## Cover:

A two-month delay, occasioned by assorted press snags and editorial illness, at least permitted a joyous announcement: presentation of the 1965 Laetare Medal to Dr. Frederick D. Rossini (left), dean of the ND College of Science, the second scientist and first faculty member so honored in the 83-year history of America's highest award to a Catholic layman. Campus of the 1965 Science Centennial is shown surrounded by (clockwise from upper left): Rev. Julius Nieuwland CSC, chemist and naturalist; Rev. John Zahm CSC, synthesizer of science and religion; Rev. Francis Wenninger CSC, founder of the ND Academy of Science; and Albert Zahm, whose pioneer wind tunnel at Notre Dame helped to usher in the Aerospace Age. # 'A CENTURY OF SCIENCE'

(See cover, opposite and page 16)

SINCE ITS inception in 1924, the purpose of Universal Notre Dame Night has been to spotlight the academic, scientific and cultural contributions of the University to our country and the world. On this 42nd annual Universal Notre Dame Night we are singling out for special tribute the growth and development of science on the campus since 1965 marks the Centennial of Science at Notre Dame.

It was in 1865 that Notre Dame's first curriculum in science was established, though individual science courses had been offered even earlier. The first science graduate, in June of that year, was John Cassidy of Chelsea,

Michigan, who later became a South Bend physician. In 1865 Notre Dame's total college enrollment was less than 200 students.

Today the College of Science alone has an enrollment of 600 sophomores, juniors and seniors, and 328 graduate students are pursuing advanced degrees in the Graduate School. The college today consists of departments of biology, chemistry, geology, mathematics, physics and preprofessional studies. Affiliated with the biology and chemistry departments respectively are the Lo-bund Laboratory and the Radiation Laboratory. The College of Science faculty numbers 108, all but three of

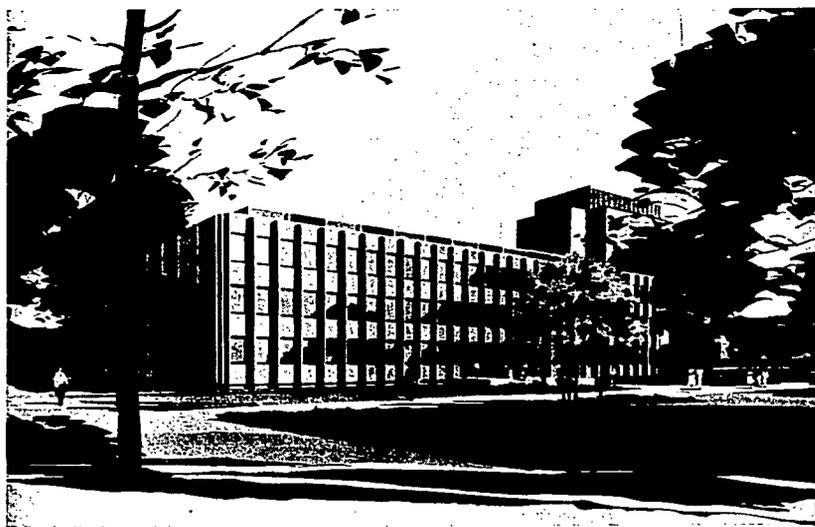

whom have their doctorates. They are engaged in research supported by more than \$2.5 million in grants annually.

To sketch briefly developments through the years:

The University Bulletin of 1866 featured mathematics and science courses including natural history, natural philosophy, astronomy, chemistry and mineralogy. Science Hall was erected in 1884 as the home of the physical and natural sciences under Father John Zahm. Before the turn of the century Father Zahm had published four books, three of them dealing with the relationship between science and religion. Meanwhile, his brother, Albert Zahm, had built at Notre Dame the first wind tunnel for aeronautical research and flew man-carrying gliders from the roof of Science Hall. In 1895 Prof. Jerome Green, a member of the engineering faculty, was the first American to send a wireless message.

Rev. Julius Nieuwland, C.S.C., a name to be reckoned with in Notre Dame history, joined the faculty in 1904 after receiving his doctorate at Catholic University of America. It was Father Nieuwland who was to found *The American Midland Naturalist*, the Notre Dame biological journal, and it was he, of course, whose research led to development of the basic formulae for synthetic rubber. Today Notre Dame's principal science hall bears his name.

Prof. James Reyniers began his pioneering work in germfree animal research and technology in 1930, and

RADIATION CENTER (above) and the Computer-Math Building are the most recent of seven structures now devoted to science.

the techniques which he, his associates and successors have developed through the years have become important tools in biological and medical research. The Biology Building, more formally designated Wenninger-Kirsch Biology Hall, in honor of two noted priest-scientists, was erected in 1937, and the Lobund germfree life building ten years later.

Notre Dame's research in nuclear physics began in 1935 with the construction of one of the nation's first atom smashers on the campus. In 1942 the first research in radiation chemistry took place on the campus. Today Notre Dame's research in radiation chemistry is the most extensive under way on any college campus, and it is housed in a \$2.2 million Radiation Research Building erected by the U. S. Atomic Energy Commission. Another new facility is the Computing Center and Mathematics Building whose phenomenally fast UNIVAC 1107 Computer expedites research throughout the University.

These are a few of the milestones in science at Notre Dame during the past century.

The Centennial of Science at the University will spotlight them throughout 1965 with a series of special events, lectures and exhibits.

Father Hesburgh, who is a member of the National Science Board, said the centennial observance will not only focus attention on Notre Dame's past contributions to the various sciences but also the current educational programs.

Dr. Milton Burton, professor of chemistry and director of the Radiation Laboratory, was appointed chairman of the Centennial of Science Commit-

**PROF. JAMES REYNIERS**, one of Notre Dame's discoverers in the biological field, started 35 years ago, as a graduate student, with germfree life experimentation which led to the establishment of the celebrated Lobund (Laboratories of Bacteriology). Germfree techniques have aided medical, dental, even space research.

tee by Dean Rossini and outlined the scope of the centennial observance.

While the observance will be year-long, the principal events are scheduled for May 14-15, Burton said, in conjunction with the spring meeting of the University's Advisory Council for Science and Engineering. A Centennial of Science convocation will be held the afternoon of May 15 with an internationally prominent speaker and the conferring of honorary doctorates on a number of eminent scientists. A Centennial Dinner is to be held that evening in the North Dining Hall.

#### TRIBUTE AT REUNION

Outstanding alumni of Notre Dame's College of Science are to be awarded centennial citations during the colorful alumni reunion weekend on the campus June 11-13. Approximately one thousand Notre Dame graduates returning to the campus that weekend will receive briefings on scientific developments at the University, view exhibits and attend a banquet.

Exhibits throughout the year will dramatize the growth and development of science at Notre Dame and the major contributions of Notre Dame scientists to their respective fields through the years, Burton said. Each of the college's departments and organized lab-

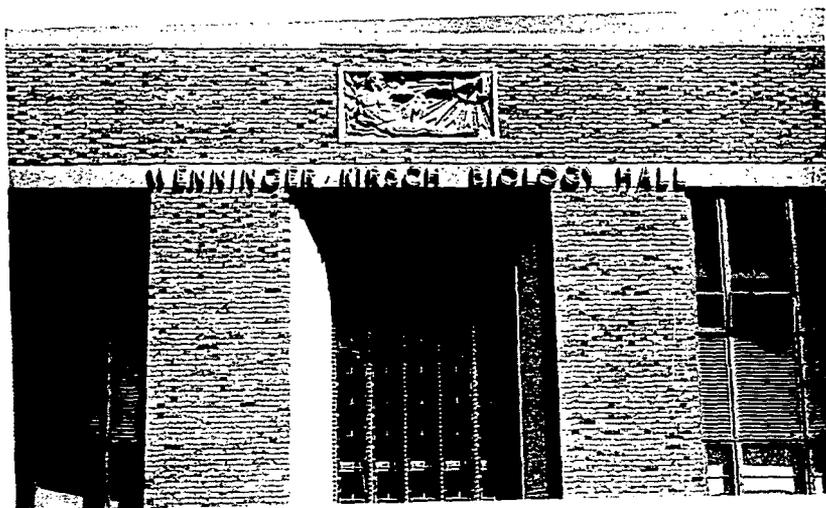

oratories is planning exhibits for the concourse of the new Notre Dame Memorial Library.

Prof. Burton said centennial lecturers will be presented by each of the science departments during 1965. Among the early centennial lecturers were Prof. Harold Cassidy, of the Yale University chemistry department, who spoke January 13; Prof. Eugene Rabinowitch, a member of the University of Illinois botany and biophysics departments and editor of the *Bulletin of Atomic Scientists*, who lectured January 20; and Prof. Charles C. Price, of the University of Pennsylvania, president of The American Chemical Society, who spoke February 18. Price is a former head of the Notre Dame chemistry department.

Burton said planning is under way for a major centennial event to be held late in the year. It will be a symposium marking the 100th anniversary of the publication of Gregor Mendel's findings on heredity in 1865. The work of Mendel, who was a Roman Catholic monk, has had a profound effect upon the sciences, philosophy, literature, theology and history.

Members of the Notre Dame Centennial of Science Committee, in addition to Dean Rossini and Chairman Burton, include associate deans Dr. Lawrence Baldinger, who also heads the department of preprofessional studies, and Dr. Bernard Waldman and department heads Dr. Robert Gordon, biology; Dr. Ernest Eliel, chemistry; Dr. Raymond Gutschick, geology; Dr. Thomas Stewart, mathematics; and Dr. Charles Mullin, physics.

Other committee members are Dr. Don Mittleman, director of the Computing Center; Dr. Morris Pollard, director of the Lobund Laboratory; Dr. Emil Hofman and Dr. Jeremiah Freeman, chemistry department; John Risser, assistant director-administration, Radiation Laboratory; Rev. Thomas T. McAvoy, C.S.C., University archivist; James E. Armstrong, alumni secretary; James V. Gibbons, assistant director of public relations; and James E. Murphy, director of public information.

**PRIEST-SCIENTISTS** of the past century are memorialized in the Biology Building (above), Nieuwland Hall of Science and Zahn Hall.

## FIRST ALUMNI WORKSHOP: 'OUR SECOND 100 YEARS'

ONE OF THE reasons — not the only one, but definitely one — for the ability of the University of Notre Dame to enjoy marked progress, especially in these recent critical challenges to higher education, was the historical fact of an Alumni Association which gave it its first great assist in 1868.

Again in 1908, with permanent re-organization, a major era of University growth — under the late Rev. John W. Cavanaugh, C.S.C. — was accompanied by a continuous growth of the activities of the Alumni Association.

And in 1923 — with the establishment of the first Alumni Office and the ALUMNUS magazine, and a professional staff (modest as it was) — the post-World War I era and the University's first public fund-raising campaign were augmented substantially by alumni programs already under way (Old Students Hall fund, local Alumni Clubs, etc.) and by the new channels of communication.

Enrollment — helping to secure it during the depression years, and helping to screen it in the more recent pressures of the population explosion — has found alumni cooperation readily at hand.

Hardly a phase of University development escapes an alumni identity someplace in its progress.

So it is that, as the Alumni Association nears its 100th anniversary in 1968, the historic occasion seems a most appropriate one for a re-evalua-

tion of the total Alumni Association program.

Growth has been continuous and constructive. We could have taken the line of least resistance and simply adjusted from year to year and hoped for new success.

But in studying the problems ahead of us which relate to the Association and to the University, especially those of mutual concern, your Alumni Office and your Board of Directors uncovered some major trends and some new challenges, along with fascinating opportunities.

To neglect or postpone consideration of these would not only jeopardize our progress, but it would be a basic departure from the leadership and alumni thinking of our first 100 years.

Therefore, on January 13 and 14, 1965, in conjunction with the winter meeting of the Alumni Board, the First Alumni Workshop was held on the Notre Dame campus.

Its primary purpose was not to solve new problems, or change programs, but to take the indicated long look at the upcoming second 100 years of alumni organization. It undertook to relate the trends and the problems and the opportunities, not only to the University but to the basic divisions of the Association — the Classes, the Clubs, the Magazine, and the Fund.

The Workshop enlisted a relatively small cross section of people whose areas of interest will affect, or be affected by, the decisions of the Association.

These included the Alumni Board — whose four new members will hold office from 1965 to the Association centenary year. It included top administrators and the deans of the University. And it included a small cross section of Club, Class, and Foundation officers from the alumni groups outside the campus, together with key student leaders.

The projection of the tremendous opportunities facing the University, and already in sight, provided a background for the Workshop which emphasized the urgency of consideration and the jeopardy probable if vision should fail.

This first Workshop was exploratory, identifying, crystallizing, in the broad nature of preliminary sketching of the panorama beyond 1968. We hope that the analysis of its conclusions and recommendations will dictate subsequent Workshops that, in more detailed nature, will consider the special areas of the alumni world we face — Clubs, Class organization, the Foundation program, Placement, Admissions, Student programs, and the new and exciting area of Continuing Education implemented by the imminent Kellogg Center.

The forward look of every alumnus will be essential to complete success. And every alumnus will be increasingly involved in the challenges and accomplishments ahead. Your interest and cooperation and views are sincerely solicited.

## BASKETBALLERS FINISH FAST; BOW IN NCAA TOURNAMENT

For the seventh time Notre Dame was a bridesmaid in the NCAA basketball tournament. The Irish, under first-year coach Johnny Dee, suffered first-round elimination at the Texas Tech Coliseum, Lubbock, Tex., March 8, shaded 99-98 in overtime by the University of Houston.

A final regular season victory over Creighton University, 92-74, cinched the bid for the Notre Damers. This contest had all the tenseness of a tourney game in itself, as both teams had been told that the winner would go to the NCAA tourney. Indication of the desire of the "Deemen" in this game is noted in the fact that all five of the senior starters scored in double figures. Ron Reed was the leader with 22 points. Jay Miller had 18, Larry Sheffield 17, Larry Jesewitz 16 and Walt Sahn 13.

Sheffield (1,255), Reed (1,153), and top rebounder Sahn (1,077) all scored more than 1,000 points in their respective careers. And Miller just missed with 988 points. Sheffield is now the third top scorer in ND basketball history (Tom Hawkins '59 leads with 1,820), Reed ranks sixth, Sahn eighth and Miller 12th.

With all these prolific point-getters, it follows that this team had the highest scoring average, 89.5, of any club ever to represent the Fighting Irish. It was also the tallest quintet in ND annals. Reed is six-six, Sahn six-ten, Jesewitz six-eight, Miller six-five and Sheffield six-two. A sophomore reserve, Kevin Hardy, six-five, is also probably the heaviest man to ever perform on the basketball court for Notre Dame. A regular defensive tackle in football, Hardy hits the scales at 270 pounds.

This was a "feast or famine" season for the Notre Damers. In the 15 games they won, they averaged 98.8 points per game, and seven times went over the 100 mark. But in the 12 games they lost, they averaged only 78.3.

Eight team records and one individual mark were set in the 1964-65 Notre Dame basketball season — the most proficient offensively ever for an Irish squad.

The records set include:

1. Most points scored by team (one season)—2417. (Old Record: 2374, scored by 1957-58 team.)
2. Most points scored by team (one game)—116, scored against Ball State, December 4, 1964, in the Notre Dame Fieldhouse. (Old Record: 107, scored against Valparaiso, December 12, 1963, in the Notre Dame Fieldhouse.)

3. Most points scored by team (first half)—66, scored against Ball State, December 4, 1964, in the Notre Dame Fieldhouse.
4. Highest average points per game—89.5. (Old Record: 84.5, set by 1963-64 team.)
5. Most games with 100 or more points—7. (Old Record: 4, set by 1963-64 team.)
6. Most field goals (one season)—992. (Old Record: 912, set by 1957-58 team.)
7. Most rebounds (one season)—1722. (Old Record: 1637, set by 1957-58 team.)
8. Most rebounds (one game)—82, against Houston, at Houston, Texas, January 9, 1965.
9. Most points scored by a Notre Dame senior—566, by Ron Reed. (Old Record: 556, set by John McCarthy, 1957-58.)

James (Bucky) McGann, junior guard from West Palm Beach, Fla., was elected captain of the 1965-66 Notre Dame basketball team by a unanimous vote of his teammates. The announcement of the election was made by Coach Johnny Dee at the annual team testimonial banquet March 15.

Ten members of the 1964-65 team were awarded monograms, according to a joint announcement by Athletic Director Ed Krause and Head Coach Johnny Dee. The list includes five se-

### EDDIE ANDERSON RETIRES

With the advent of spring football practice, we are reminded that two great coaches of the Rockne heritage — both exemplary Christian gentlemen, accomplished in a number of fields — have left the scene. Harry Stuhldreher '25 is mourned by all since his death in January, but Dr. Eddie Anderson '22, dean of American football coaches, has departed only from the gridiron after compiling a record with hardly a parallel among living major college coaches since the death of A. A. Stagg. He will continue his medical practice.

Dr. Anderson, one of only a handful of men to have coached more than 350 football games — and even fewer to have won more than 200 — decided to retire in December after 39 seasons, 21 of them at Holy Cross College. One of the 10 "winningest" coaches in the business, he has been the nation's senior mentor since Lou Little retired.

A skinny left end on Rockne's first team in 1918, he played with the great George Gipp and captained the squad in his senior year. Eddie coached at Columbia (now Loras) College for three years, then went to Chicago, simultaneously coaching at DePaul University, playing professional football with the Chicago Cardinals and completing medical studies at Rush College.

Then followed service at Holy Cross (developing stars like Bill Osmanski, who later spelled him as coach), Big Ten championships at Iowa (with players like the late Nile Kinnick), service in Europe with the Army Medical Corps and a return for 18 more triumphant years, perennial success in the East-West and All-Star games.

Married since 1929, Edward and Mary Anderson have four grown children.

### IN MEMORIAM: HARRY STUHLREHER '25

The Four Horsemen will ride no more. Their quarterback of the past 40 years, Harry A. Stuhldreher, died in Pittsburgh on Jan. 26, 12 days after undergoing major surgery. Harry had planned to pilot his fabled backfield, along with survivors of the Seven Mules (see picture, page 38), back for one of their frequent appearances at the 40-year reunion of the Class of '25. Gathering in his memory, the Class will honor veterans of the 1925 Rose Bowl victory over Stanford.

Retiring from football in 1950 after 25 years as coach and athletic director at Villanova and Wisconsin, Harry enjoyed equally successful careers as an author, raconteur and marketing executive for the US Steel Corp. He appeared as a speaker, often with his teammates, at thousands of banquets and athletic events.

Recipient of the NCAA Stagg award and a member of the Football Halls of Fame, he is survived by his widow Mary, four children and four grandchildren.

### ROSE BOWL, 1925 — 40 YEARS — REUNION, 1965.

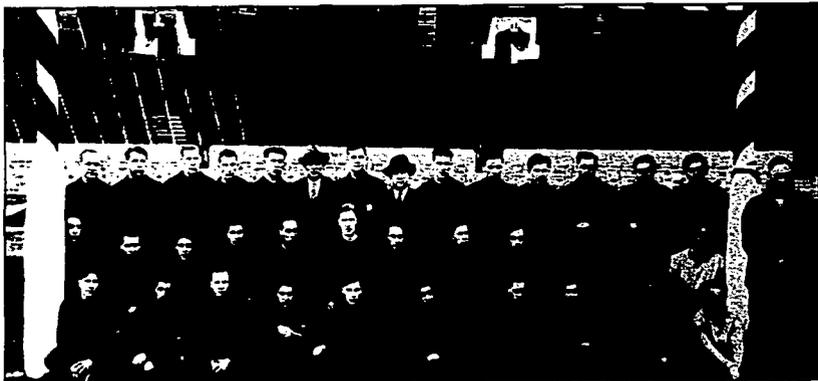

BOWL-BOUND Horsemen posed to fit the Grantland Rice description after the 1924 Army game: (from right) Stuhldreher, Jim Crowley, Elmer Layden, Don Miller.

Among the deceased are John Weibel, Noble Kizer, Ed Hunsinger, Joe Boland, Bill Cerney, Bernie Livergood, Tom Hearden, Wilbur Eaton, Vince Harrington, Coaches Rockne and Tom Lieb.

# 'Roll Over, Leonardo!

A RECENT issue of *Time* magazine, featuring "The Cybernated Generation" in a cover story on "The Computer in Society," seemed to imply that vocational specialization and electronic technology have progressed to a point where we are becoming a race of button-pushing vassals to machines designed to do more and more of our thinking for us. Yet the December 30 convocation in observance of the 50th anniversary of Columbia University's Alumni Federation seemed to suggest that there is one profession which has avoided that mechanistic rut.

Alumni programs have not escaped automation and cybernetics; no undertaking rendering service to thousands of people could hope or wish to do so. But the 24 people singled out for citation at Columbia's Program of Honors seemed to possess a protean range of talents worthy of the "Renaissance Man" ideal embodied in the person of Leonardo da Vinci. And their duties would seem to require abilities and call on reserves of imagination undreamed of by the creators of digital computers.

All 24 recipients of the Federation's Medal for Distinguished Service to Education were or had been members of the American Alumni Council; eight were past presidents, one a founder, and cited posthumously was a former executive secretary of the Council. Their average service was well over a quarter century, and the majority had performed a "triple-" or "quadruple-threat" function in administration, fund raising, development and editorship of publications. Their backgrounds ranged from the arts and sciences to commerce and the professions; some, like Harvard's poet-essayist David McCord, had achieved a national reputation as writers or anthologists; others, like Iowa's Loren Hickerson or Ohio State's Jack Fullen, had profoundly affected politics and public discussion in their regions; all had applied their talents to the service of education in molding (in the phrase of the convocation address by Columbia's Dean David Truman) "the alumnus as trustee for society."

Leading the honors list, and strikingly representative of the medalists, was James E. Armstrong '25 of Notre Dame, 1962-63 president of the 2500-member American Alumni Council, member of the Golden Jubilee Committee and chairman of various Council activities.

Jim Armstrong's official titles at the University are listed as executive secretary

**JAMES E. ARMSTRONG '25**, executive secretary of the Alumni Assn., is shown receiving a special medal from **John W. Wheeler** (right), president of the Alumni Federation of Columbia University. The award convocation was held in New York City on Dec. 30. In all, 24 representatives of American universities, colleges and secondary schools received medals for "distinguished contributions to education" in alumni work. "The Program of Honors" marked the 50th Anniversary of Columbia's Alumni federation in its present form.

of the Alumni Assn., associate director of the Foundation and editor of the *ALUMNUS*, but this official listing, in proportion to his service, is equivalent to the visible portion of an iceberg. He has long been a member of the committee selecting recipients of the coveted Laetare Medal and committees for scholarship selection and review, as well as a planner of important University events like last year's Memorial Library Convocation and Father Corby Centennial at Gettysburg or this year's Centennial of Science. His nearly 40 years at Notre Dame have included stints as director of public information and the founding of services which led to independent departments like the Placement Office.

Elected annually as secretary by the Alumni Board, he frames the programs of the Board, the alumni clubs and classes, the Annual Fund and special events like overseas tours, as well as records of the Alumni and Foundation Offices.

Perhaps best known as a speaker, Jim lectures on his first love, journalism, and makes an annual tour of his far-flung Notre Dame Clubs on such occasions as Universal Notre Dame Night (like last year's flight to Hawaii). But there is a demand for his services as a toastmaster and speaker at extramural events that would tax George Jessel or Jim's late beloved classmate Harry Stuhldreher. It is the variety as well as the number of these occasions that amazes: a regular speaker for the Sales and Advertising Council, he recently addressed the Midwest College Placement Assn., a gathering of NCAA ticket managers, and conferences on fund raising and alumni organization respectively at Case Tech and Southern Methodist University; his comprehensive grasp of problems and posing of challenges in each specific field is the wonder of other participants. Most remarkable is a felicity of phrase which he applies to light verse and essays worthy of Harvard's McCord.

Such versatility is not readily programmed into a computer, and Leonardo himself might have been proud of Armstrong's citation at Columbia:

"You have conceived faithfully and well a philosophy of alumni relations which is the foundation of wholehearted and stimulating response of the alumni body in splendid service to your esteemed Alma Mater. Your glowing mind has fashioned in speech and writing a lustrous stream of communication to the family of Notre Dame in support of the premise you have stated in regard to the nurture of the alumni spirit, namely that the cultivation of the college man, commencing in the undergraduate years, calls for the observance of heartwarming amenities, the skillful dissemination of useful knowledge and information to him concerning the goals and achievements of the University, and making available to him a program whereby his education and learning may continue, all to the end that he will feel himself for all time to be an integral part of the institution.

"To the American Alumni Council, in which you served in numerous offices, including that of president, you have given wise leadership, inspiration, and sage counsel, and you are respected and loved as one of the ablest and most discerning of statesmen."

# CSC BROTHERS AND THE SCHOOLS

**They Teach Nearly 29,000 in Some 55 Institutions**

"TEACHING BROTHERS" used to be an epithet reserved for the *Frates Scholarum Christianarum* or Christian Brothers, but now it can be applied just as fittingly to the Brothers of Holy Cross. "CSC" now rivals "FSC" with more than 28,500 students in some 55 educational institutions around the world: one university (St. Edward's), six novitiates and scholasticates, 37 high schools and special schools in this country and 11 schools abroad on the continents of Asia, Africa and South America. Ten schools administered by the Holy Cross Brothers have enrollments over 1,000.

Two new high schools were opened last fall, one in the Eastern Province and the second in the South-West. Bishop McNamara High School in Forestville, Maryland, in the archdiocese of Washington, admitted 350 freshmen this first year. The faculty is made up of eleven Brothers and two lay teachers. The South-West province school, a diocesan institution in Wichita Falls in the diocese of Dallas, will eventually be part of a coinstructional high school, but this year while the school plant is being built, the three Brothers comprising the faculty conduct classes in the Academy of Mary Immaculate.

The third school, Bishop David Memorial High School in Louisville, Kentucky, presently conducted by diocesan priests and lay teachers, has been in operation for several years. Two Brothers are on the staff this year and additional Brothers will be added in succeeding years.

The list of schools and 1964-65 enrollments follow:

**PROVINCE CENTER** for the Brothers of Holy Cross, as shown in this architect's drawing, will be a complex of buildings. The building behind the dormitory at left is a proposed classroom building to be constructed later. Construction will begin in April. The Midwest Province Center is across US Highway 31 from the campus, south of St. Mary's.

# *ND International* AN AUDIENCE at THE VATICAN

By Howard Phalin

**HOWARD V. PHALIN '28**, president of Field Enterprises Educational Corp. and alumni members of the University's Board of Lay Trustees, led a group of his company's executives and their wives in a special audience with His Holiness, Pope Paul VI. (Mrs. Phalin, co-donor of the mural portraying Christ the Teacher on the Memorial Library, can be seen at far right.) Accompanied by Executive Vice-President Donald McKellar and Rev. Armando Guidetti, S.J., who supervised the Italian edition, he presented special copies of Field's 15-volume "I Quindici" ("Childcraft") and 20-volume "Il Libro del Mondo" ("World Book Encyclopedia"). Pope Paul presented silver commemorative medallions to all three, then gave bronze medallions to the rest of the party, which included representatives of the Italian subsidiary as well as the American party. In acknowledging the gift sets, the Holy Father commended the company for its dedication to the ideal of educating children and urged that concepts of morality and sound education should ever guide its editorial work. Howie's own account of the Papal Audience follows below:

The day was a typical bright and sunny Roman day. Our party left the Hilton Hotel atop Monte Mario at 11 a.m. in order to keep our 12:45 appointment for the audience. In addition to Mrs. Phalin and myself, Mr. and Mrs. McKellar, the other board members present along with our Chicago group were Mr. and Mrs. Aron Franco and Father Guidetti and selected members of the Italian company.

We drove past St. Peter's Basilica and were admitted to Vatican City. The spectacular gardens were beyond description. Here we were met by members of the Swiss Guard. Upon presentation of our credentials we were escorted to the second floor of the Papal Palace in the Vatican. Here we were met by a Count Mario Stoppa of the Vatican staff and were escorted through ceremony and pomp to a Monsignor Paul Marcinkus, a member of the office of the Papal Secretary of State (and former Chicagoan). He remembered meeting Marshall Field and Don McKellar in 1953. He then took over and took us to a chamber for briefing. We then went to the room where we were soon to be greeted by the Pope himself. He was escorted into the room by several aides and sat upon a raised dais.

He evidently had been well briefed as he spoke first in Italian to a translator and then gave his remarks in English. He thanked us for wanting to see him and expressed his pleasure on our being present.

I was then asked by an aide to come forward to make the presentation. The World Book Encyclopedia was on a table to the side of the throne. I carried the A Volume, which had a special presentation page. I told the Pontiff that in behalf of our company it was my great honor and privilege to present this edition of The World Book bound particularly for His Holiness as a token of appreciation and respect for his great dedication to Christian unity. You could see his eyes sparkle in thanks. In return he presented me with a silver medallion in remembrance of the Ecumenical Council. He then spoke slowly in beautiful English saying he had known of our company.

Father Guidetti then gave him the first volume of "I Quindici" (our Italian edition of "Childcraft, the How and Why Library"). Father Guidetti too received a medallion, as did Don McKellar. Then each member of our party was asked to meet the Pope separately and each received a medal.

We then received the Apostolic Blessing. At this point the Pontiff expressed his admiration for our company and our work and asked me to extend from him his Apostolic Blessing to everyone associated with our company—editorially and otherwise as well as those engaged in its distribution.

This unforgettable experience is impossible to record. For my own great honor I can never repay the debt to my company. The company gave me, as it gives everyone who joins it, a chance 31 years ago. It gave me training and the priceless freedom of opportunity for service and honor. I feel that in no other company, to such a degree, could a boy from a small village without friends of influence or inheritance look ahead as he sat as a teacher, in his first job in a country school, with such great hope. This company gave me a certain amount of success. It has permitted me to be in high places throughout the world, to meet statesmen, ambassadors, and a former President of the United States, and now the Supreme Pontiff. My debt to my company is beyond my power to repay.

After the audience I left our party and went alone to the Basilica of St. Peter, the largest church in the world. There I thanked God for my privileges and said a prayer for our company and every person connected with it.

**WILLIAM J. JACOBS '42 and classmate Fr. Bede Fitzpatrick OFM (extreme left and center, respectively, in 2nd row) were reunited on the faculty for the introduction of the Cursillo Movement to Japan. Fr. Bede is a Franciscan missionary in Japan, and Bill was the author of various eyewitness reports as managing editor of "Ave Maria" magazine.**

# JAPAN REPORT

By William Jacobs

(reprinted from *Ave Maria* magazine)

Japan swings. I don't know if we'd better hurry up and convert the Japanese or hurry up and let them convert us. I only know that Japan swings from mighty, bustling Tokyo now the world's largest city . . . to the teeming city of Yokohama . . . through any number of other cities where industry and progress overwhelm you . . . to peaceful little Kamakura, where I fell in love with the whole population of 40,000. . . .

I went to Japan to serve as a professor during the first two Cursillos conducted there in English. I met a fantastic assortment of people, saw and heard a fantastic assortment of things. . . .

Father Siegfried Schneider, OFM, met me at the airport. I didn't know until the next day that he was the top ranking Franciscan in Japan. We went by taxi to Kamakura where the Cursillos were to be held in a Redemptorist retreat house. Father Siegfried is an old China hand, now 60, but looking about 45, and very jaunty in his black tam. On the way to Kamakura in the middle of the night we exchanged anecdotes. His topped mine easily. He had been in solitary confinement as a prisoner of the Chinese Reds for 2½ years. "It wasn't too bad. I needed to lose weight," he quipped. . . .

Father Siegfried finally guided the taxi driver to the retreat house. It was almost 3 a.m. when we arrived. The taxi ride was really something. Americans in Japan claim that all former Kamikaze pilots are now taxi drivers.

Gwyn Vaughn was in bed, but awake, in the room we were to share during the Cursillo. He comes from Tulia, Texas, and we knew each other well when I worked in the missions of the Texas Panhandle. We have worked a dozen or more Cursillos together in the States, but Gwyn has also journeyed to Ceylon, Berlin and the Philippines to help get the movement started. Now he was ready to serve as rector of Japan's first in English. . . .

In the morning, Father Bede Fitzpatrick, OFM, gave the meditation and I served as commentator during Mass. Participation was quite new to the 20 American servicemen and business and professional men making the Cursillo, and modern liturgical approaches were not completely known to the five priests present.

It took only a few minutes to get the ball rolling, however. We used hymn cards I borrowed from Sacred Heart Church, here at Notre Dame, which pleased Father Bede, a member of the class of '42.

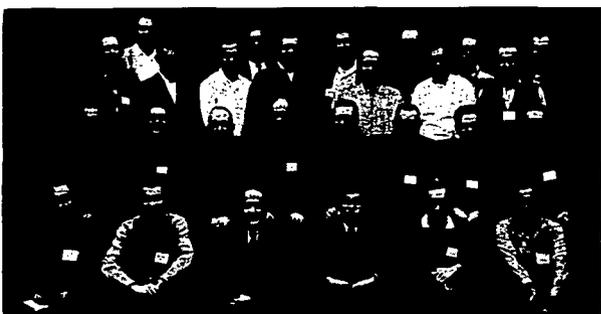

Breakfast was a rollicking affair as it usually is at Cursillos. Then I got my first look at Kamakura . . . and fell in love instantly. It is surrounded on three sides by mountains. The other side faces the Japan sea. In the distance you can see the towering, snow-capped Fuji. The air has a strange softness. The variety of trees, shrubs and plants is amazing.

The retreat house is just below Hara Kiri Hill, a spot where 40 of the Shogun's soldiers took their lives after a defeat in battle during the 13th century. There are two Buddhist shrines near the spot and a little marker commemorating the dead. Kamakura was once the capital of Japan. It is also the birthplace of Zen Buddhism.

The Cursillo was a big success. I have never enjoyed giving the talks more. The men had a fine time. The best joke of the session was told by an Irish Columban, concerning a schoolboy sent home with a note concerning his general lack of cleanliness. The teacher received a note in return which read: "Dear Sister. He's no rose. Larn him. Don't smell him."

A priest who spoke at the Cursillo provided another strong friendship. He is Father Bernardin Schneider, OFM, who is engaged in translating the Bible into Japanese. Father Bernardin is a tall, lean, scholarly fellow with an easy manner and a quick laugh. He and Father Siegfried are members of a family which has provided quite a few Franciscan priests, including Father Christopher, the priest of TV's "The Priest and the Politician." He's the fellow who while pastor of a church in Burras, Louisiana, took on Leander Perez and his disciples during an integration battle. . . .

Back to Kamakura and the second Cursillo. This was at least the equal of the first. Again the Liturgy was a high point. The second three-day period went much too fast. Suddenly it was time to leave Kamakura and I panicked a little. I wondered if I could hold all that beauty inside me somehow. I was afraid if I left it I'd never really experience beauty again. It was weird. . . .

The alumni aspect of this historic occasion was increased by the use of hymn cards brought by Jacobs from Sacred Heart Church on the Notre Dame campus.**

## I. GIFTS OUT OF INCOME

(Excerpts from the Portfolio of Philanthropy.  
For further information write: Director of  
Deferred Giving, Notre Dame Foundation.)

This is the most common form of contribution.

Federal Income Tax Law allows deductions for gifts to the University up to 30% of your adjusted gross income (gross income less business expenses and capital losses) in any one year.

You may carry the balance of your deduction over the next five years should your contributions exceed the 30% limitation.

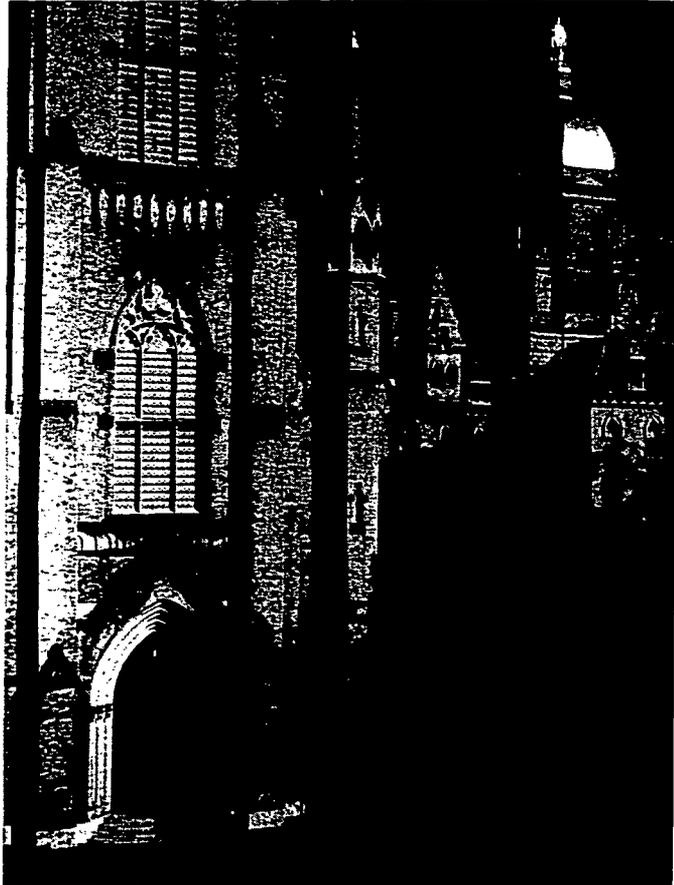

The actual cost of your gift is what you would keep had you not made the gift. It is the difference between your top tax bracket and 100%.

Example: If your gift is \$100.00 and you are in the 50% bracket, your cost is 50% or \$50.00.

In no case would your gift to the University cost you as much as its real value. The higher your tax bracket the less the net cost of the gift to you.

# WHAT IT TAKES, Part III

## *Conclusion: The Role of Alumni*

By REV. JOSEPH W. HOFFMAN CSC '51  
*Acting Director of Admissions and Scholarships*

WHEN I FIRST accepted the offer to present a few facts about admissions at Notre Dame I hardly expected that these articles would extend to the length of a Russian novel. Were I not hopeful that my remarks may be of some interest and even of value to alumni everywhere I would have limited my appearance in this magazine to one brief shining hour. Nevertheless, the topic this time is of such importance to some of our dedicated alumni that I am grateful to the editor for allowing me more space.

In our first article we dealt largely with the changes in high school programs and the effect that these curricular revisions were having upon the preparation of college-bound students. Our intention was not to present any critique of the secondary school curricula nor any kind of study in depth. Ours was rather a simple statement of fact about the kind of credentials a candidate ought to submit to the college of his choice.

Our second article dealt with the problem of tests. Our conclusion was that testing is here to stay and that the sooner we are able to use more refined tests with greater prudence and discrimination, the sooner we will be able to guide, counsel and even teach our students better.

At this time I want to pay tribute to our Alumni Committees, both the College Night Representatives and the Interviewers. These are the quiet men. They operate without fanfare. They work tirelessly and their reward is the satisfaction of having served their Alma Mater well.

Under the late Father Richard Murphy, C.S.C., certain Alumni Clubs established two committees, one for the college night representation, the other for interviewing candidates for admission. Although these committees are established with the voluntary cooperation of the Alumni Clubs, under the careful guidance of Father James E. Moran their number has grown. At present such committees are operating in more than sixty-five metropolitan areas. The first group represents the

University at college night programs to which the Admissions Office has been invited to send a representative. We provide these volunteers with up-to-date profiles of our freshman class, fact sheets on our policies and brochures on particular programs available at the University. Since it is virtually impossible for us to visit in any given year the nearly 900 secondary schools from which we draw candidates, we must rely upon alumni residing in these cities to act as our spokesmen.

Their duties follow the general purpose of a college night program. They are to present information about the University in order that the prospective candidates and their parents may be led to a prudent decision about a college choice. They are influential in attracting qualified candidates to the University not only by providing information, but also by their presence, by the conviction with which they present the opportunities at Notre Dame and by exemplifying in themselves the values which the University holds most dear. It is, of course, impossible that these men in such far-flung places should be intimately aware of every nuance and detail of our courses. We have found, however, that the counsel they give their listeners has been prudent, discreet and practical.

The second alumni committee is engaged in interviewing candidates who have made formal application to the University. This is, indeed, a delicate task since so much depends upon the interviewer himself. Only the broadest guidelines may be laid down for handling an interview. So much depends upon the kind of rapport which the interviewer can establish between himself and the candidate. The interviewer must bring into balance two polarities of interest; he must acquit himself of his responsibilities toward the University as well as those which he has toward the candidate. In behalf of the University he must try to ascertain whether or not the candidate is genuinely interested in Notre Dame. Is the candidate perhaps merely shopping about, selecting Notre Dame

as a safety valve in the event that he is not selected at a school elsewhere? What opinion does the candidate have of Notre Dame? What does he expect Notre Dame to provide for him? Furthermore, the interviewer must ascertain something of the character qualifications of the candidate. Most of our alumni are already in positions where they must deal with people professionally. By lending their wisdom and experience in personnel problems to this particular situation they are able to learn a good deal about this young man.

Regarding his duties toward the student the interviewer by the fact that he is involved in this type of work demonstrates the interest which the University has in those who seek admission. The University of Notre Dame is, first of all, people; and for the young man sitting opposite him who has perhaps never had the opportunity of visiting the campus the University is this alumnus. To this student an interview is an opportunity to offer some evidence beyond cold statistics and the written testimonies with which the admissions officer must deal. However brief may be the interviewing period the student realizes that the evaluation by an alumnus will become part of his permanent record and he wants the reports to be as honest and comprehensive as possible. Finally, the fact that the interview is being carried on by an alumnus lends a new dimension to the situation. Most candidates are well aware of the strong ties which bind the alumni to Notre Dame and to each other. Hence, they know that should they be accepted for admission they will enter upon a new relationship with this interviewer which is somewhat unique.

Wherever an interview committee has been established all candidates in that locality must answer the summons of the chairman or his committee member. It is not an optional matter as some young men in the past have thought. An office interview does not suffice to meet this requirement. We consider the alumni interview so important we do not dispense with it even when the candidate has been interviewed by the admissions officer on campus. In the past the alumni interview has been of considerable value in the selection of our candidates.

In conclusion I want to repeat a truth which is so fundamental that it is frequently forgotten. The ultimate responsibility for accepting students in-

to Notre Dame rests with the Office of Admissions. Nowhere else is there gathered a complete profile on the student. No one else can lay before him the accumulated information including the high school record, recommendation of the principal, alumni reports, test scores and all the other factors which go into an admissions decision. No one else has had the opportunity to gain the proper perspective by reading, rereading and evaluating the folders of hundreds of candidates. No other office has been charged with the same responsibility. It is not an easy burden; we do not bear it lightly. But together with the faculty, administration and alumni, we dedicate to our task whatever wisdom and discernment may be ours so that the brighter promise of today will be for Notre Dame the reality of tomorrow.

FATHER COUGHLIN AND THE NEW DEAL. *Charles J. Tull, Ph.D., '62.* Syracuse University Press, Syracuse, N.Y. Clothbound, 292 pp., \$6.50.

Rev. Charles E. Coughlin of Royal Oak, Mich., pastor of Little Flower Church and popular "radio priest" of the 30's and 40's, joins Eugene Debs, Adlai Stevenson, Norman Thomas, Gifford Pinchot, Oswald Villard and Henry Wallace in the Syracuse Press "Men and Movements" series on "political and social nonconformists and their impact on the American scene."

Author Tull, an assistant professor of history at DePaul University in Chicago, concentrates on the years 1926-1942 during which the eloquent pastor from Canada built up a radio audience of some 30 million Americans, first in vigorous defense, then in equally vigorous denunciation, of the administration and policies of Franklin D. Roosevelt, founded the weekly newspaper *Social Justice* and launched a succession of ill-fated economic, political and social movements before he was silenced by Archbishop Mooney of Detroit.

Every possible precaution is taken to make this a fair and unbiased analysis of the shifting currents in the tide (more ebb than flow) of Father Coughlin's "public" career: attack on the Hoover administration and espousal of the New Deal program in one-sided "partnership" with the aloof Roosevelt; gradual disillusionment with the pace of reform and establishment of the National Union for Social Justice; uneasy coalition with Dr. Francis Townsend and Gerald L. K. Smith in the Union Party and the disastrous Lemke-O'Brien ticket in the 1936 elections; and finally the confused allegiances of the Christian Front on the eve of World War II.

Dr. Tull steers a steady course between "conservative" defenders and "liberal" critics of the Coughlin program. He indicts Father Coughlin's economic naivete and

oversimplified monetary schemes as a panacea, and the later isolationism, red-baiting Anglophobia and anti-Semitism as demagogic straw-grabbing. But he concedes that wealth-controlling "international bankers" were one threat of the 30's and that the early tirades were inspired by sincere compassion for the poor and Detroit Bishop Gallagher's devotion to the economic encyclicals of Popes Leo XIII and Pius XI. He offers persuasive proofs that the priest furthered Roosevelt's programs much more than vice versa but cites the 1936 election to refute any claim to real political influence. Finally, he dismisses as unproved the liberal intellectuals' charges of Father Coughlin's insincerity, political ambition or "fascism," similarly dismissing the "intellectually fashionable" theory that this was a link joining Populism with McCarthyism and today's "radical right."

Although lacking the cooperation of the Detroit Archdiocese or the aging pastor, who would prefer not to resurrect the embarrassment of the past, Dr. Trull draws on all the papers and personalities of the Roosevelt administration with painstaking scholarship in this colorful study, acknowledging the help of the Notre Dame library staff as well as Fr. Thomas McAvoy C.S.C. and Dr. Vincent DeSantis, former and present chairmen of the history department.

RELIGION, REVOLUTION AND REFORM: NEW FORCES FOR CHANGE IN LATIN AMERICA. Edited by Dr. William V. D'Antonio and Dr. Fredrick B. Pike. Frederick A. Praeger, New York, 1965. Hard cover, 265 pp., \$5.95.

Eduardo Frei Montalva, president of Chile, and Most Rev. Mark G. McGrath CSC '45, Bishop of Santiago de Veraguas, Panama, are among a dozen contributors to this symposium volume on the place of the Church in political and social crisis in Latin America, edited by Profs. D'Antonio and

Pike of the Notre Dame faculty of sociology and history, respectively.

Result of a Rockefeller Foundation-sponsored conference on "Religion and Social Change in Latin America," the book also contains papers by Latin American experts from Indiana, Pennsylvania, Rutgers, Wisconsin and Vanderbilt universities, the Catholic University of Chile, etc., as well as the leading Latin American labor unionist and a Washington economic consultant.

Each contributor has a different viewpoint, but most agree on the principal problems: overpopulation, inequitable distribution of land and wealth, inflation and financial chaos, lack of technical skills or capital resources, ignorance, lethargic leadership, etc., all producing a political unrest fomented by Communists and an anticlerical intelligentsia. The Church is losing her influence among the nominally Catholic masses in her complacency with the status quo and traditional alliance with the upper classes. As Prof. Pike warns in the introduction, "Unless Catholic social reformers are willing to come to grips with economic facts, religion will probably have little to contribute to reform in Latin America."

MY SONS IN GOD. *Selected and New Poems by Samuel Hazo '48.* University of Pittsburgh Press, Pittsburgh, Pa., 1965. Hard cover, 135 pp., \$3.00.

Prof. Hazo, associate dean of the College of Liberal Arts and Sciences at Pittsburgh's Duquesne University, is perhaps better known as a poet than as a professor of English. In addition to two previous volumes of poetry and a study of the poems of Hart Crane, he has worked on several anthologies and written for the leading literary magazines. Recently he completed a State Department lecture tour of major universities in Lebanon, Jordan, Egypt and Greece, reading his own and other American verse.

This is the most comprehensive view of the Hazo landscape to date, containing highlights from his earlier *Discovery* and *The Quiet Wars* as well as new work representing the complete spectrum of his lyric palette. "The Rebellion" is a nine-line manifesto of his life and art, dismissing "the

fixed and terrible precision of the ant" in favor of "the beautiful confusions of the sky." The tender intimacy of parenthood and family life shines in the sections headed "Child" and "Generation." His own experiences as a serviceman, writer and teacher are reflected in the groupings entitled "Soldier," "Words" and "Students." Outside inspirations, both sacred and profane, find their echo in "Summonings" and "Voices," while his most subjective experience in life, love and human encounter is contained in the chapters "Myself," "Tangles" and "Now."

Rich in allusion but seldom obscure, lean and sparing of rhyme, with an almost prosy colloquialism and clarity, the nearly 90 brief and pointed poems amply justify their dust-jacket description as "conversation." Philip Booth has written: "Samuel Hazo is a poet of human occasions, a man for whom poetry is no more occasional than the wonder of being alive. Decency in a difficult world is his subject; his poems engage that world with an individual love. They are poems strong in their humanity, written by a humane man." Literary journals have remarked his "polish, sharp eye, wit and emotional range" or his "rare integrity: he can write honestly about himself and still come off with your respect and even affection." Winfield Townley Scott, writing in *The New York Times*, summarized that "his poems are more impressive as you reread them. A simple test indeed, but I don't know of a better one."

**LITTLE PEOPLE'S PAPERBACKS.** *Bible Stories* by Gerard A. Pottebaum '56. Illustrated by Robert Strobridge. George A. Pflaum Publisher Inc., Dayton, Ohio, 1963-64. Paperback, 10 titles, each 32 pp., 35c.

With the publication last fall of *The Good Samaritan* (LPP 9) and *The King and the Servant* (LPP 10), delightful adaptations of the familiar parables designed to teach Christian charity, piety and forgiveness to toddlers, the Little People's Paperback series now numbers ten.

Many will remember *God Made the World* and *How the Animals Got Their Names*, retelling the story of the Creation and the subjugation of nature to man by God; *They Disobeyed* and *God's Big Promise*, explaining Original Sin and Redemption, the Fall and the Coming of Christ, in terms of the family; *The Story of Christmas*, *The Little Grain of Wheat*, *He Obeyed* and *The Easter Lamb*, presenting the Mystery of the Incarnation, the Passion and Crucifixion of Christ and the Resurrection in narrative and pictures suitable for the smallest child.

The simplicity of Pottebaum's stories, designed to make the Bible come to life for children under eight, and the imaginative art of Strobridge (formerly of *Ave Maria* magazine), brilliant collages of paper, paint and color photography, have been praised by such publications as *The New York Times*, *The Bible Today* and *Christian Century*.

The apostolate of the late George A. Pflaum, producing books, texts, periodicals and teaching aids for Catholics, is being carried on by such alumni as George Jr. '54, John Defant '48 and William Pflaum '61.

### THE MEMORIAL LIBRARY AND THE NOTRE DAME COLLECTION

Director of Libraries Victor Schaefer wishes to thank the following for their recent donations of books to the Library:

Mr. Tom Blazina for a book of his military reminiscences (Cobb, "Ike's Old Sarge"), dedicated to Joseph Blazina '57 and James Blazina '63.

James L. Hesburgh '55 for two copies of a report ("U.S.-Soviet Trade, Facts for the Businessman's Appraisal," Cleveland, Ohio, Trade Research Associates, 1960) of which he is co-author.

William Hoban '49 for a collection of books including memoirs of Capt. William Bligh of "HMS Bounty" fame.

George H. Hampsch PhD '63 for a copy of his new book "The Theory of Communism" (Philosophical Library, 1964).

Bro. G. Nicholas Sullivan FSC, PhD '62, for a copy of "Speleology" (Heath, 1964) of which he is co-author.

### 1919-20 "SCHOLASTICS" NEEDED

The staff of the Memorial Library has reported a shortage of the Notre Dame SCHOLASTIC magazine for the academic year 1919-1920. Anyone with single copies of these issues or information on their location is asked to contact Victor Schaefer, Director, Memorial Library, Notre Dame, Ind. 46556.

**THE THEORY OF COMMUNISM.** *George H. Hampsch Ph.D. '63.* Philosophical Library, New York, 1964. Hard cover, 245 pp., \$3.75.

The purpose of this book, as stated in the foreword, is to present an objective study of the theoretical principles of Communism as they are practiced today. It is meant primarily for those readers who wish a deeper, more systematic understanding of the tenets of Communism without being required to suffer the annoyance of an attempted conversion—pro or con—in the process. Dr. Hampsch is an assistant professor of philosophy and a member of the Institute for Soviet and East European Studies at John Carroll University in Cleveland.

**ETHICS: A COLLEGE TEXT.** *Rev. Leo R. Ward CSC '23.* Harper & Row Publishers, New York, 1965. Hard cover, 390 pp., \$4.50.

This is a new introduction to ethics, dealing with both classical theoretic problems and such current issues as charity and justice and war, faith and worship, family, sex and work. Emphasis throughout is on man not only as author of a moral decision but as central in criteria of morals and the end achieved by moral life, with reference to recent anthropological studies. Questions and topics for discussion at chapter ends are designed to raise issues rather than settle them. Fr. Ward, professor emeritus of philosophy, took advanced Aristotelian-Thomistic studies at Catholic University, Oxford and Louvain. Author and editor of many books on moral, educational, social and ecclesiastical philosophy, he is doing research on the philosophical bases of panhumanism.

**END OF AN ERA: NEW ORLEANS, 1850-1860.** *Dr. Robert C. Reinders '47, MA '49.* Pelican Publishing Co., New Orleans, 1964. Hard cover, illustrated, 268 pp., \$8.50.

A brilliant decade of one of the world's most colorful cities is described in this detailed study of New Orleans before the Civil War, a panorama of the people, places, problems and politics of a city with more millionaires and more yellow fever than any other in the US. Covering every aspect of the city's life and culture, it is carefully indexed and illustrated with 60 line and halftone cuts, including end-paper maps.

The author received his doctorate from the University of Texas and taught at Austin's St. Edward's and New Orleans' Xavier universities before joining the history faculty of Tulane. He has written about Louisiana history in a dozen historical journals. There is an introduction by Dr. John Duffy, former professor of history at Louisiana State University.

### BOOK NOTES

Rev. John A. O'Brien LLD '59, research professor of theology at the University, is the editor of *Steps to Christian Unity*, an introduction to the ecumenical movement with contributions from 24 Christian leaders, including Cardinals Bea, Cushing and Meyer, Jesuit theologian Rev. Karl Rahner, and such Protestant figures as Franklin H. Littell, Karl Barth, Martin E. Marty and Fred Pierce Corson. Doubleday is the publisher.

Prof. John T. Noonan, Jr., editor of Notre Dame's *Natural Law Forum*, is the author of *Contraception: A History of Its Treatment by the Catholic Theologians and Canonists*, published this year by Harvard University Press. The book traces the development of Catholic attitudes and thought on birth control since about 50 AD and is the first history ever written on this subject. Both lawyer and historian, Prof. Noonan wrote *The Scholastic Analysis of Usury*.

Spiritual Book Associates, a book club for priests, religious and laymen seeking the best in spiritual reading, has grown quickly in the past year. The SBA Editorial Board, under the direction of Father John Reedy CSC '48, editor of *Ave Maria* magazine, selects a pleasing variety of religious reading well in advance of publication and effects substantial savings for subscribers. For information write Spiritual Book Associates, Notre Dame, Ind. 46556.

Rev. A. L. Gabriel, director of University's Mediaeval Institute, has published a study on *Metaphysics in the Curriculum of Studies of the Medieval Universities*, edited by the Thomas Institute of the University of Cologne, Germany. Father Gabriel recently returned to the campus from Harvard, where he served as the Charles Chauncey Stillman guest professor of Roman Catholic Studies for 1963-64.

Dr. A. Robert Caponigri, professor of philosophy, is preparing a book on the history of Spanish thought since the revolution of 1939 while lecturing on American political philosophy as a visiting professor at the University of Madrid. His family is with him in Spain, and his eldest daughter Victoria is a student at the university. His *Modern Catholic Thinkers* has been translated into Spanish and Portuguese.

## SCUTTLEBUTT ON THE SPRING SEMESTER

AFTER ENCOUNTERING the traumatic experience of a three-day final testing period and its logical sequel, an equally lengthy semester break, most students are already deeply entrenched in this semester's studies. Many expected an upward bounce of our basketball record. Previously there was a genuine anticipation that their season would be commensurate with the remarkable performance of our football team. This desire may yet be realized in a few years. Others are still attempting to determine how much money they donated to charity as a result of their penchant for gambling over Mardi Gras Weekend.

### CENTENNIAL OF SCIENCE

The College of Science under the direction of Dean Frederick D. Rossini has scheduled a series of special events, lectures and exhibits to mark one hundred years of science teaching and research at Notre Dame. The focal point of this observance will be a centennial convocation and dinner May 15.

Dr. Milton Burton, director of the Radiation Research Building, chairs the committee planning the commemoration of the College of Science's Centennial. He is anticipating a great emphasis on science throughout the calendar year. Concomitant with this observance are a series of exhibits depicting the nature, function and projects of the various departments of the College of Science. They are being displayed in the concourse of the Memorial Library for the duration of the spring semester. Meetings of a scientific nature will be increased as evidenced by the completion of three Centennial lectures in January and February alone. Furthermore, the Reilly and Nieuwland Lectures will be Centennially oriented. One of the Reilly Lecturers will be Prof. Aaron Kuppermann of Caltech, who has gained recognition as a physical chemist. His lecture in October will be unique in that he is the first alumnus of Notre Dame to give a Reilly Lecture. The Nieuwland Lectures in November, tradi-

tionally amalgamating biological and chemical interest, will feature Konrad Bloch who has recently been awarded the Nobel Prize for his Biosynthesis of Cholesterol.

The Centennial convocation in May will feature historical reports by the dean and heads of the departments, descriptions of research activities, as well as open house and exhibits in all departments and labs of the College of Science. High point of the convocation will be a dinner in honor of a number of eminent scientists and presided over by Father Hesburgh. The dinner will be culminated by a distinguished scientist and humanist who will address the guests on the nature of his work.

This emphasis on science, and in particular science at Notre Dame, will be manifested in both Spring Commencement and alumni reunions with specific recognition of our alumni scientists. Universal Notre Dame Night, April 26, will assert the merits of our College of Science as its theme. An interesting note to this observance is that the recipient of the first Bachelor of Science degree awarded by Notre Dame in 1865 proceeded to medical school and practiced medicine in the South Bend area.

In conjunction with the Centennial observance ground breaking for the new Life Science Building, to be located adjacent to the Mathematics & Computer Center and juxtaposed to the stadium, will take place in early fall. This magnificent 4½-million-dollar structure will facilitate the teaching needs of the Biology Department as well as accommodate the expanded Mosquito Genetics labs and various Lobund Germ-free projects.

### FRESHMAN STAY-HALL PROPOSAL

A current and highly controversial topic on campus is the proposal of a new stay-hall residence plan. The basic feature of the proposal is the institution of an experimental system of true four-class integrated halls for a trial period. Questionnaires on the system will soon be distributed to the students and evaluated by the Stu-

dent Senate before final action on the plan will take place. If the plan is approved, an equivalent quota system will be established next year for Alumni, Dillon and Farley. For Farley, it will be 88 freshmen, 80 sophomores, 77 juniors and 78 seniors; in Dillon the numbers will be 120, 112, 104 and 108, and in Alumni 90, 82, 78 and 80.

In three years the system would, according to the proposal, be extended to the entire campus if its merits can be justified to outweigh its deleterious effects. A factor in this consideration will be the existence of two new undergraduate residence halls within three or four years which would provide 600 plus accommodations.

Proponents of the system feel that the new plan will attenuate the hiatus between class lines, hall unity and one's social sphere. It is also theorized by some that it will expedite the development of maturity on the part of the freshmen. The polemic opponents of the resolution seek a return to the one-class halls or perhaps the adoption of a more adequate quota system for upper-class halls rather than mitigate the problems of the current stay-hall plan through the creation of an even more complex problem — Freshman stay-hall residence. Their theory is substantiated by the argument that the Freshman Year of Studies is set up to regulate their orientation gradually on the academic level, so why create a social-academic incongruity by integrating the four classes in their halls? They also point out the importance of a development of proper study habits and class unity while at the freshman level.

The stay-hall plan will remain a major issue for a number of years until the factor of time can clarify the system.

### MARDI GRAS, WASHINGTON DAY

The perennial and widely enjoyed festivities of Mardi Gras at Notre Dame were again a success. It is hoped that \$25,000 will have been raised for charities, scholarships and student projects as result of our participation in the numerous events. The colorful carnival and impressive Mardi Gras Ball and Concert were highlights of an unforgettable weekend.

The Senior Class through its Washington Day Exercises has honored Sargent Shriver as the recipient of its Patriot of the Year Award. His work in and development of the Peace Corps as a means of improving the conditions of our world have merited him the bestowal of this award.

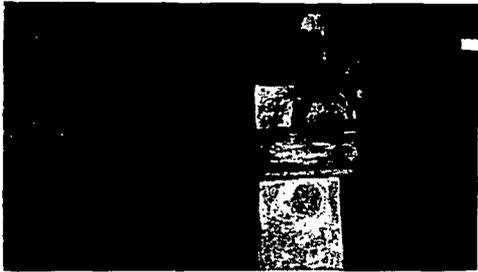

With our premature spring vacation only a few days away and Mardi Gras over, it is difficult to realize that we are already deep into the spring semester. Yet one only needs to glance at the pile of books on his desk to realize just how far we have progressed.

**BIOLOGY BUILDING** (left) will soon be supplemented by a \$4.5 million Life Science Center.

# Alumni in Art--III:

Anthony John Sorce, Painter

*MASSIVE OIL PAINTINGS, four to eight feet high, are typical of Sorce's style and subjects on canvas, wood and Masonite panels, primarily concerned with space and division of surface areas. Brooding quality of backgrounds and distortion of his attenuated abstract human forms, somewhat reminiscent of El Greco, have caused one newspaper writer to describe his theme as "loneliness expressed through death figures." The artist's objection that his recurrent theme is creation and the human condition is borne out by such titles as "Incarnation," "Crucifixion" and "Resurrection." Although subject matter sometimes inspires a work, his principal involvement is form and the working out of plastic problems. Usually "only in the process of painting and coming to a kind of solution of these problems does a subject emerge."*

ANTHONY SORCE BFA '61, MFA '62, is building a large and enthusiastic public in the Midwest and just beginning to win a wider recognition. In recent months, beside exhibits (University of Michigan touring show, the first national print exhibit at Western Michigan U., midyear exhibition at Youngstown's Butler Institute) and one-man shows (Nazareth College, Battle Creek and South Bend Art Centers), he had a painting on display at the New York World's Fair (Michigan Room, Pavilion of American Interiors); exhibited drawings at the Instituto de Cultura Hispanica in Madrid, Spain; was the subject of an article in *La Revue Moderne des Arts et de la Vie*, Paris; and began to exhibit in New York galleries.

A native of Chicago, Tony won a scholarship, Chicago Artist Guild prize and diploma from the American Academy of Art before coming to Notre Dame. On the campus he was awarded annual Ivan Mestrovic student assistantships right into grad school, plus the Jacques Silver Medal in his senior year, meanwhile taking honorable mentions at the Illinois State Fair Professional Art Exhibit, the Chicago Artist Guild watercolor show and the New York Society of Illustrators scholarship contest, as well as the \$200 purchase prize at the Chicago Union League art exhibition. Since then he has exhibited in the American Watercolor Society show at the National Academy of Design, the Liturgical Art Exhibition at the U. of Illinois, Watercolor USA at the Springfield (Mo.) Art Museum, at Northern Mississippi Valley, Michigan, Michiana and Kalamazoo area exhibitions.

Although his reputation is slowly becoming international, Tony is keeping his regional roots as an instructor and artist-in-residence at Nazareth College, Nazareth, Mich.

*STRONG DESIGN is evident in all Tony's drawings, subordinating scenery and figures barely sketched to abstract geometrical form in the manner of Cezanne or the later Cubists. He is equally at home with pencil or pen, brush or engraver's needle, mixing such media as ink, gouache, wax, watercolor and polymers.*

The annual spring symposium will be held this year on Saturday, March 27, 1965, and will be devoted to "Violence in the Streets, U.S.A., 1964." Not all of the speakers for the event have been chosen, but three have agreed to participate as this is

## Natural Law Forum

The Board of Editors of the *Natural Law Forum* met on the campus in October to review volume 9 of the *Forum*, published last year, and to discuss contributions for the 1966 volume. Professor Robert E. Rodes, Jr., is the author of an article on the law of polygamy in the United States which has been accepted for publication in the *New Catholic Encyclopedia*.

Professor Shaffer's article, "Appellate Courts and Prejudiced Verdicts," was published in the October University of Pittsburgh *Law Review*.

Mr. Vincent J. Romeo, lecturer at the law school (on government regulation of business) has been appointed executive vice-president of Miles Laboratories, Inc. He has been president of the Miles Chemical Division of the company for the past year and will continue in that post.

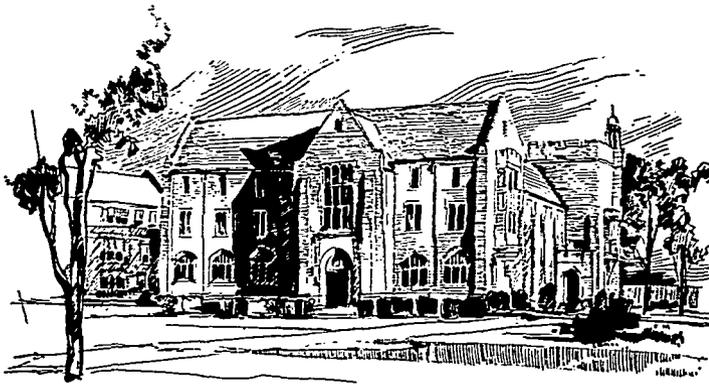

Assistant Dean John J. Broderick addressed the members of Beta Sigma Chapter, Beta Alpha Psi, National Accounting Professional and Honorary Fraternity, on the campus in October. # MAN and the MOMENT

By Rev. Thomas J. O'Donnell, C.S.C., '41

## Father Cointet and the Fever: A Time of 'Bitter Afflictions'

SOME HAVE SAID that the spirit of Notre Dame can be found beneath a little white cross or on a grave marker of some sort. They have gone elsewhere on that unreturning journey, these men of the past, priests and brothers and laymen. One of the priests from the early days, a Father Francois Cointet, C.S.C., is almost as unknown as the soldier in the tomb at Arlington Cemetery. He is buried beneath the church on the campus next to Father Petit and Father Deseille. Like them he was a missionary in heart and in fact. Like them he worked hard to bring love and hope to a wilderness. Like them he died young so that a new world might grow old.

### A Rare Spirit

Father Cointet was ordained for the diocese of Mans in 1839 and assigned by his bishop to a parish in Chatillon. In this place and in this work he was indefatigable. He had an ardent zeal and a rare spirit of order. Most of all he was a man of prayer. During those years as assistant parish priest he began to think more and more of foreign missions. He matured his hopes and longings in prayer before God. Then one day he saw a letter from Father Sorin to Father Moreau. This was the clarion call. As with most things in life the good Abbé found opposition to his hopes and plans. Finally he got permission from Bishop Bouvier to leave for America and Notre Dame. This he did with great haste. The trip was not only long but the sea travel was violent. He and his companions—two other clergymen, several brothers and four sisters arrived at Notre Dame in July of 1843.

Father Cointet would be the first to

denounce any praise for himself. He would be the first to point to the others who also endured great hardship and gave their lives to work in this area. He would be much too busy to listen to praise. Read these words from an account of him written in 1855, a year after his death. "After a fervent novitiate of one year, he made his solemn religious profession in Holy Cross. From that time he may be said to have had no other aim in life, no thought or desire . . . except, in a word, the salvation of souls. His zeal never failed; his charity was inexhaustible; . . . Self seemed to be, in him, forgotten, annihilated; no fatigue was too great, no labor too severe for him. God's interests were his only consideration and to secure these by the salvation of a single soul, he would, at any time, have willingly offered up his life." A glowing tribute, indeed. And mission-minded though he was, the dynamic little Frenchman was also assigned the task of teaching. The same source quoted above says: "The activity of his mind was so great that he frequently performed the work of two or three persons." Small wonder that Father Sorin used every means possible to keep him at Notre Dame. Small wonder that the new work in New Orleans kept seeking him. Those difficult years were difficult not only because of so much work to be done but also because of great sickness and many deaths. Those were the trying times of malarial fever and cholera. In the late summer of 1854 nineteen new graves were dug. On the 13th of September Father Cointet, sick with fever, came back from his missions. He thought he would get well. But Father Sorin had seen too many

deaths not to know the signs. "When I saw he was going to die, I thought I would lose my mind. For eleven years he had been the glory, the light, the joy, and the life of the community and the missions." This was great praise from Father Sorin.

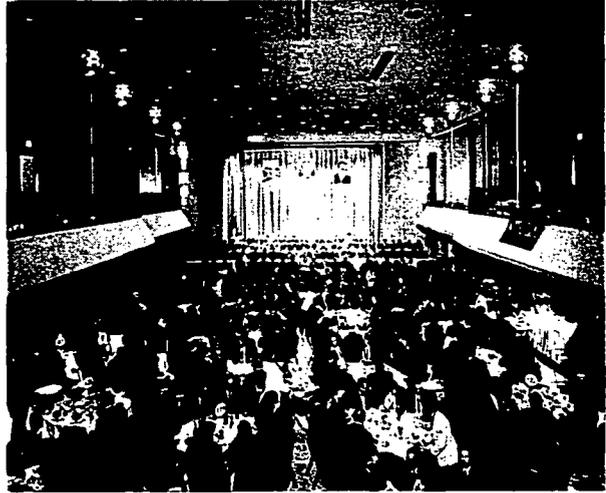

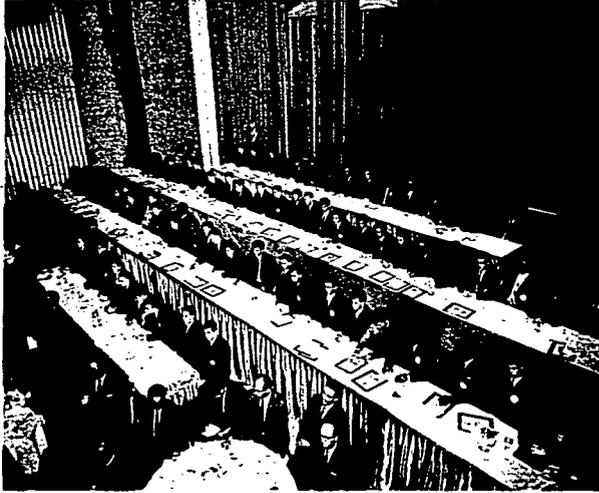

### A Desperate Fight

All of us who have so much today owe much to those who suffered so in the past. It is hard for us to imagine their trials and hardships. At various times between 1847 and 1855 an epidemic crept on and off the campus. Each time, the angel of death was a traveling companion. A dormitory would become an infirmary. Anyone who was well enough to walk became a nurse. Funerals at night were not uncommon. At one time five brothers and three postulants died. Up the road in Bertrand, Michigan, the poor sisters were also suffering. Students were attacked with the disease and sometimes they were sent home in coffins. And in South Bend and nearby towns the people were blaming Notre Dame for the epidemic. This was not really their fault. They knew many of the priests, the brothers, the sisters, the professors, the students. They heard of their deaths. They blamed a marsh that surrounded the lakes as the cause. Whatever the cause Father Sorin blasted, and not just verbally, the dam that made the marsh. He had tried to purchase the land that formed the dam but the owner was greedy and wanted an unfair price. The bearded patriarch had seen enough of suffering and death. The men of his heart who had worked so hard and died so young were not to be denied. This was their place; this was their life; this was their school! Dynamite it was, and as the murky waters of the plagued marsh slushed to the river Father Sorin remembered in Mass that Holy Thursday of 1855, the souls of those who fought the good fight, the men of every season, who died that we might live. The words of the psalmist must have been his many times during those critical years.

. . . O God, forsake me not  
Till I proclaim your strength  
to every generation that is to come.  
. . . Though you have made me feel  
many bitter afflictions,  
You will again revive me.  
From the depths of the earth  
You will once more raise me up . . .  
(Ps. 70)

## Akron

Thirty Notre Dame men and their wives attended the annual evening Mass held at St. Mary's Church at 5:30 pm on the Feast of the Immaculate Conception.

Holy Mass and Communion were offered in commemoration of the late JOHN CARDINAL O'HARA CSC. It was Father O'Hara, as prefect of religion at Notre Dame, who more than any other person created the devotion to daily Communion that caused the campus to be known as the City of the Blessed Sacrament. Following the Mass a dinner was held at 7 pm in the Patio Room at Iaconini's, 327 West Exchange St. BRUCE RAFF was chairman.

In place of the Annual Christmas Dance, a Dinner Dance was held on Jan. 16 at the Akron City Club. Additional details from EDDIE BUTLER JR., chairman:

"This has been an outstanding year for Notre Dame. The year of the New ARA and the Big DEE. The year of excellence for which many of us have waited. It is the year of change. And that change engendered new spirit and confidence in a great tradition.

"But the year is only half over and the confidence that change can enliven a great tradition has pervaded deeply into the national fraternity of Notre Dame alumni. The Notre Dame Alumni Club of Akron called on the formula of change to enliven the annual Notre Dame Dance.

"This year we decided not to compete with the children's Christmas party or the debutantes' entree. We decided not to crowd the holiday festivities and add to the frantic pace of the year's twilight hours. . . . And shortly after the beginning of the year . . . a relaxing evening of cocktails, dinner and dancing at the Akron City Club. . . . Our annual Scholarship Ball was a Dinner-Dance at the Akron City Club. It was an excellent affair. We started a toast to 1965 with a cocktail hour at 7 o'clock. At 8 dinner was served in the finest tradition of the City Club. After dinner we danced until 1 to the relaxing music of Frankie Reynolds. . . . Only 100 couples were able to enjoy this relaxing evening."

## Baltimore

In keeping with the "Era of Ara" the Baltimore Club has taken on new life. On Oct. 31 there was an exodus from this town to Philadelphia for the Navy game. A big turnout and lots of noise.

Next on the agenda was the Michigan State-ND Smoker on Nov. 14. A noticeable "Subway Alumni" turnout helped to make the day. More to cheer about.

The latest successful function was the ND Communion Sunday on Dec. 6. It was family day for the Baltimore Club that heard Auxiliary Bishop T. AUSTIN MURPHY, Club chaplain, speak on "Liturgical Changes in the Catholic Church," a timely lesson in ecumenism. ROBERT W. PERKINS was chairman of the affair.

Plans have been rolling for the Annual Scholarship Ball on Feb. 12, 1965. Nearly 100% participation was anticipated to get a boy to ND. St. Patrick's Day festivities and Universal Notre Dame Night are also in the works to complete a full year of activities for the ND Club of Baltimore.

"TIMELY TOPICS" — A SHORT REPORT  
NOTRE DAME SPORTS NIGHT

We had, through the efforts of TIM TOOMEY, the film of "Notre Dame Football Highlights 1964" to show Jan. 27 at 46 Beacon Street (Tiffany's) at 7:30 pm. We also had NICK BUONICONTI on hand for a discussion of the Patriots season.

I'm stealing TIM TOOMEY's thunder in using his title, "Timely Topics," but I have no alternative. As you know Tim is no longer with us and we miss him. He now resides at 60 Mohawk Street, Cohoes, N.Y.—someplace near Albany. I'm sure he'd be delighted to hear from his many friends.

A short report on our past activities. . . . We had a very successful Victory Dance, where 55 couples danced with glee to the excellent music of Jack Hennessy last Nov. 14, and all had a good time . . . preliminary estimates indicate the Scholarship Fund drawing reaped in the neighborhood of \$700

for our Fund. We'd certainly like to be able to assist another boy at Notre Dame in the near future.

Our next event was the Annual Communion Sunday held on Dec. 13, 1964, at the 9 o'clock Mass in the upper church at Holy Cross Cathedral . . . breakfast immediately after Mass at the Red Coach Grille on Stanhope Street. Our speaker this year was JESS CAIN, noted radio and TV (WHDH) personality (formerly with WNDU on campus) . . . you'll remember him from the UND Night dinner two years ago. . . . This is annually a Father-Son affair and all Notre Dame alumni and friends were invited.

—NEIL FOWLER '47, Pres.

## Buffalo

The speaker was REV. JOSEPH CAHILL CM, president of Niagara University, when the annual Communion Breakfast was held Dec. 6 at Rotary Hill College, 4380 Main Street, Buffalo 26, N.Y. FATHER BARATTO, our chaplain, celebrated the Mass. We had been asked by the Alumni Association that this Sunday be dedicated to the late JOHN CARDINAL O'HARA, CSC, and we were asked to receive Communion in commemoration of the Cardinal. The Mass was held in the Marian Social Room and the breakfast in the cafeteria of Duns Scotus Hall.

This year our Christmas Dance was held in the Terrace Room of the Hotel Statler, on Saturday, Dec. 26, 1964. Dancing was from 10 pm till 2 am, with music by Les Erlenbach, the same orchestra as last year. Tickets were sold at the door, but anyone wishing to purchase them in advance or make a table reservation was to have called one of the following committee members: General Chairman, JOHN & Marion LAVIGNE; Tickets, MATT & Mary Jane DUGGAN; Publicity, HARRY & LoAnne QUINN; Reservations, DON & Mary Ellen MAHONEY; Music, JIM & Jean CASEY; Decorations, RALPH & Mary ARGEN; Alum-Wives, JACK & Carol McMAHON. As in the last three years the Alum-Wives presented their woman of the year award during the course of the evening.

We hoped to have the 1964 Football Highlights film for our February meeting. Also the Alum-Wives sponsored a card party on January 21, 1965, in the Erie County Savings Bank at the North-Town Plaza.

—PAUL D. BALLING, Pres.

## Calumet Region

Officers and directors were happy to announce that our Annual Dinner-Dance would be held at the Woodman Country Club on Saturday evening, Jan. 16, 1965. The gala evening began with a cocktail hour at 7 pm. One hour later the guests adjourned to the main dining room where dinner was served. The last segment of the evening was dedicated to dancing.

JOHN BARKER, our activities chairman, enlisted

CONNECTICUT VALLEY—Annual Communion Supper principals included (from left): Bob McGoldrick, Club president; Father Richard H. Sullivan CSC, Eastern provincial of the Holy Cross Fathers and guest speaker; Father James A. Curry, pastor of St. Mary's Church, Groton, Conn., and a chaplain in the Connecticut National Guard; and Tom Curry '14. Father Curry is one of Tom & Mrs. Curry's twin sons, both of whom are in the priesthood.

the services of two of our members to serve as co-chairmen of the dance. They were RICHARD F. BENNE and ROBERT J. SCHREINER.

In view of the fact that our Communion Breakfast and Memorial Mass in honor of PRESIDENT KENNEDY had to be cancelled, officers and directors decided to accept the kind invitation of the Catholic Lawyers' Guild of St. Thomas More to join them at their Red Mass and Communion Breakfast on Sunday morning, Dec. 6.

The University designated Sunday, Dec. 6, as "Universal Notre Dame Communion Sunday." In union with the Catholic Lawyers' Guild, all of our members were encouraged to participate in the Red Mass, which was celebrated at 10:30 am in Holy Angels' Cathedral in Gary. BISHOP ANDREW GRUTKA presided at the Mass, and MSGR. JOSEPH R. CROWLEY, the editor of *Our Sunday Visitor*, preached the sermon.

Immediately following the Mass a brunch was held in the Gary Hotel. Wives were invited to join their husbands. We announced at that time that ROBERT J. WELSH JR., our vice-president, was accepting applications for our scholarships.

## Central New York

The Central New York alumni of Notre Dame held our annual Communion Sunday on Sunday, Dec. 6. Mass was at 8 am at the Cathedral of the Immaculate Conception, Syracuse. Breakfast was held at the Catholic Women's Club in Syracuse. Rev. Robert Brennan, SJ, the head of the physics department at Le Moyne College, delivered the address.

Plans for this event were developed by: FRANK CAHILL, president; JAMES KEOUGH, vice-president; JOHN CUDDY, treasurer; and FRANK ANNESE, secretary. The breakfast was well attended and plans were made for a "get-together" right after the first of the year.

—FRANK J. ANNESE, Secy.

## Chicago

First of all, one big vote of thanks to the 1,257 who turned out to make the 1964 Rockne Memorial Dinner the most successful in Club history. Not knowing that Ara and his legions would turn out to be the Number One team in the country, we booked a "small" room that accommodates a mere 1,000. For that reason, nearly 300 had to sit in an adjoining room, but from the cheers that resounded through the Grand Hall of the Pick-Congress for ARA PARSEGHIAN, members of the Fighting Irish, FRANK LEAHY, and the Rockne nominees, it was evident that a good time was had by all.

The next two club events—the Communion Breakfast and Universal Notre Dame Night—are just around the corner, so watch for the announcements. The committees are working hard to make these just as successful as the Rockne Dinner.

Again we want to salute the Rockne nominees, who were chosen for their athletic ability, academic achievement and leadership qualities. The winners, who received their trophies from JOHNNY LATTNER and TOM CAREY, are outstanding student-athletes. Richard "Chico" Kurzawski of Weber High School, won the Catholic League trophy. Chico, who gained more than 1,000 yards during the season and tallied 20 touchdowns, led his team to the city championship. His coach was JOE SASSANO '55. He also was an outstanding scholar, elected president of his class for the past three years. Jim O'Toole of Riverside-Brookfield High School, one of the best high-school passers in the country, was judged the Rockne winner in the suburbs. Jim, another fine student, averaged better than 14 yards a pass while completing 64 percent. Doug Boe of Lane Tech, who quarterbacked his team in the Public League finals, was chosen best in that loop. Doug, who participated in several sports, also was active in many extracurricular activities.

Hats off to Chairman PAT SHANNON, who lined up a great program. Wally Phillips of WGN did a great job as toastmaster in the minds of all except JOHNNY LATTNER, MOOSE KRAUSE and myself. Wally roasted us but good. It's a funny sensation to sit there laughing at yourself. Incidentally, Wally said later that he never has had a more receptive audience, so I think we are developing a mutual admiration society.

FRANK LEAHY, of course, was the master as always. A perfect gentleman, Frank renewed many old acquaintances, and made many new ones. I know that many of the youngsters in the audience will never forget the dinner because of their brief conversation with Frank. No one in the country could explain the essence of Notre Dame to the nominees better than Frank, and the room was still as he talked to the boys of the future. We certainly are in his debt for coming to Chicago for this important dinner. We hope that the plaque that JOHNNY LATTNER presented Frank for his many contributions to Notre Dame's football heritage will win a place in his den.

Ara has turned into the best ticket seller we have here in Chicago. He has been here three times now—UND Night, Golf Outing and Rockne Dinner—and all three events were SRO. Thanks, Ara, for making my presidency an easy job from the financial standpoint! Every person at the dinner was extremely impressed with the 1964 captain, JIM CARROLL, who appears to be the prototype of an outstanding leader. We hope that Jim, Ara, and Wally don't get into any trouble with those Irish shillelaghs we gave them. A special vote of thanks to TONY CAREY, who brought along a group of stars from this year's team—BILL WOLSKI, NICK EDDY, JOHN MEYER, NICK RASSAS, ARUNAS VASYS, and TOM TALAGA. DON HOGAN, the valiant halfback who won the Rockne Award previously, was a special guest. BILL PFEIFFER, another former award winner, also was on hand for the festivities.

Thanks also to FATHER JOYCE, PHIL FACENDA, and MOOSE KRAUSE for keeping the speeches short. MSGR. CUNNINGHAM delivered one of the best invocations ever heard in Chicago.

A fine committee—JOE ARCHIBALD, KEN SCHUSTER, ED MIESZKOWSKI, JACK BARRY, PHIL FACENDA, NEAL HALLORAN, RICK HICKS, DAN SHANNON, DON SCHAEFFER, JOHN McDONNELL, GEORGE GROBLE, BILL REYNOLDS and CHUCK FALKENBERG—gave Pat, Johnny and Tom plenty of help.

Through the generosity of many friends of Notre Dame in the Chicago area, the Club was able to realize more than \$2,000 for the Scholarship Foundation from a sponsor program. An important announcement on future plans for the Scholarship Foundation will be made at the UND Night dinner. Benefactors contributed \$100; sponsors, \$25.

Club membership reached the 767 mark this year. All dues-paying members are listed in bold face type in the new Club Directory. Dues revenue helps maintain the full-time Club office in the First National Bank Building. If you have any questions about ND, changes to report on business affiliation or residence, etc., just give us a call at AN3-6063. Incidentally, we sent "Go Irish" telegrams with the names of all dues-paying members to the Fighting Irish before the Michigan State and Southern Cal games. We are convinced that the 14-foot telegram was the difference in the MSU game, but something went wrong in that last one. Our thanks to Membership Chairman FRED HOLZL for a job well done.

TOM HAYES, chairman of the Prep Committee, has his men out representing the University at College Nights these days. At the same time ED FOX and the 45 members of his Interviewing Committee are talking to each high-school senior who applies to Notre Dame. It's quite a job, and Ed is looking for volunteers. Give the Club office a ring.

Chairman ED MORAN of the UND Night Committee says the program will be tops, so plan to be on hand. Chairman JACK THORNTON of the Communion Breakfast Committee says that this event has been geared to the entire family, so be sure to bring Mom and the kids. See you at both events!

## Columbus

The Columbus Club of Ohio held its fall business meeting Nov. 10, at the Columbus Athletic Club. We had the best turnout in two years to hear REV. JOSEPH W. HOFFMAN CSC '51, director of admissions and scholarships, talk on admissions, standards and goals at the University. Refreshments and films of the 1950 season followed the talk.

On Dec. 6 the Club observed the custom of the annual Communion Breakfast with Mass at the St. Joseph Cathedral followed by a family breakfast at the Christopher Inn. At the head table during the meal were chairman JOHN DILENSCHNEIDER '53, Club Pres. ROGER ZOELLNER '53, and Ted Saker, president of the Northwest Area Council of Human Relations, the principal speaker, who talked

on "Civil Rights—Can We Legislate Morality." Among those who attended with their families were: JOHN IGOE '28, JOHN MURPHY '28, ED CANTWELL '24, MIKE CANTWELL '58, BUD TRAPP '58 and his new bride, BOB KOSYDAR '53, ART ULRICH '48, ERNIE KLETZLY, WALT KRISTOFF '41, DICK KASBERG '48, TOM IGLER '56, V. PAT HUGHES '44, and Club V-P BOB OVERMAN '60.

On Dec. 26 the Club held its annual Alumni-Student Christmas Dance at the Brookside Country Club. JOHNNY JOHNSON '44 was again chairman of the event. Highly successful, the dance began with dinner about 7:00 pm and ended with strains of the Victory March about 1 am.

## Connecticut Valley

Despite the season's first snow storm, a good gathering of alumni, their wives and friends turned out for the club's annual Communion supper on Sunday, Dec. 6.

The club has been particularly fortunate in the speakers which have addressed its functions this year—FATHER HESBURGH, ED (MOOSE) KRAUSE and, on this occasion, FR. RICHARD H. SULLIVAN CSC, provincial superior of the Holy Cross Fathers' Eastern Province.

Father Sullivan, a former member of the Notre Dame faculty and, until his recent appointment as provincial, president of Stonehill College, North Easton, Mass., gave an interesting and informative talk on Notre Dame and on the activities of the province which he now heads. He outlined the vast changes in the Notre Dame campus since he first went there as a seminarian, and described to the gathering the many educational and missionary activities under the care of the Eastern Province.

The Holy Cross Fathers, incidentally, are very proud of the football team at Notre Dame High School, Bridgeport, which this year matched the 9-1 record of Ara Parseghian's club and won the Connecticut state championship. The school is one of two boys' high schools conducted by the Eastern Province.

—DON FOSKETT, Secy.

## Dallas

On Sunday, Dec. 6, 1964, the Notre Dame Club on Dallas held its annual Communion breakfast. Members of the Club attended in a body at Holy Trinity Church in Dallas and then had breakfast at the Lucas B & B Restaurant. Arrangements for the Communion breakfast were made by FRED EICHORN. JIM WALSH was the principal speaker at the breakfast and made an excellent presentation on the Notre Dame Foundation.

On Saturday, Dec. 26, 1964, the annual Christmas dance was held at the Lakewood Country Club. Students and alumni from the area were in good attendance and enjoyed dancing to the music of

Hugh Fowler's orchestra. Co-chairmen of the dance were JACK SCHROETER and SAM WING. HAL TEHAN was in charge of ticket sales.

Congratulations to LANK SMITH on bringing home, like WALTER FLEMING, the presidency of the national alumni assn.

—JOHN C. ROGERS, Secy.

## Dearborn

Like all the other ND Clubs and alumni throughout the world, the Dearborn Club was overjoyed at the amazing success story fashioned by ARA PARSEGHIAN, his staff and the 1964 Fighting Irish team. To everyone who had a hand in the most phenomenal comeback in the history of college football, we would like to add our note of appreciation. It certainly is wonderful to have our prestige restored and to see the famous spirit of Notre Dame at a supercharged pitch once again.

About 30 of the Club members had the foresight to form a caravan of cars for a trip to the opening home game against Purdue. Needless to say, HANK DECALUWE, JIM ENGLEHART, BOB MISSEL, JERRY McINERNEY and all the others were treated to a remarkable display of both offensive and defensive football. BILL FURIMAN and FRANK SHERIDAN were especially impressed with the fine work of sophomore Alan Page. After the game the caravan headed north to the Diamond Harbor Inn to celebrate the victory, and celebrate we did. The only concern we had on this almost perfect day was whether Vice-pres. RAY DEFAUW was properly versed in the Faith—when he was asked to give grace after meals he lead us in a Hail Mary! And after 16 years of Catholic education. The rest of the fall was relatively quiet regarding Club activities because so many of us were busy with excursions to South Bend every weekend. But the monthly meetings at JERRY KELLY's, DICK KING's, RAY DEFAUW's and JIM KLINK's gave us the opportunity to relive the joys of each football game. The Club, mainly through the efforts of DON MULLANEY, is currently trying to cut through the maze of "red" tape and help ND alumnus ALBERTO SALAZAR and his family leave Communist Cuba and immigrate to Canada. From Alberto's letters living conditions are unbelievably bad in Cuba, and until he can leave we are trying to lighten his burden somewhat by sending packages of clothes, foods and medicines.

DICK KING is currently the busiest member as he is scurrying about distributing tickets for our annual fund drive. Unfortunately the winners cannot be announced yet because the drawing will be held later in the winter.

The annual Dinner-Dance was held Jan. 23, co-chaired by BILL DOSMANN and BOB EIDE-SCHUN.

—CHARLES B. KITZ '58, Secy-Treas.

## Decatur

A deadline and two meetings to report! Oct. 22, 1964, at the House of Gabriel our annual meeting convened and carried the exhilaration of winning season. Mr. NICK NEIERS once again nominated a slate which was swept into office: Pres., JERRY McNAMARA '60; Vice-President, JOE DONAVAN '55; Treasurer, JOHN F. DUNN; Secy., the writer; directors: NICK NEIERS, JIM UHLE, JOHN FOY, JOE DONAVON, BUZZ MORAN, JOHN F. DUNN. Dec. 13 our wheel-turner, Neiers, organized one of brightest Communion Breakfasts at the Holy Family Parrish. The only dark moments came with a reflection of Southern California!

## Denver

The Denver Notre Dame Club's Christmas Dance was the highlight of the Holiday Season. Chairman PAT McMAHON '46, '48 did an outstanding job with the preparations for the dance and breakfast. Attended by over a hundred people, the dance was an overwhelming success.

Denver's representation at Notre Dame is increasing yearly. We are proud to have the following freshmen at the University this year: Tom Talcck, Bill Yeager, Bill Dewy, Jim Johnson, John Morrison and Pat Sullivan. Sons of grads in attendance are Bill McCarty, son of JOHN McCARTY '37; Mike Sheehan, son of JACK SHEEHAN '36; and Mark Hannan, son of JUSTIN HANNAN '36.

The hero of the Denver Club for 1964 is HENRY SCHWALBE '09, manager of the Argonaut Hotel in Denver. Henry single-handedly chased and captured a robber of the hotel. Nice going, Henry.

Our thanks to AL O'MEARA '40 and his wife Betty for the wonderful dinner they had at their home for the officers and board of our Club and the new Denver Notre Dame freshmen. A good time was had by all.

Congratulations to CARL EIBERGER '52, '54 and his wife Marguarite on the birth of their second daughter and to KEN ADAMSON '60 and his wife Joyce on the birth of their third daughter. No football players in this crop.

Plans for the coming months include an athletic smoker featuring the 1964 Irish Highlights and a tour of the Coors Brewery.

—KEN ADAMSON '60, Secy.

ART SHANNON handled tickets to the ND-U. of Detroit basketball game and an informal party at Laro's thereafter.

## Erie

The Notre Dame Alumni Club of Erie held their annual Communion Breakfast, Dec. 6, 1964. The Notre Dame Group went to Mass and Communion at St. Peter's Cathedral and then attended breakfast at the new University Club.

The main speaker for this event was John Melanowski, the first lay theology teacher at Gannon College here in Erie. His subject for this talk was "The Role of Laymen in the Church."

As in past years, the Notre Dame Group honored the outstanding high school and grade school football player. The high school football award was given to Dave Wenrick of Cathedral Prep. Dave won this award four years ago as a grade school player. Paul Chimenti of St. George's Parish, Erie, Pa., was presented the grade school football award. Paul was coached by LEW SHIOLENO, a 1949 Notre Dame graduate. Lew, by the way, led St. George's to the parochial grade school championship here in Erie.

Among those who attended the breakfast were Messrs. & Mmes.: RICHARD McCORMICK '55, LEO BRUGGER, Jr. '61, JOSEPH BARBER '36, ROBERT BARBER '40, HOOT SCULLY Hon. '38, DICK JOHNSON Hon. '50, FRANK RILEY Hon. '57, TOM BATES '60, JOHN McCORMICK, Sr., Hon. '17, JOHN McCORMICK, Jr. '53, ROBERT FARMER, Hon. '37, LEW SHIOLENO '49, Judge J. B. DWYER '37, DON BUSECK '50, LEO BRUGGER, Sr. '34 & son Tim, TIM McCORMICK '56, ED KERN '56, WILLIAM GRANT '45, JERRY QUIRK, Hon. '17.

Also: FR. JOSEPH HIPPI, MIKE CASHORE '64, TONY ZAMBROSKI '52, & son John, MIKE McCORMICK '61, & JACK PALMISANO '55.

Mrs. & Mrs. JOHN McCORMICK, Jr., had an addition to their family on Dec. 8, 1964. They named the new son Matthew Gerald. John and Jean now have five boys and two girls, so there is never a dull moment in this household.

We here in Erie had a fine opportunity to see and hear ND Coach Ara Parseghian as he addressed the Orphan's Welfare Gathering on Sunday evening, Dec. 6th. Parseghian, in keeping with the dinner's theme "Sports and Humor," recalled his Gem City football coaching days in Erie, and quickly pointed out he was no stranger to Erie.

HOOT SCULLY Hon. '38 is glad to see that Santa Claus has been here and left for another year. It seems Hoot, his wife Mary Jane, and their thirteen children had quite a nice Christmas. I just can't imagine what a father could do with 14 Christmas presents.

TIM McCORMICK '56 and wife Ann have been seen quite often of late at the many Xmas dances. MIKE McCORMICK '61 was seen out several times with a St. Vincent Hospital nurse by the name of Susan Hoover.

We of the Notre Dame Alumni would like to welcome MIKE CASHORE '64 to Erie. Mike is at present a theology teacher at Mercyhurst College, Erie, Pa.

—LEO J. BRUGGER, JR., Secy.

## Fr. Lauderdale

This fall quarter of our 1964 year has proved to be just as active and successful as the earlier part of our year was. In my last letter I told you about the Freshman Send-off and the Club golf tournament, both of which were held during the month of September.

Our October monthly meeting was the occasion for our annual Sweepstakes drawing which we held on Oct. 15 at the Governor's Club Hotel in Fort Lauderdale. The Sweepstakes prize this year was an all-expense-paid trip to the Navy game in Philadelphia. JOHN SULLIVAN '31 was the happy winner. We also had an alternate prize. We had a fine turnout of alumni and members for the drawing, including among many others Marge and FRANK McDONOUGH '41, Dolly and TOM WALKER '42, Betty and FRANK MCGINN '52, Marilyn and BOB McDONOUGH '52, Judy and TOM MAUS '57, Marlene and JOHN MCGINN '54, Marge and BOB GORE '31, HUGH MALONEY and ED TROMBETTA '60. The Sweepstakes event, thanks to TOM WALKER '42, who was chairman of the event, was a great success and its proceeds will go to the Notre Dame Foundation.

The club viewed the Notre Dame-Michigan State game during its annual football game party and we like to believe that our cheering in the Governor's Club Hotel was in some small way a part of the Notre Dame victory. Again we had a fine turnout for the event. During the game we raffled off two footballs autographed by Coach Ara and the entire 1964 team. GEORGE ERNST '29 and DAN DOWNEY '44 were the lucky winners. We owe a real vote of thanks to Miriam Bledsoe and Marilyn McDonough for the wonderful job they did selling the raffle tickets. Our members present included Jeanne and DON DORINI '53, Mac and JIM DOWNEY '43, CHARLIE RUDD '54, Catherine and CHARLIE QUINN '34, Wilma and PRESTON MACMURDO, Maxine and BOB CONNESS '31, WILLARD MOSS, HENRY URUSKI, JIM MOTSETT '64, Ted and BILL MOTSETT '34 and Dorothy and TOM NOLAN '44.

Our final event for the year was the Club's annual Communion Breakfast held at the Galt Ocean Mile Hotel on Sunday, Dec. 13. Members and their sons attended the event. During the meeting our outgoing president, BOB McDONOUGH '52, announced the names of the newly elected officers and directors of the Club for next year. They are: President, GEORGE PATTERSON L'58; Vice-President, BOB GORE '31; Secretary, BOB BLAIKIE '56; Treasurer, ED TROMBETTA '60; Directors, FRANK MCGINN '52 and TOM MAUS '57.

In Fort Lauderdale we believe that we have had an excellent year and our thanks for this go primarily to BOB McDONOUGH '52, our president. The new officers have a big job ahead of them and I know that they will do their best to live up to the accomplishments of the Club in the past.

In closing I would like to express the congratula-

tions of our entire Club to one of our own members. JIM DOWNEY '43 was recently elected a circuit judge of the Fifteenth Judicial Circuit of Florida. This is a real honor for Jim and for Notre Dame and is recognition of the high degree of professional competence and integrity for which Jim is known. Congratulations, Jim, our best goes with you.

—GEORGE PATTERSON L'58, Ret. Secy.

New members of the nine-man board of directors, in addition to the four officers, are DONALD HEANY and THOMAS BLAKELY. ## Green Bay

The Green Bay area ND Club observed Universal ND Communion Sunday on December 6. Alumni, their sons and special guests participated at Mass at the St. Norbert Abbey, De Pere, Wis. Following the service, Frater Conan (PATRICK) MULROONEY O. Praem. (ND '53) escorted the members on a tour of the new Abbey which is the headquarters of the Norbertine Fathers in North America. Later DR. DAN SHEA '48, veep of the local club, presided at breakfast held at the Hotel Northland, Green Bay, Wis. BILL KERWIN '40, local general chairman of the Challenge II program, spoke and showed slides which he had taken on a recent trip to the campus. BOB SCHAEFER '53, club president, was away due to the death of his father in Kansas on Nov. 26, 1964.

## Indianapolis

Not much has taken place since my last writing. The Christmas spirit is evidenced by the last minute hustle and bustle as the alumni do their last minute Christmas shopping.

Our Scholarship Ball, held on Sept. 25, was successful thanks to the efforts of Chairman JOE FITZGERALD '44 and ED FILLENWARTH JR. '59. The Annual Communion Breakfast was held at Brebuck Preparatory School on Sunday, Nov. 29. FR. KEN SWEENEY said the Mass and MSGR. GALVIN delivered an inspirational talk on the life of JOHN CARDINAL O'HARA CSC.

Many activities are planned for 1965. I will report on them in my next missive, including UND Night with FATHER HESBURGH and the ND-Butler game. More anon.

—JOSEPH G. BILL, JR., '56, Secy.

## Kalamazoo

HUGH DEVORE and the Foundation's DENNIS TROESTER were guests from the campus at the

Challenge II Night held by the ND Club of Kalamazoo on Feb. 12.

FRANK KERJES has been serving again as president of the Club in recent months, instead of BILL O'KEEFE as previously listed.

The Club had a recent addition to its membership in DEAN DAVIS '56, transferred from Kansas City, Mo., as branch manager of Associate Discount Corp.

## Kansas City

The officers of the Notre Dame Club of Kansas City held a luncheon meeting on February 8 to discuss activities for the coming year. Present at the meeting were HAROLD SOLOMON '47, president; CARL ERFFMEYER '51, vice-president; CHARLES O'NEILL '58, vice-president; MICHAEL HOGAN '56, secretary; and TOM FLEMING '59, treasurer. Also present at the meeting were ED AYLWARD '48, TOM MCGEE '54, JOE SUAUGHNESSY '55, and JIM HIGGINS '53. Some of the items discussed were: Universal Notre Dame Night, a possible summer event, the Freshmen Send-Off Dinner and the Football Trip.

The Notre Dame Auxiliary of Kansas City held a very successful luncheon in February.

Readers are requested to remember in their prayers BENJAMIN F. TYLER JR. '23, who passed away November 15.

—MICHAEL J. HOGAN '54, Secy.

## Kentucky

Another Christmas has come and gone, and with it the usual full social calendar. At the top of the Kentucky Club's calendar was the Family Communion Supper, traditionally held on December 8. Chairman LEO BROWN '50 provided an excellent speaker, prominent Kentucky mission priest Father Ralph Beiting. Father gave a very interesting talk, illustrated with movies, on the conditions in the eastern Kentucky portion of Appalachia. Included in the crowd were BILL REISERT III '58 and his dad BILL JR. '50, BILL SCHLICH '57, BILL WUETCHER '53, BUD WILLENBRINK '47, and many others.

The competition of the ND-U. of Kentucky basketball game finally forced cancellation of the annual Christmas dance. In its place BILL NUNNELLEY '50 arranged an Alumni Room at the fairgrounds the night of the ball game. Several hundred alumni and their friends spent an enjoyable evening quenching their collective thirst and socializing after cheering the Irish through another game.

And speaking of that big game, thanks again to ROG HUTER '40 for handling the distribution of tickets for the club. Between basketball and raffle tickets, Rog is pretty busy in December!

Don't forget, make plans to attend the UND Night.

—JACK ZUFELT '57, Secy.

## Lansing

Universal Notre Dame Communion Sunday this year was held for all members, friends of Notre Dame and their families at St. Vincent Home, on Willow Street. Mass was scheduled for 10 am on Dec. 13, with a delicious breakfast served at the home following Mass. Wives and children were invited.

This year the Communion Sunday was dedicated to the memory of the late JOHN CARDINAL O'HARA C.S.C. It was Father O'Hara, as Prefect of Religion at Notre Dame, who more than any other person created the devotion to daily Communion that caused the campus to become known as the City of the Blessed Sacrament.  
—BERNIE MAYOTTE, Pres.

## Memphis

I always have the pleasure of having the Notre Dame boys for Holy Communion breakfast every year, and this year we had the breakfast on Sunday, December 6. The Mass was offered up for His Eminence John Cardinal O'Hara of Philadelphia.  
—RT. REV. MSGR. M. F. KEARNEY, Chaplain

## Miami

The Fourteenth of November was the date in 1964 that the faithful of the Notre Dame Club of Greater Miami gathered at "Major Appliance Stadium" to relish the long-deserved licking of Duffy Daugherty's Michigan State . . . "34-7" that is what the scoreboard read . . . but the Alumni (real and synthetic) read much more. They saw that Notre Dame was really deserving of the "No. 1" rating and felt "How Sweet It Is" living in this Era of Ara . . . Begorrah!!!!

Cheering along were: Club Prexy BOB PROBST '58 and Laura, and his pappy I. I. PROBST '26 and Mary, and Mrs. Probst, V-P JACK CANANE and Virginia, Secy. GEORGE KENNARD '48, JIM SMITH '48 and Lois, RAY POPP '39 and Lila, ROBERT REILLY '39 and his lads, GEORGE HERO '52, CHARLIE MAHER '35 and Mary, who were all long, loud and lusty in their reception of the TV display of Notre Dame's prowess . . . and additional roars were heard from the likes of ARMAND ZILLOLI '61 with his father and brother, JERRY HOLLAND '30, BILL STREETER '54 and Barbara, JERRY OUELETTE '29, JERRY MURPHY '62, DAVE LAGROIX '62, TOM HILLS '35, DONALD MURRAY '57, BILL MAZANEC '48 and his wife, FRED MAROON '55, RAY McADAMS, DAN ROWLANDS '49 and Dee, who furnished the amphitheatre where our local gladiators partook of food, beverages of sorts and one great football game. During halftime CHARLIE MAHER showed color slides of the new Notre Dame Library and views of the campus shot last September from atop this most beautiful structure.

The Notre Dame Club of Greater Miami on Sunday, Dec. 13, held its Annual Communion Breakfast. Mass was at St. Theresa Church in Coral Gables, where JOHN THORNTON was lector and FATHER TOTTY led the singing . . . following which the Gables area was crisscrossed by the attending alumni to zero in on the proper Holiday Inn for breakfast.

These included I. I. PROBST, his Mary, his Mother, and chillun; Mr. and Mrs. RAY McADAMS; WILLIAM MAZANEC, his wife and children; DICK HOURIHAN and Hazel, CHARLIE MAHER and Mary, JIM SMITH and Lois, TOM HILLS, JACK CANANE, Virginia and children, GENE KUBICKI and Claudia, GEORGE HERO, Prexy BOB PROBST and his Laura, and FR. TOTTY, who gave us a nice talk regarding the new Mass and its application in the various parts of the country. He opened the discussion to the floor for questions and answers. FR. TOTTY, who is assigned to Little Flower (St. Theresa) Parish, formerly attended Notre Dame and thus "talked the language" of the faithful present. DON MURRAY, who was chairman of the affair, also did the MC, announced that a Dinner Dance would be held February 3rd with MOOSE KRAUSE.

RICHARD C. RUWE, representing the University in the Challenge II, assembled J. SMITH, D. RUSSELL, R. PROBST, C. MAHER, E. KUBICKI, J. CANANE and I. I. PROBST for contacts to the local alumni a few weeks ago.

The Miami Area was favored during the Christmas holidays in having "Coach of the Year" ARA PARSEGHIAN, All-America and Heisman Winner HUARTE, All-American SNOW, NICOLA, SNOWDEN, KOSTELNIK, MAGLICIC—the cream of the IRISH—play (did they ever) for the Nawth on the North-South Shrine Game televised nationally . . . and who could write a greater finish than a Huarte-to-Snow pass (with five seconds remaining) for the winning touchdown? . . . As it was apparent to most other observers, we were especially proud of the Notre Dame participants in the classic, which this year proved to be its greatest thriller. The talent on both teams was the best ever assembled for this fray. The Mahers, Sr. and Jr., interviewed the ND Contingent after they had suited up for the first practice. The rest is history, with Huarte winning the Best Player Award for the North, and who coached the North squad? Right, 'twas ARA along

**NEW YORK**—At Universal ND Communion Dinner following Corporate Communion at St. Patrick's Cathedral on the Feast of the Immaculate Conception last Dec. 8, (from left) President Augustin S. Hardart Jr. '42, Toastmaster John A. Hoyt Jr. '33, and Chairman George J. Frazier Jr. '49 congratulate Msgr. James R. Searson, Catholic chaplain of New York U., on his receipt of an altar missal as a gift of the ND Club of New York.

with Dietzel of Army. Final Score: North 37—South 30. Also listed in the Orange Bowl Tennis Roster was a Notre Dame Freshman, 16-year-old JASLIT SINGH from India, who did great in the Boys' Singles matches.

On Thursday, Jan. 14, 1965, at the University Club in the Urney Hotel there was held the annual meeting for the election of Officers and Directors of the Notre Dame Club of Greater Miami for the coming year. As is not uncommon in such electioneering there were those who proclaimed undying support for such alumni as sat next to them at the festive board and those who figured the affair was rigged from the start. The common denominator was reached via the Roberts Rules, and when the smoke cleared away here is the unanimous choice of the majority: President, GEORGE F. HERO; 1st V-Pres., DAVID RUSSELL; 2nd V-Pres., GEORGE KENNARD; Secretary, TOM HILLS; Treasurer, DONALD MURRAY; Directors, BOB PROBST (3 yr), JACK CANANE (2 yr), GENE KUBICKI (1 yr); FARIS COWART (1 yr); Holdover directors, CHARLES MAHER, RAY POPP and BILL McSHANE.

Outgoing Prexy BOB PROBST was given a hand in appreciation for his year's service. Preceding the

taking of the votes of the delegates FARIS COWART made a strong plea that ancient Old-Timers be put back on the Board of Directors and was "surprised" to find that he was not only elected to the august assemblage but was forced to take the chairman job . . . following which the parliamentary procedure of the House of Lords was invoked in full force. The outcome of the directors' meeting is recorded by the secretary in his report file and doubtless will not enjoy the wide circulation of other reports.

Your scribe however is authorized at this time to announce that those of the Alumni faithful who pay their annual stipend will be given Top Priority in the dispensing of football tickets this fall by your local Club for the Notre Dame-Miami game, which incidentally is to be the student trip.

RAY POPP and JACK CANANE are working on arrangements for the functions whilst the team will be down here, and Ray gave us a capsule summary on what has been accomplished to date. We will give you more of the details as they are firmed up . . . This then is a warning that there will be much going on in Miami this coming fall and we will be looking forward to our FIGHTING IRISH to renew their lead in the Miami series.

Among those at the January meeting in addition to those listed above who got elected to something, who tended bar or who played pool, there were the following fortunate alumni: BILL MAZANEC, CHUCK NACKLEY, DICK SADOWSKI, JIM SMITH, JOHN THORNTON, MIKE GRAY, ED LYONS and others.

Our new Secretary TOM HILLS will handle publicity in the local news media and he will procure an assortment of ND decals for those shy alumni who don't mind bragging on a winning team. Show up at the meetings . . . the next one incidentally is on March 4 at the University Club in the Urney Hotel . . . that is the first Thursday in March.

The next function of our club was the Dinner Dance on Feb. 3, 1965, at the Beelster Restaurant in the Windsor Room. MOOSE KRAUSE Director of Athletics at Notre Dame was the head speaker, to kick off the Challenge II Drive.

—CHAS. MAHER

## Milwaukee

HUGH DEVORE was the headliner of a most successful football smoker, chairmanned by JOHN SCHLOEGEL, vice-president of the Milwaukee ND Club. On Sept. 21 the Schlitz Brown Bottle was chucked full (110) of Notre Dammers and their guests to herald in the '64 season. The amiable Mr. Devore was the profit in this profit-maker as he chuckled his way through past (some true) experiences, the ups and downs of Notre Dame football ('63 edition) and what to expect under "Ara" (could it be true?). In addition the football highlights of '63 were viewed, cards dealt and all this precariously floated on top of free suds provided by the host. Unexpected as a guest was CHARLIE BACHMAN of Notre Dame and Michigan State football fame, and now

**MEMPHIS**—Rt. Rev. Msgr. M. F. Kearney, Club chaplain (top), appears with some of the ND men who took part in Communion for the late Cardinal O'Hara in December: (1st row, l.-r.) Ron Downer, T. F. Dohogne, L. Chas. Schaffler, Tom Anselman and E. A. Angier; (2nd row, l.-r.) Clarence Colbert, Roy Gillia, Don Rothermich, Chas. D. Schaffler and Ed Duke. Also present were Bill Podesta and Louis Sampson.

**MILWAUKEE** — Three events of the past season were, from left to right: A., the '64 Man-of-the-Year ceremony, showing (l-r.) Jim Brennan, Pres. Tom Mulcahy, recipient and former Pres. Bill Doucette, and Vice-Pres. John Schloegel; B., the Golf Outing, featuring (l-r.) Pres. living in Pompano Beach, Fla. Charlie was here as the guest of GERALD POWERS.

## Northern New Jersey FRESHMAN WELCOME

The 1964 Welcome was held September 10 at the Military Park Hotel in Newark. Ninety-nine incoming freshmen were honored by JIM GIBBONS and AL PERRINE of the Foundation staff together with HARRY DURKIN, our president. In what was probably the hardest hitting talk ever heard by incoming freshmen from New Jersey, this group heard most every facet of Notre Dame life and received some constructive tips on how best to cope with those early problems that beset the newcomer. Especially pleased was ANGE BERTELLI, whose young son Michael was among the incoming frosh. FRANK TRIPUCKA, his loyal friend, accompanied Ange. Frank, as you know, retired from pro football after being singularly honored at "Frank Tripucka Day" ceremonies in the Polo Grounds two years ago. Moving vans were needed to cart away all the gifts from his many friends.

WALT CONNELL, a very close friend and associate of JACK PINDAR and BUD FOLEY, was also present . . . his young son among the lucky ninety-nine. Walt, it will be remembered, received an award in September, 1961, from then Presy BILL KIRCHNER for being the most outstanding subway alumnus. ART TUTELA '33, a practicing physician from Short Hills, N.J., has a freshman son at school. Another son was graduated recently and is now in medical school in Italy. BILL KIRCHNER was at the affair. He has ended his service to the State as personal counsel to Governor Hughes and is returning to become associate counsel of the N.J. Bell Tel. Co.

## GOLF OUTING

Gene Dean again did his usual magnificent job at our Golf Outing held in June at the Glen Ridge Country Club (recently renovated from the plans of none other than BRUCE DOLD, our last Club president). Over 150 alumni and guests attended this year, and for the first time since Wendell Willkie campaigned at school in 1940 have we seen stalwarts from the Class of 1941: BOB STACK, who now lives in Cresskill, N.J., TONY ROMEO and SAL LAPILUSA, both from Bayonne. Sitting with us were two young '64 grads . . . DON ROMEO, Tony's youngster, and BOB BUDENBENDER. Don was planning to serve in the Peace Corps and was awaiting the call. Bob was planning to go to law school nearby . . . his dad was a former high school teacher of mine. Both boys were excellent examples of the fine young, vibrant and highly intelligent products that Notre Dame is now producing. Tony can be real proud of his son.

LARRY DOYLE was at the affair and, as usual, proved to be the most proficient golfer of the outing. DAN O'NEILL and PETE QUINN were also there . . . they are the Club's two main principals in running the football trip each year. PETE LUSARDI was there with a real fine friend of Notre Dame, JOHNNY DRUZE.

Election of officers took place, and HARRY P. DURKIN was again elected to the presidency. JAMES A. SEBOLD '50 is v-p; ANGELO B. AMATO '42, secretary; and HANK BORDA '39, treasurer.

We are hopeful, indeed, that when the 1965 golf outing is held we will have at least 500 alumni and guests come out for what traditionally is a wonderful affair, the most relaxing one of the entire Club year. Everyone is urged to make it next year.

## NAVY GAME TRIP

The Navy game trip was a success both for the team and for the Club in terms of participation. It was a beautiful day made even more beautiful by what turned out to be one of the squad's best games of the season. BILL TOBIN '42 and DAN CULLINANE '42 were there, Danny with his young son. Dan, who is with a chemical firm in Connecticut, looked strong enough to lift the Rockne Memorial off its foundation. After all these years, Dan still lifts weights and is one of the few alumni who have muscles in their ear lobes. BILL TOBIN is with International Paper Co. and still single . . . and still longs for the good old days when he drove everybody on the floor nutty including the prefect. For the first time in almost a quarter of a century, I met HANK CARRACIOLO '43, who is now living in New York but who originally came from Chicago. He's in the furniture business and has been away from the Windy City for about a dozen years . . . he was a close friend of TONY GIROLAMI and ELMER PEDERSEN both of the '43 Class.

## COMMUNION BREAKFAST

On Dec. 6 the Club held its annual Communion Breakfast; 200 alumni and their friends attended this worthy event. Honored by the main theme of the Breakfast this year was the memory of one of Notre Dame's most beloved, distinguished and noble personages, JOHN CARDINAL O'HARA, who was president from 1934-1940. The main speaker was a personal friend, HARRY DURKIN, who gave an exceptionally stirring talk on Cardinal O'Hara and his relationship to the Military Ordinarate during World War II. The Club had the privilege of hosting two young men from the campus, PHIL SHERIDAN JR. and TOM LONGO. These two young Notre Dammers, both fine athletes but, more importantly, fine young men, spoke briefly and commented on some film shown after the breakfast was over. Judging by the number of sons of alumni who were thrilled to obtain autographs of the two players, it is safe to say that the spirit of their fathers has certainly passed on to their sons.

PHIL SHERIDAN SR., the proud father of young Phil was with his wife Joan, and JOHNNY KELLY '40 (the '39 captain) with his wife Emmy Lou. John's son Bill is at Notre Dame together with his young cousin, JIM KELLY, presently a defensive specialist on the squad. JOE BYRNE III was there with his brother-in-law and between them had about ten youngsters, who undoubtedly will be honored when the Club runs its Freshmen Welcome in 1972. JOHN Q. ADAMS came with a group of friends and was very instrumental in making this

affair as well as the 1962 Breakfast a success. Mr. and Mrs. Longo, Tom's parents, were present as were young Bob Papa's folks. Bob is a present defensive end on the squad who looks like he'll be playing a lot of football in '65.

—ANGELO AMATO, Secy.

## New York

Over one thousand alumni and friends journeyed to Philadelphia to see Notre Dame and Navy belabor each other. BUD MULVEY, BILL FALLON and FRANK FEE took charge of the doings and what with the fine cooperation of the weatherman, the PRR and Ara's group, it was a memorable day.

Notre Dame was well represented at the Heisman Award Dinner honoring JOHN HUARTE. It was like old times meeting so many good and loyal friends, before, during and after the dinner. FR. HESBURGH and ARA P. represented the University for the occasion, and John distinguished himself with the charm and humility of his acceptance of this great award.

On Dec. 8, the Club departed from tradition and held a Tuesday evening Corporate Communion at St. Patrick's Cathedral in New York. FR. MOHER CSC said the 5:30 P.M. Mass, and then the group convened for dinner where we were officially welcomed by Pres. GUS HARDART—at Schraff's Restaurant. Rt. Rev. John Paul Haverty, Sup't of Schools for the New York Archdiocese, and a long-time friend of Notre Dame, spoke eloquently of our obligation as Christian and Catholic men to share in the problems of the world today. JACK HOYT Mc'd the occasion and, with his deep personal attachment and close relationship to FATHER O'HARA, took us on a nostalgic trip back through the years, reviewing the warmth and affection of many of the anecdotes and wonderful deeds of our beloved FR. O'HARA, "The Pope." The majority of those present knew Fr. O'Hara personally and Jack's remarks rang many a responsive bell as he touched all the bases on his trip down memory lane. GEORGE FRAZIER chaired the proceedings with his usual efficiency, with an assist from TERRY ARMSTRONG.

Club events scheduled for the new year included the Annual Retreat at Shrub Oak, both the ND basketball games in NY and some interesting social events planned by the NY, Westchester and Long Island divisions.

—BILL MURPHY '38, Secy.

## Ohio Valley

The following members of the Ohio Valley ND Club spent an enjoyable evening at the Caddy Camp in Oglebay Park, Wheeling, on Sept. 30: Rachel and BOB SINCAVICH '50, Violet and RUSS RICKUS '34, Cathy and JIM HARANZO '52, Joanne and JIM DAILER '50, Nancy and BOB GRIFFITH '49, Evelyn and BILL MITSCH '33, BILL BUCH '59, HARRY BUCH '52, FRANK LEBAR '64, BILL HOGAN '51, DON JUVAN '64, JOE SARGUS '49 and JACK WILLIAMS (Laurel Gardens, Pa.).

Following dinner a short business meeting was held. Plans for future activities were discussed.

Movies taken on the ND campus, at the club's summer picnic and at the World's Fair were shown. (The above meeting was reported on Sept. 26 before it actually took place so no attendance could be given).

A TV party on the afternoon of the ND-Michigan State football game (Nov. 14) was enjoyed by the following alumni, their wives and guests at the Betty Zane Room of Wilson Lodge, Ogleybay Park, Wheeling, W. Va., Messrs. & Mmes. RUSS RICKUS '34, BOB GRIFFITH '49, JIM HARANZO '52, HARRY BUCH '52, '55; plus FRANK WALLACE '23, DR. BILL ACKERMANN '33, BILL MITSCH '33, JIM DAILER '50, BILL HOGAN '51 and Mrs. BOB SINCAVICH '50; and guests Fr. Hilarion Cann, Mr. and Mrs. Bill Flynn, Mr. and Mrs. Ken Henry, Ed Dailer, Bob Yahn and Dick Thomson.

The ND victory added much to the enjoyment of the afternoon. BOB GRIFFITH '49, JIM HARANZO '52 and HARRY BUCH '52, '55, were in charge of arrangements.

The ND Club of the Ohio Valley observed Universal ND Communion Sunday on Dec. 6, 1964. Mass was celebrated by Rev. Hilarion Cann of the diocese of Wheeling at Mt. Carmel Monastery, after which a breakfast meeting was held at Elby's Restaurant. The following attended: Messrs. & Mmes. FRANK WALLACE '23, BILL MITSCH '33, GUS VARLAS '47 and BILL BUCH '59; Messrs. BOB SINCAVICH '50, GEORGE SARGUS '28 and JOE SARGUS '49; Rev. Fr. Hilarion Cann and Mrs. Edna Sincavich (Bob's mother).

—BILL MITSCH '33, Secy-Treas.

## Orange County

The Anaheim area delegation of Southern California alumni had a key role in the elaborate festivities of the fateful ND-USC game weekend, and the battle plan drawn up by Pres. TOM GETZINGER had everything under control but the final score. Orange County Clubbers participated in such area events as the game and rallies in Los Angeles and the Pasadena Quarterback Luncheon, and they were in full charge of the Sunday events at the Communion brunch and reception for the team, the team tour of Disneyland and the party honoring Anaheim's own JOHN HUARTE.

In January the Club was co-recipient with Santa Ana's Saddleback Inn of Rockne memorabilia donated by survivors of the late great sports promoter Christy Walsh.

## Oregon

FR. GLENN R. BOARMAN CSC '46 Club chaplain, was celebrant of Mass and speaker at the Universal Communion Sunday of the Oregon Club, held at the University of Portland. The largest crowd of (future) Notre Dammers in several years rewarded the efforts of chairman PHELAN THOMPSON '55 and his committee. The family of RAY MARTIN '50 took top prize with all seven children present. JIM MORAN '56 and his five came in second, Mrs. Moran providing a special bottled menu for four-month-old Eileen.

Father Boarman reminded his hearers of the great spiritual contribution to Notre Dame made by the late CARDINAL O'HARA and urged us to greater participation in the Mass and the Eucharist. It was encouraging to the officers to see such a good turnout, said President PHIL MEANY '50, and he invited requests and suggestions for future Club programs.

Following a week after the Southern Cal game, CHARLIE SLATT '33 was called on to "alibi" the outcome. In his usual sportsmanlike way, Charlie rather paid tribute to the spirit of the Trojans and the opportunity for a future undefeated season. (Speaking of spirit, what an inspiration it is to see those two grand old-timers DOM CALLICRATE '08 and BILL SCHMITT '10 show up year after year for this most typical of Notre Dame alumni gatherings. Thank you, gentlemen, for your good example.) As captain of the '07 football team, Dom volunteered that perhaps the extreme change in temperature from near-freezing in South Bend the week before to the high 70's of Southern Cal might have wearied the defense in the second half. BOB DWYER JR. '53 said there were no need for alibis, the team gave everything it had—and USC was at peak for this game.

Welcome to Portland to RAY MARTIN '50 who has moved from Roseburg and is associated with the Western Wirebound Box Co. For years Ray has been the most faithful of "upstate" alumni at our functions and has set good example in his chairmanship of the Knights of Columbus decent literature campaign.

—TOM MAGEE '32, Secy.

**ORANGE COUNTY**—Pres. Tom Getzinger (at left) represented the Club in accepting photographs and souvenirs of Knute Rockne from Mrs. Virginia McGovern of Australia (center), shown presenting football autographed by Rockne and the 1925 Rose Bowl team to Bruce Gelker, owner of Saddleback Inn, for display among the hotel's sports relics in Santa Ana, Calif.

## Peoria

The ND Club of Peoria held its annual election of officers Sept. 28 at the Pabst 33 Room, with thanks to FRANK MURPHY '18 for making these fine facilities available. New officers elected: JAMES McCOMB '54, pres.; JOHN GILBERT '42, vice-pres.; THOMAS KELLY '56, secy.; and JACK McGRATH '30, treas.

The first program on the slate was an ND stag held at the VFW in Peoria Heights on Sunday, Nov. 8, which was a roaring success under the chairmanship of MAURY CICCARELLI '55. He was assisted by BOB GORDON '52, BILL CLARK '47, JAMES McCOMB '54, JOHN SLEVIN '60, JOHN GILBERT '42, ROBERT MANNING '60, THOMAS KELLY '56, DENNY POWERS '56, JOHN MANTON '56, JACK LOFEY '61, WALLY CASHMAN '54, BOB MAHONEY '49, DAVE THOMAS '60 and CHUCK PERRIN '51. From the proceeds a \$100 scholarship is being set up for each of the two Catholic High Schools, Spalding and Bergan.

The annual ND Communion Breakfast was held Dec. 6, at the beautiful new Bergan High School. Mass was celebrated by FR. EUGENE KANE, who was also a guest speaker along with JOSEPH P. KELLY. About 120 alumni, friends and their families attended and enjoyed the breakfast arranged by chairman DENNY POWERS '56, with the help of BROTHER MARK, principal of Bergan High School.

—THOMAS KELLY, Secy.

## Philadelphia

The autumn semester was a busy and exciting time for Notre Dame men in Philadelphia, thanks largely to the renaissance of the Fighting Irish football team. The weekend of the Navy game in Philadelphia saw more than 4,500 persons turning out for three events sponsored by the Philadelphia Club, and more than 2,000 club members and guests were among the 67,000 who watched the Fighting Irish storm to victory over a gallant Navy team at John Kennedy Stadium.

JOHN MOORHEAD '49 supervised the weekend activities, which featured a Friday night pep rally that drew 1,500, a Saturday evening victory party attended by more than 2,700, and an informal dinner-dance for 300. BILL WHITESIDE '51 handled the sale of 2,000 tickets to Club members, at a special premium price which netted almost a thousand dollars for the Foundation.

The year was brought to a close with the annual Communion Breakfast, held this year at the Philopatrian Club, following Holy Mass at St. Patrick's Church celebrated by our Club Chaplain FR. THOMAS DUFFY CSC '20. The Sunday was dedicated to our late member and beloved preceptor JOHN CARDINAL O'HARA.

The Philadelphia Club's Knute Rockne Memorial Award for the outstanding high school football player in the Delaware Valley continues to focus public attention and the eyes of prep football stars on Notre Dame. This year's winner, announced at the club's Communion breakfast, was Bill Bartholomew, outstanding fullback on nationally ranked Salesianum High School of Wilmington, Del. A committee including JOHN HANNIGAN '41, NEIL WORDEN '51, FRANK SPANIEL '50 and BILL WHITESIDE '51 did a tremendous job in screening hundreds of youngsters for the award.

An added feature of the award is a handsome bust of Rockne, which goes for one year to the high school of the selected boy, who receives a smaller replica of the trophy for permanent possession. Five other outstanding boys were chosen to receive Rockne Award certificates.

Philadelphia Notre Dame men are proud of honors given two of their members. THOMAS C. McGRATH JR. '48, was elected to the United States Congress from New Jersey, and AMBROSE (BUD) DUDLEY '43 was elected to the board of directors of the national Alumni Assn. The Philadelphia Club threw a Victory party for McGrath, former Club secretary, at Cherry Hill Inn, and presented him with an office chair bearing the Notre Dame insignia.

The New Year got under way with the annual election of governors at the January meeting. The Board of Governors chooses the Club officers. Flash! BILL WHITESIDE leads the newly elected slate. We'll have a roundup on the entire new executive committee in the next issue, but meanwhile congratulations to JIM LEYDON on a great administration.

The Philadelphia Club procured two mementoes of CARDINAL O'HARA for the new Cardinal O'Hara High School in Springfield, Pa. They are the Man-of-the-Year scroll awarded the Cardinal by the Philadelphia Club in 1959 and a gold chalice given the late Cardinal by the Buffalo Notre Dame Club when he left the New York diocese. The gifts were presented to Father Paul Maloney, principal of the Cardinal O'Hara school, by Club President JIM LEYDON.

The Club welcomed a couple of newcomers:

Hilarion Cann, Dick Thomson, Bob Yahn, Bill Ackermann '33, Mr. & Mrs. Rus Rickus '34, Jim Dailer '50.

## Phoenix

ND-MSU alumni held a joint TV viewing at the HiWay House. Smiling faces were apparent at half-time as Irish fans recognized the spark that had returned. Although remote from campus facilities, the HiWay House lounge had one major advantage foreign to Rockne Stadium. MSU and ND alumni were rightly impressed by the telephoto camera shots over the north stadium wall showing the facade of our new library. For many here in the Southwest this was our first viewing. And under favorable circumstances, with BOTH scoreboards showing good midchallenge totals. MIKE BOSCO '60 was the busiest man of the day. He has a degree from both schools.

Added enthusiasm was injected into the local Club by the team stopover on their way to USC. Alumni and fans were at the airport to greet our champs on arrival. ART ERRA '30, vice-president, headed the welcoming committee, and JIM MURPHY represented Arizona Gov. Paul Fannin in presenting ARA PARSEGHIAN with an honorary Arizona citizenship. Local news coverage was gratifying and alumni wished for two or three TV sets to watch simultaneous sport shows. Notre Dame has continued to make press, which demonstrates the benefits of a winning combination.

An added bonus for the Thanksgiving weekend was alumni admission to closed practice at Arizona State U's Sun Devil Stadium. As anyone would expect, local nuns "conned" their way in.

TOM HENNIGAN '42, president, ordered a block of tickets which were the most popular buy in town. Phoenix was well represented in LA. Although the score read wrong at the finish everyone returned agreeing ND plays like champions. "I Like Ara" buttons are very popular in Phoenix.

## Pittsburgh

The ND Club of Pittsburgh requests your continued prayers for the most distinguished member, HARRY STUHLDRERHER '25, who died after emergency surgery in January.

This will cover some earlier unreported Club activities. On August 27, 1964, we held Freshman Orientation Night at Stouffer's in the Oakland area. ED MELL chairmanned a fine program. As always, BERNIE POWERS, head coach at South Hills Catholic High School, was the principal speaker and gave another of his inspiring talks. Sixty freshmen and their fathers attended. Films of the Notre Dame campus and the various activities available to freshmen were shown, following which TOM MITTENHOUSE, our campus club president, and varsity football players answered the questions of the incoming freshmen concerning life at Notre Dame.

The following day our annual Golf Outing was held at the Pittsburgh Field Club. Sixty golfers challenged this beautiful but difficult course, and none were able to better par. There were some very fine scores recorded, however: PAUL HUDAK, our president, won the Henne Cup with a 74, followed closely by CHARLIE TOTTMAN with a 76, and RICH JACOB with a 78. JIM HUTCHINSON won the prize for the longest drive, and PETE FLARETY, who hit the shortest, was given a pair of hand strengtheners. In the absence of JIM McLAUGHLIN, JACK SHEEDY JR. captured the high-score prize of a green chlorophyll golf ball. A number of special prizes were awarded: GERRY TRAVIS was given a case of beer donated by FRITZ WILSON for having an eagle 2 on No. 17; DR. VOSSBERG, now of Morgantown, W. Va., had four straight birdies and also received a special prize.

After dinner that evening one of Notre Dame's most loyal supporters, HARRY STUHLDRERHER, gave another of his interesting talks. Guest speaker JOE TUCKER, Pittsburgh's popular sportscaster and friend of Notre Dame, presented us with a fine summary on the 1964 Steelers.

To top off a very fine evening, a colored film of the 1964 Masters Tournament was shown.

Football fever ran high during the weekend of Notre Dame-Pitt game. On Friday night before the game Club members rallied at the Webster Hall Hotel with a response which we have not seen for some time. JOE GASPARELLA emceed the Rally and in his good-natured fashion accepted the com-

parisons made in good fun between the Notre Dame team and his Carnegie Tech eleven. Joe introduced such notables as HARRY STUHLDRERHER, JOE BACH and HUGH DEVORE (who received a much-deserved round of applause). FATHER JOYCE and others. It was an enthusiastic prelude to what was undoubtedly the hardest-fought game the team played this season. It was the true test of a championship team. Our congratulations to ARA PARSEGHIAN and his team on a great season.

Our Christmas Dance was held on Saturday, Dec. 26, at the Pittsburgh Field Club. DAN BEGGY and BILL BITTNER, the co-chairmen, had preparations well in hand and a gala evening was enjoyed by all.

JIM COONEY, the Foundation representative for our area, was in town Tuesday, Dec. 15, 1964, for a dinner and telethon to activate support for the Challenge II Program. We are always happy to see Jim and assist him in whatever way we can. The Annual Club Retreat was to be held at St. Paul's Monastery sometime after the first of the year. The Retreat Committee was making preparations at this writing. This is one of our best-attended activities and we looked forward to another fine response from our members.

—MICHAEL J. BOYLE, Secy.

## Quad-Cities

On Sunday, Nov. 1, 1964, a good turnout was on hand to cheer the Notre Dame rugby team on to a 3-0 win over Palmer College in Davenport, Iowa. A victory celebration was held following the match.

The Annual Universal Notre Dame Communion Sunday was observed on Dec. 6 with Mass and breakfast at the Kahl Home. About 80 alumni, wives and children attended. The speaker for the occasion was the Right Rev. Sebastian Menke, president of St. Ambrose College in Davenport, who spoke on "The Importance of the Individual in Modern Life."

## Rochester

Last Fall the club formally announced its plans to award the first Notre Dame Club of Rochester scholarship beginning September, 1965. Details for the presentation of a grant to a Rochester area lad are being prepared.

The basic groundwork in this endeavor was established by an appointed committee consisting of CHARLIE O'BRIEN, JOHN CASEY, JACK NYE

DUFFEY, PHIL YAWMAN and chairman TOM KEEGAN.

Our Annual Family Communion Breakfast was held on December 6, at the new Bishop Kearney High School. Chairman TOM MURRAY managed to gather some sixty adults and one hundred kiddies for the event.

I'll have a big report on our Christmas gala after the eggnog settles.

## Sacramento

In November the following were elected officers in Sacramento ND Club: President, RICHARD SAPP BSAE '60; Vice-President, CLIFFORD COLLINS BSME '51; and Secy.-Treasurer, FRANK GEREMIA AB '60.

The Club had a smoker for the color TV of the Notre Dame-Mich. State game. At Eddy's Brau Hof twenty Club members and subway alumni viewed the game with great excitement. A newcomer to the Sacramento area is LT. TERRY McGRATH BS '61, who is presently an instructor at Mather AFB.

The Club had a Christmas party in the making to be held at the El Rancho Inn on Dec. 17 with expectations of thirty members to attend. Several club members, including AL KAELIN '55, BILL DALEY '41, and TERRY McGRATH '61, went down to the USC-ND game. Despite the outcome they all had a wonderful time in Los Angeles.

During the past year the Ladies of Notre Dame Sacramento Chapter was formed. The sole purpose is to enlist interest and financial support for the Memorial Library at Notre Dame and when possible to donate rare books to the Library. Presently it is headed up by Mrs. Robert Breska. A monthly get-together for about thirteen ladies has been scheduled.

## Saginaw Valley

Reporting on the latest function of the Saginaw Valley Notre Dame Club (Michigan) and on the election of Officers which took place on that date.

We participated in Notre Dame Communion Sunday with the Club attending Mass and Holy Communion at the Blessed Sacrament Church in Midland, Mich. Following the Mass we gathered at the Midland Country Club for breakfast and the annual business meeting, concerned mainly with election of officers.

The following officers were elected for two-year terms: LAWRENCE SMITH, president (Saginaw); JOSEPH D. KAVANAGH, vice-pres. (Bay City); and EUGENE GASE, Jr., secy-treas. (Saginaw); Directors are: JAMES HOWELL, Midland (4 yrs); ROBERT ROMAKER, Saginaw (2 yrs); Dr. HARRY McGEE, Bay City (4 yrs); and Judge JOSEPH FRISKE (2 yrs).

We had a very enthusiastic meeting.

## St. Joseph Valley

The 45th Annual Testimonial Banquet for the Notre Dame football team sponsored by the ND Club of the St. Joseph Valley was held on Dec. 9, 1964 at the North Dining Hall on campus, with the house sold out for weeks in advance.

The star-studded lineup featured Army coach Paul Dietzel and the expert toastmastering of '56 Irish Captain JIM MORSE of TV fame. But the real stars were the '64 Irish, their coaches and administrators. The remarks of FATHER JOYCE and Coach ARA PARSEGHIAN were widely quoted in the press, and history was made by the bestowal of simultaneous ND alumni status and Monogram Club membership on Parseghian and his non-alumni assistants, TOM PAGNA, PAUL SHOULTS and DOC URICH. National Alumni President PHIL FACCEMDA '51 was there for the former ceremony, and Pagna fractured the crowd with impersonations of Jimmy Stewart, Jimmy Cagney, Peter Lorre and Walter Brennan. Monogram jackets, watches and shillelghs were presented to the players, a black-thorn walking stick to the head coach and the Most Valuable Player trophy to retiring Captain JIM CARROLL '65, succeeded by PHIL SHERIDAN '66.

President DICK CLEARY spoke on behalf of the Valley Club, ED KRAUSE for the athletic department, BILL EARLEY for the Monogram Club and CHARLIE CALLAHAN introduced friends from the press. Among the celebs introduced were HUGH DEVORE '34, former coach and assistant athletic director; DICK ROSENTHAL '54, chairman of the event; JUDGE ROGER KILEY '23, former All-American end; two of JOHN HUARTE's predecessors as Heisman Trophy winners, '53 winner JOHN LATTNER and '37 winner Clinton Frank of Yale; and South Bend Mayor Lloyd Allen.

The Valley Club also observed UND Communion Sunday with a family Communion and breakfast.

**SALINA**—Mal Galvin '55 (background) of Wichita brought his mother (center) and two other couples, including Dr. and Mrs. W. C. Peltzer of Wichita (foreground), to join the Salina Club's all-Kansas hegira to the ND-Air Force game in Colorado Springs, Colo., last fall.

## St. Louis

The Notre Dame Club of St. Louis has had an active autumn and winter. Our Communion Breakfast was held at the University Club on Sunday, Dec. 13, after the family Mass at St. Charles Borromeo Church. Rev. David C. Bayne SJ of the St. Louis U. School of Law delivered the address. HANK LUEPKE '57 served as chairman.

Our annual Christmas Dance was held in the island atmosphere of Trader Vic's Mayan Ballroom on Saturday evening, Dec. 19. TAL POWELL '49 chaired this year's dance.

As we enter into the backstretch for this Club year, we find the Irish having played St. Louis University on the basketball court here in St. Louis this past Jan. 16. A block of seats was set aside at the St. Louis University ticket office for the exclusive purchase of our alumni that were interested in attending. The luncheon held prior to the game was well attended by alumni and guests alike. Thanks to JACK CROWLEY '57 for his help in handling this affair.

Looking into the future, February will boast a Sports Night and general business meeting. The recent Notre Dame football films will be shown and a prominent speaker will be on hand to speak about the team. March, of course, will be highlighted by

the second annual Notre Dame Club St. Patrick's Dance on Saturday, March 15. The highlight of the year, as always, will be the Universal Notre Dame Night which will be held in April. Details on these future events will be sent to Club members.

It is urged that anyone having notes of general interest, in regard to themselves or other alumni, please forward them to the undersigned c/o First National Bank in St. Louis: 511 Locust Street, St. Louis, Missouri 63166.

## Salina

(Ed. Note: The following was submitted some months ago and got "lost" in referral to other departments. J. L.)

The Salina Notre Dame Club had an election meeting last July and came up with officers for the next couple of years.

Here are the new officers: President, AL McLEAN, Salina, Kan.; Vice-President, JOHN E. CARLIN, Mentor, Kan.; and Secy-Treas., AL SCHWARTZ, Salina.

We're highly enthusiastic about the results for the Challenge II drive with our train to the Air Force game on Oct. 10. It had a mighty good appeal in this area, and maybe we can invite somebody to come out and accept a check from us.

TOM CARROLL from Wisconsin has really taken Hutchinson by storm and now he represents the area on the Alumni Board. We're getting better acquainted by getting him over to our Notre Dame functions.

Another new Notre Dame man in this area is DR. RICHARD R. NIXON, who is the new Radiologist at St. Joseph's hospital in Concordia, Kan.

—ALBERT J. SCHWARTZ '37, Secy-Treas.

## San Diego

Nov. 28 CHRIS COHAN directed our football trip to Los Angeles. We ran two 47-passenger buses direct to the game and return. Somebody must have occupied a spare seat in the cubbyhole at the rear of one bus, because we had 95 people.

Universal Communion Sunday was observed for CARDINAL O'HARA on Dec. 6. About 80 of us participated at Blessed Sacrament Church with MSGR. OTT, pastor, as celebrant. We had a ranch breakfast afterward.

Dec. 26 we had a Christmas dinner dance with MARV and JIM RICKLING in charge at the Kona Kai Club. This is the place where classmate BILL MILLER ('35) weekendend while polioicking here in San Diego this year.

—DON LOPKER, Pres.

## South Central Wisconsin

We were both proud and happy to be the host of the beginning of the "Era of Ara" when Notre Dame whopped Wisconsin on a beautiful rainy afternoon this past fall. Over 400 "Irishmen," not counting those who crashed the gate, came out of hiding and attended our cocktail party at the Park Motor Inn. A disappointing note was that only seven members of our own Club made an appearance.

Our Club observed Universal Communion Sunday by attending a late afternoon Mass at St. Raphael's Cathedral in Madison. REV. RICHARD PAPAN CSC of the Holy Cross Mission House at Notre Dame, celebrated the Mass and was our speaker at the dinner we had at Crandall's. Only 19 of us were on hand but we had a very good time. JOHN BURKE, chief warden at Waupun, came the longest distance to be with us. NICK FROST '64, now in med school at Wisconsin, entertained us with his rendition of Victor Borge's reading of a story with phonetic punctuation. Others on hand were Mr. & Mrs. JACK JAEGER '39, Mr. & Mrs. TOM FROST '30, TOM McARTHUR '37 and guest, and of course fellow officers TOM HINKES '51 and his wife, and LEN DORSCHER '25.

Let's all reserve a night for the biggest and best Universal Notre Dame night in our club's history, tentatively scheduled for April 26.

—BERNARD MIXTACKI '50, Pres.

The following is a report from the Notre Dame Club of Terre Haute, Ind., on Universal Notre Dame Communion Sunday on Dec. 6.

BOB KINTZ was chairman for Notre Dame Communion Sunday here in Terre Haute and through Bob's efforts it was a big success and the attendance was very rewarding.

The Club attended Mass and received Communion in a body at the 10 am Mass at Sacred Heart Church. FR. EDWARD WETZEL CSC, Club chaplain celebrated Mass. The Club had breakfast in the Butterfly Room of the Terre Haute House. The affair was well attended by members and also by their sons. Father Wetzel addressed the club after breakfast.

The Terre Haute Club planned a dinner party for Jan. 16, but all the arrangements had not been completed at this writing.

## Toledo

The Notre Dame Club of Toledo held a Communion Breakfast on Dec. 13, 1964, at the Toledo Club after Mass at Gesu Church. REV. EDMUND JOYCE, vice-president of the University, was enthusiastically received as he ably reviewed some of the current highlights of Notre Dame's year. Chairmen DALE LEROUX and JOHN HURLEY report that 115 persons enjoyed Father Joyce's analysis of some of the University's progress in the football campaign and in the strong development of the University's program of continuing education. Father also had some interesting comments regarding the pending court case (Goldfarb).

"'Twas the Night After Christmas" was the appropriate theme for the Christmas Dance held by the Toledo Club at Inverness Country Club on Dec. 26. Chairmen JOHN STOEPLER and BLAINE WILEY offered a gala affair, attended by members of the ND Club and their friends. The evening was topped off with a delicious breakfast in the early morn.

## 50-YEAR CLUB

Walter L. Clements  
Tower Building  
South Bend, Ind.

From the Alumni Office:

In touching reminiscence, Chicago's J. STOCKDALE KOBB (now at 5787 SW 28th St., Miami, Fla. 33155) writes of his friendship with the late FR. MICHAEL MULCAIRE CSC as follows:

"I was deeply grieved by the tragic news of the death of FR. MICHAEL A. MULCAIRE. May the Good Lord gather him unto His holy bosom.

"Mike" and I were always very close to one another in our early school days ('14) at the Old Alma Mater.

"I remember the times when Mike and I practiced punting and blocking and tackling. . . . In one of these field games Mike tackled me, and I sustained a broken arm. . . . 'DOC' POWERS took care of it, but I was forever incapacitated to play the football game effectively."

Congratulations and best wishes of the Semicentennarians to HARRY KIRK EC '13 of Washington, D.C. He and his wife Katherine celebrated their golden wedding anniversary on Jan. 19.

JAMES J. MILLETT '14 showed his abundant Christmas spirit in Yuletide messages to friends and classmates, including Col. WALTER CLEMENTS. Californian Millett sent greetings to Kentuckian Clements through a mutual acquaintance from Tennessee named Daniels. Though emissary Jack was well received and much appreciated (any lawyer likes his messengers to be bonded), Walter hopes that Jim and all the other veterans of '14 will be present in person to celebrate their 51st anniversary with other Emeriti at the 1965 Class Reunions on June 11-12-13. With any luck the 50-Year Clubbers might match or better the attendance of their juniors of the Class of '15 summoned by AL KUHLE. The Colonel is counting on locals like classmate LEO ZGODZINSKI to help put out the call and supplement the regular attendance from Indiana, Illinois and Michigan.

Last issue we carried something about the activities of retired Supreme Court Justice ERNEST E. L. HAMMER '04, LL.D. '54, as president of Lavelle School for the blind in the Bronx, N.Y. On Dec. 17 the 225 blind pupils at Lavelle reversed tradition by giving a Christmas party for Santa Claus on his birthday. Judge Hammer, who has been present at Lavelle Christmas parties since 1916, was 80 years old. He was one of the original K of C members who pioneered the "Christmas Daddy" movement now prevalent in schools for the handicapped, whereby individuals answered the Lavelle children's Braille-written letters to Santa. The children's tribute was followed by a luncheon with Lavelle's faculty and Bronx officials.

Judge Hammer, whose ancestors had been New Yorkers since 1830, got his law degree from N.Y. Law School and honorary doctorates from Fordham and Manhattan College. A Supreme Court justice for 30 years, he became a city assemblyman in 1913 and a charter administrator of Bronx County in 1914. Past master of 4th Degree K of C, knight of Malta and the Holy Sepulchre, he was awarded the papal medal Pro Ecclesia et Pontifice in 1954. As a member of dozens of professional, civic and religious organizations he had a hand in countless New York drives, monuments and landmarks. The Lavelle party was held in the new school hall, named the "ERNEST E. L. HAMMER Auditorium" by the Dominican Sisters and part of a \$2.3 million building development. Marking the Golden Jubilee of Bronx County's establishment, from which the Judge is the only surviving official, Borough President Joseph Periconi issued a special proclamation which stated: "On behalf of our citizens, I felicitate Judge Hammer, his family and his friends, on his 80th birthday for his many contributions as a Bronx official and citizen and, in particular in this Jubilee Year of 1964, on the glorious completion under his guidance of construction of the new buildings at Lavelle School, now maintaining the largest enrollment of any school for the blind in the US."

Where are the 1909 Champions of the West? One of the stalwarts who stole the Michigan title was PETER G. DWYER '10, now convalescing after a tour in a VA hospital. FRANCIS E. HACKETT '11 of Utica, N.Y., notified us that Mr. Dwyer was anxious to establish contact with JIM MALONEY and other veterans of the team. Mr. Maloney was last heard from in New Upper Falls, Mass., but others like WILLIAM C. SCHMITT of Portland, Ore., and M. HARRY MILLER of Wilmington, Del., checked in regularly during the last football season. Mr. Dwyer can be reached at 503 Myrtle Ave., Syracuse, N.Y.

**MR. & MRS. HARRY J. KIRK '13** (shown at left with their son, Fr. Daniel Kirk OSB), celebrated their Golden Wedding in Washington, D.C., with (right) four of their six daughters and 36 of 39 grandchildren. Figures on the table represent missing progeny; nun dolls for two daughters in the Order of Discalced Carmelites, angels for two grandchildren who died shortly after Baptism, and an athletic trophy for one grandson left behind in Oak Park, Ill.

And what about the Army game victors of 1913? JAMES D. HAYES '17 recently proposed an interesting analogy to sports columnist Francis Stann of the *Washington Star*: "You hear a lot about John Huarte and Jack Snow, and they are great. But over the years you heard even more about GUS DORAIS and KNUTE ROCKNE. Would you like to hear a parallel? . . . Rockne and Dorais were working at Cedar Point, Ohio, not far from Upper Sandusky, one summer. . . . Rock and Gus were lifeguards when they weren't restaurant checkers. You know, picking up a little change. When they weren't on one of their jobs they took a football out to the beach and began to practice. . . . Gus learned how to whip that melon-chaped ball and Rock began catching it like the good ones today, with their fingers relaxed and in full stride. . . ." Jim went on to recount the development of the buttonhook pass and Coach Jess Harper's moving Rock to end with more renowned FRED GUSHURST, his giving the green light to quarterback Dorais and the sleeping-car ride to West Point for the 243-yard, five-touchdown passing blitz that is now history.

Then the parallel: "The same thing that happened 51 years ago happened this time. Snow had been a halfback a year ago. Jack lives in Long Beach, Calif., and Huarte lives in Anaheim. . . . Well, just like Dorais and Rockne, they took a football out on the beach almost every day and practiced in the sand. When they returned to Notre Dame it was the same story. . . . Ara Parseghian . . . moved Jack Snow from halfback to end, just as Jess Harper did to Rockne, and he set up the passing plays with Huarte. Everyone knows the rest of it. . . ."

Commenting on the column, Jim suggested: "Let's start a contest—who can name the members of the '13 team going to West Point and how many went and who were the subs?"

Two chapters in the history of the University and the Community closed when two priests passed away at Holy Cross House on the campus in December. REV. JOSEPH A. MAGUIRE CSC '96 was 93 and had come to Notre Dame as a seminarian 78 years ago. A native of England, he had been a priest for nearly 68 years. The Dome was receiving its first gilding when he arrived in the eighties, and he was one of the very few who remembered the last years of the founder, REV. EDWARD SORIN CSC, who died in 1893. As head of the chemistry dept. from 1897 to 1920 Fr. Maguire will be remembered for his influence on two famous students: KNUTE ROCKNE, whom he persuaded to stay on as a chemistry instructor; and REV. JULIUS NIEUWLAND CSC, developer of the formula for synthetic rubber and namesake of the science center. Except for about 15 years at St. Edward's U. (president 1934-37) and three as pastor of St. Patrick's Church, he spent his life on the campus as a teacher and spiritual director, holding classes in theology nearly up to his retirement in the past decade at Moreau Seminary. REV. JOHN C. KELLEY CSC '13 died a few days later after a similar retirement in recent years. A native of Indiana and a brother of the late REV. LOUIS KELLEY CSC, who died a year ago, he entered the novitiate two years after graduation and was ordained in 1920, serving the next 20 years teaching sociology and religion. From 1940 until his retirement he gave missions and retreats on the campus. A visit with these and other departed spirits is

well worth the bus trip to the Community Cemetery at the next reunion June 11-13.

The list of those who will gather here no more is lengthening. Since last issue it would include the following: JOHN POWERS '00, whose death last October was reported by his son MICHAEL POWERS '32; LEO DWAN '04, who died in California Hot Springs, also in October, leaving only brother ALLAN DWAN '07 of Hollywood; HARRY ZOLPER '04 of Rapid City, S.D., a regular contributor to this column, who died only a few weeks after we had printed his letter of regret at missing his 60-year reunion; PETER GRIFFIN '08, a former engineer who had been active in the Southern Tier ND Club before his retirement, in Corning, N.Y.; and Ing. MANUEL ARIAS '13, whose death in November in Cuba was reported by Classmate CLYDE BROUSSARD.

DON'T WAIT UNTIL IT'S TOO LATE. JOIN THE GOLDEN CLASSES OF 1886 TO 1915 ON JUNE 11 AND COME ALIVE IN '65!

## Come ALIVE in '65! Class of '15 Golden Jubilee REUNION—June 11-12-13

'15 Albert A. Kuhle  
117 South Sunset Ave.  
La Grange, Ill.

From Gary, Ind., the daughter of THEODORE J. SAUER writes to inform us that her father has owned and operated a drugstore in Fort Recovery, Ohio, since 1929 and that Mr. Sauer would be unable to attend our Golden Jubilee in June. We hope circumstances will permit a change of plan.

A letter from NORMAN C. BARTHOLOMEW, Iron Mountain, Mich., informs me that he has had surgery twice this year but now is fully recovered. He has sold his insurance agency and will spend the winter in Palm Springs, Calif. He has a daughter in Los Angeles. Norman says he will be back in the spring and is planning on being at ND for the 1915 Class Reunion, June 11-12-13, '65.

ROBERT L. ROACH informs me that he and his brother Edward, who lives in Highland Park, Ill., returned to campus for the ND-UCLA game on October 17. Bob says the game was a thriller, despite the score.

No doubt all members of the 1915 Class for whom current addresses are available have received the letter from BOB ROACH, our Class president, dated Nov. 11, 1964. As a result, I sincerely hope that most, if not all, of our Class will have resolved to return to the ND campus for the Golden Jubilee next June. News about individual plans will be appreciated.

EMMETT C. LENIHAN, who is engaged in the practice of law in Seattle, Wash., writes about his plans to be at ND next June and expresses the hope that there will be a 100 per cent attendance of the Class. Emmett says the only member of our Class he has seen in years is RAY KELLY, whom he sees each year at the national conventions of the American Legion. Emmett has two sons and a daughter, all married, and he presently has

eight grandchildren. Bill, his second son is a partner in the Lenihan & Ivers Law firm. EDWARD F. RIELY, LLB sent word that he expects to be back on campus for the big reunion in June. His last visit to ND was two years ago. Edward lives in Mionok, Ill.

Thanksgiving greetings were received from HENRY J. FRAWLEY '14, who, with his wife and son HENRY J. JR. '60, operates a 5,000-acre ranch in the Black Hills country in South Dakota. Henry said "ND has a truly great football team this year," but he added that "Southern Cal has been a spoiler in the past—let's hope for a victory. Come on, team." It could be that many had the same premonition.

New addresses for the Class of 1915 are: Rev. JOHN MARGRAF CSC, c/o St. Jude's Parish, 19704 Johnson Rd., South Bend, Ind. 46600; OWEN MURPHY, c/o O. M. Productions, 666 Fifth Ave., New York, N.Y. 10019.

From the Alumni Office:

Among the GEORGE SHUSTER speaking engagements in recent months was a talk at the ND Alumni Workshop mentioned in JIM ARMSTRONG'S editorial this issue and an inaugural address that won him an honorary doctorate at the installation of FR. JOHN T. CORR CSC '46 as president of Massachusetts' Stonehill College. He is saving some eloquence for the welcoming address at the Golden Jubilee Dinner of the Class of '15 in the Morris Inn's Golfers' Lounge on Friday, June 11, so get there early!

'16 Grover F. Miller  
220 9th St.  
Racine, Wis.

It's hard to get news from the '16 Class, but we will be there next year for the Golden Jubilee. Expect at least 20 out of the 76 "originals" to be present. One early registrant is RAY HUMPHREYS, our own "shoot-em-up" successor to Zane Grey, reached at his bunkhouse, 210 Rangeview Dr., Littleton, Colo. Comparing it to our Wisconsin cabin, the Western writer has been "doing a very nice job of half freezing to death right here at the foot of the Rockies, where we have had some 'unusual' weather. . . ."

Ray continued: "I hope to be at the 1966 Reunion. I know you'll be there, and I hope all the rest. . . . I have been doing a little writing, mostly books, three of them out now—the usual Western bang-bang stuff, good sheriffs and bad outlaws. I am working on the fourth. They are published by Acacia House, New York, and I have seen to it that a few copies of each are in the new Notre Dame Memorial Library. Little did I think, when we were struggling with the '16 Dome, that I'd ever be represented in that library!

"I am also in my 16th year as editor of the *Denver Police and Fire Journal*, a monthly publication for the retired cops and firemen. It helps to keep me busy. So you see that, although I retired after 26 years of chasing crooks as chief investigator for the Denver DA's Office, I still haven't forgotten some of the things FATHER CARRICO and PROFESSOR COONEY taught under the Golden Dome."

From the Alumni Office:

Secretary Miller, back from Florida and braving it out in that cabin, would be warmed by your written assurance that you'll be here for the "big one" in June of 1966.

From the Alumni Office:

Sympathy of the Class to the three surviving sisters of JOSEPH A. GIBBONS, who died in Wilkes-Barre, Pa., in December. Joe, who had been retired from the Larksville High School staff for 25 years, kept his keen interest in the University and her athletics. One of his last acts was to fill out a pledge to the ND Foundation which his sisters hastened to honor. From his Sorin Hall days, cut short by WW I, Joe treasured the friendship of K. K. ROCKNE and FR. JOHN W. CAVANAUGH CSC.

Speaking of Rock, Washington lawyer JAMES D. HAYES offered some lore to sport scribes on the 1913 Army game, drawing an interesting parallel between the Huarte-Snow and Dorais-Rockne pass combinations. For this and a challenge to a fascinating contest, read Jim's entry in the "Fifty-Year Club" above.

Hi, Ole Timer: Trust that one and all had a nice Thanksgiving as well as a real memorable Christmas and may this New Year have in store for you and yours contentment and health.

Your Class Christmas card, we just accepted as a most sincere greeting—not just coming from one, but an individual greeting from each and every one of your 1918 classmates.

E. M. "MORRIE" STARRETT was on campus last year at the Monogram Dinner; we were lucky and got a good picture of him and Coach ARA PARSEGHIAN. Morrie hoped to see the USC game—trust that he'll admit we had a good season and that you can't win 'em all.

JAMES L. SWEENEY wrote that SHERWOOD DIXON and son PAT DIXON, with JOHN RILEY, were his guests on the Cog Railroad to the top of Pike's Peak. Jim states that it was his first trip in 40 years. They called on JAMES L. HANLON and had lunch with RAY HUMPHREYS—JAMES P. LOGAN missing out due to a fishing trip.

Heard from LEO L. COOK, who enclosed a clipping of the passing of FATHER MULCAIRE, former vice-president of the University. Leo also wrote about the passing of JOHN RAAB last September.

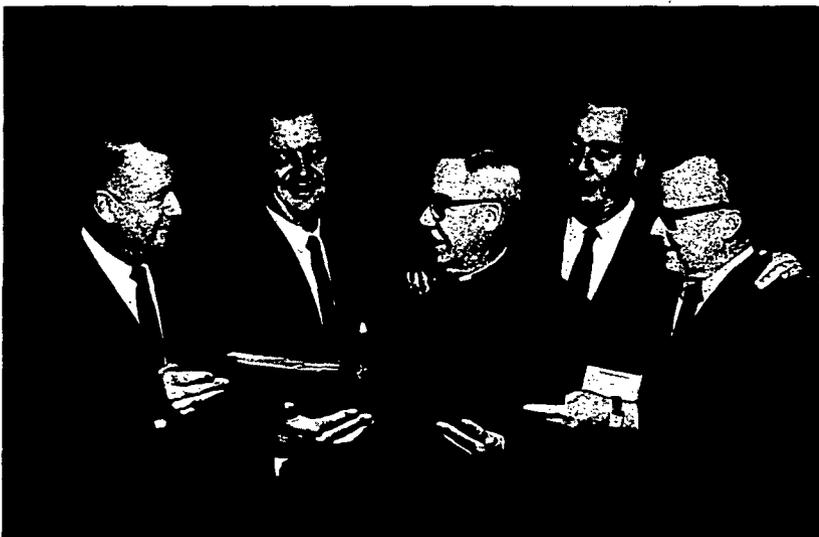

Had the usual red carpet service on campus—having lunch with your managing editor, JOHN F. LAUGHLIN '48 and FRANK KELLY '50. Frank, I understand, goes around the country telling you why you should invest in Notre Dame. Walked around the campus and naturally "landed" in the Gym. Had a most interesting conversation with Track Coach ALEX WILSON. Learned that the Gym is to be torn down. Was informed that the distance men run about a 100 miles per week in training and "jog" a mile in time that won races for CALL and LOGAN.

Always nice to hear from WILLIAM A. "TEXAS BILL" GRADY, caught a nice picture of him at the Monogram Dinner. BILL got me the addresses of JOHN F. SAUNDERS '31, JOHN V. McMANON '28 and JAMES O'HARA '13. Gotta extend our thanks to his daughter for the addresses.

E. J. "STUFFIE" BURKE "chickened out" of his Oct. 1 sailing date on the S S Bremen—due to hurricanes. "STUFFIE" states—as of now—still single? ?

ALVIN H. "HEINIE" BERGER '15, RR.2 Sturgis, Mich., writes that "the pictures . . . revive old memories of long ago—the days when we were young, George, and the only care was not getting caught smoking cigarettes, skiving Church or . . . opening a window after 12 pm. They were the days when we were in bloom. Now look at us—gotta have our name in large print on coat so we won't be embarrassed when meeting an old pal at a reunion, and then say, 'Gosh, George, you haven't changed—would have known you anywhere.'" Personally looking forward to seeing Berger, and I hope it'll be before his Class reunion this year. "Heinie's" last letter comes from Mesa, Ariz.—PO Box 1115. He and the Mrs. are lucky, as they expect to remain away until April.

MAXIMILIAN KAZUS—in town (his sister lives here)—is looking great, and we had a real

**REV. GEORGE HOLDERITH CSC '18**, ND golf coach for 29 years before he retired in 1960, received a surprise visit in January from four of his golfers, all from Detroit, paying tribute to his record of 210 victories, 75 losses and 12 ties. Looking over gifts (including a watch, a plaque and a testimonial book of clippings, letters and pictures from more than 200 golfers he has coached) are: (l.-r.) Bill Wilson '43, 1942 captain; Tom Sheehan '39, 1938-39 captain; Father Holderith; Walter Hagen Jr. '40, the 1940 captain; and Dick Whiting '45, who played for the Irish in the 40's as a pupil of Fr. Holderith, who won the NCAA title in 1944.

"bull" session over lunch. Max and Mrs. are enjoying good health, and the old government man is loaded with that green stuff. Max was there when WILLIAM ETHELBERT (BILL) BRADBURY returned the egg to the performer at that Thursday afternoon show—the guy was an actor and not a baseball player, so he got it in the puss. The act was cut out from that time on while in South Bend. Max recalled MOKE KELLY, the pitcher, and also HEINIE BERGER, who pitched and played halfback. Wanted to know what became of GEORGE WASHINGTON KOWALSKI. I had no answer—have you? ? ? We do know or remember the time a pail of water was disposed of from a window on the 2nd floor of Corby Hall. Guess some wise guy told FR. DOREMUS 'cause "POP" FARLEY also learned about it.

Saw the Michigan State game, and it was great. FRANK X. RYDZEWSKI had the tickets—but I could not get him to walk over to the Gym for that Monogram Club lunch layout. It was good.

It was great to run into DR. D. M. "DOM" NIGRO in the Gym. He looks great and full of pep; he's got to be, as his card lists him as a member of and affiliated with 114 organizations—I counted 'em—plus being president of the Negro Clinic, Kansas City Medical Centre Downtown Hospital. "DOM" was there with his son, whom I believed he introduced as being a doctor, too. Another old timer I met, looking just great, was Baseball Coach "JAKE" KLINE. Jake still is a regular guy, just the same as when he was playing on the ball team. The talk is that the new ball field will be named Kline Field; a lot of old timers hope that "The Powers That Be" do name it after "Jake."

FATHER HESBURGH no doubt was pleased to see *Time* Nov. 20 issue with COACH PARSEGHIAN's picture on the cover. (How about that *Time* jinx? Gee, perhaps Coach should have waited until after the 10th game.) However, we personally believe that FATHER HESBURGH delights more in awarding monograms to Notre Dame men like JOHN T. WHITELY '44 (see *Forbes*, Nov. 15 issue, page 34).

Gotta thank BIG FRANK RYDZEWSKI for the loan of 1915-17-18 yearbooks—*The Dome*. The '17 *Dome* has Big Frank's picture with the following caption: "Magnetic Pole." Guess the magnetic part was catching the "Pole" looking like a student—reading even. Hey, when was the last time you thumbed through your old yearbooks—*The Dome*? ?

Sat just a few seats away from ROY C. "BUTCH" WHIPPLE at the Michigan State game. He looked great; bet he was recalling the times he was playing

on Cartier Field. "Butch" was a great player in his day.

I gotta thank "Dom" (I mean DOCTOR D. M. NIGRO '17) for his letter and his interesting Travel Newsletter dated Nov. 25. Fellows, this "doc" gets around. He's just finished a Ralph Berry tour of the Orient. Then he writes: "The most marvelous highlight of my recent travels was a personal invitation to visit the White House, extended by Mr. Dave Powers by long distance, and one of the most poignant episodes in my entire life was my visit to the final resting place of our dearly beloved President Kennedy." I was looking for Dom Dec. 7 at Chicago's Rockne Memorial Dinner—thought he'd point out DAVE CONDON, DAVE & FRANK CHESROW and WINFRED SMITH—but I did not get to see him in that crowd; I know he was there as he had his picture taken with WILLIAM G. FERSTEL '00.

Had a most enjoyable time at the Rockne Memorial Dinner—as, no doubt, did the other 1,500. Believe I gotta thank that young fellow DON ROSS '53, Chicago director of the ND Foundation, for my good fortune in being assigned to table No. 86 with BILL FERSTEL '00, son JIM FERSTEL '48, DAN O'CONNOR '05, W. A. DRAPER '06, JOHN J. MCKINLEY '49 and Dan's guests, Jim Daley and John M. Daley. JUDGE ROGER KILEY's chair was vacant. We all read the card sent from the White House, addressed to Mr. and Mrs. Ferstel, to wit: "The President and Mrs. Johnson extend their best wishes on the occasion of your 50th Wedding Anniversary." Also the wires from FATHER HESBURGH, Mayor Richard J. Daley, Coach and Mrs. Parseghian and JIM ARMSTRONG, which greatly impressed the Ferstels.

Kinda wish that such old-time Monogram men as Ferstel (baseball), O'Connor (track) and Draper (track) might have been recognized by the chairman. Believe it would leave a good impression with the High School Football guests as well as the many teen-agers present. No doubt there were many more Monogram men 'round the room, but these men were at table No. 86. At our table was a fellow who has a piece of the very first batch of synthetic rubber ever produced. Ferstel was there when FATHER NIEUWLAND, the professor of chemistry, cut it up into rubber heels.

Master of ceremonies was Wally Phillips, a renowned radio personality; he was a "knockout," had 'em roaring with tears in their eyes from laughter. Ask your Athletic Director ED (MOOSE) KRAUSE; bet Moose will remember some of the nice things he said about him.

We apologize if certain names have been often repeated, but please remember—we can only write

about those we hear from — so let's hear from YOU as Notre Dame is sincerely interested in each and every one of you. Send a hello to JIM ARMSTRONG, your Alumni Secy., or to JOHN LAUGHLIN ALUMNUS editor. Call your Class president. If you find it interesting to learn about the "other guy" in your Class, remember, he too would appreciate hearing about YOU.

Now as to you young fellows — please permit us "old guys" to roam and not stick to only '18ers as some of us are not active and we have learned to appreciate the old rocker.

Now let's see how much of this stuff will get by Laughlin's blue pencil, as I sign off as DOM NIGRO did in his letter, to wit:

*Salute Cento Ano* ("Good Health for a 100 Years")!

From the Alumni Office:

From Rockford, Ill., ED RYAN '23 immediately retired in November that JUDGE ALBERT O'SULLIVAN was re-elected, but we misplaced the note on Al's latest triumph until now.

## '19 Theodore C. Rademaker Peru Foundry Co. Peru, Ind.

From the Alumni Office:

A small but loyal band of friends, the Class of '19 conveys its shock and deep sympathy to Maybelle and JERRY SWEENEY '50, widow and son of FRANK SWEENEY, who died just before Christmas. Frank had been joyously aboard for the 45-year reunion last June, and the last issue had just gone to press with the news of his leading the Kiwanis charity drive as vice-president-elect, one of many service organizations, including the K of C, with which Frank had been active since coming to South Bend five years ago as manager of the Holiday Inn. Manager of Chicago's magnificent Del Prado Hotel in the 30's and a former president of the Illinois Hotel Assn., Frank had also managed hotels in Cincinnati, Beloit and Madison, Wis., and Rockford, Ill., and was extremely active in alumni club affairs wherever he went. Ave atque vale, Frank!

Now a vice-president of the Alumni Assn., PAUL FENLON has proved a worthy successor to MAURICE CARROLL and used his professorial technique to good purpose in January, leading a panel of alumni and student leaders in a discussion of changing standards of University Class identity.

## Come ALIVE in '65! Class of '20 Anniversary 45 REUNION—June 11-12-13

### '20 James H. Ryan 170 Maybrook Rd. Rochester, N.Y.

From the Alumni Office:

JIM RYAN is counting on a "representative" gathering on June 11 to celebrate the 45th anniversary of a great 1920 Class. The group will probably be housed in Alumni Hall and fed in the nearby Morris Inn. Besides celebrating the University's Science Centennial, the Class will memorialize its own departed "greats"—from public legends like BILL FOX and GEORGE GIPP to great teachers like VINCE FAGAN and FR. LEO L. WARD CSC.

In Dixon, Ill., last November the son of SHERWOOD DIXON followed in his father's footsteps as one of two ND candidates for state's attorney. Democrat HENRY DIXON '56 defeated Republican JAMES BALES '37 in a spirited contest.

A BILL FOX memorial journalism scholarship has been set up at ND by Central Newspapers Fdn., and Loyola U.'s last Founder's Day honored six prominent Chicagoans, including JOSEPH MERRION for his development of nine Chicago suburbs.

### '21 Dan W. Duffy 1101 Superior Bldg. Cleveland, Ohio

On Christmas Day I had some talk with CHARLIE DAVIS, JOE BRANDY and LEO KELLEY. They were all feeling fine and having a great time with the grandchildren. We all expect to get together in Pompano or Ft. Lauderdale about the middle of January. Brandy, as usual, thinks he can play golf.

Charlie Davis dropped me the following note on the following day, Saturday:

"Like I say, it is pretty good to hear your voice and to know that you were in such fine

ettle. Also likewise that Brandy was good and likewise Kelley. Probably no finer characters anywhere. I know all persons mentioned are basking in the Glory of the magnificent record of the 1964 team.

"Being of the studious type I wouldn't know about these feelings but I guess you athletes are having the best year of your lives. And may you live long and happily."

From the Alumni Office:

Congratulations to Chicago's Judge JOHN T. DEMPSEY, elected to the appellate bench of Cook County last November, who drew the longest term, ten years, in the chance apportionment of staggered terms for the new elective office.

Sympathy to Roseanna, widow of classmate ROBERT WILLIAMS, who died in Marion, Ind., last fall. In your prayers add a mention of honorary classmate and 1946 Laetare Medalist CARLTON HAYES, diplomat, historian and teacher, who also passed away.

WILLIAM F. FOX JR. '20, late and loved columnist who had been sports editor of the "Indianapolis News" for 25 years when he died last May, will be memorialized by a four-year journalism scholarship at ND under a grant from the Central Newspapers Foundation. Discussing establishment of the Fox Scholarship are (l-r): Charles Callahan, University sports publicist; Rev. John Walsh CSC, ND vice-president for public relations & development; Eugene S. Pulliam, assistant publisher of the "News" and "Star" representing the newspaper group; and Prof. Thomas Stritch, head of the communication arts dept.

## '22 G. A. "Kid" Ashe 175 Landing Rd. No. Rochester, N.Y.

DR. EDWARD N. ANDERSON has just retired from the college football coaching profession. He was dean of US college football coaches at his retirement, having completed 39 years of continuous coaching. His career started at Columbia College, Dubuque, Iowa. From there, he went to DePaul U. of Chicago — to Holy Cross College, Worcester, Mass. — to the U. of Iowa — and back to Holy Cross, where he remained until the end of last season. Many special football honors were conferred upon Eddie over the years. In 1939 he was named Football Coach of the Year for fashioning one of Iowa's greatest teams. His standout player that season was Nile Kinnick, who was named to the All-American team. In 1940 and 1950 he was head coach of the College All-Stars in their annual contest with the champion pro team of the prior season. The All-Stars lost the 1940 game, but won a decisive victory in 1950. On three different occasions Eddie was on the staff of the All-East team in their Annual Shrine East-West football game in San Francisco. On one of these occasions he served as head coach and directed his team to victory. In January of the current year the good doctor again served on the coaching staff of the All-East team for the annual Shrine game in San Francisco, and that was his very last coaching assignment. As a player under KNUTE ROCKNE, Eddie had the reputation of being a very stalwart defensive end, although he was brilliant as a blocker on offense (in those days the same ends were used for offense and defense), and Eddie was captain of the 1921 team. He was one of the most rugged ends in ND history. In three years of high school and four years of football at ND (1918 was ruled out due to World War I) he never was out of play due to a physical injury. When Rockne would turn the squad over to Eddie for a drill in conditioning, there was considerable "gripping," because his drill was much more arduous than that given by "Rock" himself. Of course, Eddie's teammates wondered how he came upon his granite-like physique, but not many of them knew that he worked with a railroad section gang in the summer vacation period driving railroad spikes to harden his muscles. Eddie was small in size compared with present-day ends, but in ruggedness he had no superior. Hearty congratulations and best wishes to you, Eddie. Your classmates are proud of your achievements as a player and coach and for your grand work in medicine at the Rutland, Mass., Veterans Hospital. Nile Kinnick of Iowa and Bill Osmani of Holy Cross and hundreds of other fine football players will always remember you as a real gentleman and friend and an excellent coach.

CHARLIE "RED" CROWLEY of Weston, Mass., winged his way to Los Angeles to attend the USC game with his old teammate "CLIPPER" SMITH of Laguna, Calif. As we go to press, we do not have their special observations and comments on the game, but we do know that both are highly pleased with the type of play and the results of the '64 season at ND.

With the retirement of Anderson from the college football coaching profession, also comes the end of all football coaching by the men of '22. At one time we had a sizeable aggregation of successful football coaches in the collegiate and professional fields. "HUNK" ANDERSON did well at ND as successor to Rockne. Later, as line coach of the professional Chicago Bears, he helped develop some of the greatest lines in Chicago Bear history. For years, he was co-coach with "CURLY" LAMBEAU of the College All-Stars. Curly was a co-founder of the Green Bay Packers professional team and served as its Head Coach for many years. HARRY MEHRE had fine teams at the U. of Georgia and later at "Ole Miss." "BUCK" SHAW performed admirably at Santa Clara U., the U. of California, the San Francisco 49'ers, and won a World Championship for his Philadelphia Eagles in closing out his coaching career. "CLIPPER" SMITH had splendid teams at Villanova for many years. Later he coached at Lafayette U. and still later he directed the Boston professional team. This list is not complete for we are quite certain that GHET WYNNE and others left their marks in the coaching field.

The RAY KEARNSes of Terre Haute, Ind., the TOM McCABEs of Elmhurst, Ill., and the AL SCOTTs of Los Angeles celebrated their 35th wedding anniversaries last October.

Our deep sympathy to our neighbors of the Class of '23 over the deaths of their fine classmates: AUGUST "GUS" DESCH and BEN TYLER, JR. on November 14.

From the Alumni Office:

Lawyer ROBERT P. GALLOWAY wrote to *Time* magazine from Silver Creek, N.Y., with mixed praise and censure for the cover story of Nov. 20. While he enjoyed the article on Coach Ara Parseghian, he took exception to such questionable background as quoting the old legend that the famed shift devised by Rockne was "lifted from the routine of a dance hall chorus." Documenting his version from the 1917 *Dome*, Bob recalled a close association between Rock and Sgt. George A. Campbell, USA (ret.), and recalled the sergeant correcting Rock on tactics. "I like to believe," he wrote, "that Rockne's Notre Dame box shift was from the squad right-squad left drilling of the old sergeant." Quoting Sgt. Campbell as telling Rock that if he ever had to face death "I would just as soon do it leading my men." Finally he quoted a War Dept. document stating that Capt. George A. Campbell, 18th Infantry, 1st Division, was awarded the Distinguished Service Cross posthumously for service near St. Mihiel, France, Sept. 12, 1918, as "he displayed exceptional courage when with three men he preceded his battalion . . . and captured three machine guns and 20 prisoners."

FRANK MILES, veteran chairman of the South Bend Planning Commission, has been named by the mayor to the new Area Planning Commission coordinating city-county development.

CLARENCE "PAT" MANION, managing trustee of the Manion Forum and Legal counsel for the Citizens Foreign Aid Committee, has been defending these organizations from the attacks of the newly formed Council for Civic Responsibility with a few attacks of his own.

Congratulations to J. RALPH CORYN on the recent victory of his son John '51 in the race for judge of the Appellate Court of Illinois' Third District, covering 21 populous counties from the Mississippi to the Indiana border.

#### BULLETIN

Secretary LOUIS BRUGGNER was reported hospitalized with a serious heart condition on Jan. 27 as this material was going to press. The prayers of classmates are requested for a quick and complete recovery.

From the Alumni Office:

Secretary LOUIS BRUGGNER, a polished panelist with his friend GEORGE SHUSTER '15 on the program of the First Alumni Workshop, provided a pattern for meetings that will probably involve officers of all the ND Classes before the Alumni Assn. in 1968. At that time Lou remarked that our repeated injunctions to brevity had intimidated him into providing no column at all this outing.

Seriously, Louis will continue to provide all the news he gets, either via column or newsletter, but there has been little beyond sad tidings recently. Reported deceased: GUS DESCHI, Olympic hurdler and ND halfback (survived by his widow Claire and son Charles '51), Evanston, Ill., in November; BEN FRANKLIN TYLER JR., Kansas City livestock trader (leaving wife Mary and three children, including Ben III '56), on the same day, the day of the Michigan State game; and two erstwhile classmates, Prof. JOHN WEISEND of Miami, Fla., back in October, and EARL WILSON of Green Bay, Wis., in December, both survived by widows. Deepest sympathy to their loved ones and to VINCE ENGELS, whose brother James '33 passed away in December.

From the Alumni Office:

The death of Prof. JOHN S. BRENNAN of Loyola U. just before Christmas in Forest Park, Ill., was greeted with sorrow by the National Office for Decent Literature, which he served in recent years, and with shock by those who knew him as a journalism student and English prof. at Notre Dame. Deep sympathy to his widow Clarice. Also to Genevieve Gorman, widow of Judge JOSEPH GORMAN of Los Angeles' superior court, on her husband's death in November. Pray also for WILLIAM F. RYAN, news of whose death last spring was just recently received.

45 YEARS of Notre Dame football were spanned when 1965 Captain Phil Sheridan (left) was congratulated by Federal Judge Roger Kiley (right), another end who won All-America mention in 1920.

#### BULLETIN

HARRY STUHLREHER died on January 26 as this section of the ALUMNUS was going to press. To his widow Mary and his four sons, including John '56, go our most profound condolences and the assurance of perpetual and prayerful remembrance.

The invitation to our October 3 "Life begins at Forty" Second Annual Parking Lot Picnic at the N.D.-Purdue game brought a bit of news of the '25ers.

A nice letter from VIRG FAGAN (731 Columbian Ave., Oak Park, Ill.) says in part: "That notice of the 40th year Class Reunion had a P.S. that set me aint' standing still. Sorry I couldn't make the Cedar Point celebration because this was a pretty busy and eventful summer for the Fagans. First of all Dorothy and I joined the N.D. Club group on the Holy Land Tour in April. To say that the trip was wonderful is putting it much too mildly. Having FR. LEO WARD '23 from the campus with us added immeasurably to the trip. He said Mass for our own group at all the holy places in the Holy Land and through to Rome. We also visited Greece, Egypt, Lebanon, Syria, Lisbon and Rome. Our one and only Nancy graduated from St. Mary's in June and married in August to BOB BRUTVAN of the Class of '63. They are now living in Olean, N.Y. where Bob is studying for his doctorate in micro-biology at St. Bonnie's."

"In the meantime, yours truly finished his working days at good old Sears and retired July 31. Let me tell you, John, there is nothing like the feeling of leisure and being able to do what you want, when you want."

"Order of business for the fall calls for the first nine games and maybe the 10th at Southern California. It was good to see the boys carry 'ERIN' PARSEGHIAN off the field after that wonderful showing at Wisconsin. Maybe they've got something there for him to work with this year. Time will tell."

Time did tell, Virg—it was a great season! Thanks for your letter.

Word from Mrs. EDWARD CUDDIHY told of Ed's death on June 5, 1964, of a heart attack while at work. Ed was manager of insurance accounting for Hollester Publishing Co. of Wilmette, Ill. Ed left a widow and three sons.

BILL HURLEY also wrote to me about Ed. Bill was able to make the funeral which was held in Oakley, Mich., and represented the Class. A Mass has been said for Ed, and I am sure you fellows will remember him in your prayers. Our deepest sympathy to his family.

A copy of a letter from JIM ARMSTRONG brought news of the death of EARL McCARRON: "I was very surprised to receive the sad news of the sudden death of Earl. I am, of course, very pleased, as I am sure you are, that he had the opportunity to see Notre Dame. It is always sad when death comes so soon after retirement. I know there was much that he would have enjoyed in the associations with you and the pleasant attractions of Fort Lauderdale. He had a fine career and I suppose in a sense there is little to regret. However, the personal sense of loss is always strong."

"DUTT" TOM GRIFFIN wrote a short letter: "John, I won't be able to make any of the games due to an upcoming European trip. I will definitely see you at the June reunion." DUTT (from the card enclosed with the note) is president of Acme Air Cargo Inc., 2 Lafayette St., New York, N.Y.

Some of the fellows attending the "picnic" at the Purdue game: MAURICE BOLAND, DR. CY CALDWELL, LARRY CASEY, HERMAN CENTILVIRE, BERNIE LIVERGOOD, HANK WURZER, DON and JERRY MILLER, FRANK STEEL, BERNARD KESTING, BOB GORDON and JOHN KANE. Most of the fellows had their wives and families with them.

I had just a "hello" with BILL BELL and WARD McCARRON at the UCLA game. They had ordered their tickets for this game instead of Purdue. Remember, fellows—from now on our "picnic" will be the opening home game, so order your tickets accordingly. (1965, Northwestern, Oct. 2.)

Your "See" made the Southern Cal game with three other couples and my wife. It was a good game despite the loss and a great season, too. We had a delightful visit with VERNON "TEX" RICKARD on Friday before the game. Text arranged for "our gang" to see what went on behind the scenes at 20th Century-Fox. Tex looks wonderful and is happy in his work.

LARRY CASEY came up with a great idea which is turning out to be the main theme of "Our Fortieth." He suggested we honor the "1925 ROSE BOWL CHAMPIONSHIP TEAM."

After a meeting of your Class officers and JIM ARMSTRONG in October, followed up by many letters and phone calls, it was decided to do just that in a big way.

First we plan to have a banquet honoring all the members that played with this team. We will have a well-known toastmaster and our "ARA, the Coach of the Year." There will be about a "baker's dozen" of our faculty as our guests, and a few "specials" you'll welcome.

Second—like our '25th, we hope to raise sufficient contributions for a suitable memorial honoring the Rose Bowl Champs in the new Athletic Center.

Here is a partial committee for our "Fortieth"—ARMANDO PORTA, CLARENCE HARDING, RUSS ARNDT, EDDIE LUTHER and AL McGANN as South Benders. To get things started around the country, we would like to include the following: ED ASHE, Los Angeles; JOHN A. BARTLEY, New York City; GEORGE BISCHOFF, Indianapolis; MAURY BOLAND, Fort Wayne; LARRY CASEY, Batavia, N.Y.; STEVE CORBOY, Pompano Beach, Fla.; VIRG FAGAN, Chicago; BILL HURLEY, Saginaw, Mich.; JOHN KANE, Cleveland; BERNIE LIVERGOOD, Decatur, Ill.; FRANK HOWLAND, Detroit; RIP MILLER, Annapolis, Md.; DR. From the Alumni Office:

As Alumni Secretary JIM ARMSTRONG begins his 40th year of service on the campus, it looks as if it might be his busiest year also. On Dec. 30 Jim went to New York to be one of 24 alumni administrators from schools across the country to

**FOUR "MULES" & FIVE "ROCKS"** were seen at Philadelphia's observances in November and December, 1964. At left, the Navy game victory party honored the four surviving members of the famed Seven Mules who fronted the Four Horsemen in 1924: (l.-r.) Adam Walsh, center; Joe Bach, left tackle; Rip Miller, right tackle; and Chuck Collins, left end. At right, all guests at the UND Communion Breakfast (l.-r.), ND Asst. Coach Joe Yonto talks with boys chosen for Knute Rockne Awards: Joe Fioravanti, Pennsbury H.S.; Bill Bendel, Moorestown, N.J., H.S.; Bill Bartholomew, Salesianum H.S., Wilmington, Del.; John Acuff, Lower Merion H.S.; and Gary Friedhoff, Frankford H.S. receive the Medal for Distinguished Service to Education (the alumni equivalent of the academic honorary degree) at a convocation celebrating the 50th anniversary of the Columbia U. Alumni Federation. He got back just in time to begin his duties, along with classmate FR. TOM McAVOY CSC, on the committee for the ND Centennial of Science (see lead story) and welcome the Alumni Board and ND administration officers to the First Alumni Workshop (see editorial), about which you'll be hearing much in future issues. In January Jim also dashed up to Chicago to address a meeting of college athletic business managers at the annual NCAA convention. And throughout this time he's given much thought to local arrangements for the 40-Year Reunion—a bang-up affair honoring the 1925 Rose Bowl Irish, spearheaded by the Four Horsemen.

Speaking of the Horsemen, they continue to draw more recognition, both individually and as a group, than any other quartet in history—with the possible exception of the Beatles. The latest in a long line of personal awards came to HARRY STUHLBREHER, former athletic director-coach at Villanova and Wisconsin, now a US Steel executive, as Harry was voted the 1965 Stagg Award by the American Football Coaches Assn. January 12 in Chicago. The award, a replica of the plaque presented to Coach Amos Alonzo Stagg at the 1939 coaches' meeting in Los Angeles for his 50 years of service, is designed "to perpetuate the example and influence of Amos Alonzo Stagg and is conferred annually upon the individual, group or institution whose services have been outstanding in the advancement of the best interests of football." The plaque was accepted by Athletic Director ED KRAUSE '34 for ailing Harry, reported to be undergoing surgery Jan. 15 in Pittsburgh.

A couple of deadlines have come and gone, and I have not been on the ball. The pipeline of news has not been functioning is what I tell myself, but that is only half truth.

At the Michigan State game I met MALCOLM KNAUS. He came down from Detroit for the game. He was with a group and it was game time, so there wasn't time to talk. Time has been good to him. Also at the Michigan State game I almost collided with LARRY KRIEGER. Larry had been real ill this past summer. It was good to see him looking so well again. A winning football team is powerful good medicine.

RUDY GOEPFRICH is still my best source of news. I see him often and he usually has con-

tacted someone in his travels in and out of the US. He had seen RAY DURST in Chicago; Ray is going to divide his time between Chicago and Phoenix. JOHN RYAN and Ona stopped to see Rudy after one of the football games this fall. Rudy had a letter from TONY ROXAS of the Philippines. Tony's boy graduated from Notre Dame this past spring.

DENNIS O'NEILL and Dorothy were in South Bend a few days on their way back to Cleveland from California.

From the Alumni Office:

In January Secretary FRANK DEITLE was general chairman of a gala dinner of the South Bend Serra Club at which the guests included MOST REV. LEO A. PURSLEY LL.D. '61, bishop of Fort Wayne-South Bend, and the international and local presidents of Serra.

Please pray for the soul of FRANK ROLWING, who died in New Orleans late last November after a long illness. A veteran of WW II service in the Pacific, he had been working for an apartment project before his Veterans' Hospital confinement. Sincere sympathy of the Class to his brother, MERLIN ROLWING '23.

From the Alumni Office:

One of the real "greats" of the '27 Class. THOMAS F. (RED) HEARDEN, who gained the same kind of preeminence in high school, professional and small college football coaching that his late great teammate JOE BOLAND won in sports broadcasting, died December 27 in Green Bay, Wis., where he had compiled much of his 30-year record as the most successful coach in Wisconsin history.

Red followed JIMMY CROWLEY '25 as a star halfback and captain of Green Bay East High and then followed him to ND, where he understudied with the Rose Bowl champions of 1925 and was elected co-captain of the 1926 Irish with GENE (RED) EDWARDS. After graduation he alternated law practice with limited (by injury) service with the Green Bay Packers and Chicago, starting his spectacular coaching career at Racine St. Catherine's High in 1930. In 13 years before WW II he compiled a high school record of 85-11-8. In seven years at East High he set state records with victory streaks of 32 and 20 games and an overall mark of 51-3-2.

Tom took a Navy commission and was assistant coach for Iowa Preflight's 17-2 record in 1943-44, preparing to take over as head coach when the season was cancelled at war's end. For the next

seven years he was head coach and athletic director at St. Norbert's College, starting out with an 8-0 season and winding up 41-13, with three unbeaten seasons and four Midland Conference championships. In the fifties he alternated as assistant coach of the Packers and the U. of Wisconsin, and everybody expected him to take over Green Bay when a stroke retired him in 1957. He continued to follow football until a second heart attack took him during the Christmas holidays.

In his career Red had a record of 126 wins, 24 losses and eight ties, with eight perfect seasons, another undefeated. Six with but one loss and only two losing years. His winning ways were ascribed to firmness and perfectionism with fundamentals, tempered by a wit and confidence that resembled those of his old mentor, KNUTE ROCKNE, according to the anecdotes about his eccentricities. He could sideline a player for cockiness or miss a victory dinner to see an old friend. During the season, as well as through Lent, he kept a Spartan routine of avoiding drinking or smoking and attending daily Mass.

RED HEARDEN will continue to live in the memory and prayers of his classmates, who send sincere condolences to his widow Marion, as well as to the widows of classmates WILSON McDADE, EARLE REX and GEORGE WALLNER, also reported deceased in recent months.

TOM TRAUGHER died following a heart attack on November 21, at his home in Minneapolis, Minn. GENE O'BRIEN of Hopkins, DENNY DALY and TOM MAHON of St. Paul represented our class at the funeral home. Tom moved to Minneapolis about five years ago after having practiced law in Clarksville, Tenn., where he served in the legislature and as district attorney general for the State of Tennessee. Tom is survived by his wife and a son who is in college. Tom attended our 10-, 20-, 25-, and 30-year reunions. I arranged with our treasurer, JOE LANGTON, to have a Mass offered for Tom. Please remember him in your prayers.

AUGIE GRAMS, our Class V.P. for the Midwest, reports that PAT CANNY is responding to treatment very well after suffering a stroke which affected his left side and both legs. Pat hopes to return to part-time work shortly.

We were sorry to hear of the death of our professor, Dean Konop, and extend our sympathy to BILL KONOP.

Our thanks go to ED QUINN and BERN GARBNER for the successful '28 cocktail party held on

October 17 which was the largest post-game party yet.

**BILL BROWN**, a corporation lawyer in Milwaukee, had an excellent article on financing Catholic schools in the October 10 issue of the *Ave Maria*. **JOE BREIG**, in his interesting article in the September 19 issue of the *Ave*, discussed his daughter's making her perpetual vows as a member of the Sisters of Charity of Seton Hill.

**JOHN LARSON**, environmental health technician in Geneva, N.Y., was named to the position of public-health sanitation of Seneca County. **ART ZIMMERMAN** is comptroller of Fabricon Products, a division of the Eagle-Pecher Co. in River Rouge, Mich. The oldest of Art's two daughters is a student at Mercy College in Detroit. Art sees **NEIL AMIOT** and **BOB VOGELWEDE** regularly. Art was asking about his old roommate **TED AUSTIN**. Art now lives at 17501 Dunblaine, Birmingham, Mich. **OSKAR RUST** operates a wholesale varieties store with his son in Greensburg, Ind. He has six children, two of whom are graduates of Notre Dame, two others are Benedictine nuns, and one son is completing theology at the House of Dominican Studies in Washington, D.C. **TIM TOOMEY** is with the Veterans Administration Regional Office at Albany, N.Y.

I recently noted a very effective poem on the moral aspects of race relations written by **LES FLEWELLING**. I understand that **FRANK CREADON** is chairman of the township Democratic organization in Riverside, Ill. I saw an editorial in the *Akron Beacon Journal* in September praising **JIM SHOCKNESSY** for the outstanding work he has done as chairman of the Ohio Turnpike Commission since 1949. The *Cincinnati Enquirer*, referring recently to the job Jim has done on expediting construction of Ohio Highway Int. 71, stated, "Soon, Mr. Shocknessy will have another mon ment to his industry and knack for getting things done, and Ohio will have another monument to selfless service to the public good."

Several reports of sickness reached me. **TOM MAHON**'s son has been seriously ill for some time, but has recovered sufficiently to attend a class at St. Thomas College in St. Paul. **DR. DAN BRADLEY**'s wife was quite ill recently. The wife of **BOB HAMILTON** had a serious operation. Bob's daughter is at Marywood College.

According to St. Mary's College *Holy Cross Courier*, the widow of **HENRY HASLEY** is serving as a nutritionist at St. Joseph Hospital, Fort Wayne, Ind. Her daughter is at St. Mary's College. The *Courier* also reported that **OSKAR RUST** was given an honorary degree by Subiaco College in Arkansas. Incidentally, my fellow St. Mary's College 1928 secretary in the *Holy Cross Courier*, **Mary Du Brul Sayre**, was good enough to comment in her column that I was "certainly eligible for alumni-columnist-of-all-time awards." Thanks, Mary, for those kind words from one who has done great work as class secretary for the St. Mary's Class of 1928.

**AUGIE GRAMS** called my attention to the fine announcement in the October issue of *Fortune* magazine of **HOWIE PHALIN**'s recent promotion to the presidency of *Field Enterprises Educational Corp.*

**VINCE CARNEY** reported that he saw **BUCK JONES** in Boise, **JOE NETTLETON** and **BOB BARRETT** in Idaho and Oregon, and **JOE HISS** in San Francisco. Judge **BILL JONES** tells me that he sees **WATTS EICHER** in Washington, D.C. **Watts** is associated with Stone's Mercantile Agency in Washington, D.C. He is married to the former **Ruth Faulkner**, who was Rock's secretary when we were at ND. They have a son who is a graduate engineer. I note that the following '28 men are chairmen in their areas for the Challenge II program: **WILLIAM HURLEY**, Springfield, Mrs.; **JOHN IGOE**, Columbus, O.; **LEO MCINTYRE**, Allentown, Pa.; **JOHN MESSORLEY**, Pittsburgh; and **BERN GARBER**, Westchester, N.Y. **BILL DAILY** has moved to 818 So. East 4 Street, Fort Lauderdale, Fla. I noted in the *Tommy Fitzgerald* column in *The Miami News* where **GEORGE LEPPIG** is quoted with one of his famous Notre Dame stories. George, who is a retired Marine colonel, is connected with the sheriff's office in Miami. **JOE McNAMARA** is vice-president, industrial relations, for National Distillers and Chemical Corp. in New York.

We spent a very pleasant evening at the home of **DR. JOE SULLIVAN** in Staten Island with **FR. MARK FITZGERALD, CSC**. Dr. Sullivan, who is officer-in-charge of the Public Health Clinic in Manhattan, has served in many countries in all parts of the world. Dr. Joe reported that he visited **JOHN FAGAN** and his family in Edgewood, R.I., where John has operated his own retail store for a number of years.

## SPOTLIGHT ALUMNUS

**CHARLES W. MULANEY '26**  
Drug Chain Exec from Vanishing Breed

Charles Mulaney, whose name and career seem to typify the Notre Dame spirit, is one of that gallant dwindling band of professionals who proudly bear the ND degree in pharmacy — a degree not conferred by the University since the thirties. A Walgreen Drug Stores' vice-president since 1963, elected in December to the firm's Board of Directors, he is in charge of his company's purchasing, advertising, merchandising and physical distribution operations.

Charlie joined Walgreen's 38 years ago in one of the chain's many Chicago stores. A registered pharmacist, he soon advanced to store manager and later held several district manager posts. In 1942 he came to the firm's Chicago headquarters where he became director of merchandising, then buyer in Walgreen's purchasing division before his election to vice-presidency.

Mr. and Mrs. Mulaney — residents of Oak Park, Ill. — are parents of four children, a son and three daughters: Charles Jr. (Chip), a sophomore at Oak Park's Fenwick High School; Eileen, a sophomore in business administration at Marquette University; Kathleen, a journalism graduate of Marquette; and Mary Jo Scholand, who holds a degree in medical technics from Marquette and who recently presented the Mulaneys with a granddaughter.

For relaxation, Charlie enjoys deep sea fishing off the coast of Florida; he's also an avid reader, particularly of financial publications.

though Matt received his LL.B. degree in '29, he was with our Class for four years. I last saw Matt at our 35-year reunion. Matt practiced law in Chicago. He is survived by his wife and three children. Arrangements have been made for a Mass to be said for Matt by our Class since he always participated in our Class affairs.

The following '28 men attended the Rockne Dinner in Chicago on December 8: **CHARLES SCHUESSLER**, **JOHN RICKARD**, **JOHN LYONS**, **RAY MULLIGAN**, **JOE DORAN**, **ED RAFTER**, **JOE GRIFFIN**, **BOB WINTER**, **BILL H. MUR-**

**PHY. BERT KORZEN**, **JOHN CAVANAUGH**, **HOWARD PHALIN**, **ED McKEOWN**, **JIM ALLAN**, **JOHN WOLFE** and **BILL DWYER**. Bill mentioned how much they missed **MATT CULLEN** who always joined the '28 group at prior affairs. Bill also reported that he had chats with **JOE MORRISSEY**, **ED McGAULEY** and **JOE HILGER** at the Michigan State game. **BILL DWYER** has a son who is a sophomore at Notre Dame. Bill is still with **Raymond G. Hudson & Associates**, advertising and merchandising, in Chicago.

The Class of '28 was represented at the New York Club dinner following Mass at the Cathedral on December 8 by **BERN GARBER**, **JOE KANE**, **JOHN ANTUS**, **DR. JOE SULLIVAN**, **GEORGE CRONGEYER** and your Class secretary, **JOHN HOYT '33**, chairman of the dinner program, spoke very highly of the Class of '28 and of the efforts of your secretary to contribute to this column. Following the dinner, the '28 group was entertained by **JOE KANE** at his apartment. It was a wonderful session about our days on the campus, and many classmates were mentioned including some from whom we have not heard in a long time such as **WALT LAYNE**, **JOHN BUSCHEMEYER**, **TOM WALSH**, **WILLARD WAGNER**, **BERNIE ZIPPER**, **JOHN** and **LARRY WINGERTER** and **JIM SEXTON**. **JOE KANE** is still single, works at Bellevue Hospital in New York City and has traveled extensively.

The widow of **TOM TRAUGHER** advised me that Tom was special assistant attorney general for the State of Minnesota at the time of his death and had served in that capacity for the past four years. Tom's son is a freshman in the Institute of Technology, U. of Minnesota.

Class President **BERN GARBER** contributed the following:

"**JOE BREIG** has a second son attending John Carroll U., Cleveland.

"Late in the football season **DAN BRADLEY** hoped ND would win as many Fulbrights and Wilsons as games.

"**ED QUINN**, from that excellent class party Oct. 17, turned over \$63 to **JOE LANGTON**, our treasurer, who reports a comfortable balance. On campus as head of the guidance and testing dept., Ed knows of no other class that sticks together as ours does. A new hat lost by a '28 guest was traced by efficient Ed through five hands (or heads) and finally mailed to the owner.

"**JOHN FONTANA** was so busy re-electing Senator Young he could not attend our football party. **JOHN IGOE** reports after dinner with Fontana. Igoe is treasurer of Visitine & Co., engineer-contractors of Columbus.

"**FRANK MEYER** sent me a fine batch of photos taken at the party. See them in a future mailing.

"Following the presidential election, persistent **JOE BRANNON** sent me a tabloid on Johnson, etc., but I haven't felt low enough to read it.

"**GENE FARRELL** sent word he would be at the Navy game, but I failed to see him. Twenty-one '28 men are listed in the NYC ND Directory, but many more are in nearby New Jersey.

"Early in November **TOM TRAUGHER** wrote me that his doctor would OK him for normal life about Nov. 10. He died on November 21, 1964, with burial in Faribault, Minn."

I was pleased to read that **HOWARD PHALIN** had been elected to the Lay Board of Trustees of the University of Notre Dame. I am certain that he will represent the Class of '28 well on the Board. In response to my letter of congratulations **Howie** wrote that he had presented a set of the *World Book Encyclopedia* bound in white goatskin to **Pope Paul VI**. **Bern Garber** says it was during a private audience Nov. 14. Like other classmates and your Class Secretary who have visited the Notre Dame headquarters in Rome, **Howie** praised the great work being done there by **VINCE McALOON**. One room in the headquarters is furnished exactly like a room from Sorin Hall.

**JOHN B. BUSCHEMEYER**, administrator of the Louisville General Hospital, wrote that **TOM TRAUGHER** had called during the time **JOHN** was bedridden following a coronary. **John** was in California visiting his daughter and five grandchildren at the time of the ND-USC game, but did not attend as he cannot take much excitement.

**CARL PETERSCH** advised me of the death of his Notre Dame roommate, **VINCENT STACE** of Dearborn, Mich., after a long illness. **Vince** had been with the Detroit Edison Co. for many years as assistant to the manager of purchases. He was married in 1941 and has one daughter. He served in the Air Force as Lt. Col., Chief of Guided Missiles Branch in Washington, D.C., during World War II. **Vince** was always interested in the Class and wrote to me at the time of our 35th reunion of his inability to attend because of illness. Arrangements have been

made for Father Mulreany, CSC, to offer a Mass for Vince.

From the Alumni Office:

Congratulations to Mrs. MARTIN V. CALLAGY of New York, widow of the late Judge Callagy of Domestic Relations Court, on the marriage last fall of their son Robert, a Georgetown-NYU law grad, and Miss Lynn Elizabeth Rhatigan of Stamford, Conn.

The clippings continue to pile up from Ohio newspapers in praise and profile of JAMES W. SHOCKNESSY. Beyond supervising his \$326-million toll road, the Columbus Democrat lawyer was drafted by Republican Gov. Rhodes to serve as unpaid straw boss for the huge Interstate 71 freeway just completed and to settle a recent state-wide construction strike without the loss of a single day's work. With universally admired probity Jim has handled more money than any other appointed official in Ohio, but he has resisted urgings to run for every major office in the state. A major from WW II and a Knight Grand Cross of the Holy Sepulchre, Jim continues to be Ohio's most honored public servant.

Secretary LOU BUCKLEY was a key commander of last year's first skirmishes in the "War on Poverty," and he has started out 1965 in the advance guard of "the Great Society." New York's employment security chief for the US Labor Dept. began by applying governmental experience and viewpoints to "Automation—Master or Servant?" before the New Jersey chapter of the American Society for Training and Development in Newark on Jan. 21.

## '29 Larry Stauder Engineering Bldg. Notre Dame, Ind.

If you knew JOE NASH (deceased Sept. 8, 1964) —and who didn't?—you will be interested in this note from his son, FR. JOSEPH NASH OP '54. "You inquired about father's last weeks with us. . . . You know that he had been sick over a period of nine months, much of that time being confined to bed. He became increasingly bad during the last week of his life. On Labor Day my brother ED (FR. EDWARD NASH OP '58) said Mass for him at home. That afternoon I anointed him and later gave him Viaticum. He died about 2 AM that night. We were with him then. I doubt if we could have asked for any more from God insofar as any man can ordinarily expect in this life. But all this is only part of the consolation we had, for his funeral meant a great deal to us also. Perhaps HUGH DEVORE '34 could fill you in on that as he was there. Several other ND men served as pallbearers, such as ED GARRITY, RAY HILLIARD, MIKE DELANEY, EDMUND BRENNAN, JACK ELDER, JOHN QUINN, all of whom were either classmates or around his time."

HAROLD J. MARSHALL of 20 Gedney Way, Chappaqua, N.Y., died of cancer on Dec. 2, 1964. Surviving are his widow Edna Margaret, two sons, Lynn and Thomas, and a daughter, Mrs. Shirley Anne Gillham. Since 1956 Harold had been president of the National Bank of Westchester. During his tenure he increased the number of its offices from 12 to 30. Most of these structures were of the gay contemporary type with picture windows, flower gardens, bright paint, abundant chrome and occasionally an outdoor fountain.

Harold had been a leader in state and national banking associations. He had served as state executive secretary and on numerous national committees as well as being president of the national bank division.

He had headed the United Fund of Northern Westchester and had been chairman of the lay advisory board of St. Agnes Hospital. He was a member of the president's committee at Notre Dame. The Class of '29 wish to add their sympathy and prayers to the many received by the family.

JOSEPH W. LAUBER BS ARCH., 1121 Leeper Ave., South Bend, who had been ill for some time, died Nov. 25, 1964. You may recall that Joe was at the Mayo Clinic at the time of our Class Reunion in June. For some time previous he had been less active in his sheet metal business but had been an almost daily communicant at St. Joseph's Church with his wife Agatha (sister of ERNIE WILHELM '27). Joe never complained of his lot. We relay the sympathy of his classmates to his wife and daughters and ask that he remember us as well as his family from his new home, where there is no suffering.

MATTHEW J. CULLEN LL.B.'29 died in October, 1964. His family resides at 2508 North Spaulding Ave., Chicago, Ill. We regret that we have this sad news to transmit to his classmates, who share in the grief of the family.

**WILLARD C. FORTIER '29, president of U. S. Pumps Inc., Los Angeles, Calif., became national president of the Vertical Turbine Pump Assn. at the annual meeting in New Orleans last fall. A former executive of the O'Brien Corp. in South Bend, Bill went to California 20 years ago. The next VTPA meeting will be the annual engineering session in April at Yosemite National Park.**

Former dean of the Law School THOMAS F. KONOP, father of WILLIAM '28, KENNETH '29, and PHILIP '31, died Oct. 17, 1964. We wish to express our sincere sympathy to Kenneth and to those surviving. Dean Konop served Notre Dame and its students well by his deeds and example.

The JAMES P. KENNEDYs, 6554 W. Inlay St., Chicago — dad, mother, twelve children and five grandchildren — renew their annual Christmas greetings to the '29ers. We look forward to the pictures he sends us of those attending our Class Reunions and to the annual picture(s) which comprise his Christmas card. The Kennedy's picture four teachers and seven students (including Bob at Notre Dame). We return the best wishes of the Class to them.

DR. PATRICK J. SULLIVAN, formerly of Portland, Ore., now lives at 29 Sherman Ave., Staten Island, N.Y.

PAUL THOMAS CAREY, formerly of Bellaire, Ohio, lists 249 S. Occidental Blvd., Apt. 318, Los Angeles, Calif., as his new address.

THOMAS JOSEPH QUALTERS, formerly of Valparaiso, Ind., now resides at 175 Boston Ave., Medford, Mass., and JOSEPH F. RADIGAN now lives at 26 Washington, Rutland, Vt.

BILL CRONIN's new address is 1250-53rd St., Oakland, Calif., that of MIKE J. O'KEEFE is 579 Aetna St., Salem, O.

WILLIAM E. O'REILLY now lives at 2650 W. McNichols, Detroit. GAYLORD HAAS now lives at 208 Valley Brook Dr., Falls Church, Va.

We thank BILL CRONIN for his recent letter: "I want all of the Class of '29 to know that I am greatly honored to be chosen West Coast vice-president and will be most happy to carry on in any matter in which I am called upon to perform.

"It was with deep regret that I had to change my plans for making the 35th Reunion but that is the price you pay for working for a large corporation. One cannot always do as one would like!!!

"I have read with great interest the August-September issue of the Notre Dame ALUMNUS and I'm sorry to say I only recognize a few faces in the 1929 picture, such as TROTTER, HINKEL, COLANGELO, DORGAN, etc. Maybe it would be a good idea to send out in the next letter to the Class of '29 a left-to-right reading by rows so we could easily identify all of those in the picture. My eyes are not good enough to read the name badges on the picture.

"I would like anyone in the Class of '29 who lives in the Bay Area to get in touch with me, as I would enjoy seeing them and reliving old times. My business address is 1700 Marina Boulevard, San Leandro — phone 483-3111.

"It is my plan now to be at the USC-Notre Dame game on November 28 and I will be staying wherever they have the Notre Dame Rally on Friday night. It has in the past always been the Biltmore Hotel. You know if Notre Dame beats Stanford this Saturday and USC in November they could become the champs of the West Coast Conference.

"Well, Larry, this is rather lengthy, but let me again say I am honored to have been selected and will await information as to anything I can do to help promote any plans for the Class of '29."

Some excerpts from a letter of BOB VOGEL-WEDE follow: "I'm sorry that pressure of business prevented my attendance at the Class Reunion. It was a keen disappointment to miss the opportunity to renew my association with my classmates. I did enjoy the after game get-together very much.

"My son Tom is a freshman at Notre Dame this year; he wants to be an engineer. My daughter Marianne is now a junior at St. Mary's. . . .

"It will be a pleasure to serve as Midwest vice-president for the Class, with President JOE LENIHAN and the rest. I will attempt to carry out my assignment."

WILLARD C. FORTIER was recently elected president of the Vertical Turbine Pump Assn. at their meeting in New Orleans. Willard is president of US Pumps Inc. of Los Angeles, Calif. We can be assured that the annual engineering session, to be held in April in Yosemite National Park, will be well organized and successful.

JAY WALZ AB'29 has been reporting to the New York Times from the Middle East, Turkey and Egypt and recently from Ottawa. He filed an interesting story on the conflict between the French- and English-speaking factions and the demands of the French Canadians for "bilingualism." Some would like every stop sign also to say "Arrettez." It is getting to the point, said one French speaker, that "they speak English even when they're asking us for money."

We had the pleasure of a visit with your Class chaplain REV. OTIS WINCHESTER, 1770 Second St., Cuyahoga Falls, Ohio, who was here for the Michigan State game. Father Otey had planned to be here for the Stanford game but couldn't have done better for a substitute. It was a truly great fall on the campus. More on this later.

## Come ALIVE in '65! Class of '30 Anniversary 35 REUNION—June 11-12-13

### '30 Devere Plunkett O'Shaughnessy Hall Notre Dame, Ind.

This column is one of several efforts being made prior to June, 1965, to arouse interest in the 35-year reunion of the Class of 1930. Several mailings will be sent to all Class members detailing the program for the Friday-Saturday-Sunday period of this 35th anniversary.

BOB HOLMES, who has shared his engineering talents all these years with Indiana Bell Telephone, is the chairman of the local committee for the reunion. His co-workers are WALT LANGFORD, JOE RUPPE, DICK SULLIVAN, BUCK SLACK and PAUL FARMER.

We have already submitted some requests to the Alumni Office, and it seems likely that we will be housed in Lyons Hall, and our Friday night Class dinner will be in the Morris Inn.

One of the many priest-graduates of our Class will be asked to say the Mass for deceased members of the Class, held on Saturday morning. A memorial list of the deceased Class members will be prepared again and distributed to all the Class.

The five-year period since our 35-year reunion has brought amazing changes in the University. The great campaign of Challenge I and the physical changes it created, highlighted by the Memorial Library, are tremendous achievements of this half-decade. Returning alumni can see for themselves the new growth of the campus as it moves steadily eastward.

Apart from the physical changes — but in large part generated by them — is the new spirit, new vitality that grips the whole University community. The new Library with its remarkable facilities was probably the greatest lift imaginable for the students and faculty at Notre Dame. Improved student productions — including the New Honor Code now in use — have contributed to this newer Notre Dame spirit. And the great performance of Coach Parshegian and the football team added more to this growing sense of achievement that marks the 1960's at Notre Dame.

All of these things plus the all-important desire just to yak with old classmates should provide plenty of incentive for a big attendance come June 11-12-13.

In recent mail from '30 people, BUS REDGATE said he hoped to be able to attend the June convale. He sees TIM TOOMEY now and then so he is pretty well up to date on what gives here on the campus.

CHET ASHMAN said he and JOHN CARTIN '28 of Magnavox are trying to organize an alumni club in the Morristown, Tenn., area. Chet will be at the reunion if the chair manufacturing business will permit at that time.

JOHN RONEY of Pittsburgh is a rather frequent visitor on the campus, as his son is a student here. John told of seeing many alumni here for the Michigan State weekend, including JOHN MORAN, JOHN QUINN, FRANK KERJES, JACK and DAN CANNON. JACK CANNON did a great Rock-takeoff in the pregame rally. JACK RONEY has tried to locate FRANK DAYTON and BILL KNAPP without success. But he will check in with ED SLICK and DR. EUGENE RAYMOND about their reunion intentions. John sent a clipping about the death of DAVE BARRY, notice of which is probably carried elsewhere in this issue.

GUS BONDI will be on hand for the June reunion and says he will bring along JOHN HEILKER, also from Cincinnati. DICK BLOOM, back in Oneida, N.Y., after three years in Ireland, will be on campus for the 35th gathering. He credited AL SHIPIGASSE and TIM TOOMEY with keeping him informed fully about Notre Dame while he was in Eire.

FRAN MESSICK, now managing an Associates Investment office in Detroit (across from the Northland Shopping Center), sends words of encouragement to BOB HOLMES and the local committee. Fran headed up the arrangements for the 30-30 reunion in 1960. We intend to use him as the chief consultant on the coming affair. Since moving to Detroit and the Lake St. Clair area, Fran has become a boating enthusiast with his 26-foot christcraft and diploma from the U.S. Power Squadron class.

TOM McDOUGAL, still a judge in Antigo, Wis., was here for the June graduation of his son. Tom expects to be on hand for the reunion. He plays golf with GUS STANGE and LEN DONAHUE but rarely sees any 1930 Class members.

JIM LEAHY of Tiffin, Ohio, was elected county engineer last fall. He was the only Democratic candidate in a strongly Republican county to win election. Quite a tribute to his personal popularity.

Our best correspondent in the Ohio area is Mrs. JAMES (Betty) LEAHY of Tiffin. With eight children, three grandchildren, work in the Girl Scouts, and activities in church and civic doings, I don't know how she finds time to write us for the ALUMNUS toomey.

TIM TOOMEY was on the campus for the meeting of the Alumni Board, October 15-17. He is now working for the Veterans' Administration in Albany, N.Y. He reported that TIM O'ROURKE had been very sick all last summer. Also, he said that FR. JIM RIZER is now at St. Elizabeth's Parish in Richmond, Va. Tim has promised the local committee a lot of help on reunion publicity, so his releases may be reaching you soon.

MORT GOODMAN barely missed election to the presidency of the Alumni Association at the fall meeting. Mort's contribution on the Board has been very valuable. We are hoping that Mort will be on hand for the reunion and will bring with him a sizable contingent from the West Coast.

In this past year the ALUMNUS had to report regretfully the death of these 1930 class members: DON SCHETTIG, JERRY PARKER, JOE APODACA and JOHN THOMAS. Also, we extend sympathy to ART REYNOLDS and BO RICHARDS whose fathers died in the past year.

WALTER LANGFORD was director of training for the Peace Corps unit getting ready here last summer. LOU HASLEY is one of the two ND professors who are with the fifty Notre Dame sophomores this year at Innsbruck, Austria.

Final word: Contact 1930 classmates in your area now, and make travel plans for the 35th (June 11-12-13).

From the Alumni Office:

TIM TOOMEY has started a second career in civil service as a special claims agent for the Veterans' Administration. Tim is now living in Cohoes, N.Y.

**JOHN SCHLEGEL '31**, general mgr. of the John Hancock Mutual Life Ins. office in Dearborn, Mich., administering group insurance for Ford Motor Co., has been elected 2nd vice-president for the Ford Group, covering more than 220,000 Ford and Philco employees. John left Ford in 1942 to supervise the insurance program with Hancock. His son, John J., is a member of the Notre Dame Class of '54.

WALT LANGFORD went on a three-week trip to Chile to inspect and report on the current US Peace Corps project there.

JACK CANNON has been nominated as 1965 Hall of Fame finalist by the National Football Foundation Honors Court.

ED SMITH, South Bend attorney who compiled a winning record of 56 per cent as a public defender in St. Joseph County Courts in 1964, has submitted his resignation to spend more time in private practice. The public defender job took most of his time.

Former accounting Prof. Lee T. Flatley has merged his CPA firm, Price, Flatley & Co., with McGladry, Hansen, Dunn & Co., under the name of McGladry, Hansen, Dunn, Flatley & Pressler. Lee will maintain offices in the National Bank Bldgs. of South Bend and Elkhart. He will practice as a general partner in the overall firm with offices in 18 cities of five Midwestern states, and he will manage the South Bend area office.

Congratulations to FRANK LEAHY on his nomination as candidate for the National Football Hall of Fame.

BRO. NILUS CSC was elected to his sixth term as president of the board of directors of the St. Joseph County (Ind.) 4-H Fair. After 25 years on the St. Joseph County Plan Commission, he was not reappointed to the soon-to-be-defunct board because he belongs to the wrong political party.

Associate Dean LARRY BALDINGER is going to have a busy year as a key committee member and honoree of the ND Centennial of Science.

I saw WILLARD HIGGINS and SAM HYDE at JIM SHEA's funeral in Bronxville in mid-September, whose death was previously reported in this column. Both Willard and Sam visited frequently with Jim during his long illness.

ED DALY of Burlington, Iowa, visited New York recently in connection with the American Bar Assn. Convention. He drove east with his wife and several of his children, who took advantage of their trip east and visited the World's Fair while Jim was wrapped up in the convention. He very kindly invited us to the Iowa reception which preceded the Annual Bar Assn. Dinner. I understand that Ed is to be the next President of the Iowa Bar Assn., which is a compliment to both Ed and to Notre Dame.

At the Navy-Notre Dame game in Philadelphia we ran into CARLOS H. FRANK from Snyder, N.Y., and CHARLIE CONLEY of Havertown, Pa. Charlie had in his party Miss Genevieve Blatt, candidate for the U.S. Senate from the State of Pennsylvania.

ED ECKERT was also at the game, but due to the large crowd it was difficult to reach him between halves for a visit. Ed went to Philadelphia early so that he could visit with his daughter Sally, who is married and now lives in Germantown area.

BILL LYNCH reports that MARTY LINSKEY visited with him recently and that while they were together they called up DICK MEADE in California and had a long talk with him. Dick's new association on the Coast is going well.

GEORGE ROHRS visited Chicago recently in connection with the American Petroleum Convention. While in Chicago he had a long talk with JOHN O'SHAUGHNESSY. When the convention closed, George went on to Notre Dame and had a pleasant visit for a few days, staying at the Morris Inn. His visit was just prior to the Michigan State game and the athletic staff was still high on the team. While at Notre Dame he visited briefly with CHARLIE CALLAHAN and JIM ARMSTRONG and had a long visit with ED STEPHAN, who was at the University on official business. George reports that the library is a striking edifice.

BERNIE LENAHAN of Vincennes, Ind., writes that he recently spent a weekend with CHARLIE FARRIS and his wife while visiting in St. Louis.

ART RUPPE was recently transferred to the Lake Shore Division of Bendix Aviation Corp. at St. Joseph, Mich. Art and Mary celebrated their 27th wedding anniversary on Sept. 11 last. They have three children and seven grandchildren. While returning from Florida last winter, Art and his wife stopped off to visit T. C. PINKLEY in Sikeston, Mo. Pink sends his best to all.

FR. LLOYD TESKE writes that he said a Mass on October 1 at Sacred Heart Church for JIM SHEA, whose death had been previously reported. Father accompanied the team to Wisconsin and probably it was his prayers and blessings that started the season off so well. He expected to visit with JIM GEREND while in Madison, but at the last minute Jim became hospitalized and they were unable to get together. We trust that Jim is now well on the road back to recovery.

DICK MEADE's oldest son Richard was married recently in Portland, Ore. LEO CUMMINGS and JOHNNY ENGLISH journeyed down to California for the wedding.

ANDY BOTTI's son Michael is a freshman at Notre Dame and is now residing at Walsh Hall — of happy memory.

From the Alumni Office:

**LOU CHREIST**, president of South Bend Toy Mfg. Co., has been elected a trustee for four years of the Joint Board of Trustees and Visitors of DePauw U. in Greencastle.

**FR. LLOYD TESKE CSC** stopped in the office to give us the following news: **LES RADDATZ** and his wife **Mona** dropped in to see Father on Sunday, Oct. 25, and stayed for a couple of hours. They were driving from their home in Van Nuys, Calif., across country to Connecticut to attend the wedding of their son **Paul**. This was the first time back on campus for Les since graduation. Les reported that his former roommate **FRED MACBETH** would be at the wedding. **JIM GEREND** is recuperating after a siege in the hospital in Milwaukee. If anyone is looking for **SAM HYDE**, he manages to arrange his schedule to be at Notre Dame for the home games. **JOHN KENNEY**, **CHARLIE CONLEY** and **SAM HYDE** got together in Philadelphia the weekend of the Navy game. **HENRY CLUVER**'s son is staying at 115 Dillon Hall, next door to Fr. Teske's office—Harry's classmate.

**HAROLD RODDY** wrote to remind his classmates to take note of the birth notes in this issue to see what a man he is.

**CLYDE ROBERTS** has been appointed vice-president of engineering for Phoenix Steel Corp. with his headquarters at the company's corporate office in Claymont, Del.

Our sympathy to **ED KRAUSE** and his wife **Elise** on the death of her mother.

Somehow we misplaced a letter from **ROBERT KENLINE LLB '35**, public relations chairman of the Dubuque County Bar Assn., enclosing a clipping with the news of last July's appointment of Dubuque attorney **THOMAS H. NELSON** to the Dubuque County District Court Judgeship by Gov. Hughes of Iowa. Former city attorney and a lawyer for 30 years, Tom was nominated by a 10-man judicial nominating commission last summer. He occupies a post held by his father, the late Judge **PATRICK J. NELSON LLB '88**, from 1922 to 1938. Coming to the ND Law School from Loras College in 1932, Tom set up practice in Dubuque in 1934, practiced there until 1937 and then moved to the state of Washington. He entered the Navy in 1941 and served for five years, seeing action with amphibious forces in Okinawa and Iwo Jima. Returning to Dubuque after the War, he served as city solicitor from 1950 to 1960. The senior judge of the District Court was formerly his senior law partner. He has lately been a member of the firm of Nelson, Klauer, Stapleton & Ernst. Tom is married and the father of five sons and a daughter.

## Come ALIVE in '65! Class of '35 Anniversary 30 REUNION—June 11-12-13

### '35 Franklyn Hochreiter 702 Scarlet Dr. Towson, Md.

Two months have gone by and it is time to hit the publication trail again! Thirteen more questionnaires have come in and several letters. Before we get to the communications, here are the new names to add to the list of returns: (ten said they were coming next June) **BOB KENLINE**, **LOU HRUBY**, **GEORGE DEMETRIO**, **TOM (Hempstead) WALSH**, **CLARENCE PICKARD**, **DON LOPKER**, **BOB SHIELDS**, **LUKE KELLY**, **JIM PICK** and **DON JACOBI**. Two hopefuls are: **TOM LEONARD** and **SPENCER WALTON**. The last questionnaire was returned by the family of **JOHN LAGONI**. A recent note from John's wife, Genevieve, told us that John died back in 1961—June 4. No cause is given. To Mrs. Lagoni we extend our Class sympathy.

And now to the very welcome letters. Late in Sep-

**H. CLAY JOHNSON '32**, president of the Insurance Information Institute, has been designated "Man of the Year" in the property and liability insurance industry. Twice spotlighted (1947 and 1952), he is executive vice-president and general counsel of the Royal Globe Insurance Co., as well as the unpaid mayor of Rye, N.Y. The national newspaper "Insurance World," which presents the award annually to the individual deemed to have contributed most to the field, described Clay as one of the industry's most eloquent and forceful spokesmen, citing his efforts to build improved communications between companies and agencies through face-to-face meetings and joint educational programs, as well as his reelection as head of the I.I.I., which he helped found in 1960. He has served on several national insurance committees, is a hospital trustee in Port Chester, N.Y., and a member of the Law Advisory Council at ND, where he also received one of his two degrees in law.

.....  
ember one arrived from **BOB FOX**. (Congratulations on those six children and three grandchildren, Bob!) We felt right at home with Bob's enclosures; he is associated with "Tucson Green Valley"—Arizona's \$100-million Retirement Community. Bob talks of it as a "thrilling project in the GREEN desert." (Sounds wonderful, Robert—thanks for the invitation!)

We said that we could identify with the Fox man's work—did we tell you that your Scribe has changed jobs? After 15 years in public housing, we moved to City Hall last April as the executive director of the Baltimore Commission on Problems of the Aging. It, too, is a "thrilling" experience, and we are having a ball!

Almost 30 years have passed along, and finally **ART GREGORY** came to life out in Denver. Late in October he wrote about wanting to identify with our class—though he has always been considered part of the '36 crowd due to the BA-LLB combination course. Art has been practicing law in the home town for 28 years.

Art said he had visited with **JOE GREGORY** in Minneapolis recently. They were roommates for a year at ND and then Joe left for Creighton, eventually joining up with the Jesuits. That makes two of our gang—**JIM CORREGAN** being the other in the Society.

At the Air Force Academy game Art ran into **BILL COEN**, formerly from Iowa but now living in Boulder, Colo.

It was good to hear from you, Art. Welcome aboard—see you next June at our 30th!

**ART DEMERS** wrote us a note and enclosed a clipping from the *Springfield Daily News* (Massa-

chusetts) of September 5. It told in banner headline of the death on the same day of **J. FRANK MURPHY**. He died in his sleep of a coronary. To his family, our sincere condolence.

Art talked of meeting some of our crowd at a football rally and getting the cold blank stare with a "Yes I remember a Demers—but. . . ." Art is sans hair (shaved the head 20 years ago and now it won't grow back) and is an unknown person to his classmates. He suggests (and we like it) that each 30-year reunion have a blown-up 30-year-old picture pinned on his lapel with the caption: "This is what I looked like!"

How about it, Reunion Committee—can you arrange that with our old *Dome* pictures?

Art is with Arted Co. in Springfield, Mass.—where he has been associated for years (Pres-Treas. back in '60). He has a new home address—10 Ridgeway Circle. (Incidentally, Art, when you are at Bendix again you will be within spitting distance of our shack—call us!)

**LOU HRUBY** sent us a letter and enclosed about 60 pix of the 25th Reunion. As he said—"Last Sunday, in a rare California rain storm, I finally got to putting my photo records in order—and waddya know, I found the prints! Negatives too? No! But we're still looking." Lou has names on the back of some, and we have been adding a few more. Hope to have them on display next June. Thanks a million, Lou!

We now have the unpleasant task of listing a number of our men who will not be with us for our thirtieth due to death. We receive copies of letters which the Alumni Office sends to families of the deceased. Please remember the following in your prayers. To their loved ones we send our Class sympathy.

**CHARLES NOVAK** died April 20, 1963. **PAUL NOCKELS** died July 3, 1963. **PHIL COOLEY** died April 12, 1963. **JOE ARGUS** died October 24, 1964.

Near relatives of '35ers died as follows: **NORM FREDERICKS'** father, June 21, 1964; **KURT SIMON'S** father, May 12, 1964; **JOHN JORDAN'S** mother, March 29, 1964; **CHESTER SMITH'S** wife (Agnes), May 14, 1964; **FRANCIS DUNN'S** mother, August 26, 1964.

And that brings us to the questionnaires. We reported the last time to press that we had received 82. To this we add the new 13 for a total of 95—still pretty far from a representative group. It is only a third of the response in 1960. How about it, fellas?

We will go back to the remaining 13 we did not get to in October (who said they were coming) and then go to the above listed 10. That should give us space to mention a few who won't be with us or were only probable.

He and Esther have three married sons and one married daughter, with six grandchildren—three boys and three girls. Oh, yes, and there are also five unmarried sons and four single daughters! (That record—13 children—beats Gravel and all others, we think!) "Foots" was married in 1935.

more fun anyway, Luke!) Prior to that time he was with the departments of welfare in Glens Falls, Albany and South Bend. He and Mary Alice have two daughters, one of whom is married, and a grandson. Luke was married July 1, 1941.

That completes the questionnaires we have to date from those who say we'll see them next June. A word about **DON LOPKER's** note attached to the reply. He wanted to know what happened to **JOHN G. McKEAN**, who spent '31-'33 with us and then moved over to Harvard School of Business. Anybody got any dope for Don?

And now we'll mention several of the "maybes." **JACK SHODRON** (901 Westcliff Lane, Deerfield, Ill.) has been regional manager of Keuffel and Esser (instruments and engineering supplies) for five years after 21 years with Mobil, two with Caterpillar Tractor and two with Marquette U. That should keep the pot boiling a little longer. We hope that a lot more of you find your questionnaires and shoot them back to us. Otherwise our next trip to press will be a small one. **LET'S GET ON THE BALL, MEN!**

Have you marked your calendars for the **THREE BIG DAYS IN JUNE?** They are Friday, Saturday and Sunday—**JUNE 11-12-13!**

## SPOTLIGHT ALUMNUS

**GEORGE R. WENTWORTH '36**  
In the Big Woods, a Big Winner

The basketball Minutemen of Stearns High School in Millinocket, Me., are having another great season, but they'll probably never recapture quite the same thrill as their first State Championship last year under the coaching of George Wentworth.

Before receiving his BS in physical education at Notre Dame, George was on the varsity basketball and baseball teams for three years each and made his monogram each year in baseball as a shortstop. Going back to Maine, he started coaching in Fairfield and turned out teams in all sports for four years. He then moved to Millinocket and has been there ever since except for three fine years in the Navy Pre-flight program. Two of those years were spent at the University of Iowa, and he

& I also were on the ND gymnastic exhibition team and we had some great times.

**THOMAS J. DUNN JR.**, is dead. Just received word from Alumni Assn. that Tom passed away Nov. 13, 1964. Sympathy to his widow and family.

**MICHAEL J. O'CONNOR**, 678 Robley Lane, Gates Mills, O.; married, 2 children; staff asst. to sales mgr., International Rustproof Co. Mike travels quite a bit visiting major steel companies, paint companies & others. Plays golf, tennis (doubles) & never misses a Browns football game. His boy is a soph. at ND, and the girl enters college next yr. Mike, his wife & daughter traveled to London, Scotland and Ireland, visited his birthplace in Galway.

**JERRY LAMBIENTE DDS**, R.D. No. 1, Bath, N.Y.; married, one child; residing on small lake near Bath, N.Y., employed as dentist by USVA; son at Marquette U. A. Lt. Col. in Army Reserve, Jerry met his wife Jean, who is a nurse, while he was attending dental school at Creighton U. in Omaha, Neb.

**N. J. CONNOR**, 4270 Knollton Rd., Indianapolis; married, 2 children; printing (letterpress, offset, engraving, typesetting), Centennial Press Inc.; quite active in CYO & other organizations & boards that Nick has been connected with past no. of yrs. Says it has been yrs. since hearing from anyone, notably me. Better come to the next reunion and we will fill you in with a lot of news or else get that Centennial Press going and we will print more news from you in the ALUMNUS.

**ED EPLER**, 3655 Monroe St., Gary, Ind.; mar-

managed to get to Notre Dame a couple of times. Meeting many old friends who were in the same program, he had opportunities to get into college coaching but felt he wanted the high-school fun of building his own material.

Millinocket is a paper-mill town with one large mill owned by the Great Northern Paper Company, the largest newsprint company in the United States. The fine schools there are isolated from the rest of the world by many miles. The kids love sports, and George gives them plenty of action. Basketball is the main interest during the long winters. Stearns is the "Notre Dame of Maine," the smallest school in the large school division. Their shortest trip is 75 miles, and they travel around 4,000 miles each winter.

Two years ago Stearns came in second in Maine, but fortunately the New England committee took two teams from Maine so they went to Boston and won their first two games for another crack at the team that had beaten them for the Maine title. In an all-Maine final they won the game and the New England title. Last year they won all their games in Maine for the State Title and lost in Boston to St. Mary's, the eventual New England champs. This year they were undefeated up to January with twelve straight. In this section of Maine they had won 54 in a row. Overall they have won 380 while losing 136.

George's wife, whom he married in 1938, is a teacher and went back to teaching five years ago. They have three boys: Jim, who is a senior at St. Anselm's College in Manchester, New Hampshire; Tom, a senior at Stearns and a guard on the basketball team; and Joe, who is in the eighth grade. Tom has hopes of going to Notre Dame, and Joe is beginning to think about it.

When people ask George why he has stayed up in the woods practically all his life, his answer is simple: "We like the town, school, kids, and the virgin forest area in which we live has some of the finest trout ponds in the world."

Bob sent me a very encouraging letter, hoping that I will do a good job with this position as Secy. of our Class. Will try to do a good job providing material comes in from our Class. Bob writes as follows: "Am sure you'll do a great job in your new position. . . . Hope you have the best of luck & that the boys will keep you well supplied with news. It is a discouraging job, but as our gang grows older these columns in the ALUMNIUS become even more valuable." Bob is being transferred to Ann Arbor, Mich., Laboratories in a new job, so will be moving his family sometime in spring. Be sure to let us know your new address when you get settled. So far, Bob, have reported some 60 questionnaires and they still keep coming. Will forward the news just as soon as I get it written.

LEO McFARLANE, 1008 Cleo St., Lansing 15, Mich.; married, 3 children; time study observer, Oldsmobile Div., Gen. Motors Corp. Leo likes the way ND is going this yr. & what a tremendous job Ara is doing. Who isn't happy among alumni? Everyone has been asking me what happened to ND the past 5 yrs. Now they are saying the pros are back, so you can't win no matter what you say or do. Leo sees DON ELSER on TV officiating football games. Leo wants to know how PAUL RUBLEY is these days. Will let you know as soon as he drops us a line.

ROBERT BURKE, 901-5 Kentucky Home Life Bldg., Louisville, Ky.; attorney at law; married, 2 daughters, 1 married, 1 age 7; is busy with law practice and business interests, civic, political and charitable activities; was on Board of Trustees, U. of Louisville, 12 yrs.; now a member of Board of Overseers, Bellarmine College, & several charitable organizations; member of State Central Executive Committee, Democratic Party; still plays cricket but not too seriously; hunts, fishes and belongs to fish and game clubs in his area and in Fla.; also appropriate luncheon & country clubs; music editor of the Ky. *Irish American*, a weekly newspaper with the only known deaf music critic in the world, something of a distinction to say the least. He hopes everything goes well with us all and is looking forward to the 30th reunion in '66.

Have finished all the reports to date and must say I enjoyed hearing from the group that wrote. However, it was another matter writing up these reports. To some extent I have enjoyed it and feel that I have contributed some support to our '36 Class. Will continue with reports as they come in, as I expect some more in before the week is up. These few I will mail immediately along with one from FRED GABRIEL, as I expect to see Fred soon in Dalton, Mass. I also wish to express my appreciation to all the boys who've written me. Don't know what I can add to this except that anyone traveling in this vicinity should be sure to drop in and at least say hello. We live just 4 miles north of the N.Y. Thruway. Will be more than glad to have anyone stop and pay us a visit.

From the Alumni Office:

CLIFFORD BROWN, Norwalk, O., won his election for judge of the Ohio Court of Appeals.

JEROME RYAN '41, president of the Hamilton, O., ND Club, again distributed Christmas cards showing his 13-member family. Directly behind Jerry and wife Amy (SMC '42) are Michael '68 and Dean '69, eldest of four boys, seven girls.

of which he was president before resigning to take the VA job four years ago.

The office received a copy of a note from JOHN MORAN to JOE WALDRON, probably forwarded to LARRY PALKOVIC, which we quote:

"I'm still in public relations but my new affiliation is director of public relations for Nassau Hospital, Mineola, N.Y. Nassau is Long Island's oldest voluntary nonprofit hospital and is currently completing a \$4 million building program. An interesting sidelight is the fact that the executive director, Fred K. Fish, has a son currently an undergraduate at Notre Dame.

"Since it's the bane of class secretaries to usually be short of news I've got the following items to pass along to help alleviate the shortage. BUD GOLDMAN's charming wife Eleanor visited with us last winter while in the East to see her folks. Bud is managing the Tucson, Arizona office of an expanding western advertising agency, and is active with the Tucson alumni club. Had lunch recently with JIM MacDEVITT '35 who is both a CPA and an attorney. Jim's office is just a few blocks from mine. Talked with ED NEAHER '37 (formerly '36) not so long ago. Ed is a Long Island resident who commutes daily to New York where he practices law with one of the larger legal firms whose name escapes me at the moment.

"Saw AL PERRINE '41, Foundation director for New York, a number of times this spring and used his office on occasions when in the big city. Al was eating, sleeping and talking little else but the Foundation's Challenge II program, and the way he was tackling the job he may raise the entire quota by himself. In closing I'd like to hear from CLIFF BROWN and ANDY HUFNAGEL one of these days."

From the Alumni Office:

JIM BACON went to Europe to talk with Liz Taylor. Some job! He wanted her to put her name on a book he is writing about her, but the trip was not in vain as he got agreements for Richard Burton and Sophia Loren to write their autobiographies. Jim says the Paris nightclubs are oo la la!

PAUL FOLEY was elected chairman of the board of McCann-Erickson. Paul, who handles the GMC Truck & Coach Div. advertising account along with others, is recognized as one of the top creative practitioners and spokesmen in advertising.

FR. ED JOYCE CSC paid tribute to the football team and coaches at the annual St. Joseph Valley ND Club football banquet.

ED FISCHER was a speaker at a convention of the National Council of Teachers of English held in Cleveland last November.

ALBERT J. SHWARTZ, secretary-treasurer of the ND Club of Salina, Kan., sent us some notes last summer which somehow got mislaid. Al enclosed a clipping about a special conference called by Gov. Kerner in Springfield, Ill., to study the educational program set up at the Menard State Penitentiary by Prof. TOM CASSIDY of Southern Illinois U. This was one of the accomplishments that earned Tom a "Spotlight" a year or so ago. Al mentioned that his own son John, an ND junior, rooms with George Bernard of Springfield, son of ED BERNARD, who spent his first three years with the Class before entering St. Louis U. Medical School. During the last Easter vacation the Bernards went to Florida. With three days left in a fishing contest Ed had the largest Bonita taken last spring. Al also mentioned that CARL SENGER, assistant controller of the Warren Petroleum Co. in Tulsa, lost his wife last June.

LOUIS BUCKLEY '28 reports that while speaking at Union College he met a colleague of NORMAN BURKE '38. Norman is Dean of the Auburn Community College in Auburn, New York.

Right after getting elected to the State Legislature last November and carrying LBJ in along on my coattails, I received a bunch of questionnaire replies from local '38ers: LOUIS ANDERSON, Paducah's most famous export; DON FISHER, at whose mansion overlooking the St. Joseph Cote d'Azur we wound up the 25th reunion New Year's eve, BOB DuBOIS, who commutes to his president's suite at the AMS Corp. in Elkhart when golfing weather is bad; FRANK SCHAEFER, trim enough to teach lifesaving to the Scouts last summer; and JIM LAHEY, whose son Pat was All-State tackle on the local Catholic High School team that won the state championship this fall. I don't know if they suddenly feared for their taxes or took pity on me, anyhow if it takes this to get those Who's-Who-In-'38 questionnaires in. I might have to run on a national ticket. Two other ex-South Benders replied too: CHARLEY DUKE, now with Avis in New York, and TOM WUKOVITS from near Detroit, who has senior and freshmen sons at ND. Tom's old basketball teammate JOHNNY MOIR was spotted at the Iowa game with his son by DON HICKEY, who also saw JOHN COTTINGHAM, who has son Michael pursuing excellence under the Dome. Old faithfuls also replied like JOHN GORMAN, veep of City National Bank in Detroit with son James a frosh at ND; DICK SCANNELL from Fairfield, Conn., who's sent me many an encouraging note; LARRY "HOOK" KERWIN from Cleveland, who has daughters in college and Nora, 3, at home plus three boys in between; WALT MONACELLI, almost a neighbor of Hook's; CHARLEY BECK in Toledo, DANNY SULLIVAN and FRANK

**O'LAUGHLIN** in Chicago. We went for the fatted calf when we heard from **CHARLEY MAGALUSO** and **CHARLEY BROSIUS**, who never graced our reunions. Mac is a psychologist at Great Lakes and just might have known there would be some heads that needed shrinking at the comebacks. Brosius, who always finished his accounting before I could check it with mine, has carried this unneighborliness too far. Let's follow up this questionnaire with an appearance on campus in '68, eh? **DR. BOB BRYAN** checked in from Scottsdale, Ariz. Father **BERNARD DE LAVY** is now back at Catholic U. after four years in India.

**JOHN POORE** sent a letter from Dallas asking about **DAN COCHRAN's** address in San Francisco (105 Montgomery Ct.). Said he saw **AL LeBLANC** in Houston, where Tex is a pipeline technologist, and also ran into **CLARK REYNOLDS**, traveling for Union Bag, as well as **TEX HAGGAR** on many occasions.

**DON L. SMITH** wrote on traffic engineering stationery from Colorado Springs that health held him up from attending the 25th but he'll make the 30th and wants to know what happened to **EDDIE BRENNAN** (probably will play 2nd for the Sox next year). Don and wife Rowena helped **CHARLIE CALLAHAN** represent the Class at the Air Force game.

Since my wife Helene and I were in Europe on a CFM-sponsored people-to-people trip in which we lived with 7 different families in Italy, France, Belgium and England, we missed the first two home games but saw a happy band at the last three, especially the Michigan State revenge. **JOHN O'CONNOR**, **BOB WHITECOTTON**, **LEN SKOGLUND**, **DR. JACK LUNGREN** from Long Beach, Calif., **DENNY EMMANUEL**, **BILL CLIFFORD**, **JOHN FRANCIS** were in the stand but on their feet most of the time. Also **CHUCK SWEENEY** commenting on the officiating, which he says improved greatly (9 times) this year.

**FRANK PRUSHA** wrote there was a '38 table at the Chicago Rockne dinner in December at which were **FR. JACK ANTON**, **SKOGLUND**, **DAN GIBBS**, **FRANK O'LAUGHLIN**, **BOB GARTLAND** and **OWEN KANE**.

'38ers are still on the move: **JOHN PLOUFF** from Indianapolis to 1555 E. Cumberland, Milwaukee; **PAUL LOCHER** from France to 4833 Rodman St. N.W., Washington, D.C.; **JOE KUCHARICH** from New York to near his Eagles at 320 Tower Lane, Penn Valley, Narberth, Pa.; **JOHN HEAD**, whom I saw at the Mich. State game, from Danville to 433 Pickett St., Plainfield, Ind.; **TOM FITZGERALD** back home at 7501 N. Pennsylvania, Indianapolis, Ind., from California; **BILL FISH** from Cleveland to Mentor, Ohio; **JIM DUTMERS** from Grand Rapids to 1532 US 31 N., Traverse City, Mich.; **DAVE CONNOR** from Ohio to 5760 Harvard, Detroit; **JOE CAMPBELL** from Fayetteville, N.Y., to 247 Elmwood Drive, Rocky River, O.; and former fellow Swede and trackman **ED BOYLE** is now tracking 'em down for the FBI in (P.O. Box 948) Savannah, Ga., after Arizona.

Since I'll be legislating the next few months I'll need your help in getting in the news—and questionnaires—for the next issue. All politicians need help, my wife used to say, and she proved it during the campaign. Whenever I came home from a long day's campaigning, tired and sweaty, she always had the hot water ready for me; she knew how I hated to do the dishes in cold water.

See you in the cloakroom — "Senator Swede." as **CHUCK SWEENEY** introduces me.

From the Alumni Office:

**JOE KUCHARICH** signed a new 15-year contract as general manager and coach of the Philadelphia Eagles—believed unprecedented in the National Football League.

**MAJ. GERARD G. SCHAEFER** is now on duty with a unit of the US Pacific Air Forces in Viet Nam as an intelligence staff officer and is helping provide essential support and services for USAF personnel who are training and assisting the Vietnamese in their fight against communist aggression.

Your Secretary **BURNIE BAUER** has received the award for excellence and proficiency in commercial water conditioning of the Lindsay Co., for which he is the South Bend distributor.

**Mike**, 10-year-old son of **CHARLIE CALLAHAN**, was examined at the hospital and released after being in an auto accident while riding with friends.

**BRO. EDGAR CSC** is back in Indianapolis after four years away. He is keeping busy in the treasurer's office at Cathedral High School.

**PAUL FORTINO** was elected to the board of directors of Security First Bank & Trust Co., Grand Haven, Mich.

**TOM FITZGERALD** is manager of the new

Indianapolis, Ind., office of the Sprague Electric Co.

Judge **CLIFFORD BROWN** won his election for 6th district court of appeals in Ohio, taking office on Feb. 9 for six years.

**GEORGE KEENEN JR.** is telling everyone of his namesake's engagement and pending marriage to a pretty colleen by the name of Sheila O'Callaghan from Montclair, N.J., and Madrid, Spain. George III is a senior here at ND.

**LARRY EBV** recently moved from Linden, N.J., to 400 Schenck Ave., Dayton, O. 45409, and is now president of Protective Treatments Inc., and Aeroplast Corp., both subsidiaries of Helene Curtis Industries Inc.

From the Alumni Office:

**DAN FALSIONI** and wife Victoria are the proud parents of their first son, born April 21, 1964. Julie, 11, and Paula, 6, are just as pleased with Brian John. Dan ran for election for a four-year term as city judge on the Democratic and Republican ticket in November, 1964, and won on both in the primary, so he was unopposed in the election.

**EDWIN O'CONNOR's** "I Was Dancing" play, starring Burgess Meredith and Orson Bean, closed after 16 Broadway performances. Don't feel bad, Ed. A lot of fine plays have closed after the first night, and anyway the next one will be bigger and better.

**REUNION—June 11-12-13**

**'40 James G. Brown**  
144 East 44th St.  
New York, N.Y.

We sincerely hope everyone is planning for the big 25th in June, '65. The announced dates are June 11-12-13 so start planning now! Had a good questionnaire back from **ERNIE TIMPANI** whom you read about recently. Ernie has been working with penal and correction institutions for the past twenty years and in the Pacific Northwest for the past six, currently in Shelton, Wash. He is married and has eight children. Each institution builds an extra wing just for Ernie. Last seen were **ED KELLY**, **TONY POTENZIANI**, **JACK BARRY**, **ANDY DE SIMON**. Ernie is looking forward to the reunion and to seeing **GERRY FLYNN** and **EARL BAGAN**. A little help came from **GEORGE WARD** in Bay City, Mich. George is an accountant (CPA), married and has a family of five; George's oldest boy has already graduated from ND ('63).

**CLASS OF '41 "brass"** is infiltrating the White Plains Squadron of the Air Force Reserve, with Lt. Col. **Jim Spellman** (left), Class secretary, recently supplemented by a buddy, **Maj. Richmond Mead**.

No excuse for not making the reunion from Bay City. George hopes to see **DAVE BERNARD** and hopes he is well after the boat with polio. Have a note from **NORM BOURKE**. These notes and questionnaires that come back with only vital statistics kill this column. However, at this point we're grateful for small favors. Norm is dean at Auburn Community College, Auburn, N.Y., married and has two young sons. Last seen were **JOE BURNS** and **BOB SHEA**. Norm actually was saving all the news for his visit to the campus in June, '65!

Had lunch recently with **JOE CUMMINGS**, who has been a partner with PMM, a national accounting firm based here in NY for a number of years. Joe's oldest boy is now a frosh at ND. He recently saw **TOM FORD**, who is a topflight tax attorney and partner in one of the leading law firms here in the city. Tom has two sons at ND now. Speaking of sons, you should have read that **PHIL SHERIDAN's** son was elected captain for next year's football team. This is a real clique between Sheridan and **JOHN KELLY**: among the three, they have two football captains. If Kelly comes up with a son who makes it, the other 49 states will ask for a recount. We especially want to see those fellows in June who were not available in 1960. Be there.

From the Alumni Office:

**MAJ. GEN. JOHN P. HENEERY** placed a wreath at the east door of Cantigny War Memorial museum during ceremonies for **JOHN F. KENNEDY** on the Col. Robert R. McCormick estate near Wheaton, Ill.

**KENNETH GUTSHAW** is the new general manager of the new fabrics dept. of the fibers and fabrics div., Union Carbide Corp. He will be responsible for new fabric development and subsequent marketing activities.

A most blessed New Year belatedly, to all the Class.

Your scribe has very few tidbits of news for dissemination. Seems he has no correspondents around the country! How about a delayed New Year's resolution to write your secretary once in a while? Well—I expect to send out another batch of dues bills within the next six months. You who have paid fully will please disregard them; and you who have partly paid up can be thinking about the unpaid balance; and those many nonpayers can get caught up before we reach our 25th Reunion. Kindly refer to the ALUMNUS issues for the past three years if your memories don't recollect what you have paid. With the help of **AL PERRINE** and other '41ers who keep in contact with me, I am formulating plans for the activity expected at our next get-together. We will have some souvenir of the occasion. Also, with your concurrence, we will splurge a bit as we did at the 20th. All of those who returned to the campus enjoyed themselves. **TOM DELIA** has recovered from that illness that laid him low last winter. He is looking forward to 1966. Tom has a boy at Notre Dame in his first year.

A realignment in the recovery units of the US Air Force Reserve last summer resulted in our White Plains Squadron acquiring some additional personnel. Who should pop up but **RICHE MEAD**—Major Mead to you. Rich is with William R. Grace Co. here in New York. You will remember that Richie enthusiastically called me in the late summer of 1963 to report that a new child born to him and his wife made him the oldest father of the Class of '41. You can imagine his dismay when I told him that my son was born just a little later than his, thus spoiling his distinction. Well, he has started speaking to me now that he is in my flight. Rich thought it would be nice if we sent our picture in to the ALUMNUS to show the country that it had nothing to worry about with us in uniform (thank God for a strong Navy), so here it is.

Another small bit of information about your secretary is his change of address. We have bought a house at 14 Deerfield Ave., Eastchester, N.Y., a few paces west of **DR. BILL CLARK**. In the area within hollering distance are other Notre Dame men such as **JACK MURPHY** (right next door to me); an ex-pres. of the ND Club of NY, **BUD MULVEY**, is two blocks away, as is **BOB FINK**, the lawyer. I can start a club on my own street! So, classmates, write me at either business or home ad-

dress. Your letters will be most appreciated by your fellow '41ers.

An intriguing note from WALT DESEL, who is of the Class of '42 but who is well known to many of us. Walt has started on a new venture, called "Flotsam-Fantasies." This involves the salvaging of driftwood and making abstract pieces of art from the raw wood. Walt's studio is located on Fire Island. He instituted the first "outdoor art show" in 1961. In addition he has had shows at Carnegie Recital Hall, various art galleries and the American Veterans shows.

A request from your secretary to remember all of our departed classmates in your prayers. Each year takes its toll, and we never know when it will be our turn. Remember, too, BILL BAUM's father, who passed on recently. Bill and his late father operated a business of long standing, one of the products being a blood-pressure instrument, an item used on most of us at one time or another.

That is all for this issue of the ALUMNUS. I hope you will make a New Year's resolution to communicate with your secretary.

From the Alumni Office:

JOHN O'LAUGHLIN has been appointed the law department general representative by Illinois Bell Telephone.

BOB WATTERS is now manager of circuit development for General Electric's vacuum products operation.

VINCE SCHIRF was appointed head of the Mishawaka, Ind., municipal utilities.

Congratulations to JOE E. BROUSSARD, secretary-treasurer of the Beaumont Rice Mills, Beaumont, Tex., on his present term as president of the Rice Millers' Assn. Joe took office last August after his election at the 1964 convention in Hot Springs, Ark. Joe represents the third generation of his family to enjoy this distinction. His grandfather was one of the organizers of the assn. around the turn of the century and his father, CLYDE E. BROUSSARD '13, served as president a generation later. The organization embraces practically all rice millers in the Ark-La-Tex area and maintains an office in Washington, D.C.

was ever so watchful of those two sons of Notre Dame, be ever more a protectress of their wives and families. As we approach middle age we shall be experiencing this tragedy more and more, and yet when it does occur there is a great loss and an irreplaceable void.

A letter from faraway Nashua, N. H., arrived from JOE GALL. It brought more details on the death of TOMMY KERRIGAN, a terrific person and truly a great son of Notre Dame. Tom and Joe had been close friends while they both lived in Youngstown.

It was sad news also to hear of the death of the father of JOHN BAUM. "BLACK JOHN" MURPHY forwarded a copy of a letter he had sent John who lives in Brightwaters, L. I.

A regrettable and confusing situation exists. A change of address for JOSEPH C. McMANUS JR. was received recently from the Alumni Office. When the records were checked, it was found that Joe's name appears on the Class of '44 memorial card and on the list of deceased persons. The Alumni Office has no record of his dying. The new address given is 11 Lansing Road, Mt. Pleasant, So. Carolina. Let us hope the problem will be solved before the next column goes to press.

PAUL COLIANNI has the most fabulous secretary, his wife Fran, whose note with news items of '44 Class members certainly was appreciated. Perhaps other wives could follow her lead. The "male" has been extremely poor in keeping the secretary posted.

Fran wrote that WALLY "MAX" ROGERS spent many hours, day and night, preparing for a gala ND gathering in Chicago. Undoubtedly, fellow '44ers gave him their ever-loyal support. Another Franagram stated that the ANGELO BERTELLI and the ED DUNIGAN's spent a weekend at ND registering and acclimating their respective sons in the freshman class. The Colianni's daughter is a sophomore at Miami U. (Ohio), while their son, a high-school junior, is a wrestling enthusiast.

"BLACK JOHN" MURPHY has been a most faithful correspondent and his letters are welcomed. The Murphys arranged a soiree when "RED JOHN" MURPHY and Stella, Wilmette, Ill., visited the Fair. The entire Class of '44 couldn't attend, but the ANDY BARBIERES, ED DOWLING, JOHN DUFFYS, JACK KELLYS, BILL O'CONNORS, JACK SULLIVANS, and TONY EARLEY imbibed

Mahon was associate director of clinical research for the Upjohn Co. in Kalamazoo, Mich. During this time he was a member of the teaching staff of Borgess Hospital in that city.

Born in Kalamazoo, Gil followed up his B.S. in chemistry at Notre Dame with graduate work and chemistry teaching at the University of Detroit. While studying for an M.S. in pharmacology at the U. of Michigan, he held a fellowship from the U.S. Public Health Service as well as a pharmacology fellowship from the university. He remained at Michigan and later received his M.D. there.

Gil interned at St. Mary's Hospital in Grand Rapids, Mich., and took his residency in internal medicine at the U. of Wisconsin Hospital. He also served as captain in the U.S.A.F. and was assigned to the Lackland Air Force Base Hospital, San Antonio, Tex.

He taught medicine and endocrinology at the state universities of Louisiana and Wisconsin and was a visiting physician at Charity Hospital in New Orleans. Gil was also on the staffs of Touro Infirmary and Southern Baptist Hospital in New Orleans. Diplomate of the American Board of Internal Medicine, he is also a fellow of the American College of Physicians and serves as secretary-general of the International Immunopathology Symposia.

It is appropriate to mention again our slogan, "Rise and Shine in '69." That date — June, 1969 — will be the time of our very important 25th Reunion. It is not too early to begin making plans. GEORGE BARISCILLO, our president, will be ever grateful for any suggestions. Meanwhile, as a Lenten penance your secretary suggests that you pen him a few lines in order to supply him with ample material for the next 1944 Class news.

While this may appear to be a bit premature I do wish to call to your attention that in 1966 twenty years will have elapsed since good old graduation day. In view of this, and although our Class may be considered small, let's reveal that we not only have great spirit but big hearts by making every effort to attend this assured memorable 20th Class Reunion. ### CHALLENGE II

A random ramble through the list of key men in the University's Challenge II hustle reveals the names of BILL HASSETT as co-chairman in Syracuse, N.Y., and JOHN MULLEN as alumni finger man in Toledo. There may be a few more I've missed, and undoubtedly many of our men are working in the ranks to make the worthy drive a success.

### CHRISTMAS POSTSCRIPTS

A few of the Christmas messages we received reminded us that even at such a joyous time life is tinged with sorrow.

BOB MULCAHY wrote: "The last couple of years have been trying — on Jan. 17, 1963 my dad passed away after a long illness, and on Jan. 18, 1964 my mother died suddenly." Please remember them in your prayers. . . ."

And PHIL DELINGKE's widow, Dot, reveals her health is subpar in the wake of Phil's death August before last. Their daughter Sharon, with the natural verve of youth, is in 11th grade already and is a varsity cheer leader at school.

From far-off Pakistan, BROTHER IVAN DOLAN CSC reports a spate of systematized pilferage of checks from envelopes to missionaries, with indications the dirty work is being done in East Coast post offices. Rejoicing after the football team's wonderful season, he reveals "even the missionaries showed a lot more interest in the ND games than they have in the past few years." There you are, ARA, you're the toast of Bengal too!

And a surprise card from Elvira and TOM McGUIRE reveals they have transferred from Rio to Mexico City, presumably at the behest of Vick Farmaceutica S.A. So Tom continues to operate south of the border . . . ay, there's the VapoRub.

### YOUR MOVE

Speaking of address changes, here are a few which seem to be of special interest:

LORD JIM GRIFFIN has abandoned his Manhattan digs for a spot in scenic Stamford, Conn., just up the Merrick Parkway from Bustville.

PAT McCULLOUGH has moved from Huntington Creek Road in Atlanta, Ga., to River Valley Drive in Chesterfield, Mo.; there's a message in there somewhere.

LARRY LYNCH and HUGH SKIDMORE have also jacked up the Missouri per capita via respective switches from Dallas and Palatine, Ill., to Kansas City.

That old South Bender, LARRY REISTER, turns up in Tucson after a few years in Natick, Mass., presumably still with John Hancock. Right? A personal memo: Visited with Frank Ham at the ND football banquet, Larry, and unshamed tears were shed over memories of the old UGS.

JIM GOOLEY has taken the southern route, from Cranston, R.I., to Charlotte, N.C. And BILL HABERMANN has invaded Beloit, Wis., from Watertown, N.Y.

### PREENING TIME

If you'll indulge your old scribe in a personal note or two, I was honored to be chosen to participate in a panel on "The Class Organization of the Future" during an all-day alumni workshop on campus in mid-January. More of that later.

And the April issue of *The Catholic Boy*, published by the Holy Cross Fathers under the aegis of FATHER TOM McNALLY '49, features a yarn I put together on the great young St. Louis Cardinal catcher, Tim McCarver. Now that I've cashed my check for it, I can reveal I'd have paid to write that one on one of my favorite athletes.

## '48 George J. Keenan 177 Rolling Hills Rd. Clifton, N.J.

It's Christmas week and also the time to get another column together about the illustrious Class of 1948. I have been delaying this column hoping for some last-minute information but there is no use waiting any longer as it is late now.

I am sure that everyone in the Class of '48 had that "old-time feeling" this fall as we watched, heard and read about the great team that represented us on the gridiron after the famine of the past few years. It certainly was something that we were all proud to behold and it was a pleasure not to have to give the Monday morning excuse for what happened on Saturday. It sure was like old times, and it is for sure that it was a great surprise to all. We look forward to things being just as good next year and the year after that and so on just like we were used to in bygone years.

I was able to take in the Navy game at Philadelphia and was pleased to run into a lot of old friends of the Class of '48 and also of other eras. Everyone had the feeling of confidence and the air of hope that this was going to be a great year, and it turned out that way with the Navy helping our plan of success. Taking in the game with his son Jim Jr. was JIM GORMAN, who is an assistant vice-president at the Chase Manhattan Bank in New York City. Now we can say for sure that we have a "friend at Chase Manhattan," and it is especially good to have one in the mortgage department. DON BEGLEY, who is with Allied Chemical in New York City, also found time at the half to look around for old friends and tell them about his growing family which now numbers three offspring.

BOB SATTI, who is practicing law in New London, Conn., told us that his family has grown since we last saw him and that there are now five youngsters. Lined up in a small formation was a Walsh Hall ROTC unit talking over the statistics of the game and family: BILL BRACKEN, BILL WADDINGTON, JACK KEARNY, TOM MULHERN, JACK GALLOWAY and their spouses. BART JOHNSON was promenadeing about with his six-inch Goldwater button, looking real happy about the progress of the game and not feeling too confident about the following Tuesday. Talking with NEIL KELLY about his diet that has brought him down to 210, we both missed the opening touchdown of the second half. It was such an interesting diet that time passed faster than we realized. GEORGE OLVANEY spearheaded a group from Garden City, Long Island, and from all reports he lead them home after the game in a real blaze of glory. In this same group were TONY EARLEY and ED MURPHY who had just returned from Hong Kong. BUNNY REGAN was with his wife Betty and son Jack, along with LEO COSTELLO and his wife Rita. I made the trip to Philadelphia with GENE DEAN, CHARLIE McNAMARA and our wives (each had one) and we partook of the tailgate luncheon in Ivy League style. It was a great day for the Irish and good weather, and we are sorry that we did not get to see many more of our Class who were somewhere in the group of about 100,000 that filled the stadium.

On a recent trip to Pittsburgh, GENE DEAN tells me, he met DICK ELLIOTT, who is assistant sales manager for the Miller-Meteor Motor Car Division of the Wayne Corp. Dick sells hearses, so if anyone is interested in having Dick

BRO. IVAN DOLAN C.S.C. '47  
In Pakistan, Fieldman for the Faith

The Spotlight projects its beam half-way 'round the world this issue to finger a Notre Dame man of many facets . . . teacher, school administrator, counselor, practical nurse, social worker, contractor, resettlement director, ambassador, giver and beggar of alms. In a word, a missionary, with three six-year service stripes figuratively sewn to the sleeve of his threadbare white cassock.

Brother Ivan recently completed the high school in the background at Birodakuni in East Pakistan's Mymensingh district. By American standards, the job was dragged over much too long a span of years. But then American builders don't have to contend with the inevitable rainy season each year, floods in an area only 65 feet above sea level, white ant invasions, empty coffers, difficulty in recruiting and paying laborers, and — just within the past year or so — the terrified flight of the Garos across the border to Assam.

Peace is returning to the land, Brother Ivan reports, but his school enrollment was

down to 13 from 300 at semester time a year ago. "Every time I hear of one of my students returning, I either send for him or dash out to his village on my old motorbike and drag him in to school . . ."

By summer, more and more Garos had returned — "Unlike Job, they do not have even a heap to sit on . . ." — and attendance had reached 150.

"That's about where I was three or four years ago," Brother Ivan recalls. "Most of these kids cannot buy their books or pay their school fees. So I buy the books and pay the teachers, and hope and hope . . ."

A native of Waterloo, Iowa, Brother Ivan is here featured in his own right and as a representative of Holy Cross missionaries the world over whose material accomplishments are nil but whose spiritual wealth is incalculable.

With apologies to the Victory March-writing Brothers Shea and the prolific pamphleteer, Father John A. O'Brien: "What though the odds be great or small, God's eager fools will win over all!"

"put them in the driver's seat" instead of the back door, this is a good way to keep ahead of the Joneses next door.

BILL BONWICH, our permanent reunion chairman, writes that JACK DEE who is now a department store scion from Bellfontaine, Ohio, was on a European buying trip last summer that took him to Rome, Florence, Geneva, Madrid, London and Paris. While in Paris he visited with GEORGE BURNS and family. Jack was accompanied on this interesting trip by his wife Dorothy. Thanks for the news, Bill; always glad to hear what you hear.

Had a nice letter from GEORGE NEWITT, who is enjoying a very successful legal career as a trademark and patent lawyer with the firm of Bair, Freeman and Molinaire in Chicago. George writes that he is also joined by two other Notre Dame men in this firm, GEORGE McANDREWS and JIM CALLAHAN.

A lengthy letter from TOM HIGGINS is a column in itself, and I am going to pick out all the highlights of what he has to say about what he knows of what is going on with our brethren of the Class of '48. Tom begins by saying that the "pangs of conscience were beginning to get him" for not cooperating in sending in some information. (Don't any of you other guys have any conscience?)

Tom is now living in Detroit having moved from Rochester, N.Y., about two years ago, and he really wants anyone coming into Detroit to look him up. He is living in a huge house, and with hotel space shortages from time to time, etc., he wants everyone to feel welcome. Tom tells us that EMMETT O'NEILL is now in Plymouth Meeting, Pa., with Ball Band and BOB McLEMALE runs a pizza business in Mobile, Ala. In Detroit, Tom says, he has seen LOU SINGER who is with Dictaphone, PAUL HUSSAR who is with Metropolitan Life, HERB COLEMAN with Diebold Safe, and also JERRY WAYNE, JOHN PANELLI and JOE FLOOD. After coaching high-school football in the Detroit area, JOE FLOOD is now at St. Thomas College in St. Paul, Minn., and as a result of this move Tom is beginning to make money playing golf because he no longer has to have LOU SINGER as a partner against Joe and his hand-picked partner. Tom would like to hear from BILL FERRICK and also LOU ALMASI. He also notes among his lost contacts JACK PARKER, MATT PINTAR, CHICK and DAVE SLATTERY, FRED NAGELE. So if any of you read this, you can send Tom an Easter card at his home address, 16830 Sunderland Road, Detroit, Mich., because he sounds anxious to hear from y'all.

HAL TEHAN, who is vice-president of the Haggard Co. in Dallas (they make slacks and sportswear), begins a letter by being real trade-like. He says "if you put any of this in the ALUMNUS, please tailor it to suit your taste because I am giving this to you in an off-the-cuff and impromptu fashion." Get a load of those "metaphors"; aren't they something? I really got a belt out of it and want you to know that Hal has twice risen to the task of sending us some info about what he finds may be of interest for this column. During the summer Hal and his wife Maureen and their sons Tim and Brian took a trip to California and saw ART ARAGON who has a very successful law practice in Los Angeles with offices on Wilshire Boulevard. Down Houston way, TOM BRENNAN is now general counsel and vice-president of Astral Oil Co. MARTY O'CONNOR has left Dallas and is now in Kewanee, Ill. with Sandy's Inc. as executive vice-president. Marty graduated from ND Law School in 1951.

DAN GENTILE has relocated from Burlingame, Calif. to Indianapolis, Ind. RALPH THORSON is now with the department of parasitology and tropical health at the American University in Beirut, Lebanon. MARTY DEUTCH's last known address was Navy 128, San Francisco, but the mail is coming back "Unclaimed." Anyone know where Marty is? JOHN DOYLE is now in Cedar Rapids, Iowa, having moved from Sacramento, Calif. TOM CONLEY is in Honolulu.

Everyone is on the move. I just got back from a three-week trip to Jamaica, Dominican Republic, Haiti, Puerto Rico, Antigua, Trinidad, Venezuela, Panama, El Salvador and Guatemala. Strictly a business trip! If we have any members of the Class of '48 in these areas, I'd like to know your whereabouts as I hit the spots a few times a year.

It looks like this is about it for this edition. I'm glad to hear from some of you and would like to hear more. There are four editions of the ALUMNUS a year and the closing date for info to be published is about three months before issue date, so the news may not always be current but whatever you can contribute helps out, regardless. So if you want anything in the June issue, write now.

Classmate SAM HAZO of Duquesne U. passed through on a State Dept. cultural mission to the Mediterranean and Ralph says his poetry readings, particularly of his own work, were a credit to ND and the US.

ED HOBAN, executive v-p of McMahan & Hoban Inc., Chicago, and chairman of Noramco, Inc., Waukesha, Wis., was elected president and chief administrative officer of Noramco, diversified management holding company. He has been chairman of the firm and its predecessor, Fox Head Brewing Co., since 1957.

FRED LINDAHL, Mishawaka, Ind., has been named asst. sales mgr. of the Dracoo div. of Fuller Co., Cleveland, manufacturer of pneumatic conveyor systems, etc. Fred, who has been a senior project engineer for the Wheelabrator Corp., Mishawaka, since 1951, was previously a development engineer for US Rubber Co. in Mishawaka three years.

**JOHN F. FINK '53 and Family**  
From Editorial Family, Family Editor

A recent feature noted **Francis A. (Bill) Fink's** 30 years as managing editor of the national weekly *Our Sunday Visitor*, in Huntington, Ind., in his 35 years since graduation, only incidentally mentioning his founding *The Family Digest* and other periodicals. The February issue of *Catholic Home Messenger* devoted its Catholic Press Month feature to the latter publication and its editor since 1957, Jack Fink.

Oldest of Bill's six children, Jack took over the editorship of *The Family Digest* only four years after graduation and at 25 was probably the youngest editor of a major Catholic magazine. A family editor from a family of editors (his great-uncle and namesake, Bishop John F. Noll, was founder-editor of the *Visitor*), Jack has further enhanced his credentials with the family shown above (from left: Robert, 5; Therese, 1; Barbara, 7; Regina, 9; wife Marie, and Stephen, 4).

Supervising nearly every aspect of the *Digest* from selection of material to the printed page, Jack can see his own ideas reflected as few other editors are privileged to do. The balance between original articles and reprints from other magazines demands the reading of an astonishing variety of publications, both Catholic and secular—a duty which he particularly enjoys, feeling a compulsion to devour every magazine the day it arrives.

Every phase of family life is treated in articles ranging from entertainment to instruction to inspiration. They may hymn the blessings of a large family or present the facts on the latest advancements in methods of permissible family limitation. But the most recurrent theme of the *Digest* is the

problems of youth, with never an issue lacking a piece directed to the parents of teenagers. Experts like J. Edgar Hoover tackle themes like teen crime, sexual promiscuity, early marriage, unwed mothers, pornography, glue-sniffing and "pep pills." A *Family Digest* original, reprinted in *Catholic Digest*, resulted in the "adoption" of more than a thousand overseas orphans through the Foster Parents Mission Club, including a Burmese girl sponsored by the Finks.

Jack supplements his full-time duties as *Digest* editor by serving as account executive for all the outside magazines printed by the OSV Press (14 at last count, including *Catholic Digest*). An avid reader of American and Church history, he recently wrote a book on American churchmen who were also great patriots. Although his spare time is limited, he's active in Huntington's St. Mary's Parish as president of CGD since 1958, an officer of the Home-School Assn. and a charter commentator for the Dialogue Mass. Such varied community activity as the city Republican chairmanship, presidency of LaFontaine Country Club and leadership of the Huntington County United Fund won him the Huntington Jaycees' Distinguished Service Award in 1959. Presently he's a vice-president of the Chamber of Commerce and a director of the 1st National Bank of Huntington.

With Marie (a Philadelphian and graduate of Rosemont College, whom he met at a National Catholic Youth Convention and courted during Air Force duty) and the five little Finks, Jack lives on a three-acre tract north of Huntington, where the family strives to fulfill the *Digest* ideal of communal work, prayer, study and play.

He's a fixture in alumni club "freshman send-offs" and in the planning of big meetings and convocations on campus. Jim's work this year for the ND Centennial of Science should cinch an "outstanding young man" award from the local Jaycees.

Lay missionary JOHN MacINNIS wrote that he has enjoyed this past year very much, teaching English and math to 29 African seminarians in the seventh grade. "The school year here is different — and I think better — than in the States. We have three three-month school terms, with a month's vacation between each term. It gives both the students and me a good rest. The school year begins in mid-January and ends in early December. In September I moved into 'Virika Apartments,' the residence that the bishop built for lay people working for the diocese. It was wonderful to move from the seminary where bells rang all day long. I can sleep 25 minutes later in the morning now that the bell isn't outside my door. I am well and happy and busy here in the missions. I think of you often (salutation was Dear Friends:), and every Monday I offer my Mass and Communion for all my relatives and friends. Please pray for me and my seminarians." ## '54 Milton J. Beaudine 11 Kimberlin Lane Belleville, Ill.

An' a Happy St. Patrick's Day to you! Speaking of St. Patrick, Patrick Joseph Beaudine arrived about 4:00 am, Nov. 10, 1964. Mother and baby (me too) doing fine. We now have four, including a "Pat and a Mike." Of course, Pat's arrival, a bit early, caused me to miss the ND-MSU game and a 14-year ambition to see the Irish whomp 'em. Among some old books I found a *Scholastic* dated Nov. 9, 1951 and an article by KEN MURPHY. How does this strike you? "Morrisey dominated play throughout the first quarter. WALSH and BELLISSIMO ripped off gains of 40 and 38 yards, respectively. At the start of the 2nd qtr. a penalty set Morrisey back to the 30, but in two plays BANDIERA had carried to the one-foot line and on the next play scored . . . a bad punt ended on the Lyons' 10 and two plays later BELLISSIMO reeled around end for the score. Quarterback MARTY VIETH converted for a 13-0 half-time score. . . . The game ended with end DON ZECH picking up 20 yds. on an end-around play." Final score 21-0, Morrisey over Lyons. The valiant Lyons team was paced by GUY MECINA, ED BURNS, BOB ADAMS and AL JANNETT. Morrisey's defense earned special mention; they were led by DON ZECH, DON HOFFMAN, BILL TILL, BILL MORLEY, CLEM MAWICKE and MATT TADISCH. Anyone remember?

Notre Dame opens its home football schedule this year against Northwestern Oct. 2, 1965. After the game we'll "do it" again and drink a few and get together for our fifth annual Reunion Party. We tried something new for our last party — ND won the game — and the party was just a little better than usual. We had 53 of our Classmates back for the Purdue game party and had YOU been there it would have been an even bigger success.

THOMAS J. MURPHY '54 of Indianapolis has been serving his first term as a member of the Indiana General Assembly. Member of the law firm of Lewis & Fields and a lecturer in business law at Marian College, Tom is a Democrat representing Marion County in the legislature. He is a veteran of US Army service in Japan, and like his brother, ND Public Info Director Jim Murphy '47, an accomplished organist and choir director. Another freshman representative is Class of '38 Secretary Burnie Bauer, representing St. Joseph County in Indianapolis.

It's been too many weeks since Oct. 3 for me to remember all the fun that went on and report it to you — sorry. But for a firsthand report just ask LEO MICHUDA, LEN SELCH, BILL DALY, BOB FARNBAUCH, JIM HERENDEEN, JOE MCGINN, MARSHALL KINNEY, PAT O'MALLEY, ED MRAZ, FRED POEHLER, JOHN POIRIER, STEVE STECKBECK or BOB INEIGH. Don't ask HERM KRIEGSHAUSER; he had too good a time. Oh! JIM BERHART was pleased with Ara's efforts. Get your tickets ordered early as there will probably be a few sellouts in '65 (and '66, and '67, etc.).

I received an announcement that ANTHONY M. MANDOLINI has been admitted to partnership of Peat, Marwick, Mitchell & Co., certified public accountants. Much success, Tony.

Also had a nice letter from MIKE LEVIS, MD, 8716 A Pennsylvania St., Wurtsmith AFB, Mich. Mike and his wife Carla Marie have five children, three boys and two girls. Mike was surgical resident at Mayo Clinic for five years and is now a surgeon at Wurtsmith AFB. Mike would like to hear from TOM CONNORS, TOM McKEON, G. B. O'CONNELL, TOM NEUMAYER, ROD DUFF and CARL ECK. (If anyone writes, Mike, please forward to me for next column — I'll scrounge anywhere.) Mike reports that MATT KULUZ is in private practice (pediatrics) in Pascagoula, Miss. PHIL HIGGINS (OB) is in St. Louis and Detroit. PAUL KELLY is an orthopedist in Ann Arbor. It's a fact that Paul has taken up horseback riding and is a master with an English saddle. Kim and WALLY HEWSON, New Jersey somewhere, had No. 2, Valerie June in early November. Mary and JIM MURRAY are making out real well in Washington, D.C., where Jim is a successful attorney.

ED "NED" SEIM reports that JOHN GROSS-PIETSCH (he and Margo have six) is now an advertising executive in downtown Chicago. He recently left Pure Oil for his new position. John lives in Palatine, Ill. Ned and Sheila announced the birth of their second child, Mary Claire, on Nov. 27, 1964. Ned now lives at 1505 Stark St., Wausau, Wis.

BOB RAYMOND wrote a real nice letter (yes, McKeon, the way to get mentioned is to write — not call collect!) just before he left with family for England, where he's with University Oil Prod-

ucts (Bush House, London, W.G.2). Bob and Joyce had No. 2, Mark Robert, on Oct. 9, 1964, about the same time Isabella and JOHN LANDIG had their second (a girl). They had a double christening. Bob is doing commercial development work, licensing and design of UOP processes all over Free Europe.

Leo was a teaching fellow at ND 1954-56, also at Ohio State 1956-57, a research associate 1957-60 at Columbus Psychiatric Institute, a postdoctoral fellow, social science research council, British Guiana, 1960-61. Naturally, Leo is a PhD.

KEN MURPHY (see *Scholastic* article above) resides at 32 Emerron Ave., Utica, N.Y. 13501. Ken is married and has two girls and is an advertising account exec. for the *Rome Daily Sentinel* newspaper. Ken was '63 ND Man of the Year, Mohawk Valley ND Club. He would like to hear from PAT CARRICO. TOM RYDER is a patent attorney for Gulf Oil in Pittsburgh, married, with no children yet. Tom lives at 119 Oakville Dr., Pittsburgh, Pa. 15220. DR. JOHN O'HARA spent three years as a Navy pilot and then entered UCLA's med school and is now in his second year as an orthopedic surgery resident there. John is married, has two boys and lives at 11955 Iowa Ave. No. 9, Los Angeles, Calif. 90025.

Well, your old Secy. is weary of stretching and scratching for something to write about. The questionnaires save the day but make dull reading. How 'bout a real live letter? Lastly — guess who is personnel director of the Ohio Liquor Control? They gotta be kidding — BOB JOSEPH. (Married to Nancy — five boys, seven girls.) Make mine VO! Write!!!

## Come ALIVE in '65! Class of '55 Anniversary 10 REUNION—June 11-12-13

### '55 Paul Fuller 7344 N. Ridge Blvd. Chicago, Ill.

Get with it, NOW! Make your plans now to attend the big, swinging tenth reunion. It's the bargain of the century. If you haven't made concrete plans, do so today. Even the wife will let you out for this event. The beer has been ordered and it looks like a record turnout on June 11-12-13. See you then!

One of the guys who will arrive early and stay late is big JOE MADIGAN. He promises to bring along "some northern Ohio stalwarts" like TOM BOSSE and JIM SIEGER. He's looking forward to chewing the fat with his old roomie, TIM NORTON. Don't expect to get much sleep with Joe on the scene, but it will be much fun.

President DICK BURKE is anxious to see a record turnout. He and his right arm for the reunion, GEORGE SHELTON, hope to contact each member of the Class before the reunion. Make it easy for them by sending in your reservation TODAY.

ED FOX was a year early arriving for the reunion, but he managed to have a ball back in

Chicago. "Ox" brought back his bride, Ellie, from LA for a couple of football games. (He picked the right year!) JERRY BRANSFIELD threw a small bash for Ed. Among those attending were JIM GRIFFIN, STEVE REBORA, DICK BEEMAN, BILL TICE and TOM HAYES. JOHN RYAN, who now is the father of six, also on hand. Dr. John now has offices in two suburbs west of Chicago.

JOFF FLYNN had a great idea—a class victory party during and after the USC game. Well, it turned out to be a wake, but we still managed to drink the beer that he and MIKE KELLY provided. Others on hand included NEAL HAL-LORAN, TOM CAREY, MARTY CULHANE, FRANK LOLLI, CHUCK DOHERTY, JACK GITS, DICK FEELEY, JERRY HILLSMAN, BILL KILLBERG and DICK COOK. MAX ROESLER drove up from Fort Wayne for the party. The leading life insurance salesman in Indiana, Max is the proud papa of four children.

One of our group is becoming one of the most successful and most famous high school coaches in the country. JOE SASSANO romped to another Chicago city championship as his Weber High School team blitzed the public league title holder. Joe's star halfback also won the Chicago Club's coveted Rockne Award. He was honored with a personal invitation from Ara and Moose to the football testimonial dinner at South Bend. In fact, we ended up as roommates at the Morris Inn that night as a Chicago contingent took over one wing.

TOM PARSLEY also is having success in the coaching field. He had a good season at Marian Central Catholic in Woodstock, about 60 miles northwest of Chicago.

I received a nice letter from CONNIE TROGOLO, who now lives at 275 Kennedy Rd., Paducah, Ky. Connie got married right after graduation and then went into the Navy. He joined the Hoe Supply Co. in 1957. Connie has three girls and one boy. He says that he will be on hand in June. I hope that about 500 others show up for the shindig.

RANDY CARLL is in his second year of communications engineering training at the Naval Academy's postgraduate school at Monterey, Calif. He and his wife Marilyn live in nearby Seaside. Sounds like a tough life!

JOHN McCALL is back in the States after a stint in the Netherlands. He's with The Rand Corp. in Santa Monica, Calif.

CHUCK MUCKENFIRN got his discharge last year at Ft. Benning. He now gets his mail at 7540 Le Claire Ave., Skokie, Ill.

Here's some dope on a couple of guys who are out of the country for the moment. DEL CHESKY can be reached at Industries AMF, S.A., Abraham Gonzalez No. 3, Mexico 6, D.F., Mexico. DICK CALLAHAN is up in Canada (30 Cardigan Rd., Toronto).

If you got Christmas cards returned from the classmates, you probably had the wrong address. Here's the current one: JIM DUFFY, 1201 E. St. Clair, Indianapolis; DICK HUETHER, 2100 Cardiner Lane, Louisville; NOEL KINDT, 50635 Lenox, South Bend; TOM MIEGLEN, 588 Ross St., Waynesburg, Pa.; BOB MORRISON, 1227 Law. San Diego; JOHN THELEN, 3160 S. Race, Englewood, N.J.; GENE WAGNER, 33800 Countryview Lane, Cleveland; BILL BECK, 900 Meadow Lane, Northbrook, Ill.; JOHN GROGAN, 700 N. Alabama, Indianapolis; JOHN MURPHY, 1336 Touhy, Chicago; BERNIE WIELOCH, 520 Hewittree Garth, Severna Park, Md.; TED BINTZ, 29556 Lamar Dr., Livonia, Mich.; MIKE MOYER, 1720 Sarasota Ct., Lexington, Ky.; JOHN TOKAR, 250 Murray Dr., King of Prussia, Pa.; PHIL POWELL, 262 Regent St., Glen Ellyn, Ill.; and LEO KEENAN, 10 Brookside Terrace, North Caldwell, N.J.

I know that I speak for the Class when I extend condolences to BILL CAHILL, whose father died last October. Father Tom O'Donnell offered a Mass in his memory on Nov. 7.

Another classmate, MIKE DUCEY, is scheduled for ordination March 19 in Patna, India. Mike has been in India since 1959. After ordination he returns to St. Mary's, Kurseong, Darjeeling Dt., India, for the final year of theology. Mike asks that all of you remember him with a special prayer as he prepares for a life in the missions.

The former proprietor of this column, TOM O'MALLEY, welcomed a son, Thomas Francis III, last Sept. 30. Wife Jackie says that the bouncing boy weighed in at 8 lbs., 8½ oz. They reside at 6213 E. 109th, Kansas City, Mo.

TOM GRODON was the first guy to pay his dues for the Chicago Club in 1965, so I must mention his name. Tom's a sales engineer for Philips Electronics. He and his wife Elizabeth are getting ready to move into a new home—70 Kildare Lane, Deerfield, Ill.

## SPOTLIGHT ALUMNUS

**DONALD J. MATTHEWS '55**  
Coupon Clipper, Yacht Cup Copper

As his degree in business administration suggests, Don Matthews was destined to administer a phase of the family dock-loading business from 1 Broadway in New York, but his heart was always putting out to sea. While other boys' dreams might involve clipping coupons, his was to captain a clipper.

Therefore it is not so strange that Don should console himself by excelling in a sport that has always bewildered landlubbers like Red Smith '27—the world of schooner and ketch and yawl that is yachting—helping to put *Vim* and *Weatherly* beside *Shamrock* and *Enterprise* in the America's Cup Hall of Fame, and thereby inscribing the name Matthews indelibly in the roster that glitters with names like Lipton and Vanderbilt.

It seems quite a jump to the sleek sloops of Long Island Sound from the catboats

of St. Joseph Lake, but Don's ambition was launched in just that way. From journalism and dramatics at Georgetown Prep, reverting to his Oyster Bay upbringing, he turned sailor with a vengeance at Notre Dame, becoming secretary and commodore of the burgeoning ND Sailing Club and vice-commodore of the Midwest Collegiate Sailing Assn. Having cut his teeth on cargo with New York's Universal Terminal & Stevedoring Corp. during summer vacations, he sailed into maritime transport early in 1955.

Don's nautical aspirations weren't drowned by freight contracts. Three years later he and his brother were sailing their classic yacht *Vim* in the queen of regattas. Their gallant bid for America's Cup won them more enthusiastic mention than the winner—furnishing a personal "QED" to the axiom that a good loser, placing second, can finish first in the long run.

Meanwhile Don had wooed and won another sailor. His bride Cindy shipped with the winning crew in the 1959 Women's National Championship. For the next few years they sailed as much for fun as for trophies at the American Yacht Club, Rye, N.Y., but having been "bitten by the America's Cup bug," Don was persuaded to sail aboard someone else's boat only to find himself a part of the winning team of *Weatherly* in the 1962 defense of the Cup. After his own heart-stopping try in '58, Don admits "it was quite an experience."

With the teamwork that distinguishes seasoned yachtsmen, Don and Cindy (homeported on Turf Road in Rye) have produced their own crew of three girls and a boy—Tam (7), Kim (5), Sharon (1) and Brian (3)—but aren't doing much sailing these days. Since the kids are below the age limit for able-bodied seamen, the Matthews team has taken another tack: "swinging around Apawamis Golf Course trying to break 100." But the former commodore of the ND sailing team still follows the Irish fleet, whose aspiring salts have dominated the Midwest Regattas in recent years, and his fondest wish is to see his latter-day shipmates win the National Collegiate Sailing Championship even before Ara's Irish regain the undisputed football crown.

For those of you who sent a Christmas card and don't see it mentioned here, be patient! This column had a Dec. 15 deadline, so most of the cards missed the boat. We'll get you next time. If you didn't send a card, put me on the list for next year so that you check in at least once a year.

SEE YOU AT THE REUNION!

My apologies to you, DICK LEWIS and JOHN KENNEDY, but why didn't you write and ask where your news went? Both wrote lengthy informative letters many months ago, and until this evening they were buried in my desk drawer. In fact John Kennedy, 315 East 72nd St., New York 21, N.Y., wrote after the Syracuse game ('63) where he saw BOB McDONALD, JACK DUNCAN, BOB MCGOLDRICK, BILL WELDON, TOM FALCINELLI, CARL MARTERSTECK, FRANK FAGAN, JOHN KELLY, AL VIROSTEK, DON CARROLL, JOHN ROGERS, DAVE CLARK, JIM MEHARY, JIM McDONAGH, JOE RYAN and DAN QUIGLEY.

BOB McDONALD is married and a reporter-columnist for the *New York Daily News*. BILL WELDON is married and associated with the New York law firm of Mudge, Stern, Baldwin & Todd (and former V-P. Nixon).

FRANK FAGAN, his wife and four children are living in Hartford, Conn., where he is a nuclear engineer for Combustion Engineering Corp. JOHN KELLY is an engineer with Republic (aircraft or steel?).

JIM McDONAGH and JOE RYAN both are married and with Grumman Aircraft. AL VIROSTEK, pres. of the Washington, D.C., ND Club, married and the father of four children, is building custom homes in D.C.

DON CARROLL is a manufacturer's representative in New York. DAVE CLARK and JIM MEHARY, both eligible bachelors, are working on Wall Street.

DAN QUIGLEY (26 Butler Place, Hempstead, New York) is in the construction business. Since John wrote this letter I received Christopher Quigley's birth announcement. Congratulations, Marie and Dan!

As for JOHN KENNEDY, he spent five and a half years in the Air Force before beginning law school at Fordham. He will be graduating in June. Thanks for writing us, John, and again my apologies for the printing delay.

DICK LEWIS, whom many of us remember studying his Russian under the corridor lights of Lyons Hall, is finishing his residency in medicine at Presbyterian Hospital in New York. He is also married to Anne, a medical school classmate. Their son Mark will be three soon.

GORDON DIRENZO, according to Dick, is a "definite bachelor," visiting scholar (and he has the credentials to prove it), about-to-be author and professor of social psychology at Fairfield College in Connecticut.

MIKE WADE and his wife, Marjorie, have a daughter. Mike is selling textiles in Manhattan. TOM ARNOLD, single and living in Greenwich, is vice president of an industrial equipment leasing firm. BOB MCGOLDRICK is in the insurance business in Hartford. RAY DREXLER and PAUL NOLAN, living in Chicago, are practicing law with the same firm.

JOHN CYWINSKI MD (Lt., USNR) is stationed at St. Alban's Naval Hospital on Long Island (home: 138 Dean St., Valley Stream, N.Y.), where he is practicing pediatrics. John and Sue have two girls and a boy.

Last summer DAN GRIFFIN received a master's degree from the U. of Ottawa School of Social Welfare. Carol, Dan and their three-year-old son, Dean, are living at 46 Kenderick, Mt. Clemens, Mich. JOE FLORES (1030 Oakdale Ave., Toledo 5, Ohio), received a J.D. degree from the School of Law, Ohio Northern University.

Last summer LEO LINBECK and BILL WARREN won the annual Southern Hills Country Club Guest Golf Invitational in Tulsa (Bill's club). Later while Bill was in Washington on business, he saw FRANK McCARTHY, who is practicing law for the US Government, there. Another Tulsan (and a good golfer, too), FELIX PARK is a stockbroker with Bache & Company. DENNIS RYAN has started his own law practice in Oklahoma City. When Bill Warren wrote this letter his attractive wife Judy was expecting their fourth. (Sounds like the Warren family is growing as fast as Bill's company, Warren American Oil).

GEORGE DAKOSKE, Katie and their three children have settled in Ohio (176 Poplar N.W., Canton, O.), where George is doing a grand job practicing obstetrics.

The population of Arnold, Md., increased by 10 this summer when RON CASEY, Anita and their eight children arrived. Their address is 19 Roe Lane, Arnold, Md. Ron is instructing at the US Naval Academy. (For the record: Mike, Patti, Steve, Laurie, David, Karen and twins Matthew and Lee Ann.)

PHIL ROSE recently returned to the United States from Lausanne, Switzerland, where he received his MD degree. He spent one year at the Sorbonne in Paris, then on to Lausanne Medical School. During his foreign duty, Phil worked in hospitals in Copenhagen, Stockholm and Glasgow. Currently Phil is at the D.C. General Hospital, Washington, D.C.

GEORGE EDGINGTON is teaching in Tanganyika as a member of the Peace Corps (c/o Peace Corps Rep., Dar Es Salaam, Tanganyika). JOHN BOWER received a PhD in theoretical and applied mechanics from the U. of Illinois last June. (1179 Harvard, Pitsa, Pa.) JOE O'CONNOR, another '56 MD, is practicing obstetrics and gynecology in Skokie, Illinois. (64 Old Orchard)

FRANK BEYTAGH has written a welcome letter which, with Frank's permission, I'll quote in toto:

"As is probably typical of many of our classmates, I consistently check the pages of each ALUMNUS for information about members of the 1956 Class, but am generally disappointed in finding only a sparse amount of such information. I have

REV. MICHAEL J. DUCEY SJ '55 was to be ordained March 19 in Patna, India. He has been in India with the Jesuit missions since 1959, for the past few years at St. Mary's College in Kurseong. The newly ordained Jesuit entered ND in 1951, was a "Scholastic" reporter and member of the track team. Before theology he taught primary school children at various Indian missions. Fr. Ducey will complete his final year of theology before assignment to permanent mission work.

finally decided that, instead of complaining about this and attempting to fix the blame on someone, it might be helpful if I and others would rather simply sit down and drop you a line once in a while. Since I just recently moved to the Cleveland area after spending a year in Washington, most of the information about 1956 Class members relates to those in the Washington area. For what it's worth, here goes.

"JIM KRAMER, chairman of our Senior Ball, is making a career of the Navy and is presently stationed at the Patuxent NAS in Lexington Park, Md., some 50 miles from Washington. Jim is a Lt., has been flying throughout his naval service

CAPT. RALPH FICKLING '56 (right), much decorated navigation officer in Viet Nam, receives a special certificate in Saigon for his participation in SEATO "Exercise Air Boon Choo" last year as a member of the US Air Force component of the training operation in Thailand.

and is currently instructing pilots in multi-engine patrol aircraft. Jim and Pat have four girls, and have just about despaired of having a boy. Jim and I played a few rounds of golf last year, and our families were able to get together on several enjoyable occasions.

"JOHN STUHLREHER is a government lawyer in Washington, working as a trial attorney with the Civil Aeronautics Board. John spent four years in the Navy as a pilot, got out in 1960, and then went to law school at the U. of California, graduating in 1963. He is married now and they have one child.

(Ed. Note: Sympathy to son John, his family and his brothers on the death of one of Notre Dame's immortals, HARRY STUHLREHER '25, in January. JL)

"FRANK McCARTHY is also an attorney and has a most interesting job as minority clerk to the House Rules Committee. Frank appears to know just about everyone in the Capitol building. He graduated from Georgetown U. law school, and lives with his wife and family in suburban Maryland.

"JOHN MURRAY is likewise a lawyer in Washington, having graduated from ND Law School. He was formerly with the tax division of the Justice Department but now practices with a private law firm doing tax work. TONY CASTORINA is a patent lawyer in Washington.

"PETE CANNON recently moved to the area after having lived in Minneapolis and Cleveland, and we were able to get together for lunch before I left Washington. Pete is married, and works with a large firm advising businessmen on how to deal with the government.

"Also in the D.C. area are TOM FALCINELLI, in private law practice in suburban Maryland after graduating from Georgetown U. law school, and DON BROPHY, working for a newspaper (I believe) in the D.C. area.

"As for myself, I spent over four years in the Navy, the majority of which time I was in the submarine service, and got out in 1960 to attend law school. I graduated from the U. of Michigan law school in 1963, where I was editor-in-chief of the *Michigan Law Review*. I then spent a year in Washington as senior law clerk to Chief Justice Earl Warren during the 1963-64 term of the US Supreme Court. My wife Diane and I and our two children (Patrick and Kathleen) moved from Washington to Cleveland in late August—our ninth major move in the less than seven years we've been married. Needless to say, we hope to settle down for a while now. I'm associated with the large general corporate practice firm of Jones, Day, Cockley & Reavis here in Cleveland and recently passed the Ohio bar exam.

"Also with the same firm here is PAT McCARTAN, rapidly making his mark as a trial lawyer. Pat graduated from ND Law School in 1956, where he was editor-in-chief of the *Notre Dame Lawyer*. He then clerked for Justice Whitaker at the US Supreme Court during the 1956-60 term, and thereafter commenced practice here in Cleveland. Pat and his wife have two children and, like the Beytags, live in Shaker Heights.

"I also hope that others will see fit to drop you a line, so that all of us can be 'filled in' on as many of our classmates as is possible. See you at the reunion in '66." Thanks, FRANK BEYTAGH!

My deadline for the next issue of the ALUMNUS is April 1. Will you let us hear from you, JACK DONNELLY (San Francisco, Calif.), JOHN FANNON, JERRY HIGGINS, GERRY KENNY, JERRY RYAN, JULIO VIZCARRONDO, DR. DICK LYNCH, GEORGE KREMBIS, PETE FIEWEGER, JIM BRENNAN, JOE DiLALLO, MARK BURNS, DON WALZ, JIM SHUMAKER, CLEM O'NEILL, TOM ABRAMS and you too, BRENDON BRODERICK?

Even though this may not arrive until Easter, I'm filled with the spirit of the season in which I write—so retroactive best wishes for a Merry Christmas and a Holy and Happy New Year.

From the Alumni Office:

With this issue, a new name appears at the beginning of our Class column. DENNY NEAD, who so capably handled the news for these first five years, has stepped down. Denny and Mary Jo Utt were married Oct. 24 in the Bellarmine Chapel of Xavier U. in Cincinnati. "Snead" is still in the insurance business and found occasionally on the golf links. I am sure you join with me in thanking Denny for his fine work for the Class and in wishing Mary Jo and him the best of luck.

I can see already the difficulties Denny met in getting the Class column four times a year. I will merely repeat his plea that you sit down after you finish this column and drop me a few lines bringing the Class up to date on where you are, what you've been doing and the classmates you've seen recently. Thanks.

Being here in St. Louis should enable me to see a few of our classmates. I did spend a day with JOHN "BUTCH" REARDON and talked to him recently. He is now finishing his courses for his MBA at Washington U. and is getting married in February. The other St. Louisian I've talked with is PETE SALSICH. Pete is also a student, and is in his final year of law school. Seminary life in the past has been rather confining but the renewal in the Church is also reaching the seminaries (yeah!) and I hope to see more of Butch and Pete and the others in the remaining year and a half I will have here in the bicentennial city before my ordination.

FR. DON SHOULBERG CSC was ordained in Rome in December of last year and will return to the States in June. He plans to offer a Solemn Mass of Thanksgiving in Philadelphia upon his return home. Don was with our Class until he entered the novitiate after our junior year. QUINN STEPAN visited Don in Rome about a year ago and reports that the life there agrees with Don.

H. CRANE DAY sends word from East Lansing that all is going well. Crane is on the faculty of Michigan State U., but rumor has it he may take up residence on the West Coast next fall. He also reports that he has heard from JON SIDDLE, who is free-lancing in NYC (design) and from WARREN ALBRIGHT who is "living it up with General Foods." JIM HUTTLEMEYER is now sharing an apartment with Warren at 400 E. 85th in NYC. DAN FERRONE lived there prior to his recent marriage to Jane Lamb, whom Dan met on a Glee Club trip to St. Theresa's College in Winona, Minn., during senior year. They are now living at 86-19 Elmhurst Avenue, Apt. 5E, Elmhurst, NY. Dan has been working on "Love of Life" on Broadway in the running part of "Alan" since October 6th. He was on the "Patty Duke Show" on Dec. 30.

FR. JIM PETONIC wrote recently from his new address at St. Margaret Mary Church, 201 Park Drive, New Kensington, Pa. Jim's first assignment after ordination in June, 1963, was as assistant pastor of the Cathedral parish in Greensburg, Pa. His four years of theology were spent at Theological College in Washington. FR. MILAM JOSEPH completed his studies at the same college last June. Those who were able to make the reunion remem-

ber "BIG BOB" WETOSKA as he served "LITTLE FATHER" JOSEPH'S Mass on Saturday morning. Speaking of the reunion brings back many memories, especially of LARRY WENTZ (my roommate for the weekend) trying to sell me a life insurance policy. I haven't heard from Larry recently, but JACK THOMAS told me that Larry and Lou Ann's latest addition was born in the fall. JACK (JOHN R.) THOMAS (of Glee Club soloist fame) has retired from the Marines, and he and Pat are living in Ann Arbor, Mich. (1106 Norman Place). Jack is going back to the U. of Michigan for his MBA, and they are expecting their first child soon.

Some of you may remember that Pat Thomas is a sister to JOHN BELIVEAU. (Strange how Sorin Hall is responsible for so many romances, and even marriages!) John Believeau says he has finished school for now. After ND he went to Columbia for his MBA, then on to Georgetown Law for another degree. This writing finds John and his wife, Mary, in the home town of Lewiston, Me., engaged in the practice of law. Can you imagine having John and RAY GEIGER (editor of "Farmer's Almanac" and famous ND man) in the same town!

Another Sorinite, JACK McGRATH, and wife Mary Anne sent out announcements of the arrival of Moira Anne, born Oct. 28, 1964. I thought the McGraths were still in Cleveland, but the postmark was somewhere in N.Y. state but had no return address. Jack, how 'bout some help on this?

LOU KIGIN wrote last fall, explaining he had summer camp at the time of the reunion and couldn't make it back. His address in NYC is now 311 E. 75th St. (Apt. 3-C). Lou sees JIM VAUGHNEY occasionally in the city. Jim is in his final year of theology at St. Joseph's Seminary, Dunwoodie, Yonkers 4, N.Y., and will be ordained to the priesthood on May 29. He will serve in the Archdiocese of New York.

PETE HACKETT now lives and works in Middletown, Ohio, my home town, where Pete is with a CPA firm. Haven't had a chance to get together with Pete and Sandy as yet, but do know through phone conversations that their children, Kathleen, Kevin and Danny, are doing well. JOHN NICHODEMUS reports from Saginaw, Mich., that he and Rose Marie have had a recent addition, Mary Elizabeth. She joins her sisters, Bridget and Lucy.

Many of you have been following TOM HAWKINS' continued success with the Cincinnati Royals. I was able to take in the Hawks-Royals game the last time Cincy visited here and spent some time with Tom that afternoon. He sees quite a few of the class as he travels around the US. I guess my best bet would be to have him as my assistant. That's one way of finding out more about the great Class of '59.

With the aid of the ALUMNUS staff, an information form was recently mailed to all members of our class whose last names began with R, S or T. To date I have received almost 70 replies. Happily many of the fellows took time to add a personal note about themselves or information on classmates with whom they have been in contact. In an effort to include as much as possible about everyone who has written in the space allotted to this column, I fear that at times it will approach the literary style of a telephone or *Who's Who* directory. But so be it, and begging the indulgence of the English majors, we shall proceed.

## AIR FORCE ROTC FORMS ALUMNI GROUP

Lt. Colonel Everett E. Blakely, Professor of Air Science, Notre Dame, announces the formation of an Air Force ROTC Notre Dame Alumni Group. The purpose of such a group is purely a social one and it provides a good reason for all Notre Dame ROTC Alumni to get together. At the present time plans have been made to have a get-together after each HOME-COMING Game and a party during Reunion Weekend in June of each year.

This will enable many Air Force ROTC graduates to swap Air Force experiences after Homecoming Games. The Air Force staff here at Notre Dame is looking forward to meeting many of its old graduates at these affairs. A "test" gathering was held after the Stanford-Notre Dame game on 24 October 1964, and several happy voices were raised in approval of this idea.

One of the difficulties involved is the address problem of the Alumni. It seems that the Air Force moves its officers rather frequently and this plays havoc with mailing lists. It would be most helpful if all our Air Force ROTC graduates dropped a note to Major Francis A. Yeandel, Air Force ROTC, University of Notre Dame (Faculty Advisor for the Air Force ROTC Alumni Group) with your current address. This will facilitate the mailing of the "Air Force Briefs," the monthly bulletin of the Air Force ROTC here at Notre Dame.

## Office of the President, University of Notre Dame Alumni Association

Dear Fellow Alumnus:

*"The lane is long, someone has said, that never turns again;  
And fate, though fickle, often gives another chance to men . . .*

*"Oh, somewhere in this favored land dark clouds may hide the sun;  
And somewhere bands no longer play and children have no fun;  
And somewhere over blighted lives there hangs a heavy pall;  
But ND hearts are happy now, for ARA has the ball."  
(Apology to Wilson's "Casey's Revenge")*

These are again the days of WIN and roses at Notre Dame. There is magic in the return to prominence of THE team which played with such flair, power and pride under brilliant coaching. Most significantly, the football success dispels the doubt that you can't have great teams and high academic standards.

We welcome Ara, "Doc," Tom and Paul as the newest members of our Alumni Association and Monogram Club and believe they join an outstanding athletic department which will lead us into another golden sports era.

The spotlight on sports draws our attention to the need of the Athletic and Convocation Center. Ground will be broken next spring. Regretfully, our pledges are not abreast of the building schedule. We are coming up to half time trailing and will need a real second effort to capitalize on the generous matching grant of the Ford Foundation.

Many of the private colleges in our communities struggle to raise OPERATING capital while we at Notre Dame have the opportunity for the greatest growth in the school's history. Surprisingly, the Foundation office records reveal adequate funds available in unworked pledge cards. We must help and help immediately.

### POINTING WITH PRIDE

On the bright side, we learn that the 22nd Annual Alumni Fund exceeded \$2,000,000 for the first time in Notre Dame's Alumni history.

Our initial "workshop" in January was directed at exploring the second hundred years of the Alumni Association beginning in 1968. We are enthusiastic as to the prospects of weaving the Continuing Education program into our traditional Alumni activities. Our Alumni Secretary is a great one for pushing into uncharted areas and taxing the Board's capacity. This sense of discovery, together with talent and dedication, resulted in his and the Association's receiving National Alumni honors in 1964.

Now if we can improve on Phil's 9-1 record.

With best wishes to you and your families for health and happiness, I remain

Sincerely,

LANCASTER SMITH '50

President

P.S. My next letter will feature the comments of our three vice-presidents on change as foreseen in Alumni Workshop sessions which they moderated: (below, l.-r.) Fund Vice-Pres. Mort Goodman '30, hero of a gallant delaying action against the insipid "Goldfarb" movie, on alumni-campus public relations; Class Vice-Pres. Paul Fenlon '19, who has done as much as any man living to extend the tradition of great teaching, on class patterns; and Club Vice-Pres. George Bariscillo, recently installed as president of the Monmouth County (N.J.) Bar Assn., on club programs.—LANK
