My Dear Revd. Father Lorin

I made all enquiry today at the Custom House & find you can get the atlas direct from Paris to your College via Chicago at 35% duty payable in gold. It will only be necessary to instruct your Paris correspondent to ship direct to you & inform the Customs here & they will have an officer put in charge & be present at the opening of the Boxes at St. Paul & so save all repacking & reshipment here & avoid all contact with the Customs at N.Y. & save considerably also by this means. I enclose a card in English & French given me by the Custom House for your information & the officer tells me it has all the instructions thereon.

Believe me
very truly Yours
G. J. Cook
