, has gone into general practice and obstetrics on the West Coast. He's announced that his office is located in the Valley Medical Center, Los Gatos, Calif.

From Prof. **THOMAS STRITCH** and the department of communication arts comes this lowdown on the journalists. Those marked (*) are married, and the number designates children. **JOHN ADAMS** is in marketing research for N.W. Ayer & Son advertising, Philadelphia, Pa.; **ERWIN ALFONSUS** (*) advertising mgr., Black's, Waterloo, Iowa; **TOM BENNETT** (*) assistant promotion mgr., Buffalo (N.Y.) GEORGE GRABLE and **JOHN BARANY** have been chosen as Co-Chairmen for our first reunion. They will be assisted by approximately 30 "Area Chairmen." These Area Chairmen will work with the Co-Chairmen, class officers, and Alumni office in organizing what we hope will be the most successful reunion Notre Dame has witnessed to date. Please address any questions to the officers listed above or the following: **GEORGE GRABLE**, Love, Gross, Corman & Dee, 1 N. La Salle Street,

Chicago 2, Illinois; or **JOHN BARANY**, 2115 High Street, South Bend 14, Indiana.

We ask each classmate or his parents to send all address changes to the Alumni Office at N.D.

BOB MORAN received his M.D. at the U. of Buffalo last June. Bob is now married. Lives in Washington, D.C., and is doing his internship at Georgetown Hospital.

Three of our men are with Conn. Gen. Life Ins., according to the latest word from **LEON CLOUGH**. Leon is in Bloomfield, Conn., is married and has a three-year-old girl and twins just over a year old. **TOM SHEHAN** is in Raleigh, N.C., and **BILL DAVIES** is in Buffalo, N.Y. They are both group representatives.

FRANK ATKINSON was recalled in October to Fort Bragg for Army active duty. Frank Jr. (1½ years old) and Julie are living in Penn. with her family.

ED HEALY wrote that he and wife Pat are living in Dallas. Ed is with Rockwell Manufacturing. Ed and Pat have one girl, and are expecting an addition soon.

PAT CONWAY writes that he has seen **TOM "ACE" BRENNAN**, **TERRY NIEULONDT**, **JACK SOUCEY** and **DON RENIER** in the Los Angeles area recently. He asks what has happened to **JIM KIEWUS**?

ROGER DALY reports that he and **BOB MAY** are holding down activities in Rochester, Minn.

JOHN "ALL AMERICAN" SMYTH is at St. Mary of the Lake Seminary in Mundelein, Illinois, and will be ordained in June. We all wish John the best as it fits him so well. Let's hope we can get him to say our first Class Reunion Mass.

JIM MILOTA is in Inglewood, Calif. **DAVE THOMPSON** sent news about a few of the boys. Dave is in St. Joseph, Mo., and is a reporter for the St. Joseph News-Press. **ART KIDDOO** is also in St. Joseph with Western Chemical Co., is married and has a son. **JOHN GLENSKI** lives in Gladstone, Mo., and works for Colgate in Kansas City. John and his wife have three children.

TOM PALIGANOFF lives in Indianapolis, is married, has two children and expecting a third soon. **CASEY, BARR, McMEEL, BLAKESLEE, HENNESSEY**, etc., TAKE NOTE, you bachelors.

TOM MCNUITY is married, has two children and lives in Chicago. Tom sells pharmaceutical supplies.

ED DEAN is now married after going to Law School.

From the Alumni Office:

Since the 1957 Reunion Roster was made to botch up both his name and his address in two tries, with such variations as "Raffelte" and a fictitious street, we report that **PETER M. RAFFETTO** lives at 77 Lilyan Street, Waldwick, N.J. Pete is understandably incensed, since a long letter from his wife to the missing **PAT WILLIAMSON** got lost somewhere between the Halls of Montezuma and the Shores of Tripoli, giving her a very bad impression of N.D. alumni communication. Here, for the record, is a brief recapitulation on the Raffettos. On May 16, 1959, Pete married Carol Collins of Ridgewood, N.J., and Ladycliff College '58. Inducted into the Army for two years, he served in the Washington, D.C., area, where daughter Kathryn was born June 28, 1960. Discharged last May, he returned to pre-service employment with a CPA firm in New York City. A son, Paul Joseph, was born to Pete and Carol last August 26.

Pete and others have protested the traditional "stag" atmosphere of N.D. reunions and have suggested welcoming "alum-wives." Unfortunately neither N.D. facilities nor the alumni majority favor the "family reunion" concept of the Ivy League. Campus residence and campus events seem essential, and neither are adequate for the ladies or children. Officers **GEORGE STRAKE**, **JACK CASEY** and **DON BARR** are investigating separate central residence for wives at St. Mary's or a nearby motel, which might be arranged by local operators **JOHN BARANY** and **GEORGE GROBLE**, but the wives could not participate in the campus program of golf, parties, etc. If a poll indicated enough wives were interested, perhaps a volunteer committee of alum-wives could arrange a separate program of parties, tours, bridge, sports, movies, etc., for the gals and children.

Army Sp-4 **GERALD BECHERT**, formerly of Indianapolis, was recalled with the 333rd Engineers to Fort Rucker, Ala. He left a job at Chase Brass & Copper Co., Ann Arbor, Mich. Army 1st Lt. **FRANK LUTZ**, a DDS from Georgetown, left wife Antoinette last fall to train at the medical field service school, Brooke Army Medical Center, Fort Sam Houston, Tex., assigned as a dentist there.

A third soldier **PAUL HORNUNG**, started at Ft. Riley, Kansas, last November in the middle of the Green Bay Packer football season, but it didn't keep the back-of-all-trades from consolidating his position as N.F.L. scoring whiz or the Packers from winning the title.

From Mausbachstrasse 9, Muenster (Westf.), Germany, comes word that **THOMAS J. SCHRIEBER** is spending the 1961-62 at the University of Muenster as a Fulbright scholar. He is associated with Dr. Ewald Wicke, a leading European researcher in the field of Heterogeneous catalysis, and he'll participate in seminars at the Institute of Physical Chemistry. **JAMES V. HOLLERAN** of Detroit and formerly of Ashland, Pa., was named an instructor in English at the university of that name, with degrees from St. Joseph's College (Pa.) and L.S.U. besides his master's with the Class. Dr. Holleran is married to the former Elizabeth Ann Sheeler of Abilene, Tex. **ROBERT F. SASSEEN** is an instructor in political science at Marquette, now in his second year. He was slated for a Ph.D. from the U. of Chicago in December.

DR. JAMES D. EGGERS will complete his internship at Cook County Hospital, Chicago, in July and will enter a residency in obstetrics and gynecology at Georgetown University Hospital in Washington, D.C. Jim joined the ranks of the married last Sept. 9 with Joan Marie Haggarty of Chicago, and they now live at 2053 Jarvis Ave., Chicago 25. He got his M.D. at Loyola's Stritch School of Medicine. In his class were **BOB DESMOND**, **TOM O'MALLEY**, **JIM QUINN**, **DON SCHRANDT** and **JIM RICH**.

GERALD E. McENERY of Detroit wrote to inform us that he has accepted an assignment with Catholic Relief Services, N.G.W.C. Greetings classmates, one and all. Your secretary is happy to report a very satisfactory response to his last request for news, with the result that we are able to present a very respectable selection for this issue. Further good news is provided by the editor of the **ALUMNUS** in his announcement of the plan to increase the number of issues per year. This should enable us to supply you with much fresher news items, since the time lag between the composition of these columns and their actual publication will be decreased. University, and of course, to maintain my critical position as news writer for the Class of '60.

As your secretary it is with deep regret that I must begin this column with a sad note. A letter from the Alumni Office has informed me of the death of another classmate, **JIM HARRIS**, who died November 10. Please remember him in your prayers. Jim is the son of Mr. and Mrs. John Harris of 202 North Ocean Ave., Patchogue, L.I., N.Y. Expressions of sympathy are extended to **PAUL BERETZ** on the death of his father, O. Paul Beretz, who died October 4; and to **STEVE ELEK** on the death of his father, Stephen Elek, Sr., who died April 19.

Upon the advice of a recent Alumni-Office memorandum instructing all secretaries to soft-pedal small talk and chit-chat, I shall hereby make an effort at this writing to report with a minimum of prattle.

In the cornucopia of activities and happenings of '60 grads is news of **JERRY LEPPEK**, who is currently employed by the State of Illinois as a social worker for the Cook County Dept. of Public Aid. Jerry hopes to begin graduate work in the same field.

Thanks to the anonymous informant who announces the recent birth of Kevin Joseph to Tere and Joe McCarthy. Joe, I am told, is attending Purdue University for his master's in electrical engineering. Other proud parents of recent months are Sara and **WILLIAM DUMA**, who since March 17, have been the delighted owners of a brown-haired girl, Mary Kathryn, who measured all of 19½" and weighed 6 and some lbs. at birth. Daddy Duma is working for Price, Waterhouse & Co. and becomes a student at night at Marquette's Department of Finance. A son, James Peter, was born on July 30 to Judy and **JIM FLANNERY**. Jim, who is a travelling accountant for Tauche, Ross, Bailey & Smart, gives us his address in hopes that some of you will get in touch.

A birth announcement from the **ALBERT C. PERRINOS** (Ph.D. '60) of Cranston, R.I., is entitled "Just what we wanted" — a baby boy, Philip Michael, born Oct. 1 . . . and Lisa Ann, a baby girl, was born on June 24 to Lynore and **GERALD PIERCE**. Jerry is employed as an accountant by the Des Moines office of Peat, Marwick, Mitchell & Co.

A note from a non-N.D. alumnus but a long-time admirer of our alma mater includes news of Barbara and LT. "RUSTY" WILKE, who welcomed the birth of their first, Valerie, a baby girl, born July 15. The three Wilkes are stationed at Ft. Ord, California.

On Dec. 30 **KEN BOURGON** and Ellen Danket exchanged marriage vows during a Nuptial Mass at Saint Bride's Church in Chicago. Best wishes to you both! Incidentally, Ken is a high-school instructor at Livonia, Mich. . . . More matrimonial notes . . . **TOM SHISHMAN** was married last summer in Albuquerque . . . and Joan Duffy and **FRANK HANSON** plan an August wedding.

Although names of their mates have not been made available, the following grads are slated as those who are soon to lose the status of bachelorhood. . . . **SKIP EASTERLY** (to be married Jan. 27 in Rice Lake, Wisconsin); and **BRUCE COSACCHI** (about whom no other info has been submitted).

Fragmentary but factual information that has come to my attention includes the following. . . . Meg and **DAN O'NEILL** have taken up residence at 130 Roycroft, Apt. 307, Long Beach, Calif. . . . By the time of this publication **ED PAULSEN** will be serving his six-month hitch as 2nd Lt. with the U.S. Army. . . . From the Alumni Office:

The Army Roll: at Ft. Benning, Ga., 1st Lt. **JAMES R. COCKER** of Linden, N.J., (LL.B. '61), and 2nd Lt. **FRED J. HOEY** (M.A. '61) of Albany, N.Y., finished officer orientation in the Infantry School (Jim has a wife, Diane, in Linden); in Mainz, Germany, **JAMES A. SULLIVAN** made 1st Lt. with the 8th Division's 504th Infantry, and in Frankfurt 2nd Lt. **PATRICK J. McNAMARA** of South Bend was a platoon leader in the 3rd Armored Division's recent field training test, Exercise Brandywine; at Ft. Slocum, N.Y., Pvt. **MICHAEL J. MULLEN** finished information officer training in December; at Ft. McClellan, Ala., 2nd Lt. **DONALD G. SWEENEY** of Fargo, N.D., formerly with Sweeney Bros. Tractor Co. there, and 2nd Lt. **LEROME E. FARLEY** of Sherman Oaks, Calif., both finished the chemical-biological-radiological course at Chemical Corps School in November.

FRANK B. CAUCHON writes that he's been married to the former Jean M. McCormack of St. Louis, Mo., since Nov. 26, 1960. Their first son, Frank McCormack Cauchon, was born last Sept. 8. Frank has been working for R.C.A. in Burlington, Mass., as an engineer in applied research and working nights for an M.S. in electrical engineering at Northeastern U. He says there's really advanced work being done in the Eastern schools. **ALBERT C. LESAGE** has been working at station WTCN in Minneapolis, Minn., since graduation. Last April he married Joyce Hirsch of Minneapolis.

The death of **JAMES HARRIS** mentioned above is covered by the following letter to **FATHER HESBURGH** from Jim's aunt, Mrs. Dorothy Camey:

"I am writing this letter to ask your prayers for **JAMES D. HARRIS** and his brother William, age 19, who were lost in a boating accident on Chesapeake Bay Nov. 9. As of today their bodies have not been recovered and hope of finding them alive, if at all, is very slim, although an extensive search is still being conducted.

"You probably do not remember this incident, but it is one of our cherished memories. Jim introduced his mother and father, his two brothers and his two sisters, his girl friend and me to you. You remarked that you thought we were the largest family group there — that may not have been so, but we certainly were the happiest. As Jim introduced me, he said in his excitement, 'This is my Aunt Dolly' and you responded 'Hi, Aunt Dolly!' covering Jim's embarrassment beautifully and delighting us with your informality. However, at that moment our picture was snapped and we have a permanent record of a very red-faced young man.

"A little later we missed his brother Bill — only to find him in the little chapel alone. 'This is where I belong,' he said — but unfortunately his marks did not meet Notre Dame's requirements.

"Jim went through Notre Dame with the help of God and a half dozen loan companies. He asked for very little — only to be permitted to complete his studies — and although he was not brilliant, he never failed a subject. His greatest desire was to be a teacher, but he did not accept the fellowship because he felt his family had sacrificed enough and he should now try to help them.

"He became a budget analyst for the Navy Polarix program and, taking his young brother with him, assumed all financial responsibilities so that Bill could attend night classes at Benjamin Franklin University. He watched over him like a father — his final act on earth was an effort to save Bill when a pole gave way on the boat hurling him into the water.

"Our high hopes for Jim's future will never be realized — but you can be assured that his every thought, word, and deed were worthy of his training at Notre Dame. Everyone who ever met Jim was touched by his goodness.

"Please pray for our boys and for us."

As I sit down to write this column the year of 1961 is rapidly drawing to a close. Just what kind of a year has it been? That depends a great deal upon what side of the fence one happens to be sitting on. For those of us who are members of the armed forces of this country, or are eligible material for the draft, it has been a year of tension and trouble, with the threat of ever present crises in Berlin, Cuba and Africa. A year which has seen the Russian metamorphosis of the past two decades ascend to its greatest height. If you are an avid Notre Dame football fan it has been a year filled with ups and downs. After the first three games it appeared that 1961 would bring Notre Dame back to where it belongs in college football; then the heartbreaking defeat to Michigan State, and the early season momentum was never regained. Last, if you are a Yankee fan, '61 has been the greatest. A year which saw "M Company" crush its American League opponents and the championship from the "stronger" National League. A record that had withstood all opposition for some thirty-five years fell, a record that most thought would never be broken.

Since the writing of my last column in September, I have had three more men from the Class of '61 volunteer to be alumni representatives. The new alumni rep. for the Chicago area is **TOM BRANNIGAN**. Tom is currently attending law school at Notre Dame and can be reached at the following address: 531 Cleveland Ave., South Bend, Ind. **JOEL HAGGARD** has volunteered to represent the Northwestern states of Montana, Washington, Idaho, Wyoming, Nevada, Utah, and Oregon. Joel is studying nuclear engineering at the U. of Oklahoma. All graduates living in the above mentioned states may reach Joel at this address: 416 College, Norman, Okla. **JIM KAVAL**, who is attending the graduate school of business at Stanford, volunteered to represent the state of California. His address is P.O. Box 2263, Stanford, Cal.

In the early part of the fall, I had the pleasure of attending the wedding of **JACK CHRISTIAN** and Miss Helen Richardson. The event took place on Sept. 23, in New Brunswick, N.J. **PETE CROTTY**, Jack's former roommate at Notre Dame, and **JIM SULLIVAN** were ushers in the bridal party. Others attending the ceremony were **DAVE McCANN** and **BOB COYLE**. The couple left for their honeymoon in Jamaica after the reception. **JIM SULLIVAN** informed me that he would be working for McGraw-Hill Publishing Co. in New Orleans. I told him that the night before the wedding he was seen in Summit, N.J., and I then mentioned the name of a St. Mary's student, Noel Coleman, who just happens to live in this town. Jim flatly denied any connection.

Just about a month ago, I was fortunate enough to return to our Alma Mater to see **JOE "THE TOE" PERKOWSKI** apply the crusher to Syracuse in one of the most thrilling college football games ever played. On the flight out of South Bend I sat next to **JOE BETTE**. Joe spent the summer in Europe, working in Germany and living with a German family. After the completion of his summer job obligation in Germany, he took a tour of Europe that included a stayover on the Italian Riviera with friends of his family. It seems they owned an estate overlooking the Mediterranean and also had a beautiful 19-year-old daughter. Some people have luck and then there are people like Joe. He is now working for an engineering firm in Waterbury, Conn. Over the Syracuse weekend I met **BOB YARIO**, who is now in his second year of med school at Illinois. **MIKE "SMOKY" BAER** also came out for the game. Mike is now teaching and coaching at St. Mary's High in Michigan. In his first season as head football coach his team posted a 6 to 2 record. On Saturday night I went out to Lincoln Way Inn with **TOM BRANNIGAN** and **RAY KASHINSKI**. Ray is currently in an executive training program with the Rieke Construction Co. in the Chicago area. I noticed that Tom's date, Jean Mortimer from St. Xavier's in Chicago, was wearing a very

familiar looking ring, similar to a small Notre Dame ring. Upon further inquiry I found out that it had finally happened; one **THOMAS BRANNIGAN** had become miniaturized. Needless to say, I didn't rub this in too much for the rest of the night.

GEORGE FISHER, **BERNIE CRAIG**, and **DEE DAVIS** are all rooming together at Georgetown Law School. On November 4 the three of them spent a weekend in New Jersey at the homes of **JOHN KEEGAN**, also attending Georgetown Law, and **DAVE McCANN**, currently studying law at Fordham. That Saturday night there was a minor reunion of some of the Sorin graduates at the Gaslight, in N.Y.C. The night was highlighted by **BOB FISHER's** spotlight exhibition of the "Twist" with one of the cocktail girls at the club. If I hadn't seen it with my own eyes, I wouldn't have believed it.

I received a postcard from **BOB SCARPITTO**, who is currently playing with the San Diego Chargers in the American Football League. Bob and his wife Louise returned to New Jersey for the holidays, after the Chargers played for the A.F.L. Championship on Dec. 24. **JACK** and **MARCIA MITCHELL** sent me a birth announcement of their first child, a girl whom they named Sheryl Lynn. This news came as a great shock to me because now, although Sheryl has gained a father, I have in turn lost a "mother." Jack is anxiously awaiting the spring and a trip to Florida for spring training with the Minnesota Twins. **DAN HAGAN** had a big year in his first season of professional baseball, hitting .340 in the Appalachian League. **BOB SCHOLTZ**, now living in Arlington, Va., completed his second successful season as starting offensive center for the Detroit Lions in the N.F.L.

On Sept. 2, over Labor Day weekend, **BOB FERNS** married Miss Mary Ellen Haller in Concord, N.H. The couple honeymooned in Bermuda. Notre Dammers attending the wedding were **ROY REGAN**, **PETE DORAN**, **ED MURRAY**, **TIM O'REILLY**, and **MIKE NASH**. **ROY REGAN** is now living in N.Y.C. and working for the Marines at Quantico. **MIKE NASH** is attending Kent Law School in Ohio.

While I am on the subject of weddings, I would like to apologize to **BILL FLORA** for omitting his name from the list at **JERRY McNAMARA's** wedding over the summer.

ART ARMENTO, the "Alpine Flash," recently recovered from a serious bout with hepatitis. The illness almost prevented him from entering O.C.S. with the Marines on Oct. 2, but my reports from the Alpine area relate that his speedy recovery was the result of several visits to the hospital by a certain local fan by the name of Jeri. Knowing the fan, I can understand his recovery. **TOM AURELIO** completed a six month obligation with the Army as a private working in the finance and accounting division at Fort Hamilton. After release on Aug. 4 he entered Fordham Law School in the fall. **EDDIE CORNELIA** completed a six-month tour of duty with the Army as an intelligence officer at Fort Halibird, Md. He is now working in a management training program with Western Electric in Kearney, New Jersey. Ed and his wife, the former Monica Ellith, are living in Staten Island with their three Vetsville-born children. **DON BADER** also entered Marine O.C.S. at Quantico on Oct. 2, 1961. He hoped to be commissioned on Dec. 15 and go on to flight training at Pensacola. On Dec. 30, 1961, Don planned to marry Miss Sharon Starkweather of South Bend in Sacred Heart Church. All classmates of Don were more than welcome at the wedding. **JACK LOFY** is currently serving an Army obligation in Virginia as a 2nd lieutenant in the transportation pool. **JIM HICKEY** reported to the Navy's O.C.S. in Newport last Sept. **JIM KENNY** entered the Marines in the fall and is ultimately aiming for flight training with this organization. The inside dope is that there is a definite connection between **PAT O'BRIEN's** enlistment in the Navy Officers Flight Training School at Pensacola, Fla., and a Florida co-ed named Gloria.

JOE KEYERLEBER, **JIM FITZGERALD**, **MIKE CURTIN**, **TOM PAULICK**, and **MARTY RONAN** all completed their training with the Peace Corps and were sent to Chile last September. Just recently I received a letter that was of tremendous personal interest to me and I know the same will hold true for any of the Class of '61 that remember **DAVE KNOX** from our frosh and soph years. Dave is now **BRO. KEVIN**, O.C.S.O., and has completed his two-year novitiate with the Trappist Monks. Although he is not allowed to write letters he may receive them at this address: Abbe,

of Our Lady of New Milleray, Dubuque, Iowa. I'm sure that he would be very happy to receive some mail from his old classmates. **FRANK O'CONNOR** has entered the Maryknoll Mission and **TOM BRENNAN** the Jesuit Order in Milford, O. **PAUL FLEMING** has also received the call to the priesthood. The following C.S.C. seminarians have been transferred to Holy Cross College in Washington, D.C.: **PATRICK GUENTERT**, **DAVID FOLEY**, **JEROME KEATING**, **EDWIN HINES**, **THOMAS RICKS**, **JAMES TALAGA**, **JOSEPH FINNEGAN**, and **JAMES DWYER**. To the Seminary of Santa Cruz in Santiago, Chile, the C.S.C. has sent **THOMAS GIOMETTI**, **JAMES IRWIN**, and **DANIEL PANCHOT**.

JACK "SCOOP" SKUPIEN and Rita Nellis of Chicago were married late last summer in Chicago. Another summer marriage involved **RON LaREAU** and Sylvia Avalos of Calumet City, Ill. In addition to working for Hamm's Brewery, Ron is also teaching economics and general business courses at St. Patrick's High School in Kankakee. Last June **JOHN SNYDER** was married to Marlene Sobieraj of Frankfort, N.Y. John's former roommate **MIKE YACCARINO** was best man at the wedding. **JIM OSTER** was also present. John is now employed by the National Tube division of U.S. Steel in Lorain, O.

CHICK ANNESE, New York State alumni rep. is now in a sales training program at Purdue for the Univac division of Remington Rand. Chick reports that **TONY "HARRY" MUSA** is teaching and coaching at a Catholic high school in West Palm Beach, Fla. **KEV RYAN** is doing exceptionally well with Armour in Albany. **NED SMITH** is working with a brokerage firm in N.Y.C. Flash!! **FRANK GARGIULO** does not have a two hundred-foot swimming pool in his back yard.

JACK GENTEMPO, former captain of the Notre Dame baseball team, is in grad school at Rutgers studying physiology. **MICKEY RYAN** is getting a taste of life in the "Village," while attending grad school in retailing at N.Y.U. **BOB HUTCHINSON** and **JACK BURNS** are at Fordham Law School. **BILL BUTTINGER** received a fellowship at the U. of Arizona and is heading for a doctorate in mechanical engineering. **TOM JORDAN** is studying for his master's in business administration at the U. of Pittsburgh. **TOM CONNEELY** and **RON VECKERELLI** are both attending N.D. Law School. **BILL PILE** is doing grad work in business administration at Butler in Indianapolis. **GEORGE LESNICK** is attending Cardinal Stritch School of Medicine while living on the west side of Chicago.

TOM CARROLL, former bonus baby with the New York Yankees, has decided to hang up his spikes in favor of a position with the Department of Defense, doing evaluation and analysis work. Tom and his wife are the parents of a girl born last July. **TOM GIBBONS** is in an executive training program with Ford Motor Co. in Dearborn, Mich., attending grad school at the U. of Detroit, with Ford paying all of the expenses. **DAVE STUART** is teaching in Colombia, South America. **JOHN GRIEB** worked for the Northwestern Steel and Wire Co. before entering the Army in Oct. as a commissioned officer. John must serve a two-year obligation and is currently stationed at Fort Eustis, Va. **PAT SMYTH** is working for Enterprise Federal Savings and Loan in Washington, D.C. **JAY GALLAGHER** is employed by the government and is also attending Georgetown Law School in the evening. Jay married Betty Ann Hardy last July, and they now live in Arlington, Va. **CARL GOY**, formerly of "Carl and Bob Enterprises," is working for the Electro Voice Corp. in the South Bend area. He is also working toward his master's in electrical engineering at Notre Dame. Standard Oil, Gary, Ind., has employed **BILL KNIPPER** as a chemical engineer. Now I know the reason why **DAN MATERNA** left Bayonne, N.J. for Steubenville, O. — a job with Wheeling Steel Corp.

That long expected date was finally set, Dec. 23, 1961, for the marriage of **LT. BILL HALL** and Pat Hanley of Scarsdale, N.Y. **CHUCK**, "I'LL BE THE LAST TO GO" **SCHULER** has gone. The marriage date was August 26, 1961, and the place Muskegon, Mich. What will M.W. do now? **GEORGE "TOPPER" BOTT**, another class officer, was also married over the summer and is living in Central Square, N.Y., while attending grad school at Syracuse. **RON OLSON** and **Annette Schauert** were married on Nov. 18 in Chicago. The last of the marriage notes involves **BOB CUM-**

MINGS and Mary Ann Hasler, who were married in Sept. in Buffalo and are now living in Lockport.

PETE REILLY is attending Georgetown Law School. Pete informed me that **JIM O'MALLEY** is studying law at Fordham and that **DAN O'DONOGHUE** and **BOB PHELAN** have another semester left at Notre Dame. **GREG HOLTZ** is studying at the Sorbonne in Paris. **PAT HART** spent the summer taking pre-med courses at Boston U. so that he could enter medical school in the fall. **NEAL GALIONE** is working for his master's in electrical engineering at Rensselaer Polytechnic Institute. **RON CLIFF** received a graduate teaching assistantship in history at Ohio U. in Athens, O. **ED McDONOUGH** and **JOE "PAT" KELLY** are getting used to life at a co-ed institution while studying law at the U. of Texas.

After spending four exciting weeks in the jungles of Panama last summer, **JOE BELLINA** is finding life a little duller while attending grad school at Notre Dame. Joe has an assistantship in physics. **CHUCK QUINN** has returned to Notre Dame with a three-year fellowship to study symbolic logic. **DAVE HUDSON** is working on his M.A. in history at Columbia.

Congratulations are in order for **PAT NEE** for the fine job he and his assistants did in compiling the Class of '61 Alumni Directory. Pat informed me that he has already started plans for a class reunion at the Syracuse game in New York next fall.

Your prayers are requested for **TOM MURCH**, who died on August 5, 1961.

Law Class of 1961

John N. Moreland
Assistant County Attorney
Wapello County Court House
Ottumwa, Iowa

Although this is being written on the 10th of December, by the time you read it my best wishes for a Merry Christmas and Happy New Year will be late, but I extend them anyway.

My first item is from **TONY BRUNO** who smashed the New Jersey bar exam and is practicing in Little Silver, N.J., until his service call comes. He made it to the Southern Cal game in the company of **CAL ABOOD**. Mary and I got a joint letter from **JIM** and **POLLY TALAGA** who are in Washington, D.C. Jim goes into the service on the 9th of January, and hope to see them when they come through Iowa and get a current address on them. Jim sees **TOM CLUSSERATH** as well as other former N.D. Law graduates often. Klu is with the S.E.C. there. **MIKE ROSE** wrote from Rochester, N.Y., that he and Rita are looking forward to a tax deduction and army deferment next summer. His address is 122 Schofield, Rochester 17, N.Y. **JOHN DUNN** reports that his wedding date has been set for February 10 in Chicago and extends his invitation to all who can make it.

The day of the Indiana Bar Ceremony, I talked to **JOE SLADE**, **TONY BONNIWELL**, **TOM SCHAFER**, **JOHN DUNN**, **SOAPY WEBBER** and **ART ROULE** via long distance. Joe is officiating with another attorney in South Bend, but I don't have an address on him yet. Soapy is clerking for U.S. Judge **FRANK PICARD** in Detroit. **BILL KENNEDY**, according to information and belief, can't find a single good casino player in Minneapolis but as a substitute is hard at work with the attorney general's office there. That last item came via **JACK MARTZELL**. He sent a very humorous letter last week, which would like to reproduce, but due to space and censorship limitations I won't. Jack's clerking for U.S. Judge **J. SKELLY WRIGHT** in New Orleans. **RUSS LLOYD** is the legal aid attorney in Evansville, Indiana. **ART ROULE** was appointed Judge (pro tempore de bonis non with will annexed) of the LaPorte City Court in October while the judge was on vacation. Everything was done according to traditional notions of fair play and substantial justice, according to his honor.

TONY BONNIWELL reports that his address until he goes to the service will be 11508 Moore Park, North Hollywood, California. His family will be in Ottawa, Ill., until Tony finishes his boot training, then will join him. A birth announcement from **JACK** and **JEANNE HOFFER** tells us of the arrival of Joseph Victor on the 23rd of October. Congratulations to them. From **FR. JAMES E. MORAN**, C.S.C., comes news that **BOB SHOCKEY** and family have moved into a new home in Chattanooga, Tenn., where Bob is practicing. A world of difference from Yerville, we hear.

The Alumni office has announced its intention to publish this magazine more often in the future, so those of you who haven't been heard of, drop a few lines soon so that material will not be wanting.

Office of the President

The University of Notre Dame

Alumni Association

December 20, 1961

Dear Fellow Alumnus:

The Lady of the Golden Dome has again provided strength, perseverance, and generosity to the Alumni Association and friends of Notre Dame during one of our most critical years. It is indeed gratifying to know that at the time of this message the total gifts pledged to the Notre Dame Foundation's Capital Gifts Program were already above \$11 Million. For this strong expression of devotion to Notre Dame by alumni and friends the directors of the Alumni Association are deeply grateful.

During the last meeting of the Alumni Board our newly formed committees were graciously received by the various key officials of the University. I would like to express our personal thanks to Father Joyce and Ed Krause for their cordial reception of the Alumni Board Committee on Athletics, which is composed of members Bill Mahoney and Harry Mehre and Chairman Bill Fallon. Our sincere appreciation to Father McCarragher, Vice-President for Student Affairs, who gave so generously of his time to review the current changes in student life with the Alumni Board Student Affairs Committee. Jim Byrne and Roger Huter served on this committee with Chairman Pat Dougherty.

The Alumni Board wishes to express our deep appreciation to Father Moran, Director of Admissions, who gave a most complete report of the very complex problems concerning admissions which face Notre Dame each year. This committee is represented by John O'Connor and Maurice Carroll, with John P. Dempsey as Chairman. And our heartfelt thanks to Art Haley, Director of Public Relations, for his reception to the newly formed committee on Public Relations, which is made up of Paul Cushing, Red Shea, and Chairman Oliver Hunter.

The first meetings of these new committees were largely informative. The same type of information has been freely given to all members of the Alumni Board in the past. We are endeavoring to develop a closer personal relationship with the principal executives of Notre Dame who are concerned with University problems directly and indirectly related to alumni affairs. Jim Armstrong, immediate Past President John C. O'Connor, and I served as ex-officio members of all the new committees. From these informal meetings we hope to develop a constructive program for the future.

As the year ends—and 1962 begins—I wish to urge every single member of the Alumni Association to renew his own personal zeal to be certain that every card for the current Alumni Drive is worked. This is the best guarantee for success. So far, the level of giving indicates that we can and must exceed our present goal. When we reach our \$12 Million goal—we should then continue to stretch our individual capacities toward the long-range program for Notre Dame.

There is unbelievable vitality in the competitive efforts of all the universities today—not only for the contribution dollar—not only for the All-American boy—not only for the great football player—but for faculty members and brilliant students. We, as alumni, must truly become an apostolate in order to continue to strengthen all of the foundations that have made Notre Dame a great University.

I wish to thank Father Hesburgh and the administrative officials—the faculty—the athletic staff—Peter Grace, Joe O'Neill, Jim Frick and the Foundation staff—and most of all, Jim Armstrong and his assistants and the members of the Alumni Board, for their devoted cooperation during my term as President of the Alumni Association.

The season's best wishes, especially for a Happy New Year!

Sincerely,

WALTER L. FLEMING, JR., '40
President
