

Phil^a St John's Church

July 27th 1846-

Rev and Dear Sir

I again address you
in behalf of a young man - a more worthy
one by far in every respect than the last
in whose name I wrote - who wishes to
know on what terms he may be rec^d
into your institution as a lay-brother
or in any capacity that he may
prove himself useful to you. He is
a convert since the 20th year of his age,
being now 28 years old; He has always
been very sincerely attached to his Religion
and has faithfully practised its duties.
His health is good - he can bring with him
after paying his expenses about \$50 -
he reads, writes, and is capable of im-
proving himself, should the opportunity be
given. You will oblige him very much
by answering his enquiries as soon as
your many duties will permit -
With sincere respects
Yours thro' Jas Edw S. Souwin
