

Dear Reverend Father,

I am sending you four copies of this astonishing publication which I have known these last 3 years and which I didn't want to believe until I had written and asked Melanie herself if it was really her work and if the Bishop of Lecce had approved its publication. Keep carefully this reply. Nodoubt she felt obliged to make it known to all since she was ordered to by the Blessed Virgin and also by her director. Moreover two thirds of the predicted misfortunes have already occurred. The expectation of horrible chastisements is widespread among faithful souls. Whoever reads such pages without profit is very sick. The beginning of wisdom is fear of the Lord. As for me who knows Melanie I am profoundly impressed.

Pray for one who is always your devoted

E. Sorin, CSC.
