

Religious Bulletin.
Sept. 29, 1923.

The Order Tomorrow.

7:30 a.m. Low Mass and Sermon.
8:30 a.m. High Mass and Sermon.
7:30 p.m. Benediction.

If you do not behave yourselves, and stay out of the basement chapel at 8:00 and the church at 10:15, places will be assigned you at one of the student's Masses.

The Futility of Brains.

God infused knowledge into Adam, and gave him a brain to reason with it. After Adam's sin God took away infused knowledge, but left the brain. Colleges were then built to infuse knowledge. Pity the poor professor!

Proclamation.

Gov. Walsh, Truant Officer for the Correspondence School, makes public today his first proclamation:

"The need for my services, according to my best judgment, arises from the fact that hicks leave their brains at home when they come to college. Years ago Horace Greely said: 'Go West, young man; go West.' That advice was all right in its day, but times have changed. Bereft of the brains of a rational being and of the instincts of a chimpanzee, the hick makes a slop-sink of his entrails.

"It is my intention to administer the law fearlessly and without favor, for the best interests of all concerned. A number of deputies will be needed for this. The whole Freshman class will be sworn in as deputies taking a three-months pledge at the time. They are given until next Thursday noon to Volunteer for this service: slackers will then be drafted. Gov. Walton has nothing on Gov. Walsh."

October.

The month of October is the month of the Holy Rosary. Daily Communion during this month averages about 100 more than during September. Honor the Blessed Virgin through her Divine Son.

Thanksgiving.

If urgent duty calls you away from the chapel immediately after Holy Communion, go with as much recollection as possible; if you can remain, remember that the moments after Holy Communion are the most precious of your life.

Rev. John F. O'Hara, C.S.C.,
Prefect of Religion.
