

Cathedral of the Immaculate Conception,
S. John. New Brunswick.

July 8th 1869.

Very Rev. dear Sir,

I was hoping

I had the pleasure of a visit
from you to see the very
institutions of your excellent
order in this diocese, before
you return to France
but the Rev. Father Lefebvre
tells me that you cannot
spare the time this year.

However we may hope to
see you here on a future
occasion before long.
I may remark that the
College of Measurements
is making rapid progress
and doing much good
under the energetic care
and management of
Father Lefebvre. And it

is not only in the establish-
ment of the College that this
good and zealous Father
is rendering valuable ser-
vices to religion but also
in all the French Acadie
missions by his zealous
labors and preaching.
Could he be spared
from his post for a time
I would feel much plea-
sure in having him with
me at the approaching
Council to be held at
Rou- next winter.

Requesting a moment in
your prayer and holy
sacrifices.

I am, by Rev. Father,
faithfully yours in Christ
+ Love
Wm. J. Mc

In by Rev. Father Louis
Superior General
of the Order of the Holy Cross
L. C. C.
