100 free; rebel pact begins

Associated Press

MANAGUA, Nicaragua - The Sandinista government freed 100 political prisoners Sunday under an amnesty program, fulfilling the first part of a cease-fire pact with Nicaraguan rebels.

Interior Minister Tomas Borge called the gesture "possibly the beginning of the end of the war."

Tearful family members embraced their loved ones who were released from the Zona Franca jail on the outskirts of Managua. But amid the joy was an air of doubt.

"They say I don't have anything to fear," said Feliz Pedro Chavarria Gomez, 32, holding a plastic sack containing his belongings. "I'm happy, but I hope it doesn't fail."

Chavarria said he was arrested in 1980 and charged with being a counter-revolutionary.

Cesar Augusto Flores Mireando, 25, was arrested more than two years ago in Managua. "The majority of the peasants here are innocent," he said.

The release of the prisoners was the first step in an amnesty plan the Sandinistas agreed to Wednesday when they signed a cease-fire accord with leaders of the U.S.-backed rebels known as Contras. The sides declared a truce March 21 and a 60-day cease-fire is to begin April 1.

In another development, President Daniel Ortega suggested the United Nations send a multi-national peacekeeping

see REBELS, page 3

... as US troops leave Honduras

Associated Press

PALMEROLA AIR BASE, Honduras-Helicopters carrying tired, dirt-smeared U.S. soldiers swarmed back to this military base Sunday and the troopers prepared to return home.

"We accomplished what we came here to do—put the Nicaraguans back in their place," Sgt. Matthew West said as he climbed out of a helicopter at the end of a flight from training exercises in Juticalpa, about 40 miles from the Honduran-Nicaraguan border.

"Now we just want to get clean," said West, 21, from Dallas.

Soldiers from the 82nd

Airborne Division based at Fort Bragg, N.C., are expected to begin returning to the United States at about 5 p.m. EST Monday. They will be the first to arrive home after an 11-day training exercise meant as a show of U.S. military strength in the Central America region.

Units of the 7th Light Infantry Division headquartered at Fort Ord, Calif., also were flown here in the show of force.

President Reagan sent the 3,200 soldiers to Honduras on March 17-18 after Honduran President Jose Azcona Hoyo asked for help. Azcona said an estimated 2,000 Nicaraguan troopers had entered Honduran

Three Arabs shot in the West Bank

Associated Press

MEITHALUN, Occupied West Bank-Israel said its troops shot three Arabs in the West Bank on Sunday after Palestinians attacked soldiers with iron bars, but villagers accused the soldiers of firing at cars carrying wounded.

Israeli soldiers killed a fourth Palestinian in another West Bank town while trying to rescue an Israeli tour bus that blundered into the Arab community.

Left-leaning Labor Party ministers, meanwhile, accused Prime Minister Yitzhak Shamir of the rightist Likud block of exaggerating the success of his U.S. tour that ended Tuesday, Israel radio reported.

They said the proof came in U.S. Secretary of State George Shultz's meeting Saturday in Washington with two university professors linked to the Palestine Liberation Organization.

Shultz met with Edward Said and Ibrahim Abu-Lughud, American citizens who belong to the PLO's legislative arm. The meeting prompted protests from Israel, which views the PLO as an illegal terrorist group.

Sunday's deaths raised to 118 the number of Palestinians killed in 15 weeks of violent protests against Israel's 20-year occupation of the West Bank and Gaza Strip, according to U.N. figures. One Israeli soldier has been killed.

Israel seized the territories in the 1967 Middle East war.

Aging problems studied

Associated Press

SOUTH BEND, Ind.-Americans may be living longer, but for many people those extra years bring only additional disease, suffering and expense, said a prominent researcher on aging.

Dr. Jacob A. Brody, addressing a symposium on diet and aging Sunday, credited a decline in heart disease with a sharp drop in the death rate since the late 1960s.

But he told researchers gathered at Notre Dame the growing number of elderly people will mean dramatic increases in disabling conditions that afflict old people.

"What we really need to be concerned about in living longer is, are we leading

healthier lives?" he asked.

For each extra year of healthy life, Americans are enduring three to four extra years of bad health, said Brody, professor of epidemiology and dean of the School of Public Health at the University of Illinois in Chicago.

"We've got to work on that," he said. "That's the weight, the sense of fear of growing old, and the burden society has in taking care of (the aged)."

Brody delivered the keynote address to a three-day meeting of researchers gathered to report findings on the effect of reduced calorie intake on rats. While a link between reduced diet and longer life was established 50 years ago, research conducted through Notre Dame's Lobund Laboratory

may shed light on why, says Dr. Morris Pollard, director of the laboratory.

Preliminary results indicated rats on a reduced diet not only lived longer but developed significantly fewer diseases associated with aging. Researchers hope the findings may lead to new understanding of the effects of diet and aging in humans.

"We're doing something very right, and we don't know how to handle the implications," said Brody. "Are we really doing badly? Not in comparison to the rest of the world."

Although the United States lags behind several industrial countries in total life expect-

Show to raise money for South Bend kids

By LIZ PORTER
News Staff

About fifteen acts will raise money Tuesday for St. Hedwig's Outreach Program, through the Sophomore Class Gong Show.

The program provides tutoring, Saturday arts and crafts programs, and field trips to sporting events for 5 to 13 year-old youths from the South Bend area. These youths come from single parent families or from families which lack strong parental support.

"A lot of the (youths) in program have a great deal of responsibility placed upon them at home. It's nice for

them to have a chance to get away from that for awhile," said Betsy Joseph, the show's co-producer.

Comedy and talent acts from around campus will perform, as well as one by the children from the program. Judged by Assistant Professor Dan Lapsley, senior Laurie Bink, and May Lee Johnson, director of the Outreach Program, the winner will receive \$100.

The show is scheduled for 8 p.m. Tuesday in Washington Hall. Tickets are \$2 and available at the Sophomore Class office or at Washington Hall the night of the show.

In Brief

James P. Kohn, professor of chemical engineering, has been named a recipient of the Donald L. Katz Award by the Gas Processors Association "in recognition of outstanding accomplishments in gas processing research and technology, and for excellence in engineering education." Kohn is the third recipient of this award. - *The Observer*

Of Interest

Father Michael Himes will present a lecture entitled "Re-thinking the Church: Women and Ministry in the Church of the Future" at 8:30 p.m. in Pasquerilla East's chapel lounge tonight. Refreshments will be served after a general discussion. Mass will be held at 10:30 p.m. - *The Observer*

JPW Chairperson applications must be submitted to the Office of Student Activities no later than Wednesday, March 30. Applications can be picked up at the Office of Student Activities in 315 LaFortune. - *The Observer*

Career and Placement Services is sponsoring a presentation by Paul Reynolds entitled "Juniors: Preparing for and Planning an Effective Job Search" tonight at 7 in Room 127 Nieuwland Science Hall. Juniors of all majors are encouraged to attend. This talk will be repeated Tuesday evening at the same time and in the same location. - *The Observer*

Mock Convention '88 now has available a copy of the platform and rules. Delegates can read the two at the Reserve Room of the Library. If there are any questions about the platform call Michelle at 283-4172 or the rules call Michael at 283-1469. - *The Observer*

The Equestrian club is meeting tonight at 9:30 in Room 222 of the Library. T-shirts and sweatshirts will be sold. The horseshow and jackets will be discussed. Everyone is welcome to attend. Call Liz at 283-2934 with any questions. - *The Observer*

Steve Daley, candidate for Governor of Indiana, will speak to College Democrats and all other interested students and faculty today at noon in Montgomery Theatre of LaFortune Student Center. - *The Observer*

Visions 3, the third of the English Department-sponsored student fiction magazines, is soliciting manuscripts for its 1988 edition. Please submit two copies (with the author's name on a removable first page) to the English Department office in 356 O'Shaughnessy, by today at 4 p.m. Questions can be directed to Associate Professor William O'Rourke in the English Department. - *The Observer*

Ukrainian Christian Millennium Celebrations begin tomorrow evening at Notre Dame with a free public lecture by world-renowned theologian Jaroslav Pelikan of Yale University. His topic will be "A Church Between East and West: The Millennium of the Ukrainian Experiment." The event will be held at 8 p.m. in the Hesburgh Library Auditorium. - *The Observer*

SMC English Department will be sponsoring a pre-registration party tonight at 6:30 in the Chameleon Room of Haggar Center. Coffee and doughnuts will be served. - *The Observer*

A \$100.00 prize will be given for the best essay on the history of Notre Dame or Saint Mary's written by a student (graduate or undergraduate) currently enrolled in either institution. There is no requirement as to length. Entries must be submitted by April 18 to Professor Thomas J. Schlereth, Chair of the Committee on the History of the University, in the Department of American Studies. - *The Observer*

Want Respect? Don't work in a restaurant

If you want to retain any respect for your fellow human beings, never, *never* work in a restaurant.

I worked for about a year-and-a-half at a place called Friendly's -- sort of a cross between a Denny's and a Dairy Queen. I went in young and innocent, eager to do my best to serve the customer. I left a distorted, bitter misanthrope, thirsting for vengeance, wanting to hurt and maim those who had wronged me.

I am firmly convinced that people undergo a complete attitude change when they enter a restaurant. Somebody may normally be an upright, decent citizen. It doesn't make any difference. As soon as they enter a restaurant, they become a cruel, domineering tyrant, treating the staff as if they were chattel.

When we were waiting to close, for example, there would inevitably be two people holding us up, sitting over a single cup of coffee each for a half-hour.

We had ways to subtly give them the hint, "Leave NOW!!!"

The gate at the front of the store would be lowered halfway. We would shut off all of the lights in the place except in the section they were sitting in. The rest of the tables would be cleaned off and set up for the next day.

If this didn't work, the entire staff would stand and pathetically stare at the offenders, trying to look as pitiable as possible. The dishboy would go up to them and say, "Excuse me, ma'am, but are you done with that fork and plate? I have nothing else to do right now, so I'd like to wash them."

Even this usually didn't work. They would just keep on sitting over their coffee, saying things like, "Gee, Matilda, remember that time when I got 20 percent off that purple flower print at Bloomingdale's?"

Almost as bad as this was having to serve the take-out line. The price of ice cream cones was raised from 96 cents to \$1.01, but people weren't used to it yet, and so they would give me a dollar for their cone.

"I'm sorry, but I need one more cent," I'd say.

"Oh, okay," they'd reply, and proceed to give me a fifty dollar bill, so I'd have to make \$48.99 in change.

People have been trained since childhood to treat restaurant employees like pond scum. Once, when I was serving take-out, a seven-year-old girl was having a birthday party. She could have gotten something to go at the table, but that was too easy. Instead, she went to the take-out line. There were nine people in line in front of her, but she pushed her way to the counter, shoved her grubby little face forward,

Tim O'Keefe

Assistant News Editor

and announced, in an obnoxious, nasal voice, "I want ice cream!"

"I'm sorry," I said (even though I wasn't), "but you'll have to wait until I serve the people in front of you."

"NO!" she screamed. "It's MY BIRTHDAY, and I want ICE CREAM!!!"

The entire time, her mother was standing behind her, a small, approving smile upon her face. "I must be bringing my daughter up right. She's learning how to be a demanding, rude, thoughtless customer. I'm so proud!"

Kids weren't the worst customers, though. What we all dreaded at Friendly's was the invasion from the Old Folk's Home.

A typical order would go something like this: "Give me a grilled cheese sandwich, with one slice of wheat and one slice of white. Don't use too much butter cooking it -- about half a pat. And use Swiss and Provolone cheese -- no American."

Or they would get a hamburger, eat all of it except one bite, and then complain, "This is undercooked. I want a refund."

Even leaving the restaurant they would get in theiricks.

They would whine at the cashier, "The bill says the coffee costs 50 cents, but I only drank half a cup. I should only have to pay 25 cents!"

And the people who sat at the counter! I could tell you some stories . . .

Happy Birthday
Today is Laura S.'s birthday. Call her up and wish her a happy one. By the way Laura, we do expect to see you dancing on pool tables tonight.

Observer classifieds will be accepted from 9am-3pm M-F at the Observer offices, 314 LaFortune.

GSU elects new officers

By ROBYN SIMMONS
News Staff

Victor Krebs's uncontested ticket was elected March 9 to lead the Graduate Student Union.

Krebs will serve as president with vice-president Jeffrey Smart, secretary Linda Taylor, and information officer Brian Rosmaita.

Mark Borden, originally slated as social officer, backed out and will be replaced soon, Krebs said.

Krebs said one of his main objectives is to increase the 1,346 graduate students' involvement with the rest of the Notre Dame community.

Several projects will soon begin to accomplish this, he said. Committees working with the undergraduate student government will plan and organize campus-wide cultural and social activities, he added.

Krebs also said he hopes to continue the Travel Grant program, which helps graduate students pay their travel expenses to academic conferences.

"That's where most of our money goes," said outgoing vice-president Adria Colletti. "An important part of our education is going to these conferences and presenting your research and meeting other people in your field."

Sixty-seven percent of the graduate students' \$20 activity fee goes to the travel grant program, she said.

The Union, however, has problems motivating students to get involved because they have so much work to do, Krebs said. "One of the reasons is that grad students don't live on campus," he said, "Obviously the needs of grad students are different."

About 33 percent of Notre Dame's graduate students are married while Brownson Hall and Saint Joseph's Hall are the only dorms which house graduate students.

"Obviously, more housing has to be available that is closer so that (graduate students) are not so far from campus," said Krebs.

In the long run, Krebs said he plans to start graduate student committees for campus ministry, social concerns, women and minority issues, housing, fund raising and international graduate students.

Krebs also added that he would like to revitalize and expand the programs created in the Graduate Student Union's early years, after its conception in 1969. "Grad students were a minority and they needed a way to fit into the rest of the community," said Krebs.

Security Beat

MARCH 25

11:55 a.m.- A Sorin Hall resident reported that his wallet was stolen while attending a party at the Campus View apartments during the last week of September, 1987. His loss estimated at \$15.

3:54 p.m.- A Grace Hall resident reported that his car was vandalized while parked in the D2 Lot sometime between 5 p.m. on 3/23 and 2 p.m. on 3/24. His loss is \$30.

6:11 p.m.- A resident of Howard Hall reported that the license plates were stolen from her car while it was parked in the B1 Lot. The larceny occurred between 6 p.m. on 3/24 and 6 p.m. on 3/25. Her loss is \$243.

7:15 p.m.- A South Bend resident reported that his car was broken into and his radar detector taken while parked at the Eck Pavilion sometime between 5:30 and 7:00 p.m. His loss is estimated at \$550.

MARCH 26

3:26 a.m.- While on routine patrol, a Notre Dame Security officer discovered that Stepan Center had been illegally entered.

6 a.m. Notre Dame Security was called to assist St. Joseph County Police investigate vandalism of property at Azars restaurant on US 31. Four ND students were apprehended by County Police. The students were transported back to campus by ND Security.

MARCH 27

2:30 a.m.- During the Nazz Band Competition, an altercation erupted between members of one of the competing bands and a Student Union Board official. The band refused to stop playing after the time limit was up. One of the musicians made obscene remarks and then threw a microphone at a SUB representative when she disconnected the sound system. There were no injuries.

force to the Nicaraguan-Honduran border to stabilize the area.

Of the prisoners freed Sunday, 24 were workers arrested for joining illegal strikes.

The release was ordered un-

der an amnesty law the National Assembly approved by a margin of 82-2 Saturday night. The law could result in the release of about 3,300 political prisoners jailed since the Sandinistas seized power in a 1979 revolution that overthrew President Anastasio Somoza.

There was little opposition to the amnesty bill. The Sandinis-

tas hold 61 seats in the 96-member assembly.

According to the legislation, another undisclosed number of Contra rebels taken prisoner during the six-year civil war will be released at an unspecified later date. The government also plans a general review of the cases of about 1,800 members of Somoza's now-disbanded National Guard, Ortega said.

Speaking to reporters Saturday night, Ortega said the former guardsmen all have been accused of human rights violations or crimes against humanity—such as the indiscriminate shooting of civilians—during the one-year revolution that brought the Sandinistas to power.

Many of them have been sentenced to the maximum penalty of 30 years imprisonment, Ortega said. The downfall of Somoza, a rightist pro-American strongman, ended 42 years of iron-fisted rule by his family, usually enforced by the National Guard.

Troops

continued from page 1

territory in the Bocay region.

Honduran military officials said the invading Sandinistas were after a major supply depot the U.S.-backed Nicaraguan rebels maintained just inside Honduras.

American soldiers said their mission was a success.

"Our presence here definitely made a difference," said Sgt. Dale Taylor, 22, of Red Springs, N.C. "It proves how serious we are about what we are doing and that we can get here in 18 hours if the need arises."

The Reagan administration called the military action a training exercise, but it also was meant as a warning to the Sandinistas against further action inside Honduran territory.

And despite a few tense days during which the Honduran air force twice bombed Sandinista positions in the Bocay region of western Olancho province, the U.S. soldiers were involved only in training maneuvers.

The Sandinistas, while claiming their soldiers had never entered Honduran territory, withdrew their troops from the area about two days after the American troops arrived.

Show creates awareness

By LIZ REEVES
News Staff

The International Student Organization and the Multicultural Council co-sponsored the annual International Festival Saturday night in Washington Hall.

The Festival, a variety show comprised of "song, dance, comedy and awareness acts" from all over the world, had seventeen acts, ranging from an Indonesian dance, to an Irish ballad, to a Lebanese folkdance and a performance by the Ballroom Dance Club.

"We created an awareness of the other cultures we have on campus," said Joe Henriquez, a sophomore from Curacao and co-president of ISO. "I was fascinated by the crowd; Washington Hall was packed and we even had to turn some people away," he said.

"I like being in the Festival because I like to show people about my country," said

Patricia Idusogie, from Nigeria. "It's very interesting (being an international student.) People ask a lot of questions about your culture . . . they really want to know."

ISO organizes many events to integrate international students at Notre Dame and increase student awareness of the diverse cultural representation on campus. The group also sponsors the International Banquet in the fall, maintains the ISO lounge, and organizes movie nights, lecture series, picnics and parties.

"For some (international students) there is a language or a cultural barrier; for them, the purpose of ISO is to help them adapt," said Ramzi Bualuan, a graduate student from Lebanon who advised the Festival.

"For others, if there is a big crowd from the same cultural background, they tend to form a group . . . our purpose is to help integrate people."

The Multicultural Council is made up of ten representatives from various international student groups and Student Activities.

The Council has three main objectives: First, to let students know about other cultures, second, to let the international students themselves share their experiences with other students, and third, to promote student-faculty relations.

Events promoted by the Council include the Multicultural Fall Festival, fireside chats, an international meal for Minority Students Weekend in April, an authentic Hawaiian Luau, a Brazilian Carnival, and a still unscheduled talk by a black historian.

"We knew people had to get to know more about other cultures," said Adele Lanan, the Assistant Director of the Office of Student Activities. They need to do it voluntarily, not in a classroom, she said.

Sociology club hosts midwest conference

By JENNIFER GRONER
News Staff

Students from 11 colleges and universities attended the annual Midwest Student Sociology Conference Saturday at Notre Dame.

The event included student presentations of research papers, panel discussions, and viewing maps showing the racial residential patterns in South Bend and Chicago, said Jim Winkler, president of the Sociology Club.

"The conference gives students the opportunity to present their work to other students rather than simply submitting it to a professor

for a grade," said Winkler. "The conference allows students to gain insight on several sociological topics which they might not otherwise have had time to explore," he added.

Students at the conference each submitted a topic for a research paper they wished to present. They were then divided into groups by their topics and allowed to summarize their papers and answer questions from the group members, said Winkler.

A speech was also given by Garth Taylor, director of the Chicago Urban League, said Winkler.

Aging

continued from page 1

tancy, it leads the world in life expectancy for people 75 years and older, he said.

That success bears a cost, he said.

The number of elderly people suffering from mental illnesses, including Alzheimer's disease, will grow from 2.5 million to about 5 million in the year 2020, he said. Nursing home admissions will increase to about 4 million in 2020 from

the 1980 figure of about 1 million. The number of hip fractures, a common and debilitating occurrence in the aged, will double in the same period to reach about 500,000 cases a year.

"Right now, we're struck by the price," he said. "We have to pick up the tab."

In the four-year Lobund study, all the rats ate the same food—a high-fiber, low-fat vegetarian diet—but some were given less.

The rats that were fed 30 percent less lived an average of 38 months, an increase of nearly 20 percent above normal, according to study results.

Crime Stoppers and morality

On Monday, March 21, the Student Senate voted for the adoption of the Crime Stoppers program on campus. In practical terms nothing seems more unobjectionable. However, there are serious reasons to resist the implementation of any such plan at Notre Dame.

Victor Krebs

guest column

The intention behind the proposal to implement Crime Stoppers on campus is certainly appropriate, for on-campus crime is a serious problem for our community, and it is a sign of mature responsibility to try to solve it. Moreover, the basic idea behind the program itself is a sound one. One of the reasons why crime is allowed to proliferate in any community, and probably the main reason why it is allowed at Notre Dame, is the general apathy towards the welfare of others. It is a reasonable solution then to attempt to solve the problem by providing motivation for members of the community to become involved in the protection of themselves and others. In fact, the great success of Crime Stoppers in the community at large (we are all aware that "it works," as the TV ads tell us) seems good enough reason to adopt it. In the end there is a significant reduction of crime and, as if that weren't enough, it comes with a bonus, for some people can enjoy a small supplement to their personal income on the basis of their service to the community.

But even at the intuitive level there is something incongruous in the suggestion that we motivate people to help prevent crime in their community by means of monetary rewards. Insofar as one is a member of a community, one should be moved to its protection by the feeling of solidarity that makes us one community of people, or in the moral indignation that may result from realizing that members of the community are being harmed and moral principles not upheld. A society where people are moved to help their neighbor because of self-interest rather than from their moral sense is not a healthy society, and a program that depends on such an appeal needs to be carefully considered.

Some may think that this is an overly idealistic objection to the program. It may be pointed out that people are not generally motivated to go out of their way to protect the interest of others.

But it is never a good reason to give up on an attempt to promote what should be done because in practice it just is not generally done. What would happen with all our moral principles if we argued for their disposal on the basis of our general failure to uphold them?

But more importantly, despite the fact that by providing this incentive the community will in the short run benefit from the action taken by its members against crime, in the long run, such a program is deeply harmful to the community. If we reflect upon it, the general apathy of people towards others' misfortunes is rooted in the inordinate primacy of selfish interests that seems rampant in our society. But it is precisely on those interests that Crime Stoppers depends, so that people end up defending the interests of others for the wrong reasons. Instead of seeking to unite us against a common injustice and rather than fostering the spirit of solidarity upon which the strength of any society is founded, in the end such a program undermines the moral fiber of the community and weakens the very bonds that guarantee its healthy life.

The problem is compounded when we consider the special role played by Notre Dame. Our University has the mission to set a model to the rest of society, to show that moral principles are the only real means of combating any sort of corruption. The appeal to monetary rewards for people's fulfilling what is in the end a matter of community solidarity and integrity is an abdication of our commitment to moral excellence in favor of a quick practical fix; it amounts to a resignation to "less ideal" standards in view of our general difficulty in pursuing higher moral principles, a course of action totally at odds with the spirit of Notre Dame. It is therefore necessary that we seek an alternative way to combat crime that is more in accord with the ideals of our community.

The motivation required for active communal involvement in the fight against crime at Notre Dame could be promoted by means of a community educational campaign to raise moral awareness and solidarity. There are many such programs (one need only to think of the "Don't be a litter bug" or the more recent "Say no to drugs" campaigns) that already provide appropriate models after which we could fashion our own alternative to monetary incentives of Crime Stoppers. In this way we would design a program that not only

adopts all of the virtues of Crime Stoppers but is also fully in accord with the ideals that inspire our community.

What makes Notre Dame the special place it is is precisely the spirit of solidarity that pervades it and its un-

yielding commitment to higher principles. This is the source from which our efforts against crime should draw. Victor J. Krebs is a graduate student in philosophy and president of the Graduate Student Union.

P.O. Box Q

Comic cleans up her act

Dear Editor:

I would like to respond to Colleen Burke's comment that I went too far in my act in The Keenan Rebuttal. I totally agree with her. As I explained to Dr. Hofman in a letter of apology, I did not intend to be vicious. Also, upon reflection, I agree that some of my jokes were not only in poor taste, but also down-right vile. I should not have included them in my act under any circumstances. I only wish someone else has pointed out my tastelessness at dress rehearsal, at which I told exactly the same jokes.

I would like to take this opportunity to again apologize to Dr. Hofman, this time publicly. I am ashamed for what I did, and I will have to live the rest of my life knowing that I publicly humiliated a great man.

I would also like to thank Colleen Burke for her constructive criticism, a thing I always welcome and invite. I hope that she and others I have likewise offended will not be deterred from seeing other routines of mine in the future. I will, as it were, clean up my act.

Once again, my sincerest apologies to Dr. Emil T. Hofman.

Women's Care thanks supporters

Dear Editor:

I am writing to thank the Notre DameSaint Mary's community for their continued support of the Women's Care Center. This year, for the fifth year, Notre Dame allowed us to use phones for our annual phoneathon. Saint Mary's does our printing. Both of these are enormous cost-saving contributions. Coach Lou Holtz for the second year was the honorary chairman of the

phoneathon. Father Malloy gave a very generous donation to the Center. The Notre DameSaint Mary's Right to Life group, the original founders of the Center, organized campus support. John Hirshfeld, a seminarian at Moreau, put in countless hours as the working chairman of the phoneathon. And over 150 students assisted with the phoneathon. Every dorm sent representatives; Carroll, Sorin, Alumni, Walsh and Lewis were particularly successful in turning out volunteers. Nearly every dorm has donated a mass collection to the Center. This year the phoneathon raised over \$26,000.

The phoneathon is our major fund-raising event each year and is vital to the Center, but this is not the limit to the assistance given to us by the Notre DameSaint Mary's community. We have student volunteers who help each year round with counseling or upkeep of the Center. The Knights of Columbus help us in big and small ways whenever we ask. Just last week at the Knights of Columbus we trained twenty new volunteers, most of them Saint Mary's and Notre Dame students.

The Care Center was set up because of the concern for members of the Notre Dame community to provide a positive alternative to abortion. We now see over 150 women a month and are working very hard to open a second center. We have helped many women choose life for their babies—women who have expressed their heartfelt gratitude to us. And this gratitude clearly should be extended to the whole Notre DameSaint Mary's community. Our Christain witness is strong and effective! Thank you.

Sleepy students to wreak havoc on morning people

It only makes logical sense. The only real reason anybody ever does anything is because eventually they'll get some sleep, right?

I personally daydream about sleep. I draw pictures of sleeping individuals in my notebooks. I yawn all day long. I hate it when, in the middle of the day, I see mattress commercials or something showing anyone sleeping peacefully. It makes me want to sleep. As a matter of fact, seeing just about anything makes me want to sleep.

And believe me, much scholarly and scientific thought through the ages has gone into determining The Lamest Time Of The Day.

Herman Melville once wrote, "One of the coolest and wisest hours a man has is just after he awakes in the morning."

Just goes to prove the old saying, "Never take wisdom from a guy named Herman."

If I could be allowed to take a few liberties with ol' Herm's quote there, I'd change it to "Mornings suck."

sample I overheard the other day and it might be a good idea just to get the full morning ambience to maybe go ahead and act this one out with two of your friends. A lot of our finest drama is going unnoticed over lunch these days and damn it, I think it's time we did something about it.

It is in this spirit that I present the script for what I like to call "Mornings...yuck...":

DROWSY GUY #1: Mmmmurrttu gloggett merrtdlip, Bargle...wommersponge dibbly. (translated loosely as "I've got Friday on my mind.")

DROWSY GUY #2: Shubby zubby wollubby, McFrubby? (Translated from the original ZOOM language as "Shubby zubby wollubby, McFrubby?")

#1: Zeksap blimblip wotnoo yar! ("Gee, with your hair like that you look like Albert Einstein.")

#2: Embee owlubby gubby hattam retrop...mubby... ("So does your mother.")

(Enter The Morning Person.)
THE MORNING PERSON: Good morning, fellows! What a simply marvelous morning to be alive on this planet! I love the morning time! Breathe it in! (Unfortunately, at this point, our ironic little drama takes on darker overtones as Drowsy Guys One and Two jump on The Morning Person, rip his esophagus out, and jump up and down on it.)

So at long length, I think I've cleared the air about this whole Morning debacle. I suggest that all normal people out there follow my lead and go now and take a little nap. As for any Morning "People" I may have offended, don't get mad, JUST GET BACK IN BED!!

Kevin Walsh

Behind the Screen Door

What a great concept sleep is. When you think about it what does sleep accomplish? *Absolutely nothing!* HA HA! Nothing at all! You totally forget about the real world for a few hours every night and you get to return to the womb. All that psychobabble about people wanting to return to the womb is just the repression of the basic fact that all scientists need sleep. What exactly went on in the much-touted womb that was so great? You slept, that's what you did.

So, extrapolating from this point...and doing other things that cause you to use large words...one realizes that not only does one hate it when one writes sentences of personal observation using "one" as the subject, but also that the time when one is forced to stop sleeping has got to be the lamest time of day. Obviously, morning.

One thing I *really* hate about the morning is these "people" who call themselves Morning People. That kills me. I guess they think that just because they like getting up in the morning that they can call themselves Morning People. Where I come from we have a different name for Morning People, but it probably wouldn't be appropriate for print.

The fact that these people actually LIKE getting up in the morning makes me wonder what else these people LIKE. Maybe they savor jamming hot sewing needles up both their nostrils at lunch. Perhaps they enjoy shaving their chest with cheese graters. Probably they relish smashing their fingers in car doors.

One of the coolest and wisest things about the morning besides the way your face always looks are the conversations that take place. Here is a

Soap update

Reva weds Alan on 'Guiding Light'

All My Children: At Travis' urging, Erica hired a nanny. Palmer suggested to Matt that the baby is Cliff's. Nina admitted to sleeping with Cliff. Stuart flew to Paris to make wedding plans. Skye stepped up her attack on Cindy. Pamela refused Travis' dinner invitation upon learning that it included Erica. After Natalie received a check, a suspicious Jeremy had Matt photograph her financial records. **Coming:** Cindy gets cruel treatment.

Another World: Trying to escape from Reg, Donna fell down the stairs and lost the baby. Michael struggled with Reg, who fell to his death from the Love Tower. Cass told Nicole that Reg killed her mother. Lisa had a premonition of Jamie and Vicky kissing. Jason told John that he had been blackmailing Reg. Sam and Amanda came home to find Matthew at the loft. **Coming:** An awkward situation for John.

As The World Turns: Barbara was freed after Hal revealed that James killed Nick. Monica said she saw James in Edinburgh. Margo couldn't tell Hal about the baby, and abruptly left town. Laura thought someone had been in her apartment. Tom got Lien U.S. citizenship. Laura hid her feelings for Tom. Beau's growing closeness to Pam made him uneasy. **Coming:** Tom's heartbreaking discovery.

The Bold and The Beautiful: Ridge blew up at Kristen when she gave Clark a sneak preview of his design. Donna considered Tommy's offer that she pose nude. Conway began following a man he thought was Steven Logan. The Forrester children learned of their parent's upcoming divorce. A hurt Grandma Logan left to visit her sister. Caroline agreed not to tell Ridge about the letter, if Brooke gives him up. **Coming:** Brooke faces a dilemma.

Days Of Our Lives: Adrienne lost the baby, and started working at the Cheatin' Heart. Kayla served Jack with divorce papers. Kiriakis told Torres to sabotage Diana's new newspaper. Diana battled with thugs. Noel ran away from Grace to be with Jo. Eve planted information that forced Frankie to tell Jennifer he had been intimate with Paula. **Coming:** Eve continues to scheme.

Dynasty: Colorado elected a new governor. Sammy Jo's fateful decision created complications. Sean returned with a final threat for Alexis. Adam learned the fate of his son. Blake discovered he may have lost the one thing that power and money could never buy. **Note:** This is the season finale! **General Hospital:** Duke agreed to Justin's deathbed wish—that he create a legitimate organization. Colton found himself falling for Felicia. Bobbie went to bed

with Scott after he sabotaged her reunion with Jake. Scott impressed Edward. Dean Arnold taunted Simone. Simone was knocked down as Tom and Dean fought, and suffered a miscarriage. **Coming:** Duke faces his obligations.

Guiding Light: Alan married a comatose Reva, who imagined she was marrying Josh. Distracted, Alan signed for the emerald mines. Sonni had a near miscarriage. Josh agreed to give custody of Marah to Alan. Johnny apparently cured a child's fever. Maeve and Fletcher made love. **Coming:** Strange conclusions about Johnny.

Loving: Rick found proof that Lily framed him. A sickened Jack refused to forgive Lily. Ava hit Clay over the head and ran to Carrie, who was revealed as a double agent. Clay risked his life to save Ava, and was shot by Carrie, who took Ava hostage. Dan revived Clay. **Coming:** The search begins.

One Life To Live: Bo learned about Renee's brief first marriage and told Asa. Gabrielle infuriated Steve by staying in Llanview. Melinda told Tom she remembered Kellogg saying Donald was behind Alex Crown's murder. Cord brought Sarah back and accused Tina of manipulation. Deal and Laredo set up Clint to get revenge. Clint tried convincing Ginny to stay in town. **Coming:** Donald's plans make Lee uneasy.

Ryan's Hope: Roger bailed Ben out again. John used persuasion and romance to get Nancy Don to drop her charges. Chaz used Laurel to make Ryan jealous, but Ryan realized she was being set up. Frank and Dee were proud of John's appointment, but Dakota planned to trash John's career. **Coming:** Ryan responds to the scheme.

Santa Barbara: Keith and Gina decided to wed on the same day as Cruz and Eden. Cruz convinced Andrea that Richard killed her father. Jeffrey cautioned Kelly to make things easier. Kelly refused Pamela's check for the baby. Scott urged Tori not to feel guilty about Mel. Mason's reluctance to make a commitment caused a rift with Julia. Eden suddenly told Cruz she couldn't move her legs. **Coming:** The dream wedding takes place.

The Young & The Restless: Joanna defied Lauren and offered money to Marc. Nina's baby was delivered but her condition deteriorated. Traci and Brad finally confided in each other. Victor was stunned when Ashley urged him to save his marriage. Carol felt hurt when Skip said he wanted to be friends for now. Phillip was appalled by Cricket's promise to raise Nina's child. **Coming:** Jessica's attitude puzzles John. 1988, McNaught Synd.

Big third quarters key Irish to sweep

By PETE LaFLEUR
Sports Writer

If the Notre Dame lacrosse team could put its best play in a bottle, it would resemble the efforts put forth in the third quarters of last weekend's games.

The Irish scored eight goals in the third quarter on their way to a 14-4 romp over Wooster College Saturday and then tallied five third period scores to propel them to a 10-5 win over Windy City Sunday.

Junior attackman John Olmstead led the Irish with five goals and six assists over the weekend.

With the weekend victories the Irish now stand at 5-1 for the season. And the third quarter, which in the past has been frustrating for the Irish, is now the team's strong point.

In the third quarter of Saturday's game with Wooster, the Fighting Scots pulled to within one at 5-4. The Irish then scored eight unanswered third-period goals to put the game away.

Sunday against Windy City the Irish were suffering from feelings of deja-vu. Trailing 4-3 at halftime, they responded by scoring five straight goals at the end of the third quarter to pull away from Windy City.

"I think that's a good sign if you can sense when the other

team's in trouble and put them away," Irish coach Rich O'Leary said.

O'Leary said that he was equally pleased with the defensive play this weekend, especially in the second half. Between them Wooster and Windy City scored only once in the second half and the Irish held on 10 of 11 man-down situations.

"The fact that we gave up only one second-half goal this weekend and that many of the other goals were on unsettled situations is a pretty good sign that our defense is doing a good job," O'Leary said.

O'Leary said that freshman defenseman Dave Barnard and

sophomore goalie Jeff Glazeir were particularly important to the victories. Barnard, who saw more time against Windy City because of an injury to starter Kevin O'Connor, has had to adjust to defensive middle, a position he's never played before.

"Dave played very, very well and it will be tough to not continue playing him if he keeps playing so well," O'Leary said. "Also, Jeff made some good clears. He gives us the security of having two excellent goalies (along with starter Matt McQuillan).

O'Connor missed Sunday's game because of defensive

heroics of his own in Saturday's game. When McQuillan wandered out of the goal to chase a deflection, O'Connor was left tending the net. Wooster recovered the ball and moved in for a point-blank shot, but O'Connor beared down and saved the ball off his right knee.

"When Matt ran off after the ball I just moved back towards the goal," O'Connor said. "Then I saw the guy moving in with the ball and I was just hoping he wouldn't shoot it hard. But he did shoot it pretty hard and then it kind of bounced around and Matty pounced on it."

wishes to thank JOHN BRANNIGAN for
a wonderful SYR.

Jen Long--walls have ears...

HACHOO!-HACHOO! Hey Khun L., I was
just dinkin' about last Thurs. night when
we...

DI: Y'all are totally the best!! Thanks for
an awesome year! Love and friends al-
ways, MO

YO Zibelli,
You're a little too far over to the left.

Buy a blue shirt Jake! you know I
would. A glimpse into the future: used
cars. Enjoy your day like OK! Hope
it's a great day! XOXWD40

"AMY W is the chick who after 2
beers Will caress and kiss a hairy rein-
deer." -Bob,Abe,& Bif:Keenan Boyz '88

WEBS.Hope your birthday was happy
and hope Pat gave you his package! We
love you! The Roomies from hell (P.S.
We fingerwashed the forks after we had
cake! P.P.S. BUD LIVES!!!)

Classic photo, Keenan Boyz! You're the
greatest!!! Webs' Roomies

JACK "GOOSE" GIVENS DAY
Ten years ago yesterday, Jack
"Goose" Givens capped a spectacular
career at the University of Kentucky by
scoring 41 points to lead the Wildcats to
a 94-88 national championship victory
over Duke.

The 6-4 senior from Lexington's Bryan
Station High School averaged 18.1 points
per game for Kentucky during that cham-
pionship season.

Givens, a three-time All-Southeastern
Conference selection at forward, earned
a spot on the All-American team during
his senior year.

Kentucky has never won another
NCAA Tournament since "the Goose's"
41-point performance. When will the
Wildcats win a national title without
Givens? About the same time that the
Atlanta Braves win the World Series.
HAPPY JACK "GOOSE" GIVENS
DAY!!!

Ride for 2 needed to NYC/Northern NJ
area for Easter Break. Will share ex-
penses and driving. call 2282.

Aw, what the heck...
Here is the rest of the Top 10 places
visited by the Washington Seminar
Group:

1. Mr. P's
2. Tune Inn
3. Stairwell outside Sen. Moynahan's
office
4. Soviet Embassy foyer
5. Roy Rogers
6. The Rayburn Bldg... no, the Rus-
sell Bldg... no, the Hart Bldg.
7. Dunnington's
8. Congressman Downey's office
9. Kennedy Center parking garage
10. Brickskeller

And finally...
The top excuse for the week:
I have to go see my congressman.

Hey guys-
Thanks for everything.

-Pete

Saturday was Phil Kracker's 20th B-day!
Hope it was GREAT!

Associated Press

Tom Tolbert scored 18 of his 21 points in the second half and converted two critical three-point plays as No. 2 Arizona defeated No. 7 North Carolina 70-52 Sunday for a berth in the NCAA Final Four.

All-American forward Sean Elliott led Arizona with 24 points and teamed with frontcourt mates Tolbert and Anthony Cook in a collapsing 2-3 zone defense to shackle North Carolina All-American forward J.R. Reid, who was held to 10 points.

The victory in the West Regional championship game, Arizona's 15th straight, put the Wildcats, 35-2, in the national semifinals against No. 4 Oklahoma at Kansas City next Saturday. The Sooners downed Villanova 78-59 in the Southeast Regional final behind the 28 points of Stacey King.

Duke will meet Kansas in the other national semifinal with the two winners meeting next Monday night for the title.

All-American Danny Manning scored 20 points, and Scooter Barry added a career-high 15 as Kansas advanced to the Final Four for the second time in three years with a 71-58 victory Sunday over No. 20 Kansas State in the Midwest Regional championship game.

You Want A Great Display Of Portable Power?

The Zenith Data Systems Z-183 Laptop PC

the Fan Club, and now-you-see-it-now-you-don't passes from Rivers.

"It's fun to get out and have a good time," said Rivers, who played along with the Fan Club's jokes and showed the crowd plenty of razzle-dazzle in his only Bookstore appearance in four years at Notre Dame. "That's stuff I grew up doing, and I have a pretty good time doing things like—it makes the game fun."

One of the Fan Clubs defensive sets included the 'Heisman

defense,' as the players rushed their opponents and struck the familiar pose of the bronzed player which sits atop the coveted Heisman Trophy.

In another defensive maneuver, the Fan Club called for the 'Rivers defense' surrounding Rivers and as soon as he took one step, falling to the ground as a referee raced on to the court and called a charge.

The action went to the other end of the court, where the Fan Club pulled Steve Nicgorski out of the crowd to shoot and connect on his patent free throw offering.

One of the best moments of

the day was when the Fan Club lined up in punt formation and booted the ball down court. And in a way it was September again as Brown fielded the kick cleanly, juked to the sideline and headed home for a... gliding dunk.

The Fan Club pulled several other stunts to keep the crowd laughing, including a hostage defense where a masked captor held a Fan Club team member at gunpoint until everyone backed away and the hostage scored on a layup. Another sneaky maneuver created an easy layup when the Fan Club called time out and then called it back in when Lou's 2 QB's casually walked to the sideline for a breather.

Rice, who led all scorers with 9-of-11 shooting and dunking, will continue in the tournament on Lou's 2 QBs with Baldes, Kent Graham, Jeff Peters and Lou Holtz.

In other action on Friday, We Drink Alone took Heavy Drugs, 21-5; Vo Ban and the Untouchable Five slapped The Un-

touchables, 21-10; Jimmy Swaggart, Jim Bakker and Three Other Guys Who Preach The Good Word bopped An Engineer, a Pre-Professional and 3 Guys With A Life, 21-8; Dangling Childhood hung The Trophy Bearers, 21-7; Ollie North and Four Guys Who Are Just Trying to Protect Their Families shredded 5 Undergraduate College Kids United, 21-8; and A Pilot and 4 Guys Who Can Fly derailed Slow Train Comin', 21-18.

On Saturday, dedicated players and fans alike braved the cold winds and occasional flurries as the preliminary rounds continued. En route to securing a spot in the round of 512, Wet Armadillos mopped up The Slobbering Labradors, 23-21; Dunkin Hines and The Turnover Kings burned 5 Guys With No Tan Lines, 21-2; Abu Nidal and Card-Carrying Communists bombed Skookum Tohubohu, 21-6; Michael, Cool J and Three Other Guys Who Think They're Bad silenced 5 Screams From A Loft, 21-6;

We Like Bug Juice defused Spaceman Spiff and his Spacely Sprockets, 21-10, and in doing so, ensured captain Mike 'Eggroll' Caponigro of scoring at least one point every year he has played in the tournament. He had one last year as well.

"I don't know how we managed to win with a complete liability such as myself on the team," said Eggroll. "Just lucky I guess."

Billy Jennings led Bug Juice with seven points and ten rebounds.

Forty more games will be played today on the courts at Stepan, Lyons and the Bookstore. Though one team will definitely come up short, the Revenge of the Screaming Midgets From Hell, who are back and shorter than ever (4 guys under 5'5"), will face 5 Women Under 5'3" at Stepan 5 at 6:15 p.m.

Spring

continued from page 12

fensive linemen, I mean, I could look good if no one touched me on the way in."

Holtz was pleased to get an extended (two-and-a-half hours) look at everyone on his squad, and, with few exceptions, was reluctant to name preseason favorites to start.

"The way they played today, I'd have to say that Stony (Mike Stonebreaker) and (Wes) Pritchett look pretty good at linebacker," said Holtz. "We'll go back and look at everything, and certainly the way some people played will affect where they stand on the team, but nothing is set as far as a first line is concerned."

Irish open outdoor season

By MIKE SULLIVAN
Sports Writer

On an afternoon that resembled a wintry, January day as opposed to a spring-like day of late, the Irish men's track team opened their 1988 outdoor season at Krause Stadium, hosting the Notre Dame Invitational.

The afternoon featured gusting winds of up to 25 miles per hour which made the sub-50 degree temperatures seem much colder. Even with the adverse weather conditions, the Irish turned in several impressive performances.

The highlight of the meet occurred in the hammer throw

which was the first event of the meet. Tom Mick placed first with a throw of 170 feet 5 inches which qualified him for the IC4A Outdoor Championships.

Mick's victory set the tone of things to come in the javelin and the shot put. Freshman Ryan Mihalko placed first in the javelin with a throw of 199 feet 10 1/2 inches while sophomore Rob Fitzgerald placed second in the shot put with a toss of 47 feet 9 1/2 inches.

Junior David Warth finished second in the 1500-meter run for the Irish, posting a time of 3:59.7. Freshman Richard Culp ran an impressive 49.86 to place fourth in the 400 meter dash. Mark Lavery and Kevin

Whalen took second and third respectively in the 800 meter run.

The tandem of freshman jumpers Jeff Smith and John Cole turned in another excellent day. Smith took third in his first triple jump of the year with a distance of 44 feet 7 1/4 inches, and Cole captured second in the high jump, leaping 6 feet 8 inches.

The sprinting events were marked by two second-place finishes for the Irish. Senior Tony Ragunas ran 11.18 in the 100 meter dash while freshman Robert Harris ran 23.06 in the 200 meter dash.

The Irish are on the run again Friday when they face Navy.

Madsen

continued from page 12

complete game victory of his own. Madsen's five-hitter, his second straight complete game victory and the second complete game of his career, put the junior's record at 5-1 for the season.

"I think wins and losses aren't the most important thing," Murphy said in discussing the performance of his pitchers. "He's happened to throw well, but so has (Mike) Passilla and so has (Mike) Harmon."

Right fielder Dan Peltier led the hitting attack for the Irish in the first game. The sophomore from Clifton Park, N.Y., batted 2-for-2 with a walk, driving in one run and scoring the team's two other runs.

"Peltier's a stud," said Murphy. "If he plays 100 games for you, he'll play very well in 85 of them, and you can't ask for any more from a player."

The Irish only managed five hits in each game on Sunday, but were able to manufacture single runs in the third, fifth and sixth innings of the second game to take a 3-0 victory.

Playing at Butler on Saturday, Notre Dame used strong pitching performances from Kevin Chenail, Tom Howard and Harmon to get another doubleheader sweep.

In the first game, Chenail pitched a complete game five-hitter. The Irish, who got just three hits themselves, scored all five of their runs in a third-inning rally to earn a 5-1 victory.

Ed Lund keyed the outburst with a triple that drove in two runs. Lund caught both games on Saturday and Sunday and appears to have won the catching job. The starting position had been up for grabs since the beginning of the season.

"I feel like we're going to go with him," said Murphy. "We need a stick in the lineup, and he also does as good a job catching as anybody. He's eager to learn, and he will be a good player."

Howard started the second game, allowing two runs before being replaced by Harmon in the fifth inning. The game went into extra innings, and Pat

Pesavento's bases-loaded single in the eighth drove in James Sass with the winning run as the Irish won 3-2.

"Pesavento has been such a clutch performer for us," said Murphy. "He's a leader on the field, and he does the little things. He makes us click and always does something to contribute to our winning."

Notre Dame started the weekend by losing to Wisconsin 9-2 on Friday in a matchup that was switched from Coveleski Stadium to Jake Kline Field hours before the game.

The Badgers' Tom Fischer, projected to be a first-round

choice in this spring's major league draft, teased the Irish hitters all day long. Even though Notre Dame touched him for 10 hits, Fischer kept getting batters out when Notre Dame had runners in scoring position.

"I can see why he's a high draft choice pitcher," said Murphy. "He was throwing 88 mph, he has a good idea about his breaking pitch and he's a competitor. You witnessed a big league performance."

Wisconsin broke open a close game by scoring five runs in the top of the ninth inning to make the final score 9-2.

LEAD THE ADVENTURE

ND netters rally to 6-3 win over EMU

By FRANK PASTOR
Sports Writer

There is perhaps no more accurate measure of a team's character than its ability to come from behind. Friday evening in the Eck Tennis Pavilion, the Notre Dame women's tennis team proved its mettle in spectacular fashion.

Natalie Illig, Michelle Dasso and CeCe Cahill each posted come-from-behind victories in leading the Irish to a 6-3 win over Eastern Michigan, running the team's record to 8-12 for the season.

Coach Michele Gelfman attributes the victory to an increase in the level of intensity which each of her players brought into the match.

If the Irish were playing below their potential on Friday, no one would have guessed it by their singles performances. Notre Dame took five of six singles matches, including four in straight sets.

Kim Pacella was the first to complete her match, cruising by Gina Radecki 6-0, 6-0 at number four singles. Right behind her was Cathy

Bradshaw, who handily defeated Marie Morin 6-1, 6-1 at number six singles. Then, after Alice Lohrer dropped her number three singles match 6-3, 6-1 to Rhonda Brown, the Irish closed out with three sterling comeback wins.

At number two singles, Dasso fought back from being down a break point in the first set to take a 6-5 lead which she would never relinquish in defeating Marta Varanda 7-5, 6-2.

In the number five singles position, Illig battled Wendy Waler to a 6-6 tie in the first set, then pulled out a 7-2 tiebreaker to capture the set. The second set virtually mirrored the first, as the junior won a 7-1 tiebreaker to take both the set and the match.

Notre Dame won one of its three doubles matches. At number one, Cahill and Dasso combined to defeat Kaercher and Sunita Whitehead 6-4, 6-1. Lohrer and Illig lost 6-1, 6-3 to the team of Varanda and Radecki at number two doubles. In the number three position, the freshman tandem of Bradshaw and Pacella lost to Waler and Brown 6-4, 2-6, 6-4.

Men's fencing squad takes second in nation

Special to The Observer

The Notre Dame men's fencing team saved its best for last in placing second at the NCAA Championships last weekend at Princeton, N.J.

Todd Griffie turned in an outstanding performance by placing second in the epee championships on Saturday, the last day of competition. The Saturday performance lifted Notre Dame to second, as the Irish started the day in third place behind Columbia and Penn State.

"I'm very happy with a second place finish," said Irish coach Yves Auriol. "Todd's performance feels almost as

good as winning the team title. I'm thrilled to place ahead of

Todd Griffie

a good Penn State team and a behind a great Columbia squad."

After starting with a 6-7 record in the seeding polls, Griffie defeated Air Force's Scott Shinberg, Illinois' Tim Hensley and Columbia's Mark Oshima to earn a spot in the semifinals.

"Griffie fenced his best bout of the year against Oshima," said Irish assistant Matt Harris. "He got a good seed and used it well. He really had a fabulous day."

He lost to John Normile of Columbia in the semifinal, but he rebounded from that loss by beating defending champion Jim O'Neill of Harvard 10-3. The win over O'Neill gave him another chance at Normile, but

Normile won that match 10-2 to win the championship.

Yehuda Kovacs

Ted Fay placed 18th in the epee competition for Notre Dame.

Senior Yehuda Kovacs placed fourth, behind three Columbia fencers, in Friday's foil competition. Freshman Bill Leary placed 16th in the foil division.

"Yehuda did very well," said Auriol. "It was a very strong field in foil. Phil had a very difficult seed."

Kovacs' fourth-place finish made him the fifth three-time men's All-American ever at Notre Dame.

Further details of the men's and women's NCAA fencing championships will appear in Tuesday's edition of The Observer.

Hall of Fame game highlights weekend action

By BRIAN O'GARA and PETE SKIKO
Sports Writers

Any visitors walking behind the Bookstore on Friday afternoon around 3:30 probably thought there was something strange going on at Notre Dame.

A crowd which would grow to nearly 500 began to locate

itself around the barely visible white lines which border the east Bookstore basketball court. But the rectangular space in the middle was empty.

It could only mean one thing—Bookstore Basketball was back in business.

Bigger than ever, the 666-team tournament kicked off its 17th year on Friday with the annual Hall of Fame Game and continued with preliminary round games on Friday and Saturday.

The laziness of a Friday afternoon, the reappearance of the sun after a winter hibernation and chance to see the talents of David Rivers and Tim Brown on the court combined to attract an eager crowd for

the traditional Bookstore opener on Friday.

Lou's 2 QB's and Two Other Blind Guys, featuring Rivers and Brown in guest appearances along with Pat Walsh, Tony Rice and George Balduz won the game 21-11, over The Digger Phelps Fan Club and Five Other Guys, but the show was what will be remembered.

The first sign of action came from the north as Digger Phelps Fan Club and Five Other Guys, perched in the back of a pickup truck, were escorted by a Notre Dame security car to courtside. Donning tuxedos and coached by a well-coiffed GQ type impersonating you-know-who, the Fan Club quickly began their antics.

There was little doubt that Rivers and Brown would bear the brunt of the Fan Club's pranks, which began in the team introductions. All five members of the Fan Club were introduced as 5-6 guards from Jersey City, New Jersey, and one of them carried out a hand towel with "T-81" written on it, drawing laughs from the crowd and an amused smirk from the Heisman Trophy winner.

When the game began it was showtime—as in vaudeville for

Irish win four games in improving to 12-11

By STEVE MEGARGEE
Assistant Sports Editor

It was less than a month ago when the Notre Dame baseball team opened its season by allowing 49 runs in its first four games.

But the Irish made those days seem like ancient history last weekend on their way to winning four of five games and pushing their record above .500.

Notre Dame fell to Wisconsin 9-2 on Friday, swept a doubleheader from Butler on Saturday by scores of 5-1 and 3-2, then swept a pair from Chicago State Sunday by scores of 3-1 and 3-0.

"Pitching and defense wins games, and they were very consistent, which pleased me," said first-year Irish coach Pat Murphy. "We've got to keep our consistency, and we can't get

complacent now. We've got to keep playing at an even keel."

The Irish, who have won six of their last seven games, now hold a record of 12-11. It marks the first time Notre Dame has been over .500 since an Opening Day victory over Duke on Feb. 25.

Sunday's doubleheader with Chicago State perhaps best illustrated the sudden rejuvenation of the Irish pitching staff. In the first game at Stanley Coveleski Stadium, sophomore Brian Piotrowicz, who had struggled with an earned run average in double figures for the first part of the season, recorded his second consecutive complete game victory in a four-hit win.

In the second game, Erik Madsen followed suit with a

Holtz looks toward fall

By PETE SKIKO
Sports Writer

Football season may not exactly be right around the corner, but it's never too early for Head Coach Lou Holtz to start thinking about this year's campaign.

One of his first indicators of

Spring
Football
1988

the year's potential took place Sunday afternoon at Cartier Field, during a full-contact spring scrimmage.

With familiar faces and some not-so-familiar faces trying to make their best impressions, Holtz isn't interested with setting a depth chart yet, but he is working on it.

"At this point of the season," said Holtz, in his third year as head coach of the Irish, "we're not looking to evaluate the of-

fense or the defense. We're simply trying to evaluate the personnel. A scrimmage like this will help the thing take shape."

The backfield of the first offense was extremely impressive, with each back getting good yardage in the formally-officiated scrimmage. Tony Brooks had two rushing touchdowns, one in which he took a pitch, got stuffed, reversed his field and scampered about 60 yards for the score. Ricky Waters rushed with authority and caught a long touchdown pass near the end of the scrimmage.

Anthony Johnson had several double-digit gains, Joe Jarosz scored two touchdowns, and senior Mark Green, with a scintillating break to the outside, broke off a long touchdown run early in the afternoon. However, Green was not as successful at flanker, his newly-found offensive position. He dropped a couple of well-thrown Tony Rice passes, but that doesn't worry Holtz.

"Sure, Green dropped a couple," said Holtz. "That's the kind of thing that happens early in the season, especially at a new position. It's early, and we're a very young football team. (Yesterday), we made a lot of mistakes that a young team will make. Our tackling was very poor, we're not hitting well, we turned the ball over, and, even though we asked the refs to call a tight scrimmage, we had way, way too many penalties, especially holding. We're not yet a fundamentally sound football team."

"That's not to say that some things weren't encouraging. I thought the offensive line surged very well off the ball. Tony Rice had a strong scrimmage, although we didn't protect him very well. The defensive line was decent, in particular, (freshmen) George Williams and George Marshall. Then again, they were up against some pretty young of-
