

Invocation for the Dedication of the Toll Road

---

Almighty God Who has charted the course of the sun,  
marked out the pathway of the stars, and cut the  
channels for rivers and streams that run singing to  
the sea; bless this automotive highway contrived  
by the genius of men to make distant cities our  
neighbors, to promote interurban commerce, and to  
delight our eyes and relax our minds with the beauty  
of fields and flowers and pleasant waters.

Make us ever mindful that this highway is  
also the gift of Thy heavenly bounty.

Give us the sound sense to use it always with  
a spirit of gratitude toward Thee, and with charity  
and courtesy toward our fellow travelers, through  
Christ, Our Lord. Amen
