# EXPLANATION OF CODING UTILIZED IN THIS SCHEDULE OF COURSES BOOKLET

## THE UNIVERSITY RESERVES THE RIGHT TO CANCEL OR RE-ASSIGN INSTRUCTORS OR STUDENTS IN A CLASS

### I COURSE TITLE

An abbreviated descriptive title of each course. More detailed course descriptions are available in the respective college section of the Bulletin of Information, Undergraduate Programs and in the respective departmental offices.

### II COURSE ID

#### A DEPARTMENTAL ABBREVIATION

These are four or less letters which abbreviate the title of the department. The abbreviated code appears at the top of each new department in this Schedule of Courses booklet, along with the location of the respective departmental office, as well as in the second column of the departmental course offerings.

#### B COURSE NUMBER AND SUFFIX

Use the appropriate course number and suffix indicated in this Schedule of Courses booklet. If a course is divided into two or more parts (lab, drill, demonstration, etc.), use the appropriate suffix to designate this information. The standard suffixes used are "A", "B", "C" and "D" for the same course when either the content, approach or the credit hours differ; "D" also denotes a Drill or Demonstration course; "F" for courses taught in (or in preparation for) the Foreign Studies program; "L" for Lab; "P" for Professional courses; "R" for Research courses; "S" for Studio courses which meet at actual clock hours indicated; "T" for Tutorial sections.

#### C SECTION NUMBER

A two digit number unique to each section of each course offered. Print both digits when requested.

### III CREDIT HOUR

This column reflects the total number of credits to be awarded in a particular course. If the credit hour column is blank, the course is a "no grade" class which is usually a portion of a lecture, i.e. Lab and Drill, to which credit hours are assigned. If the column has "00" printed in it, the course is a graded course where the grade is usually "S" or "U" and it is not included in student averages. If the letter "V" is printed in this column, it is a variable credit hour course and the advisor must assign credit hours to the course. These variable credit classes have section numbers in the 50's.

### IV HOUR/DAY ABBREVIATIONS

If the time is omitted, the instructor will arrange the class meeting hours with the students. Where hour/days are specified for a class, the following standard time and day designations are stipulated.

#### STANDARD TIME AND DAY DESIGNATIONS

(Variations may occur - consult this booklet and/or the appropriate department.)
