FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT --- DIRECTORY INFORMATION

Notification of Rights Under the Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. "Education records" are those records, files, documents and other materials which contain information directly related to a student and which are maintained by the University, including admissions, disciplinary records, personal academic and financial aid files, employment records and placement records. The rights afforded by FERPA are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

The Office of the Vice President and General Counsel has been designated by the University to coordinate the inspection and review procedures for student education records. A student wishing to review the student's education records must make a written request to the Office of the Vice President and General Counsel listing the specific records the student wishes to inspect and review. The form for making such a written request may be obtained from the Office of the Vice President and General Counsel. Once such a request is received, the Office of the Vice President and General Counsel will make arrangements for access and notify the student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write to the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The rights to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U. S. Department of Education
400 Maryland Avenue, S. W.
Washington, DC 20202-4605

At its discretion, the University, without the student's permission, may provide directory information in accordance with the provisions of FERPA. Such directory information includes: student name, addresses and telephone numbers (local and permanent), e-mail address, date and place of birth, photograph(s) of student (not ID picture), major field(s) of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. Students may withhold directory information by notifying the registrar in writing. These requests will be honored by the University for one academic year; therefore, authorization to withhold directory information must be filed by students annually in the Office of the Registrar.

GRADUATION RATE

Of the students entering a full-time, first-year, bachelor degree-seeking program in the fall of 1997, 95 percent graduated within six years.

The complete IPEDS Graduation Rate survey may be found in the Office of Institutional Research.

Complete ENROLLMENT for the semester.

For each term that is **BOLD** and UNDERLINED see the following pages, arranged alphabetically, for further details.

REGISTRATION INFORMATION

ADVISING

The **Registration Alternate PIN** is required to access the registration worksheet. Students must make an appointment for academic advising and to obtain their **Registration Alternate PIN**. The advising process varies among the colleges and departments. Students should contact the department of their first major for guidelines. **Do this early!** Those who delay advising until immediately before their registration time ticket begins, may have difficulty obtaining their **Registration Alternate PIN** in time.

AUDITING A CLASS - Graduate students only

Only graduate level students are permitted to audit. All regulations and restrictions regarding registration to a class remain in effect, whether or not the class is taken for audit or credit. This audit must be declared by the seventh class day of the semester.

- Add the class on Register: Add/Drop
- Exit insideND
- Go to the Office of the Registrar, 105 Main Building
- Request the Audit
- The Office of the Registrar will modify your grade mode to "Audit"

CLASS LOADS AND OVERLOADS

Students will not be allowed to register for an "overload" class schedule without permission of the student's assistant/associate dean. The number of credits constituting an "overload" varies by college or school. If permission for an "overload" is granted, the assistant/associate dean will enter the new maximum directly into the student's record. The student can then use **Register: Add/Drop** to obtain the additional class.

All classes, including ROTC and Music, count toward the maximum credits allowed by a department.

The maximum number of credits allowed without overload permission is:

| <u>College</u> | <u>Maximum Credits</u> |
|-----------------------------|------------------------|
| Architecture | 19 |
| Arts and Letters | 17 |
| Business (sophomores) | 15 |
| Business (juniors, seniors) | 18 |
| Engineering | 19 |
| First Year of Studies | 18 |
| Science | 18 |
| Graduate Business | 16 |

CLASSIFICATION CALCULATIONS

"Classification" is the new terminology for what was referred to as "Level". Classification indicates whether a student is a Freshman, Sophomore, Junior, Senior, Fifth Year Architecture Senior, First Year Law Student, 2nd Year Graduate Business student, etc.

Some classes are also restricted by classification and seats may be allocated by classification.

Registration time tickets are scheduled by student Classification. Students having questions about their classification should contact the associate or assistant dean in their college.

To check your classification, go to insideND and select **View Registration Status** from your "Student Services" channel. Scroll down to look under "Curriculum Information". For more curriculum information click on the "Degree" information, hyperlink.

CO-REQUISITE CLASSES

On the Register Add/Drop screen, also known as the "registration worksheet," classes with co-requisite courses must be submitted at the same time. The CRNs for each co-requisite course must be present on the registration worksheet when the "Submit Changes" button is clicked.

For example, if a course has a lab, the CRN of the main course must be on the registration worksheet AND the CRN of the lab must be on the registration worksheet prior to "Submit Changes" being clicked.

COURSE REFERENCE NUMBER - CRN

CRN stands for "Course Reference Number" and is used when registering for classes. It replaces the old "Call Number" of the class. It is not the same as the Course Number.

CRN's will be 4 digits long for Summer Session and 5 digits long for Fall and Spring semesters. In the Fall, CRN's will begin with a "1." In the Spring, CRN's will begin with a "2."

COURSE RENUMBERING

Why are the course numbers 5 digits?

Beginning in Summer Session 2005, all the courses offered at Notre Dame will be 5 numeric digits long. The course numbering scheme at the University changed for several reasons:

- Expanding to five digits created additional course numbers available for use by the departments
- Allowing the departments to renumber their courses gave them the opportunity to group courses along subject or content lines, creating a more intuitive course management system
- Renumbering all the courses created a more universal numbering scheme across the University by instituting numbering standards.

How do I interpret the new course numbering scheme?

The new numbering scheme includes some built-in standards. The first digit of the new course number indicates the Level of the course. 1 through 5 are undergraduate courses, 6 through 9 are graduate level courses. The second digit indicates what type of course it is, be it a lab, a tutorial, a seminar, or study abroad. Zero will be the most frequently used second digit, as it indicates the course is a "regular lecture" course.

How do I tell if a course is a lab? Or a seminar?

The second digit of the new 5-digit course number is the key to determining what type of course it is. The most common second digits will be "0" to indicate the course is a "regular lecture" course, "1" to indicate the course is a lab, "2" to indicate a discussion group or tutorial, and "3" to indicate a seminar. The complete listing of second digit meanings is indicated below.

What does the second digit in the new course number stand for?

- X 0 - XXX = Regular lecture course
- X 1 - XXX = Lab / Drill / Studio
- X 2 - XXX = Tutorial / Discussion Group
- X 3 - XXX = Seminar
- X 4 - XXX = Off Campus / Study Abroad
- X 5 - XXX = Internship / Field Work
- X 6 - XXX = Directed Readings
- X 7 - XXX = Special Studies
- X 8 - XXX = Thesis / Research / Dissertation
- X 9 - XXX = Reserved for Future Use

How should we refer to the new course numbers? Five digits is a lot to say...

The first two numbers should be taken as one entity, and the last three numbers should be taken as a second entity. This way, referring to course HIST 20345, would be spoken, "History Twenty, Three Forty Five." A Senior HIST seminar, 43219, for example, would be Forty Three, Two Nineteen.

What happened to HIST 347G?

If you know a specific old course number and want to know the new number, you can use the Course Inventory application (<http://reg-apps.nd.edu/CourseInventory/>).

Does this mean I can register for courses I've already taken?

No. All the old 3-digit course numbers have been coded into the new system as "equivalent courses" to their new 5-digit counterparts. If you attempt to register for a course you have already taken under the 3-digit numbering scheme, you will receive an error if the course is not repeatable.

ENROLLMENT

The process in which a student informs the University Registrar of his or her intention to pursue the classes for which they have registered. All students are required to Enroll each semester. Enrollment must be completed by midnight on the seventh class day. Students that have not enrolled by the seventh class day, and who have not made arrangements with their academic dean for late enrollment, are determined to be "Inactive" for the semester **and their classes will be removed from their schedule**. Enrollment is accessed by selecting **Enrollment** from the "Student Services" channel on insideND at <http://inside.nd.edu>.

ERROR (Registration Add Error)

When a student attempts to register for a class for which he/she is not eligible a "Registration Add Error" will appear in the area just above the "Registration Worksheet".

"Department" (listed in the following table)

The "Department" error means that the class is "Department Approval Required" and for which the academic department must determine the student's qualifications (educational background, knowledge, or skills) before approval is granted to register. Obtain the appropriate approval for each "Department Approval Required" course from the department offering the class (authorization numbers are no longer needed). Once the department has recorded the approval in the student's registration record, the student may register for the class on **Register: Add/Drop**. Approvals may be granted during advising, prior to the student's time ticket.

All Other Registration Add Errors (from the following table)

Any restrictions requested by a department will be listed in the "Comments & Restrictions" column of the "Schedule of Classes" search, the "Class Search", or in "The Hours of Instruction" book. There are a number of restrictions a department might place on a class for registration. For example, classes can be restricted to a certain classification such as sophomores; or a course can be reserved for a given group (major, degree, etc.). If you encounter a "Registration Error" pick another class. (For the "Department" error, which is Department Approval Required" classes, contact the department offering the class to obtain approval).

| THE REGISTRATION ADD ERROR MESSAGE IS .. | WHAT IT MEANS ... |

| TIME CONFLICT + CRN of conflict | Student is attempting to register for two classes that meet at the same time or overlapping times. |

FULL-TIME/PART-TIME STATUS

An undergraduate degree-seeking student **must be in full-time status each semester**. Any undergraduate student who is enrolled in at least 12 credit hours is considered **full-time**. A student who believes that special circumstances may require him/her to carry fewer than 12 semester hours in any semester (including a senior in his or her last semester), must seek approval from his/her respective college to be part-time. This request and conversion, if approved, must be made before the seventh class day of Fall or Spring semester. If permission is granted, the dean will make the modification in the student's record. The Office of Student Accounts will be notified of the change of status and, if necessary, an adjustment to tuition will be made. There will be no adjustment of tuition unless permission is given by the dean and the class schedule is changed before the seventh class day of the Fall or Spring semester.

Graduate level, Law, and Graduate Business students should see their advisor or department for more information.

insideND & the "Student Services" CHANNEL

Students can access their registration status, class searches, and the registration worksheet via insideND (<http://inside.nd.edu>) in the "Student Services" channel. Log in to insideND using your NetID and password.

PASS/FAIL OPTION

Undergraduates: According to the Academic Code, (19.1): "Each junior or senior undergraduate may file with their dean during the first seven class days of the semester the decision to take one elective course, outside the student's major department and not required by the student's program, per semester on a pass/fail basis. Such a filing is irrevocable and will result in conversion by the registrar of the instructor's final grade report into an entry of P ('pass') or F ('fail') on the student's record. The instructor will not be informed that the student has elected the pass/fail grading option. The registrar will interpret the final grades of 'A' through 'D' as 'pass'. If a final grade of 'F' is issued, it will be computed into the student's grade point average."

Students must first register for a class before the Pass/Fail Option can be applied. All Pass/Fail Option changes are processed in the dean's office. If the dean approves the Pass/Fail Option (or change), he or she will enter the information directly on to the student's record.

The last day for all Pass/Fail Option changes for the Fall 2005 semester is August 31, 2005.

Law Students: The Pass/Fail Option is also available to students in the Law School, but is limited to a total of two non-required courses, and only with the permission of the course instructor. These courses cannot be taken in the same semester. Permission must be obtained from the Law School Registrar.

PERMIT-OVERRIDE

Exemption forms have been replaced in the new system by electronic permissions and overrides, which will be entered directly into the system, onto a student's record, allowing them to register for a particular class. Authorization numbers for classes that are "Department Approval Required" will also be entered electronically. The permissions and overrides can be entered by departmental staff prior to registration, during the advising period which begins March 23.

Receiving a permission or an override does not register the student into the class. Students must still web register for any courses they receive permissions and overrides for. Receiving a permission or an override does not guarantee the student a seat in the class, it simply enables the student to attempt to web register for the course.

REGISTRATION ALTERNATE PIN

The "Alternate PIN" is the terminology used for the Registration PIN. The "Alternate PIN" is the PIN received from an academic advisor or department to be used for registration.

The **Registration Alternate PIN** is required for entry into registration. Students must make an appointment for academic advising and to obtain their **Registration Alternate PIN**. The advising process varies among the colleges and departments. Students should contact the department of their first major for guidelines. **Do this early!** Those who delay advising until immediately before their registration time ticket begins may have difficulty obtaining their **Registration Alternate PIN** in time.

Once obtained, the **Registration Alternate PIN** will be valid through 11:59 p.m. August 31, 2005. Students who are returning from an official Leave of Absence will have Registration Alternate PINs available in the departmental office of their major. Freshmen should follow the guidelines sent by the First Year of Studies.

You will be required to enter your Registration Alternate PIN each time you enter **Register: Add/Drop**. After you register for at least one class, if you forget your "Alternate PIN" you can find it by clicking the "Forgotten PIN" link at the bottom of the "Registration PIN Verification" page.

SAINT MARY'S (REGISTERING FOR CLASSES)

The entire Saint Mary's College Fall 2005 Schedule of Classes is available through "PRISM" at the Saint Mary's web site. The URL is: <http://www.saintmarys.edu/~regoff/>

Notre Dame students are permitted to register for Saint Mary's College classes if space permits and if the class prerequisites are met.

There are two methods of registering for Saint Mary's College classes:

- A) **Register: Add/Drop** in insideND may be used to register for selected EDUC, RLST, SW, and THTR classes. These classes are listed in this book.

Any Saint Mary's classes successfully registered for using Register: Add/Drop will immediately appear on the Notre Dame student's schedule.

- B) To register for other Saint Mary's classes, complete a *Saint Mary's Intent* form, which is available in the Notre Dame Office of the Registrar, 105 Main Building.

In order to receive priority, by student classification the intent form must be returned to the Notre Dame Office of the Registrar by Monday, April 6. Forms returned after this date are considered by Saint Mary's College only if space is available. However, after Wednesday, April 19 no forms will be processed until the first day of Fall 2005 classes.

Any Saint Mary's College classes successfully registered will appear on the Notre Dame student's schedule after appointment times end on April 20, 2005.

ADDING SAINT MARY'S CLASSES

Saint Mary's College classes may also be added during the first seven class days of the semester. Notre Dame students must take a *Saint Mary's Add Form* to the Saint Mary's department offering the course and obtain a signature of approval. The form must also be approved by the Saint Mary's Registrar (161 LeMans). This form must also be signed by the student's dean at Notre Dame, and then returned to the Notre Dame Registrar's office.

DROPPING SAINT MARY'S CLASSES

Saint Mary's College classes may be dropped using **Register: Add/Drop** insideND at anytime after registering for the class through the first seven class day of the semester (August 31, 2005). After this date, and through the last day to discontinue classes, any drop must be completed on a form and signed by the student's dean at Notre Dame. Check the academic calendar for specific class change deadlines.

SCHEDULE (VIEW OR PRINT)

After registering for classes, students can view their class schedule using the "View Week at a Glance" link in the Student Services channel in insideND. The "Week at a Glance" view defaults to "today." If a student wants to view how their summer (or fall) classes line up, they will need use the "Jump To" feature in the upper right-hand corner and enter a date that falls after the start of the semester they're looking at. Students can print this view directly from their browser using either File, Print, or the Print icon.

For example: Students register on 03/16 for Summer 2005 and they click "View Week at a Glance." It displays the week of 03/16/2005, with no information about the courses they just registered for. Students would enter 06/15/2005 in the "Jump To" box to display a week when their classes are beginning.

SEAT ALLOCATION

"Seat Allocation" is a feature of the new registration system. Departments are now able to determine the maximum number of seats that are available in a particular class and that can be allocated based on the Level, Major, or Classification of the students who are attempting to register for it.

When departments assign the seat allocations for their classes, they may do so using Level (undergraduate, graduate, law, etc.), Major (HIST, HIS2, etc.), or Classification (Freshmen, Seniors, 1st year MBA's, etc). For example, a class can have seats allocated as follows: 10 Unallocated seats and 15 ANTH Majors seats

These seat allocations are still subject to whatever other registration restrictions are in place. In other words, if the class in the example above had also been "Seniors only", then only Seniors would be able to fill the unallocated seats and only Senior majors would be able to take the seats allocated to majors.

Also, it is important to note that there is no "overflow" capability from one allocation to another. In the example above, if all 15 seats were filled by students who are majors, then the sixteenth Anthropology major would NOT be able to register for the class even if there were seats still available in the "unallocated" portion of the class.

TIME TICKET ASSIGNMENTS

"Registration Time Ticketing" is the new phrase for the old registration "appointment time." In the past, students had an appointment that lasted 15 minutes when they could add and drop classes on the web. In the new system, a student's time ticket indicates when they are able to start registering for classes. The registration "window" doesn't close for the student until the seventh class day of the semester for which they are registering for.

Beginning on Wednesday, March 23 registration time ticket dates and times will be posted for each student on insideND. Students may view their time ticket for Fall 2005 by selecting **View Registration Status** from the "Student Services" channel.

Registration time tickets for students are scheduled by the student's classification, as shown in the following table:

| | |
|---|------------------------|
| Undergraduate Seniors (including 5th year ARCH) | April 11 and 12 |
| Graduate (PhD), Graduate Business, and 3rd year Law | April 13 |

WORKSHEET (Registration Worksheet)

Classes can be added to the registration worksheet in two ways. The first way is to simply type the CRN of the course. Students can add up to ten CRN's at the same time, and submit all of them simultaneously by clicking "Submit Changes." Students will **not** be allowed to exceed the maximum number of credits allowed per semester.

The second way to add a CRN to the worksheet is to perform a "class search." With the results displayed, click the check box to the left of the CRN for the class or classes you wish to add to your worksheet. Clicking "Add to Worksheet" does not register you into those classes. Only "Submit Changes" processes the registration. CRN's added to the worksheet will stay on the worksheet for the entire session that you are logged in, even through multiple class searches. Clicking "Submit Changes" will process the CRN's and clear the worksheet.

If you are scheduled to give a departmental exam, (i.e. if your course is listed above), you must give the exam at that time rather than at the standard exam time. Changes regarding St. Mary's courses need the permission of the Academic Affairs Office at SMC. The FYC 110 and University Seminar 180 will not conflict with other examinations and do not count in the "no more than three examinations in a 24-hour period" rule.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT --- DIRECTORY INFORMATION

Notification of Rights Under the Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. "Education records" are those records, files, documents and other materials which contain information directly related to a student and which are maintained by the University, including admissions, disciplinary records, personal academic and financial aid files, employment records and placement records. The rights afforded by FERPA are:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

The Office of the Vice President and General Counsel has been designated by the University to coordinate the inspection and review procedures for student education records. A student wishing to review the student's education records must make a written request to the Office of the Vice President and General Counsel listing the specific records the student wishes to inspect and review. The form for making such a written request may be obtained from the Office of the Vice President and General Counsel. Once such a request is received, the Office of the Vice President and General Counsel will make arrangements for access and notify the student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write to the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The rights to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U. S. Department of Education
400 Maryland Avenue, S. W.
Washington, DC 20202-4605

At its discretion, the University, without the student's permission, may provide directory information in accordance with the provisions of FERPA. Such directory information includes: student name, addresses and telephone numbers (local and permanent), e-mail address, date and place of birth, photograph(s) of student (not ID picture), major field(s) of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. Students may withhold directory information by notifying the registrar in writing. These requests will be honored by the University for one academic year; therefore, authorization to withhold directory information must be filed by students annually in the Office of the Registrar.

GRADUATION RATE

Of the students entering a full-time, first-year, bachelor degree-seeking program in the fall of 1997, 95 percent graduated within six years.

The complete IPEDS Graduation Rate survey may be found in the Office of Institutional Research.

For each term that is **BOLD** and **UNDERLINED** see the following pages, arranged alphabetically, for further details.

REGISTRATION INFORMATION

ADVISING

The **Registration Alternate PIN** is required to access the registration worksheet. Students must make an appointment for academic advising and to obtain their **Registration Alternate PIN**. The advising process varies among the colleges and departments. Students should contact the department of their first major for guidelines. **Do this early!** Those who delay advising until immediately before their registration time ticket begins, may have difficulty obtaining their **Registration Alternate PIN** in time.

AUDITING A CLASS - Graduate students only

Only graduate level students are permitted to audit. All regulations and restrictions regarding registration to a class remain in effect, whether or not the class is taken for audit or credit. This audit must be declared by the seventh class day of the semester.

- Add the class on Register: Add/Drop
- Exit insideND
- Go to the Office of the Registrar, 105 Main Building
- Request the Audit
- The Office of the Registrar will modify your grade mode to "Audit"

CLASS LOADS AND OVERLOADS

Students will not be allowed to register for an "overload" class scheduled without permission of the student's assistant/associate dean. The number of credits constituting an "overload" varies by college or school. If permission for an "overload" is granted, the assistant/associate dean will enter the new maximum directly into the student's record. The student can then use **Register: Add/Drop** to obtain the additional class.

All classes, including ROTC and Music, count toward the maximum credits allowed by a department.

The maximum number of credits allowed without overload permission is:

| <u>College</u> | <u>Maximum Credits</u> |
|-----------------------------|------------------------|
| Architecture | 19 |
| Arts and Letters | 17 |
| Business (sophomores) | 15 |
| Business (juniors, seniors) | 18 |
| Engineering | 19 |
| First Year of Studies | 18 |

CLASSIFICATION CALCULATIONS

"Classification" is the new terminology for what was referred to as "Level". Classification indicates whether a student is a Freshman, Sophomore, Junior, Senior, Fifth Year Architecture Senior, First Year Law Student, 2nd Year Graduate Business student, etc.

Some classes are also restricted by classification and seats may be allocated by classification.

Registration time tickets are scheduled by student Classification. Students having questions about their classification should contact the associate or assistant dean in their college.

To check your classification, go to insideND and select **View Registration Status** from your "Student Services" channel. Scroll down to look under "Curriculum Information". For more curriculum information click on the "Degree" information hyperlink.

CO-REQUISITE CLASSES

On the Register Add/Drop screen, also known as the "registration worksheet," classes with co-requisite courses must be submitted at the same time. The CRNs for each co-requisite course must be present on the registration worksheet when the "Submit Changes" button is clicked.

For example, if a course has a lab, the CRN of the main course must be on the registration worksheet AND the CRN of the lab must be on the registration worksheet prior to "Submit Changes" being clicked.

COURSE REFERENCE NUMBER - CRN

CRN stands for "Course Reference Number" and is used when registering for classes. It replaces the old "Call Number" of the class. It is not the same as the Course Number.

CRN's will be 4 digits long for Summer Session and 5 digits long for Fall and Spring semesters. In the Fall, CRN's will begin with a "1." In the Spring, CRN's will begin with a "2."

COURSE RENUMBERING

Why are the course numbers 5 digits?

Beginning in Summer Session 2005, all the courses offered at Notre Dame will be 5 numeric digits long. The course numbering scheme at the University changed for several reasons:

- Expanding to five digits created additional course numbers available for use by the departments
- Allowing the departments to renumber their courses gave them the opportunity to group courses along subject or content lines, creating a more intuitive course management system
- Renumbering all the courses created a more universal numbering scheme across the University by instituting numbering standards.

How do I interpret the new course numbering scheme?

The new numbering scheme includes some built-in standards. The first digit of the new course number indicates the Level of the course. 1 through 5 are undergraduate courses, 6 through 9 are graduate level courses. The second digit indicates what type of course it is, be it a lab, a tutorial, a seminar, or study abroad. Zero will be the most frequently used second digit, as it indicates the course is a "regular lecture" course.

How do I tell if a course is a lab? Or a seminar?

The second digit of the new 5-digit course number is the key to determining what type of course it is. The most common second digits will be "0" to indicate the course is a "regular lecture" course, "1" to indicate the course is a lab, "2" to indicate a discussion group or tutorial, and "3" to indicate a seminar. The complete listing of second digit meanings is indicated below.

What does the second digit in the new course number stand for?

- X 0 - XXX = Regular lecture course
- X 1 - XXX = Lab / Drill / Studio
- X 2 - XXX = Tutorial / Discussion Group
- X 3 - XXX = Seminar
- X 4 - XXX = Off Campus / Study Abroad
- X 5 - XXX = Internship / Field Work
- X 6 - XXX = Directed Readings
- X 7 - XXX = Special Studies
- X 8 - XXX = Thesis / Research / Dissertation
- X 9 - XXX = Reserved for Future Use

How should we refer to the new course numbers? Five digits is a lot to say...

The first two numbers should be taken as one entity, and the last three numbers should be taken as a second entity. This way, referring to course HIST 20345, would be spoken, "History Twenty, Three Forty Five." A Senior HIST seminar, 43219, for example, would be Forty Three, Two Nineteen.

What happened to HIST 347G?

If you know a specific old course number and want to know the new number, you can use the Course Inventory application (<http://reg-apps.nd.edu/CourseInventory/>).

Does this mean I can register for courses I've already taken?

No. All the old 3-digit course numbers have been coded into the new system as "equivalent courses" to their new 5-digit counterparts. If you attempt to register for a course you have already taken under the 3-digit numbering scheme, you will receive an error if the course is not repeatable.

ENROLLMENT

The process in which a student informs the University Registrar of his or her intention to pursue the classes for which they have registered. All students are required to Enroll each semester. Enrollment must be completed by midnight on the seventh class day. Students that have not enrolled by the seventh class day, and who have not made arrangements with their academic dean for late enrollment, are determined to be "Inactive" for the semester **and their classes will be removed from their schedule.** Enrollment is accessed by selecting **Enrollment** from the "Student Services" channel on insideND at <http://inside.nd.edu>.

ERROR (Registration Add Error)

When a student attempts to register for a class for which he/she is not eligible a "Registration Add Error" will appear in the area just above the "Registration Worksheet".

"Department" (listed in the following table)

The "Department" error means that the class is "Department Approval Required" and for which the academic department must determine the student's qualifications (educational background, knowledge, or skills) before approval is granted to register. Obtain the appropriate approval for each "Department Approval Required" course from the department offering the class (authorization numbers are no longer needed). Once the department has recorded the approval in the student's registration record, the student may register for the class on **Register: Add/Drop**. Approvals may be granted during advising, prior to the student's time ticket.

All Other Registration Add Errors (from the following table)

Any restrictions requested by a department will be listed in the "Comments & Restrictions" column of the "Schedule of Classes" search, the "Class Search", or in "The Hours of Instruction" book. There are a number of restrictions a department might place on a class for registration. For example, classes can be restricted to a certain classification such as sophomores; or a course can be reserved for a given group (major, degree, etc.). If you encounter a "Registration Error" pick another class. (For the "Department" error, which is Department Approval Required" classes, contact the department offering the class to obtain approval).

| THE REGISTRATION ADD ERROR MESSAGE IS . . | WHAT IT MEANS . . . |
|---|--|

| TIME CONFLICT + CRN of conflict | Student is attempting to register for two classes that meet at the same time or overlapping times. |

FULL-TIME/PART-TIME STATUS

An undergraduate degree-seeking student **must be in full-time status each semester**. Any undergraduate student who is enrolled in at least 12 credit hours is considered **full-time**. A student who believes that special circumstances may require him/her to carry fewer than 12 semester hours in any semester (including a senior in his or her last semester), must seek approval from his/her respective college to be part-time. This request and conversion, if approved, must be made before the seventh class day of Fall or Spring semester. If permission is granted, the dean will make the modification in the student's record. The Office of Student Accounts will be notified of the change of status and, if necessary, an adjustment to tuition will be made. There will be no adjustment of tuition unless permission is given by the dean and the class schedule is changed before the seventh class day of the Fall or Spring semester.

Graduate level, Law, and Graduate Business students should see their advisor or department for more information.

insideND & the "Student Services" CHANNEL

Students can access their registration status, class searches, and the registration worksheet via insideND (<http://inside.nd.edu>) In the "Student Services" channel. Log in to insideND using your NetID and password.

PASS/FAIL OPTION

Undergraduates: According to the Academic Code, (19.1): "Each junior or senior undergraduate may file with their dean during the first seven class days of the semester the decision to take one elective course, outside the student's major department and not required by the student's program, per semester on a pass/fail basis. Such a filing is irrevocable and will result in conversion by the registrar of the instructor's final grade report into an entry of P ('pass') or F ('fail') on the student's record. The instructor will not be informed that the student has elected the pass/fail grading option. The registrar will interpret the final grades of 'A' through 'D' as 'pass'. If a final grade of 'F' is issued, it will be computed into the student's grade point average."

Students must first register for a class before the Pass/Fail Option can be applied. All Pass/Fail Option changes are processed in the dean's office. If the dean approves the Pass/Fail Option (or change), he or she will enter the information directly on to the student's record.

The last day for all Pass/Fail Option changes for the Fall 2005 semester is August 31, 2005.

Law Students: The Pass/Fail Option is also available to students in the Law School, but is limited to a total of two non-required courses, and only with the permission of the course instructor. These courses cannot be taken in the same semester. Permission must be obtained from the Law School Registrar.

PERMIT-OVERRIDE

Exemption forms have been replaced in the new system by electronic permissions and overrides, which will be entered directly into the system, onto a student's record, allowing them to register for a particular class. Authorization numbers for classes that are "Department Approval Required" will also be entered electronically. The permissions and overrides can be entered by departmental staff prior to registration, during the advising period which begins March 23.

Receiving a permission or an override does not register the student into the class. Students must still web register for any courses they receive permissions and overrides for. Receiving a permission or an override does not guarantee the student a seat in the class, it simply enables the student to attempt to web register for the course.

REGISTRATION ALTERNATE PIN

The "Alternate PIN" is the terminology used for the Registration PIN. The "Alternate PIN" is the PIN received from an academic advisor or department to be used for registration.

The **Registration Alternate PIN** is required for entry into registration. Students must make an appointment for academic advising and to obtain their **Registration Alternate PIN**. The advising process varies among the colleges and departments. Students should contact the department of their first major for guidelines. **Do this early!** Those who delay advising until immediately before their registration time ticket begins may have difficulty obtaining their **Registration Alternate PIN** in time.

Once obtained, the **Registration Alternate PIN** will be valid through 11:59 p.m. August 31, 2005. Students who are returning from an official Leave of Absence will have Registration Alternate PINs available in the departmental office of their major. Freshmen should follow the guidelines sent by the First Year of Studies.

You will be required to enter your Registration Alternate PIN each time you enter **Register: Add/Drop**. After you register for at least one class, if you forget your "Alternate PIN" you can find it by clicking the "Forgotten PIN" link at the bottom of the "Registration PIN Verification" page.

SAINT MARY'S (REGISTERING FOR CLASSES)

The entire Saint Mary's College Fall 2005 Schedule of Classes is available through "PRISM" at the Saint Mary's web site. The URL is: <http://www.saintmarys.edu/~regoff/>

Notre Dame students are permitted to register for Saint Mary's College classes if space permits and if the class prerequisites are met.

There are two methods of registering for Saint Mary's College classes:

- A) **Register: Add/Drop** in insideND may be used to register for selected EDUC, RLST, SW, and THTR classes. These classes are listed in this book.

Any Saint Mary's classes successfully registered for using Register: Add/Drop will immediately appear on the Notre Dame student's schedule.

- B) To register for other Saint Mary's classes, complete a *Saint Mary's Intent* form, which is available in the Notre Dame Office of the Registrar, 105 Main Building.

In order to receive priority, by student classification the intent form must be returned to the Notre Dame Office of the Registrar by Monday, April 6. Forms returned after this date are considered by Saint Mary's College only if space is available. However, after Wednesday, April 19 no forms will be processed until the first day of Fall 2005 classes.

Any Saint Mary's College classes successfully registered will appear on the Notre Dame student's schedule after appointment times end on April 20, 2005.

ADDING SAINT MARY'S CLASSES

Saint Mary's College classes may also be added during the first seven class days of the semester. Notre Dame students must take a *Saint Mary's Add Form* to the Saint Mary's department offering the course and obtain a signature of approval. The form must also be approved by the Saint Mary's Registrar (161 LeMans). This form must also be signed by the student's dean at Notre Dame, and then returned to the Notre Dame Registrar's office.

DROPPING SAINT MARY'S CLASSES

Saint Mary's College classes may be dropped using **Register: Add/Drop** insideND at anytime after registering for the class through the first seven class day of the semester (August 31, 2005). After this date, and through the last day to discontinue classes, any drop must be completed on a form and signed by the student's dean at Notre Dame. Check the academic calendar for specific class change deadlines.

SCHEDULE (VIEW OR PRINT)

After registering for classes, students can view their class schedule using the "View Week at a Glance" link in the Student Services channel in insideND. The "Week at a Glance" view defaults to "today." If a student wants to view how their summer (or fall) classes line up, they will need use the "Jump To" feature in the upper right-hand corner and enter a date that falls after the start of the semester they're looking at. Students can print this view directly from their browser using either File, Print, or the Print icon.

For example: Students register on 03/16 for Summer 2005 and they click "View Week at a Glance." It displays the week of 03/16/2005, with no information about the courses they just registered for. Students would enter 06/15/2005 in the "Jump To" box to display a week when their classes are beginning.

SEAT ALLOCATION

"Seat Allocation" is a feature of the new registration system. Departments are now able to determine the maximum number of seats that are available in a particular class and that can be allocated based on the Level, Major, or Classification of the students who are attempting to register for it.

When departments assign the seat allocations for their classes, they may do so using Level (undergraduate, graduate, law, etc.), Major (HIST, HIS2, etc.), or Classification (Freshmen, Seniors, 1st year MBA's, etc). For example, a class can have seats allocated as follows: 10 Unallocated seats and 15 ANTH Majors seats

These seat allocations are still subject to whatever other registration restrictions are in place. In other words, if the class in the example above had also been "Seniors only", then only Seniors would be able to fill the unallocated seats and only Senior majors would be able to take the seats allocated to majors.

Also, it is important to note that there is no "overflow" capability from one allocation to another. In the example above, if all 15 seats were filled by students who are majors, then the sixteenth Anthropology major would NOT be able to register for the class even if there were seats still available in the "unallocated" portion of the class.

TIME TICKET ASSIGNMENTS

"Registration Time Ticketing" is the new phrase for the old registration "appointment time." In the past, students had an appointment that lasted 15 minutes when they could add and drop classes on the web. In the new system, a student's time ticket indicates when they are able to start registering for classes. The registration "window" doesn't close for the student until the seventh class day of the semester for which they are registering for.

Beginning on Wednesday, March 23 registration time ticket dates and times will be posted for each student on insideND. Students may view their time ticket for Fall 2005 by selecting **View Registration Status** from the "Student Services" channel.

Registration time tickets for students are scheduled by the student's classification, as shown in the following table:

WORKSHEET (Registration Worksheet)

Classes can be added to the registration worksheet in two ways. The first way is to simply type the CRN of the course. Students can add up to ten CRN's at the same time, and submit all of them simultaneously by clicking "Submit Changes." Students will **not** be allowed to exceed the maximum number of credits allowed per semester.

The second way to add a CRN to the worksheet is to perform a "class search." With the results displayed, click the check box to the left of the CRN for the class or classes you wish to add to your worksheet. Clicking "Add to Worksheet" does not register you into those classes. Only "Submit Changes" processes the registration. CRN's added to the worksheet will stay on the worksheet for the entire session that you are logged in, even through multiple class searches. Clicking "Submit Changes" will process the CRN's and clear the worksheet.
