President's Faculty Meeting

Rev. Theodore M. Hesburgh, President of the University, will deliver his annual State of the University address to the faculty at 4:30 p.m. Oct. 12 in Washington Hall. All faculty members are invited to attend.

Career Training Program

A 12-week training program to increase the number of professional women in the field of environmental health engineering and science has been located at Notre Dame. The program will offer "career facilitation training" to women who hold a degree in science or engineering but who are not currently employed in their degree field. Participants will be encouraged to enter directly into graduate training or employment in environmental health after completing the training session.

To be eligible for the program, a woman must have received a bachelor's or master's degree in biology, chemistry, computer science, engineering, mathematics or a related area of science no less than two and no more than 15 years ago. No tuition will be charged for the training program, which is funded by the National Science Foundation and conducted by Notre Dame's Department of Civil Engineering. The program will be offered four times, with sessions scheduled to begin Jan. 17, 1977; May 30, 1977; Sept. 5, 1977; and Jan. 16, 1978. Project director, Lloyd H. Ketchum, Jr., assistant professor of civil engineering, will be assisted by three other civil engineering faculty members, Robert L. Irvine, associate professor, and Terry W. Sturm and Thomas L. Theis, assistant professors.

Make-Up Day for Photos

Tuesday, Oct. 12, has been designated a make-up day for those faculty and administrators who could not make the initial sitting on Sept. 21-23 for a portrait for the Notre Dame Report photographic directory.

Those coming may stop in at the office of the director of photographic services, Bruce Harlan, between 8 a.m. and 5 p.m. (including the noon hour). No reservation is necessary and there is no charge for the sitting. To get to Harlan's office, enter Gate 1 of the Athletic and Convocation Center, turn right and enter the first office door (C-48).

Lilly Endowment Faculty Open Fellowships

Applications for the 1977-78 Lilly Foundation Faculty Open Fellowships are available in the Office of Advanced Studies, Administration Building, and must be returned by October 25. A minimum of 10 fellowships will be offered for the coming academic year, and the maximum for a single award is \$20,000.

The Lilly Fellowship seeks to locate teacher/scholars in mid-career who seek a break from academic routine with the hope that it will mean an opportunity to test or apply theory in "real life" settings; for others, it may mean a period of reading and reflection on the overall enterprise of teaching and curriculum building. James O. Bellis, associate professor of sociology and anthropology, has received one of the 1976-77 Fellowships and is presently on leave from the University.

Vol. 6, No. 2

Oct. 1, 1976

Notre Dame Report is an official publication published fortnightly during the school year, monthly in summer, by the University of Notre Dame, Department of Information Services. Application to mail at second-class postage rates is pending at Notre Dame, Indiana.
© 1976 by the University of Notre Dame. All rights reserved.

Cornell Club Privileges

With the cost of hotel rooms in New York City rising and the availability of faculty discounts diminishing, faculty and administrators traveling to that city on University business may wish to take advantage of guest privileges in the Cornell Club, 155 E. 50th Street, where rates are under \$30. Arrangements can be made through James E. Reilly, Notre Dame regional director of development, Suite 2346, 420 Lexington Avenue, 10017 (212:687-4244).

Library Hours Fall Semester

Memorial Library hours for the fall semester are as follows:

When classes are in session (Tuesday, Aug. 31 - Friday, Oct. 15; Sunday, Oct. 24 - Wednesday, Nov. 24; Sunday, Nov. 28 - Monday, Dec. 13):

Monday - Saturday	8 a.m. - 11:45 p.m.
Sunday	1 p.m. - 11:45 p.m.

Schedule for final examination week (Tuesday, Dec. 14 - Tuesday, Dec. 21):

Monday - Saturday	8 a.m. - 12:45 a.m.
Sunday	1 p.m. - 12:45 a.m.

Schedule when classes are not in session (Saturday, Oct. 16 - Saturday, Oct. 23; Friday, Nov. 26 - Saturday, Nov. 27; Wednesday, Dec. 22 - Monday, Jan. 17):

1st and 2nd Floors	
Monday - Saturday	8 a.m. - 5 p.m.
Sunday	(closed)
4th through 13th floors (Tower)	
Monday - Saturday	8 a.m. - 10 p.m.
Sunday	1 p.m. - 10 p.m.

Memorial Library Building will be closed:

Nov. 27 (Thanksgiving Day)
Dec. 24 - 27 (Christmas Weekend)
Dec. 31 - Jan. 2 (New Year's Weekend)

Committee on Coeducation

An 11-person committee has been appointed to evaluate undergraduate coeducation at Notre Dame, which first admitted women for full-time baccalaureate study in 1972.

In a letter to committee members, Provost Rev. James T. Burtchaell, C.S.C., noted that when the University decided to admit female baccalaureate undergraduates it also decided not to enlarge the total undergraduate enrollment but gradually to increase the number of women until an interim goal of 1,500 female students was reached. (This fall, there are 1,530 undergraduate women at Notre Dame.) "These students," Father Burtchaell wrote, "combined with the anticipated enrollment at Saint Mary's College, would provide the combined Notre Dame-Saint Mary's campus with about 3,000 female students in comparison with about 5,200 male students. This 3 to 5 ratio replicates the average ratio on campuses across the country. Nevertheless this was chosen specifically as an interim goal to allow us to examine our enrollment possibilities and the relative desirability of various proportions in our student body. I would ask you to re-examine those proportions now and make recommendations for the future."

Members of the committee are John Goldrick, director of admissions; Emil T. Hofman, dean of the Freshman Year of Studies; Sister John Miriam Jones, S.C., assistant provost; Rev. Terrance Laffay, C.S.C., assistant vice president for student affairs; Jane P. Lammers, undergraduate theology student; Sister Jean Lenz, O.S.F., rector of Farley Hall; Sister Elena Malits, C.S.C., chairman of the Department of Religious Studies at Saint Mary's; Martin Mellett, undergraduate psychology student; Vincent Raymond, associate dean of the College of Business Administration; John Reid, graduate theology student, and Mary K. Tillman, graduate professor in the General Program of Liberal Studies. Sister John Miriam Jones will chair the group.

Radiation Lab

For fiscal year 1977 Notre Dame is tied with Harvard for tenth position at \$1,600,000 in the level of support given to universities by the Physical Research Division of Energy Research and Development Administration (ERDA). Above Notre Dame are MIT (\$9,000,000), Illinois and Yale (\$3,000,000), Wisconsin and University of California at Berkeley (\$2,400,000), University of Pennsylvania and Washington (\$1,800,000), and UCLA and NYU (\$1,700,000).

faculty notes

Appointments

Several academic administrative appointments have been announced by the Provost's Office for the 1976-77 academic year. Those which have not previously been mentioned in Notre Dame Report are:

William M. Burke has been named part-time assistant to the provost and Gilbert D. Loescher has been appointed assistant dean of the College of Arts and Letters.

George A. Brinkley, acting chairman of the Department of Government and International Studies, has been named chairman of the Committee on International Relations; John E. Derwent, is chairman of the Department of Mathematics; Raymond Gutschick, acting chairman of the Department of Earth Sciences; John B. Ryan, associate director of the Murphy Liturgical Center; James I. Taylor, chairman of the Department of Civil Engineering; and Richard J. Thompson, acting director of the Collegiate Seminar Program.

Peter Grande, assistant dean of the Freshman Year of Studies Program, has been named acting director of Notre Dame's Teacher Education Program. Eugene Campanale, director of the program at both St. Mary's and Notre Dame, is on leave during the current academic year. Grande will work with Sr. Maria Concepta McDermott at Saint Mary's College where actual certification of students is completed. He will also serve as chairman of the Notre Dame Committee on the Teacher Education Program, oversee counseling activities offered to students and work with deans and department chairmen in information programs.

Honors

Kenneth P. Jameson, associate professor of economics, received an award from the Joint Council on Economic Education for outstanding achievement in the teaching of economics at the annual meeting of the American Economic Association in Atlantic City.

Activities

Frederick J. Crosson, O'Hara Professor of Philosophy, delivered a lecture entitled "Philosophy, Religion and Faith" Sept. 24 in the Center for Continuing Education at Notre Dame, as part of inaugural ceremonies for the holder of the John Cardinal O'Hara Chair in Philosophy. The lecture was also a feature of a conference entitled "Rationality and Religious Belief." Held Sept. 23-25, it was the first conference of Notre Dame's newly formed Center for the Philosophy of Religion, of which Crosson is director.

Other Notre Dame faculty members participating in the conference as session chairmen or commentators were Prof. Cornelius F. Delaney, chairman of the sponsoring Philosophy Department; Professors Joseph Bobik, A. Robert Caponigri, Ernan McMullin, and Gary Gutting, Kenneth Sayre, Michael Loux and Ralph McInerny of the Philosophy Department and Prof. William Frerking of the General Program of Liberal Studies.

Teoman Ariman, associate professor of aerospace and mechanical engineering, presented a paper entitled "Effect of Humidity on a Pressure Drop in a Baghouse Simulator," at the 82nd National Meeting of the American Institute of Chemical Engineers in Atlantic City, Aug. 30-Sept. 1.

William E. Biles, associate professor of aerospace and mechanical engineering, presented a lecture entitled "Procedures for Simulation and Dynamic Optimization of Fermentation Processes" on Sept. 8 at Miles Laboratories, Inc., in Elkhart, Indiana.

Yu-chi Chang, associate professor of management, presented a paper entitled "Segmented Regression Analysis in Dealing with Cross-Section Qualitative Data" at the Annual Meeting of the American Statistical Association in Boston, Aug. 26.

Carvel Collins, professor of English, taped a program, "Conversation with Carvel Collins," for distribution on southern educational television networks, Aug. 7, at Jackson, Mississippi.

Koichi P. Funabashi, associate faculty fellow in chemistry, presented a paper entitled "Localizability Criterion for an Excess Electron in Liquid Hydrocarbons" at the International Conference on Electrons in Fluids Sept. 5-11 at Banff, Alberta, Canada.

Astrik L. Gabriel, director of the Frank M. Folsom Ambrosiana Microfilm and Photographic Collection, represented the University of Notre Dame and presented a lecture in French during the Fifth International Congress of Medieval Canon Law Sept. 21-25 at the University of Salamanca, Spain. Professor Gabriel's lecture was entitled "The Faculty of Canon Law at the University of Paris During the XVth Century."

Alexander J. Hahn, assistant professor mathematics, gave a lecture entitled "Isomorphisms of Integral Orthogonal Groups" at the conference on Quadratic Forms held at Queen's University, Kingston, Ontario, Canada, from Aug. 15-21.

V. Paul Kenney, professor of physics, presented an invited talk, "Review of $K^*(1400-1800) S = 1$ Resonances," at the International Conference on High Energy Physics, Tbilisi, USSR, on July 16.

Richard A. Lamanna, associate professor of sociology and anthropology, was a visiting scholar at the eight week summer program in multivariate analysis of the Inter-University Consortium for Political and Social Research at the University of Michigan.

John L. Magee, professor of chemistry, presented a paper entitled "Electron Energy Loss at Sub-electronic Excitation Energies" at the International Conference on Electrons in Fluids, Sept. 5-11 at Banff, Alberta, Canada.

John R. Malone, associate dean and director of the Graduate Division, College of Business Administration, conducted two seminars for the Institute of Management of the Association of Appliances, Radio, and TV Dealers at the Center for Continuing Education, Aug. 15-19. Professor Malone addressed the group on "The Economy and Political Factors on the Economic Outlook" and "The Use of a Budgeting System in Retail Management."

Walter Nicgorski, associate professor in the General Program of Liberal Studies, presented a paper on "The Significance of the Non-Lockean Heritage of the Declaration of Independence" at the annual meeting of The American Political Science Association in Chicago, Sept. 2-5.

Timothy O'Meara, Kenna Professor of Mathematics, delivered an address entitled "The construction of indecomposable positive definite quadratic forms" at the Conference on Quadratic Forms held at Queen's University, Kingston, Ontario, Canada, Aug. 15-21.

Deaths

Oliver C. Carmichael, 56, trustee of the University, died Aug. 3 in South Bend.

Ervin C. Kleiderer, 68, member of the Science Advisory Council, died Sept. 8, in Indianapolis.

office of advanced studies

Information Circulars

Social Science Research Council Fellowships and Grants

No. FY77-17

The Social Science Research Council is an organization established for the purpose of advancing research in the social sciences. Its fellowships and grants are offered in furtherance of that purpose.

Fellowships offered:

Postdoctoral Research Training Fellowships Sponsored by the Social Science Research Council

Research Training Fellowships are offered to social scientists who wish to obtain training in research beyond that usually offered in doctoral programs in their own disciplines, to prepare them for innovative research in the social sciences.

The amount of each award may not exceed \$10,000.

For fellowships during the academic year 1977-78, preliminary inquiries should be made as early as possible before November 1, 1976, and formal applications submitted by December 15, 1976.

Fellowships for International Doctoral Research Sponsored Jointly by the Social Science Research Council and The American Council of Learned Societies, Administered by the Social Science Research Council

Fellowships are offered for doctoral dissertation research in the social sciences and the humanities to be carried out in Africa, Asia, Latin America and the Caribbean, the Near and Middle East, or Western Europe.

Completed applications for all fellowship programs are due November 1, 1976.

Postdoctoral Grants for Research on Foreign Areas Sponsored Jointly by the Social Science Research Council and the American Council of Learned Societies, Administered by the Social Science Research Council

Grants for research on foreign areas are offered to scholars whose competence for research in the social sciences or humanities has been demonstrated by their previous work and who hold the Ph.D. Degree or equivalent research experience.

Application deadline is December 3, 1976.

For further information and applications for all of the above write to:

Social Science Research Council
Fellowships and Grants
605 Third Avenue
New York, New York 10016

Grant Programs Sponsored Jointly by the Social Science Research Council and the American Council of Learned Societies, Administered by the American Council of Learned Societies

Programs include the following:

Advanced training in Chinese studies.

Deadline: December 1, 1976

Research on East Europe.

Deadline: December 31, 1976

Travel to East Europe for attendance at conferences.

Deadline: February 15, 1977, for meetings June through October

Study of East European languages.

Deadline: February 1, 1977

Research on the Soviet Union.

Deadline: December 31, 1976

For further information and applications for the above write to:

American Council of Learned Societies
345 East 46 Street
New York, New York 10017

International Research and Exchanges Board:
Academic Exchanges with Eastern Europe and
the Soviet Union

This board (IREX) administers academic exchange programs open to advanced graduate students postdoctoral scholars, and faculty in all fields of study who are United States citizens. Exchange agreements are in effect with Bulgaria, Czechoslovakia, The German Democratic Republic, Hungary, Poland, Romania, Yugoslavia, and the U.S.S.R.

For more detailed information write to:

International Research and Exchanges Board
110 East 59 Street
New York, New York 10022

**National Science Foundation
Engineering Research Initiation Program**

No. FY77-18

Wide opportunities for new engineering faculty members to conduct research on campus, and with industry, government, and research organizations are available in the National Science Foundation's 1977 Engineering Research Initiation program.

The program is designed to encourage the development of research programs by engineering faculty who have had no previous substantial research support. The program is for full-time engineering teaching faculty of U.S. institutions that award degrees in engineering.

As in previous years, the program is divided into Option A and Option B. Option A supports only academic research on campus, and the maximum award under this option is \$20,000.

Under Option B, which involves research in a non-academic engineering environment, the maximum award is \$35,000 for a two-year grant period.

Research under Option B offers advantages that may include the use of specialized equipment and facilities, the services of high qualified technicians, access to unique data, as well as increased awareness and sensitivity to current engineering problems and closer contact with practicing professionals.

The application deadline is December 1, 1976; awards will be announced about April 1, 1977.

**National Science Foundation (NSF)
Education Programs**

No. FY77-19

The fundamental goal of the Science Education programs of the National Science Foundation is expressed in the congressional mandate to: "Initiate and support...programs to strengthen...science education at all levels...." To implement this charge, the NSF administers the following programs:

**Division of Science Education Resources
Improvement (SERI)**

1. Comprehensive Assistance to Undergraduate Science Education (CAUSE). Due date: December 3, 1976.
2. Minority Institutions Science Improvement. Due date December 3, 1976.
3. Undergraduate Instructional Scientific Equipment. Due date: February 4, 1977.
4. Research Initiation and Support (RIAS). Due date: December 10, 1976.
5. Local Course Improvement. Due date: November 5, 1976.
6. Pre-Service Teacher Education.

Division of Science Manpower Improvement (SMI)

1. Graduate and Postdoctoral Programs
 - a. Graduate Fellowships. Due date: November 29, 1976.
 - b. National Needs Postdoctoral Fellowships. Due date: December 3, 1976.
 - c. National Needs Graduate Traineeships.
 - d. Minority Institutions Graduate Traineeships. Due date: December 15, 1976.
 - e. NATO Postdoctoral Fellowships in Science. Due date: November 22, 1976.
 - f. Travel Grants for NATO Institutes.
2. Faculty-Oriented Programs
 - a. Chautauqua-Type College Faculty Short Courses.
 - b. Science Teacher Training Program.
 - c. National Needs, Science Faculty Professional Development Program.
3. Student Oriented Programs
 - a. Secondary School Student Science Training. Due date: October 8, 1976.
 - b. Undergraduate Research Participation. Due date: September 10, 1976.
 - c. Student-Originated Studies. Due date: December 1, 1976.
 - d. Women in Science. Due date: November 19, 1976.

**Division of Science Education Development
and Research (SEDR)**

1. Pre-College Materials Development, Testing, Evaluation.
2. Technological Innovation in Education.
3. Alternatives in Higher Education.
4. Continuing Education for Scientists and Engineers.
5. Research in Science Education.

Office of Science and Society (OSS)

1. Public Understanding of Science
2. Ethical and Human Value Implications of Science and Technology.
3. Science for Citizens.

Call the Office of Advanced Studies - Division of Research and Sponsored Programs, Extension 7378, for additional information on these programs.

U.S. Office of Education Faculty Research Abroad Program

No. FY77-20

The purpose of the Faculty Research-Program Abroad is to help U. S. higher education institutions strengthen their programs of language and area studies by (1) enabling key faculty members to remain current in their specialties and (2) supporting projects to update, improve, and develop curriculums and materials. The period of study must be at least 3 months and not more than 12 months.

Awards are not made under this program for research projects focusing primarily on Western Europe or for research in countries where the United States has no diplomatic representation.

An applicant must--

1. Be a citizen or national of the United States with whom the institution has or anticipates having a continuing long-term employment relationship. Faculty members in visiting status are not eligible.
2. Be an educator experienced in modern foreign language and/or area studies and have been engaged in at least half-time teaching or research relevant to his or her foreign language or area specialization during the 2 years preceding the date of the award.
3. Possess adequate skills in the language of the country or in a language germane to the region where the project would be undertaken.
4. Present a project for which research can reasonably be expected to be completed within the time limits of the award and which is otherwise feasible.
5. Present a statement from his or her employing institution describing how the project will contribute to the institution's plans for developing its programs in modern foreign languages or area studies.

6. Submit an application to his or her eligible institution and, if proposing to conduct research in the U.S.S.R., Bulgaria, Czechoslovakia, German Democratic Republic, Hungary, Poland, Romania, or Yugoslavia, simultaneously submit an application to the International Research and Exchanges Board (IREX).

The deadline for receipt of applications is anticipated to be about November 5, 1976.

Council for International Exchange of Scholars The Indo-American Fellowship Program

No. FY77-21

The Indo-U.S. Subcommittee on Education and Culture announces the second annual competition for advanced research awards in India. Ten grants will be available for U.S. citizens. Awards will be at the postdoctoral level for scholarly or other professional (e.g., law, medicine, architecture, social work) research. While awards are offered without restriction as to field, the Subcommittee especially welcomes

- * applications from scholars or professionals who have not specialized in the area and who have limited or no prior experience in India
- * applications in the natural sciences
- * those in any field involving collaboration with Indian colleagues

Fellowship Terms

Duration.....Six to ten months, to begin in the academic year 1977-78

Basic grant.....\$12,000 to \$15,000 (pro-rated for periods less than ten months), depending on academic/professional achievement and seniority, \$5,000 payable in dollars, the balance in rupees

Dependent allowance...\$1,000 in rupees per dependent up to a maximum of \$2,500 (pro-rated for periods less than ten months)

International travel for the grantee, and an excess baggage allowance of \$400

Research/book allowance in rupees equivalent to \$500

An allowance for study-travel within India - 2,000 rupees

Other fellowships or grants may be received concurrently with these awards, provided benefits are not duplicated. No deduction will be made for sabbatical salary, but other funding must be reported and will be taken into consideration in determining the amount of the grant.

The deadline for receipt of application is November 15, 1976.

**The American Heart Association
Indiana Affiliate, Inc.
John B. Hickam Memorial Fellowship**

No. FY77-22

Purpose, Scope, and Duration

The American Heart Association, Indiana Affiliate, Inc. has established the Hickam Memorial Fellowship as a living tribute to Dr. John B. Hickam, late Professor of Medicine at Indiana University Medical Center. The Fellowship is provided to further the training of an outstanding young physician in some aspect of cardiovascular function or disease.

The primary activity of the fellow during tenure will be in cardiovascular research. Such research may be of either an applied or basic science nature, and may be conducted within either a clinical or non-clinical environment.

Academic Qualifications

Candidates will be physicians who ordinarily will have completed two post-doctoral years of speciality training or research experience prior to beginning tenure as a Hickam Fellow.

Method of Applying

Applications should be received prior to November 1, 1976.

Location of Fellowship

The Fellowship may be served at any recognized university in Indiana, or at any hospital in Indiana certified to provide residency training in the discipline relevant to the trainee.

Level of Support

The Fellowship provides \$12,000 for the 12-month salary of the trainee, which may not be supplemented except upon special request and approval. There is no overhead allowance.

For further information, contact the Office of Advanced Studies, Division of Research and Sponsored Programs, Extension 7378.

**Technicon Instruments Corporation
Program of Grants for Research
in Biomedical and Industrial Instrumentation**

No. FY77-23

PURPOSE

To identify and support significant academic research on novel concepts or technologies in biomedical and industrial instrumentation, with a view toward possible commercial application of the results of such research.

AWARDS

Proposals will be considered for grants covering direct and indirect costs, to a maximum of \$100,000 for each grant, for a one-year period.

SCOPE

Both basic and applied research proposals will be considered. A proposal may involve a new concept or support for development of a process or device. Each submission will be judged for its scientific merit and novelty, as well as for its potential for practical utilization beyond the research laboratory.

ELIGIBILITY

Open to faculty members and scientists from colleges, universities, medical centers, and nonprofit research institutes in North American, Western European, and Mediterranean countries.

WHERE TO SUBMIT

Communications should be addressed to:

Technicon Research Grant Program
c/o Dr. Morris H. Shamos
Technicon Instruments Corporation
511 Benedict Avenue
Tarrytown, New York 10591

WHAT TO SUBMIT

Preliminary Submission - A form, available from the Office of Advanced Studies, should be used for a preliminary submission. This submission enables Technicon to make a preliminary appraisal of its interest in the proposed research program.

Research Proposals - Instructions will be sent for a full proposal if funding your research program is deemed possible.

WHEN TO SUBMIT

Preliminary submissions are welcome at any time. In most cases, Technicon will be able to respond to the preliminary submission within ten days of its receipt. The investigator should allow enough time after the preliminary submission to prepare the full proposal so as to submit it by the firm deadline of December 15, 1976.

INQUIRIES

Any inquiries concerning this program should be addressed to:

Dr. Morris H. Shamos
Technicon Instruments Corporation
511 Benedict Avenue
Tarrytown, New York 10591
or telephone (914) 631-8000, Ext. 2195

For further information, contact the Office of Advanced Studies, Division of Research and Sponsored Programs, Extension 7378.

Wesleyan Center for the Humanities	Fellowships	November	1,	1976

documentation

Faculty Senate Journal May 4, 1976

At 7:37 p.m. the chairman, Prof. Paul F. Conway, called the meeting to order in Room 202 of the Center for Continuing Education and requested Prof. Robert L. Kerby to offer a prayer. Conway welcomed the newly elected senators and invited them to introduce themselves. After a few corrections had been noted, Kerby, seconded by Prof. William E. Biles, moved that the minutes be approved as circulated. The motion was passed without dissent. Prof. Bobby Farrow presented the treasurer's report, which included an appreciable deficit. Conway reported the following items:

1. He and Prof. James P. Danehy have an appointment with the provost tomorrow morning to discuss the revision of the McLane report on the faculty pension plan.
2. A letter has been received from the provost, which gives a full response from the administration to the report of the Faculty Senate Committee on the Retired. (This letter has been published in Notre Dame Report 13, March 12, 1976.)
3. A letter has been written to Professor McLane, thanking him for his revision of his report on the faculty pension plan.
4. A letter has been written to Edmund A. Stephan, chairman of the Board of Trustees, conveying to him the motion passed at the meeting of April 7, 1976, recommending representation of currently active faculty members, not necessarily of Notre Dame, on the Board of Trustees. (Stephan's reply has been published in Notre Dame Report 19, June 25, 1976.)
5. A letter has been sent to Vice President Robert Gordon, notifying him that Prof. Sheridan P. McCabe has been elected by the senate to the Advanced Student Affairs Committee.
6. Elections to the Student Life Council (SLC) and to the Faculty Affairs Committee of the Board of Trustees (FACBT), supervised by the Faculty Senate, had these results. Elected to the SLC were Rev. James L. Shilts, C.S.C., and Prof. Paul Rathburn; to the FACBT were Prof. James Massey and Prof. James E. Robinson. The elected persons have been notified.

Prof. Robert L. Anthony, speaking for McCabe, chairman of the Student Affairs Committee, reported that the gathering of the raw data on the grade inflation problem has been completed. The statistical study will be carried out this summer, and a report will be submitted to the senate this fall.

Farrow reported that the study of the Teacher and Course Evaluation is well under way and that the report will be made to the senate at its meeting this September.

Conway called for nominations for officers of the Faculty Senate for the academic year, 1976-77. Farrow, seconded by Prof. V. Paul Kenney, nominated Danehy for chairman. Robinson, seconded by Prof. Peter T. Brady, nominated Prof. James T. Cushing. Kerby, multiply seconded, moved that the nominations be closed. Motion passed. (Before the meeting, both Danehy and Cushing had provided written statements to each senator present.) Danehy and Cushing were excused during the subsequent discussion and balloting. The tellers reported that Danehy had been elected, and the two candidates returned.

Prof. Julian Pleasants nominated Prof. William E. Biles for vice-chairman. Katharina Blackstead nominated Antonie Baker. Brady, seconded by Kerby, moved that the nominations be closed. Motion passed. Tellers reported that Biles had been elected.

Prof. Morton S. Fuchs nominated Brady for treasurer, and Danehy nominated Farrow. Biles, multiply seconded, moved that nominations be closed. Motion passed. Tellers reported that Farrow had been elected.

Prof. Sonia Gernes, seconded by Kerby, nominated Prof. Sarah Daugherty for secretary. Prof. John Lyon, multiply seconded, moved that nominations be closed. Motion passed, and Daugherty declared elected.

Cushing nominated Robinson for chairman of the Administration Committee, and Lyon nominated Prof. Arthur Quigley. Brady, multiply seconded, moved that the nominations be closed. Motion passed. Tellers reported that Robinson had been elected.

Prof. Richard Lamanna nominated Cushing for chairman of the Faculty Committee. Cushing declined the nomination. Prof. Norman B. Haaser nominated Prof. Irwin Press. Lyon nominated Pleasants. Pleasants declined the nomination. Biles nominated Prof. Hafiz Atassi. Prof. Barth Pollak, multiply seconded, moved that nominations be closed. Motion passed. Tellers reported that Press had been elected.

Brady, seconded by Prof. Robert L. Anthony, nominated Kerby for chairman of the Student Affairs Committee. Pollak, multiply seconded, moved that nominations be closed. Motion passed and Kerby was declared elected.

Meeting was adjourned at 9:06 p.m.

Those absent but not excused were: Brian J. Crumlish, architecture; Leslie H. Martin, English; Sheridan P. McCabe, graduate studies in education; Robert E. Rodes, law; Ronald H. Weber, American studies.

Respectfully submitted,

James P. Danehy, secretary
The Faculty Senate

United Way Appeal

The United Way campaign is well under way. The suggested goal for the Notre Dame community is \$64,200, which represents a significant challenge to us. The increase of almost 15 percent is double the normal increase. The additional percentage is due to the loss of Associates, an organization whose employees supported United Way extremely well.

The percentage of Notre Dame employees, faculty and staff, who have supported United Way in the past is well below 50 percent. This is far too low for an organization with employees who take pride in the Notre Dame community as a leader in many walks of life, and pride in their roles which make it so.

United Way suggests one percent as a fair share. Clearly, that amount is a burden for some. However, everyone can, and should, contribute some amount to the support of this, the most basic community self-help program. It is extremely gratifying to see a post-retirement person who ekes out subsistence at menial tasks, support the campaign with a contribution which is unquestionably a sacrifice.

There are some who object to one part or another of the United Way; and, based on this, will not support any part of it. This is an injustice to the other supported organizations. In such cases, I suggest you condition your contribution with a statement omitting the organization you, in conscience, find offensive, or make your contribution to one or more of the member organizations when you return your card. United Way does not prefer this mode of giving, but is certainly willing to accept it.

Let me anticipate your cooperation and consideration for those who are helping in the follow-up. Do your part to make it a 100 percent year.

Thanks,

William B. Berry
Notre Dame United Way
Campaign Chairman

Fall Semester 1976 Final Examination Schedule

- I. LAST CLASS DAY--is Tuesday, Dec. 14, 1976. Examinations begin at 8 a.m. Wednesday, Dec. 15, 1976 and continue through to 12:30 p.m. Tuesday, Dec. 21, 1976.
- II. REGULATIONS FOR FINAL EXAMS--Two hour finals must be given on the assigned examination dates for undergraduate courses. Changes in the hour, date or place of an examination as assigned by the Office of the Registrar are not permitted. Unless a course is designated as a departmental, the examination in each section of the class must be given at the hour designated.
- III. JANUARY GRADUATES--Names of eligible students will be provided to the faculty. These students take their final examinations at the regularly scheduled time. If a graduating student has a "B" average in the class, that student may be exempt from the final examination at the discretion of the instructor.
- IV. DEPARTMENTAL AND FRESHMAN EXAMINATIONS--All freshmen courses are examined at a departmental time increment. The authorized departmental examinations are:

DEPARTMENT & COURSE NUMBER	EXAMINATION TIME	DATE OF EXAMINATION
ACCT 221	7:30 - 9:30 p.m.	Friday, Dec. 17
ACCT 334	7:30 - 9:30 p.m.	Thursday, Dec. 16
