You may have seen

correct I must see Luther Shortes
about it. The health of our city
is very good at present
(thanked be to God) I hope you
the fathers and all the community
are in the enjoyment of
good health. I expected to have
seen you before this time in
Loluar. It is very probable I will
have to remain there this winter
so I cannot easily arrange my
affairs before then. Right Rev
B. Roffe is not very favorable to
me as I did not go to Cleveland
I cannot do it as it would ^{be} against
my will. For many reasons
I have my seat from him and
the Archbishop of Cincinnati. I
will try what my health may be
in some more healthy climate
than that of Ohio. Please write an
abstract of this and send my acc bills
Yours most respectfully in C. Jesus
