

Nashville, June 27/83

Very Rev. & Dear Friend;
^{W. Bowen}

Of course it was a disappointment when you could not by your genial presence rejoice the hearts of so many old friends - and especially of your humble servant - on last Sunday. Still, I am very grateful for your kind wishes & congratulations, and hope that you will have got "within" about 100 miles of this place, since that will be equivalent to coming to Nashville itself. My time is, of course, just now very limited. So, in a word,

With best wishes

Yours sincerely in Christ
