

W. St. Mary's Cincinnati

October 25. 1865

Very Res Dear Friend

If I hesitate

about recommending the Arc Maria  
both for its object, and what has ap-

peared, so far, of its execution, it is

only because I am reluctant to intrude

the notice of  
myself upon the public. As often as I receive

a number, my heart gives you God speed.

Yours most sincerely
