

Notre Dame, Ind. Jan. 6 1883

Hon. Judge Standfield

My dear Judge

I feel really proud, this evening, to call your attention to an art Draft, such as, you may be certain, could not be found in St. Joseph's C<sup>o</sup>, nor probably in Cook C<sup>o</sup>. Ill. Mother Angela has secured the patent of this New European Discovery, for our State. You have been selected, among a thousand & more, to receive the 1<sup>st</sup> beautiful issue of this rich invention beyond the waters, as the most deserving & best Judge of its merit. I am glad it goes to you, as a token of respect & gratitude somewhat counterbalancing the sad loss of the recent fire with best wishes

Your old friend for life

E. J. J. J.
