Notre Dame - Vincennes      E. Sorin      ~~Nov. 10,~~ 1847.

Bp. Bazin writes Father Sorin (?) for a Brother to teach the children who dwell three miles from Vincennes, children of a settlement half French, half German. States qualities Brother ought to possess - Eng. school.

Brother can live with a party who will board him free and other parties will do something for him. It will be a mixed school, boys and girls, the latter under 12. "The ignorance of these children in religious matters is frightful. Can you aid me?"

Letter dated at Vincennes, Nov. 10, 1847.
