May God Give Us Men!

Along the Gold Coast and in certain other halls more men are needed who have a little spirit, a spark of loyalty to Christ when He is insulted.

The Tridium of Reparation - of Masses, Communions and Adorations - as a reparation for the sacrilegious treatment of the Blessed Sacrament in South Bend caused not a ripple along the Gold Coast.

The spirit shown at last Saturday's game when a friend was injured was evidently just for show, to impress visitors with a show of "Notre Dame Spirit". Men of Notre Dame have a chance to impress Mary and the whole Court of Heaven above with an exhibition of the real Spirit of Notre Dame, when a Friend is outraged.

We'll ask the team at the blessing Thursday to offer up Saturday's game with its bruises (there are always plenty in an Army game) in reparation while the "men" of Notre Dame enjoy the week-end. No mere yellers are the players when a friend suffers.

Hop On.

Pete's Putt-Putt is scooting along with a \$5.00 push from the Commerce Forum, one \$3.00 contribution from a visiting Youngstown priest and three student contributions of \$1.00. It now totals \$53.25. About \$15-20 more is needed.

Is Your Girl Old-Fashioned?

If you see the girl over the week-end you might ask yourself what attracts you most. Is it her

1. Cents
2. Scents, or
3. Sense?

Some might add also - sensuality, and nonsense. Paul Popenoe (not a priest) of the Domestic Relations Institute says: "The 'modern' girl is pretty as a picture, but over-exposed and under-developed. She is vogue outside and vague inside."

Wrinkled - or Sour-Pusses.

From some of the long faces about, we judge some have a worry, or perhaps it is a big heavy "gripe".

In any event you ought to see a priest. No one should pack around a worry or a sour-puss more than 24 hours without seeing a priest. None of them carry guns in their offices or rooms - or in the confessional either where frequently the biggest worries and sourest faces are shed.

"We Predict!"

In the words of a team of radio commentators "we predict"; this week-end will have a disastrous effect on Communions.

Victorious seasons and week-ends always upset kids, throwing them off balance scholastically and spiritually; though they do not have much effect on mature students; neither do dates, late-sleeping or early-rising. Students with character and poise take those things in their stride.

PRAYERS: (deceased) grandmother of D. Birren (Lyons). Ill, wife of John H. Neeson '03, University Trustee; two friends of John Griffin (Wal.), auto accident; friend of Joe Rorick (Sorin). 4 special intentions.
