Very Rev. Dear Sir,

I was glad to receive your esteemed favor in which you propose, tandem aliquando to visit the Pacific Slope. You will be pleased to see how much good the Sisters are doing in Salt Lake and in Ogden. Unless you are very fond of staying I would not advise you to go to Silver Reef; but by all means pay a visit to California, which is delightful in winter and spring and especially in the fall. The summer is somewhat rough near the coast. I have a good room, which I hope you will come to use for sometime and take a little rest. Then we can talk about the Brothers whom Father L. Scanlan so much needs and desires in Salt Lake.

Hoping to see you before long, I remain

Very Respectfully &

J. S. Germany, M.T.

Very Rev. C. Sorin, Supr. Genl. M.C. &
