EXPLANATION OF THE COURSE FORMAT UTILIZED IN THIS SCHEDULE OF COURSES BOOKLET

I COURSE ID (Department Abbreviation, Course Number, Suffix, if applicable, and Section Number)

A DISCIPLINE

This abbreviation of four or less letters appears on the top line of each listed course in this Schedule of Courses booklet.

B COURSE NUMBER AND SUFFIX

This information appears immediately to the right of the departmental abbreviation. The three digit course number may have a one character alphabetic suffix. The standard suffixes used are "A", "B", "C" and "D" for the same course when either the content, approach or the credit hours differ; "D" also denotes a Drill or Demonstration course; "F" for courses taught in (or in preparation for) the Foreign Studies program; "L" for Lab; "P" for Professional courses; "R" for Research courses; "S" for Studio courses; "T" for Tutorial sections.

C SECTION NUMBER

A two digit number unique to each section of each course offered appears to the right of the course number and suffix.

II CREDIT HOUR

This information indicates the total number of credits to be awarded in a particular course. If the letter "V" is printed in this area, it is a variable credit hour course and the advisor must assign credit hours to the course. These variable credit earning courses have section numbers in the 50's.

III COURSE TITLE

A descriptive title which appears on the second line of each listed course. More detailed course descriptions are available in the respective Bulletins of Information and in the respective departmental offices.

IV INSTRUCTOR

This assignment is subject to change without notice. If available at the time of publication, the instructor's name will appear on the third line of each listed course.

Other information included with each listed course should be self-explanatory. If you have any questions regarding the enclosed listing, please contact the Office of the Registrar.

The University Reserves The Right To Cancel Or Re-Assign Instructors Or Students In A Course
