## FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT --- DIRECTORY INFORMATION

### *Notification of Rights Under the Family Educational Rights and Privacy Act*

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. "Education records" are those records, files, documents and other materials which contain information directly related to a student and which are maintained by the University, including admissions, disciplinary records, personal academic and financial aid files, employment records and placement records. The rights afforded by FERPA are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

The Office of the Vice President and General Counsel has been designated by the University to coordinate the inspection and review procedures for student education records. A student wishing to review the student's education records must make a written request to the Office of the Vice President and General Counsel listing the specific records the student wishes to inspect and review. The form for making such a written request may be obtained from the Office of the Vice President and General Counsel. Once such a request is received, the Office of the Vice President and General Counsel will make arrangements for access and notify the student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write to the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The rights to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office  
U. S. Department of Education  
400 Maryland Avenue, S. W.  
Washington, DC 20202-4605

At its discretion, the University, without the student's permission, may provide directory information in accordance with the provisions of FERPA. Such directory information includes: student name, addresses and telephone numbers (local and permanent), e-mail address, date and place of birth, photograph(s) of student (not ID picture), major field(s) of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. Students may withhold directory information by notifying the registrar in writing. These requests will be honored by the University for one academic year; therefore, authorization to withhold directory information must be filed by students annually in the Office of the Registrar.

### GRADUATION RATE

Of the students entering a full-time, first-year, bachelor degree-seeking program in the fall of 1994, 94 percent graduated within six years.

The complete IPEDS Graduation Rate survey may be found in the Office of Institutional Research.

## Web Registration

1. Before you can use the online registration system to register for classes, you must be advised in your department and obtain your **Registration Personal Identification Number (PIN)**.
2. If you are planning to register for a class that is **Permission Required**, you will also need to visit the department offering the class and get an **Authorization Number (AN)** to enter into the system when prompted.
3. Log in to **IrishLink** by entering your **AFS ID/Username** and **AFS Password (the same as your E-Mail password)**. Click on the **Login** button and **IrishLink** will take you to a welcome page. On the left side column click on the **Spring Registration** tab.
4. You will be prompted to enter your **Registration PIN**. Click the **Continue** button.
5. Once your PIN has been validated, the **Web Registration** page will appear.
6. On the left side of the page are buttons that will allow you to **Add, Drop, Swap** and **Alter** classes.
7. The bottom of the page will show any classes for which you are already registered and will update as you make changes.

### ADDING A CLASS

1. To add a class, click on the **Add Class** button. Enter the class call number in the blank provided and click the **Process Add** button. If you do not know the call number you can search for it by clicking on the **Find Class** button.
2. On the **Find Class** search screen, you can search by department, by course number, by day, or by time. After you have entered the criteria, click the **Process Find** button and you will be presented with a list of open classes matching your criteria. It may take several seconds for this list to appear. Repeatedly clicking the **Process Find** button will only slow down your search.
3. Once you locate a class on the open classes list, you can click the red double arrows to the left of the class name, or you can type the call number in the box at the top of the page. Once the call number has been entered, click the **Process Add** button. If you are approved for the class, a box will appear indicating that the class has been added and informing you of your total credits. Other communication boxes will appear if there are problems.

### ADDING A "PERMISSION REQUIRED" CLASS

When you add a class that is **Permission Required** you will be prompted for a six digit **Authorization Number (AN)**. *To see if your class is in this category, check the **Comments and Restrictions** section in the class schedule.* This AN number can only be obtained from the department offering the class. Enter the AN in the blank and you will be authorized to register for that class.

### ADDING A CLASS WITH "CO-REQ" REQUIREMENTS

When you add a class that has a **Co-Req(s)** required you must add the required **Co-Req(s)** during the same registration session, before selecting the **Save all work and Quit**. If you try to exit your session without adding the needed **Co-Req(s)** a warning notice will come onto the screen. You will be given a second chance to add the needed **Co-Req(s)**. Failure to add the required **Co-Req(s)** will result in the loss of the class which had the **Co-Req(s)** requirement. *To see if your class has a **Co-Req(s)** requirement, check the **Comments and Restrictions** section in the class schedule.*

### SAVING YOUR SCHEDULE

When you have completed your work and are ready to exit the system, click on the **Save all work and quit** button to save your schedule and exit the registration screen.

### DROPPING A CLASS

1. To drop a class, click on the **Drop Class** button. You can click on the double red arrows next to the class on your schedule that you wish to drop, or you can enter the course call number in the blank provided. Click the **Process Drop** button.
2. Once your class has been dropped, a confirmation box will appear informing you of the total number of credits after the change.
3. **NOTE:** If you drop a class that is a **Permission Required** class and needed an **Authorization Number (AN)**, you will not be able to add that class again without receiving a new AN from the department offering the class.

### SWAPPING CLASSES

1. The **Swap Class** function allows you to perform a drop and an add at the same time.
