SEMESTER EXAMINATION SCHEDULES

FALL SEMESTER 1964-1965

1. Academic Regulation 31: One hour examinations must be given on the assigned examination dates listed below. In addition, but not in place of it, part of the final examination may be given on one of the last two regular class meetings at the discretion of the instructor. If a department has received the approval of the Dean of the College and the Office of Academic Affairs for a Departmental Examination in a course at the beginning of the semester, a two hour examination may be given at night in lieu of two separate one hour examinations.
2. The period for each Departmental Examination is for two hours. All other finals during the examination period are for one hour and are held in the regular classroom. Changes in the hour, date or place of examinations are not authorized. THE SCHEDULE FOR EXAMINATIONS IS GIVEN BELOW. NO EXCEPTIONS ARE PERMITTED.
3. In the Schedule Book the letters "D" or "C" appears beside each class. If the letter "C" appears, the course must be examined at the time set aside below for single hour examinations. (See Item 1 above.) If the letter "D" appears, please check below for the Departmental Examination time.
4. Night Classes: The same regulations apply as for those of the day classes.
5. Students who expect to graduate will take their examinations at the same times as all other students. Graduating seniors who have a "B" in a course may be exempt from the examination in that course at the discretion of the instructor.
6. The last class day is Saturday, January 23, 1965. Examinations begin on Tuesday, January 26, 1965 except for freshmen.
7. A student who misses an examination through his own fault will receive an "F". The instructor and the dean must both approve any request to take the examination at a later date before the student appears at the Office of Academic Affairs where a fee of \$15.00 will be charged in all cases.
8. Freshmen courses, except for English, will be scheduled as Departmentals at a later date.
