Notre Dame Report Publication Schedule

Those items accepted for the NDR Faculty notes section are: faculty (all classes); administrators; professional specialists (e.g. radiation laboratory) and postdoctoral research candidates who teach at Notre Dame. The titles used will be those that appear in the official Faculty Roster, Report #4. The Appointments category is only for University appointments such as deans, department heads, heads of committees, public relations and development professionals and advisory council members. This does not include appointments to faculty positions. The Honors category is comprised of non-university appointments in one's field and outright honors. It does not include fellowships, grants, etc. Any grants not published in the Awards Received section should be noted in the Activities section. To appear in the Activities section the activity must be public (such as a presentation or leading a seminar) and should be related to the person's work at the University. Merely attending a meeting is not acceptable. Any items for Current Publications and Scholarly Works should be sent to the office of Advanced Studies.

No activities or honors are printed ahead of the date, only after the fact. The only meeting minutes printed in the Documentation section are from the Academic Council, Graduate Council, Faculty Senate Journal and Committee on Research and Sponsored Programs. Also, nothing is printed over four months out of date. Notre Dame Report is published every two weeks and every month in the summer.

The following is the publication schedule for Volume 7 of the Notre Dame Report which covers the 1977-78 academic year. Please note that all copy deadlines are on Mondays. We suggest that you retain these guidelines and schedule for future reference.
