You remember the great power failures that plagued the country. Millions of people found out how paralyzed many of their commonplace activities could be when their power source was lost.

In a strong, and growing, sense, Notre Dame is your powerhouse. It provided the great thrust that sent you into your adult life. And in one way and another, it has provided booster shots for your power through the years since. In this issue of the ALUMNUS, you will find a number of examples of connections that keep you plugged into the stream of University power:

Universal Notre Dame Night, for example, sends a rich diversity of campus current into the many local Alumni Clubs.

Bob Cahill reminds you of the traditional football power that has charged up Alumni from coast to coast over the years.

Probably the most important and modern development in the campus powerhouse is the Continuing Education Center and its projected programs under the direction of Dean Thomas

editorial comment

Bergin. Here is being created for you a new source of power, specially adapted to the increasing need for booster shots that the explosion of knowledge has imposed on even the most educated strata of our society.

We have had some enthusiastic comments on the new ALUMNUS, which we expect to apply also to the present NOTRE DAME. These magazines are a continuing power supply for the many facets of your Notre Dame interests. The modernization program is to meet the new needs of a changing alumni world.

Also in this issue, the new Class Agent Program is introduced. This personalized, supplemental, Class approach to a stronger Annual Alumni Fund is simply an effort to insure the continuing flow of increased power from Notre Dame to you, in both the quantity and quality your growing stature calls for.

The conclusion of this little allegory is obvious—but bears emphasis.

All these things are accessories that make your life more meaningful, and more enjoyable. Plug them all in. Make sure the power supply has enough support to prevent its failure. And in spite of occasional flickers or interruptions, try not to blow a fuse.

INTERFAITH DISCUSSION OF VATICAN II: Theology in a UN setting complete with translators.

OPEN NEW INTELLECTUAL CROSSROADS

PEOPLE throughout the world focused their attention on Notre Dame two weeks ago, and what they saw was a Catholic university in perhaps its finest hour.

Gathered for one week in the University's emblazoned new Center for Continuing Education to discuss the implications of Vatican II, was a group of Christian-Judean theological giants whose names read like an international who's who. The towering epilogue to the ecumenical council, however, was more than mere discussion; it was a spectacular setting for the dedication of the \$1.5 million structure, the announcement of two theological institutes at the University, and the awarding of 20 honorary doctorate degrees.

According to many the March 20-26 conference on "Theological

Issues of Vatican II" was nothing short of a historic first for the United States. From many corners of the world, including Europe, England, Latin America, Canada and the US, Vatican II Catholic *periti* and hierarchy traveled to Notre Dame to meet their fellow Churchmen and, especially, to have a frank theological intercourse with leaders of the Jewish, Orthodox and Protestant faiths.

These personalities included such widely-known Catholics as Abbot Christopher Butler OSB, Canon Charles Moeller, Abbe Francois Houtart, Godfrey L. Diekmann OSB, Yves Congar OP, Henri de Lubac SJ, Karl Rahner SJ, Bernard Haring CSSR, Barnabas Ahern CP, Walter Burghardt SJ, John Courtney Murray SJ, Thomas Stransky CSP and

many more.

Non-Catholic Participants: Prominent Protestant figures appearing on the week-long program were Dr. George A. Lindbeck, Dr. Paul S. Minear, Dr. Joseph Sittler and Dr. Albert Outler. Jewish leaders who played active conference roles included Rabbi Abraham J. Heschel and Rabbi Marc H. Tanenbaum. Representatives of the Orthodox faith figuring as active participants in the sessions were Rev. John Meyendorff, Rev. Alexander Schemmann and Rt. Rev. Georges Florovsky.

The conference agenda included addresses and discussions on a wide variety of Vatican II-related topics, such as the liturgy, revelation, the Church, ecumenism, relations with

non-Christian religions, the role of the layman, the Church in the contemporary world, marriage and family life, culture and politics, religious freedom, economics, international affairs and the impact of Vatican II on theology in America.

Simultaneous translations of the inter-faith, multi-lingual dialogue were available to conferees and guests in French, German and English. In addition, the conference proceedings were recorded in their entirety for future publication by the University of Notre Dame Press.

More than 400 conference participants and guests in the Center, and untold thousands watching the proceedings on closed-circuit television on campus and in five major US cities, heard University President Rev. Theodore M. Hesburgh CSC declare the symposium, "continuing education at its best."

A Special Dimension: In his dedicatory remarks, Father Hesburgh further noted that through the beneficence of the W. K. Kellogg

Foundation, Notre Dame now adds a very special dimension to the total substance of learning: becoming a crossroads that welcomes traffic from every intellectual direction.

"Of course," added Notre Dame's president, "one could say this of every great university. But Notre Dame is a crossroads in a very special way. We are clearly, openly and unashamedly interested in the spiritual and moral dimensions of man's main problems in our times. . . . May its (the Center for Continuing Education's) motto, for all the years to come, be: *nil humanum mihi alienum* — nothing human is alien to me—no spiritual concern, no human knowledge, nothing human is alien here."

Following Father Hesburgh's remarks and the appearance of the Valparaiso University choir at the dedication and blessing, Dr. Emory Morris, president of the Kellogg Foundation made a reply. He indicated that it was with much confidence in the worth and the integrity of Notre Dame that the Battle Creek firm's foundation saw fit to add another continuing education facility to those already established in the US and abroad.

New Theology Programs: The inauguration next September of a Graduate School of Theology and the establishment at the University of an Institute for Advanced Religious Studies also were announced by Father Hesburgh. The former will offer programs leading to the doctorate level, and will be open to both clerical and lay students of all faiths.

Under the directorship of Dr. James Kritzeck, the Institute for Advanced Religious Studies will be devoted to research in a wide variety of fields relating to religion and contemporary life. The Institute will be patterned, in part, after the Society of Fellows at Harvard University and the Institute for Advanced Study at Princeton.

Honorary Degrees: The academic highlight of the week-long conference was a special University-wide

convocation March 23, during which 20 of the leading conference participants were awarded honorary doctor of laws degrees.

Abbot Christopher Butler of Downside Abbey, England, a leader in the ecumenical movement and the theological renewal in that country, delivered the principal convocation address on "The Ag-giornamento of Vatican II."

LAETARE MEDAL: Mr. and Mrs. CFM

The University's traditional fourth-Sunday-in-Lent announcement this year named a widely-known alumnus and wife, recipients of the Notre Dame Laetare Medal. Mr. and Mrs. Patrick F. Crowley from Wilmette, Ill., organizers of the world-wide Christian Family Movement, become the first couple to share the award which has been presented annually by the University since 1883 to an outstanding American layman or laywoman.

For nearly 20 years, Pat, a 1933 Notre Dame graduate, and his wife, Patricia, have been building the Christian Family Movement from their Chicago headquarters as secretary-couple to the National Coordinating Committee. Of late, the strength of the international 100,000-family organization has been evident in the presence of the Crowleys on the Papal Commission studying problems of family and birth regulation.

University President Rev. Theodore M. Hesburgh CSC, in naming the couple to receive the gold Laetare Medal, remarked that this couple, "... parents of a son and three daughters, including a nun, have, through the years, shared their hearts and their home with a dozen foster children and a number of foreign students. Moreover, at a time when the family is threatened by harmful influences and pressures as never before, they have dedicated themselves in a truly apostolic spirit to the strengthening and invigoration of family life everywhere. Because they have shared the leadership of the Christian Family Move-

ment, and in a very real sense been its continuing inspirational force, it is especially fitting, I think, that they should also share together the highest honor the University of Notre Dame can bestow."

The Laetare Medal, generally regarded as the most significant annual award conferred upon Catholic laymen in the United States, has been awarded to 67 men and 18 women in its 84-year history. Recipient of the first Laetare Medal was Historian John Gilmary Shea in 1883. Subsequent awardees have included US Supreme Court Chief Justice Edward Douglas White (1914), Statesman Alfred E. Smith (1929), Tenor John McCormack (1933), Philanthropist I. A. O'Shaughnessy (1953), Labor Leader George Meany (1955), Diplomat Clare Booth Luce (1957) and the late President John F. Kennedy (1961).

Both native Chicagoans, the Crowleys were married in 1937 after Pat had received a JD from Loyola University Law School and Patty, a Trinity graduate, had studied at the Sorbonne. Besides various legal affiliations as a trust and corporation lawyer, Pat has been active in the K of C and Holy Name.

Both Crowleys come from families having long-standing ties with the University. Pat is the brother of Jerry '31 — president of the O'Brien Corp. and a member of the

University's Board of Lay Trustees —and the son of the late and distinguished alumnus, Jerome J. '00. Mrs. Crowley is the former Patricia Caron, a member of the New Rochelle family, benefactor of Notre Dame.

The Crowleys have four children —Patricia (now Sr. Mary Patrick OSB), Patrick Jr., Kathy and Mary Ann. Religious and civic activities too numerous to mention have brought them honors from Mundelein College, St. Mary's and Notre Dame (Pat is a member of the Law School Advisory Council) and the Medal "Pro Ecclesia et Pontifice" from the late Pope Pius XII.

PATRIOT OF THE YEAR: Senator of Senators

Senator Everett McKinley Dirksen came to the University fresh from the floor of the Senate and a debate on Vietnam. The face was younger than anticipated, the hair not so disarrayed as caricatured, but the voice and the flowing oratorical style were unquestionably the same.

Senator Dirksen was at Notre Dame to accept an honor bestowed upon him by the Senior Class: the Patriot of the Year Award for 1966. And he left behind his own eloquent portrait of the American patriot.

He read verses from the *Battle Hymn of the Republic*, quoted from

the Declaration of Independence, and "wove the tapestry that we call America."

The prime ingredients for patriotism are commitment and sacrifice, qualities evident in the early colonists, the founders of the United States and those who have died through the years and the wars "so we can enjoy Scotch and sodas, air conditioning, milk shakes and sirloin steaks," said the Senator.

This portrait of patriotism does not include draft-card burners and the so-called "Vietniks," continued Dirksen, urging they "ought to go back to their history books and see who provided what we have today."

"They never burn draft cards behind the barn or in the cellar. There must be a network camera nearby, or it isn't successful."

Included among the great patriots must be the men who have died fighting for the United States and freedom, commented the Senate Minority Leader. It was this strong concept of patriotism and freedom that gave them "the sense of the thing for which a man will die."

From the *Battle Hymn of the Republic* he drew the phrase: "As He died to make men holy, Let us die to make men free." This belief, said Dirksen, is still alive today, amid the dissenters and demonstrators. He told of a wounded Marine in a naval hospital saying, "I have to go back to Vietnam. I have to

help finish the job."

Dirksen was selected as the 13th annual Patriot of the Year by balloting among the Senior Class. Nine other figures were on the ballot, including Ambassador Arthur Goldberg, Secretary of Defense Robert McNamara, Senator J. William Fulbright and Gen. Maxwell Taylor.

VISITING SPEAKERS: Varied Philosophies

At any truly great university, the academic door must remain open for students and educators to sample the facets of all issues. Without such a free and thorough investigation, the prime ingredients in education—search and curiosity — would be stifled.

The procession of speakers entering the doors of Notre Dame in recent weeks has offered just such a varying selection. The guests ranged from ministers to actors, from editors to ambassadors; and their philosophies attacked issues from all sides.

Among the more recent guests was Dr. Ralph Bunche, former Nobel Peace Prize and Presidential Freedom Medal recipient. Dr. Bunche keynoted the annual *International Forum*, attended by students from as far away as California, with an address on "The Struggle for Peace."

United Nations Security Council President and Japanese UN Ambassador H. E. Akira Matsui also addressed the forum, focusing on "The UN's Role as a Peace-Keeping Body." Both guests provided a prelude to the student-operated Little United Nations Assembly.

A more liberal political position was offered February 26 by actor Robert "Man from UNCLE" Vaughn, who lashed out at the radical right as a political force. Vaughn drew several parallels between the radical right groups, such as the John Birch Society, and international Communism. During a subsequent question period, the California Democrat said the current policies in Vietnam would lead to World War III.

A less drastic approach to the Vietnam question was offered in an earlier address by Bernard Fall, professor of political science at Howard University. Although he presented no concrete aims or solutions to the conflict, Fall presented a somewhat pessimistic outlook as he delivered facts on the military, economic and political situations plaguing Southeast Asia.

FATHER GOMAR DEPAUW, TRADITIONALIST
How ya gonna keep 'em down on the farm?

Further escalation of the war was the strategy called for in a speech by *Time* Associate Editor John Scott in a February 16 address. Citing the Greek civil war of 1945-49, Scott said such a "war of liberation" could be won, but it necessitated a military superiority of at least 8 to 1. The only way to succeed, Scott declared, is through escalation now. Analyzing economic factors and the historic distrust North Vietnam holds for China, Scott dismissed the threat of Chinese intervention on behalf of the Viet Cong.

A similar liberal-conservative contrast was seen on the theological front, when a Unitarian minister defended atheism and, two weeks later, Fr. Gomar DePauw called for returning Latin to the Catholic liturgy and denounced the "Protestantized, hootenanny Mass."

Fr. DePauw, founder of the Catholic Traditionalist Movement, was denied permission to speak on campus and to celebrate Mass at Notre Dame. A student organization, Young Americans for Freedom, sponsored Fr. DePauw's appearance, and he spoke at a downtown hotel after being turned down by two other establishments.

The Unitarian minister, Rev. Joseph Schneiders from South Bend, titled his earlier address "In Defense of Atheism," and addressed an overflowing crowd on campus. The only test for the validity of a religion, Rev. Schneiders explained, is that a true religion leads to a meaningful life. Atheists are not fools corrupted by passion, but are people not convinced that a god is necessary for a meaningful life. A former Catholic, Rev. Schneiders said the Church should teach more St. Francis and less St. Thomas, thus substituting charity for an

emphasis on faith and justice.

Speaking on a different topic, and not in direct conflict with any other guest, was Dr. Charles Appel, president of the American Medical Association. In his February 22 address, Dr. Appel attacked, not Medicare, but "four contemporary medical problems: mental health, alcoholism, drug addiction and venereal disease." Dr. Appel drew a similarity from all the social diseases, showing a deep relation to mental health problems and citing their rising occurrences among college-aged people. The expanding urban society and increasing density of population were cited as two main factors influencing these trends.

PRE-MEDS:

Degree Awaits

The University's Academic Council cleared the way in February for more than 100 former three-year premedical students to receive bachelor of science degrees from Notre Dame — almost for the asking.

The movement to bring these former students — now doctors of medicine, osteopathy or dentistry — into the graduate ranks of Notre Dame was undertaken several years ago by Dr. Lawrence Baldinger, former dean of the College of Science and, now associate dean and head of the department of preprofessional studies.

Dr. Baldinger's proposal was finally made official with the council's decision and the final approval of Rev. Theodore M. Hesburgh, CSC. Now, the former students, some of whom are the University's most loyal supporters, may receive degrees and full alumni status.

Basically, the degree candidate need only have received a degree from a recognized school of medicine, osteopathy or dentistry, prior to which he completed a minimum of six semesters at Notre Dame. The degree will be dated according to the class the former student was associated with, and will be signed by the dean of the College of Science at that time. Once before, during the World War II years, the University awarded degrees to three-year premedical students who had completed only two years of medical school. This practice, however, was discontinued upon cessation of hostilities in 1945 when Notre Dame reverted to the two-semester school year.

Candidates may file their request for degrees through letters to Dean Frederick D. Rossini, College of Science.

Get Ready, It's

THAT CHALLENGE III bit shake you up a little, gentlemen? Relax. Challenge III probably won't start until June. This is only April.

We're kidding, of course, and just trying to mislead you into the annual ticket story for Alumni. Nevertheless, a third major campaign already has begun on Cartier Field, where Ara and his fine staff are beginning their own Challenge III, the 1966 football schedule.

We're bracing ourselves, too, after the welcome shocks of five rapid-fire sellouts last August, followed by a record home attendance of nearly 300,000. Final statistics disclosed nine sellouts out of 10 games for the season.

I'm sure many of you were caught in the squeeze, even though as Alumni you enjoy some measure of priority. Remember, the Alumni Association increases membership each June by some 1,500. Since we are a comparatively young group, actuarially, Alumni preference means less each year *UNLESS* you make a real effort to digest and follow our distribution policy, set forth here for 1966. Many of you seem to be vague on the date re-

quirement for the Annual Alumni Fund contribution. I refer you to Point 1 below. You must be a contributor as of the *PRECEDING* calendar year to be eligible for Advance Sale privileges.

I recommend careful reading of the "Season Ticket Information," particularly for Alumni who need not travel great distances to home games. It's a good buy, and the time may not be far off when the season ticket may become the only means of purchasing additional tickets for home games.

It appears now that general (or public) sale of tickets for Army at home on October 8 and Michigan State at Lansing November 19 will be either impossible or very limited. So, use the following information to your advantage and don't get caught short when the 1966 Fighting Irish take the field to continue their rightful place among the top ten.

Advance Sale Procedure

1. Contributors to the 23rd Annual Alumni Fund in 1965, religious and honorary degree holders, plus the June Class of 1966, are eligible for Advance Sale order forms for

By ROBERT CAHILL '34, Ticket Manager

address changes. So, if your address differs from that used for this issue of the ALUMNUS, forward that change at once to the Alumni Office.

4. Advance Sale forms are limited to TWO TICKETS per game, are not transferable, and will be honored until July 15 or until the ticket supply is exhausted. SEATS ARE ALLOTTED IN ACCORDANCE WITH DATE RECEIVED, modified only as follows: Orders arriving BEFORE opening day (June 20) are integrated at random with those received on June 20. At close of business June 20, all applications received to that point are thoroughly shuffled, DRAWN BY LOT AND ASSIGNED A SEQUENCE NUMBER to establish the order of seat assignment for each game for all orders on hand opening day. Since 3,000 or 4,000 orders for each of the more popular games will arrive for processing on June 20 (accounting for 6,000 or 8,000 tickets), obviously even a first-day order for such games could be on the 50-yard line or beyond the goal line, DEPENDING

Season Ticket (more about Season Tickets below) orders are satisfied, ONLY 4,000 TICKETS ARE AVAILABLE IN NOTRE DAME STADIUM BETWEEN THE GOAL AND 50-YARD LINE IN THE ALUMNI SECTION. Hence, for the more popular games, it is readily seen how a first-day order could fare poorly, and how an alumnus waiting to file his order until July 1 or after can expect nothing but seats behind the north goal (see diagram). Most games away from home present even more seating problems because of the small allotment normally available to the visiting team in proportion to the geographical balance of our following.

General and Block Sales

5. General Use ticket applications are mailed annually to ALL Alumni the latter part of July, prior to the August 1 opening of public sale. While it is possible that Advance Sale described above could claim our entire ticket supply, as of now we feel there will be public sale for all games EXCEPT ARMY AND MICH-

CHALLENGE III -- or -- the Third Year of ARA

the 1966 football season. A contribution recorded after January 1, 1966, affords ticket priority for the 1967 season, but NOT for this current year of 1966. Many Alumni send in a year-end donation which is not recorded in the Foundation's books until after the new year, and therefore their address plate is not included for Advance Sale envelopes. Try to think back, and if this picture fits you, then tell the Alumni Office now to credit you for a 1965 contribution.

2. Alumni Advance Sale opens June 20 and closes July 15. Any order received after that date, regardless of the category of order form used, will receive general use treatment. Nor is an order filed before July 15 guaranteed a preferred location (see Point 4, below).

3. The Alumni Advance Sale order form is designated as such in bold type on its face for ready identification. Eligible Alumni should receive these just prior to June 20. If you have not, and you're certain of your eligibility, notify the Ticket Manager at once. Our envelopes are addressed by the Alumni Association, but filled and mailed by the Ticket Office. Omissions are usually caused by

ON THE LUCK OF THE DRAW. This is the answer to the Alumnus' question as to why, although he ordered for all games on the very first day, he may receive fine seats for one game and poor ones for another, or fine seats for all, or poor seats for all. After Monogram and

IGAN STATE. However, that cannot be determined until July 15. General Use forms are transferable and *usually* valid for an unlimited quantity of tickets. THE CONTRIBUTING ALUMNUS WHO HAS ALREADY USED HIS ADVANCE SALE FORM FOR TWO TICKETS

MAY PLACE ADDITIONAL ORDERS VIA THE GENERAL FORM. Moreover, the General Use form is a convenient reminder to the noncontributing Alumnus that tickets are available. These General Use forms carry no locational preferences, as all such orders are filled after Advance Sale purchases.

6. Public sale opens annually on August 1. The Ticket Committee will be glad to send public order forms to any addressee upon request as long as tickets are available.

Alumni Clubs

7. Alumni Clubs planning on a block of tickets must file a request with the Ticket Manager **BEFORE JUNE 20.** Final action on block orders may not be taken until individual sales close July 15, and then only if sufficient tickets remain. However, a tentative reservation will be made, and an Alumni Club will be given preference in case of short supply. For some games no groups

Aw, come on!

The year-end Urgent Gram proved that economy can be expensive. It was a two-purpose reminder: to **contributors**, that they would receive ticket application preference in 1966, with the schedule of games for 1966; and to **non-contributors**, that they still had time. We thanked the contributors and asked the non-contributors to act promptly. Excuse the confusion. Never again! JEA.

EXCEPT Alumni Clubs may be considered, probably Army and Michigan State. But as to seat locations for groups, the following is positive: **BLOCK ORDERS ARE FILLED FROM SEATS REMAINING AFTER ALL INDIVIDUAL ORDERS HAVE BEEN ASSIGNED. THIS PERMITS ONLY END ZONE SEATS, INVARIABLY.**

8. Alumni Clubs frequently ask for two or more seats in "choice

location" for raffle or fund-raising awards. Because of the problems described in Point 4, unless a Club member (or members) surrenders his Advance Sale privilege for the game desired, tickets for prizes must be of the general sale variety.

The Season Ticket Situation

Each year, many Alumni ask if it is to their advantage to use Alumni Advance order blanks, game by game, or buy a Season Ticket for admission to all home games. The answer depends on what the alumnus wants. If two tickets meet his needs, then he should use his Alumni Advance privilege. Although this privilege doesn't guarantee preferred location (again see Point 4, above), still the opportunity is there. With the Season Ticket there is no alumni preference, and only end zone seats are available. However, it is currently \$2.50 cheaper than purchas-

ing game by game. It is renewable automatically each May 1, with no quantity limit. If location is not paramount, an alumnus may assure himself of any quantity of tickets for each game, renewable each year, via the Season Ticket plan. Alumni might presume, after looking over the stadium diagram, that the Season Ticket locations shown in the alumni sections (Sections 8 and 9) are held by, and available to, alumni only. Not so. These Season Tickets were available to anyone prior to 1943, when the alumni section was more than adequate. Because of the renewal feature of Season Tickets, removal of these patrons from alumni sections is a slow process. However, we have not sold any Season Tickets in Sections 8 and 9 **SINCE 1942.** The Season Ticket sale opens annually on May 1 and we shall be glad to send complete information upon request.

Meet the Class of '66:

Horace, the ancient Roman poet, once said, "He possesses dominion over himself, and is happy, who can every day say, 'I have lived.'" With this in mind, we can say that there are a vast number of happy seniors this year. With the second semester well under way, most seniors can look back on a memorable and rewarding senior year.

All the class commissioners are to be praised for performing outstanding jobs, and the Class is to be congratulated for its active participation in and support of everything the Class has undertaken. Most praise, however, must go to the Class officers—John Buck, president; Greg Rust, vice-president; and Jamie Toohey, treasurer—who have done the brunt of the work in making this an outstanding year.

In football, the Senior Class witnessed a 7-2-1 season and saw their classmates achieve a Number 8 national ranking. Seniors **DICK ARRINGTON** and **NICK RASSAS** were everyone's All Americans. These two, plus **TOM LONGO**, **BILL WOLSKI**, **PHIL SHERIDAN**, **BOB MEEKER**, **TONY CAREY**, **TOM TALAGA**, **MIKE WADSWORTH**, **ARUNAS VASYS**, and **MIKE WEBSTER**, were drafted into the professional football ranks. The Senior football trip to Miami over Thanksgiving vacation was very well attended, and was under the direction of **BILL O'DONNELL**.

Also in athletics, the Class of '66 had the distinction of witnessing the worst season in Notre Dame basketball history. The team, however, despite their unimpressive record, was a very spirited group, due mainly to the inspiring leadership of Captain **BUCKY MCGANN** and the steady play of **TOM BORNHORST** and **KEVIN O'NEIL**.

On the social side, in quite an unprecedented move, the Senior Class started a Class Bar in the basement of the Flamingo Restaurant. Its success has been greater than anticipated, and it appears that this "experiment" will become a regular part of each senior class in years to come. Its success shows that seniors can accept the responsibility when it is given them, and may be a step toward opening the door to more responsibilities and liberties in the future. The bar has operated under the very capable direction of **TOM GARTNER** and **BRIAN BOYCE**. The Senior Key Club, which sponsors concerts and parties for members only, has also been a huge success. Its 600 members have enjoyed a social func-

SCHOLAR ATHLETE: Double Standard?

Lightning struck, at first creating a small brush fire smoldering on the horizon. Then, distant winds picked it up, others fanned the blaze and now, it smokes in all quarters of the University.

It began as an editorial in the bi-weekly newspaper of the Student Government: "The *Voice* would like to speak out against the special academic treatment offered athletes at Notre Dame. This double standard is found in the areas of course scheduling, honor code violations and grade preferences. It is not a recent innovation; it has become ingrained in the Notre Dame tradition. There is no doubt that this double standard is an accepted part of campus life."

The editorial alleged that athletes at Notre Dame were provided with

easier classes, taught by professors who are prone to give "grades substantially higher than (the athletes') work merited." The University's Honor Code was falling prey also, contended the student newspaper: "It seems clear that athletes get away with far more than their share of cheating. . . ."

Obviously, such a public statement did not go unnoticed outside the confines of Notre Dame, although several weeks passed before the national news stories appeared. The Washington, DC *Post* and the Chicago *Sun-Times* carried the stories, and the flames appeared even more crimson and hot than before. The *Voice* fired back, denouncing the exaggerations and misquotes used in the *Sun-Times* article, which was written after a personal interview with the *Voice* editor, senior Steve Feldhaus. The fire crackled higher.

On March 11, the student maga-

zine, *The Scholastic*, entered the fray with an editorial addressed to Feldhaus. "To act as you did," stated *The Scholastic*, "indicates, in our opinion, irresponsibility and poor judgment." This opinion, the editorial explained, was based on the grounds that Feldhaus did not bring his accusations and supporting facts before the proper authorities prior to his publication of the editorial.

"It seems to us," said *The Scholastic* editors, "that facts substantiating these accusations should have been presented to the proper authorities, to either Father Hesburgh, Father Joyce, Father Walsh or one of the deans." In not doing so, Feldhaus "ignored a number of channels which, if used, could have solved the problem much quicker and with less national publicity. . . ."

The methods employed by Feldhaus were said to be inappropriate, yet *The Scholastic* did not support

tion weekly at numerous places, presenting various talent, and will continue to do so throughout the year. The Key Club is under the direction of social commissioner DAN OLSON.

Another liberty granted the Senior Class has been "organization cars." Any organization in need of frequent transportation may have a car on campus to use in carrying out their official duties. This year also saw the inauguration of the stay-hall system, in which three experimental halls — *Dillon, Alumni and Farley* — intermingled students from all four classes. This system showed adequate success, but there are still some flaws to be worked out.

This year, the Seniors' Patriot of the Year Award was presented to the U.S. Senate Minority Leader Everett M. Dirksen. The program was the best attended Patriot's Day Ceremony. BILL SCANLON was the chairman of the exercises.

The Class of '66 has inaugurated a Student-Faculty Cocktail Hour at the Senior Bar. Here, the faculty and students can sit and discuss Class matters, politics, or any other subject in a natural, enjoyable atmosphere. The cocktail series is under the direction of HARRY McDONAGH, the Class academic commissioner. Harry also directs the Class Lecture Series, which has brought to campus such distinguished speakers as Robert Short, author of the *Gospel According to Peanuts*; Eugene Carson Blake; and Rabbi Plotkin, one of the few Jewish Notre Dame alumni to become a rabbi.

The Class of '66 has the distinct pleasure of being the first class to enjoy co-exchange classes with St. Mary's students. A new distraction has been added to many classrooms, and more male students are found "across the road" than ever before. A shuttle bus between Notre Dame and St. Mary's, which makes more than 40 round trips each day, has also instilled new incentive in the relations between the two schools. All these things have led to a record number of SMC seniors being miniaturized or engaged to Notre Dame men, and have caused many a senior to wonder what he's been missing for three years.

Future happenings — concerts, parties, Senior Week, the Senior Prom, the Alumni Banquet, and graduation—promise to make these next few months as memorable as those that have come before. The Seniors have experienced a year of adventure, recreation, achievement and romance. What more could you ask for?

BAND: Spring Au Go-Go

Once again, Easter vacation for the members of the Notre Dame Concert Band will be spent on an annual spring tour, playing 11 concerts, before some 20,000 people, over more than 4,000 miles.

Getting under way with an Easter Sunday performance in Mon-

mouth, Ill., the concert band will conclude the whirlwind tour April 21 in Effingham, Ill. In between, the band has engagements in Kansas, Arkansas, Missouri, Oklahoma, Texas, Colorado and New Mexico.

Touring since the 1920's, the band has played in 40 states, Mexico and Canada, receiving enthusiastic reviews from such leading newspapers as *The New York Times*, the *Philadelphia Inquirer*, the *Chicago Tribune*, the *St. Louis Post-Dispatch* and the *Miami Herald*.

Through these years of experience, the concert band has designed musi-

cal programs to suit all musical tastes and preferences. A typical program includes classical, semi-classical, popular and novelty selections. In addition, marches, ensembles and soloists are featured in each program.

The band's schedule of tour performances is: April 10, Monmouth, Ill.; 11 — St. Joseph, Mo.; 12 — Larned, Kan.; 13 — Pueblo, Colo.; 14 — open; 15 — Fort Wingate, N.M.; 16 — Albuquerque, N.M.; 17 — Amarillo, Tex.; 18 — Oklahoma City; 19 — Fort Smith, Ark.; 20 — St. Louis; 21 — Effingham, Ill.

TOPSIDE BRIEFS

Miss Dailey's Bequest

Miss Florence M. Dailey was virtually unknown in Rochester, N.Y., where she lived, but when she died February 9 at age 86, she reportedly left \$8.5 million to the University of Notre Dame. Another \$8.5 million was bequeathed to Georgetown University from the estate totaling more than \$19 million. If validated in the courts, this would be the largest single gift in the history of Notre Dame, and would boost the University's endowment to more than \$50 million. The 1933 will specifies that the bequest be used for scholarships to needy students. The great bulk of Miss Dailey's estate consists of stock in Eastman Kodak Co., which she began buying as a bank president's secretary before the turn of the century. The will is contested, however, by the only surviving relatives, a niece and two nephews, and it is felt at the University that it may be some time before the question is resolved.

Propose Change in Academic Calendar

A first semester that ends before Christmas, coupled with graduation in May, are the primary characteristics of a proposed major overhaul for the academic calendar at Notre Dame. For many years, controversy has raged around Christmas vacation splitting the first semester, leaving a two-week sprint to final exams. Likewise, the idea of ending a semester in the warm days of May and June appealed to very few. This year, the change might be coming. A random sampling of the student body was conducted by the University's Academic Calendar Committee the results of which will weigh in the final administrative decision. After being offered newsletters outlining pros and cons, students voiced their preferences among three possible ways of organizing the calendar. All three alternatives allowed for completion of the first semester before Christmas and a mid-May dismissal.

Enter the Methodists

It began with a handball game between a vice-president of Notre Dame and a South Bend Methodist. The Protestant mentioned that his newly-formed church was without facilities to hold Sunday services until they could build their own church. Now, in the ecumenical spirit, the Methodist church is holding its Sunday services in the auditorium of the Notre Dame Engineering Building. Methodist pastor Rev. David C. Maish said he "was overwhelmed by the gracious offer and recognition given by Notre Dame."

Newest Bend in the River

Letters to the editors of local newspapers are often less than interesting, but a recent contribution in *The South Bend Tribune* proved arresting; it called for a new name for the city of South Bend. "South Bend isn't a name. It's a geographical location," wrote the reader. "Although it has been a cosmopolitan city for a long time, (South Bend) clings to the idea of a village attached to Notre Dame University. . . . This is the city of Notre Dame on the south bend of the St. Joseph River, surrounded by a high wall of history. . . . After 150 years of existence, this beautiful city should be given a name. Please call it Notre Dame, the Paris of America." A good idea, but what would they call *The South Bend Tribune*?

Fellowships and Challenges

Grants totaling \$82,500 have been awarded to Notre Dame by the Arthur J. Schmitt Foundation of Broadview, Ill. which will underwrite graduate engineering and science fellowships as well as institute a series of "Challenges in Science" meetings for undergraduates. Seven first-year graduate fellowships will be awarded for each of the next three years with \$75,000 of the total. Going to candidates for doctoral degrees, the awards will annually provide tuition expenses of \$1,200 and a stipend of \$2,000 for each recipient.

Contemporaries Honor Rossini

Continually recognized by his colleagues as an authority in the field of chemistry, Dr. Frederick D. Rossini, dean of the College of Science, has been honored by them once again. On March 11, Dr. Rossini received the William H. Nichols Medal, annually presented since 1902 by the New York Section of the American Chemical Society. The Society cited Dean Rossini for "outstanding contributions to the area of chemical thermodynamics through research, writing and organization." Dean Rossini has been author OR co-author of eight books and more than 270 articles on thermochemistry.

Pangborn Named Papal Count

Thomas W. Pangborn LL.D. '54 of Hagerstown, Md. donor of Pangborn Hall on campus, has been named a Papal Count by Pope Paul VI. This rank of nobility originated in past ages when the Pope, possessing greater temporal powers, honored laymen for their roles in the temporal affairs of the Church. In addition to his gifts to Notre Dame, Count Pangborn is a member of the Notre Dame Board of Trustees and past member of the Advisory Board of the College of Science and Engineering. He also is a member of the Advisory Committee of Mount St. Mary College and the Board of Trustees of Catholic University of America. His gifts have erected a Pangborn Hall at Mount St. Mary and the Pangborn School of Architecture at Catholic University.

Eight More Total 122

On March 3, eight Notre Dame seniors received word that they were selected as recipients of Woodrow Wilson National Fellowships. This brought the total of Notre Dame recipients to 122. Across the nation, 1,408 persons from 380 institutions received the awards. The Notre Dame winners and their fields of interest are: John F. Clarke of Jackson Heights, N.Y., English and American literature; David A. Hacker, Waterloo, Iowa, English; Malachi J. Kenney, Hazlet, N.J., history; Xavier K. Maruyama, Tokyo, physics; Terrence E. Miller, Portland, Ore., philosophy; William W. O'Grady, Williams Bay, Wis., political theory; Joseph Starshak, Chicago, history; and Albert L. Vitter III of New Orleans, mathematics.

Tuition on the Rise

As regularly as the sun, the annual tuition at Notre Dame for undergraduates has risen—\$100 a year each of the past four years. And according to University Comptroller G. E. Harwood, "This increase probably won't be the last." Approximately \$500,000 of the \$600,000 gained this year by the increase is earmarked for faculty salaries, but will do no more than keep those at a competitive level. Currently, Notre Dame undergraduates finance 80 percent of their education costs, while graduate students provide 60 percent. Attempts to increase the University's endowment fund, one of the smallest in the country for a university of this size, hopefully will bring an end to the tuition spiral. In comparison to Notre Dame's current rate of \$1,600-a-year, Harvard and Cal Tech list \$1,800-a-year tuitions, Johns Hopkins, \$1,760, and Catholic University of America, \$1,300.

Ecumenical Peace Plea

"To lift the issues of Vietnam above the levels of partisan politics and debate, and to call upon God to guide world leaders away from war toward peace." This was the aim of the Day of Prayer for Peace at Notre Dame February 27 in which a rabbi, Protestant ministers and Catholic priests prayed together in Sacred Heart Church. Speaking at the concluding session, Rev. John A. O'Brien said ". . . the tragedy of war lies in its utter inability to solve any question of ideology, justice or right. After all the destruction and carnage, the unsolved questions confront us at the conference table." The day of prayer was sponsored by the Young Christian Students organization of Notre Dame and St. Mary's and by the South Bend Chapter of the National Conference of Christians and Jews.

Treasure Island and Others

For the past seven years, Walter Trohan, Washington correspondent for the *Chicago Tribune* and a '26 graduate of the University, has set aside in escrow a portion of his collection of first editions of English and American writers for the Notre Dame Memorial Library. His recently-appraised 1965 contribution consisted of 77 volumes valued at more than \$4,000. Among this most recent collection are: first editions of 20 of Robert Louis Stevenson's works, including *Treasure Island* and *Kidnapped*; first editions of the six-volume set of Winston Churchill's *The Second World War*, autographed by the author; and 10 volumes of poems by Carl Sandburg. Earlier contributions include first editions of such authors as Charles Dickens, Joseph Conrad, Conan Doyle, Sinclair Lewis and Herman Melville.

what is the

universal notre dame night

Beginning April 18 and continuing for almost a month, Notre Dame Clubs around the world will observe the 43rd annual Universal Notre Dame Night.

From Maine to Texas, from Tokyo to Rome, more than 100 Clubs will hold local celebrations keyed by this year's universal theme, "The Role of the Catholic University in the Modern Age." Many of these same Clubs will feature campus personalities as guest speakers. An additional highlight will be the traditional presentation of "Man of the Year" awards to outstanding local community leaders.

Established in 1925 by the late John H. Neeson '03 of Philadelphia, Universal Notre Dame Night was originally conceived as a single occasion on which all alumni Clubs — then totaling 26 — would convene simultaneously to tell their constituencies, their communities and the world that Notre Dame was a great University in many aspects other than athletics.

Their hope was that the various local units might be united through

media, such as radio, through which the University administration could convey to all the current story of Notre Dame. In a number of subsequent years, this hope developed and several national radio programs were broadcast, some from the campus and others from key cities.

But it became increasingly evident, as the Clubs grew in numbers and size, that the real contribution of Universal Notre Dame Night was in the local Club program, featuring, wherever possible, a speaker from the University, a campus film or some personality who embodied the leadership and spirit of Notre Dame.

From this came the change from a single date — the Monday following Easter Monday — to dates adjacent to this central date, a change that has enabled the University president, other members of the administration, and faculty and coaching staff members to appear at more than one Club's meeting.

As the Clubs have grown, the public relations values, the prestige of the University and the alumni leadership in religious and civic life have

been increasingly reflected in outstanding Club programs around the U.S. and around the world. Many of the local programs in recent years have matched some of the programs of earlier years in the national significance of their speakers.

The growth of the University as an educational asset of world significance — the developments in science, in literature, in business and industry leadership, in spiritual training and in the lay apostolate — has given the Clubs an annually renewed stimulus to transmit these vital developments to their members, to their friends, to the families of present students and to an increasingly aware public. Local radio and television coverage frequently has augmented the local meetings.

This is the broad background upon which rests Universal Notre Dame Night in 1966. More than 100 local Alumni Clubs, of the 150 listed, will have strong individual programs of community importance. The cumulative value will add substantially to the stature of Notre Dame.

role of the Catholic University in the modern age?

What service or function does a Catholic university perform that cannot be duplicated or bettered by other, more sophisticated centers of learning?

What contribution can a religiously oriented institution make to an age in which science and technology have become their own creeds?

The purpose of a Catholic university has been described as the education of men and women of professional competence, who also possess a strong

measure of moral responsibility. But this definition suffers in its simplicity, for a multitude of other institutions graduate professionally competent people, many of whom also possess a measure of moral responsibility.

What the Catholic university can and must do, however, is to offer adequacy of knowledge and truth in all its fullness, human and divine. It must provide a constant commingling of ancient disciplines and new knowledge, of tradition and revelation, of theology and technology, all the while granting perspective to man's place in the divine scheme of things. This is a process far beyond the realm of the secular institution which is chartered to transmit knowledge, but avoids reference to its source.

Notre Dame's Alumni now have their first opportunity to participate in the University's Center for Continuing Education when a national ND Alumni symposium of "The Problem of Population" is held on campus, June 9 and 10.

Fresh from its dedication and inaugural symposium, the Center will throw open its doors to the University's Alumni, committing its entire staff and facilities to making this first annual seminar meaningful for all Alumni.

The seminar will address various levels of the

"Population"

population problem, each of which, though related to the others, has its

Topic Launches First Alumni Seminar

There is complete agreement that a population problem exists and that it is a gravely challenging one.

This can be shown on the basis of projections which all demographers accept. First, the population of the earth reached one billion in 1830, two billion in 1920, three billion in 1962, and will make a momentous leap to six billion in the year 2000. It is obvious that a continuation of this rate of increase is wholly out of the question.

We may add that the birth rate would be still higher were it not for widespread recourse to measures, notably infanticide and abortion, which are rightly viewed by Catholic and other moralists as criminal. Infanticide is far less common in Western countries than it once was—in times chronicled by Goethe's *Faust* and Scott's *Heart of Midlothian*. Abortion is, however, now widely practiced not only in Japan, where it has become an accepted method of birth control, but even in the so-called Catholic countries of Europe and Latin America. Reliable evidence likewise indicates that in spite of legal prohibition it is now more frequently resorted to in the United States than is generally assumed.

Since Catholics now live in a world-wide diaspora, their demographers and moral theologians have a two-fold task. The first is to make it possible for the faithful to confront the inescapable task of regulating birth with means which are sanctioned by the Church. These means now include rhythm and abstinence from sexual intercourse. Since the second is of necessity limited to a very few, it is the first which, for the time being at least, must be advocated not as only a safeguard against sin, but as a positive contribution to the solution of the population problem. This means a drastic change in basic attitudes, of course, but it also implies a vigorous endeavor to study rhythm scientifically and vastly to increase its use. Unfortunately, research has lagged far behind, and efforts to disseminate an understanding of the method through a world-wide network of rhythm clinics have scarcely begun. The second task of the Catholic demographer and moral theologian is to oppose, as successfully as he can, the use of methods which, like infanticide and induced abortion, give an added dimension to the moral issues involved.

The population problem is, of course, most serious in countries like Egypt, India, Brazil, and some of the Caribbean countries, where mounting overpopulation is associated with dire poverty. But the United States itself is not without difficulties of its own. The population of this country is certain to increase from the 192 million of the present to 320 million by the year 2000. This probably means that

the larger cities will nearly double in size 50 years hence. Even if we assume that automation will not have more effect on employment than is at present predictable, and that through education youth can be kept out of the labor force in a manner comparable to that presently in effect, the depressed urban areas of the year 2000 may be at least twice as large as they are now.

There can be no doubt, then, that the United States also faces its population problem. But in general, one may certainly say that a deeper concern is with sexuality in the urban society we have created.

The desire for sexual experience is fanned by forms of mass art and entertainment. Venereal disease is now largely remediable and so no longer imposes a formidable barrier to indulgence. New and improved forms of contraception, notably the "pill," are widely used, even though the ultimate medical effects are still unknown. In large segments of the population, sexuality is also bound up with the use of narcotics.

It might, as a consequence, be relatively easy to reverse the trend. By overemphasizing the population problem, one could conceivably re-create the situation which existed not too long ago when the issue was one of declining birth rates. No Catholic demographer or moralist is unaware that in a situation which is uniquely human—that is, subject not to automatic regulation but only to the decisions made either individually or corporately by men and women living amidst the pressures of the time—mass suggestion is a factor of the utmost importance.

SEMINAR CHAIRMEN: Shuster, Bergin and Crosson

IN FEBRUARY, 42 Alumni returned to the campus for the first meeting of the University's newly-reorganized Annual Alumni Fund.

Selected by their class officers and appointed to the new position by University President Rev. Theodore M. Hesburgh CSC, these "class agents" have become a part of Notre Dame's movement to seek increased personal contact with alumni. By reporting University development to their classmates and seeking support for the Annual Alumni Fund, they will become the needed link, heretofore absent in the 24-year history of this alumni fund-raising program. **Begun in 1930:** James E. Armstrong, executive secretary of the 35,000-plus member Alumni Association, launched the day-long conference at the Morris Inn by tracing Alumni support from its beginning in 1908 through the present. The first Alumni contributions, Armstrong stated, were in the form of \$5 annual dues to the Association. After 15 years, this fund reached \$120,000 and was given to the University endowment campaign in 1923. In 1930, Frank Hayes, as president of the Alumni Association, introduced the Annual Alumni Fund, and invited annual contributions from Alumni according to ability and desire, without a fixed amount for dues.

A combination of the depression and a nationwide campaign for the Rockne Memorial building after Rock's death in 1931 weakened the Alumni Fund program. But, in 1941, the Association, under President Thomas Byrne and his successor, Harry Kelly, reorganized the Annual Alumni Fund into its present form. So successful, the Fund was extended through a second year, raising \$111,000 for the University. The 23rd Annual Alumni Fund (1965) saw 11,799 Notre Dame men contribute over \$1.4 million.

Role of Capital Fund Drive: Next, James W. Frick, vice-president for public relations and development, outlined Notre Dame's current and future financial picture for the class agents. The yearly operating budget has reached \$28.2 million, Frick stated, and will continue to move upward. Funds raised from the University's two capital fund drives—Challenge I and Challenge II—have been used in faculty development, student aid and new academic programs, in addition to the construction of the Memorial Library, Lewis Hall, Center for Continuing Education, Computing Center, Stepan Center and the Athletic and Convocation Center now in progress.

Notre Dame Alumni have responded enthusiastically

cally and generously to both the Challenge programs. With the added incentive of the Ford Foundation's matching provisions, 80 percent of the Alumni participated during the three years of Challenge I, gaining for the University the American Alumni Council's top award for improvement in alumni giving.

Ever Greater Need Today: Despite the unprecedented Alumni participation in past capital fund campaigns, the average Alumni giving in any single year has not exceeded 50%. With Notre Dame's endowment—the smallest of any major private university—the Annual

CLASS AGENTS PLAY KEY ROLE:

Restructure Annual Alumni Fund

Alumni Fund is of critical importance to provide income in addition to endowment investment return. In 1965 the University would have needed an additional \$32 million in its endowment, returning 4.5 percent, to receive the \$1.4 million contributed by Alumni.

1965 the potential for improvement is great. With an annual gift from all Alumni, the class agents were told, Notre Dame could easily double its Annual Alumni Fund.

The class agents will be working hard to increase the percentage of class giving and the total amount of the Fund. Knowing their classmates' loyalty to Notre Dame, each agent has willingly and enthusiastically accepted his position. They will be counting on all Notre Dame men to aid them in their service to the University.

CLASS OF 1915

That our good friend D. M. NIGRO, MD '17 from Kansas City, Mo. is a sports enthusiast is well known and is supported by his letter of Jan. 12 to the *Chicago Tribune*: "Congratulations on the appointment of GEORGE STRICKLER as the *Tribune's* sports editor succeeding Willard Smith. Smith did a fine job for the paper as I know Mr. Strickler will do also.

"Also, congratulations on the appointment of Cooper Rollow as assistant sports editor. You have one of the best sports newspapers in the country; it ranks high among all the papers."

Note the following changes of address for members of the Class of 1915: JOHN F. LANGAN from 706 Darlington Rd. N.E., Atlanta, Ga. to 1201 Industrial Park Dr., Marietta, Ga. 30000; DAVID MICHAEL LIPPEATT from North Section, Dugger, Ind. to Indian Lake Estates, Fla. 33853; DR. EDWARD GEORGE GUSHURST from 790 Washington St., Denver, Colo. to 775 Paseo El Mirador, Palm Springs, Calif. 92262 and WILLARD V. HALLAM from New Florida Hotel, Lakeland, Fla. to 1061 S. Success Ave., Belair Apt. "B," Lakeland, Fla. 33803.

In a note at Christmas time, BOB ROACH from Muscatine, Iowa, again expressed regret for having been unable to attend the Class of 1915 Golden Jubilee Reunion at ND last June. Your many friends, Bob, expressed similar regret because they expected to see you there.

Rev. Patrick Michael Mooney, son of the late WILLIAM J. MOONEY '15, was ordained a priest Jan. 9 in St. Francis of Assisi Church, Teutopolis, Ill. His first Solemn Mass was celebrated Jan. 16 in St. Joan of Arc Church in Indianapolis.

A national conference of newly appointed ND class agents will be held on campus Feb. 26. Notre Dame is inaugurating the class agent system for the first time this year. Hi Ole Timers!

How about lighting a candle and sending a birthday greeting—even tho it be a delayed one—to one who used to share "buns" with you in the Main Building dining room: Rt. Rev. Msgr. FRANCIS MONIGHAN, 414 Church St. Gregory, S.D. 57533. Mar. 13; MARCH F. "PREP" WELLS '15, 1901 E. Taylor St. Bloomington, Ill., Mar. 4; HARRY M. BRADY, 411 W. Townline, Payne, Ohio, Mar. 27; E. M. STARRETT, 419 Quincy St., Port Townsend, Wash., Mar. 27; H. S. CARROLL, 338 Mountain View Ave., San Rafael, Cal., Mar. 31; DR. D. M. NIGRO '17, 122 McGee St., Kan. City, Mo., Apr. 6; GEO. E.

JUDGE ROGER J. KILEY '22 of Chicago received the University's second annual basketball homecoming award, February 15, during half-time ceremonies of the ND-St. John's contest. Presiding in the US Court of Appeals for the Seventh Circuit, Judge Kiley was given the award in view of his outstanding and successful career following his days at ND where he was a football, basketball and baseball monogram winner.

HARBERT, Liberty Bldg., Rock Island, Ill., Apr. 6; JOHN J. VOELKERS, 1006 S. Wesley Ave., Oak Park, Ill., Apr. 9; C. W. CALL, 1047 Biltmore Dr., Winter Garden, Fla., Apr. 21; E. J. McOSKER '17, 525 N. Melrose Ave., Elgin, Ill., Apr. 25; DR. NEIL J. WHALEN, 1023 Cadieux Rd., Grosse Pointe Park, Mich., Apr. 26; WM. H. KELLY, 1950 Reeveson Rd., Richmond, Ind., Apr. 28; A. W. FRITZSCHE, 575 Washington Ave., Elyria, Ohio., Apr. 28; H. C. BAUMAN '17, 2069 Rustic Rd., Dayton, Ohio, May 24; REV. GEO. HOLDERITH CSC, Alumni Hall, Notre Dame, Ind., May 27; FRED L. STEERS '12, 1910 W. 107th St., Chicago, Ill., May 27; and D. E. HILGATHNER '17, P.O. 75, Harbert, Mich., May 28.

Heard from that TVA architect now of Carabelle, Fla., NORBERT G. MONNING—retired and enjoying life—no worries other than hunting

and fishing. This "guy" had something to do about placing an uncapped vial containing iron pyrites and sulphuric acid back of a radiator in the second floor hall of Walsh Hall at the time of '18 graduation exercises. Imagine it raised a "big stink" at the time. Wondering if on account of this student, "all St. Mary's girls were back of a 10' Cyclone fence in my day."

Then again, the fence did not stop "BIG FRANK" RYDZEWSKI from going after their apples. Quite a story, eh Frank? JOHN VOELKERS sent note containing a very interesting felicitation he received from BILL ANDRES. Note from JOHN LEMMER asking for JOHN REUSS's address.

Our Illinois Ex. Lt. Gov. SHERWOOD DIXON forwarded a nice family group picture—which I hope you'll see—14 and more on the way. Sherwood proud of his monogram discus-throwing son PAT. Sent letter to Honorable BILL BRADBURY, and to BERT SENG who has a new address—6508 Glenwood Ave., Chicago. "Texas" BILL GRADY comes thru with a nice note—thanks. HEINE and Mrs. BERGER are off for Texas—Rio Grande Valley—perhaps to Fla. Hope to "pop in" on "STUFFIE" BURKE.

Heard from the grower of "Square Petunias," JAMES T. McMAHON. What a story this "guy" has about this corporation—funny. Nice note from "PREP" WELLS vacationing in Ft. Lauderdale. I see BACHMAN, J. FLYNN, BILL REDDING and the great PAUL FOGERTY each winter when we are there. TOM KING writes that he has visited FRANK KIRKLAND in Portland, Ore.

Kirkland wrote Prep, "Reading ALUMNUS ran across your name and it took me back to track meet we had with Wisconsin one evening at ND. You were highhearted and allowed me to squeeze a small amount of your precious Capaum on my weary legs. I thought it was so wonderful I rubbed some on my arms and stomach. And believe it or not I have been running ever since."

Now don't you feel real sorry for "DOC" and Mrs. NEIL J. WHALEN: "So come March, off for a long 30-day trip thru the Mediterranean with stops here and there." Best wishes. Have a wonderful time. Believe I know one person who wishes he could be free for 30 days and take a trip like that. REV. C. J. WILLIAMS, Rantoul, Ill. couldn't get time off to even attend the long-awaited Mich. St. football game.

Our Class Pres. CHAS. W. CALL is about to appoint a committee for the Golden Jubilee Class Reunion in 1968. Personally, I think it is a very good idea and hope that he gets four real interested "grads," one in each section of the country. It's not too early to get started. A lot of plans have to be laid for a grand reunion.

From the Alumni Office:

A card recently received from GEORGE C. WITTERED mentioned that he "... hoped to attend our 45th Reunion. Will contact LARRY "RED" MORGAN, WILLIAM ALLEN and NORM "JUDGE" BARRY. Somebody with influence should put the pressure on CHARLES "JOCK" MOONEY of Memphis." George, who resides in Chicago, is the proud father of two boys, both in the teaching profession. GEORGE JR. Our grateful thanks to all of our classmates who sent Christmas and New Year greetings, also, for some fine news items for '22.

RAY KEARNS of Terre Haute has supplied some family news. Ray's youngest son is now in law practice with him, and a second son will be associated with the law firm after he has graduated in law at the U. of Louisville this mid-term. The eldest son is with the Dept. of Health, Education and Welfare in Champaign, Ill. The daughter and her husband, DR. LUCARELLE, and two children live in Terre Haute. Ray reports he attended the Purdue, Army and Southern Cal. football games, but spotted no classmates.

From Greenwich, Conn. writes ART SHEA in this manner: "Last May, at 65, I retired from the American Telephone & Telegraph Co. in NYC. We are remaining in Greenwich where we have lived for 20 years. Both my wife, Sally, and I are enjoying retirement. I am doing some of the things put aside before, such as writing to the Class secretary. Our children are nearby: the eldest, a Marymount College graduate, is an investment representative married to a Manhattan real estate expert. Our youngest daughter is SISTER MONICA SND, Trinity College '58. With a firm hand, she rules the 7th grade at St. Justin's in Hartford. Our older son is Holy Cross '60, an ex-Marine captain, and a newly appointed officer of a New York City bank. The youngest son will graduate from Colgate next June. Although, he was accepted at ND, I finally bowed to the Cross and Colgate. That just about wraps it up. Last summer in the Spanish Pavilion at the World's Fair, I sat next to JUDGE GAFFNEY of New Britain. I remembered that you were a good friend of Cy's. I am looking with pleasure to the time of our 45th Reunion; if I am still up and around, I'll be there. We had a fine time at the 40th and I enjoyed the chats with you."

From Jacksonville, Fla., come these words from the pen of Mrs. FRITZ BAUMER (Peg): "I am writing to wish to you a Merry Christmas, also, to tell you of the nice surprise the boys and I had a few Sundays prior when Mr. and Mrs. CY KELLETT of Milford, Mass., dropped in to see us. Cy had read of Fritz's death in the ND ALUMNUS. We had not known where Cy was located and had not seen him since the '22 graduation. They were here visiting a son and his family at the U. of Florida, as well as others through the state. I thought it was extremely kind of them to call on us."

'22 BREVITIES

RANGY MILES attended the Miami game; VINCE HANRAHAN was reported in Puerto Rico and the Virgin Islands on a business trip in the late fall; THE JUDGE AL SCOTT's of Los Angeles became grandparents twice in November; RICHARD McCARTY of Canton, Ohio is now an associate editor of *The Spirit of Loreto*, a publication of the Sisters of the Divine Spirit of Erie, Pa. His address is 2812 Harvard Ave. N.W., Canton, Ohio 44709. He enjoys hearing from his classmates. Because of illness, he cannot navigate quite as actively as heretofore. Will somebody organize a posse and try to locate JIM SHAW as his Christmas card was returned with notation: "Moved to part unknown."

BUSINESS RETIREMENTS

FRANCIS C. BLASIUS JR., Dec. 31, after many

years of service with the US AFB at Dayton, Ohio. Home address is: 516 Daytona Parkway, Dayton 6, Ohio. ARTHUR C. After 42 years of working with Boys' Clubs of America, J. DANIEL CULHANE retired last December. FRANCIS P. "ABE" McFADDEN who is now living at 401 N. Riverside Dr. in Pompano Beach, Fla., has been good about sending news even though it has been sad news. STEVE CARBOY passed away Jan. 2. ABE mentioned that Steve had not been in good health for some time, but that he had seen him once since our reunion and he seemed his usual self. Steve leaves his wife, Helen, a son and two daughters.

"HANK" WURZER sent me a copy of a letter he received from JOHN KILKENNY with reference to Steve which is worth quoting: "We will all miss Steve. What a character! Brilliant of mind and subtle of speech; arbitrary yet charming; domineering yet submissive; eloquent yet inarticulate; proud yet humble. There was only one Steve Carboy."

Abe McFadden had heard from JOHN BARTLEY that VINCENT "PINKY" SCHNEIDER had died Jan. 11, but Hank forgot to enclose the article about Pinky and I don't have the details. Both Steve and Pinky were at our last reunion. We will miss them both very much. Hank Wurzer has arranged for a Class Mass for both fellows. Our deepest sympathy to both families and I know the members of the Class of '25 will remember Steve

and Pinky in their prayers.

Your secretary just received word from LAWRENCE CASEY of Batavia, N.Y. that his pal JOSEPH. M. HAGERTY of Bessemer, Ala. passed away on Feb. 4. Joe left his wife, Jane, whom many of us met when they were on the Notre Dame campus during our 40th Reunion. Jane, as secretary I would like to extend to you the deepest sympathy of the Class of 1925 in your great loss, and you can be sure his classmates will remember Joe in their prayers.

Larry CASEY mentioned that he was at the ND-Army game with Joe and his wife last fall. They also saw JOHN BARTLEY and his wife at the game.

—JOHN P. HURLEY, Secretary

From the Alumni Office:

JIM CROWLEY and EDGAR "RIP" MILLER, two of ND's Rockne-era football greats and members of the Class of '25, were elected to the National Football Foundation and Hall of Fame of New Brunswick in February. Crowley, one of the famed Four Horsemen, and Miller, one of the linemen later dubbed "The Seven Mules," were among the 13 players and a coach selected this year.

In late February, word was received that two well-known members of the Class had passed away. The first was HARRY MCGUIRE of Santa Barbara, Calif. Details of his death are unavailable. The second was SEBASTIAN J. MILLER of Indianapolis who died Feb. 18. A native of Fort Wayne, he was employed as an engineer by the Indiana Gas and Water Co. in Indianapolis. Surviving are his widow, Florence; a son, ROBERT J. '65; and three brothers.

Class Treasurer HANK WURZER in a recent letter to the secretary of the Alumni Association, indicated that he has made arrangements with "... the Holy Cross Fathers to set up a Mass each month for all the deceased members of the Class until June, 1970, the occasion of our next reunion. I also sent them an additional stipend for a Mass every other month for all the deceased members of the Class until June, 1970. In other words, these 90 Masses are all set up, with a stipend of \$5.00 a Mass given Father McAuliffe of the Holy Cross Fathers, and we still have a balance on hand of slightly over \$200.00, which I thought I should retain for the individual Masses. In addition, I had a Mass said each week for all the deceased members of the Class during the month of November and at Christmas time. During the holiday season I had Masses said for all the deceased members of the Class."

REUNION

JUNE 10 • 11 • 12

If you have not circled June 10 on your calendar, do it now. There will be a big turnout as indicated

TOM KING '18:

What Thomas H. King hasn't undertaken in his youthful 70 years, rest assured, he'll make an attempt at it in the days ahead of him.

"Mr. Everything," a title given Tom by the Michigan State University community with whom he is now associate director of the development fund, has been a lawyer, coach, businessman, professor, dean and administrator. And, in a sense, it all began at Notre Dame.

From the land of the golden dome, where he was a regular end on three varsity football teams, Tom earned

a bachelor of philosophy degree. After graduation, a two-year tour with the Army as a first lieutenant and a short playing stint with the original Chicago Bears, Tom enrolled at the University of Louisville, where he was awarded a law degree in 1928. His association with Louisville continued beyond graduation, until 1932, as he coached and directed the athletic fortunes of the university.

Then, in 1933, Tom consented to devote a couple of afternoons each week away from his new Lansing insurance venture, coaching the ends

from an advanced sampling.

Our traveling ambassador, Class President RUDY GOEPFRICH, sent the following note: "While waiting at the Tampa airport, I called MARK MOONEY and had a nice chat with him. He has an air-conditioning supply business and is doing well. Mark was expecting to hear from ROMAN FELDPAUSCH who comes down to Florida every winter. Mark expects to be at our Reunion in June."

Also called JIM GLYNN in St. Petersburg. Jim recently was elected president of a new bank in St. Petersburg. He also has a paper business there. He talks to JOHN A. REILLY occasionally. I tried to call John but did not get an answer. Jim said he received a call from PHIL DONOVAN. Jim expects to make the Reunion."

Since the last writing, two of the best known and liked members of our Class have passed on. WADE SULLIVAN died Dec. 4 only a few days after his scheduled retirement as postmaster of Algona, Iowa. We also lost RAY DURST in January. Ray, the former president of our Class and a dedicated Notre Dame booster, died at his winter home in Arizona.

—FRANK A. DEITLE, Secretary

From the Alumni Office:

DENNIS J. O'NEILL noted in a recent letter that he had received a card from ALDEN E. LENHARD '27 who was in Athens at the time. The Wheelabrator Co.'s advertising manager was with his wife on a world-wide junket.

The St. Louis Post-Dispatch announced in January the appointment of JAMES H. KENNEDY as its advertising manager. Jim, a former advertising manager of the old St. Louis Star-Times, has been with the Post-Dispatch for 16 years.

In mid-January, BERNARD K. "WINK" WINGERTER wrote to tell us of the installation of JERRY HAYES as a Knight of St. Gregory in a Jan. 16 ceremony held at the Sacred Heart Cathedral in Newark, N.J. After the affair, the predominantly Notre Dame group that was in attendance—including TOM FARRELL, JIM WALDREN, DAN O'NEIL and JACK TINDAR—repaired to the Haye's home in Montclair for a real reunion with many of their friends.

All of you have probably observed that recent issues of the ALUMNUS have carried appropriate notices to the classes involved that their reunions are scheduled for June of this year. Ours is naturally not included, but these notices will serve to remind us that our own reunion will be held next year.

I suppose it is not necessary to call your attention to the fact that it will be our 40th. It is well to bear the occasion in mind so you can start making your long-range plans. So far as I know, the exact dates have not been set, but they will undoubtedly be during the first part of June 1967.

A few weeks ago, ED McLAUGHLIN sent me a copy of the data sheet which had been sent to all members of the Class of 1928 asking for news concerning grandchildren, children in college and similar information. Among the questions was one concerning retirement plans. This brought me up

short, but I suppose the time has come when all of us must at least give some thought to this important event. The idea of a data sheet is good; it certainly should bring forth many news items. You can look forward to receiving a questionnaire within the next few months.

A short time ago, I received a newspaper clipping containing the news that SAM PRIVITERA died. He had practiced law with distinction in Silver Creek, his home town, and Buffalo, N.Y., ever since he was graduated. He had been village attorney of Silver Creek for 15 years. His classmates, particularly those in law school, will remember him for his affable personality and the thoroughness with which he studied law.

The latest issue of the ALUMNUS contained an insert inviting each class member to send in news items. A day or two later I received a note from RAY KEISER of South Bend. He wrote that when he was on his way to Mayo Clinic for ear surgery last fall, he stopped in LaCrosse, Wis., and saw JOE MURPHY. Joe is president of LaCrosse Paper & Box Co. Ray says that except for his white hair, Joe looks the same. All of Joe's children are gone but they have presented him with a large list of grandchildren. I was glad to hear from Ray and hope he continues the good work.

I also received a note from PAT COHEN. He, too, is already thinking of the 40th Reunion and says he is looking forward to seeing JOE GARTLAND, "DINGER" McCABE, RED SMITH, ED PHILBIN '28, PAT CANNY and JOHN McMANNON. He also mentioned that BOB SHIELDS is sick. I hope by the time this is published Bob has completely recovered.

From the Alumni Office:

A news release from the U. of Miami in Coral Gables revealed that GEORGE H. PAFF was one of 27 faculty members named "Outstanding Teachers" by vote of his colleagues. The 27 represent five percent of the faculty who have been teaching fulltime with the University for one or more years. This recognition of excellence in teaching carries with it a permanent increase of \$1,000 in the annual salary of each Outstanding Teacher.

A photograph appearing in the Chicago Tribune recently revealed that JOHN McNALLY, better known to his classmates and the sports world as JOHNNY BLOOD, was married in Las Vegas. Anyone knowing the address of the former varsity football player, who became a legendary halfback for the Green Bay Packers from 1929 thru 1936, is asked to forward it to the Alumni Office.

1928

LOUIS F. BUCKLEY

68-10 108th St.,
Forest Hills, N.Y. 11375

HENRY P. DAVIS died Dec. 30, after a long illness involving a heart condition. Henry had been chief accountant at the Quaker State Oil and Refining Co. in St. Mary's, W. Va. He is survived by his widow and a married daughter. Henry was always interested in ND and in our Class. Many of you saw him at our 30th Reunion. I last saw him

at the Annual Class Cocktail Party at ND in 1961. He recently wrote the following: "I have been distressed to hear of so many deaths among the classmates. It marks the passing of time more than any aches, pains or baldness could possibly do."

ART GLEASON advised me of the death of CHARLES J. McGUICKIN of Akron, Dec. 6. Charley was the retired owner of Moncrief Steel Products Co. He formerly was secretary of the Akron ND Club. He leaves his widow, a daughter and a son.

EDWARD E. THOMAN died on Jan. 7, from a heart attack suffered at his home in North Hollywood, Calif. Ed took an early retirement seven years ago after having worked for 30 years as engineer for Indiana Bell, the last 20 years in South Bend. Ed had 15 grandchildren from his five children. After the death of his first wife, he married a close friend of one of his daughters. His son, DAVID, was graduated from ND in 1956. You will recall that Ed returned for our 20th Reunion.

It is a pleasure once again to report a marriage. GEORGE KELLEY, assistant managing editor of the *Youngstown Vindicator*, was married Nov. 27. JOHN RICKORD, who attended the affair, gave me this information. George joins the increasing number of widowers in our Class who have remarried, such as BILL KIRWAN, PAUL BRUST, EUGENE FARRELL, PAT CANNY and LEO ROZUM. I am also aware of the following who, I believe, are still widowers: AL GURY, ANDY BOYLE, DON CORBETT, VIG FISCHER, JOHN WALLACE, CLIPPER SMITH and JACK DOYLE. Please let me know of names of classmates who should be added to these lists.

Although many of the widowers remarry, there doesn't seem to be any change in the status of our perennial bachelors. The only fairly recent marriages of which I am aware in this group are those of CYP SPORL, ED BRENNAN and PAT VARAVETO. Am I correct that the following are still enjoying bachelorhood? DAVE SMITH, TOM BOV, CARROLL PINKLEY, ED BOURKE, GEORGE CRONGEYER, JOE DeBOTT, W. H. EWING, W. H. MURPHY, FRED PFORTNER, JOHN POLISKY, ED RAFTER, MARTIN RYAN, JIM SCHOCKNESSY, BOB WARD, BILLY WOOD, DAN VERRILLI, JOE KANE, ED McGAULEY and ED McWEENEY.

Mrs. Buckley inquired as to what information we have on the wives and children of our deceased classmates. I would appreciate having some news items on these individuals since many of them were interested in the Class.

FATHER JIM McSHANE SJ, 1325 S. Grand, Room 106, St. Louis, 63104, received a great response from a letter he sent to the Class. Fr. Jim reports that JOE SULLIVAN, an attorney in Chicago, is very ill.

Thanks to RUSSELL SMITH, we now have word from JOHN GAUGHAN at Box 400, Puerto Plata, Dominican Republic. John is working on a power plant project there.

ORVILLE MURCH, who has been with the Alpine Michigan Power Co., retired March 1, and has opened a real estate office in his home in Alpena, Mich. Orville was named "Northeastern Michigan Top Citizen" during Michigan Week last year.

JOHN "RED" LAHEY, chief pharmacist at the

renaissance man

of Michigan State's football squad for head coach Charlie Bachman, a former ND teammate.

He viewed this favor as only a temporary, part-time association with MSU, unaware that it was really the beginning of a highly successful career with that university.

The ensuing 33 years have seen Tom's abilities used in forming the school's veterans' affairs office, directing the office of alumni relations, launching the operation of a placement bureau, and heading a self-organized personnel office. Tom,

however, is probably best known by the MSU alumni for his years of activity and accomplishments as dean of students.

A feature article on Tom King recently appeared in the Michigan State alumni magazine, noting that, "... probably no one in the entire history of Michigan State has held as many responsible positions, carried as many different titles, or performed so well in so many different roles as Tom King..." Michigan State's "Mr. Everything," and the pride of Notre Dame.

JOHN CULLEN '22:

After more than 42 years of federal service, John P. Cullen LLB'22 has admitted reaching formal retirement. But for John Paul, reaching the mandatory age merely signals the beginning of an all-out concentration in the fields of his first love: writing and historical research.

The Janesville, Wis., native, who is also a member of the University's Library Council, turned his eyes toward more scholarly endeavors last December when he ended a lifelong career with the Veterans Administration in Milwaukee.

It was a career that began after

42-year VA

graduation from the University's Law School in 1922, and that saw John hold positions, varying from a claims examiner to a regional office manager.

John Paul assumed the latter role in 1945, when he was sent to Milwaukee to organize and manage a new regional office. There he remained for 20 years, managing services that ranged from rehabilitation of the disabled to monthly compensation or pension payments for service-connected and nonservice-connected disabilities. Prior to John's retirement, the Wisconsin depart-

Dixon State School in Dixon, Ill., has 22 grandchildren. Is that the record to date for the class?

While doing some research as president of the New York Industrial Relations Research Association, I found an excellent article in the Aug. 5, 1965 issue of *Iron Age* by FRANK DONOVAN entitled, "Union-Management Teamwork Blasts Costs—Cut Prices." Frank, president of Kaydon Engineering Corp. in Muskegon, Mich., explains how union-management teamwork paid off in his company. *Iron Age* featured a picture of Frank on the cover of that issue.

I trust that each classmate received an "In Memoriam" card with my February letter. Thanks to HOWIE PHALIN for paying the cost for this card and the entire mailing.

BERN GARBER and ED QUINN have selected the Oct. 8 Army game for our 11th Annual '28 Class Cocktail Party get-together at ND immediately following the game. Please make a note of this date so you will have it when you order your football tickets in June.

HOWARD V. PHALIN, president of Field Enterprises Education Corp., has been elected chairman of De Paul University's Board of Lay Trustees.

Our traveling classmate, VINCE CARNEY, reported from Gonzaga College in Spokane where he has a daughter. He saw the game at Berkeley with JOE HISS. He wrote from Mexico and from the U. of Dayton where he has another daughter. He expects to visit another daughter in Paris soon. I was sorry to hear from Vince that BILL BROWN had a serious operation on his back. Vince visited CARROLL PINKLEY in Portageville, Mo.

TOM LAVELLE writes from Anderson, Ind., that he has a son at Indiana Medical School, another at Purdue and a third at St. Meinrad Seminary. BUTCH DEVAULT dropped in Tom's office at the Lavelle Non-Ferrous Casting Company. Butch travels for Knapp Supply Company, Muncie, Ind. PHIL CENEDELLA has a son in medical school at Richmond, Va., a daughter and a son at California U.

CHARLES J. DUCEY has been named assistant supreme secretary of the Knights of Columbus in New Haven, Conn. He is also president, Catholic Family Services of New Haven.

JOHN CAVANAUGH, senior partner in the law firm of McDermott, Will and Emery in Chicago has a daughter at the U. of Wisconsin and another at St. Mary's. John is on the Board of Regents of Dominican College in Racine and of Marquette U. in Milwaukee. He is on the Board of Directors of Western Publishing Co., Ottawa Silica Co., The Aro Corp., Wells, Lamont Corp., Kable Printing Co. and Gardiner Metals Co.

—LOU BUCKLEY, Secretary

From the Alumni Office:

Last December, the National Aeronautics and Space Administration (NASA) took time out from their many space projects and countdowns to single out the efforts of WILLIAM F. ARMIN. Bill, who has spent a business-career lifetime in the fields of procurement and industrial relations, was awarded a certificate of appreciation from NASA for superior achievement in the successful completion of the Saturn I Program.

Only recently we learned of the May 26 death of WALTER J. McMORROW PhBC '29. Bud was vice-president of Prespo Precision Products, Long Island, N.Y. Mrs. McMorrow resides at 56-40 213th St., Bayside, N.Y.

Belated also is the sad news of the Sept. 9 death of JOHN R. HOOVER AB '29. His widow receives mail c/o Mrs. George F. Kerns, 225 N. Grove Ave., Oak Park, Ill.

Another highly respected and beloved member of the Class, DAVID W. SAXON AB '29, is no longer with us. Dave, father of DAVID W. JR. '58 and EUGENE M. '59, died Dec. 31. Mrs. Saxon lives at 280 Ben Avon Way, Memphis, Tenn. We recall Dave as a student in journalism and as a reporter on the *South Bend Tribune*. He served the *Memphis Commercial Appeal* a number of years as reporter, copy editor and makeup man. More recently he was director of publicity and account executive for Early Maxwell Associates, a public relations firm.

This list is already much too long but must include also JOSEPH A. SVETE AB '29 who died Jan. 9. Mrs. Svete survives and lives at 2440 N. Jefferson St., Lorain, Ohio.

Your secretary wishes to express his condolence and that of the Class to the families of these men with whom we shared friendship and memories.

We are pleased to have some Christmas-note news to transmit on ROCCO PERONE and family. Rock and Agnes now live in Arlington Hts., Ill. He is still with AT&T as was the case in Cincinnati. Mary Elena and family are in Del Mar, Calif., Paulette will receive her master's from Western Reserve in Cleveland in June, and Denise is a sophomore in music at Indiana U. Young Rock plays high school basketball, while Perry's best sport is baseball. Perry is a rabid ND fan. This winter Perry has been manager of a basketball team that uses the Perone basement for its practices. Is that your idea of a peaceful weekend in the household? Rock's problems compare with those of FATHER MULCAIRE in Sophomore Hall.

New addresses that should interest you include the following: BILL MCCLARY, Pure Carbonic Co., 150 E. 42nd St., NYC; WILLARD CROTTY, 1060 Lake James R-2, Angola, Ind.; THEODORE WITZ, 3224 E. TIM TOOMEY is now with the Bureau of Employment Security in the US Department of Labor in Washington; specifically, the insurance division of the Farm Labor Service.

RAY BREEN of Cleveland writes: "We are grandparents for the seventh time. Our son, Kenneth '58, is the father of all seven grandchildren. They had their first before he was graduated. Our oldest daughter married last year,

our next oldest child, Noreen, is a nun. She is a Sister of Notre Dame at Our Lady of Victory school in Washington, D.C. She enjoys teaching first grade. BOB KENNEDY'S son, Michael, was a student in her class last year.

"Nan, our youngest daughter, works for Sherwood Drug Co. as a buyer.

"We have been very busy but managed to save time for the North Carolina game and the Army game."

—LARRY STAUDER, Secretary

From the Alumni Office:

It appears as though the '29-'30 ND football teams from the Rockne era will meet more often than their former five-year reunions. Last year's Northwestern-ND game reunion was such a gala affair that they now are planning an encore this fall at the Army game, Oct. 8. NORDY HOFFMAN has been elected president of the group, with JOHN QUINN assisting in the Chicago area. Tentative site for the reunion is South Bend's Holiday Inn.

JOSEPH E. KEEFE and his immediate family journeyed to Rome in December to attend the ordination and first Mass of Joe's son, Rev. Patrick Dennis Keefe. Fr. Keefe has attended the North American College since 1962 and will complete his studies this spring, returning then to his Florida diocese.

REUNION

JUNE 10 • 11 • 12

The next big event for the Class of 1931 will be our 35th Reunion.

All who attended previous reunions will be on hand and if you have never attended a class reunion, be sure to make this one. As the years go by, they become more important. Thirty-five years ago when reunions and commencement were held the same weekend, we no doubt thought how old some of the alumni looked who were returning for their 25th reunion. Come back for your 35th and be surprised how young and well preserved you are.

Judging from the letters I have received recently it seems as though I were back in Chicago where I had greater contacts with classmates. JIM MULVANEY was in town recently and again tried to get in touch with me. He sent a note enclosing a letter from JOE DUNNE who was

vet retires

ment of the Veterans of Foreign Wars hailed him for his contribution to the national program for veterans and their dependents.

A veteran of World War I and a member of the Ohio Bar Association, John now turns his full efforts to the pursuit of historical writing and research, a hobby that actually took on professional overtones in 1931 when his book of short stories, *Hello, Wisconsin*, was published.

He and his wife, Mary, will continue to reside at 9035 Jackson Park Blvd. in Milwaukee, with their three children.

spending some time in Nassau and who is planning to be on hand in June. Jim will be there, so I am sure JOHNNY BURNS will be busy rounding up the eastern contingent. LEO KLETZLY sent a note saying he had heard from RAY GEIGER. Leo has two sons who are ND alumni and a daughter who is a Franciscan nun. This is Leo's first letter to me in 35 years, so now that he is in the habit, I should be hearing every year or so. HARRY KENNEDY has retired from Coca-Cola and is spending his time traveling and golfing. He and GEORGE COSTELLO met at the Navy game last fall and are planning to be here in June.

TOM MONAHAN has been travelling around the country drumming up interest in the Reunion. Among classmates he has seen are JERRY CROWLEY, CARL CRONIN, DON O'TOOLE, PAUL FEHLIG, TOM CONLEY, BERT METZGER and, I am sure, SPIKE SULLIVAN. He also visited F. X. MURPHY in Roswell, N.M., last year. I visited F. X. on my way out here in December, 1961 and this Christmas received a long letter from him. Sure wish he could make it back in June.

Had a note saying that GEORGE L. O'CONNOR has been made president of Process Operators, Inc., Houston, Tex., an engineering service company. I had a card from LOUIS GODAY who was spending some time in Spain visiting his mother. Louis is in the insurance business in New York and plans to make the Reunion.

While sunning in Palm Desert during January, I managed to pick up a *Chicago Tribune* and was shocked to learn of the death of BOB BAER of La Grange, Ill. Bob was a wonderful man and fine friend whose presence always made a group more interesting. Bob and HANK CHAMBERS were the inseparable campus pals we remember. To his widow and family, we offer the sympathy of the Class and our prayers.

I also received word of the death of EDWARD F. CUNNINGHAM, Indianapolis, Ind., on Dec. 14. To his widow and family, our prayers and sympathy are offered. Bernyce Collins, wife of RAYMOND COLLINS, died suddenly last October, and I did not learn of his loss until much later. To Ray and other classmates in the loss of their loved ones, our sympathy is offered.

Some time ago I received notice that FRANK BUTORAC was in Kodiak, Alaska and this week I see he is now listed as being in Richmond, Va. I can hardly blame him for seeking a warmer climate, but he sure picked a spot with lots of snow. ANTHONY RANSVAGE also is listed as living in Anchorage, Alaska. CLIFF FISCHER has returned from California to Morton Grove, Ill. DEON SUTTON is now with the University, working out of the Foundation's New York office. TOM ASHE will be back in June. His travel agency will handle tickets for Southern Californians returning.

I had a news note from Marie and JIM McQUAID. Jim is serving on the Indiana Multiple Sclerosis Association Board and has helped Knox County double the amount of money raised this year. I am sure we will see Jim and Marie in June and I hope they have a supply of their *Guidebook to Historic Vincennes, Indiana* with them. I am sure many will want to buy a copy of their contribution to Indiana lore.

This article will be one of the last reminders urging a record turnout for our 35th Reunion.

There will not be a formal committee to push attendance, but with everyone a committee member-at-large, there is no reason why we should not make this one of the best in Class history. See you in June.

JAMES K. COLLINS

2982 Torrington Rd.,
Shaker Heights, Ohio 44122

Congratulations to ALEX WILSON on his wonderful record as head coach of the University's track team. His teams have been outstanding during the 15 years of his coaching, and his cross-country team just missed being tops in the country last fall. He has developed many great track men. Many are distance men who ran the same distances in which Alex starred.

Class President IKE TERRY writes that he has been touring the Wisconsin area and finds that ANDY MCGUIN, JOHN LITCHER, TED HALPIN and the others there are already talking about the next Reunion. Ike volunteered his efforts to help FRANK O'MALLEY in promoting the Foundation's drive this year.

HARRY MOSS, occupied with several business ventures in Gloversville, N.Y., has been extremely active in politics there according to his brother, BILL MOSS '34.

We are very sorry to learn of the deaths of two men of the Class during recent months. JOE McDONALD died on Aug. 6 in Inkerman, Pa., although his death was not previously reported.

CHARLEY PALT died Jan. 25 in West Bend, Wis. Both Joe and Charley, well-known and popular figures in the Class, will be sadly missed.

HENRY THOLEN was transferred recently to New Haven, Conn., and can be reached there at 70 Livingston St.

ED O'MALLEY has moved across the country from California to 907 N. Van Dorn St., Alexandria, Va.

I would like to add my thanks and praise to VINCE McALOON '34 for the wonderful job he has done with the ND Club of Rome. My wife and I visited him at the Club last fall, and admired his handling of their affairs in such a gracious manner. He says he has joined the Romans after 15 years there, but he remains the most welcome sight in Rome.

From the Alumni Office:

The mayoralty career of H. CLAY JOHNSON came to an end in January when more than 200 of his Rye, N.Y. constituents turned out to honor the man who served their community from 1961 to 1963.

An article in the Dec. 19 edition of the *Boston Globe* indicated that Col. REMI O. RENIER has been assigned as the deputy division engineer in the New England area. His past Army experience has been associated with space project construction.

KURT SIMON is expanding his operations in South Bend. He is going to be in a better position to do an even better job at our next reunion.

JIM O'MEARA stops by occasionally on business trips. His hot project at the moment is completely automated parking for cars.

The local group in South Bend, PAUL FERGUS, et al., has been doing a great job for ND on the Athletic and Convocation Center.

Your secretary is planning to be in San Juan, Puerto Rico, and Caracas and hoping to cross paths with ROBERT L. FORBES and MIKE SHEEDY and any other Notre Dammers in the area. We will be vacationing, but will look forward to seeing ND people. We would like you all to know that the latchstring is always out for all of you when you come to South Bend. I might also mention in closing that you haven't overburdened our mailman carrying your letters. Let's hear from you.

A recent front-page feature on one of our classmates in the Louisville *Courier Journal* caught my eye and I thought I would pass it on to you. The subject is RICHARD J. BAKER.

Dick is president of Kaufman's of Kentucky and the new president of the Downtown Retail Merchants Association of Louisville. If I may, I'll let the article take over from here:

Since he came to Louisville two years ago, Baker has "only" managed to become a director of the Louisville Fund, the YMCA, the International Center, the Chamber of Commerce and Louisville Central Area, Inc. "I was pretty active in Dallas and they found out about it here," he said with a grin. "I don't dare miss a meeting. If you're not there, you're appointed to something. I'm only president of DRMA because I missed one meeting."

ROBERT MACDONALD lives in Flint, Mich., and is a partner in the law offices of MacDonald & Fitzgerald, Suite 208 Paterson Building, Flint, Mich. 48502. He has nine children: 1 girl married; oldest boy graduated from ND last year and now attending Wayne State taking law; another daughter attending Marymount College in Virginia where she is in her second year; Bob spent six years in the Michigan legislature as a state senator. He belongs to both ND Clubs in Detroit and Flint and sees many ND graduates. He plans to attend the 30-year Reunion. Has asked me if there is anything he can do for our forthcoming Reunion. Get in touch with anyone from our '36 Class and have him attend this 30-year Reunion.

The widely known "Parachuting Padre" of World War II, Chaplain FRANCIS L. SAMPTON, was promoted to brigadier general and appointed the Army's deputy chief of chaplains in February. Earning his nickname after he jumped with his regiment on D-Day at Normandy during the largest air drop of the war, Father Sampson now will be concerned with setting policy on matters related to religion, morals and chaplain affairs for the entire Army.

Something new in Irish wakes was the "Good-bye Charlie Dinner" held Feb. 7 for CHARLIE CALLAHAN in South Bend to mourn the passing of Charlie's services from the ND's sports publicity office to the new Miami Dolphins of the American Football League.

Sportsmen, coaches, statesmen, former football greats and classmates from all over the nation descended upon the South Bend Indiana Club for a \$20-a-plate hashing-over of Charlie's virtues, vices and vicissitudes. The singing of Charlie's praises to the tune of "Charlie, My Boy" and other parodies was led by JOHNNY LUJACK, JOHNNY LATTNER, LEON HART and JOHN HUARTE, gentlemen "heisted" to Heisman trophy honors by Charlie's words.

Gov. Roger Branigan of Indiana made him a "Sagamore of the Wabash" which is a Hoosier version of the Hall of Fame. Former coaches FRANK LEAHY, HUGH DEVORE, TERRY BRENNAN, classmate JOE KUCHARICH and present Coach Ara Parseghian eulogized Charlie to the point of tears which were quickly dispelled, however, with the presentation to Charlie and Betty of a \$3,000 check to ease the pain of parting.

Out of town classmates included BILL COSTELLO from St. Louis; DR. DAN MONAGHAN from Washington, D.C., who says he expects an assignment to Ft. Sam Houston next summer; HARVEY FOSTER; JIM CARSON and JOHNNY O'CONNOR from Indianapolis; and Joe Kuharich from Philadelphia. The ND Club of Phoenix, Ariz., possibly bidding for Charlie's retirement years, sent a representative while 20 other clubs sent good wishes and gifts. As Charlie was supposed to have said afterwards in his non-Barrymore voice, "What a way to go." Amen, good friend, and good luck!

Another celebration, somewhat quieter, took place the same week when GENE GORMLEY, the ole cross-country and two-mile runner, marked the 25th anniversary of his profession as BRO. JAMES GORMLEY CSC. Brother Jim has been at Ave Maria Press since 1944. Ad multos Annos, Jim!

Downtown, last month, I ran into TOMMY JORDAN, who had just had South Bend added to his GE appliance distributorship territory. Tom hopes to move his family — six children — to South Bend after school.

A welcomed note from JIM BURGESS, now teaching English in El Paso, Tex. after retiring from the Army. Jim missed all the reunions so far, being in Japan in 1953, Germany in '58 and Viet Nam in '63, but plans to make it in '68.

W. J. COUR who sprang from Springfield, Ill. to the ND campus, was invited to be a principal speaker at ND for the 14th annual Union-Management Conference on Feb. 25. Bill is impartial chairman of the National Joint Board for Jurisdictional Disputes in the construction industry in Washington, D.C.

Got a second letter in 28 years from C. J. "CHUCK" KELLEY, ole Number 1 Sorin Haller, who has been working for DuPont in Wilmington, Del. for the past 25 years, and wants to know where REDMAN DUGGAN and THOMAS MAHER are. He promises to see us at CHARLIE CALLAHAN's new spot in Florida.

BOB CZIZEK has moved from Sayner, Wis. to 806 State St., Ottawa, Ill., and TIM TUNNEY from Terre Haute, Ind. to 431 Brookmont Dr., Glendale, Calif. And Charlie has gone to Miami! See you all there.

From the Alumni Office:

Notre Dame reunions are likely to pop up most any place, most any time. Most recent to be reported was that in New York City in late December when eight members of the Class held a luncheon at the 62 East Club on 60 East 42nd St. Those present included: RICHARD J. ANTON, HARVEY G. FOSTER, THOMAS G. GILLESPIE, JAMES G. MCGOLDRICK, ALBERT J. SCHMITZ, EDWIN A. VON HOENE, LARRY A. DOYLE and PAUL C. TULLY. So enjoyable a time had the merry eight, that a similar luncheon has been planned for April 14.

In December, the Firestone Tire and Rubber Co. announced the promotion of PAUL E. DUCHARME to manager of labor relations for domestic non-tire and overseas plants. Paul, who has worked for Firestone since graduation except for a two-year tour with the Navy, has spent most of his career with the company's industrial relations department.

DAVID T. MIESKILL of Wilmette, Ill., in January was appointed manager of General Electric's central zone distribution of the firm's housewares division. With GE since 1939, Dave is married and is the father of five children.

ROBERT G. SANFORD

There is no doubt that I have been doing a poor job as Class secretary. Yet, I did submit copy shortly after the Reunion which was lost and never published. Now that we are started please send me any Class news you might have so we can continue.

Please remember BOB DOUGHERTY and Lt. Col. JOE WEIDNER in your prayers. These two died during the past year. We should remember them and all our departed classmates in our daily prayers.

Will now repeat some of my recollections of the Reunion. It is only proper that I express the sincere appreciation of everyone to DICK BURKE and his local committee of DON HOSINSKI, JIM DELAHANTY and DICK STEFANIAK. They certainly did a magnificent job and made our Silver Reunion an outstanding occasion. Additional plaudits to all of you who came from far and near to attend. The work of the local committee would have been for naught without such terrific attendance from the early arrivals such as AL KESSING, JOHN KELLEHER, TONY CELLA, GERRY DONOVAN and others to the last one, who I believe was BERNIE MASTERSON.

JOHN COURTNEY and BOB LOUGHERY arrived in time for our Saturday luncheon . . . CEC JORDAN came through flood territory to make it from New Mexico . . . ROGER EGAN explained that the move from Dalton to Atlanta, Ga. wasn't far, but the move from small town to city living was quite a change . . . JIM KENNY wore the same suit to the President's Luncheon that he wore upon his arrival on campus in 1936. Not many of us could accomplish that from my casual observations.

BILL SCHALLER and PHIL DONOHUE renewed rivalries on the golf course, accompanied by JOCK HENEBRY. The two-passenger Cord carried at least seven to the Friday night dinner piloted by JIM DELAHANTY who had difficulty seeing around JIM FOLEY on one of the fenders. JOHN GAVAN who piloted himself to the Reunion in his own plane made arrangements to contact LOU RILEY who is on active duty with the Navy at Norfolk, Va.

As more men of '40 arrived, recognition was greatly aided by those name tags because immediate recognition was impaired by the "slight" changes in physical appearances. The Indiana men had a meeting in the morning sun—ED HUSTON, WILL KAMM, AL KESSING and Ohioan TOM HACKETT. It would be impossible to list all the names of the Men of '40 who, although, not present for various reasons, were in our thoughts and mentioned throughout the weekend. Some were present in spirit when Fr. PAUL HACKMAN celebrated our memorial

Mass for deceased classmates Saturday morning with better than average attendance.

JOE HART was among the last to arrive at the main building for the class picture keeping some of us without sufficient head cover out in the sun longer than necessary. NORV HUNTHAUSEN, Rev. JOHN PAYNE CSC, TONY CELLA and others made many trips to the golf course . . . never received an exact count on the capacity of the "bus wagon," but noticed it was usually packed beyond capacity with many extremities extending from the windows. MYMIE CRANE and CHET SULLIVAN left LOU ZONTINI and BENNIE SHERIDAN on the golf course to finish their round and found the archway at Lyons Hall more enjoyable. Did anyone resist the urge to walk up the red carpet at the Rockne Memorial? . . . did anyone resist the various attractions in the Rockne lounge? Frs. LYNCH, O'CONNELL, HOLDERITH, BRENNAN, McAVOY and CAREY and professors BARTHOLOMEW, BENDER, CASASANTA, O'MALLEY and LANGFORD added greater pleasure to the Reunion activities.

The Class secretary made a heartrending plea for Class news in the future. . . MILES WALSH was the first to respond with news, but now I can't read my notes. Our four-year classmates, who actually received their degrees after '40 because of the law course schedule, turned out very well with ERNIE TIMPANI, JOHN WARD, BILL SYRING, JOE MILLER, ED KELLY and JOHN BARRY present.

VINCE McMAHON of Detroit who started with us wrote to say he was disappointed by missing the Reunion, but certainly intends to get to the ones in the future. HAL BOWLER had every intention of attending the reunion, but just couldn't make it. He has since moved from New Jersey to Joliet, Ill.

Personally, I would like to mention everyone I saw at the Reunion, but our space is limited. Now it is up to each of you who reads this column to see that there are sufficient news items to utilize all of our space every issue. We can do it! Send your news to me and I will get it published.

REUNION

JUNE 10 • 11 • 12

1942

WILLIAM M. HICKEY
3333 W. 45th Place,
Chicago, Ill. 60632

From CHARLES WHYTE, 615 Hansford St., St. Albans, W.Va., we hear that since leaving the Philippines after World War II, he has been with West Virginia Rating Bureau which provides rate promulgation, fire protection engineering and related services for the fire insurance industry. Charles might be running for some kind of championship. He has 12 children, which, I believe, puts him in the EFFIE QUINN league. Our last word was that Effie had 13 children. Charles was transferred from his home town of Wheeling to Charleston and moved to St. Albans a year-and-a-half ago.

We have a nice note from DR. CLARENCE IMBODEN, 6100 Rudyard Dr., Bethesda, Md. He has been medical officer for the US Public Health Service since 1948. He recently received the PHS commendation medal for his work on chronic diseases. Clarence now has children ages 4, 5 and 14. He sees DR. PETER MOULDER because of mutual interest, and finds it hard to believe that our 25th Reunion is in 1967, but he is planning to attend.

LEO V. TURGEON MD of Los Angeles, wishes to thank all members of our Class who supported him in his election to the Board of Directors of the National ND Alumni Association. The next Board meeting is at the Old-Timers football game. Any of you who are around for that event will find Leo at school.

JOHN E. LEWIS of our Class has recently been named director of publications for the National Small Business Association, an independent association pleading the causes of small business to the government.

LEO LANIGAN now lives comfortably in a western Chicago suburb with 11 children. He and his wife spend as little time at home as possible because he feels this gives the children a sense of responsibility. He is looking for ROBERT EMMET WRIGHT to send him his half of the last used car sold several years ago. He, CARROLL PITKIN and JIM FAYETTE had dinner in Chicago recently.

JAMES F. CONWAY originally from Bardstown, Ky., is now in Chicago as a temperature control expert for Partlow Corp. The name of his firm is Finn & Conway.

JACK HART has moved out of Indianapolis to Morgantown, Ind., in a large lake development with excellent fishing and boating, and beautiful scenery. Jack's second son, Michael, was killed in an auto accident on New Year's Day 1965 while on duty with the Navy in Morocco. He has three children remaining. John is a self-employed wholesale furniture representative traveling Indiana and Illinois. His travels often take him to Decatur where he sees STEVE GRALIKER. He also sees our regional vice-president, MIKE CARR.

—WILLIAM M. HICKEY, Secretary

From the Alumni Office:

1965 "Man of the Year" honors were bestowed on STEPHEN G. GRALIKER CLU of Decatur by the St. Louis Agency of the Union Central Life Insurance Co. in February. Steve's "production" last year was in excess of one million dollars, which also qualified him for membership in the company's highly regarded President's Club.

Word reaching this office indicates that WILLIAM MINGES, for many years located in Charleston, S.C. with Union Carbide, has been moved up to that firm's front office in New York and put in charge of the chemical division.

1943

JACK WIGGINS

From the Alumni Office:

Dr. FRANCIS J. SHORTSLEEVE was appointed recently to the newly created position of director of marketing for the mining and metals division of Union Carbide Corp.

Mother M. FRANCIS BORGIA STAUDER MA '43 and PhD '47 was installed as provincial superior of the School Sisters of Notre Dame of the St. Louis Province in December.

ROBERT F. OVERMEYER, a chemical engineer at the Mount Vernon (Ohio) plant of Continental Can Co., recently received a special award from the National Flexible Packing Assoc. The award was made to Bob in recognition of his many important contributions in the preparation of technical specifications for the production of highly specialized flexible packing materials.

A feature article that recently appeared in the San Jose News called to our attention the election of JAY E. GIBSON to the presidency of the Greater San Jose Chamber of Commerce. The former ND sprint star is resident partner of Schwabacher & Co., stockbrokers in San Jose.

1944

JOSEPH A. NEUFELD
P.O. Box 853, Green Bay, Wis. 54305

These words of appreciation are most inadequate to thank fellow '44ers for the magnificently fine response in returning the class questionnaires. From four continents and from almost every state, they came. Some were addressed merely "Tiletown, USA" and were received without any trouble. However, this does result in postponing recognition to everyone at this time because of the limited space allotted each class. Yet, it is a new and most delightful experience for your secretary to have ample material for several future issues. Thanks again.

From South America, there were several replies. LARRY GOEBELER, General Electric Rep., lives in Rio de Janeiro, Brazil. His last contact with

a '44er was in June when Fr. JOE QUINN CSC was there with the Rosary Crusade. Two replies came from Caracas, Venezuela, but it seems that neither CHUCK URRUELA nor BILL WOLKE knows the other is there. Bill is with Creole Petroleum Corp., while Chuck is managing director of Parent Corp. (steel) and exec. veep of Affiliated Holding Co. DICK LEON's questionnaire was returned from Mexico City, where he is general manager of a drug manufacturing concern, is active in Scout work and is deeply involved in the K. of C.

From Asia, word was received from Fr. BILL GRAHAM CSC who is president of ND College of Dacca, East Pakistan. From Europe, JOE SIMONS reported that he is with Standard Oil (NJ), headquartered in London.

Presy GEORGE BARISCILLO recently was appointed a partner in the law firm of Carton, Nary, Witt & Arvanitis. George's three-year term on the Alumni Board is over and without doubt his leaving was most reluctant. We '44ers are very indebted to him for the excellent work he did. His shoes will be difficult ones to fill.

Six CSC Brothers returned questionnaires. Br. GERMAIN FADDOLU is an associate prof. and steward at the local house of studies at St. Ed's in Austin, Texas; Br. CYRIAC HAYDEN is prefect of discipline and science supervisor at Archbishop Curley High, Miami; Br. ANDRE LECHTENBERG is a teacher of math and chemistry at ND High, Sherman Oaks, Calif.; Br. GERONTIUS MCCARTHY is principal of Monroe Catholic High, Monroe, Mich.; Br. EVAN SCHMID is secretary to the Provincial of Brothers, headquartered at ND; Br. PASCHAL TOMASZEWSKI is guidance director, St. Joe High, South Bend.

Congratulations are most appropriate to the BEN BRUNETTIs upon the birth of their first child, a daughter, Carolyn, just in time for a 1965 tax deduction.

A report was just received of the death in December, 1965 of the father of DR. AL MICHELS, Rocky River, Ohio. Our prayers and sympathy go out to the family.

After FRANK VIGNOLA posted the questionnaires, a letter bearing a military address was received from him. At his age one would think it a mistake but it was correct. He spent his annual naval duty at Lowry AFB studying data processing and computers, and, earlier, he had been at a sea-survival school being dunked in Chesapeake Bay to learn survival to teach it to Navy men. Between these tours of duty he took his three sons to the Southern Cal-ND game.

Not many bachelors from the '44 Class remain. However, one is HERB ZIEGLER JR., mfg. agent from Kansas City, Kan. He's active in the K.C. Ski Club. Another eligible, HARRY YEATES, keeps abreast of things in the New York City area. A recent benedict, VINCE DUNCAN, Denver, Colo., has the welcome mat out for visiting skiers. His recently purchased home easily could be much too small. FARRELL QUINLAN does have adequate facilities because he owns and operates the Indian Cave Lodge, Sunapee, N.H. (The "Black" John Murphy's will attest to the excellence and beauty of the resort because of their stay there last summer.) Farrell, the father of four, finds time to teach in the CCD program and is active in local and state politics.

GUS LEGEAY, a chemical engineer from Paducah, Ky., is chairman of the library board of trustees and presently is trying to rebuild the burned-out library. BOB METZLER, partner in an insurance agency with his brothers in Shawnee Mission, Kan., keeps busy through his boardships on religious, civic and business organizations. NORM MUELLER, an engineer living in St. Louis, specializes in photography for a hobby, while JOE MURNANE, Glenview, Ill., is active in advanced scout work. Another Missourian, ED OLSZEWSKI, Richmond Heights, gave up flying because of age. How old is that fellow classmate? BILL SCHEUCH, Huntsville, Ala., evidently feels differently because he is with the ever-popular aerospace industry, North American Aviation.

TED SMITH, Anderson, Ind., beer wholesaler, assures everyone plenty of thirst-quenching "imbibitions" should a need arise. Who's he kidding? WALT DONNELLY, Wayne, N.J., an avid follower of the stock market, suffers from a stiff neck from watching the recent market gyrations. JOHN O'ROURKE, merchandiser with Chicago's Marshall Field & Co., is a frequent campus visitor because of his son's matriculation at ND and his daughter's at St. Mary's. Another O'ROURKE, JIM, an import car dealer in Billings, Mont., also has a son at ND. AL YOUNGHAUS, sales mgr. for Modernco, Inc., keeps tab on thing in New Castle, Ind. JACK McANDREWS, sales man-g'r

for one of the divisions of the vast DuPont complex, states that he, like many of his fellow '44ers, enjoys golf and bridge.

BOB SCHRAMM with Esso Chemical reported that annually he hears from REV. BILL GRAHAM, CSC, president of ND in Dacca, Pakistan. He also mentioned that RAY SMITH is the godfather of their youngest and that JOE SIMONS represents Standard Oil of N.J. in London.

JOHN VAN BENTEN, a CPA, Indianapolis, continues as he did at ND to play the organ and devotes time as chairman of the Marion County Health & Hospital Corp. HERB CLARK, Wilmette, forwarded his questionnaire from a sick bed but, undoubtedly, he soon was back on his job as manager, textbook sales for R. R. Donnelley & Sons, Inc. Herb's oldest daughter is a sophomore at St. Mary's, so the Clarks are frequent visitors on the ND campus. PAUL COLIANNI's hobby is collecting classic cars, while JIM KANE, president, Lincoln Park Federal S & L, Chicago, claims his is work. DON BIRREN, Morton Grove, Ill., spends his leisure sculpturing (MFA degree from Syracuse U. in '53) and bowling (183 average); OZZIE DOLAN, Dubuque, is in his 20th year of social welfare work and teaching, devoting much time to parish activities and enjoying camping with his family (nine children).

In future issues, more detailed news of DICK BRYDGES, PAUL DOHR, EARL ENGLERT, TOM ROLFS, FRANK SANFILIPPO, JACK UTZ, RABBI HYMAN COHEN, Msgr. GEORGE EVANS, Fr. BILL BOLAND CSC, Fr. JOE GALLAGHER CSP, Fr. JOE HAYDEN, COYNE CALLAHAN, DICK DOERMER, BILL HENDRICK, JOHNNY JOHNSON, PAT KILEY, BILL McNAMARA, TOM SCHEXNAYDER, TED TOOLE, BILL WALDRON, and many others from whom letters and questionnaires have been received. Through this terrific response, our slogan "RISE AND SHINE IN '69" has taken on a glowing new luster.

—JOSEPH A. NEUFELD, Secretary

From the Alumni Office:

MATT CAMPANELLA wrote in February that he received his PhD in electrical engineering from the U. of Pittsburgh in December. Matt, who lives in Cherry Hill, Pa. with his wife, Pat, and their five children, is an engineering group leader with RCA's missile and surface radar division, Moorestown.

Dr. FRANK MARTIN reports in from Rockville Center, N.Y. where he is a pediatrician. He and Barbara have 10 children, the oldest, Katherine, graduates from high school this year. The ND Club of New York awarded the former thin-clad its Service Award last year. Frank ran into our former St. Ed's Annexmate, JOE McINTYRE, at the Southern California game. Joe is president of Sieber-McIntyre, medical products advertising agency in Chicago.

Congratulations to another doctor, OWEN DOYLE, on his ND Centennial of Science Award. Owen is professor of radiology at Duke Medical Center and also practices at Greensboro, N.C.

Another South Carolinian is JIM SCHWEICKERT, chief nurse at the South Carolina State Hospital, Columbia. Jeannette and Jim will celebrate their 20th wedding anniversary this year. They have four children.

A long message from the BOB RIORDAN's. Bob is director of international operations for Cherry-Burrell Corp. in Chicago. They are making quite a hit in Lake Forest with their '37 Rolls-Royce limousine—another "My Mother, The Car." MIKE GARRY apparently is still state treasurer of the Minnesota K. of C., since he is using their stationery. Mike says he is quite concerned over the national fiscal matters, but not near as much as his own at home.

BILL BLAKE is secretary-treasurer of Blake & Conroy, 1107 Broadway, NYC. Bill and Patricia and their five children live in Garden City. BOB MAURER is president of B & B Box Co., Toledo, Ohio. The oldest of the Maurer's six, Carla, graduates from high school this year.

Former Class president, JIM SCHAEFFER, is a councilman for the Borough of Woodcliff Lake, N.J. The one-time *South Bend Tribune* police reporter is eastern sales manager for Galland-

JAMES V. CUNNINGHAM '43, a man committed to the city and with long experience in its affairs, has written a book about urban neighborhood revitalization and all its physical and intangible implications. In *The Resurgent Neighborhood* (Fides Publishers, Inc.; \$3.95 hardcover; \$1.95 paperback), Jim probes the importance to urban men of the neighborhood, the subcommunity within the expanding metropolis.

Henning Mfg. Co. Rev. STANLEY RDZOK CSC is assistant pastor, Holy Trinity Church in Chicago.

Rev. DICK TIMM CSC is vice-president, Notre Dame College, East Pakistan. In addition to his administrative duties, Fr. Dick has authored a college biology textbook used in all colleges of East Pakistan.

Ruth and JACK MEYER's daughter, Nancy, graduated from high school this past June as will their son, Leo, this year. Active in Serra Club, Jack is secretary and assistant general manager of Inter-State Foundry Co. in Indianapolis.

JIM CLYNES, another former Class president, has resigned as Democratic county chairman of Tompkins County, N.Y. Now, he is spending all his time at his indoor pool.

In true Notre Dame tradition, Rev. BILL BEVINGTON visited LOU BARSOTTI's widow, Gloria, in Memphis. Lou left six children when he died of a coronary. He was owner of the Tennessee Tobacco Co. and the O. J. Barsotti Co. The family's address is 60 Robert Dell Cove. Fr. Bill is principal of Notre Dame High School in Chattanooga and, also, is pastor of St. Francis' Parish. Started as a Negro mission, the parish is 17 years old, has 250 souls, a school with 125 children, a convent, a rectory and NO DEBT—TERRIFIC! His ND High School is to be dedicated the second week of February. It is the only Catholic high school in Chattanooga, and has an enrollment of 435 boys and girls. Good luck, Fr. Bill!

PAUL GODOLLEI was recently named an associate in the five-year-old architectural engineering firm of Keene-MacRae Associates. The company is in nearby Elkhart, though Paul and his family maintain their South Bend residence.

We have had some uncertainty as to the whereabouts of JOHN MOELLER. We had recorded a move to Oak Park and, yet, he was still listed as president of the ND Club in Quito, Ecuador. We're indebted to the Provincial himself, Rev. HOWARD J. KENNA CSC, for the following clarifying note:

"This is a piece of information which seems to have escaped both you and the omniscient JIM ARMSTRONG: JOHN MOELLER formerly of Quito, has been a resident of Chicago since fall, 1962. He and Rosemary and their fine family are at 515 S. Elmwood Ave., Oak Park, where I had a nice visit with them last spring. John is chief program officer, special projects, Institute of International Education. His two older boys, John and Phil, should be ready for ND soon."

The Alumni Association's change-of-address forms, as usual, provide some material for briefs: PAT SMID and BILL MANLY have recently trekked west, the former from Jersey to Denver and the latter from the delightful community of Chappaqua to the no-less-delightful piece of urbia known as Kokomo, Ind. LT. COL. JOHN HENRY LAUCK has been transferred from Indianapolis to Falls Church, Va., and Rev. WILLIAM J. GRANT of Buffalo has been designated "Very Rev."

Your secretary was one of 350 who participated in the "Good-bye CHARLIE CALLAHAN dinner." Other men of our time on hand included FRED ROVAL, CHICK MAGGIOLI, BOB MICHAUD, JOHN McHALE, GEORGE CONNOR, and BOB KELLY.

Treasurer JOE SHARP sends word that the Class kitty stands at \$39, and that's pretty low standing. We could use a shekel or two to keep pace with inflation.

GUIDED MISSES

Three letters managed to find their way to me: one from the reliable BR. IVAN DOLAN CSC, another from PAUL VINCENT AMES of Closter, N.J., and the third from that man with more ports-of-call than a secret agent, the nomadic SAM ADELO.

Brother Ivan reports: "... since last October I have been teaching and working at our technical school for poor boys here in Dacca town. I am kept busy with about 60 boys living in the school hostel and with teaching and helping around the school. We, who were removed from our former mission stations at the time of the war, are still not permitted to return to same."

Paul provides a rundown on his doings since graduation in his maiden message to this corner: "Got an MBA from Harvard Business School in 1949. Now, marketing manager for Wilbert Products in NYC. Married Ruthmarie Derivaux of South Orange, N.J. (a College of St. Elizabeth, N.J. graduate along with my sister) in 1951, and now have four children: Paul Jr., 13; Elizabeth, 11; Allison, 10; and Hugh, seven. Often think of the days at ND and wish I were back again."

On stationery furnished by the Grand Hotel in Stockholm, Sam Adelo writes: "Strange I should send you this little 'mag' from Stockholm. The publisher sent me extra copies here after the issue came out in the States. Am here on legal assignment from my employer, Phillips Petroleum Co."

The "mag" to which Sam refers is the November-December edition of *Case and Comment*, the lawyers' magazine; he authored the lead article, "Legal Translators and Translations."

"Now, even if things do open up, I doubt that I will be sent back to Birodaku at present," continued Sam. "I am due to return to the States in June and will probably just stay where I am until that time. I do hope to go back to Biroi on my return from the States toward the end of the year, however. . . ."

GEORGE J. KEENAN

Cliffton, N.J. 07013

The news of the Class of '48 is rather skimpy these days. In fact, there is nothing to write about except the following items which certainly are not the kind of news that we like to write about.

Word has reached me that Mr. Rene Dognaux Sr., father of RENE J. DOGNEAUX JR. passed away on Oct. 31. Rene is presently living at 601 S. Ninth St., Vincennes, Ind. On Nov. 9, EDWARD D. BLAKE BSCE '48 passed away and a Mass was offered for the repose of his soul on Dec. 4 by REV. THOMAS J. O'DONNELL CSC at ND.

On Jan. 29, Mrs. Joan Kelly, wife of JOHN B. KELLY, passed away and a Mass was offered for her on Feb. 5 at ND. John is now living at 16633 Calneva, Encino, Calif. On Dec. 9, ROBERT J. LAUER BS Phy. Ed. '48 passed away, according to information received from his wife, Mrs. Robert J. Lauer of P.O. Box 367, Orleans, Ontario, Canada.

I am sure that each member of the Class of '48 who knew these classmates and their families will be saddened by these deaths. Surely they would appreciate an expression of condolence from their friends in our Class.

In addition to these forementioned items the only other information being received is a monthly envelope from the Alumni Office bulging with change of address notices. Keeping track of these changes is a problem in itself and makes me wonder if anyone is staying in one spot long enough to get a copy of the ALUMNUS to know whether or not the Class of '48 has a column. I'm afraid our audience penetration is not too strong, because in meeting some classmates they are surprised to learn I am the Class secretary and have been so designated for almost three years. Just shows that maybe the ALUMNUS is getting set aside with some of the other booklets, catalogs, coupon offers, etc. that come in the mail.

From the Alumni Office:

A recent letter from JOSEPH V. WILCOX indicated that the "obedient servant-me" now has a law firm in Albion, Mich. consisting of three Notre Dame men. Most recent to join the office is M. PAUL POLLARD LLB '64 who now becomes an associate in the established partnership of Wilcox and CHARLES A. ROBISON LLB '61.

PAUL A. THEIS, public relations director of the Republican Congressional Committee, took on an additional assignment recently in keeping the US informed of the political doings in Washington and elsewhere. His new project is that of co-editor of *Who's Who in American Politics*.

DAVID A. McELVAIN

Homewood, Ill. 60430

Let me start with an urgent appeal to each and every one of you to favor your correspondent with news about yourself and any other classmates. HELP!

The recent mailbag, although skimpy, has revealed some information about a few classmates which I am pleased to report: Rev. S. L. MUCCILLI is serving as a chaplain at the US Coast Guard Recruit Training Center at Cape May, N.J. Father would like to know the whereabouts of the following MD's of '53: JIM RONAN, VINCE TULLY, JOHN MURRAY and JOHN MAHER. A recent note from TOM CONLEY says that he is currently stationed at the Air Force Avionics Lab, W-PAFB, Ohio, as project engineer. Tom is a captain in the USAF, and received his MA in engineering management at the U. of Chicago in September, 1964.

DICK DOUGLAS now resides in Wilmette, Ill. with his wife and two children (soon to be a third). Dick was transferred from St. Louis by Honeywell, and is now branch manager in Chicago. TOM REEDY forwarded a newspaper article about JOHN RONCONE, who was formerly the Illinois State Securities Commissioner. John was badly beaten in an attempted robbery in Springfield, in which he was attacked by three men. Hope you have a speedy recovery, John. Received a note from JOHN MacINNIS at Christmas, reporting of his work as a lay mission helper in Uganda. John has just completed his second year of teaching at St. Mary's Seminary.

How about the rest of you dropping me a card

so that I may avoid the abject shame of a blank page in the next issue?

—DAVID A. McELVAIN, Secretary

From the Alumni Office:

US Navy Lt. Cmdr. JON C. McKENZIE from Kenmare, N.D. became commanding officer in December of the US Naval Facility, American Embassy in Nicosia, Cyprus.

JOHN E. PORTA, formerly of South Bend, was appointed a vice-president in December of the First National City Bank of New York. He is with the bank's national division in the central Atlantic district. John, his wife and three children live in Darien, Conn.

MILTON J. BEAUDINE

21 Signal Hill Blvd.,
E. St. Louis, Ill. 62203

Hello there! Would you believe I received three letters since the last article? Would you believe two? One? If you count notes on backs of Christmas cards, then I'm in good shape. But Christmas comes only once a year and the ALUMNUS comes out six times a year, so lend a hand.

Reading the Belleville, Ill. newspaper last evening (yes I can read), I came across the following: "DONALD P. BEDEL, 106 Marian Dr., has received a doctor of philosophy degree in business administration from St. Louis U." Don is an assistant professor at Southern Illinois U., Edwardsville.

Even an old dog can learn new tricks. DICK MARTIN makes the altar scene on April 16 with Miss Patricia Ruth Caldwell. Your best wishes will reach him at 736 Omandale Dr. Nashville, Tenn. 37204. Dick keeps pretty well in touch. He reports that both the JIM GREENWELLS and CHARLIE SPICKAS had sons born a dry apart last October. That makes five apiece. BILL FAIRMONT and family have recently moved into a new home at 6705 Rooney Court, Nashville. Dick ran into JERRY KEATING while the latter was visiting Nashville for Sears, Roebuck and Co. JERRY KIEFER has been transferred to Atlanta; PETE REGAN and SPARKY STODDARD are still holding fast in New Jersey, while BILL STREETER is in Miami.

The Dayton, Ohio Rotary welcomed (would you believe Lions Club?) JOHN "J.C." DONAHER JR. to Dayton in December. J.C. is the executive director, Hospital Planning Council of the Greater Miami Valley. He received a master's degree of public health from the U. of Pittsburgh in 1959. J.C. and wife, Susan, have four children—two boys and two girls.

JIM ZAVATONE, 81 Chester Place, Englewood, N.J. is with Federal Paper Board in Bogata, N.J. in charge of the mechanical packaging dept. He's been in New Jersey now for three years. His wife, Mary Kay, presented him with *Number One Son*, Alexander, Dec. 1.

JOSEPH P. COSGROVE sent his regular, 12-year letter just in time to meet this deadline. Joe left ND in January '54 and went to work for the Air Force at Wright Field. Joe then put three years in with the Navy after OCS and was released from active duty in 1958. Joe finally went with Boeing's vertol division in 1961, spent some time in Washington, D.C., and now he is manager of advanced projects at Boeing's home office. Joe's address is 420 Pinebrook Dr., Media, Pa. Joe married the former Mary C. Lagos from Oak Hill, W. Va. in October, 1961. Then came three children, and the sadness when Amy died in an automobile accident. Our deepest sympathy. Erin was born on Nov. 5, 1965 a few weeks after Joe and Mary went to the Army-ND game. Joe's one complaint, common to us all, is too large a mortgage. Don't worry, Joe. Somehow the Great Society will save us all. Whew! Twelve years is too long, Joe.

Now that I'm happily employed by Monsanto

JOE BERTRAND '54:

For his devotion and untiring work toward the betterment of the community, Joseph G. Bertrand '54 was selected one of Chicagoland's 10 outstanding young men in 1965.

The annual award, presented last September to top young leaders for their business, professional and civic contributions, was made to Joe in a citation reading, "Joseph G. Bertrand . . . a driving force in countless civic, youth, political and religious organizations . . . an exemplary leader in his community and city."

He has been recognized all along as just such a young man. It became obvious in 1958, when Joe started work with the Cook County depart-

Co., it may be a little imprudent to mention Union Carbide—but I'll chance it. That's where ole WEBB ARCENEAUX earns his bread. Webb and Barbara have two boys and live in Charleston, W. Va. where Webb is a project engineer. Webb received his master's degree from MIT. Webb and family have just finished a 16-month tour of duty in way out Texas City. Welcome back.

CAPT. FRANK WISNESKI USAF, Mary and "Mike and Pat" have settled down for a three-year tour in Colorado Springs (2418 Warwick Lane). Had a short note from BOB PODEN and "RoRo" confirming their intentions to get to the reunion party after the Purdue game (Sept. 24). See you there!

DICK EHR has put his wings on again and joined American Airlines. By now, he's flying out of O'Hare Field in Chicago. Two other classmates are also flying for American—ED MILOTA and JERRY POST.

JACK PITTAS and Elaine are expecting number seven in June. We missed you on Turkey Day, old buddy. Tonie picked up the pen for CHRIS MALONE to assure us all was well with the eight Malones at Christmas time. Chris is turning grey coaching little league football. ED MADIGAN made his yearly report on California. RAY TILLEY is still—would you believe it? Get smart!—a bachelor and now sports a Beverly Hills address. (2001 Benedict Canyon Dr.) Ed saw LARRY CORBETT, who was on his way to Viet Nam, and also was visited by MICK MORAN during the summer.

We received a real newsy letter from BOB RAYMOND. Bob is with Universal Oil Products Co., presently in England. His address is Ashley Lodge, Treadwell Rd., Epsom Downs, Surrey, England. They live about a half mile from the famous Epsom Downs Racecourse and are enjoying merry old England to the limit. Bob and Joyce have two boys and are expecting another blessing in the fall.

That's it! Cards all gone. Help! Call if you're in town and write if you get work.

—MILTON J. BEAUDINE, Secretary

From the Alumni Office:

The Distinguished Service Award presented annually by the Greenwich, Conn. Junior Chamber of Commerce went to Dr. JOHN QUEENAN in January. John is engaged in the practice of obstetrics and gynecology in Greenwich and, currently, is an associate attending physician in this department at Greenwich Hospital.

Dr. LIONEL V. BALDWIN was named dean of the College of Engineering at Colorado State U. in January. Lionel has held the position on an acting basis since July 1, 1964. He has been at CSU since September, 1961 as an associate professor of civil engineering and was advanced to full professor in July 1965.

Rev. RAYMOND ROSELIEP PhD '54 had his third manuscript published last fall by W. W. Norton and Co., and it just may become a Pulitzer Prize winner. In *Love Makes the Air Light*, Fr. Roseliep presents 150 of his own poems that deal with love in its various manifestations in life and death. Author of two previously-published titles, *The Linen Bands* and *The Small Rain*, Fr. Roseliep teaches at Loras College in Dubuque.

ment of public aid, working as a case worker in the Kenwood district office.

During this time, Joe began to take an interest in youth. Devoting time and energy toward the social improvement of his south-side neighborhood, he felt the key to upgrading Negroes was in encouraging athletic programs. As a result, he instituted Chicago's Third Ward athletic program and helped to activate the Crane Junior College and West Side Social Agency cooperative volunteer program.

A native of Biloxi, Miss., Joe moved to Chicago at an early age. He attended St. Elizabeth's High

School where he was an outstanding basketball player and gained the admiration of Johnny Jordan — then head coach at Mt. Carmel — who would soon become his head mentor at Notre Dame.

The two-time All-American graduated from ND in 1954, and then attended its law school for two years. A two-year hitch in the Army followed.

From 1963 to 1965 Joe was director of sales for the Demert and Dougherty Co., and now works as a sales representative for Better Brands of Illinois. Joe, his wife, Joan, and their five children reside at 7825 S. Drexel in Chicago.

1955

PAUL FULLMER

7344 N. Ridge Blvd.,
Chicago, Ill. 60645

"My bride doesn't think yours truly ("Old Big Mouth") can get everything in these new abbreviated columns (I had more left over from the last column than was printed!). So let's get to the news.

First of all, hats off to the committee of our Soph Cotillion back in 1952. Remember how the *Scholastic* jabbed: "The sophomores have Jimmy Palmer for the Cotillion . . . Who is Jimmy Palmer?" Well, for the information of committee-men TOM MCINTOSH, GORDON GOETEMANN, MANUEL VILLAZON, JIM BARRY, DICK MALESARDI, JIM HESBURGH, JOHN O'MEARA, ED DARGIS, JOHN WEITHERS, and JIM O'SHEA, Jimmy "Dancing Shoes" Palmer is appearing here at the Hilton Hotel. You guys were just 15 years ahead of the world!

TOM WELLY gets credit for the letter of the cycle. Tom, a classmate in the Department of Journalism, really has gone astray. He writes that he has opened a franchise operation in the Toledo area called World Wide Dictation Service. (Sounds like a front for something, Tom.) In addition, Tom also is opening an employment agency. "This is a far cry from our journalism days together and my advertising and sales experience at Owens-Corning Fiberglas. However, the spirit of free enterprise caught up with me and I am greatly enjoying the experience." Tom has four children, now all in school. ("I'm beginning to feel aply described as the 'old man.'") Tom lives at 2043 Mt. Vernon Ave., Toledo.

The mother of RANDY CARLL was the first to use the new reply card included in the last issue (Use it, they save you stationery!). She reports that Randy and his wife now live at 6107 Mustang Place, Riverdale, Md. Randy recently completed his communications engineering course at Monterrey, Mexico. He's a captain in the Marine Corps.

Here's the latest address I have for WALT CABRAL who was heading for Viet Nam after the Reunion in June. It's Hqs. USASCV (P4-2500), APO San Francisco, 96307. I'm sure he'd enjoy getting a letter from one of the old ND gang. Incidentally, Walt is a captain. Lt. PAUL HARTMAN can be reached through MCB-5, FPO, San Francisco, 96601. Lt. GENE LUND recently moved to 3505-14th St., Gulfport, Miss., after duty at San Diego.

JIM NIEDERRITER wrote to say that he heard from DICK GLENNON thru the column. Dick is living in Morristown, N.J. and is flying in "the friendly skies of United." He has two children. Dick and family live at 114 Franklin St., Building 5, Apt. 2B, Morristown. Jim says I get a drink as a commission for getting them back in touch. I may be loaded at the football reunion if all you other guys pay off! Remember, this year we get together after the home opener with Purdue (grrr!) at the Morris Inn.

You can't say I'm not loyal. I just bought a new car from PAT SHEEHAN and placed the

insurance with NEAL HALLORAN. They're getting rich and I'm bleeding.

Our two great winter sportsmen, DICK BEEMAN and MIKE KELLY, found out they now are middle-aged. Some didn't believe it (I do, Dick), but "Sam" sprained his thumb on the hoop in a little basketball game. Kelly, who is a very clever fellow, got smashed on the toboggan hills and spent more than a month with his leg in a cast. Our cold spell, however, soothed the pain. (He's in the fuel oil business!) I got a call from my old roomie, TOM DORWIN, when he was in from Texas (8121 Ripplewood, Austin) for a sales meeting, and he said that his Christmas ski-fun up here had been rained out. Why don't more of you guys give me a buzz when you come thru town? I'm in the book. I can remember when DR. JOHN RYAN and I went up to Tom's house in Wisconsin for a little ski time. I was lucky to get John home in one piece. He thought he was Billy Kidd.

JIM GRIFFIN, who is handling most of the libel and slander cases resulting from my reunion column, welcomed another boy to the household. He and Bunni now have four boys and a girl. FRANK LOLL also had a boy. JIM EHRET's first is a girl. He's TOM CAREY's brother-in-law.

GEORGE MEYERS, another of our bachelors with big money to throw around, is in the ranching business with Chico Maki, the Black Hawk star. BOB WING says that George has one of the fanciest riding outfits that you ever have seen for these frosty nights when he goes out to the "heated, indoor ring" to ride his horses. The "stable" gets shipped up to Canada come spring. "Moose," RUSS TOOHEY and RON AUER, will be on hand, I'm sure, to give George the razberries.

Many thanks to all those who sent Christmas cards. I wish all of you would include me this year and add a note so that I can keep current on the whole class. Enjoyed the cards from DICK CONNELLY, JERRY HUGHES, JACK FLYNN, JOE DALEY, MARTY CULHANE, FRANK BURKE, FRANK MAIER, TOM CAREY, JOE HEGNER, JOHN O'MEARA, BILL McLAIN, JERRY BRANSFIELD, ED RYAN, TIM DEVEREUX, JOHN WEITHERS, DICK BURKE, JOE SASSANO, STEVE REBORA, TOM O'MALLEY, FRANK LOLL, TOM HAYES, MIKE WARD, DAVE COHEN, TOM IGLESKI, GEORGE SHELTON, PAT DI PASQUALE, JOHN BENDEL, and DICK BEEMAN.

BILL FEURY's wife attached a nice note. Bill is now supervisor of quality control from the elevator division of Westinghouse. Bill and Mary have been married eight years and have five children. They live at 2110 Meadowview Rd., Westfield, N.J. DR. AMEEL RASHID wrote to say that he was sorry to have missed the Reunion, but his second son was born at that time. DON HANISCH also said that he hated to miss the Reunion. He's still employed as a stockbroker in Tulsa. They just welcomed a baby boy at 5765 E. 30th St.

FATHER JOE O'DONNELL had a beautiful card. He managed to spend a few days in Chi town with his family over Christmas. JOE CONNOLLY's bride, Susan, did the writing. She reports that Joe is assistant to the director of the metals

division of the Arthur G. McKee Co. He's doing a lot of technical writing. They were in for the Northwestern game. JOE MADIGAN sent his Irish best to the entire class. JIM BERGQUIST used his card to inform us that he hoped to be at Northwestern soon to take his final exam for a doctorate in history. His dissertation has been submitted and read. FATHER MIKE DUCEY sent greetings from India. If any of you would like to send Mike donations for the Jesuit mission work in India, it should be sent through the director's office at 1114 S. May St., Chicago. It isn't safe to send checks directly to India.

My old Creighton buddy, BOB BROWN, dropped me a nice note from the Omaha National Bank, where he is assistant trust officer. Prior to joining the bank five years ago, he practiced law in Omaha. Bob was married in 1957 and has two daughters. "Other members of our class still in Omaha include WARREN YOUNGSTROM, whom I see occasionally; TOM KINSLER, who is selling securities for Kirkpatrick Pettis, a local investment firm; and EMMET ROOT, who is in the wholesale furniture business."

Thanks for the nice letter, Bob, and let's hear from some more of you guys (and gals) so that I can keep this column hopping!

REUNION

JUNE 10 • 11 • 12

FATHER DAVE MAX sends New Year's greetings to classmates and their families. He is now serving as assistant director of Catholic Social Services, Box 13145, Wichita, Kan. 67213. While in Washington last year for graduate studies at Catholic U., Fr. Dave visited CAS TAYLOR in Cumberland, Md. Cas and wife, Polly, have two sons, Dave and Brendan. Cas operates a restaurant-lounge and adjoining package store in Cumberland. Cas "cooked up" a long-distance conference call with him and Fr. Dave in Cumberland, ED SEXAUER in Columbia, S.C. and BILL HARRINGTON in California. Ed reports he's still a bachelor and doing television production in Columbia. Our prayerful condolences to Ed on the death of his mother last June. Bill has joined the ranks of the married and has left Jersey's shores for the Golden West. How's this for keeping the Class together? Father Dave reports that his sister's good friend at Rosary College, Jane Walsh of LaSalle, Ill., married PAUL BERRETTINI. Paul and Jane live in Dixon, Ill. Further, another Rosary College classmate, Kay L'Anson of Salem, Ill., married PAUL KAMSCHULTE. To top it all off, RAY LEMEK's sister-in-law was Fr. Dave's sister's roommate at Rosary College.

JOHN PHELAN is in his seventh year on the faculty of Madison (Ill.) Senior High School and is a vice-president of the ND Club of St. Louis. John and wife, Helen, have two young daughters. John spent last summer in Minnesota doing summer camp counseling. While there, he visited AL ALFONSUS. Al, his wife, and two children are back in the Twin Cities area after a stint in Waterloo, Iowa. John also has seen Dr. FRANK CIGIARELLI lately. Frank spent his residency at Mayo Clinic. He and his wife now reside in Springfield, Ill. where Frank specializes in pathology. Recently Fr. Dave met a personable Jesuit, Fr. Walt McCauley, and discovered he's the older brother of MARTY McCauley. Marty is married and has one child. He recently left Toledo, Ohio to live in Atco, N.J.

BILL WARREN (915 First National Bldg., Tulsa, Okla. 74103) sent me a card addressed to the Warrens from RAY KRAEMER. The card pictures the sandy beach and beautiful blue water at Rio de Janeiro where Ray has been since June 1962; but no mention of what Ray's doing there, although I presume he's with a US company's Brazil branch (Rua General Venancio Flores, Gros, Apt. 202, Le Blon Rio de Janeiro, G.B., Brazil). Anyone know? TOM POWERS, vice president of Consolidated American Services, Inc. visited Bill in Tulsa early in February. The Powers live in Los Angeles with their three children. Anyone hear from either of Tom's roommates, JOHN DEASY or GENE BRENNAN?

MIKE MOONEY was ordained, REV. PATRICK MICHAEL MOONEY, Order of Friars Minor, by the Bishop of Springfield, Ill. on Jan. 9 in Tentopolis, Ill. The following Sunday in Indianapolis, Fr. Mike's family and many friends participated in his First Solemn Mass. I know that all the Class shares with me in wishing you, Mike, our sincerest congratulations! May you remember us in your prayers.

If you haven't marked your calendar for our 10th Reunion, June 10-12—do it now! See you then.

—AL VITT, Secretary

JOHN P. McMEEL

30 E. 42nd St., New York, N.Y. 10017

It was good to hear from JACK SOUCY and learn of his recent activities. Jack, who for many years led the "bachelor brigade," was caught in a weak moment and married Patricia "Tish" Callison last July in Oconomowoc, Wis. Gads, our poor doctor classmates. Jack and his bride toured Europe for eight weeks before returning to settle in Cleburne, Tex. But before Cleburne Jack also managed to finish his residency in internal medicine in Los Angeles. Congrats, all the way around.

Jack reports that BILL GROGAN is back in Milwaukee working with Allis Chalmers . . . BOB GRIFFIN is now president of Indian Archery Co. in Evansville, Ind. Bob also attended the great event in Oconomowoc. Thinking of that city, I wonder how our good friend PAT SNIDER is coming along these days. Let's hear, Pat . . . continuing with Jack . . . BILL ALLEN received his master's in business from the U. of Utah and is one of the leading citizens of Salt Lake City. Bill is papa to one with another on the way . . . BOB DESMOND is a general practitioner in Santa Rosa, Calif. (doctor, that is) and has delivered two boys and a girl for the Desmond family.

Along the doctor trail we learn that MARSHALL CATANZARO is in Radiology residency at St. Louis Hospital in St. Louis, Mo. Speaking of St. Louis, word has it that our good friend JACK CROWLEY has really clicked with his own business. A former IBM man, he now is operating an employment agency which specializes in placing these human computers in various positions throughout the city. This word reached us via JERRY BECHERT. If wrong, get Jerry. If correct, our congrats, you devil . . . One more doctor—good friend LARRY COOKE who is in residency at the V. A. Hospital in Dallas, is specializing in

internal medicine. The Cookes are proud parents of one boy and expecting another in May . . . thanks a million Jack for all the news. You are in the distinct minority of those who are interested in keeping this column alive.

Also, my congrats and thanks to RICH JACOB who fired the following our way . . . Rich and Dot were married almost four years ago and have been blessed with identical twin boys. He is practicing law in Pittsburgh after having practiced a little over a year in Baltimore. The Jacobs make up a powerful combine in the Steel City with Rich joining forces with his father and brother. . . he goes on to report that DAN BEGGY made the same mistake as JOHN HAMMETT and married a "young lovely" last January. Dan is enjoying the private practice of law while becoming a fantastic golfer. Rich reports that Dan is "a 16 now." MIKE BOYLE should be one of the leading family men of the Class. Mike and Kay now have five. On top of all this he has time to practice a little law . . . JACK SHEEDY will sell you anything, in the insurance line that is. Jack is raising two future \$400,000 quarterbacks, Classes of '85 and '86 . . . MIKE CANTANZARO is an administrator with Westinghouse Electric. Since returning from Baltimore he has taken and passed the Pa. bar exams giving him the right to practice in both states. But this does not suffice, for now Mike wishes to add MD to his name and make money like Soucy and the gang . . . More doctors (bring on Medicare) these being RON HERMAN, JIM WALSH and JACK MINARD but Rich could not report just where they are located. How about it??

DON GERHARDT is in Baltimore and married to a beautiful Southern lass. Last report gave them one in the "Offspring" ledger . . . VINCE DOOLEY and his wife, Bobbi, were in from Cleveland for the Beggy wedding. Vince is teaching at a high school in Cleveland and is also the football coach. Look out, Ara!! Thank you Rich. Believe me, you make this job a lot easier and it is much appreciated.

Word of changes in location has been received and we would like to hear from the following on their new stations of life. Such as JOHN BOVERI from Chicago to Arlington, Va. . . MAURICE MAYNARD from Savannah to Katoanah, N.Y. . . JIM MUNRO from Chicago to Des Moines . . . ED WILSON from Cinnaminson, N.J. to Indian Rocks Beach, Fla. . . TOM McNULTY from Arlington Heights, Ill. to Annandale, Va. . . JOE TAFT from Berkeley, Calif. to Oklahoma City . . . BOB RISDON from Skokie, Ill. to Cedar Rapids, Iowa . . . is it true that HAL BLAKESLEE is now living in South Bend? . . . let's hear from the above and whom else they may have seen.

Through the influence of you—my good classmates and the things you have been accomplishing in this world with the help of others, namely those sweet young things called wives—I have decided to forsake this selfish, shallow life and become more the complete man as yourselves. To do this, I have found myself a sweet young thing called Susan and come April 16 in Coral Gables, I will more fully understand your problems. A thank-you to the wives for their patience. And to my fellow bachelors, stop being selfish!!! Thank you.

Due to the increasing cost of publication and the growth of the ALUMNUS we have been requested to conserve space, so here is the current news unembellished by the superfluous comments of your secretary. Most of the following news came by way of cards and notes at Christmas time.

Since JIM MASTERSON last wrote, he and CHARLIE DUGGAN left England, the dog races and the Army. Jim then went to Marquette for graduate work, back to South Bend, to Pittsburgh (where, according to Jim, "JOHN MALONEY and I put a bachelor pad together that would make TERRY LAMB's pad in D.C. look sick"), and most recently to Peoria and Caterpillar Tractor Co.'s treasury department. Jim and JoAnn were married in May, 1965.

HUGH JOHN MURPHY, wife, Colette, and their three children are residing at 19681 Silver Spring Dr., Southfield, Mich. Hugh is a CPA with Price Waterhouse in Detroit. He also reports that JIM THOMPSON is in Atlanta, JOHN KROHA and MIKE KURAS are in Detroit, and that JACK CONNORS is in Boston.

A note from JOHN FOCHTMAN's father informs us that John has been transferred from his duties at the US Naval Hospital in Saigon, South Viet Nam to a new assignment at the US Naval Hospital in Yokohama, Japan. His address is: Lt. John A. Fochtmann-MC, US Naval Hospital, Box 7 FOB—San Francisco, Calif. 96661.

ANTHONY N. GRAHAM is presently practicing law in Chicago. Tony married Mary Jo Rinle in 1960. They are the parents of Jenny, five; Peter, four; and Hilary, 18 months. Tony is a member of the Yale Law Class of '62, and was a captain in US Army Intelligence with a tour of duty in Nuremberg, Germany.

LARRY WENTZ sends word from Philadelphia that the Class of '59 has been well represented there. "It included BILL BROMANN (a Navy Lt, biochemist, who has since moved with his wife and four children to the Naval Hospital in Oakland or San Francisco); HARRY RYAN (they are expecting No. 2. Harry is selling with Merch-Sharp-Dome's Quentin Division. They have moved to North Jersey); BASIL BECK (seen at many local Palestra basketball games, now married and practicing law in his hometown, Bridgetown, N.J.); and JIM HUTELMYER (who was in the ad business in Philly for a few years but who is now trying the same game on Madison Ave. in New York.)"

TERRY McDONNELL is now stationed at Ft. Leonard Wood, Mo. as an orthopedic surgeon. After graduation, Terry attended the U. of Nebraska Med School, graduating in 1963. The following summer he married Jeanne Moran (Rosary, '59). Daughter Kathleen Marie was born in Sept. '64. Terry also tells us that MIKE O'NEIL, who was also at Nebraska, and is now a second year resident in orthopedic surgery at Duke U., was married in 1962 and is the father of two children. MIKE DUGAN went to law school at Creighton, finishing in 1962. Mike is with a law firm in Omaha but is still playing an active role in sports. For the last two years, Mike has been coach-quarterback of the semi-professional team, the Omaha Mustangs.

DAVE AMIDON, PAUL MARTO '60 and JACK WALKER '60 and their wives were at the ND-Cal game last fall. Dave did see JOHN MARTIN, an attorney for Kaiser Steel in Oakland, and later heard that BOB KAERCHER, now stationed at Fort Ord, Monterey after Vietnam duty, was also at the game.

From Downers Grove, Ill., and PAUL QUINN, comes news that in Sept. 1959 he married Marie O'Dea, a nurse from Waterbury, Conn. Paul and Marie now have four children: Shannon, 5; Stephen, 2½; Christopher, 1½; and Douglas, three months. In 1960, Paul joined Anaconda American Brass, Metal Hose Division, as a sales trainee. The following year he was transferred to Chicago as a sales representative. The Quinns traveled to California last year where they visited with BOB PUTNAM and Mary Ellen. The Putnams also have four children: Margie, "Robbie," Steven and Mary Alice. Paul also mentioned seeing GENE DUFFY recently at Creighton U. where "Duff" is athletic manager.

After TOM CAHILL parted with the Navy, he headed for Harvard Business School and his MBA. Then on to San Francisco where, until recently, he was with Crown Zellerbach. In November 1965, he became product manager for Leslie Salt—Spice Islands Co. in S.F. Tom is not yet married and claims to be enjoying bachelorhood, which includes plenty of skiing at Squaw Valley.

The Washington report comes from our president, JOHN HAYWARD. Mary Beth and John were in NYC for the Army game last fall and saw the following: BILL BRADLEY, RALPH DANGLER, MAIER, JULIUS JODLBAUER, MIKE HALPIN, CORNY HAUGH, TOM CARROLL, BILL McCULLOUGH, DICK TRAUT, ED RICCIUTI, TERRY PLUNKETT, HARVEY FREM, ROGER BRESLIN, BILL WHALEN, KNUTE CAVANAGH, LARRY McGOVERN, JOHN MADDEN, JOE DOWNS, ROGER O'NEIL, DUNCAN LAVIGNE, and FRANK MOONEY.

Law, and MIKE PHENNER is with the Army Judge Advocate General's Office. JOE O'CONNOR is newly married and with the Kennedy Foundation. MARK SHIELDS recently joined Sen. William Proxmire (D., Wisc.) as legislative assistant, and promises to become a capitol fixture. DAVE BARRETT is clerking for Judge WILLIAM B. JONES, a ND grad of somewhat earlier vintage than we, while JOE HARRISON is with Congressman Ed Reinecke of California.

BOB COX is with the SEC and DENNY POWELL is with IRS. John had heard that CHARLIE WOLFRAM was in D.C. but had not yet seen him. JOHN EDWARDS visited the Haywards last summer and brought news of a pleasant visit in St. Louis with JOHN LEAHY and TOM BRADY. Tom is in Chicago finishing up on his PhD in history and John is "Reputedly, assisting Coach Parseghian with off-the-field matters." DAVE CORTH was recently married and is with IBM in Washington.

President Hayward says he has probably forgotten to mention somebody he sees every day, but I think he did a tremendous job in bringing us up to date. Meanwhile, John, Mary Beth, Elizabeth and Elizabeth's baby brother or sister, due in March, are in the process of resettling in Toledo.

Some of our classmates have experienced a great deal of sorrow in recent months. It is our sad duty to report the deaths of the following: Judy, the wife of JIM DINCULO; the father of RUDY HORNISH; the father of CARL NOELKE; the father of JOHN FAZIO; the father of GENE SAXON; and the stepfather of BOB TURICCHI. On behalf of the Class, may I extend our pledge of prayers.

JOSEPH SULLIVAN,

Legal Dept.,

Associates Investment Co.,

South Bend, Ind. 46615

As you can see, we have a new class scrivener. GLASSEN GRAMM, now practicing in San Diego, requested that I take over in view of my present location; five home games, you can't beat it! I hope that you will keep me informed about yourselves, so that each of us may keep in touch with one another. I am sure that I will get a lot of help on this column, inasmuch as JOHN COSTELLO returned to South Bend last September. He is presently a member of the Legal Staff of Associates Investment Co. and one of South Bend's most eligible bachelors.

I am sure a lot has happened to most of us since our days at ND. I have a son, Brian Patrick. ED FILLENWARTH married a wonderful girl from Indianapolis, and they are now the proud parents of a fine son, Daniel Patrick. BUD MALONE married Mary Ellen Berry SMC '61 and they have just recently become the parents of a beautiful baby girl, Mary Ellen. JIM LEKIN joined a law firm in Buffalo and from what I understand is doing quite well. From all reports BOB BERRY is making a mint in Reno, and in the not too distant future we'll see his name as a candidate for public office in that state.

From my last report from BOB SAXE, he is in good health notwithstanding the fact that he is touring the Far East, including Viet Nam, at the expense of Uncle Sam. Just remember, Bob, that civilians pay thousands of dollars a year for similar trips.

Please let me hear from all of you so that I will have more information to pass on in the next issue.

—JOSEPH SULLIVAN, Secretary

POPE PAUL VI '60, at his Dec. 22 Christmas audience, is shown extending personal greetings and blessings to two ND men — Robert A. Harvey '68, a sophomore at Innsbruck, and John D. Mooney '63, an art instructor in Florence. Kissing the Pontiff's ring is Martin Brett from the U. of Leeds, England, a volunteer at the ND Hospitality Center in Rome.

Once again the class scribe hunches over his trusty, well-oiled typewriter and scans his correspondence. This takes about two minutes, all of which is spent reading a long and interesting letter from DAVE "SUNGOD" PETRE. Dave

reports that he is delighted with his job in the patent department at Xerox and that he and his family are greatly enjoying life in Rochester, N.Y. He reports having successfully handled an indigent defense case, thereby offsetting the prosecution efforts of FINDLAY, KILLIAN and CREAGER. As we in the field say, "The defense never rests!" Dave also reports having received a letter from BALFE "HANS" WAGNER who is serving in the Army JAG Corps in Korea. Balfe has a part-time job teaching a U. of Maryland course and earns a few extra pennies in jump pay. Dave's letter expresses great interest in being kept up to date on his classmates' doings. So, classmates, bear this in mind:

No news but Dave's doth mail bring
To the worthy scribe, the volunteer.
And if YOU don't remedy this woe,
Then you won't hear from me no mo'.

A Christmas card from Joe, Dottie and JOSEPH MYLOTTE informs us that they are living at 7635-A Peden St., Argonne Hills, Ft. Meade, Md. Also in that area are Maria and MIKE RYAN at 1706 Brightseat Rd., Landover, Md. 20786.

In addition to my request for correspondence from you, I have another appeal to make. I've been serving on the board of directors of the Notre Dame Law Association and have been involved in the hunt for scholarship funds. Our goal is far from being attained, and the campaign goes slowly. Dig deep, classmates. Any contribution, regardless of size, will be warmly received.

JOHN A. HAUTER

Homewood, Ill. 60430

Lack of response from you has made compilation of this column more than difficult. Since graduation we have not heard from One bachelor. What are you all up to? Please remember that a postcard will suffice. Only a few letters were received from the married folks.

We received a short memo from JOHN MULVIHILL who tells us that he is now associated with the firm of Oare, Thornburg, McGill and Deahl of South Bend.

DENNIS STEROSKY and Doris claim that their Christmas holidays were made exceptionally memorable, since it was then that they learned that Denny passed the bar. Congrats. They also are excited about the fact that they will soon be the parents of a future ND quarterback or perhaps a cheerleader. Can you picture Denny in the father's waiting room in the hospital?

Rumor has it that ART HOOVER and Sue will also join the parent-roster by mid-summer.

It's wedding bells again! You guessed it—STEVE WEIDNER and Kate Della Maria SMC '65 announced their engagement recently. We've heard of no wedding date yet. Write to us, Steve, and tell us all about it.

We received a Christmas card from MIKE BISHKO with a New York address. What gives Bish?

Also via Christmas cards, we learn that RON SOWERS and Launa have moved twice since graduation. Will fill you in on why, as soon as they get around to telling us. By the way, Launa, what happened to the bratwurst party you were to have at the LAMONT's after the game?

Has anyone heard from RICH CATENACCIO?

We have some new addresses for the following: DOUG SPECIA, 819 Black Rd., Joliet, Ill. 60435; "TEX" DUTILE, 208 Skyhill Rd. No. 6, Alexandria, Va. 22314; LARRY SHINNICK, 1699 31st St. N.W., Washington, D.C. 20007; DAVE HEMMINGER, 4217 Round Bottom Rd., Cincinnati, Ohio 45244.

How about surprising me one of these days and barraging me with so much mail that I will find it difficult to condense into our column allotment?

AN INCREDIBLE afternoon! Not that it occasioned events of world-shaking significance. The fact of the matter was that spring had sprung on the campus, and it interfered mightily with the business of this column, which is to report on noteworthy Club activity.

It was a curious embryonic kind of spring afternoon that caught the campus with its leaves down, and drew all the creatures of this place out of their winter cubicles. The library, where the turnstiles seldom rest, was sparsely populated this afternoon. Armies of athletes poured from the halls, shouting "Talley-Ho," or whatever it is one shouts when one is a rugger, sculler, or devotee of lacrosse.

A Turn to Fancy. Curiosity drew the more contemplative to the edge of St. Mary's Lake to ascertain how its denizens had survived the winter-long hockey match overhead. Peering through rays of winter murk, one spotted, of all things, a school of goldfish lazing at water's edge. A disheveled muskrat rumbled along the periphery, thoroughly skeptical of the season's promise, and collided with a napping turtle.

A co-ex couple, arm-in-arm, and grotto-bound stop to chat with a bundled, aging priest. Across the main quad, frantic activity envelops the Center for Continuing Education as dedication day looms. Prof. O'Malley nods "Good day," and dubs the Center "the loveliest structure for taste, grace and imagination since the building of the Lyon's Hall arch."

Teams of groundskeepers scratch a little circulation into the truant earth around Sorin's statue. And one makes a note to be sure not to miss this year's brief explosion of magnolias before the Main Building. Before ducking inside, one last, deep draught of the spring afternoon, a final glance at the Dome and Golden Lady set against a periwinkle sky, and then, back to more practical matters.

a young man's heart

man as scientist, educator, strategist non-pareil, master psychologist, and friend of boys, remains vibrant and undiminished.

The past several months, Notre Dame Clubs from coast to coast have honored the memory of the "Rock"

by means of award presentation ceremonies in his name, as well as memorial Masses. In South Bend, one of his "Horsemen," now the Honorable Donald C. Miller of Cleveland, Ohio recalled his days with Rockne during a Communion Breakfast at the Morris Inn on campus. The Cleveland, Chicago and Philadelphia Clubs, among others, celebrated Rockne Awards nights. In Philadelphia, nearly 200 stalwart souls braved a howling blizzard to reach the festivities. Head Coach Ara Parseghian, the guest of honor, arrived in the nick of time after his airliner hassled with a few snow clouds. The Knute Rockne Memorial Trophy went to hefty Harry Boyd from West Catholic High School.

Innovations. A new twist to Club sports activity, and a highly commendable one, is reported by the Notre Dame Clubs of New York City and New Jersey. The combined groups hosted a contingent of Boys' Town, New Jersey athletes at the ND-NYU basketball game in Madison Square Garden, Feb. 18. Coach Dee's squad was less than razor sharp that night, but the youngsters couldn't have cared less. Disappointment at ND's performance was quickly vanquished by heaping portions of hotdogs, candy and popcorn. Dee's forces were vanquished too, 105-78.

Closer community ties and increased recognition are obvious by-products of a recent Cincinnati Club function. The first presentation of the "Dome Award" was made at its 20th Annual Scholarship and Foundation Ball. It honored local television personality Ruth Lyons as a woman whose tireless efforts on behalf of hospitalized children best perpetuate the true spirit of Christmas. Miss Lyons' annual fund drive, now in its 27th year, has netted over \$4.5 million.

The Chicago Club recognized that city's new archbishop, John Patrick Cody as the "Cleric of the Year" at its annual Communion Breakfast, Feb. 6. The archbishop's acceptance remarks underscored the need for increased lay activity in Church affairs. In the age of "aggiornamento," the archbishop said, the role of the layman must and will grow in prominence. Four hundred Alumni, their families and friends attended.

And then, there is the season now upon us . . . an incredible spring to you!

AKRON

The annual freshman father and son dinner was held in early September at Iacomini's Restaurant. JIM DETTLING made the arrangements. Eight young men from the Akron area entered ND this fall. FR. JOE BARRY gave the new men some timely advice.

On Dec. 8, our men and their wives gathered for corporate Mass and communion at Newman Hall on the Akron U. campus. Following the Mass, we recited the rosary for the repose of the soul of CHICK MCGUCKIN who died that week. Dinner followed at Sanginetti's Restaurant. CHARLIE GREENE was Mass commentator, and FR. BARRY was celebrant and also led the rosary.

The annual dance was again held at the City Club. This year's affair had a valentine flavor and was on Feb. 12. EDDIE BUTLEK was chairman for an evening of cocktails, steak-dinner and dancing.

Our treasurer of 10, these many years, JACK LANGE, has moved to southern Indiana. We want to wish him the very best on his new job, and thanks for many contributions to the Club. TOM BOTZUM will fill in as treasurer until the next election.

—BILL LAMMERS, Secretary

BOSTON

The Christmas season brought limited activities to the Notre Dame Club of Boston. President BOB MARR has planned an active schedule for the spring, which began with the "1965 ND Football Highlights" in late February.

The Club is extremely proud of member DICK MURPHY '58, two-time Bengal Bout champ, who received national recognition in *Time* magazine in January for his legal achievements. Dick represented a sailor who received a dishonorable discharge in 1946, and had the conviction set aside since he proved the man's constitutional rights were violated.

Rumors have City Councilman BARRY HYNES '60, a likely candidate in the mayoralty race.

The Boston Patriots will have a strong ND tinge next fall with the acquisition of JOHN HUARTE '65 from the New York Jets and the signing of All-American DICK ARRINGTON '66, who will join Boston's all league linebacker NICK BUONICONTI '62.

—JACK LAMERE '53, Secretary

CALUMET DISTRICT INDIANA

The Notre Dame Club of the Calumet Region was host to the ND Glee Club Feb. 4 at the Bishop Noll Institute Auditorium. ANTHONY S. KU-HARICH '35 was chairman for the event. Proceeds from the concert netted a scholarship for the Club's fund.

The Club held a Communion breakfast March 6 at the Capuchin Seminary of St. Mary, northwest of Crown Point, Ind. Bishop Grutka celebrated the Mass and spoke at the breakfast.

Future plans include Universal Notre Dame Night festivities for April 11 at Phil Smidt Restaurant and the annual sports stag at St. Thomas More Hall, May 10.

CENTRAL JERSEY

The Central New Jersey Club initiated its 1966 activities with a trip to New York Feb. 17 for the Notre Dame-NYU basketball game. About 45 alumni and friends had dinner at Leone's before the game. The entire trip was capably handled by BILL RICHARDSON '55.

Plans are proceeding smoothly for the annual Universal Notre Dame Night dinner to be held April 16 at the Plainfield Country Club. BILL CASHMAN '60 and CHUCK COLLINS '55 are co-chairmen for this event.

It is anticipated that the annual golf outing also will be held at the Plainfield Country Club in early June. DAVE COLLINS '56 is working hard on this. We expect to have final details on the golf outing for the next issue.

President JACK MULLEN '53 is proceeding with plans for the establishment of the Club's scholarship fund, and it appears certain that the first recipient will be a member of the Class of 1970.

CHICAGO

On Sunday, Feb. 6, we held our annual Communion Breakfast at the Ambassador West Hotel. Almost 400 local Alumni, their wives and families, were on hand to make the attendance at this event an all-time high. Chairman WALT ROGERS '44 is to be congratulated for an outstanding job. He was ably assisted by MARK CRONIN '45 and JIM HAGGERTY '52.

FATHER JOYCE represented the University and welcomed our guest of honor, John Patrick Cody, archbishop of the Archdiocese of Chicago. President PAT SHANNON '48 presented Archbishop Cody the Cleric of the Year Award from the Club, in recognition of his many accomplishments and for the dynamic leadership he has given to the Archdiocese.

Archbishop Cody gave a straightforward talk about the increasing importance of the role of the laity in church matters. He recounted that many times in the past he has been assisted by ND men and he looked forward to developing close associations with ND men in the Chicago area. He told how the concept of bringing the laity more and more into church matters was accentuated during the Second Vatican Council in Rome. Archbishop Cody said Catholic laymen will be called upon to help with school programs and other plans of the Archdiocese, adding the Church is now in a spirit of renewal, and with the dramatic changes taking place, the laity must be brought into positions of responsibility.

The Annual Communion Breakfast is truly one of the finest events of the calendar year. Those Club members who were unable to attend this year should make a note to make every effort to attend next year. It is a family affair, and one which the wives especially enjoy.

It is with profound sympathy that we note the passing of RAY DURST '26. Ray was one member of the Club whose continuing efforts in behalf of and devotion to the Club and the University cannot be exaggerated. He was a trustee of the University and former Chicago Club "Man of the Year." In 1953 he helped found the scholarship foundation of the Notre Dame Club of Chicago. He served as president of that foundation from 1962 to 1965. Ray also was Chicago chairman of the very successful Challenge I program.

The next event on the Club activities' schedule is Universal Notre Dame Night which will be held May 2 at the Conrad Hilton Hotel. Chairman JACK GLEASON '36 and the members of his committee are hard at work, developing an excellent program. Further details on Universal Notre Dame Night will be forthcoming shortly, so start making plans now to attend.

CINCINNATI

The Notre Dame Club of Greater Cincinnati inaugurated the Dome Award at their 20th Annual Scholarship and Foundation Ball Dec. 28. The new award will be given annually to the person judged to have done the most to perpetuate the true spirit of Christmas. Dome Award winners are selected by a committee composed of past recipients of the Alumni Association's Man of the Year Award.

Cincinnati television personality Ruth Lyons was named for the first Dome Award because of her annual Christmas Fund drive for hospitalized children. In 26 years of the fund, Ruth has raised more than \$4.5 million. Ninety hospitals in Ohio, Kentucky and Indiana have received money to equip playrooms and provide incubators, books and television sets. The award was a ceramic golden dome, mounted on a white marble base. General chairman for the award and ball was JOHN C. COTTINGHAM. ROBERT McCAFFERTY was vice-chairman.

CLERIC OF THE YEAR award was presented to Archbishop John P. Cody by the ND Club of Chicago at the organization's annual Communion Breakfast, Feb. 6. Archbishop Cody is shown receiving the award from Club President Patrick J. Shannon (left), and Breakfast Chairman Walt Rogers.

CLEVELAND

The Annual Family Communion Breakfast was held at Borromeo Seminary, Feb. 27, in conjunction with the St. Mary's College alumni of Cleveland. More than 200 ND Alumni and their families turned out for this affair, arranged by ROBERT GOLDSCHMIDT and VINCENT DeCRANE.

Co-chairmen JACK MCGRODER and JOHN REIDY JR. announced an informal dance and breakfast April 30 will mark the Universal Notre Dame Night festivities, to be held this year at the Hotel Statler.

Keep this weekend open—July 8, 9, and 10—for the Third Annual Midwest Cedar Point Festival!

Lt. Col. MALHAM M. WAKIN hosted the group during their visit. Col. Ferrari was formerly the assistant to the dean of the faculty and deputy commandant of Cadets at the Air Force Academy.

DALLAS

January 16 was Communion Sunday for the Notre Dame Alumni and families in the Dallas-Fort Worth area. The Dallas Catholic Choir, under the direction of Fr. Ralph March, sang beautifully at the high Mass celebrated at St. Thomas Aquinas Church by Fr. MILAM JOSEPH '60. JOHN ROGERS, vice-president, made the arrangements for the breakfast following the Mass.

The members of our Club wish to extend our personal congratulations to LANK SMITH who did such a commendable job in 1965 as president of the ND Alumni Association.

—ED FLEMING '63, Secretary

DEARBORN

Our annual dinner dance and raffle were held Jan. 22 at the Rotunda Country Inn on beautiful Pine Lake. Despite the very snowy weather, there was a very good turnout, and, due to the fine job of BOB MISSEL, chairman of the event, those braving the weather had a wonderful time.

In February BILL DeCRICK led a group of stalwarts to the ND-U of D basketball game in Detroit. The victory was celebrated by a number of the group including JERRY KELLY, DON MULLANEY and DICK KING together with their wives at the Detroit Yacht Club.

Our normal monthly meetings were held in January and February at GEORGE TOBIN and BILL DOSMANN's homes. At the latter, nominations were made for election of officers for the ensuing year.

DETROIT

The Notre Dame Club of Detroit reserved a block of tickets for the ND-U. of Detroit basketball game February 12. Following the game a reception was held for Coach JOHNNY DEE and his team.

February 25, 26 and 27 the Annual Notre Dame Retreat at Manresa was held. Rev. Bernard J. Wernert, S.J., the Retreat House's spiritual director, accommodated 49 Alumni and friends of ND. Rev. John A. McGrail, S.J. gave the retreat.

ERIE

The Notre Dame Club of Erie had a busy first week of February. February 6 was proclaimed "RICH ARRINGTON Day" by Mayor Louis Tullio. The highlight of the day was a testimonial dinner and reception for Rich. Hundreds of friends both from Erie and out of town paid tribute to Rich. NICK EDDY and Coach JOHN RAY represented the University, and both honored Rich by saying a few words about him. Co-chairmen NORM BEECHER and BILL BRADBENDER did a splendid job setting up this affair. Among those who attended were: Messrs. JOSEPH BARBER '36, BOB BARBER '40, THOMAS BATES '60, LEO BRUGGER SR '34, LEO BRUGGER JR '61, HOWARD ESSICKS '41, THOMAS GALLAGHER '55, WILLIAM GRANT '45, EDWARD KERN '56, HERB KERN '54, JAMES MAHONEY '51, JOHN MCCORMICK JR '53, RICHARD MCCORMICK '55, TIM MCCORMICK '57, JOHN MCCORMICK SR Hon. '17, LOUIS SHIOLENO '49, FRANK RILEY '58, HOOT SCULLY '47, ANTHONY ZAMBROSKI '52 and JOHN YOUNG '51. Also attending were: MIKE MCCORMICK '61, Judge TOM BARBER '24 and Judge JAMES DWYER '37, JOHN PALMISANO '55, ED WITTMANN, and many, many more people, too numerous to mention.

Bill Sullivan, president of the American Football League and also president of the Boston Patriots, was on hand to honor Rich. Rich of course is Mr. Sullivan's new bonus beauty. Mr. Sullivan claims he and his coaches have big plans for Rich. Rt. Rev. Msgr. Ennis A. Connelly gave the invocation and Rev. A. B. Addams the benediction for the affair. The highlight of the day came when the modest Arrington stepped to the microphone. He thanked everyone for coming to honor him and for the many gifts he received.

As the program came to a close the audience sang the music of "Arrington, That's Him," a song written to the words of "Harrigan, That's Me" by East High Music Director Earl Johnson.

the "1965 Notre Dame Football Highlights." The highly exciting films, especially the plays showing Ft. Lauderdale's own BILL ZLOCH '66, were enjoyed by FRED ZLOCH and sons, as well as FRANK CAREY '46, TIM MAUS '57 and GEORGE ERNST '29. After a successful year as president, GEORGE PATTERSON '58 handed the president's gavel over to the capable hands of BOB BLAIKIE '56.

1966 continues to be an exciting year for all ND men in the Ft. Lauderdale area. BILL THEIS '60 and committee arranged a St. Valentine's Day celebration at fabulous Pompano Park Harness Track, the world's most beautiful racing track. One of the feature events was the University of Notre Dame Race.

The annual St. Patrick's Day dinner and dance honored CHARLIE CALLAHAN '38, our latest honorary member in the Ft. Lauderdale Alumni Club and the new Miami Dolphins publicity director. Chairman TOM WALKER '42 arranged to have Joe Thomas, the Miami Dolphins personnel director, as a guest speaker.

All here in Indianapolis congratulate Dr. THOMAS P. CARNEY '37 upon his election as Alumni Association president.

KANSAS CITY, MO. AND KANSAS

On February 10, the Notre Dame Club of Kansas City held an ND Sports Night, an event which may become an annual occurrence. With JAMES DeCOURSEY '54 as chairman, the evening in-

cluded a dinner held in the Schlitz Brown Bottle Room with entertainment by the Merry Mugs, a local barbershop quartet. The feature of the evening, however, was the showing of the 1965 Notre Dame "Football Highlights" with narration by DAVE MARTIN of Kansas City, presently a sophomore student at ND and last season's first-string corner linebacker. We regret that nearly 100 checks had to be sent back but the room was just too small to accommodate the crowd.

Last minute touches are being made on plans for the 1966 Universal Notre Dame Night, this year under the direction of BOB METZLER '44. The dinner, to be held April 11, will feature Ara Parseghian, the University's head football coach as speaker. New officers to be installed that evening are: President CHARLES O'NEILL '58; Vice-presidents RICHARD PREZEBEL '35 and BILL UNGASHICK '43; Secretary TOM FLEMING '59; and Treasurer TOM McKEON '54.

In conclusion we wish to extend our sincere thanks to HAROLD SOLOMON '47, outgoing president of the ND Club of Kansas City, for the splendid effort and untiring energy which he has displayed in his service to the members.

—MICHAEL J. HOGAN, Secretary

KENTUCKY

The Notre Dame-Kentucky basketball game was a depressing one. The "Fighting Irish" gave a tremendous effort in the first half, but Kentucky pulled away in the second. Wait till next year!! The social hour during halftime and after the game was very successful.

UND Night will be April 13; we will be privileged to have as our guest speaker Rev. EDMUND P. JOYCE CSC the University's executive Vice-president.

—JOHN HUBBUCH '61, Secretary

LOS ANGELES

Late-summer and fall have found the Los Angeles Club sponsoring five events, with a near hit for a sixth. The annual Club picnic was held in late August at St. Vincent de Paul camp in nearby San Fernando Valley. With JOSE ALEXANDER '62 as chairman, many of the younger alumni and alumnae enjoyed the various facilities available. Among those Club members were: LOWELL THEARSE '60, BEN SALVATY '32, BUD SALVATY '62, JACK SKEEHAN '32, DON PETERS '55, CHUCK DAVIS '50, and JACK STEWART '59.

The week before Labor Day, the Annual Freshman Send-Off was held at the Hollywood-Roosevelt Hotel with the aid of JOHN KIRSCH '37 who acted as our host in his capacity as general manager of the hotel. Approximately 25 matriculating freshmen and their parents were our guests for the evening. Rev. JAMES SHILTS CSC, rector of Sorin Hall, represented the University at the affair with BOB GERVAIS '55 and TOM

SPORTS NIGHT for the ND Club of Kansas City was held Feb. 10 at the Schlitz Brown Bottle Room. Feature of the evening was the showing of the 1965 ND Football Highlights narrated by Dave Martin '68 (center), varsity linebacker. Pictured with Dave are Harold Solomon '47, Club president; Mr. and Mrs. K. H. Martin, Dave's parents; and James DeCoursey, Sports Night chairman.

GETZINGER '52 acting as co-chairmen. Among those assisting in describing the University to the gathering were: BILL DILHOEFER '42, ED FOX '55, and BOB KEELEY '62, the latter taking time off from the U. of California's International Relations School to attend the affair.

Two weeks later, Club members winged north on two Boeing 720's to San Francisco for the ND-California game. A great time was had by all, no small part of which was due to the efforts of the trip co-chairmen LEO TURGEON MD '42 and GENE CALHOUN '33, and trip co-ordinator TOM ASHE '25. After landing at San Francisco International, the group proceeded to the St. Francis Hotel, our quarters for the weekend. Friday evening was occupied by a pre-game rally and cocktail party sponsored by the Los Angeles Club at the St. Francis. This was followed by the pre-game rally sponsored by the Northern California Club at the Sheraton-Palace. The trip across the Bay to Berkeley was as enjoyable as the 48-6 game victory. A post-game victory party in Berkeley was attended by several members, including JOHN FRAMPTON '48. Saturday night found members of the group at many of the nationally famous restaurants in San Francisco including those on Fisherman's Wharf, followed by visits to the Top of the Mark or the Fairmont Roof. Members celebrating the afternoon's victory included: BILL RELPH '55, TOM EGAN '51, JIM GILLIS '51, LOU BERARDI '37, CHRIS COHAN '54, AL TRIBIO '35, BOB KEELEY '34, and MIKE MACKIN '64. Old St. Mary's church in Chinatown was the setting for Sunday-morning Mass, where the mode of transportation was primarily cable car. Sunday afternoon was reserved for sightseeing, but several addicts, including this writer, took in the 49'er-Bear football game at Kezar Stadium.

Saturday, Oct. 23, was the date for the first TV game party ever sponsored by the Club. To say the least, it was a resounding success. The event flourished, not only from the ND win over Southern California, but also in the enthusiastic attendance, despite the 10:30 p.m. kick-off and 102° temperature. Chairman BUD SALVATY '62 planned the event to perfection, positioning six color TV screens adjacent to the refreshments and food under "the swaying palms." The enthusiasm of the group could be likened to that at ND Stadium because hardly a word of the audio portion of the program could be heard over the cheering of the assembled crowd. Among those in attendance were: MIKE GREELY '61, AL WELZENBACH '29, VIC GRABOWSKI '62, GERRY TRAFACANDA '58, CHARLIE MURPHY '28, JOHN O'HARA MD '54, STEVE FINAN '37, JIM HEAVY '59, Judge CARBERRY '28, TOM POWERS '56, FRANK CONATY '43, and many, many others. The morning was topped off by a telegram from MORT GOODMAN '30, back at South Bend, informing us that LEO TURGEON MD '42 had been nominated for the National Board of Directors of the Alumni Association.

November was the month of the event that almost was, namely, the closed-circuit TV of the Michigan

State-ND game. In two frantic days, arrangements were made to close-circuit the game into two viewing places in Los Angeles, and one each in San Francisco and San Diego. It was a monumental task when the distances between South Bend and the West Coast are considered. However, all went for naught when the NCAA disapproved our plans because of statutory reasons. To the committee that assisted me in those hectic two days goes a tremendous vote of thanks, i.e., TOM CREHAN '56 (legal), JIM GILLIS '51 (publicity), GENE CALHOUN '33 (business), and TOM POWERS '56 (Club affairs).

The Annual Communion Breakfast was held the night of Dec. 8 at the Roger Young Auditorium. This successful event was co-chaired by Rev. A. J. HEINZER CSC '41, director of the Family Theater and Club Chaplain, and TOM NEVILLE '55. Guest speakers included Mr. Tom Lewis, nationally known radio, television and motion picture executive who spoke to us on "The Church and Modern Communications," and John Shea. George Balzer, Jack Benny's writer and an honorary Club member, acted as master of ceremonies. GREATER MIAMI

The Alumni in the Greater Miami area have still not recovered from the visit of the Notre Dame football team and their tie ball game with the U. of Miami. Before said game our Club sponsored a gigantic ND Rally at the Deauville Hotel and the response to this function was tremendous. Over 2,000 people were in attendance to hear Rev. EDMUND P. JOYCE CSC, Athletic Director ED "MOOSE" KRAUSE and HUGH DEVORE. RAY POPP, JACK CANANE and CHARLIE CALLAHAN, together with DON MURRAY, should be congratulated for the wonderful job in making this weekend the most successful the Club ever had. It will be difficult to match the job they performed for this affair, but already, we are making plans for ND's return to Miami in November 1967.

During the month of December, we were very fortunate again to be re-visited by Coach Ara Parseghian, Assistant Coaches Paul Shoults and Richard "Doc" Ulrich, together with six ND seniors who were participating in the North-South Shrine Game held in Miami. During their stay in Miami, the Club sponsored a cocktail party in their honor and over 90 Club members and their wives attended this function. We are looking forward to the possibility Coach Parseghian will re-visit us again as the appointed head coach of the annual Shrine Game.

As everyone knows by this time, we have as our newest club member, CHARLES M. CALLAHAN, former director of sports publicity at ND. Charlie is the publicity director of the newly-

formed American Football League team, the Miami Dolphins. At our February meeting, Charlie was our guest and featured-speaker for an affair that was enjoyed by all. In addition, members were shown the "1965 Football Highlights." Those in attendance were: DAVE RUSSELL; RAY POPP; BOB HAPLIN; DICK SADOWSKI; JIM MINIX; JACK BARRETT; BOB O'MALLEY; ROBERT REILLY; JOHN A. LEMMER (visitor from Michigan); FARIS COWART; MIKE GRAY; BILL MAZANEC; I. I. PROBST; CHARLES O. MOLIEY; NICK MUEHLHAUPT; GEORGE F. KENNARD; RALPH E. HRUSKA; CHUCK NACKLEY; MURRAY NACKLEY; JACK CANANE; ROBERT PROBST and GEORGE F. HERO. (Ralph Hruska '39 is a new member from Oklahoma. Nick Muehlhaupt '52 is a new member from Chicago.)

In April, the Club is sponsoring a dance in conjunction with the University of Notre Dame Night. In addition, we will welcome CHARLIE CALLAHAN and his wife to the Miami area. All Alumni are welcome to attend.

In January new officers were elected. They are as follows: President, George F. Hero; 1st Vice President, David Russell; 2nd Vice President, George Kennard; Secretary, Chuck Nackley; Treasurer, Jim Sweeney.

Newly-elected directors are: Bob Probst, Jack Canane, Gene Jubicki, Faris Cowart, Charles Maher, Ray Popp and John Barrett.

The ND Clubs of New York and New Jersey arranged to secure two blocks of tickets for the ND-NYU basketball game on Feb. 17. They also held an after-game reception for the team and Alumni at Loe's Midtown Motor Inn. The ND Club of New Jersey had as their guests at the game 35 boys representing the varsity and junior-varsity teams from Boys' Town, Kearney, N.J. The boys provided ND with a loud cheering section. Each boy was treated with candy and peanuts and given \$1.00 to spend as he saw fit. It is the intention of the Club to make this trip an annual affair.

The Notre Dame Club of Omaha-Council Bluffs is initiating plans for the Universal Notre Dame Night to be held in the spring. Our annual Back-to-School Dinner was held Sept. 9, at Vonachens Junction. We had a fine turnout of Alumni, students and their fathers. On Dec. 5, the Club held its annual ND Communion Sunday at Bergan High School. Breakfast was served in the school cafeteria following Mass. DENIS BERRY '56, chairman of the affair, was able to secure as the breakfast speaker, Mr. John McGhee, a Lay Theologian of the Peoria Diocese. There was a special treat for the children in the person of Miss Marg, a local TV personality on Romper Room Show. Marg is the wife of MIKE DENTINO '52. The Dentinos have seven children of their own.

At this writing, we are looking forward to our annual St. Patrick's Day Dance. LOUIS ZUMBAHLEN '49 chairman, has planned a Dinner Dance for March 15 at Mt. Hawley Country Club.

The early stages of planning have already started for the local Universal ND Night festivities on May 11. DR. GEORGE BEST '38 has arranged as our speaker the very capable ND defensive coach, JOHN RAY.

Many of our Peoria area alumni have been very busy the past few months. Here are just a few notes on some of their activities: the most recent curricula included as candidates TONY BUSHELL '57, BILL CLARK '47, GENE SLEVIN '49, and BILL STOTZER '56. JOHN SLEVIN '60 served as rector while JOHN MANION '56 delivered the third roya entitled "The Layman and the Church . . ." Recently moved to Peoria is JOHN HOFFER '61 and his family from Los Angeles. John is the trust officer at the Commercial National Bank. He and his wife, Jeanne, have three boys and will probably have the fourth child by the time this is printed. PHILADELPHIA

Energetic BILL WHITESIDE was re-elected president of the Philadelphia Club, and immediately embarked on another series of projects to spread the fame and good name of Notre Dame throughout the Delaware Valley Area. Other officers elected were GERARD A. VOIT, treasurer; ROBERT MITCHELL, secretary; JOHN HANNIGAN and JAMES T. GALLAGHER, vice-presidents; RICHARD LEBERMAN, assistant treasurer. Club governors, in addition to the officers, are PATRICK KITTREDGE, JOHN VOIT, BARTON B. JOHNSON, JACK HENRY, QUENTIN C. STURM, JAMES A. VOIT, JAMES P. LEYDON and GEORGE V. MITCHELL JR. CLIFFORD E. PRODEHL is permanent chairman of the Board of Governors.

Club members hailed President Whiteside's accomplishment in securing REV. THEODORE M. HESBURGH CSC as honored guest for Universal Notre Dame Night on Tues., May 3. The appearance of the University's President is expected to bring out a record crowd. AMBROSE (BUD) DUDLEY will be chairman of the affair at the Bellevue-Stratford Hotel.

Despite the winter's first blizzard, almost 200 turned out for the first Rockne Awards Dinner. Ara Parseghian battled the elements and landed just in time for the affair, as did Harry Boyd, fine young tackle from West Catholic High School and recipient of the Knute Rockne Memorial Trophy. Boyd was at ND on a visit and had to come from Baltimore by bus when his plane was side-tracked. We're hoping that Boyd will become the third straight winner of the Rockne Award to go to ND. The first two were JOHN PERGINE and BILL BARTHOLOMEW. JOHN HANNIGAN did a splendid job of handling the Awards Dinner, which he hopes will become a major feature on the Philadelphia sports calendar.

A big weekend is in the works for the Navy-ND game at Philadelphia, Oct. 29. Alumni from other cities who plan trips to the game may get information regarding the weekend events from Chairman JOHN MOORHEAD. Write him at 433 Bolsover Road, Wynnewood, Pa.

The first event of 1966 for the St. Louis Club was a stag night at the Hospitality House of Falstaff Brewery. The evening, organized by TONY RIBAUDO '59, included a tour of the brewery, refreshments and snacks courtesy of Falstaff Brewing Corp., and films of last year's football games. RICH CONNORS '63 helped Tony in the arrangements, and everyone enjoyed reliving the season play-by-play and the wonderful facilities provided by Falstaff.

We would like to take this opportunity to thank TAL POWELL, a fellow board member, for all the work he has done for our Club and to extend our best wishes to him and his family. Tal has been promoted and transferred by Shell Oil to their offices in NYC. I'm sure the New York Club will put his energies to good use as soon as he gets settled.

St. Patrick visited St. Louis early this year. The occasion was the annual St. Patrick's Day Dance at Westborough Country Club on Sat., March 12. JACK POWERS '53 and MILT BEAUDINE '54 planned a very enjoyable evening for us. Jack Engler's band played for dancing and then, as the night grew older, provided Irish song sheets. A great many of us stayed to exercise our vocal cords for dear old Erin until early in the morning.

The officers, board of directors, club members in general, in fact the whole city of St. Louis have already started planning for Universal Notre Dame Night, April 26. We are extremely honored to have REV. THEODORE M. HESBURGH CSC as our guest for this evening. I'm sure it will be a most memorable evening in St. Louis Club history. Our next article will be devoted entirely to Universal Notre Dame Night.

SCORES of prisoners in the Indiana State Prison at Michigan City have turned to law students associated with the Notre Dame Legal Aid and Defender Association for help in presenting motions for new trials and in preparing appeals from their sentences.

Students working in the project, under the direction of John Fine, a second-year student from Scarsdale, N.Y., have also investigated such diverse things as denial of a prisoner's barber license and rights to civil damages for mistreatment before trial. Arguments from student advocates are also presented to the Indiana Parole Board on behalf of prisoners' petitions for parole; one prisoner was released early this year after such a petition.

Thomas G. Farrell, Jr., and Richard A. Muench, both second-year students (Mr. Farrell from Cambria Heights, N.Y., and Mr. Muench from Wilmette, Ill.) are associate directors of the project.

Professors Conrad Kellenberg and Thomas L. Shaffer assist students in representing prisoners, and other members of the faculty concern themselves with prisoner cases. Assistant Dean Thomas F. Broden, Jr., Professor G. Robert Blakey and Professor Shaffer, for instance, are now representing indigent petitioners for habeas corpus in the federal courts.

The project brings groups of students to the Indiana State Prison for

interviews and conferences with prisoners in the prison's "writ room" at regular intervals. They have found encouragement and cooperation from Warden Ward Lane and other prison officials, particularly from the charming lady physician, Dr. Else K. Bell, who tends the prison infirmary. Dr. Bell, an island of compassion in an otherwise dreary place, brings student and prisoner together in many cases, and even lends her office as a temporary law office for Notre Dame's legal defenders.

New Calendar: The Law School will register its students for the fall semester on Aug. 19, and begin classes on August 20. The new calendar aims at the completion of the first semester—including all examinations—before the Christmas vacation. The second semester will begin on January 10 and be completed—including examinations—on May 11.

This early completion date will allow graduating seniors to travel to the states of their intended practice in time to begin bar review courses. (The inability of Notre Dame students to compete evenly with graduates of eastern law schools, because Notre Dame students often enrolled in bar review courses a week or two weeks late, will be remedied by the new system.)

law school

Along with the new calendar, Dean Joseph O'Meara announced to the students in February that the Law School's comprehensive examination system is being changed. Beginning with the fall, 1966 semester examinations for members of the present first-year class, comprehensive examinations will cover all past semesters (excluding the current semester) and will be given before the current-course examinations.

Civil Rights Conference: For the third time since 1960, the Law School sponsored a meeting of nationally-prominent scholars and government officials on the subject of civil rights.

The invitees met in the Morris Inn on February 17-20. Assistant Dean Broden made local arrangements. Conferees included Dean O'Meara and Rev. William C. Lewers C.S.C. of the ND Law School; Profs. Carl

Auerbach (Minnesota), G. W. Foster, Jr. (Wisconsin), Vivian Henderson (president, Clark College), Dan Pollitt (North Carolina) and Daniel Thompson (Dillard); two attorneys; eight civil rights leaders; and governmental officials from all levels of federal, state and local government. **Union-Management Conference:** The 14th Annual Union-Management Conference was held on campus Feb. 25, under the joint sponsorship of the University's Department of Economics and the Law School. Prof. John J. Broderick and Rev. Mark Fitzgerald C.S.C., were conference directors.

High School Visit: The government classes from Prairie Heights High School, Lagrange County, Ind., visited the Law School, Feb. 8, and attended classes and discussed legal education with members of the faculty and students. The group was brought here by the High School Program of the Young Lawyers Section, Indiana State Bar Association.

Canon Law Seminar: One of the six elective seminars for third-year students this semester is a study of procedure in the matrimonial tribunals of the Roman Catholic Church, a course designed to prepare Notre Dame lawyers to assist clients in domestic relations cases which involve ecclesiastical adjudication.

Prof. Piero L. Frattin of the University's Department of Theology, Prof. John T. Noonan, Jr., and Prof. Robert E. Rodes, Jr. are directing the seminar.

Professor Frattin, a layman, holds a doctoral degree in canon law from the Catholic University of America, a doctoral degree in comparative civil law from the Pontifical Lateran University, Rome, and is admitted to practice as an advocate before the Sacred Roman Rota.

Faculty: The first of a projected series of informal evening meetings of the faculty was held in Dean O'Meara's home on March 2. The principal business was an account of Prof. Noonan's experiences in Rome as historical consultant to the papal commission studying birth control.

Prof. Noonan was one of three scholars named to the investigating committee of the American Association of University Professors which visited St. John's University in February. He was given the John Gilmary Shea prize of the American Catholic Historical Association for his book, *CONTRACEPTION: A History of Its Treatment by the Catholic Theologians and Canonists*.

Professor Edward J. Murphy is

one of a panel of moderators for the local television show, "The Professors," which features hour-long conversations on controversial topics. He chaired recent discussions on neighborhood school desegregation (featuring among others, Profs. Blakey and Rodes); obscenity (including Prof. Blakey); and the federal income tax (including Prof. Roger Paul Peters and Mr. Charles Boynton, a lecturer in the Law School).

Professor Emeritus William D. Rollison, now distinguished professor of law at the Cumberland Law School of Howard College, Birmingham, is the author of "Some Modern Problems in Estate Planning" in the January, 1966 *Alabama Lawyer*.

Profs. Rodes and Blakey are special deputy prosecutors in two obscenity cases now pending in the criminal courts of St. Joseph County. Prof. Blakey will act as trial counsel in one case involving a Mishawaka news dealer. A group of law students have volunteered to assist in research for the case.

Prof. Shaffer addressed the Solo Parents Club of South Bend on estate planning in one-parent families, and the South Bend Press Club on pre-trial prejudicial publicity in criminal cases.

Alumni Notes: George Pelletier '61-'62L, who earned law degrees from Harvard Law School (LL.M.) and the University of Virginia (J.S.D.) after graduating from Notre Dame, has been appointed assistant professor of law at the Southern Methodist University School of Law in Dallas. Prof. Pelletier is serving his last months as a legal officer in the Army; he expects to begin to teach in the fall.

Lt. Richard Lark '61L, an Air Force pilot now flying combat missions in Vietnam, was awarded the Distinguished Flying Cross for his heroic conduct in assisting ground troops with flares during a difficult military operation. His citation said that he guided a C-123 aircraft over mountainous terrain, in adverse weather and under intense ground fire, in order to drop flares around a special forces camp under attack by the Viet Cong.

Clifford F. Brown '37-'38L, Norwalk, Ohio has been elected to a six-year term as judge of the Court of Appeals of Ohio in Toledo.

John R. Martzell '58-'61L has been appointed executive director of the Louisiana Commission on Human Relations, Rights, and Responsibilities, by the governor of Louisiana.

SPRING FOOTBALL: It Started In Miami

Spring is the sweet smell of new growth, and the hot, sweaty smell of straining, working bodies. It's the quiet whisper of an April shower, and the groaning, crunching contact of 200-pound halfbacks and 250-pound linebackers. Spring at Notre Dame is football practice and the forecast of the season to come.

Last year, someone said that the 1966 season began in the locker room after the Miami game. Undoubtedly true, but the theories become actualities now, on Cartier Field, in spring practice. Until now, Coach Ara Parseghian had a lot of second and third stringers and freshmen on one hand, and a lot of empty holes in the first string varsity on the other. These are the moments of moving and remodeling. This is the job of replacing an All-American offensive guard and defensive tackle, an All-American defensive safetyman, an entire defensive backfield, most all the offensive line, and of finding a quarterback.

On the one hand, the problem facing Parseghian is offense. Graduation has sounded its toll, taking almost all the line, a halfback and the quarterback. From the remains, a well-balanced offensive attack must be formulated.

Part of this attack rests in the return of Nick Eddy, who led the team in rushing with 582 yards in 115 carries (a 5.1-yard average), and fullback Larry Conjar, second in rushing with 534 yards in 137 carries (for 3.9-yard average). Returning in the offensive line, will be end Don Gmitter, guard Tom Regner and Dick Swatland, and center George Goeddeke.

The signal-caller slot is currently occupied by Tom Schoen, the only quarterback with any game experience, who will be a junior next fall.

Tom's current collegiate passing record stands at 13 completions in 24 attempts for 229 yards. This is better than 52 percent accuracy. He has thrown for one touchdown and had one interception.

On the defensive side of the coin, Parseghian will have to replace his entire defensive backfield: Tony Carey, Tom Longo and All-American Nick Rassas. Up front, however, the entire corps of linebackers will return: captain Jim Lynch, Pete Duranko, Tom Rhodes, John Horney, Dave Martin, and Mike McGill.

A prime crop of sophomores will be the source of Parseghian's replacements in the varsity ranks. Outstanding among this group are three potential quarterbacks: Mike Franger, 5-11, 175 lb, Elkhart, Ind.; Terry Hanratty, 6-1, 187 lb, Butler, Pa.; and Coley O'Brien, 5-11, 170 lb, Alameda, Calif. The rumored quarterback "prospect from a California prep school" is no longer in consideration because of scholastic reasons.

The entire team, explains Parseghian, will be one built on key sophomores working with returning veterans. It will be a young team, but one diversified on offense, he promised.

The spring training sessions will conclude May 7 with the annual Old-Timers Game, which may offer an insight into Parseghian's selections to fill vacated positions. But don't look at the May 7 contest too closely. Remember, Ara's first varsity lost the Old-Timers Game and went on to a 9-1 season.

BASKETBALL: No. 33 - McGann

People come up to me, now that the season is over, and say, "Oh, five wins and 21 losses, that's too bad!" What can you say? Sure, this was the worst won-lost record ever turned in by a Notre Dame team.

They know that. Everyone knows that. But what they can't understand is what the season meant to every guy on the team.

Maybe you'll understand if you remember the Kentucky game over Christmas vacation. We had done a good job in the first quarter, but Kentucky was very hot from the floor. Before we knew it, we were down by a lot and they forced us to play catch-up basketball — their type of ball game. We started to force our own mistakes; it was sloppy basketball.

The next day we were in Greensboro, N.C., practicing before playing Duke, the number-one team in the country. We had been stunned by Kentucky, but there wasn't one guy who complained. Then, I knew we were a team.

It didn't make any difference then if we lost five in a row, four in a row, eight in a row, or even that one game the night before. No one

was willing to accept another loss to any team. We were not going to be outhustled; we were not going to lose any game because of our attitude or our won-lost record.

Perhaps it was during this year, when we had such an uphill struggle, that I realized what Notre Dame meant to me and how it made us a team. Before the season, a knee operation had me on crutches for three months. In November, I was watching practice from the bench. When I talked with Fr. Brennan and Coach Dee and looked at the team through their eyes, I understood that Notre Dame itself means a spirit and a conviction to win. I don't think any other school I have ever seen has it.

Now, I realize how fortunate I was to have chosen Notre Dame. If I had the chance, would I have done it any other way, knowing about the 5-21 season, knowing about my knee? Never! I think of Notre Dame and the influence Coach Dee has

had on my life, and I can't stop wondering how lucky I am.

Just look at Notre Dame basketball. You know Notre Dame is going to be one of the best teams in the country. I think Coach Dee is one of the best coaches in the country. Any mechanic of the game, he knows it better, and he can teach it faster than anyone I've ever met.

This year, he just didn't have the material for a winning season. If you're going to play serious college basketball, you have to start with a 6'8" center. In our first game, we started with a team that had no player with any varsity experience. We didn't even know how to play with one another.

Now, look at the end of the season. Notre Dame had a better foul-shot percentage, a better technique in checking out on rebounds and a sounder defense than most winning Notre Dame teams have ever had. I think that this year our team began a tradition of pride in itself.

I can't make excuses for a bad record. Still, I know this season is the first step in the success that will come. And it is coming.

HORSEMAN AND MULE: Never to Be Forgotten

One of the Horsemen and one of the Mules have made it. From the age of Rockne, halfback Jim Crowley and lineman Edgar "Rip" Miller have been elected to the National Football Foundation and the Hall of Fame.

Thirteen players and a coach were named with the two Notre Dame greats in the late February balloting. Coach Frank Leahy, Angelo Bertelli and Buck Shaw were other Irish greats who made it to the final round of voting, but no farther.

Miller and Crowley were members of the Notre Dame teams of 1922-24 that won 27 of 29 games, going undefeated in the 1924 season and defeating UCLA in the Rose Bowl.

COACHES:

There Comes a Time

The decision as to where a man will work is often one of the hardest choices he must make. When he leaves behind years of friendship and tradition, it is all the harder.

Three men made such decisions recently and have left Notre Dame for futures elsewhere: assistant athletic director Hugh Devore, offensive line coach Richard "Doc" Urich, and

assistant line coach Dave Hurd.

Hugh Devore — as much a legend at Notre Dame as an individual — has moved south to be assistant to Wally Lemm, head coach of the American Football League's Houston Oilers. Lemm, who worked as Devore's assistant at Notre Dame in 1945, is expected to use the ex-Notre Damer as an offensive end coach. Thirty-two years ago, after three years at right end for the Notre Dame varsity, Devore began his coaching career as freshman mentor under Elmer Layden. In succession, he moved from Notre Dame to Providence, Holy Cross, back to Notre Dame, on to St. Bonaventure, NYU, Green Bay, Dayton, Philadelphia, and then back to Notre Dame in 1943 under Frank Leahy. Twice, in 1945 and 1963, he headed the Irish squad as an "interim" coach.

Doc Urich, after 15 years as assistant to Ara Parseghian at three schools (Miami, Northwestern, Notre Dame), has entered the coaching field on his own. He has signed a three-year contract as head coach for the State University of Buffalo, N.Y. At Notre Dame, Urich polished the performance of the men who protected passer John Huarte and punched holes in the defense for Bill Wolski and Larry Conjar. During a game, Urich was the latest in automation: he was the man on the sidelines with the closed-circuit television monitor hanging from his shoulders. But of Notre Dame Urich says: "I wouldn't have traded this experience for anything in the world. This is really something. I never had any idea that Notre Dame was a place like this. The outsider — especially a football coach — can't get to know Notre Dame unless he's been here."

Replacing Urich as offensive line coach will be another product of Miami of Ohio, Jerry Wampfler, 33, who played three years as tackle under Parseghian. For the last three years, Wampfler has been "offensive coordinator" at Miami. He was a teammate of Tom Pagna, currently offensive backfield coach at Notre Dame.

Dave Hurd elected to leave his post as assistant line coach and enter private business. A monogram winner at center for Notre Dame in the 1958-59 seasons, Hurd played under John Ray, currently Notre Dame's defensive backfield coach, at Three Rivers (Mich.) High School. He later was a member of Ray's staff at John Carroll University. Hurd joined Devore's staff in 1963 and was retained when Parseghian became coach the following year.

FRESHMAN BILL HURD: six-second-flat 60-yard dash

From Clay to Tartan Finish

by COACH ALEX WILSON

A NEW era in track will start at Notre Dame with the completion of the Athletic and Convocation Center. And in looking ahead to the new facilities — with a "tartan" finished surface replacing the old clay track — it is inevitable that we think of the great trackmen who have competed for Notre Dame in the past.

As far back as Knute Rockne's days in 1912 when he vaulted over 12' and James Wasson made the Olympic team, Notre Dame has been noted for her track stars. Most of the University records are held by more recent performers, but Wasson's :09.6 for the 100-yard dash is the oldest record on the books. Even so, there is no question that men like Gus Desch in the 400-meter hurdles and Gene Oberst in the javelin throw would be as outstanding in their events today as they were in the early 1920's.

When Rockne found the need to devote more time to his football and athletic director's duties, he hired John Nicholson as track coach in 1927, and the em-

phasis changed to better balanced track squads. From these teams came such stars as Jack Elder, who held the world's indoor record as a sprinter with :06.2 for the 60-yard dash, and, a few years later, Greg Rice, who captured the world's indoor record in the two-mile run.

Other great sprinters followed the lead of Wasson and Elder. Bill McCormick and Bill Clifford ran in the 30's, Bob Smith in the 40's, Aubrey Lewis and Joe Foreman in the 50's and, possibly the greatest of them all, freshman Bill Hurd, who has already run a six-second-flat 60-yard dash. In the middle distances, Bill Boyle of recent years was our greatest quarter-miler, while John Francis in the 30's, Bill Leonard in the 40's, Ron Gregory and Dale Vanderberg in the 50's, were the outstanding half-milers. At present, sophomore Pete Farrell has shown great promise, and may well outshine all these earlier stars.

It is in the distance runs, however, that Notre Dame has excelled over the years. Starting in the 30's, there has been a constant group of outstanding distance runners representing the University. Ed King made the Canadian Olympic team in 1932 and reached the finals in the 1,500-meter run. Greg Rice and Ollie Hunter, among others, placed nationally in the late 30's and early 40's. In recent years, Frank Carver, Ed Dean, Bill Clark and Mike Coffey have been All-Americans in cross-country and have placed nationally in the mile and two-mile runs. Ed Dean now holds the one-mile University record, and Bill Clark the two-mile.

John Nicholson, himself a hurdler on the 1912 Olympic team, developed fine hurdlers almost annually. John O'Brien of football fame and Bill Mahoney, who followed Nicholson as track coach, were two of his prize pupils. Later, we saw Bill Fleming and Aubrey Lewis win NCAA titles in the hurdles, with our most recent star, Pete Whitehouse, running a close second in 1964.

The field events also have been well represented throughout the years, with the pole vault probably having produced more outstanding men than the other events. Paul Harrington held the world's record for a few hours in the late 20's, and later his son, Jim Harrington, followed his father's footsteps by winning two Penn Relays' titles. Teammate Joe Springer tied for first at the Drake Relays for a double victory

unmatched in track annals. In the high jump, Bernard Allard holds the present Notre Dame record of 6' 8 $\frac{7}{8}$ ". But this record seems within the grasp of a present freshman, Ed Broderick, who already has jumped 6' 8 $\frac{1}{2}$ ".

The weight events have had some outstanding men, such as Bill Faymonville '39, holder of the discus record; Mike Morandau '58, javelin; and Francis Delaney, John Helwig and Carl Ludecke, shot put. But, there has never been the depth in these events one would expect from a school possessing such strong men on the gridiron.

The added interest of the new athletic facilities, plus the outstanding group of young track and field men already enrolled at the University, point to a continuing prominence of Notre Dame in the collegiate track world, with ever expectation of even better teams in the future
