

My dear

The last instalment on S^r. Mason's land, \$ 2000.00 will be due on the 1st day of Nov. next. By all means we must be prepared to meet it without failure. I therefore call now on you for all the assistance you can give us in this imperious urgency. Let me know by return of mail how much I may safely expect from you before the last of this month: On occasions of this kind our administration here has often been materially relieved from serious embarrassments by the most devoted and efficient members of the community. Whatever you may send, will be some assistance and will oblige

your devoted J^r.

C. Spring
Pres.
