Rev. D. L. Novin

A lady of this place whose
husband has abandoned her & who has obtained
a divorce from him wishes to place two of her
boys in a boarding school at the Lake if it could
with your rules. She would expect to make
the deposit required only pleasing the children
as it done with explanation to your care.
Even for this she would not be a division, but
in the duty of a few months you a part of her
husband told her that either is no other a
difficult matter that will prevent the execution
of her wishes. Please reply without delay as
the case and the division with the next
meeting.

Very truly
Yours

Richard Vincent

Pres. of the
Board
