### PLEASE READ CAREFULLY

- I. All classes are reserved by college. Do not choose a section of a course which is reserved for a college other than your own unless you obtain the permission of your Dean or the Department Head who offers the course. In the college reservation column, "UN" indicates the course is open to all university students, whereas "GR" indicates that the Department Head's permission must be granted in order to take the course.
- II. The course sequence number is essential. Make certain it is correct. Print ALL digits in the number. The last two digits indicate the course section.
- III. Except where the actual time of a course is noted, the hour in the hour column indicates the half hour preceding the start of the class. If an hour is listed in the day column, it indicates the class hour when the class will end (i.e. TT 12). Blanks in the hour and day column indicate "TBA" - To Be Arranged. A 1½ hour course which begins at 1:30 and ends at 2:45 on Tu and Th, for example, would be shown as 1 TT 3.
- IV. In order to register after the Drill Hall closes, you must receive permission from the Dean of your college. Unless waived by the Dean, there is a fee of \$25.00. If permission is granted, report to Student Accounts for your certifications, then to the Academic Affairs Office.
- V. See page 2 of this booklet for special notices and registration instructions.
- VI. DO NOT LOSE THIS BOOK - IT WILL NOT BE REPLACED. You will need it to: (a) Complete registration and note the hour, days and location of your classes. (b) Check your examination schedule which is listed on page four. (c) Verify your semester schedule, a copy of which will be sent to you later in the semester.
