

Private - Dear Father

You may make something
of the enclosed communication
I would advise to correct it
& put it in the Scholastic.
If Mother Angela is now
at home you might
arrange matters so as to
have your boys & the
pupils of St. Mary's reply
to my proposal, in the Scholastic.
Some of them may be
induced to stay & the need
for the sake of the new
kind of premiums; others
to come in & begin the next
session for the same reason.

You might publish the following
list or some thing better arranged
& create a favorable little stir
up in all the places named.

This list is not for publication
