# CHALLENGE II NIGHT IN CHICAGO

# Where There Was Hope, There Was Life

By PAUL FULLMER '55
President, Notre Dame Club of Chicago

IN SHORT, Chicago's Challenge II dinner was a GALA!

This was an almost certain conclusion, of course, when Bob Hope announced that he would accompany his wife to the Windy City. Dolores Hope was selected as Chicago's Notre Dame "Lady of the Year" by the Club and its Women's Auxiliary.

More than 650 people turned out March 2 in the grand ballroom of the Palmer House to salute Dolores Hope for her exemplary years as a Christian wother.

With Bob on the scene, the crowd knew that it was only a matter of time before the nation's No. 1 entertainer moved into the spotlight. Here's how *Time* Magazine described the fast-moving antics after the award ceremonies:

"He nervously: 'What are you going to say?' She, coyly: 'Well, you haven't written anything for me yet.' He, mutteringly: 'I can tell she's gog to upstage me.' And right he was. Rising at a dinner of Chicago's Notre Dame Club to accept their 'Woman of the Year' award, Dolores Hope introduced her husband of 30 years: 'Well, I've either got to use Bob's idiot cards or give you the idiot himself.

Bob, you're on.' The comic valiantly flip-quipped his way through 30 minutes (the one time he was angry with his wife: "The morning I came downstairs and found her sitting in my spotlight'), but the night belonged to Dolores. Said a telegram to the club from the Hopes' four adopted children: "Thank you for recognizing what we have known all along.' Bob just beamed. 'I feel like Prince Philip,' he said."

As *Time* pointed out, the evening belonged to Dolores Hope. Radiant in a beautiful white dress, she captivated one and all. From the moment she walked into the private reception on the top floor of the Palmer House until she dashed with Bob for a late plane to Washington (they were to meet President Johnson the next morning for a series of Easter seal pictures), Dolores Hope dominated the dinner with the charm of a princess.

Amid flashing cameras and whirling TV cameras, Dolores Hope moved through a busy day as if she had been in the nation's eye all her life. Within a half hour she and Bob posed for a color photograph to grace the cover of the Chicago *Tribune* Sunday supplement, plus nearly a hundred news

(See pictures on pp. 36-37)

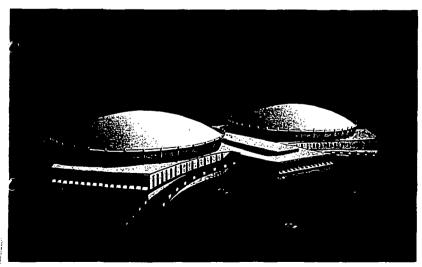

photographs, taped two television interviews (one of which was shown nationally on the "Today" Show the next morning) and visited with many of her Midwestern friends. Bob's brother came in from Cleveland, for instance, to add his best wishes on the big night.

Father John Walsh, vice-president for public relations and development, presented a gold medallion charm bracelet and special plaque to our "Lady of the Year." In addition, a beautiful bouquet of "Dolores" roses were presented to our honored guest. Local rose growers developed the new variety to honor Mrs. Hope and the pink "Dolores" roses were featured at Chicago's Flower Show at McCormick Place in March.

Art Conrad, who was president of the Club in March, was master of ceremonies. He saluted Mrs. Cyrus F. Freidheim, president of the Women's Auxiliary, and Mrs. Frederick L. Salmon, Jr., for making the party such a success. Mrs. Salmon, who worked for months in preparation for the dinner, was co-chairman with Joseph L. Rigali, Sr.

Many Chicago entertainment figures, including Don McNeill and Irv Kupcinet, attended the dinner to honor long-time friends. Mrs. Ed Fox, a former Chicago columnist herself, handled all press arrangements, which is a challenging job with people like the Hopes.

Members of the Dinner Committee included: Mesdames Norman I. Barry, Arthur L. Conrad, William J. Corbett, Jr., Raymond W. Durst, Philip J. Faccenda, Lee J. Gary, Charles Hickman, Donald J. Hogan, William P. Kearney, R. Emmett Kelly, Frank J. Lewis, Joseph D. Madigan, Jr., David A. McElvain, Don McNeill, James P. Meade, Bert L. Metzger, Otto B. Molidor, John D. Moynahan, Sr., Joseph H. Nash, Thomas E. O'Neill, John J. O'Shaughnessy, James J. O'Sullivan, Donald O'Toole, Howard V. Phalin, Frank J. Rothing, H. Gilbert Seaman, Thomas W. Sexton, Jr., Alfred C. Stepan, Jr., Edmund A. Stephan, and William P. White, Jr.

ATHLETIC AND CONVOCATION CENTER was somewhat upstaged by gracious Dolores Hope and her hilarious husband Bob at Chicago's Challenge II kickoff dinner, as Paul Fullmer's story and the pictures on page 36 attest, but the message was delivered. Hope triggered this priority as much as anyone by remarking at a 1963 fieldhouse ceremony: "I know you must be anxious to get the cattle back in here."

# Editorial Comment

from your Alumni Secretary

# PERSUASION AND CLUBS

THE 41st Universal Notre Dame Night is largely ended. From its 1924 beginning, it has expanded, in space and time, to a truly universal event, during which the story of Notre Dame is brought to the Club communities by various persons, voices, films, and functions.

This is the greatest mission of the Club—to be Notre Dame in its community, and to tell the story of Notre Dame to community non-alumni.

We can point to substantial success in the 1694 observance. Six very pleasant meetings — Honolulu, San Diego, Orange County, Los Angeles, San Francisco, and Portland — brought home vividly to me the great loyalty, the tangible effort, and the increasingly intellectual interest, that Notre Dame commands even far from the campus.

A new Manual for Local Alumni Clubs has been sent to your Presidents. From it, they can derive many ideas that have stimulated Clubs over the years.

My purpose in this commentary is to state a basic policy, and to document it in a most unusual fashion.

The basic policy is that Clubs must want to organize, based on an evidence of membership interest in the particular community.

I have pursued this soft sell since 1926. But I recently received a copy of a letter, through Henry Wurzer, '25, which was written to Henry's father by the late John W. Cavanaugh, C.S.C., in 1915, when Father Cavanaugh was president of Notre Dame, and the late great Detroit alumni leader was organizing the Detroit Alumni Club. Excerpts from the letter are well worth all our attention:

". . . A Notre Dame Club is absolutely and inevitably the fruit of sentiment. It cannot be reasoned into existence or scourged into existence any more than a man can be reasoned or scourged into loving his mother or his country. Sentiment is the fragrance of life which exhales from human relations as perfume exhales from the flower. This is precisely why sentiment or feeling is distinct from reason. Hence I suggest that you make no attempt whatever to persuade unwilling men to join the Club. Let it be a club of six glowing enthusiasts at first if it cannot be more than six. But let every man

#### 'DOUBLE JEOPARDY'

In the Feb.-March issue (vol. 42, no. 1) on page 7 there appeared a picture of Father Hesburgh blessing a set of twins at dedication ceremonies for a statue of St. Ann, patroness of University Village. Forgetting that the new married student quarter carries on the "Fertile Acres" tradition of Vetville, its predecessor of the war years, we incorrectly identified the twins as the children of Mr. and Mrs. Fran Miceli. Village Chaplain Rev. Roman Ladewski CSC informs us that the twins shown were born shortly before the Miceli twins and are the children of Mr. and Mrs. Frank Rush. Apologies and congratulations to the parents who were the victims of this "double jeopardy."

be there because his heart persuade him there. . . .

"... no student ever paid in money for the work his Alma Mater did for him. Whoever feels that he owes no debt of loyalty and love to his old school was never capable of education from the beginning.

"A Notre Dame Club is therefore the crystallization of the love of Notre Dame men for the old school. Let all the men of Notre Dame know of the existence of the Club but beyond that make no special effort to bring them in. Make the obligations imposed by the Club as few and as light as possible. The world will be exacting enough and the Notre Dame Club should mean rest, and good-fellowship and kindliness for its members. Finally let Notre Dame men feel that it is their duty not only to speak a good word for the University but to live noble lives to exemplify our teachings. As a good son is the best praise of his mother so a noble Christian gentleman is the highest eulogy of his school."

This beautiful injunction, written almost fifty years ago, is on target today. The world is exacting. We are reasoned and scourged into many areas of competitive activity.

But there is a corresponding increase in the need of man for rest, for sentiment, for kindliness.

This is an era of great effort for the Clubs. It is also an era of great opportunity.

Properly pursued, the world-wide, unique program of Local Alumni Clubs—so vital to the University and so valuable to the alumni—can progress to new achievement in the face of new challenge.

# Strangers in Paradise: the Armstrongs in Hawaii

Alumni Secretary made the most of a gift from February's Board Reunion: an Easter trip to the 50th State in conjunction with the 41st annual observance of Universal Notre Dame Night

MINNIE THE MUU-MUU, alias Mrs.
Margaret Boggs, pours her boss some
Hawaiian punch in Alunni Office farewell
sestivities for which staffers baked cakes of
pineapple, cocoanut, other Island products.

BIDDING ALOHA to the staff to strains of guitar music in an exotic decor of grass skirts and travel posters, Lord Jim went home to help his wife pack surfboard, sarongs and ukelele for flight into sunset.

THE REAL THING, Jim and Marion Armstrong found, lived up to all the publicity. If anything, the breezes were balmier, the leis lusher and the wahines wavier than in the advance descriptions.

HAWAIIAN HOSPITALITY (right and below) was extended both by adopted malahines and native alumni night and day during the Eastertide visit. East met West in a festive Notre Dame Night luau at the Pacific Club, attended also by friends from Honolulu schools. En route Jim showed his thrifty Scot side by using the occasion for Universal ND Night visits in Los Angeles, San Francisco and Portland. (See Club news.)

RECEPTION COMMITTEE at left included (l.-r.): Harvey Lung '53, current president, ND Club of Hawaii; George Pang, father of Gay Pang '66; Ruth Flynn; Valentine Chun '54; unidentified hula maid; Jim Armstrong; Albert Lum '57; Mrs. Armstrong; another hula maid, also anonymous; Dick Murata '56; and Tom Flynn '35, porter, guide and UND Night chairman, who was responsible for these pictures from the Islands.

# BRAND NEW COACH...SAME OLD TICKET PROBLEMS

## or Every Year's a "Challenge Too" at the Ticket Office

Man... I can't believe it. Things have changed around here in 30 years. Now the President jets around from here to Rome, from here to Vienna, and to South America; the Alumni Secretary sends me postcards from Honolulu; our new football coach wants to trade Clashmore Mike for a camel; our last football coach isn't mad at anybody; the faculty's publishing more books than Bell Telephone (that's the real reason for this annual piece - so I can buy a beer at the Faculty Club); the Athletic Business Manager has replaced my quill pen with a new ball-point; and the Student Senate is about to decide whether the good Fathers in Corby may have all-night lights! But all these things I can get used to. The REAL change, the BIG change . . . I'VE GOT NEW OFFICES! Those of you who follow this thing each year - both of you - will recall that I've made a rather oblique reference in the recent past to the inadequacy of the working quarters for my secretary and me. Well . . . I'm writing this on a spring Saturday afternoon in paneled comfort, with sunshine and fresh air coming in the window above our head. So you younger men remember, if you just wait a little while, (gee, it was ONLY 24 years) things will work out. And while you're waiting, a frequent, well-placed jab won't hurt, either. But don't think I've mellowed, or that I'm subdued. The offices are still in the basement, and so we're thumping the tub mightily for that gorgeous new field house that Moose Krause is stumping the country for. Never mind about the huge new basketball arena; or the skating rink; or the convocation area. The plans call for a fine new Ticket Office on the GROUND FLOOR, so get us out of this basement before scurvy does us in.

But now we've had our fun, let's get on with our yearly entreaty concerning the problems in equitable distribution of football tickets. With Ara Parseghian now on our side (he beat us four out of four) maybe we can start being the good guys instead of the bad guys all the time. Anyway, our phones are already jingling in anticipation of the coming football season, so it's well to read carefully the following guide-rules. It'll save both of us a lot of headaches and correspondence if you'll hold still for a few more paragraphs. Thanks. . . .

#### ADVANCE SALE PROCEDURE

- 1. Contributors to the 21st Annual Alumni Fund in 1963, religious and honorary degree holders, plus the June Class of 1964, are eligible for advance sale order forms for the 1964 football season. A contribution recorded SINCE January 1, 1964, affords ticket priority for 1965, but NOT for this current year of 1964. Many alumni send in a year-end donation which does not reach Foundation books until after the new year; and so their address plate is skipped for advance sale envelopes. Try to think back, and if this picture fits you, then tell the Alumni Office NOW to credit you for a 1963 contribution.
- 2. Alumni Advance Sale opens June 20, closes July 15. Any order filed after that date, regardless of the category of order form used, will receive general use treatment. Nor is an order filed before July 15 guaranteed a preferred location (see Paragraph 4).
- 3. The "Alumni Advance Sale" order form carries this designation in bold type on its face for ready identification. Eligible alumni should receive these just prior to June 20. If you haven't, and you're certain of your eligibility, notify the Ticket Manager at once. Our envelopes are addressed by the Alumni Association, but filled and mailed by the Ticket Office. Omissions are usually caused by address changes, so if your address differs from that used for this issue of the ALUMNUS, forward that change AT ONCE

ROBERT CAHILL '34 Athletic Ticket Manager

to the Alumni Office. Envelopes are addressed in May, and changes after May 10 are difficult.

4. Advance Sale forms are limited to TWO TICKETS per game, are not transferable, will be honored until July 15 or until the ticket supply is ex hausted. SEATS ARE ALLOTTED IN ACCORDANCE WITH DATE RECEIVED, modified only as follows: Orders arriving BEFORE opening day (June 20) are integrated at random with those received on June 20. Then, at close of business June 20, all applications received at that point are thoroughly shuffled, DRAWN BY LOT AND ASSIGNED A SEQUENCE NUMBER to establish the order of seat assignment for each game for all orders on hand opening day. Since three or four thousand orders for each of the more popular games will arrive for processing on June 20 (accounting for six or eight thousand tickets), obviously even a first-day order for such games could be on the fifty or beyond the goal line, DEPENDING ON THE LUCK OF THE DRAW. This is the

answer to the alumnus' question as to why, although he ordered for all games on the very first day, he may receive fine seats for one game, poor ones for another (or fine seats for all; or poor seats for all). After Monogram and Season ticket (more about Season tickets below) orders are satisfied, ONLY 4,000 TICKETS ARE AVAIL-ABLE IN NOTRE DAME STA-DIUM BETWEEN THE GOAL AND FIFTY IN THE ALUMNI SEC-TION. Hence, for the more popular games, it is readily seen that a first-day order could fare poorly; and an alumnus waiting to file his order until July 1 or after can look for nothing but seats behind the north goal (PLEASE LOOK AT THE DIAGRAM). Games away from home usually present even more seating problems because of the small allotment normally available to the visiting team in proportion to the geographical balance of our following.

#### **GENERAL AND BLOCK SALES**

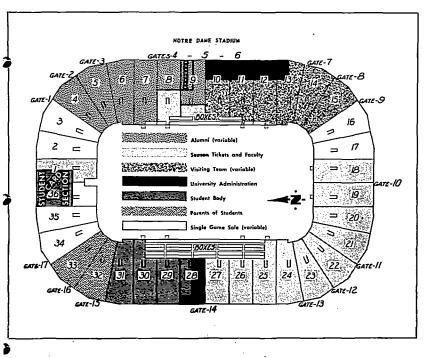

5. General Use ticket applications are mailed annually to ALL alumni the latter part of July, prior to the August 1 opening of public sale. While it is possible that Advance Sale described above could claim our entire ticket supply, as of now we feel there will be public sale for all games. General Use forms are transferable and usually valid for unlimited quantity

of tickets. THE CONTRIBUTING ALUMNUS WHO HAS ALREADY USED HIS ADVANCE SALE FORM FOR TWO TICKETS MAY PLACE ADDITIONAL ORDERS VIA THE GENERAL FORM. Moreover, the General Use form is a convenient reminder to the noncontributing alumns that tickets are available. These General forms carry no locational preference, for all such orders are filled after Advance Sales purchases.

6. Public sale opens annually on August 1. The Ticket Committee will be glad to send public order forms to any addressee upon request as long as tickets are available.

#### ALUMNI CLUBS — NOTE

7. Alumni Clubs planning on a block of tickets must file a request with the Ticket Manager BY JUNE 20. Final action on block orders may not be taken until individual sale closes July 15, and then only if sufficient tickets remain. However, a tentative reservation will be made and an Alumni Club will be given preference in case of short supply. For some games no groups EXCEPT Alumni Clubs may be considered. But as to seat locations for groups, the following is positive: BLOCK ORDERS ARE FILLED FROM SEATS REMAINING AFTER ALL INDIVIDUAL OR-DERS HAVE BEEN ASSIGNED.

# THIS PERMITS ONLY END ZONE SEATS, INVARIABLY.

8. Alumni Clubs frequently ask for two or more seats in "choice location" for raffle or fund-raising awards. Because of the problems described in Paragraph 4, unless a Club member (or members) surrenders his Advance Sale privilege for the game desired, tickets for prizes must be of the general sale variety.

#### THE SEASON TICKET SITUATION

Each year, many alumni inquire as to whether it is to their advantage to use Alumni Advance order blanks, game by game, or buy a Season Ticket, which admits to all of the home games. The answer depends on what the alumnus wants. If two tickets meet his needs, then he should use his Alumni Advance privilege. Although this privilege doesn't guarantee preferred location (again see Paragraph 4), still the opportunity is there. With the Season Ticket there is no alumni preference, and only end zone seats are available. However, it is \$2.50 cheaper than purchasing game by game. It is renewable automatically each May 1, with no quantity limit. If location is not paramount, an alumnus may assure himself of any quantity of tickets for each game renewable each year via the Season Ticket plan. Alumni might presume, after looking over the stadium diagram, that the Season Ticket locations shown in the alumni sections (Section 8 and 9) are held by, and available to, alumni only. Not so. These Season Tickets were available to anyone prior to 1943, when the alumni section was more than adequate. Because of the renewal feature of Season Tickets, removal of these patrons from alumni sections is a slow process. However, we have not sold any Season Tickets in Sections 8 and 9 SINCE 1942. The Season Ticket sale opens annually on May 1 and we shall be glad to send complete information upon request.

#### AND SERIOUSLY . . .

Over the years, the most oft-repeated comment we have heard is the one that says, essentially, "I wouldn't have your job for anything. . . ." Well, were it any school except Notre Dame, we probably wouldn't either, because only Notre Dame alumni could be as understanding and considerate as you have been to me. See you at Gate 14.

# MAN and the MOMENT

By Rev. Thomas J. O'Donnell, C.S.C., '41

# A time of trial leading to an eternity

I T Is somewhat amazing how we can live next to great moments in history and be unimpressed by them. Great moments are happening in our time and we walk away from them. Great moments of the past shout out to us, and we close our ears to them. Great people of the past walk toward us, and we turn our back on them. Perhaps this is natural. We are too involved in our own affairs; we are too busy striving for greatness in our own moments of time to remember the past.

It has been well said that "these are the times that try men's souls." These words, that come out of the past, are true even in the present. It will always be so. Every age is a difficult age. Greatness in any age is made by the people who refuse to be held back. The man and the moment. This greatness we refer to does not have to be on a national basis or because of publicity. Few people of the millions who live become heroes or heroines as far as the world is concerned. Yet we are all called to greatness. That is why the Church gives us Saints from every walk of life for every day of the year. The Church points to them and says, "They have made it. So can you." Each one of us, in a sense, is a Miniver Cheevy, a child of scorn regretting the day that he was born. Perhaps, like Cheevy, we have reason to regret. The fact is, however, that each of us, in this our day, is called to greatness. We might not get too inspired by reading or hearing about the Saints. Many of us feel that the Saints have too much of a head start on us. We feel that we can never do what they have done so there is no use trying. We know we must try but we don't really shift into high gear. It is much too comfortable to go along at an easy pace. It is not only more comfortable, it is more scenic, more casual. In our own defense we say "it is more natural."

The founding of Notre Dame took

great heroism on the part of Father Sorin and the seven Brothers of Holy Cross. To run a school takes great heroism, not only for the administration but for the faculty and staff. Going to school should be heroic on a student's part except most students do not realize it. They take school for granted. It is something that a lad must do if he expects to be someone, to be accepted. We were much the same way when we went to school. We do not admit it, but deep down it is true. Now that we are away from school and have that wonderful view called maturity, we know we would do much better if we had it to do all over again. This is hindsight. Our job now is to make Notre Dame-and it is truly your school-the best school in the world. Notre Dame needs you because you are Notre Dame.

The life you live should be heroic. This means you must strive every day to be the best you can be from morning to night. This is no small job. Notre Dame expects the best from you because she hoped you had learned, not just how to make a living, but how to live. Greatness on your part gives greatness and luster to Notre Dame. The greater Notre Dame becomes, the greater you are because you are her son.

Since you are a true son of Notre Dame it is fitting that you should know all you can about its history, its place on this planet, and the people of the past who worked so hard to give us what we have today. There is so much to be said that it is difficult to know just where to begin. Begin we must. And as we turn the pages and look at the past it is well to keep in mind that the people who pushed back the forest. are people much like ourselves. There is much to be learned from them. They lived in a time that tried their souls. We live in a time that tries our souls. You are the man and this is the moment. And all of it leads to eternity.

#### SAINT OR DEVIL

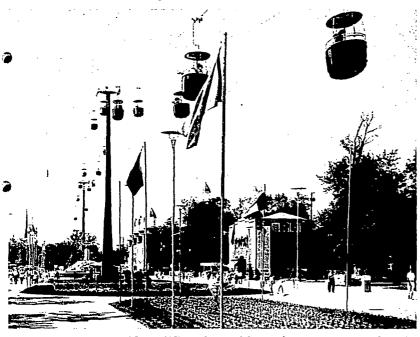

"An old Brother at Notre Dame, a wise and wonderful man, made this observation about the school: 'This place will make a saint or a devil out of you.' And he spoke truly because, if you are not a better man after four years here, you will be a worse, and very likely, a far worse man. Why? Because your responsibility increases in proportion to the graces you reject; and the graces offered you here are almost infinite. You have to be on the alert to dodge them!"

from the Religious Bulletin (February 19, 1957)

# Come for a day or a week, but don't miss the First Annual

# KNUTE ROCKNE FESTIVAL

July 5-7, 1964, at Cedar Point, Sandusky, Ohio

SKYRIDE ON THE MIDWAY is only one of dozens of attractions which make Cedar Point the largest amusement park in the Midwest and truly a "Disneyland East" in variety.

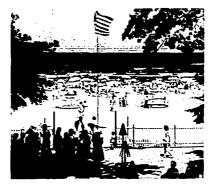

Rides include: a monorail, a paddle-wheel steamer and vintage auto rides; the Cedar Point & Lake Erie RR, a narrow-gauge line with two trains; the Blue Streak, a new 80-foot, \$200,000 roller coaster; the Millrace Splash, Calypso and many more.

BEACH ON LAKE ERIE (right), one of the largest and sandiest in the US, long boasted a plaque commemorating development of the Rockne-Dorais forward pas which will be restored by the Cleveland ND Club. Boat marina, Midwest's biggest, recently added 100 berths to dock facilities.

BREAKERS HOTEL is a huge, rambling Colonial structure with 1,000 rooms. Family rates and reservations are available on request. Hotel is convenient to park, beach, marina, etc.

MRS. ROCKNE (circled, right) was one of many college girls employed as wait-resses in the dining rooms of Cedar Point circa 1913. A 1910 booklet describes the Lake Erie resort as "Queen of American Watering Places."

BEACH PATROL and Breakers were united by one of the century's great romances when lifeguard K. K. Rockne met waitress Bonnie Skiles at Cedar Point.

NOTRE DAME families will gather in memory of Knute Rockne on the 50th anniversary of his graduation the week of July 5 at Cedar Point, a resort on Lake Erie near Sandusky, O., which can be described as a combination of Disneyland, Palm Beach, Atlantic City and the New York World's Fair. It boasts "the world's finest beach, a fabulous funway of nearly 100 attractions, a 1,000-boat marina and the 1,000-room Hotel Breakers (write, phone or wire for rates and reservations).' It was the summer residence of many ND athletes and the birthplace of Gus Dorais' historic forward pass. The Rockne Festival, culminating on July 7, will feature a special fireworks display on July 6. Come for a day's picnic or a week's vacation.

KNUTE ROCKNE was among the legion of Notre Dame men, including the Four Horsemen and the legendary Miller family, who trained on summer jobs as lifeguards at Cedar Point.

THE THEME for Universal Notre Dame Night 1964 was "Extending the Tradition of Great Teaching." It is also the theme of the Challenge II Program of the Notre Dame Foundation, a lion's share of the proceeds from which will go to faculty development and student aid.

But what does the phrase mean? To some students and recent alumni it would be news, to judge from their attitude, that any such tradition exists at Notre Dame to be extended.

Without going into the University's past — through such great names as Nieuwland, Zahm, Kirsch, Green, Chesterton, Philips, etc. — is it possible to discover some signs of such a tradition among our present-day faculty?

One indication of a teaching tradition would be dedication, as demonstrated by long service to the same institution. Another sign, perhaps adding greatness to the tradition, would be a broad and varied educational background among these same faculty members who have proved their devotion.

A year or two ago a count was made of all the faculty listed in the general bulletin of the University who have taught for 25 years or more, serving at least two generations of Notre Dame men. Approximately 70 names were listed. Some of these men have retired by now, but others have replaced them who have attained a quarter-century of service.

With no claim to accuracy or completeness, we would like to list the results of that recent survey. Each entry lists name, rank, department, year or joining the University (in parentheses) and academic credentials:

# The Student Slant

BY WARREN C. STEPHENS Secretary Notre Dame Class of 1964

### HIGHLIGHTS OF THE SPRING SEMESTER

This is the last report by Secretary Clay Stephens on the 1963-64 campus year. Hereafter his columns will concern the Class of '64 in the "back of the book."

THE HAPPINESS OF Easter seems still to abound everywhere on the Notre Dame campus. Undoubtedly the light Indiana weather, a successful Mardi Gras, an early Easter vacation, the recent spectacular Mock Convention, spring football and the end of Lent are some of the major reasons why a spirit of optimism and eagerness pervades student life.

Spring is here and the myriad activities that go with it. Each class is occupied with its own particular interests apart from campus-wide attractions. For example, seniors are absorbed with plans for business and professional schools, future employment, the Senior Ball and graduation. However, the truly significant spring activities involve students as a whole, and the enthusiasm connected with student life is amazing. Since my last article, much has happened that is noteworthy.

One of the highlights of February was the Washington Day exercises with the presentation of the annual Patriotism Award to this year's recipient, Lieutenant Col. John H. Glenn. The Patriot of the Year is elected by votes

of all Notre Dame seniors, and all organizational tasks were handled by a senior class committee. The turnout to see and hear Colonel Glenn was thunderous. The original purpose of the Washington Day exercises was to strengthen the ideals of true patriotism in the Notre Dame student.

The 1964 Mock Convention on the campus ended March 5 and set records for attendance, interest and boundless enthusiasm. After seven ballots the Notre Dame and St. Mary's college delegates nominated Henry Cabot Lodge as the G.O.P. presidential hopeful and Governor Mark Hatfield of Oregon as his vice-president. High points of the convention were talks by Republican National Chairman William Miller (a 1935 graduate of Notre Dame), Senator Leverett Saltonstall of Massachusetts and Congressman Donald Bruce of Indiana.

Eight Notre Dame seniors have received Woodrow Wilson fellowships for their first year of graduate study next fall. The fellows with their majors are: Ralph C. Martin, philosophy; Michael McLintock, English; Frank D. McConnell, English; Clark R. McGranery, mathematics; Michael W. Messmer, history; Craig M. Simpson, history; Edward P. Ward, political science; and Charles J. Day, philosophy. In addition a good number of seniors were awarded Danforth Foundation fellowships and National Science Foundation fellowships.

The Student Honor System Committee, with the support of Fr. Hesburgh and members of the Administration, has proposed a plan that will place the undergraduate student body of the University under an academic honor system covering all aspects of academic integrity. The primary use of an honor system would be during examinations when the instructor will leave the room trusting the integrity and maturity of his students. This plan was submitted as a referendum, and a significant majority will be needed for its enactment.

The 1964 Bengal Bouts under the guidance of Dominic Napolitano were their usual huge success this year. At Notre Dame, the Bengal Bouts are traditionally the most important intrauniversity athletic event of the year. Each class of boxers exhibited skills totally unexpected in amateurs, and the excitement which characterizes the Bouts was present as always. Dan Manion, senior from South Bend fighting in the 177 lb. class, was named the Bengal Bouts' outstanding boxer.

From these few events, some of what has been happening in student activities can be seen. The events scheduled for April and May completely eclipse the past in student interest. The dedication of the new Memorial Library, campus elections, the alumni-varsity football game, class proms, the Collegiate Jazz Festival, spring intramural sports, Lake Michigan and final examinations — all are contributing to the acute euphoria that characterizes the second semester, 1964.

## **Attention Alumni Parents**

The next issue will contain a report on the current admissions picture at Notre Dame by Rev. Joseph Hoffman CSC, acting director of admissions.

The report will contain an up-to-date profile of the freshman class and information on high-school grades, test scores and other requirements for boys who intend to matriculate at the University.

Look for "What it Takes" by Father Hoffman in the August-September issue (Vol. 42, No. 4) of the Alumnus.

# The Quiet War: Letters of Captain Jerry Shank,

On March 24, 1964, Capt. Edwin Gerald Shank Jr. USAF, American "advisor" on a strafing mission in Vietnam, was shot down and killed along with his Vietnamese student pilot in a propeller-driven T-28 trainer converted to a fighter-bomber. His body was returned to Winamac, Ind., for burial at St. Peter's Church with full military honors. Buried with him was the Notre Dame ring he was wearing when he crashed, received at graduation as an architect in 1959, which helped to identify him. His family also attended a Solemn Military Requiem Mass April 7 in Sacred Heart Church on the Notre Dame campus along with several hundred uniformed members of the Army, Navy and Air Force ROTC

Jerry Shank had turned down an Air Force Academy appointment in order to finish at Notre Dame, but he had hoped to be a career pilot — perhaps even an astronaut. He had completed more than 80 missions and won three Air Medals at the time of his death. His widow Connie was left with four children: Bart, 5: Ann. 4: Susan, 2: and Patricia now four months, whom Jerry had never seen. After the funeral she released to the press her husband's letters from Soc Trang airfield on the Mekong Delta. Filled with a father's loneliness and concern for his family, the letters also crackled with patriotism frustration, pride and bitterness at the plight of 15,000 American "advisors" forgotten by their fellow citizens in Vietnam's "quiet war." Excerpted in newspapers across the country, quoted in Life magazine and the Congressional Record, the letters aroused the conscience of the nation. The death of Jerry Shank '59 has perhaps done more to focus American involvement in Southeast Asia than anything else since the death of Dr. Tom Dooley '48 in 1961. The letters are reprinted here in the most complete selection to date:

14 NOV 63—Dear Connie and Kids: Up to 12 missions now. All checked out for nite work and I'm second up for alert tonite. Had another 3 hr. flt. this morning. We escorted choppers back and forth to a landing zone where they put troops in the field. Then we went over and struck some suspicious areas.

We're using equipment and bombs from WW II and it's not too reliable. There are only about 6 maintenance men, 6 armament men and 11 pilots down here. We 23 run the whole T-28 war in Mekong Delta. This will give you some idea of Uncle Sam's part in the war. I goofed on my third mission out of here. I told you we had a real short runway. One approach is over trees and bushes and a couple of barbed wire fences. There is only one barbed wire fence now. I brought about 20 ft. of fence home with me.

23 NOV 63—Been real busy with the armament job. Got all kinds of problems — can't get parts or books or charts describing the different bombs and systems. The Air Force hasn't used any of this equipment since Korea, and everybody seems to have lost the books. Main problem is personnel — no good officers or NCOs over here that really know their business. Most of them are out of SAC and have dealt only with nuclear weapons. This doesn't apply over here. What we need is someone from WW II. Some days it's like beating your head against a brick wall.

27 NOV 63—Happy Thanksgiving — no different here than any other day. You know damn well where I'd like to be today.

First of all, woke up Saturday to the news of Kennedy's assassination. Such a terrible thing—the world is full of animals, Sunday all hell broke loose with the Victcong. We had a big airborne operation against them—both choppers and parachutes. I'm up to 20 missions now and am real confident in myself. I feel like a veteran. I think I am older.

Although this is called a dirty little war and is far from the shores of the old USA, it's a big mean war. We are getting beat. We are undermanned and undergunned. The US may say they are in this, but they don't know. If the US would really put combat people in here, we could win and win fast,

4 DEC 63—It's about 2130 — I guess, broke my watch. But I'll get it fixed next time into Saigon. Got my toe rot healed up and also my spider bite. I'm fully operational now.

I have debated for a week and a half now over telling you about Black Sunday — Nov. 24, 1963. I don't know if President Kennedy's death triggered it or it was a strong Vietcong showing against the new military government of Vietnam. I'm going to tell you, and if you don't want to hear about these things again, well say so. You do have a right to know. Anyway, here is what

At approximately 0130 Sunday two T-28s took off to defend a fort under attack. It was routine and they landed later at Bien Hoa. At 0430 Frank Gerski and I took off after another fort under attack. We saw the battle going on down there and proceeded to drop our ordnance. Also airborne was a Vietnam air force reconnaissance plane. Our airborne interpreter was very poor. The first target he said to hit was an area about the size of your dad's farm. Well, this is much too large a target but it's all we had. After the

first 2 bombs, we spotted the bad guys shooting at us. So Frank directed me in and I burned them with 500 lbs. of napalm. I did this twice, then I spotted another shooting at me so I told Frank to follow me in and shoot where I shot. Well, just as I had them in my gun sights my damn guns jammed. Frank got the general idea and raked them good. By now dawn had broken, and we were out of goodies and gas, so we came home, landing at around 0700.

We then got word that a big airlift of ARVN was taking place and our H-21s from Soc Trang were going to do the lifting. Four of our birds went out - 2 to escort the choppers and 2 to soften up the landing zone. The came home 2 hrs. later - said it was pretty hot. 2 more birds took off to do the same thing for the second wave of choppers. 11/2 hours later they came home screaming battle damage. Just after the hurt birds landed, 2 others took off - almost. I watched the lead plane go off and waited for number two. He didn't make it. His engine quit just at takeoff and since the runway is short he didn't have room to stop. The pilot did a great job but hit a hidden hole and tore a gear off the bird. No one hurt at all — a real good job. I looked back at the 2 that just landed and saw one sitting cockeyed on the runway. They received 26 hits from ground fire. The Vietcong had downed a chopper and they went in to help and got hit themselves, but the chopper crew was saved. We started the day with only 6 airplanes and 3 of them are now out of the war. One in a ditch, one with no brakes and 17 hits, and one with no gas and 9 hits. The remaining half of our outfit is winging its way to the battle zone. Now we're down to 2 airplanes out of 6 and it's my turn. We proceed down, but we are loaded for bear none of this little stuff - we have 500-lb. blockbusting bombs. We are joined by a replacement aircraft from Bien Hoa so now our mighty force is up to three birds. We were mad at the enemy all three of us bombed like no one ever bombed before — we literally obliterated 600 acres of Vietcong woods and then came home.

The Vietcong hurt us bad. What they had done was pull into this little village, committed their usual atrocities, then pulled out. Headquarter thought they would teach this little group of Vietcong a lesson. But the crafty little bastards withdrew from the town into foxholes and bunkers and hiding places they had secretly been building all week. So when the first wave of troops went in — thinking it was just a routine chase of Vietcong — they soon ran against the Vietcong wall.

We were lucky. No T-28 pilot received so much as a hangnail. We've got a tremendous spirit and we're all skilled — so you can be proud of us. I am. There are no heroes over here, but there are a lot of fine men. America better not let us down. We've either got to get in all the way or get out. If we get out, the Vietcong will be in Saigon the next day.

I wouldn't read this to the kids. They migh

not understand. You can understand now why I have a duty over here, why it's a serious duty and no one could possibly shirk it. I believe in our cause — it's just. We must win.

14 DEC 63—The war is quiet because the Vietcong are quiet. The funny thing is, I know, everyone knows where some Vietcong concentrations are, but they won't let us hit until the Vietcong start something. The Vietcong sure give them a rough time. They are kind of a Mafia. They terrorize and sell "insurance" so that the people will not be harmed again.

21 DEC 63—Talked to a guy today — his wife had a baby at 7:30 Saigon time on the 19th and he heard about it today about 0900 — approx. 48 hrs. later. I still haven't found out how you'll set hold of me. I don't even know where I'll be. I'll bet you are miserable by now. God, how I wish I could help you. I worry about the delivery — just know that I'm with you, only I can't hold your hand. Have strength, Hon.

We got a briefing today on the total result of that operation on 24 November. The airpower got credit for 150-200 kills. No one can be sure, for the Vietcong carry off their dead and wounded. Anyway, there were still a lot of pieces left, and this is how we got the estimate.

No Army (Victnamese or US) troops engaged the enemy at all. It was strictly Air Force against ground. The Army was there with 1,500 troops, but the leaders kinda didn't want to fight. After we had hurt them so bad the Army let them get

Nay.

Anyway there were approx 700 Vietcong dug in with three 50 cal antiaireraft guns and three 30 cal antiaireraft guns, plus many hundred with machine guns. They were waiting for us. But we hurt them even though we lost. We lost because we had them trapped and they got away. Pretty quiet here tonite. Christmas is near, and nobody wants it to come, really.

23 DEC 63—Opened Christmas presents tonight. Can't put them in my suitcase, so I opened them. They meant a lot. It's something for you instead of against you — love instead of hate and killing. Flew another mission today. So far I have 55 kills credited to me and one 50 cal gun. I guess I'm a true killer. I have no sympathy, and I'm good. Yo sense being a gentleman about it, because it's not appreciated. I'm not proud of killing. But I am proud of my skill. It is necessary in this job. I'm telling you facts so you'll know what I do. You have to know.

I talked to Major Lengfield tonite. I said, "I'm going to put in leave papers for February to see my wife and our new-born baby. Will you approve it?" He said, "Yes, but it will not be approved by headquarters; I can guarantee that." I'm going to put it in anyway. All they can do is say no....

30 DEC 63—Missed Mass yesterday — many things happened. I'm up to 38 missions now — I've been pretty busy.

Well, here goes. I got shot down yesterday. We were escorting a C-123 and I picked up 3 slugs

in my airplane. I made it to a field called Con Tho and landed safely. Me and the airplane are both OK — not a scratch except the 3 bullet holes. No sweat.

Thought I should tell you.

3 JAN 64-Missed supper. Com Deken and I were loading some napoleon tonite for an evaluation tomorrow. I'll try and explain the experiment. One of the airmen came up with the idea of putting chunks of charcoal into our napoleon tank, Napalm is gasoline which is jelled into a mass about the consistency of honey. When you drop it, it ignites and spreads fire about 200-300 ft., like a burning baseball, and does further damage to Vietcong houses. Tomorrow 3 birds are going out with half their load straight napalm and the other half with charcoal in it (Mme. Nhu cocktail). If higher headquarters think it's alright, then they'll buy us the charcoal. So far we've been buying it ourselves or else "borrowing" it from the kitchen....

7 JAN 64—Morale is at a big low over here, especially among the combat crews. Lost 2 guys today. One was a pretty good friend of mine. The only guess is — the airplane just came apart. R-26 3rd or 4th that have done that new.

B-26. 3rd or 4th that have done that now. . . . . We asked if we could fly an American flag over here. The answer was no. They say the Victong will get pictures of it and make bad propaganda. Let them — let them know America is in it. If they only would give us good American airplanes and really tackle this war we could possibly win. . . I don't know what the US is doing. They tell you people that we're just in training situations. But we're at war. We are doing the flying and fighting. We are losing. . . .

9 JAN 64—Had a good target today finally. Felt like I really dealt a blow to the Victcong. On my second bound I got a secondary explosion. This means that after my bomb exploded there was another explosion. It was either an ammo dump or a fuel storage area. It made a huge burning freball. You really can't tell when you roll in on a pass what is in the huts and trees you're aiming at. Just lucky today, but I paid them back for shooting me down.

15 JAN 64—Another B-26 went in yesterday, Nobody made it out. A couple of guys I knew pretty well bought the farm. I had met one guy's wife — real pice and they had 2 kids.

wife — real nice and they had 2 kids.

We can no longer save face over here, for we have no face to save. We are more than ever fighting this war. The South Vietnamese T-28s used to come down here and fly missions with us. But lately, since we've been getting shot so much, they moved up north. A friend worked with them for awhile. They told him they didn't want to come to Soc Trang because they couldn't bring their families. Second: they didn't get enough per diem, and third: they didn't want to get shot at.

20 JAN 64—I'm over here to do the best job possible for my country — yet my country will do nothing for me or any of my buddies or even for itself. I'm sure nothing will be done over here until after the elections. Why? Because votes are more important than my life or any of my buddies' lives. I love America. My country is the best but it is soft and has not guts to do anything about it at all. What gets me most is that they won't tell you people what we do over here. I'll bet you that anyone you talk to does not know that American pilots fight this war. We — me and my buddies — do everything. The Vietnamese "students" we have on board are airmen basics. They know less about flying than Bart. They don't even know their own serial numbers. The only reason they are on board is: in case we crash there is one American "advisor" and one Vietnamese "student." They are stupid, ignorant sacrificial lambs. They're a menace to have on board. . . .

26 JAN 64—Sorry I wrote some bad letters, but you're the only one I can express myself to. You need someone who will just absorb it and take it off your mind. Can't say things like that to my buddles, for they're experiencing the same emotions.

31 JAN 64—President Johnson says we're going to stay & win. I hope he's right. We can't keep up like we've been 'cause we're losing. Everyone over here seems unqualified for his job. Take me. I'm a multi-engine pilot, but I'm flying TAC fighters. We have no fighter pilot in our outfit. . . . 6 FEB 64—Had another big chopper assault today, but we flew mostly escort. Pretty quiet assault —very few shots fired. I think they're planned that way so that no Vietnamese soldiers get hurt. I'm

serious. I'm pretty well convinced that these people only go into areas that are free of Vietcong. But the Vietnamese can still put up a good front to the US so they can get more aid. It's a known fact over here that the ARVN don't receive many casualties. You know how a cornered rat fights. Well, that's the Vietcong. So the ARVN always leaves them a way free. This is fact, not rumor... This is my second letter today. . . . After the first letter — at about 6:30 — we scrambled after a fort under attack. We hit & hit good, but it got dark, so we headed up here for Bien Hoa. Pretty hot target and both of us got hit. Coming in here to Bien Hoa, they warned us that the Vietcong were shooting at airplanes on

the final approach.
Well, we made a tight, fast approach and held
our lights — it was pitch black until almost over
the end of the runway.

I forgot my gear and went skidding along in a shower of sparks down the runway. Airplane's not hurt too bad. I'm not even scratched. My pride is terribly wounded. . . .

9 FEB 64—I'm not in trouble. Got up yesterday and flew another airplane. The only reprimand I got was taking me off lead status. That's pretty good. My squadron CO picked me up after the crash and said, "When they put retractable gear on airplanes they knew that someday someone would forget." That's all he said. Everyone stuck behind me real good. Flew one mission yesterday and one today. Didn't forget my gear, though. Boy, that was some ride — 100 mph on concrete in a lead sled.

17 FEB 64—I'm on alert now. We don't usually pull nite alert here, but all B-26s are grounded, so we are the only strike force left. A B-26 crashed last week — another case of the wings just coming off. . . . .

21 FEB 64-Haven't felt much like writing. Tuesday evening Maj. Fengfield got shot down. He bellied his airplane in next to a special forces camp and got out without a scratch. The airplane burned completely up, though. Bernie Lukasik, one of his wingmen, kept the Vietcong away from the plane by using his prop. He was out of ammo, so all he could do was dust off the Vietcong with his prop. Took a lot of guts. We got pretty stoned that nite in celebration of no one's stoned that nite in celebration of no one's getting hurt. Next morning Bernie Lukasik and Denny Sides took off for Soc Trang and had a strike on the way. Bernie was going in on his 7th stafing pass and never came out of it. That was 2 airplanes in 2 days. Kinda shook us up. Not only that, but the B-26s have been grounded since Monday because the wings came off one again at Hurlburt. So after the last crash the whole USAF fighter force is down to six airplanes. This should set an example of how much Uncle Sam cares, 6 airplanes might as well be none.

Rumor now is that the B-26s will fly again only with greater restrictions. If I lose another friend because of that old airplane I'm going to start writing letters to Charlie Halleck. Poor B-26 jocks are really shook — that airplane is a killer.

29 FEB 64—I'm a captain now — put the new bars on yesterday. Had the big party early this morning. Then a flight of four hangovers. We had a reporter in no. 4 ship, and he got to watch an actual strike. We want somebody to tell our story over here. . . We've got a new general in command now and he really sounds good. He has ordered B-57 . . . and he asked for immediate delivery. He's also demanded that they replace our T-28 with the AD-6. This is a much more powerful single-engine dive bomber. It was designed for this type of work & has armor plating. We're pretty excited. These were 3 of my main gripes. Morale has just gone up 100%. I think we're going in the right direction. I sure hope so. . . .

13 MAR 64—Kinda found out by grapevine that Luke Lukasik, the T-28 jock who got killed, was not shot down. He flew into the ground. This is terrible — but good. It means of the 3 T-28s which have been killed, only one was shot down — and even this is debatable. So I put more trust in the airplane. If it can take the beating, it increases our odds. . .

22 MAR 64—Forgot to tell you they put me back on lead status again. Been flying pretty heavy. We'll soon be back up to 13 airplanes again. Hope these has for a while.

I miss you all very much, but time is passing and we're almost halfway. I love you all, JERRY AND DADDY.

Capt. Shank died two days later.

Admission to College (Bruce Publishing Co., Milwaukee. 230 pp., \$3.95 hard cover; \$1.95 soft cover) by Ralph E. Weber '50, '56, and J. W. Arnold.

Ralph Weber, registrar, director of admissions and teacher of history at Marquette U., who holds his M.S. and Ph.D. from Notre Dame, and who authored a recent interesting biography of Father John Zahm, C.S.C., is co-author of a much different but universally interesting book on college admissions.

The new book treats the admissions climate today, the requirements of the colleges, the entrance tests, the expenses and sources of aid, and most of the complex questions that are new even to the parents with college backgrounds.

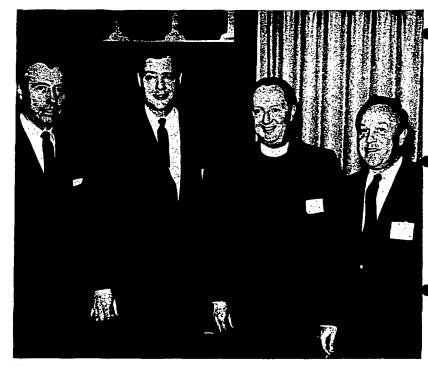

Two valuable appendices add to the book's interest—a list of Catholic colleges, with interesting statistics and facts on each, and a list of the colleges and universities with ROTC units, Air Force, Navy and Army.

THE POLITICS OF HYSTERIA: The Sources of 20th Century Conflict (Harper & Row. New York. 273 pp. \$4.95) by Edmund Stillman & William Pfaff '49.

What are the origins of the true political crisis of our time-a crisis as applicable to the Russians as to the Western World? Its roots, say the authors, lie in beliefs and events in Western history which are still being played out in today's events. For it is the West that created the world revolution that now besets us on every side. It is the Westwith its technology and power, its concept of the modern state, its progressive view of history, its confident beliefs in universal order and universal solutions coupled with zeal and instruments of unprecedented violence -which has disrupted the world, uprooting other traditions, cultures and systems. Now, in those areas, we experience violent reactions to the Western impact with attempts to establish new orders, new political and cultural syntheses. The authors analyze the origins and development of this historical crisis in Europe, in Russia, and now in Asia and Africa which they see as the source of contemporary political conflict with important implications for the future. They discuss the possibilities of international politics and policy in today's world. Finally, they consider the U.S. in this historical situation: what Americans are, what they have been, what they might become-and how they could fail. They are authors of the highly acclaimed The New Politics, still available in hard cover and paperback.

THE CONSERVATIVE AMERICAN: His Fight for National Independence and Constitutional Government (The Devin-Adair Co., New York. 210 pp., \$4.75) by Clarence Manion '22.

Former Law Dean "Pat" Manion follows the current "conservative uprising" back to its origins and forward to the "explosive" present. He treats the controversy over the Bricker Amendment, the Connelly Reservation, the income tax, states' rights, etc., which has congealed the determination of conservatives to fight for the chance of "a choice" in

future elections. He also considers winning the cold war and liberating Communist satellites a moral necessity and a prerequisite to the ultimate "re-establishment of Constitutional government and national independence." A member of a South Bend law firm, Mr. Manion was formerly a professor of constitutional law at Notre Dame for 25 years. In 1953 he was appointed by President Eisenhower as chairman of the commission on inter-governmental relations. He has been honored five times by the Freedoms Foundation. For eight years he has conducted the "Manion Forum" on radio and television, and he has written The Key to Peace and several other books.

Don't Panic, Mother (Bruce, Milwaukee. 101 pp., \$2.75) by Peg Boland.

Mrs. Boland, widow of Joe Boland '27, has published another delightful collection of familiar essays on the harried housewife, cats, dogs, roosters, snakes and kids, kids, kids. Her causes for "panic" are the same ones that have beset every mother, but which she sees for what they are: tempests in teapots, and very funny ones at that. She is the author of several books and articles in various periodicals, some of which are reprinted here. There are essays on more serious contemporary issues, among them sex and education.

LEE'S COMMAND: A Poetic History of the War Between the States With a Southern Exposure (Exposition Press, Inc., New York. 159 pp., \$4.00) by Albert J. Russo, M.D. '32.

Dr. Russo writes: "The poems in this

volume represent a poetic effort to capture the major battles, events and personalities of the Civil War. This pleasurable undertaking opened new avenues of expression via poetic procedure." The poems are in various meters and rhyme forms and often in free verse. The author was born in Pennsylvania but settled in Salem, Va., after medical study at the U. of Virginia. Author of various medical articles and another book, Smilin' Through and Other Poems, Dr. Russo has included poems on several relatively unknown Southern heroes and heroines, including a few lady spies, and a nightmarish impressionistic poem on the loss of political freedom.

GIRL IN A HURRY (Von Hoffman Press, St. Louis, \$1.95) by Sr. Mary Pauline Grady Ad. PP.S.

The sister of Thomas F. Grady '41 has written this story of Blessed Maria de Mattias, foundress of the Sisters Adorers of the Precious Blood.

THE MODELING OF MIND, COMPUTERS AND INTELLIGENCE (University of Notre Dame Press, Notre Dame) edited by Dr. Kenneth M. Sayre and Dr. Frederick J. Crosson '56

In this age of phenomenally fast "thinking machines" two Notre Dame faculty members have published a book designed to help both philosophers and computer technologists better understand the workings of the human mind. Thirteen other scholars are contributors to the book which attempts to clarify the problems shared in common

by philosophy and technology in probing the computer's potential for imitating behavior which earlier "would have been considered uniquely human."

ENGLISH POETRY OF THE FIRST WORLD WAR (Princeton University Press, U.S., and Oxford University Press, England) by Dr. John H. Johnston '47.

Dr. Johnston, a war "retread" who was graduated after participating in all the major campaigns in Africa and Europe between 1943 and 1945, has written a study of the major poets influenced by World War I, including Brooke, Grenfell, Nichols, Sorley, Sassoon, Blunden, Owen, Rosenberg, Read and Jones. A former Juggler editor, he studied at Stanford and received advanced degrees from the Universities of Chicago and Wisconsin. He is now an assistant professor of English at the University of West Virginia.

ALL OVER GOD'S IRISH HEAVEN (Henry Regnery Co., Chicago, Ill.) by Rev. Leo R. Ward, C.S.C.

Father Ward, veteran professor of philosophy at Notre Dame, published this study of the Irish temperament on St. Patrick's Day. It is an expansion of his theory that faith, poetry and freedom are "the Irishman's trinity . . . as natural to him as the air he breathes." Father Ward is the author of an earlier book on Ireland in the 1930's, God in an Irish Kitchen. His other books include Blueprint for a Catholic University, Religion in All the Schools, Christian Ethics and God and World Order.

# THE MEMORIAL LIBRARY AND THE NOTRE DAME COLLECTION

The new Notre Dame Memorial Library was the center of activities at the University for the spring and early summer. The Library Dedication, probably the most auspicious event in the 122-year history of the University, will be the subject of a special issue of NOTRE DAME magazine. A selection from approximately 400 alumni-written books was made for displays at the June Alumni Library Appreciation Ceremony in conjunction with the 1964 Class Reunions. This event will be covered fully in the August-September ALUMNUS. As additions to the growing Notre

# 'The BIG Retreat'

By REV. JOHN J. MAREK C.S.C. '36 Holy Cross Mission Band

# Annual Notre Dame Lay Retreat Will Be Held For Men and Teen-age Sons August 13-16, 1964

THE ONE VIRTUE that individualizes the Notre Dame alumnus is his strong loyalty. This we know from the astonishing support accorded the Challenge I program. The goal realized, the number of alumni participating with personal contributions, the energy many expended in acquainting nonalumni and corporations with the needs of Notre Dame — these were but a few of the practical expressions of that loyalty. It is a natural consequence of the pride each alumnus feels in the University. In whatever field Notre Dame seeks to make its mark, it is of concern and interest to every alumnus.

#### Few Know About the Retreat

If this is true it is astonishing to discover how few alumni are cognizant of the work of Notre Dame in the field of lay retreats. The Notre Dame summer lay retreat — better known as "the Big Retreat" — has been held on the campus for 46 years. It has grown from a handful of men in 1918 to an annual gathering of nearly 1,500 men from 28 states for an August retreat in the beautiful environs of the University — the largest lay retreat of its kind in the country.

One practical reason for its success is probably an ideal combination of accessible location, excellent facilities and the lovely setting. And it would be silly to ignore the fact that the name of Notre Dame is magnetic. But how gratifying to realize that it has drawn thousands of men and boys (more than 50,000 all told!) to a weekend of prayer and meditation as well as to football games.

Few campuses can offer such facilities

for a weekend retreat, so Notre Dame has become a leader in the spiritual regeneration of Catholic laymen throughout the Midwest. These men leave the campus theologically enlightened, spiritually refreshed and zealously desirous of living their lives in Christ. Through the retreat many are added to the ranks of "subway alumni" who give enthusiastic support to the University.

Because the retreat is held after the close of summer school, those who attend are housed in 10 residence halls and take their meals in a student dining hall. Plenty of priests are available. Each hall is assigned to an experienced member of the Holy Cross Mission Band for individual consultations, and more than 30 priests are on hand to hear confessions.

All exercises but morning Mass are held

in the open air at the Grotto. Seats are set up in a huge shady grove before the lational shrine of Our Lady of Lourdes, a replica of the world shrine in France. Even the daily Way of the Cross is made at outdoor stations on a path around St. Mary's Lake.

#### Mechanics of the Retreat

The program of exercises resembles that of most retreats: Mass, conferences, confession, rosary, etc. The retreat begins this year with the evening meal on Thursday, August 13, and ends after Sunday breakfast. Because this is an "open" retreat, in contrast to "closed" retreats where silence is maintained throughout, there is a spirit of friendly informality. There is spiritual reading at mealtime and the "great silence" after 10 p.m. But otherwise friends, both old and new, may meet and converse freely. For those who prefer solitude there are the chapels and other quiet spots about the campus.

It is estimated that 300,000 men and 100,000 women make retreats annually in the U.S. The three-to-one ratio may be due not so much to the greater spirituality of men as to the fact that retreats for men seem to have got a head start. There is an increasing trend toward retreats for special groups, those for married couples being in particular demand. Men and women in various occupations or professions sometimes have their own retreats — as do members of Alcoholics Anonymous! — and the average age of retreatants is steadily decreasing.

For those who have never had this spirittial experience, an open retreat such as Notre Dame's provides a good introduction. Once the retreatant discovers the graces, the tranquility, the physical and spiritual refreshment that flow from this little time away from the world, he may wish next year to make a closed retreat. Or he may, as hundreds do, return to the campus where Our Lady on the Golden Dome holds out her arms to welcome him to the Big Retreat.

#### "Put on Mind of Christ"

January 4, 1964, was a historic day, the day Pope Paul VI began his pilgrimage to the Holy Land. His itinerary included Jerusalem, Bethlehem, Cana and Nazareth - cities with a permanent place in sacred history because they were the scenes of Our Lord's life and teachings. Not all can make such a heart-moving pilgrimage, but all Catholics must be impregnated with the life and teachings of Jesus, for St. Paul exhorts all to "put on the mind of Christ." The teaching of Our Lord is the foundation upon which every Christian must build his life if it is to be successful in the eyes of God. Every Christian assents to this fundamental truth. Yet in the practical order he can lose sight of this truth, or it can lose its efficacy and influence in his daily life. If this happens the Christian will be unconsciously living a disordered life. He will be putting second things first preferring the good of the body to his immortal soul. That is why an annual retreat is so necessary and important. Through its power a Catholic can return to Christ if

he has fallen away. Through its grace he can be impelled to live a true Christian life that will give meaning to his existence. Through its light he can be spurred on to bring Christ into his home, community and country.

The Church realizes the need for a spiritual break and reappraisal. She demands her clergy make an annual retreat. How much more important is a retreat for a Catholic layman living in a world that is secularistic, materialistic and pleasure-loving! These evil forces are at work to draw him away from God and the high ideals of Catholic living. Therefore we extend an invitation to all alumni to make the Big Retreat at Notre Dame. Here you can make a spiritual checkup amid surroundings that are familiar and memorable to you. You can bring a nonalumnus along, not only for spiritual revitalization but also to show him the beauty of Notre Dame. It may be of special interest that while the

men are making the lay retreat their tecnage sons can make a special retreat geared specifically to their lives.

Our purpose in writing this article was to acquaint all Notre Dame men with another great work that takes place at the University. If you are apathetic, if you are spiritually restless, if you feel hemmed in by life and your personal circumstances, if you desire to reinvigorate your living and redefine your goal, if you need the peace that can come only from silence, prayer and meditation — then the Notre Dame Lay Retreat is for you.

The dates for the Big Retreat are August 13-16, 1964. For full information on details and reservations for the Notre Dame Lay Retreat, write, wire or phone:

### LAY SPEAKER FOR AUGUST 13-16 RETREAT

KARL E. MARTERSTECK '29, Vice-President Great Lake Dredge & Dock Co., Cleveland, Ohio

Karl was graduated from Notre Dame in mechanical engineering. A year after graduation he went to work for the Soviet Government as an engineer and was stationed for two years at Kramatorski in the Ukraine. While there he married a Russian girl who returned to the United States with him in 1932. She took instructions from Father Flanigan, who was pastor at Sacred Heart Church, Notre Dame, and was received into the Church in 1933.

The Marterstecks have two children, their son a graduate of Notre Dame in 1956, and a daughter who was graduated from Barat College of the Sacred Heart in 1961. Their son is married and has four sons. Their daughter is married and is presently in Japan with her Navy flyer husband.

In 1934 Karl went to work for Great Lakes Dredge & Dock Company and was moved to Gleveland in 1936. He became very active in the local Notre Dame Club and was president in 1938. He served a term on the Alumni Board of the University and was Gleveland City Chairman for the Notre Dame Foundation through the \$18,000,000 Challenge I Program.

His apostolic work includes membership in the Lay Legion, a Cleveland apostolic group, for the past 25 years. He is a member of the speakers bureau of the Holy Name Society, the Institute of Social Education and the Serra Club. Within the past 20 years, he has given over 300 talks to various lay groups.

He is on the Advisory Board of the Institute of Social Education, which is the adult division of St. John College in Cleveland.

At present he is teaching high school seniors in the Confraternity of Christian Doctrine at St. Christopher Parish, Rocky River, and is also active in the Serra Club.

# New Name for Teaching Apostolate

# VOLUNTEER TEACHERS' SERVICE IS NOW KNOWN AS THE CATHOLIC LAY MISSION CORPS (CLMC)

By REV. HARRY BAKER C.S.C. '54, Spiritual Director

Rev. Harry Baker, of the Congregation of Holy Cross, has been assigned by his superiors as spiritual director for the Catholic Lay Mission Corps. It is believed that CLMC is one of the few lay apostolic organizations to have a priest assigned full time as chaplain. The assignment came at the earnest request of John Benson, Corps Director, along with the effort and encouragement of Rev. Fred Underwood, founder and ecclesiastical director for CLMC.

Father Baker's duties include reorganization of the program for spiritual development and supervision of individual spiritual development. He is also responsible for locating and assisting local spiritual directors at each mission station, and for assisting the lay directors of CLMC in recruiting, training, developing and publicizing the CLMC movement. Although his responsibilities as spiritual director became effective immediately, Father Baker will not be living at the Austin Headquarters of CLMC until early August. During the summer months Father Baker is acting as administrative head of the Program in Liturgical Studies at Notre Dame.

Father Baker was ordained in 1957 in Rome, where he studied for his licentiate in theology. After ordination, Father was assigned to teach theology at the University. In 1961 he received the assignment to assist Rev. Francis Weber, C.S.C., an experienced missioner in Central Texas and developer of Holy Cross Parish and Hospital. He also assisted in the development of the Volunteer Teachers' Mission Service which is now known as Catholic Lay Mission Corps. The work was originally started by Rev. Fred Underwood, in collaboration with Rev. Joseph Haley of Notre Dame.

The main purpose of the Catholic Lay Mission Corps is to supply qualified teachers in parochial schools of Central Texas. As the numbers and qualities of personnel increase it is possible for geographic growth for the Corps now serving in the diocese of Austin and San Antonio and a foreign mission station in Panama. The schools that are heavily populated with lay missioners are developing high excellence in education under the care of trained principals from the Catholic Lay Mission Corps recruitment. The Catholic Lay Mission Corps offers its members seven categories of challenge: hard work, long hours, low pay, plain food, family living, utilization of all talents and an opportunity to come closer to God and to know Him better.

THE ALUMNUS story I sent in on VTS was done over a year ago, and in a new growing group such as VTS a number of things have changed.

For example, the name of our organization is now the Catholic Lay Mission Corps. Our apostolate is essentially the same, though we have moved our headquarters to Austin, Texas (1111 Montopolis Drive). Notre Dame men and St. Mary's girls have come and gone. Last year we had Carl Hoʒan with us — and a whole bevy of St. Mary's graduates: Sue Dana, Cathy Carr, Maureen McCafferty, Mary Witliff, Genie Pederson, Myrna Ziter, Martha Carpenter and Judy Nelson. This year we have Rosemary Boughal, Kathy Miller, Diane Shalala.

As for our work in Latin America, we have been in Panama for a couple of years. We are working in a very limited way in Mexico — in the "Boystown" of Monterrey. Right now, the word is "collaboration" for working in Latin America, as it is unwise for a small group like our own to bear such a heavy financial burden of trying to train and staff an overseas mission, when we can work more effectively here.

I have taken over many of the tasks of Fr. Underwood as ecclesiastical director for the Corps. Also, Fr. Hesburgh was one of the earliest and most generous benefactors of our Catechetics program of two summers ago. Here is a rundown on our activities:

#### PURPOSE

Lay mission society of volunteers, both single and married, dedicated to the mission of Christian education in the Church, in Texas, mainly in the Austin and San Antonio dioceses.

#### ECCLESIASTICAL AUTHORITY

The existence and work of Catholic Lay Mission Corps is under the sanction of the Most Reverend Louis J. Reicher, Bishop of Austin. Lay Director is John Benson. Spiritual Director is Rev. Harry Baker, C.S.C.

#### PAST

Catholic Lay Mission Corps was started in 1958 at St. Joseph's Catholic School in Killeen, Texas, by Rev. Fred Underwood, C.S.C. Four members were in CLMC the first year. At that time, the organization was known as Volunteer Teachers' Service. The name was changed from VTS to CLMC to allow for expansion into areas of work in addition to teaching.

#### PRESENT 1964

Catholic Lay Mission Corps has 47 members, mostly teachers, working in eight Catholic grade schools in Texas. Secretaries are placed in parishes where priests are overloaded with nonpriestly tasks. The total of 47 includes several administrators, a few construction workers, and several secretaries. Teachers and secretaries at a particular station live together as a family.

#### **FUTURE**

To continue teaching in needy Catholic schools, in the sense of economic want and/or teacher shortage, primarily among the Mexican-Americans in Texas. Possible venture into other forms of Christian education and/or communication, adding a new dimension to the Corps' activities. Full-time catechetics, for example, has been considered. CLMC has had several years of experience in Latin America also. In the organization's consideration of possible future activities, a priority is given to the apostolate in Latin America. Members who are qualified and who are attracted to work in Latin America are encouraged. Efforts will be made to place these CLMC'ers in Latin America in a stable situation where their talent will be utilized. For example, CLMC is considering collaboration with brganizations now active in Latin America in the placement of members of CLMC who wish to work in Latin America.

#### FINANCIAL SUPPORT

Catholic Lay Mission Corps is supported primarily by the schools in which it works, and by donations from people all over the country, most of whom are members of MISSIO, an auxiliary organization. MISSIO members, the "home forces of CLMC," are persons who support the organization, but who are not actively involved in CLMC projects.

#### SPIRITUAL PROGRAM

While CLMC has adopted a minimal program of spiritual exercises for its members, this program is not to be considered as something optional. Through the efforts of Father Harry Baker, C.S.C., a spiritual climate is proved in which the accent is on an individualized approach to spiritual development. Daily Mass is expected. Opportunities for spiritual growth is provided through classes in Christian doctrine spiritual direction. Members are expected to be integral members of the parish in which they reside.

#### DESCRIPTION OF MEMBERS

Most members of CLMC are recent college graduates. Single men and women. Married couples. Only a few members are from the State of Texas. Most have prepared for teaching careers while in college. Most members will leave active membership in the organization after one, two or three years. CLMC does encourage members to stay indefinitely, as some are doing.

#### TIME COMMITMENT

Minimum of one school year for work in Texas. Longer commitments are encouraged.

#### **CLMC NORMS**

Persons who join CLMC join an organization to which they are obligated, and of which they are an integral part. CLMC is not simply a placement agency. Since the organization is a group of lay people, normal social life is encouraged among single and married members of the Corps. Freedom is the password in social life, but the common good is to be respected by members, and will be protected by CLMC.

#### CHALLENGE PROMISED

Hard work, long hours, low pay, plain food, and opportunities to give yourself to your brothers in Christ in Texas or Latin America.

#### BENEFITS

#### 1. Single Persons

Salary of \$40 per month, plus room, board and hospitalization. Pay offered for June, July and August to member who has completed a school year, and has agreed to return for a second year.

Round-trip bus fare between station and home for Christmas travel.

Group life.

A definite spiritual program.

#### 2. Married Couples

Married couples are paid by special arrangements with CLMC according to family size.

#### QUALIFICATIONS

The ability to live a group life in a family spirit. Generosity, docility, initiative, and a desire to become closer to God. Teachers must have a college degree. This is not necessary for secretaries and construction personnel. Experience is preferred. The age limit for new members is 21-35, with exceptions on the upper age.

#### TEACHER PLACEMENT

Choice of grade more likely if you apply and are accepted several months before school starts. Teachers come to Austin, for an orientation program on teaching and the spiritual life about three weeks before the beginning of school. Even though teachers join the organization before the school year begins, they do not come to Texas until mid-August.

LATIN-AMERICAN education and the volunteer efforts of educational groups like the Catholic Lay Mission Corps was the subject of a panel discussion led by Father Hesburgh during the Fifth Conference on International Education held in February in Washington, D.C., under the auspices of the Institute of International Education in New York City.

by Charlie Callahan, '38

More than 20,000 were in the stands as the Varsity defeated the Old-Timers 30-23 in the annual game ending spring football practice.

Under Coach Ara Parseghian, the Varsity jumped off to a fast 17-0 lead in the first period. Thereafter, with the new coach substituting many reserves, it was a more even contest with the final count being 30-23 for the Varsity-Many reserves also played for the Old-Timers. Quarterback George Izo and Left Half Bill (Red) Mack played well for the alumni, and Leon Hart, Bill Wightkin, Johnny Lattner, Chet Ostrowski, Myron Pottios, Gus Cifelli, and Angelo Dabiero were among the other stars from yesteryear to appear.

In the dressing room after the game, Coach Parseghian spoke as much of spring practice in general as he did of the contest. He stated that he had been pleasantly surprised at the work of the ends, mentioning Jack Snow, senior, and Phil Sheridan, junior, on offense, and Paul Costa, senior, on defense. John Meyer, senior tackle, came in for praise, as did Captain Jim Carroll, senior, and Dick Arrington, junior, at the guards. Seniors Norm Nicola and Tom Kostelnik were named one-two at center. He spoke of Bill Wolski, junior, as the best running halfback, and also told of how well junior halfback Nick Rassas had come along in the spring drills. He said there would be experience at fullback with Seniors Joe Farrell and Joe Kantor, and Junior Pete Duranko, but mentioned there was great lack of depth at the other backfield positions. Sophomores mentioned in his chat included Tackles Kevin Hardy, Alan Page and Tom Regner, end Don Gmitter, and linebacker Jim Lynch. At the all-important quarterback position, Coach Parseghian stated that he had been pleasantly surprised with the work of senior John Huarte. However, Huarte suffered a shoulder injury a week before the Old-Timers game, and did not dress for ... the contest. Alex (Sandy) Bonvechio, also a senior, played most of the game for the Varsity at quarterback.

Generally, there is an attitude on the campus that the intense, hard-working Parseghian is going to get the job done, but no overnight miracles are expected.

BASKETBALL . . . The final statistics had the Irish winning 10 and losing 14. As announced previously, Johnny Jordan announced in midseason that he was leaving as head coach. At season's, end, at the annual team banquet, he was presented with a car by Notre Dame friends in South Bend. At the same banquet, Johnny Dee, who had been announced as the new head coach a few days before, made his first public campus appearance. Dee will be remembered as an ace forward on the 1945 and 1946 Irish quintets, and he also played briefly in football as a quarterback. After high school coaching in Chicago, Dee served as an assistant to Jordan in 1951-52 while finishing his studies at Notre Dame Law School. After receiving his law degree, he became head basketball coach at the University of Alabama. He was at Alabama four years and in the 1955-56 season his team was undefeated in winning the Southeastern Conference title. Thereafter came five seasons as head coach of the Denver Truckers in AAU ball, and one as boss of the Kansas City Steers in the American Professional League. During his residence in Denver, Dee passed the Colorado bar and was a practicing attorney in the mile-high city. Dee is married to the former Katherine Noeson, and they have three children, two boys and a girl. . . . Getting back to

#### READ BY COACH PARSEGHIAN AT SPRING PRACTICE

"To the Notre Dame Football Team:

I always felt that it was a hard job for a sportswriter to write a postmortem on an athlete who had just retired after a long sports career. But I never knew how

"The last thing in my mind when I registered at Notre Dame almost three years ago was that today — March 16, 1964 — I, Don Hogan, would be writing an

obituary of my sports career.

"It has been a long year and a half since that accident. The pressure at times has been almost unbearable. Last fall I almost made it, but then my progress halted. Over this past semester break my doctors told me I should forget about all active sports for the rest of my life. I found that ultimatum hard to take. I pleaded my case until I was given a set of exercises to try for thirty days; if they didn't do much good, all

was given a set of exercises to try for thirty days; if they didn't do much good, all hope would be lost.

"Well, the thirty days are up, and then some, and my condition has worsened if anything. What is my condition? The doctors tell me I have arthritis — my hip is like that of a sixty-year-old man. The reason I'm writing this letter, though, is not to tell you my condition, but to tell you why I fought so desperately to overcome it. If only each one of you could be deprived of playing ball for one year, knowing you could help the team but powerless to do anything about it.

"Why did I keep trying? First of all, I wanted to play for Notre Dame; and I wanted to play with you, my fellow teammates, to be a part of you.

"Being a part of Notre Dame has been the greatest and most rewarding experience of my short lifetime. When I was in the hospital I received get-well cards from people I didn't even know, from all over the country. Little kids look up to me because I'm a Notre Dame football player. I was fortunate enough to be Notre Dame's leading ground gainer, to win your respect; I'll never forget that night at the pep rally last fall when you gave me a standing ovation. But my most prized the pep rally last fall when you gave me a standing ovation. But my most prized possession is that Southern California game ball you gave me. All of these things, plus thousands of people pulling for me, made me postpone my decision until all

possibilities of recovery were exhausted.

"I owe it to you and to my coaches to admit that my football career has ended.
But I learned a great deal during my abbreviated career. I hope that all of you will learn and practice the same lesson - that is, never to give up until the game is over. By "the game" I don't mean just games on Saturday, but anything you do, whether it be a pre-spring workout or a long practice session, or anything in life for that matter

be a pre-spring workout or a long practice session, or anyming in approximation of give your all.

— give your all.

"Being a Notre Dame football player automatically puts you in the national spotlight, more so than playing for any other school. The fans will be pulling for you just as hard as they pulled for me — don't let them down. Be honest with yourself.

"Well, I'd better be closing now, but I just had to tell you why I made my decision, what Notre Dame football meant to me, and what I hope it means to you. I hope that you and everyone else who has shown an interest in me will not think the less of me for making this decision.

"One last thing: I'll be out there this spring and fall watching practice and your games: and if ever bractice seems too long or you get tired along about that fourth

one last thing: It be out there this spring and fall watering practice and your games; and if ever practice seems too long or you get tired along about that fourth quarter, just stop and think for one second that a guy named Hogan would give anything to trade places with you, and if he could he would never quit — then after you think it over give that second and third effort. Bring Notre Dame football back where it belongs. Someone in the stands will get the message of that extra effort, and that someone will be mighty pleased and proud.

"Best of luck, Don Hogan Class of 1965" the 1963-64 Notre Dame hardwood season, the leading scorer was junior guard Larry Sheffield, who tallied 535 points, for an average of 22.3 per game. Sheffield also set a new one-game Notre Dame scoring record when he tallied 47 points in the University of Detroit game played in the N.D. Fieldhouse.

Junior forward and junior center Ron Reed and Walt Sahm, both of whom missed six games for different reasons, averaged 20.0 and 17.4 points per game respectively, and, perhaps more important, they rated sixth and seventh in the nation in rebounding. Jay Miller, junior forward, who rated as the fourth highest scorer with an 11.4 average, and Sahm were elected co-captains for 1964-65. Inasmuch as all five starters return, prospects are fairly bright for next season.

Fencinc . . . As has often been the case in recent years, the fencing team had the best won-and-lost record of the winter season, the best record of any Irish squad to date this year, in fact . . . Coach Mike DeCicco's men won 15 and lost only two, and in the NCAA championship meet, held at Harvard, they placed fifth. In the NCAA competition, Bill Ferrence placed fourth in foil, Sam Crimone eighth in sabre, and Dick Marks eighth in epee.

SWIMMING... In this rather new sport at Notre Dame, in which Coach Dennis Stark has never had a losing season (in six campaigns), the 1963-64 record showed six wins and five losses, and Captain Chuck Blanchard set new Notre Dame marks in the 100- and 200-yard freestyle events.

JIM CARROLL '65 Chosen to Captain Ara's Assassins

WRESTLING . . . Coach Tom Fallon's wrestling team also had a winning season with five victories and four losses. Dick Arrington, of varsity football line fame, handled the heavyweight duties here, was undefeated in regular season competition, and went to the second round in the NCAA meet at Cornell.

TRACK . . . Indoors, Coach Alex Wilson's men defeated Purdue and Indiana in a triangular meet, and Pittsburgh in a dual meet, and also placed well in the Michigan State Relays, Central Collegiate Conference meet, the IC4A meet, the Milwaukee Relays and Cleveland Knights of Columbus Games. Bill Boyle, junior quarter-miler, erased Coach Wilson's indoor 440 mark (set 32 years ago) when he was timed in :47.9 seconds. The high spot of the outdoor campaign will take place here graduation weekend when the Irish will host the Central Collegiate Conference meet. For the year, the finest individual track performance was by Captain Pete Whitehouse, senior from Staten Island, N.Y. On Feb. 22, as the Irish defeated Pittsburgh, 73-31, in a dual meet at home, Whitehouse first won the high jump (6 feet 2 inches), then set new Fieldhouse and Notre Dame indoor records in winning the 60-yard high hurdles (:07.3), and finally captured his third victory in the 60-yard low hurdles as he tied the Notre Dame indoor record (:06.9).

BASEBALL . . . The baseball team finished fast, winning 10 of their last 12 games, and had an over-all record of 16 victories, 12 losses, and one tie under veteran coach Jake Kline, Rich Gonski, senior shortstop from Chicago, and Shaun Fitzmaurice, junior centerfielder from Wellesley, Mass. Gonski led in batting with a .379 average, and set a new Notre Dame record in homers with 10. Gonski was the leading batter also as a junior and for three years had a .356 average. Fitzmaurice was the runner-up in batting this spring with a .360 average and set a new Notre Dame record in triples with 10. In the important runs-batted-in department Fitzmaurice led with 28 followed by Gonski with 24.

GOLF . . . The Irish linksmen, coached by Rev. Clarence Durbin, C.S.C., had the finest spring record of any ND team, winning 20 matches and losing only four. Perhaps the high spot of the season was the Iowa Invitational meet at Iowa City May 9. Seven Big Ten teams were entered, and the Irish finished first. Jim Hiniker, junior from Hastings, Minn., was the medalist

JOHNNY DEE Heir to Jordan's Jumping Jacks

in this meet. Hiniker, Captain Mike O'Connell (junior, Carthage, Ill.), Pat Danahy (sophomore, Pearisburg, Va.), Charles McLaughlin (sophomore, Miami Springs, Fla.), and Bill Regnier (sophomore, La Porte, Ind.) will represent Notre Dame in the NCAA tournament, at Colorado Springs, Colo., June 16-21.

Tennis... For the regular season, Coach Tom Fallon's tennis team had a very fine record of 11 victories and only three losses. This combined with an Easter vacation trip to Florida, in which they beat Yale and Cornell, but lost five matches to more seasoned Florida schools, made the final record of 13 wins and eight losses. Pedro Rosello, sophomore from Puerto Rico, and Captain Alan Davidson, senior from New York City, played in the number one and two singles spots all season.

CLUB SPORTS . . . If the question, "What's new in sports at Notre Dame?" were to be asked, the answer would be in the development of, and enthusiasm shown club sports on the campus. The Rugby Club won 11 matches, lost two, tied four, and finished with a 26-0 victory over the strong St. Louis Bombers, with more than 1,000 in the stands on Cartier Field. The Lacrosse Club won five matches, lost six. Jack Tate was the team captain. In Sailing, senior Tom Fox won first place in the Midwest Championships. The Ski Club, under John Turner, placed first in the NCAA Midwest meet. The Soccer Club enjoyed a 7-3 record last fall, and the Hockey Club got underway with several games last winter.

In December we honored JIM CARROLL on being elected captain of the Notre Dame football team for 1964, and we presented HARRY J. MEHRE with a plaque for his service on the national board of directors. At this meeting we also elected new officers. RICHARD MURPHY is now the new president of the local alumni association. The vice-president is TOM GUNNING, JR., the secretary JOE SIGNIAGO, the treasurer MELVILLE RUMMEL. In addition a board of directors, including myself, PAUL SMITH, ED ABRAMS, BILL SCHROEDER, HARRY MEHRE, THOMAS GUNNING, SR., JOE MOORMAN, and RICHARD DE GOGLAIN, were selected to continue the program of the local chapter in conjunction with Foundation work and also to aid the present officers in attempting to add additional enthusiasm to our local group. Last fall we held a enthusiasm to our local group. Last fall we held a joint gathering with the Michigan State Group and listened to the Notre Dame-Michigan State game over the radio.

As you know, ARCHBISHOP HALLINAN has been quite seriously ill for the past few months. We are making a re-presentation of his Notre Dame Man of the Year Award, including photographs of the presentation, as soon as he is well enough to go through the ceremony.

Very Rev. THEODORE M. HESBURGH CSC, Very Rev. THEODORE M. HEBBURGH CSC, president of Notre Dame, was guest of honor and principal speaker at the 41st Annual Universal Notre Dame Night, observed by the Boston Club on Monday, April 13, 1964 at the Sheraton Plaza Hotel, Boston. Father Ted came here directly from New Haven where he attended the installation of the new president of Yale University on April 11. This visit was his first with the Boston April 11. This visit was his first with the Boston Club as the University president, and it was in keeping with a promise he made to come and talk to us as soon as his busy schedule would permit. We of the Boston Club were grateful for the opportunity of meeting with and hearing Father Hesburgh, who is truly one of the world's great personalities in the fields of education, science and the humanities. CHARLES COLTON '29 coordinated all the details as general chairman and was assisted by an able group which included all the members of the Board of Directors. HON. JOHN B. HYNES, Banking Commissioner, a Foundation

fund director and father of two Notre Dame graduates, handled the introduction of the invited guest, Paul Hellmuth '40, "1956 Man of the Year" and lay trustee of the University, also advised the

officers on arrangements.

CHARLES PATTERSON '44, also a "Man of the Year" and past president of the Boston Club, again headed the Selection Committee for the 1964 Man neasest the Selection committee for the 1964 Man of the Year winner, LOU DIGIOVANNI, announced at the dinner. Dancing 10 p.m. to midnight. Jack Hennessy's popular orchestra played for dinner and dancing. PHIL PHILBIN edited an attractive souvenir program which had a special listing for sponsors.

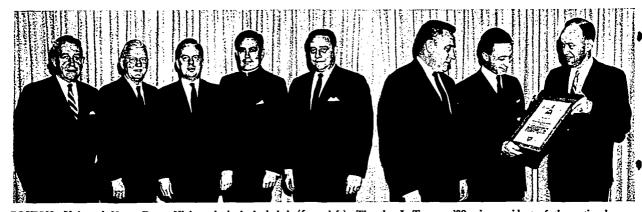

In accord with Article III, Section 1 and 2 of the

Club Constitution, PRESIDENT FOWLER designated Monday, April 6, 1964, as the date of the Annual Club Meeting to be held at 7:30 p.m. Engineers Club, 96 Beacon Street, Boston. A recom-mended slate of officers was submitted by the Committee selected by President Fowler. Results of the

mittee selected by President Fowler. Results of the election will be announced next issue.

About 125 members of the Club and friends attended the kickoff of the Challenge II program of the Foundation at Tiffany's on Feb. 2, 1964. This exciting program was quarterbacked by Challenge II Chairman CHUCK PATTERSON '44 with an able assist from BOB MARR '58. ED "MOOSE" KRAUSE '34, director of athletics, and JIM COONEY '58, both from the University, did an exceptionally fine job of outlining the plans of the New Convocation Center and Field House. Boston was the first city to be visited by this fine duo who will make 50 visits to key alumni cities before June 1st. before June 1st.

The Notre Dame Concert Band appeared at John The Notre Dame Concert Band appeared at John Hancock Hall, Boston, on March 30, 1964, under the sponsorship of the Camp Scholarship and World Service Committee, Allston-Brighton Branch of Y.M.C.A. This was the only New England appearance of this famous University of Notre Dame Concert group. The Club membership was encouraged to attend and support this concert.

BOSTON-Universal Notre Dame Night principals included (from left): Timothy J. Toomey '30, vice-president of the national Alumni Assn.; Hon. John B. Hynes, Mass. banking commissioner and ND Foundation chairman; Paul F. DiGiovanni receives his scroll from C. V. Patterson '47, award chairman.

The sympathy and prayers of the entire Club membership are extended to the families of President NEIL FOWLER '47 and BILL STEWART '43. The fathers of both these fine members passed away within the past month. WILLIAM STEWART SR. was long a friend of Notre Dame men everywhere. He spoke to the members of the Boston Club at the Universal Notre Dame Communion Breakfast on December 8, 1963 at which time he was given an honorary membership plaque for his outstanding generosity to all Notre Dame programs. Remember these and all Notre Dame grads and their families in your prayers. Support your parish and civic programs, lend a hand and your check-book to Challenge II project of the Foundation

#### Chicago

Well, for the coming year the author of this column can speak with some degree of authority, since ART CONRAD turned over the gavel to me at UND Night on April 13. Since we have approximately 3,500 alumni in the Chicago area — more than 10 per cent of all ND alumni — the Notre Dame Club of Chicago plays an increasingly important role in the life of the University, only about 90 miles to the East.

First, I would like to salute Art Conrad, who

continued to improve member participation in all club activities during his administration. Art put in countless hours organizing the many events and committees . . meeting each crisis with cool efficiency . . and bringing everything to a climax by persuading HOWARD PHALIN to serve as chairman of UND Night, Howard, who is one of the business was in Chimeson and the contract was in Chimeson and the contract was in the contr the busiest men in Chicago, presented one of the best menus and programs in the history of the event. We doff our hats to the Conrad-Phalin duo event. We dolt our hats to the Conrad-Phalin duo for a great party. Incidentally, I would like to thank the other four presidents with whom I had the privilege of "learning the ropes" — PHIL FACCENDA, GEORGE MENARD, JOE PAGLIARI and JACK BARRY.

Nearly 700 ND alumni and friends turned out for UND Night in the grand ballroom of the-Palmer House as ARA PARSEGHIAN made his first Winds City appearance as hard goals of the

first Windy City appearance as head coach of the

Fighting Irish. Take it from the guy who was sitting next to the coach, when the waiters paraded into the spotlight with the giant letters that spelled out "ND Welcomes Ara" it was an electrifying moment in his memory-studded career.

As Ara told the audience, he would not accepted the ND coaching position if he did not think that he could accomplish the mission. This is one dedicated coach! As Howard Phalin was the dedicated coach. As Howard Frank was checking graduation dates with those at the head table, I jokingly asked Ara his graduation year from Notre Dame. He replied: "I expect to leave Notre Dame about 1984! To show the confidence I have in my staff and Notre Dame football, I'm not renting or buying a house; I'm building one!"

An annual highlight of UND Night is the announcement of the "Man of the Year." The 1964 winner was PHIL FACCENDA, who as the sportswriters say about superstars, has done everything for Chicago and Notre Dame but sweep the club office. He is a past president of the Club, served for three years during Challenge I as general appeal chairman, and now is the first Chicago alumnus in several decades to head the National Alumni Association. Phil has always been the type of fellow to step in and help out when someone needed assistance, and he continues to lend a guiding hand to this Club. It was my pleasure to present the "Man of the Year" award to a real ND man and a good friend.

The Club's "Decency in Entertainment" award, which continues to gain stature within the show business world, went to one of the country's top humorists — Bob Newhart. The man with the "button down humor" proceeded to turn the ripples of laughter into a torrent of applause that called him back for an encore. When a comedian can convulse a coach with a monologue about effigies, then he's really in gear. Ara led the cheers for the Chicago-born comedian as he explained how a company manufacturing efficies had "to anticipate the demand by following positive administration statements on the sports pages."

On behalf of the Club's officers, I would like to extend sincere thanks to the following board members who have completed their terms. Cited at our annual Testimonial Dinner at the Illinois ac our annual 1estimonial Dinner at the Illinois
Athletic Club on April 28 were JACK BARRY

'43, DICK BURKE '55, PAUL CARROLL '63,
JOHN FOGARTY '49, JIM MALOOLY '55, JOE

MERRION '20, ED MIESZOWSKI '46, FRANK

MURNANE '49, and KEN SCHUSTER '49.

The new officers and board members also made their debut at this dinner. This year's honorary president is ELMER LAYDEN '25, one of the legendary Four Horsemen, who is a sales execu-tive now with General American Transportation Corp. PAT SHANNON '48, our first vice-president, is an attorney and CPA. BILL REYNOLDS '54, the second vice-president, is vice-president of In-dependent Construction Co. PAT MONTROY '53, the secretary, is a sales representative for MCA Sign Co. Our pencil-sharpening treasurer is CHUCK

FALKENBERG '52, who did a great job during the past year. I earn my bread and butter as assistant to the president of the Selz Organization, we think is the best public relations agency in the country!

Starting their terms on the board are NORRIS BISHTON '57, an attorney; NICHOLAS BOHL-ING '31, alderman of Chicago's 7th Ward; JIM ING '31, alderman of Chicago's 7th Ward; JIM DONOGHUE '40, vice-president of sales for A. G. Becker & Co.; JIM HAGGERTY '52, vice-president of James D. Haggerty & Co., mortgage brokers; JOHN LATTNER '54, the city's most famous restaurateur; GEORGE MARCUCCI '41, sales manager of Gold Cup Baking Co.; WALT ROGERS '44, president of Crown Stove Works; JOHN KELEHER '47, attorney; and GEORGE SCHIEWE '42; sales and promotion executive, Row Strom Inc., refuse encincers, ED DUNN '64. Roy Strom, Inc., refuse engineers. ED DUNN '64, who has done a bang-up job as president of the Chicago Club on campus this past year, will be an ex-officio member of the Board for the next

MSGR. DANIEL F. CUNNINGHAM, former superintendent of Catholic schools and currently pastor of St. Angela's parish, is our new chaplain. He succeeds FR. JOHN VAN WOLVLEAR CSC, who has become a familiar figure at club activities the past several years. All of us want to thank Father Van for his help and we hope he continues to remain a part of the organization. While on the subject of service to the Club, I

would like to pause a moment to remember JOSEPH J. SULLIVAN '02, who died just a week or so before his cherished Universal Notre Dame Night. The Notre Dame Club of Chicago owes an enormous debt of gratitude to Joe Sullivan, who helped start this Club in 1908. Mr. Sullivan served as president in 1911, and then again in 1928. He also was instrumental in the reorganiza-1928. He also was instrumental in the tion of the National Alumni Association in 1908. In 1921 he was elected president of the Alumni Association. The many friends of Joseph Sullivan will remember him as one of the bulwarks of ND alumni activity on all levels.

Remember, the next club activity is the annual golf outing and sports night dinner. As usual, the full day's activity will be held at Elmhurst Country Club. The date this year is Monday, Aug. 3. Mark that down on your calendar right now and get the gang together.

Also, make sure that you get those football tickets for the big home season at South Bend. This just might be the year that the Fighting Irish start up the comeback trail.

The Club had the pleasure of welcoming MOOSE KRAUSE to Hartford as he made the second stop on his first swing through the East in connection with the Challenge II campaign. Moose addressed one of the club's largest and most enthusiastic of the class raight and most entities are gatherings in recent months explaining the aims of Challenge II and enlisting the club's cooperation. He was accompanied by JIM COONEY of the Foundation, who also addressed the club. Well remembered in Connecticut during his coaching days at nearby Holy Cross College, Krause was shepherded around Connecticut's capital city during ing his one-day stand by Club President BOB McGOLDRICK and received considerable exposure on local television programs and in the newspapers.

Well over 200 alumni, their wives and friends turned out for Connecticut's annual Universal Notre Dame Night observance on April 11. REV. THEODORE M. HESBURGH CSC, president of

the University, was principal speaker at the dinner. Guests at the head table included Rt. Rev. Msgr. Joseph R. Lacy, chancellor of the Archdiocese of Hartford, representing Archbishop Henry J. O'Brien; Very Rev. James Fitzgerald SJ, presi-dent of Fairfield University; and Sister Marie

dent of Farneld University; and Sister Marie Louise OP, president of Albertus Magnus College. On the following day, Father Hesburgh was the guest of President McGoldrick and the Club at a breakfast attended by business and community leaders of the Hartford area. Father Hesburgh was

welcomed to the city by Mayor William Glynn.

#### Fort Lauderdale

The Notre Dame Club of Fort Lauderdale, Fla., has gotten off to a flying start this year under the leadership of its new officers and Board of Directors. At the first business meeting of the year, held on Jan. 9, DON DORINI '53 turned the club gavel over to BOB McDONOUGH '52 and this year's business began. Bob then introduced the reyear's business began. Bob then introduced the remaining new officers and directors for this year:
BILL MOTSETT '34, vice-president; GEORGE
PATTERSON L-'58, secretary; TOM WALKER
'42, treasurer; and Directors BOB GORE '31, DON
DORINI '53, FRANK McDONOUGH '41, CHARLIE QUINN '34 and JOHN McGINN '54, Bob then presented an engraved plaque to Dorini, last year's president, as a token of appreciation from the club for the fine job which Don did. At this meeting we also saw the filmed highlights of 1963 Fighting Irish football year, being one of the first clubs in the country to view the film. We were especially pleased with the showing made by FRANK BUDKA '64, who is the son of WAL-

TER BUDKA of our club. The first meeting brought a fine turnout of our members incing GEORGE McFADDEN, TOM NOLAN ing GEORGE McFADDEN, TOM NOLAN '44, PETE RARKSIS, JOE GORE '42 and TOM MAUS '57. We were also proud to have as our guests for that first meeting GEORGE IZO '60 and MIKE LIND '62, both of whom were in the Fort Lauderdale area vacationing. Both George and Mike spoke to us briefly on th rigors of the NFL and told us that Notre Dame's reputation in the NFL had certainly opened many doors to them. That was certainly good to hear.

On February 13, we held our annual St. Valentine's open meeting. The members and their

entine's open meeting. The members and their wives were invited and the club provided party favors for all. There were over fifty persons in attendance to hear an extremely interesting program arranged for the club by FRANK McDONOUGH 41. Among those members enjoying the fun were Jane and BILL MAUS '53, Betty and FRANK McGINN '52, Rosemary and HUGH MALONEY, Dolly and TOM WALKER '42, Jeane and DON DORINI '53, Marilyn and BOB McDONOUGH '52 and Marge and FRANK McDONOUGH '41.

The next event sponsored by the Club was our annual St. Patrick's Day dinner-dance. This event was also well attended and was held on March 17, in the grand Ballroom of the Governor's Club Hotel in Fort Lauderdale. Art Mooney's nationally known orchestra provided the dance music for about 150 couples, and of course there were the traditional pitchers of green beer conveniently located on tables throughout the ballroom. The real success of the dance was the result of the hard work put in by BOB McDONOUGH '52, who was the dance chairman, BOB GORE '31, BILL MOT-SETT '34, DON DORINI '53, CHARLIE QUINN '34 and TOM WALKER '42, alt of whom did such a fine job selling tickets and doing the many things necessary to make a success of such an occasion. The fine cooperation of JOE GORE '42 in making available to us all of the facilities of the Governor's Club Hotel was also a great help. The Club was also assisted through the excellent pub-licity given by the Fort Lauderdale News.

On April 24, 25 and 26, in conjunction with the Notre Dame Clubs of Miami and Palm Beach, we held our Second Annual International Convention at the Lucayan Beach Hotel in Freeport, Grand Bahama Island. Approximately 300 Notre Damers, their wives and guests partook of this wonderful weekend of sunnin', swimmin', fishin' and golfin'; and again as last year fish fries, golf and fishing tournaments, island dancing and entertainment were the order of the convention. Our Universal Notre Dame Night was held there, and we cele-brated with an elaborate banquet on Saturday night. We also announced there our Annual Man night. We also announced there our Annual Man of the Year Award, which this year we presented to Gov. R. H. GORE, SR. We were proud to present the award to Governor Gore for he has been a real inspiration to our club and an outstanding business and civic leader in Fort Lauderdale for many years. BILL MAUS '53 and DON DORINI '53 took charge of our club's participation in the convention and deserve a sincere vote of thanks from all of us for the very fine job which they did. Of course we golfers must also thank JIM DOWNEY '43 of the Palm Beach Club, who took charge of the golf outing, and the "fishers" owe the same thanks to our own FRANK McGINN '52 who made all of the fishing arrangements. The management of the Lucayan Beach Hotel saw to it that things were just as we wanted them and added immeasurably to the enjoyment of everything. By the way, if you are looking for a place to take a restful, relaxing and sunny vacation away from it all, we recommend Freeport highly. Those who made the trip to the Bahamas are already talking about next year and plan to make their reservations early.

You will be interested to know that our club

has recently become vitally interested in state tics with one of our members, JOHN McGINN '54, now very much in the running for a seat in our state legislature. We are all proud of John, and the slogan "Win With McGinn" is one we heartily endorse.

That is about all of the news from Fort Lauder-dale for now. Please look us up when you are in our fair city next. The welcome mat is always out to any of the Notre Dame family visiting in Fort Lauderdale.

#### Maine

Because of deadline this report must be sent just prior to the arrival of the University of Notre Dame Concert Band which will play at the Lewiston High-School Auditorium on Tuesday night, March 31.

We here in Maine have only a small and scat-tered alumni group, but the concert is already assured success with 450 patrons rallying to the cause and helping make this concert for the benefit of the Notre Dame Scholarhip Fund a huge success.

The Band played in Maine three years ago, and I believe that Director BOB O'BRIEN and the band were very much impressed with the way they were treated in this outpost in Maine. We expect to give them a second dose of Maine hospitality and there will be a reception for the band and special friends directly after the concert at the Musical Literary Clubhouse here in Lewiston, All the proceeds from this Band Concert are put

into a Scholarship Fund which has, up to this time, sent seven boys help in the last seven years at \$500 per year. Already we have begun to receive returned moneys and the fund will indeed do its part to help worthy boys from this area attend the University.

We are very pleased that GEORGE GOODWINE, graduate of the Class of '59, located us here in Lewiston and will be on hand to attend the concert. George is in the Navy Air program and we can only hope that he stays with us for a while to come.

We are mindful of the new Challenge II program and trust that the alumni in our State, small as they are, will come through with a 100 per cent backing of this Challenge and give with the same enthusiasm they did in the first drive. Mindful as we are that the Challenge II drive is directed more to large outside gifts, we know that here in Maine we are limited to what we can do in this field and hope that our alumni will make up for it in what way they can by gifts of their own or possibly obtaining gifts from those friends of Notre Dame here in our State.

With the summer coming on and Camp Sebaik being just a stone's throw from Lewiston, we hope that we will have some visitors stop at Exit 13 on the Turnpike to visit Geiger Bros. and RAY GEIGER, secretary. We would like to point out also that Camp Sebaik is an excellent boys' camp, run by the Holy Cross Fathers, headed by FR. JOE HANNA CSC, who does an exceptionally fine job with boys. There are still some vacancies — so how about sending your boy to Maine this year.

### Oregon

Undaunted by the Alaska earthquake of two weeks prior, JIM ARMSTRONG flew over the wreckage-littered California and Oregon coasts to a warm welcome from his associates in the American Alumni Council representing Oregon colleges, and also to be campus guest and speaker at an en-thusiastic Universal Notre Dame Night gathering. After lunch at the U. of Portland, Jim had a press interview with the education editors of Portland newspapers before his banquet talk.

A highlight of the evening was the third annual presentation of the Judge FRANK J. LONERGAN Memorial award to the outstanding scholar-athlete of Catholic high school seniors in the state. Since this is currently the only state-wide inter-school award among Catholic schools, interest in it in-creases yearly. Mr. Errol Rees, Multnomah County superintendent of schools, who has been most helpful in suggesting judges for the award, made the presentation. We are grateful to Mr. George Zellick, principal of Thurston high school, Springfield; Mr. Dan Jones, athletic director, Oregon City high school; and Mr. Stu Nohrenberg, sports scribe for the Portland Reporter, for their service as judges.

A long time workhorse for the Club, PHIL MEANEY '50 was elected president, Sharing the spotlight with him are PHELAN THOMPSON '55, new vice president, who has been very active in the few years he has been here, and GEORGE MACK III '61, treasurer.

Missed at the affair were two longtime stal-warts recently called to their first Easter in heaven, Mr. James Kirby, father of KEN KIRBY '42, whose

pride in Notre Dame was unsurpassed by any alumnus, and GEORGE W. PHILBROOK '12, Rockne contemporary, great track star and for 20 years track coach at the U. of Portland. Our sympathetic prayers go to their families. FR. GEORGE DUM CSC gave a glowing tribute to George as a Notre Dame man in the highest spiritual sense although he was not a Catholic.

#### Peoria

The master of collegiate football during an incomparable era at Notre Dame was featured speaker and guest at Universal Notre Dame Night on Wednesday, April 8. FRANCIS W. "FRANK" LEAHY, former head football coach of the Fighting Irish, continued the tradition of the Notre Dame Club of Peoria of bringing headline Notre Dame men to this annual function held at Mount Hawley Country Club. Frank was introduced to an expected capacity gathering of alumni and friends of Notre Dame by JERRY GROOM, All-American captain and center at N.D. in 1950. Formerly a Peoria resident, Groom currently lives in St. Louis, Mo. He continued his football activities following his 1951 graduation from Notre Dame with the old Chicago Cardinal football club, gaining All-Pro honors in 1954. The Enio Arboit Memorial Trophy of the Notre Dame Club of Peoria was awarded at the banquet to Peoria Central High School as champions of the Mid-State Eight Football Conference in 1963. H. A. PETTE" VONACHEN '47 presented the magnificent trophy, measuring nearly five feet high, to Principal Max Mills and Grid Coach Wm. "Corky" Robertson of the Peoria Central Lions. Previous winners of the travelling trophy have been Woodruff, Spalding, and Manual. The award is given annually in memory of ENIO ARBOIT, former great Notre Dame football end and coach at Spalding Institute in Peoria.

WILLIAM B. WOMBACHER LLB '51 was awarded the Notre Dame Man-of-the-Year plaque by his classmate CHARLES J. PERRIN who won the coveted award in 1963. Former recipients included JOE LANGTON, RALPH E. JOHNSTON, LEO SCHRALL, JOHN E. CASSIDY, SR., DONALD P. SMITH, JOHN F. MANION, and the late ENIO ARBOIT. Bill Wombacher was selected for the honor as the Notre Dame Man who has reflected the ideals of Our Lady's University in his home, civic, business, and club activities. In partnership with his wife, Ann, Bill presides over a typically large Notre Dame Family — when he isn't presiding over one of the many organizations that make him indeed a man among men. During the past year Bill has been a responsible officer of the Knights of Columbus, Catholic Interacial Council, Peoria Bar Assn, the Peoria Deanery of the Diocesan Council of Catholic Men, Christian Family Movement, and as a past president of the Notre Dame Club of Peoria is always tremendously helpful in carrying the ball for one or more Club activities each year.

Invocation and benediction were given by Msgr. John Whelan, chaplain at the Pontiac State Penitentiary, General Chairman JOHN R. JOHN MANION '56 and JOHN SLEVIN '60 have thrown their hats into the political arena. John Manion is running for Democratic delegate to the Nominating Convention and John Slevin is running for precinct committeeman. TOM ECK-LAND '53, past president of the Peoria Notre Dame Club has been promoted by his firm to a Chicago position. We all wish him luck and good fortune. JIM McCOMB '54 was the chairman of the financially successful St. Patrick's Day Dance held at the Country Club of Peoria. Jim was assisted by JOHN MANION '56, JACK POWERS '53, MAURY CICCIARELLI '55, DENNY POWERS '56, JIM FOOHEY '36 and BILL CLARK '47. Those who failed to make this event missed a fine evening of mid-lenten relaxation.

#### Pittsburgh

The Notre Dame Club of Pittsburgh held its annual Family Communion Breakfast on Sunday, April 5, in the Church of the Holy Spirit.

April 3, in the Church of the Holy Spirit.

We were privileged to have Bishop Elko read
Mass in English in the Byzantine Rite.

Following the Mass, breakfast was served in the
Parish Hall. Bishop Elko spoke at the breakfast,
and JAMES P. BEYMER was chairman.

On May 14, 1964, MOOSE KRAUSE was in
Pittsburgh for our Universal Notre Dame Night
celebration and also to talk about the athletic
program in general and the Foundation goals for
the comine year. He had with him some films the coming year. He had with him some films and plenty of information on the athletic set-up. The dinner at the Pittsburgh A.A. that evening was a stag affair. LEO D. O'DONNELL JR. was

in charge of the program.

At the May 14th Universal Notre Dame Night celebration our new officers were installed. They are President PAUL A. HUDAK, Vice-President J. PETER FRIDAY, Secretary MICHAEL BOYLE and Treasurer LEO D. O'DONNELL JR. I certainly hope that you will all give these new officers your full support and help them to make the Club a more active one. George Brown, our vice-president these past two years, is now living in Beaver Falls and feels that he cannot continue in an administrative capacity.

Last year we started our scholarship program. James Bridgeman was given \$600 under our scholarship program as the 1963 recipient. The records of the University indicate that he is in the 99th percentile of his class which means that he is at

the top of the group.

Alumni have been asked to scout around to see if there are any summer jobs that could be available for students. If you have any ideas along this line, please call BILL McGOWAN (621-3342) and give him your name and the job. When the boys contact us, we will refer them to Bill who will help the boys secure employment.

The Council for International Lay Apostolates has a chapter at Notre Dame. There is a project this year to send several Notre Dame students to South America to help the people of that country better themselves not only physically but spiritually as well. The boys did an outstanding job in Lima, Peru, last year and are hoping to go back again this year. Michael Caruso from Pittsburgh is one

of these boys who will be going.

However, the project is in critical need of funds. They are about \$1,700 short of securing the necessary funds to send these boys to South America for this worthy cause. We are asking all our Alumni to send a small check to help this

matter. Checks can be sent directly to C.I.L.A., Box 401, Notre Dame, Indiana 46556.

In conclusion, I certainly would appreciate any of those who haven't yet paid their 1963 dues doing so in order that we can pay some of the bills that we owe. Is there any particular reason why every Alumnus can't drop into the Penn Sheraton Hotel, Variety Club on the first floor, one Thursday out of the entire year to have lunch with a few of his fellow alumni? Is there any reason why many of the other activities can't receive fuller and much more enthusiastic support? If there is, please tell us so that we can help make them better.

I certainly want to thank the officers this year for their splendid support. I also want to thank all of those who were chairmen of the vari-ous activities and did such an outstanding job. Without their help we never could have done as

breakist to honor the Notre Dame students home for the holidays on Sunday, Dec. 29.

Mass was celebrated by our Club chaplain, Rt. Rev. Msgr. FRANCIS J. HARRISON '33 at St. Patrick's Church, Binghamton, N.Y. Approximately 40 students and alumni then attended breakfast at the Shearen Lee Bellinger. the Sheraton Inn Ballroom.

Hon. JAMES McCABE '40, mayor of Johnson City, N.Y., delivered a most stimulating talk on "Federal Aid to Education." Mayor McCabe emphasized that the education of children is the responsibility of parents and advocated that the State or Federal Government grant a tax exemption, earmarked for education, of a specific amount for each child. This, he maintained, would recognize the fundamental right of the parent to choose the education of his child. In addition, it would do away with the danger of federal control of education, as well as eliminating the objections of those who are worried over the separation of church and state.

MSGR. HARRISON '33, Club chaplain, spoke briefly, urging the group always to maintain their identity with Notre Dame and to cooperate actively with other Catholic groups within the community to that a strong Catholic impact may be made upon the community.

This year we combined UND Night with a Challenge II Night featuring MOOSE KRAUSE on April 9. A report on that next issue.

## SPOTLIGHT CLUB: TERRE HAUTE "Notre Dame Spirit in Service"

The Notre Dame Club of Terre Haute "had the privilege" of extraordinary service in helping Bill Norton, freshman student from the University, and also Bill's parents, Mr. and Mrs. William Norton of New Orleans.

On the 5th of February Bill and two fellow students were on their way back to Notre Dame after visiting with Bill's parents in New Orleans between semesters. They had taken turns driving, and Bill Norton was at the wheel on an "S" curve. A car coming from the opposite direction blinded Bill with its lights, causing his car to swerve, go out of control and roll, throwing Norton out. The two other passengers in the car were uninjured. Young Norton was taken to a hospital in Linton, Ind., and later transferred to St. Anthony Hospital in Terre Haute because of his critical condition. He had no pulse or blood pressure at one time and was given the last rites of the

Mr. and Mrs. Norton arrived from New Orleans at which time members of the Terre Haute Club displayed their Notre Dame Spirit by helping out wherever possible — providing transportation to and from the hospital, inviting the Nortons to their homes for dinner, etc. Father Edward Wetzel CSC, Club chaplain, offered Mass for Bill's recovery and also asked that the boys of Gibault School offer their prayers for him. The Notre Dame Club of Terre Haute also accepted the responsibility for replacing the seven pints of blood used for Bill Norton while he was in the intensive care ward. On Sunday, Feb. 16, Terre Haute clubbers purchased a plane ticket to South Bend, and Bill Norton was on his way to Notre Dame to complete his freshman year.

#### **Twin Cities**

The first fall meeting of the Twin City Club was held on Nov. 13 at the Hamm's Brewery in St. Paul. An ideal spot, right! JOHN F. CLIFFORD '38 was elected president of the Chapter. DONALD DUGAN '34 was chosen as the chairman of the annual Christmas Ball for the second year in a row. The other officers for the year are ROBERT FALEY '56 and TOM KIRK '58, secretary; and TOM REIS '41, publicity.

This Club also sponsored a freshman orientation program which was a success. The incoming freshmen met some of the fellow Minnesota students and were acquainted with the Minnesota Club that the students have on campus.

On Dec. 2 the alumni group and its Auxiliary had the annual Christmas Pot-Luck Dinner. The host and hostess of that event were Mr. and Mrs. ROBERT CULLIGAN '51. About seventy people were able to attend. Everyone exchanged presents, bringing in the Christmas Season.

DON DUGAN's work on the Christmas Ball was a success. The dance was held at the Sheraton-Ritz in Minneapolis on the 27th of December. The special guests were the N.A.I.A. champions, St. John's U. team from Collegeville, Minn., and its coaching staff. The Auxiliary made the decorations for the dance and called the members reminding them of the dance.

Some of the local news that our Alumni have made: Mr. and Mrs. (Rosemarie Rao, St. Mary's '61) MICHAEL O'SHAUGHNESSY '63 are living in St. Paul now. Michael is employed by the investment firm, Piper, Jaffrey & Hopwood. JOHN BENNISON '63 was here to visit the O'Shaughnessys at Thanksgiving. John is going to school in New York City, working on his master's. He is making the "Big Step" in June to Miss Judy Rao. BOB RAO '63 is a student at the U. of Minnesota. He is a member of the Theta Chi fraternity. Bob hopes to go into hospital administration at Minnesota in the fall of '64. FRANK SCHLICK '62 is stationed in Germany with the United States Army, we heard. HAROLD SWEET '53 is practicing law with the law firm of Mordaunt, Walsted, Cousineau & Maguire in Minneapolis. Harold joined the firm last October. RAY GAIO '61 was in St. Paul. While he was here, he saw PAT HAMILTON '61. Ray had a lot of news about the fellow architecture students in their class. Pat Hamilton has completed the first part of the Minnesota State Boards in architecture. In March he had all his apprenticeship time in, so he can take the rest of the Boards. Pat is employed by Cerny and Assoc. in Minneapolis. Pat helped Mr. Cerny with the Serra Club's Convention on Vocations.

Universal Notre Dame Night '64 was observed by Twin City alumni on April 22. Over 120 members and wives gathered in the Ballroom of the Capp-Towers Hotel in Minneapolis for the annual affair. In keeping with the nation-wide theme, and in recognition of their contributions to the local academic community, a number of Notre Dame alumni who are extending the tradition of great teaching in Minnesota were introduced and justly honored by those assembled. In addition, the academic representatives of St. Thomas College, St. Catherine's College and St. John's University in the Twin City area were invited to join the ND crowd for the dinner and the address by DR. GEORGE N. SHUSTER, assistant to Fr. Hesburgh, Dr. Shuster's excellent talk provided a good picture of the road in quest of "Academic Excellence" at the University.

Inis year the theme was "Extending The Tradition of Great Teaching." In line with the theme for the Night and because of the ever increasing importance of higher education to our nation in these days of swiftly changing and complex problems at home and abroad, it was our desire to honor America's outstanding educators, especially those with the added responsibility of heading institutions and providing educational leadership in the city that is the seat of our Government. We presented a Notre Dame Award of Merit to the presidents of the following five major universities located in Washington: Dr. Hurst R. Anderson, American U.; Msgr. William J. McDonald, Catholic U. of America; Rev. Edward B. Bunn SJ, Georgetown U.; Dr. Thomas H. Carroll, George Washington U.; and Dr. James M. Nabrit Jr., Howard U.

As our speaker for the evening we were honored to have Gen. Alfred M. Gruenther, president of the American National Red Cross. General Gruenther is truly an outstanding Catholic and also the recipient of the Notre Dame Laetare Medal in 1036

REV. THOMAS J. O'DONNELL CSC, Associate director of the Notre Dame Foundation and director of the Notre Dame Library Assn., represented the University.

Universal Notre Dame Night also gave us the opportunity to present the Notre Dame Man of the Year Award, along with the officers for the coming year. (Story next issue.)

#### REASON FOR CONCERN

The inordinate number of obituaries in this issue is partially due to a backlog of death notices stimulated by the recent resumption of direct mail, but it also represents a steadily increasing toll of alumni in recent years.

Although most of the beloved departed mentioned here were acutely aware of the University's influence on their lives and extremely generous in their gifts and service to Notre Dame while they were alive, few were prepared to extend that help beyond their lifetimes through prudent disposition of their estates. If you have thought about providing for your loved ones and your University hereafter, you should consult your lawyer, trust officer or in-surance counselor. Or for information on the various areas of estate planning, you may write to: Frank G. Kelly, Notre Dame Foundation, Notre Dame, Ind. 46556.

## **50-YEAR CLUB**

In January, after the forms were locked up on this column for the Feb.-March issue, the death of FR. THOMAS E. BURKE CSC '07 was mourned around the nation - nowhere more profoundly than in the Chicago Tribune, where the initials TEB were attached to light verse in the "Wake of the News" column for about 50 years. The Trib printed a lengthy sampler of Father Tom's more celebrated poems, including "In Ballymore,"
"No Time," and "The Good Thief," selected "No Time," and "The Good Thief," selected by the column's current custodian, DAVE CON-DON '45. The South Bend Tribune sports editor, JOE DOYLE '49, devoted his column to TEB's lilting tribute to the great backets." lilting tribute to the great basketball-track-football-coaching triumvirate, "Keogan and Nick and Rock." Fr. Tom joins his equally famous brother, FR. EUGENE BURKE, the minstrel of Sorin Hall, who died a year ago.

Word also arrived in late January on the death of a prolific contributor to these pages. In an old journalistic tradition he wrote his own obituary back in 1958, and it was received in this form from the executor of his estate, the Liberty Trust

Co. of Cumberland, Md.:
"Word has reached the ALUMNUS of the recent death of PAUL R. MARTIN-DILLON '09. Better known on the campus by the shorter form of his name, PAUL MARTIN, he was one of the last survivors of the group known as 'Notre Dame Lifers.' He entered the old preparatory school as Lilers.' He entered the old preparatory school as a student in Carroll Hall at the age of 14, and continued on through college. In later years he did graduate work at Loyola University, Chicago, and held the degrees of Bachelor of Philosophy and Master of Arts in Sociology.

Likewise of Sister Ligouri Dillon CSC, which was the control of the Union CSC, which was the Union CSC a pioneer nun at St. Mary's. Many of his relatives were students at Notre Dame or St. Mary's. His sole survivors are cousins living in the United States and Ireland."

Sympathy to the survivors of these two prolific authors and also to those of other semicentenarians authors and also to those of other semicentenarians reported deceased in recent months, not quite so articulate perhaps, but just as loyal Notre Dame men: FRS. The Venezianis ages to visit the campus annually. The veneziants have two daughters, seven grandchildren and at least one great-grandchild. A picture of their Golden Jubilee "anniversary waltz" in the Long Island Star-Journal shows them looking like a couple at the Sophomore Cotillion. Hope Lou will permit us to borrow it for the next issue.

#### CONFIDENTIAL MEMO

To: ND Class of 1914 Subject: Golden Jubilee REUNION

Weekend — June 12-13-14 1 9 6 4

Walter L. Clements Tower Building South Bend, Ind.

FRANCES P. MULCAHY was not inappropriately called "Caesar" by his classmates of '14 and other friends of his younger days, for in 1946 he was retired with the rank of Lt. General of the US Marine Aviation Corps. He wants to return to attend our 50th Reunion. Commissioned 2nd Lt. in the US Marine Corps in June of 1917 on recomin the US Marine Corps in June of the University, then FR. JOHN W. CAVANAUGH, he was ordered to flight training in October, 1917. From dered to flight training in October, 1917. From that time he served continuously in Marine Corps aviation until retirement. He sailed for France with the 1st Marine Aviation Force in July, 1918, and because of lack of airplanes he flew with the 218th Squadron, Royal Air Force, in September and October bombing operations against German targets

After WW I he served at various stations in the US and in Haiti, Santo Domingo and Nicaragua. He graduated from US Army Command and General Staff School in 1929 and from the Naval War College in 1936. He was an instructor for Marine

Corps Schools in 1929-31.

In WW II Gen. Mulcahy served as observer with the RAF in Egypt and Libya from 1941 to 1942. He commanded all the Allied air forces at Guadalanal from 1942 to the final capture of the island in February, 1943; then New Georgia air forces in the capture of Munda and in operations from that area from July to September, 1942. He commanded the Tactical Air Force, 10th Army, from the initial landing through the major portion of the Okinawa Campaign, April to June, 1945. He was promoted to Brigadier General in September, 1942, and to Major General in February. the RAF in Egypt and Libya from 1941 to 1942.

tember, 1942, and to Major General in February, 1944. He retired because of physical disability on April 1, 1946, and was advanced to Lt. General by reason of combat decoration in WW I.

He then received an LLB degree from California Western U. in June, 1952, and was admitted to the California Bar in July, 1954, but he never engaged active practice. active practice.

He was married to Elizabeth Bertrand of St. Martinville, La., in November, 1934. They have startistic, La., in November, 1997. Iney have two children: Thomas, graduated from ND with an AB (cum laude) in 1958, and BMus., in absentia, in 1959; and Patricia graduated from San Diego College for Women (Religious of Sacred Heart) with an AB in 1959.

Now when you meet the General as he comes back for his Fiftieth Reunion, don't hesitate to call him "Caesar" as you did long ago. It brings back memories of his youth — and he likes it.

From the Alumni Office:

On Feb. 18, just after he had filed the copy Chove, Secretary WALTER CLEMENTS suffered the sudden loss of his beloved wife, Loretta Doran Clements. Sincerest sympathy and prayers of the Alumni Assn. are sent to Walter and his children, including WALTER JR. '51 and BILL CLEMENTS

Class Secretary Clements has not let his bereavement curtail his activities on behalf of '14 on the eve of the Golden Jubilee Reunion, June 12-14, so please heed his letters and help to make this the largest 50th anniversary turnout the campus has

As if in honor of the Golden Jubilee, this is the year of the greatest tributes to the late great KNUTE ROCKNE since the death of the '14 Class' most famous member in 1931. Recently the Chicago most famous member in 1931. Recently the Chicago Tribune printed nearly a full-page feature on "Rock" by sportscribe Paul Gallico as one of the G'Golden People of a Golden Decade in Sports." And this past spring's 23rd Annual Rockne Memorial Communion Breakfast of the St. Joseph Valley alumni, addressed by such as HARRY STUHLDREHER '25, MOOSE KRAUSE '34 and Rock's successor ARA PARSEGHIAN, was the biggest event in many years. Finally, the entire ND gest event in many years. Finally, the entire ND alumni body will celebrate "Rock Day" July 5 at ammin body will celebrate "Rock Day" July 5 at the famed resort of Cedar Point, O., "Disneyland of the Midwest," where the Rockne-Dorais pass play was developed—part of Notre Dame Week, the entire July 4 week at the Point.

Leading the festivities, of course, will be RAY MILLER, dean of the Miller Clan, all of whom lifeguarded like Rock and GUS DORAIS at the Point. Seattle's JOE WALSH was the first to call attention to omission of Ray's name on the '14 content of the man of the description of t class' secretary. Ray has been switched back to the Class with which he received his LL.B.

Joe was also first to spot the clerical error where-by the late Secretary RON O'NEILL was listed among the living. This was a "felix culpa" to the extent that Ron will loom large in spirit June

The Reunion Chaplain will be FR. SALVATORE FANELLI CSC. Father Sal had a large picture in the South Bend Tribune recently when he officiated in the opening of the cornerstone of his own St. Joseph Church, erected in 1881 and razed re-

#### Albert A. Kuhle 117 South Sunset Ave. La Grange, Ill.

A response to a Christmas card addressed to REV. CHARLES L. DOREMUS CSC brought news that he had been confined in the infirmary for five weeks including the holidays. He returned to Corby early in January feeling much better. Mrs. Kuhle and I had a very pleasant visit with him on March 16 and found him in good spirits. We are indeed grateful to him for escorting us on a visit to Sacred Heart Church and the tomb of His Eminence JOHN F. O'HARA, formerly president of the University; Bishop at Rochester, New York; Arch-bishop and finally Cardinal of Philadelphia. It was my happy privilege to have known him while he was a student residing in Old College. My brother HENRY J. KUHLE JR. was also housed there so I made frequent visits there.

Many if not all the students from 1911 through 1915 will remember ALVIN H. "HEINE" BERGER who was a regular on the Notre Dame Football squad during those years. In a note from McAllen, Tex., where he spent part of the winter, he said he had learned about my operation from the Feb. - March issue and expressed hope that I would be at our Golden Anniversary Reunion of the Class of 1915. If the way I feel now is any indication I'll surely be there to meet, I hope, all the liv-

ing members of our Class.

BOB ROACH (Robert L. Roach), president of the Class of 1915 is a regular correspondent and early in March acknowledged receiving my greeting on his birthday, Feb. 27. It was indeed good news that both he and Mrs. Roach are improving in health. He appreciated learning about Father Doremus and said he would send him a note. Since he is one of the very few priests of our time other members of our Class may also want to drop him a note.

Because of an incorrect address my letter of last Sept. 15 to JOSEPH J. HEALY was returned unclaimed. Eventually reached, Joe wrote: "I am

looking forward to 1965 and, the good Lord perlooking forward to 1905 and, the good Lord permitting, will be on hand at ND for that auspicious occasion." His current address is 2501 Castlewood Dr., Sacramento, Calif. 95821.

As secretary of the Class of 1915, I am still very anxious to hear from other members of our

Hi, Ole Timer. Sorry to report that we have lost two of our classmates. DANIEL F. McGLYNN JR., LLB '18, died Dec. 20, 1963. CHARLES P. DUTRIEUX '18 passed away Feb. 6, 1964. JAMES E. ARMSTRONG, Alumni Secy., so informed your secy. stating that a letter had been forwarded to each family — quoting in part: "Our Mass will be offered by FR. THOMAS J. O'DONNELL CSC as the most significant and appropriate condelence on the passing of a member of the Notre dolence on the passing of a member of the Notre

Your secy, also forwarded a note of sincere sympathy to both families — and assured them that both Dan and Charlie will be missed and well remembered by their classmates this June — as well as at our GOLDEN JUBILEE Reunion in 1968. Comdr. CHAS. CALL, our president, will beyond a doubt see that proper and appropriate action will reverently be taken in their memory.

This grief brings to our mind the thought about that little white paper you will leave behind. It is known that "BIG FRANK" RYDZEWSKI and also BILL BRADBURY will have ND remembered in their last testaments.

The committee on wills has suggested that WALTER MILLER leave a block of Cleveland and that ERNIE "STUFFIE" BURKE remember ND with a lot from the Loop in Orlando, Fla. No foolin', "Ye Ole Timers," this is not a "Drive" - this comes from one's heart, and that white

Your turn will be next. The reason for having you see 'em is to give me an opportunity of writing you and hoping thereby to whet your interest in returning to the campus this June. Had lunch at the Morris Inn with JIM ARM-STRONG and JOHN LAUGHLIN. Need I add that I had a most enjoyable time? Showed the slides and was pleased that so much interest was expressed is seeing 'em. Jim A. could not stay as he was "off" in the air going places — plus having a head full of thoughts about his trip to Hawaii.

Our best wishes go with him.

JOHN A. LEMMER states that he went to Fla. last fall to see Orange Bowl activities, intending to stay ten days, and stayed two months playing golf four times a week. Proves John is enjoying

Theodore C. Rademaker Peru Foundry Co. Peru, Ind.

From the Alumni Office:

Old reliable PAUL FENLON and MAURIE CARROLL were on hand for the National Alumni Board Reunion in February, raising comment that such a small class as '19 can be represented by two such sterling characters.

On the eve of the 45th it seems that these two practically constitute the Class — except for the occasional appearance of busy Secretary TED RADEMAKER and the reminiscences of crudite GEORGE HALLER. How about some of you other Nineteeners coming out of the bushes as a dre-rehearsal for the Golden Jubilee? You, LOI FINSKE, so active in alumni clubs and the theater business down in Florida, and you FRANK SWEENEY of South Bend's Holiday Inn, father of an alumnus and a former ND Club president. There are many others and you all know who they are, so come!

note with a great deal of pleasure that JOE TILLMAN has retired to Florida.

JOE TOOLEN, who followed us out by a year or so, is now at Cape Kennedy. I am sure he would be open for a golf game if anyone was so inclined.

I have not heard from JOE BRANDY or LEO KELLEY or CHARLIE DAVIS lately. I wanted to have a word from them for this issue.

Governor Otto Koerner of Illinois was in our town a couple of weeks ago. We got to talking about ROG KILEY and the Governor was most high in his praise of our fine Judge.

Since your scribe rendered his last formal report of activities of men of '22, some of our finest class mates have been summoned by God to further aug-ment our group in Heaven. It is probably the greatest exodus of '22 men from earth for so brief a period since we have existed as a class. Here are the names of the grand men who have died, together with the dates of their demise, and names of their home cities: JAMES L. DEERING, Nashville, Dec. 23; R. FREDERICK GLUECKERT, Arlington Heights, Ill., Dec. 21; JAMES BARRY, HOLTON, Dallas, Feb. 14; WALTER E. KLAUER, Debates 1841, 1842, 1844, 1 Dubuque, Feb. 14; BERNARD J. McCAFFERY, South Bend, Dec. 27. Please do remember all in your prayers, also their loved ones still on earth. It is to be regretted that we cannot tell you

all about the very recent business and social activities of the aforementioned. We do earnestly invite '22 men, who can furnish such information to do so. All in the St. Joe Valley were friends of Bernie McCaffery. The February-March issue of the ALUMNUS gave detailed information about him. Barry Wolton for many years was executive assistant to the president of Southern Methodist University in Dallas, and was an officer in Naval Aviation Reserve dating back to WW I. Walter Klauer was an executive of the Klauer Mfg. Co. of Dubases Laws

of Dubuque, Iowa.

Did you know that thus far there are 24 men in the professional football Hall of Fame and that two of these names are on your class roster — EARL L. (CURLY) LAMBEAU, a co-founder of the Green Bay Packers, and GEORGE TRAFTON, the Green Bay rackers, and GEURUE IRATION, a very stalwart and colorful center with the Chicago Bears from 1920 to 1932? According to the Chicago Tribune, George was the first pivot man to rove on defense and also the first to snap the ball with one hand. We had thought the last mentioned honor properly belonged to "OJAY" LARSON, at least, as far as football at NYD: ND is concerned. Curly Lambeau was enshrined in the pro Hall of Fame as one of 17 charter members last year. Trafton is one of seven additional men named in February. Our congratulations and best wishes to Curly and George, and a special salute to "Ojay" Larson.

VINCE HANRAHAN was in New York for the Syracuse game. He saw a classmate, HON. JAMES MURPHY and wife from Bridgeport, Conn., and contacted BILL MURPHY and JUDD HYLAND by telephone. Vince retired from U.S. government by telephone. Vince retired from U.S. government service in November. The Hanrahans have four grandchildren. They reside at 3712 Stewart Dr., Chevy Chase 15, Md. The FRANK BLOEMERs of Louisville also were in New York for that game. Mildred Stuhldreher, widow of our beloved deceased WALTER J. STUHLDREHER, writes: "Best of greetings from all the Stuhldrehers. My grandmother bracelet is getting heavier — 11 grand-children, and two more expected in the spring.

children, and two more expected in the spring—
and oldest is 6. I am still enjoying teaching.
It is a challenge— keeping me busy during the
winter months, but always I look forward to

summer and golf."

Kathy and FRANK CONNELLY of 859 Hugo of San Mateo, Calif., visited their old home town of San Mateo, Calif., late in '63. While there they had a dinner visit with JERRY JONES, llene Byrne, widow of our dear deceased EDWIN J. BYRNE, spent last summer in Ireland and the Holy Land. The A. HAROLD WEBERs of Diamond Lake, Mich., and South Bend report seeing PAUL McDERMOTT, now of Florida, who was up north for the Navy game. Also, the Webers had nice visits with Margaretta and JACK HIGGINS Birmingham, Mich.

We are indebted to DAN YOUNG for some most welcome information about BILL POWERS. It is reported that Bill did a short stint in industry before deciding on the teaching profession. He taught at Alliance College for 19 years be-fore going to Pennsylvania State U., where cur-rently he is associate dean of the College of Science. A daughter, Sylvia, lives at 547 Hilaire Rd., in St. Davids, Pa. Her husband is an editor for the Philadelphia Bulletin.

Phyllis Henghan widow of our dear deceased DEORGE P. writes: "This has been a very eventful year (1963) for us, I visited son, Jim, and family in New Orleans three times. Jim gave two talks on his germfree study field — one in Boston and one in Los Angeles, He is hoping that his Louisiana State U. will receive a substantial grant from NIH for germfree studies."

At the First General Reunion of present and past members of the National Board of Directors of the Alumni Association, held on the Campus Jan, 30 thru Feb. 2., our class made a fine showing. Those attending were: J. RALPH CORYN, JOHN HIGGINS, CLARENCE MANION, JOSEPH R. STEWART, DR. MATTHEW WEIS and your secretary. Others who found it impossible to attend included EDWARD B. JIM WHEELER, who has been affiliated with the Essential Chemicals Corp. of Milwaukee for many years, is taking it a lot easier with Jim Jr. running the business. The son is a graduate of the US Naval Academy. Papa Jim writes: "I shall be happy to be included in the Class of '22, which actually is my adopted class having lost one year in WW I. Give my regards to all the boys."

There is considerable activity in our I ravel Department. Before Easter Loretta and DAN YOUNG were touring around Africa. They first reported in from Walvis Bay, South West Africa, (Feb. 23) and later from Victoria Falls, South Rhodesia, (March 16) and still ahead of them, hey were anticipating visits to the Wanki Game Reserve, Kariba Dam, Salisburg (the capital) Beira, Mombasa, and possibly the Aswan Dam on the Nile. Later in April, Margaretta and JACK HIG-GINS started on a European trip. As yet, we do not have a complete report of all who expect to attend the World Fair in New York.

From the Alumni Office:

LEO J. LOVETT of Summitt, N.J., formerly of South Bend, has retired as manager of woodworking engineering services for the Singer Co. after 41 years with the firm, most recently in New York.

JIM CROWLEY '25 (left) received the annual Touchdown Club award from classmate George Vergara, president of the New York organization, at a January dinner. Hugh Devore also received the first award memorializing Joseph Byrne Jr. '15 from Joseph M. Byrne III '47.

Leo joined Singer in the South Bend plant after graduation and seven years later was named assistant superintendent of engineering in South Bend, becoming superintendent in 1937. He advanced through several superintendencies to the executive offices in 1954. With a married son and granddaughter, the Lovetts plan to make their home in Southern Michigan.

News, other than that of bereavements, remains at an abated pace at the '23 secretariat, due partly to something of a letdown following our 40th reunion last summer, and partly to seasonal distractions of the secretary.

EDWARD G. DeGREE, Detroit, Mich., died

EDWARD G. DeGREE, Detroit, Mich., died early in March according to word from the Alumui Office. The exact date and the cause of death are not known here. Ed served as assistant football coach for a time under JIMMY PHELAN at Purdue and later as line coach under GUS DORAIS at Detroit University. He was variously assistant U.S. district attorney at Detroit and in private practice in Detroit until his death. His widow, Mella DeGree, lives at 172 Lewiston, Grosse Pointe, Mich.

C. A. "TIM" RAUH '24, well-known for his attendance at Class of '23 reunions with his brother WALTER I. RAUH '23, passed away January 24. Because of his association with us at the reunions, his passing is of more than ordinary interest. His son, TIMOTHY J. RAUH, is a member of the 1955 Class.

In a letter from LYLE E. MILLER in January, I received a message for "our dear classmates that it's safe to come through old Vincennes, for if I can't get them out of jail, I can at least go down and have a visit with them." Lyle was named president of the Knox County Bar Assn. and also county attorney for that area of Indiana, he reported.

EUGENE G. FARRELL '28 Boosting Brotherhood, a Catalytic Editor

Eugene Farrell, editor of The Jersey Journal, Jersey City, N.J., has received the annual Americanization Citation Brotherhood Award from B'nai B'rith. Gene was described at the formal presentatation as "the catalyst who brought together the various elements in this city.7

The citation notes that in his 35 years as a newspaperman Gene Farrell has been the editor or a ranking editor on five Newhouse newspapers, and points to accomplishments in each of the cities where he worked.

Among the specific advances "made in no small part because of his editorial efforts" are the Long Island parkway system and Queens College (while at the Long Island

Daily Press and the Long Island Star-Journal); expansion and development of the airport and shipping port at Newarls (while at the Newark Star-Ledger), and a new bridge and zoning ordinances to protect Harrisburg's residential areas (while at the Harrisburg, Pa., Patriot and Evening News, where he was the editor at the founding of the Sunday Patriot-News).

Particular tribute is paid in the citation to Gene's work in easing Jersey City tensions over civil rights issues last summer by bringing together the city administration and the leaders of the NAACP. It also mentions his calm treatment several years ago of Fathe. Divine's purchase of a Jersey City hotel at a time when wild rumors were alarming many citizens.

Gene was one of the first to do something positive about assisting understanding of and by the heavy influx of Puerto Rican families into the metropolitan area. He got Rev. William Faulkner, S.J., head of the city's Spanish Center, to write a column which has become a popular regular newspaper feature.

The editor served twice last year at the appointment of Mayor Thomas Gangemi, as Jersey City's "ambassador," first to Ireland and then to Italy. On both assignments he met the heads of the states' and major cities' governments. Both times he escorted to this country the dignitaries who were to head up the city's St. Patrick's Day and Columbus Day parades (each of which attracted 250,000 watchers). His reappointment as the city's ambassador to Ireland for this year's celebration was announced this spring by Mayor Thomas Whelan.

His frequent assistance to Protestant, Catholic and Jewish undertakings is mentioned in the citation which concludes with this paragraph:

"There can be no civic pride nor civic morality nor civic progress where there is no feeling of brotherhood. Day in and day out over the 12 years he has been in Jersey City, this man's newspaper has preached the gospel of brotherhood, of cooperative living together, of neighborliness."

I regret to report the deaths of the wives of tree classmates: AL GURY, LESTER HEGELE three classmates: and BOB BANNON.

It is a pleasure to announce a marriage for a change. BILL KIRWAN called me from Iowa City in February and introduced me to his prospective wife. They were married before Lent. They visited Mexico on their wedding trip. Bill mentioned that JOE LANGTON sat behind him at a show in Chicago when Bill was there for the Furniture Convention. Bill also reported that JOE BRANNON, who retired from Sears recently, is now with Mont-

gomery Ward. FATHER JIM McSHANE SJ writes that VINCE WALSH met BILL KIRWAN in Mexid co. Father Jim is still in Honduras and is interested in starting a vocational school there. I had a card from VINCE CARNEY in Mexico, where he re-turned after 25 years to the scene of his honeymoon. Vince will be our first World Fair guest this spring. FRANK DONOVAN writes from Scottsdale, Ariz., where he is vacationing, that he will also be visiting

While in Jersey City on a speaking engagement in March, I found that EUGENE FARRELL, editor of The Jersey Journal, was in Ireland on his third transatlantic jaunt as "Jersey City's goodwill ambassador." He participated in the St. Parick's parade in Dublin. I was pleased to hear that GENE FARRELL was awarded the B'nai B'rith 1963 Brotherhood Award for that area because of his work in bringing together city administration and leaders of the Negro community for the establishment of a Civil Rights Committee for Human Dignity.

Due to speaking engagements in the Virgin Islands and before the American Management Asso-ciation in New York, I was unable to attend the reunion of past members of the Board of the ND Alumni Association. TOM BYRNE, PAT CANNY and JOE MORRISSEY represented the Class of '28 at the affair. The other '28 former Board member, Judge BILL JONES, was unable to attend because of court commitments. TOM BYRNE called me from Cleveland reporting on the meeting. has a married daughter living near me. JOE MOR-RISEY also reported on the meeting and advised

I just received from DICK QUINLAN the sad news of the death of BOB MOHLMAN'S wife in Lafayette, Ind., on March 17. Bob has two daughters and two sons. I was also sorry to hear of the death of DICK QUINLAN'S brother in Kansas City in November. I regret also to have to report the death of the daughter of RAY LUSSON, Sister Geralyn Marie BVM in Dubuque, Iowa. Sister was ordays Mater of Mundelein College and had entered the Sisters of Charity in 1962. She made her pro-fession of vows on January 16, 1964, less than three weeks before her death.

JOE HILGER sent me some excellent pictures which he took at our class get-together last year. JOE BREIG has advised he hopes to attend our October 17 get-together.

I regret to have to report the unexpected death of ROY A. WORDEN following a heart attack in

South Bend on March 19. Roy had taught architecture at ND for the last three years. As head of the Roy A. Worden architectural firm in South Bend, he designed the South Bend-Mishawaka Campus of Indiana University. His firm won first prize from the Indiana Society of Architects for the design of the St. Joseph County Airport. Roy was a longtime member and former chairman of the South Bend City Planning Commission and had served three terms on the Indiana State Architect Registration Board. Roy is survived by his wife and three sons, two of whom are students at Purdue University, and two daughters. Many of our classmates will remember Roy's hospitality at our 30th reunion, when he entertained them in his new contemporary home which he had designed. JOSEPH V. LENIHAN '29 For F.&S. and F.S.C., a New Vintage

Joseph V. Lenihan has been elected vicepresident of Fromm and Sichel, Inc., of New York and San Francisco, worldwide sales agents for the famous Christian Brothers Wines and Brandy, which originates in the vineyards of the Christian Brothers of California. Formerly assistant vice president, Mr. Lenihan joined the firm in 1946 after five years' active duty in the Navy. Prior to his World War II service, as a Lt. Commander, Joe had been associated with Bankers Trust Co. of New York. He holds an M.B.A. degree from the Graduate School of Business Administration of N.Y.U.

Recently he was honored with membership in Familiares Scholarum Christianarum, which is a group of distinguished business and professional men who serve in an advisory capacity to the Long Island-New England Province of the Christian Brothers.

Vice-presidency of the Class of '29, former membership on the Board of Governors of the Notre Dame Club of New York and charter membership in the newly formed Jersey Shore Club are some of Joe's alumni activities. He has also served as a volunteer with the ND Foundation and has been a member of the alumni committee on prep school relations for the past 10 years.

Other organizations and causes with which Joe is active include: the Cardinal's Committee of the Laity, Archdiocese of New York; Christian Brothers Academy, Lin-croft, N.J. (Board of Governors); the Catholic Actors Guild of America (Advisory Board); the Naval Order of the United States; the Spanish Institute; the Friendly Sons of Saint Patrick; the Franz W. Sichel Foundation (trustee and treasurer); the Shrewsbury Sailing and Yacht Club, Oceanport, N.J.; the Seabright Lawn Tennis and Cricket Club, Rumson, N.J.; and the Deal Golf and Country Club, Deal, N.J.

Originally a New Yorker, Joe now commutes to his office at 375 Park Avenue from his home in Rumson, N.J., where he resides with his wife Dolores and daughter Nancy. Another daughter, Sharon — now Mrs. J. F. Shine, Jr., of Manchester, N.H. - attended St. Mary's. Dolores is an alumna of the College of New Rochelle and a sister of Joe Friel '29 and Jim Friel '30.

JOHN P. O'NEILL '29 Wheel in architecture, spoke in Spokane

"Blending the new and the old in a sort of architectural family relationship" is the secret of John O'Neill's popularity as a church architect in the Northwest. With four parish buildings erected in January, his designs have included dozens of churches, schools, hospitals, chapels, halls, convents and gymnasia over the past 17 years in Washington, Oregon and Idaho.

After ND John worked in Chicago, South Bend, Washington, Detroit and Springfield architectural offices (his first assignment was a Jewish synagogue) and served on the archeological staff of the Carnegie Institution of Washington in Mexico and Central America, Married in 1936 to Mary Lou Maginnis (a graduate of Duchesne College). he also directed architectural surveys for the US Dept. of Interior and served on the Second Inaugural Committee for Franklin D. Roosevelt. Designing antiaircraft and airfield installations for the Navy during World War II, he founded his own firm for the general practice of architecture in Spokane in 1947.

John is a past president of the Serra and Notre Dame Clubs of Spokane, a past director of the Spokane Construction Council, and recently served as president of the Greater Spokane Music and Allied Arts

Eldest son John, ND '59, was the winner of a Woodrow Wilson Fellowship to Stanford University. He is now completing his doctoral dissertation and sharing preschool care of two O'Neill granddaughters and a grandson. Son Michael, completing theology while writing for Catholic publications at the Theological College of Catholic University, expected to be ordained in the Spokane Diocese in May. And daughter Nancy, a senior music major and instructor at Indiana University, planned to graduate in Tune.

Greetings again to the Class of 1931. My apologies for having missed the December issue of the ALUMNUS, but this must indicate to our class-mates that I need your help from time to time to provide an interesting and newsy column on our activities. Since moving to the West Coast I am unable to maintain personal contacts at campus events which were a source of regular news. ASHE made an extended tour to Europe and Africa late last year and on his return managed to spend some time in Rochester, N.Y., his home town. He tried to reach JOHN DORSCHEL but was unsuccessful. GIL SEAMAN wrote me on his return from Florida and decided that he should have come to California where he could have enjoyed some delightful spring weather. Gil is enjoying good health again and is one of my faithful Chicago correspondents. He also mentioned that the RAY-MOND COLLINSES are now grandparents. Another news clipping from Chicago told of AL STEPAN being honored with a special invitation to join Pope Paul VI on his historic tour of Jerusalem during the Christmas season. JIM MUL-

IVAN R. WOLF '29 To Pittsburgh, a Veteran A & P Veep

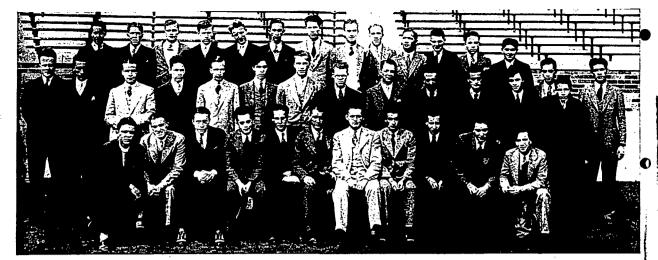

For the past five years, as A&P vicepresident and a director of the Central Division, with headquarters in Youngstown, Ohio, Ivan Wolf has been responsible for all supermarket operations in the Youngstown area, and in February he was appointed to head the Pittsburgh unit of the Great Atlantic & Pacific Tea Company. Under his Direction in the Central Division have been 700 stores and thousands of employees in the Cleveland - Buffalo - Altoona - Pittsburgh - Columbus - Youngstown sector.

Apt to drop in on stores anytime during working hours, Ivan is welcomed by managers for his merchandising ideas. He has been driving 30,000 miles a year covering the territory, checking not only his own company's outlets but those of the competition and rising shortly after 6 a.m. each morning.

A Youngstown native, he joined A&P shortly after graduation as an auditor for local stores and joined the sales department two years later. After several years he transferred to the stores and soon was managing two outlets. In 1937 he entered the purchasing department, soon was head buyer and in 1940 became merchandise manager, serving in that capacity for 18 years. In 1959 he was named general superintendent of the area operation, including all stores within an 80-mile radius of Youngstown. A few months later came his vice-presidency and directorship in the A&P Central Division, the last move before his recent promotion to Pittsburgh chief.

Before the move Ivan was active in the Youngstown Area Chamber of Commerce, the Bureau of Good Business Practices, the Area Development Foundation and the Ohio Chamber. He was a member of the Youngstown ND Club and a director of the local Red Cross chapter. He enjoys golf, travel, cooking and occasional bridge.

Mrs. Wolf, the former Irene Shea, died in 1961. There are four grown children three sons, Ivan Jr in Youngstown, Paul in Los Angeles and Peter in New Orleans (all in merchandising) and a married daughter, Julie, in Milwuakee - and four grandchildren. Ivan now lives at the Highland House, 5700 Bunker Hill, Pittsburgh.

MANAGER SQUAD functioning in 1930 with Rockne's last team included: (front row, from left) McKeon, Colville, Spangenberg, Ashe, Lauerman, Head Mgr. Halpin, Motsett, Balfe, Grams, Weiss, Ross; (middle row) Lewis, O'Brien, Murray, Greer, Noll, O'Keefe, Buhl, Fox, Fallon, Martin, Wirry Shinners, Baker; (top row) David, Mulvihill, LaSarge, McManus, McCormick, Goldberg, Von Becklin, Venables, Kotte, Quinn, Albertini, Murphy, Rubin, Sullivan, Hanley. Charlie Callahan contributed the picture to disprove the tradition that old-time football players are always remembered but no one ever remembers the managers.

VANEY was in town recently and phoned. He re-ports having visited with JOHNNIE BURNS in New York last November and promises to do better in providing me with news for our column.

The sad part of this news column is the reporting of deaths of our classmates. Word was received of the death of MICHAEL HALLIGAN during October at Denver, Colo. Mike was originally from Detroit and spent his freshman year in Howard Hall. ANDREW J. KATA, New Britain, Conn., died November 4, 1963. Andy was a doctor and had to miss our 1961 Reunion due to the birth of a daughter in their family. I remember receiving a wire from him regretting his inability to be on hand. The sympathy of the class is extended to their family. their families and please remember them in your prayers. FRANK HOLLAND's wife, Sadie, passed away last October after a short illness. Frank is living in Skokie, Ill., with his three children. I was in Chicago last September, but was unable to con-tact Frank at that time. Word has also been retact Frank at that time. Word has also been re-ceived from the Alumni Office of the death of the wife of ED LANGENFELD, New Holstein, Wis., who passed away in January. Our sympathy is extended to Frank and Ed.

Another faithful on the missing list is SPIKE SULLIVAN who used to keep me posted on TOM MONAHAN and others seen at campus football games. BILL BERNING writes regularly on acgames. BILL BERNING writes regularly on activities in Austin, Tex., which means BERT MALONEY who is the town's leading banker. Bill mentioned hearing from TEX BRIEGER, TERRY DILLON and HARRY KENNEDY, who is now living permanently in Hershey, Pa. Bill writes of his family and two lovely granddaughters. Many thanks for your regular news, Bill. I hope that many more will endeavor to follow your example. many more will endeavor to follow your example. I also hear regularly from Marie and JIM McQUAID and now owe them a letter. My best wishes to all the men of 1931. Please send news of any events you attend where classmates are present. It is only with your help that this column can be successful.

The following firsthand account of the Alaskan earthquake from JERRY RANSAVAGE: "Yvonne and I were spared anything grievous. We live in a frame structure that was tossed around, but we were fortunate that we did not even lose any

significant material things.
"I lived through the earthquakes of Helena, Mont., in '36 or '37, which were very bad, but the one of Friday afternoon here eclipsed anything experienced before. It was more than a minute of continuous quaking. In the interval there were about two very sharp jolts. The rest of the time it was like being tossed by stormy waves. We were about to leave the house for Good Friday services.

"By the time I inspected the gas apparatus and waterlines a fellow teacher arrived from the central city. It was she who told us of the awful damage that took place downtown. After that we had no light, water, gas. This teacher made me realize that the damage was tremendous. By the grace of God few people were downtown. Perhaps that accounts for the few deaths here.

In some places streets sank down 30 feet. In a fashionable residential area dwellings for several blocks fell into crevasses made by the earthquake. Roads have been made impassable by fissures. The Alaska R.R. has been paralyzed by their knocking out bridges, making deep holes under tracks. In Anchorage high-storied apartment houses and business houses and a hospital had to be evacuated immediately. Well, I could go on and on relating about the disaster that struck Anchorage, but by this time you no doubt are informed about the destruction even more than I am. However, most of the dwellings were substantially saved. I might add that a large high school and several elementary schools were irreparably damaged."

BILL LYNCH reported recently that MARTY LINSKEY's daughter, Rita Ann, who was grad-uated recently from Manhattanville College of the Sacred Heart at Purchase, N.Y., was married early in February; that LEO CUMMINGS had been visiting with DICK MEADE at his new home in California and that ED ECKERT had been in Florida recently on a winter holiday.

A committee has been set up to assist any members of our class who might be coming to New York for a visit to the World's Fair. BILL LYNCH and GEORGE ROHRS have both indicated their willingness to serve on such a committee along with myself. George Rohrs' address is 236 Park Hill Ave., Yonkers, N.Y., and Bill Lynch can be reached at 55 Oak Woodlands, White Plains, N.Y. During the period of the Fair I have asked that my office phone number be listed at the top of our column, along with my address.

A note from JOE FOLEY gives his new address as P.O. Box 1487, Quebec 2, P.Q.

FR. CLEVE CAREY has been transferred and is new address is 1050 East 163rd Street, Gardena, Calif.

DR. MAN J. FREEMAN is now located in Van Nuys, Calif. He is engaged in clinical and child psychology. As an outlet for his other talents, Max has now acquired a hobby as a landscape artist.

A nice note came in early in January from FR.
MAURICE POWERS, who is now stationed on the campus and has been recently appointed the Assistant Pastor of Sacred Heart Church of Notre Dame. He suggests that if any of us visit the campus we

stop by at the Presbytery and say hello.

A very interesting report is in circulation among the various urban renewal development agencies. which highlights the progress of land clearing and redevelopment in the St. Louis, Mo., area. These reports are a singular tribute to CHARLIE FAR-RIS, long-time executive director of the Redevelop-ment Authority in St. Louis. We all wish Charlie continuing success in his exciting work in this field. From the Alumni Office:

We received a letter from JOE CLARK saying that BOB BUTLER moved in at the Elks with him on a Thursday, and on Monday (July 22) when Joe returned to their suite about 4 p.m. he found that Bob had died shortly after he had left at 5 a.m. Bob had been awake and talked to him at that time. He sent the following note attached to his letter: "ROBERT WILLIAM BUTLER 1912-1963

CLASS OF '34, dominating the South Bend Challenge Night Basketball Banquet and tribute to retiring Coach Johnny Jordan, chose to make the multiple-purpose event an occasion to promote their 30th Anniversary Reunion in June. Prominent members included (from left): Bob Cahill, ticket manager and local chairman; Hugh Devore, assistant athletic director; Edward Krause, athletic director and Challenge II speaker; and Walt Kennedy, guest speaker and National Basketball Assn. czar.

"Death as it must come to all men, came to Robert William 'Butts' Butler on July 22, 1963 at Los Angeles when His Creator called him to his eternal reward.

"His demise was sudden - a heart attack for he died in his sleep.

"The last day of his life was a Sunday, That day he attended Holy Mass and 'hit the rail' (Notre Dame parlance).

"Therefore, he was prepared to meet his Maker, and Our Lady, The Mother of God.

"Bob was a rather handsome fellow with a ready smile and quick of wit. He was truly a real Notre Dame man in every sense of the word. He loved his fellowman, and he loved life.

"Invariably he met you with a smile and a cheery word.

"Interesting, he was wont to make those about him happy whether stranger or new-found friend. Singing was one of his fortes, as he loved to entertain.

"Conversationally he was most direct and to the point, for he was a good thinker and loved to express good thoughts on most any subject. Loving the opera, he could recall most of the operettas almost verbatim.

"In his speech, he never uttered a word but the finest for womanhood. This, then, was his finest attribute. He respected the ladies and felt they belonged on a pedestal.

"He served his country and gave his left arm for this experience. He was a solid citizen, good father, fine husband, and noble friend.

"His aims and ideals were always the highest, and while he perhaps did not achieve enormous fortune, nor great fame, it was not that he did not try, but his greatest legacy that he leaves is love for his fellowman.

"May God in His ineffable mercy grant him peace and a holy rest.

When you read this-after hunting all over for your glasses only to find you've had 'em on all the time—I will have made the great sacrifice as the class of 1938's ambassador to the Class of '39 Silver Anniversary reunion-just to make sure that some of you haven't stayed over from our frolic of a year ago, and to welcome those of you who might have been delayed en route or mistaken about the year. Then, too, since ours was the best reunion in the school's history, we'll give them the benefit of our advice.

Got four more questionnaires back, all from no-shows at the reunion. 1964

James N. Motschall Singer-Motschall Corp. 10090 West Chicago Detroit, Mich.

June 12, 13 and 14 should be key days in the lives of the men of Notre Dame and the Class of 1939. DAVE MESKILL, JOE HANNAN and I held our second meeting on Campus on March 13, to put the finishing touches on the arrangements we are making for all men of the Class of '39 who will attend our Silver Jubilee Reunion this

By now you will have received the brochure that your committee prepared telling you exactly what is going to happen on the campus during your reunion. We hope this has created a great desire for you to return, not only to see your fellow classmates, but to re-visit your favorite spots on the Campus as well as to see for the first time many of the new and beautiful buildings erected since you were last at Notre Dame.

Shortly thereafter you will have received the official application and invitation from the University to attend the reunion. Please fill this out immediately and return it to the campus.

On March 10, I received a very nice letter from JOHN GRIFFIN JR. of St. Louis, Mo., who not only informed me that he would attend the reunion, but bragged about the 100% attendance for all '39ers who live in or near St. Louis.

They are as follows: JOHN PAUL SULLIVAN, bunselor at law; JAMES C. WALSH, vice-president and treasurer of the May Co.; FRANK X. TULLY, general purchasing agent of Ralston Purina; and WILLIAM J. COSTIGAN, a leader in the Citizens for Educational Freedom. He also noted that in recent months he talked to JIM McGOLDRICK of New York and PHIL MALONEY of Washington, D.C., who indicated their intentions of being at the reunion also. He is hoping to see ROD TROUSDALE and "CHUB" HALL on campus.

Thank you for your nice note, John.

The man who probably lives furthest from the campus, JOE HARRINGTON of the Republic of Panama, wrote me the other day that he will lefinitely be at the reunion. In his letter he stated that he had dinner in Panama with JIM RAAF, our classmate, and ART KIRBY, also of Notre Dame. When Joe was in the States, he saw some of his good friends, such as BOB PICK, STEVE O'MEARA and MATT GONRING.

I was also very pleased to hear from TOM ZIEGLER of Pennsylvania. In his note he stated that all the Notre Dame men who live in the Pittsburgh area are definitely planning on being at our reunion.

Your committee headed by JOE HANNAN on the campus, as well as your officers, namely DAVE MESKILL and PAUL RICE of Chicago and yours truly, have been working exceptionally hard to make this reunion an outstanding one. We are planning special treats for everyone and I am sure that just being on the campus is worth any effort and any expense that you might have to incur to be there.

We are all anxious to visit with you and to rehash the good old days when we were all struggling through our classes 25 years ago.

See you at the bar.

From the Alumni Office:

JOE HANNAN was installed as chairman of the youth committee of a newly organized council of the Knights of Columbus in South Bend, Joe and his wife are cochairmen for arrangements for the annual meeting of the St. Joseph County Chapter of the Am. Red Cross.

MAURICE FRANK was elected second v-p of the South Bend Fair Employment Practices Comthission.

ED O'CONNOR has written another book entitled I Was Dancing. Hope you make a million in sales, Ed. It will also be produced as a Broadway play next fall.

AUGUST F. BOSSU JR. '39 In Cleveland, a Three-Letter Champ

When we spotlighted Toledo Coach Tom McHugh '54 in the Year End '63 issue, the proud young partisans of Cleveland's Augie Bossu lost no time pointing out that Toledo Central Catholic was not the first Catholic school to win the state football title in Ohio. In 1957 Benedictine High School was awarded undisputed possession of the Ohio state championship and Head Coach Bossu was named Ohio Scholastic Coach of the Year by the Cleveland Touchdown Club.

Augie began his 25-year coaching career at Notre Dame in 1939 after receiving his AB, coaching freshman football while taking graduate work. In 1940 he moved on to Mineola (N.Y.) High for a season before entering the Army in 1941 for a five-year hitch during World War II.

After military service, during which he coached football for two years at Fort Monmouth, N.J., Augie returned to grad school at Western Reserve and Stanford universities and married Florence Weinberger of Alameda, Calif., in 1946. In 1947 he won his master's degree in education at Stanford and began 17 years of teaching and coaching in Cleveland high schools.

In the past nine years as head coach of Benedictine, Augie has guided the Bengal gridders to one state championship, four city championships, one Cleveland co-championship and seven East Senate League titles. His teams have never finished lower than second in league standings, and he has compiled a Rockne-era over-all record of 70 victories, 18 defeats and four ties. As head baseball coach at Benedictine Augie has been equally impressive, piloting the Bengals to six championships and an over-all record of 174 wins against 41 losses.

In the family league Augie and Florence Bossu have also been champions with eight children ranging in age from 6 to 16, six girls and two boys.

DR. THOMAS P. BERGIN '45 Kellogg's Dean to Nourish Intellects

Notre Dame alumni can expect to be hearing from Dr. Tom Bergin, proposing a diet of "Special K" for intellectual nourishment and dispensing postgraduate breakfasts packed with educational vitamins at a new Kellogg Center.

Dr. Bergin has been named to a newly created post as dean of continuing education at the University, assuming his new duties in February. Father Hesburgh, who

made the appointment, said Tom will organize and direct the program of the new Center for Continuing Education, to be erected in about a year at the entrance to the campus, across Notre Dame Avenue from the Morris Inn. The new facilities will be underwritten by a grant of \$1,543,000 from the W. K. Kellogg Foundation of Battle Creek, Mich.

A native of Watertown, N.Y., and a member of the faculty since 1947, Tom has been serving as Jesse Jones professor of business administration and head of the department of business organization and management. After graduation as a business administration major at ND, he went on to obtain his master's degree from the University of Vermont and a doctorate from Syracuse.

The Center under Tom's direction, Father Hesburgh said, "will add an important new dimension to the University's total educational work." The building is being planned to accommodate a wide range of meetings of various sizes, conferences of learned societies and academic functions of every sort. The Center is expected to develop a continuing education program for the various potentials, needs and desires of Notre Dame's 35,000 alumni as well as community and professional groups.

Tom has conducted extensive industrial development research, particularly in the Southern states, and has been serving as a consultant to the Office of Planning and Research in the Area Redevelopment Administration of the Department of Commerce. He is in great demand as a speaker at industrial development meetings across the nation.

Married to the former Barbara Barrett of South Bend, Tom is the father of four children.

A few notes are at hand. One is from JIM SHEA in Nanuet, N.Y., who encloses a contribution to the class fund and reveals his four-year-old son

James Joseph has been joined—as of Dec. 6, 1963
—by a sister, Mary Katherine.
And here are a few key lines excerpted from a letter dated Feb. 16 by BROTHER IVAN DOLAN, CSC.: "... All my construction work is at a standstill. During the past few weeks I have done nothing but travel about from village to village and mission to mission, helping the people as much as

'School is supposed to open on Wednesday next. It will be interesting to see how many students show up. Not many left, I am afraid. . . During these hard times, say some special prayers for all of us over here. . ."

GLEANINGS

Following up the brief bulletin of the last issue, we can add a bit of detail to the SAM ADELO story: A news release from the Phillips Petroleum Co. in Bartlesville, Okla., identifies the nomadic Abdallah as a staff attorney in its legal department assigned to handle matters principally in connection

with the firm's overseas operations.

Although, as far as I know, the University never got around to honoring the late General of the Army Douglas A. MacArthur, we recall our com-mencement speaker was the great soldier-statesman's air commander, GEN. GEORGE C. KENNY. The latter appeared on Lowell Thomas's radio news program at the time of his old superior's death to appraise him as indeed "one of the all time greats" militarily, intellectually, and patriotically. Come to think of it, I believe the senior class chose him for its annual patriotism award in 1963, but since he was unable to attend campus exercises he was passed over in favor of someone else.

Most recent cross-country movers among us is PAT SMID, who has transferred residence from Denver, Colo., to Berkeley Heights, N.J. And BOB SHADE, who has been with Great Lakes Distributing 17 years, has been returned to South Bend from Fort Wayne; he and his wife are parents of a son, 13, and a daughter, 17.

Our athletic department is taking on a mid-'40's complexion with the import of JOHN RAY from John Carroll as defensive line coach; JOE YONTO from Notre Dame High School in Niles, Ill., as John's assistant; and the scrappy JOHNNY DEE from Denver to mastermind activities of our hardwood forces. Surely we all wish all of them, and the remainder of the football staff headed by ARA PARSEGHIAN, great success.

LEO J. BLATZ '47 Guided Missal Says Oil's Well in Africa

Father Mike Earley, St. Mary's College chaplain, aroused our curiosity when he asked us to return a Father Stedman Missal inscribed "Leo Blatz, Breen-Phillips" which had passed through several hands since being pulled out of the Pacific during World War II. Found in North Africa, Leo recalled having donated it to a service drive, but meanwhile he has been as well traveled as Father Stedman.

Leo's career since graduation in chemical engineering has been entirely with Standard Oil (N.J.) and its affiliates. The first 11 years were spent in process research and development ranging through catalytic cracking, fuels and lubricants, treating, synthetic rubber and processing sequences for new

refineries built in Europe after the war. He holds several patents based on this work, During this period he served a one-year term as secretary to the Esso Manufacturing Technical Committee, a group concerned with the exchange of technical information among various refineries around the world.

This led to a transfer to Esso International (formerly Esso Export) the international trading company for the Jersey interests. During the ensuing ten years Leo has become concerned with international sales and supply activities, including sales of tanker-load quantities of crude oil for nonassociated refineries and fuels for uses such as power plant or local reseller companies. This latter activity included a threeyear stint in London. After his return to New York, two years were spent in sales to the international shipping companies of both fuels and lubricants. At the time of transfer in September, 1963, to Libya his position was manager of coordination of Jersey's world-wide marine sales.

Leo's transfer to Libya as a director of the two principal Jersey affiliates in that country exposes him to two new and interesting facets - life in an Arab country and work in a company whose main interest is the production of crude oil. At the moment the Jersey interests are producing over 450,000 barrels of crude oil every day in Libya with a value in excess of a million dollars per day.

A native Indianapolitan, Leo is married to his senior prom date, the former Marthann Schaub, also from Indianapolis. The Blatzes have a daughter, Patti, in her sophomore year of nursing at Catholic University in Washington, D.C., and a son, John a sophomore at Notre Dame International School in Rome. Their youngest child, Christopher, born in England, is with them in Tripoli.

As far as outside interests are concerned, Leo says he's still a golfing "hacker," likes to play bridge and is a member of a committee to build an English-speaking parish

There are approximately 2,000 boys and girls here who are mentally retarded. At the institution we are concerned with their permanent care, training and rehabilitation. It's the old refrain from the ND Victory March 'what though the odds be great or small, mental retardation will win over all,' that helps keep the spirit up in this field where our kids at Mansfield 'ain't got it so good.'" I'm sure that Jim's many friends recognize the very challenging job that Jim has, and they are sure that he can be very proud of the part he is playing in helping all these children to overcome their handi-This is what he has to say: "I head the physical he can be very proute of the part he is praying in helping all these children to overcome their handi-caps. We wish you the best of luck, Jim, and we know that you must have a great feeling of ac-complishment as you see your efforts making life

a little bit better for those under your care.

At the U. of Rhode Island the head football coach At the U. of Rhode Island the head football coach happens to be JACK ZILLY, and he just completed his first year in the new job. We won't go into the record because we know Jack is "building" and it takes time. If it takes time at ND it certainly can take time elsewhere. One of the members of the team is JIM MELLO JR., who is members of the team is JIM MELLO JR., who is a sophomore halfback and did the punting. Jim's father was quite a fullback for ND when we had some great teams in '42, '43 and '46, and although that was 20 years ago the old fullback says he can beat the young halfback in a wind sprint—provided it is short. Maybe 10 or 15 years we presume it is short. Maybe 10 or 15 yards, we presume.

Had a nice letter from STEVE VALETICH, who

is a civilian employee of the Department of the Army. After having had a tour of duty in Washing-

ton he has been reassigned to Munich, Germany. Before going there he was living in Vienna (Va). Steve is in Munich with his wife Natalie and their tree children. For the members of the Class of '48 who didn't get to see Germany, Steve says it is most enjoyable in the area where he is living. Anyone wanting to get firsthand tourist informa-tion can reach Steve at USA Tech. Eval. Detach., APO 407, New York, N.Y.

Many of the members of the Class of '48 will remember J. D. USINA, who started back in '42 and via the ROTC graduated in the Class of '45. In the year-end issue of the ALUMNUS we were pleased to see that Commander Usina has got himself a nice boat known as the USS Mitscher, of which he is the commanding officer. "JD" is a of which he is the commanding officer. "JD" is a real nice guy and we know that the Mitscher under is command will always be "shipshape." I read the New York Times recently where RICHARD "DICK" DIGAN was appointed executive vice-president of John T. Clark & Son of Boston and Baltimore a structure of the comments of the comments. Baltimore, a stevedoring and terminal operating company. Dick will be responsible for all business

company. Dick will be responsible for all business emanating from the New York area.

Our old friend TOM HERBERT, better known as "Honest Tom," wrote a very interesting letter in his own inimitable style. Reading Tom's letters, one never knows whether to laugh or cry. Tom begins his manifest that the style of the st begins by saying that he wants the Class of 48 to forgive him for not sending his customary Christmas card to all. The year 1963 was a big Tom, his family, his relatives, year for Tom, his family, his relatives, etc., so Tom couldn't get around to sending over 1,300 cards he usually does. Some of the big events that took place were his opening of a new furniture store in Auburn, N.Y., with his brother JACK HERBERT '54; moving into a bigger home because of the arrival of the heir, little Tom, who is Number One Son and who has three sisters; plus Tom's having to go to New York for the Syracuse Tom's having to go to New York for the Syracuse debacle. So all these events kept Tom from attending the Reunion and sending Christmas cards. We forgive you, Tom, because we know that besides being an actor you are also a producer. Tom says he would like to hear from DAN HESTER, and when you write, Dan, please put your return address on the letter!

AI, LaMERE writes that the information I had about him in the last issue was about four years old. That goes to show you the labor a class secretary undergoes trying to scratch up data about people to get a few words in print. Al tells us hat after leaving ND he went to Northwestern and got his master's in business administration, taught at St. Joseph's College for two years and then went to work. Al is an area sales supervisor for the Illinois Bell Telephone Co. He lives at 7827 Hohman, Munster, Indiana, where he is presently

the Democratic city chairman.

The letter from Al LaMere adds a PS: "When you take a look at the record of the class of '48, it is really an exceptional group. Makes one proud to be a part of it." How timely for a comment like this after reading the back cover of the last issue of the ALUMNUS where OLLIE HUNTER, our Alumni Assn. president, calls our attention to our Atumnt Assn. president, cails our attention to the activities on campus of the new breed of Notre Dame Man. They don't "stay behind the team" and when the basketball team fell behind the student body chanted "Jordan must go." One can imagine what would have happened if such a situation would have occurred during the era of 1946-1948 when most of our class was back at ND after having been away for a while. While many of us probably wouldn't have been able to keep up with the academic requirements of today if they were in effect at the time we were students, we still turned out to be Notre Dame men who can be proud of the fact that we made morning checks, had the lights out early, were loyal to our teams and coaches and then went on to bigger and better things. The student today is basking in luxury, splendor and convenience. We hope he can bear up under this pressure and come out as well as we did who didn't have it so good. Perhaps as alumni, s we meet and talk to prospective students, we can give them the facts about what it takes, especially since some of these ingredients are not

found in the lab, library and textbook. Regarding our reunion activities, JERRY HEK-KER has come up with a suggestion to help make NER has come up with a suggestion to help make a better weekend out of the festivities. We are going to pass this on to BILL BONWICH, our permanent reunion chairman, to see if he can incorporate it in the schedule. RUSS FARRELL also had some grandiose ideas for the next reunion, and with more than four years to go to develop them we are sure they will be "bigger than all of we'? b. 106. us" by 1968.

I had a nice Christmas card from our "Rags to Riches" man in Philadelphia, BART JOHNSON. The Johnson family is quite a sizeable one, and

DONALD K. BOOTH '49 East Man with Kodak, No Snap for Flash

Effective the first of this year was the appointment of Donald K. Booth as assistant general auditor of the vast Eastman Kodak Company and its subsidiary corporations - a job that could hardly be considered a "snap." Don has been on the general auditor's staff since his employment by Kodak in 1957. During that time he has performed audits of several divisions, subsidiaries, and other units of the company.

Don received his BSC degree majoring in accountancy with the Reunion Class of '49 and became a certified public accountant in 1952. He was engaged in public accounting in Rochester before his employment by Kodak.

He is chairman of the Rochester Diocesan Catholic High School Basketball Tournament and of the Rochester area University of Notre Dame Foundation Committee. Don was president of the Notre Dame Club of Rochester in 1960-61 and its 1963 recipient of the "Notre Dame Man of the Year" award for his service to club and community. He is a past officer of the Holy Name Society in St. John the Evangelist parish and a member of the New York State Society of Certified Public Accountants.

A native of Rochester, Don was married in the home town shortly after graduation. He and his wife Ellie have four children: Gregory Allen, 13; Mary Ellen, 11; Karen Ann, 8; and Paul Raymond, 2.

By the way, any of you who still think Bart is the Class treasurer and continue to send him money—please stop. Send it to me as I need it. When I took this job I said I would forego the salary and would just want the \$15,000 expense account. I have had the expenses but no reimbursement. There's nobody to approve my vouchers. As secretary I'd like to know who is the president of this Class? I have a complaint. . . (Attn. GEORGE SULLIVAN! Ed.)

Well, this column is not going to be as long as the previous because I'm not getting enough info

to make it any longer. This is your column, and I'm supposed to put the info together so everyone can know what is going on. Without the informacan know what is going on. Without the informa-tion I have little to work with, and I cannot make it up all the time—there has to be some truth somewhere. So whatta ya say-can you get a few words off after you read this? Just a note to say you like the column, you dislike it, what you are doing, who you are seeing, how you feel, how the family is, etc. I'll be looking to hear from you how about it?

He said that although Catholic schools across the country face grave problems because of financial costs and teacher shortages due to ex-ploding pupil population, they will not become extinct but of necessity will change drastically with the changing times.

JOHNNY RAY, the new defensive line and linebackers coach at ND, was honored as the Ohio "college coach of the year" for his work at John

REUNION

Weekend - June 12-13-14 1964

Milton J. Beaudine 11 Kimberlin Lane Belleville, Ill.

Something unusual has happened. I've started an article without begging you all to write. Thanks to all of you who took the two minutes necessary to fill in and return the class questionnaire, and thanks to GEORGE PFLAUM for suggesting it. As a matter of fact, there is enough material to reserve some for the lean months to follow so don't be upset if you've returned the questionnaire and don't get a mention-this time.

Some questionnaire highlights! To date, 361 returns. 320 married, 29 bachelors (Come on, girls), and 12 religious. Of the 320 married '54ers we have added to the population explosion, and to the

Notre Dame family, the not so small number of 977 children or better than 3 children per family. Oh, yes, the winners of the children derby were-On, yes, the winners of the children derby were— Ta-Da-Ta-Dal (some sort of fanfare, at least)— MARSHALL R. DESMOND and wife Ann, with eight children: Marianne, 8½; Sharon, 7½; Dar-rah, 6½; Katy, 5½; Mike, 4; Tim, 3; Molly, 2; Kevin, 6 months. WOW! The Desmonds live at rah, 6/2; Katy, 5½; Mike, 4; Tim, 3; Molly, 2; Kevin, 6 months. WOW! The Desmonds live at 2617 Parkwood Ave., Toledo, Ohio. I don't know how he found time, but Marshall received his LL.B from the U. of Toledo and is a partner in the law firm of Gallon, Desmond and Lackey. Good luck on the next eight. Tied for the championship were Judy and DON HICKS, Mayan Dude Ranch, Bandera, Tex. 78003. Their eight are Shawna, 10; Randy, 8; Scotty, 7; Kelly Ann, 5; Timothy Don, 4; Tracey Lee, 3; Gregg, 2; Terry John, 6 months. Congratulations? Runners-up with seven children were: The J. CASEYS, Mary and ED SHAUGH-NESSY, Joan and FRANK DEAN, Rowena and RICH HOHMAN, and Joan and BOB DUGAN. There were quite a few with six children apiece. Among them: Mary Ann and VICTOR RICH-MOND, Jane and RAY BUBICK, Teresa and DR. NICK KRALL, Shirley and DICK GER-BRACHT, Susan and DICK MILLER, Matilde and ROBERTO TEFEL, Rosemary and DAVE KEFF-LER, Ann and BRIAN JENNINGS, Pat and PAUL ROHMAN, "Pruicy" and JOE D'ANTONI, Mary-ann and GEORGE HUBBARD, Margo and JOHN GROSSPIETSCH, Elane and JACK PITTAS, and Mary Ann and ED BROWN. Whew!! Even writing it makes me tired. ing it makes me tired.

One last item on the questionnaires is that 61

of the 361 returns indicated an advanced degree of some sort. Our Class has a specialist of some kind in almost every field I've ever heard of, some I'm sure destined to become quite famous.

About the Reunion! A good Reunion takes effort. DICK PILGER, master arranger for our Reunion Football Parties, again carried the ball handling all the local arrangements. Much thanks (this is getting to be old hat)! On the National Com-

MICHAEL J. McGUIRL JR. '49 Social Welfare Pro & People's Choice

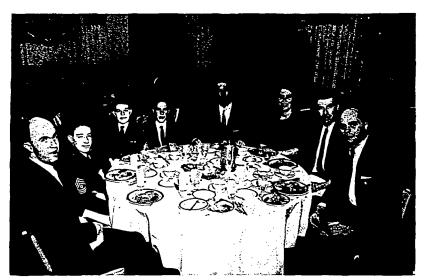

When 700 people gathered in March at a testimonial dinner honoring Mike Mc-Guirl, commissioner of the Oneida County (N.Y.) Department of Social Welfare, it was only an echo of previous acclaim from the Utica press and public. In January Democrat McGuirl had been appointed by a Republican county executive and confirmed by a bipartisan board of supervisors for a job to which he had been elected three years before.

A native of Utica, Mike majored in political science at ND and after graduation worked for three years as a social caseworker for the Oneida County Welfare Department, beginning graduate work at Utica College. In 1955 he was awarded a graduate certificate from the Buffalo School of Social Work and in 1958 received a master's degree in social work from Syracuse University. Meanwhile he trained at Syracuse Catholic Charities under the direction of the late Rt. Rev. Msgr. Joseph Toomey, diocesan director and a nationally known authority in the field of social work administration. Starting in casework, he soon headed a program for disturbed children and in 1958 was appointed assistant supervisor of Oneida County Catholic Charities by the diocesan director, Rt. Rev. Msgr. Daniel E. Lawlor. Heading the family division, he specialized in marital counseling and psychiatric cases.

In 1960 Mike made a successful bid for election as county public welfare commissioner. Under a county charter in 1963 the job became appointive, and as Mike's term expired the 25 Republicans on the Board of Supervisors were besieged by testimonials and newspaper editorials urging his appointment over partisan considerations. He was appointed by County Executive Charles T. Lanigan with unanimous approval of the

Mike resides in Utica with his wife, the former Carol Ann Hackett of that city, and their four children, Sean Patrick, Michael III, Mary Clare and Ann Bentley. Besides the Mohawk Valley ND Club he is active in a baker's dozen of religious, civic, professional, political, charitable and fraternal organizations. Commended for welfare efforts by area, state and national officials, he has been accepted as a member of the Academy of Certified Social Workers.

A letter from VAL CHUN brings us the following news: "We've been back in the Islands now for about a year. Prior to that, Mae and I were in Seattle at the U. of Washington at the Far Eastern and Russian Institute where I was doing work in Chinese Studies and in the Chinese language. We were married in June, 1962 — our daughter Kristin Te-erh was born December 6, 1963, a really wonderful Christmas present and tax deduction to boot!

"I'm with the U. of Hawaii's Economic Center . . and am presently involved with the joint ederal-State-City sponsored Oahu Transportation Study — just the economic aspect of it. The regional analysis aspect is not unlike (conceptually at least) the work involved in the development of underdeveloped countries and this is very interesting. I do miss, however, the satisfaction that is found in teaching."

In the March 24 issue of Look there is an article "The Making of a Surgeon" in which DR. MIKE LEVIS stars. Mike is asst. surgeon at Mayo Clinic in Rochester. He has enlisted as an Air Force surgeon for two years.

The big, screaming news of the hour must come first-JOHN WEITHERS has been named one of Chicago's most eligible (and I should add, richest!) bachelors. The girls have chased John so hard during leap year that he changed his address quite often and I'm sure has resorted to an unlisted phone by now. He has paid the price of success, tho. by now. He has paid the price of success, tho. His always slim supply of hair has dwindled even further, and the last time I saw John he was popping pills into his mouth for a pesky ulcer. Incidentally, John now is both a vice-president and secretary of the Midwest Stock Exchange.

The letter of the cycle goes to MIKE DUCEY, who lived in Farley before heading for the Jesuits. He is at St. Mary's College, Kurseong, Darjeeling, India. The school is located in the little piece of India tucked in between Nepal, Sikkim and Bhutan (that's for you geography nuts). After leaving ND, Mike spent four years at Milford, Ohio, three at West Baden, Ind., one summer in Chicago, and then to India. Mike is finishing his second year of theology now and is scheduled for ordination in March of '65. Mike appreciates occasional letters from JIM GRIFFIN, JERRY PRASSAS, and JERRY BRANSFIELD, but would like to hear from others. He ends his newsy letter with this frank sentence: "I don't mind at all if you and many others pray for us."

Don't forget the Class cocktail party after the Purdue game, Oct. 3!

Due to the weird schedules and early deadlines,

I still have a stack of Christmas cards that I want p acknowledge. The biggest came from FRANK BURKE, who moved wife Ann and family into a new home at 546 Laurel Road, Ridgewood, N.J., last year. Certainly one of the nicest came from my old journalism buddy, JOE CONNOLLY, who now lives at 1449 Knuth, Euclid, Ohio. Joe and Susan have a little boy, Tim.

Hadn't heard from ex-Scholastic editor LARRY BREHL in some time, but then in the course of a month received a card and a call as he passed through the Windy City on the way back to Pittsburgh (150 W. Brentridge Ave.). Larry and Dot welcomed a daughter, Marcy, on Dec. 4. Their boy, Dave, is 5. Larry handles employee communications and community relations for Westinghouse's Larry Astronuclear Laboratory. Larry reports that FRANK FLORIAN and BOB MOORE also are on the Westinghouse payroll. Another of our journalism classmates, JIM SIEGER, is a producer at KDKA in Pittsburgh.

Another guy who registered twice since the last column is JOE DALEY. Received a nice Christmas card from Joe and Edwina (28 Idlewild Lane, Matawan, N.J.), and then an announcement of their fourth child, Bernard.

BILL MeLAIN penned a note on his Christmas card and was too modest to note that he was card and was too modest to note that he was

earu and was 100 modest to note that he was elected district attorney, chief crime fighter, Ohio's answer to Perry Mason or something. Bill adds: "It seems that all my affluent Chicago friends have become members of the jet set." (He can't mean me. I always go by jet and come home steerage

The man who knows everything about American history (at least the activities of the Germans on Chicago's Addison Street 1860-1861!) JIM BERG-QUIST, took a flying trip home to my old stamping grounds of Council Bluffs, Ia., for the holidays. He is teaching at Villanova but comes through here often to check on those Germans.

Let's take a quick look at the Chicago cards. DICK BURKE took the plunge into the home market and now owns a mansion in River Forest (922 William), practically next door to Tony Ac-

(922 William), practically next door to Tony Accardo. Another Chicagoan with a new home is DICK BEEMAN (546 Keystone, River Forest). Both JIM GRIFFIN and JERRY BRANSFIELD finished the Christmas cards, missed the income tax deadline, and then welcomed additions to the family, Jim a boy and Jerry a girl. TOM IGLESKI and his wife, Arline, took baby Mark into new diggings at 10604 Walden, Chicago.

This was the first Christmas in snow, Chicago.

This was the first Christmas in snow Chicago for GEORGE SHELITON and his Carol (1433 Forest Ave., Wilmette, Ill.). Also enjoyed cards from MIKE WARD and FRANK LOLLI, who spend most of their time figuring out who will be our next governor.

Two fellows moved west to friendly Indiana. KERRY DALTON (1305 Riley Rd., Muncie) and BOB FARNBAUGH (4750 Holton Ave., Ft. Wayne) now are Hoosiers. JOHN MANIX, however, moved out to 1917 Red Leaf Dr., Louisville. Just about the time John was moving in, JERRY ROE left Louisville for Warrensville Heights, Ohio (19307 Wickfield Ave.). BILL REALE, the world's gayest bachelor, throws his REALE, the world's gayest bathelor, throws his wild parties in a new apartment (1890) Detroit, Cleveland). Dapper JIM WALSH is up with Rocky (well, he's there sometimes!) in Albany (7-A Weiss Rd.). FRANK MARTEL gave up that soft country living in Virginia for Canton, N.Y. (86 Miner St.). Another journalism genius, CARROLL DOWDEN, packed up his typewriter in Louisville and plunked it down again in Westwood, N.J. (3 Sutton Place). JIM MONGELLO (for some odd reason) left Miami Beach for Brooklyn (154 Hicks St.). On the other hand, DAVE KILKEARY got the message and moved from Brigantine, N.J., to Daytona Beach, Fla. Incidentally, Tom is one of the organizers of the Class party after the Purdles same. Also, on a Class party after the Purdue game. RON FRANCIS is now living in Cincinnati, where he is the branch manager for the United States Leasing Corp. I last saw Ron on Market Street Francisco in 1962 just before he joined USLC. From there he went to Seattle and then just a short time ago to his present location. He red of the singular role, for on April 4 he took liss Patti Nicola for his life's partner. Patti's brother is Norm, the starting center for the Fightin Irish. Now Ron has acquired a lifelong "leash" -I mean lease. . . . Ron saw ROGER BENNETT and wife Martha in Detroit, where Rog has joined Ford's international finance staff. . . . BUD FRIEDHEIM is also with Ford in the Corporate Finance end. . . Back to Cincy where Ron and the Finance end. . . BECHERTS can hobnob. . . . STARK SANDERS is now a captain and stationed with the Air Force in Tripoli for three years. Peg and Stark along with daughter Karen are living in a villa and splashing around in the Mediterranean. Stark always did have it made. . . . PAUL HEER, one of our finest stalwarts, has also succumbed and last August married Mary Jane Walthouse in loomington, Ill. The Heer family is moving to Nashville, where the old man has accepted the position of manager of administrative services for wholly owned subsidiary of Chicago Printed ring Co. The first "firecracker" is due this July 4. . . . GENE HEDRICK reports that he is

MAJ. L. T. (PETE) PETERSON '58 retired from the Air Force in March after 21 years of service as a pilot and instructor, including 4½ years on the campus as ROTC mentor, during which time he earned a degree in economics (cum laude). Pete is employed by Dempsey-Tegeler Investment, San Antonio, and taking graduate work in economics at Trinity University.

living on the UNU Dude Ranch in Cody, Wyo. Gino and two others are owners of UNU, which they plan to operate as a boys' ranch. Gene is also running hunting trips into the primitive country behind his ranch and would welcome the chance to visit with classmates on one of these trips. There are now three little Hedricks—two guards and one cheerleader. . . . This column is becoming a den of proposal and marriage statistics. . . An institution fell on January 11 when JACK EDWARD CASEY shed single blessedness to assume the obligations of married life. The Caseys will live in Forest Hills, L.I. . . . Know for a fact that JAKE KIEFER was in for the wedding which took place in Essex, Conn. . . If this is not enough, then word reached us from Chicago that one of the finest of all, HAL BLAKESLEE got himself engaged to a Mary Murphy and was set to run down the aisle in April. . . . The lump in my throat causes me to pause. . . . Saw ED DEAN at the ND rally at the Waldorf on the eve of the Syracuse comedy. Ed is looking quite prosperous (in a Falstaffian way) and is operating a flourishing legal practice down in Wall Street. At least that is what his card said. The Deans are living in Upper Montclair, N.J. . . . JOE REICH and GEORGE GROBLE are the only

two working vice-presidents we have, and the following is by them respectively: JIM McCAULEY, formerly of our Class, is also in Houston selling fertilizer to classmates. Last word on JOE HKG-GINS had him in Houston employed and single. These two situations are subject to rapid change except the latter. JIM HERRING is happily married and also a citizen of Houston. . . JOHN BRANDT is in the savings & loan business in Colorado Springs and is on the working committee for the ND-Air Force game next fall . . . DON MURRAY has opened his own dental practice in Coral Gables, Fla., and is among the single elite. . . . JOE NEUHOFF is our first big celebrity with his picture on page 57 of the recent Saturday Evening Post magazine (Col. Glenn on the cover) is head of the meat packing department of Neuhoff Bros. in Dallas. Joe now is papa to two Rangerettes. . . JOHN TRECHMAN is with Skelly Oil in Billings, Mont. . . JIM MORRISON is with Climax Molibdium in Leadville, Colo. . . . MARK WATSON is in general insurance in San Antonio and is still single bearing the label "Darling of the Debutantes," . . . CHUCK GRACE is living in La Habra and running Cummins Diesel's West Coast division.

... LARRY COOKE is an MD in the Navy. ... DICK SWIFT is with A.C. Allyn in Chicago. . . . CHARLIE O'CONNELL, recently married, is with Union Carbide in Denver. STEVE JOHNSON has also taken on the marital status and is with IBM in the same city. . . JIM COUGHLIN is with his father's investment banking firm in Denver. Jim is married with two childen and is the President the ND Club of Denver. . . GEORGE STRAKE is still running Houston, and he and Annette are the proud parents of three. . . . JERRY GARVEY is a captain in the Air Force and did this by graduating near the top of his class. Jerry went on to Princeton and received his PhD in political science & economics. He is now on the faculty of the Air Force Academy. . . TOM McMURTRY
is a Lt. in the Navy and has recently been assigned as a Navy test pilot in Maryland. Tom is still going it alone and most likely will be the Class of 57's Astronaut. Had a wonderful visit with JOE REICH when I was in Denver a mount about Joe is still single and is busily engaged in his own land development business. Out Colorado way they call him "Tea Pot Dome" Reich. . . . Thanks Joe, for the preceding information. The "REICHER" JOE REICH when I was in Denver a month ago. for the preceding information. The "REICHER" also got down to New Orleans for Mardi Gras and spoke to LARRY HENNESSEY who is doing one great job in the insurance business. Larry said that great job in the insurance business. Larry said that our good friend, MANNY REVIS is doing his residency and is in fine shape. . . . CHARLIE MCKENDRICK is also in the Queen City with the Public Service Co. . . . GEORGE GROBLE has joined his brother Ray in law practice as a full partner last July. George and Marilyn had number two in April, '63. . . The following comes from George, who along with Reich has been great in reporting the news: A group composed of JACK REIST-OFFER, JOHN CUSACK (Asst. D.A.), JOHN (PUBLIC DEFENDER) McDONALD, BILL RIGALI, RAY CAPPELINI and PAT (National Boulevard Bank of Chicago) SHEERIN gathered at the Knute Rockne dinner in the Hilton Hotel in the Knue Rockne dinner in the Hilton Hotel in Chicago last December. . . TOM "TIGER"
MULCAHY came in from Milwaukee for the occasion with several highly touted football prospects.

BUFFALO-A representative group turned out for the retreat at St. Columban's Retreat House, Derby, N.Y., March 14.

... BOB O'NEAL is a civil engineer with De Leuw Cather in Chicago. Bob and Barbara have Bob and Barbara have three. Good friend BOB ECKLUND is still "baching" it and has been transferred to Louisville. Bob is with Johns-Manville. Barbara and GERRY GERAMI are living in Lafayette, La. and are the parents of Jour. . . It so happens that one of LOU parents of four. . . . It so happens that one of LOU LONCARIC's coaching products, Jim Carroll is doing real well for the "Fightin' Irish". The crowd at John Boveri's restaurant on Lake Street in Chicago on the first Monday of every month has included FRANK HENNESSEY, JOHN FEELY, JOHN CUSACK, JACK REISTOFFER, BOB O'NEAL, and BILL GERONIMO. The Chicago crowd will have to start supporting this hunchen extensible if it hopes to continue Let's luncheon get-together if it hopes to continue. Let's get on the ball out there! Will mention that JOHN FEELY is with the Northern Trust Bank. Groble would like to organize a class outing this summer for all Chicago classmates and wives but is wondering if there is enough support for such a project. If so, please contact FRANK HENNESSEY or George. . . . Groble continues to tell us that JOE RINK is still the most faithful St. Louis (Chicago) football Cardinal fan. He follows the team faith football Cardinal Ian. He follows the team latti-fully. It would be nice to see the old man in NYC this political year for a pleasant discussion. . . . TOM O'BRYAN is practicing law with Paulson & Ketchum in the Loop. . . . NORRIS BISHTON, another lawyer, has been quite active in the Chicago ND Club. . . . FRANK REILLY has dropped everything except to raise a family in an effort acquire a doctorate in business at the U. of Chi-cago. Good luck, Frank. George's closing comment is that since our illustrious leader, DON BARR has become wedded he just "ain't" seen no more. . . Thanks for the news, George. RAY McCLINTOCK has been named editor of The Hoosier Independent—official monthly magazine of the Independent Oil Marketers Assn. of Indiana. Inc. with headquarters in Indianapolis. Ray and Cindy have adopted a son, Kevin Michael. . . Bette Jo Sullivan tells us that hubby JOE SULIVAN is now working for the law firm of Stroud, Stebbins & Stroud in Madison, Wis. BOB BERSCHINSKI is still in Portland but is presently on a leave of absence from Portland U. and attending U. of Oregon from Portland U. and attending U. of Oregon completing work on his doctorate. Bob Marco reports that the Berschinskis number six, but in the past few months the situation could have changed. . . . Also saw my good friends the TOM HALEYS. Tom is successfully running his convales-HALEYS. Tom is successfully running his convalescent hospital in Milwaukie, just outside of Portland. Bob missed seeing TOM HUGHES who is also a Portlander. JOE BIHN is out of the "chicken business" and working for GM Chevrolet division. The Bihns are living in Walnut Creek just outside of San Fran. Thanks muchly, Bob, for all the preceding info. Wish some of your classmates (especially our so-called V P's) would take note. I personally have had the pleasure of a visit from Sheila and BILL MOONEY over a weekend. Bill is now the president of Mooney Ward & Wueller in now the president of Mooney, Ward & Mueller in Indianapolis. An addition to the family is expected in April. . . Bill reports that BILL McGOWAN has done a terrific job on the planning and promotion of UND night in "Naptown". . . . Hannah and MIKE STOREN are living in Baltimore, where Mike is the promotional director for the Bullets. He has been keeping the front office working at a fast clip filing ticket demands that resulted from an extensive promotion push by Mike and his staff. This information was not received via the mail but in an article I spied in The Sporting News last February. Mike is certainly to be congratulated for his outstanding work. . . FRANCIS LUNDEN is now living in Matawan, N.J., where he is in fluorocarbon sales for Kaiser Aluminum. The Lundens are anxiously awaiting the birth of their third child

in June. . . . FLASH . . . . Stop the world, I want to get off! DON BARR just informed me that FRANK HENNESSEY is engaged to Miss Donna Gleason and a July wedding is planned. Donna Gleason and a July wedding is planned. Sorry, I am unable to report additional info since all of a sudden everything seems blurred and my copy is getting wet. . . The event takes place in Chicago, July 25. . . . If people thought the great Chicago fire was something, wait until the 25th. . . . Our prayers are requested for the mother of Classmate JAMES BYRNE, who died last October.

Gentlemen, my congratulations. The urgent appeal for news contained in our last column has been met with a very generous response. Consequently we have quite a bit to report this time, and to conserve space we will get right into it.
Unfortunately, the first item is an unhappy one

We are sorry to report the passing away of JACK CRILLY's mother last October. On behalf of all members of the class we extend our sympathy

and prayers.

Other unpleasant news is that JIM "HOOT" WALSH was seriously injured in an auto accident on Dec. 23. Although he is recuperating now Jim was very near death for several days and Jim was very near death for several days and received the Last Rites. Apparently Jim is entirely out of danger now but faces a long period of recuperation. I am sure he would appreciate hearing from us; his address is 1818 Holly Drive, Spring-field, Ill. By the way, additional news more in keeping with Hoot's effervescent personality is that he expects an addition to the family in August.

Due to the number of items we wish to report we will have to capsulize the following items and

we will have to capsulize the following items and delete extra verbiage as much as possible. Please excuse therefore, the lack of style.

Cincinnati has become an active town for ND lawyers in recent months. JIM GOULD '62, representing a Grand Rapids, Mich., firm, was seen dashing into the Sixth Circuit Court of Appeals during the December session of court. # Office of the President, University of Notre Dame Alumni Association

Dear Fellow Alumni:

It is with a deep sense of humility that I take this, my first opportunity, to communicate with you as your President for the year 1964.

My fellow officers, Peter J. Kernan '49, Albert D. Castellini '24, and Timothy J. Toomey '30, join me in the feeling that we are particularly fortunate to come to the helm at a time when the Alumni Association is enjoying its peak in activity and effectiveness.

We have just been privileged to witness the dedication of the Memorial Library, the culmination of Challenge I. This awe-inspiring edifice is vivid evidence of the national alumni giving records of 80% participation and

\$344.69 average gift which we achieved during Challenge I.

Your Alumni Board in February, at the first reunion of the former members of the Board of Directors ever held, was given the opportunity to be present at the announcement of the Challenge II Program. In recognition of our achievement in the past, the University has assigned us a task of financing the proposed Athletic and Convocation Center. This is the principal building planned for the new Challenge II Program. All alumni gifts not otherwise restricted will be applied to building this magnificent new facility. No one, except possibly the current students, is more keenly aware of our needs for a new indoor athletic arena and field house than our alumni. Your Alumni Board, through its Athletic Committee, has kept in close touch with the planning of this building and I can assure you when completed it will be something of which we each can be proud.

May I urge you to give a second thought to your gift or pledge to insure the success of this alumni project.

It was with a keen sense of loss that we bade farewell to Johnny Jordan, our varsity basketball coach for so many years. We wish John all the best things of life in his future endeavors.

We are all pleased to welcome our long-time friend and fellow alumnus Johnny Dee as our new basketball coach. We know that he will carry on the fine traditions we have come to expect and will carry us forward to new highs. From personal observation I can tell you that our other new coach, Ara Parseghian, has assembled an outstanding staff of assistants and has just concluded a successful spring practice with a 30-to-23 victory over a star-studded Old-Timers team. We can all assist Coach Parseghian and his staff by not expecting them to move mountains in their first season.

Warmest regards to all of you and a note of appreciation to the recently retired Vice-Presidents of our Association, Patrick A. Dougherty '50, John P. Dempsey '49 and William H. Fallon '37 for the tremendous enthusiasm and leadership they provided us these past three years, and to Ollie Hunter, who remains on the Board this year as Honorary President.

Sincerely,

Philip J. Faccenda President
