

Detroit Sept 6th 1852

Rev. & Dear Sir

The bearer of these is Michael Florry who has spent a few weeks in our hospital to be attended by the Sisters of Charity during his illness. Mr. Florry has conceived the desire to spend the remainder of his life in some religious house, & therefore is anxious to go to South Bend. So far as I can judge Mr. Florry is a good upright man & would recommend him as such, & I have no doubt but he will feel much the kind attention you will show him.

I have the honor to remain with much regard
& esteem

Your Very Obedt. Servant in X
