Dear Friend,

I would be most glad to run down from Toledo & see you & all your good people, but I really do not see my way to it. Yet if I could do it at all I will run down Saturday & return Monday.

I am very hard worked just now. My long absence has left a good deal to be worked up, but amid it all my health is very good.

Have you abandoned the idea of a college here? The offer is still open & I am quite sure it would succeed.

Yours ever in Christ,
