I. DEPARTMENTAL CODE (Column A on Form 50)

These are four or less letters which abbreviate the title of the department; it appears at the top of each new department in this Course Schedule, along with the location of the departmental offices. It also appears in the second column of the departmental course offerings.

II. THE "SFX" (suffix) IN THE COURSE NUMBER COLUMN (Column B on Form 50)

In the suffix column the letter(s) are used to differentiate between the purposes of the course or certain sections of it. "IS" is a course for International Students; "IA" is used for the Innsbruck, Austria program; "AF" for the Angers, France program; "TJ" for the Tokyo, Japan program; "TT" for the Taipei, Taiwan program; "MM" for the Mexico City, Mexico program; "RI" for the Rome, Italy fourth and fifth year Architecture program; "RM" for the Rome campus of Saint Mary's College program. The letters "A", "B", "C" are used when (for the same course) either the approach or the credit hours differ; "D" denotes a Drill or Demonstration course; "H" for Honors; "L" for Laboratory; "M" indicates that the class is primarily for majors; "N" denotes a night course (except for Architecture); "PU" denotes courses offered at Purdue University; "P" denotes Professional Theology courses; "R" for Research courses; "T" for Tutorial; and "QA" indicates credit given for Quantitative Analysis Laboratory. "S" suffix indicates studio courses which meet at actual clock hours indicated.

III. THE "CRE" (credit) HOUR COLUMN (Column C on Form 50)

This column reflects the total number of credits to be awarded in a particular course. If the column is blank, the course is a "no grade" class which is usually a portion of a lecture to which credit hours are assigned, i.e., Lab and Drill. If the column has "00" printed in it, the course is a "credit" course where the grade is usually "S" or "U" and it is not included in student averages. (Music Organization Courses neither credit nor grade is included in the average.) If the letter "V" is printed in the column, it is a variable credit hour course and the advisor must assign credit hours to the course on the Form 50. These variable credit classes have section numbers in the 50's. The credits assigned to all courses must agree with the catalog description.

IV. THE CLASS SEQUENCE NUMBER COLUMN OF THE SCHEDULE BOOKLET (Column D on Form 50)

Print the correct Class Sequence Number where it is requested on all forms. Incorrect Sequence Numbers will cause assignment to the wrong course or section or time. Print all six digits of the class sequence number. The first digit of all ROTC and Physical Education courses is zero "0". The last two digits of each Class Sequence Number indicates the "section" number and must be shown.

V. THE ABBREVIATION IN THE "HR-DAYS" (Hour-days) COLUMN
