Fort Wayne March the 3rd 1850

Mr. J. Levin.

Dear Sir,

Mr. Lobbie Guardian of George Autton has received your two letters and your bill. This last is all right except the 16 dollars which were due before he entered into his guardianship. He wants this circumstance explained on the bill. As for the payment of said bill, he would send you the money if he had it in his hands, but the ready money of his ward was disposed of and lost out and it is hard to get it back. But as there is some money due to George Autton by the estate of Chief Lafontaine, I will settle the bill of George Autton as soon as I will go to pay you a visit. Mr. Lobbie positively requires his ward to remain at your establishment until the vacations, and wants him to submit to your direction in every thing.

You must begin to think that I have forgotten
Nootka Sound du Lac altogether; but I have been,
and I will be for some time yet, so situated
that I could not be absent from Fort Wayne for
any length of time. *Quid quid sit -* for or near
I am the same, and in the absence of real means
you may rely on the best wishes of your devoted
friend.
