CAPTAIN CARROLL Three New Defensive Records

FOOTBALL '64: A SEASON FOR THE RECORD BOOK

тне 1964 football season will be long remembered at Notre Dame. And not just because Coach Ara Parseghian and his men achieved the very fine record of nine wins and but one loss.

The record book will make sure that this will be listed as a great season as it was one in which 24 new Fighting Irish gridiron records were set and two more tied.

Individually, John Huarte, Heisman trophy winner and senior quarterback from Anaheim, Calif., accounted for nine new records and tied another, and Jack Snow, senior split end from Long Beach, Calif., set five others.

The complete list of records set in 1964 follows:

COACH PARSEGHIAN Twenty-three Marks on Offense

COACH JOHNNY DEE '48 Hungry During the Holidays

BASKETBALL:

Victors in four of their first six starts, the Notre Dame basketball team made the first of four Christmas vacation stops Dec. 19, when they lost to St. John's University at the latter's fieldhouse in Jamaica, Long Island, N.Y.

After that the Irish, coached by firstyear mentor Johnny Dee, were to meet Indiana, at Fort Wayne, Ind., Monday Dec. 21; Kentucky, at Louisville, Tuesday, Dec. 29, and Bradley at Chicago Stadium, on New Year's Eve.

Over the first six games the Notre Damers averaged nearly 100 points per game, and the combined opposition averaged in the eighties. Victories were achieved over Lewis, Ball State, Michigan State and Detroit (all at home), and the other loss came from Evansville (on the road).

With such heavy scoring, it follows that four of the Notre Dame regulars are averaging 19 points or better per game: Walt Sahm, senior forwardcenter, who has also been averaging a fraction better than 19 rebounds per contest; Jay Miller, senior forward; Larry Sheffield, senior guard; and Ron Reed, senior forward-guard. The fifth starting spot has been divided between Larry Jesewitz, senior center and James (Bucky) McGann, junior guard. (When Jesewitz is in the game, Sahm goes to forward and Reed to guard.)

The Irish have fairly good overall height among their top men. Sahm is 6-10, Jesewitz 6-8, Reed 6-5, Miller 6-4, McGann 6-3 and Sheffield 6-2. The latter is the team's top play-maker and best dribbler.

Mediation: The New Dynamic

We have written before of the new role of Notre Dame, under Father Hesburgh's leadership, in the life of our times — a role he calls "mediation."

Briefly, it is the logical application of the knowledge and experience that properly reside in our campuses to the immediate problems of the world outde that no longer permit the luxury of time, trial and error.

As Father Hesburgh predicted, and certainly we agreed, this new role is not one of detachment, of serenity, of unanimity, within or without the Notre Dame family.

But — and this is our message for the current suggestion — the new role should command, from our alumni, intellectual study, intellectual respect, and the objectivity of reason.

When you read this, the national Dection will be long past, and no good or evil can be done by citing the recent campaign as a case history in the early stages of the new role.

Students are increasingly curious in the field of politics, and increasingly vocal. A rather amazing amount of Deaths of alumni, or their immediate relatives, come too often to our notice without any detail. We would appreciate each Club, through a responsible member, sending us as soon as possible the news of any death of an alumnus or one of his immediate family, together with survivors, funeral arrangements, or other pertinent details.

time was spent by candidates of both parties on campuses where voters were in the minority.

Notre Dame cooperated, as did other institutions, in the belief that much of the hope of the world lies in the dedication of informed young leadership to the political organization of our country and the world. Early contacts stimulate interest.

William Miller, Class of 1935, Notre Dame, was a candidate for the vicepresidency of the United States. This was the highest honor accorded an

Y + MG + F = 3Y

This equation is not a product of Notre Dame's excellent Mathematics Department. Nor is it research data that is being used in the University's new Computing Center. It is, however, a *formula* that has helped the entire University. Its basic parts are you, 240 of America's leading companies and the Ford Foundation.

The solution is as follows: Y represents your gift to Notre Dame. MG represents the 240 American companies that now have matching gift programs. These companies match, usually dollar for dollar, your gift to the University. F equals the Ford Foundation. If your 1964 gift to the University is \$100 and you work for a matching gift company, this company will add \$100 to that. The total amount of \$200 will then be matched fifty cents on the dollar by the Ford Foundation. The net result is a \$300 gift to the University. Of course, you must make the initial step in order to put this chain reaction into motion. Y not?

For information regarding your company's plan, contact your Personnel Department or write Dennis F. Troester, Foundation Office, Notre Dame, Indiana 46556.

alumnus by a political party up to this time. He spoke in South Bend. He was a guest at the Purdue game. A separate non-Notre Dame national organization was formed to support him and Mr. Goldwater, and because Mr. Miller was a Notre Dame alumnus, opportunities to enroll in this separate organization were offered his classmates, our law alumni, and alumni in many local areas. (Note: None of these approaches were made through lists furnished for the purpose by the Alumni Association or the University. The policy exists, without exception, that alumni lists are used only for institutional and association purposes.) Many faculty members and many students expressed interest in Mr. Miller, as did many alumni.

On another campus weekend, Mr. Humphrey, also a candidate for the vice-presidency, spoke on the campus, politically, in the rented facility of the Stepan Center, under non-University auspices. Justice Arthur Goldberg was on the campus to preside at the Law School's Moot Court Finals, and a faculty group listened to Mr. Sargent Shriver, director of the Peace Corps and more recently of the President's Commission for Economic Opportunity. Faculty, students, and alumni were active in these programs, too.

All of the above created live and controversial interest in the field of politics.

Individual expression of University personnel in the areas of economic theory, of the civil rights programs, of literature and the theater, has uncovered a lively, and again sometimes controversial, interest.

Student expression, because it enjoys the two great ingredients of intellectual enthusiasm, inexperience and immaturity, is another source of frequently rousing a lively and controversial reaction.

The ALUMNUS believes all this is an encouraging transition toward the mediation predicted and encouraged by Father Hesburgh. I would simply urge you, as alumni, to bring to your interest, and your agreement or disagreement, the objectivity of your reason, and the contribution of your good will.

WHAT IT TAKES, Part Two:

Testing and Freshman Profiles

By REV. JOSEPH W. HOFFMAN CSC '51 Acting Director of Admissions and Scholarships

No specter haunts the college candidate more than the Entrance Examination. It is the requirement most feared by the student and the least understood by parents. Hence, the cold sweat which the student suffers on the morning of the test; and the modest skepticism of the parents on the value and validity of tests.

The high-school senior can usually give an honest appraisal of his ability and achievement in his course work. He knows his program and he knows his teachers. He may be strong in English, but weak in math; or, he may have good math grades, but chemistry is forever a problem to him. He is acquainted with the textbooks, and he has the experience of students who have gone before; but the admissions test is his own special purgatory, his own particular judgment on this earth. He may be confident in the face of these tests or he may be quaking; yet, the test is his own privately lived experience and no one can take his place. The moment of truth is upon him.

Parents on their part can only stand by, encouraging their sons; but not a little confused by percentiles and raw scores, means and medians, and the whole technical vocabulary of testing research. They know this young man as their son, and they challenge his low test scores as not being indicative of his genuine ability. No test has yet been devised that can capture that unique personality who is their son. Shall their son's future with its hopes and aspirations be determined by statistics?

When the problem is so formulated no conscientious admissions officer will answer it directly. His hesitation will be interpreted as hedging and the parents may conclude that, after all, the admissions officer really does not believe in these tests. The president of the University, the faculty, or some anonymous group called the committee on admissions is really to blame, they say, for establishing these pretentious norms for acceptance. And they will be wrong.

Whatever in the past may have given rise to the popular myth about admissions testing, no experienced counselor or tester is making extravagant claims about tests today. They are keenly aware that they are dealing with the development of human beings, the education of young people, and that they are not hucksters for a new toothpaste, washday detergent or filter cigarette. It is the public at large and not college admissions officers who have been and are misguided and misdirected by popularizers who, like the poor in the gospel, are always with us. If, in this article, we are able to explode the myths, correct misconceptions and instruct worried parents, our purpose will have been served.

Is Testing A Menace To Education?

Within the last two years a number of highly critical books and articles have been written on the menace of testing by the writers outside the testing profession. Three books stand out as especially devastating. The Tyranny Of Testing by Banesh Hoffmann and The Brain Watchers by Martin Gross appeared in 1962. Somewhat later Hillel Black published his They Shall Not Pass. None of them was a best seller, but they did attract an uncomfortable amount of attention.

At a regional meeting of the College Board in Cleveland, Ohio, last February, Dr. Henry S. Dyer, vice-president for College Board Programs, addressed an answer to the critics. The remarks that follow are taken from that address.

It is Dr. Dyer's contention that good measurement is essential to good education in all its aspects. It is essential to sound instruction as a means of identifying the students' needs and providinfeedback on how the needs are being met. It is essential to guidance as a means of helping the student evaluate himself and his possibilities. It is essential to the administration of school systems as a means of locating soft spots in the curriculum and suggesting what should be done to strengthen them. It is essential to college admissions as a method of assessment that cuts across the enormous diversity of educational experience out of which the candidates come.

Most of the critics of testing come out of a humanistic tradition that perceives testing as an impersonal process that fails to take account of the individuality of the student. If some or many students share this attitude, and I do not for a moment assert it as \blacksquare fact, then the menace of testing is not a menace to the quality of instruction; or the quality of guidance; or the quality of college selection or placement. Testing for them is perceived as a threat to their self-esteem.

Testing involves a comparison of one student against another and is, according to the proverb about comparisons, always odious. To abolish all testing is to pretend that no individual differences in behavior exist. Yet, suc differences between human beings do exist whether we measure them or not.

FATHER HOFFMAN took over the Admissions Office when Father James Moran became ill last fall. Ordained in Rome in 1954, he received his doctorate in sacred theology from the Pontifical Cal Gregorian University in 1957. At Notre Dame he has been a rector and assistant professor of theology. Most recently he served as assistant to the vice-president for student affairs, Father Charles McCarragher.

They are there. They are all-pervasive. They are inescapable. And they account for the rich diversity of accomplishment as well as the tension and frustration, the hope and despair that characterize any human society.

Since most of the critics of testing focus most of their attacks on college admission testing, it is just here that they are most dangerous. For most of the time they do not know what they are talking about and have no real grasp on the college admission picture or the role that testing can and does play in helping to cope with its complexities.

They need to be reminded of a few facts. In September, 1963, well over a million students entered American colleges for the first time. They came from about 25,000 secondary schools; they enrolled at some 2,000 colleges of many different kinds and levels, and most of them took some sort of test in the matriculation process. This is a big picture, especially for the highschool senior with college ambitions. He is faced with a multiple choice question with 2,000 possible answers and he must reduce the answer to a few.

Ideally, this reduction process consists of two steps. First, the student nust make up his mind about himself and what he wants out of life. He must gain a reasonably clear idea of his abilities and how they measure up with those of his fellow candidates for admission. He must separate realistic goals from those which are based on child fantasies. He must check his financial resources to see how much he can afford and how much his family is able and willing to afford for him. With self-understanding so hard to come by even in mature people, the ordinary adolescent will arrive at something less than an adequate approximation of who he is and where he is going only with the help of wise parents and a competent counselor; thus only will he reduce the number of live options to a dozen or so colleges.

The second step is even tougher. He must now narrow his choice of colleges to those that seem most likely to meet his needs, his aspirations, and his pocketbook. He reads the growing literature descriptive of colleges, literature that goes out of date almost as fast as it is produced. He can read the college bulletins and gain only the vaguest notion about the quality of instruction and the nature and level of the intellectual demands there. Even

should he meet the requirements of admission the meeting of the paper requirements is not necessarily a guarantee of acceptance.

The admissions officer has his own peculiar brand of multiple choice question. At Notre Dame he must select from over 4,000 applicants those 1,500 possible students who will enroll each year. If the test can furnish a student with one important clue in his search for a college suited to his abilities, the test can also provide the college admissions officer with a common measure which he can use to adjust his evaluations of the school records that come across his desk. College entrance tests cannot forecast with exact precision how a student will adjust to college. But they do measure something of what it takes to do the work of most colleges, and anyone who forgets this fact or fails to make the best use of it is doing a disservice to candidates and colleges.

Kinds Of Tests

During his high-school years a young man will be subject to a multitude of different tests, each having its own particular purpose and norms for scoring. There are psychological tests and intelligence aptitude and achievement tests. For our purpose we shall discuss only those tests which are significant in the admissions decision at Notre Dame.

Of rather widespread use in the Midwest and gaining acceptance elsewhere is the examination administered by the American College Testing program (ACT). This test is an indication of academic aptitude. Since Notre Dame does not subscribe to the American College Testing program, the ACT scores are not used. While a student may sit for this examination, his test scores cannot substitute for the aptitude test administered by the College Board. Hence, whatever other examinations the student takes he must sit for the College Board Scholastic Aptitude Test.

The College Entrance Examination Board is a corporation which, in conjunction with the Educational Testing Service at Princeton, New Jersey, prepares and administers tests to collegebound high-school students. In general there art two types of tests: the Aptitude and the Achievement. There is a Preliminary Scholastic Aptitude Test (PSAT) which is given nationwide each year to high-school juniors. This two-hour-long test is normally taken in October of the junior year. The purpose of testing juniors is to get another early indication of their college potential. The test scores are reported to the high schools, which have already accumulated other data on the student. While Notre Dame would recommend that candidates sit for the PSAT early in their junior year, this datum is not part of the admissions decision. It has particular value for the high-school guidance counselor.

During the senior year the student must take the Scholastic Aptitude Test (SAT). The SAT is a two-part test of mathematics and verbal aptitudes. It is given in the morning and lasts three hours. The Achievement Tests are administered in the afternoon and comprise a maximum of three onehour tests. These examinations cover the major subjects taught at the secondary level in the United States. Unlike the SAT, the scores of Achievement Tests do not enter into the admissions decision at Notre Dame, but are used rather for purposes of counseling and placement.

The SAT was first administered in

1926 and has been given to high-school students in each succeeding year. After continuous revision, correction and validation, these tests are given in nearly 3,000 testing centers throughout the country. Both the mathematics and the verbal portions of the SAT are scored between a low of 200 to a high of 800. Since these two portions of the test measure different things, it is best to keep them separate. A score of 550 on the Verbal Factor is known as the raw score.

Frequently enough, however, the student will not refer to the raw score, but to his percentile ranking. Thus the score 550 on the verbal aptitude test might place an individual in the 85th percentile, meaning that 85% of the group scored at or below 550 on the verbal aptitude test. The percentile ranking, however, refers to the national average of scores on the SAT. The national average score is based on a sample representation of secondaryschool seniors who entered college in any given year. Consequently the percentile ranking is not relevant to the Notre Dame situation, where the average scores will be higher than the national average.

Although the SAT is the most important test, there is also a special test for the academically talented. The National Merit Scholarship Qualifying Test is conducted for the National Merit Scholarship Corporation by Science Research Associates. It is a three-hour test of educational development covering the fields of English. mathematics, the social studies, the natural sciences and word usage. From this battery of tests is calculated a selection score. While this selection score is not part of the admissions data, quite frequently it corroborates and supports the high test scores on the SAT. Very talented students may score from 135 to 155.

What Is The SAT?

The critics seem to be on solid ground when they find fault with certain symbols such as the I-Q; they are dead wrong, however, when they attribute to the intelligence *test* the same sort of deficiencies they find in the I-Q. Any test is a collection of tasks that serves as a tool for comparing the performance of one individual with that of others. It is never a perfect tool, but it certainly carries no necessary assumptions about the nature or genesis or development of human ability. The essential meaning of a test score resides in the tasks that make up the test and in the relationships that exist between the quality of performance on these tasks in this situation and the quality of performance on other tasks in other situations. The more we expand this network of relationships, the more we shall come to know about how children learn and develop and thus be better able to help each one of them along the road to maturity.

All of which is to say we need more and better testing, not less, if we are to cope imaginatively with the extraordinary problems in education that lic ahead of us. If the SAT is now a very serviceable tool in the hands of college admissions officers, it is because the test can indicate the relative ability and proximate preparations for further work of this individual in comparison with other students of his age and of similar background. The test scores can be good indications of success or failure at the college level. The test cannot, of course, measure perseverance, generosity, loyalty and social responsibility. It was never intended to do so.

Poor Testers

There is no real problem of a poor tester when the candidate presents a weak high-school transcript. We may very well be dealing with a student who is not yet prepared for college-level work. The real problem arises when a candidate presents a good high-school transcript, but scores relatively low on the SAT. There is no established rule in evaluating this student, but an admissions officer might do the following. He would first recommend that the candidate take the test again. If the scores are still low he would have to ascertain whether the student is in reality a poor tester or has been a vic-

tim of another bad day. Once the admissions officer has excluded the possibility of external influences during the test, there remain two further questions. If this student does test poorly, why has this fact become evident only now and not earlier in his high-school career? And secondly, presuming that we are dealing with a poor tester, can the admissions officer allow this candidate to enter upon a college program in which testing is an essential feature and in particular during the freshman year at Notre Dame where early and frequent testing is established policy? I repeat that there is no handy rule of thumb in dealing with such cases, but each must be judged on its individual merits. In no instance can one ignore or disregard test results as being irrelevant.

The Notre Dame Competition

As we have stated in our previous article, admission to Notre Dame is on a competitive basis. Since we do not have absolute norms with regard to test scores on the SAT, selection is made of the most qualified candidates and then the average of their test scores is computed. You will find accompanying this article the average scores of the freshman class that matriculated in September, 1964, with in the separate intents of the freshman year. In order to further elucidate the level of competition existing within the present freshman class, we submit also their standing in their senior class of high school. Both these sets of figures will vary from year to year and have shown marked improvement with the acceptance of each succeeding class. It remains to be seen what the level of competition will be in the spring of 1965.

AID FOR COLLEGE ADMISSION

If guidance is indicated in getting your son into college, an interesting new program has been organized — Educational Consultants, Inc., 2120 N.E. 21st St., Ft. Lauderdale, Fla.

Willard Moss, long active in the Notre Dame Club of Ft. Lauderdale, is one of the organizers.

The School and College Admissions Center of the organization devotes full time to finding the best school for the student. Mr. Moss points out that the largest factor of freshman failure is because of a failure to select the proper college or university.

In view of the admissions problem in private education, including Notre Dame, where limited enrollment and admissions standards combine to turn away many good boys each year, many parents will welcome the professional contribution of the new organization.

Details on the nature of the services, costs, etc., can be secured by writing to Willard Moss at the above address.

One feature of this service is that in the case of the placement of a student in an appropriate college through Educational Consultants, a gift will be made by the organization to the University of Notre Dame. Admission to college or university is guaranteed or fees are refunded.

ONG AGO at the dawn of a magnificent d century, a tall, strong youth pursued the manly game of sword and lance. Skilled therein, he became the undefeated victor of five hundred mounted encounters, the champion knight of Christendom. Brave in war, he unhorsed the doughty Richard of the Lion Heart and rebuked that ingrate who pursued his defeated and dying father, the king. Defending England from the invader, he had ardor for battle, a bareheaded warrior relieving the siege at Linoln. As regent for a young king he became head of state. Amid the violence of tournament and war, he remained true to his God, devoted to his young and beautiful wife, and was just and moderate. Loyalty was his hallmark. His death on May 14, 1219, plunged the people of his country into the deepest grief, and even England's foe, Philip Augustus, mourned and acclaimed the loyalty of the deceased knight. Bishops and barons, great men and common followed the functal train to London; all knew he had saved England. Before his bier the archbishop proclaimed him the best knight f all the world. This warrior-leader was William the Marshal, First Earl of Pembroke, the greatest fighting man of the century-perhaps of any century-but he was known as The Good Knight.

I N OUR TIME seven centuries later emerged such a man. A tall, slim youth, serious student and ardent athlete prepared for tasks that lay ahead. Soon came World War II and a nation knew the wounded and heroic skipper of PT 109. Later his battles were in the field of politics, and issues and eloquence were his sword and lance. In spirited campaigns he mounted ever higher to his goal. From interlude induced by injury, a legacy from the South Pacific, came literary triumph; his courage knew no pause. for it was his badge. Against great odds he achieved the highest office in the land, became the thirty-fifth and youngest President of the United States. His program was The New Frontier which charted a course of national strength and pointed to tomorrows of peace and justice, and freedom from want and oppression. Then, in the summer of his life, on November 22, 1963, came a monstrous deed: a craven's bullet hushed a brilliant mind and stilled a gallant heart. Shocked as never before in this century, his nation grieved and a world mourned. Even the Soviet leader, whom he bested at an hour of national peril and at the risk of nuclear war, sent condolence for the martyred Statesman of the West, Monarchs and heads of state, high officials of his nation and the great of other lands marched on foot in the warrior-hero's funeral procession; and the common people watched and wept. Richard Cardinal Cushing, Archbishop of Boston, at graveside bade farewell to a wonderful man. Withal, the greatest world leader of his time was one true to his God, devoted to his wife and family, loving his country which gave him its trust; he, John Fitzgerald Kennedy, will be remembered as The Good President.

KENNEDY MEMORIAL Scholarships at ND to promote the late President's cause of racial justice were donated to the University by Mr. and Mrs. John Bundschuh of New York. Here Bundschuh (left) and Fr. Hesburgh join Speaker of the US House of Representatives John McCormack (center) in congratulating the first recipients, who had already been enrolled as ND students: Jacques Yates (2nd from left), a sophomore from Waukegan, Ill.; and Leon J. Roos, a senior from Houston, Tex. Rep. McCormack (D-Mass.), a former colleague of President Kennedy, made the scholarship presentation on behalf of the Bundschuh family and the University.

MEMORÍAL MASS

Some 1,500 persons jammed the Cathedral of St. Matthew in Washington for a low memorial Mass for President John F. Kennedy. The funeral service for the President was held in the same church following his assassination a year ago.

Father John J. Cavanaugh CSC, former president of Notre Dame and a friend of the Kennedy family, offered the Mass and preached the sermon. The Mass was requested by the Kennedy family. Senatorelect Robert F. Kennedy of New York with his wife and their son Robert Jr., Sargent Shriver and his daughter Maria attended. Also present were Chief Justice Earl Warren, members of the U.S. Supreme Court, members of the diplomatic corps.

In his sermon Father Cavanaugh said of President Kennedy: "He walked among the noblest and he walked among the workers in the fields and factories, and he walked with relaxation and joy, and they smiled back at him. He spoke and lived for peace, yet he knew that armaments and trained fight forces made his voice carry and carry convincingly..."

"He spoke of religious poverty not as a new political slogan but . . . as a sacred cause that his and no other man's conscience can turn from. He spoke of going on with racial justice as if everyone who had suffered from racial injustice was one of his anguishes and had entered into his flesh and blood."

"This morning's rededication" to him, Father Cavanaugh concluded, "has a very important meaning. It is the . . . urge to get on with the tasks, with good consciences our only reward, with history as our judge."

History repeats in a twenty-year, two-generation DOUBLE PLAY: COSTIN TO KLIER

JIM COSTIN SR., in 1944, presents a watch to Leo Klier '46 (then a Navy V-12 officer candidate) as a member of the Pic Magazine All-America college basketball team. Costin was sports editor of the former South Bend News-Times in the 30's and of the South Bend Tribune from 1942 until his death in May, 1949. Leo, a 293-point forward from Washington, Ind., had just broken John Moir's alltime ND scoring record under Coach Moose Krausc.

JIM COSTIN JR., in 1964, presents a trophy to Marianne Klier, 16-year-old girls' golf champ of Fort Wayne, Ind., who shot a three-under-par (for women) 76 to win this year's municipal tourney. Young Jim keeps abreast of the Irish as sports writer for the Fort Wayne News-Sentinel and the local edition of the Sunday Visitor. Marianne is one of nine children of Leo, late of Indianapolis, now with Fort Wayne's Standard Oil.

Mr. & Mrs. Simoni

Toppled from primacy to a humble third place in national standings at the end of the college football season, Notre Dame still has undisputed claim to "number one" among American colleges in another and perhaps more important area. According to US Peace Corps officials, the University has contributed more volunteers to the international aid program than any other institution. Besides continuing to train volunteers for the first project approved by Washington, the Chilean Peace Corps, Notre Dame has contributed volunteers to nearly every other Peace Corps unit operating around the world.

Among recent grads (and wives) joining Notre Dame Peace Corpsmen now numbering in the hundreds are the following: Thomas A. Campanini '61 of Reynoldsville, Pa., is among 270

volunteers who recently left for Ethiopia after training at the

U. of California. William Patrick Fallon '64 of Milwaukee, Wis., was in the latest ND unit to join nearly 200 volunteers now operating in Chile. Daniel Gallagher '64 of Mason City, Iowa, joined 71 other

architects and engineers in Tunisia after training at the U. of Utah.

Kelly Christian Kammerer '63 of Whitestone, N.Y., has already spent a year in Colombia with other U. of New Mexico trainees. Michael John Luea '64 of Flint, Mich., trained at the U. of Missouri with 42 other volunteers before leaving for Ecuador.

James A. Poley '58 and his wife Anne of Sioux Falls, S.D., are also with the California contingent in Ethiopia. Roger Vincent Ruppe '64 of South Bend is with Mike Luea in

the Ecuador project. Mr. and Mrs. Joseph J. Simoni '63 of Scotia, N.Y., are also

now with Notre Dame's credit-union-and-cooperative team in Chile.

Mr. and Mrs. Robert J. Slattery '64 (Susan) of Hartford, Conn., have also joined the huge Ethiopian project.

Thomas Walsh Switzer '64 of Denver, Colo., trained at the U. of North Carolina with 40 other public health workers before leaving for the new African nation of Malawi.

Paul E. Tierney '64 of Chappaqua, N.Y., was another recent ND trainee with the Chilean unit.

James Patrick Walsh Jr. '64 of Hicksville, N.Y., trained at the U. of Hawaii before going to Thailand as a teacher.

And Thomas P. (Pat) Whelan '64 of Kearney, Neb., is another who trained at ND for the Chilean Peace Corps.

Many of the Notre Dame volunteers have had training as students with the CILA projects in Latin America, and thus the University stands a good chance of continuing as "number one" in the Peace Corps.

DR. JOHN C. KELLEHER '40

Surgeon is a 25-Year All-American

John C. Kelleher MD, named by Sports Illustrated magazine to its Silver Jubilee All-America, first won fame with his toe but has won more enduring notice with his work on thumbs and ears as a plastic surgeon in Toledo, Ohio.

His father, a Rockne teammate in 1912-14, coached football at Kenyon College while playing pro football with the Massilon Tiger-Cats under the pseudonym "Finnegan." One of John's most vivid memories is attending Rock's funeral with his dad.

A 145-pound blocking back from Lorain, O., John didn't make the ND varsity until his senior year as a quarterback and kicker, but his field goal won the 1939 Purdue game 3-0 for the 300th Irish victory, and his extra point was the margin of a 20-19 win over SMU. He was the first Monogrammer's son to win his own letters.

A 1940 honor grad in biology, he won multiple honors at Jefferson Medical College, Philadelphia, and interned at Kings County Hospital, Brooklyn, before entering the Army. Returning after the war for residency in plastic and reconstructive surgery under famed Dr. Walter Coakley, he set up practice in Toledo and married Rose Mary O'Donnell of Lorain. They're the parents of nine children, four girls and five boys, of whom the oldest, John, is a soph at ND.

Dr. Kelleher is director of plastic surgery at two Toledo hospitals, an authority on thumb reconstruction and developer of a unique treatment for cauliflower cars. Active in several surgical societies, he's president of the five-state Ohio Valley Assn. of Plastic & Reconstructive Surgeons; author of numerous papers on reconstructive techniques, particularly his thumb and ear processes; consultant to the Ohio State Crippled Children's Society and team physician for Toledo's St. Francis DeSales High.

IN HIS recent move to Berks County, Pennsylvania (Alburtis, in the Dutch farming country northwest of Philadelphia). John Lochtefeld left behind in Erie, Pa., some reminders of his versatile art. Recent liturgical works include mosaic stations of the cross for the Chapel of Our Lady of Mercy, Mercyhurst Prep School, as well as designs for the stained-glass windows fabricated in France last summer.

Winning the Emile Jacques Gold Medal for fine arts at ND, John spent two years in the Army and earned his MFA at the U. of Hawaii, studying with muralist Jean Charlot. Since 1958 he has completed 11 major murals in oil, fresco and mosaic. Three one-man shows include an exhibit of 64 prints, drawings, sculptures and paintings last spring at the Erie Art Center. A participant in national religious art shows in Birmingham, Mich., Rochester, N.Y., and the U. of Illinois, John won the Bishop Gannon Award for Liturgical Art in 1962.

In 1956 John married Judith Robinson of Pontiac, Mich., and they have five children ranging in age from 1 to 7. In recent years he has been chairman of Mercyhurst College's national graphics exhibition, a Boy Scout leader and officer of the ND Club of Erie.

LOCHTEFELD tours a gallery exhibit with one-year-old Thomas, whose brothers and sisters are James, Peter, Elizabeth and Catherine.

Notre Dame Books

I WAS DANCING by Edwin O'Connor '39 (Atlantic Monthly Press, Little, Brown & Co., New York, Toronto), 242 pp., \$4.75.

Edwin O'Connor's fifth book, like The Oracle, Benjy, The Last Hurrah (Atlantic Prize, 1955) and The Edge of Sadness (Pulitzer Prize, 1961), puts into play another group of principally comic inventions around a dominant central character. Wily politician Frank Skeffington and dejous landlord Charlie Carmody have been joined in the O'Connor gallery of unforgettable characters by an irrepressible vaudevillian named Waltzing Daniel Considinc.

Daniel, a spry old song-and-dance man, has spent his life in single-minded pursuit of the spotlight and his own way. His own way in retirement is to spend the rest of his days with his son, whom he hasn't seen in 20 years, and the total stranger to whom his son is married. The young couple, welroming him in their home as a temporary guest, discover too late that he has no intention of leaving. The conflict develops as a battle of wills and wits between youth and age, the young people determined to move Daniel to a rest home and he equally determined to stay.

The gallery includes "witch doctor" Billy Ryan, the strange Father Feeley and the mournful, devoted Gottlieb among Daniel's hilarious cronies. Without the high comedy of *The Last Hurrah* or the pensiveness of *The Edge of Sadness*, this book is lighter in tone and treatment but preserves enough of the poignancy of its predecessors to have been accepted in dramatic adaptation for production this season on Broadway.

O'Connor, a native of Providence, R.I., spent his early years in radio and broke into print by satirizing that industry after World War II service in the Coast Guard. Married last year, he now lives on Boston's Beacon Hill.

THE CATHOLIC CAMPUS (Macmillan, New York, 204 pp. \$3.95) by Edward Wakin.

The University is one of a handful of institutions cited as representing the complete spectrum of American Catholic higher education by Mr. Wakin of the Fordham communication arts department. In "The Will to Win" (pp. 33-68) Notre Dame is pictured in great detail as perhaps the foremost and fastest rising school in the U.S.

DISCIPLINE CONCEPTS IN EDUCATION (St. Paul Editions, Boston, 343 pp., \$5.00) by Very Rev. Anthony M. Brown '43.

President of Carroll College, Helena, Mont., Fr. Brown has written what is probably the most comprehensive survey ever undertaken on attitudes and methods of controlling behavior in school. He feels that discipline in education has become one of the major concerns of our era and that more time should be spent on this subject in educational methodology classes.

Alternately treated are the philosophical and psychological backgrounds of Catholic and public school disciplinary methods and the concepts set forth by four representative experts in the field of guidance. There are tables showing the results of an opinion survey of Catholic educators, as well as a complete bibliography.

EDUCATION AND POLITICAL POWER (Center for Applied Research in Education, New York, 113 pp.) by Rev. John E. Walsh CSC '45.

Former head of the education department and now a vice-president of the University, Fr. Walsh has added an unusual but particularly appropriate volume to the Library of Education in progress. George Shuster writes in the foreword, "This book deals with one of the most important and difficult of educational problems."

The Student Slant

BY JAMES P. HARNISCH Secretary Notre Dame Class of 1965

1964-65: THE TRADITIONAL AND NEW

A CADEMIC AND athletic innovations as well as a change in the physical features of the campus greeted the record September influx of 6982 students. The normal myriad of fall activities was made even more complex by the expansion and addition of new organizations such as the Senior Advisory Program, which is designed to help orient and assist freshmen in adapting to Notre Dame life.

ACADEMIC HONOR CODE

A referendum proposing the adoption of an academic honor system was passed last spring by a two-thirds majority vote of the students. With the support of the administration and faculty the undergraduate Academic Honor Code became a reality this semester. The student's integrity and responsibility, as recognized by the Honor Code, are founded upon two principles: "(1) That as a member of the academic community, a student will be responsible for his own work, and (2) he will expect the same academic honesty of his fellow students." A written pledge demanding a student's adherence to the code is not required.

Jurisdiction of the code is applicable to exams of all types, classwork, papers, and reports. A Student Honor Council consisting of twenty-five members representing each of the colleges, three upper classes, and student body at large will have complete authority to deal with any violations.

Although only the academic aspect is affected by the system, it is the University's hope that the honesty and rectitude fostered in the Notre Dame man's scholastic endeavors will pervade and reflect in his moral character. The Honor Code in essence is a challenge by the Academic Council, faculty, and administration for the students to be cognizant of the need for probity in our modern world and for them to be perspicacious enough to maintain their honesty and integrity under society's pressures.

It is still too early to analyze and determine the effectiveness of our honor system, but it is interesting to note the students' reaction to it. To many the changeover was almost unnoticeable, and to almost all of us the provisions of the code seem quite reasonable and acceptable. The acceptance of an honor system has not produced any apparent changes in the individual, and yet there is a feeling of development — self-development — which was perhaps latent. This inner strengthening of character is not something immediately recognizable but rather will be manifest gradually in the Notre Dame man's life.

STUDENT TRIP

One of the greatest airlifts of our time was achieved last October 9 when six planes of enthusiastic and victory-hungry Irish left South Bend bound for Denver, the home of the Falcons. Buses hustled the 650 student-trippers from the airfield to the Albany Hotel in downtown Denver. A pre-game victory dance was held that evening with a more than ample number of girls showing up from the surrounding colleges to help greet the Irish. The Denver Alumni really did a grand job in planning the various activities and functions for the visiting students and should be commended for their remarkable organization. It would be difficult to conceive of a successful student trip without the help and cooperation extended to us by them.

The trippers traveled the sixty miles to the Air Force Academy en masse via bus. The high altitude did not affect their lungs, for the small contingent of 650 students displayed their N.D. spirit in fine style by cheering and outshouting some 2,000 Air Force cadets. An article in a Sunday morning Denver newspaper stated: "There is no such thing as an away game for Notre Dame; the Irish bring their fans with them and pick more up whenever they play."

With victory achieved the ecstatic trippers headed back for a night of celebration in Denver. The flights back to the golden Dome were spaced throughout Sunday afternoon with the last plane touching down by midnight. Favorable comments on the weekend were numerous. It might be interesting to note that the total budget of the trip was over \$50,000 with a base price of \$78 per tripper.

Each away football game weekend there has been a mass exodus of spirited Irish determined to follow their team to victory. Excursions such as the Senior Trip to Wisconsin and club-sponsored trips to Phila delphia and California have been indicative of this great spirit. And yet there is at the same time an active concentration on scholastic achievement, as can be evidenced by the daily evening migration of students to the Memorial Library.

The Kellogg Educational Center and Lewis Hall may have changed the physical features of the campus, but the traditional fall activities, spirit, and long lunch lines are still with us.

REQUIEM MASS for Sophomore Michael M. Leahy at Salzburg, Austria, was celebrated by Rev. Thomas J. Engleton CSC and attended by fellow students in September. Michael, son of Mr. and Mrs. Morris Leahy '31 of Orinda, Calif., was killed in a motor scooter accident in Milan, Italy, on Sept. 8. He was one of 52 ND students who sailed in August for a year of study in Austria under a new special program of the University. Fr. Engleton is director of the foreign study program and joined Prof. Louis Hasley on the American faculty. First destination was Salzburg, where an intensive German language training program was to precede enrollment in the University of Innsbruck in October. Michael, a freshman at the University last year, had been on a sight-seeing trip through Italy and was returning to Austria for study at the time of his accident.

News of the NOTRE DAME LAW SCHOOL

by Thomas L. Shaffer L'61

Enrollment

Two hundred students enrolled in the Law School in September - 99 of them in the first-year class. Seventy-four have Notre Dame degrees, 55 are married and 23 are veterans. The student body ranges in age from 20 to 50, comes from 27 states, plus Canada and Mexico, and includes gradu-ates of 77 different colleges and universities.

Notre Dame Law Association

Nineteen officers and directors of the Association attended a directors' meeting October 23 and 24. Sessions were held both days. Father Philip Moore, C.S.C., offered Mass for the Association Saturday morning; this was followed by a breakfast. The Association, under the direction of President James M. Wetzel of Chicago, is undertaking a \$125,000 scholarship drive and the publication of a new directory of members.

Judges Kiley and Swygert

The Notre Dame Law Association sponored a dinner in Chicago on September 28 to honor Judges Roger Kiley and Luther M. Swygert, both alumni of the Law School and members of the United States Court of Appeals for the Seventh Circuit. Judge Kiley is also a member of the Law Advisory Council, and Judge Swygert is Adjunct Professor of Law in the practice court program. Chief Judge John S. Hastings of the Court of Appeals was guest speaker for the occasion, which was at-tended by 85 alumni and friends of the Law School: Professor Thomas Broden pre-Dented plaques to the guests of honor.

Moot Court

James J. Leonard, Jr., a third-year stu-dent from Prairie Village, Kansas, was named winner of the final round of the Moot Court competition, held October 10 in the Memorial Library auditorium. Second place went to John H. Martin of Sacramento, California. Mr. Leonard is a graduate of Brown University; Mr. Martin graduated from the University of Notre Dame. Other competitors were Henry J.

Boitel, Brooklyn, New York, and Kevin Carey, Yakima, Washington. The arguments were heard by Mr. Justice Arthur J. Goldberg of the Supreme Court of the United States; Judge Carl McGowan of the Court of Appeals for the District of Columbia Circuit; and Judge William J. Campbell of the United States District Court for the Northern District of Illinois. The case, now on the Supreme Court's docket, involved an employer's right to terminate his business during a labor dispute.

Practice Court

The fall term of the Practice Court began in September and will be concluded in March. Each member of the third-year class will participate in a full-dress jury trial before Judge Luther M. Swygert and a jury drawn from the Law School's firstyear class and the student body of St. Mary's College. Professor Edward Barrett directs the program and acts as pro-tem judge on motions and voir dire sessions.

Elective Seminar

The separate course in federal estate and gift taxation has now been absorbed into the third-year estate planning course. This adjustment left two semester hours in the final semester for an elective seminar. Several members of the faculty plan to offer courses in various areas of specialization which will afford all members of the thirdyear class an opportunity for close, detailed research under careful direction. The program will replace the third-year research paper requirement.

Gray's Inn

Gray's Inn began its season in October with a visit from Thomas Ford of the New York Bar, who discussed with students the problems and opportunities of law practice in New York City. Mr. Ford is a partner in Shearman & Sterling, a firm which has recently employed two graduates as asso-ciates — Paul B. Coffey, '58, 61L, and Thomas Joyce, '60, '63L.

Notre Dame Lawyer

The editorial board of the Lawyer launched plans for the formation of a Notre Dame Lawyer Alumni Association with a formation meeting at the Law School on October 23 and 24. Recent graduates who were Lawyer staff members were invited to the meeting, which in-cluded group attendance at the Notre Dame-Stanford game. The Association will aim at increased assistance from the law review's alumni in obtaining and preparing lead articles and advising student editors on content and circulation of the review.

Law Advisory Council Members of the Law Advisory Council met at the Law School in October. They held a session with the editorial board of the Notre Dame Lawyer and heard student editors explain their procedures and problems. The members also had breakfast with the third-year class.

Council members at the meeting included Norman J. Barry, Chicago; Judge Hugh C. Boyle, Pittsburgh; John E. Cassidy, Peoria; Judge Charles S. Desmond, sidy, reora; judge Charles S. Desmond, Buffalo; John W. Dorgan, Chicago; Oscar John Dorwin, New York City; Paul F. Hellmuth, Boston; John T. Higgins, De-troit; Henry M. Hogan, Birmingham, Mich.; H. Clay Johnston, New York City; Judge Roger J. Kiley, Chicago; J. W. Mullin, Jr., Los Angeles; Judge Walter V. Schaefer, Chicago; Edmund A. Stephan, Chicago; and A. Harold Weber, South Bend.

Congratulations

George A. Pelletier, Jr., '61, '62L, has been appointed an instructor in the International and Comparative Law Division of the Army Judge Advocate General's School, Charlottesville, Va. He is the author of a lead article which appeared last year in the Lawyer on insurance retaliatory laws.

NAMES OF SERVICE DEAD SINCE W.W.II REQUESTED FOR NEW WAR MEMORIAL

A permanent war memorial honoring all alumni who have died "for God, Country and Notre Dame" is being planned to replace the temporary wooden plaques listing those killed in World War II which long stood in the fover of Sacred Heart Church.

The new memorial will hopefully contain the names of all Notre Dame men who have died in the Korean action and "Cold War" as well as the Second World War.

While the Alumni Office records are considered to be complete for the World War II Honor Roll, we would like to corroborate our listings since that time.

Classmates, relatives and friends of alumni who have died on active duty in the U.S. Armed Forces since V-J Day are asked to send name, class and date of death to the Alumni Office, Box 555, Notre Dame, Ind. 46556.

MAN and the MOMENT

Men of Past and Present: Fathers DeSeille and Petit

 $\mathbf{T}_{\mathrm{a}}^{\mathrm{HE}}$ story of l'ather Descille reads like a short story. It is much too short a story for a man who was a hero of the Wilderness. He was a mild man, very much unlike Father Badin, who, according to reports, was a "torrential personality." We have no information on the early years of Father Deseille nor of the exact time he came to Notre Dame. It is known that he traveled hundreds of miles in every direction to minister to the Indians. In 1832 he had joined Father Badin in Pokagon's village. This village was about seven miles from Notre Dame. An old manuscript, referring to Father Deseille, says: "The time of his ministry here was somewhere between the years 1830 and 1840." This is enough to give us some idea of the date.

A Heroic Death

It is interesting to note that Father Deseille died as a young priest. He was less than forty years of age. It is also a point of interest to note that when Father Deseille got sick two messengers were sent to get a priest—one to Logansport and one to Chicago. "The two messengers returned three days afterwards, without a priest, as both priests were too sick to travel such a distance." In those days the ravages of a hard life ended many a career very early.

A Lost People

Most people who come to Notre Dame visit the Log Chapel. Ghosts of yesterday, heroes of yesteryear are in the silence of the flickering candles before the altar. On the north wall is a painting of the dying Father Deseille. The story has been told many times of how this priest prepared himself for death. He asked to be carried from his sickbed to the altar. There he showed his great faith by giving himself the Blessed Sacrament as his final taste of food for a long journey. In less than an hour he was dead. When the Indians came to visit their dead priest, they remembered his last words to them: "I have a great journey to make." So there they stood, those people of the prairie who had learned to pray from the now stilled lips of their padre. They were a lost people in their own wild house, lost because a great love had left them and they were lonely.

The bones of Father Deseille are in the crypt of the campus church. Next to him are the mortal remains of a Father Benjamin Petit. Father Petit should be known and remembered as one of the first who dared to be counted with a minority group.

The Great Journey

Many of the white people were hungry for land. They could see no reason why they should go far west when it would be easier to get the government to move the Indians. The poverty of the Indians, their simplicity and ignorance, their lack of union made them easy victims for the growing greed of the white people. It was easy to stir up trouble, then point to the Indians as the cause. The United States Government, at least it seems so, wanted to be fair but was goaded into action that would force the Indians to reservations farther west. A great many early settlers who tried to avoid bloodshed and who wanted to se some semblance of justice thought the best plan was to move the Indians and have the government take care of them. They wanted this socialism for others so that they could claim the country for themselves. Between 1820 and 1830 conferences and treaties were the order of the day. Between 1830 and 1840 the real-estate merchants were on the move. An order was given that the Indians of Indiana should be transferred beyond the Mississippi. In early September of 1838 the forced march to the unhappy hunting grounds was begun.

General John Tipton was most anxious to avoid cruelty and needless fighting. He begged the young priest who was ordained less than a year and who had come to Notre Dame to take the place of Father Deseille to make the long journey with the Indians. But Bishop Gabriel Bruté needed this young missionary in northern Indiana.

'Train of Terror'

It was only when he heard of the sick ness and death and the wretched condition of the forced march that the Bishop granted permission to Father Petit to leave Notre Dame and to catch up with his beloved Indians. At Danville, Illinois, he met the miserable "red train of terror." Two months later, on November 4. they reached the banks of the Osage River. Father Petit turned his charges over to a Jesuit priest, Father Hoëken. Then Father Petit started on the long road home.

Already sick and weak he got as far a St. Louis. There, even with great care from Jesuits, he died, It was another great life gone to eternity from the shores of Notre Dame.

Almost twenty years later, in 1857, Father Sorin journeyed to St. Louis to bring back the body of Father Petit. Father Sorin knew then, as we know now, that these men of the past are part of the present and forever a part of Notre Dame.

LIBRARY ASSN., headed by Fr. O'Donnell, is grateful for fifty books about Canada presented to the University by the Canadian government. Here Fr. Hesburgh examines the books with Senator John J. Connolly, government leader in the Canadian Senate, who made the presentation; and C. F. Wilson, Canadian consul general in Chicago. Connolly, a former faculty member, represented Prime Minister Lester B. Pearson, who received an honorary degree from Notre Dame in 1963. In a statement, Pearson declared: "It is my sincere hope that this gift of books will stimulate interest in the relation between our countries and in so doing will help strengthen the unique partnership that our two nations are so fortunate to share."

Chicago

Dec. 7 is the BIG NIGHT for all Fighting Irish fans in the Chicago area. That night more than 1,000 alumni and friends of Notre Dame will gather at the Pick-Congress Hotel to salute the best highschool athlete-scholars in this area at the annual Knute Rockne Memorial Dinner.

Three trophies will be awarded. Individual tro-phies will go to the top boy in the suburbs, as as the outstanding boy in both the city's well Catholic and Public leagues. Chairman PAT SHANNON '48 and his two able assistants, JOHN-NY LATTNER '54 and TOMMY CAREY '55 of football fame, promise one of the best programs in history. They have been lining up special guests for several months and you won't want to miss this Rockne dinner. Reservations can be made through the club office, AN3-6063. If you want to drop in and pick up the tickets, the office is in Room 1337 of the First National Bank Building.

The Board of Governors would like to salute all those who paid 1964 dues. This revenue enabled us to expand our activities and strengthen the this to explain our activities and strengthen the that you like the appearance of the new club directory and activities guide. The directory was mailed to all members on our list. If you have not received your copy, or if you want to make a correction, just phone the club office. All dues-paying members are listed in boldface type in the current directory.

More than 325 hearty alumni and friends surthe Chicago Club's annual Golf Outing and Sports Night Dinner at Elmhurst Country Club one of

the most successful in history. Tradition has established the outing as a real "fun" event and chairmen AL HANEY and JIM RYTHER went all out to make the guests forget the heat.

They utilized the "shotgun" starting technique to get all the gollers out on the course. Leading the pack was TOM WALSH with a 74. The son the pack was TOM WALSH with a 74. The son of a Chicagoland golf pro, Tom was in the Windy City for the summer after a year of teaching at the U. of Georgia. At dinner COL. FRED SNITE presented Tom with the Fred Snite Jr. Memorial Trophy, which goes to the low alumnus. The Colonel, the club's host again this year, worked his way around the full 18 holes in the afternoon. TONY GIROLAMI, prize chairman for the event, pulled together nearly 150 golf and door prizes to send away most with bubbles under their arms. He was asisted most ably by GEORGE MARCUCCI

He was assisted most ably by GEORGE MARCUCCI and BILL MADDUX.

Others who contributed to the over-all success of the outing were FRED HOLZL, JOHN TULLY, FRANK MURNANE, JOHNNY LATINER, TOM HAYES, NEIL HALLORAN, STEVE REBORA, JERRY BRANSFIELD and DICK BEEMAN.

A delicious steak dinner and a fast-moving pro-gram "quarterbacked" by Chicago Daily News columnist John Carmichael put a cool cap on the day. Carmichael, one of the fastest wits on the banquet circuit, kept the crowd on its toes with a wide variety of anecdotes.

He also introduced Notre Dame's two new head coaches, ARA PARSEGHIAN and JOHNNY DEE coaches, ARA PARSEGHIAN and JOHNNY DEE. Other speakers included FATHER JOYCE, ED "MOOSE" KRAUSE and BOB CAHILL. Sports personalities in the audience included TOM CAREY, LEN SKOGLUND, JOE ZWERS, BERT METZGER, and FRANK REYNOLDS. More than 125 incoming freshmen and their parents had a better idea of what to expect at und form Vario David for our Exchange Para

and from Notre Dame after our Freshman Reception at McCornick Place Sept. 1. TOM HAYES '55, chairman of the Prep Committee, handled the details on this event, which was an SRO affair.

JIM GIBBONS, assistant director of public relations for the University, gave a wonderful presen-tation on what ND expects from the boy, and I think everyone took away a new impression of the school. We served refreshments to the boys and their parents alter the formal talk. Then thraks to FRANK VOGEL, president of the campus club, the reception took on a new dimension. Seniors from the various colleges talked with the boys and their parents on an informal basis, answering specific questions as to procedures and rules.

This was the first year that we invited both parents, and the reaction was very positive. This expanded format, possible only through the tremendous support you have provided in the past few years, enables us to reach many more people

tew years, enables us to reach many more people and show both the Club and the University in the best possible light. Again a vote of thanks to AL HANEY '53 and JIM RYTHER '56, who did such a great job as co-chairmen of the Golf Outing and Sports Night Dinner in August. It will be difficult for next year's committee to top their efforts. The revenue from this event helped underwrite the expense of the Freshwan Recreation and the Rockne Dinner the Freshman Reception and the Rockne Dinner. All Rockne Award nominees and their coaches are guests of the Club at the Rockne Dinner.

The Oktoberlest, our new pre-season fun party, got off to a real bang-up start with a committee spearheaded by the younger graduates. PAT PHE-LAN '60 was chairman of the Sept. 19 event at the Germania Club, and he put together one of the best committees in club history. More than 700 turned out for the new event.

KEVIN BURKE '59, Sales Manager; JOHN FANNON '56, Door Prizes; TOM BRINKWORTH '60, Decorations; and MIKE O'CONNOR '62 did a fantastic job in making the party a big success. The high-stepping German band did its part, too.

A good football movie, implemented by comments from HUGHIE DEVORE, injected the football flavor. Other special guests included FR. TOM

Connecticut Valley

The Notre Dame Club of the Connecticut Valley held its annual dinner on September 15 at Hart-ford's City Club for freshmen entering Notre Dame. Eleven freshmen from the area served by the Club entered the University this year. The new students were shown a motion picture about the University and had an opportunity to meet and talk with local alumni.

Another item of interest for Connecticut Valley alumni is the success enjoyed by the Hartford Charter Oaks in the Atlantic Coast Football League. The newly established professional team won three of its first four games to pace the league's northern division. The Charter Oaks are coached by former Notre Damer FRED WALLNER, and one of the club's executives is NED BREWER, also an alum-nus. As I sit down to send to you the current happenings of the Fort Lauderdale Club, the word of the resounding victory won by the Fighting Irish over the strong Wisconsin football team sounds very sweet to my cars. Word had come to us here that the team would be one of which we could all be proud, and we certainly congratulate Coach Ara, the football team and the student body for making last Saturday a very happy one indeed. We look forward to more of the same and we know

that we will not be disappointed. Under the fine leadership of President BOB McDONOUGH '52, our Club continues on another fine year. Bob has worked very hard to keep the many activities of the Club in full swing and his efforts have paid off. During our June meeting we prepared ourselves for the big football year ahead by viewing the filmed highlights of our 1947 Championship year. Bob narrated the film for us and did a job which would put JIM GIBBONS of the Redskins to shame. After that film we then saw a championship goli match on film be-tween Billy Casper and Chi Chi Rodriguez. The two films made a very entertaining evening for the Club which was enjoyed by our usual good turnout of members. We did not hold a meeting during Amerus time we We did not hold a meeting during August since so many of our members were out of the city on vacations and since we had scheduled two big events for September. September then brought our

Second Annual Freshman Send-Off Dinner meeting. We invited the wives to this one as well as the new Irish entering Notre Dame for the first time his year. The parents of the new freshmen were Its year. The parents of the new freshmen were also our guests. Among the new men in attendance were RAY NOVACCO '68, JEFF KEVES '68 and BERNARD CASTELLANI '68. In addition we had a good turnout of our membership, including TOM NOLAN '44, PRESTON McMURDO, BILL MAUS '53, CHARLIE QUINN '34, WILLARD MOSS, JOHN McGINN '54, TO'34, WILLARD MOSS, FR. JACK LINDSAY TOTTY L'52 speak to us on some of the new developments in the Church on some of the new developments in the country liturgy and we enjoyed very much hearing of some of his experiences as a street preacher in various cities throughout the country.

On Wednesday, Sept. 16, Plantation Country Club vas the site of our second annual stag golf tournament. Another good turnout of the membership enjoyed the day of golf, prizes and a buffet dinner. A free cocktail party was thrown in just to make things interesting and improve the golf scores. Three more big events were scheduled to wind up our year. On October 22 we held our drawing

for the annual sweepstakes event with the proceeds going to the University. November 14 was the going to the University. November 14 was the date of our Club TV Party held at the Governor's Club Hotel in Fort Lauderdale. At this writing I am sure that the entire club will be there to see the Irish trounce Michigan State. December is the month for our annual Club Communion Breakfast. Then our year will be over and we will turn the reins over to a new group of officers for next vear.

As you can see, our summer months have not been spent idly. The club has continued to grow with new members joining every month. In recent weeks we have welcomed BILL DAILY '28, RICH-ARD W. BROWN '57 and KEVIN QUINN '68. Since there is little more of interest left to be said by us, I'll close this with our standing invitation to you and to all of our fellow alumni to visit our club when you are in Fort Lauderdale. -GEORGE PATTERSON L'58, Secy.

The Notre Dame Club of Idaho held its annual summer picnic this year at the Snake River Trout Ranch in Buhl, Idaho. This is the largest trout ranch in the world, located six miles north of Buhl, Idaho. Surrounded by beautiful scenic splendor at the base of a law wall in the famous Snake River Canyon, its "1,000 Springs" Rainbow Trout are shipped throughout North America. This facility uses over

60 thousand gallons of spring water per minute. Attending this year's outing were alumni and friends from throughout Southern Idaho. A delicious barbecue of these famous trout was provided by our gracious hosts, Mr. & Mrs. BOB ERKINS '47. A full day of golfing, swimming and fishing was en-joyed by all.

Indianapolis

Since our last writing our Club has enjoyed many activities which have provided us with outstanding recreation and fun.

A late June evening at McNamara Farm provided the setting for the largest Annual Beer Bust crowd ever to assemble in our fair city. Chairman DICK McNAMARA made the arrangements and is still wondering where all the hamburgers went. Rumor has it that the two chefs, BILL SAHM '51 and

JOE BILL '56, dromolished one-third of the supplies. On July 9, 1964, another record crowd attended the Annual Golf Outing held at Highland Country Club. FRANCIS QUINN '42 and LEO BARN-HORST '49 were commended for their efforts in making die the unerge it und Our mutter of one making this the success it was. Our master of ceremonies was MIKE AHERN '60, and we had an array Monies was MINE ATHEN, 60, and we had an array, of interesting speakers, among them FR. TOM BRENNAN and Basketball Coach JOHN DEE. On Sept. 22 "MOOSE" KRAUSE was the leatured

speaker at a dinner meeting designed to give us information on the new Athletic and Convocation Center and to emphasize the importance of that structure in Challenge II. A "hard core" group chairmanned by BOB WELCH '50 pledged \$127,000 that night.

The same week, on Sept. 25, our annual Scholarship Ball was held at the Athletic Club from 9:30 to 12:30?? JOE FITZGERALD '44 and ED FIL-LENWARTH JR. '61 did a magnificent job. NEWS FLASHES: THOMAS P. CARNEY '37 had

to resign as president of our Club to take a position at G. D. Searle Co. Chicago's gain; our loss.

To honor the memory of a great Notre Dame man, WILLIAM F. FOX JR., The Indianapolis News has arranged and set up four, four-year scholarships per year at ND. More anon.

Lansing

The Notre Dame Club of Lansing held its annual Stag Smoker on Friday, Nov. 6. CLEM McFARLANE was host in his diggings on Wellington Road. Clubbers gathered hoping to meet such new alumni as LEE MICHAEL, TOM ROPERS, DON SCHERPEREEL, BILL DOTTERWEICH, DON SCHERPEREEL, BILL DOTTERWEIG BILL JERRY DURLAK and JESSE JOLLY.

The principal objective, of course, was to select the lucky winner of four tickets plus expenses to the ND-MSU game on Nov. 14. DR. PAT NAK-FOOR was in charge of distributing the chances, principal source of revenue for defraying expenses for deficit events throughout the year. Besides helping with tickets, DICK ALFES handled pro-motion for the Smoker.

Los Angeles

As a result of discussions held over the last several months, it was decided to combine the Los Angeles and Long Beach Clubs. A reorganization resolution was presented to the memberships of both clubs and was accepted to the meaninously by mail and meeting vote, Efforts to include the San Gabriel Valley and San Fernando Valley Clubs in this reorganization have to date failed. The San Gabriel Club has not been too active since the Clubs split four years ago; consequently, the more active members are interested in this reorganization and indicated a desire to become active in the com-bined Los Angeles and Long Beach Club. It was also mutually agreed that the Orange County Club remain a separate entity for geographical reasons, and an excellent rapport and working agreements now exist between the Orange County and the combined Club.

On June 22, a general membership meeting was called for the purposes of reorganization and elections. The attendance was surprisingly good, and the following election results partially reflect the organization. Officers were elected for a term of two years.

President: nominees were BOB GERVAIS '55 (formerly president of the L.A. Club), TOM POWERS '56 (formerly director of the L.A. Club) and BEN SALVATY '32 (formerly president of the San Gabriel Club), Bob Gervais was elected; Vice-President for University Affairs, ED FOX '55 Vice-President for University Affairs, ED FOX '55 (formerly vice-president of the L.A. Club); Vice-President for Club Affairs. TOM CREHAN '57 (formerly vice-president of the L.B. Club); Sec-retary, TOM POWERS '56 (formerly director of the L.A. Club but an Orange County resident); and Treasurer, GENE CALHOUN '33 (formerly secy-treas. of the L.A. Club).

Nine directors were also elected, three who have been graduated longer than twenty years, and six less than twenty years. Directors graduated more than 20 years (parentheses refer to term of office); FRANK CONATY '43 (3 years), formerly presi-dent of the L.B. Club; BILL DILHOFFER '42 (2 years), San Gabriel Valley resident; and BEN SALVATY '32 (1 year), former president of the San Gabriel Valley Club. Directors graduated less than 20 years: JACK STEWART '59 (3 years), formerly Los Angeles Club; PAUL RIGALI '48 (3 years), formerly Long Beach Club; JOSE ALEX-ANDER '62 (2 years), formerly Los Angeles Club; JIM GILLIS '51 (2 years), formerly San Fer-nando Valley Club; Pat KEARNS '55 (1 year). less than twenty years. Directors graduated more

formerly Long Beach Club; and MIKE MURPHY '60 (1 year), formerly Long Beach Club. Honorary President: MORT GOODMAN '30.

A board meeting was held on July 20 to adopt a new constitution and to further implement the reorganization. Subsequent mailings announced a varied schedule of events for the coming year and complete details of massive preparations for the ND-Southern Cal weekend.

Maine

The Notre Dame Alumni Association of Maine gathered at a family picnic on Saturday, Aug. 29. This picnic was held at Camp Sebaik at North Sebago, Me., a camp run by the Holy Cross Fathers. It was a gala affair with some nine alumni, four

students, and one prospective student there, along with wives, girl friends, and an assorted group of children. Boating, swimming, baseball. horseshoes, as well as track events, made for a very active and popular day.

The meeting held in conjunction with the outing pointed out that the Notre Dame Scholarship Fund had reached a new high of \$2,100 and two grants were made to needy boys for the coming year. FR. LEN COLLINS CSC of the University was

there to give us encouragement for the football season and give us our warm greetings from the University.

All the alumni present and those not there through letter were asked to contribute especially to the University Foundation Fund, and through this letter it is hoped that there will be no Maine alumnus who will fail in this duty to his University. As I mentioned at the meeting, it is not the size of the gift but the fact that a gift does come from each Maine man. We are small in number, but we feel that we have added zip that many other clubs, because they are large and cumber-some, do not have.

Nashville

We received a letter from JIM ARMSTRONG informing us that our application had been approved. Also had a letter from BRO. CONAN, and we have ordered a pennant. So we are rolling and looking forward to a big year for the Notre Dame Club of Nashville.

Our next get-together was planned for November 10 to form committees and decide on our program for 1965. Then on December 26 we will have a Christmas Dance for alumni and students at the Officers Club here at Sewart AFB. Cocktails will start at 7 p.m. The cocktail hour will be followed by dinner and dancing in the Main Ballroom. We anticipate a good turnout for what might be called our first "official" function.

Officers of 1964-65 are: JAMES C. GREEN-WELL, JR. '54, pres.; CHARLES F. SPICKA '54, vice-pres.; NICK VARALLO, JR. '63, secy-treas.; and FR. JOHN HENRICK MA '57, chaplain.

All energies of the Philadelphia Club, as a new All energies of the Philadelphia Club, as a new Club year started, were devoted to making the weekend of the Navy game here one long to be remembered. JOHN F. MOORHEAD '49, ener-getic chairman of the Navy weekend program, set up a giant Pep Rally for Friday night, Oct. 30, up a grant Fep Kally for Friday might, Oct. 30, and a postgame cocktail party, followed by a buffet dinner, for Oct. 31 . . . all at the Ben Franklin Hotel. He arranged chartered buses from the hotel to John F. Kennedy Stadium and reserved practically the entire hotel for the expected influx of alumni and friends. He sent invitations to all alumni clubs east of the Appalachians, and a few others, to join Philadelphia in a rousing welcome to the returner foothal team. the resurgent football team.

PHILADELPHIA-A wedding at the Navy base was the occasion of an unusual reunion of these contemporaries: (I.-r.) Charles A. Conley '33 of the Philly Club; Capt. Robert E. Lee Jr. USN '32, whose daughter Barbara was married; and Bob's brother, Maurice '33, Chicago.

The new year at Philadelphia got under way with a Bon Voyage party! Students from the Philadelphia area and their parents and friends were invited to join the alumni for a moonlight cruise on the Delaware River in the Jusurious cruise on the Delaware River in the Jusurious "Showboat." President CARMEN IANDOLLO of the Philadelphia campus club headed a large group of students, who not only had a grand time be-fore heading back to school, but made the evening memorable for the rest of us. Chairman JOHN F. VOIT '51, was given a rousing vote of thanks for a swell time and promptly appointed by President JIM LEYDON to start work on the third annual cruise next September 10.

Pittsburah

The Annual Golf and Dinner Party was held on Friday, Aug. 28, 1964, at the Pittsburgh Field Club. Golf Greats attending included JOE TUCKER, HARRY STUHLDREHER, and JOE GASPARELLA.

GASTARELLA. This was one of the highlights of the Pitts-burgh Notre Dame Club's yearly calendar at one of the country's finest courses — a real experience. We arranged for golf, dinner and gratuities at a total price of \$15.00, certainly a cost comparable to clubs with less facilities. Beverages, of course, were available for those seeking immediate therapy for their various softme ills. Non-collers were urged for their various golfing ills. Non-golfers were urged to attend the dinner. Golfers were asked to make up their own foursome (non-alumni most welcome) or check in at the locker room with Dan Beggy. Bob Jacob, and Jerry Travis who were prepared to help you find a game.

A special attraction was the showing of a beau-tiful color film of the 1964 Masters Tournament, We hoped new Notre Dame residents in the Pitts-burgh Area would take this occasion to become

We could come out of hiding this year, since our To do our share in paying tribute to the welcome change, the Notre Dame Club of Pittsburgh ar-ranged for a gala Pregame Rally on Friday evening, prior to the game with the Pitt Panthers. Chairman JOE GASPARELLA and his Co-chairmen BERNIE POWERS and ED FAY arranged a truly fine affair.

There were a number of Notre Dame celebrities present. JOHNNY RAY, who has done such an outstanding job as defensive coach, promised to say a few words. MOOSE KRAUSE, basking in the old-time spirit at ND, was here. So were Jim Gibbons and Jim Morse, the broadcasters. and many others.

A musical organization of high repute (not the Beatles) furnished entertainment and dance music. This indicates that the affair was definitely for men and women. In the event that the speakers and the orchestra failed to inspire a spirited evening, a beverage bar was located unobtrusively but conveniently on the premises.

St. Louis

As Christmas approaches we have passed the mid-As Constitutes approaches we have passed the mode-point of our year. Our annual Notre Dame Frosh Night was held on Sept. 10 at the home of JERRY McGLYNN '60. There the new members of our St. Louis Club — the freshmen and their fathers had the opportunity to chat with members of our

board of directors and past presidents. BILL MILLER '35, visited our city in his cam-paign for the vice-presidency. Individual members of our Club whose interests paralleled candidate Miller's attended a breakfast in a body at which he spoke. Miller was introduced by AL RAVARINO 35, a classmate.

In his Challenge II visit to St. Louis on Oct. 5, EDWARD (MOOSE) KRAUSE '34, played golf with other members of the St. Louis Club at the Crystal Lake Country Club. Committee Chairman JOE DWYER '58, delivered a fine attendance for the Challenge II dinner meeting that was held at the Club that evening. Thanks to Joe for a fine job well done.

Under the direction of past Board Chairman JIM PUDLOWSKI '54, a large group of St. Louis Club members and their friends, including wives, attended the Stanford game at South Bend. Jim was not sure which was more exciting, the trip or the game. That was a promise. Congratulations to the St. Louis Club of Notre

Dame - the student affiliated club. They have been doing a fine job in providing the students an opportunity to get together with their St. Louis

portunity to get together with their St. Louis friends at the campus. Information regarding the annual Communion Breakfast under the direction of HENRY LUEP-KE '57, will reach you soon if it has not already. Later in December, on the 19th, TAL POWELL '49, will spearhead the group that will present this year's Christmas Dance. Tal promises a particularly read time. The dance will be held at the Rel Aigood time. The dance will be held at the Bel Air East Motor Hotel in the Mayan Ball Room leatur-ing the Jack Engler Orchestra.

Mark Monday, Jan. 11, on your calendar. That is the evening that the Irish basketball team will play the Billikens in St. Louis. The Club will sponsor some affair in conjunction with this date.

The writer and others in St. Louis would like to see our old friend, REV. GLENN BOARMAN CSC, revisit our city during the Christmas holidays. From the officers and members of the board of

50-YEAR CLUB

Walter L. Clements **Tower Building** South Bend, Ind.

From the Alumni Office:

We take this opportunity to welcome WALTER CLEMENTS as the new keeper of this corner. Colonel Clements has served with distinction as the Class of 1914 scribe since the untimely death of RON O'NEILL. He has a head start on his new duties since his conferences this past summer with 14 members of his Golden Jubilee Class which now joins the Semicentenarians — as well as DAN O'CONNOR '05, FRED STEERS '11 and JIM O'HARA '13 of Chicago; CLAUDE SORG '10 of Middletown, Ohio; and FRED MEIFELD '12 of Frankfort, Ind. We expect Walter to contribute profiles of these and other Golden Boys in future

columns. The Sight-Giver, newsletter of New York's La-velle School for the Blind, has items on the trustees under the presidency of HON. ERNEST E. L. HAMMER '04. (LL.D '54), as well as heart-warming notes on Bar Mitzvahs, baseball trips and World's Fair excursions of the sightless students under the supervision of Dominican nuns. Judge Hammer, retired from the New York Supreme Court, has helped the Dominican Sisters at La-velle celebrate the 60th Anniversary of the school, their own Golden Jubilee as faculty, and the erec-tion of new \$2.3 million school buildings, to be dedicated shortly by CARDINAL SPELLMAN LL.D '35.

July was even a bigger month than June for one new 50-Year Clubber who made the Reunion - FR. SALVATORE FANELLI CSC. Father Sal was honored by parishioners of St. Joseph Church, South Bend, for nearly 25 years of lowing and be-loved service as assistant to the pastor. He re-ceived several gifts from St. Joe parishoners at a reception in his honor before his transfer to Jordan, Minn., to become resident confessor at the Holy Cross Fathers' Sacred Heart Novitiate. It a fitting appointment, since Father Sal may was well be the most popular confessor since the Cure of Ars, Ordained in 1918, he had assignments (mostly pastoral) in Louisiana, Wisconsin, Ken-cucky, Texas and New York before coming to (mostly pastoral) in Louisiana, Wisconsin, Nu-tucky, Texas and New York before coming to South Bend in 1940. Since then he has been ac-tive as chaplain or spiritual director for the Boy Scouts. the Legion of Mary, the Altar Society, the Confraternity of Christian Doctrine, the Christian Family Movement and even the Civil Air Patrol. He's also been an indefatigable work-er for Italian War Relief, the Moreau Seminary and St. Joseph Hijb School campaigns . . and the best spaghetti- and pizza-maker on South Bend's East Side. To Father Sal (although Ken-tucky-born) a few old-country salutations: "A tucky-born) a few old-country salutations: rivederci, benite, adio e ciao!"

We mourn: CHARLES E. RUFFING '86, one of our oldest alumni, who died in Bellevue, O., in September at the age of 95; FRANK J. ONZON in September at the age of 95; FRANK J. ONZON LL.B. '95 of Corpus Christi, Tex., whose death in August ended a career in law and public life that merited (along with his deep devo-tion to the Sacred Heart) a papal cross from Pope Piux XII in 1957; the reported deaths (with no details at this time) of JOHN B. ERVIN '01 of Muncie, Ind., and FRANK D. (with no details at this time) of JOHN B. ERVIN '01 of Muncie, Ind., and FRANK D. HAYES '09 of Elmhurst, Ill.; GEORGE A. REMPE SR. '10 of Phoenix, Ariz., with a great family tradition at St. Mary's College, whose death in May was just recently learned; JOSEPH C. GOD-DEYNE '11 of Bay City, Mich., who died in Au-gust; LAWRENCE SCHUBERT '11 of South Bend, former Studebaker engineer with a strong ND family tradition, whose death in June just missed Idmity tradition, whose death in June just missed the last issue; EDWARD M. BRUCE '12 of Glen-view, Ill., whose death last March was learned some months later; WARREN SEXITON '12 prom-inent in realty and insurance in Utica, N.Y., whose passing in May was similarly delayed in reporting; RALPH MILLS '12 of Lake Forest, Ill., who died back in Jungan to wait the prost nurther combine combiback in January to merit the most overdue apologies; and TWOMEY CLIFFORD '14 of Camden. Ark., whose death was reported in July by WAL-TER CLEMENTS. The last was profiled last year by the Colonel for his versatility (corporation lawyer, municipal judge, city attorney, county prose-cutor, FBI agent, etc.) and his determination to make the Golden Jubilee Reunion (foiled by illness).

To the loved ones of these comrades departed, a pledge of perpetual Masses and prayers through the Alumni Assn.

Last summer CLYDE BROUSSARD '13 rejoiced in the arrival of his 30th grandchild, seventh child of DR. FRANCIS E. SCHLUETER '35 of Pasadena, Calif. And from his Beaumont (Tex.) Rice Mills, he oversaw the move of the immigrant Chinese couple he helped to be baptized and mar-ried (Dr. and Mrs. Yang MS '53) to Buffalo, N.Y., with DuPont.

Composer Meredith Willson, chronicler of "The Music Man," "Here's Love," "The Unsinkable Molly Brown," etc., often speaks of his ND ath-lete father's rather cool attitude toward his piccolo-playing son. Father was JOHN D. WILLSON LLB 1885 of Mason City, Iowa, and he couldn't have been as tough as Meredith painted him in the light of his son's musical reverence for the Iowa of his youth.

Congratulations to Loretta and BILL FERSTEL '00 on the occasion of their 50th wedding anniversary on October 14.

Come ALIVE in '65! Class of '15 Golden Jubilee REUNION-June 11-12-13

15 Albert A. Kuhle 117 South Sunset Ave. La Grange, Ill.

Congratulations to the members of the 1914 Class for the excellent turn-out for their Golden Jubile as reported by Secretary WALTER L, CLEMENTS. This very fine example should be an inspiration for all members of the 1915 Class whose Ga Iden Jubilee is scheduled for June, 1965.

The Class of 1915 has 57 living members for whom we have current addresses. Also, as far as is known there are 11 additional members for whom we do not have current addresses. We confidently expect that a record number of the Class of 1915 will return to the ND campus for their Golden Reunion next year.

In this connection we will have a letter in the hands of all members around the first of the year. That letter will contain specific information as to dates and plans. In the interim your Secretary will appreciate hearing from classmates about their plans to attend this rare and historical event, Few men are given such a privilege as will be afforded to you on this occasion. It should therefore be a must on your calendar for 1965.

New addresses have been reported by members of the Class of 1915 as follows: DR. EDWARD G. GUSHURST, 790 Washington St., Denver, Colo.; L. D. KEESLAR, 3946 Madison Ave., Ft. Myers, Fla. 33901.

It is important that the Alumni Office has correct and current addresses for all members so please report any changes to that office promptly.

From the Alumni Office:

Now in South America as an advisor to univer-sities (and incidentally doing spadework for an-other ND undergraduate year abroad in Peru), DR. GEORGE NAUMAN SHUSTER was in Washington, D.C., in late October as keynote speaker for the Catholic Assn. for International Peace gathered for its 37th annual convention, Earlier he spearheaded efforts of the American Hierarchy to get a strong statement on religious Hierarchy to get a strong statement on religious freedom from the Vatican Council, plus a dis-carding of ancient formulas on the Jews and con-

TESTIMONIAL Dinner for Tim Galvin, given in Gary by the Indiana Knights of Columbus, was attended by many alumni and quite a few Galvins, including: (front row, I.-r.) Clarence E. Manion '22, Ray T. From the Alumni Office:

The funeral of FR. MIKE MULCAIRE brought a great many alumni to the campus, not only classmates and contemporaries but many younger wassinates and contemporaries but many younger men he knew and influenced as a teacher, con-fessor and vice-president of Notre Dame. May God grant eternal rest to him and to HARRY SCOTT of Indianapolis, who followed him on Sept. 28.

BILL ANDRES from Mexico writes that he has not seen JIM LOGAN since graduation but had seen MORRIE STARRETT a couple of times. EDDIE MCOSKER and ELMER TOBIN looked just like Old St. Joe Hallers with themselves and the surroundings very much more "dressed up" the surroundings very much more "dressed up" (picture taken in basement of Morris Inn). Mem-ories of BROTHER FLO and the old "Rec Room" of HOWARD PARKER at the piano while JOHN **CONBOX** danced. Of the hot games at the pool table. Of digging the grave of St. Joe Hall — to put wings on it and rechristen it Badin. Of "bun" carts - waiting on tables - UGH! - what goory chicken floating in sticky yellow gravy! Of all the things we used to gripe about and now cherish as happy memories. Big DUTCH BERGMAN'S picture brought back the time Fr. ED FINNEGAN, the prefect of Corby Hall, picked a football team to play "Dutch's" team in his home town, Peru, Ind. Only a few memories remain of this game — one of which is the wrong way I went about protecting a bad knee instead of tucking it under me. Also the linebacking of CARLETON BEH — who certainly that day was a Sam Hulf born 40 years too soon. CY DEGREE was just coming up and sproutsoon. CY DEGREE was just coming up and sprout-ing as a punter. His first punt that day went side-ways — so far the game was delayed 10 or more minutes so they could get the ball back. If I re-member correctly he could kick close to 90 yards on the fly. We thank Bill for his letter and hope that you'll write also.

ERNIE "STUFFY" BURKE made his 5th trip to Europe — staying in the Austrian Alps. Never heard if he got there — or if he is back — would appreciate a card from my old roommate.

COMMANDER CALL, your president, is a grand fellow and I hear from him and wish that you guys would write Charlie, as he will pass on the dope to me and I in turn will have something to write the ALUMNUS. Any keyhole news about yoursell or classmate — as to any addition to fam-ily, etc. — now that's grandchildren 1 mean but please write — write to JOHN F. LAUGHLIN, Mg. Ed., ALUMNUS. If you know or knew JIM ARMSTRONG, Alumni Secretary, write Jim a note - we want you to know that we appreciate hear-ing from YOU and about YOU. CHARLIE CALL writes that he took off for Bastille Day in France stopping off at Germany, Austria, England and pain — while the Mrs. takes off for New Mexico with oldest granddaughter to visit her sister. The Commander sent me his school photo album. If you'd like to "look see" at Ole Timers' pictures let us know. BILL BRADBURY is looking 'em over now. Understand Call is selling his Hasbrouck Heights, N.J., home and making his Winter Haven, Fla, home his permanent abode. Believe you'll find Charlie a lot more around 1047 Biltmore Drive, judging from what he writes "The European trip was fun enough but I ran into a heat wave and came home rather hurriedly. It was just as hot in N.J. so I didn't help myself much. Going over we went via Goose Bay, Labrador, and shot across from there to France in five and one-half hours. Coming home we stopped at the Azores briefly. The Bavar ian Alps seem always to thrill me — but after 22 crossings wonder if I shouldn't hang up the shoes." Hey — did you know that LEONARD M. CALL class of '20 is the Commander's brother?

Sorry to report that my neighbor — Notre Dame man, Class '27 — MATTHEW J. CULLEN, LLB — husband of LaVerne, father of Judith Ellen Marie and Matthew Jr. — was laid to rest by Our Lady Of Peace Church. Many Alumni will add

HOWARD V. PHALIN '28 became president of Field Enterprises Educational Corp. on Oct. 1. The company is the largest educational publishing concern in the world and one of the "Top 500" corporations. In 30 years Howie has held every executive position in the firm, and as executive vice-pres. for the past seven years pushed 87 offices and 50,000 sales personnel to an annual volume over \$100 million. An advisor of ND and other universities, he heads several civic, religious and charitable organizations, including a \$9 million hospital drive in Chicago, plus businesses in the suburbs. Last year he was honored as a Man of the Year by the ND Club of Chicago and the Illinois Catholic Women's Club. Residents of Evanston, Ill., Howie and his wife are donors of the most striking piece of art on the Northern Indiana landscape, the magnificent nine-story marble mosaic mural adorning the south facade of the ND Memorial Library and depicting Christ the Teacher surrounded by saintly leaders and scholars of all the ages.

group pictures; trust he finds 'em interesting. Saw BILL GRADY this spring at ND. He looks great and feels fine. From the regularity with which Bill_returns to the campus one would imagine that Carrollton, Tex., is within walking dis-tance. Another real nice ND man. Have not heard from Att'y G. E. HARBERT -

kinda expected a card from him from Arizona, where he and the Mrs. vacationed. Pleased to re-port that FR. GEO. HOLDERITH, CSC is looking great.

MAX G. KAZUS I'll wipe off my list if ne doesn't come through with a letter telling of the "Stunts" he was in while at school. If Max doesn't I might make up some about him.

Quoting from TOM KING'S letter addressed to Call: "We (Mrs. K.) were fortunate in that we were over most of the Far East that is available to travelers except Korea and India. We were particu-larly intrigued by Japan; the Philippine Islands, primarily Northern Luzon; Singapore, Bangkok and Hong Kons, We stopped in Saigono but they did not let us out of the airport. We did not enjoy Taiwan, I think because the people there seemed so very unhappy. May see you sometime this winter in Florida." Tom retires in 1966.

I know that I should have contacted Judge VINCENT C. GIBLIN if only via phone — but that Hibiscus Isle, Miami Beach, address was just too

high tone for my blood and really scared me off. Had I known that CHARLIE BACHMAN is at Pompano Beach I would have called him and that's Fompano beach 1 would have called nim and that's for sure. When west last year, stopped in and called on CARLETON BEH; he marked up my list and told me to be sure to call on Judge VINCE GIBLIN, MARK CULLEN, ALLEN W. FRITZSCHE, THOMAS D. MOTT JR., JOHN L. REUSS and FREDERICK J. SLACKFORD — wish I had some news about these guys and hope that next issue I will be able to report some news about feeding fine and keeping in touch with JAMES F. HANLON, who should perhaps be looking forward. to bringing in a train load to see ND's new win-

Ning football team. Wondering if JOHN A. LEMMER is putting in as much time fooling around golf as he did in the past — or has his second trip to the altar changed things?

Seen "BIG FRANK" RYDZEWSKI. He is fine putting in a full day's work at his office playing pinochle — this keeps him off his sore "dogs." Next time I see Frank gotta ask him about Judge EDWIN T. BREEN.

Hope that PETER J. RONCHETTI is back on his golf game and has overcome his eye trouble, Perhaps Pete will drop us a note.

Really I should keep closer touch with quarter miler JOHN J. VOELKERS. He doesn't live far from 3305; if I had his phone number I would give him a ring.

True, LEO J. VOGEL is a '17er, but us track men have got to stick together and I appreciate hearing from him and learning where in the world he is and has been.

No word from Doc NEIL J. WHALEN. Wondering how he and the Mrs. enjoyed their West Indies cruise.

FR. CHARLES J. WILLIAMS should "bust" in on the Commander now that they are permanently there - as I know that he is most welcome by Charlie and the Mrs. They have his room "at the at all times. ready"

Still looking for a campus story from LOUIS E. WAGNER. Personally had a very nice surprise this summer. Remember when World War I broke? -summer, Kemember when World War I broke? --The cry was for you to loan your yacht to the US for a sub chaser? Mr. Armstrong, Armstrong Bros. Tool Co., had a boat built according to Navai specification and donated boat SP-960 and crew, comprised of six fellows: Paul, Horace (Skipper) John Armstrong, H. Blum, R. Maize and GBW. All reported and stayed at the Skipper's cottage at Harbor Sorings. Mich Everyone enjoine cond at Harbor Springs, Mich. Everyone enjoying good health, as were the five wives. It was the first meeting in 47 years, everyone having a great time and hoping that the Skipper invites us back for

the 50th reunion. JAMES L. SWEENEY was at ND this June. Hr stopped off and saw SHERWOOD DIXON. Should have a note from Sweeney to have his report on his campus visit and also about the pictures that were sent him.

MORRIE STARRETT could only enjoy one day on the campus as he had to leave "for my step-mother's funeral and calm a much worried wife." Morrie did attend the Monogram Dinner and had, his picture taken with the football coach. He also sat with us, FRED STEERS and "RED" MILLER at dinner. Miles was also in the picture but *l* could not send him a copy as I do not have his address. Please see that I get it.

Took picture of the Square Petunia Corp. di-rectors at the Morris Inn: JOHN V. McMANMON (chairman), JOHN MILLER, FRANK RVDZEW-SKI, BILL GRADY, JOHN FREDERICK and JOHN SAUNDERS. McManmon had the Monogram men in stitches about his square petunia and I mean real belly laughs plus tears, with hi phone call to LBJ, who had to remind him that Ladybird was on the other end. John was great, and those that knew him stated he was that was while on the campus. I would like to send a pic-ture of his directors. He gave me his card, bu I don't think that Uncle Sam will mail to hi phone number only without a city or state. Missin JOHN SAUNDERS' address also.

Remember, please, 1918'ers, as we get older -word from and about you is that much mor appreciated. So you drop a note now or have you wife or grandchild send a word to: JIM ARM STRONG, Alumni sec'y; JOHN LAUGHLIN, m ed., ALUMNUS; CHARLES CALL, class pres.; GBW, 3305. Let's hear from everyone on our 19: rotter. roster.

From the Alumni Office:

Sympathy to the niece and nephew of JOH RAAB, who died in September after nearly

years at the Veterans Hospital in West Lafayette, Ind. John, a law graduate, was formerly a city judge and prosecutor in Mishawaka and very active in the St. Joseph Democratic party as well as reli-gious activities. Requiescat in pace.

From the Alumni Office:

Holiday Innkeeper FRANK SWEENEY, now Holiday Innkceper FRANK SWEENEY, now swamped with visitors in South Bend to see the triumphant Irish, was busy in September with another kind of campaign. General chairman of the Kiwanis' annual newspaper sale for the benefit of handicapped children in the South Bend area, precruited a fine crew of helpers, including the fire department, to raise several thousand dollars for the cause.

Sympathy to the family of LEO MULQUEEN, retired as chief architect for the Veterans Administration, who passed away recently.

Come ALIVE in '65! Class of '20 Anniversary 45 **REUNION**—June 11-12-13

James H. Ryan 20 170 Maybrook Rd. Rochester, N.Y.

From the Alumni Office:

As the reunion roster shows, the office tempo-rarily lost track of FR. JIM CONNERTON CSC. Listed as a chaplain at South Bend's St. Joseph Hospital, he has long been out in Hollywood with the Rosary Crusade-Family Theater operation of FR. PAT PAYTON CSC.

ED DORAN ought to be ready for reunion re-laxation come next June. Ed and son Jack '51 have certainly been busy with South Bend's Doran Manion, Kamm & Boynton since law partner PAT MANION has been so much in demand on the conservative vanguard.

Here is an item that will certainly be interesting

to the members of the Class of 1921. BERNARD CARNEY wrote to remark the dearth of items in the last issue. "Realizing that this is an indication of the scarcity of important news, I thought that you might be able to use something relatively unimportant such as the item enclosed. . . ." B. R. was modestly referring to a long story in the Tulas Tribune telling about his retire-ment in September from the Warren Petroleum Corp. alter more than 33 years in the gas industry. Jearting with Nipsco in South Bend, he was an executive of several oil and gas companies, including Shell and Shamrock, before joining Warren in 1948 as manager of the gas division. At retirement 1948 as manager of the gas division. At retirement he headed the gas regulations and residue sales division. "Perhaps the word retirement should be in quotes," Bernie wrote, "since I am still busy on a part-time basis with Warren, and indications on the the start of the same the start work of the same these are that I will be occupied for the next year with various consulting assignments." At least he'll have more time for such avocations as woodworking,

more time for such avocations as woodworking, geology, American history, collecting firearms and old books (ND Memorial Library, take note). He and his wife Maple have a son, Richard, a daugh-ter, Joanne, and five grandchildren. CHET GRANT took issue with the squib on him in the Aug.-Sept. issue: "I'd like to have it conveyed that my interest in Notre Dame is not fully comprehended by 'things athletically Irish." The football ordeal is intimately identified, in my mind, with Notre Dame's incumbent bid for aca-demic recognition in terms that unfairly disparage demic recognition in terms that unfairly disparage our academic standards and aspirations dating back our academic standards and aspirations dating back at least to my enrollment in 1915 as a twenty-three-year-old newspaper man. It's true that JESS HARPER invited me to enter Notre Dame because he'd seen me play basketball and had heard that I dabbled in football and baseball. But my No. 1 I dabbied in tootball and baseball. But my No. A reason for accepting was exemplified by the first question KNUTE ROCKNE asked me when we met in the main building just after I had received my first schedule of classes: "Who is your instruc-tor in English I?" HARLEY L. McDEVITT '29 Scholastic to Geographic, an Ad Exec

The National Geographic Society has announced the appointment of Harley L. McDevitt as Director of Advertising of the National Geographic Magazine.

Harley (often called "Mac") joined the Magazine's advertising staff in July, 1934, as a representative in Philadelphia. He became automotive manager in 1953, working largely in Detroit. In 1959 he was appointed Eastern manager, and he was made advertising manager in 1962. In his new assignment his headquarters will continue to be in the advertising office of the National Geographic Magazine, 630 Fifth Avenue, New York. Executive and editorial offices of the Society are at 17 and M Streets NW, Washington, D.C.

A football manager and member of the Blue Circle, Harley got his first magazine experience as business manager of the Scholastic before graduation from the College of Commerce. Prior to joining the National Geographic advertising staff, he was employed by Condé Nast Publications as an advertising representative on Vogue and House & Garden. During World War II, he served in the Navy as a lieutenant commander, for a time as executive officer of Naval training at Columbia University. His home is in Montclair, New Jersey.

National Geographic Magazine has regional advertising offices in New York, Chicago, Los Angeles, and San Francisco. The Magazine is received each month by some four million members of the Society.

'Good - Father Crumley is great with words.' My listing with the 1921 class, as you know, is an arbitrary choice, a compromise with my matriculaarbitrary enouce, a comptonies that any interna-tion in 1915 and my status quo as a perpetual undergraduate, a matter of unfinished business over which Notre Dame had no control. It doesn't require a scholastic degree to appreciate that the common denominator of academic and athletic activity is education, does it? I hope not, because I want my opinion to bear some weight when I rate Rockne and ARA PARSEGHIAN as weight educators in the finest sense of the word, including

the ability to articulate their views and counsel with credit to Notre Dame's purely academic standing.

"In context with the mention of me in the ALUMNUS is this remark: "The spirit of "Bear-skin" may yet haunt the Era of Ara.' The impli-cation may be that 'Bearskin' is identified with football success. But I must ask a retraction of the contextual suggestion that I have ever been identi-fied with 'Bearskin' in spirit or letter. As in the past, I categorically deny ever having contributed word or thought to the column signed 'Bearskin' — Rockne, the sports editor of the Tribune in the early 1920's and BOB SINGLER, the butcher's "Bearskin's' commentary after Rock's death. Any resemblance between 'Bearskin's' observations and mine has been pure coincidental."

A presentation was made of a 19" portable television set and a card signed by 450 co-workers withing Rangy much happinger and good hallh wishing Rangy much happiness and good health in his retirement days. Rangy has been very ac-tive in South Bend community affairs since his campus days. He has been a member of the South campus days. He has been a member of the South Bend City Planning Commission since 1946, and its president since 1957. Also he has been a member of the Board of Zoning Appeals since 1949 and its chairman since 1953. Rangy is now in his second term as President of the ND National Monogram Club (first time in 1951) and in 1958 was South Bend's K of C "Man of the Year." Rangy, we of '22 salute you with our fondest wishes for the golden years ahead with your dear wife, Camilla, and your son, Jack. Of one thing we are confident — you will not be idle, because you are not built that way. that way.

FINSKE '19, president of Florida State Theaters operating a chain of 60 theaters. The trio had lots of ND subject matter to discuss. Fritz resides in Jacksonville, and Louis lives in Ponte Vedra Beach, Fla. Subsequently Fritz and Peg Baumer were host and hostess to your secretary at a fine dinner in honor of his visit to Jacksonville.

From the Alumni Office:

CLARENCE E. (PAT) MANION was at the peak of his oratory at the height of the Gold-water campaign, appearing at club meetings and
on his popular radio forum in defense of the "dead" US Constitution, the John Birch Society, the traditional immigration quota system, political norality and "old-fashioned patriotism," He denounced the rising tide of "internationalism" and "anti-constitutional" US Supreme Court power, calling on Congress to curtail the high court's appellate jurisdiction. Several of the Manion children have been politically vocal in South Bend, and daughter Diana was recently named "Miss St. Joseph County Young Republican."

The 1957 Notre Dame Man of the Year of the ND Club of the St. Joseph Valley, FRANK MILES, announced his retirement in July from the Indiana & Michigan Electric Co., where he was an engineering supervisor, after 40 years of service with the company. Frank had just finished his term as national president of the ND Monogram Club and continues as president of the South Bend Planning Commission and Board of Zoning Appeals. Often honored for civic and religious activity and now circuit court jury commissioner, "Rangy" has accepted two ND Man of the Year awards, one in behalf of son JACK MILES '47 in 1950 for his heroic fight against polio. Another great athlete of the Class, DR. EDDIE ANDERSON, has announced his retirement as football coach of Holy Cross U. after his 39th season as dean of major college coaches. The former Irish captain and end amassed about 200 victories in his career with several colleges in addition to his medical work, developing several key football maneuvers and such stars as Iowa's Nile Kinnick and Holy Cross' Bill Osmanski. He coached the College All-Stars to a memorable victory in 1950.

For months there has existed here in the secretariat of the Class of 1923 a dearth of news which I fear is contradictory to the old adage that "no news is good news." We have been reporting for so long the sad demise of classmates that this scarcity of news has an ominous note. Therefore I can report the happy trivia of retirements, safaris and such. MARTIN H. BREN-

Therefore I can report the happy trivia of retirements, safaris and such. MARTIN H. BREN-NAN, for instance, writes that he retired from business on Oct. 1, 1963, and has found himself eminently equipped for a life of loafing. EDWARD P. KREIMER, similarly retired from his work with the Indiana & Michigan Electric Co. on Jan. 1, 1964, has been revelling in things philatelic, cartographic and green-thumbic.

J. STANLEY BRADBURY has been reaping wide honors in the environs of Robinson, Ill. Last spring he was elected president of the Big Brothers and Sisters Assn. of Illinois. A week later he was elected a member of the Board of Trustees of Merom Institute of Merom, Ind., owned and operated by the United Church of Christ. The fact of the attendance of Stan's mother at the institute's Ecumenical Center (which seeks to bring all faiths together) are given as the reasons for Stan's acceptance of Board membership. The Big Brother movement, closely related to Stan's duties as state's attorney, seeks to send fewer boys to prison and to salvage more of our youth for decent citizenship.

Long unheard from by this correspondent, ED RYAN CE '23 wrote in late spring: ". . I'm still in good health and working for Testing Service Corp. . . testing concrete . . making sieve analyses on sand, gravel and erushed rock . . . inspection on pavement . . . Put in 30 years with the State Highway and Illinois Toll Commission . . . am still single."

Space does not permit quoting the lamentations of HIRAM HENRY HUNT, the Decorah, Iova, revenooer, regarding his difficulties in his waning years portaging a 10-h.p. motor around on his Canadian vacation. Hi actually wrote to me asking for the address of classmate M A T T H E W Mc-INERNY, which I was happily able to furnish. Getting old class buddles together by mail has been one of the more rewarding phases of this secretariat. . . . Hi added a footnote that he had traded his 10-horse motor (breed unknown) for a 9/g-h.p. Johnson.

a 3/2-n.p. Johnson. HARRY FLANNERY, a former president of the Catholic Assa. for International Peace, was the author of an article in Our Sunday Visitor, dated June 14, 1964, entilded "War Against War — CAIP Shows the Way." Membership in the association is open to all Catholics, and interested ND men are asked to write either to Flannery, c/o AFL News-Reporter, 901 Massachusetts Ave. N.W., Washington 1, D.C., or direct to the CAIP, 1312 Massachusetts Ave. N.W., Washington D.C. 20005.

GEORGE UHLMEYER, another of our Class' retirees, telephoned this office from the campus on Aug. 12, where he was visiting "with a friend."

RUSTY KENNEDY and his charming wife paid a short, short visit to the Bruggners' home on Sept. 2, on the occasion of the entrance of their son as a freshman at ND.

Uncertain that this material has appeared in a previous issue of the ALUMNUS, I report the death on April 14, 1964, of DONALD J. Mac-DONALD, (719-21) of Duluth, Minn. Word was belatedly received from his widow, Marie, in a letter to me. Don died in St. Mary's hospital of an aneurism. He had been working every day and spent most of his life in Duluth. He is survived in addition to his wife, by two sons, Donald of Billings, Mont., Robert of Duluth and one daughter, Mary Kathryn.

Mary Nathryn. JACK NORTON, judging from a laconic post card postmarked 28 IN 1964, Montreal, was languishing somewhere in the Queen Elizabeth hotel in that city "watching the Nebraska-Minnesota NCAA game" and ready to ring TERRY BRENNAN'S neck, who was announcing that game, because Terry announced the Notre Dame-Wisconsin score only twice. "all my nails are gone . . . well . . . 6:25 says ND 31 — Wisconsin 7."

From the Alumni Office:

Secretary LOU BRUGGNER started another busy year in September as president of the Board of School Trustees for the South Bend Community School Corp. The School Board launched a study of teacher salaries, fringe benefits, etc.

FRANCIS WALLACE, the Bard of Bellaire, O., reported a freak accident in a thunderstorm in late summer. The golf cart in which he was riding ejected him violently, pursued him and caught him, breaking his left ankle and six ribs, bruising his shoulder, etc. "I now know," wrote Frank, "how a passer feels with 1400 pounds on him." He had to miss the All-Star Game but hoped to make some ND games.

As usual, the spark of JIM ARMSTRONG's oratory kindled a flame-this time at the September meeting of the Midwest College Placement Asn. at French Lick, Ind. College and industrial employment directors applauded Alumni Secretary Armstrong's call for new inter-institutional and interdisciplinary job programs to combat such modern employment problems as automation displacement, corporate mergers, technical obsolescence, etc.

A. J. PORTA was recently elected president of South Bend's St. Joseph Hospital Lay Advisory Board, which includes Judge JOE NYIKOS '23 and insurance exec FRANK SULLIVAN '49 among its members.

Since the August Sugar Bowl party HARRY STUHLDREHER, ELMER LAYDEN and the rest of the Horsemen have made the usual myriad of appearances at dinners and meetings, and Harry's wife Mary has got into the act with her entertaining book, which McKay publishers have promoted very successfully. Teammate JOE HARMON is working this season as athletic director of Indianapolis Chatard High School. Joe coached Indianapolish Cathedral to city football championship honors in the Forties.

A few months ago I was dismayed to learn that VAN WALLACE had died. We all vividle remember the shock we received when Van had that tragic accident while still a student which made him bed-ridden for the rest of his life. Ever since that time he was a symbol of courage and determination in adversity. His presence at football games and class reunions was evidence of his exemplary Christian character. His mother survives him. I wrote to her after Van's death and said she deserved a tribute for helping him unremitingly in his affliction for so many years. Van deserves our prayers; his mother deserves that her remaining years be serene.

We have sustained several more deaths in recent months: FRANCIS LEARY of Houston, Tex.; GEORGE SADLIER of Indianapolis, Ind.; and ARDIS MELLOH of Indianapolis, Ind. In the latter part of December I was advised that BILL CATE of Wyandotte, Mich., had also passed away. We will all remember Bill particularly for the way he entertained us with his guitar at retunions. He was a good and interesting companion as welf as a devoted Notre Dame man. He left two sons who are Notre Dame alumni — WILLIAM JR. '57 and JOHN G. '61. BORIS EPSTEIN died in September. Boris was

BORIS EPSTEIN died in September. Boris was a quiet unassuming man, sincere and friendly. He lived in Chicago and kept up his interest in the University throughout the years.

While in Convention Hall in August as a Delegate to the Democratic National Convention, I happened to be with TOM NASH of Chicago, a Democrat of long standing. While conversing, another classmate came up to us. This was BILL KAVANAUGH. Bill, of course, is with the American Cyanamid, whose home base is in New Jersey, and Bill was acting as one of the hosts. I am not sure whether Bill's presence can be construed as an indication of his politics or not, but both Tom and I were glad to see him in any event.

ED QUINN informed me that JOHN LEITZENGER, JOHN ANTUS and TOM LAVELLE were back to Notro Duma to see their some renduct this year. Notre Dame to see their sons graduate this year. Ed also noted that the son of Judge BOB GRANT was graduated with honors from M.I.T. Bob's boy made quite a name for himself as a member and captain of the M.I.T. swimming team. I certainly agree with VINCE CARNEY that the new library at Note Dame is the glory of the campus. The magnificent mosaic nutral, donated by HOWIE PHALIN, which is cleven stories in height, is most impressive. Incidentally, there was an excellent arti-cle in the Chicago Sun-Times on May 24, about HOWIE PHALIN as a philanthropist.

JIM BOEHNING'S sister, who was a New York visitor, told me that Jim is making progress in his recovery from the serious injury he suffered when he and his wife were struck by a car in Indianapolis.

BOB BANNON tells me that his sister, who is in the Charity Order of Nazareth, Ky., is taking graduate work in chemistry at Notre Dame. She is the sixth Bannon to attend Notre Dame, in-cluding Bob, his son and his three brothers. Is Bob the first to have both a son and a sister at Notre Dame? Bob visited FR. Class officers for 1964-1969, elected at the 35th Class Reunion in June, are as follows: Hon. President FR. MICHAEL MULCAIRE, President JOE LENIHAN, Exec. Vice President JOHN DORGAN, E. Vice-President GAY HAAS, MW Vice-President BOB VOGELWEDE, So. Vice-President HUGH McMANIGAL, W. Vice-President BILL CRONIN, Secretary-Treasurer LARRY STAUDER; Board of Directors: HANK BURNS, JOHN COLANGELO, FRANKLYN DOAN, MICKEY McMAHON, JIM CURRY, JOHN T. BURKE, WALT MULFUR, DR. JAMES TOBIN, CLETE SCHNEIDER, BOB WILLIAMS, REV. LOUIS THORNTON, CSC, REV. OTIS S. WINCHESTER (chaplain), and PAUL C. ROSS (parliamentarian).

As you have read in this issue of the ALUMNUS, FR. MICHAEL A. MULCAIRE CSC died suddenly of a heart attack about midday Sept. 10. On Sept. 14 his grave was the newest in the Comnunity Cemetery at Notre Dame.

Your secretary, with about thirty members of the Class of '29, visited the Community Cemetery on Sat., June 13. Father Mulcaire had previously been invited to lead the group in prayer at the site. After a leisurely visit to the various areas of the cemetery, which renewed many memories, we joined with Father Mulcaire. He prefaced his prayers with some brief remarks, in a voice which was from the beginning choked with emotion, "I wish to thank you for your invitation to join with you on this visit today . . . and for the homor and privileg of being elected your honorary president at your most enjoyable Class Banquet last night . . ."

He hesitated, then continued "... when you return here in five years my name will be on one of the grave markers. And I ask you now, please stop there and say a prayer for 'Black Mike'... and may (his soul and) the souls of the faithful departed rest in peace."

Our Class Chaplain REV. OTIS WINCHESTER, 1770 Second St., Cuyahoga Falls, Ohio, has been requested by the Class to say a Mass for Father Mulcaire, who did so much to make our Notre Dame something into which we could put our hearts and wills. Father Mulcaire is survived by four brothers including REV. JAMES MULCAIRE CSC pastor of St. Peter's Catholic Church in South Beloit, Ill., and four sisters, three of them CSC nuns,

Father Winchester has been asked also to say a Mass for the repose of the soul of JOSEPH H. NASH at the request of the Class.

Joe died on Sept. 8; he had been ill for some time. Several at the Reunion phoned him in Chicago at that time and had the pleasure of visiting with his two ordained sons, REV. JOSEPH NASH OP '54 and REV. EDWARD NASH OP '58, who were on the campus in June.

He is survived by his wife Dorothy, 4920 Washington Blvd., Chicago, Ill., and two daughters, Elizabeth and Mary Nash.

Joe was admired for being a Notre Dame man in the largest sense while an undergraduate. His record as a student, an athlete and a Christian indicated a promising future for him. In brief visits with him and his family at after-game get-togethers and Class reunions, and from news that has filtered to the column, it has been obvious that Joe and his family have grown in wisdom and grace. We send our most sincere sympathy, Class and personal, to his family. The Class shares the void left by his death.

Here is a memo from Father Otis Winchester: "Perhaps you should have entitled mine Early arrivals and late departures.' My reunion began early Thursday morning when I met CLETE SCHNEIDER and HANK BURNS right after they had come from the Cleveland airport. It didn't end until Sunday evening after I had dropped Hank at the Cleveland airport, and driving home to the Falls on the Ohio Turnpike I met SAM COLARUSSO. So you can see it was quite a long weekend. But grand.

"One of the great thrills was Sunday morning Mass when the voices of all the classmates came out in all beauty. Even though some were not there, two of the Masses offered by me on the campus were offered for all of you and your intentions. I hope we reached you in some way.

"May God love you all-ways."

JOE LENIHAN has been in touch with many of you this fall, at the post-game get-together after the Stanford game and otherwise. He is now grandfather for the second time. You will be hearing more from him.

REV. CHRISTOPHER O'TOOLE CSC, WALT MULFUR and FRED WAGNER have been recent visitors - to the campus, The Religious Bulletin listed HANK BURNS '29 as ill. We have heard nothing further and trust that Hank is well on the road to recovery.

From JOE SMIETANKA, attorney in Chicago: (1 can see what I missed by not attending a re-union before the 35th. It was wonderful seeing so many of my old friends again. The one thing that impressed me was the variety of callings that our Class has followed. I don't suppose there are categories open - particularly when manv vou consider that a younger grad is shooting for a job in government.

"My wife came with me to South Bend. That put me in the guided tour business for part of the weekend. I suppose that I spent more time in the library than I did in my four years on the campus. "I am looking forward to '69, By that time we

will probably be considered superannuated old timers given to discussing Rock, Chapin Street, the Palais Royale, Hully and Mike's, Mother's, the Army games and those golf-bag luggers from you

Know where. "How times have changed!" JUDGE SAM COLARUSSO of Essex County (N.J.) District Court writes: "As you know I (N.J.) District Court writes: "As you know 1 have been fortunate enough to make all of the reunions to date and trust that I will, God will-ing, see you and the boys in '69. In fact I had planned a trip to Europe for this summer, but when I learned it was either the trip or the reunion I cancelled the trip to Europe.

union I cancelled the trip to Europe. "It would take more space than we have to repeat even a part of our conversations under Lyons Archway. I'll just say that it was one of our reunions. Many were returning for their first time in years and it was interesting to learn of their whereabouts and progress during the past 35 ways or there in 1990. years or less since 1929.

"I missed seeing BILL KREIG, LEO MICHUDA and DOC LEONELLI.

"My wife asks that I write that all wives should encourage their husbands to return for the reunions. She thinks that it gives the boys renewed faith and reminds them to live and act like Our Lady would want them to live.

"Each time I have brought a guest who was not a Notre Dame man (this time Anthony J. Iulianai). I am sure that after a weekend on the campus in the company of our classmates under the Golden Dome they return with a feeling that they have missed something and wish they could have been fortunate as we were to have attended Notre Dame.

HARVEY DALY of Washington, D.C., has these comments on the reunion: "It was a real treat to see you again after some 35 years. "'How it felt to be back' isn't easy to describe. How do I answer your query, Larry? Do I com-ment on the Notre Dame of '29 or on the Notre Dame of '64?

"The place I knew and loved 35 years ago is gone. Of course, the buildings of that era are there, but they are symbols of a past that lives only in one's memory.

"The Notre Dame of '29 gave me a love of God and Country, an unswerving appreciation of my faith, and a deep and continuing interest in in-"The Notre Dame of '64 gives me a respect and

NORM McLEOD writes: "The several mailings

prior to our 35th reunion sold me on the idea of revisiting familiar places and faces. It was really a memorable occasion for me to see so many men return for the 35th to renew old friendships. This being my first reunion since 1929 probably handicapped me in recognizing many of the e men; TONY however, this handicap was short-lived. He is now in Italy coordinating preliminary styling of the new Dussen-berg with Italian body builders (no cracks about Loren or Lollobrigida, please!), as the bodies will be handcrafted in that country but the engine and chassis will be made in the US.

TOM MCDOUGAL, a Langlade County (Wis.) juvenile court judge for over 13 years, whole-heartedly condemned the topless bathing suit (in a newspaper letter) for the effect it has on the morals of young people and children who also have the right to be on the beach. He said that wearing these suits is one of the best ways he knows to start decaying the morals of a nation which already is bordering on immorality.

Greetings from the Far West. During the sum-ter I received letters from several classmates. mer EARL BRIEGER made a trip to Taylor, visit his family and his other kin, BILL BERNING and LOU PSENCIK, and brought Bill up to date 'the Yankee news and highlights of some of on the Eastern classmates of 1931." Earl was elected President of the Academy of Trial Lawyers of Allegheny County and no doubt will do an excellent job. Bill had to so some traveling during his visit and no doubt missed some fine affairs while Earl was there. BERT MALONEY happened to be out of town at this time and missed their meeting. Bert has been busy as fund chairman of the drive for the John F. Kennedy Memorial Lectures Fund launched by Texas Knights of Columbus. This fund will support lectures and academic programs at the new Catholic Center of the U. of Texas. The August issue of True Magazine carried a

Lloyd Teske CSC, Mr. & Mrs. Breen, Mr. & Mrs. Ted Feldman (Mrs. Breen's brother), and Fr. Larry Broestl. Picture was taken at the Morris Inn in July.

CHARLES DEDERICH '35 is supervising Columbia's production "Synanon," the second film about an ND man to star an O'Brien. (First was Pat O'Brien portraying Knute Rockne.) At left Chuck confers with Edmond O'Brien, who portrays him in his struggle to reform about 500 drug addicts and outcasts in six social centers across the country. At right O'Brien conducts a film "synanon" coined by an addict for "symposium anonymous") in which addicts talk out their problems. Chuck credits many of his ideas to Fr. John Tiernan, an Irish priest who was a prefect in Dederich's hall during his two years at ND. Movement began in California.

wonderful article on the activity of OLIVER FIELD, who is in charge of the American Medical Assn.'s drive to uncover and prosecute quacks and purveyors of cure-all "medical" equipment and medicines. We can all be proud of his active and successful work. Oliver was from Crystal Lake, Ill., but now rams the country in his work.

cessful work. Oliver was from Crystal Lake, Ill., but now roams the country in his work. SPIKE SULLIVAN came through with a newsy letter. While at Commencement last June he visited with ED MURRAY, JERRY CROWLEY and PAUL O'CONNOR. Spike and Paul each had a son in the Class of 1964. TOM MONAHAN's son also graduated and during his campus life roomed with MARTY SULLIVAN. Can any of us imagine sons of Spike and Tom not rooming together? CARL CRONIN's son, Mike, was married last summer, but the Sullivans had to miss the affair. Another Chicagoan, I am sure. was on hand, EDDIE RYAN, and many other classmates. I understand Carl is planning a trip to Ireland soon. Spike also spent some time in New York where he visited with JOHNNY BURNS, RICHIE BARBER and ED CUNNINGHAM. It has been some time since I have had letters from our castern contingent, and a few good accounts of meetings at eastern Notre Dame games will be most velcome. I have had a few letters from GIL SEAMAN this summer bringing me up to date on ND Club of Chicago activities. Gil also reported the passing of Tom Collins, Sr., father of RAY COLLINS. Word has been received from the Alumni Office of the death of JOHN F. SULLIVAN, Passaie, N.J., last July.

last July. FRANK LEAHY is now on the coast and living at 18290 Crestline Dr., Lake Oswego, Ore. 97034. BILL REAUME has returned from Euclid. Ohio, and is now living in Waukegan, III. DEAN SUT-TON is now overseas and may be reached at 434 Chaussee De Courtrai, Ghent, Belgium. The usual Alderman "NICK" BOHLING Day was a success at Lemont. III., this past August. The ND-USC Football weekend promises to be a busy one culminating in the Annual Communion Breakfast on Sunday, Nov. 29. With the successful season of the team this year there should be several classmates from Chicago on hand for the weekend.

from Chicago on hand for the weekend. I hope JERRY CROWLEY is keeping a guest list of his visiting classmates after every game. Some news on them would be welcome. Please send reports of meetings at the games for future copy. While it is bright and sunny today, you will receive this just before the holiday season. Warmest wishes for a Merry Christmas to all.

We were saddened to learn of the death of two members of the Class — TOM O'MALLEY and JOE KENNEDY.

JOE KENNEDY. Tom, a native of Chicago had lived with his family in Aurora for several years. He died August 23, and a Mass was said on the campus for him by REV. THOMAS O'DONNELL, CSC. Joe, the great cheerleader and fine singer, died on June 29 — just one week after his first grand-

Joe, the great cheerleader and fine singer, died on June 29 — just one week after his first grandchild was born. His daughter, Geraldine, presented the family with a fine baby boy on June 22. Besides them and his wife Agnes, Joe also is survived by his son, Joe Jr., who is back on the campus now for his senior year.

Both men will be deeply missed, and their families have asked that they be remembered in all your prayers.

The death of REV. MICHAEL A. MULCAIRE expressed a particular fondness for our Class, and came as a shock to those who knew him well. He spent an entire day with us during the 30th Reunion. My wife and I were privileged to have dinner with him just a few days before he died, and he appeared to be in perfect health. Our sincerest congratulations go to HERBERT OF PETZEL on his appointment as vice-president of

Our sincerest congratulations go to HERBERT PETZEL on his appointment as vice-president of Esquire Inc., publisher of Esquire and Genlleman's Quarterly magazines. Herb has been with Esquire for 29 years, during which time he held many positions in the circulation department, including those of newsstand sales manager and currently that of circulation director. Herb, who lives in Elmont, Long Island, is married to the former Patricia Wagner. During World War II he served on the staff of Yank Magazine.

I had lunch recently with BILL WALTZ, GABE MORAN and HUGH BALL although not together. Bill is the trust officer for the Merchants Bank in Massillon and told me that his daughter, a graduate of Ursuline College, was married this year. His older son is finishing at John Carroll U., and his younger son is at Central Catholic High School there.

Gabe is the purchasing agent for American Blower Co. in Youngstown. His older daughter is a sophomore at Youngstown College, and the younger one is in high school.

Hugh is back in good shape after what he describes as a collapse on the golf course. It could have been only his game from his present appearance — he is sales manager of Cutler Hammer Corp. here. His son, Colonel, a former student on the campus, is a Marine pilot now.

REGIS MCNAMARA is city engineer in his home town at Binghamton, N.Y. Reg spent his vacation with his family at Grand Bahama island and also spent considerable time with DICK QUINLAN '28.

Among recent changes of address are JIM LEWIS to 7507 Lynn Drive, Chevy Chase 15, Md. JOHN KERLIN to Route 4, Box 204-D, Noblesville Ind.; ELLSWORTH COX to 17300 Parker, South Bend; REV. "In paradisum deducant te angeli"

(May the angels lead thee into paradise). It has been a long hot summer and there has not been much contact with Class members who may have passed through New York for the Fair. However, several Class members have been in contact with us and we are pleased to report as follows: Pauline and BERNIE LENAHAN visited with CHARLIF FARRIS in St. Louis in late August.

40 Notre Dame Alumnus, Year End, 1964

Charlie indicated that Bernie might be coming east to New York for a visit to the Fair.

LUCIEN KEMPF has been nominated by your Class Officers for future consideration as a candidate for the National Board of Directors of the Alumni Assn. In 31 years we have only had one Class member elected to the National Board. JULES DE LA VERGNE from Louisiana served with distinction some years back.

A recent note from CAPTAIN WILLIAM M. HAWKES USN indicates that Bill is now with the Bureau of Naval Weapons at San Diego, Cal.

ED ECKERT'S daughter Caroline won the junior team championship of Albany, N.Y. During the summer she competed in several invitation tournaments in the east. She competed in the Westchester County championships at Scarsdale. N.Y., early in the summer. Ed's son Jerry finished his Freshman year at St. John Fisher College in Syracuse and during the past summer he won the golf championship at the Lake Placid Club.

JACK BREEN from Detroit was in New York in the late spring on a business trip and we were able to spend a few hours together reminiscing at lunch at the Biltmore Hotel, Jack's daughter Betty was married at Sacred Heart Church at Notre Dame on July 4, 1964, to TERENCE DESMOND ND '63. While at Notre Dame Jack saw FR. MAURICE POWERS and had lunch with FR. LLOYD TESKE, who continues to do an outstanding job as campus chaplain (Prefect of Religion, that is, in our tradition).

SHERMAN MINSKEY celebrated his 20th wedding anniversary during the summer. Sherm lives in New Jersey and he is engaged as a manufacturers representative in the drug field. He has two daughters, one who is a resident buyer in New York and the other who is a Senior at State University College in Potsdam, N.Y.

FRED LAUGHNA, who is with the air-conditioning division of Chrysler, was recently transferred to the Chrysler office in Rye, N.Y.; recently moved his family from Dayton, Ohio; and is now residing at 30 Beachmont Terrace, North Caldwell, N.J.

DICK MEADE'S new address is 540 San Felicia, Way, Los Altos, Cal.

JERRY ROACH is now residing at 4860 Fort Totten Drive N.E., Washington, D.C.

JIM ROSS, tax counsel for General Dynamics Corp., attends most of the Notre Dame Club of New York meetings along with BILL LYNCH, ANDY BOTTI, MARSHAL MCAVENEY and JAH JR.

BILL LYNCH was ill during the summer but is now back at Sterling Drug's office in New York.

FRED FAYETTE continues to be very active in statewide Democratic politics in Vermont. He is running this year for election to the United States Senate from Vermont.

JIM WADE recently left Richland, Wash., where he was a specialist in education and training for General Electric at the Hanford Atomic Productions Operation and he is now teaching at the business school at San Jose State and resides In San Jose, Cal. In addition to his teaching activties he is also engaged in management consultation work. Jim's daughter Edith Ann was graduated from the U. of Portland last June. The New York Times of Sunday. The New York Times of Sunday. Sept. 13, carried a special Sunday insert regarding the urban tenewal and vast building program that has been going on in Metropolitan St. Louis during the past ten years. The story was a single tribute to CHARLIE FARRIS, who has been the executive director of the entire program for many years.

CHARLIE HAFRON, whom we all remember as one of the assistant freshman coaches under "HUNK" ANDERSON in 1933, wrote recently that he had a pleasant visit with ED KRAUSE at the International House in Washington, D.C. Charlie has been assigned to the West Coast and is residing at 8 Locksley Drive, Sunset Towers, San Francisco, Cal. He sees many of the former Notre Dame football players now playing with the "pror" when they play on the Coast.

CHARLIE CONLEY from Havertown, Pa., writes that BILL BODO'S father-in-law, Judge Eugene Bonniwell of Philadelphia, died early in June.

MAURIE LEE of Chicago visited Charlie on the occasion of the marriage of Maurie's niece, who was married during the summer in Philadelphia. Charlie is assisting Maurie Lee, who is attempting to have a reunion in June of 1965 of all Notre Dame lawyers from the Class of 1933 who subsequently took their law degree at Notre Dame with

From the Alumni Office:

PHIL TREXLER received the Annual Griffin Award of a plaque and honorarium of \$500 from the Animal Care Panel in recognition of his outstanding work in the development of inexpensive plastic film isolation for germfree animal research. These have reduced the cost of such research, bringing it within the reach of every laboratory and producer. Since '63 he has been director of research for the Charles River Breeding Laboratories and for the Snyder Mig. Co., and director of the Gnotobiotic Research Foundation.

With no basis whatsoever we transferred new class secretary ED MANSFIELD from San Mateo, Calif., to Denver in the last issue of the mag. Our apologies, Ed. Since June 1, Ed and a friend have been working long, long hours on a new project: manufacturers' representative supplies for the wholesaler.

TOM STRITCH, head of the communication arts dept. at ND, announced the beginning this past summer of a master's degree program. Growing out of institutes offered for several years, the courses are geared toward the training of high school and college teachers. For the first time this fall the dept. offered incoming freshmen approximately \$8,000 in scholarships.

Come ALIVE in '65! Class of '35 Anniversary 30 REUNION—June 11-12-13

'35 Franklyn Hochreiter 702 Scarlet Dr. Towson, Md.

It has been a long time since we had our last chat through the class column in the ALUMNUS! Our letter of July 20 really got quite a reaction in at least one part of the country — New York City. ANDY MAFFEI sent his letter back by return mail with notes all over it. We replied immediately and asked, among other things, why be didn't return the questionnaire along with his explosion. (The form came a few days later.) Within a week PHIL HEINLE returned his letter (with comments) attached to his questionnaire. We apologized to "Banjo" and asked him to

We apologized to "Banjo" and asked him to pass the word to the rest of the Saint Regis crowd — and now we do it publicly! We are sorry that we did not publish your notes as they arrived back in '63.

As we prepared our material for this trip to press, the August-September ALUMNUS arrived — and we are very glad we waited until deadline so we can correct a rather serious rumor. Imagine our surprise to read that we are very near our old vigor (as a secretary) since our recent marriage. FOR THE RECORD — SUCH A RUMOR IS WITHOUT BASIS IN FACT!

Several months ago we wrote to JIM ARM-STRONG about a number of things having to do with Reunion, and included was a short paragraph about the possibility of remarriage, a few facts about the possibility of remarriage, a few facts about the possibility of ARRIVED AND WE ARE STILL VERY MUCH THE "MERRY WIDOW-ER!" If, as, and when the happy day and hour roll around — you will all be the first to know. (It is not expected for another year or so, and do not expect to meet the bride-to-be at Reunion; she teaches school and will be busy with her little 3rd graders!)

As of the last day of September we have received only 82 questionnaires. This is only about 15% of the class and far below the total returns in 1959-60. (We sent out 3 mailings five years ago and received returns, eventually, from 271.

Fifty-nine said they were returning for Reunion next June — that's about 70% of the replies. Fifteen were uncertain and eight gave a definite "NO." Really we are concerned about the total figure, both replies and those declaring themselves in for next June. If this is an indication of interest in our 30th celebration, the local committee may as well start revamping their gala plans. How about it, men? Is this your last word? Or can we expect a flood of questionnaires around Christmas after you read this story?

Before we get to the questionnaire material, we have a few notes about three other men. TOM PROCTOR came back to life during the

TOM PROCTOR came back to life during the summer. He has returned from Spain and is associated with the Joseph Dean Edwards law firm in New York. He is located on Battery Place in The Whitehall Building. We are looking forward to a visit in Baltimore one of these days to catch up on the passing years. Two long-distance phone calls and a luncheon with Mr. and Mrs. Edwards just got us ready for a real long session.

got us ready for a real long session. ROY SCHOLZ, a fellow Baltimorian, had a fascinating experience last May. He spent a month with the Tom Dooley Foundation in Algeria running an 85-bed eye hospital in Algiers. Apparently Roy spent more time in surgery for those 30 days than he would normally spend in many times that number of days back home.

PAT FISHER sent along a clipping from the Wakefield, Mich., paper about "Beanie" Cavender. Col. SAVINO W. CAVENDER, U.S. Medical Corps, has taken over the duties of surgeon for the Field Command, Defense Atomic Support Agency, Sandia Base, N.M. (His address in 3301-43rd Place.) "Beanie" moved to Sandia Base from Landstuhl, Germany, where he had been commanding officer of the 3742nd USA Nuclear Medical Research Detachment.

While we are on the subject of notes, we have two of our own. BILL TOUMEY dropped in to see us by phone during the summer. His PR firm in NYC is handling the Bendix account in Baltimore. Bill was staying at the Holiday Inn near our house and suggested a coaktail before dinner. Since our "teacher" was in the patio for our nightly libation, we both packed off to see Bill and had a very enjoyable hour. He was to have returned two weeks later for a steak cookout, but that never materialized due to his changed schedule.

J. C. DUDLEY called us a month ago -- the first time in five years that he has been around Baltimore with the Army for 2 weeks. (The last time "JC" called was in '59, and 3 months later he was married.) Our "teacher" and your Scribe started out around midnight for the other side of town to the Parkway Motel for "night caps." It was a pleasure to meet Wilhelmina at long last. They both plan to be with us in '65.

Here is the list of men who say they will be with us for the 30th next June: ANDY MAFFEI, PHIL HEINLE, BILL HEARN, JIM MacDEVITT, BILL BERNARD, BILL KENNEDY, PAT FISHER, KURT SIMON, JOHN CLARK, TONY (mail-man) CROWLEY, SAM WEST, FRED BROOK-MEYER, PAUL FERGUS, NORM FREDERICKS, man) CROWLEY, SAM WEST, FRED BROOK-MEYER, PAUL FERGUS, NORM FREDERICKS, TOM LALONDE, CLIF DUDLEY, ART CAREY, JOHN LANG, JIM JENNINGS, FRANK VEE, LARRY SMITH, BILL KEEFE, CA MILL E GRAVEL, TOM OWEN, BILL RYAN, AL LAW-TON, ARNIE HACKENBRUCH, DAN YOUNG-ERMAN, BOB LEE, CARL WEBER, ART KRANZFELDER, DON FELTS, ED LEJEUNE, DICK HYDE, JIM CORRIGAN, S.J., JIM SEY-MOUR, MIKE GAUL, JIM MCAVENEY, BILL BERNBROCK, VIC KURZWEG, TOM WIL-LIAMSEN, ED VanHUISSELING, JIM SULLI-VAN, JACK DUFFEY, TOM WALSH, FRANK MATAVOSKY, AL MCARTHY, RAY BRODER-ICK, JOHN NOVAK, JIM HAMILTON, KARL FULNECKY, FRANK HOLAHAN, PHIL JA-COBS, PAT LYNCH, IRV "Foots" DAVIS, ED BRACKEN, JOE UNDERKOFLER, NAT LER MAN and FRANK KOPPELBERGER. That's it for this time men! We have reviewed the lives, in thumbhail form, of 46 of our gang. We'll save more for the next issue of the alumni rag. Let's keep those questionnaires rolling in! Remember — this is YOUR party — YOUR Reunion - YOUR column!

And, how about dues? We were glad to note on many questionnaires that you '35ers sent along checks. The South Bend Reunion Committee needs a lot more dough! Pay up, you guys who have not come through vet!

We cannot close without a word about BILL MILLER. Regardless of your political leanings, it is not often that you can say "one of our boys made it?" We wired Walter Cronkite immediately after Bill's nomination, hoping that more of his ND identification with the Class of '35 might be aired — but we heard none of our dope being used. two months we have received copies of letters sent two months we have received copies of letters sent out by JIM ARMSTRONG on the following: our own JOHN LIVELY, who died 8/22/63; ROCCO SCHIRALLI, who died 9/13/64; and WALTER O'BRIEN, who died 6/2/64. This makes three more of our gang who will not be with us in '65.

For their souls we ask your prayers; to their fam-ilies we send profound class condolences. We also learned that FRANCIS DUNN's mother died on August 26. To Frank we send our prayers and best wishes.

Our congratulations to TONY KUHARICH for making "Spotlight Alumnus" in the last issue of our magazine.

The big push is on for the 25th reunion in June, 1965. By the time you read this it will be December. Then a short holiday season, the start of Lent and before you know it, the first of June. We'll coordinate our reunion thinking and plans with the "era of Ara" and with a good win over. Wisconsin start everything with a bang!! We'll also revitalize this column with an extensive report from GERRY SAEGERT who travels the country as sales mgr. for an aluminum utensil mfg. co. Gerry has planned to be at the Purdue game and look for all '40 men. Says he talked to JIM ROGERS, my St. Ed's roommate and FBI man, who complained about the lack of news in the column. This is an item for the "can you top this" contest. Rogers travels the country, there are about 9,000 ND men in the bureau, he is now domiciled in NY, a telephone call away from me, and he complains about the lack of news in the column. Nice friends I've cultivated through high school and college. Wait till I see him next June! Gerry spoke to MIKE CORGAN, who was in town

Also in Tulsa, Saegert saw GERRY DONOVAN and his family and met T. D. SAFFA at a local ND communion breakfast. Gerry's daughter had just graduated from St. Mary's. Saegert saw HANK DOWD, BUD O'DONNELL and JOE DE FRANCO at our local golf outing here in June. Had a note from BOB HOWARD down Virginia way; Bob is the executive sceretary for the Medical Society of Virginia. He is looking forward to seeing or hearing from JOHN GOR-DON. Have a good questionnaire from ED KELLY, vice-pres. with Bankers Life and Casualty Co. Ed is married and has two children, Mike. 9. and Maurcen, 6. He recently saw RED ROWLER, whose son is a frosh at ND this year. Hal is moving back to Chicago momentarily from Jersey. Imagine anyone giving up the Garden State. Pindar, Kelly (John) et al., take note. Ed mentions that JOHN WARD has just reentered private law practice in Waukegan, Ill. Ed is also looking for a few '40-ites after a football game. Have a brief questionnaire (it's hard to fill a column with cold'statistics) from TOM McCABE right here on Long Island. Tom is married and has two daugh ters. He is with the Long Island Lighting Co. and would like to hear from ANDY GANNON and ED O'DONNELL. See them at the reunion! Also a brief note from JOE HENNESSY in River Forest, Ill. Joe is an architet and has two daugh ters. Forgot to mention Saegert had a fine weekend in Chicago with merce as its president and executive vicepresident. Recently he announced a decision to move from Mexico to Apple Valley, California, where he will be in the realestate business.

A grateful Mexico, keenly aware of his many civic contributions, paid him the following honors after the announcement of his decision to leave:

The City Council passed a special resolution expressing gratitude for his continued contribution to a better community.

Missouri Military Academy, from which he was graduated in 1936, held a special parade and review in his honor.

The Chamber of Commerce gave a banquet at the Mexico Country Club attended by more than 170 people. At the banquet Mize was presented with a handsome plaque from the citizens of Mexico thanking him for his service to the community. And the publisher of the Mexico Evening Ledger, Robert M. White II, was the principal speaker.

White's speech not only paid tribute to Mize but to his brother, the late Major Fred Locke Morris, who was graduated from Notre Dame in 1936. White also pointed out that Morris brothers' great grandfather built the first house in Mexico in 1836. "Since that time the Morris name has been associated with almost every progressive step taken in Mexico," he said.

Among the guests at the banquet were several Notre Dame men, including Harold V. Pohlmeyer '33, Lowell L. Hagan '34, Norvall M. Hunthausen '40 and Tim Hagan '59.

Saegert had received a letter from Bud only a few days before his fatal heart attack. It was quite a shock. Bud has been out of football and in the hotel business in San Francisco these past few years. Remember him in your prayers. Start thinking and planning and saving for June. [1963]

Good autumn and winter to you of '41. Today's (Sept. 27) wonderful showing in the football game with Wisconsin gave your balding correspondent the incentive and initiative to scribble some items about your classmates. You will recall that in the August-Sept. '63 issue our reunion fund stood at \$1902.30. Since then the amount has increased slightly to \$1942.30. Heard from were: OSCAR KASTENS, \$20; BERNIE NEWMANN, \$10; and BILL HOYNE, \$10. Thanks men; every little bit helps. Again I ask anybody to write if he has an idea of what would be an appropriate souvenir to give to the Class returning for the 25th Reunion only 18 months away by the time you read this. Otherwise your secretary will ask some of our Class located around the Metropolitan area to assist him in selecting something for our silver meeting.

A note from BILL HOYNE along with his check says that HOWIE KORTH and his wife Gerry were in town (Dayton) in November, '63. To-gether with JACK O'BRIEN and their wives they had a regular reunion. Bill notes that Hutch has Aaxico Airlines aircraft stationed at Dayton, San Antonio, Ogden and Oakland. Jack and Howie have their eldest sons enrolled at ND in their second year; and Bill's oldest daughter is at St. Second year; and bin's oldest daughter is at St. Mary's, also a sophomore. A welcome note from DAN KELLEY congratulating me on my new son. He was one year old on Sept. 9, Dan. Quite a handful for your old sceretary! Dan says he will be at the 25th. Hope we have a couple hundred!

The ND Club of NY had big doings planned for the Syracuse game on last Thanksgiving. BILL CARBINE called me for information, and I had hoped to see him; however, the President's death caused a change and Bill and I never did get to-gether. He is in Rutland, Vt., operating his own clothing business.

Thanks for the most welcome Christmas card, ELMER KAMM. You can help your correspondent when it comes time to arrange that extra-curricular activity which will be part of our Re-union. I need persons living in South Bend to arrist

assist. A card from JOHNNY ROSS, who is chief, personnel div., VA Hospital, American Lake, Wash. Johnny's card is dated Jan. 9, '64. He is to be congratulated on his promotion to chief. Says he found the "Spotlight" on JOHN SOONG very interesting. That VA Hospital is 1000-bed capac-ity. A very big one, I'd say, John. Be sure to let me know any tidbits of news from our class-mater mates.

DON CASSIDY was in NYC, called me last May 5, attending a systems engineering conference. Took in the Fair. Don is with the Argonne Nat'l Labs., in the particle acceleration div. (What is that?!!) Don's family consists of two girls and three boys, one of whom is five months old. Had lunch on July 24 with JIM MURPHY. Jim,

who lives in Huntington, L.I., is with Crit Ocrip. (Formerly Cerro de Pasco). His oldest boy is going to ND (right now) for graduate work, having finished lour years at Stonchill. Jim has seven other children.

A nice long letter from TOMMY DELIA, who resides in Brooklyn. At the time he wrote Tom was in the hospital for about two weeks with an was in the hospital for about two weeks with an infection, and blood pressure. Can you imagine Tommy with that? Hope it is all cleared up by now. One of the doctors in the Bay Ridge Hosp, is "RIGGIE" WILLIAM DI BRIENZA, class '33. Tom also got a big bang out of the "Spotlight" on JOHNNY SOONG. In fact, Tommy says John at the campus and took them to see the beloved FR. O'HARA. Tom and his wife visited with BILL DUNHAM this summer. Says Bill hasn't BILL DUNHAM this summer. Says Bill hasn't changed a bit. Who has? Tommy maintains the wiping cloth business that he has operated for many years. In fact, he has been elected presi-dent of the Wiping Cloth Mfrs. Tom wants to know what has been happening to JOE MAR. RANCA, TONY ROMEO and "MUSH" DUFFY. How about answering him, fellas?

Now a sad commentary on our classmates. HULTGREN died, apparently in June of July, His son is at ND. Ed was a splendid gentleman, and it was a privilege to know him. I remember talking with Ed at the last reunion; he was look. ing forward to the 25th. Also shocking was the letter from ND telling me of the death of LOUIS **REISER**, who lived in NYC. Lou passed away on August 30th. I ask you all to remember these

two fine men in your prayers. That is the extent of my items. They could be much more if you boys would loosen up and write.

Our most capable class secretary of many years, one GEORGE BARISCILLO, has been promoted (the democratic form of election) to the presi-dency of the Class and yours truly elected (also most democratically) to secretary. It will be dif-ficult to fill George's shoes because he did a most tremendous and fantastic job, and all of us are very indebted to him for keeping us posted through the years. He moved recently to 444 Golf Road, Deal Park, N.J., and is anxious still to hear from the present the present the same the you, promising to forward the news. Evidently his mail has been rather slim.

his mail has been rather slim. BEN MAMMINA, however, was most prompt in writing the new secretary. He mentioned that JIM THOMAS and JOE VAN DYKE as well as CREIGHTON MILLER won prizes in the reunion golf tourney. Only "Creight" was given credit in golf tourney. Only "Creight" was given credit in the last report. Ben, Jim, TOM HALLIGAN and JOHN HENNEBERGER planned to be on the

campus for the Purdue game. Everyone of the Class of '44 should know that arrangements were made for a hospitality room at the Morris Inn for ND home games. It was the Morris Ian for ND home games. It was strictly for class members and their guests. Such procedure probably will be continued next season. Mrs. Galand Funk, Muncie, Ind., mother of my roommate, the late G. V. FUNK, writes fre-quently and occasionally has news about JOHN CLYNE and TOM DUFFY. Dr. John lives in Lincoln, Nebraska, and Tom, at the last report, was headquartering in Atlanta, Georgia.

WALLACE CHRISTMAN's 80 was low gross at Green Bay's ND Club annual golf outing, but Wallie would have had stiff competition from JOE FIEWEGER had he not been in Chicago at a paper convention. Recently Joe moved to Green Bay and is vice-president of the Shawano Paper Co. DR. KEN FORBES gave up the game of golf difer the reunion tourney but was on hand for the dinner following the local outing. Golf coun-ters don't tabulate high enough to record the high gross yours truly had, but he did manage his first and probably last deuce in spite of his 130

score. DUDLEY BIRDER, '50, associate professor of music at St. Norbert College, West De Pere, Wis.. and brother of the late JIM BIRDER, wonders the whereabouts of ED CASHMAN. They worked together on campus shows after the war. Dud has been doing a wonderful job directing and pro-ducing musical productions, the latest being "My Fair Lady," which ran for seven sellout perform-ance in early ful ances in early fall. "BLACK JOHN" MURPHY wrote that JOE

a note before many more moons. It was thrilling to see ND's great opening vic-tory over Wisconsin in September. The weather was lousy, but the game more than compensated. First-row seats are fine for seeing people but are pretty bad for watching a game. JOE DILLON was on hand, as also were BOB THUMM and GENE SLEVIN. FRITZ FUNK, LaCrosse, Wis., an original '44er but later a '46er, was there too. Several other class members enjoyed the victory celebration at Madison's Parkway Inn. DOM BOETTO and his wife Terry, without any of their nine children, drove up from Joliet, II., while PAUL COLLANNI and Fran came from Arlington Heights, Ill. They promised to spread the word in their respective areas that this colum-nist needs news. nist needs news.

Only four years plus a few months remain until our 25th reunion. ED DUNNIGAN's slogan, "Rise and Shine in '69," adopted most appropriate-ly by the class of '44, should be a reminder to all that it isn't too early to plan for that great occa-sion. Keep the news items coming. Let there be a ton of mail between now and the next deadline.

During August the Class listing with the most current mailing addresses was received by the '45ers calling attention to our 20th Reunion-June 11, 12, 13, 1965 — so let's start drumming up the BIG WEEKEND. GEORGE W. RATTERMAN '48 In Newport Cleanup, Signals from Sheriff

Recently, while lecturing a teen group on responsible driving, Sheriff George Ratterman whipped out his driver's license only to find that it had expired! It's this kind of colorful anecdote, coupled with his fantastic career as a college and professional quarterback, that often obscures George's present career as a lawyer, author, broadcaster and public servant, and his really significant achievement as a political reformer in cleaning up the town of Newport, Ky.

His very versatility and virtuosity in athletics kept George from the national prominence enjoyed by other Irish signal callers. Called by Frank Leahy "the greatest allaround athlete in the history of Notre Dame," he was one of four athletes in ND history to win monograms in four varsity sports — football, basketball, baseball and tennis. While majoring in electrical engineering and economics, he took part in championship tennis and basketball competition and understudied Johnny Lujack at quarterback during the Irish "national championship" Forties. Entering the ND

From the Alumni Office:

REV. DANIEL O'NEIL CSC is the new rector for Walsh Hall here on campus.

CHUCK BARTLETT is now asst. v-p. and acting mgr. of the international div. for the Valley National Bank in Phoenix, Ariz. Law School without a degree, he attended several law schools during his pro football career and received his LL.B in 1956.

Over ten years he played football with such teams as the Buffalo Bills, New York Yanks, Montreal Alouettes and Cleveland Browns, winning many awards (e.g., "Best Dressed Player" in 1950) and narrowly missing others like the All-Star M.V.P. Award (he was edged by one vote by Otto Graham for Rookie of the Year in 1947). During these years he also helped to coach at Xavier, St. Bonaventure and the University of Mississippi.

During these same years George was very active in business, associated with stockbroker firms like W. E. Hutton & Co. and Bache & Co. He was vice-president of a Cincinnati consulting firm, Pension & Group Consultants Inc., and served as investment and tax counsel for Thomas Emery Sons Inc. He sold over \$1 million in life insurance one year for Equitable of New York. He is now associated with a law firm in Cincinnati and also maintains a law office in Newport as legal counsel for the American Football League Players Assn. A talented pianist and radio-TV performer in his Buffalo days, he has been doing "color" for ABC-TV Sports for the past four years.

But it was in 1961 that he gained his greatest fame by joining the fight of Newport's Protestant leaders against gambling, prostitution and political bribery in the city. Securing a statement from Covington's Bishop Ackerman, he rallied Catholic protest, and when it began to wane he decided to run for office as sheriff of Campbell County. The vice forces tried to discredit him by drugging him and staging a phony arrest. The "frameup" nearly suc-ceeded, but he was vindicated in a stormy trial and an election landslide. Without jailing the offenders (he found legitimate work for many) he closed down Newport's nine brothels and threw 200 professional gamblers out of business in the city's infamous "night clubs."

George married Ann Hengelbrok of Cincinnati in 1947. They now have nine children ranging in age from 1 to 15. Faced with the prospect of a lower income as a public servant, George remembered the parable of the lilies of the field. He has managed to keep ahead of expenses by writing a book, *Confessions of a Gypsy Quarterback*, about his football experiences, and he intends to make a career in politics.

Now that the summer is over it is time again to look forward to the Saturday afternoon schedules to see what fate has in store for Notre Dame as far as restoring our reputation on the gridiron. as far as restoring our reputation on the granron. Notre Dame men are getting too used to seeing our team unpredicated as a top team in the coun-try and few of its players picked as All-American material. We hope that our fortunes in 1964 will be better. We all know that the other schools do not have as good a library as we do, and we hope that our football team will also be better then the set than the rest.

In the absence of any material to keep this column going, I sent out 25 letters to some of our classmates who attended our last reunion. Although there were almost 100 there I figured I would send 25 at this time and get the rest later in order to keep the news more balanced. The 25 that I wrote to were the more vociferous for a more interesting class column. I have heard from one so far, and thanks to EV SCHLECK we have a few bits of info for this issue.

The information that Ev passes on is that he is assistant treasurer of Bucyrus-Eric Co. in Mil-waukee. At the recent ND Club Golf Outing in Milwaukee he dined with BOB HARTMAN, who is with Burroughs in Milwaukee. Ev, being somewhat of a golfer himself, says that LARRY BYAN writes from Dallas that he is preparing to defend his class championship in 1968. The basis of his preparation has been daily playing this past sum-mer. (It's nice to know that some of us have it mer. (It's nice to know that some of us have it made!) In Ecuador, a Private Partner for Progress

We have heard a great deal about the self-help provisions of the Alliance for Progress, whereby our South American neighbors are expected to demonstrate an effort toward economic and social improvement, but we have heard very little about the implementation of the policy, particularly in the private sector. While politicians continue to offer slogans, however, these "bootstrap" ideas are being put into practice quietly and effectively by young executives of native corporations. Such a man is Ing. Antonio Mortensen C., plant manager of C. A. Ecuatoriana de Ceramica.

Since graduation in chemical engineering, Tony has returned to Ecuador and married Yolanda Chiriboga. They now have a six-year-old daughter named Ivonne. He has also moved steadily from technology to management and made a name throughout the continent for the social reforms he has introduced.

During his past four years managing Ecuatoriana de Ceramica in the city of Riobamba, the plant has gained national prominence for its programs: a profit-sharing plan, whereby workers can procure shares in the company and receive an annual percentage of the profits; an urbanization project, with 126 private lots sold to factory workers; and an education program promoting systematized personal savings. A byproduct of this work has been the influence exerted on other industries and the promulgation of government decrees favoring industries which permit workers to become stockholders.

For more than three years Tony has directed a movement called "Cruzada Social" which attempts to replace the traditional almsgiving to the needy with an orientation process to develop personal initiative and training, both technical and moral, for an honest livelihood. The moral education is to be extended to the entire family of each participant. Cruzada Social has procured an urbanization tract adjoining that of the factory workers. The movement has purchased land, some 12,000 square meters in extent, to be used for the organization's first social club. Clubs are envisioned to provide wholesome recreation as well as open horizons to personal initiative for economic progress.

The club has a small library, a workshop, an adult education course in progress and access to various professional services. It is the Cruzada's policy to help only those who are willing to help themselves. Tony firmly believes that direct aid (including international aid) which demands nothing of the receiver is capable of deforming the character of Ecuadorians and making them mere parasites.

Tony is pictured with a beard but begs us not to conclude that he is a "fidelista"; he had worn the facial adornment, he assures us, long before the Cuban dictator came to power.

In the past several years at South Bend St. Joe, Wally has coached nearly every sport. As head football coach his current specialties include teaching American history and coaching track and weight lifting. His dazzling 1964 football season began with a thorough shellacking of Elkhart High, 1963 state champs, and continued with the utter humiliation of South Bend Central and other traditional leaders, an undefeated record marred only by a toughbreak, last-minute tie with South Bend Washington High, which wound up the season sharing Northern Indiana Conference honors with South Bend Riley. This local monopoly, combined with Notre Dame's near national championship, had South Benders referring to their town as "City of Champions."

REGIS F. X. PHILBIN '53 After Steve Allen, a Bright New Star

A few months ago when Dick Connelly '55, manager of press relations for the Westinghouse Group W Network, told us about a new national television personality named Regis Francis Xavier Philbin, we could be excused for thinking we were getting our leg gently pulled. But within a few weeks "That Regis Philbin Show" had replaced "The Steve Allen Show" on Westinghouse stations in San Francisco, Boston, Cleveland, Pittsburgh and Baltimore (plus several others in syndication) and the late-night variety-entertainment show, originating in Hollywood, was getting invidious comment from Johnny Carson and Les Crane, Regis' competition on NBC and ABC respectively.

Regis, who insists on retaining his own name (even though it results in such spoonerisms as "Phyllis Reagan"), is a native New Yorker and came to Notre Dame from Cardinal Hayes High School in the Bronx. His uncle was Arthur Godfrey's publicity man at CBS, and even as a boy Regis dreamed of a career in show

When a job offer came from TV station KCOP in Hollywood, he visited a gypsy fortune teller in a tearoom near the studio on a lark. When the gypsy predicted a long trip leading to eventual success, he packed up for Hollywood and started for KCOP as a part-time stage hand and truck driver. In three years he worked with commentator Tom Duggan and other on-the-air personalities and finally got a chance to fill in when Duggan was taken ill.

Married (wife Catherine) and with a child (Amy, now 6), Regis got a job as a radio newsman for station KSON in San Diego. Soon he had sold a late-night variety show to KOGO-TV (in place of another late movie), hosted, produced, written and cast by himself. His combination of talk, music, comedy and guest stars (like Jerry Lewis and Liberace) soon made the show the most popular in San Diego and got him raves from Walter Winchell and Variety.

One night Jerry Lewis challenged Regis to become a national personality, and Westinghouse apparently agreed. After tryouts as "guest host" on "The Mike Douglas Show" and "The Steve Allen Show" (with Phyllis Diller), he was offered his own show on the network with music by the Terry Gibbs Sextet, proclaimed by Downbeat and Metronome as the best new jazz group in the business.

Regis has kept the same relaxed format (a week-long guest celebrity, several guest star spots, interviews and musical breaks) and the same off-beat conversational technique (he avoids any contact with guests before the show and usually discovers some hidden or unknown facet of a personality), but his chief asset seems to be his own boyish looks and Irish charm. Like Jerry Dodge '58 in Broadway's "Hello, Dolly, Tony Bill '63 in Hollywood comedies, and classmate Brian Kelly in television's "Flipper" series, it looks as if a new star is born.

Had a short note from Capt. CHARLIE SPICKA riad a short note from Capt. CHARLIE SFIERA saying he was going up to ND for the Purdue game and party. I'm heading up early Friday hoping to get in 18 holes of golf before meeting Jane and BOB WRIGHT, Mary Lou and BILL BURKE and Madeline and DICK CASTELLINI form Cimpati for diagram Um beington un and from Cincinnati for dinner. I'm bringing up my magic clubs (if you don't believe me, ask DON ZECH), and again all the thanks for the party have LECENT, and again all the thanks for the party nave to go to our hard working class president, DICK PILGER. Incidentally, Dick has left ND and is now teaching across the road at St. Mary's (don't know how his wife permits it) where apparently "excellence" in teaching is more important for a teacher than research (as it should be). Thanks, Dick!

Via the questionnaires: GREG SULLIVAN, 505 Heights Rd., Ridgewood, N.J., and wife Patricia have seven children; at last count, four girls and three_boys. Come ALIVE in '65! Class of '55 Anniversary 10 REUNION-June 11-12-13

Paul Fullmer '55 7344 N. Ridge Blvd. Chicago, Ill.

First of all, a great big vote of thanks to all those who turned out for the cocktail party after the Purdue game. It was a real swinging party and some real "lost souls" popped back after many years. Several other Notre Damers around here want to know how our reunion each year is so successful. It's simple-no organization! We just book the room a year in advance, call in all off-duty bartenders, and have a ball. See you there again next ear after the first home game, And don't forget that year after the first nome game, and don't torget and BIG class reunion on campus June 11-13. Let's see now. I think we'll start with the re-

union and give Detroit the award for having the best representation. (I've disqualified Chicago because we can just roll down the toll road in two hours.) Leading the charge was big ROY BEL-KNAP, that old Commerce senator. Very big in stocks and bonds now, I didn't have time to see if he still carries those extra long "seegars."

he still carries those extra long "seegars." JIM STEVENS is in the real estate and insur-ance business in the Motor City. He looked pros-perous and explained it by saying: "Houses are selling almost as well as Detroit's wonderful new cars!" BOB BREZENSKI, who lives at 19036 Huntington in suburban Harper Woods, is helping put out some of those cars at Chrysler. BERNIE McCLOREY, my next door neighbor in Badin, politely informed me that the last issue was wrong when it referred to me as the baby of the class. when it referred to me as the baby of the class. "The Ogre" pointed out that he is four months younger. Bernie, who has been working at Ford with his engineering background, has completed law school at night and plans to put that degree to work in the near future. Keep me posted, Baby! BOB McCARREN, one of General Motors' best, now has three kids. He lives at 18919 Mallina, Detroit.

JIM BROUGHTON, the relaxed bachelor for h these many years, finally went the way of all good men. Jim married Donna Kurtz last April 25 men. Jim married Donna Kurtz last April 25 They now reside at 14928 (Boy, these Detroiters g in for a lot of numbers. They must love the zi code!) Archdale Rd. Jim's with the United Motor Service Division of GM.

Even the recent marriage of his long-time buddy BILL REALE, hasn't cracked Ohio's fighting dis trict attorney, BILL McLAIN. Bill and HUGF SCHAEFER, who has managed to fight off the gal points, Hugh is point, talked over a few lega points, Hugh is assistant US attorney in Tulsa Three of my old journalism classmates bounced

(302 N. 8th St., Princeton). He has two boys and is with Travelers Insurance. One of the big hits of the party was MAURY CICCIARELLI, who looked like he was running for office. I think he shook everyone's hand in the place. Maury is a plumbing and heating contractor in Peoria, Ill. (5934 Roxbury Lanc). Another Land of Lincoln (5934 Roxbury Lane). also was taking reservations. He is a father for the second time. TOM CAREY, another of our illustrious class officers, is now JIM EHRET's brother-in-law. Jim married Tom's sister, Honey, in one of the big society weddings of the season just one week after the reunion. I saw the lanky frame of RON MOTIL going up the stadium steps three at a time. Another athlete from the class came to down a little cheer. JIM WALSH, who battled his way to the heavyweight chamionship in the Beneal to the heavyweight championship in the Bengal Bouts, was right in the middle of things.

ED BREWER '54 (left) and Fred Wallner '51 have an unusual alumni collaboration. Ed, an engineering supervisor at Hamilton Standard division of United Aircraft, owns the Hartford (Conn.) Charter Oaks of the Atlantic Coast Professional Football League with his father and brothers, while Fred coaches the Charter Oaks and John Geraghty '64 (not shown) plays for the Oaks while attending Fordham Law School. The picture was sent by Roy Wendell '50, Hamilton Standard public relations director, who also pointed to Bob Meulman as chief electronics engineer and Ed Marshall as head of the space and life systems department.

I hate to admit it but some of the girls thought JIM HESBURGH has been eating too many mashed breakers. They are going to send him some "sleen Brella" kits. (Even his best friends won't tell him!) TOM ARMSTRONG, who has cornered the southern textile market in Spartanburg, S.C., spread the good word to one and all. Tom bent "Griff JIM GRIFFIN's car for quite a while, but

spread the good word to one and all. Tom bent JIM GRIFFIN's car for quite a while, but "Griff" got free for a moment to tell me that JOE DALEY now is chief enforcement officer for the Security Exchange Commission in New York. Jim also passed along the word that ED "OX" FOX is the father of a bouncing baby girl. Also in from Peoria was TOM CASSIDY, who is the leading legal eagle in them thar parts. He couldn't believe that his old cohort in crime, RAY KENNEDY, has scaled the heights in New York and is now music editor for Time Magazine. I On vouch for this, though, because Ray dropped ine a note to say that he spen several months commuting between Boston (four children & one wife) and the Big Town. Ray authored the cover pieces on the Cleveland Symphony and Barbra Streisand, and I guess these sparkling pieces opened the door. But Ray, Music Editor?????? The reunion wouldn't have been a success without the appearance of T. GAVIN KING, who swung in form Tubu when he is on consumer at he is in the seven.

the appearance of T. GAVIN KING, who swung in from Tulsa, where he is a counselor at law in the Petroleum Building. Gavin was sorry that STEVE SURBROOK couldn't make it in from Detroit, but I'm sure Steve is making plans for next June 11-13 right now,

Let's take a fast whirl around the Windy City ang. JERRY BRANSFIELD is the only guy in the class with enough internal fortitude (guts) to come down without tickets, find just one, tell his wife to find something to amuse herself for $2y_2$ hours, and then waltz into the stadium to enjoy the carnage as the lighting trish trounced Purdue -a most beautiful sight. It almost looked like 1953-54! STEVE REBORA, the old reliable with the art brushes, was the master behind the sign the art brushes, was the master behind the sign that rallied the troops to the watering hole. Thanks, Stevarino! JOFF FLYNN, who makes only right turns during the political campaign, was delighted that Rep. BILL MILLER '35 was on campus for the game. NEAL HALLORAN looked pretty happy for a guy who just joined the ranks of the mort-gaged. He and Babs just bought a house at 7183 N. Mankato in Chicago. JERRY PRASSAS, Chi-cargo's gavest hachelor was reling everyone that the cago's gayest bachelor, was telling everyone that the bags under his eyes were from office work. Come bags under his eyes were from office work. Come ow, Jerry! At least JOHN WEITHERS, Jerry's only real competition among Chicago's jet set, admits that his ulcer was developed eating rich food at cocktail parties and not worrying about the stock market. TOM GALLIGAN is pulling up stakes in Chicago and moving to Fort Wayne, where he will join the legal staff of Magnavox. MIKE WARD has just been appointed assistant to the president of the American Security Council here in Chicago. I received a nice letter from IOHN CORBETT

received a nice letter from JOHN CORBETT O'MEARA, explaining why he and Penny couldn't make it. The Naval Reserve had Corbett booked for the weekend. Enclosed in the letter was the announcement of the birth of a son, John. DICK CONNELLY also wrote to say that he might not make the game, but that he would try to drag his Id roomie, JOHN LOCHTEFELD, in next June. Dick recently joined the Westinghouse Broadcasting Company; John is an art prof at Kutstown State Teachers College in Wilkes Barre, Pa. Dick also hopes to bring along BRIAN GAFFNEY, now an attorney in his native New Britain, Conn.

DON MATTHEWS was another who wrote that he couldn't make the Purdue game, but that he would definitely try to be on deck in June. (That wasn't meant to be a pun, Don, you old salt.) JOE MADIGAN, who knows more about sports than any other living (?) soul, had to usher at a wed-ding Oct. 3, but I'll bet he'll be on hand next June, too. In fact, he assures me that he is bringing along a "mob and keep everybody up all night."

The long distance letter award goes to FR. JOHN EEEFE, who can be reached at Nsenyi Parish, P.O. Box 28, Kasese, Busongora, Uganda. "Thanks for the kind invitation to the reunion party following the Purdue game. We feel flattered that birds like us are even remembered. By being included on your mailing list we feel 100% better. I hope it's a real wing-dinger (it was!) and somebody have one for me. I'll try to remember the date and have a good slug of local banana brew. Best wishes for a happy time. Regards to all, and may God bless and keep you all."

FR. JOE O'DONNELL also came through with a letter this time. He wants to thank MIKE KELLY for the impromptu party Mike hosted last summer. I also want to thank Mike for selling a zillion tickets for the Chicago Club's Oktoberfest

WILSON INTERNS TEACH IN SOUTH

Two Notre Dame men are among fifty young people who are teaching this year at 33 Southern colleges (most of them predominantly Negro institutions) under a unique internship plan worked out between the colleges and the Woodrow Wilson National Fellowship Foundation.

George E. Langer '59 (MS, Cornell) and William J. Donnelly '60 (MS, Wisconsin) are former Wilson fellows between their master's and doctoral degrees who are teaching in the South to encourage teaching carcers, the former at Tuskegee Institute, Alabama, and the latter at St. Paul's College, Lawrenceville, Virginia.

BARR, who is now the father of two, the latest one a boy born in September. Up from Louisville came BOB ECKLUND who is setting a torrid pace with Johns-Manville. Missing from the scene and very much missed was JOHN BOVERI, who is now living in Washington, D.C. John has also taken himself a beautiful bride (from all reports) and will have dinner on the table for any classmates who will be traveling through. Our good friend, BILL "BROWN" JONES took another Brown -Maureen by name – for his lawful wedded wife last June. Maureen is the sister of our classmate last June. Maureen is the sister of our classmate DICK BROWN, who is presently living in Fort Lauderdale working for 3M. A good excuse to go to Florida. Down in Lynchburg, Va., the T. O. DOYLE family keeps rolling along. T. O. and Pat now have three and expecting a fourth anytime. Doyle has easily the biggest floral business going in the South and has been so successful that he is responsible for bringing the Irish football network to Virginia this fall. Farther south in Atlanta our to Virginia this fall. Farther south in Atlanta our good friend LOU LONCARIC has settled down and is the father of a future center for the "fightin" Irish." Lou is doing quite well in the investment business. In New Orleans MANNY RIVAS and wife Margie now have three younguns. Manny is now Dr. Rivas. Also in N.O. is our mild com-rade LARRY "HOSS" HENNESSEY, who is now the forbar of FIVE. If he down't lead the clare. the father of FIVE. If he doesn't lead the class he is at least tied. Larry is in the insurance busi-ness and has attained his CLU. Our congrats, Hoss! LARRY BEDFORD was through New York recently but I didn't get a chance to see him; he is still living in Dallas. Lourdene and TOM HALEY are doing much for Portland. Ore. Tom is now the administrator of a large hospital in the suburb of Milwaukie as well as a large family numbering lour. Let's hear from the Northwest crowd!!! BILL McGOWAN was in New York last August heading an entourage from the firm where Bill is sales manager, W. V. Welch & Associates. His lovely wife Joan is expecting and I am quite sure it will be No. 3. Please remember in your prayers the mother of DICK BROWN who at this

moment is very ill. That does it for now. This is the last deadline until December 15. So please in the interim let me hear from you with some real "juicy" news and gossip that possibly could ruthe careers of our competing classmates.

New examinations announced by CIVIL SERVICE COMMISSION

Applications are now being accepted for the 1965 Federal Service Entrance Examination, the U. S. Civil Service Commission has announced. The examination, open to college seniors and graduates regardless of major study, offers the opportunity to begin a career in the federal service in one of over 200 kinds of positions. These positions are located in various federal agencies both in Washington, D. C., and throughout the United States. A few overseas positions will also be filled.

Depending on the qualifications of the candidates, starting salaries for persons appointed from this examination will be \$5,000 and 6,050 a year. A written test is required, except for those candidates who have attained a sufficiently high score on the Graduate Record Examination Aptitude Test. Six tests have been scheduled. The closing date is April 15, 1965.

A limited number of Management Internships with starting salaries of \$6,050 and \$7,220 a year will also be filled from this examination. An additional written test is required and additional education or experience is required for the positions paying \$7,220 a year. Applicants for these positions must file by January 21, 1965.

Details concerning the requirements, further information about the positions to be filled, and instructions on how to apply may be obtained from many post offices throughout the country, college placement offices, Civil Service Regional Offices, or from the U. S. Civil Service Commission, Washington, D. C. 20415.

WHITE HOUSE FELLOWS

President Lyndon Johnson announced in October the establishment of the White House Fellows. The Fellows will be named by the President on the recommendation of a distinguished Commission on White House Fellows headed by David Rockefeller.

The purpose of the program is to give the Fellows firsthand, high-level experience with the workings of the federal government and to increase their sense of participation in national affairs. It is not a college or a scholarly program. The Fellows will have completed their education and a number of them will be well into their careers. They will be chosen from business, law, journalism, the universities, architecture, or other occupations. Each will have demonstrated high moral character, exceptional ability, marked leadership qualities, and unusual promise of future development.

There will be 15 White House Fellows and they will serve for 15 months. One Fellow will be assigned to the office of the Vice-President; one to each Cabinet officer; and four to members of the White House staff. In addition to their daily work, the Fellows will take part in seminars and other activities especially planned to advance the purposes of the program.

Each Fellow will go on leave from his present occupation. He will receive a base salary of \$7,500 - \$12,000 depending upon age, plus other increments for family responsibilities. The program is being supported by a grant from the Carnegie Foundation.

All Fellows must be 23 to 35 years old; American citizens; and graduates of an accredited four-year college. Women as well as men and local, state, and federal government employees are eligible. The deadline for applications is December 15, 1964. The Fellows will be announced in the spring of 1965 and begin their 15month period on or about June 1, 1965.

Applications and inquiries should be addressed to the Commission on White House Fellows, Washington, D.C. The White House,

officer at the main office of the Security First National Bank in Los Angeles.

NO NEWS IS BAD NEWS.

I would like to take this opportunity to wish every one a Merry Christmas and a Happy New Year, and after next month's football games, I should be able to have some news for you about the class.

AIR FORCE ROTC FORMS ALUMNI GROUP

Lt. Colonel Everett E. Blakely, Professor of Air Science, Notre Dame, announces the formation of an Air Force ROTC Notre Dame Alumni Group. The purpose of such a group is purely a social one and it provides a good reason for all Notre Dame ROTC Alumni to get together. At the present time plans have been made to have a get-together after each HOME-COMING Game and a party during Reunion Weekend in June of each year.

This will enable many Air Force ROTC graduates to swap Air Force experiences after Homecoming Games. The Air Force staff here at Notre Dame is looking forward to meeting many of its old graduates at these affairs. A "test" gathering was held after the Stanford-Notre Dame game on 24 October 1964, and several happy voices were raised in approval of this idea.

One of the difficulties involved is the address problem of the Alumni. It seems that the Air Force moves its officers rather frequently and this plays havoc with mailing lists. It would be most helpful if all our Air Force ROTC graduates dropped a note to Major Francis A. Yeandel, Air Force ROTC, University of Notre Dame (Faculty Advisor for the Air Force ROTC Alumni Group) with your current address. This will facilitate the mailing of the "Air Force Briefs," the monthly bulletin of the Air Force ROTC here at Notre Dame.

Office of the President, University of Notre Dame Alumni Association

Dear Fellow Alumnus:

Since this magazine will be received by you at or about year's end, it seems appropriate that we review the progress of your Association during the past year.

By any yardstick this was an exciting year. We received an unprecedented three awards from the American Alumni Council and College Public Relations Assn., including AAC's Grand Award in Alumni Giving and Incentive (a \$5,000 cash prize) for the outstanding alumni association in the entire country. We saw the fruition of the Challenge I program, the warpiferent Memorial Library decigated at the west similarity

the magnificent Memorial Library, dedicated at the most significant academic convocation ever held at an American university. We have participated in the inaugural year of Challenge II and have seen our long-awaited, urgently needed Athletic and Convocation Center selected as the top goal. It is fitting that we, who understand the need for this new facility in a greater and more personal way than any of the other publics of the University (save the current student body), should direct our efforts toward the achievement of this goal.

This year saw our athletic fortunes "come back" in dramatic fashion. We can have a deserved pride in Coach Parseghian and his outstanding staff for the leadership they provided our football team. Johnny Dee seems to have the basketball situation well in hand and, with the veteran team he inherited from Johnny Jordan, is optimistic about this season's record.

With so many of the Alumni Board programs moving smoothly toward their goals, our nonpareil executive secretary, Jim Armstrong, has scheduled an "Alumni Workshop" to be held at the University on Jan. 13-14. This workshop has the avowed intention of exploring and pointing the way toward the "Second One Hundred Years" of alumni activity at Notre Dame. Needless to say, your representatives on the Alumni Board and the members of the University staff who will be involved in the workshop will welcome any suggestions which you may wish to send us concerning the topic in question.

This will no doubt be my last message to you as your president, since it is almost time to turn over the gavel to a new and wiser leader. May I say that I have enjoyed every minute of my term of service to you? It has been the most rewarding experience of my life, an experience made possible only by your assistance and support.

With warmest regards to each of you and your families,

I remain

1-29

Philip J. Faccenda President
