

Jeffersonville Jan. 7th 1888.

Rev. dear Father,

I received Saturday evening your Telegram announcing the death of Father Nepron and his funeral on the present day.

Please accept my thanks for communicating to me the sad news at once. The funeral happening so soon it has been impossible for me to attend. I announced it to my people at both masses yesterday - for several of whom they knew him and this morning offered up the Holy Sacrifice for the Venerable Priest who died so full of years and I hope of merits before God..

Please give my respects to all your Father and offer ^{Departments} my most profound regards to your Superior General, dear, good Father Dorin.

Yours in Our Lord J. C.
